## Chapter 385: Kidnapping

Chapter 385

In the past two days, Lin Kai likes shopping.

Every night, go to the central street on time for a stroll.

And intentionally or unintentionally, walk into some dark alleys.

A week has passed since Fei Mengyan was blackmailed. On this day, Lin Kai appeared in the center street at 8 o'clock in the evening as usual.

After buying some food, Lin Kai walked into a dark alley.

In this alley, the road is very wide, but there are no street lights. Although it is not as exaggerated as reaching out to see the five fingers, the visibility is not high.

Walking in this alley, a gust of murky wind came, giving people a chilly feeling.

At this time, the sound of a car rang, and Lin Kai carried the plastic bag and stood on the side of the alley.

He is giving way to this car.

The car behind Lin Kai was a Jinbei van. Lin Kai glanced at it and found that the license plate number of this van was actually blindfolded.

What a courage!

brush!

The Jinbei van suddenly stopped in front of Lin Kai. With a crash, the door opened, and two strong men rushed out, covering Lin Kai's mouth, and grabbed Lin Kai into the van.

Wow!

The door closed and the van drove out of the alley quickly.

Snapped!

After being caught in the van, Lin Kai had a paper ball in his mouth, a black plastic bag was put on his head, and his hands and feet were also tied up.

...

After more than an hour, the van finally stopped bumping, and the plastic bag from Lin Kai's head was also taken off.

After a glance, there were five or six people in the van, all of them brawny men with tattoos.

Lin Kai was rudely "please" to get out of the car and saw the van parked in an abandoned factory.

It seems that this should be the suburbs.

"Fuck, go! Go in!" The strong man pushed Lin Kai.

Lin Kai was brought into the abandoned factory by five or six strong men.

In the factory, the lights are brightly lit, and in the center of the factory, there are a few sofas. A familiar person immediately greets you.

Hadron! Inch man!

On the pillar on the side, two women, Ling Xiaoqi and Fei Mengyan were tied.

They were also caught!

They were tied to a post with tears in their eyes. After seeing Lin Kai also caught in, their eyes were a little desperate.

Lin Kai was also tied to the pillar, which was tied with twine, which was very strong.

"The boss has also been arrested, this is over." Ling Xiaoqi couldn't help crying at this time.

Although Fei Mengyan was not like Ling Xiaoqi, she was also very frightened, her face pale.

Lin Wudi, it seems that he can't beat the king!

In Fei Mengyan's heart, she regretted this time, she should have reminded Lin Wudi that she had a chance to survive when she ran out of Jinling.

Otherwise, those who beat King Tiger will end up miserably, like this one now.

In fact, Fei Mengyan had a bottom in her heart.

She and Ling Xiaoqi probably won't survive tonight.

Qiangzi led six or seven big men to Lin Kai who was tied to the pillar.

The corner of Qiangzi's mouth was sneered, and his eyes were full of hatred.

"Boy, aren't you crazy?"

"Why don't you say anything now?"

Hadron was very proud.

"Lao Tzu sent someone to follow you for a week, and now I finally got you. Fuck, beat Lao Tzu into the hospital, Wanghu's guy, can you afford Qi?"

"Now, that \*\*\*\* Afu is gone? No one can save you, right?"

"Now, your life is in the hands of Lao Tzu!"

"When I want you to die, when do you have to die!"

With that said, Qiangzi took out a bright dagger.

This dagger was in Qiangzi's hands and flew up.

In the abandoned factory, there are a dozen burly men. Each of these dozen burly men has sharp and vicious eyes. Obviously, this is a group of cruel men who have seen blood on their hands.

And this place is some distance away from the city. Usually, no one comes to kill an individual, and no one really finds it.

"Are you scared? Are you trembling? Regret, right? Hahahahaha!"

Qiangzi took the dagger and smiled very wryly.

After a burst of laughter, hatred appeared on Qiangzi's face!

Lin Kai's people were so cruel that they beat his strong son to almost half-bodied!

Even after staying in the hospital for a week, Qiangzi is still aching all over.

He hates it! He hates this Lin Wudi!

However, under his careful planning, Lin Wudi was still caught by him.

Now Lin Wudi's life is in the hands of his strong son.

Lin Kai looked at the Qiangzi in front of him and smiled disdainfully: "Heh, what do you want?"

Qiangzi smiled coldly and waved his hand: "Untie him!"

With an order, two people immediately untied Lin Kai's rope.

Qiangzi stood condescendingly in front of Lin Kai, with a look of arrogance, pointing to his crotch, and said proudly: "Now, kneel down for Laozi, crawl under my crotch!"

When Qiangzi said this, a burst of laughter rang out.

A dozen strong men in the abandoned factory all laughed out loud.

The look they looked at Lin Kai was very playful. Lin Kai now looks like a joke in their eyes.

A waste that can be slaughtered by them!

It's just an unarmed garbage.

"Climbing over under my crotch, I can consider forgiving you a small life, otherwise, you will definitely die here today!"

"It's not just that you are going to die, the two women will also die. If you want to survive, you can get under Lao Tzu's crotch."

Qiangzi carried a confident smile on his face, and his eyes were full of pride.

He believes that Lin Xiong knelt down.

Because on the subject of life and dignity, ninety-nine percent of people will choose to give up their dignity in order to save their lives.

He believed that Lin Kai would kneel down and beg for himself.

"Lin Wudi? Aren't you quite famous?"

"Do you think that in this world, you can do whatever you want with money?"

"Now Lao Tzu tells you that there are some people you can't afford to offend if you have money!"

“For example, Lao Tzu, even if you have money, what can you do with me? Brothers tens of thousands, as long as you dare to go out, hundreds of brothers will kill you with a knife!

“Don’t blame me, blame you only for not seeing!”

“Now, kneel down and crawl over Lao Tzu’s crotch, you still have a chance to survive, otherwise, Lao Tzu will let you die now!”

Snapped!

I saw the dagger in Qiangzi’s hand directly inserted into the table on the side, and the table was immediately pierced by the dagger.

Lin Kai glanced at Qiangzi, with a calm expression on his face.

“You are not qualified, let the king tiger come out and speak.”

After listening to Lin Kai’s words, Qiangzi became angry at the time.

“Fuck, are you looking for death?”

## Chapter 386: Tiger Lord Is Here

Chapter 386

Who is Wang Huo?

That is the most famous person in Jinling City.

Although Lin Kai beat Wanghuo’s younger brother, he is far from qualified to see Wanghuo.

With a quick brush, Qiangzi drew out the dagger stuck in the table and shook it threateningly in front of Lin Kai.

“You the \*\*\*\* still want to see my boss? Are you qualified? Now that I move my hand, your life is mine!”

“Now, I advise you to put your eldest young master off the shelf for a while, you know, you are not Lin Wudi now.”

“You are a dog at my feet, Brother Qiang!”

“It’s not even as good as a dog. Whenever I want to kill your dog, I can kill you when.”

“Don’t think I’m joking, Brother Qiang didn’t deal with people before, you think I dare not move you? Killed you in this place where birds don’t shit, who knows?”

Qiangzi’s face showed a sinister grin.

Lin Wudi, Lin Wudi, until now, do you still regard yourself as Lin Shao?

Now I will let you know that you are a dog now!

“Now, kneeling in front of Lao Tzu and crawling under my crotch, I can consider letting you die.” Qiang Tzu pointed to his crotch and said with his head tilted.

Lin Kai always had a calm expression. He said lightly: “Hehe, I said, you are not qualified to talk to me and call Wang Huo over.”

“You!” Qiangzi was angry when he saw that Lin Kai was still so mad.

He intentionally wanted to stab Lin Kai to death, but he felt that it would be too cheap to stab Lin Kai to death like this.

“Haha, good, spine!”

“It’s cheap to stab you to death!”

“These two women should be the women you raised, right?”

Qiangzi sneered, holding a dagger, and came to Ling Xiaoqi and Fei Mengyan’s side.

Fei Mengyan and Ling Xiaoqi both looked at Qiangzi with fear, shaking all over, and Ling Xiaoqi was so scared to cry.

“You... don’t come over!” Ling Xiaoqi cried out and begged for mercy.

Qiangzi curled his lips at this moment: “Oh, what a beauty seedling, how old are you this year? Only eighteen or nineteen years old? It’s a pity that I was ruined by this scumbag so early.”

Qiangzi looked back at Lin Kai and smiled lasciviously.

“For such a good girl, how can I not let Lao Tzu feel refreshed before dying?”

As Qiangzi said, he looked at Ling Xiaoqi squintly, and saw that he had put away the dagger, and was about to move Ling Xiaoqi.

And Ling Xiaoqi was so scared that he screamed.

“Ahhhhh! Don’t! The boss, help me!” Ling Xiaoqi let out a scream, tears falling out of her eyes.

Fei Mengyan also bit her lip, frowning, she said angrily: “Qianzi! You have the ability to come to me, what is the ability to bully a child?”

Fei Mengyan was fighting for Ling Xiaoqi!

Ling Xiaoqi was originally her employee. She also knew that Ling Xiaoqi was a very innocent child. The reason why Ling Xiaoqi was caught here now is because of her own business.

Fei Mengyan felt very sorry for her, she couldn’t see Ling Xiaoqi being humiliated in front of her!

Upon hearing this, Qiangzi turned to look at Fei Mengyan, the mature body of the young woman was more attractive than Ling Xiaoqi.

“That’s right, solve you first, then solve her!”

“Hahahaha!”

A burst of wretched laughter came, and a dozen brawny men in the abandoned factory rubbed their hands and looked at Ling Xiaoqi and Fei Mengyan with squint.

These two women are both superb!

After a while, the strong sons are cool, and they will definitely be cool!

Instead of Mengyan biting her lip, she controlled her emotions and tried not to let her tears fall.

She knew that she had to face all this! She is already a mature woman, anyway, I am no longer a virgin girl, chastity is no longer, but Ling Xiaoqi is still a child, and I must sacrifice myself for Ling Xiaoqi!

At that time, Fei Mengyan closed her eyes and let Qiangzi do it.

When Qiangzi was about to do it, Lin Kai’s voice came over: “Move them up, I will kill you!”

Lin Kai’s voice finally became severe!

But the expression in Lin Kai’s indifferent eyes suddenly became extremely sharp!

The look was very fierce, and the invisible murderous aura burst out instantly.

It seems that he is not alone, but a killer!

Lin Kai was deliberately caught by Qiangzi, but his purpose was to see King Tiger!

That's why he has tolerated this short-cut man again and again.

But now it seems that King Tiger will not come, so he is ready to solve these small roles.

Qiangzi was also taken aback by the aura on Lin Kai's body, but when I think about it, the dozen or so brothers behind Laozi are still afraid of you?

At that time, Qiangzi deliberately showed a frightened expression: "Ouch, you must not scare me, I am not scared!"

Qiangzi smiled disdainfully, and touched Feimengyan's chest in front of Lin Kai.

Lin Kai was also preparing to do it at this time.

But at this moment, I saw a brawny man venting at the door hurriedly ran in and shouted, "Brother Qiang! Lord Tiger is here!"

With just such a sentence, Qiangzi was taken aback for a moment, and he withdrew his hand.

An ecstatic expression appeared on his face: "Is my brother-in-law here?"

That's right, the reason why Qiangzi can have such a high status among this group of people is precisely because his sister is one of Wanghuo's women!

At this time, I saw a dozen people standing in a neat row behind Qiangzi, welcoming the tiger king.

From outside the abandoned factory, three Hummer off-road vehicles drove in, and three Hummer off-road vehicles stopped at the door of the abandoned factory.

From the three Hummers, a group of brawny men with tattoos came down.

These brawny tattooed men are all burly in stature and fierce expressions, and their boss, Wanghuo, is a fat man with a big belly.

It seemed that it had to be about two hundred catties, and the fat on his body was shaking after walking.

I saw him with bright hair and wearing a suit. He laughed and showed his big golden teeth.

With a woman in his arms, he strode into the abandoned factory.

After Qiangzi saw Wang Huo, he greeted the past.

“Brother-in-law, why are you here?” Qiangzi took out his cigarette and smiled flatteringly.

With a slap, Wang Huo patted the Furong Wang in Qiangzi’s hand. As soon as he stretched out his hand, the strong man next to him immediately passed a cigar.

After smoking two cigars, Wang Hudi said lightly: “It’s not that I heard that Lin Wudi has recently emerged in Jinling City. Lao Zi Wanghu has come to see today whether this Lin Wudi has three heads or six arms!

“Strong son, don’t listen to the tiger’s nonsense, your sister, I have been grinding your brother-in-law for a long time, and your brother-in-law agreed to come over and give you this face.”

At this moment, the woman in Wanghuo’s arms said charmingly.

## **Chapter 387: I Am A Chinese Soldier**

Chapter 387 I’m a Chinese Soldier

This woman is the sister of Qiangzi.

This woman, who looked twenty-five and sixteen years old, was very beautiful and had a hot body. She was attached to Wanghuo’s side, and she was very charming.

The rumored king tiger is indeed very fierce.

With a cigar in his mouth, he glanced at Ling Xiaoqi and Fei Mengyan who were tied to the pillar, and his eyes lit up.

“Yeah, where did these two girls come from?” Wang Huo asked, touching his chin.

Qiangzi looked at it, his eyes twitched, and he said quickly: “Brother-in-law, these two girls are the woman of Lin Wudi. If you like it, I will send someone to your villa today.”

King Tiger laughed loudly: “Hahaha! Not bad!”

Tiger Wang had acquiesced to Qiangzi’s doing this, but Qiangzi’s sister didn’t even dare to let go.

His wife and concubines were in groups, and she was just one of his many women.

“Who is Lin Wudi?” Wang Huo asked again.

Qiangzi looked at Lin Kai at this time, his mouth raised: “It’s him!”

Qiangzi pointed at Lin Kai and said with a smug expression.

He looked at Lin Kai’s eyes, full of horror, Wang Huo’s ability to come, indeed gave him enough face.

Lin Wudi, have you seen it? This is my background. Tiger King, can you afford to offend?

Wang Huo dangled his cigar and squinted at Lin Kai.

“Oh, I thought it was a big man with three heads and six arms, but a little but stinky little furry boy.” Wang Huo shook his head in disdain.

Qiangzi’s sister also said: “Yeah, just such a little kid, actually beat up my brother, this is simply hitting your king tiger in the face!”

Wang Huo sneered: “Don’t worry, I will throw him into the river to feed the fish.”

Wang Huo’s tone was very arrogant, and between the words, he did not take Lin Kai personally.

It seemed that Lin Kai was nothing more than an object in his eyes. He could deal with Lin Kai as he wanted.

Qiangzi hooked his hand at Lin Kai at this time: “Boy, when you see my brother-in-law, why don’t you kneel down and call him Lord Tiger?”

Everyone stared directly at Lin Kai, their eyes full of playfulness.

Today, Lin Kai is the protagonist, but unfortunately, in the eyes of everyone, he is a protagonist who is about to die.

Wang Huo is someone he can’t afford to offend. If he beat Wang Huo’s brother-in-law, even if he is a rich second generation, he will definitely die!

At this time, Fei Mengyan, who was tied to the pillar, regretted it.

If she knew this, she should have escaped from Jinling and ran away!

It's good now, but if Wang Huo and Xiao Qi are attracted by Wang Huo, Lin Kai will also be killed by Wang Huo.

Fei Mengyan's heart was filled with regret. She was tragic enough for her death, and now she has to cause two people to suffer together with her.

In her heart, she was sorry!

There were only two words in Ling Xiaoqi's heart, and that was fear.

After all, she is just a little girl of 18 or 9 years old, she is not very mature yet, she just wants to be a simple bookstore employee.

But now, she has to face a fierce and vicious old man, not to mention the humiliation, her life is hard to protect!

"Fuck, kneel down!" Seeing that Lin Kai was indifferent, Qiangzi was angry at the time.

Seeing Qiangzi drew out the dagger, he stepped forward and wanted to stab Lin Kai.

But at this time, Wang Huo stopped Qiangzi.

"Don't." Wang Huo grabbed Qiangzi, who was confused.

Wang Huo snatched the dagger from Qiangzi's hand and threw it on the ground.

"What do you do with this broken thing? Don't you always want to use your brother-in-law's gun? Brother-in-law will help you today." Wang Huo laughed hard, and as soon as he stretched out his hand, a burly man handed him a pistol.

This is a black Browning pistol. After seeing this pistol, Qiangzi was overjoyed!

Although Wang Huo is his brother-in-law, his relationship with Wang Huo is not so close, because Wang Huo has too many women.

At the level of hadrons, there is no such thing as a pistol.

Wang Huo was born in Jinling. He naturally has weapons like pistols, and there are many more!

The brawny man next to him basically has one hand!

Qiangzi took the pistol with a look of excitement.

This is a gun!

Qiangzi has never experienced the feeling of killing with a gun!

“Now, shoot at his head, with a bang, the brain burst out!” Wang Huo smiled cruelly.

And Qiangzi raised his pistol in excitement.

Looking at Lin Kai again, even when facing a pistol, he can keep his face unchanged.

Lin Kai looked at Wanghuo and asked, “Wanghuo, right?”

Wanghuo narrowed his eyes: “Why, do you have any last words?”

Lin Kai shook his head and said faintly: “Let me tell you the truth, I’m actually a soldier.”

“Ok?”

As soon as Lin Kai said these words, the scene was silent for a while.

soldier?

Qiangzi was also stunned, and the pistol in his hand trembled.

“What do you mean?” Wang Huo asked.

“I now give you a chance to reform. You have committed serious crimes. The above has already noticed you. If you cooperate with me, I will count you as meritorious. If you don’t cooperate with me, I am sorry, the death penalty is waiting for you. “

After Lin Kai said it, everyone looked at each other.

Soon after, a burst of laughter broke out.

“Hahahahaha! I laughed so hard, I \*\*\*\* thought this Lin Wudi was so courageous that he didn’t change his face when pointed at by a pistol.”

“It turns out he did it! Hahaha!”

Qiangzi laughed out loud at the time, his eyes full of mockery.

And all the brawny men behind Wanghuo laughed out loud. They held their arms and looked at Lin Kai like a fool.

Wang Huo patted his belly and smiled: “Hahaha! What a ignorance!”

“My king tiger has been rampant in Jinling for so many years. How can it be okay? Damn, the director of the public security bureau calls me king tiger brothers. You \*\*\*\* say you are a soldier and want to \*\*\*\* me?”

“Do you think I am a fool?”

Lin Kai raised his eyebrows: “Don’t you believe it?”

“I believe your mother!” Wang Huo let out a thick sputum.

Lin Kai shook his head: “I will give you this opportunity. You must cherish it!”

Lin Kai’s way of holding the winning ticket completely angered Wang Hu, and saw Wang Hu regaining the pistol from Qiangzi’s hand, and with a click, the bullet was loaded.

“Kneel down, or I will kill you with one shot!” Wang Huo said sharply.

Wang Huo’s expression was very hideous, he was not joking.

He really can shoot!

Lin Kai saw Wang Huo raising his pistol and shook his head: “Hey...”

“I gave you a chance, but you don’t cherish it!”

“I have a chance to go to your mother!” Wang Huo laughed hard and pulled the trigger directly!

Dare to play with him?

His king tiger has been in Jinling for so many years, relying on one word, cruel!

boom! boom!

## **Chapter 388: Not Enough?**

Chapter 388: Not Enough?

Snapped!

As soon as Wang Huo pulled the trigger, he heard another gunshot, and a bullet directly hit the Browning pistol in Wang Huo’s hand!

With a click, the pistol in Wanghuo’s hand was shot directly to the ground.

Looking at the Browning pistol again, a bullet hole appeared, and the bullet hole penetrated the entire pistol!

Sniper gun!

Tiger Wang was dumbfounded at the time, how could there be a sniper rifle?

It was precisely because of the shooting of the sniper rifle that the shot that Wang Huo shot was directly empty.

Everyone was shocked, and saw that these twenty-odd strong men looked vigilantly in the four directions, trying to find out who was shooting.

The men that Wang Huo brought out instantly drew the pistols from his waist, and were vigilant.

Wang Huo looked at the pistol that was shot through and fell into deep thought.

Finally, he looked at Lin Kai.

“Lin Wudi?”

“Who are you?”

Wang Huo asked in shock.

Someone is helping Lin Kai secretly!

Otherwise, it is impossible to explain who fired the shot just now.

Lin Kai smiled indifferently: “Hehe, I said, I am a soldier from the Huaxia Kingdom.”

soldier?

Everyone looked at each other.

Just now everyone didn't take Lin Kai's words to heart. How could a young man be a soldier?

But now, Lin Kai's identity is really questionable.

His life is in the hands of others, but he can do it without panic.

Maybe he really is a soldier!

Ling Xiaoqi and Feimengyan also stopped sobbing, and they looked at Lin Kai again, expectant expressions in their eyes.

soldier?

Is it possible that Lin Wudi is not only as simple as it seems on the surface?

Qiangzi was also dumbfounded.

He subconsciously said: "Impossible! When my people caught Lin Wudi, they started quickly. They caught Lin Wudi and went straight out of the city. It is impossible for anyone to follow!"

After hearing Qiangzi's words, Lin Kai shook his head disdainfully: "Heh, don't you know that there is a locator?"

Lin Kai took out a coin-sized locator from his pocket and threw it in front of everyone.

After seeing the locator, everyone was dumbfounded again.

It seems that Lin Kai really came prepared!

Wang Huo is also a personal spirit: "Could it be that you have worked so hard and just want to catch me?"

Lin Kai nodded: "Yes, you have been noticed by the above."

Hearing this, Wang Huo laughed hard: "But you haven't thought about the safety of your own life? Do you think that just relying on a sniper can scare me Wanghu?"

"Tell you! I, Tiger King, have come here licking the tip of a knife over the years. With so many people, can I be afraid of you as a sniper?"

"Even if there is a sniper, after I kill you, I can still run away!"

Wang Huo deserves to be the number one figure in Jinling.

Even if there is a potential danger, he will never fear.

Lin Kai listened to Wang Huo's words and nodded with a smile: "I have the courage, but who said to you, I only have a sniper?"

Happiness!

Lin Kai clapped his hands and brushed it. From the beam above Lin Kai's head, a sniper with a sniper rifle appeared.

This sniper is wearing a military-green combat uniform and well-equipped. He is a Chinese soldier!

This was not over yet, I saw two snipers turned out from the gasoline tank at the gate. These two snipers, like the sniper on the beam, both held sniper rifles!

Two more snipers emerged from the back door of the abandoned factory.

A dozen snipers appeared before and after!

All these dozen snipers are holding in their hands are fully automatic sniper rifles, which are fast and powerful!

Everyone was shocked after seeing this scene.

More than a dozen snipers, a dozen sniper rifles! They are well-trained soldiers!

These snipers only showed up slightly and hid behind the bunker.

Tiger Wang looked dumbfounded at so many snipers around him.

He looked behind him, there were more than 20 people behind him with a dozen pistols, but against a dozen snipers, he had no chance of winning!

He Wanghuo understands that this Lin Wudi is here to fix himself!

But now, Wang Huo is not reconciled.

He knew that he committed a capital crime, and being caught by Lin Kai was a dead end!

It's all a dead end, he might as well fight it!

"protect me!"

Wang Huo gave an order, and with a clatter, more than two dozen brawny men surrounded Wang Huo in the middle.

Wang Huo looked at Lin Kai with a grim look: "Lin Wudi! Don't be smug! Even if I die, I will pull you as my back!"

"Your sniper is powerful, but can your sniper destroy more than twenty of my men at the same time?"

"As long as I can't, I will kill you and your two little lovers!"

Seeing such a proud King Tiger, Lin Kai smiled: "Not enough? Yes!"

Happiness!

Lin Kai clapped his hands again, there was a sound of footsteps, and I saw twenty soldiers rushing in from the gate of the abandoned factory!

Each of these twenty soldiers holds a 95-type assault rifle in their hands. The firepower group of twenty people is full of firepower!

This was not over yet, another twenty assaulters appeared from the back door.

Forty 95-type assault rifles were aimed at Wanghuo's man!

This is not over yet, and Chinese soldiers have appeared from every corner of the abandoned factory, behind the oil drum, in the chimney, and wherever there can be people.

Add up to 70 or 80!

Each of them held an assault rifle in their hands and aimed at the king tiger!

Lin Kai looked at Wang Huo and asked with a smile, "Is it not enough? Don't worry, there is more!"

Happiness!

Clap your hands again, this time, I saw ten soldiers rushing in from the gate of the abandoned warehouse, these ten soldiers, holding ten grenade rifles!

Heavy weapons!

One shot of a grenade can make all the twenty-odd people such as Tiger Tiger soar!

A team of about 120 people appeared in the abandoned warehouse.

A company of troops!

At this time, only the voice of the soldier was heard: "Put down the weapons in your hands, you are already surrounded, give up useless struggles, and strive for mercy!"

Surrounded!

These four words are a great mockery for Wang Huo.

His own Jinling King Tiger unexpectedly capsized in the gutter and was rectified by a rich second-generation Lin Wudi.

Facing him is a company of troops!

It seems that the above really noticed him, and made up his mind to get rid of his cancer!

At this time, Wang Huo was really desperate. He knew that no matter how much he resisted, it would be useless.

I was surrounded by a company of troops. As long as I acted rashly, it would be difficult to keep a whole body!

But Wanghuo's men were shaking all over, they couldn't hold their pistols anymore, and they were even more timid. They were almost scared to pee!

## **Chapter 389: Stand For Crime**

Chapter 389

A dozen sniper rifles.

Dozens of assault rifles.

Ten grenade guns.

The strength of a company.

Although Wang Huo is a gangster, where has he seen such battles?

