

Special Forces God Level Extraction System –

Chapter 546

Chapter 546: Red Ladder

Chapter 546

Five minutes and 45 seconds, this is the record set by Kwai that year, and no one has broken it so far.

And Lin Kai can be said to kill Kwai in seconds.

Two minutes and thirty-eight seconds!

More than twice as fast as Kuizuzu!

He can be described as a rare wizard in the world!

It is indeed a genius who defeated Ye Nantian.

At that time, the people in the entire monitoring room took a breath of air-conditioning.

They all looked at Lin Kai on the screen with admiration.

The person who can let Kwai come to watch the game in person must not be an ordinary person, and Lin Kai did not disappoint everyone, he is indeed very strong!

So strong that even Kwai sighs!

Back then, Kwai passed the red steps in five minutes, which was enough to shock everyone.

And Lin Kai's results are enough to be proud of Jiulong Mountain!

It only took two minutes and thirty-eight seconds!

I am afraid that no one in Jiulongshan can break this result!

“Okay! Head, the man you found is really a **** talent!” The fat man gave his thumbs up.

Even he had to admire Lin Kai.

Others also nodded in appreciation.

They are all people who have walked through the stairs, and they all know how difficult it is to walk through the stairs.

And Lin Kai walked so easily, it can be seen that Lin Kai has real ability!

“Re-rating, Lin Kai passed the red ladder and now give him a b-level rating!”

Said the fat man.

In Jiulong Mountain, every member has his own score.

The c-level score is the lowest level. With a c-level score, you can stay in Jiulongshan.

Members with b-level ratings are all elites of Jiulongshan!

At this time, in front of Lin Kai, a new ladder appeared.

This time, it is a black ladder.

After walking through the cyan and red stairs, facing the black stairs this time, thinking about it with your feet can understand that this black ladder must be extremely dangerous!

The red ladder is already so dangerous, I don't know what kind of difficulties are on the black ladder.

Lin Kai took the first step.

This time, Lin Kai's warning cat's eye did not remind Lin Kai.

This made Lin Xinzong very puzzled. Could it be that there is no danger on this black ladder?

impossible!

Lin Kai continued to walk up with doubts.

After walking a few steps, Lin Kai narrowed his eyes because he found that the ground began to tremble slightly.

Although the frequency of trembling was not very high, Lin Kai, who was extremely vigilant, was still sensitive to the discovery.

Looking up, I saw a giant walking down the black ladder step by step!

Lin Kai's eyesight was undoubtedly excellent, and the appearance of the giant fell into
Lin Kai's eyes.

That is a huge robot!

He is three meters tall and his whole body is made of metal, with mechanical arms,
mechanical legs, and his head as big as a wheel.

This silver robot walked down step by step, with the goal of Lin Kai!

Fuck me, let me hit the robot?

There are no traps on this black ladder, only this opponent!

Kowloon No. 9!

In the monitoring room, the fat man laughed again.

"Hey, after so many enhancements and transformations, this Kowloon No. 9 is no
longer the old Kowloon No. 9."

"When hitting this big guy before, it made people feel extremely strenuous."

"right now"

"I guess no one is his opponent."

Everyone also nodded, this big guy has been strengthened so many times, and few
people are its opponents.

Can this Lin Kai pass the black ladder?

At the scene, No.9 was quickly approaching Lin Kai.

Lin Kai also stopped and looked at Number Nine with a vigilant expression.

But at a distance of 100 meters from Lin Kai, No. 9 stopped.

His eyes flashed as big as Niu Ling, and he slowly raised his right hand.

And Lin Kai narrowed his eyes because he saw something amazing!

There are five barrels hidden on the five fingers of this iron guy!

Fuck me, for real?

Five barrels, the firepower is comparable to Gatling, right?

Besides, the black ladder is so narrow, and five barrels shoot down, maybe even the gods can't pass it?

No. 9 didn't give Lin Kai time to think about it. He only heard a sound of click, and five fire dragons had been ejected from the five barrels!

Countless anaesthetic bombs were generally shot down, and it was a rain of bullets!

Abnormal!

Lin Kai exclaimed in his heart, this is really abnormal!

How the **** is this hiding?

Ok?

