

Special Forces God Level Extraction System

Chapter 5: Pk Thunder War

Chapter 5 PK Thunder War

Lin Zheng was taught a lesson, but he didn't dare to say a word, even though he was embarrassed by a million in his heart, he could only swallow it in his stomach, he had nothing to say!

"Complete the task! Get the plastic bag extraction ability!" Lin Kai's ear heard the system prompt.

"The ability to extract plastic bags gives you the super ability to traverse obstacles!"

Hearing the prompt sound from the system, Lin Kaixinzhong was also overjoyed. His speed is exactly his shortcoming, but the ability to extract plastic bags directly makes up for this shortcoming!

At this time, the soldiers of the recruit company looked at Lin Kai with shock!

Lin Kai really gave them so many surprises!

Lin Kai now claims that the recruit company is the strongest, but he was once the weakest existence in the recruit company.

The soldier who had mocked Lin Kai just now had a flushed face, and he couldn't wait to bury his head under the ground, facelessly facing Lin Kai!

Wang Yi, who claims to be the strongest recruit company, is also aggrieved at this time. He is the strongest recruit company, but now Lin Kai has robbed him of the limelight.

The head gave Lin Kai such a high evaluation!

Riding on the neck by the weakest man of a recruit company, Wang Yi felt aggrieved in his heart, but he was convinced by Lin Kai's strength.

He is really strong!

He Zhijun even came to the front of Lei Zhan and said with a serious face: "Comrade Lei Zhan, Lin Kai has super potential. I suggest that he be directly assigned to your Thunder and Lightning Commando."

Promote directly to special forces!

Moreover, he is also the special force of the Thunder and Lightning Commando, the strongest team in the Southeast Military Region!

At this moment, the soldiers of the entire recruit company looked at Lin Kai with envy, jealousy and hatred.

That is the Raiden Commando, a mythical existence in the Southeast Military Region!

Lei Zhan squinted his eyes, hesitated for a long time, and said, "Chief, I think Lin Kai has strong shooting and assault capabilities, but our Thunder and Lightning Commando, but the whetstone of the Special Forces of the Southeast Military Region, Lin Kai is not qualified yet. join us!"

While talking, Lei Zhan looked proud.

The Raiden Commando is very strong. Although Lin Kai is also excellent, Lei Zhan still doesn't like Lin Kai.

Not only because of Lin Kaiwan, but also because of Lei Zhan's demanding requirements for Raiden players!

"Oh? Lin Kai is not strong enough?" He Zhijun asked.

"If you are strong or not, you will know after trying." After that, Lei Zhan looked at Lin Kai.

Lei Zhan actually wants to PK with Lin Kai!

As the first soldier of the Southeast Military Region, Lei Zhan is about to go out in person, and the whole scene is full of enthusiasm!

This is Thunder Fight, a legend among soldiers!

"Lin Kai, I will give you the last test. As long as you can pass, I will allow you to join the Raiden Commando!" Lei Zhan looked at Lin Kai and said with a serious face.

Lin Kai faced Lei Zhan without any fear, and straightened his back: "If you want to fight, you will fight!"

“Very good, 300 meters obstacle crossing, as long as you are not behind me for ten seconds, I will count you through!” Lei Zhan said.

Both marksmanship and melee combat have passed the postgraduate entrance examination. This time, Lei Zhan is going to pass the postgraduate entrance examination for Lin Kai’s speed through obstacles!

The soldiers of the recruit company also boiled over, craned their necks to look at Lin Kai, wondering if Lin Kai dared to meet the challenge of Thunder War!

“No problem!” Lin Kai nodded directly, with a confident smile on his lips.

It just so happened that he gained the super ability to pass through obstacles, and Lei Zhan was hit by his gun!

Soon, a group of people came to the obstacle course, and all the soldiers of the recruit company sat on the grass on one side.

Lei Zhan and Lin Kai stood at the beginning of the obstacle course.

The so-called obstacle course is actually a variety of obstacles, these obstacles will hinder you to the end.

The current record of the 300-meter obstacle course of the Southeast Military Region is one minute and thirty-seven seconds. This record was set by Lei Zhan.

On the side of the obstacle course, He Zhijun and Lin Zheng were watching.

Lin Zheng wiped his sweat and said, “Chief, I don’t think it should be forgotten. Lin Kai’s off-road ability is really weak. He can’t complete a five-kilometer armed cross-country, let alone PK with Thor...”

He Zhijun frowned, too: “Lei Zhan is a man who is eager to win. Lin Kai can’t get into his eyes. It doesn’t matter. I will transfer Lin Kai to other special forces.”

Both He Zhijun and Lin Zheng thought that Lin Kai could not win!

After all, Lin Kai faced him, but Thor!

At this time, Lin Kai closed his eyes and called out the system page in his mind.

“Use plastic bags to extract power!” Lin Kai secretly said.

After saying this, the system’s voice immediately came from the ear: “The capacity of the plastic bag is being extracted.”

There was another peculiar tingling feeling all over the body, this time, especially the parts of the legs were most obvious.

In Lin Kai's mind, there was also more knowledge about crossing obstacles.

These memories are very peculiar and different from ordinary crossing obstacles. The things brought to Lin Kai by these memory points are like plastic bags in the strong wind, rolling in the strong wind, and its flexibility does not have any difficulty to stop the plastic bags. Come down.

This is the extraction capacity of plastic bags!

"The extraction capacity of the plastic bag is complete! The speed increases by 10 points!"

Lin Kai already has a speed of 30 points, which is higher than Lei Zhan!

As the king of soldiers, Thunder Fight is only a speed of 20 points, twice as high as the average person! But now Lin Kai is better than him!

Lei Zhan glanced at Lin Kai next to him, and said proudly: "I will respect every opponent, and I will do my best. I can reach the end ten seconds after I reach the end, even if you win!"

"Three! Two! One!"

With the sound of a whistle, I saw Lei Zhan rushing out like a cheetah at an extremely fast speed. A strong wind blew past everyone's faces, and Lei Zhan had disappeared in place!

So fast! This is what everyone thinks.

Looking at Lin Kai again, he actually held his arm and stood motionless!

He has a proud face and is really handsome in pretending to be! But Lei Zhan is already tens of meters ahead of Lin Kai!

What is he doing? He didn't move! Is it possible that he knew he was not the opponent of Thunder War, so he just gave up the game?

Seeing this, Wang Yi, who was sitting in the grass, smiled happily: "Comparing with the king of soldiers is simply self-humiliating, but your kid is a little self-aware and knows to give up the game altogether."

He Zhijun looked at Lin Kai, frowning: "Although you are very talented, but self-defeating, this is the biggest insult to the word soldier!"

He Zhijun once again had a bad impression of Lin Kai, and his idea of sending Lin Kai to the special forces was also shaken.

Lin Zheng lowered his head even more. Lin Kai did hide himself very well. He is the best talent in the recruit company, but obstacles have always been his shortcomings. This time, the gods can't save him!

Only Lin Kai is confident of himself: "Lei Zhan! I will let you ten seconds! Like you, you can reach the end ten seconds after me, and I count you as winning!"

"Also, what **** Raiden Commando, I'm not rare!"
