

Special Forces God Level Extraction System - Chapter 759 - 790

Chapter 759: Airdrop Supply

Chapter 759

“Don’t do it!” the man exclaimed.

At this time, Lin Kai finally saw the visitor, who was the fat man who hadn’t seen him for a long time!

“Fatty?” Lin Kai immediately put down the long knife in his hand and cried out rather unexpectedly.

After seeing Lin Kai, the fat man was also very excited.

He looked at Lin Kai up and down, and said with joy: “It’s great to see you are fine!”

“Where is Tian Guo? Where is Rhubarb?” Lin Kai asked quickly.

The fat man looked around, put his arm around Lin Kai’s shoulder, and said, “It’s not convenient to talk about it here. Come with me.”

With that said, the fat man led Lin Kai to the right of the city.

Soon after, the fat man brought Lin Kai to the front of an old castle.

This old castle, among the many old castles, is fairly well preserved.

The most important thing is that this old castle has very few windows. Even if there are windows, they were nailed to death with wooden boards.

The fat man knocked on the door, and Tian Guo’s voice immediately came from inside:
“Who?”

“It’s me.”

After hearing the fat man’s voice, Tian Guo soon came to open the door.

After opening the door, Tian Guo also saw Lin Kai at a glance.

“Brother Lin Kai!” Tian Guo exclaimed joyfully.

Tian Guo and Fatty are obviously thinner. It can be seen that they have suffered a lot during this period.

Behind, the rhubarb wagged his tail and ran over, but at this time the rhubarb looked listless, obviously hungry.

“Come in and talk,” said the fat man.

The three entered the castle, and the fat man immediately closed the door of the castle, and locked the door of the castle with a wooden board.

“What are you doing?” Lin Kai looked puzzled.

The fat man was silent, pulling Lin Kai upstairs, and to the top floor in one breath. Lin Kai saw that some spare clothes in the fat man’s backpack were spread on the ground.

It seems that the fat man slept here.

“It’s a long story! Captain, I heard about you, I thought... I thought I would never see you again.”

“It seems that you are the captain of your life!”

The fat man sighed.

“How did you pass through the third layer of ice wall?” Lin Kai asked curiously.

That ice wall is a hundred meters high, fat people can walk through it for no reason!

When he said this, the fat man sighed, with a frustrated expression, and said, “Don’t mention it.”

“After finally getting down the snow-capped mountains, I ran into a few nasty polar bears, some of them holding iron sticks in their hands, and running after us!”

“As we ran, we encountered a hole. Tian Guo and I drilled over with rhubarb.”

“The polar bear is too big to get through, so it won’t chase it.”

Lin Kai couldn’t laugh or cry after hearing this.

The polar bears that the fat man said should be the ones carrying himself down the snow mountain.

They thought that Fatty also had delicious lamb skewers, so they ran after the Fatty.

This really scared the fat man.

That hole should be the hole bombed by the terrorist team with a rocket launcher.

“Where is the special team? The black people? Have you seen them?” Lin Kai asked.

The fat man pointed out the window: “They are all in the city. Now the five special forces are all gathered in the city.”

“Why?” Lin asked, frowning.

The relationship between the five special forces is very tense! Why gather in the city?

The fat man replied: “Because there are snakes!”

“snake?”

“Yes, there will be snakes at twelve o'clock in the night. If you don't get together, you will be killed by snakes!”

After listening to the fat man, Lin Kai thought of the blood he saw along the way.

It seems that there are many dead snakes.

Is there a snake disaster here?

“The snakes are not ordinary snakes, they are all boa constrictors! The skin is thick and fleshy, and it is very resistant to beating! Being stared at by this thing is a death!”

Having said this, the fat man's face showed an expression of fear.

“Then why are you not in the city?” Lin Kai asked.

“The goal in the city is big. I'm safer here. Besides, I don't like staying with them either.” The fat man rolled his eyes and said.

Speaking of this, Lin Kaixin was also quite moved.

He knew that the fat man left the team because of himself.

“Thank you, brother.”

After that, Lin Kai took out the Qiankun bag.

Afterwards, Lin Kai took out a pile of food from Qiankun's bag!

Beef jerky, ham sausage, mineral water...

After seeing these foods, the fat man's eyes lit up, he picked up a piece of ham, tore open the package, and ate it.

Rhubarb and Tianguo were also very hungry, and the two of them ate wolfishly.

"Fuck, I'm starving to death!" The fat man cursed and ate the ham.

"That's right." The fat man said as he ate, "The first floor cannot be entered temporarily."

"Why?" Lin Kai frowned and asked.

"I don't know, the barrier is dead and cannot be crossed. The cause is being investigated. We are all on standby."

"There are not many supplies, let's calculate the time, the airdrop should arrive."

The fat man glanced at his watch and muttered.

airdrop? Supplies?

"Airdrop?" Lin Kai's eyes widened.

"Now the materials of the five special forces are almost consumed. Now there is no way to enter the first floor. If you don't replenish the materials, everyone will die here!"

"As for what airdrops will be added, it depends on the financial resources of each country."

As soon as the fat man said what he said, there was a sound of da da da.

Lin Kai's eyes lit up, and he hurried to the rooftop and looked at the sky.

I saw in the high altitude, a helicopter gunship flew over.

The helicopter dare not fly too low, because there will be unidentified creatures attacking, there is a red five-star red flag on the plane, this is the airdrop plane of China!

The plane flew into the sky above the castle group and dropped a huge airdropped material box directly.

Under the parachute, the material box slowly fell towards the castle group.

After seeing this scene, the fat man said: "It's another **** battle!"

“What do you say?” Lin Kai asked with a raised eyebrow.

“There is a shortage of supplies in various troops. No matter which country’s airdrops are dropped, they are all looted!”

Hearing what the fat guy said, Lin Kai laughed: “Heh, if they don’t **** our China Airdrop, it’s all right. If they snatch, I definitely make them regret!”

After hearing what Lin Kai said, the fat man glanced at Lin Kai quite unexpectedly.

“What do you want to do?”

...

“Airdrop! Our airdrop from China!”

In the city, He Chenguang, with a pale face, shook Zhuang Yan’s shoulder, exclaiming.

Zhuang Yan’s face was also completely bloodless.

In the castle group, there is no food and water to supplement, not even a **** caterpillar!

After seeing the airdrop, Zhuang Yan’s eyes also flashed light.

“Go! Go get the airdrop now!”

“Yes!”

A group of four people rushed towards the airdrop position!

It’s not just the four of them.

The four teams, the Terror Squad, the Gale Special Squad, the Bushido Special Squad, and the SEAL, all set off at this time.

They all desperately need supplies to supplement the team!

Chapter 760: Scramble For Supply Boxes

Chapter 760

Soon after, the huge airdropped material box landed.

After the airdrop landed, a red signal smoke was sent out immediately.

And Zhuang Yan led the three people all the way to the location of the airdrop.

But after arriving here, Zhuang Yan was dumbfounded.

Because in front of him, are the SEALs and the Gale Special Forces! A total of 16 people have already been airdropped to be surrounded!

After seeing this scene, the eight blacks and seven islanders obediently chose to give up.

If the black people have rockets, they may have the courage to grab them.

But when dealing with the python last night, the rockets were all used up, and there were not many bullets.

The ninjas of the island country did not dare to oppose the SEALs.

If they are allowed to assassinate and **** them upright, they are not opponents.

Besides, the SEALs plus the Gale Special Forces, there are a total of 16 people, they only have seven people, they are not opponents at all!

The white captain was looking at Chinas airdrop material box at this time.

Upon seeing this, Zhuang Yan took the three of them and walked over.

“Don’t move! This is the material box of China!” Zhuang Yan shouted.

Upon hearing this, the white captain looked at Zhuang Yan.

After seeing Zhuang Yan, a scornful smile appeared at the corner of his mouth.

He preached in crappy Chinese: “You are from China? Excuse me, what I saw first is mine!”

All the soldiers behind him also laughed.

It has been a long time since there are no supplies to replenish, and now I can finally have a good meal!

Upon seeing this, Zhuang Yan frowned, “Are you planning to grab it?”

Hearing this, the white captain laughed: “Hehe, what about Mingqiu? What can you do to us?”

“Huaxia people, there are only four people left in your team now. We have sixteen people. Is it possible that you still want to do it?”

The white captain smiled disdainfully.

At this time, the captain of the Gale Special Forces team whispered in the ear of the white captain and said a lot of things that Zhuang Yan couldn't understand.

After the white captain listened, he laughed.

The eyes that looked at Zhuang Yan were full of mockery.

And Zhuang Yan clenched his fists at this time, despite the anger in his heart, but he did not have the strength and the white captain to be tough!

“Let me take a look, what good things you Chinese people have brought you!”

After all, the white captain directly opened the airdrop box.

Looking inside, the white captain's eyes lit up.

“Good thing! Military coat! Machine gun! And bullets, and water! And tent! Not bad!”

The face of the white captain was full of triumphant expressions.

The soldiers behind him had already picked up a lot of supplies, ready to take them away.

Zhuang Yan clenched his fists, he roared, “Give me things down!”

Zhuang Yan had just said these words, and there was a crash, and only sixteen people raised their rifles at the same time and aimed them at Zhuang Yan.

The smile on the face of the white captain also disappeared.

He looked at Zhuang Yan with a cold expression: “You Huaxia State has a good old saying, you are toasting and not eating fine wine!”

“What do you think you are?”

“Do you have the strength to take these things back? Huh?”

“If you don't have the strength, just shut up!”

The white captain let out an anger and waved his hand. Everyone threw the supplies back into the box, ready to move the box away.

At this time, Zhuang Yan almost ran away!

He wanted to shoot them a bullet, but he was afraid of their number and strength. In desperation, he could only swallow this breath.

But at this moment, a rumbling sound rang out.

The ground began to tremble slightly! Everyone stopped and looked towards the place where the sound was made.

At this look, everyone's eyes narrowed!

I saw two giant off-road vehicles rushing over!

Mercedes-Benz Unimog, an absolute armored off-road vehicle!

Two giant cars, like mad cows, rammed over!

Dididi!

A whistle sounded, and the two Unimogs rammed over without slowing down!

The SEALs and Gale Special Forces were all taken aback by these two muscle cars and dodged one after another!

Brush! I saw two Unimogs stopped directly!

Lin Kai got out of the car, and Fatty He Tian Guo followed Lin and got out of the car.

After seeing Lin Kai, Zhuang Yan's eyes lit up and they hurried over.

After the black people saw Lin Kai, it was even more like seeing a savior! Come here quickly!

"Lin Kai!" Zhuang Yan was very excited at this time.

Because Lin Kai is the backbone of the front-end special team at this time! Only if he is here, the black team is willing to join them!

The black captain also brought the soldiers over. After seeing Lin Kai, he was very happy.

"Who is robbing me of China's supplies?" Lin Kai put his hands in his pockets and walked over in a haughty manner.

Behind him, fourteen people followed!

The number is only one less than the SEALs!

The white captain frowned. He obviously didn't expect to kill Cheng Yaojin halfway through.

Lin Kai, in a small area, actually gathered the two teams together!

"Lin... open?" The white captain raised an eyebrow.

"Your Huaxia Nation's supplies, our SEAL team needs it, do you have any comments?"

After the white captain said, there was a crash, and he saw a dozen people behind him, and at the same time raised the rifle in his hand and pointed it at them.

The fourteen people behind Lin Kai also raised their rifles and aimed them at the SEALs.

The atmosphere was very tense at one time, the sword was tense, and the battle could start at any time!

When Lin Kai saw this, he also joked, "Hehe, there are still bullets in your gun? What kind of outfit?"

"The battle last night was so fierce, you almost ran out of bullets, right?"

Lin Kai smiled playfully.

After hearing Lin Kai's words, the white captain's expression changed.

But then he joked: "Hehe, really smart, it's almost used, so what?"

"Do you have bullets? Haha!"

Zhuang Yan's faces were not very beautiful.

Yes, they and the black people do not have many bullets.

They are not even as white as they are.

Lin Kai waved his hand when he heard the words, and said, "Fatty! Unload the truck!"

"okay!"

Hearing this, the fat man agreed and took a big box directly from the Unimog!

With a bang, the box hit the ground directly.

I saw a box full of dangdang, all of them were magazines!

There are ak47 magazines and m4 magazines. There are tens of thousands of bullets!

This is all copied by Lin Kai using the copy ability!

“Get the bullet!”

Lin Kai said a word, only to see the fat man release four magazines by himself, and all of them are changing!

Lin Kai put his hands in his pockets, came to the white man’s face in a daze, and even patted the white man’s face.

“Are you qualified for grabbing supplies from our Huaxia Kingdom?”

Chapter 761: Rage Python

Chapter 761 Raging Python

In the face of such arrogant Lin Kai, the white captain clenched his fists at this time, with a look of anger on his face.

But he didn’t dare to get angry, because there were bullets in the guns of a dozen people behind Lin Kai!

Lin Kai looked at the white captain and smiled playfully: “Hehe, dissatisfied? Shall we fight for it?”

The white captain said nothing.

Fight it? What are they going to do? Take your own body?

They are not Lin Kai and others’ opponents at all!

At this time, the seven ninjas from the island nation saw that the situation was not right, and quickly slipped away.

Because they have assassinated Lin Kai! Now that Lin Kai got the supplies, he might seek revenge from them.

Lin Kai glanced at the island ninja, and didn’t stop them.

It is only right for them to shoot themselves and kill them by themselves.

But if you act on them yourself, it may cause international war.

Lin Kai sneered and waved very arrogantly: “Bring me things back!”

“Yes!”

The fat man agreed and immediately led people to the car with the airdrop.

Lin Kai swaggered away.

Zhuang Yan was also relieved. Before leaving, he raised his **** at the white captain.

The white captain looked angry, but there was nothing to do with Lin Kai.

Soon after, Lin Kai returned to the castle with the black man and his teammates.

At this time, Lin Kai ordered the people to take down the airdropped material box and began to count the materials in the airdropped material box.

“Let me go! Big pineapple! Good thing!” At this moment, the fat man’s eyes lit up and he picked up the only machine gun in the airdrop box, his eyes lit up as if he had seen a baby.

“Big pineapple, what is that?” Lin Kai was confused.

The fat man held this machine gun and said, “Have you never played with chicken? There is a gun in it, named m249, nicknamed Big Pineapple! That’s it!”

“This bullet has a capacity of 100 rounds! Powerful! Good thing!”

“Don’t **** me! This thing belongs to me!”

The fat man was holding the big pineapple and he was reluctant to let go.

Lin Kai smiled slightly, and said, “Haha, don’t worry, get a hand!”

After all, Lin Kai took the big pineapple from the fat man’s hand.

Then, a handful of big pineapples came into Lin Kai’s hands, and they turned into two!

It was amazing, and everyone was a little bit strange about this scene.

Everyone knows that Lin Kai has a magical ability to replicate, as long as he is given the raw materials, he can replicate the raw materials infinitely!

After a while, fifteen big pineapples appeared in front of everyone!

The black people, who had never seen such a high-end weapon, threw down the ak47 in their hands and picked up the big pineapple!

Afterwards, Lin Kai copied hundreds of pineapple magazines.

Never use it up!

In addition to the big pineapple, there are brand-new camouflage uniforms and military coats.

The clothes on Lin Kai and others are already in tatters, and the temperature in the castle group is also very low. This kind of brand-new camouflage and cotton clothes are needed.

There are eight sets of cotton-padded clothes, but the problem is not big. Lin Kai copied several sets and distributed them to the black brothers.

Soon after, everyone put on brand new military uniforms and cotton clothes.

The rest is the sniper rifle, food and water.

Lin Kai put all these things into the castle.

The sky gradually darkened, and it was getting dark.

Last night, it was definitely the nightmare of Zhuang Yan and the black people!

In the entire castle group, all are snakes!

In the case of insufficient bullets and insufficient supplies, no casualties occurred, which is already a great fortune!

If they had no new supplies and supplies today, they would definitely die here!

However, now that there is a big pineapple in hand, everyone has a sense of security.

After eating and drinking, Lin Shuan went to the gate of the castle, and everyone came to the highest level of the castle.

Here is an open-air balcony. In this place, you can see the street under the castle.

It is convenient to kill the python here.

Time passed by, and soon after, the sky was completely dark.

It was getting closer and closer to midnight.

On the other side, Gale Special Forces and SEALs were also crowded in an old castle.

Their situation is more miserable. There is insufficient bullets, insufficient water and food. The most important thing is that their supplies have not arrived.

At this time, the Bushido special combat team of the island country came under their castle.

The white captain glanced down and immediately understood with pleasure, a joking smile appeared on the corner of his mouth.

Soon after, the Bushido Special Forces team formed an alliance with the SEALs and the Gale Special Forces.

Three special teams, a total of 23 people.

However, even so, their supplies are pitiful.

Soon, it was already midnight.

Tonight, the moon is very bright, and everyone can see the scenery on the street clearly without searchlights.

Lin Kai stood on the roof, staring at the street.

At twelve o'clock at midnight, as if the king of Yan had rang a deadly bell, countless shadows entered the castle group.

In Lin Kai's eyes, he could clearly see that countless pythons came in from all sides of the castle group!

The python broke ground!

After seeing these pythons, Lin Kai got goose bumps all over.

Every python has a bucket thickness! Ten meters long!

The faint green eyes are covered with scales!

Is this a **** snake? Isn't this a dragon?

Seeing these snakes, everyone behind Lin Kai also became nervous.

Countless snakes got into the castle group. Following the heat and smell, some of these snakes crawled towards the Linkai castle, and some crawled towards the position of the white captain.

Lin Kai sneered at this moment and said, "Hehe, since you dare to come, then I will let you go and never return! Shoot!"

Lin Kai gave an order. At that time, a total of fifteen people pulled the trigger at the same time, and fifteen big pineapples ejected bullets!

Da da da! Da da da! Da Da Da Da Da!

The gunfire sounded, at that time, the castle was illuminated by gun flames!

Fifteen big pineapples fired together, the scene was very spectacular.

Although those pythons have thick skin and thick flesh, they cannot withstand the powerful pineapple bullet! After a few bullets went down, a python that could be beaten twisted on the ground.

At that time, the shrill screams of pythons were heard all around the castle!

Just hitting with a big pineapple is not enough.

Lin Kai gave an order: "Black brothers, give me your bazooka and bomb it!"

The black people also understood what Lin Kai meant.

In fact, in order to meet Lin Kai again, they deliberately left the last rocket unused.

Just to make the bazooka come in handy!

Bazooka is loaded and launched!

Whoosh whoosh!

Boom! Rumble!

The rocket hit among the pythons and snakes, and immediately exploded into the sky like fire!

Chapter 762: Tooth For Tooth

Chapter 762

The whole night was very lively. In the castle group, apart from gunfire, only the sound of bazooka was left.

Boom! Rumble!

The fire is soaring!

At that time, under the old castle, there were basically no pythons to approach!

Although these pythons have thick skin and thick flesh, they are not indestructible. A few bullets can blow them up!

The most important thing is that Lin Kai's bullets and rockets are unlimited!

Don't worry about bullets at all! Hit as many bullets as there are!

Therefore, Lin Kai is very comfortable here.

Looking at the white captain again, it was very miserable. There were more than 20 people guarding a small castle, but they couldn't keep it!

Their bullets are not willing to use them at all!

Basically, he was forced to shoot until he had no choice.

There were more than 20 of them, and the remaining bullets were less than 300 rounds!

These bullets, but their fate!

They can only guard in the small castle, praying that the pythons will not rush in.

This evening, it was very lively.

Lin Kai also had an addiction!

The big pineapple in Lin Kai's hands has never stopped! Da Da Da gunshots kept sounding, and the python couldn't get close at all!

At this moment, on the side of the white captain, more than twenty of them looked stupidly at the old castle where Lin Kai was.

They are all dumbfounded. Is Lin Kai's bullet free?

And listening to the sound, they seem to have machine guns! And there is more than one!

The most important thing is that the explosion of the rocket has never stopped!

How many bullets and rockets does this kid have?

The white captain's face was very ugly. He took out his binoculars to observe Lin Kai's situation.

By this look, the white captain was dumbfounded.

He saw that of the fifteen people on Lin Kai's side, half of them were holding big pineapples, and half of them were carrying bazookas. The firepower was absolutely incredible!

No python can approach their castle!

The face of the white captain became extremely ugly at that time, and he was very puzzled, could they run out of bullets?

There are also rockets, can't you run out?

The sound of gunshots and rocket explosions has never stopped!

Could it be that there were so many bullets and rockets in the airdrop?

Looking at the white captain and them, more than 20 people are guarding in a small castle, but they still can't hold it! They are fighting the python with their lives!

At that time, the white captain had the idea of taking refuge in Lin Kai in his heart. This was absolutely horrible!

This night became the most difficult night for the SEALs.

As for Lin Kai, basically without any effort, he defeated the python group.

The python came fast and walked fast. It came at twelve o'clock. At three o'clock in the morning, the pythons retreated as if they had been negotiated.

There is no python left in the entire castle group.

Lin Kai raised their guns and cheered. At that time, Lin Kai decided to drink beer! Eat fried chicken!

At that time, Lin Kai took out the food and beer in Qiankun's bag and drank with everyone on the roof!

Look at the white captain again, that is terrible! The SEALs did not lose, but two members of the Gale Special Forces died!

One of the Bushido special combat teams of the island nation died!

Three of them died!

Twenty-three of them, in this battle, three people died!

Moreover, the bullets are almost consumed. Together, there are now less than fifty bullets.

The white captain gritted his teeth fiercely and said: "Wait for tomorrow, tomorrow our airdrop will come!"

"At that time, we will clean up the Chinese people!"

The white captain hated Lin Kai!

If it weren't for Lin Kai, would they have to die three people?

If it weren't for Lin Kai, they would have gotten the supplies of the Huaxia Kingdom! They must not be dead tonight!

But it was all because of Lin Kai that made them lose their supplies!

Everyone hated Lin Kai and Huaxia Soldiers!

But they never thought that the materials were originally from China!

The sky gradually brightened, and Lin Kai, after eating and drinking, lay on the roof and slept.

It wasn't until the daytime that the members of the Special Strike Force and the Terror Squad gradually woke up.

After waking up, Lin Kai stretched his body and stretched out.

At this time, there was a sound of da da da, it was the sound of a helicopter!

"There is a plane! Look!" The fat man exclaimed and said.

Everyone looked into the sky one after another.

I saw an armed helicopter flying over from the sky!

That seems to be an airdrop supply from the Gale Special Forces!

The plane flew directly above the castle group and directly dropped a huge airdropped material box, and then the plane departed.

And the Bangzi people in the old castle who were about to starve to death, at this time, all of them were bright, and they shouted in excitement!

Their supplies are here!

The soldiers of the United States are also very excited! With these supplies, they don't have to go hungry!

Even the ninjas in the island country are very happy. After all, they are now with the SEALs. The SEALs have meat to eat, and maybe they will leave a mouthful of soup for them!

At that time, the white captain waved his hand and took everyone to get his own airdrop material box!

The airdrop quickly fell to the ground, and after the airdrop fell to the ground, a red signal smoke was immediately sent out.

The SEALs led everyone to the vicinity of the airdrop box.

This is the airdrop supply box of the Gale Special Forces! After seeing this box, everyone's face appeared excited!

The white captain even glanced at the old castle where Lin Kai was located, and when I got supplies, let me see how you are crazy in front of me!

"Quick! Open the airdrop supply box!" The white captain shouted and ordered.

Immediately afterwards, the soldiers behind him prepared to open the airdrop material box.

But at this moment, a roar sounded and the ground began to tremble slightly.

I saw two Mercedes-Benz Unimogs appeared in the sight of everyone!

After seeing these two muscle off-road vehicles, the white captain frowned, and an ominous premonition rose in his heart.

At this moment, from the position of the co-pilot of Unimog, a black man poked his head out.

I saw him carrying a bazooka on his shoulders!

Whoosh!

Rumble!

I saw the black decisively launch a rocket! The rocket was shot almost at the ear of the white captain! It exploded directly behind the white captain!

At that time, the fire was blazing!

The white people were too scared to move!

I saw two Unimogs stopped directly in front of them.

With a click, the car door opened, Lin Kai put his hands in his pockets, and got out of the car.

Lin drove the car, and then more people jumped out of the car!

Chapter 763: Military Aircraft

Chapter 763

It's not just Lin Kai who is here, there are fifteen people in the rush special team and the terrorist team, all of them are here!

The black people were holding bazookas with a sullen expression on their faces.

The person who grabs the front special team is a big pineapple!

Fifteen people, surrounded twenty people such as the white captain!

The gun was directed at the white captain.

The white captain frowned, and he asked coldly, "Lin Kai, what do you mean?"

Lin Kai smiled playfully and looked at the white captain: "Hehe, what do you mean? Of course it was an airdrop!"

"But this is our airdrop!" The white captain said angrily in Chinese.