Lin Kai suddenly discovered a detail.

Although these bullets were generally strafed over, but this was a test of Lin Kai after all, the bullets were not very lethal.

So the rate of fire is not very fast.

Lin Kai's eyes lit up.

“Golden pupil!” Lin Kai shouted.

After using the golden pupil skill, Lin Kai immediately used the golden pupil's function of slowing down the foreground.

The bullet that had originally whizzed out, in Lin Kai's eyes, was also much slower.

Coupled with Lin Kai's five-hundred-point speed and five-hundred-point reaction force, he was able to cope.

It's not that this robot didn't leave Lin Kai alive. Since it's a test, there must be a way to pass it.

The method is, as long as you react fast enough, you can pass through the bullet!

In the monitoring room, a thin man put a fat man on the shoulder and joked, “Guess how many shots this kid got?”

The fat man grinned: “Hey, when I passed the black ladder level, I got five shots!”

“This kid must have been shot so many times.”

“What’s more, the number nine is now strengthened. It is not so easy to pass this level.”

Aoi’s record that year passed the test with five shots.

As long as there are no more than 20 bullets on the body, it can be counted as a clearance.

After all, such a rain of bullets, it is impossible to say that it missed a shot!

Everyone teased while watching the surveillance.

Afterwards, they couldn’t laugh anymore.

Because they saw an extremely abnormal scene!

I saw Lin Kai’s body rushed into the bullet rain, and also made some evasive movements that ordinary people can’t do!

Somersault in the air! sideways! Climb on the ground!

The action is done in one go!

At this time, Lin Kai, like a flexible monkey, went straight through the bullet rain!

A few seconds later, Lin Kai had already arrived in front of the nine!

But Lin Kai missed a single shot!

Clear the game without injury!

Kaka Kaka...

There was a sound of chin falling to the ground, and the Fatty and the rest almost didn't bite off their tongue.

Is this a **** human?

Not a single bullet was hit, so easily passed through the rain of bullets!

Even Kwai couldn't do it back then!

Kwai squinted, and there was a look of admiration in his eyes, and even a trace of envy!

That's right, Lin Kai's talent makes Kui Du the envy of him.

Kwai was already a genius when he cleared the customs with five shots!

However, Lin Kai missed a shot when he strengthened on the 9th, which is several times stronger than Kui's talent in those days!

Chapter 547: Kowloon Nine

Chapter 547

"I'm going, how did this kid pass?" The fat man asked, dumbfounded, his eyes widened.

The others also stared with big eyes and small eyes with shocked faces.

This is really incredible!

They have never seen a man with such a fast reaction and speed!

This person is only 19 years old this year!

Even if it was the first day of the Ninth Mountain, Kwai was not so vigorous back then!

This kid Lin Kai broke Kui's record!

This is really awesome!

Others also gave their thumbs up. Regarding Lin Kai, they can't admire him!

"Don't worry, it's not over yet." Kwai said nonchalantly at this time.

As soon as Aoi's words came out, the others also nodded and looked at the monitor screen.

Although Lin Kai escaped the bullet perfectly, this level was not so easy.

The Nine is not a machine that can only shoot bullets.

It is not so easy to pass this level.

At the scene, Lin Kai came directly to the front of No.9 after avoiding the bullet.

And No.9 also looked down at Lin Kai very humanely, and then, his green eyes instantly turned red!

Lin Kai sounded its alarm!

It is about to attack Lin Kai now!

I saw that No. 9 raised his huge robotic arm and smashed it directly at Lin Kai's head face to face!

call!

A strong wind blew across Lin Kai's face. Before the mechanical arm arrived, Lin Kai's face hurt when the strong wind blew first!

This guy is here for real!

This punch has a ton of power!

Even if Lin Kai was hit, he couldn't eat it!

Lin Kai narrowed his eyes, and a cruel look appeared under his eyes.

A machine, dare to be so presumptuous?

Lin Kai naturally refused to accept this machine.

"Come on!" Lin Kai roared, his body suddenly squatted, and then he punched the mechanical arm of number nine!

The mechanical arm of No. 9 is as strong as the mechanical arm of an excavator. It is a body of steel!

And Lin Kai was so small in front of the nine.

