### **Read I Am Such An Expert; Why Do I Have To Take In Disciples Chapter 21 - No, He's a Lunatic**

#### **Chapter 21: No, He's a Lunatic**

A figure he had never seen before slowly walked over with his hands behind his back.

Every step he took caused ripples in the air. This figure also emitted a spiritual aura that revealed an extremely deep cultivation that shook the air.

As he walked, the elders who were prepared to attack him also seemed to have suffered an extremely powerful pressure. All the muscles in their bodies could not help but tremble. They bowed slightly and were unable to straighten their backs.

At this moment, Fang Tianyuan felt like his soul had suffered a violent impact!

This was an expert he had never seen before!

To him, Lu Xiaoran was simply like a god!

In shock, the figure slowly walked past him and towards the elders of the Ancient Ape Tribe.

The pressure the elders endured was also increasing. Even though they used their full strength and crazily circulated the spirit energy in their bodies, they were still unable to withstand it easily.

One of the elders gritted his teeth and forcefully endured it as he shouted with his full strength,

“May I ask who you are?”

The other party did not answer.

The elder shouted again, “Sir, we are all elders of the Ancient Ape Tribe. We didn't mean to offend you. Please show mercy.”

The other party finally spoke, but Lu Xiaoran did not answer them. Instead, he directly attacked!

“Lightning Bolt Fist.”

With a punch, killing intent surged.

“How powerful!”

The expressions of the elders changed drastically. They no longer cared about their dignity and used the secret technique of the Ancient Ape Tribe, the Blood Explosion Teleportation Technique.

By erupting with a drop of blood essence, they could move quickly and forcefully escape.

As soon as the Blood Explosion Teleportation Technique appeared, they were all about to disappear from their original spots. Their speed was shocking.

However!

They were fast, but the other party was even faster.

Unfortunately, Lu Xiaoran’s Great Void Chaos Steps was even faster!

He instantly surpassed everyone.

“What?”

The elders’ pupils constricted, and their breathing froze.

Before they could react, the other party’s Lightning Bolt Fist had already landed on them. The punch was monstrous. With just one punch, it struck them down.

Boom! Boom! Boom!

The few elders were all sent flying back and smashed fiercely onto the ground. Each of them created a huge pit on the ground.

Pfft!

Everyone almost spat out a mouthful of blood in unison. Their clothes were all destroyed, and the bones in their chests had even collapsed. They looked incomparably tragic, even worse than the beggars on the street.

Fang Tianyuan's pupils constricted, his heart raced, and he was so shocked that his breathing almost stopped.

At this moment, he could only see the figure standing in the air.

Powerful!

Invincible!

It filled him with admiration.

**This chapter upload first at NovelBin.Com**

Geniuses were all arrogant and would never submit to anyone. However, at this moment, Fang Tianyuan felt that he was willing to submit to this expert in front of him!

The few elders crawled up miserably, their minds collapsing to the limit, and they begged trembling,

“Senior, please spare us. We really did not know that Senior was here and disturbed you. Senior, please forgive us...”

However, before they could finish speaking, another sword beam slashed down unreasonably.

This sword beam emitted a light that was as dazzling as the stars in the galaxy. It seemed to be even stronger than the sun, making it difficult for people to open their eyes and not dare to look directly.

Boom!

The sword move smashed mercilessly onto the few elders and mercilessly struck them with an unstoppable momentum.

Waves exploded, and sword aura spread everywhere.

In an instant, the few elders were directly slashed to death by this invincible sword aura!

In fact, the powerful sword aura did not lose its momentum and forcefully slashed out a huge rift more than a thousand meters long!

Boom!

The ground began to tremble.

Fang Tianyuan's heart throbbed even more.

What kind of god was this?

Without saying a word, the other party had unleashed such a killing move.

The other party had killed all the elders who were chasing him with just two consecutive attacks.

It had to be known that the cultivation levels of these elders were all above his. Each of them had the strength of the sixth or seventh level of the Mountain Sea Realm!

In the entire Great Zhou, they were already an impressive force.

However, they were all wiped out in just two moves!

How powerful was that?

How domineering was that?

How majestic was that?

He was simply extraordinarily powerful and decisive.

An expert!

This was an absolute expert!

A rare expert!

