

Special Forces God Level Extraction System – Chapter 727 - 758

Chapter 727: I Am Sorry For Him

Chapter 727 I'm Sorry

As soon as Du Jinhu's words came out, everyone present was confused.

Even if Lin Kai killed Du Huya, Du Jinhu wouldn't say a word of shit?

What does it mean? This means that Lin Kai really knows Du Jinhu?

And it seems that the relationship with Lin Kai is very unusual! Otherwise, how could Du Jinhu beat his son?

Du Huya was dumbfounded.

Then An Zihua and An Shi were also dumbfounded. They looked at each other, their eyes were shocked!

The eldest young master of Jiangbei Lin's family, even if he came to the capital, would he have such a great energy? Do you even know Du Jinhu? And it seems that Du Jinhu still fears Lin Kai!

An Ran opened her mouth even more, with an incredible expression on her face.

It turns out that Lin Kai was not bragging just now! He really knows Du Jinhu!

Du Huya asked foolishly: "Dad, do Lin Kai and you really know each other?"

Du Jinhu hated iron and steel and said: "It's more than just knowing? Lin Kai helped Dad when he was the most difficult! Don't look at Dad in his twenties, but he and I have always been brothers! You will see Lin later Open, I want to call it Uncle, understand?"

After hearing Du Jinhu's words, Du Huya was even more dumbfounded.

The person who interrupted his arms just now was his uncle?

So young? Is he just one or two years older than himself?

Let his father treat him so respectfully, this Lin Kai is definitely not an ordinary person!

It seems that he didn't kill himself, it was because of his father's face! Otherwise, I would have died just now!

In Du Huya's heart, it was a fear.

Du Jinhu sighed and looked at Du Huya: "From today, all your pocket money will be confiscated and I will be locked up! When will I figure it out, and when will I get out!"

"Huh?" Du Huya was even more dumbfounded.

My father actually wants to close his confinement for that Lin Kai?

Du Jinhu has always been a fair and just person, but he loves his son very much.

But he knew that Lin Kai had already noticed Du Huya, and Du Huya's personality needs to be changed!

"Ah what? The next time you meet Lin Kai, if you dare to be presumptuous, he will definitely kill you, do you believe it?"

Hearing this, Du Huya nodded like a chicken pecking at rice: "I know Dad, I will definitely change it in the future."

At this time, Du Huya did not dare to refute.

At this time, Du Jinhu looked at An Zhihua and An Shi again.

Seeing the mess of the couple together, the home is also in dilapidated condition, and seeing that beautiful-looking An Ran, Du Jinhu probably already understood what was going on.

It must be his son who thinks his daughter is beautiful, so he must buy and sell!

"You just said that you didn't know Lin Kai, did you?" Du Jinhu asked at this time.

An Zhihua was stunned for a moment, it was a regret in his heart!

If he knew Lin Kai had a monstrous background, he should have said he knew Lin Kai! In this case, you can also make friends with Du Jinhu.

"I...actually...in fact, we and Lin Kai..." An Zhihua stammered speechless.

Du Jinhu stretched out his hand and interrupted An Zhihua at this time: "Okay, don't say it, since you don't know Lin Kai, then I don't have to talk nonsense with you."

"I will send someone over for medical expenses and compensation, and my son will never look for your daughter again."

After that, Du Jinhu waved his hand and said, "Take him away!"

Afterwards, Du Jinhu took Du Huya and left An's home mightily.

After Du Jinhu left An's home, An Zhihua and An's looked at each other. In their eyes, apart from shock, there was only regret!

That Lin Kai is actually a man with a face in the capital!

Even Du Jinhu is so respectful to him! He is a big man commensurate with Du Jinhu's peers!

Knowing that Lin Kai's background was so hard, how could they give Lin Kai an ugly face?

Now it's alright, Lin Kai is completely outraged!

From what it looked like just now, if the old couple said they knew Lin Kai, maybe Du Jinhu would compensate them!

But now, they have missed a great opportunity to meet Du Jinhu!

An Ran also looked foolishly at Du Jinhu's back leaving.

Lin Kai, after you left the army, there was a lot of trouble in the city?

Did I do something wrong when I left you? Are you so good now?

At this moment, An Zhihua came to An Ran and asked a little embarrassingly: "An Ran, what does Lin Kai do now?"

An Ran shook his head, and said angrily: "I don't know, Dad, I blame you! I ran away with anger!"

An Zhihua scratched his head: "I didn't expect that Lin Kai that stinky boy would be so powerful in the capital!"

"An Ran, it was he who dumped you at the beginning, so how can I say that he was sorry for you, do you ask him to get back?"

An awkward expression appeared on An Ran's face after listening to An Zhihua's words.

"Daughter, that Lin Kai is promising now! You hook him up, you will be so beautiful, surely you can!" An Shi followed.

An Ran bit her lip and finally said, "Actually, it was me who said the breakup at the beginning, and I dumped him."

“what?”

After listening to An Ran’s words, An’s and An Zhihua’s eyes widened. The one who threw Lin Kai before was actually An Ran?

“I am sorry for him. After that, I did too much. Now that I think about it, I regret it. He probably won’t forgive me for the rest of my life.”

An Ran gritted his teeth and said.

After listening to An Ran’s words, the old couple was even more dumbfounded.

It turned out that it was not that Lin Kai was sorry for their settlement, but that they were sorry for the Lin family!

After the dissolution of the marriage, the Lin family even sent a generous gift. They really did their best!

The white-eyed wolf is not Lin Kai, but them!

Lin Kai ignored the predecessors and came to help them, but they scolded Lin Kai.

The faces of An Zhihua and An’s were red at the same time.

Thinking of what they did just now, they all felt too much!

An Zhihua gritted his teeth at this time and said: “An Ran, no matter what, you have been together for so long before, and you must still have feelings. Can you give it a try?”

“If you succeed, we will settle down! No one can bully us to settle down!”

Hearing this, An Ran nodded embarrassedly: “I’ll try...”

...

After Lin Kai left Zhulinyuan, he went home directly.

Lin Kai couldn’t control how Du Jinhu would deal with the settlement.

Lin Kai’s kindness was regarded as a donkey’s liver and lungs by them, and Lin Kai would not continue to stay there cheeky.

After returning home, a list was sent to Lin Kai’s mobile phone.

The list is the special forces who came to compete in the Middle East this time.

It can be said that they are the most elite group of special forces in the Southeast Military Region!

Thunder war! Leng Feng! He Chenguang! Fat guy! Zhuang Yan! There are also two female soldiers, Tian Guo and Ye Cunxin!

With Lin Kai, there are eight people in total!

Chapter 728: Lottery

Chapter 728

The special forces who are about to enter the Middle East are old acquaintances.

Lin Kai smiled helplessly after seeing the names of Ye Cunxin and Tian Guo.

He didn't understand, why should he bring two female soldiers? Both of them are obviously inferior to male soldiers in terms of combat effectiveness or durability!

Is it possible to relieve the boredom of the male soldiers on the road?

The land of the Middle East is very magical. In this place, the ancient warriors cannot use true energy. In other words, the ancient warriors enter the Middle East and their combat effectiveness is not as good as an ordinary person.

Therefore, there is no need to send people from Jiulong Mountain into the Middle East.

Just send top special forces.

The performance of Lin Kai in the Southeast Military Region is obvious to all, so when He Zhijun finds Lin Kai, he can also explain it.

As he was about to set off soon, Lin Xinzhong was also a little nervous.

The inability to use spiritual power meant that most of Lin Kai's extraction ability had been abolished.

Magic amulet requires spiritual force to be activated and cannot be used.

The hurricane lost the blessing of spiritual power, which is an ordinary steel knife.

By the way, take the rhubarb!

Lin Kai's eyes lit up. Rhubarb was a dog in appearance, but it was actually a beast! Take it with you in case you need it.

The space in Lin Kai's Qiankun bag is huge, and Lin Kai plans to buy a car to take it over!

Lin Kai didn't plan to use the car at home.

The terrain in the Middle East is complex and requires large off-road vehicles, which happen to be absent at home.

Lin Kai plans to buy a large off-road vehicle tomorrow.

At night, Lin Kai fell asleep.

Early the next morning, Lin drove up to wash, rode a bicycle and went out.

Because Lin Kai had to drive back, it was not convenient to drive there.

Lin Kai slowly came to a relatively large car dealership nearby, the name of this dealership was called Fengxing Vehicle Company.

Fengxing Motor Company is the largest car shop in Jiangjing Town, with scooters worth tens of thousands of dollars and supercars worth tens of millions. This car dealer has existing cars.

I just rode to the gate of the dealership, and just happened to ran into a large group of people at the gate of the dealership!

It seems to be drawing a lottery!

A beautiful saleswoman shouted with a loudspeaker: "Friends who pass by, don't miss it!"

"Fengxing Motor Company's once-a-year lucky draw is about to begin!"

"Everyone can participate!"

"The highest reward is a BMW 5 Series!"

"I'm Wang Xiaoli, a salesperson from Fengxing Motor Company, come to me to register for the lucky draw!"

At the door of the car dealership, there were hundreds of people blocked up, all red-faced rushing to draw the lottery!

Lin Kai stopped the bicycle, didn't want to participate in the lottery they organized, and went straight to the dealership.

But there were too many people, so confused, Lin Kai was squeezed into the registration office.

Then Wang Xiaoli didn't even look at Lin Kai, and asked, "Name?"

"Huh?" Lin Kai was taken aback, he was also dumbfounded, he didn't want to participate in any **** activities at all!

"Don't you know your name? Hurry up! There are still people in line behind!" Wang Xiaoli said very impatiently.

Lin Kai helplessly said: "Lin Kai."

"phone number?"

Lin Kai reported his mobile phone number.

Later, Wang Xiaoli handed Lin Kai a lottery ticket.

"Wait for the result."

In this way, Lin Kaixi was squeezed in, and then squeezed out.

Looking at the lottery ticket in his hand, Lin Kai couldn't laugh or cry. The lottery ticket number was 0438.

Now that you have all taken, it's okay to watch the excitement.

Ten minutes later, the lottery tickets were distributed, and everyone looked at Wang Xiaoli expectantly with the lottery tickets in their hands.

And Wang Xiaoli also took out the microphone and said loudly: "Everyone, the exciting time is coming soon!"

"The first prize of this event is a five-series BMW!"

"Immediately, I will announce the first prize winners of this event!"

"0438!"

As soon as Wang Xiaoli's words fell, everyone looked down to check the numbers on their lottery tickets.

Then, countless people sighed.

It seems that the lottery number in his hand is not 0438.

Lin Kai also watched with great interest. He didn't know who was so lucky to win a BMW five series.

Wait a minute, 0438?

With hindsight, Lin Kai glanced at the lottery ticket in his hand, he seemed to be 0438!

"0438, who is your friend? Please raise your hand!" Wang Xiaoli asked loudly.

But after Lin Kai was stunned for a while, he raised his hand: "Me."

When Lin Kai spoke, countless envious and hateful eyes looked at Lin Kai.

After seeing Lin Kai, Wang Xiaoli frowned.

She didn't expect that the first prize would be drawn by a young man about twenty years old. She just saw that Lin Kai came by bicycle.

However, try it anyway.

"The applause invites this friend!"

Sporadic applause rang out, and Lin Kai walked over quickly and handed over the lottery ticket.

Is this winning? Does this car dealer really send BMW out?

There is no such a conscientious car dealership?

Sure enough, after seeing the lottery ticket, Wang Xiaoli announced loudly:
"Congratulations, you have won a BMW 5-series discount ticket!"

BMW 5-series coupons?

what?

"With this lottery ticket, you can buy a BMW 5 series from our shop for 350,000 yuan!"

Three hundred and fifty thousand, a BMW five series?

It really is a cheating business!

However, a BMW five-series cost more than 400,000 yuan, and a BMW five-series of 350,000 yuan is relatively cheap.

Many people still cast envious eyes.

“Excuse me, do I need to use this lottery ticket?” Wang Xiaoli asked expectantly.

Just as Lin Kai can buy a BMW 5 Series, then she can also get a lot of commission.

Lin Kai smiled slightly and shook his head: “No need.”

He came today, not at BMW.

Wang Xiaoli frowned upon hearing this, and asked, “Why?”

“I can’t use it.” Lin Kai replied straightforwardly.

As soon as Lin Kai said something, a burst of laughter rang out.

“What’s the use? I think you can’t afford it, right?” a fat man laughed.

The fat man in his thirties looked rich.

“If you can’t afford it, you might as well sell me this lottery ticket!”

“I bought your lottery ticket for three thousand yuan, how about?”

The fat man took out 3,000 yuan from his wallet and threw it in front of Lin Kai.

When the salesperson Wang Xiaoli saw this, her eyes lit up: “This gentleman, you can’t afford it anyway, why don’t you sell the lottery ticket to that gentleman?”

Lin Kai frowned.

can not afford?

Seeing the fat man pulling wildly, Lin Xinzong was very unhappy.

“Sorry, I don’t sell it.” Lin Kai said.

Hearing that, the fat man also looked at Lin Kai somewhat unexpectedly: “Yo! He has a backbone!”

“Three thousand dollars don’t look good, right? I’ll give five thousand dollars! Buy your lottery ticket!”

Chapter 729: Frozen Green?

Chapter 729

“I made such a big bargain for no reason. Go home and have fun!”

Wang Xiaoli also frowned and looked at Lin Kai with extreme boredom.

She has insulted Lin Kai a thousand times in her heart!

I am a poor man, and I am still pretending to be noble!

You can't afford it yourself, but give the lottery to someone else! How else would I get the commission?

“Mr., you can't afford it anyway, and it's useless to keep the lottery. It's better to sell it to that gentleman.”

“Five thousand yuan is equivalent to one month's salary.”

Wang Xiaoli's tone became a little impatient.

There were also many people watching the excitement around, and they all laughed and looked at Lin Kai.

But Lin Kai frowned, and the attitude of the salesperson and the fat man made him very unhappy.

“I said, I don't sell!”

When the fat man saw this, he also sneered: “Hehe! I see people like you a lot! It's nothing more than a stingy, wanting to buy something cheaper.

“Isn't it just too little money? I paid 10,000! The most!”

He couldn't save much by buying a BMW 5 Series for 350,000 yuan.

Ten thousand is enough!

“Don't pretend, if you don't sell it, the ten thousand yuan will be gone!”

The fat man's face was cold.

Wang Xiaoli also hugged her arms and urged: “Sir, it's almost done, the price has reached the limit! You can't afford a BMW, don't delay other people's wealth!”

The crowd onlookers also began to urge Lin Kai.

“Yeah! Hurry up and sell it to others! We are still waiting to announce the second and third prizes!”

“Boy, don’t delay the big guy!”

“It’s almost 10,000 yuan for you! Stop pretending!”

“Pretend to be lofty if you have no money, really.”

...

Lin Kai also laughed when they heard everyone’s discussion.

This lottery ticket is yours. You can sell it if you want to. If you don’t want to sell it, you have no right to control it! Are they all taunting me now?

At that time, Lin Kai gave a stab in front of everyone and tore up the lottery ticket.

“Hehe, I just tore it, and I won’t sell it!”

The fat man’s eyes widened when he saw Lin Kai actually tore the lottery ticket!

That would save him tens of thousands of tickets! It’s so gone?

“You! You are a poor man, it’s hard for you to make it, so you can’t make others feel better, right?”

“I remember you, be careful from now on! Don’t let me meet you!”

The fat man pointed at Lin Kai’s nose and cursed.

Wang Xiaoli also looked at Lin Kai in disgust.

You know, this time, the top level of the company announced that it would only recognize the lottery ticket but not the person. Lin Kai tore the lottery ticket, which is equivalent to tearing off his five thousand yuan commission!

At that time, Wang Xiaoli looked at Lin Kai also extremely displeased.

“Haha, no money to draw any prizes?”

“Is it possible that someone who comes by bike wants to get a BMW for nothing?”

“In this world, there are so many people who like to take advantage of it!”

After Wang Xiaoli’s words were over, many people started talking about Lin Kai.

“Stunned green, so **** silly, that’s 10,000 yuan!”

“Yes, if I had sold the lottery tickets, this kid’s head is not enough!”

“Hehe, still young!”

Lin Kai didn’t want to stay here, so he bypassed them directly and entered Fengxing Motor Company.

The types of cars in the popular car dealers are relatively comprehensive.

As soon as I walked in, a beautiful salesperson greeted me.

“Hello sir, my name is Zhenzhen, what kind of car do I need to look at? A sedan? A city SUV? Or a practical car?” Zhenzhen asked.

Lin Kai replied: “I want to see off-road vehicles, which have better performance.”

“Okay, please come with me, sir.” Zhenzhen said.

After that, Lin Kai followed Zhenzhen into the depths of the car dealership and came to the exclusive area of off-road vehicles.

He really brought Lin Kai to a domestic car and introduced: “This is a Great Wall H7 with good off-road performance and low fuel consumption. The most important thing is that the price is close to the people. What do you think?”

Lin Kai took a look at the car.

Although this car is an off-road vehicle, its off-road performance is probably not as good as Lin Kai wants.

“Are there more expensive ones?” Lin Kai asked.

“Huh?” She was taken aback. She saw that Lin Kai was young, so she brought Lin Kai to the 100,000 domestic cars.

This young man, want to buy an expensive car?

“Hey, isn’t this the kid who tore up the lottery ticket just now? Why, are you here to buy a car too?”

At this moment, the fat man also walked in.

Behind the fat man, followed Wang Xiaoli.

Wang Xiaoli saw that the fat man wanted to buy a car, so when the event ended, she immediately took the fat man into the car dealership.

“The Great Wall? A domestic car? You buy this kind of garbage truck?” The fat man sneered.

“Haha, no wonder you don’t use the lottery ticket, you still can’t afford it!”

The fat man shook his head with a look of contempt. He remembered everything just now!

Lin Kai made him lose tens of thousands of dollars in vain. The fat man already hated Lin Kai!

Wang Xiaoli looked at Lin Kai also extremely upset.

She sneered at one side: “Sir, don’t you know? Everyone has their own temperament, which determines the quality of the car.”

“Your temperament, at first glance, you want to drive a BMW and Benz.”

“His temperament.” After that, Wang Xiaoli glanced at Lin Kai up and down, and said: “I guess I can only drive Wuling Hongguang for a lifetime.”

Hearing what Wang Xiaoli said, the fat man laughed loudly: “Hahahaha! I think you are right!”

“I’m afraid he can’t even afford Wuling Hongguang!”

Wang Xiaoli and the fat man sang together, mocking Lin Kai.

Lin Kai frowned. He didn’t want to care about these two people, and said: “What kind of car I Lin drives, don’t care about you, stop talking nonsense!”

After hearing Lin Kai’s words, the fat man sneered, “Hehe, who cares about you!”

After all, the fat man strode towards a BMW five series.

Lin Kai and Zhenzhen came to the front of a Toyota overbearing.

Really asked: “This Toyota is also very overbearing. What do you think?”

Lin Kai glanced at Toyota overbearing, then scanned around again, and was immediately attracted by a car in the distance.

It is a Mercedes-Benz brand car, the body is very large, like a small tank!

Moreover, it looks like a small truck from the outside. It can seat two people in the front and a bucket in the back, which can hold tools and people.

Looking at the tires, they are very huge, and the suspension looks very awesome. This car is a fighting vehicle that can climb mountains and rivers!

“What car is this?” Lin Kai asked.

Then she really looked at the Mercedes-Benz, and for a moment, she explained: “This is a Mercedes-Benz Unimog, the price is very expensive.”

Zhenzhen had already clearly reminded Lin Kai.

This car is really expensive, you can't afford it!

“How much is it?” Lin Kai asked.

“This Mercedes-Benz Unimog is priced at three million yuan.” He said helplessly.

Chapter 730: Unimog

Chapter 730: Unimog

The price of three million is indeed not cheap.

However, value for money, this Mercedes-Benz Unimog is indeed very good.

Lin Kai got into the car and felt it. The interior of this car is very simple, but it feels very good, like driving a tank.

A sense of battle!

In a short while, Lin Kai got off Unimog.

Just about to buy this Mercedes-Benz, the obnoxious fat man and Wang Xiaoli walked over again.

Wang Xiaoli walked behind the fat man with a pleasing smile on her face.

On the fat man's finger, there was a BMW car key.

He finally got his wish and bought a BMW 5 Series, but without a lottery, he spent 430,000 to buy a 5 Series.

I saw the fat man walking over with a smug smile on his face.

“Yeah, what about the car?”

“Unimog? You dare to see it! Can you afford a car worth more than three million?”

The fat man had a mocking look.

Wang Xiaoli said in a weird way: “Hmph, even the winning BMW 5 Series can’t afford it. There is no 350,000 yuan, and I want to buy Unimog? What a joke!

The two sang a harmony, mocking Lin Kai.

Wang Xiaoli was like a big sister in the car dealership, she really lowered her head and didn’t dare to refute it.

Lin Kai frowned and said very unhappy: “Why are you two everywhere?”

“What car do I buy, what does it matter to you?”

“And you, with your qualities, how did you stay in the car dealership as a salesperson?”

Hearing Lin Kai’s retort, two people exploded.

The fat man said coldly: “What’s up with me?”

“Boy, if it weren’t for you, could I spend an extra seven to eighty thousand yuan on a BMW?”

“You **** just can’t afford a BMW by yourself, and you can’t see other people’s favors! I think you are not pleasing to your eyes, what a!”

Wang Xiaoli also hugged her arms and said high up: “Yo, do you still look down on me?”

“I still look down on you!”

“Looking at your appearance, a month’s salary is only four to five thousand yuan, right? My old lady’s monthly salary plus commission is more than ten thousand yuan!”

“I also think you are not pleasing to the eye! What can you do!”

“If I have the ability to complain, let me go!”

“Tell you, the manager of the car dealership is my brother-in-law!”

Wang Xiaoli was a drag.

The fat man even mocked: “Just you, you still want to buy Unimog? You **** buy a truck to get the goods!”

Lin Kai laughed when he heard this, "Hehe, so you think I can't afford a car, so you mock me in every possible way?"

Wang Xiaoli rolled her eyes: "Why? Can't you think that you can afford Unimog? What a joke!"

Lin Kai sneered and said, "Hehe, if I can't afford it, you will know right away!"

After all, Lin Kai directly took out the bank card from his pocket and handed it to Zhenzhen.

"Swipe my card, I want to buy two!"

He was really dumbfounded.

"Huh?" I really can't respond, buy two?

That's six million! Does the young man in front of him have so much money?

Lin Kai's voice immediately attracted the attention of many people.

After hearing that Lin Kai actually wanted to buy two Unimogs, many people laughed.

"Buy two Unimogs? Bragging right?"

"I think so, that car is old and expensive, it costs three million!"

"Isn't this the kid who came here by bike? Just now at the door, he couldn't afford the 350,000 BMW 5 Series. He still bought the Unimog?"

Many people pointed to Lin Kai.

It was really embarrassing: "Sir, would you like to look at another car?"

Really, this is driving Lin Kai down the steps.

And Lin Kai shook his head: "Don't look at it, just this car, two cars!"

Lin Kai replied decisively.

I really sighed, you have no money, why do you have to pretend to be this force?

Then Wang Xiaoli smiled with her arms folded, she snatched the bank card in Zhenzhen's hand.

“Yeah, it’s true. I’ll take the credit card machine over immediately. I want to see if there are six million in your broken card!”

After all, Wang Xiaoli went to get the credit card machine.

Soon after, Wang Xiaoli walked back with the credit card machine.

There are more and more people watching around.

Wang Xiaoli swiped the card directly in front of everyone with a beep.

“Please enter your password.”

Wang Xiaoli handed over the credit card machine with one hand and mocked: “Aren’t you going to buy two? Enter the password!”

“If you can have six million in this broken card, I will eat this car on the spot!”

The fat man also shook his head in disdain, turning the BMW key in his hand.

“Hehe, I can’t even buy a BMW 5 series for 350,000 yuan, and I want to buy a Unimog? The poor are more troublesome!”

Lin Kai also sneered when he heard this.

Without saying anything, he directly entered the password.

Only a beep was heard, and a prompt sound was heard directly from the credit card machine.

“The payment is successful, the payment amount is six million.”

When the sound of the credit card machine came out, Wang Xiaoli’s contemptuous smile froze at the time.

What?

payment successful?

The scene was quiet at that time.

Everyone looked at Lin Kai with a strange expression in their eyes.

The disdainful smile on the corner of the fat man’s mouth also solidified.

Zhenzhen's hand, which was originally covering his forehead, also put it down, shocked in his big eyes.

payment successful? Is there really six million in his bank card?

The expression on Wang Xiaoli's face is wonderful.

You are so rich at a young age? Cary actually has a balance of 6 million? This is a real rich second generation!

The BMW car key in the fat man's hand fell to the ground with a snap.

Why do you pretend to be in front of others with a BMW worth 400,000 yuan? Not embarrassing enough!

At this moment, Wang Xiaoli accidentally pressed the check balance.

I heard that the credit card machine immediately reported Lin Kai's balance.

"Your current available balance is 1,836 million, and the overdraft balance is 1 billion."

Hearing the numbers reported by the credit card machine, Wang Xiaoli almost rolled her eyes and passed out!

Kari actually has more than one billion!

And this card is not a normal card, it can actually allow the owner of the card to overdraft a billion!

The other party is not an ordinary person!

The expression on the fat man's face is also extremely wonderful.

The most shocking is the truth.

She originally thought that Lin Kai just came over to pay the richest man and buy a domestic car.