Hearing this, Lin Kai also laughed: "Your airdrop? I just grabbed it! What?"

"Not satisfied? You have the ability, you shoot!"

Lin Kai pointed at the center of his eyebrows and looked at the white captain mockingly.

Lin Kai at this time is extremely rampant!

Zhuang Yan's face also showed a hateful smile.

This is the fate of you bullying us Huaxia people!

Looking at the soldiers of the United States, they all looked very ugly.

The soldiers of Bangzi Nation also clenched their fists at this time, suppressing the anger in their hearts.

The ninjas of the island country are even more afraid to let go!

Because behind Lin Kai are 14 soldiers with real guns and live ammunition! Their guns are full of bullets! There are rockets in the bazooka too!

Their life and death are between Lin Kai's thoughts!

Lin Kai put his hands in his pockets and looked at the white captain in front of him coldly. Lin Kai didn't intentionally target him.

If the white captain hadn't snatched China's supplies yesterday, Lin Kai would definitely not **** their supplies.

But since they are unkind, don't blame Lin Xinxin for being ruthless!

At that time, Lin Kai waved his hand and said, "Come on! Pull back the airdrop for me!"

"Yes!"

The fat man replied very excitedly. At that time, the fat man took the airdrop supplies from the Gale Special Forces directly!

As for the members of the Gale Special Team, their faces were very ugly.

When the white captain saw this scene, he was anxious: "You can't do this! If you do this, we will die!"

Without these materials, they would definitely not survive tonight!

Upon hearing this, Lin Kai glanced at the white captain coldly and smiled: "Haha, what does your life and death have to do with us?"

"The poison on the fruit tree was caused by one of your three teams, right?"

"Hiding a bomb in the snow caused an avalanche. You did this too, right?"

"Snatching our airdropped supplies, you also did this thing, right?"

“You are so to us, and you still expect me to help you? You still expect me to leave you alive? Don’t even think about it!”

After Lin Kai said, he gave a cold snort, waved his hand, and left with a dozen people in a swagger.

And the white captain’s face flushed at this time, yes, they did two of the things Lin Kai said!

But in his heart, he just refused to accept it!

At that time, I saw the white captain roaring up to the sky, clenching his fists, and seemed to vent his dissatisfaction!

...

Soon after, Lin Kai pulled the Gale Special Forces’ supplies back to the castle.

Everyone was surrounded by the huge airdrop material box, all wanting to see what the supplies of the stick country were.

Lin Kai also opened the airdrop material box at this time. After opening the material box, everyone’s eyes lit up.

“I’m going! Bangzi country atmosphere!” Fatty said with a bright eyes.

I saw a set of extremely advanced equipment in the huge airdrop material box.

This set of equipment is definitely the most advanced military force in the country!

That is the flying machine!

Military flying machine!

Only one set of military flying machines, military flying machines, similar to armor, can be worn on the body.

After being worn on the body, you can have the ability to fly!

This suit is very valuable, but this one is worth millions!

Unexpectedly, Bangzi Country was so generous and sent a set of military flying machines!

Moreover, there is fuel, which is extremely fuel-intensive. There are only two barrels of fuel, enough for a military aircraft to fly for two hours.

However, when this thing arrived at Lin Kai's place, it became countless fuel and flying machines!

In addition to military aircraft, there are bullets and food in the airdrop box, as well as water.

All these things are now Lin Kai's!

Now even if Lin Kai doesn't use his own Universe Bag, these materials are enough for them!

"Captain! Hurry up and use your copying ability to copy out a dozen sets of these things!"

The fat man urged quickly.

Lin Kai smiled slightly and said, "Haha! Don't worry! Come right away!"

After all, Lin Kai began to copy military flying planes.

Soon after, only 15 sets of military flying planes appeared in front of everyone!

Manpower!

Moreover, Lin Kai copied dozens of barrels of fuel! You can copy it when you run out!

The black people have never seen this kind of thing. After wearing a military flying machine, they all looked at it very curiously.

At this time, Lin Kai gave an order: "Give you half a day to learn how to use this kind of thing. At night, it may be of great use!"

"Yes!"

Everyone agreed and began to ponder about military flying machines.

This contemplation is all morning!

In the afternoon, with the white captain, the situation was not optimistic.

Their supplies were robbed, and they now don't even have a little water and food!

Moreover, this is a dead city! Even grass does not grow, and there is no place for them to replenish supplies!

If they don't take anything, they will starve to death at any time!

At this time, a ninja from the island country couldn't help it. He suggested in the island language: "There are still many python corpses out there, it's better..."

After hearing what he said, the faces of all people showed disgust.

Is it possible to take the corpses of those pythons?

Those pythons look so ugly, and they have to consume their corpses. It's very disgusting when I think about it!

But now, they have no other way to choose.

The white captain stared at the corpses of the pythons outside the window, and fell silent at this time.

Their SEALs have been established for so many years, and they have never been so desperate.

Speaking of which, the reason why the SEALs can become a world-renowned special force is mainly because they are physically strong and cooperate with each other.

Also, their equipment is very advanced.

But when it comes to survival in the wild, this is really not their strong point.

Just when everyone was desperate, Da Da Da, the sound of a helicopter sounded!

When you look up, everyone is bright!

It's an airdropped material box again! This time, it was an airdropped material box from an island country!

The people of the island nation also shined brightly. At this moment, they all stood up from the ground as if they were beaten in blood!

Chapter 764: Howitzer

Chapter 764 Howitzer

Soon, the plane flew directly above the castle group.

Then, the plane dropped a huge airdropped material box, and then left directly above.

At this time, the white captain led 19 soldiers and hurried to the direction of the airdropped material box!

They must be fast! They must hurry in front of Lin Kai!

I don't know if God is helping them, the place where the airdrop landed is very close to their castle!

The airdrop just fell, and they just arrived at the scene!

At this moment, the white captain couldn't help laughing out loud: "Hahaha! Lin Kai, this time I see how you **** my supplies!"

"Hurry up! Take things away for me!"

The white captain shouted in English.

Later, a group of people hurriedly wanted to carry the airdropped material box!

But at this moment, there was a swoosh, and a rocket exploded directly from their side!

Rumble!

The fire blazed into the sky, and at that time, everyone stopped their bodies and stopped moving.

The face of the white captain also instantly became extremely ugly.

Could it be possible, here again?

impossible! They are some distance away from here, even if they drive, there is no reason to be so fast!

Afterwards, they all raised their heads and glanced, but they were dumbfounded.

I saw in the sky, fifteen people were floating there!

They were wearing advanced military flying planes with light m4 rifles in their hands, and several blacks were carrying bazookas.

At this time, Lin Kai looked at the white captain in the sky with a playful expression.

After seeing the flying machine, the Gale Special Forces roared, "This is our country's flying machine! Lin Kai, you despicable villain!"

He was cursing in Bangziguo's language, and Lin Kai didn't understand it. Of course, even if Lin Kai understood it, he wouldn't take his words to heart.

At this moment, in the heart of the white captain, it was as if ten thousand horses galloping past.

In his heart, that was a frustration!

Why is this Lin Kai everywhere?

Does he really want to drive himself crazy? Is there no way to survive?

The white captain is really about to collapse!

Look at the team led by Lin Kai, the clothes are clean, and they are still very warm military coats!

Look at other firearms, the automatic rifle m4, and the bazooka! And big pineapple!

Look at other people's travel tools, two Mercedes-Benz Unimogs! And there are 15 sets of flying machines!

Looking at other people's supplies, food and water can't be used up!

Where did people come to take refuge? People are here on vacation!

Looking at them again, it was a miserable mess, with tattered clothes, no bullets, no food and water, as long as the pythons appeared tonight, they would definitely die!

Let them return to the third floor? The end is still a death!

The third floor is extremely cold, and back to the third floor, they can only be frozen to death!

The white captain really broke down.

At this time, he already regretted it, why did he provoke Lin Kai that evil star?

If I don't want to sin against him, can I still be like Lin Kai, drinking wine and eating barbecue?

"Lin Kai! I beg you, let us go!"

At this time, the white captain gritted his teeth in Chinese.

Lin Kai smiled slightly and said, "Hehe, let you go? What do you say? Your SEALs, isn't it known as the world's No. 1 special force? Why would you ask me, a little Chinese soldier, to let you go?"

"This is really an international joke!"

After Lin Kai said, he waved his hand and said, "Come here, bring me the airdropped material box!"

"If anyone dares to touch my box, he will directly kill Lao Tzu!"

"Yes!"

Everyone agreed, their expressions were very excited.

Seeing this group of American soldiers so angry and angry, their hearts are also extremely refreshed.

This is how you bullied us!

At that time, the fat man drove the Unimog over, took two people, and in front of the American soldiers, he pulled away the airdropped material box.

At this time, the Ninja Captain of the island country couldn't help it anymore. He angered in Chinese: "Lin Kai!"

"We didn't **** your airdrop material box, why did you **** our airdrop too?"

Hearing this, Lin Kai glanced at the ninja coldly and said, "Hehe, you didn't **** our airdrop material box, but you want to kill me!"

After all, Lin Kai left with everyone.

The ninjas of this archipelago are cruel and cruel!

That is, they attacked Lin Kai. If it were someone else, he would have died long ago!

How they treated Lin Kai, Lin Kai remembered in his heart!

Lin Kai swaggered in and walked away. Soon after, Lin Kai took the people back to the castle.

After returning to the castle, everyone gathered around the airdrop material box. Everyone wanted to see and see what kind of airdrop supplies the Island Congress sent them.

At that time, Lin Kai opened the airdrop box. After opening the airdrop box, everyone inhaled air-conditioning.

Good guy, one is more generous than the other!

The first thing everyone saw was a very huge howitzer!

And it is also the most advanced fully automatic howitzer in the island country! The kind of magazine!

Howitzer that can fire in bursts!

After seeing the howitzer, the eyes of the black people lit up.

This thing is much easier to use than their bazooka!

The fat man praised at the time: "This island devil is really **** generous! Even the automatic howitzer was sent here! It's a pity, there is only one."

"There are only ten magazines for bullets. If this thing is placed with the island ninja, it is really of no use."

That's right, if you put it in someone else's place, the bullet of this thing is limited and it's of no great use at all.

But it's different if you put it here in Lin Kai, Lin Kai is very useful!

At that time, Lin Kai rubbed his hands and began to use his ability to replicate!

brush! One howitzer turned into two!

brush! Three!

brush! Four!

Soon after, fifteen fully automatic howitzers appeared in front of everyone!

A fully automatic howitzer!

Furthermore, Lin Kai copied hundreds of grenade magazines!

You can use as much as you want!

At this time, Lin Kai picked up the fully automatic howitzer, came to the balcony, directly turned on the burst mode, and pulled the trigger.

Boom boom boom boom!

A series of crisp sounds sounded, and the grenades were shot out one by one.

Boom boom boom boom!

At that time, the grenade exploded on the street! The flames are soaring, and the firepower is very fierce!

Although this thing is not as powerful as a rocket, it can be fired continuously! The firepower is very fierce! Suitable for group attack! With this thing, the python can't attack at all!

Chapter 765: I'll Help You

Chapter 765 I'll Help You

With a howitzer in his hand, Lin Kai smiled slightly and looked at the castle where the white captain was.

"Hehe, can't let them die so easily! Tonight, let's let this group of white people see how good we are!"

"Yes!"

Everyone agreed, and everyone began to look forward to the evening.

If their ideas are known to the white people, they will probably collapse. They are all afraid of the night, but Lin Kai and the others are still looking forward to the night!

It's so popular!

Soon, night came.

The white people returned to their old castle obediently, there was no way, without bullets and materials, the white people used the most stupid method!

That is to use items to block the exit! Try to keep the pythons out!

Twenty people, huddled on a small rooftop, this is their only way to survive!

The night came, and it was getting closer and closer to twelve o'clock.

Almost all the white people, the islanders and the Bangzi people are trembling!

When twelve o'clock in the night came, as if the king of Yan rang the bell of his life, countless pythons broke out from all sides of the castle group!

Countless pythons got into the castle group!

They are hunting again!

At this time, in the castle where the white captain was, someone had begun to sob softly.

They are desperate!

Without supplies, they can't survive at all!

On the street, the python quickly approached the castle where the white man was.

Each of these pythons has a bucket thickness! There was a strange light shining all over his body, his eyes were purple, and his body had scales!

Of course, they also have weaknesses, their weaknesses are their eyes!

If they are shot correctly, one shot can blind them!

At this time, there were twenty of them, but each of them had no more than five bullets in their guns!

In other words, each of them has only five shots!

But in fact, each of them knows that he only has four shots!

Because the last bullet is for myself!

"The python is coming!" At this time, the captain of the Gale Special Forces yelled in the language of Bangzi Country!

At this time, their guns also rang!

It's just that their gunshots were not as good as those on Lin Kai's side, crackling, and their gunshots were very stingy.

boom! boom! boom!

Everyone is ordering!

But it only took less than three minutes before they ran out of bullets!

At this time, a US soldier was almost crying. He looked at his captain and said:
“Captain! I can’t stand it! I can’t help it! It’s terrible! I want to commit suicide!”

After all, the American soldier took out a dagger and pointed it at his throat. He really had no idea of living!

The white captain also looked cold.

There are no bullets, they can’t survive!

“Captain! The python is about to climb up, what should I do?” At this time, another American soldier cried out in English.

Everyone is desperate.

At this time, the white captain was also heartbroken, the big deal, it was a death!

At that time, the white captain gave the order.

“Everyone, those with bullets, keep the bullets for yourself!”

“Without bullets, use a dagger!”

“If the situation is not good, commit suicide!”

The white captain’s order was issued directly!

Even if you die in your own hands, it is much better than dying in the mouth of that ugly python!

Everyone received the order, and everyone was silent.

Everyone knows that the possibility of your own life is very small! One in ten million!

The python immediately climbed up, everyone was desperate!

But at this moment, there was a buzzing sound.

Everyone looked out of the balcony!

Everyone’s eyes widened!

Because they saw that in the dark night, under the moon, there seemed to be fifteen figures flying over!

Those fifteen figures are the front-end special team and the terrorist squad led by Lin Kai!

Wearing brand-new camouflage combat uniforms and military coats, they stepped on the most advanced flying machine in the country and flew over!

In their hands, it is a very advanced automatic howitzer!

After seeing Lin Kai, the white captain's eyes widened. Could it be that they came to save themselves?

The white captain never thought that he would be so looking forward to the arrival of a person!

Lin Kai, they are really here!

The captain of the Gale Special Forces also widened his eyes. He looked at Lin Kai, and he prayed in his heart that Lin Kai was here to save them!

Otherwise, they really must die today!

Lin Kai smiled slightly at this time and looked at the white captain and others: "You are very lucky to meet me Lin Kai."

"I'm so happy, I can't bear to see you die here, so tonight, I'm Lin Kai will help you!"

Afterwards, Lin Kai directly issued an order: "Fire Laozi!"

Lin Kai gave an order and all fifteen people pulled the trigger!

Bang bang bang! Bang bang bang!

A series of crisp jets sounded, and the grenade was shot down like rain!

That scene, it was a spectacular!

Rumble! Rumble!

I saw fire from all sides of the castle! That grenade is like **** no money!

The fire is soaring!

You know, fifteen fully automatic howitzers fire together, so even a tank can explode to pieces!

Moreover, everyone does not need to feel bad about grenades at all!

Everyone brought dozens of magazines! The magazine is not enough, go back and get it!

If there is not enough fuel, Lin Kai can change it on the spot!

Don't feel bad at all!

At that time, the scene was spectacular!

The white captain and the island soldiers were all dumbfounded.

These twenty people were dumbfounded.

Is this a **** god? Although there are many good things in the airdrop material box, there are not so many, right?

These things are a bit abnormal!

Rumble! Boom!

The grenade was shot on the street, the street was blazing, and every grenade could blow up a piece of python!

At that time, the pythons were running around, and they were also scared!

No matter how powerful they are, they can't fly!

They couldn't reach Lin Kai and others. The firepower of Lin Kai and others was still very fierce. At that time, these extremely fierce pythons could only run around!

The white captain watched this scene and swallowed.

If he hadn't seen it with his own eyes, he would suspect that he was even dreaming!

If Lin Kai thinks about it, they can bomb their castle into a pile of ruins at any time!

so amazing!

All of them admired Lin Kai in their hearts. At the same time, they were still very puzzled about how Lin Kai managed to turn a small number of airdropped materials into so many?

The white captain is not a fool either. The weapons and equipment used by Lin Kai should be the contents of the airdropped material box.

But there will never be so many equipment in the airdropped material box!

This Lin Kai is not easy!

Chapter 766: Largest Supply Box

Chapter 766: The Largest Supply Box

The bombardment lasted for several hours, and at three o'clock in the evening, these pythons obediently withdrew from the castle group.

Now, the castle group is truly safe.

No more pythons will appear.

Lin Kai and the others looked condescendingly at the three special forces in the castle, Lin Kai also smiled.

The three special forces without supplies are really ridiculous.

Seeing that they are poor, all their faces are very pale, and they are obviously hungry.

The water source is not enough. It is estimated that this group of people will not eat any more, and it is estimated that they will not live for a day.

At that time, Lin Kai took out a box of Nongfu Spring from his Qiankun bag and threw it directly.

After seeing the water, the special forces all lit up. As soon as the water hit the ground, they were robbed of them by a group of people!

In that scene, it was like a group of dogs snatching a piece of meat!

The picture is very ridiculous.

Everyone snatched some water, this water, but their hope of survival!

Then, Lin Kai threw down several packets of compressed biscuits.

Was robbed again!

These compressed biscuits can give them some energy, so that they will not starve to death so quickly.

As for the bullets, Lin Kai would not give them.

Lin Kai can protect them, but Lin Kai absolutely does not allow them to have any force that can harm him!

Even if a bullet can't kill Lin Kai, they are all ordinary people, Fatty! Hang it with one bullet!

After seeing this scene, the fat man smiled: "It's **** pitiful! But it looks so cool! Hahaha!"

Zhuang Yan also laughed: "Hehe, I just want to laugh when I think of the way they are crying when they just entered the Middle East!"

Before entering the Middle East, the most arrogant person was the white captain.

But now, the white captain was snatching biscuits and water, looking very funny.

"Come on!" Lin Kai yelled, and with a dozen people, he left the old castle where they were and returned to his base.

After returning to the castle, Lin Kai took out beer and barbecue again, and a group of more than a dozen people ate and drank! Don't worry about your supplies being used up!

Zhuang Yan and others also looked at Lin Kai with admiration.

I have to say that Lin Kai is really a very amazing person! This time in the Middle East, if there were no Lin Kai, they would never know where they would die.

But with Lin Kai, they are extremely moisturizing now!

Without Lin Kai, it is estimated that they and the white captain would not be much different.

The land of the Middle East is indeed the land of the Middle East. No wonder no one can enter for so many years. This place is really very dangerous!

Soon, one night passed.

In the morning, everyone rested well and looked towards the sky.

The airdrop supplies of all countries have arrived, and only the airdrops from the SEALs are left. I don't know what good things their countries will bring.

Of course, the terrorist team does not have airdrops or supplies.

This is their pitifulness. In fact, this time they came, they didn't want to go back alive!

They have poor equipment, poor awareness, and poor national financial resources. Apart from being a man, they have no advantages.

Their country will not send planes here, because their country has only a handful of planes!

Da da da! Da da da!

At this time, the sound of a helicopter propeller sounded and everyone looked towards the sky.

Sure enough, the SEAL's airdrop supply is coming!

From the sky, a huge airdrop material box fell!

The United States is worthy of being one of the most powerful countries in the world. The airdrop supply boxes they gave are very huge! The airdrop supply box is bigger than any other country!

After Lin Kai saw the airdrop supply box, his eyes lit up. At that time, he waved his hand and said, "Go! Brothers! Take things!"

A group of people ran in the direction of the airdrop.

Soon after, everyone arrived in front of the airdrop.

But surprisingly, the white captain did not appear.

It seems that they already know themselves, knowing that even if this thing is thrown down by a plane, it will never belong to them.

At that time, Lin Kai directly ordered the fat man to take someone to pull the thing back.

In the castle, everyone surrounded the huge airdropped material box dropped by the United States.

Almost every country's airdrop material box has its own weapons. I don't know what the airdrop material box dropped by the United States is.

After opening the airdropped material box, everyone was stupefied after seeing the contents of the airdropped material box.

The United States is so **** generous!

No one thought that there was such a thing in the airdropped material box!

Nothing else, there is a drone in the box!

Yes, it is a drone.

This is not an ordinary drone, this is a military drone, which can be attacked!

This kind of drone is controlled by a dedicated control machine. The drone is equipped with a machine gun and bomber, which is very lethal.

Not only that, the drone also has a self-detonation function, which is very powerful.

No one thought that there was such a thing in the airdropped material box in the United States.

And, in addition to attacking drones, there are many advanced weapons.

Lin Kai even saw the cluster bomb!

This thing is a large area assault weapon!

In a cluster bomb, there are hundreds of small bombs. Once the cluster bomb explodes, hundreds of small bombs will be scattered and exploded at the same time. The power is very huge!

Even this kind of weapon! Amazing!

Lin Kai couldn't help sighing in his heart that the SEALs' supply equipment is so **** powerful!

However, no matter how hard it is, these things are now all Lin Kai's!

In addition to these two weapons, there are bullets and food in the airdrop material box.

There are many bullets, thousands of them! There are also a lot of food, and they are all good canned beef!

There are also advanced equipment such as night vision devices, flash bombs, smoke bombs, grenades, and heat testers.

There are flare guns!

After Lin Kai saw their supply box, he also gave a thumbs up in his heart.

It is worthy of being the most famous special forces in the world. This equipment is incomparable to others!

But these things are all made by Lin Kai now!

Now they are all from the special battle team and the terrorist squad!

The black people in the terrorist squad have never seen such advanced weapons. After seeing these weapons, they all screamed in excitement!

At this moment, only a sound of footsteps was heard.

Lin Kai glanced down the balcony, then laughed.

I saw that the white captain took the lead, a group of twenty people, and three special forces, all came downstairs in the castle.

They want to take refuge in Lin Kai!

The white captain also looked ashamed. At the entrance of the Middle East, he insulted the rush special team.

But now, he is the one who asks for help!

Chapter 767: Take Refuge In Lin Kai

Chapter 767

The three teams, the SEALs, the Gale Special Forces, and the Bushido Special Forces, all came under the old castle where Lin Kai was located.

These three teams are extremely miserable.

His clothes were in tatters, and the gun in his hand was not as useful as a fire stick. All of them were pale, and they were obviously too hungry.

Twenty people all came under the castle and looked at the castle eagerly.

Lin Kai and others looked downstairs and laughed out loud at that time.

The fat man hugged his arms and smiled: "Yeah, this is coming to take refuge in us! Hahaha!"

There was a burst of laughter, and everyone laughed.

Looking at the white captains and them, they are all ashamed. If they were not really desperate, how could they come to Lin Kai?

They knew that after the pythons were dispatched tonight, their life and death were in the hands of Lin Kai.

If Lin Kai is willing to save them, then they can naturally be safe.

But if Lin Kai is not willing to save them, they will undoubtedly die tonight!

The white captain looked at Lin Kai on the old castle and prayed with great difficulty: "Lin Kai, I...we have come to take refuge in you."

The Ninja Captain also looked at Lin Kai and said: "On behalf of our Bushido Special Operations Team, I apologize to Lin Sang!"

Among these twenty people, only these two can speak Chinese.

Lin Kai raised his eyebrows when he heard this, and smiled playfully: "Hehe, one of you wants to assassinate me, and the other wants to poison me. If an apology is useful, what else do the police do?"

"Don't think about it, get out of here!"

Lin Kai didn't leave them any affection.

After the captain Ninja and the white captain heard Lin Kai's words, their expressions changed.

Lin Kai refused to be so unfeeling, which really made them unexpected!

"Lin Sang, you said, how can you take us in?" Captain Ninja asked with a fist.

Lin Kai smiled: "To be honest, I won't kill you, I'm already giving you face!"

All those who wanted Lin Kai to die had no good end. Lin Kai did not kill them, it was indeed enough to give the people of the islands a lot of face!

"Mr. Lin, do you really want to be so unfeeling?" the white captain asked indignantly.

Lin chuckled and said, "If you think I am unfeeling, then I am unfeeling."

"Okay!" The white captain slapped his thigh and said, "Then we won't go!"

After all, the white captain waved his hand, and a group of twenty people, all curled up under the castle.

Upon seeing this, Lin Kai was also dumbfounded.

These three special forces are not too stupid, knowing that under their castle is a relatively safe place.

After all, above the castle, there is Lin Kai and their fire cover, and this pedestrian is probably not attacked by the python.

At this time, the fat man brought a few packs of compressed biscuits and threw them down like feeding a dog.

“Eat, eat! Hahaha! Get on the road if you are full!”