At this moment, the other party had already landed. Fang Tianyuan was about to go forward and kneel to express his gratitude when he saw the other party walk quickly to the corpses of the few elders.

“Se... Senior...?”

Fang Tianyuan was suddenly at a loss, not knowing what the other party wanted to do.

“Don’t panic.”

The other party waved his hand, indicating for Fang Tianyuan to calm down. Just as Fang Tianyuan was feeling puzzled, he saw the expert suddenly attack the corpses of the Ancient Ape Tribe elders and unleash a move.

“Mahayana Vajra Fist.”

“Snow Slaying Sword Art.”

“Invincible Vajra Palm.”

“Violent Wind Lion Roar.”

...

“???”

Fang Tianyuan was immediately puzzled.

What... was this senior doing?

They were already deader than dead. Why did this senior still use his cultivation technique again and again to break their corpses into pieces?

**This chapter upload first at NovelBin.Com**

What was he trying to do?

A moment later, all the elders' corpses had been shattered into dust. Only then did the other party slowly stop.

Fang Tianyuan heaved a sigh of relief and thought to himself. It should be over now, right?

However, the next moment, he saw the other party make another hand seal.

“Moon Slaying Gale Dance! Quick!”

After the order was given, a violent wind immediately blew away the ashes of the few elders.

“...”

Fang Tianyuan was completely speechless.

Wasn't it a little too much to not even let go of the ashes?

However, the other party was still a senior expert who had saved him after all, so he could not say anything. He took a deep breath and was prepared to go forward to thank him.

However, before he could step forward, the other party set up another array formation.

“This is... the Soul Convergence Formation?”

Fang Tianyuan was dumbfounded once again. What was the point of setting up the Soul Convergence Formation at this moment?

Then, he saw the other party use the Soul Convergence Formation to gather the souls of the few elders. Then, another powerful thunderous punch swept out and shattered their souls into dust.

Fang Tianyuan : "..."

Could this senior be a pervert?

After doing all of this, the other party finally stopped and stretched leisurely.

"We're safe now."

Fang Tianyuan almost vomited blood.

At this moment, the image of a respected expert he had built up had already been destroyed.

He was already starting to doubt his life.

This guy was not a god. He might be a lunatic!

That's right, he was definitely crazy.

If he wasn't crazy, he would have stopped after killing them, let alone go that far.

He had killed the enemies, destroyed their corpses, scattered their ashes, and then brought back their souls just to destroy them again.

He did not miss anything.

He was already beyond cure.

Heavens, what a strange existence was this?

Was there a need to do this when he was already so powerful?

Putting aside the fact that he was much stronger than them, was there really a need to deal with the lifeless corpses?

Was it necessary?

Was it necessary?

Was it necessary?

Fang Tianyuan's little head was dizzy and he was completely unable to understand the senior's actions.

He was even a little afraid and wanted to run.

Unfortunately, it was already too late. The other party had already targeted him.

"Hello, nice to meet you. Let me introduce you. My name is Lu Xiaoran."

Seeing Lu Xiaoran's smile, Fang Tianyuan trembled in fear and immediately bent down to respond.

"I wouldn't dare, I wouldn't dare. Junior Fang Tianyuan greets Senior Lu."

He looked sincere and respectful, afraid that Lu Xiaoran would do to him what he did to them.

Lu Xiaoran nodded in satisfaction.

"Not bad. You're humble and polite. You're a good seedling. How about it? Are you interested in becoming my disciple?"

## **Chapter 22: The Pain of 998**

"Ah?"

Fang Tianyuan was stunned. He did not expect the other party to actually want to take him as a disciple.

If Lu Xiaoran had only killed those few elders of the Ancient Ape Tribe, he would definitely kneel down and worship him as his master without hesitation.

However, Lu Xiaoran's subsequent actions made him hesitate.

This guy was indeed powerful, but his brain... seemed to have a problem?

Was it really reliable for him to learn from him?

"Stop daydreaming. Are you willing to be my disciple?"

Lu Xiaoran asked again. Fang Tianyuan was silent for a moment before carefully saying,

“Then... what will happen if... I refuse?”

“If you refuse? It’s fine. I don’t like to force people.”

Although Lu Xiaoran said it very nicely, Fang Tianyuan could clearly sense a powerful spirit energy constantly condensing in Lu Xiaoran’s right hand.