His fist is not even one-tenth the size of the nine.

This is simply a mantis arm block car!

boom!

With a muffled sound, Lin Kai's fist collided with No. 9's mechanical arm.

With a loud bang, I saw the steps under Lin Kai's feet collapse directly! Lin Kai's body sank in!

Even though his body sinks in, Lin Kai's body stands upright!

The punch of No. 9 didn't make Lin Kai give in!

"Ah!" Lin Kai roared, and his 500-point strength was used to the limit. With a strong lift, the mechanical arm of No. 9 was directly lifted by Lin Kai!

Humph!

Seeing that No.9 retreated several steps directly, Lin Kai actually repelled No.9!

Lin Kai stood out from the pit and looked at the number nine in front of him coldly.

The power of this number nine is extremely powerful, and the punch just now has a ton of power!

It's like an ordinary person standing here, I'm afraid it would have been smashed into flesh!

Even Lin Kai felt a bit tingling in his tiger's mouth at this time, and half of his arm lost consciousness at this time.

This number nine is actually stronger than Ye Nantian.

What kind of organization is this Jiulong Mountain?

Even robots are so powerful!

At this time, the color of No. 9's eyes had changed from red to black, and Lin Kai completely angered it!

And it is also ready to use its strongest means!

"Kowloon Nine, bulls collide!" Nine made a mechanical voice.

Then, there was a sound of clicking.

Number Nine combined his arms together and became a huge hammer!

He held the hammer in front of him, bent down, and was about to use the hammer to smash into Lin Kai!

Huh! Huh! Huh!

He only heard a dull sound of footsteps, and No. 9 ran towards Lin Kai directly.

Every time it took a step, the ground trembled, and even the black steps couldn't bear the heavy force of No. 9, and it collapsed piece by piece.

The ladder is so wide, it is forcing Lin to open.

Either collide with it, or Lin Kai will leave the black ladder and be eliminated from the Tongtian ladder.

If you want to pass the level, Lin Kai has only one choice, defeat it!

And defeating No. 9 is as difficult as heaven!

Just like ordinary people here, they will definitely be frightened out of their courage. After all, the bull on the 9th collides, but it is the ultimate move.

Its savage bull rushes and can knock out an incomparably huge force!

Even the rocks couldn't stand it, let alone the flesh and blood.

Lin Kai smiled at this moment.

Someone wants to fight him for strength?

At that time, Lin Kai muttered to himself.

"Acerium...Meteor collision!"

Afterwards, Lin Kai roared.

He also ran over!

While rushing wildly, a faint qi rushed out of Lin Kai's body.

Zhen Qi gradually formed the shape of a golden bull by Lin Kai's side!

The golden bull was like an ancient divine beast, shrouded by Lin Kai's side.

Lin Kai's eyes were red, and his veins violently.

Seeing Lin Kai furiously jumped, the golden bull also jumped up with Lin Kai. A jumped bull whose horns are its most powerful weapon!

Gold bull, collision!

At this time, Lin Kai was like a falling meteor, crashing into No. 9!

One is the bull collision, the other is the long-beau meteor collision, who is better?

Boom!

A loud noise! At that time, there was an extremely dazzling light on the black stairs!

The explosion resounded through the Ninth Mountain!

The Ninth Mountain trembled at it.

Many people feel that the ground is trembling.

A burst of dust was lifted up.

Can't disperse for a long time.

No one knows what happened at the scene.

In the monitoring room, everyone's eyes were fixed on the big screen.

Who on earth won?

After a few minutes, the dust gradually dispersed, and everyone could finally see the scene.

I saw a person standing on the black ladder.

The man stood with his hand, although his clothes were in tatters, but his aura was unmatched.

Haughty, cold and powerful.

That person is naturally Lin Kai.

Looking at the ground again, Kowloon No. 9 has disappeared.

Instead, it is scrap iron from a place.

Was knocked apart!

Everyone gasped.

This is number nine!

It is a battle robot built by Jiulong Mountain at a cost of tens of billions!

Now it has become a pile of scrap copper and rotten iron!

The "corpse" of No.9 was lying on the ground, and from time to time it made a burst of electric sparks.