As soon as Fattys packets of compressed biscuits were thrown away, twenty people were like crazy dogs at the time, and they robbed them!

Less than three seconds after the compressed biscuits fell, only the bag was left.

This group of people are really like wolves and tigers!

Lin Kai also smiled and shook his head, poor? It is indeed poor, this is the price you provoke me Lin Kai!

Everyone laughed in the castle, not taking the three special forces downstairs seriously.

Nor did he take the pythons that appeared at night seriously.

In their opinion, with their firepower, they can suppress the group of pythons!

Now everyone is waiting for the opportunity to reach the first floor!

At this moment, the roar of thunder suddenly sounded!

It is twelve o'clock at noon, but the sky is instantly covered with dark clouds, thunder sounds, lightning and thunder!

The speed of God's face changing is faster than turning a book!

Everyone looked at the sky, and the weather suddenly became so bad that everyone's heart shook.

An ominous premonition rose in Lin Kai's heart.

The weather in the Middle East has never changed! Changeable, there must be something strange!

Wow! Wow!

Soon after, the pouring rain fell and the cold wind blew, and the entire group of castles became gloomy.

Lin Kai and them are better, they won't be exposed to heavy rain in the castle.

But the white captain and them are more miserable. They are not leaving one by one, nor are they staying.

At this time, there was a brushing sound.

Lin Kai immediately looked around the castle group.

I saw countless purple pythons bursting out of the surrounding area of the castle group!

The monster python twisted its body and quickly entered the castle group!

This time, it was dispatched at noon!

Lin Kai immediately roared: "The snake is here! Ready to fight!"

With Lin Kai's words, everyone is a spirit, picked up the howitzer, and went outside the rooftop.

Looking around, in the entire castle group, all are snakes!

Moreover, this time the number is much more than before! Looking around, the entire castle group was occupied by pythons!

Moreover, this time the speed of the python's action is very fast!

They all rushed over to the castle where Lin Kai was located, as if they had been discussed!

God is helping them!

It's raining heavily, the sight is not good, and the flying machine cannot be used! Everyone can only guard in the castle!

The white captain took nineteen people, hiding downstairs and shivering.

"Fire!" Lin Kai roared angrily.

Bang bang bang! Bang bang bang!

A series of crisp jets sounded, fifteen people holding fifteen howitzers directly fired!

Rumble! Rumble!

The shells exploded directly in the python group!

Every shell can take away a group of pythons!

But this time, the group of pythons seemed to be mad. Although their companions died in front of them, they still did not shrink back and charged towards the castle!

There was a smell of blood in the air, and the group of pythons also screamed harshly.

The pressure seems a bit big!

Lin Kai frowned.

Although his teammates have excellent weapons, they can't stand the snake sea tactics of this group of pythons!

One round of pythons followed by another round of pythons, without stopping at all, this time, they don't seem to take Lin Kai and others down, never stop!

The white captain and them were almost scared to pee. They had no sense of security downstairs. Now that countless pythons died in front of them, they could only pray in their hearts that Lin Kai's firepower was strong enough to defeat this group of pythons.

Otherwise, they will definitely die!

At this moment, a small mound appeared on the ground on the street. The mound seemed to move and moved directly from a distance.

When I arrived at the old castle, I only heard a bang, and the small mound suddenly exploded!

A huge python came out of the small mound!

After seeing this python, everyone was dumbfounded.

It's so **** big!

Chapter 768: Purple Snake King

Chapter 768: Purple Electric Snake King

This python is more than fifty meters long! There is also the thickness of the van!

The whole body was covered with purple scales, shining with cold light!

Its two eyes are even more like lanterns, full of fascinating purple.

Its screams can pierce people's eardrums even more!

It is the snake king!

Purple Electric Snake King!

I saw that its body was crackling with purple electric lights. This snake can discharge!

As soon as it appeared, the group of snakes gave way, and the snake king went straight to the castle where Lin Kai was and crawled over!

Rumble!

The place where the Purple Snake King has passed is a mess! No matter how sturdy the building is, under its body, it can't withstand a single blow and all collapsed!

The hair on Lin Kai's body exploded, and he roared: "Fire! Where's the rocket launcher? Go!"

At that time, a series of shelling sounds sounded, the black people once again picked up the rocket launcher, the rocket and the grenade were fired together, bombing the Purple Electric Serpent King!

But the bombardment of rockets and grenades on the Purple Electric Snake Kings body can only stop it, and cannot cause substantial damage to it.

Because the scales on its body are so strong!

"What the **** is this monster?" the fat man shouted.

"I try it with a big pineapple!"

After all, the fat man put down the howitzer in his hand, picked up the big pineapple machine gun, and fired at the Purple Electric Serpent King!

Da Da Da Da Da!

A series of fires sounded, and the powerful bullets could only explode a large amount of sparks after being shot on the body of the Purple Electric Snake King!

Even people's scales can't be broken!

As soon as the Purple Lightning Snake King appeared, it attracted a lot of firepower from Lin Kai and the others. At that time, countless pythons took the opportunity to attack.

All of a sudden, everyone's pressure increased a lot.

"No way! Captain, if this continues, we can't stand it!" The fat man gritted his teeth and said.

Lin Kai glanced at the white captain and the others downstairs, and said, "Call them all up!"

Lin Kai was very reluctant to let them get such a sophisticated weapon.

But now, everyone is under a lot of pressure, and only these twenty people can join the battle to reverse the overall situation!

"It is good!"

The fat man agreed, even though he saw the foreigners very upset, but now everyone must work together to defeat the python group!

At that time, the fat man ran downstairs quickly, opened the door, and said, "Quickly go upstairs! Quickly!"

Upon seeing this, the white captain and others were overjoyed and almost crawled into the castle.

The fat man took them directly to the rooftop, pointed at the various weapons in the corner, and roared, "Quick! Get the gun!"

The white captain glanced at the weapons, and they were dumbfounded.

m4, ak47, bazooka, automatic howitzer, Barrett sniper rifle, flamethrower, cluster bomb launcher, the weapons can be said to be countless!

And there are also attackable drones!

Most of these weapons came from their countries. At that time, all three special forces had their own weapons.

The SEAL team chose a complex but powerful cluster bomb launcher.

As soon as the eight cluster bomb launchers joined the war, the battle situation was immediately reversed!

The python group was about to attack, but as soon as the cluster bomb fell into the python group, the power of the explosion was very impressive!

The fire is soaring!

boom!

A cluster bomb was launched, and hundreds of small bombs were exploded immediately after the cluster bomb hits the ground.

Rumble!

At that time, a fire broke out!

The Bushido Special Combat Team of the island country chose the weapon they are better at, which is the automatic grenade launcher!

Six men carrying six howitzers also joined the battle.

As for the Gale Special Forces, they use the big pineapple machine gun!

For a while, everyone was able to fight the python group!

However, ordinary pythons are easy to deal with, but the Purple Snake King is hard to deal with!

Although the firepower of the castle is extremely fierce! But the Purple Snake King is still slowly approaching!

In this way, the Purple Electric Snake King can approach the castle within a few minutes!

At that time, it can crush the castle with one tail!

At that time, everyone is going to die!

No, you must think of a way to entice the Purple Lightning Snake King, otherwise everyone must die!

Then who will lead the snake king away?

Lin Kai thought for a while, now it seems that only he has that ability.

Whether it's physical strength or speed, only you are the strongest! Go out by yourself and come back alive the greatest hope! The hope that arouses the snake king is the greatest!

At that time, Lin Kai roared: "You keep the old castle for me! I'll lead the snake king away!"

"No way, Captain! You can't go!" The fat man became anxious when he heard it.

Zhuang Yan and others also looked at Lin Kai with great concern.

Lin Kai said angrily: "At this time, only if I turn away the King Snake, everyone can survive! Otherwise, when the King Snake approaches, everyone will die!"

“Stop talking, I’ll go!”

After all, Lin Kai jumped downstairs in spite of everyone’s obstacles!

After seeing this scene, the special forces of the other three special forces also gave Lin Kai a thumbs up in their hearts.

Not afraid of life and death, he is a man!

Even the white captain’s eyes had a glimmer of admiration.

This opponent is worthy of admiration!

After Lin Kai rushed downstairs, he summoned the Unimog directly. Without saying a word, Lin Kai went straight into the Unimog and yelled at the King Snake: “Smelly reptile! He has the ability to chase me. what!”

Lin Kai raised his **** towards the King Snake and honked his whistle!

As for the Purple Lightning Snake King, he noticed Lin Kai at that time, and a chill flashed in his eyes. At that time, the Purple Lightning Snake King directly pursued Lin Kai!

And Lin Kai stepped on the accelerator and drove out directly!

However, on this road, Unimog is very difficult to walk, all of them are pythons!

boom! Snapped! boom!

The python hit on the Unimog, a very defensive muscle car, but it couldn’t stand the attack of the snakes!

In just a few clicks, this car is almost scrapped!

Behind him, the Purple Lightning Snake King had already chased him!

I saw it opened its blood basin and bite towards Unimog!

However, Lin Kai quickly opened the car door and rolled to the ground.

I saw the car **** was directly bitten in the mouth by the purple electric snake king, with a bang, the car **** was directly bitten!

What a powerful force!

Lin Xinzong was a fear, even if he had a defense of 1,500 points, he would definitely not be able to withstand this snake king's bite!

Too tough!

With a flash, I saw the hurricane has appeared in his hands!

Lin Kai didn't plan to fight it, Lin Kai only planned to escape!

Just be able to distract the snake king!

At that time, Lin Kai exploded at a speed of 500 points and shuttled among the snakes.

At this time, the Purple Lightning Snake King said coldly: "Humans, don't struggle. No one can enter the Eastern Earth Continent alive, and no one can survive under my Purple Lightning Snake King!"

Chapter 769: Swallow Lin Kai

Chapter 769: Swallow Lin Kai

After hearing the words of the Purple Electric Snake King, Lin Kai's heart slammed.

Another creature that can talk!

Lin Kai knew that in the magical world of the East Earth Continent, all creatures that could speak were possessed of super high intelligence and strength.

For example, the extremely powerful Wolf King!

The snake king in front of him is even more difficult to deal with than the wolf king!

"Senior! We didn't offend you, why bother to hunt down?" Lin Kai asked as he ran wildly.

The Purple Electric Snake King was also surprised when he heard Lin Kai's words.

"Can you understand me?" The reaction of the Purple Snake King was exactly the same as that of the Wolf King.

Lin Kai replied: "Understand! Senior!"

"Huh! You human being has some strength, but if you break into the East Earth Continent, there will only be one, death!"

The King Snake screamed and flung his tail at Lin Kai!

But Lin Kai only felt a cold wind hit behind him, and he subconsciously rolled his head and went out, and then heard a violent explosion behind him!

Rumble!

The tail of the Snake King patted over, and several ancient castles collapsed!

After seeing this scene, Lin Kai's back was sweaty.

Too tough! How could he be its opponent?

"Humans, don't run away, accept your fate!"

The snake king pursued Lin Kai, and once again swept his tail towards Lin Kai!

Facing the huge tail, this time, Lin Kai had nowhere to go!

In a panic, Lin Kai directly used his own gold token.

"Golden suit!"

With a roar of anger, Lin Kai saw the golden armor flying out of the token directly and clinging to Lin Kai's body!

Golden Battle Armor!

Golden knee pads!

Golden battle skirt!

Golden boots!

Golden gloves!

Golden battle helmet!

Golden sword!

As soon as the seven-piece suit appeared, Lin Kai was so immortal, and his whole body was golden.

At this time, the snake king's big tail also attacked.

With a bang, Lin Kai was directly involved in the purple electric snake king's tail!

At that time, huge pressure came!

After entering the Snake King's belly, Lin Kai slid all the way down, and the Snake King's belly was so stinky!

In addition, there was also highly corrosive stomach acid spilled on Lin Kai's body.

In this place, Lin Kai can't live long!

However, Lin Kai glanced around and immediately lit up.

Because the scales of the Purple Snake King are hard, but its belly is full of flesh and blood!

At that time, Lin Kai was holding a golden sword and slashed it on the snake king's intestines. At that time, blood spattered out!

The Purple Electric Snake King was about to approach the ancient castle. At this time, it suddenly screamed and rolled on the ground!

The King Snake was mad, constantly tumbling on the ground, his expression seemed extremely painful!

"Human!" the snake king roared.

Lin Kai was in the intestines of the Snake King, and began to destroy like crazy!

The long knife continued to chop and chop the snake king's intestines into a mess!

At this time, the snake king began to vomit hard!

A burst of powerful suction came, and Lin Kai's body was sucked out uncontrollably!

Can't just leave like this!

Although it destroyed the snake king's intestines, this injury was not enough to kill the snake king.

By the way, I still have grenade!

At this moment, Lin Kai had an idea, he thought of himself, still equipped with three grenade!

At that time, Lin Kai took out the grenade, all three grenades pulled off the safety ring, and threw them into the depths of the snake king's body!

At this time, Lin Kai was vomited out!

After being spat out, the snake king stared at Lin Kai with a bitter expression.

“Human, **** you!”

As soon as the King Snake said, he heard three muffled noises!

Its belly suddenly swelled three times!

Then, the snake king widened his eyes.

Its body began to stop twisting.

Wow, the snake king vomited a lot of blood!

Among them are the intestines and flesh and blood of the snake king!

“you”

The Snake King’s eyes widened, and the purple eyes were incredible.

It did not expect that this human being entered its own intestines, and was not killed by its own stomach acid.

You know, the prey it swallowed in its stomach has never lived for three seconds!

But this human did it!

After being twisted twice, the snake king’s body collapsed directly to the ground.

With a bang, the snake king’s body lifted up a large amount of dust!

The snake king is dead!

When the Purple Electric Snake King died, countless pythons around him began to fear Lin Kai.

Because Lin Kai carried the blood of the Purple Electric Snake King!

I saw countless pythons slowly receding.

The pythons in the entire castle group began to recede outward.

These pythons come fast and go fast.

Only in less than ten minutes, the entire castle group, not even a python was seen.

All disappeared without a trace!

After seeing this scene, everyone in the castle also cheered!

This time, they humans won!

Mankind survived!

Lin Kai, wearing a gold suit and holding a gold sword, stood in front of the corpse of the Purple Electric Snake King.

The corner of his mouth also showed a proud smile.

“Who said I can’t beat you?”

After saying this, Lin Kai couldn’t hold it anymore.

With a bang, he fell directly to the ground.

Fighting with the Purple Snake King, he was already seriously injured!

If it hadn’t been protected by a gold suit, his body would have been bitten to pieces by the Snake King!

Chapter 770: Level One

Chapter 770 First Floor!

I don’t know how long it took before Lin Kai finally woke up.

The first thing he saw was an extremely ugly fat face.

That was the Fatty’s face. He was lying in front of Lin Kai, snoring and sleeping.

Lin Kai slapped it subconsciously!

Snapped!

With a sound, the fat man jumped up directly: “Snake! There is a snake!”

The fat man was panicked and quickly picked up the machine gun on the side.

But Lin Kai only realized that at this time, the person in front of him was a fat man! Not a ghost!

With a slight movement, Lin Kai felt terribly painful all over, and his body seemed to fall apart.

“Hi...” Lin Kai took a breath of cold air.

“Oh my God! You finally woke up!” The fat man hurriedly moved in.

Lin Kai rubbed his painful head and asked, “How long did I sleep?”

The fat man pinched his fingers and replied, “I slept for three days!”

“Three days?” Lin Kai was surprised.

I actually slept for so long?

But think about it carefully, it doesn't matter if you sleep longer with such a serious injury.

Lin Kai's self-healing power is still relatively strong, such a serious injury, in three days, he has almost recovered.

He is still in that small castle.

“Did the python attack in the past three days?” Lin Kai asked.

The fat man shook his head and replied, “No, since you killed the snake king, there have been no pythons to attack us.”

“Where are the SEALs?” Lin Kai asked.

Now that these three special forces have got the equipment, they are very likely to threaten Lin Kai and others to submit to them because of the large number of people.

The fat man replied: “After they got the equipment, they have been very behaved, knowing that you saved their lives, so one by one, they stayed outside!”

Lin Kai breathed a sigh of relief after hearing what the fat man said.

“By the way, this is something from that snake king, here it is.”

The fat man took out a piece of jade from his pocket and gave it to Lin Kai.

The jade is blue, extremely beautiful and crystal clear.

After Lin Kai saw this jade, his eyes lit up!

It's actually Shuiyu!

That's right, the water jade among the five element jade!

Five elements jade, Lin Kai already has a piece, that is fire jade.

Unexpectedly, the snake king actually carried a piece of water jade!

If you can collect five jade stones, you can draw a jade talisman, that is, the extremely powerful five-element talisman!

When the five-element talisman comes out, you can keep one party safe!

"Good stuff!" Lin Kai said indifferently, picking up Shuiyu.

The fat man asked, "What is this?"

Lin Kai replied: "You don't understand, this is a good thing!"

After that, Lin Kai stood up.

After sleeping for three days, Lin Kai felt that he was a little urinary. At that time, he rushed out of the castle, found a place where there was no one, and started to clarify.

The great battle three days ago destroyed almost all the buildings around the castle!

The entire castle group looks desolate! Only the old castle where Lin Kai was located stood still.

After a short explanation, Lin Kai was shocked when he turned his head, and saw that five special forces had been gathered!

Fully equipped SEALs!

A fully organized horror team!

Two Gale Special Forces died!

The Bushido Special Combat Squad who died two people!

There is also a special battle team that died!

Everyone looked at Lin Kai, and saw them lined up, their faces were serious, and their eyes were full of admiration.

"salute!"

Zhuang Yan gave an order, brush! Thirty-five people saluted Lin Kai.

Lin Kai was taken aback: "What are you doing?"

At this time, I saw the Ninja Captain of the Bushido Special Operations Squad in the island country stand up.

He looked in admiration and said, "Lin Sang, in the battle three days ago, your performance made us sigh at inferiority!"

"You saved our entire team!"

"Miyamoto Hanzo's matter, we decided not to pursue it any more!"

At this time, the white captain also stood up and said: "Lin Kai, you are very strong, you are a great opponent!"

"We understand that we made a lot of mistakes before, which resulted in us not being able to get equipment and resources. All of this is our own responsibility!"

"But you saved us twice at the most dangerous moment! Our SEAL team is not a gratuitous white-eyed wolf. We remembered this kindness!"

The white captain said with a serious face.

The members of the Gale Special Forces team followed the white captain.

Hearing this, Lin Kaixin was very moved. He didn't expect that he would affect so many people!

"Well, don't thank me, this time, we are in a competitive relationship, not a hostile relationship!"

"I saved you because I am a Chinese soldier!"

"To be honest, I think you are not pleasing to your eyes. If I were not a soldier, I would never save you!"

As soon as Lin Kai said something, a burst of laughter rang out.

The white captain also scratched his head, he didn't expect Lin Kai to be so honest!

At this moment, there was a loud bang, and the ground suddenly trembled!

Everyone looked into the distance!

I saw that the barrier on the far horizon has changed!

The barrier that prevents everyone from entering the first layer seems to have changed!

There was nothing in that barrier, and nothing could be seen.

But at this time, the switch of that layer of barrier seemed to have been turned on, and everyone saw the scenery inside the barrier!

After seeing the scenery in the barrier, everyone's breathing is quick!

I saw within the first floor, there is a mountain!

A huge mountain!

It's like a fairyland! The sun is shining, white clouds are fluttering, birds and flowers are scented, and the scenery is pleasant.

At the top of the mountain, there is a golden palace!

The golden palace is shining like a holy place!

And from the foot of the mountain to the top of the mountain, there is a golden ladder!

The stairs lead directly to the palace! Ten thousand steps! Very sacred!

Is this the first floor?

Everyone held their breath and looked at the first floor in front of them silly.

"It's so beautiful, is this a fairyland?" At this time, the fat man couldn't help but ask to himself.

Everyone was stunned.

Lin Kai also looked silly, he had never seen such a beautiful place.

Suddenly, he remembered what the Red-Eyed Wolf King had said to himself.

He said that the land of the Middle East is not called the land of the Middle East, but the continent of East Earth!

Dongtu Continent, used to be a holy land for cultivation!

So, will this continent have a royal family?

The first floor I saw was where the royal family lived?

Is it a representative of supreme power?

Lin Kai couldn't confirm these.

At this time, the white captain looked at Lin Kai and said: "Lin Kai, I admire you very much, but this does not mean that I am afraid of you!"

"On the next road, our SEAL team will definitely go all out!"

The ninja captain of the Bushido Special Combat Team of the island nation also said at this time: "Lin Sang, I look forward to your performance."

Chapter 771: Temple

Chapter 771

After that, the SEALs and Bushido Special Operations team set off.

The two teams hurried to the first floor. They both wanted to climb to the top of the mountain, and then put their national flag on the top of the mountain!

Zhuang Yan, who saw this scene, looked at Lin Kai, "Shall we go too? No delay."

Lin Kai nodded and said, "Go!"

Having said that, Zhuang Yan led the team members to simply pack up their own equipment and hurriedly walked up the mountain.

The journey went smoothly, and the three special teams soon came in front of the huge barrier.

After passing through the barrier, everyone felt as if they had come to another world.

A paradise!

The air is extremely fresh, and one sip is full of satisfaction.

The climate is also very good, neither hot nor cold.

The spring breeze was blowing, and facing the bright sunshine, everyone's nervous mood relaxed a lot.

As soon as they looked up, everyone saw the long steps!

Ten thousand steps!

And at the end of the mountain is the golden palace!

Whoever can put the national flag outside the gate of the palace is the final winner!

“Go!” At this time, the SEAL captain yelled, and the team immediately set off toward the steps.

But when they first came to the steps, they magically discovered that they were a group of eight people, but not everyone could climb the steps.

Beyond the steps, there seemed to be an invisible barrier preventing them.

Of eight people, only six can climb the steps.

“Huh? What’s the situation?” The fat man frowned.

Lin Kai also looked at the huge steps in front of him with interest.

The five floors in the Middle East are more dangerous, and the stairs in front of them are not that simple.

Lin Kai still remembered the trial steps he had climbed when he was in Jiulong Mountain. Each step of that type had corresponding difficulty.

Maybe the stairs in front of the sky are similar to the kind of test stairs.

At this moment, only a line of golden font appeared in front of everyone!

The golden fonts are ancient texts, and no one can understand which era it is.

Of all the people present, only one person can understand, and that person is naturally Lin Kai.

Lin Kai has the ability to extract Fulu and is proficient in thousands of Chinese characters. Naturally, Lin Kai can’t be troubled by the ancient texts in front of him.

“The temple, the most sacred temple in the East Earth Continent, is the place where the Immortal Master Jin Yu sits and transforms. The Immortal Master Jin Yu lived at the age of 508, and his highest cultivation level was in the middle stage of the transformation.

“The place where Immortal Master Jin Yu regrets most is the temple.”

“Those who are destined can get the temple.”

“Wanzhangxian, those who are predestined can go.”

After seeing these few words, Lin Kai's eyes lit up.

In the palace in front of you, there is the inheritance of a cultivator!

Moreover, it is still the cultivation of God!

Cultivators are divided into the following levels: Qi training period, foundation building period, golden core period, Nascent infant period, God transformation period, and true immortal period.

Each major level is divided into four small levels.

The next, mid, late, and consummation.

The Huntian Jue practiced by Lin Kai is a technique used by immortal cultivators and is very profound.

But now, he is the perfect cultivation base during the Qi training period.

It seems that the Middle East is really a holy land for cultivation!

Even masters like the Huashen Period exist!

Those who can't go up the stairs are those who have nothing to do with inheritance!

At this time, the ninja of the island country also began to walk upward.

It was amazing, of the six ninjas, only four ninjas walked up.

The six members of the Gale Special Forces were the same, only four of them walked up.

As for the black army, all eight people went up!

At this time, the seven members of the Huaxia Kingdom.

With Lin Kai taking the lead, everyone ascended the steps.

And Lin Kai and the others were also very lucky. Seven of them all stepped up the steps!

Even rhubarb has climbed the steps!

At this time, before everyone's eyes, a line of ancient prose appeared again.

"The first test, the character, the person who has bad character, can't climb to the fairy rank."

The first test is actually character!

Lin Kai glanced at the people behind him and shook his head. There is no doubt that there is a problem with their behavior.

Everyone then walked up, and after a while, another invisible barrier appeared in front of them.

This time, everyone walked up again.

Of the six SEALs, four of them did not board!

Only the white captain and one team member boarded the fairy tier.

The eight people in the horror squad are even more miserable. Of the eight people, only one has reached the immortal level, and that is the black captain.

The Bushido Special Combat Team of the island country is more fortunate.

Of the four ninjas, three of them all reached the fairy tier.

As for the Gale Special Forces team, only the captain was on the stage.

Next, it's time for China's special team.

Lin Kai took the lead and led everyone to the fairy step. Lin Kai directly boarded the fairy step without any obstacles.