This made Fang Tianyuan’s face twitch fiercely.

Based on his previous actions, Fang Tianyuan knew that what Lu Xiaoran said was not true at all.

He knew that if he refused, he would be dead in the next second.

Therefore, without any other choice, Fang Tianyuan immediately knelt on the ground.

“Junior Fang Tianyuan is willing to take you as his master.”

Ding... congratulations on obtaining an SSS-level disciple. Reward: top-grade Martial Monarch Realm cultivation technique—Indestructible Golden Body. Reward: top-grade Martial Monarch Realm weapon—Void Shattering Hammer. ‘

Hearing that the other party had become his disciple and Wang Cai had given out the rewards, Lu Xiaoran finally revealed a loving smile again. The spirit energy in his right hand also instantly disappeared.

**This chapter upload first at NovelBin.Com**

He patted Zhou Hao’s head and said happily, “Good, you sure are a good disciple. Get up quickly.”

Only then did Fang Tianyuan heave a sigh of relief and slowly stand up.

“Master, which sect are you from?”

“I’m from the Heaven Demon Sect.”

“Heaven Demon Sect?”

Fang Tianyuan was stunned. He had heard of the Heaven Demon Sect before. After all, everyone lived in the same area. However, did the Heaven Demon Sect have a figure like Lu Xiaoran?

The strongest people in the Heaven Demon Sect seemed to be the sect master and the grand elder. However, their cultivation levels should not exceed the fifth level of the Shattering Void Realm.

The Lu Xiaoran in front of him was clearly not one of the two. However, the cultivation Lu Xiaoran demonstrated just now was far stronger than his father's, which was only at the Void Reversion Realm. He was definitely not at the Creation Realm but an expert above the Shattering Void Realm!

Could it be that the Heaven Demon Sect was filled with hidden experts? Could there be some unknown secret?

Just as he was feeling puzzled, Lu Xiaoran's voice sounded again.

"That's right. I'm from the Heaven Demon Sect. This is not a place to talk. Let's go. I'll bring you out of here first."

As soon as he finished speaking, Lu Xiaoran flicked his finger and passed a medicinal pill to Fang Tianyuan.

"This is the Essence Restoring Pill. It can instantly heal all your injuries. Let's go."

"Hiss ~! Essence Restoring Pill!"

Fang Tianyuan's heart trembled as his eyes widened.

The Essence Restoring Pill was a healing medicinal pill. No matter how much damage one's body suffered, as long as one consumed a single Essence Restoring Pill, they would completely recover in the shortest period of time without leaving behind any sequelae.

Moreover, although the Essence Restoring Pill was only a low-grade Heaven Realm medicinal pill, the raw materials were rare and it was extremely difficult to be refined. The market supply was insufficient, so it was very expensive and very difficult to buy one.

However, his master had given him an Essence Restoring Pill. He was truly generous.

However, if someone had given it to him when he still had his status as the heir of the Ancient Ape Tribe, he would not be so shocked.

However, the problem was that at this moment, he was only an insignificant disciple who had just been accepted into the sect. The weight of this greeting gift was not ordinary.

"Eat quickly. We have to leave quickly to avoid being discovered."

"Oh, oh, I understand."

Fang Tianyuan immediately swallowed the Essence Restoring Pill. The medicinal pill entered his body and refreshed his mind. A warm feeling wrapped around his wound like a flowing spring, nourishing his wound and gradually making it heal.

**This chapter upload first at NovelBin.Com**

“Master, where are we going now?”

“Acacia Faction.”

“Yes!”

Lu Xiaoran walked in front, and Fang Tianyuan immediately followed behind.

The two of them had just left the forest when Lu Xiaoran turned around and used the Burning Heaven Palm again, burning the entire forest into an endless fire.

This scene made Fang Tianyuan speechless again.

Could this master’s zodiac sign be a rat?

Just now, he had already burned the bones of those elders and shattered their souls. Yet, he still wanted to burn the entire forest. Wasn’t he being too cautious?

However, he did not dare to casually slander his master. This was because although his master had some problems, his cultivation was still impressive.

The two of them quickly arrived near the Acacia Faction. Lu Xiaoran told Fang Tianyuan to guard in the distance and not to casually approach. He also threw him a mask.

