Chapter 33: Rainstorm Pear Flower Needle?

Chapter 33 Storm Pear Flower Needle?

On the corridor, Lin Kai has become the focus, and countless veterans gloated at Lin Kai.

The 358 regiment, here is a world where the weak and the strong eat the strong. Here, only the fist is the last word!

Those soldiers who came to participate in the special forces assessment also received the same treatment as Lin Kai. They looked at Lin Kai who was being bullied by the veterans, and they clenched their fists, wishing to help Lin Kai beat the bullying veterans in front of him. .

But this is the place of others, no matter how upset you are, you can only endure it!

Although Wang Yi and Lin Kai were in the same company, Lin Kai robbed him of the limelight in the recruit company. He could not wait for Lin Kai to be killed!

If it is an ordinary recruit, you will definitely feel very desperate at this time. After all, in the 358 regiment, no one can help yourself.

Lin Kai's eyes were already flashing anger, even if the system didn't work, he still had to teach these guys!

"I, just, no!" Lin Kai said every word, his eyes full of anger.

Lin Kai's eyes flashed with murderous intent, and his eyes were fierce. The cold eyebrows towards Liu Hong were also very scary.

Liu Hong was also taken aback by Lin Kai's eyes, but when so many people around him watched, Liu Hong naturally couldn't persuade him.

At that time, Liu Hong sneered and said, "Hehe, toast and drink fine wine, bring me to the dormitory!"

After Liu Hong said it, there were two veterans pulling Lin Kai's shoulders for thousands of years, but Lin Kai's shoulders shook, and the hands of the two were immediately shaken away!

“I’m going, your kid is going to rebel, right?” The face of the veteran who was opened by Lin Kaizhen blushed, feeling very shameless, and immediately greeted Lin Kai’s face with a punch.

Everyone exclaimed, and some even couldn’t help covering their eyes.

This time, Lin Kai is completely finished, even if Lin Kai is here to participate in the selection of special forces? Let’s not say that Lin Kai is just a recruit. How can the soldiers of the 358 regiment be an easy leader?

With so many people beating one person, Lin Kai has no chance of winning!

But at this moment, Lin Kai’s eyes brightened, I was waiting for you to make the move first!

At that time, Lin Kai 20’s reaction ability immediately caused Lin to punch!

The punch went straight to the veteran’s chest!

Lin Kai’s speed of 30 is not a joke, how abnormal is the speed of 30? Only one shadow can be seen with a single stroke!

What if the veterans are the first to shoot? His speed is 15 at most, and Lin Kai’s speed is twice as fast!

I saw that the veteran’s fist hadn’t touched Lin Kai, and Lin Kai’s fist had already greeted the veteran’s chest!

The power of 40 burst out at that time. The veteran only felt that his chest seemed to be hit by a train, and immediately a huge force came, and his throat heated up and he spewed blood!

“puff!”

After a bite of blood, the veteran’s body bowed into a shrimp shape, and his body flew back uncontrollably.

Flew three meters away!

With a plop, the veteran fell to the ground, clutching his chest, and struggled a few times to get up, but he failed in the end and lay on the ground dying.

There was silence for a while.

With a punch, the person was blown away!

It's three meters away!

That is a living person, that is not thirty or forty catties, but a strong man of one hundred and fifty catties!

One punch can produce such a powerful force, Lin Kai, who looks thin, is full of explosive power!

The veterans of the entire 358 regiment were stunned, they were all stunned by Lin Kai's powerful strength and speed.

With such a quick reaction ability, such a fast speed, such a powerful force, is this still a human being?

Those recruits who were bullied by the 358 regiments veterans all had expressions of hatred at this time. It was so \*\*\*\* good. Its long been seen that the 358 regiments veterans were not pleasing to the eye. Someone finally came forward to teach them today!

And Liu Hong was obviously taken aback. He didn't expect that Lin Kai, who was called a waste in the recruit company, would be so powerful.

Liu Hong always felt that Lin Kai could only pass the assessment of the recruit company through the back door, but now it seems that this kid really has two brushes!

But so what? With so many people, I can still be afraid of you alone? The so-called two fists are hard to beat four hands, let alone I have so many hands here!

In a fit of anger, Liu Hong didn't care if it was a corridor or not. He just wanted to hit Lin Kai on the ground!

At that time, Liu Hong pointed at Lin Kai and roared: "Fight me! I don't even know the \*\*\*\* man!"

Liu Hong greeted him, and the veterans behind him also yelled and rushed forward, all of them used their strength to greet Lin Kai!

Dare to beat Lao Tzu brother, are you afraid that you don't want to live anymore? This is the thought in the minds of all veterans!

Suddenly, there were fists in all directions. Even if Lin Kai knew Pegasus Meteor Fist, he probably couldn't beat so many fists!

Everyone exclaimed. At this time, Lin Kai estimated that it was completely finished. Even if Lin Kai is very capable of singles, but facing so many people, can Lin Kai still handle it?

At this moment, Lin Kai smiled slightly, took out a handful of melon seeds from his pocket, and threw it into his mouth.

The watermelon ability is Lin Kai's most proud combat ability. It is too strong. After realizing the power of the watermelon ability, Lin Kai carried a handful of melon seeds with him.

God eye power, activate!

After Eagle Eye was upgraded to Divine Eye, the slowing speed was once again strengthened. Although it would not slow down the enemy like a snail, it could greatly reduce the enemy's speed in Lin Kai's eyes.

After the melon seeds entered, Lin Kai took a deep breath, and then with a pop, the melon seeds were ejected from Lin Kai's mouth like a black dragon.

The veterans waving their fists didn't know what was going on. They only heard a puff sound, and then felt a sharp pain in their body, and then their body fell down involuntarily.

At that time, there was a cry of pain on the scene. The veterans were already lying on the ground. Looking at their bodies, many places had been bruised by melon seeds, and their military uniforms had been broken.

Just like a hero in a martial arts drama, in this world, there really is such a powerful lung capacity that you can spray melon seeds like bullets!

Seven or eight brawny men were subdued by a handful of melon seeds from Lin Kai!

At that time, the seven or eight veterans who were knocked down to the ground looked at Lin Kai like a ghost. Not only these seven or eight veterans, but the entire onlookers in the corridor were shocked!

Especially Wang Yi, his jaw was almost falling to the ground at this time.

He had seen Lin Kai's trick, and Lin Kai's trick directly subdued the Hades of the Raiden Commando.

But Wang Yi simply thought that even if Lin Kai's trick was powerful, it could only deal with one person and use it as a hidden weapon.

But now, Lin Kai can actually spit out a handful of melon seeds. This is no longer a hidden weapon. It is even more powerful than a machine gun. It can be called a rainstorm pear flower needle!

## Chapter 34: Turtle Extraction Capacity

### Chapter 34 Turtle Extraction Ability

At this time, there was only one person standing in front of Lin Kai, and that person was Liu Hong.

Liu Hong's eyes widened at this time, staring blankly at the incredible scene in front of him. His seven or eight comrades-in-arms were crying and rolling on the ground at this time, so embarrassed.

This is his comrade-in-arms! But they are all 358 regiments! Each of them has the super ability to be one enemy three, but facing Lin Kai, they didn't even touch the other's clothes, so they all lost.

Is the opponent really a recruit who just came out of the recruit company? Isn't it rumored that Lin Kai is the worst soldier in the entire recruit company?

But does Lin Kai in front of him have a dime relationship with the waste?

All alone, effortlessly beat seven or eight veterans, is this rubbish?

If this is considered waste, the entire 358 regiment is not as good as waste, it can only be said to be cannon fodder!

Lin Kai put his hands in his pockets, tilted his head, and said with a wicked smile: "Haha, Liu Hong, do you think the recruits are good for bullying?"

"I..." Liu Hong was speechless at this moment, his face flushed, facing Lin Kai's burning eyes, he couldn't help backing up and leaned directly against the wall.

Liu Hong of the entire 358 regiment was forced to be so embarrassed by recruits for the first time.

Liu Hong's face was so hot at this time, he was so embarrassed for the first time, in front of so many people, he was forced into it by a recruit!

At this time, Liu Hong could not wait to go up and fight Lin Kai's life and death, but thinking of Lin Kai's abnormal speed and strength, and the magical rainstorm pear flower needle, he did not dare to move.

Because he didn't even have the qualification to fight Lin Kai desperately, Lin Kai could kill him in seconds!

"Nothing to say, right? 358 group? Ha ha, but so!" Lin Kai looked at Liu Hong with contempt, and said something very crazy.

At that time, the soldiers in the entire corridor cast hostile eyes.

Lin Kai's words offended all the soldiers of the entire 358 regiment!

Immediately countless soldiers stared at Lin Kai with a bad look. If it hadn't been for Lin Kai's hand, he would have been surrounded and beaten by people!

Liu Hong's face was even hotter. Lin Kai insulted his 358 regiment in front of him, but Liu Hong was helpless!

This is simply an insult to Liu Hongmo!

"I don't allow you to insult my 358 group!" Liu Hong roared bitterly at this time.

"Oh? Insult?" Lin Kai raised his eyebrows and said with a playful smile: "Did I insult your 358 regiment? A group of veterans, even the recruits who just joined the recruit company, can't beat me, so I am ashamed to call it the hero company? , It's really just that."

"You!" Liu Hong was so angry that he couldn't get up at all, almost bleeding!

Lin Kai patted Liu Hong's face and smiled: "Boy, I'm so crazy. From now on, you will all sleep in the corner for Lao Tzu. No one is allowed to go to bed. You want to deal with me or make a report. Yes, there are tricks to go, but no tricks to die!"

After that, Lin Kai walked directly into the dormitory, lay on the bed, and raised Erlang's legs.

There was a sound of silence in the entire corridor, shocked by Lin Kai's arrogance.

Lin Kai can be said to be the wildest recruit in the recruit company in history!

Today's soldier king Lei Zhan, when he first came to the army before, with the strength of a newborn calf who was not afraid of tigers, he abruptly broke into the current Thor!

It was this unwillingness to admit defeat that made the current Thunder War!

But Lin Kai didn't know that his every move was seen by countless people.

In a certain office of the army, several chiefs in regular uniforms stared at the monitors on the screen with their backs behind their hands.

The scene that happened on the screen was the scene that happened just now in the corridor.

The person headed is naturally He Zhijun.

He Zhijun carried his hands on his back and nodded with a smile: "Good boy, crazy enough! But not stupid, knowing that in a monitored place to force you 358 group to take action, there are two times!"

And a wealthy middle-aged man on the side, wearing a military uniform, was slightly fattened and short.

He is the head of the 358 regiment.

He smiled bitterly and shook his head: "It's a good seedling. Eight or nine members of my 358 regiment are not his opponents alone. Commander He, you have discovered an unshaven sword!"

He Zhijun laughed loudly: "Hahahaha! Of course, Lin Kai is the strongest existence I picked out of the recruit company. Although this time there is great competition in the selection of special forces, there are people from Beijing and masters from Yanjing, but I believe that Lin Kai can rank in the top ten at least!"

"Yes, this time Lin Kai will definitely win glory for our Spikes Brigade!"

...

As for Lin Kai in the dormitory, he didn't even know that the scene of his fight just now had been known by He Zhijun. At this time, Lin Kai was still foolishly choosing his extraction ability.

This time the system gave Lin Kai four extraction abilities and let Lin Kai choose one from them.

"Diamond extraction ability, extracting diamond essence for the host's use, the host's body will be greatly improved, after the gold level, you can get a body as indestructible as a diamond."

"The monkey extraction ability, copy the monkey's flexible genes, after the extraction ability, the host will have a body like a monkey, travel through the forest flexible and worry-free."

"The cactus extract ability is to extract the cactus essence. After extraction, the host will have a very strong drought resistance. The cactus essence can help the host lock the water in the body, reduce water loss, and maintain physical strength."

"The ability of tortoise extraction is to extract the super strong genes of the tortoise. After the extraction, the host will be proficient in water, and has the super ability to hold the breath underwater, and can also possess the super defensive power of the tortoise."

These are four extraction capabilities, but the first three extraction capabilities are all extraction capabilities that appeared last time.

Lin Kai took a look at the diamond extraction ability, the main defense, after extraction, he will have a strong defense, not bad.

The monkey extraction ability is to enhance his ability to move in the jungle, but currently Lin Kai does not need actual combat, and the monkey extraction ability is temporarily not available.

Cactus extraction ability, this is very good, can lock the moisture in the body, and can let yourself last longer under the scorching sun.

But Lin Kai prefers the fourth extraction ability, the tortoise extraction ability.

Although the name sounds bad, it can bring two abilities to Lin Kai. The first is water resistance, and the second is defense. Both of these are abilities that Lin Kai is currently not good at.

After hesitating for a while, Lin Kai still chose tortoise extraction ability.

“System, I choose tortoise extraction ability, now merge!”

“Good host, the system will integrate turtle extraction capabilities for you!”

A feeling of electric shock came, and a familiar feeling began to come from every corner of Lin Kai's body.

It was the familiar feeling that genes were changed again, and Lin Kai's bones were also moving slightly.

## Chapter 35: I Am Taking A Shower

### Chapter 35

This feeling made Lin Kai enjoy, and made Lin Kai uncomfortable, and made him live in joy and pain.

The \*\*\*\* level extraction system, each extraction ability, is very powerful, and the method for Lin Kai to integrate these abilities is actually very simple and rude.

For Lin Kai to have the knowledge points to understand these abilities, such as the ability to extract watermelon and spray melon seeds, knowledge points are needed. Without skills, it is impossible to master.

Also, it is to change Lin Kai's bones and body genes so that Lin Kai's body is suitable for carrying this ability.

Therefore, every time when Lin Kai's body's bones and genes are modified, it will bring great pain to Lin Kai!

Fortunately, the Hawkeye skill only slightly changed Lin Kai's eye structure.

But this time the tortoise extraction ability is different. This extraction ability needs to greatly modify Lin Kai's body. The movement and strengthening of bones, as well as genetic changes, and even changes in vital capacity, make Lin Kai extremely uncomfortable. .

In a short while, Lin Kai was already sweating profusely, sweat soaked through the military uniform, he grasped the bedding tightly with both hands, his whole body twisted on the bed.

The blue veins on his forehead violently, and the whole person couldn't help but roar. For a while, the entire male soldier's dormitory was full of Lin Kai's roar.

It was so uncomfortable, this feeling even made Lin Kai want to die!

But at the same time, while transforming the body, it will bring Lin Kai a sense of refreshment, a sense of refreshment with powerful power!

This kind of refreshment is supporting Lin Kai, so that Lin Kai will not easily admit defeat!

"Hold on for a while, hold on for a while, I will have the ability to extract the tortoise!" Lin Kai muttered in his heart.

In this way, ten minutes passed and Lin Kai was still rolling on the bed. This time, not only Lin Kai's clothes, but also the sheets under Lin Kai's body were already wet!

Half an hour passed, an hour passed, and with Lin Kai's roar, this fusion finally ended.

After the fusion was over, Lin Kai fell asleep directly, giving him no time or opportunity to experience this ability.

...

In the early hours of the next morning, Lin Kai was awakened by a loud whistle. Lin Kai opened his eyes dumbly and glanced at the time. It was already six o'clock in the morning.

Today is the first day of the selection, Lin Kai is a joke, and after packing his own things, he wants to go to the selection place.

But when he moved, Lin Kai found that he was dirty and a black unknown object stuck to his body.

It was the \*\*\*\* in the body again. After the fusion yesterday, Lin Kai went to bed immediately, without time to clean it.

How to participate in the selection with a suit of this thing? Lin Kai ran all the way to the bathroom, took a shower, put on a clean camouflage suit, put on a backpack and helmet, and rushed to the selection venue.

Because Lin Kai took a shower and wasted a lot of time, when Lin Kai arrived at the venue, five hundred soldiers had already assembled, only him.

On the playground, 499 soldiers stood neatly together, and in front of the soldiers was a podium.

On the podium, there were two special forces and two special forces. Lin Kai was very familiar with the two special forces. One was the Thunder Commando and the other was the Phoenix Special Force.

In front of them, there are four leaders.

He Zhijun, Fan Tianlei, Zhang Tianyi.

These three are the three brigade commanders engaged in selection this time.

Fan Tianlei actually became the brigade commander? Lin Kai glanced at Fan Tianlei from a distance. The plot is different from what he saw in the TV series. Isn't Fan Tianlei the sniper instructor of the Spike Team? Here, he is actually a brigade commander!

That Zhang Tianyi and Lin Kai was very eye-catching, and it seemed that he was not a role in the special forces TV series.

In addition to these three characters, there is another character Lin Kai who just glanced at it and was stunned.

I saw a female soldier standing beside the three chiefs with a brave posture. The female soldier looked up, her figure was very hot, not at all like a female soldier, more like a supermodel.

But her military rank is not low, she actually has the rank of major general, stabilize He Zhijun and the others.

You know, He Zhijun and the others are just the ranks of colonel.

Major general, that's a general!

And this person Lin Kai met in the movie Wolf Warriors, Long Xiaoyun of Wolf Warrior Squadron!

And here, Long Xiaoyun is not actually a character in Wolf Warriors, but a true character in this world!

"Report to the chief! The special forces selection competition has started, and there should be 500 people! Actually 499 people!" At this time, Lei Zhan saluted He Zhijun and them loudly after counting the number.

Hearing this, Fan Tianlei frowned immediately. Fan Tianlei was not He Zhijun. His temper was very hot.

Immediately, Fan Tianlei asked coldly: "Who hasn't arrived?"

At this moment, Lei Zhan showed a playful smile at the corner of his mouth and glanced at He Zhijun: "Report, Recruitment Company of Spike Special Forces Brigade, Lin Kai!"

Lin Kai!

It was actually this kid. Lin Kai was very famous among recruits. After all, Lin Kai was the only recruit who was famous for his waste but became famous in the first battle. This kid had won the thunder war in the obstacle course.

As soon as they heard the name, five hundred people began to whisper, and everyone was discussing Lin Kai.

Lei Zhan smiled even more triumphantly. On the surface, Lei Zhan looked like a wolf-fanged soldier king, but in fact, he was a man with a small belly. He naturally had no good impression of those who had won him.

Now that Lin Kai dared to be late, I felt proud.

"Lin Kai?" After hearing these two words, He Zhijun frowned. Lin Kai, the killer he had prepared, is now actually late?

Isn't it too much of a consideration for this selection? This is discrediting him!

Fan Tianlei sneered when he heard the words, and questioned He Zhijun: "Brigadier He, such a soldier, you actually let him participate in this selection? You can't even do it on time. Do you still want him to be a special soldier?"

He Zhijun's face was pale, but he still retorted: "I understand that this soldier Lin Kai, if there is no emergency, he will definitely not be late."

But at this time, Lin Kai finally arrived late. He ran all the way to the front of the queue and shouted: "Recruit Lin Kai reports!"

This voice attracted everyone at the time, and Lei Zhan also looked at Lin Kai playfully.

"Rookie Lin Kai, what is the reason for you to eat for fifteen minutes?" Lei Zhan knelt down on the high platform, staring at Lin Kai proudly.

Lin Kai stood upright, and replied very seriously: "Report, I am taking a shower, and I will be late after I wash."

After He Zhijun listened, his face was comparable to the bottom of the pot, even darker than the bottom of the pot.

Chapter 36 The Impossible Mission

He Zhijun just finished saying that Lin Kai will not be late if there is no emergency, but in a blink of an eye, Lin Kai made him an oolong!

Lin Kai was not late because of an emergency, but because he took a shower in the morning, so he was late!

As soon as this sentence came out, the scene roared with laughter, and all the soldiers laughed.

Lei Zhan couldn't help but laughed. He also felt that he was sorry for the character of Thor for laughing, and he abruptly held back.

He Zhijun was the most embarrassed. He Zhijun looked at the sky at this time, as if I didn't know Lin Kai.

When Fan Tianlei heard this, he almost laughed: "Brigadier He, is taking a shower an emergency?"

"Cough cough." He Zhijun's face blushed and shook his head: "Don't count."

Fan Tianlei nodded, turned to look at Lin Kai, and yelled, "Lin Kai! Eliminate!"

As soon as this sentence came out, the atmosphere at the original lively scene instantly calmed down. Everyone looked at Lin Kai with wide-eyed eyes with an incredible expression.

Was eliminated just because of being late? This selection system is too cruel, right?

With a playful smile on Lei Zhan's face, he stared at Lin Kai with gloat. The selection of special forces is so cruel!

"Rookie Lin Kai, take your equipment, and leave here, you have been eliminated! The weak can not pass the selection!" Lei Zhan said loudly.

As for Lin Kai, he hadn't expected that his face was green, but because he was fifteen minutes late, he had been eliminated!

In the queue of Fire Phoenix, An Ran looked at Lin Kai and shook his head with disappointment.

A few days ago, Lin Kai proved his strength in front of her. At first, An Ran thought that Lin Kai had suddenly enlightened and had a strong talent, so He Zhijun would pick him away.

But now it seems that there is a good saying that a dog can't change eating papa, a dude is a dude, and it can't be changed in a lifetime!

It was the right choice to break up with him at the beginning!

When Lin Kai was eliminated, He Zhijun was in a hurry. Lin Kai is his assassin. He can't just watch Lin Kai be eliminated like this!

"Brigade Commander Fan, isn't it? He was only ten minutes late." He Zhijun anxiously excused Lin.

Fan Tianlei glanced at He Zhijun and said solemnly: "Brigade Commander He, please pay attention to your identity. You are the commander of the Spike Brigade, not his squad leader! You can't protect him like this! On the battlefield, you are late for ten. In a few minutes, you should know what will happen!"

"Such soldiers do not deserve to be special forces!"

Fan Tianlei's attitude is very firm, he just wants to eliminate Lin Kai! If it's normal, just ten minutes late, it will definitely not be eliminated.

Unfortunately, Lin Kai hit the gun.

This time, Fan Tianlei and He Zhijun are competitors, and they can reduce their competitors' vitality. Of course, Fan Tianlei would like to see them.

Moreover, it is to play the role of killing chickens and monkeys. Fan Tianlei wants to let the group of emperor and proud children in front of him know that there are no arrogant soldiers here, and the elimination system is very cruel!

He Zhijun was as anxious as an ant on a hot pot at this time. He Zhijun continued: "Brigade Commander Fan, give him a chance, he is a good seed!"

"Oh?" Hearing that, Fan Tianlei raised his eyebrows, he was a good seedling, and he couldn't even give him a chance: "Impossible! Unless..."

At this point, Fan Tianlei suddenly smirked.

"Unless what?" He Zhijun couldn't wait to ask.

"Unless he can finish the long-distance race with a weight of 100 kg in the ten-kilometer armed long-distance race later, and the result is within the top 100!"

"Only if he has a special place can he make up for the mistake he made this time!"

"what?"

He Zhijun's eyes widened when he heard this, and he was carrying a hundred kilograms?

How heavy is one hundred kilograms? That is equivalent to a fat man of two hundred catties! Ten kilometers is not difficult for ordinary special forces, but the difficulty is to carry a hundred kilograms!

And this time, the assessment of the first level is the most basic physical assessment, a 50-kilogram armed long-distance race, which can eliminate one-third of the soldiers.

It is impossible to complete the task with a load of 100 kilograms!

Besides, he still needs to be in the top 100, which means that Lin Kai is not allowed to jog, he must run fast!

Fan Tianlei was deliberately making things difficult for Lin Kai, deliberately making things difficult for He Zhijun, just to embarrass He Zhijun!

The whole scene was in an uproar. Everyone felt that Lin Kai was dead, and no one could save him. This time the special forces selection was destined to miss Lin Kai!

In the crowd, Wang Yi looked at Lin Kai who was being punished, and felt happy.

Lin Kai, how strong are you? How about playing again? If you cannot participate in the selection, you will not be my competitor! When I become a special soldier, I can crush you!

Lei Zhan also smiled triumphantly, staring at Lin Kai provocatively.

Lin Kai, can't you run? Don't you run fast? Would you try to run ten kilometers with a load of 100 kilograms? I don't believe you can do it!

He Zhijun exploded when he heard it, and he said angrily: "One hundred kilograms? This is not a weight that ordinary people can bear! Even if the now veteran special forces come, they may not be able to complete this task, right?"

Fan Tianlei sneered and asked: "Then I ask you, if he doesn't have the expertise to make up for his shortcomings, why should I let him participate in the selection? If you make a mistake, you will have to punish, if you think it is impossible, let him withdraw from the selection!"

"but"

He Zhijun wanted to say something more, but at this time Lin Kai stood up.

Lin Kai's eyes were piercing, staring at Fan Tianlei, and shouted: "Report! I am willing to accept punishment!"

Lin Kai's voice fell, and the whole scene exploded at that time, and countless soldiers whispered and whispered.

Lin Kai actually accepted the punishment!

"Lin Kai is too arrogant? This is an impossible task!"

"Yes, it's impossible for him to see it, is Fan Tianlei deliberately making things difficult for He Zhijun? He is just an excuse."

"A idiot who has accepted the punishment is just looking for sin. He can't complete this task at all!"

He Zhijun looked at Lin Kai and was also taken aback. He sighed with hatred of iron and steel. He wanted to excuse Lin Kai, but Lin Kai was not afraid of tigers, so he accepted the punishment.

This punishment is impossible to accomplish!

Fan Tianlei smiled slightly when he heard the words, and nodded: "Yes, enter!"

“Yes!”

Lin Kai turned around and entered the queue.

Fan Tianlei looked at He Zhijun, his eyes were already shining with the light of victory, let's see how your soldiers are embarrassed!

Good seed? No matter how good the seedling is, it is impossible to complete this impossible task!

## Chapter 37: Fire Phoenix Participates In The Selection

### Chapter 37-Fire Phoenix Participates in Selection

Actually accepted the task?

