

Special Forces God Level Extraction System

Chapter 7: Ask For Leave To Go Home

Chapter 7

“Don’t want to join?” He Zhijun stopped after hearing this, frowning.

“The Raiden Commando, but the best special forces in the Southeast Military Region, are you sure not to join?” He Zhijun even suspected that he had heard it wrong. Someone would refuse to join the Raiden Commando?

At this moment, a burst of exclamation sounded, the recruits were stunned, and Lin Kai actually rejected He Zhijun!

Lin Zheng was panicked, he pulled Lin Kai’s sleeves: “Lin Kai! What are you talking about? Letting you join the Thunder and Lightning is worthy of you!”

Lei Zhan himself frowned even more. Lin Kai was actually unwilling to join Raiden, because he didn’t accept Raiden easily.

“Tell me, why not join Raiden.” He Zhijun held his hands behind his back, his expression very serious.

Lin Kai stood straight and said earnestly: “Chief, the Raiden Commando is already the strongest Special Forces. The addition of me is just icing on the cake!”

“It’s better to downgrade me to the weakest Special Forces in the Southeast Military Region. I will lead the new Special Forces to surpass the Thunder and Lightning Commandos and become the new King of the Army!”

When he said this, Lin Kai was completely looking at Lei Zhan himself, his eyes were a provocation.

This kid was pretending to be too forceful. Lin Kai saw that he was unhappy. The reason why he didn’t join Raiden was because it was the place of Thunder War. If he went to an outsider, he shouldn’t be bullied to death?

Facing Lin Kai’s provocative words, Lei Zhan himself was furious. His eyes seemed to be cannibalistic, staring at Lin Kai, even clenching his fist, his veins violent!

If it hadn't been for the old fox on one side to pull Lei Zhan, it is estimated that Lei Zhan had come up to beat Lin Kai.

He Zhijun heard Lin Kai's answer and laughed: "Hahaha! Good! Ambitious! I promise you!"

"Chief, I haven't been home for a long time. I want to take a three-day vacation and take a look at home." Lin Kai said at this time.

In Lin Kai's memory, he was the eldest son of the Lin family in Jiangbei City. In his previous life, Lin Kai was a hard-working office worker. Now he is finally reborn. Lin Kai has to experience the life of the rich second generation!

Generally speaking, recruits are not allowed to go home, but He Zhijun is happy, and he directly agreed.

"Yes, you are allowed three days off. After three days, come to the army to report on time."

"Yes!" Lin made a military salute, very happy.

Soon after, He Zhijun led the Raiden Commando and left the recruit company.

At this time, Lin Kai's position in the recruit company had undergone a radical change. Before Lin Kai was in the recruit company, he was a soldier, he did not consider the feelings of others, and was still a waste.

But now, Lin Kai has shown his super ability, and he is still a special soldier appointed by the chief!

Special forces with the potential to become the king of soldiers!

The soldiers of the entire recruit company looked at Lin Kai with admiration.

Coupled with the family behind Lin Kai, Lin Kai can be said to be a popular figure in the recruit company.

Lin Zheng followed Lin Kai, and after Lin Kai packed his luggage, he was about to leave the army.

Lin Zheng sent Lin Kai to the gate of the army all the way, and then returned to the army reluctantly.

At the gate of the army, Lin Kai was wearing a sports suit, feeling the fresh air outside, and couldn't help but sigh.

“Life outside is better!”

The Southeast Military Region is not very far from Jiangbei City, it takes two hours by car.

Just as Lin Kai was about to take a taxi to leave, a military jeep drove out of the army.

Lin Kai glanced at the jeep, and through the window of the jeep, Lin Kai saw several girls. These girls were all female soldiers, beautiful and generous, with piercing eyes and a brave posture.

Lin Kai just glanced at one of the girls, and then she was dumbfounded.

Pure appearance, white tender and elastic skin, and a military uniform set off the heroic spirit of the female soldier. The eyes are very clear and energetic.

safely!

Lin Kai immediately remembered the name when he saw her.

An Ran, in the TV series Fire Phoenix, is Lei Zhan's fiancée, but died unexpectedly while performing the mission.

But in Lin Kai's memory, An Ran was actually a female soldier of the Fire Phoenix, and was not a lover with Lei Zhan.

She... She and herself are lovers!

She is her fiancée!

Through memories, Lin Kai learned that An Ran's family is a small family, and that he and An Ran grew up together, and the two families decided to get engaged.

But An Ran didn't like Lin Kai because Lin Kai had nothing to do at home and didn't have any special skills.

These years, it has been Lin Kai's silly pursuit of An Ran, even if the two are lovers.

Lin Kai saw An Ran, and An Ran also saw Lin Kai. The moment he saw Lin Kai, An Ran frowned.

“parking!”

With a flash, the jeep stopped in front of Lin Kai, and four people got off the jeep, three female soldiers and one male soldier.

They were dressed in normal uniforms. The male soldiers looked more than 1.7 meters tall. They were very sturdy and sturdy.

“An Ran, what do you stop for?” He Chenguang asked with a look of dissatisfaction, slamming the car door.

This male soldier, how Chenguang, has entered into chaos! Unexpectedly, in this world, He Chenguang actually knew An Ran!

An Ran got out of the car and looked at Lin Kai with straight eyes.

He Chenguang followed An Ran’s gaze and looked at Lin Kai.

“Hehe, isn’t this Young Master Lin? I heard that your company has laid off staff today. Looking at you like this, you were laid off?” He Chenguang leaned on the jeep and asked with a smile.

On one side, Ye Cunxin, a hot beauty with short hair, also teased: “Don’t talk nonsense, let’s Master Lin, that is the eldest son of the Lin family, who dares to cut him?”

Ye Cunxin’s scolding Lin Kai waste.

On the other side, the mischievous Tian Guo also smiled: “Hehe, this is sister An Ran’s fianc? It’s handsome, just look at this body, I’m afraid of kidney deficiency.”

Four people, three of them are members of the Fire Phoenix, He Chenguang is a special force member of Spike, and four special soldiers!

Although the strength of the Fire Phoenix is not as good as the Thunder Commando, it is not much weaker. After all, they are soldiers brought out by the Thunder War.

He Chenguang himself is also very strong.

When An Ran heard the people mocking Lin Kai, her eyebrows were slightly frowned, and her big eyes looked at Lin Kai with a disappointed look.

“Lin Kai, I did not read you wrong, I really can’t stand you! I said you don’t want to be a soldier! But you want to come! You have to be kicked out by the troops to make your Lin family’s face look good? ?”

“Lin Kai, let’s break up!”

“My An Ran boyfriend is a responsible and responsible man. I don’t want him to be handsome or his family. I only want him to be a motivated person!”

“Look at you again, Lin Kai, what else can you do besides chewing the old?”

“I couldn’t bear to tell you about breaking up before. You were still infatuated with me, but you couldn’t even pass the investigation of the recruit company. Then how can I continue with you?”