Now she finally understands why Lin Kai disliked the car she recommended because it was a billionaire!

At this moment, I saw the manager of the car dealer hurried over.

After learning that there was a large order of six million, he dared not delay a second.

This is a big order with millions of profits!

After the manager came over, he asked Wang Xiaoli directly: "Xiaoli, where are the six million customers?"

"Why don't you notify me when such a large customer comes to our dealership to buy a car? What about the customer?"

The manager asked excitedly.

Chapter 731: I Bought Them All

Chapter 731 I bought them all!

The manager's surname is Zhang and his name is Zhang Guo, who is Wang Xiaoli's brother-in-law.

Wang Xiaoli had an embarrassed expression on her face, and she dared not look directly at the manager.

The big client is Lin Kai in front of her, Lin Kai who is despised by her ridicule!

It's not that they can't afford the BMW 5 Series, but because they look down on the BMW 5 Series!

In Wang Xiaoli's heart, it was a remorse. She knew that Lin Kailai was so big, how could she dare to offend Lin Kai?

The fat man also looked ashamed.

He blushed when he thought of smashing Lin Kai's face with 10,000 yuan.

Does anyone pay you this ten thousand yuan?

Peoples bank cards have more than one billion!

A good car in your eyes is not even a fart in the eyes of others.

Seeing that Wang Xiaoli was silent, Zhang Guo asked again: "Where are the big customers?"

At this time, Na Zhenzhen said, "Manager Zhang, this is a major customer who bought two Unimogs."

With that, it really pointed to Lin Kai.

Zhang Guo also looked at Lin Kai, and after seeing Lin Kai, he was also taken aback.

So young? Actually have the money to buy two Unimogs?

However, Zhang Guo didn't ask too much. After all, there are more rich second generations in Beijing, and it is normal for him not to know him.

"Hello, I am the manager of Fengxing Motor Company. My name is Zhang. We are very happy that you can come to Fengxing Motor Company."

Zhang Guo immediately showed a pleasing smile on his face.

But Lin Kai didn't shake hands with him. He put his hands in his pockets and smiled slightly: "Heh, you are too happy too soon."

"Huh?" Zhang Guo was taken aback.

"Return the money to me, I won't buy this car!" Lin Kai said.

After listening to Lin Kai's words, Zhang Guo was stunned again.

Before his euphoria was over, Lin Kai actually didn't buy it again?

"Sir, why?" Zhang Guo asked quickly.

Lin Kai smiled faintly, and looked at Wang Xiaoli: "The people in your car dealership are very tugged! They say I can't afford Unimog and look down on me in every way."

"In desperation, I only paid six million to make some people shut up!"

"But now it seems that the quality of your car dealers is so low, the car is probably not good, and the money is returned to me, I will not buy it!"

Lin Kai's words made Wang Xiaoli's face flushed!

The fat man also lowered his head, wishing to bury his head in his crotch.

After hearing Lin Kai's words, Zhang Guo immediately understood.

Wang Xiaoli must have offended this big customer!

At that time, he looked at Wang Xiaoli with hatred of iron and steel, and said angrily: "I told you a long time ago, don't you want to look down on others, you don't listen!"

"For someone like you, staying in our dealership is a waste of resources!"

"Pack things and get out of here!"

Zhang Guo roared and immediately made Wang Xiaoli's face pale.

Lin Kai joked, "Stop pretending, I know you are his brother-in-law."

After hearing what Lin Kai said, Zhang Guo gave Wang Xiaoli angrily.

This time, he was really angry! If Wang Xiaoli is doing this, sooner or later he will have to be taken down as the manager!

At that time, Zhang Guoyi gritted his teeth and said, "Sir, if you don't believe me, please come to our dealership to check at any time!"

"I promise she won't show up in our car shop!"

"Furthermore, I can now report Wang Xiaoli's bad behavior to the company so that she will never appear in our Fengxing Motor Company!"

Zhang Guoxin's vowed appearance.

When Wang Xiaoli heard it, she was dumbfounded.

"Brother-in-law!" Wang Xiaoli was anxious at the time. If she is fired, where can she find such a good job?

"Don't call my brother-in-law!" Zhang Guo said angrily!

If the profit of more than one million is lost, let alone Wang Xiaoli, even he will be unable to protect himself!

Lin Kai nodded with satisfaction after hearing the words, "I hope you can do what you say. This six million is not a big sum, I will not return."

Hearing that, Zhang Guo was overjoyed!

"Yes, yes! I will handle the contract for you right away!"

With that said, Zhang Guo went to handle the contract.

But Wang Xiaoli stepped back two steps, her face was decadent, and with a plop, she sat on the ground stupidly.

The whole person was dumbfounded.

It's over, more than 10,000 jobs a month, no more!

With her junior high school degree, where to find such a good job!

At this moment, Lin Kai looked at the fat man and smiled: "Ha ha, BMW, is it very advanced?"

The fat man lowered his head and said nothing.

"The high-end car in your eyes is nothing more than a pile of broken iron in my eyes."

"Don't think that driving a BMW is a rich man. You are not even a bug in my eyes!"

Lin Kai shook his head and smiled disdainfully.

He didn't even bother to kill him, because killing him would dirty Lin Kai's hands.

The fat man dared not even fart.

There are more than one billion people in the bank card, so is it a small role?

As for the real eyes, they are full of worship.

This is the realistic version of the rich and handsome!

And she herself was stunned by the commission!

You know, she is responsible for receiving Lin Kai! In this way, the commission for both cars will be counted in her salary!

Happiness came so suddenly that I almost fainted.

Soon after, the contract was handled by Lin Kai.

As for the two cars, Lin Kai could take them away at any time.

Lin Kai asked him to send one car to Yulong Pavilion, and Lin Kai drove the other car by himself.

As soon as Unimog took to the street, it was a pull! 100% return rate!

Whether it is a man or a woman, there are only two words in his eyes, envy!

Then, Lin Kai went to a nearby large supermarket and bought a lot of food.

Anyway, there is a lot of space in the Qiankun bag, enough for two cars and some food.

The most important thing is that the time in the Qiankun bag is static, that is to say, the food put in will never expire and rot!

In addition to fast food, Lin Kai also bought some raw meat, even a barbecue grill and seasoning!

Naturally, the water must not be forgotten. I bought fifty boxes of Nongfu Spring! Enough water for eight people for a month!

Later, Lin Kai bought quilts and other hard-needed items.

Finally, Lin Kai came to the drugstore.

Spiritual power cannot be used, and the Lingzhi extraction ability that represents Lin Kai will also be scrapped.

So medicine is necessary.

After buying these things, Lin Kai returned to the Yulong Pavilion.

After returning to Yulong Pavilion, Lin Kai put all the items in the Qiankun bag.

The space in Qiankun's bag was also filled.

Full of Dangdang!

It is indeed a treasure left by a master-level master, and it is indeed very practical!

Lin Kai exclaimed in his heart.

Unconsciously, one day passed again. On this day, Lin Kai cultivated in the Yulong Pavilion.

Tomorrow is the day of departure, Lin Kai must adjust his state to the best!

At this moment, the doorbell was rang.

"Who?" Lin Kai raised his eyebrows.

Lin Kai came to the gate, opened the gate, took a look outside, and was taken aback.

I saw a woman standing at the gate.

Chapter 732: Stealth Special Team

Chapter 732

The woman is extremely beautiful, wearing a white long dress, the breeze blows, her hair flies, and the fragrance blows on her face.

His face was pure and he looked at Lin Kai with affectionate eyes.

She lowered her head and squeezed her hands, with a touch of shyness on her face.

Lin Kai stared blankly at the time.

Come here, it is Enron who is not wearing military uniform!

“Why are you here?” Although Lin Kai was startled, he quickly recovered.

“I’ll see you.” An Ran whispered: “Should you not invite me in and sit?”

Lin Kai frowned, and An Ran’s sudden enthusiasm made Lin Kai a little uncomfortable.

In the past, An Ran used his own right now.

“Come in.” Out of courtesy, Lin Kai still invited An Ran in.

And An Ran also looked around Yulong Pavilion.

Yulong Pavilion is much more luxurious than her family’s villa. It seems that Lin Kai is really developed, and he even lives in villas worth hundreds of millions.

After entering the villa, Lin Kai poured tea for An Ran.

“Anything?” Lin Kai asked directly.

Although there was a trace of dissatisfaction towards An Ran in the bottom of his heart, Lin Kai’s rationality was stronger than perceptual.

An Ran was also a little sad to see Lin Kai’s attitude toward him so cold.

She sat directly beside Lin Kai.

When the fragrant wind hit, An Ran’s soft body had already leaned over, and Lin Kai’s body became stiff.

“Lin Kai, actually...”

An Ran gritted her silver teeth: “In fact, I still have you in my heart.”

Lin Kai was also shocked. Although he was surprised, Lin Kai still pretended to be calm: “So what?”

An Ran looked at Lin Kai, praying in his eyes.

She took Lin Kai's hand.

An Ran's small hands are a bit rough. After all, he is a soldier, but his hands are very soft.

"Lin Kai, I want to make peace with you."

After that, An Ran looked at Lin Kai expectantly.

Lin Kai was silent.

Seeing Lin Kai not speaking, An Ran was also a little anxious, and saw that she hugged Lin Kai directly.

Jiao Chu hugged Lin Kai, making Lin Kai's body shake even more.

An Ran's soft body and the fragrance on her body made Lin Kai unable to calm down.

He is also a man after all.

An Ran raised his head and looked at Lin Kai.

"Reconciliation? Okay?"

An Ran stared at Lin Kai affectionately.

After all, An Ran kissed Lin Kai directly regardless of whether Lin Kai agreed or not!

At that time, Lin Kai's eyes widened!

In the past, An Ran wouldn't even let him touch him, but now An Ran has embraced him!

Although Lin was happy for a moment, Lin Kai thought of the various ways that An Ran and Lei Zhan had hooked up.

Thinking of this, Lin Kai suddenly stood up and pushed An Ran away.

"You go!"

Lin Kai wiped his mouth and said resolutely.

An Ran was also stunned.

Is this still Lin Kai? Is this still Lin Kai who obeyed his words before? Could it be that he has no feelings for himself at all?

“Lin Kai...”

“Go!” Lin Kai shouted angrily.

An Ran’s delicate body trembled, and finally, she gritted her teeth, stood up in silence, and left the Yulong Pavilion.

After An Ran left, Lin Kai sat on the sofa and took a deep breath.

Just now, he was almost impulsive and did something that he would regret.

I can’t apologize to Long Xiaoyun!

Although An Ran is very beautiful, much more beautiful than Long Xiaoyun.

After An Ran left, Lin Kai took a deep breath and tried to calm himself down.

...

The next day, Lin Kai packed up his luggage, put on his backpack, and left Yulong Pavilion.

Go to the airport and take a plane.

In the afternoon, Lin Kai arrived at the Southeast Military Region.

Entering the Southeast Military Region, Lin Kai came to a familiar place.

He Zhijun’s office.

On the apron outside He Zhijun’s office, a helicopter gunship has been parked.

Under the plane, seven people stood there impressively!

Lei Zhan, Zhuang Yan, He Chenguang, Fatty, Leng Feng, Tian Guo, Ye Cunxin.

They are all wearing military uniforms, carrying huge marching bags, and holding m4 rifles.

Behind them, there is a five-star red flag flying.

He Zhijun stood before them.

“Report! Lin Kai, Captain of Wolf Warrior Squadron, request to return!”

Lin Kai saluted.

He Zhijun glanced at Lin Kai and saluted: "Go get your equipment and return to the team immediately!"

"Yes!"

After Lin Kai saluted, he came to the equipment room.

In the equipment room, there are the equipment Lin Kai needs.

In the huge marching backpack, there are all the materials Lin Kai needs this time.

In a brand new military uniform, Lin Kai took off his clothes and put on the long-lost camouflage combat uniform.

The weapon is a relatively advanced m4 rifle. The m4 rifle has a fast rate of fire, low recoil, and considerable power.

Moreover, this m4 can be equipped with grenade.

The total number of bullets is 120 rounds, that is, four magazines.

Putting on his helmet, backpack, and m4, Lin Kai returned to the team smoothly!

After returning to the team, He Zhijun looked at the eight people in front of him and said loudly, "Comrades!"

"The exercise campaign in the Middle East is said to be an exercise, but it is more terrifying than actual combat!"

"The status of the Middle East is among the five countries! The Middle East is rich in materials. If any country has the right to occupy the land, the national economy will improve for a hundred years!"

"The meat is eaten first, and what is eaten later is not certain! Therefore, our country must take possession of the Middle East for the first ten years!"

"And you are elites from different forces!"

"Combined, you are fighting for the edge of the Middle East!"

"So in this operation, you temporarily formed a special combat team! Zhuang Yan is the captain and Lei Zhan is the deputy captain, do you understand?"

After He Zhijun said, everyone replied in unison: "Understand!"

"If you understand, board the plane now!"

“Yes!”

With an order, eight people began to board the plane.

After boarding the helicopter, the helicopter began to take off and flew towards the Middle East.

It is a long journey, and it is impossible to reach the Middle East without a day.

The people on the plane are old acquaintances.

Lei Zhan looked at Lin Kai’s eyes, especially strange.

He already understood, no wonder Lin Kai performed so well in the army, he turned out to be an ancient warrior!

Lei Zhan had already planned it in his heart. When he arrived in the Middle East, Lin Kai lost his true spirit. He must have Lin Kai know how good he is!

Seeing that there was no Long Xiaoyun on the helicopter, Lin Kaixin was unavoidably disappointed.

For such an important task, Long Xiaoyun was not allowed to lead the team.

It seems that she doesn’t want to come!

As the team leader, Zhuang Yan spoke at this time: “Comrades, this time the task is very difficult, and your opponents should not be underestimated!”

“The SEALs from the United States, everyone has heard of it?”

Everyone’s expressions changed when they heard the five words of SEAL.

SEALs, well-known special forces in the United States!

Ten years ago, the famous terrorist Bin Ladeng was killed by the SEALs.

The strength of the SEALs is not only very strong, but their equipment is also the most advanced in the world!

A strong opponent!

Chapter 733: Officially Begin

Chapter 733

There are four opponents.

Well-equipped and well-trained SEALs!

The Gale Special Forces of Bang Country, the Gale Special Forces are also very strong, good at assault blasting, blasting ability, are first-class in the world.

There is also the Bushido Special Combat Team in the island country, which is quite special.

They are good at assassinations and sneak attacks, which is a headache.

The last special team is special, they are the terrorist team from Yin Duguo.

Yin Duguo is not an advanced country, but a country in war.

The horror team is not particularly well equipped.

It's just ak47, but the terrorist squad is not afraid of death. They can run to you with bombs!

Also dare to double-hold ak47 so you can't come forward.

And their main weapon is not a rifle, but a bazooka.

Different opponents from four countries have their own strengths, which is very troublesome.

On the plane, the atmosphere was very depressing.

Because this time the task is really important and very special.

Although it is an exercise, this exercise is related to the hope of the rise of five countries! So everyone's pressure is particularly great.

"Brothers, although it is an exercise, this time it is more dangerous than actual combat!"

"In order to win the first place, the other four countries don't know what means they will use against us."

"So, brothers, I hope you cheer up!"

Zhuang Yan stretched out his hand and looked at everyone seriously.

The others also stretched out their hands and put Zhuang Yan's hands together.

Zhuang Yan shouted: "Be the first to win glory for the country!"

"Win first and win glory for the country!"

There was a loud shout, and everyone hugged each other tightly.

...

Probably in the early morning of the next day, the helicopter arrived at the destination, the Middle East.

The plane landed slowly, and the moment we got off the plane, a cold wind blew, and everyone couldn't help but shudder.

It's really too cold!

The climate here is colder than the coldest place in China!

The surrounding area was desolate, except for the hills, it was an endless plain, and there were only a few withered grass on the ground.

The most peculiar thing is that the sky above the Middle East is gloomy!

The sky outside the Middle East is sunny.

It seems that there is no real sky above the Middle East.

Eight members of the rushing special team stepped off the fighter jets, while the special teams from the other countries all arrived at the entrance of the Middle East.

The organization of each special team is the same, with eight people.

Behind the SEALs is a huge army green helicopter gunship.

I saw the eight members of the SEAL team, all tall and large, and they were extremely well equipped.

The world's most advanced sniper rifle, the lightest but strong defensive body armor, and a multi-functional helmet capable of lighting and night vision.

Even wearing flashing goggles.

The eight members of the SEAL team are all proud.

Beside them, there is the Gale Special Forces.

The Gale Special Forces equipment is not bad, their backpacks are very huge, obviously equipped with bombs for blasting.

Moreover, the Gale Special Forces and the SEALs were very close, and the captain of the Gale Special Forces smiled to please the white captain.

It seems that Bang Guo and the United States have already cooperated!

Said it is cooperation, maybe the great country has already succumbed to the United States and wants to help the United States win first place this time.

The Bushido Special Combat Team in the island country is even more exotic.

They were wearing black combat uniforms, black helmets on their heads, and a large sword on their backs.

The weapon in his hand is not a large-caliber assault rifle, but a small-caliber submachine gun.

The equipment is very light.

Finally, it was Yin Duguo's terrorist team.

After seeing the horror team, Lin Kai also raised his eyebrows.

Yin Duguo's horror team is very weird.

It is indeed a poor country, eight people, wearing very simple camouflage uniforms, not even helmets.

Everyone has an ak47 with a bazooka behind their back!

It seems that only a rocket launcher can demonstrate their extraordinary financial resources!

The most important thing is that they are all strapped to c4 bombs!

There is a look of you desperately trying to disagree.

With the addition of Huaxia Kingdoms special battle team, a total of five teams gathered at the entrance.

In addition to the five special forces, there is also a huge base vehicle parked at the entrance.

After the base vehicle are tents in five countries.

There is also a huge display screen. Every special fighter has a camera on his head, and all the scenes that everyone sees will be transmitted here.

In addition to the base vehicle, there are special commissioners from five countries who are in fact the supervisors of this exercise. They are afraid that they won't admit it if they won.

The representative of Huaxia Kingdom is Long Xiaotian.

After seeing Lin Kai, Long Xiaotian frowned and snorted coldly. He didn't pay attention to Lin Kai at all.

Obviously, he still hated Long Xiaoling's affairs.

After the five special teams assembled, the representatives from the United States spoke.

He spoke a lot in English, and Lin Kai couldn't understand it either.

The representatives of each country said a lot of things.

Finally, Long Xiaotian spoke.

"Comrades, this exercise is more important than actual combat!"

"The success or failure of this exercise is of vital importance to China!"

"I hope that you will put aside your personal grievances and cooperate to win the first place in this exercise!"

"If you can win the first place in the exercise, you will be the heroes of Huaxia Kingdom!"

"do you understand?"

Long Xiaotian asked loudly.

"Understand!" Everyone answered in unison.

"Enter the Middle East in ten minutes, everyone is ready!"

Long Xiaotian shouted again.

Afterwards, everyone began to check their equipment.

At this moment, the white captain of the SEAL team came with seven members, and the Gale Special Forces also followed the SEAL team.

There are sixteen people in total.

The corner of the white captain's mouth was jokingly.

They came directly to Zhuang Yan, and the white captain asked in broken Chinese: "Are you the captain of the Gale Special Forces?"

Zhuang Yan frowned and said, "That's right."

"Haha." The white captain smiled disdainfully: "I advise you not to compete with us for the first place, otherwise, the consequences will be very serious."

"Why?" Zhuang Yan frowned and asked.

The white captain smiled confidently and pointed behind him.

"Our equipment is better than yours."

"There are more people than you."

"You don't have the advantage in Siamese style."

"Huaxia people, what do you compare with us?"

"So I advise you to give up the game, otherwise the bullet will not grow eyes during the action!"

Chapter 734: I Bring The Car

Chapter 734

As soon as the white captain said something, a roar of laughter came.

The members of the SEALs and Gale Special Forces all laughed.

In his eyes, there was only a contemptuous look.

Hearing this, Zhuang Yan narrowed his eyes, and he said loudly, "What if you don't have the advantage? Chinese soldiers, never give up!"

The white captain shook his head and smiled contemptuously: "Hehe, no matter how hard you try, it is not our opponent. This is racial suppression! Humble yellow people."

After all, the white captain waved his hand and left with a group of people.

The fat man cursed and said, "Fuck, these American soldiers are too arrogant!"

“After entering the Middle East, be sure to show him some colors!”

Lei Zhan shook his head, and said, “They said it’s right. We don’t have the advantage in terms of numbers or equipment. It’s better to be patient first.”

Hearing this, the fat man sighed.

Soon after, Rhubarb also arrived on the battlefield.

As the rhubarb could not get on the plane, Lin Kai asked Wang Gang to send the rhubarb by private jet.

Rhubarb was already equipped with body armor, and as Lin Kai’s army dog, he also joined the exercise.

The American soldiers glanced at the dog, all smiled playfully, and shook their heads.

Obviously, they didn’t put rhubarb in their eyes at all.

Ten minutes passed quickly.

Ten minutes later, five teams gathered at the entrance.

With the commander’s order, the exercise officially began!

At this moment, the soldiers of the five teams rushed into the Middle East in an instant.

Lin Kai also rushed in.

After rushing into the Middle East, Lin Kai trembled. He found that the connection between himself and the spiritual power in his dantian had been completely disconnected!

Yes, I became an ordinary person!

Not only that, after entering the Middle East, the pressure instantly increased!

As if carrying a weight of ten kilograms, the Middle East is really unusual!

All five teams slowed down.

However, the US Navy SEALs are still very fast. It can be seen that they are well-trained and have good physical fitness.

The most important thing is that they are all wearing the most advanced anti-stress clothing, which can effectively reduce the pressure on them in the Middle East.

Next, it is the Bushido Special Operations Team of the island country.

They go into battle lightly and are fast.

The stealing special team ranked third.

Because the bombs and rocket launchers carried by the Gale Special Forces and the Terrorist Squad are too **** sinking...

Ten minutes later, the distance was completely opened!

The Bushido Special Operations Team and the SEALs have no one to see.

On the way, the fat man couldn't help but murmured: "Is it possible that I came to the Middle East just to race?"

"I knew this a long time ago, so I won't bring so many equipment! It's so heavy!"

He Chenguang said: "Stop talking nonsense, the pressure is getting heavier!"

Yes, the pressure in the Middle East is gradually increasing.

The fat man still babbled, "If only a car would be fine, how would I go?"

Captain Zhuang Yan said at this time: "According to the rules, you cannot ride in a car."

"What?" Lin Kai's eyes widened at that time.

Can't ride a car? Then the two Unimogs he brought were in vain?

"Is it unusual to not be able to ride in a car?"

"If you can ride in a car, you don't need to engage in drills, just race it."

Lei Zhan rolled his eyes and said.

Thinking about it carefully, this is indeed the truth.

Continue to walk deep, about two hours later.

Even the special soldiers with very good physical strength felt tired at this time.

Moreover, it is obviously two o'clock in the afternoon, and the entire Middle East is like night.

Zhuang Yan looked up at the sky, narrowed his eyes, and said, "I don't know why, I always have an ominous premonition."

And everyone looked up.

In the sky, there were dense clouds and the cold wind blowing in the ears, but there was nothing special.

It's just that the wind seems to be a bit big at this time.

Huh~hu~

The wind and waves are blowing, and there is a lot of sand in the wind.

"I have long heard that the climate in the Middle East is changing. That's true!" The fat man was surprised.

And Zhuang Yan's expression suddenly changed at this time: "No! Sandstorm!"

"Hurry up and find a shelter! Otherwise, we might be buried alive by the sand!"

The weather in the Middle East is not changeable, it is very bad! It's fatal!

Everyone looked around in a panic, but there was a plain all around, where was any shelter?

At this time, the storm is even bigger! The sand has begun to fascinate.

But Lin Kai stood there and didn't move. Ye Cunxin saw that Lin Kai could not move. He pushed Lin Kai a hand and said, "Lin Kai! You moved!"

"The sandstorm is coming soon!"

Lin Kai took out the Qiankun bag and said lightly, "Don't panic."

"Don't panic? You will die in a while, how can you not panic?" Ye Cunxin said angrily.

Lin Kai smiled slightly and said, "I brought two cars!"

After hearing Lin Kai's words, everyone looked at Lin Kai.

Then Lei Zhan frowned. He had already seen Lin Kai unhappy. He said, "Car? Are you talking nonsense with your eyes open? You brought a toy car?"

Zhuang Yan immediately reprimanded: "Lin Kai, don't be kidding! Hurry up and take action. Within ten minutes, you must find a shelter!"

Lin Kai looked at Zhuang Yan and said, "Captain, I really brought two cars!"

Leng Feng said angrily at this time: "Where is the car? Take it out!"

"In this bag." Lin Kai pointed to the bag in his hand and said.

After hearing Lin Kai's words, everyone's eyes widened, looking at the Qiankun bag in Lin Kai's hand.

In a bag as big as the palm of your hand, you can actually hold a car?

Outside of the Middle East, Long Xiaotian looked at the screen, frowning, what is Lin Kai doing?

After seeing the bag, Lei Zhan sneered: "Ha ha, Lin Kai, do you treat everyone as a fool?"

"Your bag can fit a car?"

Lin Kai said angrily, "Believe it or not! Captain, as long as you have a word, I will release the car now!"

"We only avoid sandstorms in the car and don't drive. Isn't it a foul?"

After hearing Lin Kai's words, Zhuang Yan stroked his chin for a while and said, "That's really not a foul."

"But where is a car?"

