

# Special Forces God Level Extraction System

## Chapter 6: End Of Thunder War

### Chapter 6

Lei Zhan, who was running wild in the front, heard Lin Kai's words behind him, and almost fell to the ground without holding his feet, Lin Kai actually had to let himself go for ten seconds?

He was really self-inflicted, and Lei Zhan showed a disdainful smile on his mouth. He speeded up, and his whole person rushed out like the wind!

Three hundred meters, just ten seconds, Lei Zhan led Lin Kai by tens of meters!

There is already such a big gap, how can Lin Kai win?

Not to mention whether Lei Zhan is the king of soldiers, he is faster than Lin Kai, and he is ten seconds ahead of him. Anyone who is old, weak or sick can win!

"Eight! Nine! Ten!" Lin Kai pretended to count the ten, and then he kicked the ground, splashing the ground with a bang, and Lin Kai rushed out!

That explosive power is amazingly fast. If Thunder War is a wind, then Lin Kai is like a lightning bolt!

brush!

Everyone only felt that a dark shadow in front of them was skipped, and Lin Kai flew out!

And the recruits even the soldiers who originally shouted the name of Lei Zhan were stunned at this time, was Lin Kai who flew over just now?

His speed is actually faster than Lei Zhan!

When did Lin Kai have such a fast speed? He is the lowest recruit in the recruit company in terms of physical strength and speed!

Sitting on the grass, Wang Yi looked at Lin Kai's back, frowning first, then he sneered: "Hehe, if Lin Kai is not arrogant, then he might win."

“However, this is a three-hundred-meter obstacle crossing. It is not purely faster than the speed. The speed is faster and the obstacle is slow. You will lose!”

As soon as this was said, everyone in the recruit company nodded repeatedly, thinking that what Wang Yi said was reasonable.

“Lin Kai is still too mad, although I don’t know when this kid became so powerful, but Hebingwang PK still dares to let go of water and arrogance, this is simply looking for death!”

“Trash Lin Kai, this trash rich second generation, no matter how fast it is, I want him to die out of the army!”

“Lin Kai, he is defeated! The Thunder Commando has no chance with him!”

Everyone felt that although Lin Kai was fast, his ability to cross obstacles was definitely not as good as Lei Zhan.

But after coming to the obstacle, a shocking scene happened.

I saw Lin Kai’s body traverse obstacles in a very peculiar way. When encountering obstacles of high walls, Lin Kai can roll over very roundly, and there is no time to stay and unload, and encounter climbing obstacles At that time, Lin Kai’s body quickly crawled over like a snake.

It’s like a plastic bag in a strong wind. There is nothing to stop it.

Lin Kai quickly caught up with him for a distance of tens of meters.

Lin Kai quickly caught up with Lei Zhan! But Lei Zhan, who was originally smug, turned around and actually saw Lin Kai!

Lei Zhan’s eyes widened, and he exclaimed in an incredible way: “You! How did you catch up?”

Lin Kaixie laughed: “Lei Zhan, I am waiting for you at the end!”

After all, Lin Kai’s firepower was full, and his whole body rushed to the end like a flash of lightning!

In one minute, Lin Kai directly reached the end!

Lei Zhan’s record was ruthlessly broken, and Lin Kai also released the water. Otherwise, at a distance of three hundred meters, Lin Kai could complete it in fifty seconds!

At the end of the line, Lin Kai looked at Lei Zhan still running wildly, and shouted: "Come on! Thunder Zhan! Hurry up!"

Looking at Lei Zhan again, there was sweat the size of soybeans on his forehead. This time, he used the power of the wild in his body to rush to the end!

Reach the end in one minute and twenty seconds! Lei Zhan also broke his own record, but unfortunately, Lin Kai still won.

Because Lin Kai was still twenty seconds ahead of Lei Zhan even after allowing Lei Zhan for ten seconds. This was a ruthless crush!

And the whole scene was silent!

Lin Kai... The most \*\*\*\* waste of this recruit company, the most dull Young Master Lin, actually won!

This is incredible. He used to be the bottom-most existence in the army, but now, with ten rings of guns and guns, Yama is no match for melee combat ability. Competing for speed is even more complete!

Lin Kai's comprehensive quality not only surpassed the special forces, but also the sharpening stone of the special forces, the Thunder Commando!

The entire Raiden Commando is not as good as Lin Kai alone!

In the entire recruit company, the faces of all the soldiers were very ugly and tangled.

Lin Kai, the one they despised, won! Defeated the soldier king Lei Zhan of the Southeast Military Region!

What qualifications do they have to look down on Lin Kai? They are not qualified to look down on Lin Kai!

Because Lin Kai is the strongest soldier in the Southeast Military Region!

Then Wang Yi was convinced of Lin Kai at this time. Although he still felt a little uncomfortable, Lin Kai had already used his strength to conquer the strongest soldier of the recruit company, Wang Yi!

Lei Zhan next to Lin Kai was panting. Although he was tired, Lei Zhan still looked at Lin Kai. Although there was a look of dissatisfaction on his face, there was a trace of respect in his eyes.

Lei Zhan, only respects the strong, Lin Kai is very strong, he was recognized by Lei Zhan!

He Zhijun, the brigade commander of the Special Operations Brigade, laughed at this moment: “Hahahahahaha! This time I went down to inspect and found a genius!”

“Such a soldier, whether it is shooting or close combat, or even speed, is perfect. If it is well built, it will definitely be the best soldier in China!”

He Zhijun actually gave such a high evaluation, which made all the soldiers of the recruit company exclaimed.

And Lin Zheng’s expression started to become complacent at this time, anyway, Lin Kai was the soldier he brought out after all.

“Brigadier Commander, this Lin Kai, although he is a dude, he is usually a fool, but at the critical moment, he can still show his true strength.” Lin Zheng smiled.

He Zhijun was in a good mood at this time, and he laughed and cursed: “You, you, you old guy almost let me open such an outstanding talent!”

“Lin Kai! Lei Zhan!” He Zhijun yelled, and Lei Zhan and Lin Kai responded one after another and ran to He Zhijun.

He Zhijun smiled on his face at this time, looking at Lin Kai as if he saw a peerless treasure, he patted Lin Kai on the shoulder amiably.

“Lin Kai, you are an individual talent. It’s a pity to be in an ordinary company. Then, I will write a transfer order to transfer you to the Thunder Commando as a commando. What do you think?” He Zhijun asked.

Go to Raiden Commando! This time, it is really going to Raiden Commando!

At that time, countless envious eyes were cast, Raiden Commando, that was a soldier’s dream!

“Lei Zhan, what do you think?” He Zhijun asked.

Although Lei Zhan felt it was shameful to promise himself, Lin Kai was indeed very strong. He touched his nose: “Uh, I can barely come to our Thunder and Lightning Commando.”

“Lei Zhan, since you agree, then I will write a transfer order when I go back!” He Zhijun was in a good mood and wanted to turn around and leave.

“Wait a minute, Chief, I don’t want to join the Raiden Commando!”