He had only seen this kind of battle on TV.

Now, no matter how ruthless the tiger is, he won't be ruthless.

In the face of absolute power, all resistance is Miao Tan.

With just a dozen pistols, it is estimated that they were beaten into fishing nets before they could shoot them.

And in their hearts, they were all shocked.

Lin Wudi, an ordinary rich second-generation, has an unusual background at all. He is a Chinese soldier!

A company's strength can be transferred casually, and it can be seen that Lin Wudi is not an ordinary soldier.

The rank is still very high!

Wang Huo was desperate. He knew that he had no chance to stand up today.

In Qiangzi's heart, it was a fear.

He only wanted to avenge Lin Kai's beating him a few days ago. He didn't realize that Lin Wudi could get his boss down!

This is the strength of a company!

The taste of being targeted by dozens of 95 assault rifles is uncomfortable.

Remembering that I wanted to shoot Lin Kai in vain just now, it was a big joke!

No wonder the opponent has always been confident, because in silence, a company's forces have entered the factory.

Poorly they haven't found out yet, they have been complacent.

These two dozen brawny men were trembling with fright.

They followed the king tiger, just for the money, they would not work hard for the king tiger.

But now, as long as they dare to act rashly, it is difficult to leave a whole body!

Feimengyan and Ling Xiaoqi, who were tied to the pillar, cried with joy at this moment.

This feeling of coming out of desperation is really wonderful!

They thought they were dead, they thought they were chaste, but they didn't realize that Lin Wudi's identity was so difficult.

He transferred a company of troops to deal with the king tiger.

No wonder Lin Wudi can always make Taishan collapse in front of him without changing his face when facing the king tiger.

Lin Wudi's background is not just what they see, Lin Wudi's background is really powerful!

Lin Kai put his hands in his pockets and a playful smile appeared at the corner of his mouth.

“Now, I’ll give you a few opportunities. You are just a group of small people. Throw down your weapons, surrender, and strive for leniency.”

“Otherwise, there is only one end for you, and that is death!”

As soon as Lin Kai’s words came out, the strong men around Wang Huo looked at each other, and their eyes were only afraid.

They don’t want to die here for King Tiger.

At that time, I saw a strong man dropped the pistol in his hand, stood up with his head in his hands, and stammered: “I...I surrender...”

With people starting, the other strong men couldn’t hold back anymore, and stood up one by one, and they took turns tossing their weapons to the ground.

All surrender!

Even Qiangzi didn’t stand by his brother-in-law’s side at this time, but squatted to the side with his head in his arms and announced his surrender.

And Qiangzi’s sister, also decisively chose to leave Wanghuo.

At this moment, I saw Wanghuo standing alone in the middle of the factory. He didn’t even have a pistol in his hand, but there were hundreds of guns aimed at him!

Polish commander king tiger!

At this time, the king tiger did not feel a sense of security.

Not to mention that he is unarmed, so many people can drown him with one spit!

The trembling Wang Huo glanced around the crowd, helplessly he raised his hands.

“I... I surrender...”

There was no way, Wang Huo knew that he had no other way out.

At this time, I saw two assaults overpowering Tiger Wang and handcuffing him.

Then, a soldier with the rank of captain came to Lin Kai and paid a military salute.

“Hello, Comrade Major, the task has been completed, please give instructions!”

Lin Kai also returned a military salute: "Resume on the spot and stay vigilant."

"Yes!"

A company of soldiers guarded this abandoned warehouse, and Lin Kai and Wanghuo were moved to an empty corner because what Lin Kai wanted to talk to Wanghuo was suspected of military secrets.

In the corner of the abandoned warehouse, Wanghuo was smoking a cigarette with handcuffs on his hands.

Lin Kai sat in front of him and asked, "Do you know what your fate will be?"

Tiger Wang nodded tremblingly: "I know, the death penalty..."

Tiger Wang understands his fate, because he knows how many bad things he has done.

It's not a pity that he died!

Lin Kai smiled slightly: "I will now give you a chance to cooperate with our military. I count you as guilty and meritorious."

Hearing the words, Wang Huo looked up at Lin Kai, a look of expectation flashed in his eyes.

"what chance?"

Lin Kai said: "My identity as Lin Wudi is just a disguise. I came to Jinling to perform a mission."

"As long as you cooperate with me in this scene, even if you are guilty and meritorious!"

"I dare not say that it can change you from a death sentence to a fixed-term imprisonment, but it is okay to get you a life sentence."

life imprisonment?

Hearing this, Wang Huo's eyes lit up.

To him now is a luxury.

Even if you live in prison, you are still alive. As the saying goes, it is better to live than to die!

If you perform well in prison, you might get a fixed-term sentence!

Wang Huo asked: "What do you want me to do?"

"You don't have to do anything, continue to be your king tiger, I will call you when I have something to do."

"can!"

Tiger Wang directly nodded and agreed.

Lin Kai knew what was so tricky in Wang Huo's heart, he must have the idea of running away.

"Don't think about running away, open your mouth."

"Ok?"

Wang Huo was taken aback and snapped, only to see a black pill stuffed into his mouth.

Lin Kai covered his mouth with a grunt, and Wang Huo directly swallowed the pill.

"See me once a week for an antidote, otherwise you will bleed to death without an antidote!" Lin Kai smiled lightly.

"Also, do you see the strength of the company outside? They will watch you all the time, don't think about running away."

Lin Kai's two tricks made Wang Huo desperate at that time.

Being poisoned and being watched by a company's troops, his king tiger is now over.

But he was not shot immediately, Wang Huo was already content.

"I admit it." Wanghuo lowered his head.

After leaving the abandoned warehouse, Wang Huo's men have been taken away. In order to prevent things from being leaked, these people will be locked up in the Public Security Bureau and will not be released for a short time.

The whole Jinling city is still very peaceful. No one knows that the king tiger who has mastered Jinling has already been dealt with.

After sending away Wanghuo, Lin Kai took Ling Xiaoqi and Fei Mengyan back to the study room in a black-faced car.

## **Chapter 390: I Want A Pay Raise**

## Chapter 390

The next day, looking north at the Bookstore.

Lin Kai sat bored at the bar and read.

Cao Wanjin has already invited Lin Kaizai, and Lin Kaizai is gradually gaining his trust. Tomorrow, the film "Crossing Fire" will officially start.

Lin Kai is the male number one.

But what is interesting is that this movie was not produced by Wanjin Entertainment, a subsidiary of Cao Wanjin, but was outsourced to another entertainment company in Jinling, Tianhong Entertainment.

Tianhong Entertainment is also a listed entertainment company, and Lin Kai also understands why Cao Wanjin would do this.

After getting his own money, he is bound to kill or kick himself off and sign himself into his own company, which is not convenient for processing.

Today, Lin Kai is worrying about how to accomplish the task left to him by the system.

Lin Kai obtained the golden pupil, but with conditions, the system's condition is to use the golden pupil to find a special antique.

It looks like a compass.

Found within ten days, the Golden Eye was officially owned by Lin Kai. If it is not found, the Golden Eye will be taken back.

As for where to find this compass, Lin Kai had no clue.

I can only do whatever it takes. If I can't find this compass in ten days, it can only mean that I have no relationship with the golden pupil.

In the past few days, the bookstores business has been good, and the daily net profit can reach tens of thousands of yuan.

After all, it was a bookstore that spent five million to renovate. The whole bookstore gave people a high-end atmosphere, and the story of Lin Kai's brutal beating of Qiangzi in the bookstore also spread.

Here, safety is also guaranteed.

Even if the charges are sky-high, the most important thing in Jinling is the rich and the business is very hot.

Not Mengyan and Ling Xiaoqi were exhausted, and Ling Xiaoqi came to Lin Kai's face, pouting, with a look of reluctance.

"Boss, I want a salary increase!" Ling Xiaoqi said with arms akimbo.

Lin Kai was taken aback, and asked, "Why?"

"Now the business in the store is so hot, Fei and I are almost exhausted, I don't care, I ask for a salary increase!" Ling Xiaoqi said spoiledly.

Lin Kai smiled helplessly: "Haha, good, salary increase!"

"Your monthly salary is 8,000, but my sister's monthly salary is 15,000!"

"Thank you, boss!" When Ling Xiaoqi heard this, his eyes lit up, and he came to Lin Kai's face and pressed a kiss on Lin Kai's face.

Lin Kai also smiled helplessly.

Ling Xiaoqi regards herself as an older brother, Nan Mengyan is also very gentle and virtuous, Lin Kai treats her as an older sister.

Now in Beiwang Bookstore, Fei Mengyan is the store manager and Ling Xiaoqi is the bar waiter.

Seeing them so hard, Lin Kai couldn't bear it, so he shouted: "After closing today, I invite you to Michelin for dinner!"

"okay!"

At eight o'clock in the evening, the bookstore closed in advance. After closing, Lin Kai took Feimengyan and Ling Xiaoqi into a car and went to the nearest Michelin restaurant for dinner.

Fei Mengyan wore a black dress, plump but not dewy, and felt her gentle and virtuous temperament.

Ling Xiaoqi wore a pair of overalls, very cute and playful, combed with double ponytail hair, and his face was full of collagen.

Taking these two beauties into the taxi, even the taxi master couldn't help but glance at Lin Kai.

I'm jealous! Winner in life!

Ten minutes later, we arrived at the Michelin restaurant.

This Michelin restaurant is very popular and the price is very expensive.

When he walked into the Michelin restaurant, a waiter greeted him immediately. After welcoming Lin Kai and others to an empty seat, the waiter took out the menu.

"Sir, please order."

Fei Mengyan and Ling Xiaoqi glanced at the menu, and were shocked by the price on the menu. The cheapest dish cost more than 100 yuan.

Fei Mengyan and Ling Xiaoqi didn't dare to order more, so they ordered about 1,000 yuan.

Lin Kai also ordered a few dishes, and the waiter went down with the menu.

Ten minutes later, six or seven dishes were placed on the table. Michelin's dishes are not only delicious, but also beautiful in appearance.

At that time, Fei Mengyan and Ling Xiaoqi both took out their mobile phones to take pictures and were very happy.

"Wow, boss, you are so generous, don't you cost more than one thousand yuan for this table?" Ling Xiaoqi asked with a bright look.

Lin Kai touched his nose: "I don't know."

"Boss Lin is the richest young man in Jinling, what kind of money is this?" Fei Mengyan smiled at this time.

"Of course, even Wang Huo is afraid of Lin Shao!" Ling Xiaoqi said with a smile.

"It's just that, my boss Lin doesn't really look like a rich man." Ling Xiaoqi smiled at this time.

"Boss Lin is low-key!" Feimengyan gave Ling Xiaoqi a white.

Indeed, Lin Kai really didn't look like a rich man with a pair of big white pants on his lower body, a black vest on his upper body, and a pair of flip-flops on his feet.

While the three were talking and laughing for a meal, two people walked in from outside the Michelin restaurant.

A man and a woman.

The man looks in his thirties, wearing a decent suit, wearing a pair of glasses, and a gentle feeling.

And there was a woman next to him, who looked very young, in her early twenties.

The woman is very beautiful, she is very sexy, and she carries a Chanel bag in her hand.

“Waiter! (Waiter The man beckoned, and a waiter ran over.

“Is there any place?”

The waiter glanced at his notebook and smiled: “Sir, there is only the last position left, please follow me.”

With that, the waiter took them to Lin Kai’s side.

Next to Lin Kai, there is the last position.

Not Mengyan raised her head and glanced at the man, and after the moment she saw the man, she was stunned.

It took a long time before she recovered. She quickly looked down at her mobile phone, not daring to look directly at the man.

When the man walked to Lin Kai’s side, he also noticed Fei Mengyan.

The corners of his mouth rose slightly: “Yeah, isn’t this my ex-wife?”

“You still have money to eat Michelin?”

“Who is this kid? Isn’t it the little white face you raised?”

The man touched the watch on his wrist and showed a playful smile.

Ex-wife?

Lin Kai was stunned. Could this man be Mengyan’s previous husband?

Fei Mengyan bit her lip and said angrily: “Liu Fu, do I have any money? It has nothing to do with you!”

“Also, he is not my little boy, he is my boss!”

Hearing Fei Mengyan's words, the man disdainfully smiled: "Boss? So big?"

"Fei Mengyan, leave me, you really are going back more and more alive!"

"By the way, I heard you sold the bookstore?"

"I also heard that you owe King Tiger a million?"

"Do you know the consequences of offending King Tiger? You still have the mind to eat Michelin? If you let King Tiger know that you have money to eat Michelin and do not pay him back, be careful that you are thrown into the river to feed the fish!"

## Chapter 391: Michelin Star Restaurant

Chapter 391 Michelin Restaurant

Liu Fu's words made Fei Mengyan's face very unsightly.

Fei Mengyan said slightly angrily: "Liu Fu! We are already divorced, you don't need to care about my affairs!"

Seeing Fei Mengyan angry, Liu Fu shook his head.

Have a fun laugh.

Why are they divorced? It's because Liu Fu has a woman outside!

Moreover, he is now the manager of a certain company, still the kind of important position.

The annual salary is over 10 million!

Moreover, Liu Fu also knows many big brothers in Jinling.

The girlfriend next to him, named Rongrong, is only 21 years old this year, and she looks like a shameless flower.

After all, he was young and his skin was very watery.

She gave Feimengyan a white glance and said, "Liu Fu, is this your ex-wife?"

"You are in your thirties?"

"One Huang Lian Po, fortunately you left her, otherwise such a Huang Lian Po is at home, you dare not go home!"

“Unlike me, I’m only 21 years old this year. Compared with women in their thirties, the gap is suddenly apparent.”

Rongrong’s words were very ugly, she was mocking Feimengyan.

Nothing else, just because she is Liu Fu’s ex-wife!

And Liu Fu glanced at Fei Mengyan triumphantly.

Fei Mengyan, Fei Mengyan, let you be caught and raped in bed, let you humiliate me in front of my family, and finally got divorced.

Now, I, Liu Fu, will let you see how well I have lived!

Fei Mengyan’s face flushed with anger, she clenched her pink fist tightly, and her whole body was trembling slightly.

Ling Xiaoqi comforted Feimengyan a few words, but did not dare to talk back to Liu Fu.

But Lin Kai opened his chopsticks and frowned, “Enough! Since you are divorced, please shut up!”

When Liu Fu heard this, he smiled disdainfully at the time: “Where can you speak? Forget it, don’t care about you, waiter, order food!”

The waiter presented the menu, and Liu Fu and Rong Rong began to order.

When Liu Fu ordered the food, he deliberately spoke very loudly.

“Just this one, three thousand eighty-one dish.”

“This five thousand and six are here too.”

“And this one, three thousand and five.”

I ordered three dishes, all of which are very expensive signature dishes. These three dishes are already worth more than 10,000.

When the waiter saw that this was a big customer, he didn’t dare to neglect, so he ran off holding the menu.

Soon after, I saw a tall and handsome foreigner approaching Liu Fu’s table.

I saw that foreigner bowed to Liu Fu very gentlemanly, and said politely: “Hello, I am a Michelin violinist. Now, on behalf of Michelin, I am sending you a violin song and this beautiful lady. .”

After all, the foreigner played the violin.

The melodious piano sound soon floated throughout the Michelin restaurant, and many people turned their heads to look at Liu Fu.

Many women have envious looks in their eyes. It seems that only if they consume more than 10,000 Michelin, a violinist will play for them.

And Liu Fu's face was full of pride.

Rongrong also looked at Liu Fu with admiration.

"This Michelin treats guests really well."

"But I don't know why, in the entire Michelin restaurant, it seems that we are the only one who has a violinist here."

Liu Fu smiled triumphantly.

He was mocking Feimengyan and Lin Kai.

Just do you deserve to come to Michelin for dinner?

Do you see it? I, Fu Liu, came here and spent more than 10,000 for a casual meal, and a professional violinist came to play for me.

And you guys?

It was really sad to look at the poor dishes on the table.

Fei Mengyan's hands holding the knife and fork were trembling slightly. She was so angry that her chest was up and down, but there was nothing to do with Liu Fu.

No way, people spent money here to consume. Even if Mengyan doesn't look pleasing to his eyes, she can't drive him away, right?

If it weren't for Lin Kai's wasted face today, Fei Mengyan would have patted the table and left!

But she knew that she couldn't do that, and that would not save Lin's face.

Therefore, she can only lower her head and say nothing, and eat her own food.

Lin Kai frowned, this Liu Fu was really arrogant.

Soon after the violinist finished playing, he bowed to Liu Fu, turned around, bowed again to Lin Kai, and left the scene directly.

When Liu Fu saw the violinist bow to Lin Kai, he laughed playfully at the time: "Yo, he also made you soak in my light. The violinist thinks I and you are friends!"

Ling Xiaoqi finally couldn't help it at this time, and said loudly: "Cut! Who is rare?"

Liu Fu smiled contemptuously, picked up the knife and fork, cut off a steak, put it in his mouth, and chewed with enjoyment.

"Well, this Kobe steak from the island country is delicious and worthy of its price!"

"My dear, come, you taste this." Rong Rong picked up the food for Liu Fu and put it into Liu Fu's mouth.

It is a love for two people.

"How can there not be a bottle of red wine to add to the fun under such an occasion?"

"Waiter, bring me a bottle of Lafite from 1982!"

Liu Fu's words sounded, and the guests of the Michelin restaurant all exclaimed.

Liu Fu is a real tyrant! Lafite in 1982, more than ten thousand bottles!

Soon after, a bottle of red wine was placed on Liu Fu's table. Liu Fu opened the red wine, poured a glass for himself and Rongrong, and slowly tasted it.

"Well, yes, the Lafite in 1982 has the charm."

Liu Fu's face was full of pride.

He is showing off, he is stimulating Fei Mengyan.

Did you see it? Without you, my life is better than before!

It just so happened that you left me, and I also got a promotion and a salary increase. I used to make millions every year, but now I make millions!

Regret it? It's too late to regret.

Now there are groups of wives and concubines beside Lao Tzu, and there is no shortage of women!

Fei Mengyan was angry, and tears rolled in her eyes.

Even Lin Kai couldn't stand it anymore.

At this time, a person walked in from outside the Michelin restaurant. After seeing Liu Fu, he yelled and walked over directly.

"Yeah, Fu Liu?" It was a thin young man, dressed in extravagance.

It's just that he is a little too thin, with heavy dark circles, and it seems that he is a little too alcoholic.

After seeing this young man, Liu Fu stood up, with a pleasing smile on his face.

"Ouch! Shao Cheng!"

"Hurry up, please sit down!"

I saw Liu Fu directly invited Cheng Shao into his seat.

And that young man also looked pretentious, and did not look at Liu Fu with his straight eyes.

"Shao Cheng, it's been a long time since I saw you!"

"Daughter-in-law, let me introduce to you, this one, the sixth master of the Cheng family branch!"

"Do you know the Cheng family?"

"The Cheng family is a big family in Jinling City, and although Shao Cheng is the sixth young master of the Cheng family branch, in Jinling, almost no one dares to provoke the Cheng family!"

## **Chapter 392: Liu Fu**

### Chapter 392

It seems that Liu Fu said this to Rongrong, but in fact, Liu Fu said this to Fei Mengyan!

Rongrong's face immediately showed a look of surprise, she saw Rongrong holding up her wine glass and said: "Hello, I am Liu Fu's girlfriend, and my name is Rongrong."

This young master of the Cheng family was blown by Liu Fu, and he was also a little fluttering. He waved his hand at that time.

"It's okay, it's all my own!"

In the entire Michelin restaurant, many people looked at Liu Fu.

This one is not easy! Even Master Cheng's family knows!

The Cheng family is the most resounding family in Jinling, and this one even knows the young master of the Cheng family. From this we can see that this one is not a simple character!

And Young Master Cheng had a triumphant smile on his face.

He picked up his wine glass and said to Liu Fu: "Liu Fu, I heard that your kid has been doing pretty well recently! We will be good brothers in the future. If you have anything to do, please tell me!"

Liu Fu was overjoyed when he heard the words. The words of Master Cheng's words can be said to have given him enough face!

"Thank Shao Cheng!"

The two touched their glasses and drank them.

At this time, Liu Fu's face was already slightly red, and he was already a little drunk.

Chinese people like to brag and make trouble when they drink too much, and Liu Fu is not an exception.

He looked at Feimengyan, and the corner of his mouth showed a triumphant smile again.

"Fei Mengyan, have you seen it? After you left me, my life for Liu Fu has become more and more exciting!"

"Now even the young master of the Cheng family calls me a brother, tell me, are you my broom star? If you had left me earlier, it would be great!"

"Look at what you look like now, a cheap dress, but only three hundred dollars, right? You look at your friend, a waiter, and a \*\*\*\* who looks like a poor one."

"Fei Mengyan, leave me, do you regret it?"

Liu Fu's words were a satire and a complacency.

Fei Mengyan lowered her head, tears could not help falling.

But she still didn't speak. She didn't want to have a conflict with Liu Fu here. In this way, it would be disappointed and Lin Kai's face would be defeated!

Lin Kai slapped the table and said angrily: "Enough! Are you still going to finish?"

When Lin Kai became angry, all three of them looked at Lin Kai.

Liu Fu sneered: "Hehe, you dick, what's the matter with you here?"

"You poor dick, I can press you to death with one hand, don't \*\*\*\* talk!"

Liu Fu didn't open Lin's eyes at all.

Lin Kai looks too young. He looks only eighteen or nineteen years old. He doesn't look like a wealthy man through his clothes. Such a person, Liu Fu, is not in his eyes!

Young Master Cheng also looked at Lin Kai, and after looking up and down Lin Kai, Young Master Cheng also smiled.

"Yo-yo-yo, isn't this Liu Fu's ex-wife? After leaving Liu Fu, she has a little white face?"

"I think this little white face is handsome, but he is a little thin, and he doesn't have kidney deficiency?"

"Hahahaha!"

Young Master Cheng also sneered at Feimengyan and Lin Kai.

At this time, the entire Michelin restaurant noticed Lin Kai and Liu Fu.

Seeing the excitement to watch, many people looked at it with great interest, and some even took out their own mobile phone videos.

Liu Fu smiled disdainfully, patted the young Master Cheng's shoulder, and said, "Forget it, it's just a kid, don't care about him."

"After all, we are all successful people. If a dog bites us, can we still bite back?"

When the Young Master Cheng heard this, he sneered and nodded: "Haha, brother, you are right."

Next, I saw Master Cheng Jiao and Liu Fu were bragging, these bragging, they are all bragging to Fei Mengyan!

Liu Fu has been stimulating Fei Mengyan!

Not Mengyan kept her head down and said nothing, trying her best to control herself not to cry.

When Lin Kai saw Fei Mengyan look like this, she felt sorry for Fei Mengyan and planned to take them out of the Michelin restaurant in a while.

At this moment, I saw another person walked in from the door.

This man has a very burly figure, a lot of tattoos, long hair, and red.

He wore a leather jacket and walked into the Michelin restaurant.

When this strong-looking man appeared, he attracted the attention of many people.

After seeing this brawny man, the young master Cheng family waved and said, "Brother Peng! Here!"

This man, who was called Brother Peng, walked over directly after seeing Young Master Cheng.

The Peng brother was not polite, and sat directly next to the Cheng family young master.

"Your kid called me over today, what's the matter?" Brother Peng asked impatiently.

The young master of the Cheng family pleased him with a smile and said, "Brother Peng, isn't this introducing you to a brother!"

"This one, Liu Fu, my good brother, is now a manager in a listed company with an annual salary of 10 million yuan!" Cheng Family Master introduced.

When Dapeng heard this, his eyes lit up, and he shook hands with Liu Fu.

The Young Master Cheng introduced to Liu Fu once again: "This one is a very big man!"

"Master Tiger, do you know?"

Liu Fu was taken aback for a moment, and subconsciously asked, "Is it possible, is it Wang Huhuhu?"

"That's right!" Young Master Cheng family slapped his thigh and said, "That's the Tiger Lord!"

"Brother Peng, he's mixed with Lord Tiger. I heard that Lord Tiger is very fond of him!"

"Now Brother Peng is the number one celebrity in front of Lord Tiger!"

Hearing what Cheng's Master said, Liu Fu didn't dare to neglect at all, and directly raised his own glass: "Little brother Liu Fu, it is nice to meet you, Brother Peng, I have done this glass, you are free!"

After all, I saw Liu Fu directly raised his wine glass, and drank the wine in the glass directly!

Dapeng's face was ruddy and he was very happy.

Hearing Master Cheng's praise of himself, Dapeng's face was also bright.

At that time, many people in the Michelin restaurant looked at Liu Fu with envy.

Wang Huo is the most famous person in Jinling, and Liu Fu actually knows the person of Lord Tiger, so he can almost walk sideways in Jinling City!

Rongrong was also very excited. She was very happy in her heart. It seemed that her boyfriend had not found a mistake. Not to mention the young master who knew the Cheng family, even the tiger master.

Thinking that she could show off her boyfriend in front of her little girlfriend, Rongrong was very excited!

But Liu Fu was almost drinking at this time, his face was flushed, he patted his chest and said: "Cheng Shao, Brother Peng, it is my honor for Liu Fu to know you."

"Today, you two can order whatever you want, and I will pay by Fu Liu!"

"I am glad to meet you!"

After that, he looked at Fei Mengyan and smiled triumphantly again.

Did you see it? This is me Liu Fu! Before you didn't know how to cherish, now you can't afford it!

## **Chapter 393: I'll Pay**

Chapter 393 I'll Pay the Bill

After the three toasted, they drank for a while.

Next, Liu Fu and the three of them began to brag again.