Lei Zhan raised his eyebrows and looked at Lin Kai quite unexpectedly. He ran ten kilometers with a load of 100 kilograms. Not to mention the rookies who had just come to select, even if he was a soldier who had dominated the Southeast Military Region for many years. Not a simple challenge.

With a weight of 100 kilograms, it is not easy for an ordinary person to be able to carry it on his back. It takes two steps to breathe.

For special forces, it is also extremely heavy.

For Lin Kai, a wealthy young master who looks thin and tender on the surface, that is an impossible task.

why? Because Lin Kai didn't have a hundred kilograms himself. Lin Kai was able to hold up 75 kilograms. He carried two hundred kilograms with 75 kilograms and ran 10 kilometers. He still had to be among the top five hundred people. Is this possible?

This is impossible!

So Lei Zhan decided that Lin Kai was dead this time!

It's not just Lei Zhan who thinks so, everyone thinks that Lin Kai is dead! Including Lin Kai's ex-girlfriend An Ran.

At this time, Lin Kai stood in the queue and closed his eyes, and didn't pay attention to everyone outside.

At this moment, he was checking his attributes in his mind.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 40

Speed: 30

Response: 20

Stamina: 50

Skills: God Eyes (Silver), Watermelon (Bronze), Plastic Bag (Bronze), Ganoderma (Gold), Tortoise (Bronze)

Upgrade points: 60

Attribute points: 0

Lin Kai has completed the six tasks released by the system, so Lin Kai has 60 upgrade points, but at least one hundred upgrade points are required to upgrade his skills. Currently, Lin Kai cannot use upgrade points.

Lin Kai's physical strength is currently fifty. After the tortoise skills are integrated, the tortoise is extremely strong. Although the speed of action is slow, the tortoise's endurance is very strong, so the physical attributes have been strengthened by ten points.

Lin Kai completed the task of beating Liu Hong violently and awarded ten attribute points. Just now, Lin Kai also added all his physical strength.

After adding the attribute points, Lin Kai only felt that there was a violent force in his body at this time. He could not help but want to start sprinting, he was no longer willing to stand still.

How strong is the physical strength at 50 points? It's the sum of five ordinary people! Generally speaking, an ordinary person can complete a long-distance run of ten kilometers.

Lin Kai now has the super ability to run 50 kilometers!

Even if he carried 100 kilograms, Lin Kai believed that he could complete the task.

Special forces are very tough in terms of physical strength, because no matter what kind of soldier it is, physical training is always the first.

Therefore, ordinary special forces have a physical strength of about 20, and super special forces such as Lei Zhan have a physical strength of more than 30.

Lin Kai's current physical strength should be stronger than Lei Zhan.

So Lin Kai is confident to complete this challenge!

Lei Zhan picked up a big loudspeaker at this time, stood on the high platform, and shouted: "Listen to me everyone, and empty everything in your backpack!"

"Is there a pile of stones over there? Everyone used to load fifty kilograms of stones, and then weigh them, only heavier, not lighter! Lin Kai 100 kilograms! Give you ten minutes to prepare! Ten kilometers Armed long-distance running, start right away!"

As soon as Lei Zhan's words came out, everyone was still bewildered.

What fifty kilograms armed long-distance race? Did the selection start so soon?

Seeing that there were still people stunned, the old fox of the Thunder and Lightning Commando raised the assault rifle in his hand and fired several shots into the sky.

"Didn't you hear Thor's words? Now! Right now! Quick!"

After hearing the gunshots, everyone was a spirit, and then everyone began to pour out the contents of the backpack, and then went to load stones.

When everyone was in a hurry, Lei Zhan walked on the high platform as if taking a walk in the courtyard, and said leisurely: "To encourage you, this time Fire Phoenix will also participate in the selection. I am the chief instructor, the new captain of Fire Phoenix, An Ran. , As the deputy instructor."

"This time, Deputy Instructor An Ran will lead all the female soldiers of the Fire Phoenix to follow you on a long-distance race. I want to see who is inferior to women!"

As soon as this sentence came out, the scene was even more exclaimed, even the Fire Phoenix must participate in the selection?

Fire Phoenix is also a well-known special force in the Southeast Military Region. After all, Fire Phoenix is the only female special force in the Southeast Military Region.

And An Ran is the goddess of countless people's dreams.

Hearing that An Ran will also participate in the selection, everyone's heart is like a chicken blood, and they all want to perform well in the long-distance race for a while, so as to get An Ran's favor.

And An Ran looked down at everyone arrogantly, and shook his head disdainfully:  
“Sisters, let them see how good the female soldiers are!”

“Yes!” The female soldiers agreed in unison.

This time, Phoenix's teammates are: Ye Cunxin, He Lu, An Ran, Tang Xiaoxiao, Ouyang Qian, Shen Lanni, Tian Guo.

Each of these female soldiers was fair and beautiful. As soon as this group of female soldiers joined the queue, it became the focus.

Although they are female soldiers, their treatment is exactly the same as that of male soldiers, with a weight of 50 kilograms.

It is hard to imagine how a female soldier should run with a weight of 50 kilograms.

Lin Kai glanced at An Ran from a distance, and An Ran also glanced at Lin Kai, her eyes became arrogant. It seemed that this was An Ran's home court, and she had enough confidence.

An Ran was already the captain of Fire Phoenix, which Lin Kai hadn't imagined.

In this place, everyone's personal settings are different, and Lin Kai has already seen many familiar people in the queue.

The cold front in the Wolf Warriors, I am He Chenguang, Wang Yanbing, and Li Erniu of the Second Special Forces Middle School are also in the queue.

He Chenguang was already a special soldier of the special forces, but because of a mistake, He Chenguang returned to the furnace and rebuilt this time and participated in the training camp with Lin Kai.

Everyone's backpacks were filled with rocks. Lin Kai was the last soldier to carry rocks. The weighing staff directly exchanged for Lin Kai with a super-large backpack, packed a hundred catties of rocks, and put it in Lin Kai's before.

And said to Lin Kai: “This is a special backpack, don't worry about running, the shoulder strap will never break.”

Lin Kai glanced at this huge backpack, but couldn't smile. This backpack not only has two shoulder straps, but also two chest straps, which will definitely stick the backpack firmly to your body.

Looking back, everyone was gloating at themselves, including Fan Tianlei on the high platform.

Fan Tianlei, Fan Tianlei, your personal design has changed, the old man is very bad, make it difficult for me, right? I don't believe in this evil!

At that time, Lin Kai directly carried the backpack on his body. Once the backpack was used, Lin Kai felt very heavy, but it was not the kind of feeling that it could not be moved.

## Chapter 38: The Last Place

### Chapter 38

Lin Kai's strength is 40. In other words, it is very difficult for ordinary people to pick up this one hundred kilograms, but in Lin Kai's hands, it is actually only 25 kilograms.

Coupled with Lin Kai's 50 stamina, and carrying 25 kilograms for a long run for 10 kilometers, Lin Kai still believes that he can do it.

"All of them!" At this moment, Lei Zhan shouted loudly with a loud horn.

Lin Kai hurriedly trot back to the queue. More than 500 people stood neatly in dozens of rows, waiting for orders.

Lei Zhan glanced at Lin Kai who was standing in the corner, smiled, his eyes stopped on the huge backpack behind Lin Kai, and his eyes were even more gloating.

"Starting from here, running to the foot of the mountain is ten kilometers ahead. Our lightning commando will follow all the way to monitor, no one wants to be lazy! Start now!"

boom!

With a gunshot, all the soldiers began to run.

Fifty kilograms is not an easy weight for this group of soldiers.

Therefore, the running speed of all soldiers is not very fast, but they can barely run.

The few soldiers in the front are the top soldiers who are famous in the army, He Chenguang, Leng Feng, Li Erniu, Wang Yanbing, and Wang Yi.

Their performance is very good, even if the fifty kilogram backpack is carried on the body, there is no visible fatigue.

The long-distance race began, and Lei Zhan was riding a military jeep off-road vehicle with a rifle and followed the troops.

All the soldiers of the Raiden Commando ran to follow the surveillance. There were drones in the sky. As long as someone was left behind, they would be ruthlessly eliminated!

“Rookies! Use the strength of your breastfeeding and run wild!” The old fox shouted with his rifle.

Bang bang bang!

With a few shots, the few people who were about to fall behind instantly caught up with the team as if they were beaten up.

Lin Kai was not the focus. The real focus was the female soldiers running in the front. Although these female soldiers were girls, their physical strength was no worse than that of male soldiers.

And these female soldiers surpassed He Chenguang all the way and ran at the forefront of the queue!

The leading female soldier is naturally the captain of the Fire Phoenix, Enron!

Behind An Ran was Ye Cunxin.

A row of heroic female soldiers running at the front of the team was undoubtedly very eye-catching, but being left behind by the female soldiers, many male soldiers felt unconvinced at the time.

But speeding up the pace found that the backpack on his back could make people breathless. As long as you run a little faster, you will feel hot in your lungs.

He Chenguang and Leng Feng, who were left behind by the female soldier, glanced at each other, and both had a sense of dissatisfaction.

But as soon as they speed up, the female soldiers also speed up, leaving He Chenguang and the others behind!

Lei Zhan passed by quietly on the jeep at this time, looked at the group of male soldiers in front of him, and laughed: “Rookies! Look at you, just like this. You are still a special soldier? You dont even enter women, and you go home Go farm!”

“To be honest, what I hate the most is bringing recruits. I don’t want any of you to be promoted! If you are smart, quit now! Only fools will continue to stay here!”

Facing the ridicule of Lei Zhan, the male soldiers sighed in their hearts, and it was indeed a shame to be ran ahead by a woman!

The physical strength of the female soldiers was not as strong as that of the male soldiers. They all had the same weight, but they were left behind by the female soldiers' buttocks. He Chenguang and Leng Feng had fiery pain on their faces.

And Lin Kai has been running at the back of the team, Lin Kai has been running with his head down, not because Lin Kai is not running fast, but because he is adapting to the weight.

Lin Kai has never experienced a long-distance running with a load of 100 kilograms, so he has to adapt seriously to see how heavy this one hundred kilograms is.

After more than ten minutes of adapting, Lin Kai has thoroughly mastered the trick, and he also understands that even if he uses his best, he can still run.

But now Lin Kai was the last one, and there was no one behind him.

His challenge is within the top 100, but the top 100 has already thrown him a kilometer away, and he wants to catch up. In the eyes of others, it is a foolish dream!

An Ran, who was running in the front, looked back. There was a huge crowd behind, but she did not see the person she wanted to see. An Ran's eyes couldn't help flashing disappointment.

Sure enough, you are still the same waste.

On the high platform, several leaders looked at the heroic female soldiers on the screen and laughed.

Fan Tianlei smiled and said: "Hahaha, it's really a woman who doesn't let the eyebrows be shaved. The Fire Phoenix is indeed the signature female special team of the Spike Special Forces. It's amazing!"

He Zhijun's face also showed a triumphant smile: "Hahaha, it's ridiculous."

Zhang Tianyi also smiled and nodded. The three brigade commanders were very satisfied with the strength of the Fire Phoenix.

The reason why this fire phoenix participates in the selection is to stimulate the male soldiers. The fire phoenix is very strong, and everything is better than this group of male soldiers. They let this group of male soldiers be stimulated by the fire phoenix. Look at this time. In the selection process, can we select talents?

"Where is the kid named Lin Kai?" At this moment, Long Xiaoyun, who had not spoken, suddenly asked.

When Long Xiaoyun spoke, the three brigade commanders were taken aback, and immediately pointed the drone at Lin Kai in the corner.

Last place, Lin Kai.

I saw Lin Kai, who was under surveillance, lowered his head and stepped, very slow. He was already the last one, and he was still ten meters away from the previous one.

If he drops the top 30 meters, he will be eliminated. As long as there are another 20 meters, Lin Kai will be eliminated.

Seeing this scene, Fan Tianlei smiled triumphantly: "Ha ha, what is meant by self-defeating? This is called self-defeating!"

"Although it is difficult to carry one hundred kilograms, as long as he stays in the middle queue, why can't I let him stay?"

"But, Brigadier He, you have also seen that he is the last one and will be eliminated soon. Such a soldier is a good seed in your mouth?"

After He Zhijun saw Lin Kai, he was slightly angry, but he dared not speak.

Lin Kai is a talent he has unearthed. Maybe physical strength is not Lin Kai's strong point, but he is definitely a talent. His big treasure will soon be eliminated.

Long Xiaoyun stared at Lin Kai, squinted his eyes, and shook his head: "I don't think so."

not necessarily? What do you mean? The three brigade commanders all looked at Long Xiaoyun. Long Xiaoyun was a special warfare instructor from the capital. Her combat ability was very strong. She looked at people's eyes and was very accurate.

"Not necessarily?" the three brigade commanders asked at the same time.

Long Xiaoyun nodded: "You only saw him in the last place, but did not see his rock-solid bottom plate. Although he runs slowly, have you ever seen his body shake? His movements don't look tired at all!"

## Chapter 39: Prove Yourself

### Chapter 39

Hearing what Long Xiaoyun said, the three brigade commanders all began to observe the details of Lin Kai's run.

Sure enough, they found that although Lin Kai ran slowly, he ran very steadily, his face was not flushed, he didn't pant, and he seemed to be comfortable.

He Zhijun was overjoyed when he saw this, and said, "It seems that Lin Kai is not unable to run, he will not be eliminated yet!"

Fan Tianlei sneered and said, "Hehe, even if he can run well? With a load of 100 kilograms, he can't even reach the top 100!"

Hearing that, He Zhijun's expression also became cold. It seems that this time, Fan Tianlei is bent on fighting him!

If Lin Kai is not among the top 100, He Zhijun believes that Fan Tianlei will eliminate him without hesitation!

Long Xiaoyun also nodded and said, "Although Lin Kai can run, he is not light at 100 kilograms. His speed can only be so. As long as he runs faster, he may not be able to hold on. Up."

Everyone nodded, one hundred kilograms, that's two hundred kilograms! Lin Kai can hold on for such a long time, it's already pretty good.

Time passed bit by bit, and soon, half an hour passed.

In the ten-kilometer distance, eight kilometers have been run, and only the last two kilometers are left. The first round of selection will soon be over.

However, there were only more than 300 people left at this time of the mighty five-hundred team.

More than a hundred people have been eliminated!

The weight of fifty kilograms is also a huge challenge for the soldiers who come to participate in the selection.

After all, fifty kilograms is one hundred catties, and one hundred catties is the weight of an adult woman, which is equivalent to running for so long with a person on her back.

The lead was still female soldiers, and the female soldiers of the Fire Phoenix were also panting and sweating profusely, and their speed was not as fast as before.

The Fire Phoenix is still like this, let alone this group of male soldiers, except for He Chengguang and the others who can follow Fire Phoenix's footsteps, the rest of the male soldiers have been thrown far away.

The last place was still Lin Kai. Lin Kai kept jogging at the slowest speed, trying not to fall behind.

“Rookies! Isn’t this going to work? If it doesn’t work, just quit! There are already more than a hundred smart people who have chosen to quit, you are just asking for hardship!”

Lei Zhan shouted with a loud horn.

At the same time, Lei Zhan was also looking for Lin Kai’s figure in the crowd. He wanted to see where the man who had beaten him was.

After scanning around, Lei Zhan didn’t find Lin Kai. In the end, Lei Zhan found Lin Kai at the back of the team.

Lin Kai’s speed is very slow, almost the same as walking. He has been following behind the \*\*\*\* of the person in front of him, trying his best not to fall behind.

Seeing Lin Kai in the last place, Lei Zhan laughed at that time: “Last one, rookie Lin Kai! Isn’t it cool? Is the one hundred kilograms of stone cool?”

“Have you seen it? This is the price of being late! What if you can keep up with the team? Lin Kai, you will be eliminated sooner or later, give up! Quit! Go home and be your eldest master!”

An Ran, who was running in the front, wiped the sweat from his forehead, and after looking back, he saw Lin Kai running in the back.

Seeing Lin Kai lowering her head and running at a very slow speed, An Ran also shook her head, extremely disappointed in Lin Kai.

Lin Kai, I won’t have any hope for you anymore. I thought that your prodigal son would turn around. Now it seems that you just can’t help the mud on the wall!

After monitoring, the four chiefs stared at everyone on the screen. He Zhijun also shook his head in disappointment and sighed.

He knew that Lin Kai, his killer, was going to be eliminated soon.

From the beginning to the present, he has almost always been the last one. What else can he do to keep him in the team? No one cares about his family background!

Fan Tianlei smiled triumphantly at this time. What he wanted was this result, he wanted to attack He Zhijun’s viable power, and he wanted Lin Kai to be eliminated, and he wanted to kill him!

There was a hint of admiration in Long Xiaoyun's eyes. Knowing that he would be eliminated, and even insisting on it for so long, this soldier's perseverance was also very good.

Wang Yi, at the front of the team, gritted his teeth and ran down, his clothes soaked in sweat. Although he was sweating profusely and his bones were about to fall apart, he gritted his teeth and did not stop.

Wang Yi, the strongest presence of the recruit company ever! This time, he must prove himself, he must prove that he is stronger than Lin Kai!

Lin Kai, you are already the last one, what are you fighting with me?

I won! I am the strongest recruit company! I, Wang Yi, is the strongest! I will be a special soldier soon! And you Lin Kai is just a waste that was eliminated in the first round!

One kilometer, only the last kilometer is left! The last thousand meters! The end is coming soon!

At this time, everyone has discovered the last potential in the body. Although exhausted, everyone is not willing to give up the last mile!

The female soldiers of the Fire Phoenix also used their strength to feed themselves, and for the last mile, they must defend the glory of the Fire Phoenix!

They just want this group of recruits to know that their Fire Phoenix is not easy to provoke! Their female soldiers are not necessarily weaker than male soldiers. In the Southeast Military Region, there are also female soldiers who are stronger than male soldiers!

"Sisters, it's the last kilometer, go!" The leader An Ran shouted, and led the Phoenix to distance directly from the male soldiers!

When He Chenguang looked at them, they also felt hot on their faces. They were thrown behind the \*\*\*\* by the female soldier.

At that time, He Chenguang also roared, raised his head and ran wildly, no matter how uncomfortable his body was, he wanted to defend the glory of the male soldier!

In the last kilometer, the contest between male and female soldiers has officially begun! No one paid attention to Lin Kai who was the last one!

Fan Tianlei applauded at this time and laughed loudly: "Hahaha! Okay! This is the momentum that special forces should have! You should rush forward!"

He Zhijun also nodded. As a soldier, he should have the energy and the energy not to admit defeat!

The male and female soldiers compete with each other, which is what He Zhijun hopes to see.

At this time, Long Xiaoyun suddenly exclaimed, "Look, Lin Kai!"

"Lin Kai?" The three brigade commanders were taken aback, Lin Kai? What's up with him?

When they looked at the surveillance, they were taken aback, their eyes widened, and their faces were incredible. Is this Lin Kai?

Isn't he unable to run?

A minute ago, Lin Kai, who was running in the last place, raised his head and glanced at the darkened person in front of him, tilted his head, and laughed.

"It's finally time for me to play!"

In order to conserve his strength, Lin Kai hadn't exerted any strength during the first nine kilometers, and was waiting for the last one!

## Chapter 40: Crazy Sprint

### Chapter 40: Crazy Sprint

Under the gaze of the three brigade commanders and a special operations instructor, Lin Kai began to exert his strength.

At this time, Lin Kai was like an awakened beast, carrying a one-hundred kilogram weight on his back, and he started to gallop!

I saw his feet keep stepping on the ground, and because of the heavy load, every time he ran a step, a very deep footprint appeared on the ground!

His hands kept waving, and his body rushed forward from the last place like the wind!

And his pace is also a bit strange, not like ordinary people running, his running style is like an outer shape.

Like Ling Bo's microsteps, he can skillfully use his steps to unload his strength, so that the 100 kilograms on his back will not put all the strength on his body.

This is the pace that Lin Kai studied by combining his skills with plastic bags while jogging.

Whoosh!

Lin Kai's body, like a wind, sprinted directly from the last to the two hundred!

If a person without weight has such a speed, no one finds it strange.

Even if a person with a weight of 50 kilograms has such a speed, it may be a small universe explosion.

But Lin Kai carried a hundred kilograms! Who can run at this speed with a load of 100 kilograms?

The soldiers who were overtaken by Lin Kai were shocked at the time. They even rubbed their eyes, a little doubting what they were seeing.

"I'm going to hang up?" A soldier said with wide eyes.

Lei Zhan also noticed Lin Kai running, and after seeing Lin Kai's speed, Lei Zhan was also shocked.

So fast? Can he stand it?

Lei Zhan himself is the king of soldiers, but Lei Zhan asks himself, carrying a hundred kilograms on his back, absolutely can not run so fast!

Fan Tianlei and the three were also stunned. The seemingly thin Lin Kai, and the seemingly weak Lin Kai, unexpectedly ran out of the speed of the motorcycle at the critical moment!

"This..." Fan Tianlei was speechless at this moment.

One hundred and fifty!

One hundred and thirty!

One hundred and nineteen!

Ninety-nine!

Lin Kai actually broke through from the last place to the top 100 in one fell swoop!

And the time, it only took no more than thirty seconds!

Fan Tianlei's face was very ugly at this time. He once said that as long as Lin Kai can rush into the top 100, he will let Lin Kai continue the next assessment.

I originally thought that this was an impossible challenge.

But Lin Kai froze with his weak body to refresh Fan Tianlei's worldview!

In this world, there are soldiers with such potential! Load one hundred kilograms and run at the same speed as flying!

How powerful is this physical strength and strength? What's more, Lin Kai's speed is unmatched by ordinary soldiers!

There was a twitch in the corner of Lei Zhan's mouth at the forefront. Lin Kai really gave him too many surprises. Whether it was in the recruit company or here, Lin Kai always gave him unexpected results.

Seeing the scene of Lin Kai galloping, Lei Zhan couldn't help but think of how Lin Kai now resembled the previous Lin Kai when recruit Lin Kai let himself for ten seconds!

Everyone felt that it was impossible for him to complete this task, but he could do it!

Wang Yi, who was in the top ten, showed a triumphant smile, and he was about to reach the end! Only the last one hundred meters! Just one hundred meters away!

Just one hundred meters away, he passed the first pass!

Lin Kai, Lin Kai, how about you stealing my limelight in the recruit company? Here, I will use my strength to tell you that the real soldier king is born in the selection of special forces! Rather than be strong in the recruit company!

Just when Wang Yi was proud, only a whistle was heard, and a strong wind blew by, and a figure passed directly by Wang Yi, rushing to the end with extremely fast speed!

"Huh?" Wang Yi was taken aback. The figure in front seemed a bit familiar!

Lin Kai!

Upon closer inspection, Wang Yi discovered that it was Lin Kai who ran in front of him!

impossible! Isn't he the last one? How could he fly directly from the last to the top ten in just a few tens of seconds?

Not to mention, the backpack he was carrying was carrying a hundred kilograms of stones!

This is impossible! Wang Yi even pinched himself. He suspected that he was dreaming, but the pain in his thigh told him that this was not a dream!

impossible! impossible! Lin Kai carried a hundred kilograms of stones, how could he run so fast?

He can, so can I! What I am carrying is only fifty kilograms of stones!

Wang Yi, who refused to admit defeat, immediately exploded his body's final potential and sprinted desperately!

But as soon as he tried hard, his lungs felt fierce and painful, and eventually he couldn't get up with a breath. With a thump, Wang Yi fell to the ground.

But countless people surpassed Wang Yi and rushed to the end.

Wang Yi, who was originally in the top ten, suddenly fell into the top thirty.

And He Chenguang and others in the front were desperate at this time.

No matter how hard they exerted their strength and persisted, they could never surpass the row of female soldiers ahead!

That platoon of female soldiers seems to be deliberately playing with male soldiers. The speed is not very fast, but the male soldiers are just super fast. When the male soldiers speed up, they also speed up. The male soldiers slow down and they also slow down. Meters away.

It seems that this time, the female soldier is really going to be stunned by the female soldier. He Chenguang is already desperate. They are male soldiers, this time they are destined to be laughed at by the female soldiers!

But at this moment, with a swish, a figure suddenly passed in front of He Chenguang and the others, chasing the female soldier in front.

who is it?

He Chenguang was taken aback, countless names flashed in his mind, Leng Feng? Wang Yanbing? Li Erniu? No matter what, is Wang Yi from the recruit company?

In He Chenguang's impression, there are only these few people with super potential, and only them, who have the hope to surpass the female soldiers in front!

But turning around, He Chenguang found that the few people he had just thought of were all beside him, and some were still behind him.

Who is that?

Take a closer look, He Chenguang has some doubts about his worldview, he is the recruit with a 100 kg backpack!

How could it be him? Even a veteran who has participated in the special forces can't surpass that group of female soldiers. You are a recruit who is still carrying a 100 kg backpack. How could you run so fast?

If I remember correctly, you should be the last one!

Flew directly from the last to the top ten? This is not scientific!

Besides, Lei Zhan said just now that Lin Kai was the last one. Did Lin Kai just sprint from the last kilometer? Is his speed and endurance so strong?

Carrying a 100-kilogram backpack, he has run for nine kilometers, yet he still has such a strong explosive power and endurance?

## Chapter 41: First Place

### Chapter 41

He Chenguang and Li Erniu looked at each other, and they were both stunned.

At the same time, their faces felt hot and painful, and they were crushed by the front. After all, they were special soldiers, so they could barely make sense.

But being crushed by a recruit, they couldn't accept it.

But they couldn't do anything with the recruits in front, after all, his speed was unmatched.