Lin Kai laughed upon hearing the words, "Ha ha, everyone, look forward to it!"

Hearing that, everyone looked at Lin Kai, and Lei Zhan held his arms, and didn't believe that Lin Kai could transform into a car!

Lin Kai breathed out, using the Qiankun bag, and shouted: "Out!"

Afterwards, there were two bangs, and two Unimogs appeared in front of everyone!

"I'm going! It's really a car!"

Chapter 735: Sandstorm

Chapter 735: Sandstorm

After two loud noises, two Unimogs appeared in front of everyone.

At that time, everyone's eyes widened, and the scene was as silent as death.

what the hell?

Are you kidding me?

Is this the **** magic?

At that time, everyone was a little suspicious of life.

The corners of Lei Zhan's mouth suddenly twitched. At this time, he even suspected that he was wrong.

In such a small bag, two Unimogs can actually be contained!

Two Unimogs have been equipped with a carport by Lin Kai. They are very strong. One Unimog can accommodate eight people!

Zhuang Yan's eyes widened. He asked, "Lin Kai, where did you get these two cars?"

Lin Kai replied: "This bag, called Qiankun Bag, is a very rare treasure."

"It's a space of its own, with two cars, a piece of cake!"

Universe bag? Something of ancient warrior

After hearing the words, everyone was relieved.

After all, Lin Kai is an ancient warrior and possesses some heaven-defying items, which makes sense.

At this time, outside of the Middle East, after seeing this scene, a foreigner immediately exclaimed: "Watt?"

"Huaxia Nation, there is actually a magic weapon?"

He asked in bad Chinese.

Long Xiaotian looked serious and said, "As long as they don't start the car, it's not a violation!"

The foreigner shrugged and acquiesced to Long Xiaotian's statement.

At this time, in the Middle East, the sound of the wind was getting louder and louder, and the sand in the wind also began to hurt people's faces!

Zhuang Yan frowned and said, "Immediately enter the car and take refuge!"

"Yes!"

Everyone agreed, preparing to enter the Unimog.

But at this moment, Lin Kai vaguely saw that a team was approaching where he was.

I took a closer look and found that it was a terrorist squad! Yin Duguo's team.

"Yin Duguo's team rushed over. It seems that they are on the same road with us."

Lin Kai said.

And after Lin Kai's careful observation, Yin Duguo's players are extremely poorly equipped, except for ak47 and bazooka, basically no other equipment.

And each of them looks thin and obviously malnourished.

The sandstorm is coming soon, if they can't find a shelter, they will definitely die!

Suddenly, Lin Kai felt sorry for Yin Duguo's special forces team.

Obviously his country was still in war, but he was forced to fight for something they couldn't grab.

Maybe they need the resources here too much. After all, the resources here can help their country's economy soar a lot!

Lin Kai couldn't bear to watch them die violently in the sandstorm.

He suggested: "We have two cars. I think we can lend them another car for refuge."

After hearing Lin Kai's words, Lei Zhan exploded: "Are you crazy?"

"They are our opponents!"

"Lend them the car? Do you want them to win?"

Hearing Lei Zhan's words, Lin Kai frowned: "If you don't lend them the car, they will die!"

Lei Zhan sneered: "Oh, what does their life and death do to us?"

Hearing this, Lin Kai was angry at the time: "As a Chinese national, it is our duty to save the dead and heal the wounded! We love peace, and hope for peace more. If we don't save our lives, is that a Chinese national?"

Lei Zhan sneered when he heard the words: "Hehe, you are so kind, you should be a doctor."

"Okay! Stop it!"

Zhuang Yan shouted angrily at this time.

He pondered for a while and said, "Listen to Lin Kai!"

"Humph!" Lei Zhan snorted very unhappy.

Since Zhuang Yan is the captain, he can't refute anything.

Lin Kai was able to find out that since entering the Middle East, Lei Zhan had no good expressions on him.

He would contradict everything he said.

He just thought that he had no spiritual power, and he was a useless person.

Lin Kai stood up and raised the five-star red flag.

After seeing the five-star red flag, the player Yin Duguo, who was not far away, struggling to come over.

The sandstorm is already big! My vision began to blur.

Those eight people didn't even wear goggles, and walked with almost zero eyesight.

Moreover, they have difficulty breathing.

After a few minutes, they finally reached Lin Kai's face.

But because of the language barrier, Lin Kai could only gesture at them and pointed to the empty car.

The eight people from Yin Duguo seemed to understand. They folded their hands together, thanked Lin Kaibai for a while, and then got into the car.

Lin Kai also hurriedly got into his car.

The sandstorm has officially begun!

Outside the car is the sound of a storm!

Tian Guo and Ye Cunxin are girls. They sat in the cockpit. The cockpit is better closed and won't suffer any harm when sitting in it.

The six lords were in a slightly less enclosed vehicle compartment.

But the situation in the car body is pretty good, at least the sand can't get in.

The storm lasted a long time.

After a full two hours, the wind began to gradually decrease.

After another half an hour, although there was still wind, I was already able to walk.

Everyone jumped out of the car.

I saw sand and dust on the car.

The tires are half buried in the sand!

Without these two cars, the end can be imagined!

Both teams will be destroyed!

And the eight soldiers of Yin Duguo also jumped out of the car.

The captain of the horror team is a black man.

The black captain bowed to Lin Kai for a while, and then he took out a bazooka and handed it to Lin Kai.

Looks like I want to thank Lin Kai.

But Lin Kai waved his hand quickly, indicating that he didn't need to.

After Yin Duguo's soldiers expressed their gratitude, they set off in a hurry.

Lei Zhan hugged his arms and watched them leave, and snorted coldly: "Huh! This is all right, the opponent hasn't died, but instead healed his breath and became stronger!"

"Being kind to your opponent is cruel to yourself!"

Lin Kai didn't pay attention to the thunder battle, but with a wave of his hand, he put the two cars into the bag.

Zhuang Yan said: "Okay, stop talking nonsense, keep going!"

The rush special team set off again.

This walk is three days.

Three days later, the front-end special team is still walking in the endless sea of sand.

Within these three days, the front-end special team encountered two storms!

But they didn't meet Yin Duguo's terrorist team again.

I don't know how the other teams are doing.

The eight people are exhausted, they hardly rest, and they have been on their way for three days!

At this moment, everyone saw that there seemed to be a barrier in the distant horizon!

The barrier fell from the sky and was purple. Everyone exclaimed when they saw this wonder.

"Captain! What is that?" Tian Guo asked curiously.

Zhuang Yan frowned as he looked at the barrier on the horizon.

"If I guessed right, we should be out of the fifth floor soon!"

"Fifth floor?" After hearing this, everyone looked at Zhuang Yan.

"Yes, it is rumored that the Middle East is divided into five layers. The more you go in, the more dangerous it is!"

Chapter 736: Wolf Pack

Chapter 736 Wolves

Is it divided into five layers?

This was the first time Lin Kai heard of it.

As the captain of the team, Zhuang Yan had done enough homework before coming.

"It seems that the three-day sandstorm is dangerous enough, but in fact, the sandstorm is just our appetizer."

Hearing that, everyone's complexion changed.

The fifth layer is already so dangerous, it is hard to imagine how dangerous the first layer is!

"Come on! Keep going!"

Moving on, after half a day, everyone finally came under the huge barrier.

I saw that the other side of the barrier was very different from Lin Kai's side.

Under Lin Kai's feet, there is hard soil with more sand and fewer plants.

On the other side, it is a paradise!

Green grassland, big trees and small streams, except for the gloomy sky, everything else is as beautiful as a painting.

But such a beautiful fourth layer stopped all the eight members of the front-end special team.

If there is still an endless sea of sand in front of them, they are not so afraid.

But suddenly it became a place with such a pleasant scenery, and they were really panicked.

Zhuang Yan frowned and said, "I'm going to find the way in first."

After all, Zhuang Yan stepped directly over the barrier!

After stepping over the barrier, Zhuang Yan's footsteps suddenly speeded up a bit. Zhuang Yan looked at his hands with a strange feeling.

"Safe! Pass!"

Subsequently, the remaining seven people also immediately passed through the barrier.

After Lin Kai passed the barrier, he immediately understood why Zhuang Yan's footsteps had accelerated.

Because once you enter the fourth layer, the invisible pressure on everyone immediately disappears.

Everyone is light!

The pressure suddenly disappeared, and everyone felt their bodies relaxed a lot.

Not only that, the temperature conditions seem to have improved a lot, and it is no longer so cold.

“Captain! There are fruits!” Tian Guo exclaimed.

Everyone looked at them one after another, only to see a few thick fruit trees not far away, and on the fruit trees were crystal clear wild fruits.

Tian Guo looked excited.

Everyone hurried over.

Tian Guo couldn't wait to pluck one off, and bit it in one bite!

“Don't!” Lin Kai exclaimed, and rushed over with a quick step, snatching the fruit from Tian Guo's hand.

And Tian Guo took a bite.

“What are you doing?” Tian Guo asked angrily.

In three days, the dry food on their bodies has been consumed almost, and they can only be replenished in place.

Lin Kai frowned and asked, “Aren't you afraid of poison?”

“Poisonous? How can it be poisonous? You see, how beautiful this fruit is!” Tian Guo doubted.

Lin Kai smiled slightly and said, “Hehe, the brighter the thing, the more poisonous it may be!”

After that, Lin Kai took out a silver needle from Qiankun's bag and inserted it into the fruit.

After a while, Lin Kai pulled out the silver needle, and saw the juice on the silver needle suddenly turn black.

Seeing this, Tian Guo immediately dropped the fruit in his hand.

Everyone trembled as they looked at the silver needle in Lin Kai's hand.

The poisonous wild fruit, if taken, the consequences would be disastrous!

Ye Cunxin raised her eyebrows, and she flicked Tian Guo's brain collapse: “Make you greedy! Do you want to eat everything you see?”

“If it weren’t for Lin Kai, you would have been poisoned to death!”

Tian Guo looked aggrieved and said: “I..I didn’t think so much...”

“This is not the poison of wild fruits.” Lin Kai said suddenly.

“Huh?” Everyone looked at Lin Kai upon hearing this.

Lei Zhan hugged his arms and asked, “It’s not the poison of wild fruits? What do you mean?”

Lin Kai frowned, he had already felt something wrong.

He just gave it a try.

If wild fruit is poisonous, it must not be very poisonous, because there are very few wild fruit that are very poisonous.

The silver needle turns black as soon as it is pulled out, which is obviously highly toxic!

Wild fruits cannot be so toxic!

At that time, Lin Kai picked up a stone and threw it on the fruit tree.

With a swish, a fruit hanging on a high place was smashed by Lin Kai!

Lin Kai picked up the fruit and pierced the silver needle in again.

Pull out the silver needle and find that the silver needle is completely new, and there is no trace of blackening at all!

After seeing this scene, everyone frowned.

Someone poisoned!

“The fruit underneath should have been injected with venom by people passing by.” Lin Kai frowned.

Only the Bushido Special Operations Group of the island country and the SEALs of the United States are leading the rush special team.

Of their two teams, one team may have injected venom on the fruit.

“What a cruel heart!” The fat man angered.

“This is to fix us to death!”

Everyone is very angry!

This is an exercise, and in order to win, the two teams in the front are going to poison the team behind!

Zhuang Yan frowned and said: "We need to add food, pick the fruit from the heights, and take as much as we can, and take away all!"

"Yes!"

Then, everyone began to pick fruits from high places.

In a short while, everyone picked the fruit from the heights.

After replenishing the supplies, the team set off again.

Lin Kai led the rhubarb and walked at the forefront of the team. After walking for a long time, the sky darkened.

The visibility also decreases accordingly.

The night on the fourth floor is much darker than the night in the outside world!

I can't say that I can't see my fingers, but the visibility is extremely low!

Everyone can only turn on the flashlight and move on.

In the night, the light from the flashlight of the Special Forces Squad was particularly eye-catching.

At the same time, countless shining eyes flashed from all directions of the front-end special team.

Tian Guo suddenly noticed this scene, but Tian Guo didn't have a strong sense of guard.

She pointed to the distant light and said: "Look! Firefly!"

Hearing this, everyone looked into the distance.

The moving light spot can be seen not only in the distance, but also in all directions.

The light spots were red, and they looked very strange at night. Thousands of light spots moved slowly from all directions.

The other members of the rush special team frowned.

These things do not seem to be fireflies!

“Ahhh~”

At this moment, a wolf cry sounded!

After the sound of this wolf cry, the sound of the wolf cry was heard from all sides of the front-end special team!

“Ahhh~”

Just listening to the sound, I feel that there are countless wolves approaching!

Everyone was shocked, not good, they ran into wolves by chance!

Zhuang Yan stopped even more, the rifle in his hand was loaded!

“Get ready for battle! There are wolves!”

Eight people, back to back, with flashlights in their hands shooting everywhere.

Lin Kai's eyes are different from those of others. Even at night, he can clearly capture the things around him.

Because his eyes are golden pupils!

He saw that in all directions in the front-end special team! There are five or six hundred wolves!

It's a pack of wolves! A huge pack of wolves!

And these wolves are different from the wolves Lin Kai has seen!

Chapter 737: Support From The Horror Squad

Chapter 737

Those wolves are very big!

It is no exaggeration to describe these wolves as muscle wolves.

They are much larger than ordinary wolves, and their teeth are very sharp!

Moreover, their eyes glowed red!

Five or six hundred wolves!

Between the mountains and forests, there is the sound of wolves!

This is the wolf pack!

With a serious expression on his face, Zhuang Yan immediately said: "Fire flare!"

Hearing that, He Chenguang immediately took out the firing gun, filled a flare, and hit the sky.

With a bang, the flares lit up in the sky!

At this time, everyone also saw the surrounding wolves!

After seeing the densely packed countless ferocious wolves, everyone's heartbeat accelerated!

Too many wolves!

And hundreds of wolves are slowly approaching everyone.

Lin Kai and others are already surrounded!

"Ahhh~"

With a cry of wolf, hundreds of wolves rushed towards Lin Kai and others!

They attacked!

And Zhuang Yan gave an order at this time, saying: "Fight!"

The sound just fell, eight rifles fired at the same time!

Bang bang bang! Bang bang bang!

The bullets whizzed past, hitting the vicious wolf one after another.

But the most special thing about this group of evil wolves is that they are not afraid at all!

No matter how many companions die in front of their own eyes, they don't care!

As long as the bullets can't kill them, they will rush in desperately!

Everyone's bullets are being consumed quickly!

But the wolves were not pushed back by the gunshots, but got closer to Lin Kai and them!

And Lin Kai frowned. Even though his marksmanship was absorbed and he was able to eliminate a wolf with one bullet, there were too many wolves!

In this case, they will be overwhelmed by the wolf sooner or later!

Once the wolves are overwhelmed, there is absolutely no possibility of their team surviving!

Zhuang Yan also roared at this time: "Grenade! Throw the grenade!"

Zhuang Yan's words fell, and everyone touched the grenade on their waist.

Because the grenade was too heavy, everyone only took two.

Pulling the ring apart, everyone threw the grenade out one after another!

Boom! Boom!

There was a loud noise, and the fire started!

The power of the grenade is impressive! One grenade can kill four or five evil wolves!

At that time, the situation eased slightly.

But a dozen grenades were quickly thrown out. Without the support of the grenades, everyone only relied on rifles and couldn't suppress the evil wolves in front of them!

The wolves keep shrinking the circle!

And around, hundreds of wolves have died!

The dead wolves can't scare these evil wolves, but will arouse their blood, making them even more want to kill Lin Kai and others!

This is the magic of the Middle East.

Everything here is incompatible with the outside world!

The evil wolves are very fierce, and they are not afraid of life and death. The most important thing is that the wolves here are as big as calves!

"Report! Captain! I can't stand it anymore!" At this time, He Chenguang roared!

Leng Feng gritted his teeth and said, "Captain! I can't stand it anymore!"

Zhuang Yan sweated, and said angrily: "If you can't stand it, you have to top it! Don't feel bad about the bullet! Give me a hard hit!"

Bang bang bang! Bang bang bang!

The bullets were shot out like no money. Everyone didn't dare to shoot them because the shooting couldn't suppress these fierce wolves!

And everyone has only one hundred and twenty bullets, that is, four magazines.

Soon, the magazines were almost used up.

No one thought that after entering the Middle East, the bullets would be consumed so quickly!

"Report! There are no bullets!" He Chenguang roared!

In desperation, He Chenguang had to take out his pistol and resist the wolves!

"Report! I have no bullets!"

Leng Feng also roared.

Of the eight people, three have no bullets.

Losing the firepower of the three rifles, the wolves were approaching a lot in an instant.

At this time, Lin Kai gritted his teeth. Could it be that he can only rely on his copy ability to copy a few more magazines?

Many people have desperate eyes in their eyes.

Is it possible that you will be killed by a hungry wolf on the fourth floor?

Do you just become the food in the stomach of a hungry wolf?

Just when the front-end special team was about to be unable to withstand it, bang bang bang bang!

A burst of crisp gunfire sounded!

I saw a team appeared not far from the back of the rush special team!

Under the flares, everyone could see the team vaguely.

I saw that it was a team of eight thin black men! They looked embarrassed and their military uniforms were torn.

But at this time, they held the ak47 directly to attack the wolves!

The power of ak47 is great! With the resources of the terrorist squad, the pressure on the front-end special team was immediately reduced.

“There are reinforcements!” Fatty’s eyes lit up!

Everyone breathed a sigh of relief.

Whoosh! Boom!

At this time, the terrorist squad used a rocket launcher and launched an attack!

The power of the rocket launcher is very big!

The rocket blew into the wolves! One rocket can take away the lives of seven or eight evil wolves!

Whoosh! Boom! Whoosh! Boom!

In the night, the explosion light of the rocket launcher lit up, and the powerful rocket bomb directly exploded the wolves!

And five or six hundred evil wolves, more than half of them were killed and injured by this time!

Whoosh! Boom! Whoosh! Boom!

Rockets continue to blast in the wolves! The wolves can’t get close to the special team!

At this moment, there was a sound of wolves, and as soon as the wolves sounded, the pack of wolves seemed to have received the order and fled directly into the jungle.

Soon after, the wolves disappeared completely.

Only one mess left!

Repelled!

At that time, everyone in the front-end special team cheered!

“Damn! The wolves have retired! Hahaha!” The fat man cheered.

Lei Zhan's face also smiled relaxedly.

Everyone sighed.

At this moment, the fat man patted Lin Kai's shoulder and said, "This shows that brother, your choice is correct!"

"If we hadn't helped these black boys on the fifth floor, maybe we were all eaten by wolves now!"

Hearing this, everyone nodded.

Indeed, without the support of the terrorist team, they would have died in the mouth of the wolves.

The Lei Zhan snorted while holding his arms.

After all, he was the most opposed to rescuing the terrorist squad.

Now he was rescued by the terrorist squad, his face is also very dull.

The eight members of the horror squad quickly walked towards Lin Kai and others.

After Lin Kai and others saw the eight of them, they were shocked!

What have these eight people experienced?

The military uniform was in dilapidated condition and there was sand all over him! It seems that the sandstorm on the fifth floor has tossed them not lightly.

And their faces are very pale, and they seem to have fasted for a long time.

After seeing Lin Kai, the black captain showed a smile on his face. Then, he rolled his eyes, dropped the bazooka, and fainted!

Chapter 738: Confronting Superiors?

Chapter 738

There was a sound of Ullah. At that time, many black people were talking about the black captain, shaking the black captain's body.

Then, another fainted.

Soon after, another fainted.

Three people fainted!

All three of them foamed at the mouth and their eyes started to roll up.

Lin Kai and others hurried forward to check.

Lin Kai frowned when he saw the appearance of the black captain.

He didn't understand Yin Duguo's language and could only communicate with them using gestures.

At that time, Lin Kai took out a bottle of mineral water, and when the black man saw the mineral water, he shook his head.

They are not short of water.

No water shortage, so hungry?

Lin Kai took out the fruit again, and after seeing the fruit, the black people showed fear in their eyes.

They waved their hands quickly, picked up the fruit in Lin Kai's hand, and threw it directly into the distance!

Upon seeing this, Lin Kai slapped his thigh, "Bad vegetables! Poisoned!"

That's right, after this group of blacks entered the fourth floor, the situation was similar to that of the front-end special team, and they were also extremely lack of materials.

So they saw fruit trees.

The captain and the two soldiers ate the wild fruit and found something wrong with the wild fruit, so they forbid other people to eat it.

The situation of the three of them is very serious.

"Medical!" Lin Kai roared.

And Tian Guo, who was carrying the medicine box, appeared: "Here!"

That's right, Tian Guo plays the role of a medical soldier in this team!

"Check the situation!" Lin Kai said.

"Yes!"

Tian Guo agreed and went to check the situation of the black captain.

After a while, Tian Guo's complexion was not very good, and said: "As we guessed before, it is poisoned."

"It seems that the poison is something strange, but we don't have the antidote."

"Because I only took hemostatic medicine and some gunshot medicine, no detoxification medicine."

After listening to Tian Guo's words, everyone's expressions were not very good.

The black brothers have just tried their best to save them, and the blacks are about to be poisoned now, but they have nothing to do.

Lin Kai frowned and said, "Maybe I have."

"Huh?" Everyone's eyes widened after hearing Lin Kai's words.

Lin Kai took out the Universe Bag again.

When the fat man saw this, his eyes widened: "Damn! No way? Your kid even brought medicine?"

Lin Kai replied: "I thought it might be useful, so I took a lot of it. I wonder if there are any medicines that I can use."

After all, Lin Kai opened the Qiankun bag and took out all the medicines.

With a bang, only hundreds of medicines appeared in front of everyone!

Everyone in the Robust Special Forces team is no surprise, and the expressions of those black people are like seeing a ghost!

A black man jumped up and asked in bad Chinese: "Huaxia Kungfu?"

Lin Kai was also dumbfounded.

Yin Duguo is very backward, not even developed thermal weapons, let alone ancient martial arts and cultivation.

Seeing this, Tian Guo searched for many medicines.

Soon after, Tian Guo picked up some medicines and exclaimed: "Found it!"

After that, Tian Guo took medicine to three black people.

Ten minutes after taking the medicine, the black captain trembled, and then he suddenly woke up!

Then he lay on the ground and vomited vigorously!

I spit out all the wild fruits I took!

The other two blacks also began to throw up fiercely after a while.

Tian Guo proudly said: "I have given them Zhengmodonglin and emetics, there should be no major problems."

Lin Kaigao glanced at Tian Guo and said, "I didn't see it! You still have this ability!"

Tian Guo smiled triumphantly with her arms in her arms: "Hey, there are so many things you don't know!"

Before long, the black brothers were fine.

The eight people picked up the bazooka and bowed again to Lin Kai and the others.

And Lin Kai also bowed quickly in return.

If it weren't for the black brothers this time, they wouldn't know how terrible they would die!

The black brothers seemed hungry, and they didn't even have the strength to walk.

However, Lin Kai and others gave the wild fruit to the black brothers again, and it took Lin Kai's efforts to explain that the wild fruit was poisoned.

Their fruit is non-toxic.

After the black people knew the truth of the matter, they were very angry. Lin Kai couldn't understand what they were talking about.

It should be about smashing the corpses of the poisoned person.

After eating the fruit, the spirits of the black people are much better.

And the front-end special team, ready to set off again! There are many dreams in the night, this ghost place, it is better not to stay.

Continue to set off, but the terrorist team did not choose to go with Lin Kai and the others.

After all, it is a special team of two countries, so staying together is not convenient.

Continuing to set off, the fat man looked at the rhubarb he was holding in Lin Kai's hand and touched his chin and said, "Lin Kai, what are you doing with this dog?"

"What's the use of this dog?"

Lin Kai smiled slightly, touched Rhubarb's head, and said with a smile: "Ha ha, its effect is great!"

At night, everyone did not dare to stay, and rushed non-stop.

Finally, it dawned.

After daybreak, the stones pressed in everyone's hearts were finally put down.

Surrounded by a plain, wolves should not appear here.

And everyone dragged their exhausted bodies and sat down on the grass.

"Exhausted, my goodness!" the fat man cried.

Even the veteran Zhuang Yan couldn't stand it anymore. He ordered: "If you are tired, then rest on the spot."

After all, Zhuang Yan also sat down.

"Rhubarb, you are on guard!"

Lin Kai touched Rhubarb's head and said.

And Lei Zhan glanced at the rhubarb, rolled his eyes, and said, "A dog, what do you bring with it? It's a cumbersome!"

"There are good Labrador and German Shepherd dogs, but not with native dogs. What can native dogs do?"

"When there is no food, do you kill the dog and eat dog meat?"

When Lei Zhan's contemptuous words sounded, everyone looked at Lin Kai in embarrassment.

And Lin Kai couldn't bear it at this time. He stood up and said angrily: "Can you close your stinky mouth?"

Along the way, Lei Zhan made various attempts at Lin Kai.

But Lin Kai endured it.

But now, Lin Kai really couldn't help it!

Seeing Lin Kaifa's anger, Lei Zhan also sneered: "Haha, are you angry? My soldier?"

"Don't think that you can take a broken dog into the Middle East with your status as the king of soldiers, and you can tell me in front of me!"

"I'm the deputy captain! Now I order you! Stand at attention!"

Lei Zhan shouted angrily.

And Lin Xinzhong's anger can no longer be suppressed, but the duty of a soldier is to obey orders!

Since Lei Zhan is the deputy captain, no matter how upset Lin Kai is, he must endure it!