Compared with the active atmosphere in Liu Fu and the others, the atmosphere in Lin Kai's place can be said to be quite depressing.

At that time, Lin Kai smiled at Feimengyan and said, "Aren't you happy?"

Fei Mengyan forced a smile and shook her head: "No."

"Don't pretend, I know you are not happy, but I can make you happy." Lin Kai smiled slightly.

Lin Kai took out his cell phone and dialed Wang Huo's phone number.

Soon after, the call was made.

"Hello? Tiger King, I'm at the Michelin restaurant. You can come here within ten minutes."

After hanging up, Lin Kai dialed Cheng Tao's phone again.

"Hello? Cheng Tao? I'm in a Michelin restaurant and will be here within ten minutes."

Finally, Lin Kai dialed Ah Fu's phone number: "Hello? Ah Fu, I am at the Michelin restaurant and will be here within ten minutes."

After hanging up the phone, Lin Kai suddenly found that the entire Michelin restaurant was very quiet.

Looking left and right, only the entire Michelin restaurant was staring at Lin Kai.

Ten seconds later, a burst of laughter broke out, roaring with laughter!

Liu Fu burst into laughter, almost crying!

"Hahahaha! This person can really pretend! Isn't Cheng Tao the third young master of the Cheng family? He actually called Cheng Tao!"

"Wang Laohu is a famous figure in Jinling. He actually knows Wang Laohu? He laughed at me!"

"My child, you can't be as unpromising as him in the future, just bragging."

There was a cynic voice, and almost the entire Michelin restaurant laughed.

Even the Michelin waiters, who have always been highly qualified, burst into laughter.

Young Master Cheng looked at Lin Kai like a fool: “Do you still know my third brother? My third brother is a direct descendant of the Cheng family, or the most beloved son of the master, you actually know my third brother?”

“Are you trying to laugh at me?”

Master Cheng Family laughed out loud.

As the sixth youngest member of the Cheng family, he knows the horror of the Cheng family’s direct young master.

They are the real rich second generation of the Cheng family, and the third son, Cheng Tao, is the father’s most beloved son.

Cheng Tao was a dude, an existence he couldn’t afford.

Dapeng also smiled: “Hahaha! He actually knows Lord Tiger? It’s a joke. Even I can’t see Lord Tiger for a month. He still wants to call Lord Tiger over?”

“What a joke!”

One is the Six Young Masters of the Cheng family, and the other is Wang Huo’s younger brother. They are all laughing at Lin Kai.

Just a little kid, who actually said that he knew Master Tiger and the Third Young Master of the Cheng Family?

Isn’t this a \*\*\*\* joke?

At this time, Liu Fu also smiled and said, “This kid called Ah Fu just now. If I remember correctly, Ah Fu seems to be Lin Wudi’s butler, right?”

Dapeng nodded: “Yes, this Lin Wudi is a well-known second-generation rich in Jinling. Even if he is rich, he is especially strong!”

“This dick, actually called Ah Fu?”

“I’m afraid he has serious paranoia!”

All three people laughed.

And Rong Rong, who hadn’t spoken for a long time, also covered her mouth and chuckled: “It seems that your ex-wife’s vision is really not so good. After leaving you, you actually still be friends with this kind of braggart, ha ha. “

After all, Rong Rong deliberately showed a disgusting expression.

Liu Fu rubbed Rongrongs head and said with a petting smile: “Hahaha, people like her are only worthy of such a dick, no one like you, a little fairy, only me like Liu Fu Successful people deserve it!”

“Hate~” Rong Rong was charming and coquettish.

And Lin Kai didn’t pay any attention to them. Whether it was bragging or not, he would know in ten minutes.

At this time, Lin Kai took out a bottle of red wine he had brought over. This bottle of red wine was given by the manager when Lin Kai bought the villa.

It seems to be called Romani Conti, but it is still a limited edition.

Open the box, put the bottle of wine on the table, look at the presentation, it does not seem to be outstanding, a very small bottle, it does not look like Lafite at all.

Opening the red wine, Lin Kai poured a glass for Ling Xiaoqi and Fei Mengyan alone, and said with a smile: “Don’t be greedy for a glass. I’m drunk, I won’t be carrying you back.”

Ling Xiaoqi didn’t know how to drink red wine. After drinking a little, he put down the wine glass: “What kind of wine? It’s so terrible, not as good as beer.”

Fei Mengyan tasted the red wine and nodded, indicating that it tasted good.

When Lin Kai drank here, Liu Fu and the others immediately noticed.

Liu Fu looked at Lin Kai’s red wine bottle. Liu Fu is not a person who knows wine, he only knows the famous red wine like Lafite.

So after seeing Lin Kai’s red wine, he laughed disdainfully: “Hehe, what kind of broken wine are you? You bought it for dozens of dollars a bottle?”

“I have Lafite from 1982, more than a ten thousand bottle, would you like to try it?”

Liu Fu sighed.

Young Master Cheng waved his hand: “The Lafite in 1982 is a good wine, but a good wine, but it’s important. It’s no different from drinking plain water, so don’t waste it! “

Dapeng also nodded in agreement: “That’s right.”

When Liu Fu heard this, he went down the steps: “That’s right, it’s a shame to waste! Hahaha!”

Lin Kai ignored the three of them at all.

Ten minutes later, Lin Kai also planned to leave when he was full of food and drink.

However, Liu Fu was like stepping on a point. Lin Kai was about to leave. He also stood up and waved his hand: "Waiter, pay the bill!"

When the waiter heard the words, Pidianer Pidianer ran over and said: "Hello sir, you have a total consumption of 23,800, may I ask whether it is credit card or cash?"

"WeChat Pay!" Liu Fu paid the bill directly.

After paying the bill, Liu Fu glanced at Feimengyan, his eyes rolled, and he gave a smirk: "Forget him at this table, too!"

"Fei Mengyan, at any rate, I will help you if I can help you. Don't eat in this kind of restaurant in the future, you can't afford it!"

Upon seeing this, Lin Kai stood up and reached out to stop him: "No, we will pay for the meal."

"Cut! Invite them to eat here and save money for months?"

"Don't pretend, Brother Rich is happy today. I will pay for your table too!"

"Pay!"

The waiter checked the price of Lin Kai's table, his expression hesitant.

"Sir, are you sure you want to pay for this gentleman?" the waiter asked.

Liu Fu waved his hand: "When I say pay, I pay, where is so much nonsense?"

"Okay sir, this one, Mr. Lin, spent a total of 538 thousand. Is it credit card or cash? Or WeChat payment?"

## **Chapter 394: Cheng Shaoji Arrives**

Chapter 394

"How much? Five hundred and thirty-eight?" At that time, Liu Fu thought he had heard it wrong.

Just this stinky silk, spent more than half a million?

Not only Liu Fu didn't believe it, but even Fei Mengyan and Ling Xiaoqi didn't believe it.

They simply ate a few dishes! Why is it so expensive?

The waiter said again: "Yes, Mr. Lin spent a total of 538 thousand. Do you use credit card or cash?"

That's five hundred and thirty-eight!

Liu Fu was dumbfounded at the time, and he said angrily: "Impossible! Just these few broken vegetables, you say it is 5.3 million? Are you \*\*\*\* cheating me?"

Liu Fu's attitude was very bad, and the waiter was very upset.

At that time, the tone of the waiter changed: "The tableware used by Mr. Lin is all sterling silver and diamond tableware, which was ordered by Mr. Lin in advance."

"Also, the meal ordered by this Mr. Lin includes natural caviar from Europe, truffle omelette, and Siberian ham. Each of these three dishes is expensive."

"And this Mr. Lin also booked the entire restaurant. Later, Mr. Lin found out that the order was wrong, but Mr. Lin did not refund, but chose a better location for our restaurant."

"It can be said that your position belongs to Mr. Lin!"

After listening to the waiter, Liu Fu's face turned green at the time.

This \*\*\*\* actually booked Michelin?

I found that I was wrong, and I didnt want to get a refund?

caviar?

Truffle omelette?

How rich is this guy?

I remembered that the violinist just now bowed to Lin Kai. He didn't know what was going on at the time, but now he understands that they also have this kind of service, but there is no need for it!

Lin Kai smiled slightly. When he came, he confirmed the Michelin restaurant, but he made a mistake by accident. The refund was too troublesome, so Lin Kai did not refund.

Only half a million, for Lin Kai, it was drizzle.

Liu Fu's complexion became more exciting at the time. Five hundred thousand is not a small sum for him. His monthly salary is only six to seven hundred thousand. If you ask Lin Kai for a meal, he almost needs one. Monthly salary!

How could he be willing to spend his month's salary to invite Lin Kai for dinner?

This kid actually has the entire Michelin booked. Is it possible that he is a hidden rich second generation?

But it looks like it's not like it!

At that time, Liu Fu's eyes rolled and he suddenly sneered: "Hehe, dare you spend half a million to eat with Michelin?"

"I don't believe that you have the money to pay, and you have the ability to settle the bill!"

Liu Fu didn't believe it, the \*\*\*\* in front of him had half a million to eat!

Lin Kai smiled slightly and said, "I said, my own account will be settled by myself. If you can't settle it, why bother to do it?"

At that time, Lin Kai took out his black card and said lightly: "Check out."

The waiter glanced at the bank card and his eyes were straight at the time.

He knew this bank card, it was the supreme black card of Huaxia Bank! The entire Huaxia Kingdom does not exceed one hundred!

"Hua Xia Bank's supreme black card?" The waiter trembled when he spoke.

He took the bank card carefully, and after swiping the card on the credit card machine, 530,000 was successfully swiped away.

It's a real card!

At that time, the waiter carefully handed the bank card to Lin Kai.

It seems that this bank card is really a black card of Huaxia Bank!

But Liu Fu and a few people were shocked once again. This kid actually has a black card from Huaxia Bank?

impossible! Huaxia Bank, but the largest bank in China, has issued a total of 100 black cards. Those who can get black cards are all supreme bosses. How could this kid have black cards?

And his bank card really has 500,000!

This kid, is it possible that there is a hidden rich second generation?

impossible!

Liu Fu simply couldn't accept such a hot news. Fei Mengyan, the yellow-faced woman, could not find such a top rich second generation after she left him?

At this time, I only heard Rong Rong say quietly: "I'm afraid this kid took a fake black card? He also spent half a million, just to soak up the two girls in front of him?"

After listening to Rongrong's words, Liu Fu's eyes lit up, and he said, "Yes, how could this kid have the Supreme Black Card of Huaxia Bank? It must be a fake black card!"

"This half a million, I am afraid you have saved money for how long, right?"

Liu Fu didn't believe that Lin Kai had the supreme black card of Huaxia Bank, and insisted that this bank card was fake.

Lin Kai waved his hand indifferently: "It doesn't matter! You think it is fake, then it is fake!"

"Being a guilty conscience!" Liu Fu smiled triumphantly.

This Supreme Black Card of Hua Xia Bank is fake!

At this moment, I saw a burly man rushing in from the door. The burly man was sweating profusely, and there were several burly men behind him who hurried in.

Young Master Cheng also looked back.

After seeing that person, he was taken aback.

Then he blurted out: "Brother Three?"

That's right, the person here is naturally the third young master of the Cheng family, Cheng Tao!

Cheng Tao also looked at the young master of the Cheng family. After seeing the young master of the Cheng family, he saw Cheng Tao walk over quickly, with an expression of excitement on his face, and even stretched out his hand!

The Cheng family young master was stunned at the time. How enthusiastic is the third brother?

You know, Cheng Tao usually sees him, but he always ignores him!

what is it today?

Although I feel very stunned, the Cheng family still feels light on his face. After all, his third elder brother is the most favored by the head of the Cheng family!

At that time, Young Master Cheng's face was ruddy, and he stepped forward to greet him, and wanted to shake hands with Cheng Tao.

But what he didn't expect was that Cheng Tao ignored Young Master Cheng directly and walked past him.

The brawny man behind Cheng Tao pushed Young Master Cheng aside. Cheng Tao didn't even look at Young Master Cheng.

At that time, Young Master Cheng was stunned, his face was ugly.

As soon as Cheng Tao grasped Lin Kai's hand, his face was excited, and his face showed a pleasing smile: "Lin Shao, I'm not here late, right?"

Lin Shao?

Cheng Tao actually called this \*\*\*\* Si Lin Shao?

At that time everyone was stunned.

Lin Kai took out his hand with a look of disgust, and said lightly, "It's okay, if you come here a little later, we will leave."

Hearing Lin Kai's words like this, Cheng Tao's face turned pale at the time. If he offends this master, he wants to kill himself, that is simply a breeze!

At that time, I saw Cheng Tao bowed deeply to Lin Kai. As soon as he bowed, the brothers behind him also bowed together. The attitude was respectful.

"Sorry, Shao Lin, I'm late!"

## **Chapter 395: Kick Out Of The Family**

Chapter 395

At that time, the entire Michelin restaurant was silent.

Everyone looked at Cheng Tao and Lin Kai blankly, stupefied.

Cheng Tao actually bowed and apologized to Lin Kai?

Who is Cheng Tao? But the third young master of the Cheng family! The Cheng family is very prominent in Jinling City, and can be regarded as the top three families in Jinling!

And Cheng Tao, as the most beloved son of the Cheng family's head, has a very high status in the Cheng family, and it can be said that he is the heir of the next generation of the head.

And Cheng Tao, with such a big background, actually bowed and apologized to Lin Kai?

Then Lin Kai, who is it?

Liu Fu kept watching. After he saw Cheng Tao bow and apologize to Lin Kai, his jaw almost fell.

This Lin Kai has such a big background?

Even Cheng Tao has to bow and apologize to him?

That being said, the call that Lin Kai made just now was pretending to be coercive?

And his black card is also real?

If all these are true, then who is Lin Kai?

In Jinling, I have never heard of such a big man!

Lin Kai glanced at Cheng Tao lightly at this time, and said, "Get up, pay attention next time."

"Yes, yes." Cheng Tao nodded again and again. If you want to be more obedient, you will be more obedient.

At this moment, Lin Kai glanced at Liu Fu and saw that Liu Fu's face instantly turned red.

He didn't dare to look at Lin Kai directly!

He only understood now that this looks like a \*\*\*\* is actually a super rich second generation, and even Cheng Tao respects Lin Kai so much.

And Liu Fu's heart was regretful. He had known that Lin Kai was so powerful, and he wouldn't dare to offend Lin Kai if he killed him!

Rather than Mengyan, she was going for a big money, and after she left herself, she lived much better than herself!

I am just a manager with an annual salary of tens of millions, and people may already be a wife of 100 billion!

What do you use to show off in front of others?

Thinking of this, Liu Fu's face felt hot and he was ashamed.

Not Mengyan's face also began to flush, she looked at Liu Fu's eyes, full of understanding and hatred.

Isn't you Liu Fu capable? Isn't the annual salary ten million? Why don't you hesitate now?

Although Fei Mengyan knew that he must have misunderstood herself, that she was Lin Kai's woman.

But now, Fei Mengyan would rather let him misunderstand him. She just wanted to let Liu Fu know how good Fei Mengyan had been after leaving you!

At this moment, the young master of the Cheng family stared blankly at his third brother bowing to Lin Kai, also dumbfounded.

Even his third brother bowed to Lin Kai, so how big is Lin Kai's background?

And just now, I humiliated Lin Kai. If Lin Kai held a grudge, then he would be dead!

At this time, Lin Kai also looked at the Cheng family young master, saw Lin Kai playfully smile, and asked: "Cheng Tao, is that person from your Cheng family?"

"Who?" Cheng Tao was taken aback, then looked back.

At this time, Cheng Tao noticed the Cheng family's young master. The Cheng family's young master reluctantly squeezed a smile and said, "Brother Cheng."

"Why are you kid here?" Cheng Tao frowned and asked.

Cheng Tao suddenly realized something after seeing the young Master Cheng's face.

Cheng Tao asked Xiang Lin Kai: "Lin Shao, did this kid offend you?"

Lin Kai nodded and said, "I think he is upset, you know what to do."

Hearing these words, Cheng Tao was furious. He pointed to Master Cheng and said angrily: "Fuck, you dare to offend even Lin Shao! From then on, you are no longer my Cheng family!"

"You have been kicked out of the family!"

As soon as these few words came out, Master Cheng's family was dumbfounded.

Was he actually kicked out of the family? He doesn't doubt that Cheng Tao's words are false, because Cheng Tao has that power!

The strengths of the Cheng family's collateral family and the main family are very different. The Cheng family is in charge of the main family, and the collateral family is just a cluster of the Cheng family.

He said that if he was driven out of the Cheng family, he would be driven out of the Cheng family.

Because he is the third young master!

At that time, Master Cheng's young master was dumbfounded and sat down on the ground.

What else can I do if I leave the Cheng family? I used to be so arrogant and offended a lot of people. If I were driven out of the Cheng family, I wouldn't be able to hang around in Jinling at all!

"Third Brother, I was wrong Third Brother, please forgive me this time! Third Brother!" At that time, I saw Young Master Cheng kneeling on the ground, hugging Cheng Tao's thigh, and cried.

And Cheng Tao looked impatient, raised his foot, and kicked him on the chest.

"Fuck you, what are you? A trash who is the sixth-ranked elder, dare to offend Lin Shao? It's still cheaper to drive you out of the Cheng family!"

After listening to Cheng Tao's words, the Cheng family master was completely desperate. He knew that he was really driven out of the Cheng family.

Cheng Tao kicked himself out of the Cheng family just because he insulted Lin Kai a few words.

It is hard to imagine how big the backing of the other party is!

What Liu Fu saw on the side was frightened. It was really terrifying. In order not to make Lin Kai angry, Cheng Tao decisively kicked his family out of the family.

It seems that his background must be very strong, even Cheng Tao is afraid of it!

Thinking of this, not only Cheng Tao was afraid, but Liu Fu was also afraid!

The other party is so big, and he is just a manager of a listed company, maybe he even knows his own chairman!

When the time comes, expelling yourself is just a matter of one sentence.

He was very scared, and Dapeng was also very scared. He also humiliated Lin Kai just now.

Lin Kai is so good, he doesn't even know his boss, Tiger, right?

Just after thinking about it, a few more people walked in from the gate of the Michelin restaurant.

These people are all brawny men with tattoos, and they all look fierce and evil.

And the man in the lead was very fat, with a mouthful of gold teeth, and a black boss on his body.

After seeing Lin Kai, he walked over quickly.

But Dapeng's heart thumped and jumped. It was really his boss. Could it be that he also came to Lin Kai?

Tiger Wang, a famous figure in Jinling, he also came to Lin Kai?

Soon, Wang Huo quickly came to Lin Kai's front, smiled very flatteringly at Lin Kai, and said, "Sorry, Lin Shao, I'm late."

I really came to find Lin Kai!

At that time, everyone was shocked!

Even Wang Huo was so polite to Lin Kai, who is this Lin Kai sacred?

Wanghuo, this is, Wanghuo is a big figure at the same level as the Patriarch of the Cheng family!

At this time, not only Liu Fu's heart was shocked, but Cheng Tao's heart was shocked.

He has naturally heard Wang Huo's name. In terms of seniority, he has to call Wang Huo uncle.

Even if his father saw Wang Huo, he had to be respectful, but now, Wang Huo is like a little brother in front of Lin Kai.

## Chapter 396: Tiger King

Chapter 396

The famous Wang Huo, in front of Lin Kai, was like a little brother, who was respectful.

Everyone was stunned.

Who is this Lin Kai? The background is so big!

Who is Wang Huo? Tiger Wang is the most ruthless person in Jinling! He not only has money, but he is also very powerful, with hundreds of people under him.

The wealthy people in Jinling all have to look at Wanghuo's face.

But the Lin Kai in front of him seemed to be only eighteen or nineteen years old, but he made Wang Huo respectful of him.

It is hard to imagine what a strong background this young man has.

At this time, Liu Fu's legs began to tremble.

What kind of character did he offend?

Even a big crocodile like Wang Huo is like a younger brother in front of him.

It's ridiculous that I was still in front of Lin Kai just now. Isn't it because the old birthday star eats arsenic and thinks he is slow to die?

At this time, it was not just Liu Fu who was afraid of it alone.

There is another person, he is more afraid than Liu Fu!

This person is Dapeng.

Dapeng is a small boss under Wang Huo, and Dapeng witnessed the fate of Young Master Cheng with his own eyes just now.

Lin Kai's simple words, Master Cheng's family is no longer Cheng's family.

And Wanghuo is even more terrifying than Cheng Tao!

This person, after all, is not a good person. If he sees himself unpleasantly, it is just a sentence, he can destroy himself!

At that time, Dapeng's whole body was shaking!

As for Liu Fu's little girlfriend Rong Rong, she also looked at Lin Kai with fear at this time.

This young man is really too strong!

While afraid, Rongrong still admires Lin Kai a little. After all, Lin Kai is young and handsome. The most important thing is that Lin Kai has money and power. Which woman does not like Prince Charming?

At this time, Rongrong actually began to envy Fei Mengyan. Although Fei Mengyan was not younger than her, to be honest, Fei Mengyan was not a yellow-faced woman.

Fei Mengyan is very beautiful and very temperamental. Now these young people like such young women.

It's really enviable that such a young woman has got such a good man as Lin Kai!

Lin Kai glanced at King Tiger lightly, and said, "Wang Tiger, your speed of action needs to be improved!"

In Lin Kai's words, Wang Huo's face turned pale at the time.

He is one of the few people who knows Lin Kai's identity. He also understands what Lin Kai means. He deeply knows how terrifying Lin Kai's background is.

Now, his life is in the hands of others!

At that time, Wanghuo bowed: "I'm sorry, Lin Shao, next time I will pay attention!"

The dignified King Tiger of Jinling actually bowed to a young man!

At that time, the entire Michelin restaurant was shocked, and some even took out their mobile phones to take pictures.

This is an eternal anecdote!

Wanghuo actually has people who are afraid!

Seeing Wang Huo's attitude, Lin Kai said, "Forget it, because you are the first offender, this time, forget it."

“By the way, what is that Dapeng, is it your little brother?” Lin Kai asked.

Dapeng?

Wang Huo was obviously taken aback, he looked at the Dapeng who was aside, and only then did he recognize who this person was.

This person is a small boss under Wang Huo, and his status is not as high as an inch-headed male.

After seeing him, Tiger Wang replied: “He is one of my little men, Lin Shao, has he offended you?”

Lin Kai nodded and said, “Yes, I think he is very upset. You can decide what to do.”

After hearing these words, the Dapeng was almost scared to pee at the time. If Wang Huo dealt with himself iron-heartedly, he would never survive tonight!

At that time, with a plop, Dapeng knelt on the ground decisively, kowtow at Lin Kai.

“Lin Shao, you forgive me Lin Shao, I look down on people, I don’t know Taishan, if your prime minister can hold a boat in his belly, you can spare me Lin Shao, you just treat me as a fart, Let it go!”

At that time, I saw Dapeng crying and tearing his nose, very pitiful.

When Lin Kai saw him like this, he was also amused in his heart.

When Wang Huo saw Dapeng like this, he was so angry that he only heard a bang. Wang Huo kicked Dapeng’s body and said angrily: “Fuck, even Lin Shao, you dare to offend you. You think your life is long, right?”

If you follow Wang Huo’s usual temper, you would have killed Dapeng long ago!

But he knows that now he is not much different from being arrested, and there is no life left in his hand.

“Wait until I go back, I will clean up you!” Wang Huo said angrily.

But Dapeng didn’t know what Wanghuo thought. He thought Wanghuo was going back to kill him. At that time, he trembled and saw a yellowish liquid at the crotch.

He was scared to pee!

“Fuck, trash, drag me out!” Wang Huo gave an order, and two people came up and dragged the scared Dapeng out.

The Dapeng, who was still in front of Lin Kai just now, was dragged out like a dead dog.

Lin Kai's strength is really terrifying!

After seeing this scene, the entire Michelin restaurant admired it.

When Lin Kai called someone just now, everyone thought that Lin Kai was bragging.

But now they realized that Lin Kai did not brag at all.

Lin Kai really has that strength!

At this moment, Liu Fu was very worried. His two "iron buddies" were dealt with, and he was the next one, right?

There was regret and fear in Liu Fu's heart!

At this moment, another group of people walked in from outside the Michelin restaurant.

There were eleven people in this group, and the leader was a weird, strong man with a tall stature and a swollen hairstyle.

And behind him, followed ten thugs in black suits.

These eleven people were very vigorous, and saw that they came to Lin Kai's face and bowed together: "Boss!"

Ah Fu came to Lin Kai's side and said, "Boss, I'm sorry, there is a traffic jam on the road and I am late."

After all, Ah Fu is his own, and Lin Kai naturally would not treat him like Wang Huo.

Lin Kai patted Ah Fu on the shoulder and said, "It doesn't matter, they are all my brothers."

Everyone came, and finally, Lin Kai looked at Liu Fu.

For Liu Fu, Lin Kai naturally didn't intend to deal with him. The reason why Fei Mengyan was angry was because Liu Fu showed off in front of him.

But now Fei Mengyan's expression on her face is very happy, indicating that she has vented her anger.

Just let him know that Fei Mengyan is 10,000 times better than him, that's it!

At that time, Lin Kai glanced at Liu Fu and said, "Don't think how good you are now."

“He left you. It was the right choice. I, Lin Wudi, can give her the best life and make her my queen!”

“You are just a \*\*\*\* in my eyes!”

## Chapter 397: Broken Wine?

### Chapter 397

After Lin Kai said these words, in front of Liu Fu, he pulled Feimengyan over and pulled him into his arms.

Not Mengyan also exclaimed at this time, her face flushed with a single brush.

She hasn't experienced the same feeling of a deer bumping in her heart for many years. This feeling is only the feeling of first love.

