

Special Forces God Level Extraction System

Chapter 4: Battle Against Yama

Chapter 4 Battle against Hades

Plastic bag extraction capacity? What capacity can a plastic bag extract? Lin Kai was at a loss.

It seemed that this time Lei Zhan was really determined to get himself out of the army. Lin Kai could see that Lei Zhan hated himself very much.

In other words, he does not hate himself, he hates soldiers like himself!

For a soldier like himself, unless he can reach the level of a special fighter, no matter how good Lin Kai is, Lei Zhan will find ways to make himself difficult!

For example, the Hades in front of him.

In the face of the strong and powerful Hades, Lin Kai had no advantage at all.

And his comrades all looked at him with sympathy and gloat, and everyone's face was full of indifference.

It's better to rely on yourself!

Closing his eyes, the system page appeared again, and Lin Kai directly found the watermelon extraction ability.

"Extract watermelon ability!" Lin Kai muttered silently in his heart.

"The ability to extract watermelons, please wait."

The voice of the system appeared in his mind, and then, Lin Kai's body began to undergo peculiar changes.

The whole body was numb, like a small bug crawling in the body, itchy, but very refreshing.

And there seemed to be something more in his mind, some fighting skills that Lin Kai had never felt before.

The physique of Lin Kai's body had been changed a lot.

Strength and speed have all been added 10 attributes!

Lin Kai was shocked. The power and speed attributes of ordinary people are 10 points, and the special forces are 15 points, and he has reached the terrifying 20 points!

Not only that, Lin Kai also comprehended the special abilities of watermelon, the ability to eject and round, this ability is called the watermelon ability by the system!

“Extraction successful! Fusion successful!”

Lin Kai suddenly opened his eyes and looked at the Hades in front of him, with a pair of big eyes near and confident!

The soldiers around him also felt the changes in Lin Kai's body. They couldn't tell why. Lin Kai seemed to have become a lot stronger all at once. In terms of his aura, he actually made people feel scared.

He also squinted at Lin Kai and smiled evilly: “Don't stare at me with that kind of young master's eyes, and you will learn from me, you are dead! It is too late to surrender, or I will beat you half to death in a while. !”

Speaking of, the king of Yama squeezed his fist and made a crackling sound.

Lin Kai knew that he was not joking. In the TV series of Fire Phoenix, the king of Yama was a very violent person, bloodthirsty and murderous, so he was called the king of Yama.

But now Lin Kai is not afraid of Hades at all!

“If you can hit me, count me as losing.” Lin Kai said proudly with his hands behind his back, his eyes filled with disdain!

So crazy!

The soldiers of the entire recruit company were shocked!

Although you are really handsome in pretending to be forceful, the appearance of you being hung and beaten by Hades is really beautiful for a while!

Is it really good to be so crazy?

Lin Kai, you are the worst soldier in the entire recruit company. Five kilometers of armed cross-country is a big problem for you, and now you are actually making such cruel words to Hades!

Wang Yi, who was in the queue, laughed at that time: "Haha, isn't this a second force? The King of Yama will definitely beat him into a pile of papa!"

Even He Zhijun frowned slightly. Originally, He Zhijun was quite optimistic about Lin Kai, thinking that Lin Kai was a talent hidden in the recruit company.

But now it seems that a soldier who can only brag, what can he do? Can he defeat Hades? joke!

Lei Zhan laughed, pushed his sunglasses, and looked into the distance.

Hades looked back at Lei Zhan, and saw that Lei Zhan didn't hint at him, he sneered, knowing that Lei Zhan had acquiesced to himself, and he could fight!

"In a moment I will press your head on the ground and kick a ball!"

He said, he couldn't bear it anymore and ran directly to Lin Kai.

brush! brush! brush!

The king of Yama stepped forward is a set of the most basic military sports boxing, although it is the simplest military sports boxing, but the King of Yama fights, tigers and tigers, very powerful.

Looking at Lin Kai again, he was not directly knocked down like everyone imagined. He actually caught the fist of Yan Wang, his body was like a round watermelon, and he could resolve every move of Yan Wang.

After several rounds, Lin Kai was unscathed.

At this moment, the king of Yama was a little frightened, this kid had two times, his speed and strength were not inferior to him, and even stronger than himself!

"Boy, look at the punch!"

At this moment, King Hades no longer hid and tucked him, punching Lin Kai's face, he had already exerted his full strength!

Looking at Lin Kai again, he actually avoided sideways, extremely fast.

puff!

A bullet-like black spot ejected from Lin's opening, and the king was shocked and reached out to block it.

Snapped!

Hades exclaimed, the whole person was knocked to the ground by black spots!

Look at the military uniform on his arm, it has been broken by black spots! My skin was bruised!

"You hide a hidden weapon!" Yan Wang roared, his whole body furious, but he dared not approach Lin Kai.

Lin Kai took out a handful of melon seeds out of his pocket, and said with a smile: "Is the melon seeds a hidden weapon?"

After that, Lin Kai threw a melon seed into his mouth again, and with a pop, only a black shadow sprayed out!

The king subconsciously covered his head, and the seeds hit the ground directly under his crotch, and the lawn was cracked by the seeds!

What a powerful force!

"Do you want to fight anymore?" Lin Kai asked chucklingly while licking melon seeds.

He looked at the lawn under his crotch, and he was also sweating. If this hit his crotch, his **** for the second half of his life would be a waste!

However, Yan Wang was still not convinced, and stood up to continue fighting with Lin Kai, but Lei Zhan grabbed Yan Wang and pushed Yan Wang back into the queue.

At this time, the scene fell into silence again.

Lin Kai won again. He actually defeated the Hades of the Raiden Commando and singled out the strongest Hades!

And Lin Kai is not a narrow victory, Lin Kai is completely crushed!

In the duel between Yan Wang and Lin Kai, he didn't have any advantage at all. Lin Kai only saw a trick and forced Yan Wang to sit underground!

If on the battlefield, Hades has become a corpse!

Is this still the waste of the recruit company?

Isn't he the most trash dude in the recruit company? And now this Young Master Lin actually has ten shots, and his single-handed ability can crush the special forces!

Is such a talent really a waste?

Lin Zheng stared at Lin Kai blankly, with surprise and joy in his heart. Lin Kai was very strong and belonged to their company. He was very happy, but Lin Kai was the lowest-ranked soldier reported by him. He Zhijun would definitely scold him. Forgetful!

Sure enough, the eyes of He Zhijun who looked at Lin Kai on one side shone!

This is a good seed for special forces!

In a blink of an eye, He Zhijun looked at Lin Zheng again, and He Zhijun yelled: "Lin Zheng!"

"Here!" Lin Zheng was full of spirits, and the sweat on his forehead was shed.

"That's what you said, the most dragged soldier in the recruit company? The soldier who has the lowest military quality in target shooting? Such an excellent talent, in your company, is actually regarded as a waste? He is a soldier with the potential of being a soldier!"