And Rhubarb jumped up too, Rhubarb stretched out his tongue and breathed, his face was unclear.

Of the seven people in Lin Kai's party, five of them have reached the immortal level!

Tian Guo and Ye Cunxin were the two people who hadn't ascended the immortal stage.

At this time, another line of words appeared in front of everyone.

"Those who have no spiritual roots have no chance of being immortal."

Linggen?

Lin Kai understood that it was a must-have thing for a cultivator.

People don't necessarily have spiritual roots, some people have it, and some people don't.

Those who can't ascend to the immortal ranks are those without spiritual roots.

Everyone walked up again, and after a while, another invisible barrier appeared in front of everyone.

This time, it was more miserable.

As for the SEALs, only the white captain made it to the immortal level.

No one can get on the Gale Special Forces!

In the Bushido Special Combat Team, only Captain Ninja has made it to the fairy tier.

And the black group, all eliminated!

For the front-end special team, only Lin Kai, Leng Feng and He Chenguang have reached the stage of immortality.

Rhubarb has also reached the stage of immortality.

Soon after, another row of words appeared in front of everyone.

"Those who are over twenty-five years old cannot ascend to the immortal stage."

It turns out that the immortal teacher inherits, but also chooses age!

So far, only five people and a dog have reached the stage of immortality.

Everyone has ascended to hundreds of immortal ranks, looking backwards, the people of several special forces, all looked at the five people on the immortal ranks.

In everyone's eyes, there is only expectation!

Lin Kai waited for a few people and walked upward again.

The barrier appeared in front of everyone again. At this time, everyone seemed to understand that these barriers were a test for everyone.

Everyone walked towards the barrier without stopping.

But at this time, Lin Kai frowned.

There is something wrong with the barrier in front of you!

The barriers just now are all invisible, like a layer of foam.

However, the barrier in front of him was tangible. It seemed harmless to humans and animals, but it gave Lin Kai a feeling that there was no silver in this place.

“Wait a minute.” Lin Kai suddenly stopped He Chenguang and Leng Feng.

Chapter 772: Xianjie

Chapter 772

“What’s the matter?” He Chenguang and Leng Feng turned their heads at the same time and looked at Lin Kai with a look of confusion.

Lin Kai frowned and said, “I feel something is wrong.”

As soon as Lin Kai finished speaking, he only heard two muffled sounds!

The white captain and the ninja captain had just touched that invisible barrier, as if being hit by a heavy punch. The two of them were pale, and their bodies flew back directly!

Thump thump! There were two sounds, and both of them landed.

With a wow, both of them spewed blood.

Sure enough, this barrier is not that simple!

At this time, four characters appeared from the barrier.

“Those who are destined enter.”

Predestined?

Who is predestined?

Lin Kai frowned.

Captain Ninja stood up and scratched his head: “Nani?”

At this moment, he came to Lin Kai and asked, “Lin Sang, what do these four words in front of him mean?”

Lin Kai replied: “Those who are destined will enter.”

“Those who are destined?” The island ninja looked puzzled.

What is destiny? No one understands.

At this moment, He Chenguang jumped out and said, “I want to try it!”

Lin Kai saw this but did not stop it.

The first few barriers have obvious requirements, and only those who meet the requirements can ascend to a higher immortal level.

But the barrier in front of him only asked for a fate, and everyone was puzzled.

I don't know who is predestined.

He Chenguang walked over, his hand tentatively touching the barrier.

The white captain and the ninja captain also stared at He Chenguang intently. As a competitor of Chenguang, they naturally hope that He Chenguang will also look at them and be bounced back!

Sure enough, as soon as He Chenguang touched the barrier, his body was blown back directly!

thump!

He Chenguang fell to the ground. At this time, He Chenguang was pale and wowed out a mouthful of blood.

The power of that barrier is very powerful!

Upon seeing this, Leng Feng frowned.

He said, “I'll try it too!”

Having said that, Leng Feng also stepped up, but his fate was the same as He Chenguang's. A few seconds later, another vomiting blood appeared.

Five people, four of them have no fate.

Lin Kai was the only one left now, and everyone looked at Lin Kai.

Among the group of people who entered the Middle East, Lin Kai's performance was remarkable, and the strength he showed was also extremely strong.

Is it possible that he is the so-called predestined one?

“Captain, you are the only one left.” He Chenguang looked at Lin Kai.

Lin Kai nodded. At this time, Lin Kai had no way of retreating. At that time, Lin Kai strode towards the barrier.

When Lin Kai touched the barrier, a huge force came!

Afterwards, Lin Kai’s whole person was lifted out!

With a plop, Lin Kai’s body hit the ground severely.

However, Lin Kai’s physical fitness is extremely strong, and he did not vomit blood.

But even so, Lin Kai still felt that the internal organs were tumbling, and the rebounding force of this barrier was very powerful!

Seeing Lin Kai also bounced back, the white captain and the ninja captain were also relieved.

Seeing that even Lin Kai had no fate, they were relieved.

And He Chenguang and Leng Feng both sighed.

Is it possible that among them, there are no destined ones?

“It seems that none of us are destined!” The white captain bowed his head and sighed.

Everyone was silent.

Five people were all bounced back, the barrier was like an impenetrable gap, and everyone felt a little desperate.

Is it possible that no one can climb to the top of the mountain today?

But at this moment, a trace of anger flashed in Lin Kai’s eyes.

Damn it, since I entered the Middle East, I’ve been angry everywhere, now even a barrier wants to bully me?

I’m not fate? Lao Tzu is the system hitter!

You dare to say that I’m not destined?

At that time, Lin Kai’s anger rose, and he reached out and grabbed the golden sword.

“Fuck, I hacked you!” Lin Kai cursed, holding the golden sword, and strode over.

“Lin Kai! Don’t be impulsive!”

He Chenguang yelled.

But Lin Kai couldn’t listen at all, and saw Lin Kai rushing over with the Golden Sword directly.

“Drive me!”

Lin Kai let out a roar, and slashed it with all his strength!

Seeing that Lin developed a roar, Rhubarb also yelled, rushing towards the barrier!

Originally, Lin Kai thought that the barrier in front of him would be very hard, and he wouldn’t be able to split the barrier in front of him with this sword.

But something unexpected happened to Lin Kai.

I saw that Lin Kai’s sword smashed into the barrier very easily.

Due to excessive force, Lin Kai was taken directly to the other side of the barrier.

boom!

I saw the golden sword in Lin Kai’s hand slashed to the ground fiercely, and the steps were cut into a hole.

Lin Kai was stunned.

Even the rhubarb followed through the barrier.

“Ok?”

I actually came in?

The barrier in front of you, the rebound force just now was so strong, wouldn’t it be split by yourself with such a sword?

Not only was Lin Kai stunned, but the others were stunned.

The white captain and the ninja captain both widened their eyes and looked at Lin Kai with incredible expressions.

“Lin Kai, this...” He Chenguang’s eyes widened and his expression was incredible.

He once again touched the barrier in front of him, but a huge force immediately spread from the barrier, and He Chenguang flew out!

What's happening here?

Is it possible that the barrier in front of you is hard to eat soft?

At this moment, a few big characters appeared in front of Lin Kai.

"The brave, the one who is destined."

The brave?

After seeing this line of words, Lin Kai had an epiphany.

The so-called fate is actually courage!

The courage to overcome difficulties!

That's it.

If Lin Kai had given up climbing the Immortal Stage after his first failure, then he would never be a better player in his life.

But as long as you muster up the courage and are not afraid of failure, you can easily cross the barrier in front of you!

At this time, Lin Kai glanced at He Chenguang and the others, and said, "This barrier is better, and better, you guys!"

"What is needed is courage!"

"The brave, the one who is destined!"

Lin Kai said a few words to He Chenguang and the others, and instead of waiting for them, he walked directly to a higher immortal step.

He Chenguang and Leng Feng looked at each other with doubts in their eyes.

Brave, who is destined?

The white captain and the ninja captain also looked at each other. Now that Lin Kai and the dog are up, there must be a way to pass the barrier in front of you!

Ever since, the four of them all started to imitate Lin Kai and started to rush upwards!

Lin Kai walked up along the fairy steps.

At this time, Lin Kai had already walked thousands of times.

Not long after leaving, only a box appeared in front of Lin Kai.

Chapter 773: Treasure Chest Inheritance

Chapter 773

I saw that it was a big bronze box. The big box looked like it was made of bronze. It was a bronze ware. It was very valuable!

Such a big box, placed above the immortal stage, is very eye-catching!

Lin Kai looked at the big box in front of him, also quite curious.

At this time, two lines of font appeared in front of Lin Kai.

“This is the bronze-level inheritance of the Golden Feather Immortal Master. If you don’t have the confidence to take it to the next level, you can open the bronze treasure chest and gain the inheritance.”

“If you cross this immortal step, the bronze treasure chest will no longer exist, and there will be no turning back.”

After seeing these two lines of fonts, Lin Kai touched his chin and looked at the bronze treasure chest in front of him.

Inside the bronze treasure chest, is the inheritance of Master Jin Yu.

However, since Immortal Master Jin Yu put it here, it shows that the inheritance in it is not particularly valuable.

If you choose to open the bronze treasure chest, it means that you have given up the more precious inheritance on the fairy tier.

But if he chooses to continue walking upwards, he will most likely not be able to reach the next level and gain a higher level of inheritance. Looking back, the bronze treasure chest will also miss him.

This is forcing Lin Kai to do a multiple choice question!

But Lin Xiong can see a mere bronze treasure box?

Lin Kai naturally looks down upon it!

As the owner of the system, Lin Kai thinks that his destiny is extraordinary!

He is a cultivator of immortality, possesses a powerful technique, and he is determined by heaven and earth!

It was a mere bronze treasure chest, and Lin Kai dismissed it.

At that time, Lin Kai strode towards the immortal step above.

That is to say, after taking such a step, looking back, I saw that the bronze treasure chest had disappeared.

But it didn't matter, Lin Kai continued to walk upward.

Soon after, a barrier appeared in front of Lin Kai and Rhubarb.

This barrier is directly marked with a line of characters: In the East Earth Continent, all are mortals. This barrier tests the strength, speed, and physical stamina of the trespassers.

Strength, speed, physical fitness?

It seems that this Immortal Master Golden Feather does not want to be inherited from him, he is a weak chicken!

At that time, Lin Kai strode towards the barrier in front of him.

As soon as I approached the barrier, I only heard a swish, and a sharp arrow shot out from the barrier! Take Lin Kai's face straight!

But Lin Kai's reaction was extremely fast, and his speed was extremely fast. He turned his head and avoided the sharp arrow!

But this is just the beginning.

After that, there were a few more swishes, countless sharp arrows shot out from the barrier, and shot towards Lin Kai's body without warning!

Although these arrows shot tricky, they also left Lin Kai leeway.

But most people certainly don't have the speed and reaction to dodge.

But Lin Kai is different.

He has 500 points of speed and reaction. At that time, Lin Kai immediately jumped into the air, turned a somersault in the air, and perfectly avoided those sharp arrows!

This was not over yet, and then, with a few more swishes, a few sharp arrows shot at Lin Kai once again, without giving Lin Kai a chance to breathe!

But Lin Kai still dodged the past with his powerful speed and reaction.

At this time, a line of large characters appeared on the barrier again.

“Pass the speed test.”

This line of big characters had just appeared, approaching, Lin Kai found that the fairy steps under his feet actually moved!

Xianjie actually retreated quickly! Take Lin Kai back!

Can not do it! I can't go back!

It's hard to reach the current height. If you go back, don't you have to give up all your efforts?

At that time, Lin Kai rushed towards the fairy steps!

It was as if a person was running wild on the elevator going downstairs.

But the difference is that the speed at which the fairy rank descends is extremely fast!

Very exhausting!

Lin Kai kept running like this, running wild for an hour.

Xianjie then slowly stopped, and a line of big characters appeared: “Passed the physical test.”

Looking at Lin Kai again, the speed just now was extremely fast, but for Lin Kai who has 500 points of speed and 500 points of stamina, it is simply a piece of cake!

“Please use your fist to break the barrier in front of you.”

At this time, another large line appeared in front of Lin Kai.

It seems that this is to test Lin Kai's strength!

Lin Kai squinted and looked at the barrier in front of him. At that time, Lin Kai shouted and slammed his fist against the barrier!

At that time, only a bang was heard, and the barrier was shattered!

You can go up!

Lin Kai patted Rhubarb on the head. Rhubarb has been following Lin Kai for the test, no matter if it was a test of speed or physical strength.

This guy can be considered a powerful animal.

Walking up with the rhubarb, another treasure chest appeared in front of Lin Kai.

The treasure chest in front of me was silver, and it looked like it was made of silver.

Silver treasure chest!

It seems that this silver treasure chest is more advanced than the bronze treasure chest.

This is the silver treasure chest.

Rhubarb curiously sniffed the silver treasure chest with his nose at this time, his face was unclear.

Another line of font appeared in front of Lin Kai, probably meaning the same as before.

Just miss this village, there will be no such shop.

Silver treasure chest? I look down on it!

At that time, Lin Kai strode up again.

It didn't take long to see another barrier appeared in front of Lin Kai.

What is the test of this barrier? Lin Kai looked at the barrier in front of him with interest.

"The talent tests the barrier."

Talent test barrier? Lin Kai looked at the talent test barrier in front of him curiously.

Lin Kai knew that those with spiritual roots can cultivate immortals.

However, even if he had spiritual roots, he might not be able to cultivate to the level of Jindan Yuanying.

And talent is very important.

Lin Kai walked to the barrier, and after entering the barrier, Lin Kai felt that he was now X-rayed by a doctor in the hospital.

This barrier penetrated Lin Kai's body and seemed to be checking every corner of Lin Kai's body.

Soon after, such a line of font appeared in front of Lin Kai.

"Extraordinary talent, please pass."

Extraordinary talent?

This barrier is so easy to pass?

Lin Kai crossed the barrier.

But behind, there is rhubarb.

When Rhubarb saw that Lin Kai had already passed by, it followed him. Then, seeing the barrier, he began to test Rhubarb's talent.

Soon after, the barrier gave a hint.

"Enchanted talent, please pass."

Enchanting talent?

Lin Kai has a black question mark on his face. Is it possible that rhubarb's talent is stronger than himself?

Rhubarb's face was unclear and violent, and wagging his tail, followed by swaggering.

Sticking out his tongue and panting, he looked like a silly dog.

This thing has a talent for evil?

But think about it, if it doesn't have the talent of evildoers, how did it cultivate to the martial arts level?

Really awesome!

At this time, in front of Lin Kai, a huge treasure chest appeared!

A huge treasure chest, shiny and golden all over! It looks very noble.

This is the golden treasure box!

The prompt is the same as before, if you miss it, there is no turning back!

But Lin Kai didn't like the golden treasure chest.

Chapter 774: Diamond Treasure Chest

Chapter 774 Diamond Treasure Chest

Lin Kai looked down on the golden treasure chest in front of him, and even Rhubarb looked down on him.

After all, it is a dog with a wicked talent.

Then, one person and one dog, and then walked up.

Not long after leaving, a barrier appeared in front of Lin Kai and Rhubarb again.

This barrier looks very special.

Because this barrier is very thick!

It is ten meters thick!

And above the barrier, there is a line of big characters.

“Test of perseverance.”

This barrier tested Lin Kai's perseverance!

Lin Kai and Rhubarb looked at each other, one person and one dog, and they walked directly to the barrier without hesitation!

As soon as he entered the barrier, Lin Kai immediately felt tremendous pressure!

It was like a big mountain pressing on Lin Kai's body! It is difficult for Lin Kai and Rhubarb to move an inch!

What a strong pressure!

This was Lin Kai's first thought.

You know, Lin Kai and Dahuang are not ancient warriors, they are just ordinary people. Such a strong pressure made it difficult for one person and one dog to breathe.

It's so uncomfortable!

Not only that, but there was a cold wind blowing on your face!

The cold wind feels more than forty degrees below zero!

At that time, both Lin Kai and Da Huang's legs trembled.

This is so **** uncomfortable!

After a while, I saw that Lin Kai's body had been frozen out of ice.

Even the nasal mucus was frozen under Lin Kai's nose, it can be described as a beautiful cold person!

Rhubarb is also very miserable. Although all attributes of Rhubarb are not inferior to Lin Kai, after facing such a strong pressure and cold snap, Rhubarb has also been frozen into a stupid dog.

Trembling.

One person, one dog, it's hard to take a step forward!

Lin Kai gritted his teeth and forcibly controlled his body to go up. Every step he took took great courage!

Because every step you take, the pressure will be greater!

The cold wind was blowing, seeming to persuade Lin Kai to give up!

But Lin Kai, and Qi again, is the one willing to give in?

At that time, I only heard Lin Kai roar and walked up!

"I'm not convinced!"

After taking a step up, Lin Kai suddenly seemed to feel that the surrounding cold wind had begun to disappear. Instead, there was a warm current.

It's like walking into an air-conditioned room in a cold winter, making it extremely comfortable.

But this kind of comfort only made Lin Kai and Dahuang comfortable for a few seconds.

Then they started to feel hot all over!

Very hot!

The temperature is like in the stove!

The ice on their bodies began to melt, and sweat began to erupt on their heads. Lin Kai and Rhubarb were like two Beijing roast ducks, waiting for themselves to be cooked in the oven.

“Damn!”

Lin Kai cursed, he doesn't believe in evil!

He doesn't believe in himself, there is no way to pass here!

I have an extraordinary destiny! Haven't seen any big winds and waves? Isn't it the inheritance of a master Jinyu? I won't get it?

I just want to go up!

At that time, Lin Kai almost used all his strength and took another step!

At this step, the pressure suddenly disappeared, and a breeze blew, Lin Kai felt like a spring breeze, and felt relieved all over.

Rhubarb also followed, one person and one dog, looking at each other with a smile, only two words on his face, relaxed.

They survived!

Cool!

At this time, Lin Kai couldn't help but laugh!

Passed!

At this moment, looking at Lin Kai's front, it was another treasure chest.

This treasure chest is golden, but it is not golden, but platinum!

The noble platinum looks extremely noble, shining and eye-catching.

The platinum inheritance is almost a relatively high-level inheritance left by Immortal Master Jin Yu. Those who can walk here are all dragons and phoenixes.

The reminder that the platinum treasure chest gave Lin Kai was similar to the previous treasure chest.

Lin Kai just glanced at the platinum treasure chest, then continued to walk up.

At this time, Lin Kai was getting closer and closer to the top of the mountain.

Not long after they left, Lin Kai and Rhubarb came to a barrier again.

A line of words appeared in front of the barrier, meaning very simple.

“Congratulations, you ignore the platinum treasure chest, which proves that you have huge ambitions. The inheritance of the Golden Feather Master needs to be inherited by ambitious young people, but only one person can obtain the inheritance of the Golden Feather Master, and kill your companions. , You can immediately obtain the inheritance of the Golden Feather Fairy!”

Just such a simple sentence made Lin Kai frown.

Kill your own companion?

rhubarb?

Rhubarb clearly understood the line, and it looked at Lin Kai.

But in its eyes, there is no killing intent, only affection.

Lin Kai brought it out of the wild forest and never regarded it as a dog, but regarded it as his companion.

It had already identified Lin Kai as the master.

During this time, Lin Kai and Rhubarb had almost become relatives.

So just looking at the rhubarb, Lin Kai laughed.

“Haha, let me kill my companion? What kind of **** Jinyu fairy master inheritance! Six relatives don't recognize it, don't worry!”

After that, Lin Kai touched Rhubarb's dog's head, turned and prepared to leave.

But at this moment, the barrier in front of him suddenly disappeared.

A line of font appeared in front of Lin Kai again.

“Congratulations, you have passed the test. Immortal Master Jin Yu hopes that his inheritors will have flesh and blood and true feelings. If you kill your companions, Immortal Master Jin Yu's inheritance will completely miss you.”

After seeing this line of words, Lin Kai was also overjoyed.

This is a mistake and a collision, unlocking the inheritance!

“go!”

At that time, Lin Kai strode over with Rhubarb.

Soon after, a treasure chest appeared in front of Lin Kai.

This treasure chest is very huge, it's transparent, it is made of diamonds, it is shining, and it is very expensive!

Diamond treasure chest!

This level of treasure chest is almost the inheritance of the bottom level of the Golden Feather Master!

To be honest, even Lin Kai himself was a little moved.

Open the treasure chest? Or keep going up?

After pondering for a while, Lin Kai looked away from the treasure chest. Although the diamond treasure chest was alluring, there must be something better waiting for him above it!

go!

At that time, Lin Kai took the rhubarb and strode towards a higher place!

But after walking for a while, Lin Kai did not see the so-called barrier.

What about the barrier? The test? Why are they all gone?

Lin Kai was at a loss.

Continue to walk upwards. After walking for about ten minutes, Lin Kai suddenly saw that there was a person above!

Someone unexpectedly? How can there be people in this place?

Is it possible that it is the fairy master Jin Yu?

impossible! Immortal Master Jin Yu has already ascended already?

It's not Fairy Master Jin Yu, who can it be? Lin Kai was at a loss at this time.

He strode towards the man, and Rhubarb also pricked his ears, looking at the man in front of him warily.

After walking for another few minutes, Lin Kai saw the man clearly.

After seeing that person's face, Lin Kai's goose bumps all over his body at the time!

I rely on! In this world, there are actually such people?

That's not alone! That's a demon!

Chapter 775: Phantom

Chapter 775

I saw that it was a giant two meters tall!

The appearance of a giant is extremely ugly.

The mouth is very big, the teeth are exposed to the air, and the body is full of muscles!

It does not look like a human at all!

He stood on the immortal step with a huge mace in his hand!

This one is the guardian of the fairy rank!

Defeat him, you can get the inheritance behind him!

"I'm going, what kind of monster is this?" Lin Kai's heart tightened.

This guy seems to be amazing!

Lin Kai looked at him, he also looked at Lin Kai, the giant holding a mace, slowly walked towards Lin Kai.

"Human, are you here to inherit the inheritance of Master Jin Yu?"

The giant asked in a hoarse voice.

Lin Kai nodded and said, "Exactly."

"In that case, come on and fight!"

After the giant said, he roared and ran directly to Lin Kai! The mace, which was like a telephone pole, slammed it over!

Fuck me! Do you want to fight?

At that time, all the hairs on Lin Kai's body exploded. He understood that the monster in front of him was very powerful!

Lin Kai didn't dare to be careless. At that time, Lin Kai directly summoned the gold suit!

As soon as the golden suit appeared, Lin Kai held the golden sword and greeted it directly!

Bang!

Lin Kai's golden sword struck with the mace in the giant's hand!

Originally, Lin Kai's strength was very formidable, and coupled with the blessing of the golden sword, this sword was enough to cut through hard rocks!

But the giant's power was even stronger, and when he went down with a mace, Lin Kai only felt that the tiger's mouth was numb, and his hands were a little unable to hold the golden sword, and his body went back several steps!

Humph!

After Lin Kai stepped back a few steps, he looked at the giant in front of him with surprise, what a powerful force!

The giant roared and chased him again!

call!

The mace struck Lin Kai once again!

"Rhubarb! Go!"

Lin Kai greeted him with a roar.

The immortal steps are not big, a total of two to three meters wide, and the giant hits from the top down, which can be said to have suppressed Lin Kai firmly.

Therefore, Lin Kai must find a way to get to the top of the giant to suppress him!

boom! boom! boom!

The weapons in the hands of the two collided once, and Lin Kai retreated steadily!

But the rhubarb roared at this time, it shook its head, and began to transform!

From a native dog to a huge tiger!

While Lin Kai was fighting with the giant, the rhubarb jumped directly from behind, biting the giant's neck with one bite!

But even though Rhubarb had exhausted his strength, it had only broken the giant's skin.

At this time, the giant roared, his hand directly grabbed the rhubarb, and then slapped the rhubarb on the ground!

"Ah..." Rhubarb let out a scream.

And Lin Kai also took this opportunity to come behind the giant and suppress the giant from above!

The golden sword slashed out directly! Take the giant's head straight!

This sword cut extremely smoothly.

boom!

I saw Lin Kai slashed on the giant's head with a sword, but the giant's head was only sparked with sparks, not even the skin was broken!

At that time, Lin Kai was stunned.

Is this still a feather?

At this time, the giant slowly turned around and looked at Lin Kai.

But Lin Kai's hand holding the Golden Sword trembled.

The two are not on the same level at all! He can knock himself to death with just a stick! And when I tried my best, I couldn't even break other people's skin!

"Roar!" The giant roared once again, and he threw a stick at Lin Kai!

Lin Kai also felt a sense of crisis in his heart!

wrong!

At this time, Lin Kai suddenly had an idea in his heart.

The people who enter the Middle East are ordinary people, this, the ascending Master Jin Yu must know!

His inheritance is in the temple!

He wants someone to come and get his inheritance.