And now, she was held in her arms by an eighteen or nine-year-old boy, but she felt an unprecedented sense of security.

This man seemed to be a mature middle-aged person, wise and steady, making her instantly feel that she was really the happiest woman in the world.

Liu Fu lowered his head, afraid to speak.

Now he understands that non-Mengyan's life is really better than his own. His annual salary is tens of millions, but he is terribly awkward, and that non-Mengyan's man is a second-generation billionaire!

Lin Wudi!

Liu Fu knows who Lin Wudi is. Lin Wudi is the latest rich second generation in Jinling, who seems to be from outside.

Now it seems that this foreign Lin Wudi has a big background, and even Cheng Tao and Wang Huo are his little brothers.

At this time, Lin Kai looked at Rongrong and hooked his finger.

“You, come here.” Lin Kai said.

After hearing this, Rong Rong glanced at Liu Fu, but Liu Fu lowered his head and didn't dare to look at anyone directly. Seeing the man who was such a bullshit, Rong Rong also stomped her feet, gritted her teeth, and walked towards Lin Kai. .

Lin Kai looked at Rongrong with a playful smile on his mouth: "Do you think you are very young?"

"You think you are pretty, don't you?"

"Now I tell you, you are young and beautiful, but I will give you a word. The beautiful skins are the same, and the interesting souls are one in a thousand."

After saying this, Lin Kai put his arms around Feimengyan, pulled Ling Xiaoqi, and walked out of his seat.

Afterwards, Lin Kai walked out of the Michelin restaurant with dozens of mighty people.

After Lin Kai left, the pressure on Liu Fu finally disappeared. Lin Kai put too much pressure on Liu Fu.

He couldn't breathe under pressure!

I saw Liu Fu sat down on the chair and patted his chest, glad that he had escaped.

At this moment, I don't know who screamed, everyone came to the window and looked outside.

"Look! A lot of luxury cars!"

Luxury cars are very attractive to both men and women. At that time, Liu Fu and Rongrong also looked outside.

Just looking at it, Liu Fu was stunned.

I saw that the door of the Michelin restaurant was full of luxury cars.

A black Mercedes-Benz Maybach, low-key with luxury.

And behind the Mercedes-Benz Maybach, there are two Toyota overbearing cars parked, this kind of car is not cheap, it costs 700, 800,000.

But this kind of car is just a car driven by the younger brother Lin Wudi.

Look at the side, a yellow Ferrari, very cool, this luxury car worth ten million is naturally Cheng Shao's car.

And behind Ferrari, there are also two Mercedes-Benz big G, these two Mercedes-Benz cars are also very valuable.

Finally, it is the Rolls-Royce of King Tiger. Rolls-Royce is also a luxury car, which is worth tens of millions.

Behind the Rolls-Royce car are two Alphas. Although the Alpha looks low-key, it costs more than one million. The most important thing is that this type of car pulls a lot of people!

In line with Wanghuo's style of acting.

Nine luxury cars appeared at the door of the Michelin restaurant, and many people took out their phones to take pictures.

And everyone knows who these luxury cars are for, Lin Wudi!

I believe that after this incident today, Lin Wudi will become even more famous in Jinling!

Afu opened the car door for Lin Kai, Lin Kai got into the co-pilot, while Ling Xiaoqi and Fei Mengyan got into the back.

There are a total of nine luxury cars, with Lin's Mercedes-Benz Maybach walking in the forefront, and eight luxury cars in the back following behind, making it a beautiful scenery in Jinling.

Seeing Lin Wudi sitting in such a luxury car and leaving such a big battle, Liu Fu was both scared and envious.

He was afraid of Lin Kai's strength and envied Lin Kai's financial resources and connections. Such a top-notch young man would surely live very smartly, right?

Is it chic? Of course!

You can't imagine the happiness of the rich!

After Lin Kai left, Liu Fu looked at the bottle of wine on the table. At that time, Liu Fu was very puzzled.

"Such a wealthy person actually drank this kind of broken wine? It really was a broken wine, and only drank such a little." Liu Fu muttered to himself.

At this time, a Michelin manager happened to pass by Liu Fu's side.

After hearing Liu Fu speak, the manager glanced at the wine on the table.

Just one glance, the manager's eyes couldn't move away.

I saw the manager rushed over like crazy and hugged the bottle of wine, which was three-quarters of the bottle.

“My God! Shao Lin actually left such a good bottle of wine!” the manager exclaimed.

“Good wine?” Liu Fu was taken aback at the time and asked, “What good wine is this? Is it worth more than Lafite in 1982?”

When the manager heard Liu Fu say this, he rolled his eyes and said, “What is the Lafite of 1982? I don’t know how many bottles of Lafite of 1982 can be bought for this bottle of red wine!”

“This bottle of wine is Romani Conti, and it seems to be a good wine that has been collected for a long time!”

“This red wine sells for 300,000 bottles, but because this red wine is already very rare, it has now been fired to 500,000 bottles!”

Five hundred thousand a bottle!

At that time, Liu Fu’s chin almost fell to the ground.

Five hundred thousand a bottle of good wine, if you say no, don’t you?

And only drank a little.

The life of the rich is really unexpected!

I remembered that I had actually mocked Lin Kai just now, saying that Lin Kai’s wine was broken wine. Looking at it now, it is simply that I have long hair and short knowledge!

If 500,000 wine is still broken, there will be no good wine in this world!

In fact, Lin Kai didn’t know how much this bottle of wine was worth. If he knew, he would definitely take this bottle of wine away.

Rongrong looked at the empty street, and Lin Kai’s shadow appeared in her mind all the time. I am afraid that she will not sleep well in the past week.

...

Cheng Tao and Wang Huo both went back. Lin drove the car and returned to his villa.

As the villa was large, Lin Kai felt very empty, so he took Feimengyan and Ling Xiaoqi over to live.

Living here makes it easy to go to work, and it can also make this huge villa alive.

After returning to the villa, it was already late, so Lin Kai lay on the bed and fell asleep.

Early the next morning, Lin Kai finished washing and went downstairs.

When he came downstairs, Lin Kai smelled a scent, which seemed to be an omelet. When he went to the living room on the first floor, he saw a very rich breakfast on the dining table.

Instead of Mengyan wearing an apron, holding a spoon in her hand, she was tasting the soup in the pot.

## Chapter 398: Iron Seal

Chapter 398: Iron Seal

Seeing Lin Kai come down, Fei Mengyan put down her spoon, seemingly embarrassed.

“Sorry, boss, I’m used to it.” Fei Mengyan smiled shyly.

“It’s okay. When I was young, my mother used to eat like this, and don’t call him Lin Shao, call me the enemy.”

“Little enemy?” Fei Mengyan covered her mouth and chuckled: “It sounds weird, just like my little brother.”

Speaking of the little brother, Fei Mengyan seemed to have thought of something and turned her head away from Lin Kai.

Soon after, I saw Ling Xiaoqi in pajamas, stretched out and came out.

Ling Xiaoqi was much more open than Fei Mengyan. After moving into the villa, it was as if he had moved into his own home. It was unceremonious.

I saw Ling Xiaoqi sitting next to the dining table and started directly.

After just taking a bite, Ling Xiaoqi gave his thumbs up: “Sister Fei, your craftsmanship is really great, it’s just a simple omelette, you can make it so delicious!”

Lin Kai also sat down after hearing the words, and tasted the omelette that Mengyan had made. It also brightened before his eyes and raised his thumb.

Fei Mengyan’s cooking skills are indeed good, and this omelet tastes very good.

Fei Mengyan was also very happy to hear Lin Kai and Ling Xiaoqi praise her.

Soon after, Lin Kai called Ah Fu over, and the four of them had breakfast together.

Lin Kai liked this feeling very much. It seemed to be Lin Kai's second home.

After eating breakfast, Ling Xiaoqi and Fei Mengyan went to work.

But Lin Kai went out for a walk.

Lin Kai didn't worry that Ling Xiaoqi and Feimengyan would be lazy at all. Lin Kai only believed in one truth. He was sincere to others, and the other party would definitely not treat him badly.

If the other party treats him badly, it means that the other party is not worthy of Lin Kai as a friend.

Soon after, Lin Kai came to the antique market.

Lin Kai still remembers the task the system gave him, to find a compass with a fairy spirit.

Lin Kai was wondering at the time, with a fairy-like compass, where would Lin Kai look for it?

At that time, Lin Kai walked into an antique shop, and after walking into the antique shop, Lin Kai looked around casually.

The antique shop is not too big or small, and the decoration is good. Several guests are looking at the antiques in the antique shop.

The boss is a greasy man with a big belly. The man is lying on a recliner, fanning a fan.

After turning around, Lin Kai didn't find the so-called compass with fairy spirit. Just as Lin Kai was about to leave, he saw a young man rushing in in a hurry.

The young man's skin looked very dark and his face was very red. He was in his early twenties and dressed very plainly. He was also carrying a green backpack behind him.

"Found it! Boss! I found it! You show me how much this ancestral treasure of my family is worth!"

With that, the young man took out a dark thing from his backpack and put it on the table.

It looked like an iron seal with patterns, and there was a flying dragon on the iron seal, which was lifelike. The whole iron seal was very shiny and seemed to be touched often.

This iron seal is carved with very detailed and pattern lines, which are complicated but neat. And the flying dragon on the iron seal is alive and seems to be alive.

After seeing this iron seal, everyone in the antique shop exclaimed, what a baby!

And the simple boy wiped his sweat, and his eyes showed expectant eyes: "Boss, take a look, how much is this iron seal worth?"

The shiny-faced antique shop owner picked up the iron seal, looked up and down carefully, and took out a magnifying glass, very professional.

The boss watched for a long time, curled his lips, and said: "This iron seal is a token of a certain country's mobilization of soldiers during the Warring States Period. There is a jade seal on it, which is used by the emperor. There is an iron seal under it, which is used by the general."

"And this iron seal is used by the commander of the three armies."

"If this is true, it must be invaluable!"

"But unfortunately, although your iron seal is a good copy, it is a fake!"

After hearing the words of the owner of the antique shop, everyone who came to watch was a little curious.

"Boss, how do you know this is a fake?"

The antique shop owner smiled mysteriously, took out a newspaper, and said: "Because of the real iron seal, in the museum!"

Everyone looked at the newspaper, and as expected, in a museum, an iron seal that was exactly the same as the iron seal in front of them appeared in front of everyone.

The simple boy's eyes were extremely lost.

"But I think you are pitiful, and one thousand dollars is fine." The antique shop owner said.

Although it is an imitation, the imitation is so real and the value is not cheap. It is not a problem to sell tens of thousands of dollars.

One thousand yuan is recovered, which is a big profit!

After reading the newspaper, the boy no longer doubted what the antique shop owner said. He was overjoyed when he heard that the antique shop owner was asking for a thousand yuan.

“thank you boss!”

Soon, the owner of the antique shop gave a thousand yuan to the simple boy. The boy took one thousand yuan and walked out of the antique shop very excited.

The owner of the antique shop put Tie Xi in the glass cabinet, and Lin Kai opened his golden pupil at this time.

Lin Kai always felt that this iron seal was so domineering.

Sure enough, looking through the golden pupil, this Tie Xi exudes a burst of golden gas!

Looking at other antiques, some have no gas, and some have some golden gas, but not much.

Only this iron seal emits the most dense gas!

It's definitely not a thing!

At that time, Lin Kai knocked on the glass cabinet: “Boss, take this iron seal out, let me see.”

The owner of the antique shop looked at it and said, oh, someone was selling at the front, but someone was buying at the back.

The owner of the antique shop took out the iron seal and placed it in front of Lin Kai.

“When you look at you, you know pedestrians! Since you also saw that young man selling iron seals just now, let me tell the truth. Although this iron seal is a high copy, it can be copied to such a high level. Have a certain collection value.”

“Thirty thousand, I will be out!”

Thousand changes to 30,000, it's really black!

“Yes.” Lin Kai didn't bargain with the antique shop owner, but directly transferred it for 30,000 yuan and bought this iron seal.

After buying Tie Xi, Lin Kai was about to walk out of the antique shop, but at this time, three people walked in from outside the antique shop.

The leader is a well-mannered middle-aged man. The middle-aged man is dressed in a suit and gold-wire glasses. He looks fair and handsome.

And behind him, two people followed, one carrying the camera and the other holding the microphone. On the microphone, there were four characters: Huaxia Jianbao.

After seeing the middle-aged man, the antique shop owner exclaimed: "Jin Buxun, you are the host of the China Jianbao program, Jin Buxun?"

## Chapter 399: Jin Buxun

Chapter 399

This Jin Buxun is a well-known figure in China.

He is the host of Huaxia Jianbao program.

As for Huaxia Jianbao, it has the highest ratings among China National Jianbao programs.

Therefore, Jin Buxun can be regarded as a star. As soon as Jin Buxun came to the antique shop, the guests who came to see the antiques all exclaimed.

Jin Buxun looked very young and handsome. He saw Tie Xi in Lin Kai's hands at a glance, so he came to Lin Kai's front.

"Hello, I am the host of the Huaxia Jianbao program group, and my name is Jin Buxun."

Jin Buxun took the initiative to greet Lin Kai.

Lin Kai nodded and shook hands with Jin Buxun.

Jin Buxun saw Tie Xi in Lin Kai's hands at a glance. At that time, Jin Buxun smiled and said, "That's right, our program group, this time I came to Jinling City, and wanted to do something for free to some citizens who like antiques. Free identification."

As soon as Jin Buxun said this, the guests in the entire antique shop exclaimed.

Who is Jin Buxun? Jin Buxun is the host of Huaxia Jianbao!

As long as the antiques identified by him are genuine, the price has skyrocketed! As long as it is false, it must be false.

Appraising antiques to Lin Kai for free, this is a big pie!

Lin Kai glanced at Jin Buxun. To be honest, Lin Kai didn't want this Jin Buxun to be identified.

Because this Jin Buxun's body has always carried a wave of arrogance, a wave of arrogance.

It seems that his appraisal of antiques to Lin Kai is the same as Lin Kai's blessing.

But Lin Kai didn't want to get entangled with Jin Buxun, so he gave the Tie Xi in his hand to Jin Buxun.

"Well, please hurry up."

Jin Buxun took Tie Xi and looked up and down carefully. After watching for a while, Jin Buxun sighed.

"It's a good treasure! You know, the iron seal is a very valuable antique for our Huaxia Kingdom. If it is a real iron seal, it is invaluable!"

"But your iron seal is not real, but a high imitation. Although it is a high imitation, it is a good imitation. If you sell it, it can sell for tens of thousands of dollars, and it still has some collection value."

Jin Buxun's words are almost exactly the same as the words of the antique shop owner. Lin Kai nodded, he also knew that this thing was not true.

Jin Buxun glanced at this iron seal, with a look of affection in his eyes.

Although this iron seal is not real, it is really good, and Jin Buxun actually likes it a bit.

At that time, Jin Buxun said, "I think your iron seal is good. I paid 50,000 yuan and received it, how about it?"

After that, Jin Buxun looked at Lin Kai with a smile.

He doesn't believe that Lin Hui will not sell!

Because he said this iron seal is fake, then this iron seal must be fake.

Since it was fake, it was useless to buy it back. He paid 50,000 yuan to buy it. I believe Lin Kai will definitely not be able to bear this temptation.

At this time, the antique shop owner's eyes showed regret. He sold it to Lin Kai for 30,000 yuan, but in a blink of an eye, Lin Kai was able to sell it for 50,000 yuan, making a full 20,000 yuan. Yuan!

In the heart of the antique shop owner, it was a regret.

Everyone thinks that Lin Shanxi will sell it, after all, this is just an imitation.

But Lin Kai shook his head: "Sorry, I have no plans to sell this thing."

After hearing Lin Kai's words, everyone on the scene was taken aback, why didn't Lin Kai sell it?

Jin Buxun paid fifty thousand yuan!

The smile on Jin Buxun's face was frozen at that time, he didn't sell it for 50,000 yuan?

After Jin Buxun became the host of Huaxia Jianbao, his worth has skyrocketed!

He was also a well-known figure in China, no matter which antique market he went to, Jin Buxun was surrounded like a big star.

And no one would refuse the things he said to buy.

Because everyone knows that his Jin Buxun's bid is the most fair, fifty thousand yuan, and he absolutely cannot treat Lin Kai badly.

Because he Jin Buxiu has never seen it before!

Lin Kai didn't sell it? Isn't this not giving me gold without looking for face?

At that time, Jin Buxun asked, "Do you think I paid 50,000 yuan for less?"

"I Jinbuxun's show has always been fair and just. Your iron seal is exactly the same in the museum. Therefore, your iron seal is 100% highly imitation."

"I gave you fifty thousand yuan, which really treats you very well. According to the market price, you can sell the iron seal for thirty thousand yuan at most!"

Jin Buxiu began to show off his knowledge again.

Lin Kai smiled faintly: "Hehe, I know this is a fake, but I just don't want to sell it, can't it?"

Lin Kai rejected Jin Buxun once again, and he knew that the iron seal in his hand was an imitation!

Being rejected again, Jin Buxun was a little angry, and he nodded: "Yes, then I will pay 100,000 yuan, should you sell it?"

Jin Buxiu really liked this iron seal, but Lin Kai's refusal to sell it completely angered Jin Buxiu.

When was my Jin Buxun rejected?

Don't you like money? Then I will give you money!

Everyone exclaimed again, Jin Buxun offered one hundred thousand yuan! One hundred thousand yuan, who can refuse? Should Lin Kai sell this time?

As for the owner of the antique shop, he regretted his intestines at this time, 100,000 yuan! What he collected for one thousand yuan was sold to one hundred thousand yuan in an instant.

I knew that this iron seal could sell for 100,000, and he would not sell it to Lin Kai if he killed him!

But at this time Lin Kai shook his head again, his face already showing an impatient look: "I said, I don't sell, even if you pay 10 million, I won't sell it!"

Is Lin Kai short of money? Of course, there is no shortage of money. Lin Kai simply looks down on 100,000 yuan.

Hearing Lin Kai's rampant words, everyone began to look at Lin Kai, and saw that Lin Kai was dressed plainly and didn't look like a rich man.

But his tone is so big!

Ten million will not sell!

Jin Buxun was also angrily smiled by Lin Kai's words. On the surface, Jin Buxun looked gentle, but his heart was blown with anger!

If it weren't for the show, Jin Buxun would mock Lin Kai fiercely.

You poor, hillbilly, out of this antique shop, who else will pay you 100,000 yuan for this broken iron seal?

At that time, Jin Buxun suppressed the anger in his heart and asked, "Excuse me, this gentleman, why are you insisting not to sell this iron seal?"

Lin Kai glanced at the iron seal in his hand, and said lightly, "Because this iron seal is not an ordinary iron seal, it is a treasure."

baby?

The anger in Jin Buxun's eyes is even stronger. He is the host of Huaxia Jianbao. No one has ever doubted the authenticity of the treasure he identified.

He just said clearly that this iron seal is an imitation, but Lin Kai said it is a treasure. Isn't this questioning Jin Buxun's ability to appreciate treasures?

## Chapter 400-Emperor's Seal

"Baby?" Jin Buxun shook his head, "I have identified it. This iron seal is an imitation, not a treasure."

Jin Buxun's tone, with strong confidence.

He Jin Buxun has never seen it before. He said that this is an imitation, it must be an imitation.

The antique shop owner also stared at Lin Kai as if he was mentally retarded: "Young man, do you know who Jin Buxun is?"

"Have you watched Huaxia Jianbao? The highest-rated program among Jianbao programs. Jin Buxun is the host of Huaxia Jianbao."

"They are professional antique masters."

"Besides, the authentic products are already in the museum, and you are 100% imitations!"

As soon as the words of the antique shop owner came out, everyone else in the antique shop nodded in agreement.

"Yes, one imitation can sell for 100,000 yuan, if I had been stealing it."

"Also baby? What kind of baby can this shattered thing be?"

Jin Buxun sneered when he saw Lin Kai being mocked by everyone.

Hehe, I'm not going to make mistakes in Jin Buxun?

I say it is an imitation, it is an imitation!

Lin Kai didn't mean to be angry at all, nor did he mean to argue with everyone.

"In your eyes it is an imitation, but in my eyes, it is a treasure!"

After hearing Lin Kai's words, Jin Buxun deliberately made things difficult for Lin Kai. At that time, Jin Buxun deliberately showed an attitude of studying.

"In that case, I really want to know, where is this baby? Please give me some advice."

It seems that Jin Buxun seems very humble, but the irony in the words is self-evident.

Lin Kai was finally impatient after being repeatedly stimulated by Jin Buxun.

At that time, Lin Kai glanced at Jin Buxun coldly and laughed: "Hehe, since you are so eager to know the answer, then I will tell you."

Hearing what Lin Kai said, everyone looked at the iron seal.

Everyone wanted to see what the 18-year-old boy could tell.

At that time, Lin Kai took out the iron seal and placed it on the table.

"Looking at its appearance, it is an iron seal."

"But in fact, it is not an iron seal."

After hearing Lin Kai's words, everyone laughed.

This is not an iron seal, what else can it be?

The owner of the antique shop couldn't stand it anymore, and said: "Little brother, don't pretend to understand if you don't understand, this is obviously the iron seal of the Warring States period!"

"Could it be that you want to say it is a jade seal?"

"joke!"

When the antique shop owner came out, there was a burst of laughter, and even Jin Buxun's face was smiling.

Lin Kai nodded: "Yes, this is not only an iron seal, but also a jade seal!"

As soon as Lin Kai's words came out, the audience was silent for three seconds.

A burst of laughter broke out, and everyone was amused by Lin Kai's words.

This is obviously an iron seal, Lin Kaipian wants to say it is a jade seal.

Does he think everyone is blind?

"Nonsense! If this is Yuxi, I will eat all the antiques in the antique shop!" The antique shop owner said bluntly.

Jin Buxun also looked at Lin Kai with a smile: "I'm not good at learning, I really can't tell that this is a jade seal, so I would like to ask the teacher for more guidance."

Jin Buxun was mocking Lin Kai again.

And Lin Kai didn't intend to hide it from everyone.

I saw Lin Kai picked up a small hammer from the side and lightly tapped the surface of Tie Xi.

Soon after, only a click was heard, and a crack appeared on the surface of Tie Xi!

Everyone was stunned, what's the situation?

Lin Kai continued to beat the iron seal. Soon after, the cracks became bigger and bigger. After reaching a certain level, Lin Kai simply peeled off the iron sheet on the surface of the iron seal with his hands.

After the iron sheet peeled off, everyone was dumbfounded.

Because what was placed in front of them was something half iron seal and half jade seal!

This thing, half of it is white jade body, exactly the same as the jade seal. The quality of the jade is very good. It is a good pure white jade, without a trace of impurities.

The other half is an iron seal made of fine iron!

The iron seal has not rusted after thousands of years, and its body exudes a hideous light.

This peculiar seal is half iron seal and half jade seal, with two dragons carved on it, which is lifelike and extremely beautiful.

Everyone looked at the seal in front of them, all dumbfounded.

"This..." The antique shop owner was also speechless.

Is it possible that I missed you? This is really not a simple imitation?

At this time, looking at the expression on Jin Buxiu's face, it was already extremely exciting.

He pointed to the seal in front of him and said with a trembling voice: "The Emperor's Seal!"

"The Emperor's Seal? What is that?" someone asked extremely curiously.

Jin Buxun said with excitement: "During the Warring States Period, there were Jade Seals and Tie Seals saying that Jade Seals were used by the emperor to mobilize

hundreds of civil and military officials, while Tie Seals were used by the commanders of the three armies to mobilize all the country's troops!"

"But there was an emperor who wanted to hold real power and didn't want to hand over his military strength to the commander of the three armies, so he created this emperor's seal!"

"The emperor's seal is a jade seal and an iron seal. It can mobilize hundreds of civil and military officials and the three armies."

"In history, there was only one imperial seal, and in the entire world, there was only one imperial seal!"

After hearing what he said, everyone in the antique shop was boiling!

Things are vaguely expensive, there is only such an emperor's seal in the whole world. It was something from the Warring States period and it was invaluable!

At that time, the eyes of the owner of the antique shop were about to stare down, and he actually sold an imperial seal for 30,000 yuan!

His intestines are almost regretful.

Jin Buxun's gaze at Lin Kai changed from playfulness to respectfulness.

He thought Lin Kai was a young man who knew nothing.

Relying on his own research on antiques, he was defiant.

Only now did he discover that there are people outside the world, and there are heaven outside the world!

This young man, who seemed to be only eighteen or nineteen years old, had such vicious eyes that even his Jin Buxun couldn't see the flaws. He could actually see the flaws.

This is really amazing!

Everyone present gave Lin Kai a thumbs up.

Lin Kai is really amazing.

You know, Jin Buxun has never seen it since he became the host of the Huaxia Jianbao program.

But even Jin Buxun couldn't see the flaws, but Lin Kai saw the flaws. Lin Kai's vicious eyes and old ways of experience really made everyone admire.

This is a master.

Lin Kai looked at the imperial seal in his hand and stroked it lightly. The imperial seal gave Lin Kai a moisturizing feeling.

Very cool.

Lin Kai couldn't put it down.

The owner of the antique shop, his eyes are red at this time, he can think with his feet, this emperor's seal must be invaluable!

If you get this thing, you don't need to open an antique shop, you can retire thirty years in advance!

At that time, the owner of the antique shop patted the table, smashed 30,000 yuan on the table, and shouted, "Give me the Emperor's Seal! I won't sell it!"

## Chapter 401: Scar Man

Chapter 401

Not for sale?

Everyone looked at the owner of the antique shop.