At the forefront, An Ran breathed a sigh of relief and ran for ten kilometers with a weight of 50 kilograms. For her, it was not a very easy thing.

But this time the chief issued an order not to allow a recruit to pass them.

As a result, the Fire Phoenix used the strength of the milk to rush, and no one is allowed to surpass them!

For the glory of the fire phoenix, but also to complete the tasks issued by the chief.

Seeing that they are only ten meters away from the end point, they are about to be liberated, and they are about to complete the task!

Looking at the finish line, An Ran's eyes were a little sad.

I don't ask my man to be a hero, I just ask him to be a self-motivated person, I don't ask him to have a wealth of money, but I know the family.

Lin Kai, Lin Kai, I don't really want to break up with you. After so many years, is it possible that there is no feeling between us?

But your performance really disappointed me. Although it is very tiring to carry one hundred kilograms, you can't be the last!

My man can never be the last one!

Sorry, Lin Kai, you and I are destined to miss!

Seeing getting closer and closer to the finish line, immediately, just one step away, Enron can cross the finish line!

Only this step, their Fire Phoenix won!

This step also means that An Ran and Lin Kai will draw a clear line from now on. You will be your \*\*\*\* and I will be my special soldier!

Goodbye!

Seeing that An Ran was about to take this step, but a painful gust of wind blew across his face, and a figure flew directly past An Ran and crossed the finish line!

"No!" An Ran exclaimed.

It's over, An Ran clearly saw that the one who surpassed him was a male soldier!

It's actually a male soldier! At this time, the glory of the Fire Phoenix really fell into her An Ran's hands. She has only just been the captain for a long time. Is it possible to achieve such a bad impression on the leader?

Langya didn't know how much military expenditure was spent to train such a female special forces team. Is it possible that they are not as good as the male soldiers who have just come out of the recruit company?

The chief's mission was completely in her hands!

The glory of the fire phoenix was also stepped on by the male soldiers in front!

who is it? Who dares to trample on the glory of the Phoenix?

When An Ran took a closer look, that figure seemed familiar, and his backpack seemed much larger than ordinary people's.

Could it be Lin Kai who carried a hundred kilograms of stones? impossible! He is the last one! How can the last place surpass yourself? Besides, Lin Kai is carrying a hundred kilograms of stones. Can this dude surpass himself? joke!

But who could it be if it wasn't him?

At this time, Lin Kai had stopped, he removed the backpack on his back, moved his muscles and bones, and turned around.

An incomparably familiar face appeared in front of everyone, a white, tender and handsome face that made An Ran feel that An Ran glanced at An Ran, and then looked towards it.

It's really Lin Kai!

An Ran was stunned, she stopped, after the finish line, was it him?

impossible! Wasn't he still the last one? He launched a sprint in the last mile?

You should know that Lin Kai was a full one kilometer away from An Ran just now. In other words, when An Ran was one kilometer away from the end point, Lin Kai was still two kilometers away from the end point.

Lin Kai carried a hundred kilograms of stones and sprinted for two kilometers to the end, becoming the first place.

His speed is more than twice that of An Ran!

This blow made An Ran unstable and almost fell to the ground.

This ex-boyfriend who has been mocked by him in every possible way has such a powerful potential?

He is a special force of the Phoenix! And what about Lin Kai? He is just a young man, who came to the army to gild, how could he have such a powerful strength?

Suddenly, An Ran's heart was very complicated. On the one hand, she couldn't believe that Lin Kai in front of her was so good. On the other hand, she regretted that she rashly broke up with Lin Kai.

As Tian Guo said, Lin Kai is handsome, rich and powerful in his family, and he is also very strong. Isn't this the Prince Charming in everyone's heart?

Don't even want such a boyfriend, isn't she An Ran blind?

Sure enough, a peach blossom appeared in Tian Guo's eyes on the side. She wiped off her sweat, and said shyly, "So handsome, she is the first one, Sister An Ran, since you don't want Brother Lin Kai, then you Can you let me?"

"I..." An Ran stammered for a while, not knowing how to answer.

After that, one by one soldiers arrived at the end, He Chenguang and the others looked at Lin Kai with strange eyes.

At this moment, Lin Kai was completely famous.

And He Zhijun, who was watching the surveillance on the high platform, laughed at this moment: "Hahahahaha! What am I talking about? I just say he is a good seedling? Brigadier Fan, do you think Lin Kai is qualified to stay?"

He Zhijun's eyes are full of sorrows. He and Fan Tianlei have been fighting for so many years, and Fan Tianlei has always held his head. Now, He Zhijun has finally found a chance to be proud of him!

Fan Tianlei had a dark face and stood with his hands. Although he was unhappy, he still reluctantly smiled and said: "Yes, this seedling is not bad. Brigadier He has discovered a talent, congratulations."

Behind them, Long Xiaoyun squinted at Lin Kai, looking very interested.

Ten minutes later, almost everyone reached the end. Those who did not reach the end were declared eliminated.

At the foot of the mountain, Lei Zhan was riding in a jeep with a big horn in his hand. Lei Zhan lay on the door of the jeep and shouted: "Congratulations, rookies, you have passed the first pass! The first in the first pass. Name, I can't believe it, he is a recruit, his name is Lin Kai!"

After that, Lei Zhan glanced coldly at the female soldiers of the Fire Phoenix. The female soldiers of the Fire Phoenix lowered their heads. Before Lei Zhan, they were their instructors.

"All members of the Fire Phoenix, are you ashamed? Are you ashamed? Because you are the soldiers brought out by my Lei Zhan, and you participated in the selection together with the recruits, and you were surpassed by a recruit. Are you worthy of the three words Fire Phoenix?"

All members of the Fire Phoenix lowered their heads, and did not dare to refute Lei Zhan. They had seen the methods of Lei Zhan. At this time, they were looking for hardships to fight against Thunder War!

## Chapter 42: Second Pass

### Chapter 42

Headed by An Ran, a row of female soldiers gritted their teeth and stared at Lin Kai. It was because of this stinky boy that they were reprimanded by Lei Zhan!

But Lin Kai didn't know how to feel violent. At this time, Lin Kai was sitting on the side of the rock to rest, eating melon seeds by the way.

This time, Lei Zhan did not rush to gather all the soldiers, but let all the soldiers sit in place to rest.

Lei Zhan looked into the distance, and not long afterwards, only a few leaders came to the foot of the mountain in a jeep.

Headed by Fan Tianlei, several brigade commanders came to the front of the soldiers.

"All of them! Assemble!" With Lei Zhan's order, all the soldiers lined up immediately, waiting for the leader to speak.

Fan Tianlei looked at the soldier in front of him and nodded: "Yes, you have passed the most basic physical test!"

"The physical test, although the most basic test, is the most basic ability of a soldier. Only with super strong physical strength can he survive the enemy's pursuit."

"Lei Zhan, how many people were eliminated in the first round of physical assessment?" Fan Tianlei asked.

Lei Zhan saluted, took out the list, and said: "Reporting the chief, the first round of physical fitness assessment, a total of 210 members were eliminated, and the remaining members, 290."

A terrifying elimination rate. Only a small half of the members were eliminated in the first round, which is enough to prove the strict and cruel selection of special forces.

Fan Tianlei nodded and said, "Well, did you see it? This is the cruelty of the selection of special forces. This time, the 500 soldiers who came to participate in the selection are all emperors from various units. As the saying goes, arrogant. Soldiers must be defeated! The gilded soldiers who want to come here, I advise you to die with this heart, and the soldiers who can stay here are strong!"

“Next, I would like to ask Brigadier Zhang Tianyi to say something.”

With a burst of applause, Zhang Tianyi stood up.

Zhang Tianyi has always been very low-key among the four heads, and has never stood up to speak. Lin Kai glanced at him, and his first impression was that he was tough.

The tall and handsome appearance shows the charm of a middle-aged man, more like a melancholy uncle than a soldier.

Zhang Tianyi smiled and said, “Comrades, the selection has just begun. There are three special forces in this selection.”

“The first is Brigadier Fan’s Red Blood Cell Special Operations Team, the second is Brigadier He’s Wolf Warrior Team, and the third is my Tiger Special Operations Team.”

“Each special forces has ten members, that is, five hundred into thirty. I am very happy that you can stay now, but the next selection will be even more cruel.”

“We will start our second round of selection, Lei Zhan, and lead them to the venue.”

“Yes!”

Lei Zhan made a salute, looking at the group of soldiers in front of him, he actually showed a cruel smile.

“Everyone has it, run!”

...

Thirty minutes later, the soldiers who had been exhausted came to the beach after another long journey!

On the endless sea, some soldiers were already happy, shouting loudly, and even lying on the sofa.

More soldiers unloaded their backpacks and shouted to vent their anger.

This time, none of the chiefs followed. Here, drones are constantly monitoring the soldiers. Even if the chief is not there, he can see every move of everyone on the scene.

A group of members of the Raiden Commando surrounded Lei Zhan, and Yan Wang gave a wicked smile: “Hey, let them be happy for a while, they will feel better for a while!”

Lei Zhan smiled without saying a word, his eyes kept staring at Lin Kai.

At this level, Lei Zhan decided that Lin Kai was dead!

Lei Zhan once inquired and knew that Lin Kai knew nothing about water, so Lin Kai was destined to miss this level!

“Everyone! Assemble!” With the shout of Lei Zhan, the happy soldiers gathered again.

“There are four levels in this selection. This is the second level. This level can basically wipe out half of your personnel!”

As soon as this sentence came out, the soldiers looked at each other, and there was a look of fear in their eyes.

Lei Zhan, this demon, what he said is absolutely true!

At this level, I don't know what monsters and monsters are waiting for them.

“Now, all the soldiers who can't be water-based, stand up!”

As soon as Lei Zhan said this sentence, the soldiers who were not watery looked at each other, all hesitating, whether or not to stand up.

“Special forces! Not only the overlord on land, when they are pushed to a desperate situation, fighting on water is also a necessary skill for special forces!”

“If you don't know how to swim at all, then don't be a special soldier. The special forces want all-around wizards. We don't have time to teach you how to swim in the special forces. Of course, if you don't think you're not able to swim, you can pass the next Examination, whatever you want, naturally, if you die in the sea, it has nothing to do with us!”

As soon as this sentence came out, the soldiers who were hesitating stood up immediately.

Two hundred and ninety soldiers, as many as fifty soldiers stood up immediately, and two hundred and forty soldiers remained.

Lei Zhan glanced at these soldiers and smiled: “You, all have been eliminated!”

These soldiers stared at the Thunder War, and there was a dissatisfaction in their eyes.

One of the soldiers slammed his gun to the ground and roared, “Why? Just because I don't know how to water, you eliminated me? I'm a land soldier! I'm not a navy soldier, so why eliminate me!”

Facing the soldier's roar, the remaining eliminated soldiers also protested.

"Yeah! Why do we get rid of us? Give us an explanation!"

"The first level is so difficult. We all survived, because we don't know how to water, so you will eliminate us? It's not fair!"

"I'm not convinced!"

Lei Zhan looked at these soldiers with a smile, and said proudly: "Why? I'm the instructor! Whoever I want to go, whoever has to go, take them all away!"

"Yes!" Little Bee holding a gun, came to everyone, and said: "What are you still doing in a daze? Let's go, everyone!"

In the end, due to the unwillingness of this group of soldiers, they were all taken away from the scene.

The remaining soldiers look at me and I look at you, all a little nervous.

Lei Zhan said with a playful smile: "It seems that I underestimated you. The number of eliminations last year is far more than that. It seems that this year, you all understand my routines. You all learned to swim in advance, right?"

"I tell you, it doesn't work! This year we established the elite special forces in the special forces, so this year's selection is more cruel than the previous year!"

"Want to know what the selection rules are? Tell you, it's very simple! The sea area ahead has been divided by our fishing nets. It has a total radius of one kilometer. Our lightning commando will be transformed into arresters. You are absconders and are not allowed to go ashore. In half an hour, the soldiers who were not caught by us were promoted, and the soldiers who were caught were eliminated on the spot! Understand?"

Chapter 43: Turtle Speed

Chapter 43 Turtle Speed

"The Raiden Commando did it themselves? Isn't it over?"

"It's over, the Raiden Commando is the most powerful special force in our Southeast Military Region. They took action personally, and our army will be wiped out in all likelihood!"

“Don’t be afraid! When the time comes, we will disperse and run. No matter how powerful their Thunder and Lightning Commandos are, there will only be a few people!”

There was a lot of discussion at the scene, Lei Zhan pushed the sunglasses on the bridge of his nose, and smiled: “Shake! Fear! By the way, I forgot to tell you that in this sea area, there may be sharks!”

As soon as this sentence came out, the lively scene was instantly silent.

Everyone’s faces are as gray as death, and those who are afraid have already wanted to withdraw from the selection.

No matter how powerful the Raiden Commando is, they will not harm their own people, but sharks are different. Sharks can eat people, so he doesn’t care if you are a soldier!

“Our Raiden Commando trains new special forces every year. Almost all of them are dead. Special forces will live a life of blood licking on the blade! If you are scared, quit now. Anyone who quit?”

After Lei Zhan said, several soldiers looked at each other, hesitated, and stood up.

“We quit...”

With a tremor, they took off the helmets on their heads and lowered their heads. Tears shed even more from the corners of their eyes.

Special forces are their dream! Now, because of fear of sharks, they withdrew from the game.

Although they feel very embarrassed, their faces are blank, and they have the dream of being a special soldier in their hearts, their fear of death still dominates their hearts.

Lei Zhan smiled playfully, nodded and said, “Yes, it’s good. The so-called people who know the current affairs are brilliant. You are doing a good job. Unlike this group of fools, you have to be some \*\*\*\* special soldiers.”

“I said before, I don’t have a cold for you group of stupid big guys. I don’t want any one to pass the selection! If you are smart, just quit!”

After Lei Zhan’s words were finished, no one moved on the scene.

“No one quit, right? No one quit, then start! Give you three minutes to go into the sea and swim hard! The farther you swim, the better!”

As soon as Lei Zhan finished speaking, the originally quiet scene immediately became lively. More than 200 soldiers threw all their equipment to the ground, and then plunged into the sea.

The Raiden Commando will not be merciful! Being caught by them, there is only the fate of being eliminated!

Run! The farther you swim, the better! They want to escape the clutches of these people!

However, the Raiden Commando departed three minutes late for these people. Three minutes was enough for them to swim hundreds of meters away.

But Lin Kai walked slowly towards the sea without rushing.

Behind him, Lei Zhan had been watching Lin Kai. With a dog's tail grass in his mouth, Lei Zhan sneered while looking at Lin Kai's back.

For Lin Kai, Lei Zhan will not show mercy! After a while, Lei Zhan attacked Lin Kai!

Let you brat, Lao Tzu likes to weed out the braved people, so that you will never become a special soldier!

As for Lin Kai, he actually doesn't know how to water at all, but after getting the tortoise system, Lin Kai also gained water proficiency.

But when he got into the water, Lin Kai discovered that it was not the same thing at all!

Although I have acquired water proficiency, what I have acquired is tortoise water proficiency, which means that Lin Kai now swims at exactly the same speed as a tortoise!

Lin Kai was lying on the water. He knew how to prevent himself from being drowned, but he didn't know how to swim fast!

As soon as Lin Kai tried to swim quickly, he found that he was not in the water and immediately sank.

This was anxious for Lin Kai. Seeing the soldiers around him surpassed him one by one, two minutes passed, only Lin Kai was still paddling in the water near the shore.

At this time, several soldiers of the Raiden Commando looked at Lin Kai curiously.

Halley stared at Lin Kai's back and asked, "You said, what tricks this kid does? Can he run or not? Isn't he good at water?"

The little bee shook his head and said with a smile: "I don't think so. This kid can see water at a glance, but he is a novice and dare not swim fast, so he paddles there slowly."

The old fox smiled slyly: "Hey, don't look at him, our captain has nothing to do with this kid. After the capture begins, you don't want to catch this kid, let our captain catch him himself!"

Several special teams of the Raiden Commando all brushed their heads and agreed.

"Three minutes is up!" Hell roared.

Rumbling...

With the roar of the engine, Lin Kai looked back and was dumbfounded.

I saw Lei Zhan and a few of them all got on the yacht! A small yacht for one person!

It turns out they arrested people on a yacht! Not swimming!

Lin Kai was dumbfounded. Looking at himself, he was only a few tens of meters away from the shore. They must be the first to catch him!

diving? Are you kidding me? It is less than two meters deep from the bottom of the water. Even if you dive down, you will be caught!

"Catch the rookie!" Little Bee laughed, and when he stepped on the gas pedal, the yacht sprang out with a bang.

This time is over, and he has designated to be eliminated this time, Lin Kai is still working hard to draw the water, wanting to swim deeper.

Whoosh! I saw that the little bee flew directly by Lin Kai on the yacht, and didn't pay attention to Lin Kai at all!

For the first time, Lin Kai's self-esteem took a severe blow. Is he ignoring himself?

Whoosh! Harleys yacht rushed past.

Whoosh! Yama's yacht.

Whizzing!

Two more yachts rushed past Lin Kai, they didn't take care of Lin Kai at all!

While Lin Kai was fortunate that he was dead, while comforting his injured heart, there must be something wrong with their eyes.

Rumbling...

At this time, the sound of the engine sounded, and Lin Kai looked back and saw a huge yacht appearing behind him.

Lei Zhan was wearing sunglasses and a dog's tail dangling. He was sitting on the yacht and staring at Lin Kai playfully. He was not in a hurry to catch Lin Kai, just looking at Lin Kai playfully.

"Run! Rookie Lin Kai, aren't you able to run? With a weight of 100 kilograms, you can walk like flying, and you have broken my obstacle cross-country record. You can run again!" Lei Zhan's face was a cry.

Lin Kai's black line, when watching TV series, why didn't you find that Lei Zhan was so dark-bellied? This is too careful, right? Is it because he has won him once, so he targets himself everywhere?

Lin Kai didn't pay attention to the thunder battle, but swam with his head down.

"Don't speak? It's okay! I just follow you like this, I see how far you can swim! Be careful, there are sharks here, and you will be swallowed by accident!"

## Chapter 44: Public Revenge

### Chapter 44

In Lei Se's Lei Zhan, he drove the yacht around Lin Kai. He neither came down to catch Lin Kai, nor let him go, as if a hunter was playing with the prey he had already obtained.

Lin Kai's head was sweaty, and Lei Zhan was by his side, and his pressure was too great.

He wanted to escape the claws of Thunder War, and his swimming speed didn't give him this chance at all, he couldn't swim fast at all!

Lei Zhan looked at Lin Kai who was swimming like a tortoise. He laughed at that time and laughed loudly: "Hahaha! How much is a catty for your bulk swimming skills? How can you swim like a bastard?"

"You don't have to worry about it!" Lin Kai retorted with no tolerance.

"Don't worry about it? Believe it or not, I can eliminate you now!" Lei Zhan sneered, pulled out the pistol pinned to his lap, and aimed at Lin Kai.

The gun is filled with hollow bullets, but hitting a person at such a close distance is also very painful.

Lin Kai looked at the pistol and narrowed his eyes. Now he was in the water and thunder was on the boat. Everything was not good for him.

Lin Kai gritted his teeth and pointed to his forehead: "Shoot! I'm not a \*\*\*\* special soldier, come on, weed out!"

This Lei Zhan deceived people so much that he caught Lin Kai without letting go, and didn't arrest anyone else at all. He was clearly avenging his personal revenge! Use your position to avenge yourself for breaking his record!

The pistol in Lei Zhan's hand kept spinning in his hand, and with a snap, he put the pistol back on his leg.

"I don't." Lei Zhan laughed: "I will not eliminate you, I will follow you, I will wait until the 29th minute, I will eliminate you again, I will make you completely desperate!"

After all, Lei Zhan showed a triumphant smile, bullying a newcomer like Lin Kai can give him a great pleasure!

"Hurry up! Little bastard, say you are bastard, you really look like bastard, Young Master Lin, this is not your Lin family, I am not a high official, I am not used to you."

"With me, you are not a \*\*\*\* young man, you are a \*\*\*\* who is more rookie than a rookie!"

"Trash, do you think you are very powerful if you break my record? You think you are a special soldier if you defeated the king? I tell you Lei Zhan, no matter how good you are, I think you are not pleasing to your eyes. you!"

It's over, the people of Lei Zhan collapsed completely in Lin Kai's heart!

It seems that the thunder war in this world is not the thunder war in the film and television drama. Although the thunder war in the film and television drama is a bit cautious, it still has a fair and just heart.

The thunder war in front of him is also the king of soldiers, but it is more close to reality. There is no such peace in the army. It is common for veterans to bully recruits. There are too many veterans like Lei Zhan.

"Don't speak? Hehe, then don't speak, swim at the speed of a tortoise like yours. You can't swim 500 meters in thirty minutes!"

"Huh!"

Standing on the yacht, Lei Zhan yelled, and the yacht drove directly in front of Lin Kai. A wave of water directly slapped Lin Kai's face into the water!

After making a circle in the water, Lin Kai came out of the water.

Wiping the water off his face, Lin Kai stared at Lei Zhan's back, his eyes red.

Lei Zhan, I don't believe it, you, a little instructor, can turn back! You don't want Lao Tzu to pass the selection, Lao Tzu won't!

I saw Lei Zhan drove the yacht around in the distance, and then drove towards Lin Kai. When he was about to drive in front of Lin Kai, Lei Zhan flicked a dragon, and the waves shot Lin Kai into the water. !

"Yeah! It's so cool, the sea breeze is refreshing, cozy and cozy! Hey, the falling dog below, why are you swimming so slowly? Do you want to sit on the yacht and the instructor will take you?" Lei Zhan looked at him. Lin Kai, embarrassed, laughed.

Swim another ten meters!

Lin Kai didn't take care of the thunder war at all. Now Lin Kai only wants to swim another ten meters away, he only needs to swim another ten meters away, I can dive! When you want to catch me, you can't catch me!

Fortunately, Lei Zhan didn't mean to arrest Lin Kai at all. Lei Zhan sat on the yacht and drew his pistol, before actually starting to aim at Lin Kai.

"This gun, I named it Xiaohei, because it is too dark. I heard that this gun has a large caliber and has great damage at close range. Don't look at it because it contains empty bullets, but Such a close distance can also knock you out!"

Lei Zhan said with a frightened look. He was playing with Lin Kai at all!

boom!

Lei Zhan actually shot! I saw a bullet shot directly into the sea water next to Lin Kai, splashing a splash of water!

Lin Kai was startled, and then blood came up from the sea.

Was he hit? Lin Kai was shocked, but didn't feel the pain either! As soon as he looked up, he found that Lei Zhan was looking at himself with a smile, and a large dead fish floated beside Lin Kai. The dead fish was beaten with flesh and skin.

Looking at the fish, Lin Kai's heart also became tense. If Lei Zhan really shot himself on his body, he would really be beaten up!

“Lin Kai, you said my marksmanship, are you sure?” Lei Zhan asked as he aimed his pistol at Lin Kai’s head.

Lin Kai’s anger was blazing, and Lin Kai clenched his fists at this time, wishing to go forward and thunder!

Too \*\*\*\* too much! Just catch yourself alone! Don’t eliminate yourself, don’t let yourself go, and scare yourself with a gun!

“Lei Zhan! You \*\*\*\* don’t go too far! If you have the ability, you can eliminate me, don’t play yin with Laozi!” Lin Kai glared and roared.

Lei Zhan was angry at all, but he was very happy. He seemed to enjoy Lin Kai’s anger.

Lei Zhan shook his head with a look of slapped expression on his face: “I, yes, no!”

“I said, I want you to feel desperate when you are full of hope, I said, the twenty-ninth minute, no more points, no more points!”

Lin Kai glanced at Lei Zhan coldly: “Well, what you said, if you can eliminate me, I will not be named Lin from now on!”

Lei Zhan also laughed, he has been following Lin Kai, how could he not be able to eliminate Lin Kai? Lin Kai doesn’t seem to know much about water, is it possible that he can dive?

Even if he dives, he can shoot him, anyway, there is water resistance, and a shot can’t hurt him.

In Lei Zhan’s heart, there is already a complete plan, no matter what Lin Kai will be eliminated!

“Okay! If I can’t eliminate you, or if I eliminate you before twenty-nine minutes, I will write the words Lei Zhan backwards!”

“The system really can’t stand it anymore! Dare to bully me such a kind and lovely host, the system releases the task! Let the name of Lei Zhan be written backwards, and reward a random extraction ability!”

## Chapter 45: Shark

### Chapter 45-Shark

As soon as the system released the task, Lin Kai was even more energetic. With the hatred of Lei Zhan in his heart, Lin Kai struggled to swim, and finally ten minutes later, Lin Kai swam to the sea with enough water.

And within these ten minutes, Lei Zhan provoked Lin Kai in every possible way, even firing several shots to frighten Lin Kai, and the bullets flew over Lin Kai's brain, making Lin Kai frightened.

Shooting recruits is a taboo! Even if the gun contains empty bullets, you can't point the gun at your comrades!

Isn't Lei Zhan afraid? Of course Lei Zhan was scared, but the reason he dared to do so was because he had reliance behind him!

At this time, in a war room of the Southeast Military Region, Fan Tianlei and the others sat one after the other. On the big screen in front of them, it was the scene where Lei Zhan humiliated Lin.

It turns out that everything Lei Zhan has done has long been photographed by drones.

This is exactly Fan Tianlei's idea. Fan Tianlei smiled with his arms folded: "Brigadier Ho, I have to take a good look at the good seedlings you have selected. In the first level, Lin Kai performed very well and has the potential to be the king of soldiers. Lei Zhan inspected him a little bit, isn't it too much?"

He Zhijun's expression on the side was a bit ugly, he could see that Lin Kai was not good at water, and when faced with Lei Zhan's embarrassment, Lin Kai obviously had insufficient energy.