Then, knowing that the people who stepped up to the Immortal Stage were ordinary people, he would never arrange for such a powerful giant to guard here!

Because, without true energy and spiritual power, no one is a giant's opponent!

Besides, Immortal Master Jin Yu has been soaring for more than 500 years, what guardian can guard here for more than 500 years?

There is only one explanation. The giant in front of you is fake!

It's an illusion!

Lin Kai narrowed his eyes. At that time, Lin Kai stood still and looked at the giant.

"Haha, just illusion!"

"Golden pupil!"

The golden pupil can not only see through the treasure, but also can be used to see through the illusion!

As soon as the golden pupil was activated, the giant in front of him suddenly let out an unwilling roar!

The body began to fall apart!

The whole person disappeared into the air.

Above the immortal steps, it was empty. Just now, Lin Kai had only been fighting the air for a long time.

Lin Kai walked out, and Rhubarb naturally walked out.

At this time, I saw a line of large characters written on the barrier in front of me.

"This level will test the mind and strength of the challenger. Congratulations, you have passed the level."

Then, Lin Kai and Rhubarb easily stepped over the barrier.

I saw that behind the barrier, a treasure chest appeared in front of Lin Kai.

This treasure chest is black!

On top of the black treasure chest, there is a golden dragon entwined!

Supreme treasure chest!

The supreme treasure chest is almost the top treasure chest on this immortal level.

Looking up, the temple was not far from Lin Kai.

It was really not easy to get to this point, and Lin Kai hesitated.

Do you want to keep going up? After all, the giant just now almost trapped himself on the immortal rank!

To be honest, Lin Kai still wanted to continue walking upward, but the dangers were so high that Lin Kai did not dare to say that he could come back alive.

You can go up by yourself, but there is no need for Rhubarb to risk following yourself.

Lin Kai touched Rhubarb's head and smiled dozingly.

"Rhubarb, you open this treasure chest, I will continue to look up." Lin Kai said.

But Rhubarb also understood what Lin Kai said, and saw Rhubarb nodded and walked to the Supreme Treasure Chest.

But Lin Kai watched Rhubarb walk towards the Supreme Treasure Chest. Rhubarb bit the treasure chest with his mouth and opened the treasure chest.

With a brush, a golden light lit up!

I saw a golden object, got into the body of Rhubarb!

As soon as the golden object got into Rhubarb's body, Rhubarb's vitality immediately recovered!

But in an instant, the true energy of rhubarb was rapidly weakening!

From Martial Saint to Martial Master instantly!

From the martial artist to the martial artist instantly!

From the warrior to the ordinary animal instantly!

In just one second, the cultivation base of rhubarb has disappeared!

Lin Kai frowned when he saw this scene. What the **** was it?

But then, Lin Kai saw an even more incredible scene!

The temperament of Rhubarb has changed from an ancient warrior to a cultivator!

Early Qi training period! Mid-Qi training period! Late Qi training period! The Qi training period is complete!

Early foundation period! In the middle of the foundation period! Late foundation period! The foundation building period is complete!

Chapter 776: Semi Artifact

Chapter 776

Rhubarb was upgraded from Wusheng cultivation base in one breath to a successful cultivation base during the foundation period!

Rhubarb is very powerful now! Can fight the master!

Rhubarb also roared up to the sky at this time, and the long howling sound shook the entire eastern continent!

The king character on the forehead is brighter!

Rhubarb is so powerful!

In Lin Kai's heart, a little shocked.

It's just a supreme treasure box that can make rhubarb so powerful. What good things are in the upper treasure box?

The inheritance of rhubarb is a golden pill!

The golden core of consummation level monks in Jindan period!

This golden pill absorbed the true energy of rhubarb and transformed it into spiritual power.

Rhubarb has a golden core and becomes a comprehension dog.

Rhubarb hasn't completely absorbed the spiritual power within the golden core. Once the rhubarb is completely absorbed, one can become a monk in the golden core phase!

At this time, the characteristics of the East Earth Continent once again played out, the spiritual power of the rhubarb once again disappeared, becoming an ordinary dog.

Lin Kai touched Rhubarb's head and said, "Rhubarb, you continue to guard here, I will go up and take a look."

Rhubarb nodded and lay down on the fairy steps.

Then, Lin Kai continued to walk up.

Originally, Lin Kai thought that it must be dangerous!

However, after walking for more than ten minutes, Lin Kai did not encounter any danger.

Instead, as the last immortal step crossed, Lin Kai came to the top of the mountain!

In front of me is the shining temple!

The temple is very huge. Lin Kai stood in front of the temple and looked very small. The golden temple, shining with golden light, was extremely solemn and sacred.

Come up by yourself!

Lin Kai was very excited.

At that time, Lin Kai took out a five-star red flag from his Qiankun bag, and inserted the five-star red flag in front of the temple!

I am the first person to reach the temple!

The land of the Middle East will be owned by China from now on!

With excitement, Lin Kai strode towards the temple. The door of the temple was huge. Lin Kai stroked the door of the temple, and was truly shocked.

Is this the temple?

Is this the place where Immortal Master Jin Yu sits and rises?

Sure enough, it is resplendent and magnificent!

At this moment, only a squeak was heard, and the door of the temple opened automatically.

A breeze blew, Lin opened his eyes and looked at the temple.

Inside the temple, it was empty, but the eight domineering Panlong pillars stood in the temple, solemn and sacred.

Above the hall, there is a golden dragon chair!

That golden dragon chair was exactly the same as the golden dragon chair Lin Kai had seen in the catacombs!

It's just that the golden dragon chair in front of you is even more domineering!

On the dragon chair, there is a golden box!

A treasure chest made of pure gold, on which there are nine golden dragons coiling around.

This is the true heritage! The inheritance of Master Jin Yu!

At that time, Lin Kai's eyes were bright, and the inheritance of Immortal Master Jin Yu was so easily obtained by himself?

At this time, a male voice rang out. The voice was full of magnetism and very masculine.

"Hello, young man."

"Being able to come here, you must have passed the Ten Thousand Stage Immortal Stage, you are a capable person."

"You are eligible for my inheritance."

"The inheritance of Immortal Master Jin Yu is right in front of you."

"But passing the Ten Thousand Immortal Stages only proves that you are eligible for my inheritance."

"Whether the inheritance is yours depends on your fate."

After these few words, calm was restored in the hall.

This is the voice left by Fairy Jin Yu more than five hundred years ago before he sat down.

edge? Fate again?

I have come to the front of the inheritance. Isn't this fate?

At that time, Lin Kai strode towards the golden treasure chest.

Getting closer and closer, finally, Lin Kai came to the golden treasure chest.

The golden treasure chest in front of him was gleaming and exasperating, and Lin Kai couldn't help but gently stroke the golden treasure chest.

At this time, Lin Kai couldn't help but try to open the golden treasure chest.

"Huh?" But with a little effort, Lin Kai found that things didn't seem to be that simple.

This golden treasure chest can't be opened!

Lin Kai began to use all his strength to open the treasure chest in front of him.

But no matter how hard Lin Kai tried, the treasure chest would not open!

Is it possible that I have no fate?

Lin Kai frowned.

Fuck, Lin Kai cursed in his heart, Immortal Master Jin Yu, you bad old man, die if you die. You left so many **** levels, and finally, I gave Lao Tzu a broken box that couldn't be opened!

Lin Kai was so angry that he kicked directly on the box.

"Fuck you!"

With a bang, I stepped down and saw the golden box opened directly!

"Congratulations, someone who is destined, can treat the inheritance left by this Immortal Venerable in this way, it shows that you are casual, open and generous, and the deity likes it."

The voice of Immortal Master Jin Yu rang from Lin Kai's ear again.

Lin Kai: "..."

Lin Kai did not expect that this fairy master Jin Yu would be so naughty.

The way to open the treasure chest is actually so special, it can be opened with a kick.

Lin Kai even suspected that this fairy master Jin Yu might have a tendency to be abused.

However, don't look at the simple way to open the treasure chest, but this golden treasure chest is a treasure. Anyone who obtains it may not be willing to be disrespectful to it, let alone kick it.

Therefore, to open it, you really have to rely on the word fate.

In the golden treasure chest, there is a key.

A golden key!

key?

What is this key for? Who opened the golden treasure chest?

Lin Kai picked up the shiny golden key, which was heavy and seemed very spiritual.

Lin Kai's eyes suddenly narrowed, this is a weapon!

Yes, this key is a magic weapon! The magic weapon that can be used as a weapon!

Moreover, the level of this key made Lin Kai excited!

The level of magic weapons can be divided into several levels: bronze, silver, gold, semi-artifact, artifact, and super artifact.

Among them, silver wares are very rare, and gold wares are rare in the world, semi-sacred objects, and there are not many in the entire world. The number of artifacts that exist is even rarer!

Super artifact, don't even think about it, this world may not have it!

However, the key in front of you is actually a semi-artifact!

Is this the inheritance left by Master Jin Yu?

Lin Kai was excited!

At that time, Lin Kai directly bit his finger and dripped his blood on the golden key.

And the golden key immediately swallowed that drop of blood, and then Lin Kai and the golden key had a spiritual connection.

This key, recognize the master!

However, Lin Kai was very curious, what exactly is this key used for?

Since it is a key, it must be useful!

"Hahahaha! Are you curious about what the keys left by the Immortal Venerable are for?"

Chapter 777: Administrator

Chapter 777

Immortal Master Jin Yu's voice suddenly rang in Lin Kai's ear, which really shocked Lin Kai.

"Damn, you, Immortal Master Golden Feather, are really shocked! It's scary!" Lin Kai cursed, patted his frightened little heart.

Fairy Jin Yu's naughty voice sounded again: "If you want to know what this key is for, look behind the dragon chair, you will know."

After hearing the words of Immortal Master Jin Yu, Lin Kai held the key and walked cautiously to the dragon chair.

In the empty hall, this dragon chair gleams and is indeed eye-catching.

And behind the dragon chair, Lin Kai discovered that there was a door!

A very small door can only accommodate one person to pass through. This door is locked, and the keyhole is very compatible with the key in his hand.

Is it possible that the key in your hand is used to open this door?

Lin Kai looked at the golden key in his hand and then at the keyhole. At that time, Lin Kai directly inserted the golden key into the keyhole and twisted it forcefully.

At that time, only a click was heard, and the door opened!

It's really used to open this door!

At that time, Lin Kai was a little nervous and excited.

Behind this door, it may be the inheritance of the real Golden Feather Fairy!

Even the key to open this door is a semi-sacred tool, and the things behind this door are definitely priceless!

Lin Kai opened the door in front of him excitedly, and then a dazzling light came out! The light was so dazzling that even Lin Kai's golden pupil could not look directly!

Lin Kai protected his eyes, but fortunately, although the light was dazzling, it was harmless to people.

After a long time, the light dissipated, and Lin Kai could see everything in front of him clearly.

I saw Lin Kai actually standing in the sky!

“Huh?” Lin Kai looked at his feet very suspiciously.

In the room, there is another world?

There are clouds around Lin Kai, and Lin Kai actually stands on the clouds, proudly in the world.

The strong wind blew, and when I looked up, the sun seemed to be very close to me, and here, it seemed to be closer to the universe.

Looking down, everything in the world is under your feet!

At that time, Lin Kai was shocked!

Is this the feeling of flying?

Where is this place?

Taking a closer look, Lin Kai found something wrong, because the scenery under his feet was very familiar!

Ring after ring, barriers lead to the sky. Under my feet, isn't it the land of the Middle East?

The barren land on the fifth floor, the forested land on the fourth floor, the snow-capped mountains on the third floor, the castles on the second floor, and the fairy mountains on the first floor.

Under your feet is the land of the Middle East!

“Shocked?” Immortal Master Jin Yu's voice suddenly sounded, and Lin Kai was frightened again.

“East Earth Continent is the most satisfying work of this immortal master in his life.”

“In this place, I laid out tens of thousands of formations! It took hundreds of years to create such a world!”

“The person who has the key controls the entire world!”

“You can do whatever you want in this world!”

“If you want to fly, fly! If you want the snow-capped mountains to melt, the snow-capped mountains will melt! If you want all animals to become extinct, all animals will become extinct!”

“If you don’t want the ancient warriors to break in, let them lose all their spiritual power! You can even open the barrier and refuse everyone to enter!”

“Here, you are the master!”

“The tens of thousands of formations I set up are all ordered by you!”

“This is the inheritance of this immortal master, Dongtu Continent!”

When the words of Immortal Master Jin Yu fell, Lin Kai was shocked!

Immortal Master Jin Yu did his best in his life to create such a world, in which tens of thousands of formations were laid out!

The one who owns the key is the master of this world!

This is the inheritance of Master Jin Yu!

Lin Kai closed his eyes and felt it. As expected, he could feel the existence of any life in this world.

He can control everything here.

He can restore the true energy of the ancient martial artist, and can also increase the pressure and kill everyone here.

Here, Lin Kai is God!

Lin Kai looked at the key in his hand and was shocked.

At the same time, he also learned that among the treasure chests that Lin Kai had missed, there were several that were the supreme heritage of Immortal Master Jin Yu!

Inside the golden treasure chest, Master Jin Yu has learned all his life!

Inside the Silver Treasure Box, is the formation teaching of the Golden Feather Fairy!

Fuck me! I actually missed so many good things!

Moreover, those good things already have an owner! He Chenguang got the technique secret book in the golden treasure chest, and Leng Feng also got the formation teaching of Jinyu Immortal Master.

Even Rhubarb has been deeply cultivated.

Only oneself, got this key, got this world.

At that time, Lin Kai was also dumbfounded. Is this a profit? Still lost?

In fact, the current Lin Kai can kill He Chenguang and Leng Feng and get the inheritance they have obtained, but Lin Kai would not do that, nor would he bother to do it.

Since they got it by strength, Lin Kai would naturally not **** it.

Moreover, Lin Kai learned that there are hundreds of thousands of lives in the Middle East!

There are even human beings, and their life and death are all controlled by Lin Kai alone.

In this place, Lin Kai is the absolute overlord!

At this time, Lin Kai's mouth showed a playful smile.

He stretched out his hand and snapped his fingers, with a snap, and after that, rhubarb appeared directly in front of him.

Rhubarb looked around with a dazed expression. After seeing Lin Kai, he was stunned for a moment, and then ran over with his tail wagging.

Rhubarb, who completed the foundation period, is very powerful.

But in front of Lin Kai, it was still that loyal dog.

“East Earth Continent, I don't know how many years it has not been ruled by anyone.”

“The East Earth Continent is in a mess. Although it is a sacred place for cultivating immortals, there is no such cultivator.”

“Rhubarb, your intelligence is not low, and now it's the foundation-building period to complete your cultivation. I want to keep you here.”

Lin Kai touched Rhubarb's head.

Lin Kai will not stay here forever. It is the best choice to leave rhubarb here.

Because Dongtu Continent is an animal world, not a human world.

Lin Kai wants to let Rhubarb lead the animals of the entire East Earth Continent to practice, and strive to reproduce the flourishing age thousands of years ago!

Rhubarb also understood Lin Kai's words.

Although he was reluctant to let him leave Lin Kai, he was very sensible.

"Bow!"

These three calls represent that Rhubarb has agreed to Lin Kai.

"Okay, I'll give you the identity of the administrator of the Eastern Earth Continent now."

Lin Kai touched Rhubarb's head, and within a single thought, he gave Rhubarb the administrator.

The administrator setting is very interesting, this is the setting left by the fairy master Jin Yu.

As the overlord of the East Earth Continent, Lin Kai has the right to let three people or three animals have administrator status.

Once you have the administrator status, you can mobilize most of the formations in the Middle East, or you can do whatever you want.

Rhubarb's mission is to rule the entire East Tu continent! Let it become the true king of beasts!

After getting the administrator status, Rhubarb yelled twice in excitement.

"Wow!"

Lin Kai touched its head and smiled slightly: "Okay, it's time to go out and meet our old friend!"

After that, Lin Kai took the rhubarb out of the palace.

Above the fairy steps, the bright five-star red flag has been erected in front of the temple, fluttering in the wind.

At the foot of the mountain, the soldiers of several special forces all looked up at the five-star red flag on the top of the mountain.

Everyone who grabbed the front-end special team clenched their fists, and there was an expression of excitement on their faces.

The faces of the remaining few special forces soldiers are not so good-looking, especially the US Navy SEALs.

After all, this competition is not only about possession of the Middle East, but also about the reputation of several countries.

The world-famous SEALs actually lost in this competition, and there will be more and more questioning their voices in the future!

Soon after, He Chenguang and Leng Feng also walked down the Immortal Stage, and everyone was there, only Lin Kai left.

Everyone looked up at Xianjie, and soon after, a figure appeared. Everyone held their breath and looked at the man intently.

The coming person is naturally Lin Kai holding the rhubarb.

At this time, cheers rang, and everyone in the front-end special team was boiling!

The fat man hugged Zhuang Yan and kissed him hard!

“Hahaha! We won!”

When Lin Kai walked down the immortal step, Tian Guo jumped over, hugged Lin Kai, and gave Lin Kai a big sweet kiss.

Click!

“Brother Lin Kai! You are amazing!”

Lin Kai covered his face and was also taken aback for a moment. Isn't this little girl too proactive?

“amount”

“If you don't get married, please let me go first.”

Lin Kai said awkwardly.

Hearing this, Tian Guo released his hand.

Everyone at the scene looked directly at Lin Kai.

Lin Kai is the first and only person to climb the peak of Xianshan Mountain. His name will be recorded in history!

At this moment, the captain of the SEALs came over and stretched out his hand to Lin Kai.

“Lin Kai, you are very strong, I admire you very much, but one day, I will beat you!”

Hearing this, Lin Kai smiled slightly and shook hands with him.

“I am waiting for you.”

At this time, the Ninja Captain of the island country also came over, and he preached in bad Chinese: “Lin Sang, looking forward to the next meeting.”

Lin Kai nodded.

The competition is officially over!

Everyone embarked on the way back.

Because of the presence of Lin Kai, the way back was very smooth without any danger. It took only two days to reach the entrance of the Middle East.

As soon as they arrived at the entrance, the soldiers of Huaxia Kingdom were boiling!

Everyone rushed over! He also hugged Lin Kai and threw it into the sky!

The leaders of other countries are only jealous.

In the end, Huaxia Kingdom won the first ten years of possession of the Middle East!

Ten years later, who develops the Middle East will make the decision!

After cheering, everyone boarded the plane returning home that night.

And the land of the Middle East, under Lin Kai's mind, has been completely sealed, and no one can break into the land of the Middle East.

Including Chinese people.

Of all this, Long Xiaotian certainly didn't know.

After a day, the plane carried Lin Kai and others back to the Southeast Military Region.

That morning, Lin Kai was summoned by He Zhijun.

In He Zhijun's office, He Zhijun sat in an office chair with a cup of freshly brewed tea on the table.

Lin Kai stood in front of him.

He Zhijun looked at Lin Kai with a smile, with a look of relief on his face.

"Comrade Lin Kai, your performance on this mission is very good! It's remarkable!"

"It's worthy of being the soldier king of my Southeast Military Region! This time, you are winning for my Southeast Military Region!"

Lin Kai also scratched his head in embarrassment.

"Chief Liao praised."

Hearing this, He Zhijun waved his hand and said, "Don't! I'm not your leader! From then on, we two are equal!"

"Huh?" Lin Kai was stunned.

The rank of He Zhijun is a colonel and commander of the Spike Special Forces Brigade of the Southeast Military Region.

He is just a lieutenant colonel, and he is two levels short of him!

"Ah what? You made a great contribution to our Huaxia Nation! Two consecutive upgrades!" He Zhijun said with a smile.

He handed Lin Kai's military ID with both hands.

Lin Kai took the certificate and opened it. As expected, he jumped directly from the lieutenant colonel to the colonel!

I skipped the colonel completely!

When Lin Kai saw this scene, his head was a little dizzy.

Happiness came too suddenly, right?

"Unexpectedly! The twenty-year-old colonel actually appeared in my Southeast Military Region, you kid, you are the real king of soldiers! Well deserved!"

He Zhijun's evaluation of Lin Kai is very high!

“Well, you are now under the Jiulongshan organization, and now you should report back to the capital, let’s go, don’t send it!”

Upon hearing this, Lin Kai grinned.

“Yes! Thank you, Chief!”

After the salute, Lin Kai left He Zhijun’s office.

When he arrived at the equipment room and put down all his equipment, Lin Kai returned to the Wolf Warrior base.

After getting together with Fatty and them, Lin Kai left the Southeast Military Region in the afternoon with a feeling of dismay.

Lin Kai did not go home, but went straight to the airport in Jiangbei City. After purchasing the ticket, Lin Kai directly set foot on the plane to the capital.

What Lin Kai bought was an economy class ticket, which was only more than two thousand yuan.

There are three types of airline tickets: economy class, business class and first class. Economy class is the cheapest, business class is more expensive, and first class is the most expensive.

Generally speaking, those who buy business class are rich.

It is the rich among the rich who buy first class.

As for Lin Kai, although not bad for money, he bought an economy class plane ticket with the mentality of saving.

After taking his seat, Lin Kai closed his eyes and rested.

Soon after, a fragrant wind hit, Lin Kai opened his eyes and glanced aside.

Lin Kai was stunned at that glance.

fairy?

I saw a girl sitting beside Lin Kai.

The girl seems to be 21 years old, wearing a pink dress, very pure.

The small face is very white and tender, it seems that water can be produced with a pinch, and the collagen on the face.

Her long black hair fell on her shoulders, and the fragrance was alluring.

On her feet are a pair of very cute white sneakers.

What a beautiful girl.

She saw Lin Kai looking at her, and she also politely smiled at Lin Kai.

This smile made Lin Kai's soul fly.

Chapter 779: Zhou Ziqian

Chapter 779: Zhou Ziqian

"Hello." The girl smiled sweetly.

Lin Kai was stunned for a moment, then reacted and nodded quickly and said, "Hello."

Lin Kai had already sensed that since the girl got on the plane, countless eyes were on her.

Many **** men have even cast jealous eyes on Lin Kai, after all, Lin Kai is the closest to the goddess!

To be honest, Lin Kaixin was also amazed, this girl is so beautiful.

Even worse than Enron.

"Are you going to the capital too?" Lin Kai asked at this time.

The girl nodded and replied softly: "Yes, I just graduated from Jiangbei University and I am going to Beijing to find a job."

It turned out to be a female college student, no wonder it was so pure.

Lin Kai smiled slightly and said, "So that's it. My name is Lin Kai. I am glad to meet you."

This was the first time Lin Kai had a conversation.

Lin Kai stretched out his hand, and the girl was ashamed to refuse.

Besides, Lin Kai's appearance is not bad, and she is about the same age, so she will not feel disgusted.

The girl nodded, stretched out her hand, and shook Lin Kai's hand.

“Hello, my name is Zhou Ziqian.”

“Zhou Ziqian? Good name.” Lin chuckled and said.

After the two met, they talked for a while.

Lin Kai learned that Zhou Ziqian was learning acting and wanted to find an entertainment company to sign a contract in Beijing.

Although there is an entertainment company under Lin Kai, the signing of the contract at this time is undoubtedly showing off her family. Lin Kai didn't want to leave her with the impression of a rich second generation, so he didn't mention it.

The two chatted very happily, which really made many people jealous.

At this moment, while Lin Kai was chatting with Zhou Ziqian, a man came to Zhou Ziqian's face.

He was a middle-aged man in his thirties. He was wearing a suit and somewhat bald, but he was very extravagantly dressed and he wore a famous watch.

He was holding a business card with a confident smile on his face.

He looked at Zhou Ziqian and handed the business card over: “Beauty, hello, get acquainted. My name is Lei Jun and I am the chairman of the Beijing Dalei Entertainment Company.”

“Seeing the beauty of your extraordinary temperament, I want to get to know you.”

Zhou Ziqian heard the words and looked at the man.

Zhou Ziqian was very disgusted with the man's squint look.

But out of courtesy, Zhou Ziqian smiled slightly and took the business card with both hands.

“Hello, my name is Zhou Ziqian, I am glad to meet you.”

Lei Jun carried his hands behind his back, looking confident and proud.

“Beauty, how can you be wronged in this economy class? I have a seat in the first class. Why don't you go to the first class and have a chat with me?”

Lei Jun looked at Zhou Ziqian with a smile.

He has met many beautiful women like Zhou Ziqian.

Most of them are opening eyes when seeing money, and I believe she will definitely follow her after learning her identity.

The people around are also bright.

The first class location is very comfortable! There are also delicious food and wine, and you can even lie down and sleep, which is very comfortable.

Zhou Ziqian frowned when she heard the words, she shook her head: "Thank you, no need."

Hearing this, Lei Jun was taken aback, frowning.

Obviously, he did not expect Zhou Ziqian to reject him!

"Beauty, are you not giving me Lei Jun face?" Lei Jun frowned and asked.