The 9th is already dead and can't die anymore.

Lin Kai also passed this pass.

Inside the monitoring room, there was no sound.

“Lin Kai, didn’t get a bullet?” Kui asked in a trembling voice.

“No.” The fat man’s face was very pale.

“Then he lasted a few minutes?” Kwai asked again.

Fatty’s hands trembled: “It stands to reason that Lin Kai can hold No. 9’s hands for three minutes, even if he has passed.”

“But, in only two and a half minutes, No. 9 can’t hold it...”

Chapter 548: Duanqingguan

Chapter 548

After hearing what the fat man said, everyone was silent.

Originally, they thought that this black ladder would definitely be a big problem for Lin Kai.

But I didn’t realize it, even Kowloon No. 9 lasted just over two minutes!

This newcomer is simply a pervert!

Kwai looked at Lin Kai’s gaze with appreciation and envy.

“This child must not be in the pool!” Kui nodded in appreciation.

The others also nodded.

“Re-rate!” Aoi ordered.

“Yes!” The fat man immediately began to re-rate Lin Kai.

Soon after, Lin Kai’s scoring results came out.

If Lin Kai passed the Cyan Ladder, he would be eligible for a C-level score.

If you pass the red ladder, you can get a b-level score, and you can become an elite member of the ninth mountain with a b-level qualification.

And if you pass the black ladder, that's amazing, you can get a grade! Have a level qualification!

And what can Lin Kai, who has an a grade score, do in Jiulongshan?

Can leap to become a leader!

Unlike c-level members, you have to start from the bottom. This is the advantage!

As for the members who received a grade, everyone can get the attention of the leader.

After all, they are all rare masters.

At the scene, Lin Kai passed the black ladder and came to the new ladder.

At this time, the color of the stairs in front of Lin Kai changed again.

This time, the color of the steps in front of Lin Kai turned golden!

The golden stairs lead directly to the Ninth Mountain! Looking up, you can see the sun passing by the top of the mountain, which is extremely dazzling.

The golden stairs are endless, full of sacredness and solemnity, and there is an impulse to make people want to kneel down and worship.

“Golden pupil!”

Lin Kai's eyes lit up and looked down the golden stairs with his golden pupils.

There was nothing under the golden stairs.

No agency?

impossible!

Looking at the top of the golden stairs, Lin Kai did not see any monsters blocking the way.

It's not that simple, right?

At this time, Lin Kai noticed that some unnamed flowers were planted on the hillsides on both sides of the golden stairs.

The red flowers are very conspicuous and beautiful. The red flowers bloom towards the sun, emitting a charming fragrance.

But it is strange that with so many flowers, there are no bees around the flowers.

Is it possible that these flowers are so strange?

But the warning cat's eye on Lin Kai's neck didn't give Lin Kai any hint!

Lin Kai at this time can be said to be at a loss.

There is no way but to bite the bullet and go up!

If you hesitate any more, Lin Kai will be eliminated!

At that time, Lin Kai took the first step.

When Lin Kai stepped onto the golden stairs, Lin Kai was dumbfounded.

Only heard a crash, tens of thousands of red flowers on both sides of the golden stairs swept the stamens towards Lin Kai!

That scene is extremely spectacular!

The scent permeates the entire mountain road.

For a while, Lin Kai even felt dizzy in his brain.

The fragrance of this flower is poisonous!

"Hahahahaha!"

At this time, the fat man in the monitoring room laughed.

The others laughed too.

This level can be described as stumping many heroes!

Even when Kwai passed this level back then, he almost couldn't make it!

Many peerless geniuses fell down during this level.

As the old saying goes, heroes are sad for beauty.

This level tested Lin Kai's mind!

This is not a problem that can be solved by strength. No matter how powerful a person is, if his mind is not firm enough, he will not be able to pass this level!

This level is also called the “Dieqing Pass” by the fat man.

“At this level, I think this kid is hanging.”

“Yes, this is not so easy to break through. How handsome are you looking at this kid? There must be a lot of love debt!”

“I heard that this kid is Young Master Lin! Money is also his fatal temptation!”

The people in the monitoring room discussed.

At the scene, Lin Kai’s head was dizzy for a while, and then it recovered.