Fan Tianlei in front of him repeatedly made things difficult, and He Zhijun was also angry: "Brigade Commander Fan, don't you think this is too much? Lin Kai is impenetrable, and you make Lei Zhan embarrass him so much. Is there any fairness to say?"

Fan Tianlei smiled and shook his head, and said: "Don't worry, Brigadier He, I won't eliminate Lin Kai in this level. Even if Lei Zhan catches him, I won't eliminate him. I just want to take a look at him. What do you do when facing threats like Thunder War."

Fan Tianlei smiled triumphantly. In this way, although he would not eliminate Lin Kai, he could still embarrass Lin Kai and embarrass He Zhijun.

All he wanted was to embarrass He Zhijun.

He Zhijun's face was flushed, but he could not find a reason to refute.

He glanced at Long Xiaoyun with a look for help, but Long Xiaoyun looked at Lin Kai on the screen with his arms with interest, and it seemed that he didn't mean to stop him.

As for that Tianyi, Zhang Tianyi was the lowest among the four, and he didn't like to talk very much. It was impossible for him to ask for pity.

In desperation, He Zhijun could only sit on the chair angrily, praying in his heart that Lin Kai would not humiliate him!

When ten minutes were up, Lin Kai looked down at the sea area under him, the sea area under him was hundreds of meters deep! Dive down by himself, Lei Zhan is absolutely helpless!

At that time, Lin Kai glanced at Lei Zhan angrily, then sneered: "Lei Zhan, you wait for me!"

Lei Zhan looked at Lin Kai confusedly, not knowing why Lin Kai uttered wild words.

But in the next second, Lei Zhan knew it, and saw Lin Kai dive directly into the sea with a thud, leaving only a line of blisters coming up.

Is he going to dive?

At that time, Lei Zhan laughed. Lei Zhan is the king of special forces in the Southeast Military Region. He is proficient in water and has a strong ability to hold his breath.

No one in the entire army has been able to break the record of thunder war, and hold his breath underwater for five minutes! Who can do it for ordinary people?

Now Lin Kai actually wants to dive to avoid the thunder war, Lei Zhan does not believe that he will always be in the water! He would definitely come up to breathe, and he would definitely not dare to dive too deep.

So Lei Zhan just waited for the rabbit.

"Haha, it's really ignorant, you want to avoid me by diving, do you really treat me as a fool?" Lei Zhan smiled disdainfully.

On the other side, Lin Kai immediately activated the turtle skill after diving into the water, and then Lin Kai held his breath to dive.

Lin Kai's tortoise skill is now bronze, which means that Lin Kai now has the ability to hold his breath underwater for 15 minutes without changing his breath.

Fifteen minutes, it was enough for Lin Kai to go out very far, when Lin Kai quietly floated up to take a breath, I believe Lei Zhan would definitely not know.

The world under the water really opened Lin Kai's vision, and Lin Kai dived all the way, not afraid of the tremendous pressure that the depths of the sea would bring to him!

Generally speaking, if humans dive too deep, the pressure of the sea will overwhelm humans. If they dive hundreds of meters, the huge pressure can crush human internal organs into mud.

But Lin Kai is different now. He now has the talent of a tortoise, so he has the same tough physical performance as a tortoise. Even if he dives hundreds of meters, the water pressure will not directly crush Lin Kai to death.

The world under the water was really colorful. Lin Kai saw countless fishes that he didn't know swimming past his eyes, and curious fish came up and surrounded Lin Kai.

After swimming, Lin Kai saw that there seemed to be a hazy shadow in front of him, and that shadow was very large.

Now Lin Kai has dived into the water to a depth of 100 meters, so the fish that survived at this depth had not been seen by Lin Kai.

Lin Kai was very curious. He swam over, and the huge thing seemed to be swimming towards Lin Kai.

Soon after, Lin Kai was stunned by the size of the big guy, like a big fish as big as a car! But Lin Kai still couldn't tell which fish it was.

Could it be that it is a whale? No, the whale is bigger than the fish in front of him. It is said that the whales mouth can hold four people sitting together and playing mahjong.

And whales don't hurt people very much. Is this big guy in front of him a juvenile whale?

As he approached again, Lin Kai finally saw it this time, but after seeing it clearly, Lin Kai's hair was terrified.

This is a \*\*\*\* shark!

Lin Kai didn't even think about it, but immediately turned and headed upstream. This is a shark! There are really sharks here!

The shark seemed to be directed at Lin Kai. The shark swims extremely fast. Lin Kai's swimming speed like a tortoise is not its opponent at all!

At that time, Lin Kai was anxious about sweat, of course, the sweat drifted into the sea as soon as it appeared.

Is it possible to become a shark's mouth food? What to do? A few days after I was reborn! He is the protagonist, so he will die so aggrieved?

Seeing the huge shark getting closer and closer to him, Lin Kai's heart became more and more flustered, what should I do?

At this time, Lin Kai discovered that a faint blood streak appeared from the shark's body. Although the blood streak was light, it was still discovered by Lin Kai, who had the function of divine eyes.

Is this huge shark injured?

A closer look, as expected, a huge iron rod was inserted on its body, and an iron chain was connected to the back of the iron rod, which seemed to be a weapon used by fishermen to catch sharks.

Chapter 46: Suicide?

Chapter 46 Suicide?

I can't run away anyway, just wait to die!

Lin Kai, who was full of despair, gave up the struggle and watched the huge shark approaching him.

The shark was so huge that it quickly swam to Lin Kai's face, and a pair of cowbell-sized eyes looked up and down Lin Kai.

Afterwards, it began to circle around Lin Kai.

Lin Kai shivered in the sea, thinking that he was the host of the god-level extraction system. Could the system just watch as he was eaten by sharks without saving him?

The shark circled Lin Kai for a long time, as if it had no intention of eating Lin Kai.

Instead, it exposed the place where it was injured to Lin Kai and didn't move at all.

"Huh?" Lin Kai was stunned, what does this mean?

Is it possible that it is asking for help? Are sharks so spiritual?

No way, these years, humans have hunted sharks on a large scale. This thing should hate humans. After all, shark fins are a very popular luxury.

Is it actually not hostile to itself?

"Host, as the host of the god-level system, how can it be eaten by a small shark? Host, you have used the turtle skill, and now you are in turtle form, which shark have you seen eating a hard turtle?"

The sound of the system made Lin Kai stunned for a moment, and then suddenly realized.

Good guy, the huge shark in front of him thought of himself as a strange turtle.

The tortoise was tough. The shark must have no interest in this animal. On the contrary, it saw Lin Kai's hands and feet, so he asked Lin Kai for help.

The shark's IQ is not very low. It knows what kind of animal it is and can help it pull out the iron rod on its back.

So, am I safe now?

Lin Kai was overjoyed. After knowing that the shark would not eat him, Lin Kai tried to get close to the big guy and stroked his head with his hand.

The shark did not move at all, just floating next to Lin Kai.

Lin Kai looked at the huge iron rod, which was exactly the thickness of a baby's arm, and inserted it into the shark's body vertically.

Obviously, it didn't go deep, otherwise the huge shark would have burped long ago.

Lin Kai held the thick iron rod with both hands, and then pulled it hard, only to see a spray of blood spray out, and the thick iron pipe was pulled out by Lin Kai.

The shark was also spinning around in pain, and Lin Kai was almost shot off by the big guy with a tail.

The iron rod was inserted into the shark's body as deep as a palm, which means that this fish has a big life, and it didn't hit the mark, otherwise it would be more than just flesh and blood.

Lin Kai threw the iron rod aside and gently stroked the big guy's head. This big guy seemed to know that Lin Kai was trying to save it, so he even rubbed Lin Kai with his head.

Looking at a \*\*\*\* hole in the big guy's body, Lin Kai couldn't bear it too, so he took off a few kelp and helped it wrap up the wound.

...

At this moment, Lei Zhan was still sitting on his yacht, with Erlang's legs tilted, waiting for Lin Kai's appearance.

However, Lei Zhan was already a little anxious at this time. Ten minutes had passed, and he didn't see Lin Kaiyou coming up to take a breath.

Could it be that this kid couldn't think about it, and after being insulted by himself, he drowned and committed suicide directly under the seabed?

No way, with this psychological quality, you are still a special soldier?

Lei Zhan was a little panicked. Although he was insulting Lin Kai by an order, Lin Kai really had some shortcomings, and Lei Zhan could never escape his relationship!

Lei Zhan began to observe the sea carefully, and took out the walkie-talkie: "Did you see the rookie forest open?"

Hades: "Report Thor, isn't Lin Kai with you?"

Halley: "Report Thor, but didn't see it."

Old fox: "Thor, what's the matter?"

All the members of the Raiden Commando did not see Lin Kai, and Lin Kai seemed to have evaporated from the world.

Lei Zhan frowned. He glanced at the drone in the sky, and believed that the chiefs had also seen this scene. Ten minutes passed, and Lin Kai hadn't appeared yet. It might have been an accident.

Do you want to stop the selection and start rescue immediately?

But if this kid just slipped, wouldn't he make a big oolong?

However, if this kid really has an accident and he continues to be selected, who will bear the responsibility afterwards?

Anxiously, Lei Zhan once again took out the walkie-talkie: "Report to the chief that the rookie Lin Kai is missing and he is suspected of drowning!"

At this time, there was a mess in the war room.

Snapped!

He Zhijun slapped the table with a slap on the table. The tea cup was shaken. He Zhijun said angrily: "Fan Tianlei! Look at what you have done! Actually let Lei Zhan embarrass a recruit who just came out of the recruit company. Now something has happened. , Who is in charge? If Lin Kai has any shortcomings, I will never finish with you!"

Fan Tianlei's face was pale at this time, and he sat in a chair without saying a word.

He also didn't expect that something like this would happen. Lei Zhan just humiliated Lin Kai's recruit, but Lin Kai couldn't think of committing suicide?

If Lin Kai really died, Fan Tianlei could not escape the relationship! Although it was Lin Kai who had been humiliated by Lei Zhan, this was an order from him after all!

"I... I didn't expect this to happen!" Fan Tianlei wanted to cry without tears.

Fan Tianlei at this time is like an ant on a hot pot. If Lin Kai really has any accident, the black hat on his head is destined to be unsafe!

"Look, what is that?" At this moment, Long Xiaoyun suddenly exclaimed and pointed to the big screen.

After hearing this, several chiefs looked at the big screen one after another, and then they saw a stunned scene.

I saw a figure appear on the surface of the sea, and this figure was lying on the surface of the sea, walking straight at an extremely fast speed.

And the figure didn't move at all, it was like flying the Buddha against the sea!

He Zhijun stood up excitedly, because he knew who that person was. That was the recruit he had selected, Lin Kai!

At the scene, Lei Zhan saw a black spot rising from a distance on the sea.

Lei Zhan's first thought was that Lin Kai finally appeared! So he drove the yacht and hurried to the black spot!

But the closer the distance, the more frightened Lei Zhan, he even suspected he was hell!

The speed of that black spot is actually faster than his yacht! The black spots rushed towards Lei Zhan!

"What the hell?" Lei Zhan exclaimed. As the black spot approached, Lei Zhan saw that it was clearly Lin Kai!

Lin Kai was lying on the surface of the sea, obviously not moving, but could fly against the surface of the sea!

Lei Zhan felt that the hair was horrified. Could it be that Lin Kai died on the bottom of the sea and held a grudge against himself, so he turned into a ghost and came to beg for his life?

Although Lei Zhan has gone through hundreds of battles and killed people on the battlefield, Lei Zhan turned his face pale in fright in the face of such a strange scene.

## Chapter 47: Shark Ride And Thunder War

### Chapter 47

“What the \*\*\*\* is this?” Lei Zhan’s lips trembled when he spoke.

He couldn’t help but touched the pistol between his legs, but whenever that thing threatened him a little bit, he would shoot immediately!

Wow!

There was a sound of water coming out, and Lei Zhan saw that a huge shark jumped out of the sea! As for Lin Kai, he was lying on the back of that shark!

Bang!

The shark dived into the water again, and Lin Kai followed into the water.

This time, Lei Zhan was completely stunned.

Just now... was that a shark?

Lin Kai was not dead, Lei Zhan breathed a sigh of relief, but Lin Kai actually rode a shark just now, Lei Zhan couldn’t believe his eyes.

After Lin Kai dived, met a huge shark? Could the shark not eat Lin Kai? Instead it became Lin Kai’s mount?

Suddenly, Lei Zhan wondered if he was reading a fantasy novel. This kind of plot would only appear in the novel, right?

Just as Lei Zhan was bewildered, suddenly there was a violent vibration under his feet! Then with a snap, a huge shark directly knocked over the yacht under Lei Zhan’s feet!

And Lei Zhan was caught off guard! Let him be the soldier king of the Southeast Military Region, but in front of this big guy, there is no threat at all!

I saw Lei Zhan turning around in the air, and fell into the water with a thud, looking really embarrassed!

The shark once again appeared on the water, and Lin Kai stared at the falling thunder war, and sneered: "Thunder war, you also have today!"

The shark was just under Lin Kai's crotch, and didn't mean to hurt Lin Kai at all. This big guy didn't look like an ocean overlord in front of Lin Kai, but like a pug.

Looking at Lei Zhan again, he swims in front of the shark. As long as the huge shark opens its mouth, Lei Zhan will become its mouth food.

Lei Zhan tensely touched the gun between his legs. Only a gun can give Lei Zhan a sense of security, but Lei Zhan knew that his gun could not pose a threat to it at all! Because the bullets in my gun are empty bullets!

"Lin Kai, what do you want to do? I'm your instructor!" Lei Zhan roared at this time.

Lei Zhan, who was very nervous, took out the walkie-talkie: "Lei Zhan calls Raiden! Lei Zhan calls Raiden! In case of an emergency, ask for support!"

Lin Kai didn't stop him when he saw the thunder war calling people. The sea area was so vast that even if the thunder and lightning commando members came over, it would take time.

"You are my instructor? When you shot at me, did you ever think that you were an instructor!" Lin Kai sneered, "Today, I will give you a taste of life threatened!"

Shattered! The huge shark jumped out of the sea, opened a big mouth, and bit at Lei Zhan's head!

"Don't!" Lei Zhan's eyes widened, watching the blood bowl slamming into his head, and then there was only fear in his eyes!

If this one is implemented, then Lei Zhan will die in the mouth of the shark!

Even though Lei Zhan is the king of soldiers in the Southeast Military Region, he still has no weapons in his hands in the sea. He is not the opponent of the ocean overlord shark at all!

Snapped!

I saw the shark biting into the air in front of Lei Zhan, and the loud sound made Lei Zhan's whole body tremble, and he closed his eyes not to look directly at his fate.

I must be dead now, right? I knew this would happen, why did I provoke Lin Kai that little demon?

Slowly opened his eyes, what Lei Zhan saw were the cowbell-sized eyes of a shark, and what Lei Zhan smelled was also the \*\*\*\* smell of the shark.

“I’m not dead?” Lei Zhan touched his head, and was delighted to find that he was still alive!

Lin Kai, who was riding on the shark, sneered and said, “Lei Zhan, now you know what it’s like to be frightened?”

If conditions permit, Lin Kai could not wait for Lei Zhan to die immediately, but here is the army, not Jiangbei, so Lin Kai can’t help but frighten Lei Zhan.

The sweat on Lei Zhan’s side and the pleasure of the rest of his life made him want to roar to the sky, but when he looked up again, he humiliated himself, he was just a recruit!

The second time, Lei Zhan threw his face into Lin Kai’s hands for the second time!

For the first time, Lei Zhan was defeated in Lin Kai’s hands, and was thrown out of the sky by Lin Kai. Lei Zhan had lost his face.

This time, Lei Zhan obviously had a great advantage, but he still had no face to be hit by Lin Kai!

This Lin Kai is just a recruit! A recruit can actually mess with the famous soldier King Lei Shen of the entire Southeast Military Region so embarrassed, if he spreads it out, Lin Kai must be famous, and he will be laughed at by everyone!

Lin Kai glanced at Lei Zhan coldly, then sneered: “Hehe, to borrow a word from you, if this is on the battlefield, you are already dead!”

“Don’t think our recruits are so bully, if you think Lin Kai is so bully, come to fight anytime, I Lin Kai welcomes you at any time! Goodbye!”

After that, Lin Kai glanced at several yachts in the distance. It was the old fox and the others who came to rescue Thunder Fight. Lin Kai rode the shark directly into the sea, disappearing without a trace.

Lei Zhan was stupid in place for a long, long time. Lin Kai’s various words just now seemed to be familiar. Isn’t that what he said when he was training recruits? Now he was told by a recruit to Lei Zhan?

But Lei Zhan didn’t dare to refute it! Because just now, his life was held by Lin Kai, as long as Lin Kai was willing, the shark under his hip would swallow him anytime!

Lei Zhan's complexion was flushed, how long has it been, and how long he hasn't tried to feel blushing and anger, but this time, Lei Zhan's anger has reached the top, like a volcano that will erupt at any time. Lei Zhan can't bear it anymore!

"Lin Kai! I will definitely not let you go! Definitely!" Lei Zhan roared to the sky!

At this time, in the war room, a group of people were dumbfounded by Lin Kai's performance, and Fan Tianlei, who had been embarrassing Lin Kai, was dumbfounded at this time.

He sat on the chair and watched the scenes on the screen, his worldview began to collapse.

What did I just see? I saw a recruit, riding a shark, scaring the instructor?

Fortunately, I asked the instructor to scare the recruit just now. The recruit came back riding a shark to scare the instructor. Fan Tianlei wondered if he was dreaming. Sharks can eat people!

Not only Fan Tianlei, but even He Zhijun, who always felt that he knew Lin Kai well, was shocked at this time. Is this the Lin Kai he knew? Is this still his own army?

He Zhijun knew that Lin Kai had super talents, both physical and shooting, but he never expected that Lin Kai had the ability to tame sharks!

## Chapter 48: Mountain Rock Extraction Capacity

### Chapter 48 Mountain Rock Extraction Ability

Zhang Tianyi, although he is the least talkative among the four chiefs, being able to sit in the position of brigade commander shows that he is not a simple person.

Zhang Tianyi is arrogant, with eyes above the top, and disdain to go with people like Fan Tianlei, so he doesn't talk to these people often.

But this does not mean that Zhang Tianyi has no strength. Zhang Tianyi squinted at this time and stared at Lin Kai on the screen.

Lin Kai is so attractive, whether it is Lin Kai's performance in the first round or in the second round, he is too attractive.

Zhang Tianyi, who has never been able to look at other soldiers, fell in love with this little guy under He Zhijun for the first time. Although he was a recruit, he was proud of him. It can be seen that Lin Kai must be a good piece of steel!

Zhang Tianyi is proud, and there is someone present who is even more proud than Zhang Tianyi, she is Long Xiaoyun.

Long Xiaoyun's father was the chief of a certain military region, and Long Xiaoyun grew up in a military family and received top education.

Long Xiaoyun chooses special forces and has a very high vision. At present, only He Chenguang can enter Long Xiaoyun's eyes of the soldiers in the training camp.

But now there is another person in Long Xiaoyun's heart, this person is Lin Kai.

He seems to shine, no matter where it is, it is difficult not to attract the attention of others.

After a moment of daze, He Zhijun laughed triumphantly: "Hahahaha! Good! Worthy of being my soldier of He Zhijun! Dare to retaliate against the instructor, I like it!"

He Zhijun was complacent, but Fan Tianlei's face was pale. He wanted to make Lei Zhan make things difficult for Lin Kai and embarrass He Zhijun's face, but he didn't realize that Lin Kai actually made things difficult for Lei Zhan. Fan Tianlei was the one who was embarrassed. !

Fan Tianlei laughed awkwardly: "Ha ha, ha ha, he is a good soldier..."

Long Xiaoyun hugged his arms, raised his head, and said very arrogantly, "Long Xiaoyun, this Lin Kai!"

Upon hearing this, He Zhijun was anxious at the time, but before he could speak, Zhang Tianyi also spoke.

"I, Zhang Tianyi, also think Lin Kai is pretty good." Zhang Tianyi, who has always been quiet and reticent, said, and He Zhijun was dumbfounded.

Both heads, who are to \*\*\*\* him?

Fan Tianlei's face was constantly cloudy and sunny at this time. Although Lin Kai embarrassed him twice, he had to say that he was indeed a talent.

"Lin Kai, it's really good." Fan Tianlei also said.

The three chiefs all spoke. He Zhijun was anxious. At that time, he stood up and said with his arms akimbo: "I said everyone, this Lin Kai was pulled from the recruit company by one hand, and I gave him the rank of second lieutenant by making an exception. Don't grab someone from me!"

Zhang Tianyi hugged his arms and smiled without saying a word, but he already wanted to grab someone.

Long Xiaoyun said: "Brigade Commander He, this time the three brigades were put together for training to form three special forces. Although the three special forces are led by different people, the soldiers are completely free to choose which special forces to join. Yes, we don't rob people, just fair competition."

He Zhijun was dumbfounded. He did not expect that Lin Kai was so good that the three chiefs would rob people together!

Fan Tianlei's special forces are the Red Blood Cell Special Operations Group, He Zhijun's special forces are the Wolf Squadron, and Zhang Tianyi's special forces are the Tigers Special Forces.

Although Long Xiaoyun has no special forces under her, she is a major general and serves as an instructor for the three special forces. She has the right to transfer people from the three special forces.

If Long Xiaoyun transfers people away, who will He Zhijun cry?

...

After Lin Kai teased Lei Zhan, Lei Zhan became furious and called all the teammates of the Thunder and Lightning Commando to arrest Lin Kai.

And Lin Kai is now receiving his reward in a corner of the deep sea!

After completing the task of revenge for Thunder War, Lin Kai successfully obtained a random extraction ability.

This time, the random extraction ability is no longer provided to Lin Kai for selection, but a random extraction ability.

Underwater, Lin Kai had already driven away the big shark, and the mission was about to end. Lin Kai didn't want the Thunder and Lightning Commando to accidentally injure it.

Summoning the god-level extraction system, the interface of the system appeared in front of Lin Kai's eyes.

"Congratulations to your master, you have successfully completed the task given to you by the system. Have you started to use the random extraction ability?"

Must be used! Every time a new extraction ability is drawn, Lin Kai is very excited, because every time, the system can make Lin Kai even more different.

I saw a luminous ball of light fluttered around the screen, getting brighter and brighter, and finally Lin Kai's eyes could not be opened.

With a snap, a new extraction capability is born!

"Congratulations to your master, you have obtained [Mountain Rock] extraction ability!"

Rocks? After hearing this name, Lin Kai was stunned. What's this for? Increase your defense power?

When I clicked it, Lin Kai was surprised that this mountain and stone extraction ability was actually a silver-level skill!

Mountain Rock: After using the mountain rock extraction ability, modify the host's physique, increase the host's defense power by 10 points, and enable the host to have active skills [Stable].

After using the active skills to calm down, enter the super mode, reaction increases by 20 points, speed increases by 20 points, and body stability is strengthened.

This skill is great!

This skill is almost the same as Kaihuang in the glory of the king, and it instantly becomes different, similar to the transformation of Superman!

Good skills, worthy of silver level skills, immediately merge!

"Integrate and extract the ability immediately!" Lin Kai said in his heart very excited.

"Yes! The extraction power fusion begins."

With a peculiar change of bones, another very painful fusion began.

This time, it was Lin Kai's defensive power that was strengthened, but only ten points were strengthened, so Lin Kai's body transformation was not very large.

Active skills and calmness are a way to stimulate Lin Kai's potential, so fusing this extraction ability requires changing part of Lin Kai's physique.

With his body numb for a while, Lin Kai couldn't help shaking at the bottom of the sea.

It's not cold, but the feeling of reshaping his body that makes him get goose bumps.

Soon after, there was a sharp pain from his body, the painful Lin Kai grinned, spitting out air bubbles continuously, rolling in the sea water.

Fortunately, the temperature in the depths of the sea is relatively low, which can make Lin Kai's hot body get better.

In this way, Lin Kai began his integration.

...

On the other side, half an hour has passed, and the second round of selection is over.

Countless soldiers dragged their wet bodies and walked out from the sea with tired faces. They had run for ten kilometers with a heavy load, and they had also experienced escape in the sea, and their bodies were already exhausted.

## Chapter 49: Lin Kai Eliminated

### Chapter 49

But even if their bodies were already overwhelmed, they still had to stand neatly in a row and obey the arrangements of Thunder War.

These soldiers were divided into two factions. One faction was soldiers with chests and heads up, and the other was soldiers with downcast heads.

After being very brutally arrested by the Raiden Commando, the team of more than 200 people now only has 123 people left.

All the other 100 people were eliminated!

Standing in front of everyone, Lei Zhan didn't look very good. He was still worried about Lin Kai just now.

Lei Zhan's face was black and angrily roared: "Why! Why are there more than a hundred people? You trash! Why don't you get rid of them all? Why!"

All members of the Raiden Commando lowered their heads, not daring to look directly at Thunder.

Because they knew that Lei Zhan was deflated and in a bad mood. At this time, it was no different from fighting against Lei Zhan and looking for death.

All the soldiers of the Fire Phoenix also stood upright and did not dare to say anything.

Lei Zhan turned his head, looked at the soldiers who had not been eliminated, and sneered: "Hehe, do you think that after passing the second round, you can stay? Impossible! None of you can pass the selection!"

"I, Lei Zhan, don't want you to stay behind! If you know me, quit now!"

As soon as this sentence came out, there were more than 100 people, and no one moved at all. Now, no one wants to quit easily.

Seeing no one moved, Lei Zhan nodded: "Okay, no one quit, right? Next, I will let you quit!"