"Fight against the chief? You will be fined five hundred push-ups! Now!" Lei Zhan ordered.

When the fat man saw this, he stood up and said, "Deputy Captain, everyone has been walking all night, and the body is tired, five hundred..."

"Besides, even you will be punished!" Lei Zhan said angrily.

When the fat man heard this, his face flushed.

Chapter 739: Leave The Team

Chapter 739

Five hundred push-ups?

Lin Kai looked at Lei Zhan and asked, "Why?"

"Why?" Lei Zhan hugged his arms and smiled: "Hehe, just rely on you to hit the superior! Is that enough?"

"Fight against the superior?" Lin Kai was angrily smiled at the time: "I faced you? How smelly your mouth is, do you know?"

"A thousand!"

Lei Zhan directly raised one of his fingers and said coldly.

Lei Zhan is so overbearing!

The grudge between him and Lin Kai is not a matter of one day or two.

And Lei Zhan has always hated Lin Kai, he has not forgotten!

And now, it's time for him to take revenge!

"I'm not convinced!" Lin Kai roared angrily.

"Two thousand!" Lei Zhan gave a playful smile and raised two fingers.

He Chenguang and Leng Feng did not dare to help Lin Kai speak.

Lei Zhan was in the Southeast Military Region, but no one dared to provoke him, so he helped Lin Kai speak, and that was an enemy of Lei Zhan!

Even Zhuang Yan frowned and didn't say much.

"Lin Kai, now I am your superior! Is it possible that you have to resist?" Lei Zhan asked, squinting.

Rebellious?

This charge is no small!

Outside of the Middle East, Long Xiaotian frowned and watched what happened on the screen.

He didn't say anything to stop Lei Zhan, because he looked at Lin Kai also very upset!

If Lin Kai dared to resist orders, he would definitely report to his superiors and let Lin Kai drink a pot!

"Lin Kai, dare to bully my sister, right? Wait!" Long Xiaotian snorted coldly.

Lei Zhan held his arms and walked in front of Lin Kai, saying, "Lin Kai, I finally know why you are so strong in the Southeast Military Region."

"So you are an ancient warrior!"

"An ancient warrior, are you proud to be the king of soldiers in our ordinary army?"

"Now, without my anger, what are you? Are you still the king of soldiers?"

"Why didn't you create a miracle? My Lin Bingwang?"

Lei Zhan poked Lin Kai's chest and said.

Lin Kai's chest was up and down. He glanced at Lei Zhan coldly, and said, "I can't bear it now, you better not mess with me!"

Lin Kai's eyes seemed to kill people!

It's just that Lin Kai now has been suppressing himself.

Hearing that, Lei Zhan also smiled.

"Hehe, what can I do if I provoke you?"

"You have the ability, do it!"

"You do it, but you are not only defiant, you also beat up your superiors!"

Lei Zhan smiled and smiled sinisterly.

Since Lin Kai left from the Southeast Military Region, he has left a shadow in Lei Zhan's heart.

Lei Zhan dreamed of winning Lin Kai! I want to ride on Lin Kai's neck in my dreams!

And now, the dream has finally come true.

I just want to tell you, you Lin Kai left infuriating, **** is not!

"Lin Kai, can't you fight? Come on! Have the ability to do it to me!"

Lei Zhan pointed at himself and shouted at Lin Kai.

But Lin Kai shook his head, eyes filled with disappointment.

I, Lin Kai, paid so much for the team, and you don't care if you don't remember, but you only know that you hate me, Lin Kai?

Under the sandstorm, if it weren't for my Lin Kai, you would have been buried by the sand!

If it weren't for my Lin Kai's proposal to help the Terror Squad, you would have been swallowed by the wolves!

If it wasn't for me to tell you not to take wild fruits, maybe you would have died of the poison a long time ago!

Lin Kai shook his head and said, "Lei Zhan, I am very disappointed in you."

Hearing this, Lei Zhan raised his eyebrows and smiled playfully: "Oh? Ha ha, disappointed? Then what can you do? Leave the team?"

If Lin Kai leaves the team, he is definitely the happiest one.

In the Middle East, if you leave the team, there will only be one end, and that is death!

Lin Kai looked at Lei Zhan and said coldly, "Don't force me!"

"What's forcing you? My Lin Bingwang? You have the ability to leave the team!"

Lei Zhan approached step by step, with a joke on the corner of his mouth.

Lin Kai picked up the walkie-talkie and directly communicated to Long Xiaotian without saying anything.

"Admiral Long, please answer when you hear!"

Soon after, Long Xiaotian's voice came from the walkie-talkie: "Received."

"Lei Zhan's attitude, have you seen it?"

Hearing that, Lei Zhan also narrowed his eyes.

Regarding Long Xiaotian, he was also very afraid.

After all, Long Xiaotian is now a lieutenant general!

Lei Zhan has even heard that Long Xiaotian and Lin Kai have an extraordinary relationship! If Long Xiaotian is protecting Lin Kai, then his Lei Zhan is really not good at targeting Lin Kai.

But Long Xiaotian's answer made Lei Zhan quite surprised.

"The duty of a soldier is to obey orders, understand?"

After hearing Long Xiaotian's words, Lei Zhan was overjoyed!

If you say, Long Xiaotian is also on his side!

At that time, Lei Zhan's expression was a pride.

"Have you heard? Two thousand push-ups! Now!" Lei Zhan roared.

And Lin Kai's face was also full of disappointed expressions.

What did you do wrong?

Lin Kai touched Rhubarb's head and said, "Rhubarb, help me protect the safety of Fatty He Tian Guo, you know?"

But Rhubarb understood Lin Kai's meaning and screamed.

Tears shed tears from the corners of its eyes.

"Captain, what are you going to do?" The fat man asked immediately.

Lin Kai smiled slightly, he looked at Lei Zhan and pulled off the camera on the helmet.

"I, go it alone!"

After that, with a snap, Lin Kai threw the camera to the ground, crushing it!

Lei Zhan was even more happy when he saw this scene.

Go it alone? OK!

"This is what you said!" Lei Zhan pointed at Lin Kai and said excitedly: "This is not what I forced you to leave! So you have to bear the consequences!"

Lin Kai looked at Lei Zhan coldly and said, "I said! I am very disappointed to have a deputy captain like you!"

After that, Lin Kai turned around and left.

Seeing that Lin Kai was about to leave, the fat man stood up: "Captain! I'll go with you!"

"Stop!" Lin Kai turned his head angrily.

"Stay in the line!"

Lin Kai didn't want to impede the fat man.

Leaving the team midway and refusing to obey orders is already a serious crime!

The fat man looked at Lin Kai, his eyes reddened: "Captain!"

"This is an order!" Lin Kai said angrily.

"Stay in the line! Follow me and you will die!"

Lin Kai couldn't guarantee his safety, let alone guarantee the safety of the fat man.

Hearing this, the fat man had to tearfully said, "Yes!"

Afterwards, Lin Kai took a deep look at Lei Zhan and walked away alone!

When Lei Zhan saw Lin Kai leave, he laughed: "Hahaha! I really can't help it!"

"Still alone? I'm waiting for you to come back and beg me to return to the team!"

Lei Zhan's eyes were full of confidence.

Go it alone, there is no way to survive! Not to mention reaching the top, even leaving here alive is a problem!

Rhubarb looked at the back of Lin Kai leaving, his eyes were full of dismay.

Lin Kai didn't take Rhubarb with him because he wanted Rhubarb to protect the people he wanted to protect.

Lei Zhan glanced at Rhubarb and kicked him.

"Damn, you cumbersome! Fat man, hold it! If you don't want to lead it, just throw it away!"

"I'm angry when I see it!"

Chapter 740: Meet The Wolves Again

Chapter 740

Hearing this, the fat man was shaking with anger!

This is the dog Lin Kai brought here! Although this is indeed a native dog, he is Lin Kai's pet dog!

Now Lei Zhan's attitude makes Fatty's heart very unhappy.

But the fat man has no way to get him, because he is the deputy captain of the team!

He is Fatty's superior!

If the fat guy leaves the team, there will only be one end, and that is to die in the Middle East!

You know, the Middle East is very big, if the fat guy does it alone! There is only one end, and that is death!

No good end!

Even though everyone was unhappy at Lei Zhan, no one dared to talk back.

Because Lin Kai is a lesson from the past!

Rhubarb also took a deep look at Lei Zhan. Rhubarb is not an ordinary dog. Its IQ is even higher than that of humans!

It already hates Thunder War!

However, Rhubarb did not choose to break out at this time, because it still remembered Lin Kai's words, protect Fatty He Tian Guo!

After Lin Kai left, he plunged directly into the forest.

In fact, staying in the team will only make Lin stay open, and he must consider the safety of his teammates in everything.

A person is carefree.

However, in the jungle, there are still many unknown dangers.

Lin Kai was really angry, so he chose to leave the team.

Now Lin Kai felt very upset when he thought of Lei Zhan's smug look!

And Long Xiaotian, he is also helping Lei Zhan target himself!

Lin Kai asked himself, I have never missed anything, why do you all look at me?

Lin Kai couldn't figure it out, and he didn't bother to think about it.

Isn't it just putting the flag on the top of the mountain? Even without you, I, Lin Kai, can do it alone!

Lin Kai held the five-star red flag tightly in his hand.

Entering the mountains and forests, Lin Kai began a long journey.

From day to night.

Lin Kai by himself is also very fast.

As for Lei Zhan and them, although Lin Kai took a step slowly, the speed was not slow. Lin Kai walked in the mountains and forests, while they walked on the plains.

Night came soon, and the temperature on the fourth floor was very special.

During the day, the temperature is very high and I feel hot in my jacket.

But at night, the temperature will become very low, and wearing a military coat will feel very cold.

However, the cold was a piece of cake for Lin Kai.

After all, his physique has been transformed again and again, with a strong physique, he is not afraid of cold and heat at all!

And Lin Kai who walks at night doesn't need to turn on the flashlight. His golden pupil can help Lin Kai see everything in the night.

The road in the mountains and forests is very difficult to walk, overgrown with weeds and numerous mosquitoes, and from time to time there is a thick python spitting out letters on the tree, staring at Lin Kai.

None of these creatures could threaten Lin Kai.

Suddenly, Lin Kai narrowed his eyes and he saw a wolf!

A wolf looking for food at night!

The wolf was exactly like the evil wolf Lin Kai had seen before, with a huge body, strong muscles and red eyes.

At this time, it was staring at a rabbit that was also looking for food at night.

"Ah!"

Hearing a fierce cry from the evil wolf, he rushed forward, extremely fast! Slap the rabbit under the paw with one slap!

But the rabbit couldn't escape, and was directly slapped to death by the evil wolf!

You don't even need to bite your teeth!

After killing the rabbit, the evil wolf bit the rabbit and began to devour it.

Seeing this scene, Lin Kai was amazed in his heart, this kind of wolf is really too powerful!

The size is similar to that of a tiger, and the speed and strength are very strong. This animal is definitely not an ordinary wolf.

Lin Kai carefully bypassed the evil wolf, trying to bypass it and leave here.

Wolves are gregarious animals. There is a wolf here, and there must be more wolves nearby!

But as soon as Lin Kai stepped on the dead leaves on the ground, he immediately made a slight clicking sound.

You can't hear this slight sound if you don't pay attention!

And the evil wolf who was eating the rabbit immediately turned his head and looked at the location of Lin Kai!

I go! This thing has such good hearing?

Lin happily was surprised.

And that wolf's IQ was extremely high. After discovering Lin Kai, it did not choose to attack Lin Kai.

Instead, he chose to summon his accomplices!

“Ahhh~”

The wolves sounded!

As soon as this wolf uttered a cry, from among the mountains and forests, the cry of other wolves immediately came!

“Ahhh~”

A wave of wolves sounded, listening to the sound, it seemed that there were thousands of wolves in the forest!

Lin Kai's heartbeat suddenly accelerated!

There are too many wolves, right?

Under the full moon, in the mountains and forests, countless pairs of red eyes stared at Lin Kai.

And Lin Kai also felt the danger approaching him.

I go, so unlucky?

Was besieged by wolves just after doing it alone? At this moment, Lin Kai felt depressed in his heart.

With the sound of a wolf cry, countless evil wolves came out of the dense grass and went straight to Lin Kai!

And the rifle in Lin Kai's hand also fired at the same time!

The fire dragon lights up! A bullet shot out!

But with the firepower of a rifle, it simply cannot withstand so many wolves!

But Lin Kai gritted his teeth and immediately used the copy ability to copy the m4 rifle.

Both guns fired at the same time, but the firepower is still not strong enough! The evil wolf immediately pounced on Lin Kai!

At this moment, Lin Kai flicked the rifle, and after it was thrown over his shoulder, he directly summoned a hurricane!

As soon as the hurricane came out, a cold light lit up! Brush! The pack of wolves under siege was immediately cut by Lin Kai!

At this time, on the plain, Lei Zhan and others were walking.

Suddenly, the sound of wolves came from the forest! Gunshots also sounded at the same time!

The fat man's expression changed and he said, "No! The captain is in danger! We must go to support the captain immediately!"

After all, the fat man wanted to rush to the forest.

But Lei Zhan held his arm in front of the fat man. Lei Zhan held his arm and smiled playfully: "Hehe, you can't go!"

"Why? Lin Kai's life is in danger!" The fat man roared.

Lei Zhan looked at the fat man coldly and said, "Unless you also want to leave the team, otherwise I will never allow you to go!"

"He has left the team! He is not a member of our special team! His life and death have nothing to do with us!"

“As the deputy captain, I order you not to go!”

“You!” The fat man looked at Lei Zhan, speechless for a while, that was an anger in his heart.

“Captain!” The fat man looked at Zhuang Yan, praying in his eyes.

He knew that Lin Kai had lost his true energy, he was no longer an ancient martial artist.

If he really met a pack of wolves, Lin Kai would have been ill-advised!

However, Zhuang Yan hesitated and said, “I really can’t go.”

“The wolves are so powerful, I believe you have seen them. If Lin Kai really meets the wolves, there is almost no hope of surviving.”

“We went, it’s just to increase the damage.”

Chapter 741: Red Eyed Wolf Tribe

Chapter 741 Red Eyed Wolf Race

Although Zhuang Yan was a little unbearable, but now we must focus on the overall situation!

Supporting Lin Kai in the past, one is to make them lag behind other teams.

The second is that you can’t save it if you go, and you might even be buried in the mouth of the evil wolf.

Lei Zhan sneered at this moment: “Oh, now, while the wolves are besieging Lin Kai, we will set off immediately and head towards the third floor!”

“Yes!” the other team members agreed.

Tian Guo glanced at the forest, his eyes filled with worry.

Rhubarb took a deep look at the direction of the mountains and forests, with dismay and anger in his eyes.

Lei Zhan, you deceive my master. Whenever there is a chance, I will kill you and avenge my master!

...

On the other side, Lin Kai is fighting a wolf!

Although Lin Kai lost his spiritual power, his various attributes are very powerful!

Five hundred points of power and speed! There are also 500 points for reaction and physical strength!

The defense is even more powerful than 1,500 points!

Swipe!

The cold light flashed, countless evil wolves pounced on Lin Kai, but only one ended up being killed mercilessly by Lin Kai's hurricane!

With a puff, I saw a wolf biting on Lin Kai's arm!

At that time, a sudden pain came!

The power of that evil wolf is enormous! Even Lin Kai, who has 1,500 points, could not withstand the attack of the evil wolf!

The tooth broke Lin Kai's skin!

Although unable to go deep, this was enough to shock Lin Kai!

You know, Lin Kai now has a skin like iron strike!

This evil wolf can bite through its own skin, indicating that its bite force is enough to bite through steel!

What kind of monsters are there in this Middle East?

Moreover, there are too many evil wolves!

I can't continue to fight with them, the wolf himself can't kill it!

At that time, Lin Kai directly used the Furious Spirit Ape skill!

The speed of five hundred points also broke out.

The body flew out like a gust of wind!

Whoosh whoosh!

Lin Kai's figure shuttled through the jungle.

And behind him, there are thousands of evil wolves!

If the wolf turns his head, it is either gratitude or revenge!

You know, Lin Kai killed many of them after all, and they wouldn't let Lin Kai go so easily.

But they can't catch up with Lin Kai!

Lin Kai breathed a sigh of relief. It seemed that his speed was still ahead of the pack of evil wolves.

But at this moment, a swish! A sudden shadow chased Lin Kai!

That is a humanoid animal!

Lin Kai was taken aback! Before Lin Kai could react, he brushed it, and the black shadow slapped Lin Kai!

But Lin Kai quickly took out a hurricane to block it!

Only heard a bang! Lin Kai immediately took a few steps back.

His tiger's mouth is a little numb, what a powerful force!

At this time, Lin Kai finally saw clearly what the dark shadow in front of him was.

It turned out to be a standing wolf! That evil wolf is more than two meters tall!

He was covered with gray hair, and his paws were as big as bear paws!

Sharp teeth, red eyes like cows, very strange!

This evil wolf is incompatible with other evil wolves.

As for the other evil wolves, they all surrounded Lin Kai at this time, with thousands of them!

And this standing evil wolf seems to be the wolf king!

Its speed is not lost to Lin Kai! The strength is stronger than Lin Kai!

There is such a terrible thing in the Middle East.

Lin Kai was holding a long knife, and at this moment, the evil wolf actually spoke: "Humans, break into my territory, you damn!"

Ok? Can you understand it?

correct! He has the ability to extract parrots and can communicate with all animals!

Normal animals can't speak, but the wolf king's ability to speak indicates that it is not low in intelligence.

After all, it was in other people's turf. At that time, Lin Kai said: "Senior, junior is just passing by. How offensive."

After hearing Lin Kai's words, the wolf king also tilted his head in surprise.

Originally, it was just talking casually, and didn't expect Lin Kai to understand it.

Because even other wolves can't understand it! But Lin Kai actually understood it!

"You can understand me?" asked the Wolf King.

Lin Kai replied: "Understand, I am afraid I am the only human in this world who can understand you."

Lin Kai's attitude is rather modest.

After all, there are thousands of little brothers!

"Human, you have to give me an explanation for breaking into my territory!" The Wolf King said fiercely.

Lin Kai clasped his fists again: "The junior's unintentional act offended the senior, I'm really sorry."

"Sorry?" The Wolf King said angrily: "You killed so many of my kind! Sorry is useful? Say! What's the purpose of breaking into our territory?"

At that time, Lin Xinzhong was also very nervous.

What should I say?

Is it possible to say that we humans are going to develop the Middle East on a large scale?

Then I can't be besieged to death by wolves?

At that time, Lin Kaixing jumped faster, and didn't know how to prevaricate the Wolf King: "Actually...actually..."

"Actually what?" The Wolf King said coldly: "What else can you humans do when you come here? It's nothing more than the East Earth Continent!"

“East Earth Continent?” Lin Kai looked at the wolf king very suspiciously.

Isn't this the land of the Middle East?

“That's right! It's Dongtu Continent!”

“Our East Earth Continent can be described as the last piece of pure land in the world. This is the continent inherited from the era of cultivation!”

“East Earth Continent is the last land of cultivation in the world!”

“You humans are really insatiable, you want to occupy even this last piece of pure land?”

After listening to the words of the Wolf King, Lin Kai was very confused.

The continent inherited from the era of cultivation?

What the hell?

“What the **** are you talking about? I don't understand!” Lin Kai asked confused.

“No matter if you can understand or not, today I am the Red-Eyed Wolf Race, I will kill all the offending humans!”

Say it! The wolf king roared and rushed directly at Lin Kai!

The speed of the wolf king is very fast! One claw slapped Lin Kai!

brush!

A cold light flashed, Lin Kai had no choice but to pull out the hurricane to fight the wolf king.

The more he fought, the more shocked Lin Kai's heart became.

The strength of this wolf king is too strong!

In terms of speed, it is better than itself! In terms of strength, it is still stronger than itself!

After a few rounds, Lin Kai couldn't stand it, and was directly slapped in the chest by the wolf king!

Stab! Lin Kai's military uniform was torn! Three **** wounds appeared!

Even if it is 1,500 points of defense, it can't stand it!

Lin Kai didn't dare to continue fighting with the wolf king, turned around and started to flee frantically!

Yuri's ability is activated! Control the wolf king!

At the moment Yuri's ability was activated, Lin Kai immediately felt a pain in his mind, and the control failed!

The willpower of the wolf king is very strong!

And Lin Kai also slowed down because of the backlash from the control failure. At this time, the wolf king had arrived and slapped Lin Kai's back!

"Humans, die!"

Chapter 742: Dangerous Breath

Chapter 742: Dangerous Breath

A strong wind hits! Lin Kai's eyes narrowed, he already felt a strong breath of danger!

Puff!

I saw the wolf king scratching Lin Kai's back uniform! Three **** wounds appeared.

With just one blow, Lin Kai was seriously injured!

Lin Kai's feet were unstable and he fell to the ground.

too strong! Facing the wolf king, Lin Kai felt a sense of helplessness in his heart.

"Little beast, quite amazing!" Lin Kai spit out a mouthful of blood and cursed.

And the claws of the wolf king are like three sharp daggers. At this time, it is looking at Lin Kai condescendingly.

And Lin Kai's heart was also a little desperate.

Looking around, the whole mountain forest is full of evil wolves!

The breeding ability of this red-eyed wolf tribe is really strong! Such a large mountain forest is probably occupied by these evil wolves!

The Wolf King slowly walked towards Lin Kai and asked: "Human, what else do you have to say?"

Lin Kai's body has been severely injured by the Wolf King!

There was a burning sensation on the chest and back, and Lingzhi's ability could not be used. Now Lin Kai's healing power is very weak.

He raised his head and glanced at the Wolf King, his heart baffled, and said: "Kill me! Give me a good time!"

Upon hearing this, the wolf king showed his sharp wolf claws.

"Give you a pleasure? That is too cheap for you!"

After the wolf king said, he lifted Lin Kai with one hand and prepared to take Lin Kai back home.

At this time, in the mountains and forests, there was the sound of wolves crying!

They seem to vent their dissatisfaction, and demonstrate to those who have broken into the East Earth Continent!

...

On the other side, the rushing special team led by Zhuang Yan and Lei Zhan has penetrated into the fourth floor.

Walking on the plains, the endless plains cannot give people a sense of security, but in the plains, there are far fewer dangerous animals than in the forests.

But in fact, the most dangerous place is the safest place.

A place that seems safer is not necessarily safe.

At night, everyone did not dare to stay and kept walking.

After walking for several days in a row, everyone did not rest for too long, both mentally and physically, there was a lack of intention.

Everyone just braced themselves and drove through the night.

Suddenly, the rhuarb let out a low roar, and it stopped!

Rhuarb looked into the distance! Both ears are pricked up!

"Wow!" Rhuarb yelled twice toward the front.

Lei Zhan kicked the rhubarb impatiently and said, "What is your name? If you call it again, I will throw you away!"

"Smelly dog!"

But Rhubarb did not respond to the thunder war, and screamed at the front.

The fat man worried: "Is there any danger ahead?"

Upon hearing this, Lei Zhan sneered with his arms in his arms: "Hehe, just this dog, can you detect the danger?"

"When the wolves were besieging, it kept sleeping on the ground."

"Can such a silly dog detect the danger ahead?"

"Hehe, it's ridiculous!"

Lei Zhan looked contemptuous, and obviously looked down upon this dog.

But at this moment, three black shadows appeared in front.

"What's that?" The fat man pointed forward and exclaimed.

After saying what the fat man said, everyone looked forward!

After seeing the three black shadows in front, the goose bumps on everyone's body rose!

A group of seven people raised their rifles at the same time!

The flashlight equipped on the rifle also irradiated the shadows ahead!

I saw three huge gray brown bears!

That grey brown bear is huge! Like a small tank, the giant bear paw looks extremely powerful!

And these three gray brown bears stared at the seven people from the front-end special team!

Rhubarb is not roaring, it screams because it found these three huge brown bears!

"Strange! Why is there a brown bear here?" Zhuang Yan wondered.

It stands to reason that the brown bear should appear in the mountains and forests!
How could it appear on this endless plain?

Also, isn't the brown bear a solitary animal? So three huge brown bears appeared all at once?

"Don't act rashly!" Zhuang Yan ordered.

"Yes!" everyone agreed.

With their rifles in their hands, everyone carefully avoided the three huge brown bears.

But these three huge brown bears seemed to have come from the rushing special team, and saw them slowly walking towards Zhuang Yan.

And Zhuang Yan shouted angrily at this time: "Shoot! Kill them!"

As soon as Zhuang Yan's words fell, everyone immediately pulled the trigger!

Bang bang bang! Bang bang bang!

A series of gunfire sounded, and relentless bullets shot out and hit the brown bear.

Although the brown bear is powerful, it is definitely not an opponent compared to a gun.

But the three brown bears in front of them were different. The bullet hit them as if they were tickling them.

It doesn't hurt or itchy, and can't even slow down their pace.

I saw them against the rain of bullets, approaching the front-end special team!

This is why the rhubarb yells!

Because the evil wolf is powerful, but the bullet can kill it, but these three brown bears give the rhubarb a dangerous breath!

"Captain! Can't move!" The fat man shouted angrily.

In the blink of an eye, three brown bears roared and rushed over!

"Roar!"

A brown bear ran directly to Lei Zhan and left!

A palm hit Lei Zhan! The palm of a brown bear is as big as a guitar! If this slap is shot on Lei Zhan's body, Lei Zhan will undoubtedly die!