Then, Lin Kai continued to walk up.

As he walked, Lin opened his brows and frowned, because he found that a person had come down from above the golden stairs.

The man seemed familiar.

Also, the clothes I wear seem to be a bit revealing...

I saw that woman wore a bikini swimsuit suit, black lace, extremely sexy.

I saw her stepping on the catwalk, approaching Lin Kai step by step.

She has a hot body, flawless, and looks like a mature woman.

The wavy hair fell on the shoulders, very sultry.

I’m going, isn’t this Long Xiaoyun with long hair?

Lin Kaihu was shocked.

Why is she here? At this moment, Lin Kai’s head was a little dizzy.

I saw Long Xiaoyun walking towards Lin Kai step by step, she came to Lin Kai’s front, bit her lip, and actually took Lin Kai’s hand.

Long Xiaoyun’s hands are not slippery and tender. On the contrary, Long Xiaoyun’s hands are very rough, but her palms are warm.

This is an active Long Xiaoyun!

“Lin Kai...”

Long Xiaoyun leaned close to Lin Kai and breathed out a scent in front of Lin Kai.

“Promise my father to join our Long Family, okay?”

“I...” Facing the approaching Long Xiaoyun, Lin Kai couldn’t help but a blood boil, and he couldn’t help it.

“You... don’t you like me?” Long Xiaoyun asked with blurred eyes.

“I do not know.”

At this moment, Lin Kai turned his head to the side blushing unexpectedly.

“Yeah, you blush.” Long Xiaoyun covered his mouth and laughed at this moment, looking very emotional.

After that, she took two steps back and turned around in front of Lin Kai, showing her great figure in front of Lin Kai.

“Lin Kai, do you think my figure is good?” Long Xiaoyun asked with a smile.

Lin Kai nodded mechanically, “Okay...”

Hearing this, Long Xiaoyun approached Lin Kai once again and said, “Then you exit Jiulong Mountain and run away with me?”

“We have been to the ends of the world together, have been to the happy world of the two of us?”

elopement?

good idea!

Lin Kai almost agreed!

The conditions are very attractive, but Lin Kai knows that all this is fake!

Long Xiaoyun could not be here!

She couldn’t be so charming and seduce herself!

I will not withdraw from Jiulong Mountain!

Because... Lin Kai has already seen through all this!

“It’s just an illusion, broken!”

Lin Kai shouted, and Long Xiaoyun in front of him immediately turned into a spot of light and dissipated directly in front of Lin Kai.

The corner of Lin Kai’s mouth showed a playful smile.

If it’s an ordinary person, maybe it’s really affected by the illusion here, and it will be lost to death.

But Lin Kai’s soul has been transformed so many times, coupled with the assistance of the golden pupil, he has already seen through all this!

Afterwards, Lin Kai strode towards the top of the mountain!

In the monitoring room, Fatty and the others were still laughing at Lin’s failure to pass this level.

I don’t know who screamed, and everyone looked at the big screen in unison.

“Look! Lin is moving!”

Chapter 549: Mao Gang

Chapter 549: Mao Gang

Everyone looked at Lin Kai on the big screen stupidly.

Everyone was dumbfounded again.

How long has it been?

Half a minute?

Is Lin Kai now out of the illusion?

You know, Lin Kai can’t move at all without stepping out of the illusion!

And now, he actually went up!

Aoi’s eyes were almost staring out.

This talent is amazing, right?

“This...” Kwai was also speechless for a while.

“How many seconds did he use?” Kwai asked excitedly.

The fat man then reacted and quickly went to investigate.

Soon after, the fat man looked at the results of the investigation, his hands trembling slightly.

“Report... report! Lin Kai took... thirty-seven seconds!”

Thirty-seven seconds!

As soon as this number came out, everyone at the scene opened their eyes.

Is it possible that this person is the reincarnation of the Buddha? No desire or desire? Can't even a woman shake his heart?

“Then how many seconds did it take when I passed this level before?” Kui gritted his teeth and asked.

Although he knew that he was definitely not Lin Kaikuai, he still wanted to know how far he was from Lin Kai now!

The fat man replied: “Report, you spent seven minutes that year.”

Seven minutes!