"Report!" The old fox suddenly stood up.

"Speak." Lei Zhan waved impatiently.

"It should be one hundred and twenty-three! Actually, there are one hundred and twenty-two. Lin Kai hasn't returned to the team yet!" The old fox said with the list.

"It's Lin Kai again." Lei Zhan glanced at the sea angrily.

"Give him ten minutes, if he doesn't return to the team, get rid of it!" Lei Zhan said decisively.

"Yes!"

This time, the leader pays attention to Lin Kai. Lei Zhan cannot directly eliminate Lin Kai, but give him ten minutes. If he does not show up yet, Lei Zhan can use his lateness as an excuse to directly eliminate this guy who is not pleasing to his eyes. .

Everyone looked towards the sea, the endless sea, without the shadow of Lin Kai at all.

In the team, An Ran looked towards the sea, a pair of beautiful eyes, actually a little confused.

At this moment, she actually didn't know whether she should expect Lin Kai to return, or whether she expected Lin Kai to return.

If he comes back, not as An Ran thought before, what she wants is not a motivated Lin Kai?

But now that after the break up, the stronger Lin Kai is, the more uncomfortable An Ran's heart is, because she feels that she has no eyes and has abandoned Lin Kai.

An Ran's mood is very tangled, but there is one person who is full of jealousy, this person is Wang Yi.

Although Wang Yi and Lin Kai didn't even know each other, Wang Yi still hoped that Lin Kai would die in the ocean. Wang Yi felt hatred for the man who robbed him in the recruit company.

Everyone was waiting for Lin Kai, time passed bit by bit. Soon, ten minutes passed, but Lin Kai still did not appear.

Lei Zhan glanced at the stopwatch and sneered: "Lin Kai, weed out!"

After eliminating Lin Kai, Lei Zhan was in a good mood. He waved his hand and said, "All of them, the old fox takes them back to the dormitory, wash them well, and continue the selection tomorrow!"

"Yes!"

Led by the old fox, all the more than one hundred people were taken away.

Phoo~

The sea is endless, and the sky is getting dark. The beach is a magical place. It is hot during the day and cold at night. At night, there is even a hint of coolness.

Lin Kai still didn't appear, and Lei Zhan didn't care about Lin Kai's life or death at all.

If Lei Zhan teased you, and you committed suicide, Lei Zhan could not escape the relationship, but after you teased me and died in the sea, or died in the mouth of a shark, it has nothing to do with me!

"call"

There was a panting sound, and the weak Lin Kai finally appeared on the surface of the sea.

Under his ass, there was the shark wrapped in kelp, and Lin Kai had been in a coma.

The shark threw Lin Kai on the beach, glanced at Lin Kai from a distance, then turned around and plunged into the sea.

Weak Lin Kai looked at the looming stars in the sky and laughed. I still didn't die...

On the seabed, Lin Kai accepted the fusion, and the fusion went smoothly, but Lin Kai ignored one of the most important issues.

The fusion time lasted more than fifteen minutes, so there was such a situation. At the critical moment when the fusion was about to succeed, Lin Kai couldn't hold his breath.

But in order not to waste this fusion skill, Lin Kai stubbornly held it back from 15 minutes to 30 minutes. Although the fusion was successful in the end, Lin Kai also fainted in the sea.

Fortunately, this big shark that was rescued by Lin Kai appeared in time, brought Lin Kai out of the deep sea and sent it to the coast.

But even though he had escaped, Lin Kai at this time really didn't have the energy to move.

In a daze, Lin Kai saw a figure walking towards him. The man was slender and dressed in a special military uniform with his hands in his pockets. He seemed to have long hair.

Who is it? Lin Kai was puzzled, but didn't have the strength to ask.

He only felt that he seemed to be lifted up by someone, and then Lin Kai could not remember anything...

In the middle of the night, Lin Kai, who was in shocking physique, had recovered from his injuries, and he could move.

When I opened my eyes, I saw myself in a very clean room, with nothing but a bed and a table.

This is not a military hospital at all, where is it?

Looking at the clothes on his body, the military uniform has been changed, and he is wearing a set of pajamas.

Is it possible that he was saved by the fishermen?

Lin Kai looked suspicious, put on his slippers, opened the door and walked out.

The living room was neat and tidy, with a neat demeanor of a soldier, but it was empty.

"Wow..."

There was a sound of running water from the direction of the bathroom, and Lin Kai immediately looked there.

Is someone taking a shower?

"Anyone?" Lin Kai called out tentatively.

As soon as the voice came out, the sound of running water in the bathroom stopped abruptly, and even the bathroom lights went out.

I rely on, what's the situation? Lin Kai at this moment actually felt a gloomy feeling.

Who is the person taking a shower in the bathroom? Why did you hear someone calling him to turn off the light? Could it be a thief?

“Dangdangdang! The system has released the task! As a decent person, how can I just ignore the thief? Capture the thief in the bathroom! Reward 30 points!”

There is a mission! Lin Kai’s eyes lit up, and as soon as the mission was released, he was full of energy to work! At that time, Lin Kai took a big step and walked to the bathroom.

“Little bastard, get out of me!”

## Chapter 50: Molesting Trainer

### Chapter 50

After Lin Kai roared, he rolled up his sleeves and strode towards the bathroom. As soon as he pulled the bathroom door, he opened it with a snap.

“Get out of here!”

After a throat, only a whirr was heard, a fist flashed out of the bathroom, and Lin opened the door!

It’s so ruthless, I slapped my face when I came up. How could Lin Kai make you proud?

At that time, Lin Kai turned his head a little, and then escaped the punch, but the man reacted extremely quickly. Seeing that he missed a punch, he immediately turned his fist into a palm and slashed Lin Kai’s neck with a palm!

So cruel?

Lin Kai’s reaction and speed were excellent. At that time, Lin Kai didn’t pay any attention to this hand and rushed into the bathroom.

Let you have no eyes, I will press you down and see how you resist!

There was a plop, and then a soft cry was heard, and the man was crushed by Lin Kai.

“I see where are you going!” Lin Kai smiled triumphantly.

But at this time Lin Kai suddenly felt a scent lingering, like the body scent of a girl, and the delicate body under him seemed to be very soft.

This scent is more like a girl...

Looking intently, Lin Kai was taken aback for a moment.

This person seems a bit familiar!

I saw under Lin Kai, a girl in her twenties with wet hair and a bath towel on her body. She had delicate facial features, fair skin that could be broken by blows, and a hot body.

Actually a female thief?

Lin Kai was taken aback for a moment, only to see that the girl was angry, and took out her hand, taking advantage of Lin Kai's bewilderment, she directly slapped Lin Kai.

"shameless!"

With a snap, Lin Kai was stunned, as if the plot was a bit wrong!

How could there be a female thief? Forget the female thief, why does she take a bath in someone else's house?

And this female thief looks good, right? Is life stress so much now? Is such a top beauty coming to be a thief?

At this time, the system's naughty voice sounded: "Congratulations, master, you have successfully completed the task, and 30 upgrade points have been issued to your account!"

Completed the task? Lin Kai was even more confused.

Lin Kai is innocent and believes in the system very much. He has not thought that the system will deceive people. The person in front of him is not a female thief at all!

Long Xiaoyun!

At this time Lin Kai finally remembered who the person in front of him was, she was actually the instructor for this training camp, Major General Long Xiaoyun!

Damn system, dare to fool me! Lin Kai roared in his heart.

He was flustered, but on the surface Lin Kai was still very calm, coughing dryly, and said: "Ahem, I said I thought you were a thief, do you believe it?"

"I believe you a ghost! Don't you let go?" Long Xiaoyun was ashamed and wanted to push Lin Kai away.

Lin Kai reacted and quickly released his hand and stood up from Long Xiaoyun.

Long Xiaoyun took a bathrobe to cover her body in a panic, for fear that Lin Kai would see it completely.

At this time, Lin Kai was staring at Long Xiaoyun unkindly.

What a Long Xiaoyun, with a fiery figure, and her beautiful legs look very white and slender under the bathrobe.

Unexpectedly, Long Xiaoyun, who usually stands tall, is so hot.

Long Xiaoyun stood up with a face of shame: "Look at it? Get me out!"

"Good!" Lin nodded and walked out of the bathroom.

With a snap, the bathroom door closed, and then there was the sound of Long Xiaoyun getting dressed.

Lin Kai sat on the sofa, as if sitting on pins and felt, like a fire burning, fidgeting.

This time is broken, but I offended Long Xiaoyun. Just now, I actually molested Long Xiaoyun. She wanted to get out of the army by herself. That was just a sentence!

How to do how to do? Blame the \*\*\*\* system! If the system hadn't issued the wrong task to myself, how could I be so rash?

Kacha, when Lin Kai was anxious, the bathroom door suddenly opened. Lin Kai quickly pretended to be calm, took a sip of tea, and raised Erlang's legs.

Don't panic, the more you panic, the more you will be bullied by this woman! Be calm and make her feel afraid of yourself!

"Yeah, it's really barefoot and not afraid to wear shoes."

With a joking sound, Long Xiaoyun walked in front of Lin Kai.

At this time, Long Xiaoyun had already put on a set of pajamas, and the shame and panic he had just disappeared. Instead, he looked aloof.

Long Xiaoyun sat down opposite Lin Kai, glanced at Lin Kai coldly, and said, "Lin Kai, you are so courageous. You all dare to molest the instructor. Don't you want to stay in the army?"

Lin Kai smiled slightly, panicked in his heart, but still calm on the surface: "No, instructor, just a misunderstanding."

“Misunderstanding? Ha ha, believe it or not, I can drive you out of the army just by ruining the military style!” Long Xiaoyun suddenly snapped.

Lin Kai panicked at this sentence and couldn't put it on anymore. At that time, Lin Kai showed a pleasing smile and ran to Long Xiaoyun's side.

“Don't, instructor, this time I was wrong, so please forgive me, don't let me out.”

“Eliminate? Don't need me to eliminate you, you have been eliminated.” Long Xiaoyun said coldly.

“Huh?” Lin Kai was stunned, he was eliminated?

“You never returned to the team yesterday, Lei Zhan has eliminated you.” Long Xiaoyun said.

After hearing these words, Lin Kai sat down on the sofa, fucking, in this thunderous battle, he hadn't been caught by him, he actually wanted to weed out Lao Tzu!

“Now, even He Zhijun can't save you. The only one who can save you is me.” Long Xiaoyun smiled proudly and looked at Lin Kai.

Lin happily snorted, this woman must have some conspiracy!

“Teacher, really? Then I would like to thank you.” Lin Kai smiled happily.

“Don't worry and be happy, I have the conditions.” Long Xiaoyun suddenly smiled slyly.

Sure enough, this little fairy is not right in his mind, is it possible that he is attracted to his own beauty and wants to kill it?

“What are the conditions? If you want to kill sex, I advise you to die as soon as possible! Even if you get my people, you won't get my heart!” Lin Kai said solemnly.

Long Xiaoyun looked disgusted: “Cut, you are too high to see yourself. My condition is very simple. I want you to join the Tigers!”

“Huh?” Lin Kai was stunned, she actually let herself join the Tigers? He is a member of Wolf Warrior Squadron! After all, Wolf Warriors Squadron is He Zhijun's special team.

This little fairy wants to join the Tigers by herself, does she have a leg with Zhang Tianyi?

“Ah what? You join the Tigers, I will let you continue to participate in the training camp, if you do not agree to me, you have been eliminated! And I will sue you for ruining the military style and drive you out of the army! “

## Chapter 51: A Promise With Long Xiaoyun

### Chapter 51: A Promise with Long Xiaoyun

What a vicious woman!

How could an upright man like me be threatened by this demon?

He Zhijun treats himself so well, how can he join other special forces?

Get yourself out of the army? What about withdrawing from the army? He is a man of integrity!

I have a system to make a comeback!

Even if I am eliminated, I will never be threatened by you!

Lin Kai sneered and glanced at Long Xiaoyun: "Do you think it works to threaten me Lin Kai?"

Lin Kai's eyes suddenly cooled, and those cold eyes made Long Xiaoyun tremble all over.

"You...what do you want to do?" Long Xiaoyun asked tremblingly.

Lin Kai sneered and said, "I tell you, it works!"

After that, Lin Kai turned around and returned to the door of the room. He suddenly held the door frame and said charmingly: "Sister, I promised you, let me continue to the training camp tomorrow..."

After all, Lin Shuan closed the door.

Long Xiaoyun breathed a sigh of relief and rolled his eyes, thinking that you are very capable.

Looking at the closed door, Long Xiaoyun touched her hot face, her heart was already so ashamed, thinking of the scene just now, Long Xiaoyun's heart was furious.

"If it weren't for keeping you still useful, I will drive you out of the army! Lin Kai, you wait, wait for you to join the Tigers, I'll take care of you!"

In the room, the system page was displayed in front of Lin Kai.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 40

Speed: 30

Response: 20

Stamina: 50

Defense: 10

Skills: God Eye (Silver), Watermelon (Bronze), Plastic Bag (Bronze), Ganoderma (Gold), Tortoise (Bronze), Mountain Stone (Silver)

Upgrade points: 100

Attribute points: 10

Defense is a brand new attribute. The reason why this attribute didn't appear before was because Lin Kai didn't have any defense.

People nowadays basically don't have any defensive power, but if they stabbed in, they would have to burp.

But after integrating the mountain and stone skills, Lin Kai already has a certain defensive power, ten points of defensive power.

Although the ten-point defense is not much, it is enough to give Lin Kai a defense effect similar to that of an iron shirt.

There are still ten attribute points, which Lin Kai decided to add to his own flaws and reactions.

Yesterday, I was frightened by Lei Zhan with a gun, and the bullet passed by. If Lin Kai's reaction could be accelerated, he might be able to avoid the bullet.

So Lin Kai added his remaining ten attribute points to his reaction.

Lin Kai already had one hundred upgrade points, which meant that he could upgrade any of his skills to a silver level skill.

Silver skills are good skills, whether it is the perspective of God's eyes, or the opening skills of mountains and rocks, they are very powerful skills.

Currently, Lin Kai has three bronze-level skills, plastic bag, tortoise, and watermelon.

The tortoise skill is an underwater suffocation skill. Lin Kai does not need to upgrade this skill for the time being, because he is a Lu Bing and does not have many opportunities to enter the water.

The plastic bag skill is a kind of escape ability. Lin Kai doesn't need to increase the escape ability for the time being. No one in the army will go after him without a problem.

The only thing Lin Kai needs to add is the watermelon skill.

The watermelon skill is very powerful. In the bronze skill, the watermelon skill can deal damage similar to darts. If you upgrade to the silver skill, I believe it will become even more powerful!

Just add it!

"The shameless system, upgrade me the watermelon skill to silver level!" Lin Kai said angrily.

He still misses the fact that the system lied to him today!

"Hey, how can you say that the cute system is stinky and shameless? Does Long Xiaoyun feel great?"

With that said, Lin Kai thought about it, and suddenly smirked: "Don't say it, it's quite soft..."

"Skills are being upgraded, please wait for the host."

...

One night passed, and the next day Lin Kai took a bath and checked his attributes again.

Skills: God Eye (Silver), Watermelon (Silver), Plastic Bag (Bronze), Ganoderma (Gold), Tortoise (Bronze), Mountain Stone (Silver)

Upgrade points: 0

Attribute points: 0

Well, yes, Lin Kai nodded in satisfaction.

After a night of suffering, the watermelon skill has been successfully upgraded to a silver level skill.

This time, Lin Kai found out a steel ball. The melon seeds used to be able to spray out such a powerful force, but now it is replaced with a steel ball. I don't know how powerful it will be.

Lin Kai came to the yard, threw a steel ball in his mouth, and then took a deep breath. It was obvious to Lin Kai that his lung capacity was more than a little bit stronger than before.

The strength of the watermelon skills is entirely determined by Lin Kai's vital capacity. The stronger the vital capacity, the greater the power of the steel \*\*\*\* ejected.

puff!

With a muffled sound, a steel ball was ejected from Lin Kai's mouth like a bullet. With a crisp sound, the steel ball plunged into a big tree, and a dark hole appeared in the big tree immediately. Still smoky.

Now Lin Kai's mouth is comparable to a small-caliber pistol.

"Nice!" Lin Kai grinned.

At this moment, Long Xiaoyun came to Lin Kai silently. Long Xiaoyun glanced at the tree and then at Lin Kai with a very strange look.

"In this world, there are people with such a large lung capacity? No wonder you can't be caught by Thunder Fight. Your lung capacity, if you hold your breath, is comparable to the bastard?"

Lin Kai glanced at Long Xiaoyun up and down, and saw that Long Xiaoyun had put on a military uniform and was heroic.

Lin Kai grinned: "Hey, sister, are you complimenting me or hurting me?"

"Don't be poor, put on your clothes and go quickly!"

"okay!"

...

At seven o'clock in the morning, at the Special Forces Training Base of the Southeast Military Region, more than 90 soldiers stood neatly in rows. In front of them, there were the ruthless Thunder and Lightning Commandos and the Fire Phoenix.

By convention, the Thunder Commando naturally couldn't let them sleep well, so they carried out another raid at night. Although these soldiers had been prepared for a long time, they were still eliminated by the Thunder War.

Now these soldiers, only 97 are left.

I saw the faces of these soldiers with listless expressions. After a day of intense selection yesterday, these soldiers were already exhausted. In addition, they did not sleep well at night, so today's condition is naturally not good.

Lei Zhan held a big horn with an arrogant expression on his face: "Rookies! You have passed two levels! The third level is the most basic level and the most important level! Marksmanship!"

Hearing the word marksmanship, almost all the soldiers shined in front of them. These soldiers used to be the pride of each company. They were proud of their marksmanship.

Now that they have finally reached their strengths, how can they not like it?

"Don't be too happy. The assessment of the marksmanship of the special forces is different from that of the ordinary company. In the company below, you are shooting death targets. Even if the guns are ten rings, in my opinion, they are almost the same as those of a family!"

"Today we played coins! Everyone has ten coins, if you hit five, I will count you through!"

## Chapter 52: Return To The Team

### Chapter 52

Hit coins? Coins are just a little bigger than bullets. Playing coins is a bit difficult, but it is not impossible.

All the soldiers looked at each other, their eyes flashed with confidence.

“If there is no objection, start now!” Lei Zhan smiled gleefully.

“Wait a minute!”

A second before the start of the assessment, a female voice sounded, and everyone looked back, and saw Long Xiaoyun striding towards the training base with Lin Kai fully equipped.

Long Xiaoyun? After seeing her, Lei Zhan immediately frowned.

What is this woman doing?

Long Xiaoyun walked directly in front of Lei Zhan and said, “Comrade Lei Zhan, it seems that one of you has not returned to the team.”

Lei Zhan glanced at Lin Kai with a look of jealousy in his eyes. Lei Zhan said angrily: “Comrade instructor, Lin Kai has been eliminated, he is not qualified to continue training!”

“Oh?” Long Xiaoyun raised his eyebrows.

Long Xiaoyun is notoriously not easy to provoke in the army, not only has a strong background, his temper is fierce, but his mouth is also very powerful.

Everyone looked at Long Xiaoyun with interest, and heard that Long Xiaoyun had a good mouth, and he was finally able to see him today.

“Then Comrade Lei Zhan, please explain why Lin Zhuan was eliminated?” Long Xiaoyun asked.

Lei Zhan raised his head and said proudly: “Because Lin Kai has not returned ten minutes after the end of the selection, he has ignored the military discipline, so he was eliminated by me!”

“Really? I heard that yesterday’s second round of assessment regulations was set by you. If you don’t get caught within half an hour, even if you pass the assessment, did you, Captain Lei, ever say when you will return?”

“I”

Without waiting for Lei Zhan to speak, Long Xiaoyun continued: “Furthermore, you said that if you don’t get caught within half an hour, even if you pass the assessment, do every soldier wear a watch? Can they know the exact time? Just because of this You fired such a good soldier. Isn’t this a public revenge?”

“I know Captain Lei, you once lost to Lin Kai on the obstacle course, and you were crushed, but this is not the reason for your private revenge!”

“Yesterday, you launched the entire Raiden Commando to deal with Lin Kai alone. How do you explain this?”

Long Xiaoyun’s words hit Lei Zhan’s key points, and Lei Zhan’s face was flushed and could not be explained.

“That was an order from Chief Fan Tianlei!” Lei Zhan said with a blushing face.

When Long Xiaoyun heard this, he laughed at that time: “Hehe, what a big joke, Fan Tianlei asked you to test Lin Kai’s ability to respond to the occasion, not a comrade who asked you to hold a gun at him!”

This sentence made Lei Zhan suddenly dumb, unable to say a word.

The soldiers in front of him also looked relieved. Lei Zhan has been flailing in front of them for so long, and no one has ever reprimanded Lei Zhan so much.

Lei Zhan also took a very bitter look at Lin Kai, and he directly counted the fact of being trained on Lin Kai’s head.

Lin Kai and Lei Zhan’s Liangzi were settled.

“Lin Kai, return to the team!”

“Yes!”

Lin Kai saluted, glanced at Lei Zhan sternly, and returned directly to the team.

Long Xiaoyun glanced at Lei Zhan, and said coldly: “Today’s assessment, I, Long Xiaoyun, watched the whole process, start!”

“Yes!”

With Long Xiaoyun’s onlooker, the assessment began. The first player to play was the vanguard that Long Xiaoyun liked, He Chenguang!

He Chenguang is an excellent sniper, plus he is an old special soldier, so facing this level, he is not afraid at all!

“Rookie He Chenguang, start!”

“Yes!”

With a click, the bullet was loaded, and He Chenguang was ready!

Lei Zhan held a few coins in his hand, with a playful look on his face, and with a swish, a coin was thrown into the sky directly.

He Chenguang's muzzle immediately moved up, and at the moment the coin fell towards him, He Chenguang chose to shoot.

boom!

With a click, the coin was knocked off!

“one cent.”

Lei Zhan had a playful smile and threw a coin again.

Snapped!

“Two points!”

After ten shots, He Chenguang passed the test with a good score of eight points!

Playing coins was originally a very difficult thing. The soldiers were all embarrassed when they saw that it was actually a coin from the sky.

As Lei Zhan said, they used to hit death targets, but now they are replaced with flying coins, they are really not sure they can stay.

“Rookie Wang Yanbing, come on!”

Although Wang Yanbing's marksmanship is not that good, he is also an all-around genius, and he passed the test with a score of six points.

Next, Leng Feng, Li Erniu, Wang Yi and others checked one by one, and Leng Feng also scored eight points against the sky.

More than 90 soldiers were evaluated one by one, and the difficulty was not as high as the third level, so this round, many soldiers were removed.

Soon, Lin Kai was the only one left.

At this time, only forty-nine soldiers remained.

The rest of the soldiers were all eliminated!

Lei Zhan looked at the eliminated group of soldiers and smiled: "You should be thankful, because you withdrew, you will not know the hardship of being a special soldier, and you will not suffer in the future. You are all lucky people."

"Put down your helmet and leave."

Under the red flag on one side, there are already more than 300 helmets neatly placed under it.

Dozens of soldiers looked at the red flag in front of them, their eyes were already red, and some even cried.

After a salute, their dream of being a special soldier was completely shattered.

At this time, Lin Kai was the only one left in the audience who had not yet been assessed.

Lei Zhan glanced at Lin Kai and smiled, with a hint of sinister in his eyes.

In the distance, An Ran among the fire phoenixes was also looking at Lin Kai. Lin Kai came back again, making An Ran's mood that had just calmed down again complicated.

Lin Kai was about to conduct an assessment. This time, An Ran actually hoped that Lin Kai would not pass the assessment.

Because she found that when this waste truly became a prince charming, An Ran suddenly couldn't accept it again. She couldn't accept that she was surpassed by a waste.

There is a sense of superiority in her heart. In front of Lin Kai, she should be the best person forever.

Lei Zhan picked up the rifle at this time and said: "Now, I will show you the marksmanship of the real special forces. You are optimistic!"

"Old fox, flip a coin!"

"Yes!"

Following the order of Thunder War, the old fox tossed coins, but the old fox tossed coins differently from Thunder War. Thunder War was thrown out one by one after it landed, and the old fox didn't at all. Pause, after throwing one, continue to throw another.

Without keen observation and extremely fast reaction speed, no one can hit ten coins in a row!

## Chapter 53: Challenge Lei Zhan Again

### Chapter 53

Who is Lei Zhan? The King of Special Operations Soldiers of the Southeast Military Region! The whetstone of the Huaxia Special Forces was born specifically to train other special forces.

Even though the coins in the hands of the old fox were tossed quickly, Lei Zhan could still raise the gun quickly, the posture was very standard, and the chassis was very stable.

Three o'clock and a line, I saw Lei Zhan pull the trigger, bang! A coin was hit directly!

Bang bang bang!

A series of gunshots sounded, and the thunder war didn't stop at all. The gun seemed to be like a living creature with a soul in his hand. Ten coins were thrown out one after another, and eight coins were hit!

At this moment, there was a burst of exclamation on the scene, followed by a burst of applause.

He Chenguang and the others all looked at Lei Zhan with admiration. They hit one by one, and it was enough to be proud to hit eight coins.

But Lei Zhan, he hit eight in one go! This difficulty is much greater than playing one by one!

Worthy of being the king of special forces in the Southeast Military Region!

"Lei Zhan is worthy of being a Lei Zhan, great!"

"No wonder the Raiden Commando is the trump card special force of our Southeast Military Region, it's amazing!"

"The marksmanship just now, if there were ten enemies in front of Lei Zhan, wouldn't they have killed eight all at once?"

Everyone showed admiration.

Lei Zhan put away the gun, stood with his hand in his hand, with a look of arrogance, and patted his chest: "It's not the eyes to shoot, it's here."