The owner of the antique shop is very out of compliance!

The sold antiques are like spilled water and cannot be recovered.

After all, playing antiques depends on a sense of vision and luck. If you can buy a baby, that is a skill. If you buy it, you can't blame anyone.

Like the owner of an antique shop, seeing that the antiques sold have become sky-high treasures, they have to be recycled. This is a violation of the rules of the business.

At that time, everyone accused them: "Boss, you can't be like this. The antiques people spend money on now have risen, and you have to recycle them? Where is there such a trick?"

"Yes, if you do this, who would dare to buy antiques from you in the future?"

“This young man is lucky, the things have gone up, but this thing already belongs to others, you are not eligible not to sell it.”

Faced with the accusations, the owner of the antique shop turned green at the time.

He is jealous!

That’s the Emperor’s Seal!

Seeing that the young man bought the Emperor’s Seal from his own hands, but he was still helpless, this feeling made him very angry.

But he knew that in front of everyone and the media, the imperial seal might not be collected.

At that time, the antique shop owner recovered the 30,000 yuan and snorted unhappily.

Looking at Jin Buxun again, he also looked embarrassed.

He was sneer at Lin Kai just now, running on Lin Kai not understanding antiques.

But in a blink of an eye, an imitation turned into a genuine one at a sky-high price in his hands.

Let him, an expert who has been playing antiques for decades, winked.

Today’s Jinbuxun’s hitting the eye, it is estimated that it will be a hot search on Weibo soon.

Lin Kai looked at Jin Buxun and said lightly, “This is the baby I’m talking about.”

Jin Buxun nodded with a flushed face, “Sure enough, it’s a teacher, good foresight.”

Hearing this, Lin Kai smiled contemptuously, picked up his imperial seal, and was about to leave the antique shop.

But Jin Buxun stopped Lin Kai: “Hey, wait.”

“What?” Lin Kai looked at Jin Buxun.

Jin Buxun scratched his head, and asked a little embarrassedly: “Will you sell the Emperor’s Seal?”

“Sell? How much can you pay?” Lin Kai asked.

Jin Buxun thought for a while, and stretched out a finger of his own: "I'll give one hundred million!"

When Jin Buxun gritted his teeth, he gave out 100 million!

Jin Buxun is not a big boss. Although he is a very famous host, one hundred million is already the limit for him.

Lin Kai smiled disdainfully when he heard this, and patted Jin Buxun's hand away: "Forget it, I'm not interested."

After all, Lin Kai walked directly out of the antique shop.

One billion, don't sell!

Jin Buxun looked at Lin Kai's back and felt regretful in his heart. It must be that his attitude towards Lin Kai was too bad, which annoyed Lin Kai, so Lin Kai was reluctant to sell it to himself.

The value of the imperial seal is immeasurable, so to speak, the imperial seal is priceless!

Because throughout China, there is only one imperial seal!

The owner of the antique shop watched Lin Kai leave, angrily in his heart.

Lin Kai must not let Lin Kai take this imperial seal!

At that time, the owner of the antique shop took out his mobile phone and sent a few WeChat messages, then sneered.

"Haha, fight with me, you are too tender, do you think that this thing belongs to you if you spend money to buy it?"

...

After walking out of the antique shop, Lin Kai walked towards the capital of the famous city.

But on the way, Lin Kai felt a sense of being watched.

After all, Lin Kai is a special soldier, who has received professional training, and every aspect of his body has been perfectly modified by the system. Therefore, Lin Kai can receive this feeling very clearly.

Someone is tracking himself!

Taking out his mobile phone and looking through the reflection of the screen, Lin Kai saw that behind him, there were five or six men who didn't look like good people.

Hehe, still thinking about your own imperial seal?

Since Lin Kai dared to show the Emperor's Seal in the antique shop, he was not afraid of being followed!

The five or six men pretended to be shopping, and kept hanging not far from Lin Kai.

In front of Lin Kai, there was an empty alley, and Lin Kai walked in directly.

When the five or six men looked at them, they were overjoyed and followed Lin Kai into the alley.

The hutong is so narrow that even cars cannot pass through it, and it is still a dead end.

Not far after walking into the alley, Lin Kai stopped and said coldly, "What do you mean by following me?"

The five or six men had a physical meal and looked at each other. They were all a little surprised. Lin Kai actually found them?

The man in the lead was a middle-aged man in his thirties with a long scar on his arm and a bad complexion.

I saw him coldly said: "Since you have discovered it, it's easy to say, handing over the emperor's seal, you can spare your life!"

Sure enough, it was for the Emperor's Seal!

Lin Kai turned around and took out the imperial seal in his pocket, with a playful smile on his mouth: "The imperial seal is mine, no one will give it!"

Hearing that, Scar Man's face was obviously cold.

And a younger brother beside Scar Man said coldly at this time: "Boy, don't shame you! On this three-square-acre land in Antique Street, you don't even ask, who is the treasure that Brother Scar is fond of? Dare to hide it privately?"

"Hand it over and spare you a little life, the emperor's seal is not something a layman like you can have!"

Five or six men surrounded Lin Kai alone, and they were naturally not afraid.

In addition, Lin Kai looked very thin and very young, and they decided that Lin Kai was a soft persimmon.

Lin joked: "Haha, you have the ability, come and get it!"

Hearing this, Scarman sneered and saw that he took out a switchblade from his pocket.

"Boy, you are really shameless!"

After all, Scar Man walked over with four or five younger brothers.

"Go to hell!" When he arrived in front of Lin Kai, Scar Man roared, rushed over, and stabbed Lin Kai!

However, Lin Kai ignored the switchblade at all, only heard a bang. After the switchblade was stuck on Lin Kai's body, it broke in half, and Lin Kai was unscathed!

Scar Man's eyes widened at the time, showing an incredible expression.

This person's body is actually harder than a knife?

Looking up, I saw Lin Kai staring at him playfully.

Afterwards, Scar Man only felt a strong wind hit, and Lin Kai slapped him on the face.

Scar man's body immediately resembled a kite with a broken line, and was directly fanned out by Lin Kai!

Scar man fell to the ground, spit out a mouthful of blood, life and death unknown.

"Rubbish!"

Lin Kai smiled disdainfully and looked at the other four or five gangsters.

And those four or five gangsters were all taken aback at this moment, not even afraid of switch knives?

"Avenge the boss!" I didn't know who yelled, and a group of gangsters rushed forward!

## **Chapter 402: Daimeisei**

### Chapter 402

For Lin Kai, these four or five gangsters are just a group of old, weak, sick and disabled!

At that time, I saw Lin Kai rushing into the flock like a tiger, one in each hand, and within a minute, all fell down!

Six or seven gangsters all fell to the ground, vomiting blood, which was terrible.

“A small antique shop owner, dare to hit me on Lin Wudi’s idea?” Lin Kai snorted coldly, turned and walked out of the small alley.

...

Antique Street, inside the antique shop, the owner of the antique shop closed early today because he is in a bad mood.

Although the fake iron seal that was recovered for 1,000 yuan was sold at a high price of 30,000 yuan, when he knew that it was a valuable imperial seal, his mood was as uncomfortable as eating a fly.

Sitting in the antique shop, the owner of the antique shop slapped the fan with a sneer at the corner of his mouth.

Just a poor dick, even if lucky enough to buy the imperial seal, can he really take the imperial seal away?

Scar man, but a famous ruthless character on the antique street.

If he is not obedient, he will definitely be bled!

And the emperor’s seal will be his own sooner or later!

Taking a look at his watch, Scar Man should be back at this time.

At this moment, there was a knock on the door outside the antique shop.

The antique shop owner was overjoyed, and it must be Scar Man who is back!

“coming!”

The antique shop owner opened the door, but as soon as he opened the door, he was dumbfounded.

I saw seven or eight policemen standing outside the antique shop, all of them armed with guns.

A policeman took out his ID and said, “The police handle the case, are you the owner of this antique shop?”

The antique shop owner nodded subconsciously: "Yes, what are you?"

"That's right, take it away!"

The police captain gave an order and the antique shop owner was handcuffed.

"Received reports from the masses that you are conspiring with others to rob others, worth hundreds of millions of dollars in antiques. The evidence is conclusive. Let's go!"

The police captain's indifferent voice made the antique shop owner dumbfounded.

Conspiracy to rob others?

That poor dick?

Shouldn't he be solved by Scar Man?

Looking again, I saw that Scar Man was also arrested by the police!

In an instant, the owner of the antique shop was full of excitement. He understood that he was a big man who could not be offended!

That young man is not a poor \*\*\*\* at all. He can solve Scar Man, which shows that he has a lot of background.

At that time, the body of the antique shop owner was shaking.

"It's convenient to tell me, can you sentence it?" the antique shop owner asked tremblingly.

The police captain smiled: "Could it be, don't you know it?"

...

After returning to the capital of the famous city, Lin Kai returned to his room, closed the door, took out the imperial seal, and looked carefully.

This imperial seal was indeed domineering, revealing nobleness all over his body, and the craftsman who made the imperial seal must be the best master at the time.

Looking through the golden pupils, Lin Kai could see the emperor's seal exuding rich golden gas.

I don't know if this golden gas is the fairy gas that the system said.

"Yes, this is Xianqier." The system seemed to know what Lin Kai was wondering.

“Unexpectedly, the blind cat ran into a dead mouse. The immortal spirit of the Emperor’s Seal is much stronger than the compass, so you can complete the task!”

In terms of the system, Lin Kai was overjoyed, so he has completed the task?

Is this too simple?

“Great!” Lin Kai was very happy.

“Since you have over-fulfilled the task and bring your Killing God over, I will merge the leftovers from the Emperor’s Seal into your Killing God to create a new weapon.”

“Killing God is still not suitable for you, look forward to your new weapon!”

After saying this, the Killing God in Lin Kai’s room suddenly disappeared.

That was taken away by the system.

Lin Kai is looking forward to it. He doesn’t know what kind of weapon the system will create for him.

At this time, Lin Kai’s phone rang suddenly, and he took out his cell phone to see that it was Cao Wanjin who called.

“Hello?” Lin Kai answered the phone.

“Brother Lin, have you forgotten? Today you are coming to my house to discuss the matter of crossing the line of fire to start up. It’s all night, I can wait for you at home!”

Without saying Cao Wanjin, Lin Kai really almost forgot.

“Okay, we will be there soon.” Lin Kai hung up the phone.

Let Afu drive the Mercedes-Benz Maybach, Lin drove on the way to Cao Wanjin’s house.

Cao Wanjin’s home is also in the center of Jinling City, not far from the capital of the famous city.

Unfortunately, when approaching Cao Wanjin’s house, there was a traffic jam on the road.

It seems that it can’t be cleared for a while.

A Fu looked apologetic, his boss was in trouble, but he couldn’t send Lin Kai to his destination in time.

Lin Kai waved his hand and said, "You can go straight back in a while. Anyway, it's almost there. I'll just walk over."

"Good boss." Ah Fu agreed.

After getting out of the car, Lin Kai walked to the high-end community where Cao Wanjin was located.

The high-end community where Cao Wanjin is located is not inferior to that of the capital of the famous city. Walking into this community, Lin Kai experienced a different kind of scenery.

Lin Kai really likes this high-end community, with the fragrance of birds and flowers, and the construction style of European villas.

Walking on the road, Lin Kai heard a loud noise behind him suddenly.

Looking back, Lin Kai was dumbfounded.

I saw a group of people broke through the entrance guard at the gate of the community, ignoring the security guard, and crowded into the community.

There are hundreds of people!

I saw a woman surrounded by a group of personal bodyguards. The woman was wearing a black long dress, a pair of sunglasses and a mask, and she couldn't see her face clearly.

But the body is good.

She walked quickly into the community, and the bodyguards beside her tried their best not to let people outside touch her.

And all around are the shouts of these people.

"Wang Zihuan! Sign me!"

"Zi Huan, I am your loyal fan! Zi Huan!"

"Zi Huan, I want to marry you! Will you marry me?"

...

superstar?

Wang Zihuan, the name Lin Kai has seen on TV, looks like a second-tier star with millions of fans on Weibo.

The big star was actually met by yourself?

These fans are really crazy, Lin Kai shook his head, ignored them, and continued to walk into the community.

But what I didn't expect was that these people soon came behind Lin Kai. The group of bodyguards pushed Lin Kai and shouted extremely viciously: "Get out! Don't get in the way!"

A group of bodyguards crowded and pushed Lin Kai's back, trying to push Lin Kai to the side of the road.

That is to say, Lin Kai has great strength and good concentration. If this is an ordinary person, he will definitely be pushed to the ground and fall to the ground!

At that time, Lin Kai was furious.

Isn't the star human?

Is this road yours?

It's not that there is no place nearby, what are you doing with Lao Tzu?

At that time, Lin Kai simply stopped. As soon as he stopped, the hundreds of people behind him all stopped.

The bodyguards were furious at the time: "Fuck, get out! Don't get in the way!"

## **Chapter 403: Crazy Fans**

Chapter 403

The attitude of the bodyguard was very arrogant, and he looked impatient.

Lin Kai's brows were frowned, and the road was so wide, but he just wanted to go where he was.

To be honest, Lin Kai is the most uncomfortable with these cold stars. They think that everyone has to hold them, but Lin Kai disdains them.

I saw Lin Kai standing in the middle of the road, motionless, like a telephone pole.

"Let me go? Did your family build this road?" Lin Kai asked coldly.

When the bodyguard heard this, he was angry at the time: “Do you know who she is? She is the big star Wang Zihuan! Now we are going to meet with an important client. Time has been lost. Can you afford this responsibility?”

“Responsibility?” Lin Kai smiled disdainfully: “Then excuse me, would you not detour on such a big road next to it? You have to push me away?”

“That is to say, I am in good health. If you change to an old man and an old lady, if you push like this, maybe something will happen!”

After hearing Lin Kai’s words, the bodyguard also became irritated: “Are you going to get out of here? Are you looking for fault?”

The bodyguards are also arrogant. They usually follow Wang Zihuan’s arrogance and don’t open Lin’s eyes at all!

And the big star Wang Zihuan stood there, staring at Lin Kai with an unhappy expression.

As the saying goes, if the son does not teach, the father is the fault.

The reason why this group of bodyguards is so arrogant is because she didn’t teach well as the master, and the upper beam was not straight and the lower beam was crooked. She really regarded herself as a person!

“I just stand here, don’t leave, what can you do with me?” Lin Kai asked coldly.

The bodyguard was not a vegetarian character. Hearing that, he was furious at the time, and saw the bodyguard waved his fist and seven or eight bodyguards besieged Lin Kai.

“Go to \*\*\*\* you!” the bodyguard roared.

Lin Kai’s brows were frowning, she was so incompetent!

If others do not give way, he will hit others. Such a bodyguard is simply a curse!

Lin Xinzong was very angry, so he started to make a heavy effort.

Lin Kai stretched out his hand, caught the bodyguard’s fist, and squeezed it vigorously, only to hear a click, the bodyguard’s fist was deformed.

Apparently fractured.

And the bodyguard immediately exhaled in pain, the sweat of the size of a bean on his forehead had already flowed down.

It hurts too much!

Ten fingers connected to the heart! But now, Lin Kai has squeezed his five fingers!

Squeezing off the bodyguard's hand, Lin Kai kicked and kicked the other bodyguard out!

I saw that bodyguard's body flew out like a kite with a broken line, and fell into the grass with a plop, spit out a mouthful of blood, rolled his eyes, and his life was unknown.

Afterwards, Lin Kai hit three times and divided five by two, putting all the seven or eight bodyguards down.

The scene was silent.

Lin Kai's skill is really too strong!

You know, these bodyguards used to be either from martial arts schools or from various martial arts schools. Their skills are several times stronger than ordinary people!

But they used more and less, and they didn't even touch other people's clothes, so they were all brought down. Isn't this too powerful?

Wang Zihuan frowned, and the two assistants beside her guarded her to protect her safety, looking at Lin Kai with vigilance.

At this time, Wang Zihuan's fans saw that Wang Zihuan's bodyguard was put down by Lin Kai, and they all came to Wang Zihuan to protect Wang Zihuan's safety, and looked at Lin Kai with vigilance.

At that time, a voice of dissatisfaction came.

"What kind of person is this? Why is it so lacking in quality? Don't give way, let's beat people!"

"Uncultivated, such a person is not worthy to live in this world!"

"At first glance, this person is an orphan, so uneducated and unqualified, definitely not taught by parents!"

...

The words of these fans are very vicious. In order to protect Wang Zihuan, they will not hesitate to attack Lin Kai with words.

Lin Kai was also very angry when he heard these words. Are these people chasing stars and chasing fools?

Can they tell if it is right or wrong?

At that time Lin Kai furiously said, "I'm not educated?"

"This road is so big. I walk on this road. It's not against the law, right? And you have a lot of people who don't walk on such a wide road, you have to push me, right?"

"Do you know how strong their hands are? That means I am in good health. If I change to an old man and an old lady, I might belch at this time!"

"Also, you said that I have no education and shouldn't beat people, but you didn't see that they beat me first?"

"Don't I protect myself? Am I going to watch them hit me?"

"I'm not a fool! Fuck!"

Lin Kai, who was furious, couldn't help but explode with a foul language.

He really couldn't stand it. These people insulted themselves for the sake of a stranger, without looking at the nature of the matter.

She is a star, does she have a penny relationship with you?

Do you see how she looks at you?

But now you are insulting yourself like her dog, indiscriminately, Lin Kai can't bear it!

After being reprimanded by Lin Kai for a while, Wang Zihuan's fans were not ashamed, but there was a posture that I was justified!

At that time, they akimbo their hips and said, "What's wrong with this wide road? Can't you give my Zihuan a little bit?"

"Yeah, fortunately, you are a big man, don't you know if you let a little girl? If you let go, will these bodyguards hit you? To put it bluntly, or you don't have the vision to see."

"Straight man! Such a boy will definitely not find a girlfriend in his life."

"It's not just that you can't find a girlfriend. Such a person is a \*\*\*\* at first sight. They come to such a high-end villa complex to pick up trash, right?"

"Yeah, do you know how hard my Zi Huan works? Do you know what time my Zi Huan practices dance every day? Do you have the heart not to make way for a girl who works so hard? There is no sympathy at all!"

...

Facing the insults of these crazy fans, Lin Kai was also angrily laughed.

But think about it again, there is nothing to quarrel between myself and these brainless fans.

At that time, Lin Kai waved his hand and was about to leave.

“Forget it, I don’t bother to care about you.”

After that, Lin Kai was about to leave, but as soon as Lin Kai moved, only a clatter was heard, and a group of people surrounded Lin Kai, not allowing Lin Kai to leave at all!

“Go? Do you want to go? You beat my Zihuan’s bodyguard, and you want to go without an apology?”

“Yes! You must apologize to my Zihuan right now! Otherwise, you don’t want to leave!”

“Apologize! Bow!”

...

Surrounded by so many people, they pointed their fingers at Lin Kai, poked Lin Kai’s brows and cursed, and at this time, Lin Kai was two big heads.

Crazy fans, it’s really scary!

At this moment, I saw a black commercial car driving out of the community. It was a Mercedes-Benz commercial car.

After seeing this commercial car, Wang Zihuan’s eyes lit up, pushed away the assistant in front of him, and greeted the past.

“Mr. Cao is here!”

## **Chapter 404: Ceo Cao**

Chapter 404

Mr. Cao in Wang Zihuan’s mouth is naturally Cao Wanjin.

Although Cao Wanjin’s entertainment company is just a coat of his in Jinling Huatianjudi, Cao Wanjin still has a certain business ability.

His entertainment company, in Jinling, is also well-known.

Wang Zihuan is just a second-tier celebrity, and when he meets a big boss like Cao Wanjin, he naturally fawns.

I saw Wang Zihuan changed his cold look and greeted the past very enthusiastically, even pushing away his fans.

And the black Mercedes-Benz commercial car stopped on the side of the road, two strong bodyguards got out of the car, and then Cao Wanjin wearing overcoats got off the commercial car.

As soon as he walked down, he saw Wang Zihuan trotting over.

“Mr. Cao, hello, I’m sorry, there is a guy on the road who has no eyesight wasting time, so I bother you to come out and pick him up.

Wang Zi’s smile was a please.

At the same time, Wang Zihuan was also a little excited. Cao Wanjin came to pick him up personally. Is it possible that an untellable story is about to happen between himself and Cao Wanjin?

Cao Wanjin is worth more than one billion yuan. If he can become his woman, what kind of entertainment will he be in the future?

Become a wealthy wife directly!

Cao Wanjin came to pick up Wang Zihuan in person, and Wang Zihuan’s face was also bright.

But after seeing Wang Zihuan, Cao Wanjin was obviously taken aback.

“Zi Huan, you go back to my house first, I want to pick up an important guest.” Cao Wanjin said.

Didn’t you come to pick yourself up?

Wang Zihuan was very disappointed when she heard this. She thought Cao Wanjin was here to pick her up.

But think about it again, with his own status, how could President Cao pick him up in person?

People are big bosses worth billions!

“It doesn’t matter Mr. Cao, I will go with you.” Wang Zihuan said.

Cao Wanjin nodded, but did not refuse.

On the road, Cao Wanjin said as he walked, "I told you on the phone, this time the one who worked with you is not an ordinary actor."

"Although he doesn't have any talent for acting, he is a great young man!"

"Worth billions, behind him, there may be hundreds of billions of giants standing!"

"So, you have to seize this opportunity. If you catch this prince, you will have nothing to worry about forever!"

Cao Wanjin told her about this on the phone.

Wang Zihuan is also very caring, that is the young master of the billionaire! If you catch it, you can live in a luxurious mansion for the rest of your life, with luxury cars coming in and out!

It's cool to think about it.

Wang Zihuan is still very confident about her appearance. Wang Zihuan's ability to become a second-tier star in the entertainment industry this year depends on her figure and face.

I have to say that Wang Zihuan is indeed very beautiful, with willow leaf eyebrows and big eyes, although it gives people a cold feeling, but the temperament that strangers are not close makes people have a primitive desire to conquer.

"I know, President Cao." Wang Zihuan nodded and agreed.

Not long after leaving, Cao Wanjin was suddenly attracted by the group of people in front of him. Cao Wanjin frowned and asked, "Why are there so many outsiders in the community? What do the security guards in the community do?"

Speaking of this, Wang Zihuan deliberately showed a disgusting expression: "Mr. Cao, that is a poor dick. He blocked my way and beat my bodyguard. Now he is blocked by my fans. , I can finally get rid of these annoying fans."

"Oh?" At this point, Cao Wanjin was also interested.

Of course he knew that Wang Zihuan's bodyguards were all masters.

How many bodyguards overturned by one person?

This kid has some strength!

At that time, Cao Wanjin wanted to win him over. After all, Cao Wanjin's true identity was a big drug lord!

What he lacks is ruthless people.

"Take me to see." Cao Wanjin said lightly.

How dare Wang Zihuan not listen to what Cao Wanjin said?

At that time, he brought Cao Wanjin to the front of the fan group, and Cao Wanjin's people pushed these fans away rudely: "Get out of the way! Get out of the way!"

These fans were very displeased when they were pushed away so roughly, but after seeing that they were the big five and three \*\*\*\* men, they were surprised that no one dared to speak.

The crowd was pushed away, revealing Lin Kai standing in it.

Lin Kai looked helpless. Facing this group of brainless fans, Lin Kai didn't fight, he couldn't scold him, he could only wait.

After seeing Lin Kai, Wang Zihuan pointed at Lin Kai and teased: "It's this dick."

After seeing Lin Kai, Cao Wanjin was stunned.

Afterwards, Cao Wanjin's expression became very exciting, it was him, Lin Wudi!

Unexpectedly, the person who beat Wang Zihuans bodyguard was actually Lin Wudi, and Lin Wudi is now surrounded by Wang Zihuans fans. If he makes this young master unhappy and crosses the line of fire and stops shooting, who will he cheat? Where is the money?

At that time, Cao Wan's sweat on his head was dripping drop by drop.

Seeing Cao Wanjin sweating so much, Wang Zihuan asked very concerned: "Mr. Cao, are you very hot?"

"Get out!" Cao Wanjin unexpectedly yelled at Wang Zihuan. Wang Zihuan was stunned.

Cao Wanjin showed a pleasing smile and came to Lin Kai's face in a humble manner.

"Shao Lin, why don't you say hello when you come? I'm so good I go out to pick you up personally!" Cao Wanjin smiled.

Lin Shao?

Everyone was stunned.

Isn't this person an ordinary passerby? How come it has changed in a blink of an eye, and has become a young master!

Wang Zihuan was also stupid.

Lin Shao?

He hadn't even glanced at this \*\*\*\* just now, but now this \*\*\*\* has changed, and has actually become Lin Shao?

What status is Cao Wanjin? A big boss worth billions of dollars, and even he has to be inferior. How big is this young Lin's background!

Lin Kai was in a bad mood and glared at Cao Wanjin: "You the \*\*\*\* still knows to come? Is this broken star a member of your company?"

Cao Wanjin looked at Wang Zihuan and was very annoyed. He just saw Wang Zihuan's good looks, so he wanted Wang Zihuan to seduce Lin Kai, but he didn't realize that Wang Zihuan hadn't taken any action before he was hated by Lin Kai.

"She...not!" Cao Wanjin denied.

Wang Zihuan was dumbfounded.

Cao Wanjin said he is not from his company? But I am an artist of his company!

Why does he say that? Is it because this young Lin is a big man he can't afford to offend, so he wants to kick himself out of the company?

At that time, Wang Zihuan's body was shocked, and his face turned pale.

Thinking of his bodyguard pushing Lin Kai so rudely just now, and still wanting to beat Lin Kai with his hands, Wang Zihuan's heart was cold.