This is Kwai's record. Seven minutes. Although Kwai is not the fastest to break through this level, Kwai's results are absolutely proud of Jiulongshan.

But now, Lin Kai's performance has already killed him in seconds!

He only took thirty-seven seconds!

Not even one-tenth of Aoi's time!

This is so **** perverted!

“Rate again!” Kwai said impressively.

“Yes!”

Fatty manipulated the computer and gave Lin Kai a score again.

And this time, Lin Kai's rating is already s-level!

The s grade is the highest score in Jiulongshan.

After four consecutive levels, Lin Kai has become an extremely rare figure in Jiulong Mountain.

You know, there are tens of thousands of members in Jiulong Mountain!

However, there are only less than a thousand people who have received s-level ratings!

It can be said to be one of the best!

This time, Lin Kaineng has directly become a man of the Nine Dragons Mountain.

At the scene, Lin Kai followed the golden stairs all the way up.

Along the way, there were no more dangerous obstacles.

In this way, Lin Kai walked through the Wan-step stairs, and finally, his eyes lit up because a huge stone gate appeared in front of him!

That stone gate is tens of meters high!

On both sides of the huge stone gate, there are two small stone gates.

Above the big stone gate, there are three big characters: Ninth Mountain!

Arrived!

Lin Kai strode forward and stepped directly into Shimen.

After stepping into the stone gate, Lin Kai's eyes lit up because he found that he had come to a completely different world.

It's a bit like ancient times.

Here, there are no houses and no steel buildings.

Here, the scenery is pleasant, the air is fresh, and people are sparse. Sometimes a few people pass by Lin Kai, all looking at Lin Kai with surprise.

"I the **** have come to the primitive age?" Lin Kai was confused.

Because in front of him, rows of caves appeared!

The caves seem to be dug out manually, neatly, one hole after another.

And there are second and third floors.

Looking up, the entire halfway of the Ninth Mountain is full of caves!

The dense piles are ten stories high, and the road at the entrance of the cave is still in the shape of a ladder, which can be straight up along the road.

And every cave has neatly round doors.

From time to time, Lin Kai could see someone opening the gate with an access card and walking into the cave.

Jiulong Mountain, the most mysterious organization in China, all the **** live in caves?

Just as Lin Kai looked suspicious, a person came silently behind Lin Kai and slapped Lin Kai on the shoulder.

“Hey!”

I saw a fat man approaching Lin Kai, the fat man in his thirties, wearing a black suit, and the Ninth Mountain listing on his chest.

This fat man is about 1.7 meters tall, weighs more than 200 jin, and has a shiny face.

“Hello, introduce yourself, my name is Mao Gang, the leader of the ninth group of Ninth Mountain!”

“Mao Cang? Is there someone else called this name?” Lin Kai looked puzzled.

“Fuck you!” Mao Gang kicked at Lin Kai, but Lin Kai avoided it flexibly.

“Stop talking nonsense! Come with me!” Mao Gang led Lin Kai all the way to the cave.

He reached the tenth floor in one breath, he took Lin Kai to the last cave, turned around, and handed Lin Kai a room card.

“From now on, you will live here. After entering, you can familiarize yourself with the rules of the Ninth Mountain.”

“From now on, you will be my Maogang’s person. If someone bullies you, you ask me to find me Maogang, and I will give you medical expenses.”

“Okay, goodbye!”

After that, Mao Gang clasped his fists and left without looking back.

“By the way, in the Ninth Mountain, you are not allowed to wear any clothes except work clothes!”

Before Mao Gang left, he added another sentence.

Lin Kai rolled his eyes and cut! Just this broken place, live in a cave! I can't help it! Might as well go back to live in the courtyard house in Old Litou!

Holding the room card, Lin Kai directly swiped the door of the cave.

At the moment the gate of the cave opened, Lin Kai was stunned.

A red light scanned Lin Kai's body, and there was a mechanical sound: “Dong Master Lin Kai, welcome home.”

Yo, there are smart butlers!

In this cave, there is another cave.

The cave covering a full area of more than 200 square meters is a huge living room, covering an area of 80 square meters!

Luxury!

The cave was not as dim and wet as Lin Kai imagined, on the contrary, it was very bright in the cave.