With that, Lei Zhan pointed to his heart.

“Use your heart! Three points and one line are important, but the most important thing is to use a feeling that you can use the most exquisite marksmanship if you use this feeling right!”

Bang bang .....

A burst of applause sounded again.

After Lei Zhan finished his performance, he looked at Lin Kai.

Lei Zhan smiled slightly, and a trace of hatred flashed through his eyes. He deliberately left Lin Kai as the last one, just to embarrass Lin Kai!

“Lin Kai!” Lei Zhan roared.

“Here!” Lin Kai went out.

“In the first round of load-bearing long-distance running, you carried a load of one hundred kilograms and ran a first result. The physical strength was very strong!”

“In the second round of diving and absconding competition, the entire Raiden Commando you ran could not be found, and it was very powerful.”

“Everything shows that you are a good seedling very suitable to be a special force. I will inspect you with the requirements of inspecting our Raiden Commando.”

“Of course, if you feel that you can’t do it, just say it, and I will investigate you with the requirements of investigating ordinary soldiers.”

There was complacency in Lei Zhan’s eyes. He just wanted to make things difficult for Lin Kai. Lin Kai was already known for being tough in the training camp. Now Lei Zhan gave him this multiple choice question to make him embarrass him!

If Lin Kai chooses to be assessed by the standards of ordinary soldiers, Lei Zhan will laugh at him for not being self-motivated and not having the courage to accept the challenge.

If Lin Kai accepts the assessment based on the standards of the Raiden Commando, then it is impossible for Lin Kai to complete the assessment!

At that time, he can kick Lin Kai out of the training camp in a fair manner!

As soon as Lei Zhan said this, all the soldiers in the field looked at Lin Kai, and He Chenguang and the others held their arms and looked at Lin Kai with interest.

Wang Yi’s eyes were even brighter, and he could finally see Lin Kai embarrassed!

Long Xiaoyun, who came with Lin Kai, frowned, as Lei Zhan pictured, Long Xiaoyun saw it at a glance, but Lei Zhan gave Lin Kai a multiple choice question, and she had no right to intervene. .

Facing Lei Zhan's provocation, Lin Xinzong was also slightly angry. Lei Zhan, do you really think that Lin Kai can't complete your assessment?

"The mission is released! Accept the advanced assessment! And the face of thunder war heavily, challenge the marksmanship of thunder war! After the mission is successful, you will be directly rewarded for Yuri's extraction ability!"

Yuri extraction ability?

After hearing this extraction ability, Lin Kai was excited. Yuri is not an object, he is a human being, and the ability he possesses is so powerful!

For this mission, Lin Kai also has to challenge Lei Zhan!

At this time, Lin Kai stood up and said, "I don't accept the assessment of challenging the Raiden Commando."

As soon as this sentence came out, there was a burst of breath on the scene, seeming to mock Lin Kai's timidity.

Lei Zhan smiled triumphantly when he heard the words, holding his arms, and reprimanded: "To be a special soldier, what you want is a fearless spirit and temperament! You dare not even challenge you, what can you do in the future?"

"Of course, I won't be overwhelmed, old fox, prepare ten coins for him, throw it slowly, don't let him be eliminated! Then the instructor will blame it, we can't afford it!"

Lei Zhan sneered, and Long Xiaoyun glanced at Lin Kai with disappointment. Although Lin Kai's choice was more appropriate, Lin Kai was ashamed.

Among the crowd, An Ran among the fire phoenix also shook his head in disappointment, and there was a hint of excitement in his eyes.

It seems that Lin Kai is not omnipotent, and he is sometimes afraid.

Lin chuckled: "Heh, instructor, I haven't finished yet, what's the point of challenging the Raiden Commando? I want to challenge the strongest! I want to challenge you!"

As soon as this sentence came out, there was an exclamation on the scene, Lin Kai actually wanted to challenge Lei Zhan!

Who is Lin Kai? Even though he is a bit famous in the camp now, he is just a recruit after all!

Even if he had a chance to win a Thunder War, does he really think that he is better than Thunder War in everything? If that's the case, Lin Kai doesn't need to be a soldier anymore, just as an instructor!

Lei Zhan was taken aback when he heard the words, and then overjoyed, Lin Kai actually wanted to challenge his marksmanship?

"Lin Kai, do you think you have won me once, but you can beat me a second time? I advise you not to be too crazy, challenge my marksmanship, you can't win!" Lei Zhan said tauntingly.

The old fox on one side also said: "Lin Kai, Thor has no idea how many people have been killed on the battlefield. His marksmanship is based on killing people. You challenge Thor. There is no chance of winning. I advise you not to go too far. "

"Don't tell me!" At this time, Hell stood out with his arms in his arms, and said with a slanted mouth: "Aren't you guys very good? Today I want to see if you can beat Thor's marksmanship!"

King Yan was once defeated by Lin Kai, and had always been sorrowful for Lin Kai. Now that Lin Kai is about to challenge Lei Zhan, he is the first to agree.

Lei Zhan said: "Challenge me, if you lose, you will quit the training camp, are you sure?"

Lin Kai asked, "I'm sure, but what if I won?"

"You win?" Lei Zhan laughed at that time: "Hahaha, you will win? In this way, if you can win, from now on, Lei Zhan will not be an instructor, this instructor, you come!"

"A word is settled!" Lin Kai agreed.

There was a loud shout at the scene, recruit Lin Kai challenged the soldier Wang Leizhan, although this is a unilateral challenge, but everyone still exclaimed, there is a good show to watch!

## Chapter 54: Extremely Difficult To Challenge

### Chapter 54

Lin Kai took off the rifle on his back and held it in his hand.

To be honest, Lin Kai didn't catch a cold at the gun. The reason why he dared to challenge Lei Zhan relied on the super power that the system brought him!

Lei Zhan also had a gun in his hand, and asked, "What's more?"

Lin Kai smiled playfully: "Hehe, we have also seen Thor's marksmanship just now. It's boring to hit coins one by one. Why don't you throw all ten coins and hit them?"

"What?" Lei Zhan was dumbfounded after hearing this.

Throw all ten coins to play? How is this possible?

All ten coins were thrown out. From throwing to landing, it took less than three seconds. Three seconds, ten shots in a row?

Let alone whether Lei Zhan can fire ten shots in three seconds, even if Lei Zhan can do it, how many coins can he hit with these ten shots?

So when Lin Kai competed with Lei Zhan, he was just playing Lai!

This is simply impossible, how to compete?

Everyone exclaimed, pointing at Lin Kai, and a look of contempt appeared on their faces.

Lin Kai, Lin Kai, if you are not an opponent of Lei Zhan, just say it straight, but you propose a competition project that no one can complete to challenge Lei Zhan.

Isn't this just playing?

Lei Zhan hugged his arms and sneered: "Heh, Lin Kai, if you can hit three of the ten coins, I will give up. This is simply an impossible challenge!"

Long Xiaoyun also frowned, and she did not expect that Lin Kai, who has always performed well, would actually propose such a stupid challenge project.

Isn't this giving Lei Zhan a chance to laugh at him?

"I'm going to challenge ten coins, dare you accept the challenge?" Lin Kai looked directly at Lei Zhan with a defiant expression.

Lei Zhan shook his head and sneered: "Heh, this is simply an impossible challenge!"

"If you can't finish it, it doesn't mean that others can't finish it!" Lin Kai retorted again.

Lei Zhan looked at Lin Kai like a fool. Lin Kai was so confident in his marksmanship?

It's not that Lei Zhan had never seen Lin Kai's marksmanship. Although he shot the target very accurately, he wanted to shoot now, but it was ten coins!

The coin is much smaller than the target. Lei Zhan has been in the army for so many years, knowing how difficult it is to hit a coin, let alone hit ten coins at the same time.

A small recruit is so defiant, he really feels that his marksmanship is the best in the world?

“Do you really think your marksmanship is the best in the world? Ha ha, I will satisfy you today! Old fox, prepare to toss a coin!”

“Yes!”

Lei Zhan gave a sneer, took up the rifle in his hand, and prepared to challenge to shoot ten coins at the same time!

There was a commotion at the scene, and Lei Zhan actually accepted the challenge!

The King of Soldiers deserves to be the King of Soldiers, who has the strength to refuse to admit defeat and the strength to dare to try.

In the queue, He Chenguang hugged his arms and stared at the two with interest.

By his side, there was Li Erniu with a simple face.

Li Erniu asked: “Chenguang, do you think Lin Kai has any hope of winning?”

He Chenguang glanced at Li Erniu contemptuously: “Er Niu, are you stupid? Didn't you see Thor's marksmanship just now? It was a good shot, Lin Kai is a fart, he simply Not worthy to compete with Thor.”

He Chenguang admires Lei Zhan very much, after all, Lei Zhan is very strong.

Wang Yanbing on one side also nodded, and said, “Yes, Lin Kai was originally a recruit. He hasn't touched a gun many times, and he's better than Thor. He is sure to lose!”

“I think this Lin Kai is too arrogant, thinking that his physical strength is good, and his marksmanship is good? Even if he runs 10 kilometers, his marksmanship is less than one-tenth of Thor's!”

Wang Yi listened to their discussion quietly behind them, with a smile on his mouth.

Hearing so many people saying that Lin Kai couldn't do it, Wang Yi was relieved. This time, you really can't do it!

Among the fire phoenix, Tian Guo's eyes are peach-shaped: “Wow, Thor is so handsome, that dead Lin Kai is definitely not as good as my Thor brother's marksmanship!”

Ye Cunxin on one side rolled his eyes: “Che, didn’t you still say that you like Lin Kai this morning? Why did you like Lei Zhan again in a blink of an eye?”

“It’s the morning in the morning. In the afternoon, I still think Thor is handsome. Although Lin Kai looks white, but where is our Thor manly?” Tian Guo crowed and laughed.

Beside Tian Guo, there was Enron with a bleak expression.

An Ran stared at Lin Kai in a daze, not knowing what he was thinking.

“throw!”

Following the order of Lei Zhan, the old fox threw ten coins directly into the sky with a crash! Ten silver coins reflected light in the sky, so they were not dazzling.

At this time, Lei Zhan quickly picked up his gun and fired at the moment the coin fell.

Bang bang bang!

Relying on his own feelings, Lei Zhan fired seven shots in a row! Not a burst, but a burst!

You know, within three seconds, a burst can’t fire a few shots. You can only shoot with a rifle in a row, so as to maximize the hit rate.

Happiness!

Several crisp sounds sounded, and only four coins were directly hit by thunder.

Ten coins, successfully hit four coins!

Lei Zhan put down his gun, and there was a burst of exclamation on the scene, followed by thunderous applause.

Everyone applauded Lei Zhan from the bottom of their hearts. Although Lei Zhan treated them harshly and had a bad face every day, they were convinced of the strength of Lei Zhan!

Seven shots hit four shots, worthy of the strength of the king of soldiers, I believe that given Lei Zhan a period of time, he can complete the challenge of seven shots hit seven shots.

He Chenguang nodded, with a look of admiration: “As expected of Thor, I feel strenuous to hit a coin, but Thor can hit four coins in three seconds, admiration!”

Wang Yanbing also nodded: "Hehe, that kid still wants to make things difficult for thunder wars. This time he embarrassed himself. I don't believe that he can hit a coin!"

Everyone looked at Lin Kai and wanted to see if Lin Kai could remain calm with such excellent results as Lei Zhan.

With a confident smile on his face, Lei Zhan glanced at Long Xiaoyun next to him, with a defiant face, as if to say to Long Xiaoyun: The soldiers you brought are not bad!

Long Xiaoyun's face was ironic. Although she knew that Lin Kai had lost this match, she still had no complaints against Lin Kai in her heart.

After all, in the face of Lei Zhan's stubborn temper, no one could help but want to \*\*\*\* him.

Lei Zhan looked at Lin Kai condescendingly, and said, "Hey, rookie, it's your turn. I want to see how powerful you are when you dare to propose such a difficult challenge project!"

"The ugly words are in the front. Lei Zhan most looks down on the bragging soldiers. If you don't have the strength to complete the project, I will definitely eliminate you without hesitation, and the instructor can't keep you!"

## Chapter 55: Lin Kai Lost?

### Chapter 55 Lin Kai lost?

Long Xiaoyun glanced at Lin Kai, and began to consider whether to give up Lin Kai.

After such a disturbance, Lei Zhan has thoroughly grasped the reason for expelling Lin Kai. No matter how high her rank, Long Xiaoyun has no right to force Lin Kai to stay.

What's more, what Lei Zhan said is right, what can a soldier who can only brag?

There was also a burst of laughter from the queue, and everyone looked at Lin Kai with a very contemptuous expression.

"Haha, everyone has seen the strength demonstrated by Lei Zhan just now. The rifle can only shoot seven bullets in three seconds. Lin Kai actually wants to challenge ten coins?"

"He is too mad, I can't stand it anymore. What is this kind of bragging person doing in the army?"

“Before I heard that he was the first young man in the recruit company, and he said that Young Master Lin came through the back door to participate in the selection. I didn’t believe it when he opened, but now, I believe it!”

“Yes, in the first round of the competition, he could run so fast with a hundred kilograms of rocks on his back? It now appears that the backpack is so big that it must be filled with foam. He walked through the back door!”

Almost all the soldiers laughed at Lin Kai’s self-defeating ability. It was enough to challenge Thor, but he also proposed a challenge that he could not complete by himself, shooting ten coins at the same time!

Even top special forces like Lei Zhan can only hit four in three seconds. How can Lin Kai such a scumbag win the Thunder War?

In the eyes of everyone, Lin Kai had already lost, and there was no need to compete at all. They did not believe that a recruit who had just come out of the recruit company could win the King Thor!

There was a hint of joy in An Ran’s eyes. Although she knew that she shouldn’t have such emotions, but seeing Lin Kai’s defeat, she didn’t know why, there was some joy in her heart.

Lin Kai had always been weaker than An Ran before, and An Ran was also used to Lin Kai’s weakness. Although he said that he wanted Lin Kai to move forward, after Lin Kai really became stronger, An Ran felt a little uncomfortable.

Now, seeing that Lin Kai was defeated by his instructor, An Ran felt a little happy in his heart. It seems that you are not omnipotent, Lin Kai, Thunder War, you can’t win Thunder War!

Everyone is questioning Lin Kai. After all, the identity gap between the two sides is really too big. One is the long-famous Thor, the well-known special forces whetstone Thor, and the other is a recruit who just came out of the recruit company. Although he performed well, he could not be Thor’s opponent at all!

At this time, Long Xiaoyun walked to Lin Kai’s side and whispered: “Lin Kai, if you don’t work, you will give up. If you give up, I can find an excuse to protect you, but if you lose, I really can’t do anything.”

Long Xiaoyun still had a trace of worry in his eyes. When he said these words, Long Xiaoyun also struggled for a long time. It stands to reason that this kid was insulting himself yesterday, and he should not help him.

But this kid has something else. Long Xiaoyun saw that Lin Kai still had some potential, and he was going to help him.

And Lin Kai smiled slightly, shook his head, and said, "Sister, just look at it. You look at how I defeated Lei Zhan, it definitely makes your face shine!"

When Long Xiaoyun heard this, he was so angry that he laughed: "Hehe, let my face shine? I saved you a second time. If you lose to Lei Zhan, my face will shine?"

"Don't overdo it, listen to me and give up!"

Lin Kai shook his head resolutely, "No, I won't admit defeat!"

"You!" Long Xiaoyun got angry, stomped his feet, and said angrily: "Do whatever you want, so arrogant, you deserve to be eliminated!"

Long Xiaoyun stepped aside, Lei Zhan hugged his arms, with a triumphant smile, mockingly said: "Hey, boy, are you better than you? What are you doing while standing there? If you don't dare to compare, just put it straight, now I will eliminate you!"

"Who said I dare not compare?" Lin Kai glanced at Lei Zhan, stood up, and held the rifle in his hand.

"toss a coin!"

As soon as Lei Zhan heard it, he laughed at that time, really dare to compare? Lei Zhan regarded Lin Kai's fearlessness as being for the sake of face, so he bit the bullet and wanted to compare himself.

"Old fox, get ready!"

Lei Zhan gave an order, and ten coins were ready to be thrown out in the hands of the old fox at any time.

"throw!"

With a crash, ten coins flew into the sky instantly!

The old fox is very cunning. He deliberately tossed the coins very loosely. If Lin Kai wanted to get a coin or two by luck, it would be a foolish dream!

As soon as the coin was thrown out, Lin Kai immediately activated his silver skill, God Eye!

"God eyes, slow down!"

After the Eagle Eye evolved into the God Eye, the slowing down function has also been greatly improved, and Lin Kai's shooting speed and reaction ability are also very powerful.

After slowing down, the coins that would have taken three seconds to fall now take six seconds, and Lin Kai's speed is 30, and his reaction is also 30, which is 20 points faster than ordinary people.

“Skills, calm!”

At this time, Lin Kai used his skills calmly, and once the skills were calmly used, Lin Kai only felt a blood flow flowing on his body.

At this time, Lin Kai didn't panic, feeling that his whole body was full of strength, and his heart began to calm down. At this time, Lin Kai's speed and reaction increased by 20 points.

Fifty o'clock speed and fifty o'clock response!

After the coins falling speed was slowed down, Lin Kai still possessed a 50-point reaction ability, plus the divine eyes had the ability to magnify objects, similar to a magnifying lens. Under such conditions favorable to Lin Kai, if he continued If he couldn't defeat Lei Zhan, Lin Kai could really die.

The first shot, shot out!

boom!

hit!

Second shot!

hit!

Third shot!

hit!

Bang bang bang...

Lin Kai fired ten shots in a row without stopping. After ten shots, a coin in the sky disappeared.

After ten shots, Lin opened his shots.

All this happened so quickly, everyone didn't know what happened, Lin Kai had already fired ten shots.

There was still a playful smile on Lei Zhan's face. Without even looking up into the sky, he smiled and said, “Hehe, you lost, now, put your helmet under the red flag and leave.”

On Lei Zhan's face, it was a proud, Lin Kai, if you dare to fight with Lei, I will let you be eliminated!

Dare to beat me? I have to pay a price to win.

But Lin Kai remained unmoved, and said, "I am leaving? Why should I leave?"

When Lei Zhan heard it, he raised his eyebrows and sneered: "Hehe, shoot ten coins at the same time, but you have raised the challenge. Now you have not completed the challenge, so you have been eliminated. Don't ask for mercy. This is the army, I said Eliminate, you will be eliminated."

Lin chuckled, shrugged and said nothing.

Lei Zhan turned around and said with earnest words to everyone: "Everyone, did you see it? This is the end of your own power! Even Lei Zhan can't do things that he can do? Haha!"

Lei Zhan had just said it, but found that everyone was fascinated by the sky, with their mouths open, with a devilish expression.

## Chapter 56: Create A Miracle

### Chapter 56

"What's this expression?" Lei Zhan was confused, why are they all looking up into the sky? What's so beautiful in the sky?

With such a big mouth, is it possible to lose meat buns in the sky? They want to use their mouths?

The curious Lei Zhan also looked to the sky, but when he looked up, he saw nothing at all.

Looking back, Lei Zhan found that the soldiers of the Thunder Commando had very ugly faces, and the old fox did not dare to look directly at Lei Zhan.

Lei Zhan is not stupid either, at this moment, his heart chuckles.

Seeing Lin Kai's confident smile, Lei Zhan already had the answer in his heart. Could it be that he also hit four coins? A tie with yourself?

At this time, Lei Zhan asked the old fox, "How many coins did Lin Kai hit?"

With an embarrassed expression on his face, the old fox stammered: "I...I didn't see it clearly, it seems...it seems..."

The old fox was half talking, so he refused to say anything. Lei Zhan was anxious.

Lei Zhan said angrily: "What does it seem? Say it! Don't be like a lady!"

"It seems to have been hit..." The old fox gritted his teeth and said.

all! in! Up!

These three words were hammered into Lei Zhan's heart like a giant hammer. In three seconds, ten coins were all hit?

How is this possible?

You know, the Type 95 assault rifle in Lin Kai's hand, from raising the gun to firing, can't shoot ten bullets in three seconds!

Besides, ten coins fly into the sky at the same time. How strong is this marksmanship to hit them all?

The recoil of the strafe is already very large, so can Lin Kai have such a strong control?

Lei Zhan couldn't believe this was the truth!

The soldiers in the queue all swallowed.

He Chenguang and Wang Yanbing looked at each other, except for shock and shock in their eyes. They are all first-class shooters, but now seeing Lin Kai's shooting methods, they are really ashamed.

While shocked, they were also a little curious about the authenticity of this competition. Is it true that the old fox made tricks on the coin, and Lin Kai didn't have that strong marksmanship?

Not only Lei Zhan didn't believe it, but even Long Xiaoyun, who witnessed Lin firing a shot just now, wondered if he was dazzled.

Long Xiaoyun saw Lin fired a shot and hit ten coins, but the speed was too fast. Long Xiaoyun couldn't see how the coins fell.

Lei Zhan stepped back a few steps and roared: "I don't believe it! Go adjust the video! Isn't there a drone? Slow down the scene you just captured ten times! Faster!"

"Well..."

The old fox wiped the sweat from his forehead and hurried to adjust the video.

Soon after, the old fox brought someone to a computer. In the computer, a video was processed.

Everyone's eyes widened, staring at the computer screen very curiously.

The old fox clicked on the video with the mouse, and then there was a scene of Lin shooting.

First the old fox tossed the coin, and after the coin flew into the sky, the video began to slow down.

Looking at Lin Kai on the other side, when the coin took off, Lin Kai's gun was already raised. The speed was very fast, even if it was ten times slower, Lin Kai just swiped it and raised the gun. .

What a fast shooting speed!

Even the sharpshooter of the United States, the speed is only that?

Ten coins flew up into the sky and scattered, and Lin Kai started shooting.

A series of shots sounded, Lin Kai did not stop at all, and every bullet shot out, a coin was knocked into the air.

And even more amazing is that Lin Kai chose not to shoot, but to shoot!

That's right, pull the trigger alive, and pull the trigger ten times within three seconds!

None of the coins in the sky were spared, all were hit by Lin Kai!

After the video was played, the scene was silent.

Pulled the trigger ten times within three seconds, and each bullet hit the coin very accurately, and the shot speed was extremely fast.

None of you here can do these points.

The soldiers who had originally doubted Lin Kai bowed their heads at this time and did not dare to speak.

As for Leng Feng, He Chenguang and others, at first, they didn't look at Lin Kai highly, they just thought that Lin Kai was a bit of strength.

But now, they completely regard Lin Kai as a competitor!

For Leng Feng, a group of arrogant young people, they never like to have stronger people on their heads! Leng Feng's eyes already had hostile eyes.

Lei Zhan watched the video of Lin Kai from shooting to shooting on the screen. The corners of his mouth couldn't help but twitch. Lei Zhan asked himself, he couldn't do it!

But in the hands of a recruit, Lei Zhan was not convinced at all! But there is no way, Lin Kai's strength is really so powerful!

If it hadn't been for watching the video, Lei Zhan couldn't believe that a recruit could have a more powerful marksmanship than him!

Lei Zhan stood on the spot with a sullen face, with nothing to say.

After a while, Long Xiaoyun suddenly laughed.

Long Xiaoyun hugged his arms and laughed, staring at Lei Zhan provocatively, but Lei Zhan did not dare to look at Long Xiaoyun directly.

Lei Zhan naturally understood what Long Xiaoyun was laughing at. He laughed dignifiedly that the first soldier king of the Southeast Military Region was actually riding on his neck by a recruit!

Although Lei Zhan was so angry, he couldn't do anything with Lin Kai!

In the Fire Phoenix queue, An Ran looked at Lin Kai blankly, she was dumbfounded.

She is a special soldier. Similarly, she also understands how difficult it is to shoot coins. An Ran can barely pass the level when shooting like ordinary soldiers in Thunder Wars.

But if you keep shooting like Thunder War, Enron can't do it.

Like Lin Kai, hitting ten coins in three seconds, An Ran would not be able to do it in the next life!

Is this still that waste Lin Kai? Although he suddenly became stronger, An Ran can be understood as a potential explosion and the prodigal son turned back, but, suddenly became so strong, did he hang up?

Moreover, he seems to have no feelings for himself at all. He used to say that he broke up, but he would recover it!

"Wow! Lin Kai is so handsome! He is rich and handsome, and strong, I want to pursue Lin Kai!" Tian Guo on one side had peach blossoms in his eyes.

An Ran glanced at Tian Guo, her face dimmed.

Wang Yi in the corner clenched his fists at this moment with a look of anger.

Why? Why did that recruit Lin Kai win again? Why is he number one again?

When he was in the recruit company, he was clearly the bottom and most trash person!

Now that Wang Yi is riding such a new soldier on his neck, don't even mention how aggrieved.

However, Wang Yi could only endure his aggrieved situation. He only hoped that he would not divide himself with Lin Kai in a special force, otherwise he would be angry when he saw Lin Kai every day.

Chapter 57: Yuri Extraction Capacity

Chapter 57-Yuri Extraction Ability

Lei Zhan has been on the side with a black face, this game is no longer a match, Lei Zhan has already lost!

The old fox looked at the uncertain thunder war on his face, and his heart was also panicked. He knew his head very well. If he became angry, all of them would have to follow it!

Therefore, the old fox stood up to excuse Lei Zhan and said: "Well, rookie Lin Kai, your performance is very good, you don't need to continue the assessment this round, you pass!"

With a word, the old fox directly took Lin Kai and Lei Zhan's bet.

Lei Zhan also lowered his head and acquiesced to what the old fox did.

Although Lei Zhan was a bit embarrassing, it was better than losing to Lin Kailai.