At this time, Lei Zhan also displayed the strength of the king of soldiers, and saw that he reacted quickly, and rolled aside in a roll, avoiding the attack of the brown bear.

Bang!

The brown bear slapped the ground fiercely and saw a huge pit appeared on the ground!

What a tough brown bear!

What kind of monsters are the animals in the Middle East?

“Roar!” The three brown bears continued to roar!

And Fatty He Tian Guo was also besieged by the brown bear!

Tian Guo's combat effectiveness is not as strong as a male soldier, and even bullets are not effective against brown bears. Tian Guo can only fight against brown bears by virtue of his own strength.

But these three huge brown bears are not only powerful, but also very fast!

Seeing that Tian Guo was about to be caught up by the brown bear, at this time, rhubarb appeared!

Rhubarb still remembers what Lin Kai once said to him, we must protect Tian Guo and Fatty!

“Wow!” Rhubarb yelled twice, then pounced on the brown bear!

Everyone who saw this scene shook their heads.

No matter how smart the rhubarb is, it is nothing more than a dog!

A trace of contempt appeared in Lei Zhan's eyes.

Rhubarb's move is undoubtedly a man's arm. Seek destruction!

When the fat man saw Rhubarb flying towards the brown bear, he also roared, “Be careful!”

Tian Guo turned her head to look at Rhubarb, her eyes were moved. She did not expect that it was this dog who stood up to protect herself at this critical juncture!

Chapter 743: Rhubarb Transformed

Chapter 743 Rhubarb Transformed!

But how can a dog reverse the overall situation?

Even the brown bear's eyes are disdainful of rhubarb.

With a bang, I saw the brown bear slapped Rhubarb on the body!

Rhubarb was slapped and flew out dozens of meters away!

"Rhubarb!" Tian Guo also exclaimed, and rushed to the side of Rhubarb and hugged him.

Lei Zhan said angrily at this time: "Don't worry about that silly dog! Get out!"

The seven people fought and retreated, but the three huge brown bears were very difficult to deal with. They couldn't go far!

But Rhubarb stood up again at this time.

It looked at the brown bear with anger and coldness in its eyes!

That palm didn't hit the rhubarb lightly! But it will not back down!

Because it is the king of beasts! King of the forest!

Little brown bear, dare to be presumptuous in front of me?

The rhubarb at this moment screamed from the sky: "Roar!"

The voice of the tiger came out!

And everyone looked at the rhubarb, with shocked eyes in their eyes.

Is this the sound of a dog? This is clearly the tiger's roar!

Tian Guo also opened her mouth wide, her eyes full of incredible.

Rhubarb stood up again. Rhubarb shook his head, and saw its body gradually getting bigger!

Get bigger and bigger! Like a small tank!

At this time, the appearance of rhubarb has also changed, and the yellow hair has become yellow and black hair!

The dog paw has also changed into a tiger paw, and the king character on the forehead is gradually clear!

The sharp teeth were also exposed to the air.

The king of beasts! Tiger!

“Roar!” The rhubarb screamed again!

Beneath the appearance of the earth dog, it has long been unable to stand it!

After being a dog for so long, you really treat me as a dog, right?

Hearing a roar, the tiger jumped over!

Pounced directly at a brown bear, and bit the huge brown bear!

One bear and one tiger immediately started fighting on the grassland!

Although Rhubarb’s true energy can’t be used anymore, you must know that it is not an ordinary tiger.

It is a mutated Siberian tiger! It was originally huge, but it was captured by Jiulong Mountain for various transformations.

Its battle is also very powerful! Can kill the martial artist with bare hands!

And the brown bear was powerful, but after the rhubarb showed its true strength, he was immediately pushed to the ground by the rhubarb!

The aura of the king of the forest made the brown bear feel fear from his bones!

I saw the rhubarb bite the brown bear’s neck! A burst of blood spattered out!

The brown bear fell to the ground in unwillingness, and gradually lost his breath.

After seeing this situation, the other two brown bears also felt scared. At that time, two huge brown bears crawled and fled!

“Roar!”

Rhubarb once again screamed to the sky.

Gradually, its body once again became like a dog.

It lazily returned to Tian Guo and Fatty's side, lay on the ground, yawned, and fell asleep.

And everyone in the front-end special team looked at Rhubarb silly.

They are all dumbfounded.

The level of shock in everyone's mind is beyond words.

Each of them opened their eyes wide and looked at the rhubarb dumbly.

Isn't it a dog? Is it actually a tiger?

And the body is still that big! It is not an ordinary tiger! It saved everyone's lives!

No wonder Lin meeting brought it over, its combat effectiveness is stronger than everyone present!

And Lei Zhan's face also changed, and when he thought of the scenes when he kicked the rhubarb, he was afraid for a while.

If this tiger wants to eat him, he can't resist!

Everyone was silent. Lei Zhan accused Lin Kai of being a dog, and even let Lin Kai out of the team.

But they didn't expect that Lin Kai did not do anything wrong, he was not willful.

He brought this dog here for his reasons!

Outside of the Middle East, Long Xiaotian frowned as he watched this scene.

The current Long Xiao genius just woke up and let Lei Zhan use his little hand, what a foolish thing!

For the sake of family affairs, he broke the state affairs, he couldn't bear this responsibility!

Why did you transfer Lin Kai here? Isn't it just for him to lead the rushing special team to climb the mountain and plant the national flag of China to the top?

And what did I do now? Ignorance! What a fool!

Long Xiaotian regretted it. He took out the walkie-talkie and started calling Lin Kai: "Lin Kai! Lin Kai! Please answer when you receive it! I order you to return immediately!"

Soon after, a rustling voice came from the intercom, and Lin Kai's weak voice came.

"Report, Lin Kai can't return to the team, Crazy Wolf code name, please help me pass it to Fatty, I..."

Before Lin Kai had said anything, the signal was cut off with a snap.

Hearing this sound, Long Xiaotian was completely dumbfounded.

He collapsed on the seat, hammering the table with regret!

It is because of my own selfishness that has delayed national affairs!

He heard a sound of wolves just now, indicating that Lin Kai was probably surrounded by wolves, and his life was not long!

He also asked himself to pass the codename to the fat man, indicating that Lin Kai knew he could not survive.

It's over, I made a big mistake!

...

On the other side, Lin Kai was brought to the forest by thousands of evil wolves.

The Wolf King held Lin Kai tightly, and soon after, the Wolf King led Lin Kai into a very dark cave.

Inside the cave, it extends in all directions, just like a small castle in the mountain.

Moreover, Lin Kai seemed to be able to find traces of human existence in the cave.

Is it possible that this is more than just a cave?

On the wall, Lin Kai could vaguely see the mural on the wall, and what was painted in the mural had long been invisible.

But the style of painting is antique.

Someone really lived here!

Soon after, the Wolf King took Lin Kai into a big cave!

In the cave, there was also a huge throne, and the wolf king threw Lin Kai to the ground, and then sat on the throne.

Under the throne, countless evil wolves are waiting.

Lin Kai has become a prisoner impressively.

“Human, tell your purpose.” Sitting on the throne, the Wolf King asked coldly.

Lin Kai was seriously injured, but his face was still stubborn: “Don’t you know?”

“Know?” The Wolf King said with a cold expression: “If I guess correctly, many humans have entered the Middle East, but you all dress very differently.”

“You don’t seem to be here to hunt for treasures, but you are in a hurry, as if you are rushing to the first floor.”

“But what is your purpose for going to the first level, I really don’t know.”

“Human, to be honest, I will make your death easier!”

The eyes of the wolf king were full of bloodthirsty rays.

It didn’t intend to let Lin Kai go. If Lin Kai gave it a satisfactory answer, it would make Lin Kai’s death easier.

If Lin Kai couldn’t give it a satisfactory answer, it made Lin Kai die in pain.

It wants this human to know that its red-eyed wolf clan is not annoying!

Chapter 744: Dongtu

Chapter 744

“be honest?”

If Lin Kai tells the truth, the result is still a death, if not telling the truth, the result is still a death!

But if you don’t speak, you may live longer.

At that time, Lin Kai kept silent, staring at the Wolf King.

When the wolf king saw Lin Kai not speaking, he was also angry.

“Don’t speak? Okay! Today I will let you see the methods of my Red-Eyed Wolf King!”

After that, the wolf king approached Lin Kai.

His sharp claws have been exposed in front of Lin Kai.

Its hairy face was even more cruel: "I'm going to shave off your flesh piece by piece, I see if you can tell!"

After all, the Wolf King was ready to do it.

And Lin Kai gritted his teeth, ready to accept the pain.

But at this moment, there was a loud bang!

The whole cave trembled!

From the depths of the cave, there was a sound similar to the roar of a beast!

The scalp is numb!

There was an earthquake in the cave. At that time, countless evil wolves looked around with fear.

The wolves even let out a low growl like fear.

The Wolf King also looked into the depths of the hole with a serious face.

"Are you awake?" The Wolf King said to himself.

Afterwards, he took a cold look at Lin Kai: "If you are lucky, human, let you live a little longer for the time being!"

After that, the wolf king grabbed Lin Kai with one hand and walked deep into the cave.

...

On the other side, the stealing special team finally came to the third floor after experiencing many dangers.

A huge barrier that fell from the sky appeared in front of everyone!

Passing through that barrier, you are officially entering the third floor.

Although he hadn't reached the third floor yet, when he took a long look, he saw an endless white.

Snowy!

Except snow, still snow!

The first time is a desolate land, the second layer is grassland and mountains, and the third layer is an extremely cold ice field!

The land of the Middle East is really amazing!

Everyone couldn't help but sighed.

"It's almost the third floor, everyone work harder!" Zhuang Yan said.

The faces of everyone are not very beautiful, after all, after such a long journey, everyone is sleepy.

At this time, Lei Zhan glanced at the rhubarb and his eyes lit up.

Although he knew that Rhubarb was a tiger, he was a little scared.

But after a day of contact, he found that rhubarb is a good dog, and it dare not harm humans at all!

At this time, Lei Zhan suggested: "I see this, this dog seems to have a lot of strength. After reaching the third floor, we will make a sled and let it pull the cart. How about?"

After hearing Lei Zhan's words, He Chenguang and Leng Feng both shined.

After a few days, they were exhausted. If they could get on the sled, they would be very comfortable.

But when the fat man heard this, he was angry: "He is our comrade-in-arms! Not an animal! He is also very tired! Why let him pull the sled?"

Tian Guo also nodded in agreement: "Yes! It also saved our lives!"

Lei Zhan hugged his arms, glanced at Fatty He Tian Guo coldly, and said coldly: "Hehe, what's wrong with saving our life? It's a dog! If we give it to it, it will have to kill us!"

"Isn't it just a dog? What do you feel bad about? What if it's a tiger? Does it dare to hurt us?"

After all, Lei Zhan came to Rhubarb's face and kicked him on the face.

"Little dog, bite me!"

The sensible Rhubarb glanced at Lei Zhan, but did not move his mouth.

Because it knows that if the owner doesn't do it, it can't do it naturally.

Once you do it, it will hurt the owner!

"Hahaha! Have you seen it? This little dog is very obedient! I am the deputy captain! I have decided. After you get to the snow, use it to pull the sled!"

"Captain, what do you think?"

Lei Zhan looked at Zhuang Yan.

Zhuang Yan glanced at Rhubarb and then at his teammates.

Zhuang Yan sighed and nodded: "This is the only way to save the players' physical strength."

"You!" Upon seeing this, the fat man became angry for a while.

"What are you? If you feel bad about this dog, don't take a sled!"

Lei Zhan glanced at the fat man and said angrily.

Fatty is Lin Kai's person, and he is naturally very upset about Fatty.

"Don't sit, don't sit!" The fat man angered.

Tian Guo also said, "I won't sit down either!"

Soon after, everyone passed through the barrier and reached the third floor.

They have made a simple sled from the fourth layer of wood, and roped Rhubarb's body.

As soon as they entered the third floor, the five people couldn't wait to sit on the sledge.

Lei Zhan also held a long whip in his hand.

With a snap, the whip in Lei Zhan's hand hit Rhubarb's **** fiercely.

"Little dog, let's go!"

Rhubarb gritted his teeth, struggling to walk on the snow!

Although rhubarb is extremely powerful, it is also a flesh and blood animal. After a few days of walking, rhubarb is already extremely tired.

At this time, pulling five people to walk on the snow, the rhubarb is more than enough but not enough.

“Go faster!”

With a snap, the whip slammed on Rhubarb's **** again!

Fatty He Tian Guo watched this scene coldly, struggling to walk on the snow.

...

On the other side, the Wolf King took Lin Kai into the cave.

It seems that only the wolf king has the right to enter this cave.

The pack of wolves did not dare to enter at all.

There are many ancient murals on the wall of this cave.

The murals here seem to be quite complete.

Lin Kai saw that the paintings in the mural seemed to be scenes from ancient times.

Ancient people in long robes, and swordsmen with swords!

In ancient times, it looked like a mansion in the mountains! It is a cave mansion built by a large family in the cave.

Suddenly, Lin Kai's eyes narrowed.

He saw that in the mural, at the gate of the cave mansion, there was an animal like a dog squatting at the gate, seeming to be watching the door.

Ok?

Isn't this the red-eyed wolf clan?

Is it possible that in ancient times, the red-eyed wolf tribe was just a pet kept by the owner of this cave mansion?

The more Lin Kai looked down, the more he believed in his own judgment.

Among the murals, the owner of the cave mansion waved his sword, and hundreds of red-eyed wolves set out to hunt for the owner!

After seeing the mural on the mountain wall, Lin Kai understood.

There used to be humans in the East Earth Continent!

And the humans at that time were very powerful, so they could conquer such fierce animals as the red-eyed wolf tribe.

It's just that there are no humans in the East Earth Continent now, only these powerful animals.

"What was the former Dongtu Continent like?" Lin Kai asked suddenly.

The Wolf King holding Lin Kai was taken aback for a moment. It gave Lin Kai a cold look with extremely complicated eyes.

"Extremely prosperous."

"Everyone can cultivate."

"Humans are powerful, and although animals can't cultivate, they have their own strengths and their physical abilities are very strong."

Lin Kai was very puzzled after hearing what the Wolf King said.

Chapter 745: Sled Dog

Chapter 745

"Why such a powerful human being has disappeared now?" Lin Kai asked again.

The Wolf King was silent for a while, and then replied: "Thousands of years ago, all the humans in the Eastern Earth Continent disappeared!"

"Nowhere!"

"At the same time, the aura of the East Earth Continent also disappeared at the same time, and the entire East Earth Continent has also formed an invisible barrier."

"Even if a master enters, they will become ordinary people."

"East Earth Continent has so many fierce animals that humans outside dare not enter."

"In this way, the East Earth Continent has been abandoned for thousands of years."

"Over time, the animals in the East Earth Continent became accustomed to being free from human constraints and began to hate humans."

"Whenever human beings enter the Eastern Earth Continent, kill them all!"

Lin Kai was extremely shocked after hearing the words of the Wolf King.

I have learned a great secret!

If you don't have the ability to communicate with the Wolf King, it is estimated that no one will know these secrets in a few thousand years!

"Why do human beings suddenly disappear? Why do all the masters lose their spiritual power when they enter here?"

Lin Kai asked again.

The Wolf King shook his head: "I don't know."

do not know?

The wolf king probably didn't know, if he knew, his expression would not be so confused.

Soon after, the wolf king brought Lin Kai to the main hall of the cave mansion.

The main hall is very wide. Although thousands of years have passed, the main hall still has lingering power.

Eight golden dragon pillars stand in the main hall, and at the very front is a chair.

A dragon chair!

Golden dragon chair.

Even if the dragon chair is already covered with dust, just a glance at this dragon chair will give people a strong sense of worship.

After seeing the chair, the wolf king knelt down on one knee without saying a word.

"The twenty-eighth generation of the Red-Eyed Wolf Clan's wolf king paid his respects to his master.

Lin Kai looked at the empty dragon chair and raised his eyebrows.

"Hey, is there anyone in front?"

The Wolf King turned his head and glanced at Lin Kai fiercely: "Don't be disrespectful to my master!"

...

On the other side, the SEALs, which have been leading the rest of the teams, have reached the central part of the third floor.

The Navy SEALs' combat uniforms are very light, but they are extremely resistant to cold!

Moreover, the SEALs are equipped with complete equipment, and there are even mini skis in the backpack.

So their speed has always been ahead of the rest of the team.

At this time, the white captain glanced behind him, and a sneer appeared at the corner of his mouth.

I saw that he took out a few trampling mines from his marching bag and threw them in the snow.

I don't know how long it took, the rush special team finally came to the central part of the third floor.

I saw Lei Zhan and the other five people sitting on the sled, while the rhubarb was pulling the sled.

In the back, there was Fatty He Tian Guo who came all the way.

But Rhubarb pulled everyone all the way, already exhausted, and saw it biting the snow on the road while using all its strength to lead the five people to the snowy mountain!

The fat man finally couldn't stand it anymore, he hurried forward and stopped the rhubarb directly.

"Stop!" The fat man shouted angrily.

"Do you still have humanity? It has dragged you all the way! Is it possible that you haven't cultivated yet?"

At this moment, Lei Zhan stretched out lazily, and said, "What is your hurry? It's not your dog. Besides, can I treat him badly?"

After all, Lei Zhan took out a piece of beef from his backpack, and after a few bites, threw the fat part directly in front of the rhubarb.

"Here, eat!"

But Rhubarb didn't even look at the beef, and didn't even bother to eat the meat thrown by Lei Zhan.

“Yeah, you have a backbone!” Lei Zhan smiled playfully.

“Don’t eat it!”

Tian Guo also walked over at this time. Tian Guo was already pale. She looked at Lei Zhan and pointed at Lei Zhan’s nose and cursed: “Lei Zhan! It is the most powerful one among us! “

“When it encounters danger, it has no strength, we all have to die!”

“joke!”

The Lei Zhan smiled disdainfully with his arms in his arms.

“Haha, I am rarely protected by a dog?”

“In danger, this dog may run faster than you!”

The fat man didn’t want to talk nonsense with Lei Zhan anymore, he said angrily: “I ask you to come down and walk! Don’t let the rhubarb pull you anymore!”

Lei Zhan was impatient at this time. He frowned and looked at the fat man: “You ask us? Fat man, your rank is not as high as mine, and your position is not as high as mine. Why do you ask me?”

“Is your heart beaten with iron?” the fat man roared.

Lei Zhan shook his head and smiled playfully: “Hehe, my heart is long, but I don’t feel sorry for a beast!”

At this moment, the fat man untied the rope tied to Rhubarb’s neck and said angrily: “I’m leaving the team too! Where the **** do you want to go!”

The fat man finally couldn’t stand it anymore.

“Fatty!” Zhuang Yan hurriedly called to Fatty, but Fatty had already walked away with the rhubarb.

He Chenguang and Leng Feng were also silent at this time.

They only cared about enjoying themselves, but didn’t care about how the dog felt.

That dog, but their savior!

Tian Guo took a look at the people with his arms, and snorted coldly, “Huh! Such a team, don’t wait for it!”

“Fatty! Wait for me!”

Tian Guo ran after him all the way.

Ye Cunxin watched Tian Guo also run away, her face white.

Her best comrade-in-arms left, and Ye Cunxin at this time had no intention of staying in the team.

“Humph!”

Lei Zhan snorted coldly: “Leaving the team? After leaving the team, I see how long you can live!”

“I didn’t force them to leave the team, but they voluntarily left the team! For a dog, as for?”

Lei Zhan shook his head and smiled playfully.

Continue to walk, after walking a certain distance, everyone found a row of footprints on the ground.

Zhuang Yan squatted down to take a closer look, and said, “It should be the SEALs in front of us. With such a large shoe size, it cannot be from an island nation.”

Hearing that, the expressions on everyone’s faces were a little worried.

“The rhubarb was taken away, we can’t judge whether there is danger ahead!” He Chenguang worried.

Leng Feng also nodded: “If those Americans stumble us a bit, it is estimated that we will not be able to reach the second floor smoothly!”

Lei Zhan frowned, and without the army dog, the next road was really difficult to walk.

“Don’t be afraid, I will show you the way.”

Lei Zhan said.

After that, Lei Zhan strode forward.

When everyone saw this, they had no choice but to keep up.

After walking for about ten minutes, the Lei Zhan who was walking in the front suddenly stopped.

At the same time, there was a click.

Under Lei Zhan's feet, something seemed to have stepped on.

Lei Zhan's face changed. As a special soldier, he knew what he had stepped on!

“bad!”

Chapter 746: Master You Are Back

Chapter 746 Master, You Are Back

“It's a mine!” Lei Zhan's expression changed at that time.

“It's a trampling mine!” As the name suggests, trampling mines will be triggered after stepping on them. As long as they let go, the mine will explode immediately!

At this time, Lei Zhan regretted it.

If he knew this, he shouldn't have let the fat man go with his rhubarb!

There is a rhubarb exploring the way, even if a landmine is triggered, the first one to be killed is the dog!

A group of people immediately gathered around.

Zhuang Yan commanded at this time: “Go back! Don't come closer!”

Hearing this, everyone backed away.

Zhuang Yan was holding a dagger and slowly approaching Lei Zhan.

“Don't move.” Zhuang Yan ordered.

With that, Zhuang Yan began to carefully cut the soles of Lei Zhan's shoes.

Zhuang Yan is also more experienced in dealing with trampling landmines.

Although these mines are very dangerous, Zhuang Yan's battlefield experience is very rich. He has also cleared a few of these mines.

I dare not say that this mine can be cleared 100%, but he will do his best.

As the sole was cut off little by little, Lei Zhan's feet began to move gently.

Finally, as the sole was completely cut off, Zhuang Yan was already sweating profusely.

That's nervous!

After all, a little carelessness, both of them will die here!

At this time, Zhuang Yan immediately ordered: "Go and find me a stone!"

"understand!"

I saw Lei Zhan rushing to the side immediately, looking for rocks.

Soon after, Lei Zhan found a stone, which was dug out from the snow by Lei Zhan.

After digging out the stone, Lei Zhan rushed over and pressed the stone onto the dagger.

At this time, Zhuang Yan also began to loosen the dagger carefully.

When the dagger was completely released, there was no trace of the mine being triggered.

The two slowly stepped back and withdrew to more than ten meters in one breath. They breathed a sigh of relief.

It seems that the danger of landmines has been eliminated.

At this moment, a cold wind blew, and the stone rolled directly from the dagger.

As soon as the trampling mine lost its pressure, it exploded immediately!

There was a loud bang! A huge hole was blown out of the snow!

Fortunately, there were no people around the mine, so there were no casualties.

Everyone was relieved.

He Chenguang patted his chest and said, "Fortunately, the mine did not kill anyone."

But at this time, Zhuang Yan's face was not very beautiful.

He looked at the mountain with a serious face.

"Stepped mines are relatively easy to clear."

"The people who laid the mines should not be so stupid, expecting the mines to kill us."

After hearing Zhuang Yan's words, everyone looked at Zhuang Yan.

Lei Zhan's expression changed at this time.

He seemed to think of something, only to see Lei Zhan slap his thigh, and said: "His purpose is not to kill us! It is to delay our time!"

"Avalanche! The avalanche is coming soon!"

That's right! It's an avalanche!

On snow-capped mountains, avalanches are extremely dangerous!

Once an explosion or gunfire occurs, an avalanche is extremely likely!

The movement made by the trampling landmine is huge! Very likely to cause an avalanche!

If you want to avoid an avalanche, you must run down the mountain!

If you run down the mountain, you will get away from the SEALs!

What a Navy SEAL!

"Captain, what should I do?" He Chenguang asked with a serious face.

Zhuang Yan frowned and said: "Win glory for the country, race against time! We can't run down the mountain! Avalanches don't necessarily happen, go up the mountain!"

"Yes!"

All the members immediately agreed, packed their luggage, and continued to walk on the snow-capped mountains.

On the other side, Fatty and Tian Guo took another path after leaving the team.

Fortunately, there are no landmines along this road.

It's just that, under the white snow, the two of them are walking extremely hard!

Tian Guo's face was pale. She looked at the fat man and asked, "Fat brother, we don't have much supplies, what should I do?"

The fat man looked at the snow, gritted his teeth and said, "No, let's eat snow!"

Eating snow can also replenish energy. There is indeed not much food in the backpacks of two people.

The water has already frozen into ice cubes, it is better to eat snow.

Rhubarb is already exhausted, and it is also moving forward while eating snow.

“I don’t know what happened to Brother Lin Kai.” Tian Guo looked worried.

Being besieged by a pack of wolves, Lin Kai was so fierce!

The fat man’s expression also changed after hearing the words Lin Kai.

Although both of them knew that Lin Kai was less ill, but they were not willing to accept the facts.

...

The distance between the Gale Special Forces and the Stealth Special Forces is not very far.

At the end is the terrorist squad.

When attacking the wolves, the terrorist squad’s rockets were almost used.

Therefore, the bazooka became their burden.

But they can’t throw away this thing. After all, Yin Duguo doesn’t have many rocket launchers. They rely solely on this thing to support their appearance.

In fact, their superiors explained it before coming.

It doesn’t matter whether they take first place, because they can’t beat the other powerful countries.

Their task is to go with the bazooka, and then come back!

At this time, they are still on the fourth floor!

It’s about to enter the third floor.

The black captain’s face was pale, and their supplies were almost used.

They now rely entirely on hunting red-eyed wolves to supplement supplies.

This team of people gritted their teeth and marched in the forest.

At this moment, the black captain suddenly discovered that there was a cave in the forest!

Above the cave, there are three characters, Wolf King Cave!

