

Record of Strange News in Northeast - C5

When Old Mrs. Liu was young, she was already chosen by a fox fairy and had left home at the age of 16. There were many horse immortals in the Northeast, almost every village had one, which meant that animal cultivators, in order to accumulate meritorious services, would attach themselves to suitable people to help them get rid of demons and demons.

Moreover, this Fox family was a big family. Other than the three old foxes, there were also countless little foxes in the family. Hu Xiaochun had an older sister and a younger sister, but her older sister and sister were all cultivating on the mountain and didn't find disciples.

The little fox that jumped out of the barn window was Hu Xiaochun's granddaughter, Hu Yaoyao. She was a little fox that hadn't cultivated for several decades, and usually stayed in Old Lady Liu's barn. Because Hu Xiaochun lived in the mountain for a long time, she had Hu Yaoyao act as Old Lady Liu's representative.

Hu Xiaochun used up a lot of energy last time, so she couldn't take it anymore, so she tried her best not to trouble Hu Xiaochun. However, the problem this time left her at a loss, so she had no choice but to ask the Celestial Fox Immortal to step in. After tidying up, she came to my house. Everyone in my house was listening to my father about how to catch zombies, when suddenly there was a knock on the door, which gave me a big fright. My grandfather laughed at me, "What are you afraid of? Where did zombies come from?" When my father opened the door and saw that it was Old Lady Liu, he hurriedly came to welcome her. Old Lady Liu did not say much after entering the room. "Little Ying, bring Haozi over to me." When I was young, Old Lady Liu treated me and also saw my mother's special physique, so she accepted my mother as a Second God. This time, my mother and I are definitely going to be involved in that, so my family didn't say anything.

My grandfather said, "Do you need our help? If you need anything, just say it directly." Old Lady Liu said, "It's fine. Just let them go with me." She led my mother and me away.

I haven't had a lot of trouble these days, so I rarely went to Mrs. Liu's house. After I went through the door, Mrs. Liu led us directly to the small barn and then asked us to help her with eggs, white wine, and pork. I also thought, "Is this for a midnight snack?" Old Granny Liu spoke up, "Ying, when Great Immortal Hu comes by later, as long as you're not afraid, it'll be fine." My mother said, "Aunt Liu is here, what am I afraid of." Old Mrs. Liu nodded and told me not to speak any nonsense.

After about ten minutes, I suddenly felt the temperature in the warehouse drop, it dropped so much that I couldn't help but shiver. At this moment, my mom stopped swinging and opened her mouth to speak, but then she said in a soft voice, "Little Liu, why are you looking for your grandma?" This sound gave me a fright. My mother wasn't like this. She scared me so much that I didn't dare to make a sound. Before Old Mrs. Liu could say anything, my mother said again, "This mountain is colder than your village, but I, this girl, am quite suitable. How did you find her, you already found her, you don't have to suffer. All these years I've been tormenting you, I've always come, you're too weak." As I said that, my hands didn't stop. After the egg is beaten, it goes straight to my mouth. The greasy pork is directly stuffed into my mouth and I pour the high alcohol that I've burnt at home into my mouth.

Hu Xiaochun took advantage of my mother's body and ate it all. Old Mrs. Liu spoke up, "Hu Taishui, I'm so old, and I thought I wouldn't have the chance to bother you anymore. I didn't expect that there would be such a huge disaster. I really have no way to recruit anyone." Hu Xiaochun said, "A great disaster? What kind of disaster was this? How come I didn't know?" Old Lady Liu laughed, "You didn't even move, so you don't know what's going on outside. Recently, there's a dead man walking around the mountain with his corpse blown up, but he scared me so much. If he comes down the mountain and enters the village, he might bring disaster upon all of us. So please help him."

Hu Xiaochun looked around and said, "Ah, you're talking about such a disaster. This will be difficult.

That zombie isn't in the Three Realms. It jumped out of the five elements. I couldn't do anything about it." Old Granny Liu knew what this old fox wanted, so she said, "Great milk, let's be straightforward. As long as it's something our village has, you can take it away. As long as you help us deal with this disaster." Hu Xiaochun pursed his lips and smiled, "Then I'll take it! I'll take this boy's 10 Jin blood!" Then he pointed at me, and I was stunned. I thought to myself, This old fox really isn't that good. He's no different from the sage who caught Monk Tang in Journey to the West.

What's the use of drinking my blood since I'm not Monk Tang? You want ten pounds of my blood, and I'm not going to be a man anymore? Old Lady Liu was stunned. "Great Dairy, I was just about to ask you about this little kid. Did you see anything special about him?" Hu Xiaochun said, "Hehe, you are just an ordinary person, so you can't see anything normal. This boy used to be a person in the temple, so he shouldn't be a virgin, but his master still wanted him to be her disciple after he became an immortal. So this boy is only half a child, which is hard to come by." After saying that, he stared at me and asked, "Little boy, why don't you give me ten pounds of blood? I'll give you ten pounds of blood. We don't owe each other anything. How about it?" It scared me so much that I hid behind Old Lady Liu. Old Lady Liu laughed and rubbed my head. "Haozi, Hu Tai's blood is much more precious than your blood. You've made a lot of profit from this business." I said, "Then if you dare to put ten pounds of blood in it, I won't dare. If I put ten pounds of blood in it, I'll be an adult." Hu Xiaochun laughed, "That's easy. Every New Year's Eve, you give me half a pound of blood, and on the fifth day of the sixth month, you give me half a pound of blood. Besides, I have a lot of people who want my blood." I asked again, "What do you want my blood for, and what do I want your blood for?" Hu Xiaochun said, "With my blood, I'll have my cultivation experience. Furthermore, I've connected with all the deities on the mountain and they see you as one of their own. Do you think that's useful?" Before I could say anything, Old Lady Liu said, "This brat is fortunate. I thank him for him." This old lady, feelings aren't about letting you bleed. Hu Xiaochun said, "I've been in closed door training recently and I can't use my real body. I don't want to trouble my sister and sister, so I'll give you advice. Do you know our King Hu of Zhang Feng Mountain?"

King Hu? I asked, "Is it the Tiger's Essence?" Hu Xiaochun said, "It's not the essence of tigers, it's the great tigers that rule over the mountains. You've lived here for so many years, haven't you noticed that there aren't any tigers? I know why, but it's just because King Hu, as long as you can move, there's nothing that King Hu can't do. Go southwest for 15 miles. There's a big ravine there to lure the trouble over there. King Hu will take care of it." After saying that, my mom twitched again.

Then, she lowered her head and stopped talking. It seemed like it was Hu Taishui who left.