Lin Kai glanced at Lei Zhan and smiled. To be honest, Lin Kai didn't want to offend Lei Zhan, but he provoked himself again and again. This time, he couldn't bear it, so he fought back.

But Lin Kai was willing to give him a chance, this time, just forget it.

"Yes!"

Lin Kaiyi saluted and returned directly to the queue.

The PK between Lin Kai and Lei Zhan is officially over! Although Lei Zhan did not make a move, everyone felt like Ming Jing, and there was no difference between Lei Zhan and losing.

Long Xiaoyun hugged his arms and walked to Lei Zhan's side, raised an eyebrow and smiled: "Heh, Captain Lei, this soldier I'm fond of is not bad, right?"

In Long Xiaoyun's tone with a smirking smile, Lei Zhan was angry in his heart and snorted coldly, not paying attention to Long Xiaoyun at all.

Seeing Lei Zhan deflated, Long Xiaoyun smiled and walked away.

Lin Kai, Lin Kai, you are really surprising. I didn't expect you to be a good seedling. I'm Long Xiaoyun, I'm going to order you!

Lin Kai in the queue smiled slightly. He was prompted just now that his task has been completed and Yuri's extraction ability has been released to his system.

Thinking that he could get the powerful Yuri extraction ability, Lin Kai couldn't wait.

But the assessment still had to continue. After Lin Kai finished the assessment, only fifty soldiers remained in the queue.

A total of four hundred soldiers, only after yesterday's assessment, were more than three hundred soldiers removed.

I have to say that the selection of special forces is really cruel. Basically, it only takes three days to end the selection.

The old fox saw that Lei Zhan was in a bad mood and knew that the selection could not continue, so he shouted: "This is the end of today's assessment. Go back to the dormitory and take a good rest. Tomorrow, you will face the most difficult challenge!"

As soon as the old fox said what he said, there was a burst of cheers, and it was only noon. The assessment was suspended today, that is, they have time to rest for an afternoon.

This group of young people, as long as they are given time to rest, no matter how difficult the assessment is the next day, they will be able to grit their teeth.

But they don't know that the assessment tomorrow is far from that simple.

The Raiden Commando took the remaining soldiers back to the dormitory, but disappeared. Long Xiaoyun did not know when he also disappeared.

At this time, Lin Kai had time to look at his special base.

The Southeast Military Region is very large, and the Southeast Military Region is located in the deep mountains. The special forces training base occupied by the Thunder and Lightning Commando is the most advanced special base of the Southeast Military Region.

Here, we have the most advanced equipment and top training technology.

The base is very tidy, there are not many soldiers, and it occupies a large area. However, Lin Kai's dormitory is a two-story rectangular building, and Lin Kai's dormitory is No. 3.

He Chenguang and Li Erniu are Lin Kai's friends.

After returning to the dormitory, Lin Kai washed a bit, lay on the bed, closed his eyes, and entered the system.

After completing the task of face-smashing thunder war, Lin Kai not only obtained Yuri's extraction ability, but also unexpectedly obtained one hundred attribute points and one hundred upgrade points!

In the past, Lin Kai did all bronze-level missions. After completing the mission, he obtained ten upgrade points and attribute points.

But this time, Lin Kai did a silver-level quest, and obtained one hundred upgrade points and one hundred attribute points!

"Congratulations, Master, you have acquired a powerful extraction ability, Yuri extraction ability (silver), do you want to merge now?"

Yuri, is a character in the Red Alert game.

But this character is not virtual. Yuri is a character in the field of "human will control". In the Red Alert game, Yuri is transformed into a powerful mind controller.

His ability is very strong, can make the enemy rebel, can use the mind to control all the characters in Yuri's radius.

So after hearing that he had acquired Yuri's extraction ability, Lin Kai was extremely excited.

But Lin Kai was still a little scared, because he knew that the stronger the ability he got, the more severe the pain he would suffer.

"Now start to extract Yuri's ability!" Lin Kai gritted his teeth and said cruelly.

“The Yuri ability is being extracted, and the Yuri ability has been successfully extracted and is being integrated.”

As the system’s voice fell, Lin Kai felt his head hot, and then an explosion of pain came from his brain!

This violent pain made Lin Kai roar! He did not expect that the pain caused by this fusion would come so suddenly and so violently!

Everyone in the dormitory was taken aback, He Chenguang and Li Erniu also looked at Lin Kai.

“What’s wrong?” He Chenguang asked.

Li Erniu shook his head: “I don’t know.”

Lin Kai hugged his head in his hands and curled up on the bed.

Yuri’s ability to extract power mainly transforms Lin Kai’s brain, and the human brain is the most mentally intensive place, so Lin Kai needs to endure very severe pain when doing hands and feet in the brain.

This pain made Lin Kai tremble all over, sweat dripping from his body like rain, his appearance looked terrifying.

He Chenguang’s expression changed, and he said, “No life will be killed, right? Quick! Go call Captain Lei over!”

Li Erniu panicked at this time. Li Erniu was honest and kind by nature. Now seeing his comrades in pain so much, he directly agreed and rushed out of the dormitory!

In a special base, if you want to call a military doctor over, you have to notify Lei Zhan, otherwise you are not allowed to go to the military doctor privately.

Special forces, if there is no fatal injury, they have to endure it. Once Lei Zhan finds out who has a minor injury, he will go to the military doctor and eliminate them all.

Lin Kai was still rolling on the bed, sweat had soaked his sheets, he opened his eyes and saw that his black eyes had disappeared, and his entire pair of eyes had turned into a terrifying white!

He Chenguang saw the white eyes and was taken aback. He stepped back a few steps, and muttered to himself: “I’m going, this is the rhythm of becoming a zombie!”

Soon after, Li Erniu rushed into the dormitory and shouted out of breath: “The instructor is here! The instructor is here!”

Afterwards, Lei Zhan led the Thunder and Lightning Commando into the dormitory and went straight to Lin Kai's bed.

With a sneer at the corners of Lei Zhan's mouth, he was really nowhere to be found after breaking through his iron shoes. Lin Kai, you asked for this!

## Chapter 58: The Power Of Terror

### Chapter 58

Lei Zhan has never forgotten what happened during the day.

He is a majestic soldier of the Southeast Military Region, and his marksmanship is actually inferior to a recruit who has just left a recruit company.

Lei Zhan didn't even consider that this was the reason for his weakness. He only knew that Lin Kai had robbed him of the limelight and made himself unable to raise his head in front of the recruits.

He wants revenge on Lin Kai!

And now, Lei Zhan finally seized the opportunity!

Lin Kai, Lin Kai, if you have a cold and a fever, I will strengthen training at night and directly eliminate you!

If you have a sudden illness, it is better. I will not eliminate you, I will consume you alive!

The insidiousness of Lei Zhan is not what ordinary people can imagine. He is not the slightly cautious but just thunder in the TV series.

He is a guy who holds talent and prides himself and doesn't know the height of the sky.

"What's the matter?" Lei Zhan asked with his hands behind his back.

He Chenguang answered truthfully: "Report! Instructor, Lin Kai doesn't know what's going on, it happened all of a sudden."

Hearing this, Lei Zhan also looked at Lin Kai curiously. Lin Kai's appearance was indeed a bit creepy, especially the pure white eyes that looked extremely gloomy.

Although Lei Zhan didn't understand medical skills, he could tell that this was obviously a sudden illness, which might be fatal.

After Lin Kai committed such a serious sudden illness, instead of sending Lin Kai to the hospital, Lei Zhan smiled coldly with his arms around him: "Lin Kai, receiving treatment midway through is going to be eliminated. You must accept it. Treatment?"

On the bed, Lin Kai was still shaking, ignoring Lei Zhan's words.

Seeing Lei Zhan's attitude, the people in the third dormitory looked at each other, frowning.

Lei Zhan did it too much! The personal grievances between him and Lin Kai can be resolved privately, but now, Lei Zhan is obviously abusing his rights!

Lin Kaidu looks like this, where can he still speak?

The members of the Raiden Commando glanced at each other, and they all looked away tacitly.

Although they think this is absurd and inhumane, thunder war is their head, and they can only listen to thunder war.

He Chenguang frowned. Although he felt that Lei Zhan was too much, Lin Kai was not familiar with him and even injured him, so He Chenguang pretended not to hear it.

But the straightforward Li Erniu stopped doing it at the first glance. Li Erniu stood up and saluted: "Report!"

"Speak!" Lei Zhan glanced at Li Erniu coldly.

"Lin Kai's consciousness is obviously out of control. He can't hear you at all now. Lin Kai is very ill and needs immediate treatment!"

Looking at Li Erniu standing upright, Lei Zhan snorted coldly: "This is the rule, no one can break the rule! Even if he died in the special forces base, he asked for it!"

"The world of special forces is so cruel! Either quit or accept your fate!"

Li Erniu widened his eyes and said angrily: "Thunder God! You are abusing your private position! Lin Kai is our comrade-in-arms! Not our enemy! What is the difference between being unsuccessful and a traitor?"

"Presumptuous!" Lei Zhan, who was very unhappy in his heart, was furious when he was hit by Li Erniu!

Lin Kai just let Lei Zhan face scandal today, and now he was hit by Li Erniu again. Lei Zhan couldn't bear it, and said angrily: "Get out of here! Three thousand push-ups! Hell! Look at him!"

“Yes!” Yan Wangyi saluted, snarled at Li Erniu, and signaled Li Erniu to go out quickly.

Li Erniu, who was extremely unhappy, was pulled out by the king and started push-ups on the playground.

As for the soldiers in the third dormitory, no one dared to speak for Lin Kai.

Lei Zhan glanced at the people coldly, then glanced at Lin Kai who was shivering on the bed with a gleeful look, and sneered: “Oh, no one is allowed to help him! If he wants to withdraw, he will be sent to the military doctor immediately, if not. Quit, life and death are up to you.”

After all, Lei Zhan walked directly out of the dormitory with his hands behind his back.

On the bed, Lin Kai was still trembling and experiencing suffering.

This time of suffering, for Lin Kai, was undoubtedly very painful and very long.

Within an hour after Lei Zhan left, no one dared to step forward to help Lin Kai, and two hours later, Lin Kai’s body finally calmed down.

Lying on the bed, panting, Lin Kai opened his eyes.

“Huh...”

With a brush, Lin Kai sat up from the bed, everyone in the dormitory was taken aback and looked at Lin Kai like a ghost.

Lin Kai glanced at the crowd, without saying a word, walked straight out of the dormitory and ran to the bathroom.

On the way, Lin Kai glanced at Li Erniu who was doing push-ups on the playground, and a trace of anger flashed in his eyes.

Just now, although Lin Kai was out of control, his consciousness was still clear. He knew that Li Erniu was punished by Lei Zhan because of himself.

Lei Zhan, Lei Zhan, today I thought about your face and did not mention gambling, but you have made me difficult for me again and again, and I will be rude to you!

Walking into the bathroom, opening the shower head, Lin Kai took a cold shower to wash away all the sweat on his body.

“One hundred attribute points, what attributes should be added?” Lin Kai thought about it and decided to add all of them to strength.

Yes, in the face of absolute power, all conspiracies are in vain! If Lin Kai refuses to accept Lei Zhan, he must have the strength to defeat Lei Zhan!

As for the 100 upgrade points, Lin Kai decided to keep them first.

After adding some points, Lin Kai glanced at his attributes and was very satisfied.

Host: Lin Kai

Age: 19

Sex: Male

Strength: 140

Speed: 30

Response: 30

Stamina: 50

Defense: 10

Skills: God Eye (Silver), Watermelon (Silver), Plastic Bag (Bronze), Ganoderma (Gold), Tortoise (Bronze), Mountain Stone (Silver), Yuri (Silver)

Upgrade points: 100

Attribute points: 0

The power of one hundred and four is so terrifying!

In the past, Lin Kai's strength was only five points, only half the strength of ordinary people.

The average soldier basically has a strength of fifteen, and an outstanding soldier has a strength of twenty.

Special forces are even more powerful. Special forces like Lei Zhan may have a strength of thirty-five to forty-five.

But now Lin Kai has increased his strength by a hundred points, one hundred and forty points, so powerful!

If the former Lin Kai could barely hold a fifty kilogram weight, now Lin Kai can easily lift a 150 kilogram stone!

Huge power is hidden in the thin body!

As for the upgrade point, Lin Kai decided to keep it. After all, the silver level skills are so powerful, Lin Kai really wants to see how powerful the skills above the gold level are!

## Chapter 59: Make Things Difficult From Lei Zhan

### Chapter 59

After adding some points, Lin Kai put on clean clothes and left the bathroom.

In the playground, Li Erniu was doing push-ups on the ground and sweating profusely. It was obvious that he was exhausted. The Hell on one side was holding the rifle in his hand, standing beside him in a dazed manner.

Li Erniu also saw Lin Kai, and after seeing Lin Kai safely appeared, Li Erniu grinned at Lin Kai.

Lin Kai also nodded at Li Erniu and returned to the dormitory.

Lin Kai didn't step forward to help Li Erniu directly, because he knew that it was useless to do that, and Yan Wang would only let Lin Kai be punished.

But Li Erniu's kindness to Lin Kai was remembered by Lin Kaisuan.

Lei Zhan, I will not make you feel better!

Back to the dormitory, fell asleep, speechless all night, at 6 o'clock the next morning, as the whistle sounded, all fifty soldiers assembled on the playground.

Yesterday, there was already a night raid, and the same trick would not be done the next day, so Lin Kai also got a good rest at night.

The Raiden Commando appeared in front of everyone again.

Behind the Raiden Commando is the Fire Phoenix Special Force.

A group of more than a dozen people looked majestic.

Lei Zhan saw Lin Kai standing in the first row at a glance. After seeing Lin Kai appearing on the playground unharmed, Lei Zhan was a little surprised.

Yesterday, this kid obviously got sick, but today he is able to show up here. Isn't he pretending to be afraid of being eliminated?

Lei Zhan sneered in his heart, since you did not die yesterday, then I will let you be eliminated in this level!

“Everyone! Turn right! Target, Warehouse No. 1!”

“Yes!”

Leng Feng led the team, and fifty people trot to Warehouse No. 1.

Lei Zhan once said that there are four rounds of special forces assessment. Today is the third day and the beginning of the fourth round.

The first round tested physical strength, the second round tested the ability to escape underwater, and the third round tested marksmanship. In the fourth round, Lin Kai really couldn't remember what else to test.

Soon, fifty people entered warehouse one.

Warehouse No. 1 was very large. After all fifty people entered the warehouse, there was a crash and the warehouse door was directly closed.

I saw that on the second floor of the warehouse, Lei Zhan and others were lying on the railing, condescendingly looking at the soldiers below.

“Rookies! Congratulations on coming to the final! But this is not good news, because I said that I don't like one of you staying, so today you will all be eliminated!”

There was a bang, and all members of the Thunder and Lightning Commando and all members of the Fire Phoenix appeared on the second floor. The Type 95 rifles in their hands had all been aimed at them on the first floor.

The soldiers were immediately restless. What is Lei Zhan doing?

He Chenguang frowned and stared at the surroundings with alert.

Li Erniu stepped forward and asked, “Chenguang, what are they doing?”

After all, He Chenguang had been a special soldier once. He Chenguang frowned and replied: “I only know that what special forces inspect a person's physical strength, ability, and psychology.”

“We have tested our physical strength and ability. This time, it should be our psychology.”

“Investigate psychology?” Li Erniu scratched his head very honestly, unclearly.

“Rookies, please look behind you!”

Following Lei Zhan’s hello, only a clatter was heard, and the iron gate behind Lin Kai suddenly opened, only black iron cages appeared in everyone’s field of vision.

There is an iron chair in every iron cage, and there are so many iron cages, fifty in total.

After seeing the full iron cage, everyone felt a sense of oppression.

“In every cage here, no fewer than three people died. Some of these people were prisoners who were tortured to death, and some were scared to death.”

“And you, will also be locked up in these iron cages.”

“The pain in the iron cage is not what you can imagine. It is too late to withdraw now.”

Under the fright of Lei Zhan’s coaxing, everyone looked at each other, and no one quit. After all, no one wanted to quit at this point.

Lei Zhan nodded and said with a smile: “Haha, no one quit, right? What are you waiting for? One by one, all in!”

The Thunder and Lightning Commando and the Fire Phoenix Special Force quickly rushed down from the upper floor, and rushed the soldiers into the iron cages.

“Hurry up!”

“Don’t be daunting like a lady, let me in!”

“Get in!”

...

After being driven away, everyone entered the iron cage, and all their weapons were confiscated!

After entering the iron cage, everyone’s hands and feet were fixed on the iron chair and couldn’t move at all!

And on everyone’s wrist, a black bracelet was worn.

Coupled with the black muzzle all around, it really gives people a feeling of accelerated heartbeat.

The cold feeling from the iron chair gave people a gloomy feeling. In addition, the warehouse was extremely dark. Lei Zhan even said that people had died in the iron cage, and everyone's heartbeat would inevitably accelerate.

Even Lin Kai couldn't escape the speeding heartbeat.

Lei Zhan walked slowly from the second floor with his hands behind his back, holding a pistol in his hand.

"Rookies! This is the last hurdle you have to face! The special forces only need 30 people. You now have 50 people. So, there are 20 people who will be ruthlessly eliminated!"

"The thing on your wrist now is called a heart rate test meter. As a special soldier, in addition to having strong physical fitness and skills, the most important thing is here."

Lei Zhan pointed to his heart.

"If you don't want the enemy's polygraph to detect the true intelligence of our military area, you must have a strong psychological quality!"

"Everyone's normal heart rate is between sixty and one hundred. During this period, we will intimidate you all. If the heart rate exceeds one hundred, we will immediately eliminate it!"

Lei Zhan directly talked about the rules of the last level.

Even if it sounds simple, it's just this group of people intimidating themselves. This group of soldiers knows that they won't hurt themselves. Everyone thinks, what's so difficult about this level?

But seeing their heart rate, everyone panicked.

At this time, everyone's heart rate was between 70 and 95, close to the heart rate that was eliminated!

Lei Zhan will use the surrounding environment to cause psychological pressure on this group of soldiers.

People have died, the gloomy warehouse, the sun is not visible, the black muzzle is crushed.

These can make your heart beat faster.

Of course, the highlight is still to come, and it's far more than that.

Lin Kai is a rookie number one, so he is in the first iron cage, and his heart rate is obvious to all.

Eighty-five!

Very high! Only fifteen points away, you will be eliminated!

Lei Zhan took the gun and came to Lin Kai, tilted his head and smiled coldly: "Don't worry, I won't let you pass this level!"

## Chapter 60: Psychological Assessment

### Chapter 60-Psychological Assessment

Lei Zhan spoke in a very small voice, only Lin Kai could hear him. Lei Zhan smiled triumphantly when he looked at Lin Kai's helpless appearance in the iron cage.

Lin Kai glanced at Lei Zhan coldly, and sneered: "Heh, if you have the ability, you can eliminate Lao Tzu!"

"It's still hard when you die." Lei Zhan shook his head disdainfully, turned and walked away.

At this time, in a certain war room of the Southeast Military Region, several leaders had already arrived. Qi Qi watched the scene of soldiers being locked in iron cages under surveillance.

The leader is Fan Tianlei. Fan Tianlei knocked on the table and said lightly: "Every year, the selection of special forces, especially the psychological tactics researched by Lei Zhan, is the most numbing. Although its elimination rate is not the highest, its degree of cruelty is absolutely top-notch."

He Zhijun also nodded: "Well, yes, it is indeed a very huge challenge for this group of soldiers."

Long Xiaoyun and Zhang Tianyi looked at each other, and they looked at Lin Kai on the screen.

Lin Kai has always performed very well in previous assessments, but you must know that no matter how good a soldier's skills and physical strength are, if he does not have a strong psychological endurance, he will still be eliminated.

Both wanted to see if Lin Kai was an almighty soldier.

In the warehouse, Lei Zhan and others put on heavy earmuffs. This scene caused an ominous premonition in the hearts of the soldiers trapped in the cage.

Sure enough, after Lei Zhan put on his earmuffs, he waved his hand: "Rookies, enjoy it!"

Afterwards, there was a burst of crackling sounds, and four super loud speakers were installed in the warehouse!

Four huge stereo speakers played in the closed warehouse at the same time, and the deafening sound made people want to slam their heads on the wall and commit suicide!

The most important thing is that what is playing in the stereo is not music, but the roars and wailing sounds when soldiers are fighting on the battlefield!

This is a real recording! The gunshots and fighting sounds inside are real recordings!

Everyone who was struck by the violent sound was upset, and the iron chair under the buttocks resonated with the sound.

Such a strong noise and such a dark environment around it will give people a very broken feeling.

And everyone's heart rate is constantly rising, as long as the heart rate exceeds 100, it will be eliminated immediately!

And even if veterans like He Chenguang have abundant training experience, they are also frowning in the torture when facing the thunder war.

Lin Kai also clenched his fists. He watched his heart rate rise little by little. In just a few seconds, his heart rate had reached 90!

Lei Zhan's move was really too cruel, and I don't know if Lei Zhan was intentional, Lin Kai was the closest to the huge speaker, and Lin Kai suffered the most severe torment!

With a pistol in his hand, Lei Zhan shot two shots into the sky from time to time.

"Give up, rookies! As long as you quit, I will give you earmuffs immediately, let you out, don't do indifferent struggles, quit!" Lei Zhan shouted with a loud speaker.

"I can't stand it anymore! I quit! I want to quit!"

Finally, someone roared, Lei Zhan smiled and waved his hand, then someone opened the iron cage and let the person out.

As soon as the man's hands and feet returned to freedom, he immediately covered his ears and hid in the corner shivering.

The fighting sound played in the speaker really stimulated him. He heard the wailing of a man falling to the ground after being shot, and the screams of sorrow after his comrades died. This sound really stimulated him, so he chose to quit.

“Look, this is a wise man, and only you fools will clenched your teeth and persevere!”

This torture lasted for ten minutes, and within these ten minutes, seven people were eliminated one after another.

With the addition of the first person who quit, a total of eight people were eliminated.

Forty-two people are left in the field.

However, Lin Kai’s heart rate had dropped to around eighty-nine after a period of adaptation, neither rising nor falling.

In fact, it is not just Lin Kai, almost everyone has this heart rate.

This is the first time that Lin Kai has not relied on the system, but only relied on his own willpower to gritted his teeth!

Lin Kai had been a hard-working office worker in his previous life. He faced a ruthless computer screen and keyboard every day. His stamina was very good and he could sit in front of the computer for a day.

But facing the current torment, Lin Kai just clenched his teeth.

Because the system did not give him the skills to resist noise and fear.

As a result, Lin Kai sat on the iron chair and trembled. He closed his eyes and tried to shield the miserable cry from the speaker.

Lin Kai was very eye-catching. Everyone saw that even the mighty Lin Kai was about to collapse, so more and more people were eliminated.

Ten minutes later, only 35 people remained on the scene.

As long as we eliminate five more people, we can get through it!

But at this point, everyone who can stay is an elite among the elite, and no one is willing to quit.

Lei Zhan smiled playfully and waved his hand: “Go on!”

Following Lei Zhan’s greeting, he saw Yan Wang carrying a huge linen bag in his hand and threw the linen bag directly in front of Lin Kai.

Lin Kai frowned and glanced at the linen bag. The contents of the linen bag seemed to be still squirming, and he didn't know what was in it.

"Each of your cages has been wiped with animal blood, be careful of being bitten by snakes!" Lei Zhan smiled gleefully on the side.

As the sackcloth bag was opened, only squirming cobras crawled out of the bag!

It's a snake!

At that time, the mentality of many people exploded. In this environment, it is really hard for people to meet such a disgusting thing.

Especially Lin Kai, his face was darkened to the bottom of the pot, Lin Kai was most afraid of this kind of thing, but Lei Zhan who killed this day seemed to have deliberately left this bag of cobras in front of him!

The eye snake crawled directly out of the linen bag, followed the smell, then got into the iron cage, followed the iron pipe of the iron cage, and slowly climbed up.

And Lin Kai's heart rate began to rise, eighty-nine, ninety, ninety-one, ninety-two, ninety-three...

Lin Kai's heart rate soared all the way to 97! Lin Kai was eliminated by only three points!

Lin Kai closed his eyes and frowned, but the moment this thing touched Lin Kai's thigh, Lin Kai's heart still couldn't help but jump, jumping directly from ninety-seven to ninety-nine! It was almost eliminated!

Lei Zhan was standing opposite Lin Kai. Seeing Lin Kai being tortured in this way, Lei Zhan's heart was relieved.

The people behind Lin Kai couldn't help shaking their heads, poor Lin Kai, Lin Kai, who is not good for you, why do you have to cause this thunder war? He is an instructor!

Behind Lei Zhan, An Ran looked at the cobras and got goose bumps all over her body. Seeing Lin Kai surrounded by cobras, she couldn't help worrying.

Nothing will happen, right?

## Chapter 61: Lei Zhan Tells A Story

### Chapter 61

After all, An Ran is Lin Kai's ex-girlfriend and still has feelings for Lin Kai.

“Lei Zhan!” At this time, Lin Kai couldn’t bear it, and roared out loud.

Lei Zhan tilted his head and asked, “Why? Want to quit?”

Lin Kai glared at Lei Zhan, “Why is there a snake only with me? No one else?”

“Then you have to ask the snakes to go, ask them why they don’t go elsewhere.” Lei Zhan looked innocent and looked very owed.

Lin Kai clenched his fists, wishing to step forward to thunder and fight, but Lin Kai’s freedom was restricted, and he could not escape the iron cage. He could only be slaughtered inside!

There are more than one hundred cobras. These cobras are the closest to Lin Kai, and more than 80 cobras are entangled in the iron cage. Lin Kai is tortured!