It's just that the black captain doesn't recognize these three characters. He thinks this is a cave where people live!

At that time, the black captain's eyes lit up and ordered to enter the cave!

They want to go into the hole to find supplies! It doesn't matter whether you take the first place or not. The most important thing now is to live!

...

At this time, in the cave, the wolf king was performing a worship ceremony.

After the Wolf King bowed down to the empty throne for several times, he stood up.

Lin Kai looked at the wolf king with a puzzled look. Isn't this wolf a problem with his head?

Its owner has disappeared for thousands of years, so why does it worship?

Just as Lin Kai was puzzled, the ground began to tremble violently!

Rumble! Rumble!

I saw that golden throne suddenly began to turn!

Lin Kai's eyes widened, and saw the throne turned around, and then turned around again!

When the Wolf King saw this scene, he hurriedly bowed to the ground and shouted: "Master! You are back!"

The master from thousands of years ago returned? Lin Kai's eyes widened.

After the throne turned back, Lin Kai almost stared out!

"I'll go! Really someone!"

On the throne, there was a man sitting impressively!

Chapter 747: Jindan

Chapter 747

To be precise, that is not a person, but a person who has died!

The man was wearing a gorgeous robe with a golden dragon embroidered on it! It's like a dragon robe.

Long hair is in the head, the real dragon is in gold hairpin, and the extravagance is pressing!

The man seemed to be an elegant young man in his twenties, sitting motionless on the dragon chair, closing his eyes and thinking.

His complexion was very pale, and his lips were bloodless.

Apparently it has been dead for many years.

It's just that Lin Kai didn't understand. After so many years of death, the body hasn't rotted?

That's amazing!

After seeing him, the Wolf King quickly knelt down on his knees, his attitude was respect.

"Meet the master!"

Lin Kai asked curiously, "He is your master? This is clearly a dead person!"

When the wolf king heard this, his face changed greatly: "Nonsense! He is my master! Even if the master is dead, the soul is still there!"

It was hard for Lin Kai to believe what kind of Ecstasy this human had instilled into the Wolf King. Thousands of years later, the Wolf King was so afraid of him!

and many more!

Lin Kai suddenly discovered a very critical problem.

The Wolf King has lived for thousands of years?

At this time, Lin Kai asked: "Brother Wolf King, may I ask you how old you are?"

The Wolf King glanced at Lin Kai and said, "I can't remember it, it's several thousand years old."

Lin Kai's eyes widened after hearing the words of the Wolf King: "How old are they...thousands?"

"Are your red-eyed wolf clan all live so long?"

“Of course not!” The red-eyed wolf king looked respectful.

“The master will appear once in a period of time. After I absorb the real qi from the master, I can live a long life!”

Infuriated?

Lin Kai was very confused.

What is it?

At this moment, I saw that the dead person suddenly moved!

His mouth opened slightly, and a chill came out!

When the wolf king saw this, he was overjoyed, and quickly opened his mouth, sucking the cold air into his mouth.

At the entrance of the cold air, I saw the momentum of the wolf king, and it was a bit tougher!

Lin Kai's eyes widened when he saw this scene.

If you didn't see it with your own eyes, it would be unbelievable!

Why does this person who has died exhale cold?

Lin Kai was very confused.

At this time, the curious Lin Kai used his golden pupil skills.

As soon as the golden pupil skill was used, Lin Kai immediately saw through the dead person.

I saw an unknown round pill stuck in the dead man's throat!

Lin Kai recognized it at a glance, it was Jin Dan!

You know, among the levels of immortal cultivators, one level is the golden core.

After the qi training, the foundation is built, and after the foundation is the golden core.

Becoming an immortal cultivator of the Golden Core Stage will be very powerful!

That Jin Dan's momentum is very powerful! It has been stuck in the dead man's throat, unable to leave, and cannot continue to stay at the dead man's pubic area.

No wonder the Red Smoke Wolf King will live so long! It's all supported by this golden pill!

Lin Kai slowly walked towards the dead man.

After the red-eyed wolf king absorbed the cold air, he sat down and meditated to absorb the true energy.

It is not afraid of Lin Kai assassinating it, because with Lin Kai's strength, it is impossible to kill it!

But it did not expect that Lin Kai did not act on it, but went straight to his master!

"What are you doing?" The red-eyed wolf king was furious!

And Lin Kai didn't pay attention to the Red-Eyed Wolf King, and now Lin Kai can only show disrespect to this dead senior!

With a slap, Lin Kai slapped the dead man's back, and the golden core also spit out along the dead man's throat!

But Lin Kai caught the Golden Core in one hand!

It was at this moment that the dead man's intact body suddenly began to rot quickly!

The rate of decay is extremely fast!

Soon after, the flesh was already in the air.

The dragon robe on his body also turned into ashes and dissipated in the air.

Soon after, the dead became a skeleton frame!

The reason why this dead man's body can survive for thousands of years is precisely because it is supported by this golden pill!

As soon as the golden pill disappeared, the body of the dead person immediately disappeared into the air!

"you!"

At this time, the wolf king was furious!

It doesn't know what Lin Kai did to its master, but it knows that Lin Kai destroyed its master's body!

How will it absorb the cold in the future? How can you live longer?

“I killed you!” At this time, the wolf king roared.

It stood up, and its sharp claws were already stretched out, with a brush, the claws went straight to Lin Kai’s neck!

This is a fatal blow!

Lin Kai was also shocked.

But at this time, Lin Kai didn’t have the strength to compete with the Wolf King!

At this moment, a group of people suddenly appeared in the cave.

Someone even yelled, “Kick!”

It is Yin Duguo’s horror team!

With a swish, a rocket was launched directly at the wolf king!

And the Wolf King took it easily, with a loud bang! Rockets exploded in the cave!

At that time, the wolf king was blown out!

Even if it is powerful and not afraid of bullets, the power of rockets is so great that even it can’t bear it!

Lin Kai took the opportunity to walk quickly to the side of the horror team.

It’s an infinite road! It seems that I can still be saved today!

Just looking at it, Lin Kai discovered that there was only one rocket left!

When the black man was about to fill up and launch, Lin Kai waved his hand and snatched the rocket!

The black man looked confused, and then his eyes widened.

I saw a rocket bounced into Lin Kai’s hands, and after a single shot, it turned into two magically!

Lin Kai handed the rocket to the black man, and the black man filled and launched it!

Lin Kai’s god-level replication ability finally showed its power!

I saw Lin Kai's hands kept running, and one rocket after another popped into Lin Kai's hands!

At this time, eight people are loading rockets at the same time!

Whoosh whoosh! Whoosh whoosh!

Countless rockets shot at the wolf king!

But the wolf king was shocked, the cave was just so big, so many rockets ejected, it couldn't hide it!

In the cave, there was a violent explosion!

The fire started!

Finally, under the attack of countless rockets, the cave was successfully bombed!

The wolf king was buried under the gravel, life and death unknown.

Lin Kai breathed a sigh of relief when he saw this. It seemed that he would not be in any danger for the time being.

At the same time, Lin Kai gratefully glanced at the black man, and put his hands together to express his gratitude.

The black captain grinned. Although these blacks are poor, they know how to be grateful.

They knew that Lin Kai had rescued them, so now they are not stingy with Lin Kai.

But Lin Kai looked at the state of black people, it seemed that they were not very good.

The faces of the black people are paler, and they obviously haven't eaten anything for a long time.

"Hungry?" Lin Kai asked.

The black people looked at Lin Kai dumbfounded, and could not understand what Lin Kai was talking about.

Lin Kai smiled slightly, and took out a box of canned beef from his universe bag!

Chapter 748: Traitor

Chapter 748 Traitors!

Those black people have never seen canned beef.

Yin Duguo is not a developed country. For them, canned beef is too extravagant.

They are not the high-ranking officials of Yin Duguo, they are just soldiers at the bottom of Yin Duguo.

One month's salary may not be able to afford this box of canned beef.

When Lin Kai opened the can, the fragrance overflowed.

At that time, the eyes of several blacks went wide! Drool can't help but flow down.

They have been hungry for a long time, and now they see this fragrant canned beef, their stomachs are very disappointed.

However, they did not **** canned food.

Instead, they all looked straight at Lin Kai, because they knew that this can was someone else's, and they couldn't grab it!

Lin Kai smiled slightly and handed the can over: "I'm very hungry? Eat!"

After Lin Kai agreed, Yin Duguo's soldiers were overjoyed!

They wiped their hands on their clothes and took the canned beef with both hands.

The appearance and attitude were very respectful, and then they ate it regardless of the image!

A box of canned beef was eaten by this group in less than ten minutes!

After eating, all of them hiccuped.

It's just that eating beef alone is a bit too dry, and several people are a little thirsty.

At this moment, Lin Kai took out a box of Nongfu Spring from his Universe Bag!

Lin Kai gave water to these people again.

These people picked up a bottle of water and started drinking.

Soon after, Nongfu Spring was also drunk.

The faces of several people showed contented expressions.

A smile appeared on Lin Kai's face. Although this group of black brothers were not good at strength and only had a heavy bazooka, they were simple.

Much better than Lei Zhan!

Lin Kai patted the black captain and motioned to continue on his way.

The black captain also understood Lin Kai's words, and greeted with his hands.

The men were also willing to go with Lin Kai, so Lin Kai and the terrorist team left the cave and set off for the third floor!

On the third floor, after Lei Zhan and the others walked for a long time, they all relaxed their vigilance.

Thought the avalanche would not come.

Zhuang Yan, who was walking in the front, had a serious expression on his face.

Just as everyone put down their guard, suddenly, a tremor was heard from the ground.

Boom! Boom!

I saw bursts of snow rolling down the mountain.

Zhuang Yan's face suddenly changed.

"Not good! Avalanche!"

Everyone looked up, and saw that from the top of the snow-capped mountains, the white snow rolled down!

It was the avalanche caused by that trampled mine!

I saw the snow waves rolling down from the top of the mountain! Very scary!

And the snow waves are getting bigger and bigger! More and more spectacular!

Such a huge snow wave, if buried in it, would be dead for a lifetime!

At this time, Zhuang Yan didn't care about what he was going on. Now it's important to save his life!

"Retreat! Run under the snow-capped mountains! Hurry!"

Zhuang Yan yelled angrily.

Others also fled for their lives!

Fortunately, the sled was still there, and a few people quickly got on the sled and slid down hard. The sled took a few people down to the snow-capped mountain!

After half an hour, the sled successfully took five people to the foot of the mountain and successfully avoided the avalanche.

But sadly, they are back to the origin, the starting point of the third layer.

Don't look down, it only took half an hour, but they went up, but it took half a day!

Zhuang Yan's face was pale, and he said: "It's over, this time, our team may become the last one!"

The faces of the other people were not pretty.

He Chenguang cursed: "Fuck, those scumbags above are so **** shameful! They laid mines!"

"Captain, what should I do?"

Although He Chenguang and Leng Feng did not say anything, they actually complained about Lei Zhan.

If you weren't targeting rhubarb, how could the fat man leave with rhubarb?

If the rhubarb did not leave, how could it step on a landmine and cause an avalanche?

Lei Zhan's face was also very ugly.

He did not expect that after losing Lin Kai and Rhubarb, the next journey would be so difficult to walk!

"What else?" Zhuang Yan sighed.

At this time, Zhuang Yan also complained about Thunder War in his heart.

But Lei Zhan is notoriously prudent, and Zhuang Yan can't say more about him.

"Continue to set off!" Zhuang Yan gave an order and prepared to lead the team on.

But at this moment, Ye Cunxin exclaimed: "Look!"

Ye Cunxin pointed to a short distance behind him and exclaimed.

Everyone looked over and saw a group of nine people coming over!

It was Lin Kai who took the lead!

After seeing Lin Kai, everyone exclaimed, is he still alive? Under the attack of the wolves, he did not die?

Lin Kai at this moment was covered with bandages!

He did not die, but now Lin Kai was also seriously injured.

After Lin Kai, there was an eight-person terrorist squad.

The terrorist team carried the rocket launcher and followed Lin Kai into the third floor.

After seeing Lin Kai and the Horror Squad together, Lei Zhan cursed: "Fuck! Lin Kai, a traitor! He actually joined Yin Duguo's team!"

Lei Zhan happened to be so angry that there was no place to spread it!

At that time, Lei Zhan rolled his sleeves and strode over.

"Lin Kai! You traitor!"

Others quickly followed.

As soon as Lin Kai looked up, he saw Lei Zhan and others.

After not finding Fatty and Rhubarb, Lin Kai frowned and asked immediately: "Where are Fatty and Rhubarb? And Tian Guo?"

"Where do they go and what does it have to do with you?"

Lei Zhan coldly snorted at this time, pointed at Lin Kai, and said angrily: "You are with Yin Du's army, you traitor, you are not worthy of being a Chinese national!"

Hearing this, Lin Kai frowned: "Who am I with and what does it have to do with you? I have left the team!"

At this moment, Lei Zhan was out of reach, and saw that he directly took out his pistol, loaded the bullet, and pointed the pistol directly at Lin Kai.

"You traitor, I killed you!"

Lei Zhan roared.

In fact, he was not very angry, just because he was very upset when he saw Lin Kai still alive!

It happened that while Lin Kai was with Yin Duguo's people, he killed him!

Convict him of treason!

"Lei Zhan!" Zhuang Yan shouted at this time: "Put down the gun in your hand!"

And Lei Zhan remained unmoved, with a sneer on his face: "Hehe, Lin Kai, since you are treason, then I will clean up you traitor for China!"

After Lei Zhan said these words, he wanted to shoot, but at this moment, there was a loud sound!

Chapter 749: Eat Bbq

Chapter 749

After Lei Zhan drew his pistol, the eight members of the terrorist squad all carried the rocket launcher!

And loaded the rockets! Ready to fire at any time!

Lin Kai gave them food and drink, and once saved their lives.

They are a group of people, but they are very grateful.

As soon as the eight rocket launchers appeared, cold sweat appeared on Lei Zhan's forehead.

This is a bazooka! And still eight!

It is enough to make the front-end special team disappear in this world!

The Horror Squad actually supported Lin Kai! Did this kid give them Ecstasy?

At that time, the gun in Lei Zhan's hand was not held up, nor was it put down.

Put it down, too shameless, holding it, facing so many bazookas, he dare to shoot?

The number of rushing special forces is not dominant, they still have heavy weapons!
There is no way to fight!

When entering the Middle East, Lei Zhan even laughed at the terrorist squad for carrying such a heavy weapon. It was simply no brain!

But now it seems that they are quite prescient!

Zhuang Yan walked over quickly at this time, with a helpless smile on his face: "Put down the gun, put down the gun, it's my family, why are you so stiff?"

Lei Zhan snorted and put down the pistol in his hand extremely reluctantly.

"Humph! Who is his family with him?" Lei Zhan snorted coldly.

Lin Kai waved his hand, and the people behind him also put down the bazooka.

Lin Kai glanced at Zhuang Yan, and said, "Captain, I'm Lin Kai letting go. He is staying in the team, and I will never go back!"

"When Lei Zhan is gone, I will go back to Lin Kai!"

After hearing Lin Kai's words, Lei Zhan snorted coldly: "Humph! What do you think you are? Without you, the earth won't turn?"

"Without you, we won't be able to win the first place in the special team?"

Lin Kai didn't want to take part in the thunder battle, he looked at Zhuang Yan: "Captain, where is the fat guy?"

Zhuang Yan looked embarrassed at this time.

At this time, Zhuang Yan was embarrassed to say that the Fatty and the others were angered away, and he didn't dare to say that they treated the rhubarb as beasts and dragged them up to the snow-capped mountains, and the rhubarb was exhausted.

Zhuang Yan said with a look of embarrassment: "Fatty and them... they also left the team..."

Hearing this, Lin Kai took a deep look at Lei Zhan.

If this was not in the Middle East, if not everyone had a camera on their head, Lin Kai would have killed this nasty thunder war long ago!

"Oh!"

Lin Kai agreed and led the eight people directly to the top of the snow-capped mountains.

Since Fatty and them have left the team, Lin Kai has no need to continue to be with them.

None of this group of people like Lin Kai.

At that time, Lin Kai took eight people and walked directly to the snow mountain!

Lei Zhan looked at Lin Kai's back and sighed, "I duck! Do you really consider yourself a big shot?"

"Don't say a few words!" Zhuang Yan frowned.

"Let's go too!"

Lin Kai led the team towards the top of the snow-capped mountains.

Lin Kai and their speed is still relatively fast, after all, they have just eaten and drank enough, and they are strong.

As for Lei Zhan and the others, they gritted their teeth and walked upwards. After all, they had been walking for a long time, and their physical strength was already very unbearable.

But in order not to be thrown off by Lin Kai and the others, they gritted their teeth and walked towards the top of the snow-capped mountains.

After walking for about a day, Lin Kai and others finally came to the top of the snow mountain!

Looking down from the top of the snow-capped mountain, the endless white, a vast expanse of white.

It is difficult to go up the mountain, but easy to go down. Just find a snowboard and go straight down.

If you don't have skis, you can just sit on the ground and slide.

When he arrived at the top of the snow mountain, Lin Kai did not rush down.

After walking for a day, everyone is a little tired.

Lin Kai ordered everyone to rest.

And Lei Zhan and the others also came to the top of the snow mountain, and they happened to be resting beside Lin Kai.

At this time, Lin Kai took out his Universe Bag.

After seeing the Qiankun bag, the black people are all bright!

They knew that there were good things in Lin Kai's Qiankun bag!

Sure enough, no one in Lin Kai disappointed the black people!

With a swipe, a big umbrella appeared in Lin Kai's hands!

The big umbrella is extremely big, open the big umbrella, insert the big umbrella into the snow, under the big umbrella, can perfectly avoid the snowflakes floating in the sky.

Afterwards, Lin Kai took out another table!

Ten more small benches were taken out.

Several black people sat down.

When they saw this scene of Thunder Fight, their eyes widened. They didn't expect that Lin Kai's Universe Bag contained so many things.

At that time, they all cast envy eyes.

Leng Feng and the others stared at Lei Zhan with a vague expression of resentment. If you hadn't left Lin Kai with Lei Zhanqi, now we could rest under the umbrella!

Lei Zhan snorted and took out the compressed biscuits from his backpack.

Just catch the snow in the snow and eat directly.

They have no water, the water has been frozen into ice cubes, only snow and biscuits, and there are not many compressed biscuits.

In such cold weather, compressed biscuits are frozen into ice-like things, which are extremely difficult to bite.

With a click, Lei Zhan crushed the biscuit and chewed in his mouth.

Click, click...

Lei Zhan put a handful of snow in his mouth and swallowed the cookies with difficulty.

The same is true for several others, after all, the conditions are too harsh.

Upon seeing this, Lin Kai smiled playfully.

I saw that he took out the grill from his universe bag!

That's right, it's the barbecue grill!

After that, Lin Kai took out the charcoal block again, and after throwing the charcoal block into the grill, Lin Kai directly lit it.

At that time, there was warmth, and several black people came close.

It's not over yet, Lin Kai took out the lamb that had been skewered in advance and grilled it on the barbecue!

Soon after, the smell of meat came.

Lin Kai took out the seasoning again and sprinkled it on the mutton.

As for Lei Zhan and the others, their eyes widened, and they couldn't help swallowing.

This scent is absolutely amazing!

Facing Lin Kai's lamb skewers, the compressed biscuits in their hands are really hard to swallow!

Who doesn't want to eat a bunch of delicious lamb kebabs in this extremely difficult environment?

It's not over yet, Lin Kai took out a pot of milk tea from Qiankun's bag, and put the milk tea on the grill.

Soon after, the black people saw a bowl of milk tea and a few kebabs.

It tasted beautifully, the fragrance is really amazing!

That expression, that is an intoxication!

Lei Zhan them, drooling from the corners of his mouth.

They did not expect that Lin Kai's Universe Bag contained so many things! Lamb skewers and milk tea are available!

Where are they here to perform dangerous tasks? They are obviously here on vacation!

In the hearts of everyone, they hated Lei Zhan to the extreme at this time! If it wasn't for you to force Lin Kai out of the team, the one who is drinking milk tea and eating lamb skewers is us!

Lei Zhan also looked stern.

Lin Kai is showing off in front of him!

At the same time, he also felt hostile gazes behind him.

Now he is thunderous, and neither is pleased!

Chapter 750: Polar Bear

Chapter 750 Polar Bear!

“It smells so good!”

At this time, Ye Cunxin’s saliva had already flowed down.

She can’t help it!

I saw Ye Cunxin come to Lin Kai’s face with a flattering smile.

Ye Cunxin said with a hippy smile, “Brother Lin Kai, can you let me eat something?”

At this time, Ye Cunxin was so well-behaved as a kitten.

You know, Ye Cunxin is famous for being hot!

But now, for the sake of food, Ye Cunxin is also willing to go!

Lin Kai looked at Ye Cunxin with a smile. Lin Kai didn’t have a good impression of Ye Cunxin, but he didn’t have any bad impressions either.

At that time, Lin Kai stretched out and said, “This shoulder is a bit sore!”

Ye Cunxin immediately squeezed Lin Kai’s shoulders upon hearing the words.

“Hand strength is getting weaker!” Lin Kai reprimanded.

Ye Cunxin immediately increased her hand strength.

Being massaged by Ye Cunxin, Lin Kai felt comfortable.

After massaging for a while, Lin Kai directly gave her five or six skewers of mutton, and by the way gave her a bowl of milk tea.

“Thank you Brother Lin Kai! Brother Lin Kai is so kind!”

Ye Cunxin quickly took over the milk tea and meat skewers.

Ye Cunxin is a girl, she can go to beg Lin Kai, but the other big masters of the front-end special team can't pull her face off.

They all resisted, watching Lin Kai and others eat meat skewers.

Twenty minutes later, everyone ate and drank enough, Lin Kai also packed up and put everything into the Qiankun bag.

"Everyone is ready to go!"

Basically, the black people could understand what Lin Kai meant, and they were all motivated.

Compared with the black teams, looking at the stealth special forces team, they all pulled their faces, as if everyone owed them money.

Just as everyone was about to leave, suddenly, the ground trembled!

This tremor scared the people of the special team.

Because after this tremor, an avalanche occurred immediately!

Now, there won't be another avalanche, right? Everyone's faces are not very beautiful.

Lin Kai also looked at the ground around him, frowning.

Could it be that there is really an avalanche?

But this is the top of the mountain! If there is an avalanche, don't you want to roll everyone down?

At this moment, Lin Kai suddenly felt a tremor under his feet!

I saw a huge monster appeared under Lin Kai's feet!

That is a huge polar bear!

The Polaris is much larger than the average polar bear, and it is white!

A body full of explosive muscles!

Then, a few huge polar bears stood up from the snow!

It turned out that Lin Kai had been stepping on this huge polar bear!

This group of polar bears actually slept on the top of the mountain!

When Lei Zhan saw this scene, he laughed: “Hahaha! Lin Kai! You are done! With so many polar bears, I see how you respond!”

I saw several polar bears holding their stomachs humanely, sniffing and sniffing hard, they seemed to be looking for something.

They do not seem to be very hostile to humans.

They seem to be looking for food?

Could it be that the scent of lamb skewers attracted them?

At this time, Lin Kai tentatively took out a bunch of mutton skewers from his Qiankun bag and dangled it at the nose of the polar bear under his feet.

And the huge polar bear’s eyes lit up, and he took the lamb skewers in Lin Kai’s hand!

After that, the polar bear began to eat.

Just one bite, the polar bear’s eyes lit up, and it fell in love with the taste!

As an animal in the Middle East, its food is generally just fish. When have you eaten such a delicious thing?

At that time, it looked up at Lin Kai blankly, as if it still wanted to eat lamb skewers.

At the same time, several other polar bears also gathered around, looking at Lin Kai eagerly.

Polar bears are the animals with the lowest threat to humans in the Middle East. It is not that their combat effectiveness is not strong, but that they are simply too lazy to attack humans.

Anyway, human meat is not delicious, and it is better to lie on the ground and sleep on the ground.

Lin Kai was overjoyed when he saw this.

At that time, Lin Kai said to the group of polar bears: “You are as obedient to me, I still have a lot of good things for you to eat!”

When several polar bears heard this, they all looked at each other.

Lin Kai has the ability to extract parrots. Although they can’t speak, they can understand Lin Kai’s words.

Then, Lin Kai pointed to the black people and said to the polar bears: “carry them and help us down the mountain!”

Seeing Lin Kai actually talking to a few polar bears, Lei Zhan laughed out loud at the time: “Hahaha! Lin Kai, are you right? Are you talking to these beasts?”

“Can you understand them? Or do they understand you?”

Lei Zhan’s face was filled with playful smiles.

He held his arms and laughed mockingly.

But then, a shocking scene happened.

I saw that the few polar bears actually got down at the same time!

Seems to have surrendered to Lin Kai!

In Lin Kai’s heart, it was a complacency. It seemed that in the Middle East, not all animals were as rude as the red-eyed wolf tribe.

There are still animals with a more docile personality.

At that time, Lin Kai greeted the black people.

Signaled them to climb on the back of the polar bear, and they readily understood, one by one climbed on the back of the polar bear.

Whoosh! Whizzing! Whoosh whoosh!

I saw Lin Kai and the others riding a polar bear, and the polar bear glide directly towards the mountain!

The speed of the polar bear is extremely fast! And the body of the polar bear is very soft, riding on it will not feel bumpy at all.

The most important point is that the polar bear will control its direction, so there is no need to worry about what the polar bear will hit.