This one is the young master of the hundred billion family that Cao Wanjin said?

## **Chapter 405: Country's Blade**

Chapter 405

"Not the best!" Lin Kai snorted coldly.

Lin Kai didn't have a good opinion of Wang Zihuan.

Don't pretend to be high-minded, he is extremely irresponsible to his fans, and he looks like he is the center.

Cooperating with such a female star, Lin Kai is willing not to make this scene.

Wang Zihuans heart was cold and cold. He had known that this young man with such a simple dress was Lin Shao. How could she dare to pretend to be high in front of him?

She is too late to fawn!

Cao Wanjin has said that he is the young master of the 100 billion family, and his status and status are much higher than that of Cao Wanjin.

Even Cao Wanjin had to fawn.

If you indulge in Lin Kai and spend the rest of your life worrying about food and clothing, how can you be a little star and see the faces of various directors every day?

But now, she can be regarded as completely offending Lin Kai!

Just now, my fans insulted Lin Kai, but she hasn't paid any attention to it. It's fine now.

Lin Kai already hates herself!

In Wang Zihuan's heart, it was a regret. If God gave her a chance to do it again, she would definitely cheer her up!

Even if she couldn't become Lin Kai's woman, she would still know Lin Kai this predator.

Lin Kai can definitely help her a lot in her future journey!

But unfortunately, there are all medicines in this world, but there is no regret medicine.

I saw a look of loss on Wang Zihuan's face.

Wang Zihuans fans are also dumbfounded. The poor boy standing in front of them is actually the existence of their idol boss who wants to please?

So, Wang Zihuan will definitely be suppressed by Lin Kai in the future?

The faces of these fans changed drastically at that time. They didn't care about their safety, they only cared about their idols!

Looking at Wang Zihuan's face again, it was very ugly, she didn't even bother to look at her fans.

Lin Kai waved his hand and said, "Let's go, it's pretty hot outside."

Cao Wanjin nodded and waved: "Yes, Lin Shao, please."

After that, the two of them walked to the Mercedes-Benz commercial vehicle together, got into the commercial vehicle, and drove directly towards Cao Wanjin's home.

And Cao Wanjin's home is very lavish. Compared with Lin Kai's three-billion-dollar villa, it is even worse.

Entering the luxurious villa, Lin Kai followed Cao Wanjin to a conference hall, and saw a person sitting in the conference hall.

This man is a strong middle-aged man, a little bald, and his face looks a little longer.

At that time, Cao Wanjin introduced to Lin Kai: "Lin Shao, let me introduce you, this one is our famous director, Feng Dagang."

Lin Kai and Feng Dagang shook hands, and the four of them sat down.

That's right, Wang Zihuan also followed, but now Wang Zihuan is standing behind Cao Wanjin with his head bowed, not daring to look directly at Lin Kai.

Lin Kai knocked on the table and stepped directly to the topic: "Then let's discuss the matter of filming. To be honest, I am not interested in filming. It is mainly that Mr. Cao said that I can get in touch with the filming this time. Hot weapon."

"You know, I, Lin Wudi, don't like anything, but I just like to find excitement. As long as you give me enough excitement, investment is not a problem."

Lin Kai directly set up the score of Young Master Lin Wudi.

Yes, why did Lin Kai shoot this movie?

The apparent reason is because Lin Kai is looking for excitement!

A triumphant look flashed across Cao Wanjin's eyes. It seemed that Lin Kai had gradually started to be fooled. When he deceived him into his own territory, when Lin Kai couldn't pay, he wouldn't forget what he said!

I know you kid can fight, but if you can fight again, do you have a good gun?

Cao Wanjin sneered in his heart, but he still showed a pleasing smile on the surface: "Lin Shao is right."

"Director Feng, what do you think?"

Feng Dagang heard the words and nodded: "You can rest assured, Shao Lin, and you are guaranteed to be satisfied."

This Feng Dagang was also a person who was kept in the dark by Cao Wanjinmeng. He received a lot of money to direct this movie.

Otherwise, with a director as big as Feng Dagang, he would never come to serve the young master Lin Kai!

Cao Wanjin really paid a lot for Lin Kai's money!

"Okay, let's discuss the specifics of this movie."

"First of all, I hate the movie name of this movie. It's too tacky to cross the line of fire!"

Lin Kai put forward his first opinion.

Crossing the line of fire was indeed too tacky. Cao Wanjin was only trying to make money for Lin, and he didn't think so much at the time.

But now that Lin Kai has put forward his opinions, he has to follow Lin Kai's ideas.

"Shao Lin, you have the final say how you want to make this movie."

Lin Kai nodded and knocked on the table: "Do you know why Wolf Warriors are so hot?"

Feng Dagang thought slightly, and said: "Because the Wolf Warriors series of movies are based on the iron and blood theme, they are very popular among contemporary young people."

"Yes." Lin Kai nodded, "Director Feng has a certain point, but there is one more point."

"That's because Wolf Warriors is advocating patriotism! This patriotic sentiment not only makes the people of Huaxia Kingdom look passionate, but also creates a high score for Warrior Wolf!"

"Furthermore, Huaxia Guo will also very much support us in making patriotic films."

"Therefore, we need to make a film with patriotic feelings and call on young people to value our country and love our country."

"Secondly, the real male aspect that shows the protagonist and the positive character."

Lin Kai's remarks were very reasonable, and Feng Dagang nodded at the time.

Why did Lin Kai say that? Because Lin Kai wanted to make this movie?

Of course not. This is a task assigned to him by He Zhijun. Anyway, it was Cao Wanjin who invested in the filming of this movie, which would be a good way to promote the country and the soldiers.

Kill two birds with one stone.

Feng Dagang nodded: "This is a good idea, so what should be the name of this movie?"

Without even thinking about it, Lin Kai said directly: "It's called "The Blade of the Country"!"

The blade of the country, this name was thought by Lin Kai in advance, it is not tacky, and it can also promote the military spirit of the Chinese nation!

"Yes." What Lin Kai said, how dare they not follow?

"Also, who is the heroine of this movie?" Lin Kai asked at this time.

Both Feng Dagang and Cao Wanjin looked at Wang Zihuan next to them.

"It's... it's me..." Wang Zihuan lowered his head at this time and stood tremblingly.

Lin Kai didn't even look at her, and said, "Well, you can go back. This movie has nothing to do with you."

After hearing Lin Kai's words, Wang Zihuan's face blushed. She knew that Lin Kai was a big man, and even the director and funders had to listen to him.

But she was really reluctant to let her withdraw from a super movie made with an investment of ten million yuan!

"Lin Shao, you give me a chance..."

## **Chapter 406: Martial Arts Instructor Li Hu**

### Chapter 406

"Needless to say!" Lin Kai reached out and stopped Wang Zihuan's words directly: "I said, this drama has nothing to do with you!"

"Shao Lin let you go! Didn't you hear?" At this moment, Cao Wanjin became impatient, slapped the table and said angrily.

But Wang Zihuan shivered all over, with a pale face, nodded, and walked out of the meeting room.

“As for the heroine, I will find someone to ensure you are satisfied.” Lin Kai said.

“Okay, yes.” Cao Wanjin and Feng Dagang had no objection.

“Just follow the general direction I said to make the script. After the script is finished, you can show it to me.” Lin Kai said and stood up.

“That’s all for today, I will go back first.”

Upon hearing this, Cao Wanjin and Feng Dagang hurriedly got up to send Lin Kai off.

One was the boss of Jinling Entertainment Company, and the other was a big director in the entertainment industry. At this time, like a cockroach, he sent Lin Kai out of the villa himself, and Cao Wanjin sent his own car to send Lin Kai off.

Soon, Lin Kai returned to the capital of the famous city.

As for the heroine, Lin Kai has his own arrangements.

You know, Lin Kai didn’t come to Jinling alone, and another person followed Lin Kai.

That is Tian Guo.

However, after Tian Guo came to Jinling, he was sent to perform a secret mission and will be back tonight.

Tian Guo is his comrade-in-arms, filming together, in case something happens, they will have a response to each other.

After returning to the villa, Lin Kai went to read a book.

...

After three days, Lin Kai finally received the script.

When I glanced at the script, they basically followed Lin Kai’s ideas, and Lin Kai was quite satisfied.

After finalizing the script, Lin Kai came to a street in Jinling City the next day. At this time, this street had been blocked.

This street was temporarily rented by the crew.

This street is one of the busiest streets in Jinling City. Renting such a street costs millions in a day.

And the crew was ready on this street, just waiting for Lin Kai.

The script is very clear. At the beginning of the movie, Lin Kai fought with a group of gangsters, first showing Lin Kai's strong melee ability, making the audience excited about it.

After arriving at the scene, the dragon set was ready, and Feng Dagang was waiting for Lin Kai with the script!

"Lin Shao, you are here, are you satisfied with the script?" Feng Dagang offered the script with both hands.

Lin Kai didn't even look at it, and said, "Don't look at it, just start."

After all, Lin Kai moved his muscles a bit.

At this time, a strong man in his thirties came to Lin Kai.

This brawny man, with muscular body and dark skin, is wearing a peaked cap.

I saw him wearing a black vest with four characters of martial arts instruction written on the vest.

At that time, Feng Dagang introduced Lin Kai: "This one is one of the best martial arts instructors in China!"

"The films of the Wolf Warrior series were directed by him. His name is Li Hu."

Hearing this, Lin Kai nodded and shook hands with Li Hu.

This Li Hu, at first glance, is a powerful character.

He glanced up and down at Lin Kai, and a look of disdain flashed through his eyes.

Although Lin Kai is the leading actor, in Li Hu's eyes, Lin Kai is so white and thin, and he has no experience in filming. How many box offices can the movies he starred in?

In Li Hu's eyes, Lin Kai must be the kind of young man who has money and nowhere to spend, and wants to make a movie!

At that time, Li Hu said in a deep voice, "Shao Lin, right? Hello, I am Li Hu."

"Next, please remember the actions I will teach you. I will only teach you once!"

After all, Li Hu spread his hands and feet in front of Lin Kai, whirring! A set of martial arts boxing was beaten by Li Hu!

This Li Hu obviously also served as a soldier. A set of martial arts boxing was punched out by him.

This is a master!

After a set of punches, Li Hu wiped his sweat and said proudly: "The protagonist is a soldier of the Chinese nation. Therefore, in this fight, you need to use military punches to defeat these gangsters! "

After all, Li Hu pointed to the gangster on the side.

These gangsters are actually gangsters, all of them are in their true colors.

In Jinling, Li Hu is also considered the number one ruthless character. He is not only a martial arts instructor, but also a thug.

He has a bad temper. If Lin Kai's background is not very hard, he wouldn't be bothered to take care of Lin Kai.

"Remember?" Li Hu asked.

Lin Kai nodded: "Remember."

"Cut!" Li Hu whispered when he heard the words.

He thought that Lin Shanxi said that he hadn't remembered it. After all, a set of martial arts punches can't be remembered by ordinary people after reading it!

And Lin Kai said without shame that he remembered it?

At that time, Li Hu felt disdainful.

These rich second generations just like to pretend!

I saw Li Hu said: "Now, I will demonstrate it live for you, please take a good look."

After all, Li Hu came to the street and waved his hand, and the ten thugs stood opposite him with steel bars in their hands.

"Start!" As Li Hu shouted, the ten gangsters rushed towards Li Hu with steel pipes!

I saw Li Hu punch out a set of military punches. It was a tiger with power. His fists were very fast, and the speed was very fast.

And those bastards, once they hit Li Hu's fist, they would immediately fall to the ground.

Said it was acting, but Li Hu actually started it!

These \*\*\*\* are really beaten!

In one minute, all ten thugs were knocked down!

Li Hu patted the dust on his body and came to Lin Kai's face: "Since you remembered it, do you come again?"

Li Hu's eyes were joking.

He is playing with Lin Kai!

He just couldn't understand that young masters like Lin Kai came to film. He was very annoyed to bring new people. If Lin Kai had a strong background, Li Hu would have been swearing.

But now, Li Hu can also see Lin Kai embarrassed!

Because Lin Kai is doing her best!

He can't remember his own martial arts boxing!

After a while, he will go up and fight, and he will definitely be in a hurry. Maybe he will be injured by a dragon!

Li Hu held his arms and stood aside with a joking expression.

These gangsters are actually Li Hu's younger brothers. At that time, Li Hu winked at them, and these gangsters readily understood.

They didn't dare to beat Lin Kai, but for a while faster, so that Lin Kai couldn't react, it was enough to make him embarrassed!

Teasing a big and young, they are small people, and they feel good!

"Start!" After hearing Feng Dagang's order, all the ten \*\*\*\* rushed towards Lin Kai!

At this moment, I saw Lin Kai posing in the pose of Wing Chun, looking at the ten gangsters in front of him indifferently.

Li Hu sneered at the time and said to himself: "Hehe, I can't use martial arts boxing, so I still use Wing Chun to pretend to be a force? Do you think you watched two Ye Wen movies and you really thought you could Wing Chun?"

## Chapter 407: At Such A Low Level Still Use Diaoweiya?

Chapter 407 is so low, still use Diaoweiya?

Is Lin meeting Wing Chun? of course not.

Although Lin Kai has never studied Wing Chun, Lin Kai has a very strong talent. He basically knows Wing Chun once he reads it.

Why doesn't Lin Kai use Juntiquan? Because he was so familiar with Juntiquan, when Cao Wanjin saw him, he would inevitably become suspicious, so Lin Kai used Wing Chun!

The ten thugs rushed towards Lin Kai, all very fast. Their purpose was to make Lin Kai unable to react!

A \*\*\*\* rushed to Lin Kai's face, and shouted a stick to Lin Kai's face!

Of course, the \*\*\*\* wouldn't really call Lin Kai's face, he was just to scare Lin Kai.

Hunk's face showed a playful look at that time.

But an unexpected scene happened. Lin Kai caught the stick very calmly and pulled it back with a soft force.

The body of the bully fell into Lin Kai's arms involuntarily.

But Lin Kai's fluttering punch hit the bully's abdomen, and the seemingly fluttering punch actually contained powerful power!

At that time, the bastard's eyes widened, he spit out a mouthful of blood, and was pour over by Lin Kaikai!

At this time, a \*\*\*\* rushed to Lin Kai's right, and saw Lin Kai's slow speed suddenly increase, almost rushing to the person with a flash.

A fist slammed on the bridge of his nose. At that time, the bridge of his nose broke and mixed nosebleeds sprayed out!

Afterwards, Lin Kai bends over, dodges a stick, and continues to use Wing Chun to walk among these gangsters.

I saw Lin Kai's vague steps, soft and rigid boxing, which made people puzzled, and these gangsters became angry.

Lin Kai really started!

At that time, they also had the strength to beat Lin Kai and attacked him cruelly!

However, it is useless.

I saw Lin Kai grabbing a bastard's collar with one hand, his knees directly against his bastard. At that time, the \*\*\*\* covered his \*\*\*\* and knelt on the ground.

It took a minute to solve this group of gangsters.

These ten gangsters were all honorably injured!

“Okay!” After Lin Kai finished his fight, Feng Dagang clapped his hands, his expression was agitated.

“Wonderful! It's really wonderful!”

Feng Dagang is actually not optimistic about this play, not optimistic about Lin Kai.

After all, Lin Kai is a new actor and has no experience in acting.

But in order to make a lot of money, Feng Dagang had to direct the film.

But after seeing Lin Kai's Wing Chun, he rekindled hope for the show!

fantastic!

Lin Kai's shots are even more exciting than those first-line martial arts stars he has directed!

With one hand of Wing Chun, Lin Kai almost beat him to a superb state.

The ten gangsters who had been beaten up at this time also helped each other to stand up.

In the later stage of this movie, there is no need to add special effects, these gangsters spray out, all real blood!

Lin Kai is not a fool, how can he fail to see the intention of Li Hu and these gangsters?

Therefore, Lin Kai is naturally not welcome.

The expression on Li Hu's face is also extremely wonderful.

He thought Lin Kai was a novice and didn't understand martial arts.

But I didn't expect that although Lin Kai was a novice, he knew martial arts.

The Wing Chun hand just now made him feel inferior to Li Hu.

It's really wonderful.

It is soft with rigidity, and the speed is fast and slow, which makes people puzzled. He can't learn that kind of vigor of Master Wing Chun.

Li Hu was actually slapped by Lin Kai!

"Director, he is playing Wing Chun, not military physical boxing." At this time, Li Hu was unwilling to say.

Feng Dagang heard this and glared at Li Hu, and said, "What's wrong with Wing Chun? Isn't Wing Chun from the Chinese nation? This movie mainly advocates patriotism, whether it's Wing Chun or military sports boxing, it's the same!"

After hearing what Feng Dagang said, Li Hu was speechless.

I saw Feng Dagang approaching Lin Kai and shook Lin Kai's hand: "Lin Shao, good body technique! Good boxing technique! I can't tell, you are still a great master!"

Lin chuckled, "I dare not be a master, but Lin Wudi asks himself about martial arts, he doesn't need others to teach him!"

After that, Lin Kai looked at Li Hu.

But Li Hu's face turned red after a brush, he knew that Lin Kai was talking about him.

"One pass, and there is another running scene on this street. After filming the running scene, this street scene is over." Feng Dagang said.

"The running scene is because the villain has sent a lot of people, and you are invincible, so you ran from one end of the street to the other end, where a lot of parkour is needed, and you also need to hang Wia."

"Li Hu, show it to Lin Shao!"

"Yes!" Li Hu heard the words and glanced at Lin Kai meaningfully.

He didn't expect Lin Kai to be able to fight like this.

But parkour is not your strong point, right?

It is difficult for people who hang Wia for the first time to overcome the fear of Wia. For a while, I will see how you are embarrassed!

Seeing Li Hu came to the other side of the street, with the director's order, Li Hu ran wildly!

His hands are shaking hard!

The first obstacle was a two-meter-high container. Li Hu took a leap, stepped on the container box, and flew into the container.

Afterwards, Li Hu made a strenuous leap, and after landing, he stood up and continued to run wildly.

Afterwards, I saw Li Hu climb up the electric pole, very fast, of course, with the help of Wia, he climbed the electric pole naturally fast.

After climbing to the center of the telephone pole, Li Hu flew again and flew to the outside air-conditioning unit by the street.

I saw Li Hu dangle Wia, stepping on the air conditioners under his feet, and ran out of the street in one breath.

After the action demonstration, Li Hu was panting.

This set of actions is extremely laborious, and even if Li Hu demonstrates it, it is under tremendous pressure.

Especially when rushing to the air conditioner outside machine, one after another air conditioner outside machine, each with a distance of about two meters, even if the Wia is hanging, Li Hu will worry whether he will fall.

Feng Dagang looked at Lin Kai and smiled and said, "Lin Shao, it doesn't matter. Today, I will shoot this one. If you are afraid of heights, we can change the plot and not run wild on the air conditioner."

Lin Kai waved his hand and said, "No, just take one and try it."

"Huh?" Feng Dagang was stunned, and Li Hu demonstrated it again. Lin Kai will try?

You know, parkour is not comparable to martial arts. You have learned martial arts in advance, which is understandable, but parkour, if you haven't learned it, will easily fall into trouble.

But Feng Dagang didn't dare to object to Lin Kai's words, and said, "It's okay to give it a try, but you hang Wia first."

Feng Dagang actually sneered in his heart, really thinking parkour is such a simple thing?

When you fall to the ground in a while, you will understand how difficult it is!

Speaking of Diaoweiya, Lin Kai joked and refused directly: “No need, it’s so low, still use Diaoweiya?”

## Chapter 408: Flying Over The Wall

Chapter 408

Is it so low?

At that time, the directors were stunned.

You know, the outside air conditioners on the wall are four to five meters away from the ground, and the distance between the outside air conditioners is about two meters.

Moreover, the external unit of the air conditioner is close to the wall, even if people stand on it, they can't stand still, let alone run away.

Don't use Avia to parkour?

That's impossible!

Lin Zhuan was thrown to death!

Moreover, the telegraph pole is extremely sleek, and it is difficult to climb up without the aid of Avia.

Even if you can climb it, it must be time-consuming.

Also, if you have time to climb a telegraph pole, you might as well run over the road.

Lin Kai is simply trying to do it!

At that time, Feng Dagang was also a little unhappy in his heart. This Young Master Lin was too \*\*\*\* big, right?

He thought he would be able to fly away with a little effort?

impossible!

Li Hu sneered with his arms in his arms. He understood how difficult it is to parkour on an outside air-conditioning machine. When he was using Via, he was afraid of falling.

If you don't use Avia, you can be scared to death!

The group of punks also helped each other to stand up, looking at Lin Kai with a grimace.

After hearing that Lin Kai was going to parkour with Wia, they all began to look forward to it.

They can't wait to see Lin Kai falling down!

It's best to drop all the front teeth!

Feng Dagang wiped the sweat from his forehead and said, "Shao Lin, you don't know anything, this..."

Before Feng Dagang finished speaking, Lin Kai interrupted: "Well, don't waste time, I want to go back to the air-conditioned room to cool off after the filming!"

Lin Kai looked impatient.

Seeing Lin Kai's inflated expression, Feng Dagang was also angry.

You like to be strong, don't you?

I let you do it! I broke my face in a while, just because I don't need to shoot this broken movie!

"All right, Lin Shao, please!" Feng Dagang waved his hand, his tone of voice was not good.

Li Hu also sneered with his arms.

A group of people were waiting to see Lin Kai's joke.

The camera was ready, and on the other side of the street, dozens of punks with blades appeared.

Following Feng Dagang's order: "Start!"

I saw these bullies screaming and chasing Lin Kai!

Under Li Hu's hint, they deliberately ran faster, just because they wanted Lin Kai to fall.

Lin Kai smiled slightly. At this moment, Lin Kai's right foot slammed on the ground, and his body shot out like a cannonball!

In just one second, he distanced himself from the gangster behind him.

The first obstacle is a two-meter high container, which is two meters high. Normally, it needs to be climbed by hand.

But Lin Kai didn't. Lin Kai jumped on the spot and jumped on top of the container. His movements were smooth and flowing, without any pause!

At that time, Feng Dagang's chin was about to fall off. Is his jumping ability so strong?

The scene that happened next surprised everyone even more.

Because Lin Kai didn't jump out of the container at all!

According to the plot, now Lin Kai should jump out of the container, quickly ran to the side of the electric pole, and climbed up the electric pole.

But Lin Kai didn't jump down at all!

The container was eight or nine meters away from the telephone pole, and Lin Kai leaped on the container, his body seemed to be out of the gravity of the earth, and he flew over!

"Fuck..." Li Hu's eyes were almost staring out.

Jump seven or eight meters, is this a \*\*\*\* human? Is this leg fitted with a spring?

Lin Kai jumped out of a distance of eight or nine meters, and hugged the telephone pole with both hands.

But Lin Kai's hands and feet seemed to be glued to a telephone pole. Using both hands and feet, they were actually faster than ordinary people running. In less than a second, Lin Kai had climbed to the middle of the telephone pole.

Afterwards, Lin Kai actually played an somersault in the air, and his body steadily landed on the outside of the air conditioner.

Fuck somersault! Excessive!

What Li Hu saw was a shock!

Next, there is even more excessive.

I saw Lin Kai rushing on the outside of the air conditioner, even without the assistance of WIA, he could walk as fast as he could. The speed was comparable to Liu Xiang, a flying man.

Moreover, every time Lin Kai took a step, there would be an external air conditioner under his feet, that is to say, Lin Kai was completely flying!

Originally, the distance between an external air conditioner unit was two meters, but Lin Kai pulled it to four meters!

The speed is the same as flying!

Lin Kai froze for half a minute of the original one-minute shot, and then finished it!

After jumping off the outside of the air conditioner, Lin Kai rolled around and patted the dust on his shoulders, making the action in one go, very handsome.

The whole scene was shocked for ten seconds.

Soon after, a round of applause broke out.

Everyone in the director group applauded heartily.

Looking at the other side, those dozens of small gangsters, just a few steps away with a knife, Lin Kai has reached the end.

Who can catch up with such a fast speed?

The expression on Feng Dagang's face was an excitement. With such a good skill, it is a pity not to be a martial artist!

If Lin Kai becomes a martial arts actor, Feng Dagang can guarantee that he can become the second Bruce Lee!

A handsome man, a good figure, and such a strong skill, this is a genius to be a martial arts actor!

The expression on Li Hu's face was very ugly.

He thought that Lin Kai was just pretending to be forceful, but now he realized that Lin Kai is really capable.

People don't need to hang Wei Ya, parkour moves, in their eyes it is like playing.

At this moment, thinking of his disdain and impatience towards Lin Kai just now, Li Hu's face was hot.

It can be said that he is playing a big sword in front of Guan Gong.

No wonder people don't bird themselves at all.

There is no need for my own martial arts guide!

Feng Dagang came in front of Lin Kai and was quite excited: "Okay! Lin Shao, it's another one. You are a natural actor!"

Lin Kai waved his hand and said, "I just like martial arts. Is there still a shot today?"

Feng Dagang shook his head: "I finished the filming at the beginning, and I will end today. Originally, I used these two shots as a day's work. I thought Shao Lin would not work hard."

"But now, where does it take a day? Half an hour is enough!"

"Lin Shao, don't worry, I will make good preparations tomorrow, and I promise not to let you come back in the morning!"

Upon hearing this, Lin Kai nodded: "Okay, then I will go back first."

"Lin Shao walk slowly."

...

After returning to the capital of the famous city, Lin Kai finally saw the long-lost Tian Guo.

As soon as he walked into the door of the villa, he saw Tian Guo holding his arms and sitting angrily on the sofa.