“The people from the Ancient Ape Tribe still don’t know if you’re dead or not. The Acacia Faction has a mix of good and bad people. If you get exposed, there will be a risk. Wait here. I’ll go and find your uncle-master.”

“Yes.”

After experiencing the previous incident, Fang Tianyuan was already used to his master’s cautiousness. He even felt that it made sense.

This made him feel that this master’s habits were somewhat contagious.

After Lu Xiaoran made arrangements for Fang Tianyuan, he quickly arrived at the entrance of the Acacia Faction.

However, before he entered, he saw Li Daoran hugging his legs and squatting at the entrance of the Acacia Faction. He looked like a little girl who had been wronged, and there were two more hickeys on his neck.

Beside him was the fairy who had welcomed them in previously. She was squatting beside him and consoling him.

“Grandpa Li, our Elder Zhang Dazhuang looks a little shabby, but her massage techniques are really top-notch in our Acacia Faction. We definitely didn’t cheat you of your spirit stones.”

Li Daoran was furious.

“Bullsh\*t! What do you mean a little shabby? Her figure is even more robust than our Heaven Demon Sect’s forging elder. Her face shape is even more manly than our Heaven Demon Sect’s disciple guarding the mountain. How can you call that a little shabby? Do you know why I came here to spend money? Don’t you know very well what I’m doing here? If you give me a girl with such a hideous face, aren’t you just scamming me of my money?”

“Alright, Master Li, don’t be angry. Why don’t I arrange two more 198 girls for you? If you’re willing to increase the price, I can also give you some excitement.”

“Forget it. When I arrived, I was in high spirits and was filled with anticipation. Now that I’ve been tortured by you guys, I don’t have any thoughts at all. I couldn’t even pee just now. Even if you get the best girl in your Acacia Faction to strip naked and lie in front of me, I will still not be in the mood.”

“What’s going on? Old Li.”

At this moment, Lu Xiaoran’s appearance made Li Daoran feel as if he had found a glimmer of hope. The large tear bead immediately couldn’t help but burst.

“Wuwuwu... Old Lu, you’re finally back. Their Acacia Faction is bullying us. Wuwuwu...”

## **Chapter 23: Big Trouble**

“Um...”

Lu Xiaoran was rather speechless.

“Tell me what happened first.”

“Wuwuwu... they assigned me a huge ugly woman. She’s even uglier than our Heaven Demon Sect’s blacksmith master, Elder Huang. She disgusts me to death and even planted two hickeys on my neck. Wuwuwu...”

“Can’t you get a different girl?”

“That woman refused to let me get another girl. She said that it wasn’t easy for her to get work. I said that I would pay her what I promised, but she still refused to let me leave. After that, she even gave me two hickeys. She said that if I didn’t allow it, she wouldn’t let me go.”

Lu Xiaoran: “...”

“Can’t you just leave by force?”

“I wanted to, but that woman is an elder of the Acacia Faction and an expert at the first level of the Mountain Sea Realm. Wuwuwu, I can’t beat her.”

Lu Xiaoran looked at the fairy beside her.

The fairy said apologetically, “I’m really sorry. That’s an elder of our Acacia Faction. Us disciples have no right to manage him. If Master Li really feels wronged, you can also file a complaint.”

“Where can I do that?”

“You can go to the Great Zhou Imperial City and the Acacia Faction headquarters. However, our Acacia Faction is a proper entertainment and leisure place. You can only complain about their massage skills, not their appearance... Therefore, there have been no violations. Even if you complain, you won’t be able to do anything.”

Lu Xiaoran: “...”

This much was expected from a big company that had a monopoly.

The other similar sects in the Great Zhou Empire were basically small sects. Some of them did not qualify and were even cleaned up by the officials of the Great Zhou Empire. Basically, the Acacia Faction was the only one that dominated.

Therefore, Li Daoran was completely speechless today.

Lu Xiaoran patted Li Daoran on the shoulder and consoled,

“Let’s forget about it this time. We won’t lower ourselves to their level. In the future, we won’t come to the Acacia Faction again.”

Li Daoran said angrily, "That's right. In the future, even if I don't get to touch a woman in the future, I won't come to the Acacia Faction again!"