Seeing this scene, Lei Zhan and them were dumbfounded.

this is okay too? Actually use lamb skewers to lure polar bears as mounts?

These polar bears have no bottom line and dignity, right?

At the same time, all four eyes looked at Lei Zhan, which was a resentment!

Blame you! If it weren't for you to walk away from the forest, now we can also eat lamb skewers, drink milk tea, and ride a polar bear down the mountain!

Lei Zhan also looked guilty.

He only feels that he is very embarrassed now, but he has no regrets.

He will only hate Lin Kai even more! If it wasn't for you Lin Kai, could I be so hated by the team members?

Lin Kai, you wait for me, when I find a good opportunity, I will definitely kill you!

Lei Zhan thought so in his heart.

“Yahoo!”

At this time, Lin Kai, who was sitting on the back of the polar bear, exhaled loudly, riding the polar bear down the snowy mountain, which was a great experience!

This is an entertainment item that can't be bought for much money!

Not only fast, but also safe!

The most important thing is that polar bears are very soft! This suspension, this elasticity, full marks!

The black people also have a cool face. They grow up so big. They have never touched a polar bear, let alone ride a polar bear!

Chapter 751: Ice Wall

Chapter 751 Ice Wall

At the same time, they are very grateful to Lin Kai.

If it were not for Lin Kai, they would not be so happy.

If it weren't for Lin Kai, they might have died in the fifth layer of sandstorm.

If it weren't for Lin Kai, they might have starved to death.

But with Lin Kai, everything is different.

The gliding speed of polar bears is very fast.

After about an hour, everyone slid to the bottom of the third layer of snow-capped mountains.

And in front of you is the second barrier!

But before the barrier, there are still extremely difficult challenges that Lin Kai and them must face.

Before the barrier, there is actually an ice wall!

The ice wall is huge! Full of hundreds of meters!

The endless ice wall has a very smooth surface!

Everyone was shocked when they saw this huge ice wall.

Is this the magic of nature?

This cannot be built by humans!

After all, the land of the Middle East is no man's land!

Even the polar bear stopped moving forward after encountering this huge wall.

Even they can't get through this huge ice wall!

Lin Kai jumped off the polar bear, came to the ice wall, and gently stroked the surface of the ice wall.

The surface of the ice wall is very smooth and very hard!

After all, the temperature here is very low, and the frozen wall is even more rigid than the real wall.

Lin Kai tried it. Using the dagger, it was very difficult to mark the ice wall, but it was too difficult to stab the dagger in!

This ice wall prevented Lin Kai and others from entering the second floor!

The black people also began to worry.

How to enter such a huge ice wall?

Soon after, the five people from the front-end special team arrived.

They slid all the way down on a sled, so the speed was not much different from that of Lin Kai and others.

After seeing such a high ice wall, they were also shocked.

How to climb an ice wall hundreds of meters high?

The ice wall is so smooth that it is difficult to make a hole in the ice wall, let alone climbing the ice wall.

At this time, Lei Zhan stood up and saw that he took out his rifle and hit the ice wall with one shot.

With a bang, I saw the bullet plunged into the ice wall for about ten centimeters. It was only ten centimeters away and it could not go deep.

No one knows how thick this ice wall is, but wanting to rely on bullets to penetrate this ice wall is simply wishful thinking!

There are not so many bullets in the special battle team!

“If only you have a grenade, maybe you can use it to blow through the ice wall.”

At this moment, Ye Cunxin said.

Zhuang Yan shook his head. He said, “Even if you have a grenade, you may not be able to blow the ice wall.”

“This ice wall is too strong. If there are hundreds of grenades, there may be hope.”

That’s right, if you want to blast this ice wall, you must have heavy weapons!

And they had no grenades, and they ran out of grenades when they bombed the pack of wolves.

At this time, everyone in the front-end special team seemed to have thought of something, and they all looked at Lin Kai and them together.

Bazooka!

With a bazooka, you can blow through this ice wall!

But everyone’s faces were flushed, especially Lei Zhan.

He was most unwilling to rescue the black team on the fifth floor!

But now, it's time to use others!

Moreover, Lin Kai, whom Lei Zhan has always been displeased with, is now the leader of the black team. After people blasted the ice wall, did you really feel embarrassed about Lei Zhan?

At this time, Lin Kai also laughed.

He waved his hand and motioned to blast the ice wall with a rocket launcher.

At that time, the black team moved away from the ice wall and started loading rockets.

A total of eight rocket launchers were launched after the rockets were filled.

Whoosh whoosh! Whoosh whoosh! Whizzing!

Eight sounds were heard, and only eight rockets were launched directly.

Rumble! Rumble!

There was a series of loud noises, and the bazooka blew up on the ice wall!

Everyone looked at it intently, trying to see if the ice wall had been blown.

But the hardness of the ice wall is beyond everyone's imagination. This ice wall is really too strong!

Even if eight rockets were fired together, none of them could blow the ice wall!

The ice wall is just a little broken!

According to this method of bombing, at least hundreds of rockets are required!

Looking at the black team again, there is only one rocket left.

Lei Zhan breathed a sigh of relief when he saw this scene. If he was really blown up by them, Lei Zhan's face would not hold back.

"Cut! I thought there was no use carrying such a heavy thing on my back. After a long time of trouble, it turned out that I couldn't even blow up a wall."

Lei Zhan looked contemptuous.

Lin Kai looked at Lei Zhan at this time, with a playful smile on his mouth.

"Oh? Do you look down on their bazooka?"

After hearing Lin Kai's words, Lei Zhan rolled his eyes and said, "With so many rocket launchers, now there is only one rocket left. What use is this rocket launcher, you say?"

"The weapons of the backward nations!"

There is only one rocket left, so Lei Zhan is not very afraid of the black team.

What can one rocket do?

Zhuang Yan and others frowned when they heard that Lei Zhan had begun to confuse Lin again.

However, depending on the situation, Lin Kai didn't seem to be able to pass through this ice wall, so they didn't open the mouth to stop the thunder war.

Lin Kai put his hands in his pockets, and said: "Since you look down on our bazooka so much, wait until we blow through the ice wall, you don't pass here!"

"Otherwise, I will look down on you very much!"

When Lei Zhan heard the words, he laughed: "Hahaha! Just rely on that rocket?"

"If you can blow it up, I will never get through Thunder War!"

"If I have ever been there, I will read the word Lei Zhan backwards!"

"it is good!"

Lin Kai immediately agreed upon hearing this.

As soon as he stretched out his hand, the black man immediately understood and handed a rocket.

A magical scene happened. I saw one rocket bounced into Lin Kai's hands, and immediately turned into two!

Lin Kai began to pass rockets into the hands of the black man.

One round, two rounds, three rounds...

Lin Kai seems to be able to perform magic, that rocket bomb Lin Kai can replicate infinitely!

Soon after, eight rocket launchers were once again loaded with rockets!

"emission!"

Lin Kai gave an order, and immediately heard a whoosh shooting sound.

Rumble! Rumble!

I saw that the ice wall was bombed by a rocket once again!

Lei Zhan and them were dumbfounded.

This is also OK?

Is Lin Kai's hand a magic hand?

This is also the method of the ancient warrior? impossible! Although ancient warriors are powerful, they are not gods either!

This is not magic, this is magic!

The other people in the stealing special team were dumbfounded.

Is it possible that the black team led by Lin Kai can really blow through this wall?

Lei Zhan and Lin Kai have already made a bet. If Lin Kai really blows up the wall, will they get the light of Lin Kai and go through the ice wall, or give Lei Zhan face and not enter the second floor from this hole?

Chapter 752: War Thunder

Chapter 752

Next, Lin Kai led the black people and started a frenzied bombardment!

Lin Kai's hand seemed to have magical power, and the rockets continuously appeared from Lin Kai's hand.

One shot, two shots, three shots...

At that time, Lei Zhan looked dumbfounded at them.

this is okay too?

Lin Kai, this is an ancient warrior? Is this a **** magician?

Rumble! Rumble! Just heard the explosion sound constantly!

The rocket blasted fiercely on the ice wall!

I saw that the ice wall was also breaking open bit by bit!

The bombing lasted for about ten minutes. With the bombing of the last rocket, the ice wall finally broke open with a snap!

A one-person-sized hole appeared, just enough to accommodate one person through.

Lin Kai clapped his hands. At this moment, he took out a dozen mutton skewers from his Qiankun bag and threw them to the polar bears.

Afterwards, Lin Kai waved his hand and said directly: "Brothers, go!"

Although the black people did not understand Lin Kai's language, they could also understand what Lin Kai meant. At that time, eight black people carried bazookas and passed directly through the hole.

Lin Kai was the last to leave.

Before leaving, Lin Kai glanced back at Lei Zhan, with a playful smile on his mouth.

Afterwards, Lin Kai also left the hole.

After Lin Kai and the black team left completely, the scene was deadly silent.

Everyone looked at Lei Zhan, with resentment in their eyes!

It's all you! If it weren't for you, Lin meeting got angry?

Are we embarrassed here?

Now it's alright, people blasted the hole out, should we drill or not?

Drill, don't give Lei Zhan face, don't drill, they can't enter the second floor!

Lei Zhan's face was also very ugly.

He didn't expect Lin Kai to have this method!

Well now, Lei Zhan has become a pest in the eyes of the team members!

The players have already begun to hate Lei Zhan in their hearts, and Lei Zhan has hated Lin Kai again in their hearts!

At this time, He Chenguang looked at his captain and asked: "Captain, shall we drill or not?"

Zhuang Yan also looked embarrassed.

On the way, he was enough to give Lei Zhan face! This is entirely because Lei Zhan is also a veteran.

But Zhuang Yan finally understands now that he shouldn't give him too much face, otherwise he will be ruined!

At that time, Zhuang Yan snorted coldly: "It's not our bet with Lin Kai, drill!"

After all, Zhuang Yan took the lead and plunged directly into the ice cave.

After receiving Zhuang Yan's order, the others were not afraid of the thunder war. They got into the ice cave one after another and passed through the ice wall.

Soon after, only Lei Zhan remained on the third floor.

Lei Zhan's face was full of embarrassment.

If I drilled this hole, how would I face Lin Kai? Lei Zhan always takes his own face very important!

Is it possible to lose face in front of Lin Kai today?

But if he didn't drill, he wouldn't be able to pass this ice wall even if he pierced the sky with thunder!

This ice wall is hundreds of meters high! With the strength of one person, it is impossible to climb at all!

Even with specialized rock climbing tools, I am afraid I can't climb such a high ice wall!

Seeing that the team members had disappeared before his eyes, Lei Zhan gritted his teeth and drilled!

I can't be trapped by this ice wall!

At that time, Lei Zhan also got into the ice wall and came to the other side of the ice wall.

At this moment, Lin Kai was holding his arms and watching Lei Zhan playfully outside the ice wall.

After Lei Zhan got out of the ice wall, he saw Lin Kai at first sight, and after brushing it, Lei Zhan's face was red.

“Hey, who should I be? Isn’t this War Thunder?” Lin Kai smiled playfully.

“Puff...” Ye Cunxin couldn’t help laughing after hearing the words Zhan Lei.

But found that the atmosphere was wrong, Ye Cunxin quickly stopped her laughter.

War thunder?

Lei Zhan’s face was very ugly.

But he couldn’t refute Lin Kai, because he said just now, if he was exposed to Lin Kai’s light from Lei Zhan, he would read his name backwards after Lei Zhan!

So it’s called Zhan Lei!

Lei Zhan’s face was very red.

After holding back for most of the day, Lei Zhan said, “I am your captain. Why can’t I drill the hole you blasted out?”

Hearing this, Lin Kai admired Lei Zhan’s shame in his heart.

At this time, know you are my captain?

Lin Kai waved his hand quickly and said, “Don’t don’t! I don’t recognize you as the captain, it’s shameful!”

“Besides, I have left the team! You don’t deserve to be my captain!”

Lin Kai smiled playfully and said, “Hehe, Zhan Lei, the drill is just drilled, it’s no big deal, isn’t it just to change the name in the future? Hahaha!”

Lei Zhan’s face was flushed, and Lei Zhan at this time was almost annoyed into anger!

“You!” Lei Zhan pointed at Lin Kai and said angrily: “Please pay attention when you speak!”

“Sorry, I’m talking, that’s it.”

Lin Kai held his arms, raised his eyebrows, and smiled playfully.

With Lin Kai’s appearance, Lei Zhan almost vomited blood!

After Lin Kai teased Lei Zhan, he looked back at the huge barrier in front of him!

After passing through the barrier, it is the second layer.

The second floor is infinitely close to the mountain in the middle of the Middle East.

I don't know what the second layer is like.

Lin Kai led the black team directly through the barrier!

As soon as he came to the second floor, Lin Kai was stunned.

Ok?

This is the second floor?

The Middle East is divided into five layers, and each layer is very dangerous.

The fifth floor, the land of the sandstorm, does not have any supplies that can be supplemented. If the average adventurer comes, they will basically die on the fifth floor!

The fourth level, dangerous jungles and plains, looks like birds and flowers, but the animals are extremely cruel, especially the red-eyed wolf clan!

Unless it is a large-scale army coming, otherwise, those who come will die on the fourth floor!

The third floor, snow mountains!

An avalanche can happen at any time!

And there is an ice wall hundreds of meters high!

Even if you get to the third floor by chance, there is probably no way to pass through that huge ice wall!

And the second layer, it seems, is so incredible!

Because in front of everyone, it is not a very dangerous place, it is not a desert or the sea!

But... the castle!

That's right, it's the castle!

In front of Lin Kai, countless castles appeared!

There are big and small, the small ones are like small houses in the countryside, and the big ones are like playgrounds.

Several cities appeared in Lin Kai's eyes.

Here is actually a prosperous place! Of course, it was once a prosperous place!

The others exclaimed.

I am afraid that only Lin Kai knows why there are so many castles and cities here.

Because thousands of years ago, this place was probably also a very prosperous human settlement.

But now, human beings have disappeared, but the city and the castle have not collapsed, they are just covered with dust, which is very messy.

This is the second floor of Dongtu Continent!

Chapter 753: Second Floor

Chapter 753

"I'm going! There were even humans living here before?" At this time, He Chenguang couldn't help but exclaimed.

Zhuang Yan and their hearts were shocked.

After all, such a spectacular sight is really rare!

However, the more spectacular the background, the more likely it is to hide danger.

Lin Kai never let go of his vigilance.

The black people were also very excited after seeing this scene.

Lin Kai frowned as he looked at the castle in front of him.

Because he found a very important place.

Why, the castle group in front of me is not at all angry?

It stands to reason that even if there are no humans and such a place suitable for animals to live, there is no animal or bird.

This is not logical!

"I'll go! Look!"

At this time, He Chenguang exclaimed. He pointed to a certain place in the castle group, his eyes widened.

I saw a pile of golden mountains in the middle of the castle complex!

It is Jinshan, a golden mountain made up of gold and various gold objects!

After seeing this pile of golden mountains, everyone's breathing became short.

This is Jinshan!

At that time, I saw the people who grabbed the special team and took two steps forward involuntarily.

Even Zhuang Yan's eyes narrowed. Obviously, Jinshan is still very attractive to everyone!

"Be careful and enter the city slowly." Zhuang Yan commanded with his m4 rifle.

To reach the first floor, you must pass through the castle complex in front of you.

Moreover, the castle complex in front of it does not seem to be dangerous, but very tempting.

"Wait a minute." Lin Kai suddenly stopped Zhuang Yan and others.

"What's the matter?" Everyone looked at Lin Kai.

"Something is wrong." Lin Kai frowned and said, "Look, don't you think it's weird that there is such a large group of castles without any anger?"

After hearing Lin Kai's words, everyone looked at each other.

Indeed, the castle complex is indeed lifeless and looks very strange.

Lei Zhan sneered at this moment and said, "Hehe, it's right to be not angry! If there are hundreds of people inside, would you dare to go in?"

"I don't know this castle group was thousands of years ago, can it be alive?"

After hearing Lei Zhan's words, everyone nodded.

Indeed!

After all, it is the castle group thousands of years ago, and it is normal to be not angry!

Zhuang Yan frowned at this time and said: “Everyone, be careful, don’t get separated, if there is danger, return immediately.”

“Yes!”

Everyone agreed.

Lin Kai frowned, he still felt something was wrong, and even had an ominous premonition.

“No! You can’t go!”

Lin Kai stopped in front of them at this time.

Although Lin Kai looked very uncomfortable with Lei Zhan, they were after all his comrades-in-arms! After all, they are their own countrymen!

And Lei Zhan pushed Lin Kai away at this time and sneered: “Hehe, if you dare not go, you just stay here!”

“How dare you become a special soldier?”

“Huaxia soldiers, there should be no fear!”

“Even if there is danger ahead? If I am here, I will fight as many monsters as there are!”

After that, Lei Zhan waved his hand and said, “Go ahead!”

“You!” Lin Kai looked at such a thunderous battle with himself, and was also angry in his heart.

That’s it, just go!

At that time, I saw Zhuang Yan and Lei Zhan taking the lead, and their team entered the castle group.

After entering the castle complex, they saw them moving slowly, walking towards the center of the castle complex very vigilantly.

There was no danger along the way.

Lei Zhan coldly snorted at this moment: “Humph! What a coward, I dare not even enter!”

Soon after, I saw the five members of the special battle team, who had already arrived in front of that golden mountain!

The height of the Jinshan is very exaggerated, as high as tens of meters!

The sparkling gold made Lei Zhan and them breathe more quickly!

If this pile of Jinshan were put in the outside world, it could be exchanged for tens of billions of yuan!

Everyone looked at the pile of golden mountains in front of them, their eyes blurred.

He Chenguang couldn't resist the temptation first, picked up a piece of gold from the golden mountain and looked at it in his hand.

When everyone saw that He Chenguang had picked up the gold, they followed suit, picked up the gold and looked at it in their hands.

Lin Kai breathed a sigh of relief when they saw that there was no danger when they picked up the gold.

It seems that I may have been worrying too much.

At that time, Lin Kai waved his hand and brought eight black people into the castle group.

Soon, Lin Kai and the others came to Lei Zhan's side.

Lei Zhan was holding a large piece of gold in his hand. At this moment, Lei Zhan's mouth was sneered: "Ha ha, have you seen it? What is the danger?"

"How timid!"

Lin Kai frowned, but did not respond to the thunder war at this time.

At this time, Lin Kai also came to the front of Golden Mountain, and Lin Kai also picked up a piece of gold.

The gold is heavy, it doesn't look like a fake, this is really a golden mountain!

At this moment, only a black man suddenly screamed.

Everyone looked at the black man, and saw that the black man pointed to a stone tablet, and he couldn't understand what he was talking about.

Everyone looked over.

I saw a huge stone monument beside the Golden Mountain!

On the stone tablet, a picture is also depicted!

In the picture, there is a person who is sitting on the ground cross-legged, wearing a robe, and holding a scepter in his hand.

And many people are worshipping him.

Ok?

Everyone gathered around, looking at the picture in front of them with interest.

“What is this?” He Chenguang asked, scratching his head.

“Prophet!” At this time, Leng Feng, who had not spoken, suddenly said.

Everyone looked at Leng Feng.

“I have seen this pattern on his scepter. Thousands of years ago, only the prophet was qualified to use such a scepter!”

Prophet?

After listening to Leng Feng’s words, everyone laughed.

For some reason, Lin Kai always had an ominous premonition in his heart.

“Prophet? Haha, who is not a **** or ghost, who would believe it?” Lei Zhan gave a disdainful smile at this time.

“Wait! There are pictures!”

At this moment, Leng Feng narrowed his eyes.

I saw that he came to the front of the stele and wiped the dust off the stele with his hand. At that time, the second picture was shown.

In the second picture, fourteen villains are depicted!

The villain is extremely simple and has hands and feet.

Among them, there is a villain with long hair.

It means that this villain is female!

After seeing this picture, everyone looked at each other and felt their scalp numb.

Goosebumps are up!

Because, the total number of them is fourteen!

And, among the fourteen of them, one of them happened to be a female!

Does this mean that the prophet has predicted that 14 people will come here in thousands of years?

Thirteen of them are men, and one woman?

Think carefully!

Chapter 754: Mysterious Prophecy

Chapter 754: Mysterious Prophecy

At that time, everyone was silent.

Is it true that this is the language of the ancient prophet?

But in this world, is there really such a mysterious thing? Prophet, does it really exist?

Although everyone is unwilling to believe it, the scene that happened before us cannot be explained by common sense at all!

Everyone trembled in their hearts.

“Huh! Pretending to be a god!”

At this time, Lei Zhan snorted and saw that he directly wiped the place behind the picture with his hands.

Later, another picture was displayed in front of everyone.

I saw that there were fourteen villains, thirteen men, and one woman depicted in the picture.

There is no obvious difference from the previous picture.

The only difference is that there is a person in the picture without feet!

He is floating on the ground!

It can be seen that that person is a man!

But I don't know who he is, because the drawing methods of all villains are the same!

After seeing this picture, everyone got goose bumps all over.

Does this mean that there is something that is not human hidden among them?

Is it a ghost?

Everyone trembled. Although everyone was atheist, seeing this kind of thing in such a place made everyone doubtful!

At that time, everyone looked at each other's eyes, and they all changed.

"Yes... there are ghosts?" He Chenguang's voice trembled a little.

"There is a shit!" Zhuang Yan cursed.

But his voice was obviously trembling.

After all, what they saw was too mysterious.

Then, Lei Zhan wiped the place behind that picture again, and another picture appeared in front of everyone.

In that picture, there are still fourteen villains.

But this time, the prompt is more obvious!

Among them, there is a villain who not only has no feet, but also has an expression on his face!

Very hideous expression!

A dagger appeared in his hand!

After seeing this scene, everyone took a breath and took two steps back uncontrollably.

The meaning of this picture is very obvious, that inner ghost will kill!

With him, the team will definitely not be peaceful!

who is it?

Everyone doubts the place!

At this moment, Lei Zhan's gaze fixed Lin Kai firmly!

Lei Zhan narrowed his eyes, pointed at Lin Kai, and shouted angrily: "Say! Is it you?"

Lei Zhan yelled. At that time, everyone looked at the two of them.

Everyone looked confused, why did Lei Zhan say that?

Lin Kai was also taken aback. He looked at Lei Zhan and frowned, "Are you crazy? Zhan Lei?"

Lei Zhan sneered, pointed at Lin Kai, and looked at everyone: "Big guy, don't you think it's weird?"

"After this kid entered the Middle East, he became very mysterious!"

"A small bag can actually fit two large off-road vehicles!"

"He can even get something like a barbecue!"

"Polar bears don't attack him! He can even change rockets!"

"The most important thing is, how did he get out under the siege of wolves?"

"Everyone has seen how powerful wolves are? He alone can kill them out of the wolves?"

After Lei Zhan said, everyone was lost in thought.

Indeed, Lin Kai's suspicion is too great!

All the things he showed are proving that he is not an ordinary person! Maybe, he is not human at all!

Everyone looked at Lin Kai with some fear and vigilance.

At this moment, Lei Zhan directly drew his pistol and pointed it at Lin Kai: "Is it you?"

Lei Zhan insisted that Lin Kai was the ghost in the picture!

And Lei Zhan didn't care whether his judgment was true or false at this time.

If it is true, then kill this ghost, he has merit!

If it is fake, kill Lin Kai, who hates him so much, and he feels very happy!

Everyone looked at Lin Kai.

And Lin Kai laughed helplessly at this time, he looked at Lei Zhan, and said: "Don't you just want to kill me? Why do you have to find so many excuses? You have the ability, you shoot!"

Wow!

I saw that eight blacks picked up their ak47 at the same time, and aimed their guns at Thunder.

As long as Lei Zhan dares to shoot, they will definitely shoot at the same time!

You know, they have an advantage in numbers!

Although the ak47 is a relatively backward weapon, this weapon is very simple and rude! It is powerful!

At such a close distance, although the m4 has a small back seat and a stable rate of fire, it is not an opponent of ak47 at all!

"Don't don't don't."

At this time, Zhuang Yan was also sweating. He quickly said: "Put down the gun, put down the gun, why bother?"

"It's not too late to make a decision after reading the picture!"

After hearing Zhuang Yan's words, Lei Zhan reluctantly put down the gun in his hand.

Had it not been for the eight black people behind Lin Kai, Lei Zhan would have shot!

At this time, Lei Zhan wiped the place behind the picture, and then another picture was displayed in front of everyone.

In this picture, there are two pictures!

The first picture is that the ghost has died, and the rest of the people are all safe.

In the second picture, the ghost is not dead! But everyone else is dead!

As soon as this picture appeared, everyone gasped.

The prompt is very obvious!

That ghost is not dead, everyone else will die!

Lin Kai looked at the pictures in front of him, frowning.

These pictures are not right!

Is there really a so-called prophet in this world? Lin Kai didn't believe it.

He felt that there was definitely someone making trouble!

Lin Kai began to study the pictures and dust on the stele.

Finally, Lin Kai found something wrong.

Because, he found that the pattern on the stone tablet seemed to have just been carved out.

And, on the ground, there are many debris on the stele.

That is to say, these pictures have just been carved out soon!

The dust above is also man-made!

Lin Kai's eyes lit up.

"There is fraud!"

Lin Kai just said this, with a crash, I saw Lei Zhan directly raise the rifle in his hand this time!

"Lin Kai! Now, what else can you say?"

"You said it wasn't you?"

Lei Zhan widened his eyes and said angrily.

And He Chenguang and Leng Feng hesitated for a while, and also chose to believe in Lei Zhan.