Seeing that Zhou Ziqian was beautiful, he had evil thoughts, and seeing Zhou Ziqian not agreeing to him, he was naturally upset.

And he underestimated Zhou Ziqian, Zhou Ziqian is not a coquettish **** who sees money open.

She is a girl with a bottom line.

"Mr. Lei, we just met. I don't want to go to the first class with you. What's wrong?" Zhou Ziqian looked at Lei Jun and replied.

Zhou Ziqian's answer directly caused Lei Jun to be speechless.

Yes, it is the freedom of others to go or not!

But Lei Jun was still very upset.

At this moment, Lei Jun suddenly saw Lin Kai. After seeing Lin Kai, Lei Jun sneered.

Okay, you old lady, pretend to be pure, right?

You are not going! Then I'll come over!

At that time, Lei Jun pointed to Lin Kai's nose and said, "Luck you kid! I will change with you! You go to my first class, and I'll take your economy class!"

Lei Jun looked arrogant and very arrogant.

Everyone was in an uproar, the economy class was changed to first class? This is so worth it!

When Zhou Ziqian heard the words, she also looked at Lin Kai with a worried look. If Lin Kai really left, she would have to face this old man alone!

But Lin Kai looked up at Lei Jun, then smiled, and only one word was spit out in his mouth: "Get out!"

After hearing Lin Kai's words, Lei Jun was taken aback.

what? He let himself go?

Dont change economy class to first class?

Lei Jun looked ugly. He pointed to Lin Kai's nose and cursed: "Your kid's head was kicked by a **** donkey? You don't change economy class to first class?"

"Your economy class ticket costs two thousand yuan, right? Lao Tzu's first class ticket is more than fifty thousand yuan!"

"No? You have a pit in your head?"

Lei Jun yelled loudly in a loud voice. At that time, many people looked over.

Lin Kai laughed when he heard this.

He looked at Lei Jun like a fool.

Lin Kai only said three words, leaving Lei Jun speechless.

"I'm rare?"

Yes indeed! People are rare?

No matter how expensive your economy class is, you won't be able to get into the eyes of others!

Even Zhou Ziqian glanced at Lin Kai more. Lin Kai's domineering response made Lin Kai's impression in her heart better.

Look at Lei Jun again, his face is embarrassing.

Rejected by Zhou Ziqian and rejected by Lin Kai again, his face is dull!

At this time, Lei Jun was a little bit embarrassed into anger, and he cursed: "Fuck! Does your kid know who I am? I change it for you, it's for your face!"

"I am the chairman of Da Lei Entertainment Company! It looks like you are just a stinky student who just graduated from college."

"It's true that a newborn calf is not afraid of tigers! Believe it or not, when you arrive in the capital, as long as I say a word, I can make you unable to mix in the capital?"

Lei Jun was very arrogant.

He saw Lin Kai sitting in the economy class and being so young, he concluded that Lin Kai was a poor student with no background.

At this time, Lei Jun moved out of his identity and wanted to crush Lin Kai!

Lin Kai looked at Lei Jun and smiled playfully. He only said two words: "Fool!"

"You!" Lei Jun was furious!

At this time, Lei Jun even wanted to hit Lin Kai's face with a punch!

No matter how he shows off his identity, Lin Kai disagrees.

This made him feel that he was punching hard, as if hitting cotton!

At this time, the stewardess came over, and the stewardess politely said to Lei Jun: "Sir, for your safety, please return to your seat."

Upon hearing this, Lei Jun glanced at Lin Kai angrily.

He let go of a harsh word.

"You kid wait for me! After getting off the plane, I will show you the true strength of my Lei Jun!"

Chapter 780: Do You Know Dafeng Entertainment Company?

Chapter 780 Do You Know Dafeng Entertainment Company?

Lin Kai smiled slightly, not taking Lei Jun's words to heart at all.

At this time, Zhou Ziqian looked at Lin Kai with a worried look.

“Mr. Lin, I have heard of Da Lei Entertainment Company, which is very powerful in the capital. When we arrive in the capital, shall we leave quickly? Don’t be hit by Lei Jun.”

Lin chuckled after hearing Zhou Ziqian’s words.

“Haha, don’t worry.”

Seeing Lin Kai’s calm appearance, Zhou Ziqian frowned.

Although Lin Kai gave her a good impression, Dalei Entertainment is really powerful. She does not believe that a young man sitting in an economy class can compete with it.

Therefore, she thought that Lin Kai was just pretending to be coercive in front of her.

She shook her head slightly, and she could understand, young man, so angry.

Zhou Ziqian’s hands were tightly clasped together, obviously, she was a little nervous and scared.

A few hours later, the plane arrived at the Beijing Airport.

The passengers lined up and got off the plane under the stewardess’s dredging.

Lin Kai and Zhou Ziqian did not see Lei Jun, because Lei Jun was in the first-class cabin and had a dedicated disembarkation channel.

Lin Kai and Zhou Ziqian left the airport and came to the exit of the airport. As soon as they arrived at the exit, several people in black appeared suddenly, stopping Lin Kai and Zhou Ziqian.

Looking intently, they were ten brawny men in suits, wearing sunglasses, with indifferent faces, like bodyguards.

Behind these ten bodyguards was Lei Jun with a proud face.

Obviously, he has been waiting for Lin Kai here for a long time.

“Yo-yo-yo, passengers in economy class, getting off the plane is slow! I’ve been waiting for you for a long time!” Lei Jun’s mouth had a playful smile.

On the plane, he couldn’t do anything with Lin Kai, but when he got off the plane, it was his place.

Ten strong men directly surrounded Lin Kai and Zhou Ziqian.

And Zhou Ziqian hid behind Lin Kai with a look of fear on her face.

“What are you doing?” Zhou Ziqian asked.

Lei Jun touched his chin and laughed: “Heh, girl, don’t be afraid, I am not a bad person.”

“What I am looking for today is him!”

Lei Jun pointed to Lin Kai and said.

Today, he is going to show off his strong financial resources in front of Zhou Ziqian!

Let her understand what it means to be rich!

At that time, she will naturally follow her to leave, this is the little nine in Lei Jun’s heart.

Lin Kai put his hands in his pockets, even if he was surrounded by ten bodyguards, there was no expression of fear on his face.

“Oh? What can I do?”

“Are you **** pretending to be foolish here? Boy, you’re done! Go!”

Lei Jun pointed at Lin Kai’s nose and cursed.

When the security guard not far away saw this scene, he didn’t dare to step forward to stop him. Obviously, Lei Jun had already managed a good relationship.

Lin chuckled, and followed Lei Jun to the outside of the airport.

Zhou Ziqian followed Lin Kai all the time. Although she was scared, she still reminded Lin Kai in a low voice: “If you find an opportunity, you can run away. They won’t take me anyway.

Lin Kai looked back at Zhou Ziqian after hearing this.

She is really a kind girl, the catastrophe is imminent, and her first thought is to run first.

Lin Kai patted her on the back and said, “Don’t worry, I will be fine, and they don’t dare to do anything to me.”

After hearing Lin Kai’s words, Zhou Ziqian’s eyes changed a little.

Originally, Lin Kai had a good impression on her, but now, the good impression has been reduced by several points.

They dare not do anything to you? So many of them have surrounded you!

Can you still beat ten?

Soon, the group left the airport, and saw several luxury cars parked at the gate of the airport!

A Mercedes-Benz commercial vehicle, after the Mercedes-Benz commercial vehicle, there are two Toyota overbearing.

These three cars are extremely eye-catching.

And Lei Jun's face also showed a smug smile.

He just wanted to show off his luxury car in front of Zhou Ziqian!

At this moment, Lei Jun stopped and looked back at Lin Kai.

"Boy, I will make you regret, make you regret offending me!"

"Bring him into the car!"

Lei Jun pointed to the overbearing behind the Mercedes-Benz commercial vehicle and ordered.

After an order was given, several bodyguards in black immediately prepared to force Lin Kai away.

And Lin Kai had a sneer at the corner of his mouth, and he was also ready to give these people a little color!

At this moment, Zhou Ziqian stood up.

"Stop!" Zhou Ziqian shouted.

Everyone stopped and looked at Zhou Ziqian.

Lei Jun also looked at Zhou Ziqian and smiled playfully: "Beauty, it's nothing to do with you, you can leave now!"

Lei Jun smiled confidently.

He believed that Zhou Ziqian would not leave because Zhou Ziqian had already seen his strong financial resources.

Zhou Ziqian will definitely post it up.

Women, how many do not love money?

Zhou Ziqian looked at Lin Kai with complicated eyes. The reason why Lin Kai was targeted by Lei Jun was actually because of herself.

Now that Lin Kai is having an accident in front of her, Zhou Ziqian will naturally not sit idly by.

Otherwise, she would be sorry for her conscience.

“Don’t move him! Let him go!” Zhou Ziqian shouted.

After listening to Zhou Ziqian’s words, Lei Jun had a playful smile and asked: “Haha, let him go if you say you let him go? Why?”

“I…” Zhou Ziqian was speechless for a while.

At this moment, Lei Jun grinned smirkly while touching his chin, and saw that he looked up and down Zhou Ziqian, his eyes squinted.

“It’s not impossible to let him go. As long as you accompany me for a drink, he can go now.”

After Lei Jun’s words were over, Zhou Ziqian’s face immediately showed anger.

Have a drink with him?

It’s definitely not as simple as drinking!

Zhou Ziqian understood this in her heart.

But Lin Kai kept looking at Lei Jun with a smile, without saying a word. At this time, Lin Kai looked at Zhou Ziqian who was embarrassed.

Zhou Ziqian also looked at Lin Kai with disappointment. She thought that if Lin Kai had a backbone, she should be pulling her to run wild now!

But Lin Kai didn’t move. It seemed that he was nothing more than a young man who could only pretend.

Whenever something happened, I was really confused.

She was very disappointed.

“Beauty, do you think about it?” Lei Jun said with a smirk.

“I’m the chairman of Da Lei Entertainment, follow me, I can make you a big star!”

“Do you know Dafeng Entertainment Company? Our company has cooperation with Dafeng Entertainment Company!”

After listening to Lei Jun’s words, Zhou Ziqian’s eyes were also bright.

When she came to Beijing, she went to Dafeng Entertainment Company.

Dafeng Entertainment, now a well-known entertainment company in Beijing, is developing extremely fast.

In just a few months, it has developed into a well-known big company in Beijing!

After hearing Lei Jun’s words, Lin Kai was also quite surprised. In a short time since he left, Dafeng Entertainment has developed so fast? Is it so famous now?

Wang Zhentian is fine!

“Your company has cooperation with Dafeng Entertainment?”

Chapter 781: Idol Lin Yizong

Chapter 781 Idol, Lin Yizong

Lei Jun glanced at Lin Kai quite proudly.

“Yes, my company has cooperation with Dafeng Entertainment!”

“Boy, now you know, who did you offend?”

Zhou Ziqian frowned her eyebrows. This time she was in trouble. The other party had a relationship with Dafeng Entertainment. I’m afraid it has a lot of background!

Lin Kai smiled slightly. He did not expect that one day someone would use his company to scare himself.

“Then you are really amazing.” Lin Kai smiled slightly.

But Lin Kai’s smile turned into a pleased smile in Lei Jun’s eyes.

At that time, Lei Jun put his hands in his pockets and said high above: “Huh, kid, I’m Lei Jun not a stingy person.”

“As long as you bow to me now and call out Brother Lei, you can roll.”

It was really meaningless to hit Lin for a while.

Lei Jun wanted him to lose face in front of Zhou Ziqian.

Zhou Ziqian also looked at Lin Kai. She hoped that Lin Kai could admit a mistake and be forgiven by Lei Jun.

Otherwise, his fate will really be serious.

“Lin Kai, since Boss Lei said so, do you admit it wrong?”

Upon hearing this, Lin Kai laughed too.

Smiled helplessly.

Lin Kai is a very upright person. If he did something wrong and asked him to admit it, he would definitely not talk nonsense.

But Lin Kaimin asked himself that he had done nothing wrong.

“Let me admit my mistake? Why?” Lin Kai looked at Lei Jun and his men.

“Just because you have many people? Just because of your luxury car?”

After hearing Lin Kai’s words, Lei Jun laughed and laughed wildly.

“Hahaha! That’s right! You’re right! Just because I have a lot of people! Just because I drive a luxury car! Just because I have money and power! Are you dissatisfied?”

“I put the words here, if you don’t admit your mistake, I will break your leg!”

Lei Jun yelled.

The ten bodyguards behind him all looked at Lin Kai with a smirk, all gearing up.

Zhou Ziqian was even more nervous.

Lin joked. At this moment, he took out his mobile phone directly.

“Hehe, there are more people, right? Okay, then I will let you see who has more people!”

Seeing Lin Kai about to call, Lei Jun deliberately appeared scared.

“Yo-yo-yo, are you calling for someone? Just call it! I see who would dare not give me Lei Jun’s face today!”

Lei Jun looked confident.

Just a college student who just came out of school, how many friends can he have?

How many friends can Lei Jun have him?

Zhou Ziqian also covered her forehead. She did not expect that Lin Kai's temper was so stubborn, she would rather tear her skin apart with Lei Jun than admit her mistake.

After Lin Kai took out the phone, he only said one sentence: "I'm here."

Afterwards, Lin Kai hung up the phone.

After seeing this scene, Lei Jun laughed.

"Hahaha! I didn't even say where, someone will help you? What a joke!"

"Boy, I'll give you ten minutes. After ten minutes, if no one comes, don't blame me for being polite!"

Lei Jun put down his harsh words.

Lin Kai smiled slightly: "Hehe, ten minutes is enough."

Time passed by, and within these ten minutes, Zhou Ziqian hinted that Lin Kai was running fast.

But Lin Kai was unmoved.

This makes Han Juan a worry.

Ten minutes passed quickly, Lei Jun glanced at his watch and sneered.

"Hehe, ten minutes have passed, how about your people?"

Lei Jun smiled contemptuously: "Will someone come to help you like you? Ha ha, take it away!"

Lei Jun gave an order, and ten sturdy bodyguards were ready to pull Lin Kaizhi into the overbearing car.

But at this moment, a whistle sounded!

Everyone looked back at the other side of the street, because the sound of the whistle was so loud!

It seems that hundreds of luxury cars honked their horns at once, and the momentum was very mighty!

Looking back, Lei Jun and Zhou Ziqian looked silly at that time.

On the other side of the street, hundreds of cars rushed over!

Each one is a Mercedes-Benz Maybach worth more than three million!

A brand new car, very handsome, and in the front, there are police cars clearing the way!

Hundreds of Mercedes-Benz Maybachs directly occupied the entire street! Countless passers-by squatted and watched, this scene is really majestic!

Lei Jun and Zhou Ziqian were silly at that time.

“My dear, who is this big person traveling?” Lei Jun said to himself.

Then, seeing the hundreds of Mercedes-Benz Maybachs, they drove to the gate of the airport and stopped all at once.

In each car, four strong men walked off, these strong men, all wearing suits, were very handsome.

Four hundred suit thugs walked down from the Mercedes-Benz Maybach, embroidered with the fairy gate logo on the chests of their suits.

This is a member of the fairy gate!

As soon as the four hundred members of the fairy gate appeared, the onlookers opened their mouths and looked surprised. They were actually from the fairy gate!

Today’s immortal gate is so famous in the capital, who doesn’t know? Who doesn’t know?

“People from the fairy gate!” Lei Jun exclaimed.

There was only shock in his eyes.

Zhou Ziqian had obviously heard of Xianmen too. After seeing the mighty battles of Xianmen, there was a trace of admiration in her eyes.

“I don’t know who Xianmen came to the airport for such a big battle.” Lei Jun said, touching his chin.

Lin Kai smiled slightly, and he looked at Lei Jun.

“Do you know the fairy gate?”

Lei Jun glanced up and down at Lin Kai, looking at Lin Kai like a fool.

“Who in the capital doesn’t know about Xianmen? That is to say, you have never heard of Xianmen.”

“Xianmen is the first sect of the Fifth Ring! There are several masters at the Martial Saint level!”

“What I said to you, you won’t understand it even as a bun.”

Lei Jun looked contemptuous.

After talking, I saw another person walked down from the Mercedes-Benz Maybach.

The man, in a suit and leather shoes, was of a strong build, in his thirties, with a **** beard on his mouth.

This **** sad uncle is one of the elders of the fairy gate, Wang Gang.

“I’m going! It’s actually the elder Xianmen!”

Lei Jun patted his thigh and exclaimed.

Seeing Lei Jun’s expression, he was very excited, as if he had seen his idol.

Don’t talk about him, the ten bodyguards around him are also excited.

They were very excited when they saw the members of the fairy gate, but when they saw Wang Gang again, they almost fainted with excitement.

“What are you doing so happy?” Lin Kai asked with a smile.

Lei Jun looked at Lin Kai impatiently when he heard the words.

“How can you know how good the elder Xianmen is?”

“Wang Gang is a good friend of the Sect Master of the Xianmen! If anyone can establish a relationship with Wang Gang, he will have the opportunity to meet the Sect Master of the Xianmen!

“I heard that the sect master of the fairy gate is very young, very handsome and handsome, and he is unparalleled in the world. If I can see the sect master of the fairy gate, I am willing to let me die!”

Chapter 782: Cancel Cooperation

Chapter 782

Lei Jun obviously worshiped the immortal gate master extremely.

It seems that he is a loyal fan of Lin Yizong, the master of the immortal gate!

Lin Kai smiled and shook his head. It was ridiculous. The master of the fairy gate was right in front of you, but you didn't know.

As the three of them were talking, the Immortal King Gang suddenly lit up and walked over quickly.

The four hundred immortal disciples behind him, even more tidily, followed in stride.

The momentum was vigorous and the steps were the same. At that time, the entire scene was full of the footsteps of Xianmen disciples!

And Lei Jun was very excited at this time, because from his point of view, Wang Gang came straight at him!

"Oh my god! The elder of the fairy gate king is coming towards me! I'm so excited!" Lei Jun danced with excitement.

The ten bodyguards behind him also looked at Lei Jun with envy.

Lei Jun is even more radiant, and it seems that he is also famous in the capital! Even the elders of Xianmen had to come quickly to receive him when he saw him!

In Lei Jun's heart, he was very proud, huh, he could just pretend to be a force in front of the beauty, or let that stinky **** see his power in the capital!

Zhou Ziqian was also dumbfounded.

She didn't expect that Lei Jun's power was so wide that even the elders of Xianmen would be courteous for three points.

It seems that Lin Kai is miserable this time, he has offended a great man!

While thinking about it, I saw that Wang Gang had already walked over quickly, with an excited smile on his face, and his attitude was respectful.

And Lei Jun also didn't expect that Wang Gang's attitude was so enthusiastic, which made him excited at the time.

He quickly greeted the past, stretched out his hand, intending to shake hands with a gentleman from Wang Gang.

But as soon as he arrived in front of Wang Gang, Wang Gang ignored him and walked past him.

“Sect Master, you are finally back!”

As soon as Wang Gang grasped Lin Kai’s hand, it was a passion.

This glottal master made Lei Jun’s hand froze in the air.

The smile on his face also gradually solidified.

Zhou Ziqian also opened her mouth wide, with a surprised expression on her face.

And the four hundred immortal disciples stood at attention at this time, with great momentum, and they shouted in unison: “Welcome the return of the master!”

The sound is deafening! At that time, Lin Kai became the focus of the airport gate!

Everyone looked at Lin Kai, the master of the fairy gate? This one is the master of the immortal door?

The ten bodyguards froze for a while, and then they shivered all over, almost kneeling on the ground without being frightened.

what? This one is actually the master of the fairy gate?

The expression on Lei Jun’s face is also extremely wonderful, his face is like the skin of a chameleon, green for a while and red for a while.

He can’t react at all!

This well-dressed, young dick, and still the smelly **** in economy class, is actually the master of the fairy gate?

Is it the immortal sect master he has been envious of for a long time?

Zhou Ziqian was also dumbfounded.

She also did not expect that this same age who walked with her, who seemed to be a gentle and polite young man, was actually the master of the fairy gate!

The prestigious Lin Yizong in Beijing!

She opened her mouth wide, with a surprised expression on her face.

No one thought that Lin Kai was Lin Yizong!

Lin Yizong, who killed one person in ten steps and never stayed for thousands of miles!

Lin Kai smiled slightly, glanced at the four hundred immortal disciples behind Wang Gang, and complained: "Just pick me up, why are you doing such a big battle? People who don't know, why the big man returned to Beijing?"

Wang Gang smiled and said, "Hey, the master, you are the master of the fairy gate, you are the real big man!"

Lin Kaibai gave him a glance.

The two had a conversation, which made Lei Jun believe that the young man in front of him was the master of the fairy gate!

At that time, his legs trembled.

I was so arrogant in front of the immortal gate master just now, isn't this looking for death?

Lin Kai also looked at Lei Jun at this time, and Lei Jun knelt down with a plop and knocked his head directly at Lin Kai.

"The sect master, it's because I don't know Taishan, I ran into you!"

His appearance, that was a panic, and his voice, that was a tremor.

Lin Kai smiled slightly and said, "Hehe, haven't you admired the Sect Master for a long time? Now that the Sect Master is right in front of you, why are you kneeling?"

And Lei Jun is a cry without tears!

Who knows, you are the master of the fairy gate!

"Master Lin, I... I really admire you for a long time! But I don't know you are the master of the fairy door! Please forgive me!"

Lin joked, and smiled disdainfully: "Hehe, it's really a dog's eye."

"When you drive a car to break the dominance, you consider yourself a rich man?"

Lin Kai's words made Lei Jun's face flushed.

Yes! Compared with the 100 Mercedes-Benz Maybach behind Lin Kai, his domineering one seemed too insignificant.

I'm playing a big sword in front of Guan Gong!

“Actually, I am the chairman of Dafeng Entertainment Company. People like you are not worthy to cooperate with Dafeng Entertainment Company. Starting today, our company will cancel all cooperation with your company!”

Lin Kai said lightly at this time.

And Lin Kai’s words, for Lei Jun, are undoubtedly five thunderstorms!

His company relies entirely on Dafeng Entertainment Company to have a bite of food!

If Dafeng Entertainment and his company broke off their cooperation, then he wouldn’t even be a fart!

Believe that his company will go bankrupt soon!

It is rumored in Beijing that the chairman of Dafeng Entertainment Company is the master of Xianmen. At first he did not believe it, but now, he believes it, because this is what the master of Xianmen said personally!

“Master Lin, I was wrong, you must not cancel the cooperation with us! Master Lin, I beg you!”

At this time, Lei Jun was very humble, and saw his head knocked in front of Lin Kai several times, his scalp was knocked torn.

Lin Kai smiled contemptuously and said, “Hehe, now I know it’s wrong? It’s too late! This is the price your dog sees is low! Come, give me a stand!”

“Yes!”

Lin Kai gave an order. At that time, several immortal disciples took Lei Jun and walked away. No matter how Lei Jun struggled and shouted, it was useless.

And the ten bodyguards Lei Jun paid for were also so scared that they had already slipped away.

And Zhou Ziqian looked at Lin Kai with surprise at this time, she couldn’t believe what happened before her eyes, she even suspected that she was dreaming.

I had just graduated from university and just came to the capital, so I actually met someone like Lin Kai?

The master of the immortal gate, the chairman of Dafeng Entertainment Company, a famous figure in the capital!

Zhou Ziqian has always been longing to work at Dafeng Entertainment. Now it seems that the chairman of Dafeng Entertainment is right in front of him. It is estimated that this matter will not be a difficult task.

Chapter 783: Problem

Chapter 783

After Lei Jun's people were driven away, Zhou Ziqian looked at Lin Kai.

Lin Kai also looked at Zhou Ziqian.

This time, Zhou Ziqian couldn't let go.

On the plane, she thought that Lin Kai was just an ordinary college student, so she always treated Lin Kai as the same.

But now she found out that Lin Kai was a big figure she was unattainable!

Lin Kai smiled slightly and said, "Hehe, why, don't you recognize me?"

"No, it's just... it's just that I'm not used to it." Zhou Ziqian said with some twist.

Lin laughed.

This Zhou Ziqian is really cute.

Lin Kai saw that she was young and had a good foundation, so he wanted to support her.

"Do you want to work for Dafeng Entertainment?" Lin Kai asked.

Zhou Ziqian's eyes lit up at this time, and the little chicken nodded like a rice peck. She said, "Yes, yes, I want to work for Dafeng Entertainment in my dreams!"

Lin joked: "Hehe, simple, as long as I say a word, you can work at Dafeng Entertainment Company tomorrow."

After hearing Lin Kai's words, Zhou Ziqian asked very excitedly: "Really?"

"of course it's true."

Zhou Ziqian yelled excitedly at this time, as happy as a child.

"Wow! Thank you, thank you so much!" Zhou Ziqian said excitedly.

“You don’t need to thank me, I also think you have the foundation in that aspect, so I agreed.”