The buddy next to Lin Kai was only entangled in an iron cage by a cobra, and he was scared to pee his pants.

“I quit! I quit! Get rid of this thing! Hurry!”

Number of people present: 35

Number of people present: 34

Number of people present: 33

Number of people present: 32

Number of people present: 31

Lin Kai clenched his teeth all the way, stunned that he kept his heart rate at ninety-nine, wholeheartedly moving his mind to other places, not wanting to be in what kind of environment he was in.

As long as we eliminate one more person, I will be liberated!

This is Lin Kai’s inner thoughts.

But the more you get to the end, the less anyone wants to give up, after all, no one wants to be the last to be eliminated!

This is painful for Lin Kai. Not only is he the closest to the stereo, but he also has the most cobras on his body!

Fortunately, these cobras will not attack Lin Kai, otherwise Lin Kai would really collapse!

There was only one person left, and the Thunder Fight, which had been silent, finally acted.

He came to Lin Kai and used the most basic but also the most effective way to stimulate Lin Kai with language.

“Yeah, Young Master Lin, why are you still holding on? Quit quickly. If you quit, I’ll give you earmuffs. I’ll take you to take a bath and go home to live your life as a young master. Think about your home. Comfortable big bed, and think about the luxury cars and the crowds of beautiful women at home. Why do you come here to suffer this crime? Right?”

Lei Zhan hugged his arms with a playful smile on his face.

Today he does not aim at others, but at Lin Kai!

Whether it was the location of Lin Kai, the placement of the cobra, or even the measurement of animal blood on the iron cage, Lei Zhan arranged it all!

He just wants Lin Kai to collapse! And Lin Kai was indeed on the verge of collapse.

Lin Kai opened his eyes and glared at Lei Zhan, and said angrily: “Dreaming!”

Lei Zhan took the pistol and pointed it directly at Lin Kai’s head: “Then believe it or not, I will kill you with one shot now?”

Lei Zhan tilted his head, hatred in his eyes, it was Lin Kai that made him lose face in front of all the soldiers!

Although the bullets in his gun were empty, although Lei Zhan had no right to shoot at Lin Kai, aiming the gun at Lin Kai’s head could still make Lei Zhan feel refreshed!

“If you have the ability, just shoot me!” Lin Kai sneered and said.

Lei Zhan was stimulated by Lin Kai, but instead smiled slightly, put away his pistol, leaned against the wall, and smiled: “Hehe, it’s meaningless to kill you with a single shot. Then, Lin Kai, I will tell you a story.”

“There is a young master, his surname is Lin, and his family is very rich. How rich is it? The young master of the Lin family has tens of millions of pocket money for a month!”

“But such a young master actually joined the army! And he is still the first waste of the army recruit company. Are you funny?”

“Ten kilometers of armed cross-country, I can be so tired that I can faint, shooting at 300 meters, I can actually shoot three shots!”

“Such a waste, unexpectedly became the number one in the recruit company, which has to make people doubt the true degree of this number one!”

“And this waste also came to the special forces. In the first three rounds of assessment, they all got the first place!”

“Whether the backpack in the first round contains stones or not, no one knows. In the second round of absconding, whether the shark is a pet of Young Master Lin, and no one knows. The third round of shooting in the middle, no one knows if anyone has moved the gun and coin.”

The young Master Lin in Lei Zhan’s mouth was obviously Lin Kai, and Lei Zhan also said that he was very eloquent, which made all the remaining soldiers look at Lin Kai with suspicious eyes in their eyes.

Yes, Lin Kai was not a normal waste before! Why did he suddenly turn from a waste to such a powerful soldier?

Could it be that he relied on his strong background at home to open up the relationship in the army? And after taking things like hormones, coupled with high-tech, did you get the first place in several rounds?

At first no one doubted Lin Kai, but when Lei Zhan said so, everyone looked at Lin Kai.

Questioning voices came one after another behind them, but they were too far away from Lin Kai, and the noise was too loud, Lin Kai could not hear clearly, but Lin Kaiyin could vaguely hear them cursing himself.

Lei Zhan held a big speaker and smiled playfully at Lin Kai: “Haha, Young Master Lin, do you think this story sounds good or not?”

Facing Lei Zhan’s reversal of right and wrong, Lin Kai did not explain, but slowly passed through the suffering with his eyes closed.

“Don’t talk, are you? Then we won’t be entangled in this story, I’ll tell you another story.”

Lei Zhan showed a sinister smile at this time, his eyes narrowed, his face was sinister and cunning, with a trace of pride.

He was confident that as soon as this story came out, he would immediately let Lin Kai be eliminated!

“The story is that the suave Young Master Lin actually has a fiancée!”

“Speaking of this fiancée, that’s amazing. That waste actually has a wife who is a special soldier and the captain of the Phoenix, Enron!”

“Oh, this is amazing. Look at this An Ran, this figure, this face, this talent, none of them can be selected in the Southeast Military Region!”

“But guess what? Such a beautiful An Ran broke up with that trash Young Master Lin! Hahahaha! Are you funny?”

“What’s the reason? The reason is that Young Master Lin can only chew the old! Nothing! He is just a rubbish, even if the family has money, he can’t give her happiness!”

“Lin Kai, do you think this Young Master Lin is a waste? What kind of man can he not even look at his own woman?”

With Lei Zhan’s words, Lin Kai said to An Ran that he had no feelings. It was impossible. After the breakup, Lin Kai often thought of An Ran.

But Lin Kai has been trying hard to control her emotions. Since she doesn’t like herself anymore, there is no need to pester her.

But I didn’t expect that Lei Zhan actually used Enron to stimulate himself, so that his heart rate could exceed one hundred, and then eliminated himself naturally!

## Chapter 62: Heart Rate Broke 100

### Chapter 62

Lin Kaixins anger, but there is nothing to do with thunder war. Lin Kai suppresses the anger in his heart and tells himself that he must not be angry. Once he is angry, his previous efforts will be useless!

I saw Lin Kai’s heart rate remained at ninety-nine, neither falling nor rising!

An Ran behind Lei Zhan also lowered her head at this time. She knew that she had become a weapon to harm Lin Kai, but she had no choice, she had no choice, she could only stand on Lei Zhan’s side!

Lei Zhan looked at Lin Kai, whose chest was up and down, smiled playfully, and pulled An Ran behind him.

“An Ran, now you talk about it, was it the right choice to leave that wasteful place?”

Lei Zhan looked at An Ran, his eyes were full of threats. An Ran was the soldier he brought out, and Lei Zhan also had the ability to threaten An Ran.

An Ran was a little panicked at this time, she did not dare to look directly at Lei Zhan, let alone look at Lin Kai with piercing eyes.

"I..." An Ran was speechless for a while, and didn't know what to say.

Fight against thunder? An Ran didn't want to do that. She always felt that it was possible for herself and Lin Kai, after all, Lin Kai has become so good now, plus the two were childhood sweethearts and grew up together.

But instead of facing Lei Zhan, he was his former instructor, and An Ran was afraid of Lei Zhan. What's more, Lei Zhan had a high prestige in the Southeast Military Region. He wanted to abuse himself, just a sentence.

An Ran fell into entanglement.

And Lin Kai, who was wearing a cobra in the iron cage, also looked at An Ran, and there was a look of expectation in his eyes. He wanted to see if An Ran had himself in his heart!

Seeing An Ran's silence, Lei Zhan sneered and said, "An Ran, you must think clearly that you can be the captain, but I highly recommend it, otherwise, you can be the captain of the Phoenix?"

Lei Zhan actually used the position of the captain to threaten An Ran!

Suddenly, An Ran's eyes moistened in an instant. Although she didn't want to do this, she and Lin Kai broke up after all. Compared with her future, she chose to give up Lin Kai!

And Lei Zhan is not afraid that the leader will blame him, because in such a noisy environment, the surveillance can't record at all, and only people on the scene can hear what Lei Zhan said.

An Ran choked for a while, nodded hard, and lowered his head: "That Young Master Lin is just a dude, it's not worth my being so kind to him."

As soon as this sentence came out, Lin Kai seemed to hear a snap, and his heart was almost broken.

It was not Lin Kai's heart that was broken, but the heart of that wimpy young Lin!

The former Young Master Lin was extremely affectionate for An Ran. Even if Lin Kai can hide this feeling in his heart, when An Ran said this, the former Young Master Lin was instantly shattered.

And Lin Kai's heartbeat also wants to exceed one hundred!

Upon seeing this, Lei Zhan took advantage of the victory and pursued, and then said: "An Ran, what do you think of me?"

As soon as this sentence came out, Lin Kai immediately raised his head and looked at Lei Zhan with hatred in his eyes.

He was going to steal An Ran in front of Lin Kai, and open the green forest in front of him!

An Ran was also stunned by the question. She obviously did not expect that Lei Zhan would ask such a question.

How about Lei Zhan? For An Ran, Lei Zhan has always been a man out of reach, and An Ran has never thought about that, because An Ran feels that Lei Zhan is too good.

Not only the soldiers of the Southeast Military Region, but also have good personal conditions. Although they are not so handsome, they are very masculine, and they are also very likable.

And An Ran also knew that the reason Lei Zhan asked so was to stimulate Lin Kai!

An Ran lowered his head and hesitated again.

Lei Zhan didn't give An Ran a chance to breathe at all, and then asked, "An Ran, answer me truthfully, who is better than that Young Master Lin?"

Lin Kai also stared at An Ran, Lin Kai at this time was actually a little scared, he was afraid of saying that from An Ran's mouth, Lin Kai was afraid that An Ran would stimulate Lin Kai's glass heart before.

An Ran moistened her eyes. She glanced at Lin Kai and then at Lei Zhan. She seemed to have made a big decision. Then she said, "Of course...Of course you are the instructor better..."

Bang!

Lin Kai's broken heart seemed to have been smashed again and again with a sledgehammer, and the voice of heartbreak continued to sound in Lin Kaixin.

"Then I'll ask you again, if you are given a choice between me and Young Master Lin, which one would you choose?" Lei Zhan asked again.

An Ran was already crying at this time. She stepped back and said with a pleading look, "Instructor, instructor, can you stop forcing me? I really don't want to hurt him!"

"Say!" Lei Zhan was furious at the time, and a loud roar made An Ran's body tremble.

An Ran squatted on the ground, trembling all over, and stammered: "Choose...choose you..."

At this time, Lin Kai's body was directly slumped on the iron chair, and his heart was beating rapidly, his heart rate rising all the way.

Ninety-nine, one hundred, one hundred and one, one hundred and two...

Lin Kai's heart rate soared all the way to more than 120!

At this time, Lin Kai's chest was up and down, and a red light was lit on the iron cage. This meant that Lin Kai had become the last person to be eliminated!

The soldiers behind Lin Kai breathed a sigh of relief. This competition was finally over. Unexpectedly, Lin Kai, who was extremely strong in the first three rounds, did not persist in this round and was unfortunately eliminated!

An Ran sat stupidly on the ground at this time, holding his head and sobbing softly.

And Lei Zhan was proud at this time, holding a pistol against Lin Kai's head: "I said, I will definitely let you out! How about? Watching his once beloved woman worship other men, this it must be very refreshing, right?"

Lei Zhan grinned, his smile was very proud. Lin Kai had won the Lei Zhan on the obstacle course and set a super good result that Lei Zhan could not surpass in many challenges!

Lin Kai even hit ten coins within three seconds with a Type 95 rifle. Although Lei Zhan knew that Lin Kai did not cheat, Lei Zhan just couldn't see others better than himself, let alone Lin Kai in front of everyone. His face hit him hard!

This time, Lei Zhan won! Although he only won once, he beat Lin Kai to the ground for a lifetime! Lin Kai will never become a special soldier in his life!

In the war room, several chiefs showed disappointment on their faces after seeing Lin Kai as the last to be eliminated.

Originally, Lin Kai was the soldier with the strongest potential in their eyes, but in the final round, Lin Kai was unfortunately eliminated.

This is the rule, and they have no choice.

## Chapter 63: Lin Kai Was Eliminated Again

### Chapter 63 Lin Kai Was Eliminated Again

Long Xiaoyun and Zhang Tianyi looked at each other with incredible expressions in their eyes. Lin Kai's performance has always been obvious to all. How could he be eliminated at such a critical moment?

Seeing Lei Zhan standing opposite Long Xiaoyun, Long Xiaoyun narrowed his eyes and said: "The three leaders, Lin Kai's strength is obvious to all, and in the fourth round of assessment, Lei Zhan instructor has been standing by Lin. On the opposite side of Kai, the sound system is the closest to Lin Kai, and even the iron cage of Cobra Lin Kai is the most."

"Don't you think this is deliberately done by Lei Zhan instructor?"

Long Xiaoyun's words caused the three leaders to look at each other, and He Zhijun's eyes also flashed anger.

Of course he could see that there was a juncture between Lei Zhan and Lin Kai, but the palms and backs of the hands were all fleshy, and both Lei Zhan and Lin Kai were soldiers under his hands. At this time, he could not favor anyone.

Fan Tianlei backed his hands and said: "Anyway, being eliminated means being eliminated. Lin Kai is very strong. We can transfer him to other special forces, but these three elite special forces, Lin Kai cannot participate."

Fan Tianlei still remembered Lin Kai's late slap in the face, so he was the first to disagree with Lin Kai making an exception to join the special forces.

Zhang Tianyi and He Zhijun looked at each other, and Zhang Tianyi said: "I think Lin Kai's specialties can make up for his shortcomings. Besides, in the fourth round of assessment, Lin Kai was not that bad either. He was only short of one spot. You can be selected for three special forces."

He Zhijun also nodded and said, "Yes, it's a shame to eliminate Lin Kai."

"I don't agree!" Fan Tianlei's stubborn temper just didn't agree to let Lin Kai join the special forces.

"Now we vote, I support letting Lin Kai stay." Long Xiaoyun raised his hand and said.

"I also support it." Zhang Tianyi also agreed.

He Zhijun glanced at Long Xiaoyun and showed a grateful smile: "I agree too."

Fan Tianlei's face was sullen, even if he didn't agree to let Lin Kai stay, there was nothing he could do. After all, one person can't hold three people!

"Well, since everyone has no objections, let's go and take a look at the scene now, don't make any moths." Long Xiaoyun said sharply.

...

At this moment, in Warehouse No. 1, Lin Kai lowered his head and closed his eyes, trembling all over.

Anyway, he has been eliminated. At this time, Lin Kai didn't control his emotions at all. The anger in his heart had already made him tremble. Lin Kai was holding the handle of the iron chair tightly, and the blue veins on his arm burst out!

At this time, the noisy sound of the scene had been turned off, and the remaining thirty soldiers were also released.

Now only Lin Kai remained in the iron cage.

The eyes of the other soldiers looking at Lin Kai were full of sympathy. They knew that Lin Kai was qualified to enter the top 30.

But because of Lei Zhan's repeated difficulties, Lin Kai will become the last one to be eliminated!

But no one dared to speak for Lin Kai, because the iron-blooded Thunder War would not give you this opportunity. As long as someone dared to excuse Lin Kai, he would be eliminated immediately!

An Ran squatted on the ground and sobbed softly. She didn't dare to face Lin Kai. She knew that she was the one who destroyed Lin Kai.

It was she who smashed the future of Lin Kai's special forces!

But she had to do this because Lei Zhan was threatening her with her future. An Ran was a very strong woman, and she didn't want her future to end here.

Therefore, she chose to destroy Lin Kai!

"All give way!"

At this moment, I saw a figure squeezed out of the soldiers. The person who came was Li Erniu with dark skin and lumpy flesh.

With a slap on Li Erniu's face, Li Erniu threw his hat to the ground and said angrily: "Lei Zhan! What do you mean? Come and be honest if you have the ability! What kind of ability is against Lin Kai?"

Li Erniu's voice attracted all eyes, while He Chenguang covered his forehead, unable to bear to watch Li Erniu's miserable end.

"Are all of you blind? Didn't you see Lei Zhan bullying our recruits? Why are you an instructor with such an unfair treatment?" Li Erniu roared.

Lei Zhan looked at Li Erniu with a cold expression: "Do you want to be eliminated too?"

"If you have the ability, you can eliminate me! Special forces who are not fair at all, I don't care if I am improper!" Li Erniu said angrily.

Lei Zhan sneered: "Hehe, then congratulations, you are eliminated."

Another person was eliminated, and there was silence for a while.

Li Erniu was aggrieved and angry. He couldn't understand Lei Zhan's aim at Lin Kai, but after hearing the news that he was also eliminated, Li Erniu felt very aggrieved.

Why do others turn a blind eye? Isn't there no one to attack such a conscientious instructor?

"Crack...Crack..."

There was a peculiar sound, which seemed to be the sound of a rat grinding teeth. Everyone looked towards the source of the sound. In the iron cage No. 1, Lin Kai lowered his head as if twisting something hard.

"What is he doing?" Everyone looked together.

Lei Zhan also glanced at Lin Kai, and said coldly, "Don't waste your effort. Although the handcuffs and anklets that lock you are not top-level equipment, they are definitely not something that humans can struggle to open. Just stay in there. , I will let you out when I am in a good mood."

Lei Zhan's face was sore, even if the selection was over, he didn't plan to open up Lin.

"Ha ha ha..." Lin Kai sneered and raised his head, only to see a pair of scarlet eyes staring at Lei Zhan!

These eyes were filled with ferocious eyes, as if a lion that was so hungry and crazy saw food.

Even after Lei Zhan, who had experienced many battles, saw Lin Kai's look, he was taken aback and took a step back.

"What do you look at? Even if you look at me a hundred times, I will eliminate you!"

"Since I have been eliminated, then I have nothing to worry about." Lin Kai said suddenly.

Everyone is very curious, what is he going to do?

Click!

A very crisp voice sounded, and the handcuffs on Lin Kai's hand were directly pulled off by Lin Kai with both hands!

Everyone's eyes widened, this...

There was another clicking sound, and Lin Kai used his feet to directly break the iron chain on his feet!

This is an iron chain! There are chains of the thickness of a thumb! No matter how strong a person is, it is impossible to forcibly break the chain, right?

Even Lei Zhan had a surprised expression. An Ran, who had been squatting on the ground sobbing, stopped crying, and looked up at Lin Kai stupidly.

At this time Lin Kai stood up from the iron chair, his body was full of cobras.

These cobras squirmed on Lin Kai's body. Although they didn't attack Lin Kai, the psychological pressure they brought to Lin Kai was enormous.

But now, Lin Kai only wanted revenge on Lei Zhan!

"God eyes!"

As soon as Lin Kai's divine eyes were activated, a burst of golden light appeared from his eyes! A burst of invisible aura belonging to the Falcon burst out instantly!

Humans can't feel this kind of aura, but the cobra can clearly feel the aura of a falcon!

The claws of falcons are their natural enemies! I don't know how many cobras died under the claws of falcons! So when Lin Kai's God Eyes skills were released, there was a crash, and dozens of cobras coiling around Lin Kai's body faded in an instant!

This

what's going on? Everyone was stunned.

Chapter 64: I Bet There Are No Bullets In Your Gun

Chapter 64 I Bet You Have No Bullets In Your Gun

"Calm..."

Two more words were spit out from Lin Kai's mouth, and the calm force started!

Speed and reaction plus 20 points!

After that, Lin Kai's hands were holding the two iron bars of the iron cage, and he seemed to use his hands to pull the iron cage alive!

How is this possible? Just now, Lin Kai's abruptly pulling off the handcuffs was enough to shock everyone, this iron rod is solid! There are even the thickness of the baby's wrist, so Lin Kai can pull it apart?

"Ah!"

A roar sounded, and then, only a piercing sound was heard. The baby-thick iron rod, under Lin Kai's force, was deformed a little bit!

Looking at Lin Kai's arm again, the veins violently violently, his whole body trembling slightly because of the tremendous force.

The iron cage couldn't trap Lin Kai at all, everyone watched, the iron rod slowly bends because of Lin Kai's pulling!

The jaws of He Chenguang and others were about to fall to the ground. If Lin Kai's load-bearing cross-country and underwater escape can be explained by the potential explosion, then the scene before him is the possession of the Hulk!

How can ordinary people have such strong strength?

The iron rod has the thickness of a baby's arm. If you want to bend the iron rod with one hand, you must at least have a thousand pounds of strength, right?

Lei Zhan's eyes widened, and the pistol in his hand had been aimed at Lin Kai.

"Don't move!" At this time, Lei Zhan actually felt a little bit bad in his heart.

Click! The iron rod could no longer hinder Lin Kai, and was directly torn off by Lin Kai!

As soon as Lin Kai bent over, he got out of the iron cage.

The strength of one hundred and four is really abnormal enough!

Lin Kai looked up at Lei Zhan coldly: "Today, I want you to die."

At this time, all members of the Raiden Commando were armed with guns, and all their guns were directed at Lin Kai!

“Don’t move! Squat on the ground! Otherwise, we will shoot!” At this time, the old fox also roared.

“Are you guys doing something like this?” Lin Kai laughed disdainfully and moved his muscles and bones.

“If you have the ability, hit here.” Lin Kai pointed to his temple with an arrogant expression on his face.

At such a short distance, even an empty bullet was enough to kill Lin Kai in one shot!

boom!

Lin Kai had just said this, Lei Zhan was the first one who couldn’t stand the irritation, so he shot directly!

And the moment the bullet was ejected from the pistol, Lin Kai’s reaction ability directly subconsciously made him tilt his head, the bullet whizzed past Lin Kai’s ear, and shot it on the iron cage with a snap.

“Your marksmanship is really weak.” Lin Kai smiled disdainfully, gave Lin Kai a thumbs up, and fell down again.

“Shoot! Kill him! Shoot!” Lei Zhan couldn’t stand Lin Kai’s stimulation and roared at this time.

The old fox and the others looked at each other with doubts in their eyes. Are they really going to shoot?

Although Lin Kai was arrogant, it was Lei Zhan who provoked all this after all, shooting at his comrades was a big taboo, even if it was an empty bullet!

“Shoot! I’ll kill you if you don’t shoot!” Lei Zhan’s eyes were red, and the pistol was placed on the old fox’s head.

The old fox was sweating in his head at the time. In desperation, the old fox ordered: “Shoot!”

Then, there was a burst of gunfire, and countless bullets roared towards Lin Kai’s body at that time!

In the eyes of others, the bullets couldn’t see the traces at all, but in Lin Kai’s eyes, these bullets had traces.

After Lin Kai used his skills calmly, his reaction and speed were both increased by 20 points. In other words, Lin Kai now has an extremely fast reaction of 60 and an ultra-fast speed of 70!

Just in an instant, Lin Kai flew out like a shadow!

brush!

Lin Kai arrived in front of the old fox in an instant. After seeing Lin Kai, the old fox was taken aback. Before he could react, the gun in his hand was gone.

Afterwards, the old fox only felt his abdomen hot, and he flew back, and was directly kicked to the ground by Lin Kai!

The others reacted extremely quickly, holding their guns and shooting at Lin Kai, but in a blink of an eye, Lin Kai disappeared from the spot like a ghost and came directly in front of the King of Yama, and punched the King of Yama. Face the door!

This group of special forces, who are well-known in the Southeast Military Region, is simply vulnerable to Lin Kai! Lin Kai's reaction and speed are more than double theirs! Coupled with the help of divine eyes, they had no ability to fight back in front of Lin Kai!

With a bang, Yan Wang clutched his nose and fell to the ground, blood rushing, his nose looked crooked by Lin Kai's punch.

The little bee is not calm at this time: "I'm going, is this Superman?"

Just after Little Bee said something, he also felt a pain in his butt, and he flew out without knowing what was going on.

It was another run like a ghost, and the two of them were fallen by Lin Kaikai.

It only took less than ten seconds for Lin Kai to knock down the entire Raiden Commando by himself!

brush!

A figure flashed past, and Lin Kai appeared in front of Lei Zhan.

And the extremely nervous Lei Zhan subconsciously pointed the gun on Lin Kai's forehead.

And Lin Kai looked at Lei Zhan defiantly: "I bet there are no bullets in your gun."

Lei Zhan has never been as nervous as he is now, he has never seen anyone who can bring down his comrades in front of him! The Raiden Commando has never been defeated so badly!

The most important thing is that the opponent is just a recruit! A recruit who just came out of the recruit company!

This can be said to have greatly stimulated Lei Zhan. Lei Zhan was not convinced. Why can a recruit be better than me?

Excited by the thunder war, he subconsciously pulled the trigger. At such a close distance, no matter how fast Lin Kai was, he couldn't avoid it!

At such a close distance, even if Lin Kai's forehead is hard, an empty bullet can kill him!

Click!

After pulling the trigger, what Lei Zhan heard was a familiar empty sound. There was no bullet in the gun? impossible!

call!

A strong wind hit, Lei Zhan yelled out of his heart, knowing that Lin had developed an offense, and that Lei Zhan's reaction speed was also extremely fast, he also subconsciously threw his fist to Lin Kaimian!

But unfortunately, he didn't have Lin Kai fast.

boom!

With a muffled sound, Lin Kai punched Lei Zhan's nose, Lei Zhan stepped back three steps, covered his nose, looked at his hand, Lin Kai punched Lei Zhan's nose with blood.

"I said, I bet there are no bullets in your gun." With that, Lei Zhan saw Lin Kai playing with a magazine in his hand.

When Lin Kai approached Lei Zhan, he stole the magazine from his pistol!

Looking at the blood in his hand and the magazine stolen by Lin Kai, Lei Zhan felt hot on his face for a while. As Lin Kai's instructor, he was played with by Lin Kai!

Lei Zhan feels ashamed!

He is a very competitive person, he is not reconciled!

“Ah! Lin Kai! If you have the ability, just fight me openly!” Lei Zhan directly threw the pistol in his hand to the ground and roared.