The two also raised their rifles at the same time!

The three men are holding rifles and pointing at Lin Kai!

And Zhuang Yan and Ye Cunxin also hesitated, and they felt that what Lei Zhan said was reasonable!

All five people raised their rifles!

At this time, the black people all raised the ak47 in their hands.

Suddenly, the sword was tense and tense!

Lin Kai frowned. He looked at Lin Kai and was also angry.

“War Thunder! You are an idiot!”

“I don’t understand, how did someone with your brain become the king of soldiers?”

“Such an obvious provocation, don’t you **** understand?”

“Someone wants us to fight!”

Chapter 755: Bomb

Chapter 755

Lin Kai roared.

He is really angry!

Lei Zhan, is there water in your head?

Even if you hate me, don’t let people from two countries fight!

If you do this, you will bring a strong enemy to China!

After hearing Lin Kai’s words, Zhuang Yan and others looked at each other.

They all felt that Lin Kai’s words were very reasonable.

After all, they don’t really believe that there will be ghosts in this world.

Lin Kai pointed at the stone tablet and said angrily: “Have you seen it?”

“Even the traces are new! The dust is man-made! There are debris on the ground! This is clearly someone else carved it on!”

“They don’t know where they are looking at us now!”

“As long as we fight, they will definitely take advantage of the fire!”

After hearing Lin Kai’s words, the talents woke up like a dream.

Yes!

The traces are new, and the dust is man-made.

The prophecy on this stone tablet is obviously false!

As long as someone knows the number of their party, they can easily come up with this so-called prophecy.

At that time, Zhuang Yan put down their rifles.

But only one person did not put down the rifle, that is thunder war!

Lei Zhan's face was angry, his eyes flushed.

Why didn't he understand the truths Lin Kai said?

But he just hates Lin Kai! He wants Lin Kai to die!

In the army, he has no chance! Outside, he has no chance.

But now Lin Kai has lost all his internal strength! Now is his only chance!

"Nonsense! You are the ghost! Don't you admit it?" Lei Zhan asked madly.

Lin Kai looked at Lei Zhan, his eyes cold.

"Lei Zhan, don't be obsessed with it!"

At this moment, Lin Kai waved his hand, but Zhuang Yan and the others readily understood.

Lei Zhan is going crazy now!

He wanted Lin Kai to die, he could shoot at any time, and the black people behind Lin Kai could also shoot at any time.

It is the wisest choice to stay away from thunder war now!

And Lei Zhan saw everyone far away from him, and his pride was even more shocked!

"You don't believe me? You have to go with this Lin Kai?"

Lei Zhan asked with red eyes.

Everyone was silent, they had believed in Lei Zhan too many times before.

But the results have proven time and time again that Lei Zhan was wrong! Lin Kai is right!

Now, they no longer choose Lei Zhan! Because Lei Zhan disappointed them too much!

“Okay!” Lei Zhan sneered at this time, the rifle in his hand, the bullets were loaded!

“Lin Kai, I’m going to see you off to the king today!”

After all, Lei Zhan roared and pulled the trigger directly!

Bang bang bang!

A series of gunfire sounded! The merciless bullet went straight to Lin Kai!

At this moment, the black people behind Lin Kai also pulled the trigger!

The bullet shot towards Lei Zhan!

Eight blacks pulled the trigger at the same time, and countless bullets flew towards Lei Zhan.

Puff puff

I saw blood blossoms on Lei Zhan’s body!

He widened his eyes and looked at Lin Kai.

Before he died, he couldn’t believe what he saw.

Because he saw that after the bullet hit Lin Kai, it bounced off!

Bounced!

Lin Kai shook his head, his eyes filled with pity.

With a plop, Lei Zhan fell to the ground.

Blood was flowing, and his body was full of gunshot wounds!

He wanted to speak, but as soon as he spoke, blood poured out!

I could only hear Lei Zhan say three words vaguely: “No...impossible...”

Do you think that if Lin Kai loses his anger, I’m just a waste?

Do you think Lin Kai can be killed by bullets?

It turns out that you are wrong!

Even if Lin Kai doesn't have true energy, my defense is 1,500 points! How can a mere rifle bullet stand me?

It's you! I have given you so many opportunities, but you don't cherish it!

Have to do it yourself!

Lin Kai patted the dust on his body and shook his head.

Lei Zhan died in reconciliation.

Everyone looked at Lei Zhan's corpse and was silent.

All of this is caused by Lei Zhan!

For Lin Kai, the black people can shoot without hesitation and kill Thunder War. It can be seen that Lin Kai is now their true leader!

Lin Kai shook his head, and wanted to take another look at the stone tablet to find the real clue.

At this moment, Lin Kai heard a slight beep.

Drops, drops, drops...

Very rhythmic.

The sound was very small, if it weren't for Lin Kai's excellent hearing, he would not have heard this sound at all.

Suddenly, the voice became urgent.

Dididi, Dididi...

The sound came from the stele.

Lin Kai leaned close to the stele and listened carefully.

After listening for a few seconds, Lin Kai's face changed drastically!

At this time, he heard what the sound in the stele was making, it was a bomb!

"Run! There is a bomb!"

Lin Kai roared! Others were shocked too! Hurried out!

Lin Kai also wanted to run, but just after two steps, he only heard a loud bang! The stele exploded!

At that time, Lin Kai was directly lifted off by the powerful impact!

Lin Kai is the closest person to the stele!

Boom!

After the stone tablet exploded, a huge hole was immediately exploded under the stone tablet!

Under the hole is a black hole! Endless, bottomless!

Lin Kai was blown into the sky, and then fell into the black hole!

After Lin Kai fell into the hole, he only felt the sound of the wind in his ears, and he fell extremely fast!

After a few seconds, with a muffled sound, Lin Kai's body hit the ground severely.

Lin Kai went into a coma directly.

This is unfortunate and fortunate.

Unfortunately, Lin Kai fell into this dark hole.

Fortunately, Lin Kai was the only one who fell, and everyone else was fine.

Lin Kai was extremely injured. Even if Lin Kai had 1,500 points of defense, what was hidden in the stele was a c4 bomb! Great power!

Moreover, Lin Kai fell from such a high place, as if several tons of heavy objects had hit Lin Kai!

If it were an average person, it would have been cold.

Lin Kai was lucky and didn't die directly.

I don't know how long it took, Lin Kai's fingers moved.

He began to regain consciousness.

Opening his eyes in a daze, the first thing Lin Kai saw was a hole in the sky.

That's right, that's the hole.

The hole looks only the size of a bowl.

Lin Kai fell from that hole.

Lin Kai remembered that a big hole was clearly exploded in the ground! But in Lin Kai's eyes, that big hole was actually only the size of a bowl.

How high is this?

There was no one beside Lin Kai.

He didn't know how long he had been in a coma. He only felt sore in his limbs and his body was weak. With a little movement, his bones were about to fall apart.

"Fuck, Thunder War! Could I be so unlucky if it wasn't for you?"

Lin Kai greeted the 18th generation of Lei Zhan's ancestors all over!

Chapter 756: Gold Coffin

Chapter 756

If Lin Kai guessed well, this should be the work of the Gale Special Forces.

Only the Gale Special Forces possesses such a powerful c4 bomb.

And, the bomb should be voice-activated!

As soon as there is a gunshot at the scene, the voice-activated bomb immediately starts the countdown to the explosion!

What a provocation! What a catch all!

The Gale Special Team's heart is terrible!

It's all because Thunder War fired the gun and triggered the bomb, otherwise how could he fall into this pit?

Lin Kai glanced at the entrance of the cave. With his own ability, Lin Kai couldn't climb it at all!

Even if Lin Kai is in his heyday, he may not be able to go up, not to mention that Lin Kai is seriously injured now.

At this time, Lin Kai took out medical supplies from Qiankun's bag.

Now, Lin Kai can only save himself.

After bandaging the wound and taking some anti-inflammatory drugs, Lin Kai stood up and looked at the underground cave in front of him.

It is not so much an underground cave as it is a huge underground palace!

The underground palace is huge! Beneath that stone stele is this huge underground palace.

The explosion of the bomb broke the roof of the underground palace, so Lin Kai fell off.

Lin Kai took a casual look and found that the underground palace was huge.

And it is very magnificent, the empty hall, Panlongzhu can be seen everywhere!

The ground is paved with bluestone slabs. You must know that in the era of incomplete craftsmanship, people who can use such flat bluestone slabs are big people.

Although it was dark underground, Lin Kai could still see clearly with his golden pupil.

The more I watched, Lin Kai became more flustered.

Because this place is too big! As far as I can see, there are black areas everywhere.

Whether it is on the floor or on the pillars, it is dust.

But it is very interesting that there are no creatures here!

Not even spiders!

Logically speaking, there should be many disgusting creatures in such a dark and humid place! For example, snake.

But the entire second floor is like a dead city, without any creatures!

This made Lin Kai very puzzled.

In the underground palace, Lin Kai was looking for an exit.

Lin Kai thought, since there is a roof on such a big palace, there must be entrances and exits.

As long as you find the entrance and exit, you can leave here!

Ever since, Lin Kai began to look for an exit in the palace.

But after searching for a long time, Lin Kai did not find the exit of the palace.

Suddenly, a group of dark shadows attracted Lin Kai's attention.

Looking intently, Lin Kai got goose bumps all over!

I saw that it was a neatly lined army!

Not a modern army, but an ancient army!

Wearing battle armor and holding a spear! With a look of howling killing, even though his body was covered with dust, one glance immediately gave people a sense of awe.

Terracotta Warriors!

That's right, the terracotta warriors and horses, those soldiers, are not real human beings.

They are nothing more than terracotta warriors.

Lin Kai slowly approached the terracotta warriors.

The formations of the terracotta warriors and horses are very neat, and the distance between each terracotta warrior is the same. Moreover, although the armor and spears on their bodies have gone through thousands of years, they still have no signs of corrosion.

Lin Kai stroked the soldier's armor, and immediately narrowed his eyes.

Good guys! It's actually a bronze armor!

Even the soldiers at the bottom have bronze armor? interesting! Interesting!

It seems that the Wolf King did not lie to himself. Thousands of years ago, this place was indeed a continent. Everyone who lives here can cultivate!

And the strength is not low.

Otherwise, soldiers would not wear bronze armor.

Suddenly, Lin Kai discovered a problem.

Why are there terracotta warriors here?

Don't the terracotta warriors only appear in the cemetery?

Is it possible that I am not in any palace, I am actually in a cemetery?

Lin Kai got goosebumps when he thought of this.

What a **** bad luck! Actually entered the cemetery!

There must be many organs in the cemetery! And there is not necessarily an export.

Is it possible that you are going to be trapped here?

Lin Kai frowned, he began to look for another way out.

After searching for a long time, Lin Kai did not find an exit either.

But Lin Kai found something interesting.

At the very front of the hall, there is a dragon chair!

A very huge dragon chair. Although the golden dragon chair was covered with dust, it could not conceal the majesty of the dragon chair.

The sacred and inviolable dragon chair!

The huge dragon chair is very domineering, and the whole dragon chair is made of gold, which is very luxurious.

After Lin Kai saw Dragon Chair, he immediately understood.

My place is similar to the court hall in ancient times, where the emperor and the ministers discussed state affairs!

And the dragon chair is what the emperor sits on!

When he arrived in front of the dragon chair, Lin Kai sat on the dragon chair and felt the feeling of being an emperor.

“It turns out that being an emperor is like this.” Lin Kai looked like an emperor, sitting on the dragon chair.

At this time, Lin Kai was already a little desperate.

Since this is a cemetery built in the same style as Chaotang, it can be basically concluded that there will be no exits here.

That means that Lin Kai is likely to starve to death here!

Although Lin Kai brought a lot of supplies, those supplies will always be consumed!

At this moment, Lin Kai put his legs on, and his whole body sat on the dragon chair.

But at this moment, with a click, the dragon chair suddenly sank!

There was a mechanical clicking sound, and Lin Xin was panicked. Could there be a mechanism on Jackie Chan's chair?

Rumble! Suddenly, there was a loud noise!

I saw a gap suddenly cracked on the ground in the center of the hall!

The crevices are neatly arranged, very straight, and look like organs hidden underground.

Is it possible that he was sitting on the dragon chair, so the mechanism was triggered?

At this time, Lin Kai cautiously came to the back of the dragon chair, wouldn't that mechanism be used to attack the tomb robber?

There was a bang, and after the crack opened, a huge coffin rose from the ground!

Lin Kai was stunned when he saw the coffin.

What a luxurious coffin!

That turned out to be a golden coffin! The whole coffin is made of gold!

The coffin is very huge, and there are four dragon heads on the four corners of the coffin!

There are four dragons on the golden coffin! Golden Dragon!

The dragon is lifelike, and the eyes are inlaid with red gems, very realistic!

The front of the coffin is actually transparent, and you can see who is lying in the coffin at a glance!

Lin Kai went over and took a look, and then he got goose bumps.

There was indeed a person lying in the coffin.

And still a lifelike person!

The corpse was not decayed, it was extremely well preserved!

He was a middle-aged man in his forties, with a strong build and a majestic face. Even with his eyes closed, he could feel the strong murderous aura from him!

Chapter 757: Gold Suit

Chapter 757

Lin Kai was dumbfounded when he saw the coffin.

There is still a coffin?

After a long time, after confirming that there was no danger, Lin Kai cautiously walked out from behind the dragon chair.

Afterwards, Lin Kai sneaked up to the huge coffin.

Among the coffin, lies the man, wearing a battle armor!

And it's a golden armor! The whole armor is made of gold!

Although thousands of years have passed, the golden armor is still awe-inspiring, spotless, shining, and eye-catching.

Lin Kai's breathing was short after seeing the golden armor.

In addition to the golden armor, that one is also wearing a sword!

A golden sword!

The scabbard and hilt are made of gold!

The most important thing is that this golden armor and golden sword are both gold-level magic weapons!

After seeing this scene, Lin Kai went crazy!

Gold level suit! Priceless treasure!

The hurricane in Lin Kai's hands was already very powerful, but it was only a silver-level weapon.

But in front of it, it was a gold-level suit!

At that time, Lin Kai grabbed the coffin with both hands and wanted to open the coffin.

But this golden coffin was so strong that Lin Kai couldn't open it no matter how hard it was!

In a rage, Lin Kai took out his m4 rifle and fired directly!

Da da da! Da da da!

Gunshots sounded in the empty court, but the bullet hit the golden coffin, and there was no way to leave a pit.

I go, so strong?

Lin Kai touched the golden coffin. Although this golden coffin is made of gold, it is much harder than gold!

No matter how hard Lin Kai tried, there was no way to open the coffin.

After most of the day, Lin Kai looked at the coffin in front of him out of breath, he was helpless.

Damn, seeing the golden suit right in front of him, but unable to obtain it, Lin Kai's heart, that is a stubbornness!

"Fuck, you forced me!"

I saw Lin Kai summoned the Unimog directly from Qiankun's bag!

Anyway, there was no one else in this place, and Lin Kai didn't need to cover up, and drove directly on the Unimog.

With a bang, Unimog started to speed up! Stay away from the coffin!

Turning around, as soon as he stepped on the accelerator, Lin Kai drove the Unimog and rammed the golden coffin directly!

boom!

With a loud noise, the coffin was knocked to the ground directly by Lin Kai. This time, the coffin finally couldn't hold it.

The dead person in the coffin flew out directly!

After rolling on the ground several times, there was no movement.

But his hand pointed towards Lin Kai and raised a middle finger.

Lin Kai was not lightly shaken in the car. After getting out of the car, Lin Kai put the Unimog away and checked the condition of the dead man.

Yes, the dead man was knocked out perfectly.

Lin Kai put his hands together and apologized eagerly.

“No offense, no offense.”

“Senior, anyway, you have driven Hexi, this foreign object is useless to you, it is better to give it to the junior, the junior is of great use!”

With that said, Lin Kai went to pick up the gold suit on the person.

But no matter how he picks it, he can't pick it down!

The suit seems to grow on a dead person!

At this time, Lin Kai's eyes were attracted by a gold token on his waist.

Ok?

The golden token is shining, and there is a golden holy dragon carved on it.

Lin Kai lightly picked up the token, and the moment the token was taken down, with a flash, the gold suit disappeared and all of it got into the gold token!

At this moment, Lin Kai suddenly realized!

That's it!

This token is the key to control the golden suit!

Thousands of years have passed, and the gold suits are already unowned, and they have long been waiting for new owners to use them.

Lin Kai couldn't wait to bit his fingertips and dripped a drop of blood on the golden token.

Subsequently, the gold token quickly absorbed that drop of blood.

There was also a subtle connection between Lin Kai and the gold suit.

Lin Kai could use the gold suit with a thought!

use!

Within a single thought, a few golden light spots came out of the golden token!

The golden boots appeared on Lin Kai's feet, followed by a pair of golden knee pads!
Yellow gold war skirt!

Golden Battle Armor! Golden gloves! Golden battle helmet!

Finally, it is the golden sword!

The seven-piece suit appeared on Lin Kai!

At that time, Lin Kai was a sparkle!

I go! awesome!

Lin Kai swung the golden sword twice, and immediately felt the power of this thing!

It's just a pity that Lin Kai now doesn't have the slightest amount of spiritual power, and can't exert the true power of the golden suit at all!

Within a thought, the gold suit was taken back into the token.

Afterwards, Lin Kai looked at the dead man.

Lin Kai took the dead man back into the coffin again, put the lid of the coffin on him, and went to look for an exit.

The hard work paid off, and finally, Lin Kai found a ladder that he could go up in a corner!

The ladder is long! Lin Kai walked for a long time before reaching the end.

At the end is a stone slab, which blocks the entrance, and a faint light shines in from the gap.

Lin Kai pushed. The slate was heavy, but with Lin Kai's 500-point strength, he could still push it away.

Pushing the slate away, Lin Kai dragged his scarred body onto the ground.

Lin Kai was still in the dead city.

"Where is the person?" Lin Kai yelled.

But no one took care of Lin Kai.

It shouldn't be! This is just one day past, right? Could it be that they are all gone? The black people also followed?

Lin Kai came to the place where the stone tablet exploded according to his own memory.

As soon as he returned to this place, Lin opened his eyes, and an ominous premonition rose in his heart.

Blood! Blood in one place!

Except for the blood, only bullet shells were left on the ground!

The smell of gunpowder, a fierce battle took place here!

Is it possible that after he fell into the hole, the black troops fought against the front-end special forces?

It makes no sense! Lei Zhan is dead!

"Anyone?" Lin Kai yelled again.

brush!

A black shadow passed by Lin Kai's side.

Lin Kai immediately narrowed his eyes, held a rifle, and looked around very vigilantly.

Brush!

A few more black shadows passed by Lin Kai.

Killing!

Lin Kai felt murderous!

At this moment, only eight people appeared quietly in front of Lin Kai.

They don't pretend anymore.

In front of Lin Kai, it was the Bushido special combat team of the island nation!

They are still full of formations! And, judging from their clothes, they didn't seem to have experienced any fierce battles.

Eight people, wearing black special combat uniforms, with Type 96 submachine guns in their hands, wearing black masks, looked at Lin Kai coldly.

“Where are the people from the special team?” Lin Kai asked coldly.

A ninja glanced at Lin Kai coldly, and said, “Chinaman, hand over that black little bag!”

Chapter 758: Ninja Attack

Chapter 758 Ninja Attack

The small black bag?

Lin Kai understood at the time that he was referring to his own universe bag!

But why do they know that they have a universe bag?

Lin Kai’s eyes narrowed. Could it be that this team hasn’t been far away since entering the Middle East?

In fact, they have been lurking by the side of the special team?

As soon as this idea came out, Lin Kai got goosebumps all over, this archipelago countryman, his heart is shameful!

“Black little bag? How did you know that I have a black little bag?” Lin Kai asked coldly.

The captain of the ninja, obviously proficient in Chinese, sneered: “Hehe, I have a close friend, you should know him.”

Best friend?

Islander?

Lin Kai was dumbfounded at the time, he didn’t even know the islanders!

“Who?” Lin Kai asked.

The islander sneered and said, “Miyamoto Hanzo!”

After hearing these four words, Lin Kai suddenly understood.

It turns out that they are looking for their own revenge!

Miyamoto Hanzo was killed by himself. It seems that they already knew the news.

“Cina, you killed my friend, I am very angry, I know you are an ancient warrior, but in this place, the ancient warrior is not a powerful character at all.”

“Cina, hand over the Qiankun bag, we can give you a happy one!”

The Ninja Captain looked at Lin Kai with extremely contempt.

Indeed, the Bushido of the island country is indeed very powerful.

What is great about them is not how high their cultivation base is, but that their bodies have broken through their limits!

Not an ancient warrior, but under the ancient warrior, there is absolutely no opponent!

It can be seen from their stalking that they followed the front-end special team for a long time, but they were not discovered by anyone.

The island ninja is really amazing!

Lin Kai also sneered at this time: “Hehe, Miyamoto Hanzo invaded our country and died! The Universe Bag is my personal belongings. Is it possible that you want to grab it?”

Captain Ninja was a little impatient at this time: “I will give you one last chance to hand over that little bag!”

Lin Kai straightened his waist and said, “No! If you have the ability, come and get it yourself!”

Captain Ninja sneered at this moment: “Hehe, Chinaman, I will satisfy you!”

“on!”

The captain of the ninja gave an order, brush it! I saw eight people rushing in quickly!

In their hands, the island country’s samurai sword!

The cold light flashed, eight people approached Lin Kai in eight different directions, and the katana slashed towards Lin Kai!

But Lin Kai stood still, unmoved.

A scornful smile appeared at the corner of his mouth.

Really, when Lin Kai left Zhenqi, it’s a shit, isn’t it?

Crackling! I saw eight samurai swords slashing at Lin Kai's body at the same time, but Lin Kai didn't move at all, even more unharmed!

The katana slashed out sparks!

Even the blade broke a gap!

But Lin Kai didn't even fall off a single hair.

When several islanders saw this scene, their eyes widened: "Nani?"

joke! With Lin Kai's 1,500 points of defensive power, this archipelago's samurai sword can't hurt Lin Kai at all!

"Hehe, what a fool!"

Lin Kai sneered.

Snapped!

He grabbed a samurai sword in one hand and squeezed it casually, and saw that the tough samurai sword was extremely fragile in Lin Kai's hand.

Kacha Kacha, the katana was twisted into twists by Lin Kai!

The eyes of the islanders were widened!

At this time, Lin opened his hand.

I saw him take out the hurricane from his universe bag.

As soon as the hurricane broke out, Lin Kai's momentum rose! With a cry, Lin Kai directly caused the hurricane!

At that time, a cold light came on, and the hurricane slashed at eight islanders!

The islanders' eyes widened. At this time, they knew that it is not advisable to love war now, and it is better to withdraw first!

At that time, Captain Ninja yelled: "Withdraw!"

Afterwards, the eight people all took out a ball and threw it to the ground. There was a bang, and the ball exploded directly after falling to the ground, exploding a large amount of smoke.

A common method used by ninjas is to confuse the enemy with smoke bombs and then take the opportunity to escape.

But they didn't know that Lin Kai's eyes could be described as fiery eyes!

Lin Kai can't be confused by the mere smoke bombs!

At this moment, Lin Kai shook the hurricane in his hand and threw it out at will.

Whoosh!

The hurricane flew out! But before an islander had time to run far, he just felt a strong wind coming behind him! Then with a pop, the hurricane passed directly through his body and nailed him to the wall!

Taking advantage of this period of time, the rest of the islanders have run away without a trace.

Lin Kai was wounded and it was not convenient to track. He could only limp to the islander who was nailed to the wall.

I saw the islander with a pained expression, blood was still in his mouth, and fear was in his eyes.

"Tell me, where's my teammate? Where is the Horror Squad?"

Lin Kai held the handle of the knife and threatened.

As long as he doesn't cooperate with him, Lin Kai will never let him die so easily.

But Lin Kai still underestimated the viciousness of these ninjas.

I saw the ninja gritted his teeth, then his eyes widened, showing a pained expression on his face.

His face gradually turned purple.

In just a few seconds, he lost his breath.

It's too late for Lin Kai to stop him!

It seems that these ninjas are all ruthless people! Poison is hidden in the teeth. Once captured, he immediately takes poison and kills himself!

Lin Kai admired such perseverance and courage.

At this time, Lin Kai pulled out the hurricane without looking at the ninja's body, and walked directly toward the depths of the castle complex.

The more he walked in, the more shocked Lin Kai became.

Because here, there seems to be an earth-shattering battle!

Blood! Gunsmoke!

A bullet shell in one place! There are m4 bullet shells and ak47 bullet shells.

Now Lin Kai has determined that during the time he was in a coma, there was definitely a fierce battle here!

It is very likely that the long-awaited Gale Special Forces made a shot!

After all, they are the doglegs of the SEALs, and there is nothing unusual about helping the SEALs block the Robust Special Forces.

It's just that Lin Kai didn't expect them to be so cruel that they actually hid the bomb!

After walking for a long time, Lin Kai came to the depths of the castle complex.

In front of him, is a huge city!

The gate of the city was tightly closed. The ancient city wall seemed vulnerable to a blow, and before the city gate, there was blood from a place.

What happened here?

Lin Kai frowned.

At this moment, a person quietly appeared behind Lin Kai.

And when Lin Kai's ears moved, he also found that a person had appeared behind him.

The man approached Lin Kai silently, and Lin Kai waved his hand at this time, and the hurricane had already hit the man's neck.