Lin said with a smile.

Zhou Ziqian has the potential to be a star regardless of her appearance or figure.

If it were an ordinary person, Lin Kai would never let her enter Dafeng Entertainment Company.

“You helped me so much, how can I repay you?” Zhou Ziqian asked with a smile at this time.

Lin Kai jokingly said, “Hehe, why don’t you just agree with your body?”

“Think beautiful!”

Zhou Ziqian gave Lin a white look. At this moment, a taxi appeared in front of Zhou Ziqian, and Zhou Ziqian hurried over.

“I’m going one step ahead! See you at the company!” Zhou Ziqian waved.

“How about I send you?”

“no need!”

Zhou Ziqian had already gotten in a taxi and left the scene.

Lin chuckled, waved, and took hundreds of immortal disciples into the car.

Lin Kai sat in the back seat of a Mercedes-Benz Maybach, while Wang Gang sat in the co-pilot. A special driver came to drive Lin Kai.

Hundreds of Mercedes-Benz Maybachs started at the same time, and the scene was very mighty.

Lin Kai sat in the car, closed his eyes and closed his eyes to rest.

Lin Kai rubbed his eyebrows and asked, “Is there any change in the fairy gate during the time I left?”

Wang Gang immediately replied: “Sect Master, there is no major change, that is, before you left, you killed so many martial arts level masters. You are now famous in Beijing!”

“There are more and more people coming to join us in the fairy gate.”

“Under the suggestion of Elder Pan Feng, the current immortal door has adopted the elimination system. The poor will be eliminated, and the good will be absorbed.”

“And Elder Pan Feng’s management is very militarized, so now the quality and combat effectiveness of our immortal disciples are very strong!”

Lin Kai nodded, and Pan Feng did not disappoint him.

“Now we immortal gate, there are 4,000 disciples, more than 3,800 martial artists, more than 100 martial artists, and about ten martial sages.”

Lin Kai was also taken aback by what Wang Gang said.

I have only been away for such a short period of time, there are already ten martial arts in Xianmen?

“The master, the battle at the gate of Xianmen was spread out at that time, saying that you killed countless martial sages with a single sword, Lin Yizong, three characters, it can be described as a golden sign in the capital!”

Wang Gang said triumphantly, it seems that Lin Yizong is not Lin Kai, but his average.

Lin Kai nodded quite satisfied, the speed of the development of the fairy gate was very fast, which also made him very happy.

“How about Dafeng Entertainment? How is it?” Lin Kai asked.

Wang Gang immediately replied: “The master, the development speed of Dafeng Entertainment is also extremely fast.”

“This Wang Zhentian is indeed a genius in business!”

“After he became the president of Dafeng Entertainment, the company has developed extremely fast! And he has opened several branches, including live webcasts, online games, and online shopping. It can be said that he is that The second capital boss after Ma.”

Lin Kai nodded when he heard the words.

“The current Dafeng Entertainment Company has an annual revenue of hundreds of billions, which is more than enough for our fairy gate.”

“The current Xianmen has passed the fastest time to spend money. The current Xianmen only needs about one billion yuan a month.”

“It’s just that there has always been a problem that plagues the head of the penalty hall, Elder Pan Feng.”

“Oh? What’s the problem?” Lin Kai asked.

“Although we are developing and growing, the disciples of the Fairy Clan have nothing to do except for training.”

“The immortal disciples are extremely powerful, they can send out to perform tasks to create revenue for the immortal door!”

“You can’t let Dafeng Entertainment Company keep a fairy door!”

Upon hearing this, Lin Kai frowned.

Indeed, this is a very serious problem.

Lin Kai didn’t think so much when he developed the fairy gate, but now it seems that the fairy gate can’t be kept forever! It must be used!

He remembered the way Jiulongshan treats its members. Every member must complete the task of the sect within the specified time, or they will be expelled from Jiulongshan.

It seems that it is necessary for his own fairy gate to develop such a system.

“Looking back, I will think of a way.” Lin Kai said.

“Yes.”

Wang Gang stopped talking.

Soon after, the car drove to Cuihu Garden.

Lin got out of the car and returned to his home.

In the Jade Dragon Pavilion, empty, Wang Gang and the others, no longer live here.

But the Yulong Pavilion has an aunt to clean every day, and every room is very clean.

When he returned to Yulong Pavilion, Lin Kai lay on the sofa, it was a pleasant one.

Cool!

In the Middle East, Lin Kai has never had a good rest. It feels so **** good to be home!

The land of the Middle East makes Lin Kai quite profitable.

Not only did he become the master of the Middle East, but he also got a gold suit!

In the Middle East, he had no spiritual power and could not exert the true power of the gold suit, but when he arrived in the capital, it was different.

As soon as the gold suit came on the field, Lin Kai was confident of the Grand Master!

Moreover, in addition to the gold suit, Lin Kai also obtained a very precious thing.

Lin Kai took out the thing from Qiankun's bag.

A golden elixir, about the size of an egg, is extremely smooth on the elixir, without a trace of defects, and rich spiritual power radiates from the elixir.

This is the golden core of the owner of the Red-Eyed Wolf King!

Good stuff!

The current Lin Kai is a perfect cultivation base during the Qi training period. If he can absorb the spiritual power in this golden core, maybe he can break through to the foundation building period!

Chapter 784: Chikuki Period

Chapter 784

The cultivator is not only more powerful than the ancient warrior, but also there is another advantage that the ancient warrior can't compare.

Cultivators can live forever! But ancient warriors can't.

The Red-Eyed Wolf King, relying on this golden core, lived for thousands of years.

Now that this elixir fell into Lin Kai's hands, Lin Kai would naturally not be polite.

But thinking about it carefully, the Red-Eyed Wolf King is still a bit pitiful. The owner has died for thousands of years, but the majesty is still there. It dare not disrespect the owner.

If it dares to check the owner's situation and find this elixir, maybe its result is not so miserable.

It was not the wolf king who died in the cave, but Lin Kai.

At this moment, Lin Kai returned to his room, closed the door, and meditated on the bed, ready to absorb the spiritual power in this golden core.

Running Huntian Jue, an extremely powerful energy came from the Golden Core!

Energy wandered through Lin Kai's internal organs, nourishing every corner of Lin Kai's body.

And Lin Kai's dantian was gradually being filled with spiritual power.

For the cultivator, the training period is just the lowest threshold for the cultivator.

After entering the foundation-building period, he can be regarded as a true cultivator.

During the Qi training period, the spiritual power is invisible, and it converges in the dantian.

Once you become a cultivator in the foundation building period, there will be qualitative changes.

The spiritual power will be condensed and formed, and the use of spiritual power will be more convenient and faster, and the recovery speed of spiritual power will be several times that of the Qi training period.

And Lin Kai is trying to condense his spiritual power.

In a blink of an eye, three days passed.

For these three days, Lin Kai has been absorbing the spiritual power within the golden core.

After Lin Kai absorbed the spiritual power in the Jin Dan, he repeatedly compressed it in his Dan Tian!

Compress and compress again.

He wants to compress spiritual power into a substantial spiritual power ball!

Once formed, Lin Kai has officially entered the foundation building period!

At this time, Lin Kai's sweat and clothes had already been saturated with sweat, and he was very close to success.

The spiritual power in his dantian is almost full, and the spiritual power ball will soon be formed!

"Give me...success!"

At this time, Lin Kai roared.

He exhausted his whole body's power, and finally, with a snap, the spiritual power within his dantian instantly condensed together, forming a ball-shaped object the size of a thumb.

It is Lin Kai's unformed golden core!

Lin Kai is now a cultivator in the foundation period!

At the moment of becoming a cultivator during the foundation building period, a huge dark cloud appeared in the sky above Yulong Pavilion of Cuihu Garden without warning.

With a snap, a bolt of lightning fell from the sky and slammed into the courtyard of the Yulong Pavilion.

Then, the dark clouds cleared, and the sky was clear again.

This flash of lightning is a blessing from heaven to congratulate Lin Kai.

Whenever a cultivator completes a breakthrough in promotion, he will be born with abnormal phenomena, such as thunder and rain.

Lin Kai's current level is not high, and when Lin Kai breaks through the realm of Yuan Ying Hua Shen, he will attract the baptism of Heavenly Thunder, that is, crossing the catastrophe.

After becoming a cultivator in the foundation building period, Lin Kai moved his muscles and bones a bit. At this time, he felt full of energy!

Those who cultivated in the foundation period were really tough!

At this time, let Lin Kai face that master-level powerhouse, Lin Kai is confident that he can kill him in seconds!

This is the strength of the foundation period!

After looking at his body, it took three days for this tribulation. Lin Kai's body was already covered with sweat.

Lin Kai ran into the bathroom, took a shower, changed into clean clothes, and returned to his room.

I picked up the phone and found that there were many missed calls on the phone.

All of them came from Zhou Ziqian.

Oops, Lin Kai patted his head and promised her that he would introduce her to Dafeng Entertainment, but he forgot about it.

At that time, Lin Kai called Zhou Ziqian back.

Soon after, the phone was connected, and Zhou Ziqian's complaining voice came: "Okay you, do you still know to call me?"

"I thought I was cheated!"

Zhou Ziqian's complaining voice contained a coquettish tone.

Lin Kai smiled helplessly: "I have something to do in the past two days, and I have not forgotten about you, sorry!"

"Well, then I will forgive you."

Zhou Ziqian said quietly.

"I will go to the company now, and when I get to the company, I will call you and you can come over and join the company."

"Really? Great!"

Zhou Ziqian's voice was very excited.

"Really, I'll hang up first." Lin Kai said, before hanging up the phone.

It's been a long time since I went to the company, and I don't know how the company is developing now.

Lin Kai knows that the current Dafeng Entertainment Company is more than just celebrities.

The current Dafeng Entertainment Company is involved in live broadcasting, games, online shopping, and even real estate.

Wang Zhentian once sent himself a document, and now Dafeng Entertainment has about five branches.

Lin Kai planned to visit the nearest Dafeng Entertainment Company.

Thinking, Lin opened the door, but when he left, Lin Kai was dumbfounded.

There is no car in the parking lot! There is only one bicycle.

Damn, after I left, Wang Gang actually drove the car away?

The two Unimogs in Qiankun's bag were tortured in the Middle East. They were already dilapidated and very noisy, and they couldn't be used normally.

No way, Lin Kai could only get on his bicycle and walk towards Dafeng Entertainment Company.

Soon after, Lin Kai came to Dafeng Entertainment Company.

This is branch one, which specializes in webcasting, and is considered a giant in the live broadcast industry.

The office building is 18 stories high, which is extremely spectacular.

Lin Kai rode a bicycle to the downstairs, and downstairs, there are luxury cars, BMW, Mercedes-Benz, Audi and other luxury cars.

And many young and beautiful small anchors have entered the company.

These are all employees of the company.

"Not bad!" Lin Kai exclaimed.

With that, he rode his bicycle and came to a parking spot, and stopped the bicycle directly.

But as soon as the bicycle stopped, a whistle sounded.

Dididi!

Looking back, I saw a convertible BMW parked behind Lin Kai. In the BMW, there was a beautiful woman.

She has wavy hair and a very hot figure. In the winter, she has very few clothes, and she wears a pair of sunglasses, and she has a cold look.

"Hey! Move the car away! This is a parking space for motor vehicles. Are you blind?"

The beauty pulled off her sunglasses and frowned.

Lin Kai was taken aback for a moment. He looked at the parking space. It was indeed a motorized parking space, but the parking space was clearly written with the chairman's special parking space!

Could this woman be an executive of her own company?

“Beauty, this is the chairman’s parking space. Could you be the chairman of the company?” Lin Kai asked with a playful smile.

Chapter 785: Dedicated Parking Space

Chapter 785

This is clearly the chairman’s dedicated parking space!

As the chairman of Dafeng Entertainment Company, Lin Kai occupied this parking space, it was justified!

And the hot and spicy beauty frowned, she took off her sunglasses and tossed her hair, a little impatient.

“Do you know who I am? Dare to talk back to me? Get out!”

The attitude of the violent beauty is very arrogant.

Lin Kai laughed at that time.

“Hehe, I don’t know who you are, do you know who I am?”

Hearing that, the violent beauty looked up and down Lin Kai.

Lin Kai was all alone in the stall, and there was no famous watch on his wrist. He was riding a broken bicycle under his buttocks with a full dick.

The hot and spicy girl rolled her eyes: “Hehe, a dick, who else can you be?”

“Hurry up and move your broken bike away, which delayed my broadcast. Can you afford to pay for this loss?”

The violent beauty began to get a little impatient.

Start broadcasting? Is it possible that she is the anchor of her own company?

Lin Kai looked up and down, only to see her hot figure, fair skin, and pure appearance, coupled with the beauty and filters, she is probably the best beauty.

It is estimated that he is really the anchor in his company.

But the violent beauty was stared at by Lin Kai so much, she frowned.

“It’s really unqualified, staring at others like this, your mother hasn’t taught you how to be polite?” the hot and spicy girl cursed.

Hearing this, Lin joked: “Hehe, polite? I think it’s you who is rude? This is the chairman’s dedicated parking space. Please park your car elsewhere!”

After hearing Lin Kai’s words, the violent beauty rolled her eyes, her expression disgusting and impatient.

“Damn, it’s unlucky! I just came to work and I saw a **** in the way!”

After all, she took out her mobile phone and dialed the phone.

As soon as the phone was connected, she immediately said: “Sister Jingjing, come down, there is a fool at the company’s door blocking my way!”

After all, she hung up the phone.

She also gloated at Lin Kai.

“You wait for me!”

Lin Kai smiled helplessly, he wanted to see who would support her.

Soon after, a woman hurriedly walked out of the company.

It was a woman in her thirties, with heavy makeup, wavy hair, twisting her body, and strode over.

She is the sister Jingjing in the mouth of the hot woman and her agent.

After seeing Lin Kai, Sister Jingjing frowned immediately: “Yo! Who are you? So courageous, dare to occupy both of my parking spaces?”

The hot and spicy girl also got out of the BMW. She flicked her hair, hugged her arms, playing with the taste: “A poor dick, riding a bicycle, has to grab my parking space, I just haha.”

After hearing the words of the violent beauty, sister Jingjing showed a pleasing smile on her face.

“Shuangshuang, don’t worry about this kind of stinky cock. It’s not worth it to be angry.”

After that, she looked at Lin Kai, changed her tone, and reprimanded: “Hey! Move your broken bike away! This is Dafeng Entertainment, not a place where you can be presumptuous!”

“Do you know who I am? I am the gold broker of Dafeng Entertainment. Believe it or not, I will ask the security guard to blow you away?”

Sister Jingjing akimbo, very arrogant.

Her name badge has indicated her identity as a gold broker of Dafeng Entertainment.

What is a gold broker? It is the Internet celebrities and anchors who have won a lot of popularity, and they are gold brokers.

A gold broker with a monthly salary of millions, no wonder it is so rampant.

Lin joked: “Hehe, what about the gold broker? This is the chairman’s parking space! The gods are here, I won’t move!”

After listening to Lin Kai’s words, Sister Jingjing was angry at the time.

“Yeah, today I really met someone who is not afraid of death!”

“Okay! Are you not afraid of me? Do you know who she is?”

Sister Jingjing pointed to the hot beauty and said brutally: “She is the gold anchor of our Dafeng Entertainment Company! There are millions of fans! You can buy a BMW for all the money you earn from the live broadcast!”

“Do you know her weight in Dafeng Entertainment? Stomping can make the company tremble!”

The hot and spicy girl raised her head arrogantly, holding her arms, with a look high above.

She seemed to enjoy Sister Jingjing’s flattery.

It turned out to be a gold medal anchor! No wonder it’s so crazy.

Lin chuckled and said, “Hehe, what about the gold medal anchor? This is the chairman’s parking space!”

Lin Kai insisted on the words of chairman parking space.

At that time, what caused sister Jingjing to hate Lin Kai was a itch.

“Why? Is it possible that you want to say that you are the chairman? Riding a broken bicycle and occupying the chairman’s parking space?” At this time, the hot and spicy beauty said with contempt.

Hearing this, sister Jingjing also brightened up, pointing at Lin Kai and cursing: "Could you not want to say that you are the chairman?"

"What a joke! The chairman of our Dafeng Entertainment Company, Shenlong, has never seen the end, and has never been to our company once. This chairman's dedicated parking space is dedicated to us for both live broadcasts! Get out!"

Lin Kai also joked after hearing what they said.

"Hehe, to tell you the truth, I am the chairman of Dafeng Entertainment."

As soon as Lin Kai said these words, the scene fell silent.

Sister Jingjing and the violent beauty both stared at Lin Kai blankly. After a long time, a burst of laughter rang out.

Sister Jingjing and the hot and spicy girl all smiled, and they were trembling.

"Hahaha! Are you afraid that you want to laugh at me? Just you? Return the chairman?"

"I think you are like the cleaner in our company who cleans the toilet!" The hot and spicy girl laughed.

Sister Jingjing smiled and tears flowed down: "Hahaha! Are you still the chairman of our company? Chairman, why did you come by bike? Shouldn't you come by private jet with an identity like you? Hahahaha!"

The two couldn't stop laughing.

People passing by also laughed after hearing Lin Kai's words.

Alone on the floor, riding a bicycle, can you still be the chairman?

Lin Kai fiddled with his hair helplessly: "Why do I tell the truth, but no one believes it?"

As soon as Lin Kai said these words, there was another burst of laughter.

"Hahaha! I finally know, why are you in the way? Are you afraid that there is something wrong with your head?" The hot and spicy beauty slapped her thighs and laughed.

Sister Jingjing laughed and coughed.

"Hahaha! Ahem...haha! A crazy one!"

"Shuangshuang, wait, I'll call the security guard over and drive this neurosis away!"

After all, Sister Jingjing took out her cell phone and dialed a call.

“Hello? This is Jingjing! I was at the gate of the company and called a few people over. There was a fool who claimed to be the chairman of our company!”

“Yes! Come here soon.”

After that, Sister Jingjing hung up.

After hanging up the phone, Sister Jingjing glared at Lin Kai quite gleefully.

“Don’t move, right? You wait, I’ll send you to the Public Security Bureau in a while!”

Chapter 786: Are You The Chairman?

Chapter 786 You Are The Chairman?

Lin Kai smiled helplessly, looking for someone to drive him? it is good! He wants to see, who will drive him away today!

Soon after, a group of people rushed out of the company.

There were more than a dozen people, all of them were security guards in uniforms, holding rubber batons, with a fierce expression on their faces.

The captain of the security is an uncle in his forties with a very arrogant attitude.

“Sister Jingjing, who claims to be the chairman of the company?” The security captain asked with staring eyes.

Sister Jingjing rolled her eyes and glanced at Lin Kai: “This is the kid.”

Upon hearing this, the security captain looked at Lin Kai immediately.

Seeing him look up and down Lin Kai, he immediately laughed.

“Haha! Just you? Claiming to be the chairman of our Dafeng Entertainment Company?”

Lin Kai smiled and nodded: “It’s me.”

“Hahaha! A joke! If you are the chairman of our company, then I will be the first-level chief of the capital!”

“Just like you are a dick, you are all dressed up and you are pushing a broken bicycle and returning to the chairman? Why don’t you go to heaven?”

As soon as the security captain said the words, the security guards laughed.

The eyes that looked at Lin Kai were all playful, like looking at a fool.

Obviously, no one took Lin Kai seriously.

Lin Kai also smiled helplessly, these years, to be honest, no one believed it!

“Boy, do you know where this is? Dare to talk nonsense here, I think you are tired of living!”

“Since you hit the gun, don’t blame me, come here, take me to the security room!”

The security captain sneered and ordered.

“okay!”

Immediately, several security guards immediately agreed, and they were ready to get started.

But at this moment, a whistle sounded suddenly.

Dididi!

Everyone looked back, and the security guards stopped their movements.

I saw that it was a white Maserati, which was very brand new and very luxurious.

When the security captain and sister Jingjing saw this car, they all lit up.

Because they know that the owner of this car is the car of the chairman’s secretary Li Xin!

Seeing this, the hot beauty also knew that her car was in the way, and quickly moved her red BMW aside.

This Li Xin, but the celebrity around the chairman, can’t afford to offend him!

The white Maserati drove directly in and parked in a special parking space. Soon after, Li Xin got out of the car.

I saw Li Xin dressed in a professional black suit, heroic and arrogant, between her brows and her brows there was a sense of arrogance. Her current value has skyrocketed and she is no longer the little secretary who was about to close down the company.

Now, she is the personal secretary to the chairman of the popular Dafeng Entertainment Company!

As soon as she appeared, a group of people immediately surrounded her.

“Yeah! Secretary Li, why did you come to the branch office? Come here, you are welcome!” Sister Jingjing smiled and greeted her.

And Li Xin’s cold face didn’t even look at her.

“I heard that the chairman is coming to inspect today. I’m here to find the chairman.”

After hearing Li Xin’s words, several people were a little shocked.

The chairman is actually coming to inspect?

The chairman of their Dafeng Entertainment Company has almost never appeared in the company.

Most people in the company have never seen what the chairman looks like. Today, the chairman actually came to inspect?

The hot beauty was a little excited, she had always been confident about her appearance.

She believes that as long as she can meet the chairman, she will have the opportunity to perform. Even if the chairman is a bad old man in 60s or 70s, she is willing to have some relationship with the chairman.

At this moment, Li Xin glanced coldly at the hot beauty, and said: “You are the famous pair in the company, right?”

Upon hearing the words, the hot and spicy girl replied flattered: “Do you remember me? I am Shuangshuang.”

“Your popularity is not low, work hard, maybe you can surpass the ball in the future.”

“Yes Yes Yes”

Qiuqiu was the anchor who Lin Kai personally recruited into the company at the time. With the company’s strong support, Qiuqiu is now a first-line anchor.

It is a role model for the female anchor of the entire company.

Just when Li Xin was about to walk into the company, she saw a group of security guards blocking the door of the company.

She frowned.

“What’s going on before? The chairman doesn’t know when he will come to the company, and what does it look like with so many security guards?”

Hearing Li Xins words, the security captain quickly replied: “Secretary Li, its like this. There is a stupid fork riding a bicycle. He has to park the bicycle in the chairmans special parking space and claims to be the chairman of the company. .”

“I’m taking someone and driving him away!”

Li Xin smiled when he heard the words, “Hehe, really stupid, take me to see.”

“Okay, please.”

Immediately, the three of them led Li Xin through the crowd and came directly in front of Lin Kai.

At this time, Lin Kai was lying on the bicycle, almost falling asleep.

The security captain pointed to Lin Kai and said, “Secretary Li, you see, this is the silly fork.”

Li Xin also looked over with a playful smile.

She was dumbfounded just by looking at it like this.

stupid guy?

Claiming to be the chairman of the company?

This is the **** chairman of the company!

Her eyes widened.

When the chairman came to the company to inspect and park the car, he was embarrassed by a group of security guards?

This is her negligence! She did not do a good job of greeting.

At that time, there was a buzzing in her head, and the whole person was dumbfounded.

Sister Jingjing kicked Lin Kai’s bicycle very impatiently.

“Hey! Do you still want to sleep here? The secretary to the chairman is here! Don’t you claim to be the chairman of our company? Now the secretary to the chairman is here, I want to see if Secretary Li knows you. Waste number!”

The hot and spicy girl fiddled with her hair and smiled: “Hehe, Dick who is riding a bicycle, can he be the chairman of the company?”

The words of these two people, Li Xin’s heart will get heavier every time he says a word.

Are you crazy?

He is the chairman!

With a pleasing smile on his face, the security captain asked, “Secretary Li, do you want me to teach this kid a lesson? I promise that he won’t dare to come to our company to pick things up in the future!”

As he said, the security captain squeezed his fist.

And Li Xin was about to faint at this time.

The chairman came to the company to inspect. That’s how you treated it?

Lin Kai also looked at Li Xin. After seeing Li Xin, Lin Kai also smiled.

“I haven’t seen you in a few days, Secretary Li’s bust is much bigger!”

As soon as Lin Kai said these words, the security captain immediately became angry: “Presumptuous!”

“You dare to molest Secretary Li? Do you know who she is? The secretary of the chairman of Dafeng Entertainment, are you tired of being crooked?”

“Come on, tie me up! Send it to the security room! Give me a good lesson and teach him! Palm!”

Chapter 787: Lin’s Help

Chapter 787 Lin Family’s Help

“Yes!” The security captain gave an order, and several security guards immediately prepared to do it.

“Stop it!” But at this moment, Li Xin shouted.

Several security guards stopped their hands immediately upon hearing this, and looked back at Li Xin with puzzlement.

Seeing Li Xin's eyebrows frowned, she hurried to Lin Kai's front, bowed deeply, and went down.

"Chairman, sorry!"

This sentence silenced the scene at that time.

Everyone stared at Li Xin blankly and was stunned.