"Alright, let's hurry back to the sect. We've been out for most of the day. I wonder if the sect already carried out the array formation assessment."

"Let's go!"

Li Daoran left the Acacia Faction angrily. When the two of them arrived outside the Acacia Faction, Fang Tianyuan immediately approached.

"Master."

Li Daoran was stunned. He pointed at Fang Tianyuan and said to Lu Xiaoran, "Xiaoran, this is...?"

"This is the disciple I just took in. His name is Fang Tianyuan. Tianyuan, this is Li Daoran, your Uncle-Master."

**This chapter upload first at NovelBin.Com**

Fang Tianyuan immediately cupped his hands and said, "Greetings, Uncle-Master."

"So you're my martial nephew. Tsk tsk, you're indeed worthy of being a disciple that my Senior Brother Lu has taken a fancy to. Look at this talent. In the future, I think you'll at least be able to cultivate to the Mountain Sea Realm."

The corners of Fang Tianyuan's mouth twitched.

He was currently at the first level of the Mountain Sea Realm.

However, the other party was his senior, so he couldn't expose him on the spot and embarrass Li Daoran.

"Thank you for your praise, Uncle-Master Li."

"Yes! Not bad, you're quite humble. Here, take this greeting gift."

In the next moment, Li Daoran took out a small storage bag and handed it to him.

"Thank you, Uncle-Master."

Fang Tianyuan received the storage bag and swept his thoughts over it. Immediately, his hair stood on end.

It was actually 6666 high-grade spirit stones.

Hiss!

Wasn't this gift a little too generous?

Were the people of the Heaven Demon Sect all so generous?

Previously, his master had casually taken out an Essence Restoring Pill.

Now, his Uncle-Master Li even casually gave away 6666 high-grade spirit stones. Even in the Ancient Ape such a gift would still be considered as generous

Looks like there were indeed many experts in the Heaven Demon Sect!

As a mere first-level Mountain Sea Realm cultivator, he decided that he should keep a low profile from now on.

It was also because he had now become Lu Xiaoran's disciple.

Li Daoran had obtained 200,000 high-grade spirit stones because of Lu Xiaoran and was thinking of repaying him.

If it were anyone else, it would already be generous of Li Daoran to give away 6 high-grade spirit stones.

At this moment, a few figures suddenly rushed over from afar.

They were all wearing the Heaven Demon Sect's elder and disciple uniforms.

The person in the lead was Lu Xiaoran and Li Daoran's old friend, Lin Jie.

"Daoran, Xiaoran, I've finally found the two of you."

"Lin Jie, why are you here?"

Lin Jie's expression was solemn.

"The two of you are really careless. How could you guys come to the Acacia Faction to fool around before the elders could even check the array formation? Something big has happened in the sect."

Li Daoran was shocked.

"What happened? Could it be that the mountain gate was attacked and the array formation has failed?"

"That's not it."

**This chapter upload first at NovelBin.Com**

“What else could it be?”

“First Elder, Elder Huang, and some other disciples are all trapped in the sect-protecting formation.”

“What?!”

Li Daoran was so shocked that his jaw almost fell off.

“Are you kidding me? Can’t they break through that formation?”

Lin Jie rolled her eyes at him angrily.

“Even I had to use the sect’s life-saving array to teleport out to find the two of you. Do you think I’m joking?”

“Damn! Old Lu, aren’t you too awesome?”

Lu Xiaoran touched his nose and was somewhat speechless.

He had only used 50% of his strength. He did not expect that even the First Elder would get trapped.

It seemed that he had still underestimated the strength of his array formation and overestimated the strength of the people from the Heaven Demon Sect.

However, that was not right. After all, didn’t they have a token?

The intelligent Lu Xiaoran had already thought of something.

“Let’s not talk about this first. I told you to give the token to your disciple. Did you not do as I said?”

Li Daoran scratched the back of his head in embarrassment.

“I thought you were just repairing the array formation. In any case, the repaired array formation would be similar to the previous array formation. It’s impossible for the elders to not be able to pass through. Moreover, I was too anxious and didn’t have the time to pass it on.”

As soon as he finished speaking, a few more figures rushed over from a distance.

These were also elders from the Heaven Demon Sect. After arriving, they shouted breathlessly,

“Hah... ha... I’ve finally found the two of you. Hurry up and return to the sect. Something big has happened.”