The walls are treated with impermeable water, the ceiling and floor are made by top craftsmen, refrigerators and washing machines are all available, and the sofa is a top leather sofa.

If this cave is placed outside, it will sell for at least one billion yuan!

When you enter the cave, the door of the cave closes automatically.

On the table, there are two sets of clothes, Lin Kai's overalls, and his credentials.

Take out his ID and see that this is Lin Kaixin's ID.

Name Lin Kai, grade s.

The points are zero.

The position is an ordinary member.

integral? position?

Lin Kai was at a loss.

“New member Lin Kai, I am your smart housekeeper, Xiao Ai, now I will introduce you to the rules of Jiulongshan.”

Suddenly, the voice of a robot came from inside the cave.

The huge projector in front of him suddenly turned on automatically, and a figure of a robot appeared on the wall.

“Jiulong Mountain was founded in 1982. Jiulong Mountain has always been the most mysterious organization of China, and it can be called the secret guardian of China.”

“As a member of Jiulong Mountain, you are a soldier, an incognito soldier.”

“The members of Jiulong Mountain, none of them are mortals, and they have the true ability of being invincible.”

“The Jiulong Mountain is divided into nine mountains, each of which has different strengths. The ninth mountain has the lowest strength and the first mountain has the strongest strength.”

“Members can use their own strength to enter a stronger mountain.”

“Currently the Lord of the Ninth Mountain, Aoi.”

Chapter 550: Do You Want To Be The Team Leader?

Chapter 550 Do You Want To Be The Team Leader?

Kwai is the owner of the Ninth Mountain.

“Jiulongshan, the points system is currently popular.”

“Everything speaks by points.”

“The positions of Jiulongshan are Dongzhu, the lowest-level member.”

“And the team leader, the team leader has the right to manage a team of ten people.”

“There is also a captain, who can manage a team of one hundred people.”

“Further up is the deputy mountain leader, who can manage a team of 1,000 people,
and the highest is the mountain leader.”

“As long as you have enough points, you can become a higher official.”

“The cave owner does not need points.”

“The leader needs 10,000 points.”

“The captain needs one hundred thousand points.”

“The deputy chief needs one million points.”

“The mountain owner needs ten million points.”

Lin Kai roughly understood what Xiao Ai said.

In Jiulong Mountain, money is worthless.

Most people who can enter Jiulong Mountain do not need money.

And here, the points system is popular!

You can use your points to exchange for official positions!

“The source of points requires members to actively accept tasks.”

“Complete the task and get the corresponding points.”

“In the cave, you can view the task list and choose to accept the task.”

After Xiao Ai’s words, a page of the mission hall appeared in front of Lin Kai.

The tasks are divided into four levels.

Abcd has four levels of tasks.

The d-level task is the simplest and the points gained are the least.

A-level tasks are the most difficult and the points earned are the highest.

“Each member must complete at least one task every month, otherwise they will be expelled from Jiulong Mountain.”

“Points can not only be used to upgrade one’s official position.”

“It can also be used to redeem rare items at the exchange points in Jiulong Mountain.”

“Jiulong Mountain has collected the rarest items in China, you can check it yourself.”

After Xiao Ai’s introduction, Lin Kai’s personal page popped up.

“The cave owner, Lin Kai, is an s-rated member with outstanding performance and rewards 10,000 points.”

“You can upgrade to the group leader now. Do you want to upgrade now?”

I have ten thousand points now?

Lin Kai thought about it for a while, no official is light, Lin Kai didn't want to be an official
shit.

It's better to go to the exchange point first to see if there are any good things.

“No upgrade.”

After that, Lin Kai took off his clothes and put on the uniform of Jiulongshan.

As soon as Jiulongshan's uniform was put on, Lin Kai appeared in the cave in a
vigorous spirit.

The black outfit is light, but warm, and elastic. Military boots are also very breathable
and comfortable.

The listing on the chest further demonstrated the identity of Lin Kaidong's master.

Go to the exchange point!

Lin Kai went directly out of the door of the cave mansion.

The Ninth Mountain is huge, but the exchange points are easy to find.

Turn left when you leave the cave.