Chairman? Sorry? Li Xin is apologizing to him?

Is it possible that this person is really the chairman of Dafeng Entertainment Company?

Everyone's eyes widened, feeling like they were dreaming.

"Secretary Li, you...you said he is the chairman of the company?" At this time, Sister Jingjing stammered.

Li Xin turned around and said angrily: "Yes, he is the highest chairman of our company!"

After hearing Li Xin's confirmation, everyone's head buzzed, and everyone was dumbfounded.

This person is actually the chairman of the company!

Wearing the same clothes as diaosi and riding a broken bicycle, such a person is actually the chairman of the company?

Sister Jingjing's face changed immediately.

Did you offend the chairman? It was a regret in her heart!

The face of the violent beauty also changed.

No wonder, no wonder people have to park their bicycles in the chairman's dedicated parking space, because they are the chairman!

It's just being low-key.

The face of the violent beauty is also extremely ugly.

Just now, no matter how she looked at Lin Kai, she felt that Lin Kai was a dick.

But now it seems that Lin Kai looks handsome and low-key. This is the Prince Charming in her mind!

The security captain's hands were shaking.

I actually wanted to tie up the chairman just now! Isn't this the old birthday star eating arsenic and looking for death?

Everyone's mood became very disturbed.

Lin Kai smiled slightly and patted Li Xin on the head.

"The people in our company are really good at making things happen!"

"A gold medal anchor, a gold medal agent, and a security captain are all dragged into the sky!"

After hearing Lin Kai's words, everyone's expressions changed.

Li Xin hurriedly bowed and apologized.

"Sorry, Chairman, this is my dereliction of duty!"

The security captain and several people were almost about to kneel down for Lin Kai.

At this time, there was regret in their hearts! They shouldn't look down upon others, but now it's good to offend the chairman!

"Chairman, I'm sorry, I don't know you are the chairman..." Sister Jingjing lowered her head and said with a look of shame.

Lin Kai smiled slightly and looked at a few people: "Hehe, you are all talents in the company, but if you are doing something about yourself, no one will look at it?"

"Today you are facing me. If it is someone else, you will know your fate!"

Lin Kai reprimanded for a while, everyone bowed their heads.

"Chairman, I'm sorry..."

At this time, the tone of the hot and spicy beauty began to change, becoming very agitated.

She shook her shoulders and seemed to be acting like a baby to Lin Kai.

The eyes are also discharging.

After knowing that Lin Kai was the chairman, she already had her own Xiao Jiujiu in her heart, and she wanted to win the chairman.

She has always been confident of her appearance!

Lin Kai smiled immediately.

The beauties that Lin Kai had seen were nine thousand without ten thousand. How could he show such a young master in his eyes?

“Get out! Stop pretending to be in front of me!” Lin Kai cursed.

This sentence changed the cursing expression of the violent beauty at that time.

With this sentence, she immediately scolded most of her confidence!

Lin Kai glanced at the people, he didn't want to waste his tongue with a few people.

“The captain of the security just opened!”

“Gold broker? Dropped to silver!”

“Gold medal anchor? Also dropped to silver medal!”

As soon as Lin Kai's words came out, everyone's expressions changed.

Gold medal dropped to silver medal? Income has dropped sharply!

And the security captain who was fired immediately sat down on the ground, and he was dumbfounded.

In order to get this job, he did not know how much effort it took!

Dafeng Entertainment treats its employees very well! Now that he has been expelled, he is a semi-illiterate who never graduated from high school. Where can he go to find a job?

“Chairman, don't...”

A scream rang out, but Lin Kai didn't pay attention to them at all, strode into the company, and Li Xin followed closely.

And in the chairman's parking space, no one dared to move Lin's bicycle...

After entering the company, Lin Kai took a look.

The environment inside the company is very good and the atmosphere is also very good.

There are probably thousands of live broadcasters in the company.

Of course, those who can broadcast live in the company are small well-known anchors who have this benefit to live broadcast in the company.

Most of the anchors live live at home after signing a contract with Dafeng Entertainment, and their income is evenly divided with the company.

Just such a company that runs live broadcast can bring Lin Kai tens of billions of income in a year!

After inspecting for a while, Lin Kai nodded and was quite satisfied with the company.

“Chairman, do you think the company environment is okay?” Li Xin asked, holding a document.

Lin Kai nodded and said, “It’s okay.”

“Go, go to the next company to see.”

In one day today, Lin Kai inspected all five branches.

Five branch companies, plus one head office, are six companies.

The current Dafeng Entertainment Company has truly become a well-known enterprise in Beijing!

And Wang Zhentian can be regarded as a real comeback!

In the evening, Lin Kai returned to his home and took a hot bath. Lin Kai lay on the bed comfortably.

He picked up the phone and opened his palm to read. He planned to take a look at the novel written by Crazy Carat.

It is said that this author is a handsome man, not to mention the update soon, and he is particularly fond of fans.

His new book “City God Level Selection System” is also very beautiful.

Looking around, Lin Kai fell asleep.

Early the next morning, Lin Kai got up, and after washing up, Lin Kai was going to have a look at Xianmen.

At this moment, Lin Kai's cell phone rang suddenly.

I took out my mobile phone and found that it was the call from the old man.

"Hello? Father."

Lin Kai answered the phone.

Lin Ting sighed over the phone.

"Ugh"

After hearing this sigh, Lin Kai's heart slammed.

Dad never sighed! He has always been very confident!

Can make the old man sigh, something big has happened at home!

"Father, what's the matter?"

On the other side of the phone, Lin Ting heard a hesitant voice.

"Xiaokai, if it's not particularly difficult, Dad won't call you this."

"It's just...but now I really can't stand it."

"The Lin family needs your help now!"

Chapter 788: Surround The Lin Family

Chapter 788

"Dad, what's the matter?" Lin Kai asked immediately.

After hearing Lin Ting's tone, an ominous premonition rose in Lin Kai's heart.

Is this still the giant father in his mind?

Is this still the head of the Lin family?

He has never asked anyone for help before!

"Ugh"

“Someone pretended to be the Lin family and scammed in China. Now the Lin family is surrounded by these big families!”

“The Lin Family, I can’t hold on anymore!”

Lin Ting sighed.

At the same time, Lin Kai heard a wave of curses coming from the other side of the phone.

In addition to curses, there is also the sound of whistle.

There was even the sound of glass bottles falling to the ground.

Lin Kai frowned, how dare someone make trouble in Lin’s house?

“Dad, wait for me, I’ll be there soon,” Lin Kai said.

After all, Lin Kai hung up the phone.

He didn’t want to ask so many specific reasons.

He only knew that the Lin family now was being threatened!

Lin Kai will never allow his family to suffer any harm!

Absolutely not allowed!

At that time, Lin Kai directly picked up his mobile phone and sent a text message to Wang Gang.

The content of the text message is very simple, send out the entire fairy gate and send it to Jiangbei!

And Lin Kai rushed to the airport and bought a plane ticket. Lin Kai waited at the airport anxiously.

As for the people surrounding the Lin family, they never thought that the power of the Lin family was definitely more than just superficial.

Behind him, there is a demon that no one can provoke!

...

Jiangbei, Lin’s family.

The Lin family now is not as good as before.

The former Lin family was the largest family in Jiangbei!

The market value of the Lin Group is more than 100 billion!

The Lin family mansion is even more luxurious. Every day, many people stand outside the Lin family mansion, wanting to meet the Lin family head.

But the Lin Family now closed the door tightly, and there was a mess in the Lin Family.

All kinds of **** smashed on the door of Lin's house, and various glass bottles were thrown into Lin's house.

But the servants of the Lin family and the Lin family of the collateral main line were all shrunk in the Lin family, not even daring to show their heads.

And outside the Lin family, there are countless people!

Countless luxury cars blocked the entire Lin family!

There are hundreds of families, large and small!

Some of these people are ancient warriors, and some are bigwigs of one force, and none of them are mortals.

They were stuck in every direction of the Lin family, and it could be said that even a fly could not enter the Lin family under their noses.

There were hundreds of families surrounding the Lin Family this time.

Among them, there are four more famous forces.

From the Wang family in Jiangdong.

The Jiangdong Wang Family is very powerful, even bigger than the Jiangdong Jiang Family!

The Wang Family Patriarch is even a master of martial arts level!

At this time, Wang Mu, the head of the Wang family, stood outside the Lin family, closing his eyes and resting.

Three days ago, a man called Lin Kai killed his son!

His son is also a master of martial arts!

In addition to the Jiangdong Wang family, there is also the Zhang family from the island.

Although the Patriarch of the Zhang Family is not an ancient martial artist, but an old man next to him is a master of martial arts!

Two days ago, a young man who claimed to be Lin Kailin killed Zhang's daughter-in-law!

Not only that, but also raped and killed many young girls from the Zhang family.

This made the entire Zhang family extremely angry!

Hundreds of families, large and small, all have enemies with the Lin family!

In the distance, a pair of gloomy eyes were watching all this coldly.

He is Lin Yuan.

During Lin Kai's journey to the Middle East, he was not idle either.

While practicing, he traveled across the entire Huaxia Kingdom, as Lin Jialin Kai, killed thousands of people up and down!

And now, he was not disappointed.

Countless families surrounded the Lin family!

Among them, there are hundreds of ancient warriors!

There are dozens of martial arts masters!

Lin Kai, although I don't have the strength to kill you now, I will destroy your family with one hand!

At the beginning, you killed my father and kicked me out of the family. Ever thought you would end up now?

Humph!

Lin Yuan watched quietly, he wouldn't do it himself, that would be too boring.

He wants Lin Kai to die in despair!

At this moment, outside Lin's house, a burst of clamors sounded.

"Lin Ting! Get out of me!"

“Lin Kai! You kill my mother-in-law, this hatred is not shared!”

“get out!”

...

There was a burst of clamor, and all the residents near Lin’s house were evacuated.

The police dare not even fart.

The streets are even more empty.

In the lobby of the Lin family, headed by Lin Ting, the backbone of the Lin family sat on the seat without a word.

Lin Ting’s face was extremely ugly.

By his side, is his wife and Lin Kai’s mother, Liu Yun.

Liu Yun’s face was also extremely ugly.

Under the two of them, Zhang Dahai was headed, and the backbone of the Lin family were all present.

Lin Ting Dang has hundreds of people.

These people can be said to be the mainstay of the Lin family.

“Patriarch, it’s not good, there are more and more people!”

“Besides, you can’t get out alone! Go out and die!”

Zhang Dahai frowned and said.

Zhang Dahai, now the president of the Lin Group, is also Lin Ting’s confidant.

“How many of them are there?” Lin Ting frowned.

Zhang Dahai replied: “There are too many people to count, but it seems that there are about a thousand people.”

“Moreover, there are many ancient warriors among them.”

“There are also masters at the Martial Saint level.”

After listening to Zhang Dahai’s words, many of the Lin family were silent.

Even the martial arts level masters have appeared, can their Lin Family survive this level?

Although the Lin family is the largest family in Jiangbei, in fact, the Lin family is only the largest financial family in Jiangbei.

In terms of ancient martial arts, the Lin family is very weak.

The Lin family just spent money to invite a few martial arts-level honours.

“Can you please come over for several consecrations?” Lin Ting asked.

As long as a few Wusheng-level offerings can be invited over, they can scare away thousands of people outside.

Zhang Dahai’s face was extremely ugly, he shook his head.

“As soon as I heard that something happened to Lin’s family, none of the priests could be contacted.”

Hearing this, Lin Ting also sighed.

Anonymous offering is an offering by name, just a name! When something happened, all ran away!

“Are none of our Lin family friends willing to help us?” Lin Ting asked.

Zhang Dahai shook his head and said, “There are hundreds of forces outside the door, and there are many big ones. No one wants to offend them for our Lin family!”

As soon as Zhang Dahai’s words came out, everyone at the scene was silent.

Everyone knows that they are a dead end!

The Lin family now is like a small grass swaying with the wind in the strong wind, which will be blown away at any time.

The major forces outside the door will rush in at any time and kill the entire Lin family!

Chapter 789: Lin Kai Who Is All Evil

Chapter 789

As everyone in the Lin family was discussing matters, there were waves of curses.

“Lin Ting! Get out!”

“Hand over your son!”

“If Lin Kai doesn’t show up today, we will slaughter the entire Lin family!”

...

It was crackling and saw countless glass bottles smashed into Lin’s house!

At that time, the Lin family compound was full of debris and even rotten eggs!

The Lin family, who used to be the supreme in Jiangbei, is now being scolded like this. What’s more ridiculous is that everyone in the Lin family still dare not go out!

“Patriarch? What should I do?” Zhang Dahai was sweating.

Lin Ting was silent at this time, he didn’t know what to do.

After a long time, Lin Ting said, “Now the Lin family is isolated and helpless, so they can only resist, and wait for Xiaokai to return.”

It was okay for Lin Ting not to mention Lin Kai. When Lin Kai mentioned it, it caused strong dissatisfaction among everyone.

Immediately, someone dissatisfied: “Huh! The reason why the Lin family has become like this is not all due to the young master?”

Someone started, and someone immediately agreed: “Yes, I heard that Lin Kai is doing nothing wrong outside! The eldest lady who raped and killed many big families, now that the Lin family has fallen so far, it is all thanks to Lin Kai!”

“Patriarch, I ask Young Master to come back and give everyone an explanation!”

“Yes! Hand over the young master! One person does things the other person, he did something wrong, why should we bear it?”

Sounds of protest sounded.

Everyone strongly urged Lin Ting to hand over Lin Kai.

boom!

At this time, Lin Ting slapped the table fiercely, and the scene was immediately silent.

“enough!”

Lin Ting said angrily: "My son will definitely not do anything like that! Someone must be framing my son!"

After listening to Lin Ting's words, a veteran-level figure stood up.

This veteran-level figure is named Lin Xing. He is in the Lin family and is quite prestigious.

Now that the catastrophe is approaching, he can no longer care about the majesty of the owner, he snorted coldly: "Humph! Dogs can't change their shit!"

"What Master Lin looked like before, we all see it!"

"Even if he has become obedient recently, who knows if he will become the same as before?"

As soon as Lin Xing's words came out, there was an uproar.

Yes! In the past, Lin Kai ate, drank, and gambled, and did everything he did. It's not surprising that he could do things that both people and gods are angry with.

"Yes! The former Young Master Lin was a crazy man in Jiangbei!"

"Yes! Young Master Lin used to take my son to watch other widows take a bath in the middle of the night. Is this a human thing?"

"These things are definitely not slander, they must have been done by Lin Kai!"

At that time, waves of dissatisfaction sounded.

They vented all their dissatisfaction on Lin Kai!

Lin Ting's complexion was extremely pale, he held two Wenwan walnuts tightly, and the veins on his arms burst out.

He is angry!

These people he usually trusts most, but now he doesn't believe in his son! And so slander his son.

He is upset!

"Shut up!" Lin Ting shouted angrily. This time, he was really angry!

Lin Ting was angry, and at that time, the whole scene fell silent again.

Although no one spoke, the expressions on everyone present were extremely dissatisfied.

Dissatisfaction with Lin Kai, dissatisfaction with Lin Ting!

Lin Linxing took a look at Lin Ting coldly. He was a veteran of the Lin Family. In the Lin Family, one person is less than ten thousand people. He still has some ideas about the position of Patriarch.

Half of what he said just now was true, and half of it was to arouse everyone's dissatisfaction with Lin Ting. Afterwards, he was so good!

At this moment, there was a bang!

Everyone's complexion changed and they all looked out.

I saw that the gate of Lin's house in the distance had been directly knocked open by an off-road vehicle!

The Lin family members who were guarding the door ran back like a bereaved dog!

A scream sounded, and countless luxury cars drove into Lin's house!

The Lin Family Lawn is very large and can be used for golf, so even if a lot of cars come in together, it will not appear crowded.

Hummer, Land Rover, Rolls Royce...

There are all kinds of luxury cars, and it can be said that today's are not simple little people.

Thousands of people, driving hundreds of luxury cars, directly occupy the entire Lin family!

Thousands of people stood in front of the Lin family villa, with a mighty momentum.

The two led by Wang Mu from the Jiangdong Wang Family, and Zhang Hao from the Zhang Family on the island.

"Lin Ting! Get out!" Wang Mu shouted angrily. The Wusheng level cultivation base broke out at that time, and the entire Lin family could hear it.

The expressions of everyone in the Lin family changed dramatically.

Lin Ting sighed, he knew that there was no way to hide now, he could only choose to face it.

At that time, Lin Ting strode out.

The hundreds of people in the Lin family also walked in with Lin Ting.

Soon after, Lin Ting and others appeared in front of Wang Mu and the others.

Seeing the thousands of people in front of them, and hundreds of ancient warriors, Lin Ting and the others are all very stressed.

Lin Ting reluctantly showed a smile, and said, "Gentlemen, elders, drive me the Lin family today. I don't know what's the matter?"

"Lin Ting, are you **** still pretending to be confused?" Zhang Hao roared at this moment.

"Your son, Lin Kai, slept with my daughter-in-law! First **** and then kill! Today, my Zhang family came to your Lin family to ask for money!"

As soon as Zhang Hao said, there was a noise from below.

"Yes! Lin Kai killed my wife!"

"Lin Kai killed my second aunt! My second aunt is in her forties, so he can do it!"

"My old mother was also killed by Lin Kai!"

...

At that time, bursts of clamor sounded.

Lin Ting's face became extremely ugly.

At that time, he clasped his fists and said, "Everyone, my son Lin Kai, although he is lively by nature, but his character is not bad and he is naturally kind."

"Everyone says that my son has done so many wicked deeds, is there evidence?"

As soon as Lin Ting finished speaking, Wang Mu sneered.

"Hehe, without evidence, can we know that he is Lin Kai?"

At that time, Wang Mu waved his hand, and immediately a person came over with a huge box.

I saw that the man came to Lin Ting, opened the box directly, and then poured out all the contents in the box.

Shattered, all are photos!

“These things are evidence left by our hundreds of families!”

“This Lin Kai is so **** crazy! He has done so many bad things, and he doesn’t even hide from the surveillance! Look for yourself and see if the person in the photo is Lin Kai!”

After listening to Wang Mu’s words, everyone gasped.

Is it hard to prove?

Everyone looked over and saw various figures among the thousands of photos.

That figure is no different from Lin Kai!

Although he was wearing a mask, his eyes were almost identical to those of Lin Kai, even his hairstyle.

Even if the Lin family saw it, they thought that this person was Lin Kai!

Chapter 790: 100 Billion Compensation

Chapter 790

After seeing this photo, there was a loud noise.

All the Lin family were dumbfounded!

Lin Kai is their Young Master Lin family, how could they not know Lin Kai? The person in the photo looks exactly like their Young Master Lin!

It is certain that the person in the photo is Lin Kai!

“My God! It’s really a young master!”

“How could the young master do such a conscienceless thing?”

“It’s all Lin Kai’s fault, so why should we make the mistake?”

“Let Lin Kai handle it alone!”

“Let Lin Kai come back!”

At that time, bursts of noise sounded.

More than half of the Lin family clamored for Lin Kai to deal with it by himself.

They are all Lin Ting's most loyal subordinates! But when the catastrophe was approaching, they chose to save themselves and sacrifice Lin Kai.

After all, my life is the most precious!

But Lin Ting's face was extremely ugly.

Even if the hard evidence is in front of him, he will not believe that his son can do such a conscience!

"Impossible, this can't be done by Xiaokai, someone must impersonate him!"

Lin Ting said angrily.

Liu Yun also sobbed: "Yes, my family is Xiaokai, I have always been a very filial and sensible child!"

"How could he do this?"

"This is impossible"

Upon hearing this, Wang Mu coldly snorted: "Humph!"

"Impossible? The iron proof is in front of you, what else is impossible?"

"We are here today to ask you Lin family to give us an explanation!"

After Wang Mu's words were over, a large number of people immediately agreed.

"Yes! Give us an explanation!"

"If we don't give us an explanation today, we will step down on Lin's house!"

"Hand over Lin Kai!"

...

Thousands of people clamored together, with great momentum and momentum.

Lin Ting's face was very ugly, even if he didn't believe his son would do such a conscienceless thing.

But if you don't give them an explanation today, it is very likely that the Lin family will no longer exist!

At that time, Lin Ting asked, "What do you want to explain?"

"Humph!"

Wang Mu snorted coldly, and looked at each other with Zhang Hao, and a trace of triumph flashed across their eyes.

In the world of ancient warriors, feelings are the weakest, and interests are paramount!

They came today, under the guise of revenge, to squeeze the Lin family dry!

"First! Hand over Lin Kai, we have to deal with Lin Kai personally!"

"Second! Compensate our hundreds of families, a total of 200 billion compensation!"

"Third! All of you Lin family, apologize to us!"

As soon as these three requirements came out, the faces of everyone on the scene changed in unison.

Lin Ting took two steps back, his body a little unstable.

These three conditions might as well kill Lin Ting!

Hand over his son? That's more difficult than killing him!

Although the Lin family is a family of hundreds of billions, it is only 200 billion in addition to the company's market value! Ask him to hand over 200 billion, he doesn't have that much money at all!

Let everyone in the Lin family apologize? Doesn't this make the Lin family a laughingstock?

The faces of everyone in the Lin family are very ugly, because they know that if Lin Ting really chooses to hand over 200 billion, then the Lin family will no longer exist, and they will be reduced to ordinary people.

"Today, either you promise me these three conditions, or I will eradicate your Lin family!"

Wang Mu said coldly.

As soon as he said this, thousands of people behind him immediately shouted:
"Erminate the Lin Family!"

Powerful and full of momentum!

This is really a tangled multiple choice question! Either choose to give up life and defend the wealth and dignity of the Lin family.

Either you choose to save your life and become an ordinary person in the second half.

At this time, bursts of dissatisfaction sounded.

“This is Lin Kai’s fault alone, so why should we bear it?”

“Yeah! My whole family counts on me to make money by myself! The Lin family is down, what should my family do?”

“Let Lin Kai get out! He caused the trouble, we won’t pay for it!”

“Let Lin Kai roll back!”

There was a burst of clamor.

Everyone in the Lin family was dissatisfied.

At this moment, a person stood up.

“Everyone be quiet!”

This person is the forestry industry of the Lin family, who is above 10,000 people.

As soon as Lin Xing appeared, the scene gradually became quiet.

“Everyone listen to me!”

Lin Xing looked at the people at the scene and said: “This time, it was Young Master Lin who caused the disaster alone. It has nothing to do with us! Right?”

“Correct!”

There was a response sound at the scene.

The corner of Lin Linxing’s mouth showed a sly smile.

Haha, I have been waiting for this opportunity for a long time!

“If this is the case, should Lin Kai alone bear the responsibility of the mistakes he committed?”

“Correct!”

As soon as Lin Xing said something, there was another loud shout.

At this time, Lin Xing held a fist at Wang Mu and said, "Patriarch Wang, I have a proposal. I wonder if you are interested?"

Wang Mu looked up and down at Forestry Xing and said, "Say."

"Since it was Lin Kai who caused the disaster alone, he should be responsible for it alone!"

"Our Lin family will hand over Lin Kai and sincerely apologize to the hundreds of families in front of us!"

"Lin Kai killed so many people, and this compensation cost should indeed be borne by my Lin family."

Hearing what Lin Xing said, Wang Mu touched his chin and laughed at that time: "Hahaha! It seems that there are still clever people in the Lin family!"

"Liu Xing! What are you doing?" Lin Ting said angrily.

"To shut up!"

At this time, Forestry shouted angrily.

Completely ignore that Lin Ting is the head of the Lin family.

Seeing Lin Xing pointed at Lin Tings nose, he cursed, "As the saying goes, the upper beam is not right and the lower beam is crooked. If you do a little bit, will you teach a child like Lin Kai who is not as good as an animal?"

For the first time, this is the first time that Linlinxing dared to speak with the owner of the house!

Everyone looked at Lin Xing and didn't know what he wanted to do.

At this time, Forestry Xing raised his fist at Wang Mu again, saying: "However, Patriarch Wang, if you think about it carefully, 200 billion is needed for our Lin family to become a seller. It will not be possible to make up so much for a while."

"My Lin family is willing to make an IOU, two hundred billion, pay it back slowly!"

"After all, it is better to teach people to fish than to teach people to fish."

"I mean, Patriarch Wang, you know."

At this time, Lin Xing showed a smirk.

As soon as his words came out, everyone in the Lin family gasped.

Forestry is going to reverse this!

Honestly opposed!

After listening to Lin Xing's words, Wang Mu immediately glanced at that Zhang Hao. The two of them just glanced at each other, and they had a feeling in their hearts.

Yes, if you can control the entire Lin family, money will continue to come in the future!

At that time, they will make more than 200 billion yuan.

Originally thought that Lin Ting was uncontrollable, they planned to **** up the entire Lin family!

But unexpectedly, the Lin family still has moths like Lin Xing, which is just what they want!