Tian Guo was wearing a purple miniskirt on her lower body, just covering her thighs, and a white half sleeve on her upper body, very pure and beautiful.

A pair of beautiful legs attracts people's attention.

Some babies had fat little faces with an angry expression. Seeing Lin Kai coming back, Tian Guo stood up and was about to walk upstairs.

## **Chapter 409: Desert Eagle**

Chapter 409: Desert Eagle

"Tian Guo!" Lin Kai stopped Tian Guo and ran after him.

"Why are you so angry? Who offended my Miss Tian Guo?" Lin Kai asked with a smile.

Tian Guo huffed angrily, pointed at Feimengyan and Ling Xiaoqi on the second floor, and said angrily: "Okay, you Lin Wudi, just two days after my mother went out, you took two concubines back, right?"

Hearing this, Lin Kai was also dumbfounded.

Now he and Tian Guo's identities are boyfriend and girlfriend, and it is normal for Tian Guo to be angry when he sees two more women in the family.

However, these two women almost knew half of their true identities.

"Okay, stop acting. The two of them are not outsiders and have signed a confidentiality agreement." Lin Kai laughed.

Lin Kai thought that he would explain to Tian Guo that Tian Guo would not continue acting.

However, Tian Guo was still very angry when he didn't realize it.

"Who acted with you? The old lady is the hostess of this villa! Please drive the two women out!" Tian Guo shouted with arms akimbo.

For a while, Lin Kai was also stunned.

What is Tian Guo doing? Could she have forgotten her true identity?

"What are you doing? Tian Guo, the two of them are just my employees." Lin Kai said helplessly.

"Yo-yo-yo, do all the employees live in the boss's house? What kind of employee? Is it possible that they are bed-warming employees?"

"Yeah! Scumbag!"

After Tian Guo said, he walked upstairs angrily.

And Lin Kai wanted to say something more, but as soon as he called Tian Guo to stop, he saw Tian Guo kicked him when he broke his son and grandson's leg!

With Lin Kai's reaction ability, it could have been easily avoided, but in order to calm Tian Guo's anger, Lin Kai froze!

boom!

With a muffled sound, Tian Guo kicked Lin Kai's crotch, and Lin Kai also covered his crotch, pretending to look painful.

When Tian Guo saw it, she panicked and couldn't stay cold anymore, and hurriedly rushed in front of Lin Kai.

"Lin Wudi! Lin Wudi! Are you okay? Why don't you know how to hide?" Tian Guo asked anxiously.

Upon seeing this, Feimengyan and Ling Xiaoqi also ran down from upstairs, surrounded by Lin Kai, looking at Lin Kai with concern.

Lin Kai waved his hand and said, "I'm fine, I'll just go back to my room and rest for a while."

After that, Lin Kai limped back to his room and closed the door.

After closing the door, Lin Kai's mouth showed a sly smile, Xiao Tian Guo, fight with me, you are too tender!

I have three hundred points of defense. Qi is the one you girl can kick with a kick?

Tian Guo was dumbfounded in the living room. She stomped her feet very regretfully, regretting that she had just played her temper and now kicked Lin Kai.

If you think about it again, there seems to be nothing to be angry about.

These two people know Lin Kai's true identity, so what reason do they have to be angry? He is not Lin Kai's real girlfriend.

Tian Guo became more and more angry and went back to his room. Tian Guo fell asleep without knowing what was going on.

...

For the next week, Lin Kai has been filming in Jinling City.

Finally, under Lin Kai's outstanding performance, Wushu instructor Li Hu took the initiative to resign.

He couldn't guide Lin Kai at all, because Lin Kai's skills were much better than him!

On this day, Cao Wanjin invited Lin Kai to his villa as a guest.

In the tea room of Cao Wanjin's villa, Cao Wanjin poured a cup of tea for Lin Kai. In the entire tea room, there were only Cao Wanjin and Lin Kai.

Lin started to pick up the teacup, took a sip, and said, "Good tea, with a strong aroma and a lingering fragrance in the mouth."

Cao Wanjin said with a smile, "This is the best Tieguanyin, mass-produced. If Lin Shao likes it, I will give it to Lin Shao."

Lin Kai waved his hand and said, "No, President Cao invited me this time, isn't it just for tea?"

"Lin Shaoying."

Cao Wanjin smiled mysteriously, took out a black box from under the tea table, and pushed it in front of Lin Kai.

"This is a gift from Cao Mou, please be careful, please accept it."

Lin Kai heard the words and took the box.

After opening the box, I saw a silver desert eagle lying in the box. The pistol was very new and heavy.

Lin Kai took out the gun and swept it away, only to find that Cao Wanjin was staring at him with a vicious look.

In an instant, Lin Kai's brain began to rotate rapidly.

What is the purpose of Cao Wanjin giving himself this pistol?

Because I wanted to find excitement, I agreed to cooperate with Cao Wanjin in filming.

But his identity is Lin Wudi, the young master of a powerful family, has he not seen a gun?

So, he was testing his reaction after seeing the real gun!

Haven't seen a gun? It's too fake, Lin Kai doesn't believe it!

In just an instant, Lin Kai had thought of various results in his mind, as well as what he should do.

Lin Kai raised the desert eagle in his hand and pointed his gun at Cao Wanjin.

Cao Wanjin was taken aback for a moment, the expression on his face was a little stiff:  
"Lin Shao, what are you?"

With a playful smile on the corner of Lin Kai's mouth, he deliberately pulled the trigger:  
"Bang!"

Cao Wanjin was frightened and shivered, but there was no bullet in the gun, only the sound of the needle knocking out.

Lin Kai threw the gun on the table and looked at Cao Wanjin with contempt.

“Mr. Cao, I treat you as a friend, are you \*\*\*\* kidding me?” Lin Kai’s tone was a little unhappy.

Cao Wanjin wiped the sweat from his forehead and asked, “Shao Lin, why did you say this?”

I saw Lin Kai approaching Cao Wanjin and knocked on the table: “What I’m looking for is excitement! You just use this broken gun to fool me?”

“Do you think I don’t have a pistol at home?”

“I want to play, it’s Barrett! It’s a rocket launcher! It’s a tank!”

“What the \*\*\*\* do you mean by fooling Lao Tzu with the Desert Eagle?”

Lin Kai’s tone gradually became fierce.

And President Cao rolled his eyes and smiled: “Hey, I thought it was something serious.”

“Shao Lin, this matter is easy to handle. Tomorrow the crew is going to film a scene of fierce jungle fighting. The military will provide us with a lot of weapons and ammunition. Then, let Lin Shao you have enough!”

“Really?” Lin Kai’s eyes lit up upon hearing this.

“Naturally it is true.” Cao Wanjin smiled.

“Leave tomorrow!” After saying this, Lin Kai left the tea room directly.

After watching Lin Kai go, the smile on Cao Wanjin’s face gradually disappeared, replaced by a sullen expression.

He picked up the Desert Eagle on the table, loaded the bullets skillfully, loaded the bullets, and put away the pistol.

“It looks like he really is a young boy, want to play a gun, right? Tomorrow, Cao will definitely satisfy you, Lin Shao!”

After saying this, Cao Wanjin picked up the teacup on the table and drank the tea.

## Chapter 410: Huangshan Village

Chapter 410 Huangshan Village

After leaving Cao Wanjin's villa, Lin Kai returned to the capital of the famous city.

Early the next morning, Lin Kai received news from Cao Wanjin.

Cao Wanjin's special car has been waiting for a long time at the gate of Lin Kai's villa.

Lin Kai and Tian Guo came to the door and saw that, as expected, a Mercedes-Benz commercial vehicle was parked at the door.

Lin Kai and Tian Guo didn't bring any luggage, so they got into the special car.

Came to the airport with Cao Wanjin, bought a ticket, and slept drowsy for a day on the plane. Finally, the plane arrived at the destination.

Lin Kai immediately felt a chill when he got off the plane, it was so \*\*\*\* cold!

Upon closer inspection, he didn't know where Cao Wanjin brought Lin Kai to, but only a piece of white snow.

It's only a few months before it snows?

However, Cao Wanjin's people had already prepared, and directly put cotton coats on Lin Kai and Tian Guo.

Soon, a special car appeared in this unfamiliar city. Lin Kai, Cao Wanjin and others got on the special car and set off directly.

In the car, Lin Kai pretended to be curious and asked, "Mr. Cao, where are we going?"

Cao Wanjin closed his eyes to calm his mind, and said with a smile: "Go to a village, that place is our paradise."

"And where you are, there happens to be a scene to be filmed."

After hearing what Cao Wanjin said, Lin Kai asked again: "Then what about Feng Dagang? Why didn't he follow?"

Cao Wanjin said: "Feng Dagang's identity is not worthy of walking with us. He and the crew are on their way."

In fact, Lin Xinli knew that Feng Dagang would never come!

Because Cao Wanjin was about to attack himself, he already trusted himself very much. He felt that he was not an undercover policeman, nor a soldier.

So, he is going to take himself to his lair!

You can imagine what he will meet when he reaches his lair.

The car was driving on the road, and quickly drove out of this unfamiliar city. He took out his mobile phone and took a look. It seemed that he was in the northernmost part of China.

After driving all night, Lin Kai saw a piece of white snow when he opened his eyes the next day.

The car actually drove into the mountains!

The big mountain is a pure natural snow-capped mountain, no trees can survive here, so at a glance, it is all white.

Soon, the car stopped moving.

When he got out of the car, Lin Kai immediately felt the biting cold. Even though Lin Kai had a very strong physique, he still felt uncomfortable in this environment.

Looking at Tian Guo again, her face was red with cold, she was almost speechless.

Cao Wanjin took two of his subordinates, carrying huge mountaineering bags, and greeted Lin Kai: "Lin Shao, take another two hours' journey and you will be there!"

Two hours is nothing for Lin Kai, but for Lin Wudi, who is spoiled and spoiled, it is a problem.

"Fuck, let me come to such a shabby place, Mr. Cao, you're not being honest!" Lin Kai cursed.

The corner of Cao Wanjin's mouth showed a sullen smile.

Just let you cry for two more hours.

"Lin Shao, hold on, it will be here soon! You know, Huaxia Kingdom, but guns are prohibited. If you want to find excitement, you must find a deserted place!" Cao Wanjin smiled.

When Lin Kai heard this, he set off on the road unhappy.

I have to say that this broken place is indeed very cold, there are still 50 degrees below zero, and the cold people can't reach out at all.

In this place, apart from humans, Lin Kai didn't believe that there were other creatures at all!

An hour later, Tian Guo's face was pale with cold. Although she is a special soldier and has very strong physical strength, she has not received training to be cold!

It's too cold here, she can't hold on!

"Xiao Tiantian!" Lin Kai exclaimed.

Upon hearing this, Cao Wanjin brought two men down to Lin Kai.

Just glanced at Tian Guo, and said calmly: "It's okay, I'll be there soon, and she will be fine as soon as it gets warmer."

"Fuck, if my girlfriend has something short and long, I will never finish with you!" Lin Kai pretended to be angry.

This time, Cao Wanjin didn't follow Lin Kai to say good things, but sneered, turned and left!

"You!" Lin Kai became angry for a while.

At this time, Cao Wanjin had already revealed his true colors!

Because now, Lin Kai has come to his site!

The temperature here is so low that he is not afraid of Lin Kai running away!

Without a car, people can't get out of this snowy mountain with two feet!

Moreover, it is full of snow here, all places are the same, if you are not familiar with snow mountains, you will even get lost.

Lin Kai held Tian Guo and walked forward step by step, stepping into the snow, and he could make a deep footprint.

After four hours, Lin Kai finally saw the village!

On the top of the snow-capped mountain, a village suddenly appeared in front of everyone. The village was small, about forty or fifty households. From a distance, it was brightly lit.

Cao Wanjin, who was in front of Lin Kai, said, "This village, called Huangshan Village, is the only village within 30 kilometers."

"Then what do people in this village live on?" Lin Kai was curious.

Cao Wanjin smiled slightly, pointed at himself, and said, "Take me."

"Rely on you?" Lin Kai was taken aback, not understanding the meaning of Cao Wanjin's words.

And Cao Wanjin didn't explain too much, smiled slightly, and walked towards the village.

Ten minutes later, Lin Kai and others finally came to Huangshan Village.

The entire house in Huangshan Village is an old house decades ago. It has been reinforced again and again, and the outer layer of the house has been splashed with water and the water has frozen into ice, so the houses here can survive dozens of years. Years do not collapse.

As soon as he walked into Huangshan Village, someone came out to receive Cao Wanjin. The villagers in this village were mostly strong men. They were wearing leather coats, their faces were a little red from cold, and their skins were a little dry and cracked.

Dozens of such men came out to meet Cao Wanjin.

"Boss!"

"Boss, you are finally back!"

"Boss!"

...

A voice called the boss sounded, and Lin Kai's heart slammed. He was afraid that he had broken into the wolf den, right?

When Cao Wanjin came here, he relaxed his mind. He glanced at Lin Kai and his mouth showed a playful smile: "Please, Lin Shao?"

Lin Shao called Lin Kaishi twisted this sentence separately.

When he arrived in the middle of the village, Lin Kai was shocked by the house in front of him. Although this house was not comparable to the villa Lin opened in the capital of the famous city, in this ruined place, such a house is a big villa!

The three-storey building, each covering an area of 200 square meters, is made up of large blocks of bricks. Walking into this house, a heat wave rushes over.

It's too warm.

Click!

The bullet was loaded and the two AK47s had been aimed at Lin Kai and Tian Guo.

## Chapter 411: Turn Face

Chapter 411

In the living room, two big red-faced men in sheepskins were holding ak47 and looked at Lin Kai with alert.

"Mr. Cao, what do you mean?" Lin Kai's face was a little ugly.

Cao Wanjin smiled slightly and waved his hand: "Put down the gun, it's all his own!"

After hearing this, the two put down their guns.

"They are more sensitive to strangers, don't mind, Shao Lin!" Cao Wanjin jokingly said.

Lin Kai looked like he wanted to speak but stopped, obviously he was afraid of Cao Wanjin's strength.

Of course, this was all made by Lin Kai.

The room was really warm, Lin Kai and Tian Guo were seated, and Cao Wanjin sat on a tiger-skin chair, with the feeling of a mountain king.

There are no furnishings in this room, only a few chairs and a stove. In this place, this environment is already very good.

"Lin Shao, let's be honest, the people in this place are all people raised by me, Cao Wanjin."

"Here, I am the emperor!"

"Aren't you looking for excitement? Go out and turn left. There are ak47, bazooka, and even artillery."

"But in this place, you have to listen to me Cao Wanjin."

Cao Wanjin's tone has become arrogant.

Lin Kai raised his eyebrows, and Lin Wudi naturally refused to accept it: "Cao Wanjin, I think your \*\*\*\* brain is pretty funny, right? Let me listen to you?"

Upon hearing this, Cao Wanjin's face changed, and he sneered.

"Have you heard of the Black Hawk Commando?" Cao Wanjin asked suddenly.

Black Hawk Commando?

Lin Kai had never heard of it.

"In Israel, there is a special force called the Black Hawk Commando. They are Israel's best special forces!"

"Later, they were bought from Israel by a rich man. Do you know who bought them?"

Lin Kai looked at Cao Wanjin: "Is it you?"

"Yes, it's me!" Cao Wanjin sneered.

Happiness!

With applause, ten people came out from the back hall!

Each of these ten men wore black military uniforms. The military uniforms were very peculiar. They did not have any national emblems or ranks. The black military uniforms were very thick. Each of these ten black men was tall.

And they all held m4 rifles in their hands!

These ten people stood in front of Lin Kai, and a murderous attack came! Their eyes were as fierce as a black eagle on the hunt.

This kind of murderous aura, if you haven't killed dozens of people, you can't practice it at all!

Tian Guo opened her mouth wide, and she did not expect that the all-powerful Black Hawk commando was actually Cao Wanjin's subordinate!

"What do you mean?" Lin Kai asked.

"Lin Wudi, don't you understand now? I've been playing tricks on you!"

"What kind of \*\*\*\* making a movie, I fooled you!"

“To be honest, I need a sum of money now, don't you still have several billions? Take out all the money and notify the people in your family to pay the money, otherwise, your life will not be guaranteed!”

After Cao Wanjin said, he took out a pistol from his waist and pointed it at Lin Kai.

Lin Kai looked at Cao Wanjin and said coldly, “Aren't you afraid of revenge from my family?”

Hearing this, Cao Wanjin laughed loudly: “Hahahahaha! Cao Wanjin is just a pseudonym for me, and Wanjin Entertainment is just a leather company of mine!”

“Who can find this place?”

“There is no trace of signal in this place, except for my computer, there is no mobile phone that can receive signals!”

“With a radius of 30 kilometers, all of them are snow-capped mountains. If you think you can go out with your own feet, you can try it!”

Cao Wanjin's attitude is arrogant!

He made it clear that he was going to rob Lin Kai!

He just focused on Lin Kai's billions!

The members of the Black Hawk Commando also looked at Lin Kai grimly.

Cao Wanjin has slaughtered many wealthy second generations like Lin Kai. Everyone was brought here, basically after being scammed for money, they were shot directly.

Because only the dead can keep secrets.

If Lin Kai took out these 7.7 billion today, he could die faster.

If he doesn't take it, what is waiting for him is endless torture!

Huangshan Village is not a village at all, and there are no villagers here. This is Cao Wanjin's old Cao!

A few dozen kilometers away from here is the border line. This place is not afraid of any police or special forces.

Because Cao Wanjin's people are also top special fighters!

They are very familiar with this place, and they want to evacuate, but it only takes a few hours.

Therefore, Cao Wanjin is so arrogant.

“Get the money, hurry up!” Cao Wanjin held his pistol against Lin Kai’s head.

Play money? Naturally, Lin Kai was very resistant to making money.

But if you don’t play money, you have to fight to the death with Cao Wanjin’s people.

His task is to find evidence of Cao Wanjin’s drug trafficking. Now he hasn’t found evidence of his drug trafficking, so Lin Kai will continue to forbear.

“Mr. Cao, don’t make a joke, I know you are making me fun.” Lin Kai barely smiled.

“It’s funny?” Cao Wanjin sneered, and he directly loaded the bullet of the Desert Eagle in his hand.

“Lin Wudi, aren’t you very tugging? Didn’t you hold the desert eagle against Lao Tzu’s head? Now, let me see if you are crazy!” Cao Wanjin’s old face was full of viciousness.

“Want to survive?” Cao Wanjin asked.

Lin Kai nodded mechanically.

“Kneel down!” Cao Wanjin said sharply.

Kneel down?

Kneel down, but lost dignity!

Lin Kai will not kneel to anyone!

“Impossible!” Lin Kai said.

Hearing this, Cao Wanjin also smiled: “Ha ha ha, I know that the most important thing you can’t lose is face.”

“You don’t kneel, do you? I think your little girlfriend is pretty good!”

After that, Cao Wanjin touched his chin and showed a squinted smile.

Tian Guo was weak, and her face was pale. Seeing Cao Wanjin’s expression, she almost fainted with fright.

“Don’t move her!” Lin Kai was anxious at the time.

“Don’t move her? Yes, pay money!” Cao Wanjin waved his hand and moved a computer to Lin Kai.

“Seven seven hundred million, a penny can’t be less, play money!” Cao Wanjin shouted again.

Lin Kai glanced at Tian Guo, and couldn’t guarantee her safety now.

For Tian Guo’s sake, he must obey Cao Wanjin.

At that time, Lin Kai entered his bank card and password, and his heart was bleeding.

Soon, 7.7 billion transfers were successful, and Lin Kai’s bank card had a balance of tens of millions.

Cao Wanjin’s face couldn’t hide his complacency when he saw 7.7 billion.

Lin Kai is the fattest sheep he slaughtered.

Seventy-seven billion!

“Hahaha! Cool!” Cao Wanjin laughed, his old face was full of smug and hideous!

Afterwards, he looked at Lin Kai, a look of hatred flashed in his eyes.

“Fuck, let me wait on you for so long, kneel down!”

## **Chapter 412: I Am An Undercover**

Chapter 412 I’m Undercover

Cao Wanjin is a very scheming person.

He always does things only for profit.

And he is usually a superior person.

No one has ever made him humble, except for profit.

He has been Lin Kai’s little brother for so long for Lin Kai’s money, and now that the money is in his hands, he is no longer afraid of Lin Kai!

The dazzling desert eagle dangled in front of Lin Kai.

Even Lin Kai did not have the confidence to withstand the bullet of the Desert Eagle.

You know, the Desert Eagle is a large-caliber pistol with great power!

His 300-point defense is not necessarily enough.

“Kneel down!” Cao Wanjin shouted again!

Tian Guo’s pale face turned pale again.

She nodded slightly to Lin Kai, signalling Lin Kai to obey Cao Wanjin.

But Lin Kai, is Yao Qi someone who kneels easily to others?

“I won’t kneel!” Lin Kai said straightly looking at Cao Wanjin.

At this time, Lin Kai, with a straight waist and piercing eyes, was able to calm down even if he was pointed at with a gun.

Seeing Lin Kai like this, Cao Wanjin smiled without anger.

“Hahahaha!”

“Lin Wudi, you have a backbone!”

“But there are 10,000 ways I Cao Wanjin to torture people!”

After all, Cao Wanjin looked at Tian Guo.

“To be honest, there is really no such beautiful beauty in this remote place!”

“Is she your girlfriend? Lin Shao?”

“Now, she is my wife to suppress the village!”

“Don’t worry, I will let you watch, how your woman was conquered by me!”

The corner of Cao Wanjin’s mouth showed a squinted smile.

With a stab, Cao Wanjin tore off his shirt, and his strong muscles were exposed in front of Tian Guo.

Cao Wanjin approached Tian Guo step by step, with a lewd smile on his face.

He rubbed his hands, looking like he couldn’t wait.

The Black Hawk Commando behind him also showed a playful smile on his face.

Such a watery woman, after their boss finishes playing, she will definitely play them again.

This is the reason they choose to follow Cao Wanjin. Following Cao Wanjin, you can be cool! As a special force in Israel, you have to obey various orders.

Tian Guo's physical stamina hadn't been cultivated yet, and when he saw such a terrifying Cao Wanjin, he was shocked.

She is a special soldier, after all, she is a girl.

After feeling that her virginity was not guaranteed, she subconsciously looked at Lin Kai.

Her eyes are pitiful!

She didn't want to ask Lin Kai for help, because she knew that their task had not yet been completed!

If Lin Kai made a move now and his identity was revealed, they might not find evidence of Cao Wanjin's drug trafficking for a lifetime!

But now that Lin Kai can't make a move, Tian Guo will soon be attacked by Cao Wanjin!

At this time, Lin Kai was also hesitating, whether he wanted to make a move?

Just thinking about it for a while, Lin Kai has already made a decision, even if he disobeys the military order, he cannot watch his comrades be humiliated in front of them!

Lin Kaigang wanted to break out, but at this time, a knock on the door sounded.

Cao Wanjin stopped moving.

"In!"

I saw a red-faced brawny man with an ak coming in from outside the door.

The red-faced strong man said with joy: "Boss, Dr. Zhang's new drug has been successfully developed!"

Upon hearing this, Cao Wanjin was taken aback, then overjoyed: "Really?"

"Really! It's just that Dr. Zhang now needs an experimental body to test the effects of the drug this time!"

After listening to the red-faced brawny man, Cao Wanjin looked at Lin Kai and Tian Guo.

At that time, Cao Wanjin sneered: "Ha ha, if you two are lucky, you can live a little longer."

"take away!"

With an order, Lin Kai and Tian Guo were pushed out of the living room by members of the Black Hawk Commando.

With seven turns and eight turns, Lin Kai and Tian Guo followed Cao Wanjin and came to a well.

After confirming safety, Cao Wanjin opened the manhole cover and jumped down first.

Next, Lin Kai and Tian Guo also jumped down.

Under the manhole cover, there is actually a passage that leads directly to the ground.

After walking for about three minutes, my eyes suddenly opened up.

I saw Lin Kai and Tian Guo actually in a huge basement!

Inside the basement, the lights were brightly lit and very warm. There were all kinds of medical equipment and countless white powder and ice cubes on the table.

There are probably dozens of researchers in white coats conducting research.

This is Cao Wanjin's drug research base!

As soon as Cao Wanjin appeared, these researchers put aside their work and came to Cao Wanjin.

An old man wearing a mask came to Cao Wanjin, looking at his age, he was more than 60 years old, bloated and wearing a pair of glasses.

"President Cao, a new type of drug has been developed. After chemical filtration, this type of drug can be purified by 30%. If this new type of drug is placed in China, the supply will definitely exceed demand!"

"It's just that an experiment is still needed to determine the stability of the drug."

Dr. Zhang said.

Cao Wanjin looked at Lin Kai and Tian Guo and jokingly said, "I have brought the people, these two people, who do you want to choose as the subject?"

Dr. Zhang glanced at the two and chose Lin Kai without hesitation.

"Young and middle-aged are better, just him."

After all, Dr. Zhang took out a needle tube. Inside the needle tube was a tube of transparent liquid.

Think of yourself as a test subject?

Finding the home where Cao Wanjin made drugs is equivalent to seizing evidence of Cao Wanjin's drug trafficking. At this time, Lin Kai didn't need to put it down.

At that time, he looked at Cao Wanjin, and his mouth also showed a playful smile: "Cao Wanjin, have you ever thought that I am an undercover agent?"

Hearing this, Cao Wanjin was taken aback, and everyone looked at Lin Kai.

"Undercover?" Cao Wanjin was stunned for a moment, and then sneered: "Hehe, it's impossible! Don't want to scare Lao Tzu."