The exchange point is also a huge cave, which is much larger than the average cave and is open to the outside world.

When we arrived at the door of the exchange point, there were many members of the Ninth Mountain in uniforms standing outside the exchange point.

As soon as Lin Kai appeared, several eyes immediately looked at Lin Kai.

Among them, one person looked at Lin Kai with a smirk.

It was a strong man with a height of 1.89 meters, with swollen muscles and a scar on his face. He was wearing a Jiulongshan uniform.

Beside him, followed by seven or eight members of Jiulongshan in uniforms.

After seeing Lin Kai, these eight or nine people directly surrounded them.

Before Lin Kai walked into the exchange point, he was stopped by these eight or nine people.

“What do you mean?” Lin Kai stopped, frowned and asked.

The burly man sneered: “Oh, introduce yourself, my next friend Zhang Zhuangnan, I will give you the nickname Brother Scar.”

“Are you new here?”

“Fresh faces!”

Brother Dao Scar touched his chin, squinted and smiled.

The others also showed smirk.

Bullying newcomers?

Lin Kai always thought that bullying newcomers would only happen in the new barracks.

He didn't expect that when he came to Jiulong Mountain, such things happened.

"Brother Scar?" Lin Kai looked up at Brother Scar and laughed.

"Hehe, any advice?"

Scar man snorted, and a thin and tall boy behind him immediately stood up and

shouted, "Advise?"

"I said newcomer, do you really do not understand or not?"

"You just came to Jiulong Mountain, do you dare not recognize your eldest brother? Are you afraid of being killed by others?"

The thin and tall man with a proud face, he pointed to Brother Scar, proudly said: "This one, Brother Scar from the Ninth Mountain!"

"In the future, Brother Scar will cover you, to ensure that no one dares to touch your hair!"

Hearing this, Lin Kai smiled slightly and clasped his fists: "Then rely on Brother Scar!"

After all, Lin Kai wanted to bypass them and enter the exchange point.

But as soon as Lin Kai moved, eight or nine people directly surrounded Lin Kai.

“How many brothers do you mean?” Lin Kai asked, narrowing his eyes.

The tall and thin man tilted his head and smiled: “Hey, brother, don’t worry!”

“Brother Scar can protect you, but you have to show it more or less!”

As he said, the tall and thin man rubbed his fingers.

“Ask for money?” Lin Kai asked.

“Don’t pretend to be a calf! Points! Every new member has five hundred points, don’t hide it, transfer it to my elder brother, and you will follow my eldest brother in the future!”

Want points?

Is it possible that in this Jiulong Mountain, points can still be transferred?

Glancing at Brother Scar, Lin Kai didn’t want to give him his points.

“If you want points, then forget it. I don’t recognize this big brother.” Lin Kai waved his hand and wanted to leave.

“Stop!” As soon as Lin Kai moved, he heard a loud shout.

I saw Brother Dao Scar standing in front of Lin Kai.

Brother Scar is standing in front of Lin Kai like a hill, his eyes are fierce, and the scar on his face is extremely hideous.

“Are you not giving me scar face?” Brother Dao scar threatened.

Lin Kai raised his head and glanced at Brother Scar, also smiled: “Hehe, no, so what?”

Even if there are eight or nine people, Lin Kai is not afraid!

Hearing that, at the time, only a crackling fist was heard, and seven or eight people were gearing up towards Lin Kai with a look of bad intentions.

When the people around saw that Brother Dao Scar had actually attacked a newcomer, they cast curious eyes.

After a while, the scene was surrounded by the crowd.

“it is good!”

“I won’t show you some color, it seems you don’t know why the flowers are so red!”

“Boy, I want to challenge you, do you dare to accept?”

Brother Scar yelled and looked at Lin Kai.

challenge yourself?

Lin Kai laughed at the words of Brother Dao Scar.

It seems that in Jiulong Mountain, Brother Scar did not dare to do it on himself.

He can only challenge, not beat!

Brother Dao Scar's little brother No. 7 or No. 8 also looked at Lin Kai with a high expression, his eyes were mocking.

“Boy, I advise you not to hunt for death! My elder brother beats Jiulong Mountain invincible! Just your small body is not enough for my elder brother to fight with one hand!”