"You have no chance of life."

"Undercover? I have never seen an undercover agent with 8 billion in the bank card!"

"You can't pretend that you have a dull temperament."

Lin Kai smiled slightly when he heard the words, "Maybe, I was a dude? It's just that I became a soldier later."

Hearing Lin Kai's words, Cao Wanjin was stunned.

He looked at Lin Kai, and after seeing Lin Kai's confident smile on his face, there was a thud in his heart.

"you!"

Lin Kai glanced at the watch on Cao Wanjin's wrist: "If nothing happens, we will be surrounded here in 20 minutes."

"Cao Wanjin, surrender now, I count you surrendering."

After that, a smile appeared on Lin Kai's face.

He waited so long for this moment!

Cao Wanjin! You are done!

Cao Wanjin's face changed drastically, and he said angrily: "Kill the two of them! Within five minutes, leave immediately!"

"Yes!"

As soon as Cao Wanjin's order was given, Lin Kai was already violent. Lin Kai's speed was like a ghost, grabbing a Black Hawk special soldier with one hand.

"Go to hell!"

## Chapter 413: In Desperation

Chapter 413

With a roar, Lin Kai punched the special soldier in the face!

But that special soldier deserves to be Israel's ace special soldier, and the response is extremely fast!

Seeing his head tilted back, he directly avoided Lin Kai's attack!

Ten dozen two, among them there is a woman who has no strength, Lin Kai's pressure is naturally great.

I saw the Israeli special soldier chant in English, and the ten special soldiers rushed directly to Lin Kai!

I saw ten sharp daggers appearing in their hands!

Suddenly, Lin Kai was besieged by ten special forces.

"Yuri's ability!" Lin Kai said silently, trying to use Yuri's ability to instigate one of them.

But it's useless!

The strength of each of them is not lost to Huyan!

Let Lin Kai fight ten Tiger Flames alone, Lin Kai is no opponent at all!

Boom boom boom!

I saw Lin Kai blast out a few punches, making a sonic boom in the air!

But unfortunately, no one punch hit the target!

It was their dagger that hit Lin Kai several times!

Their strength is very strong, and the daggers are also the best of the knives! After a while, several stab wounds appeared on Lin Kai's body!

Lin Kai, who was furious, roared, "A ghost attack!"

Afterwards, Lin Kai's right foot slammed on the ground, and his body floated out from the center of the ten people!

That shenfa is completely incomprehensible!

Afterwards, Lin Kai turned around and roared again: "The rhino sticks to the mountain!"

boom!

Lin Kai kicked on the ground, picked up his arm, and the whole person rushed over like a rhino!

Facing the menacing Lin Kai, the ten people were not afraid at all, and saw that they quickly formed a human wall to face Lin Kai's attack!

Lin Kai smashed into the crowd directly, but the rhinoceros, who used to be very sharp and stick to the mountain, lost their original role when facing them!

It's like a punch on cotton!

These Israeli special forces have received professional training, and their ability to react is extremely fast.

They could see that Lin Kai's attack was very sharp, so they did not resist, but followed Lin Kai!

When Lin Kai wanted to hit them, they let Lin Kai hit them, but they would never resist, and would even follow Lin Kai's strength to hit them and retreat.

As a result, Lin Kai's collision seemed to be like hitting cotton!

Moreover, the ten of them formed a human wall, and after smashing each other for tens of meters, no one was injured!

At this time, ten Israeli special forces focused on Lin Kai, and ten people once again swarmed!

“Kill!” a special soldier preached in bad Chinese.

Ten daggers, take ten different positions on Lin Kai’s body! All deadly locations!

At this time, Tian Guo couldn’t stand it anymore, she forced her body and joined the battle.

I saw Tian Guo kicking on the back of an Israeli special soldier, but because Tian Guo traveled a long distance and withstood the unbearable cold, she did not have much effort now. This kick turned her to the ground instead. .

“Lin Kai...” Tian Guo clutched his chest and looked at Lin Kai who was besieged not far away.

Lin Kai had no strength to fight back at this moment, countless daggers stabbed Lin Kai’s body, blood splattered out!

Three hundred points of defensive power could not withstand their sharp attacks at all!

“Get out of the way!” an Israeli special soldier shouted.

I saw that the other nine Israeli special forces gave way in a tacit understanding. Then, Lin Kai saw that a special soldier had picked up an ak47 rifle and was about to shoot himself!

At that time, Lin Kai rolled a carp and jumped from the ground.

Da Da Da Da!

A fire dragon sputtered out, and countless bullets followed Lin Kai’s \*\*\*\* and shot away!

But Lin Kai showed his fastest speed, back and forth between the various special forces.

The special soldier who fired was afraid of hurting his comrades in arms, so he missed Lin Kai.

Snapped!

The Israeli special forces dropped their rifles and said angrily: “Military stab!”

After that, the ten special soldiers dropped the daggers in their hands and pulled out the stabs pinned between their legs.

They saw that Lin Kai’s strength was extraordinary, and even the dagger capital was not afraid. The dagger could only scratch his skin.

The military stab is different. The military stab is very powerful. Once stabbed, it is much more powerful than a dagger!

This kind of Mitsubishi military spike has a very sharp tip, and even stones can be pierced. The bloodletting slot on the military spike can quickly shed the blood on Lin Kai's body.

Ten Israeli special forces once again flew towards Lin Kai. Although Lin Kai ran fast, the laboratory was so big. Soon after, Lin Kai was forced into a corner by ten people.

The ten men approached Lin Kai step by step with the army thorns.

"Surrender, Huaxia." An Israeli special soldier said.

"We will give you a happy one."

After all, ten Israeli special forces swarmed!

But Lin Kai's brain was blank at this time, what should he do?

Although their strength and speed are much lower than their own, there are ten of them!

Two fists are hard to beat four hands!

Ten people rushed forward, giving Lin Kai no room to escape at all!

At this time, Lin Kai felt desperate for the first time.

Puff!

A blood flower splashed out, and a handful of Mitsubishi Army thorns had already penetrated Lin Kai's shoulder!

I saw blood splashing out!

Lin Kai's face turned painful.

Puff! Puff! Puff!

...

Soon after, I saw ten Mitsubishi Army thorns on Lin Kai's body. These Mitsubishi Army thorns penetrated into Lin Kai's body deeply, and the blood quickly stained the entire Lin Kai.

Lin Kai at this moment was like a \*\*\*\* man, without any strength.

Finally, I was defeated.

He is not invincible.

This was the first thought in Lin Kai's mind.

The ten Israeli special forces in front of him gave Lin Kai a scornful look. They were too strong.

It is worthy of being the strongest special forces in a country, and every one of them is pulled out without losing to Huyan.

In the face of ten tiger flames, Lin Kai still lost.

Consciousness gradually lost.

The body also gradually lost control.

Are you dying?

Lin Kai fell to the ground, looking straight at Tian Guo not far away.

Tian Guo was crying into tears, and an Israeli special soldier came to her with a pistol.

The pistol has been pointed at Tian Guo's head, Tian Guo will die at any time!

Are you going to lose?

Do not!

I can't lose!

If he loses, the wolf will lose too. He can't live up to Long Xiaoyun's expectations. That silly old lady is still waiting for her triumphant return!

Suddenly, Lin Kai thought of all the things he had before, Lin Wudi, you must be invincible!

At this time, Lin Kai clenched his fists, exhausted the last bit of strength in his body, and uttered four words: "The strong...heart!"

## **Chapter 414: Truly Invincible**

Chapter 414: True Invincibility

For the honor of the strong!

In order to fight crime, return the motherland to a peaceful and prosperous age.

Lin Kai fights!

In front of him, the ten Israeli special forces who were about to solve the problem of losing Tian Guo suddenly looked back at Lin Kai.

Lin Kai was stabbed up and down dozens of times!

The blood is flowing.

Even if Lin Kai was a \*\*\*\* and had shed so much blood, he should have died.

But Lin Kai did not.

Lin Kai actually stood up under all eyes!

Yes, he stood up.

As soon as Lin Kai snapped his fingers, he uttered four words: "Ganoderma lucidum power!"

Afterwards, the wound on Lin Kai's body was healed at a speed visible to the naked eye.

The Mitsubishi Army thorn is very sharp, and the wounds pierced by the Mitsubishi Army thorn are difficult to heal.

But now Lin Kai is just like Superman in the movie. After snapping his fingers, the wound on his body healed in less than three seconds!

Afterwards, Lin Kai looked at the ten Israeli special forces, with a crazy red in his eyes.

Those red eyes, like a devil who just crawled out of hell, reached the depths of the soul.

The ten Israeli special forces trembled all over, and Lin Kai's appearance really surprised them.

I saw them retreating step by step, raising the rifle in their hands, showing a look of fear.

"Attributes!" As Lin Kai muttered silently, Lin Kai's attributes appeared in front of Lin Kai's eyes.

Host: Lin Kai

Age: 19

Sex: Male

Self-created skills: Ghost kill (God level)

Upgrade points: 420

Attribute points: 0

This is Lin Kai now!

Once the heart of the strong reaches 100%, Lin Kai can have a chance to explode in attributes and full-scale skills!

Referred to as... invincible!

But the invincibility is time-limited, only ten minutes, but ten minutes is enough to deal with these ten Israeli special forces.

Tore open his blood-filled coat, Lin Kai stepped closer to the ten Israeli special forces.

At this time, the momentum on Lin Kai's body was like a murderous \*\*\*\* in the next world, and the ten special forces were shocked by the momentum on Lin Kai's body.

Ten Mitsubishi Army thorns will not die. Is Lin Kai a monster?

"Fire!" an Israeli special soldier shouted in poor Chinese.

Boom boom boom!

At that time, there was a burst of gunfire in the entire laboratory!

Ten ak47s fired at Lin Kai at the same time!

Instead of using the m4 rifle, they used the powerful ak47 rifle, which has great melee power!

Tian Guo exclaimed at the time, and couldn't help covering his eyes with both hands.

She couldn't bear to watch it anymore.

Although he didn't know why Lin Kai didn't die, she believed that Lin Kai now was just a glimpse, the end of the battle.

At that time, a burst of crackling sounds sounded, and sparks exploded from Lin Kai's body!

The bullets of ak47 struck Lin Kai's body, and even Lin Kai's hair could not be shaken!

The AK bullets in the hands of these Israeli special forces were all shot out, but Lin Kai was flabbergasted!

The ten special forces looked at each other, with only two words in their eyes, shocked!

Physically resist bullets!

Look, is this human work?

Lin Kai scratched his head very pretentiously at this time, and said, "Are you tickling me?"

After that, Lin Kai showed a cold smile and approached the Israeli special forces.

And they also realized at this time that their opponents were not ordinary people.

Thirty-six counts, take the best plan!

Only one Israeli special soldier yelled loudly, and ten special soldiers rushed out from ten different directions!

Disperse and escape!

Even if Lin Kai chased, he could only chase one of them!

But Lin Kai was not in a hurry at all, he came to Tian Guo's face and helped Tian Guo up.

At this time, Tian Guo was so scared that her face was pale and she was shaking all over. After all, she was a girl, even if she was a special soldier, she was afraid of death when she saw such a scene.

But now, she finally has some sense of security, Lin Kai is not dead yet!

I saw Lin Kai hugged Tian Guo in his arms and bowed his head and said, "Go, complete our mission!"

"Lin Kai..."

Tian Guo just wanted to say something, but then she couldn't speak, and only heard a swish, Lin Kai's speed seemed to be able to travel through space!

For a while, Tian Guo only felt the wind blowing in her ears, and the scenery around her was retreating rapidly!

That speed is definitely faster than a full-speed sports car!

In an instant, Lin Kai came behind an Israeli special soldier.

Snapped!

Lin Kai grabbed the Israeli special soldier with one hand. The special soldier wanted to struggle, but in front of Lin Kai, everything was wishful thinking!

"Dead!" Lin Kai dropped the killer!

I saw that one of his fingers directly penetrated the heart of the Israeli special soldier. After several struggles, the Israeli special soldier finally fell to the ground very weakly.

The remaining nine Israeli special forces had already run away.

But Lin Kai didn't panic at all.

Lin Kai followed the road when he came and returned to the land.

In Huangshan Village, there is a vast expanse of white snow. If it is an ordinary person, it is impossible to find the other nine Israeli special forces.

But Lin Kai is different.

Now all Lin Kai's skills are at the \*\*\*\* level!

"Golden pupil!"

Lin Kai muttered silently, his eyes lit up, and his eyes glowed.

Subsequently, the world in front of Lin Kai's eyes had become different.

Lin Kai can see through any wall, zoom in and out all the corners he sees, even better than a microscope!

Under Lin Kai's overlook, he quickly found a special soldier hiding in Huangshan Village.

This special soldier was hidden in an empty water tank of a family, and the empty water tank was covered with a wooden board.

If Lin Kai didn't have God Eye skills, he might really not be able to find him.

Lin Kai smiled slightly, as if with a flash, showing the speed of teleport!

In just one second, Lin Kai had moved from Cao Wanjin's villa to the door of the family!

Gently touch the door, and the door immediately fell to the ground.

With a bang, Lin Kai walked into the yard and looked at the big water tank in the corner of the yard.

Lin Kai smiled slightly, picked up a small rock from the ground, flicked it randomly, and with a bang, the small rock pierced the water tank.

## **Chapter 415: Superman**

Chapter 415: Superman

Soon after, a pillar of blood came out from the place where the small stone had been shot in.

The second Israeli special soldier died in battle!

Subsequently, the golden pupil skills were used again.

Half a kilometer away, three Israeli special forces are running wildly!

I have to say that they are fast and durable.

If it were Lin Kai before, maybe he really couldn't catch up.

But unfortunately, what they encountered was the invincible Lin Kai!

“Balloon ability!” As Lin Kai muttered silently, Lin Kai’s body began to lighten up!

The god-level balloon ability is so powerful that Lin Kai couldn’t think of it.

His body does not need to expand at all, and he can float into the sky like a balloon!

Lin Kai’s body gradually left the ground.

The speed is very fast.

Tian Guo, who was hugged by Lin Kai, was stunned at this time, almost staring out!

If you resist the AK bullet, I will endure it. You can still fly, which is too much!

Soon after, Lin Kai had flown directly above Huangshan Village, looking down at the entire Huangshan Village.

And Lin Kai also experienced the feeling of flying, it was so cool!

After that, Lin Kai waved his right hand and flew towards the three Israeli special forces!

Just like a superman.

And the three Israeli special forces running wild in the snow are glad they escaped from Lin Kai’s clutches!

It’s too abnormal, not even afraid of bullets. Looking back now, they still feel that their scalp is tingling.

Thanks to their knowledge of the topography of the snow-capped mountains, they recovered a small life.

Running wildly on the snow, it consumes a lot of their physical strength. An Israeli special soldier just wanted to slow down and breathe. Suddenly, he saw a shadow on the snow in front of him!

This shadow is flying!

Moreover, this shadow has been following himself!

At that time, the face of the Israeli special forces turned pale. Is this an illusion?

Take a closer look, it really is a shadow!

At that time, the Israeli special forces looked back mechanically. From this look, the Israeli special forces were directly scared and plunged into the snow!

The other two special forces looked back at their comrades, and also found Lin Kai flying in the air.

They are also dumbfounded.

It is said that Huaxia is a forbidden place for mercenaries. They have never believed that they have survived so long on the border without incident.

But now they believe it.

The reason why they were alive before was completely lucky!

An Israeli special soldier turned pale, and said tremblingly: "Hua Hua Hua...Hua Xia Kung Fu?"

Lin Kai looked down at the three special forces, like a \*\*\*\* descending to the world, pointing to the three special forces.

"Dare to offend my Huaxia territory, don't you kneel down?"

This loud shout was like a thunder in the minds of three people! The three of them knelt down as their legs softened.

At this time, they discovered that their bodies seemed to be out of their control!

That's right, Lin Kai used God-level Yuri's ability!

The god-level Yuri's ability can completely control the people Lin Kai wants to control, and the number is about 100.

That's right, Lin Kai can instigate a hundred people at the same time, which is the horror of God-level skills.

They couldn't resist Lin Kai's Yuri ability at all. Lin Kai asked them to kneel, and they kneel down.

"Offending my Huaxia Kingdom territory, give you a chance to apologize!"

After Lin Kai's words were over, I saw the three Israeli special forces drew the pistols from their waists, loaded the bullets together, and pointed the pistols at his head.

The eyes of the three special forces were desperate and terrified!

They don't want to die!

However, they couldn't control their bodies and their hands no longer belonged to them.

Three guns sounded, and the three of them had fallen into the snow. The blood dyed the snow red.

Do they have a chance to survive?

Of course there is.

But Lin Kai didn't want them to live!

They don't know how many Chinese people have been killed, they even want to kill themselves!

Because Lin Kai knew that he only had ten minutes of invincibility. If he didn't kill all of them within these ten minutes, Lin Kai himself would die in the end!

There are five more people!

Standing in the air and using the golden pupil to look down at the village, Lin Kai found that the whole village was empty.

It seems that Cao Wanjin is really familiar with the terrain here, and with his own people, he evacuated the scene immediately.

However, they can't run!

Using the golden pupil to look around, finally, Lin Kai found Cao Wanjin and the others on the snow three kilometers away.

The other five Israeli special forces have also assembled with Cao Wanjin.

I saw dozens of brawny men holding aks on the vast snow, protecting Cao Wanjin all the way!

This Cao Wanjin is really a heinous warlord! There are so many gunmen around, no wonder they noticed him.

At this moment, Lin Kai stretched out his right hand and slapped it back. His body was like a cannonball in the air, making a sonic boom in the air, chasing Cao Wanjin!

And Cao Wanjin, who was running wild on the snow, looked at the border line not far away.

As long as you cross the border, let the Huaxia soldiers be so powerful, they can't touch them!

In ten minutes, you will be able to cross the border.

This is the reason why Cao Wanjin chose Huangshan Village, which is close to the border and can quickly escape for life in the event of an emergency.

“Lin Wudi? Undercover? I will definitely come back for revenge!” Cao Wanjin’s mouth showed a grinning smile.

As for the five Israeli special forces who followed him, their expressions changed drastically. One special soldier preached in poor Chinese: “Boss, No. 3, No. 4, No. 5 are also killed.”

“What?” Cao Wanjin’s eyes widened.

Lin Wudi, in a small area, actually killed five members of the Black Hawk Commando?

The Black Hawk Commando is the strongest special force in Israel!

At the beginning, Cao Wanjin bought them at a price of 500 million yuan per person. Now, Lin Kai actually killed five of them?

What kind of fairy is he? Even if he is a special soldier, he shouldn’t be so strong!

“Boss, this Lin Wudi, it seems... as if not afraid of bullets!” At this time, the Israeli special soldier hesitated and said.

“Impossible!” Cao Wanjin denied.

“Is his body made of iron? He is afraid of bullets if he is a human being!”

“As long as he dares to come, so many of you, give me a rifle to kill him suddenly!”

Cao Wanjin said angrily.

He thinks his men are very stupid! Who is not afraid of bullets? In Cao Wanjin’s understanding, only super talents are not afraid of bullets!

The Israeli special soldier had a crying expression, he knew it was nonsense to say that, but it was true!

“Boss, his body seems to be really made of iron...”

## **Chapter 416: What A Big Bird**

Chapter 416: What a Big Bird

Snapped!

As soon as the Israeli special forces finished saying these words, Cao Wanjin slapped him directly on the head.

“Nonsense!”

“In this world, everyone’s body is made of meat, there is no iron!”

Cao Wanjin was very angry.

Are your men confused today?

They used to be very smart!

Today, they actually said to themselves that Lin Wudi’s body is made of iron. Isn’t this just a dream?

At this moment, I dont know who shouted: “Look! What a big bird!”

After all, everyone looked towards the sky in unison.

Sure enough, in the sky behind them, a huge bird flew!

This bird, seemingly the size of a human being, and flying extremely fast, is very conspicuous in the sky.

Cao Wanjin frowned when he looked at the big bird: “Such a big bird? Why do I look like a person?”

Cao Wanjin did not notice that the five Israeli special forces around him turned pale.

As the ace special forces, their reconnaissance ability is naturally stronger than Cao Wanjin several times.

In the sky, that is not a big bird at all, that is a person!

That’s right, it’s the guy named Lin Wudi, he can actually fly!

“Huaxia Kungfu...” An Israeli special soldier said pale and trembling lips.

“Chinese Kungfu?” Cao Wanjin was taken aback. He went to look at the big bird in the sky again, and Cao Wanjin’s expression also changed suddenly.

That is not a big bird, but a person!

It’s Lin Wudi!

He actually flew over!

How did he do that?

At that time, Cao Wanjin was shocked.

Now, he finally understood why his men said that Lin Kai's body was made of iron, and he could fly, and it was not surprising that his body was made of iron.

"Fire! Fight!" Cao Wanjin roared at this time.

Dozens of mercenaries, at this moment, just woke up like a dream, took the ak47 in their hands, and shot Lin Kai in the sky with a burst of fire!

Dozens of AKs fired at the same time. The scene was very spectacular. At that time, dozens of fire dragons shot at Lin Kai, all over the world, all bullets!

And Lin Kai was not afraid at all. At this time, Lin Kai carried Tian Guo behind his back and used his body as Tian Guo's physical shield.

It was crackling, the bullet hit Lin Kai's body, and it could only wipe out one after another sparks, and it could not hurt Lin Kai's hair at all!

At that time, Cao Wanjin was dumbfounded on the snow, looking at Lin Wudi, who was full of sparks, he finally believed it.

Really \*\*\*\* made of iron!

The corner of Lin Kai's mouth showed a sneer.

Today, he is going to see how powerful God-level attack skills are!

"A ghost attack!"

Following Lin Kai's shout, dozens of black shadows scattered from Lin Kai's body.

Suddenly, countless Lin Kai appeared in the sky.

There are more than thirty.

These thirty-odd Lin Kai held fists, sneered, or ran wildly, with different expressions and looming bodies.

They are not Lin Kai's clones, because Lin Kai's speed is too fast, so they have achieved more than 30 shadows.

“Kill!”

With a sullen cry, more than 30 forests opened in the sky, all rushing towards the mercenary team on the ground, and those mercenaries had no time to react, and they were caught off guard by the overwhelming shadow!

At that time, blood spattered.

Countless Lin Kai wandered among the crowd.

Splashes of blood spattered on the bodies of these mercenaries.

Their faces are full of fear!

“Come!”

One Lin Kai suddenly stood in the snow, and the other thirty-odd Lin Kais also returned to Lin Kai's body.

The current Lin Kai has become the only Lin Kai.

Look at those mercenaries, holding aks, standing stupidly on the snowy ground. Soon after, a plop sounded and a mercenary knelt on the ground, blood spurting from his throat.

Thump thump...

Dozens of mercenaries all fell to the ground.

At the scene, only Israeli special forces and Cao Wanjin were left.

The five Israeli special forces stared at Lin Kai blankly. At this time, they didn't even have the desire to resist.

Is that human being? Is this Superman?

You can actually do it again!

You can fly!

The body is invulnerable, there is no need to fight.

The shock in Cao Wanjin's heart is the strongest. He understands what kind of person Lin Kai is, and he knows that Lin Kai is a dastardly young man!

And this young boy is not only an undercover, but also a superman with extraordinary abilities!

How can this make him not frightened?

He killed himself, only in one thought!

“Lin...Lin Shao, you... don't be impulsive...” Cao Wanjin stammered.

Lin Kai looked at Cao Wanjin and said indifferently: “Hand over the weapon and surrender now. I can spare you not to die.”

Cao Wanjin gave a wry smile when he heard the words.

In the end, he was arrested.

In Cao Wanjin's heart, he was unwilling to think about his own generation of heroes, but he did not realize that he was deceived by such a dull and rich second generation.

Now he is desperate.

“I surrender...” Cao Wanjin sighed and dropped the weapon in his hand.

The other five Israeli special forces also threw down their weapons with a look of fear.

They squatted to the ground obediently, not daring to move.

It was terrible. They didn't know how their comrade-in-arms died. After seeing Lin Kai's methods, they no longer had the thought to resist.

At this time, ten minutes had just arrived.

Lin Kai's attributes and god-level skills have all been recovered!

As soon as his body lightened, Lin Kai felt that he had lost that powerful force!

But if you lose, you lose. Although that kind of power is powerful, it is not yours.

And the five Israeli special forces in front of them must not dare to act rashly in a short time. Even if they want to kill themselves, it depends on whether they have that strength!

One dozen five, Lin Kai still had a little confidence.

Soon after, I only heard the sound of a helicopter, and saw five helicopter gunships flying over from the distant sky!

The helicopter gunship flew to the sky above Lin Kai, and the ropes were thrown down, only to see one after another special forces taxiing off the plane.

There are about fifty well-equipped special forces, and they are all special forces from the nearby military area.

After fifty special forces landed, they immediately surrounded Lin Kai and others!

Uniform 95-type assault rifle, wearing body armor and white camouflage uniform, wearing black sunglasses to prevent snow blindness, and black marching boots on the feet.

Fifty rifles were pointed at Lin Kai and Cao Wanjin.

Then, I saw a forty-year-old officer-level person stood up and shouted with a loud speaker: "Everyone! Hold your head and squat down!"

Lin Kai glanced at his rank, he was a major general, and should be a big man at the rank of brigade commander.

It seems that the above attaches great importance to this task, and the major generals have come to the front in person.

Lin Kai just wanted to walk over to shake hands, suddenly all fifty rifles were aimed at Lin Kai.

The major general stared at Lin Kai with a vigilant look: "Hold your head and squat down! Don't you understand human words? If you refuse to cooperate, we will use force to force the action!"