Li Daoran was confused.

“What is it now?”

“The sect master just came out of seclusion and tried to test the sect-protecting formation. He broke through the third layer but was injured by the attacking formation in the second layer. He’s now trapped in the second layer.”

“What? Even the sect master got trapped?”

As soon as Li Daoran finished speaking, another group of people from the Heaven Demon Sect rushed over.

“Something bad has happened. The Grand Elder and a few other elders have also come out of seclusion and also tried to break through the third and second layer. In the end, they were trapped by the illusionary array of the first layer. Now, the entire sect is in a mess, waiting for the two of you to return and save them.”

“Ah? No way? Even the Grand Elder can’t pass? What a joke! The Sect Master and the Grand Elder are both top-notch experts at the Shattering Void Realm.”

Lu Xiaoran glared at him angrily.

“How dare you say that, you idiot. If we go back now, we’ll probably have to be punished.”

As soon as he finished speaking, he immediately rushed towards the sect.

The others immediately followed.

Fang Tianyuan also followed, but a storm surged in his heart.

Originally, he thought that his master might be an expert at the Shattering Void Realm. However, it now seemed that his master’s cultivation level had probably far surpassed the Shattering Void Realm!

Just what was his master’s cultivation level?

## **Chapter 24: Arrangements**

The group rushed back to the Heaven Demon Sect as quickly as possible.

From afar, they saw an extremely dignified old man with white hair and beard kowtowing incessantly in the illusion formation.

“Dad! Mom! I’m a useless disappointment! I’ve cultivated for more than 500 years, but I’m only at the third level of the Shattering Void Realm. I’ve embarrassed you two. Even Yang Renjie from the Reliance Sect next door is at fifth level of the Shattering Void Realm. Wuwuwu...”

Seeing this, everyone immediately felt a chill run down their spines.

“Is that the Grand Elder?”

“It’s the Grand Elder. Yang Renjie is the Grand Elder of the Reliance Sect. Only the Grand Elder dares to refer to the Grand Elder of the Reliance Sect by his actual name.”

“This array formation is really too ruthless. Even a Shattering Void Realm expert like the Grand Elder is trapped inside. I don’t even dare to imagine what would happen to us if we were trapped inside instead.”

Lu Xiaoran slapped his forehead.

“Stop talking. I’ll go and undo the array formation now.”

As soon as he finished speaking, he quickly stepped forward and undid the array formation.

The Grand Elder who was kneeling on the ground and kowtowing and wailing immediately stopped and turned to look at everyone.

At this moment, the air fell into a deathly silence.

A moment later, he slowly got up and casually patted the dust on his knees.

Then, he said, “Did... did you guys hear what I just said?”

Everyone shook their heads.

“No, no, we just arrived.”

The Grand Elder snorted.

“What are you pretending for? I’m not stupid!”

Everyone looked at each other.

Then, the Grand Elder continued, "I don't care if you heard it or not. If word gets out about what happened today, I can guarantee that everyone here will wish they were dead."

Everyone immediately felt their necks turn cold.

**This chapter upload first at NovelBin.Com**

They immediately stood up and shouted in unison, "Please don't worry, Grand Elder. We definitely won't tell anyone."

"Good."

As soon as he finished speaking, the Grand Elder placed his hands behind his back and stomped his foot, causing his figure to instantly vanish on the spot.

Only then did everyone heave a sigh of relief. They used their sleeves to wipe the cold sweat on their foreheads.

Lu Xiaoran did not dare to delay and continued to rush to the second layer of the array formation.

The second layer of the array formation was an attack array. Sitting inside was the Heaven Demon Sect's sect master. He had already opened his spirit energy protective barrier to resist the attack of the attack array.

His clothes were already tattered in many places, and there were even bruises in some places. Clearly, he had also suffered a lot.

Lu Xiaoran hurriedly retracted the array formation.

The sect master, who was on guard, immediately heaved a sigh of relief and opened his eyes.

"Good lord, you're finally back."

Lu Xiaoran cupped his hands and said, "Sect Master, this was my fault."

"We'll discuss this later. I'll go back to the hall to change first. After you save the First Elder, immediately rush to the sect hall with Li Daoran."

"Yes."

As he spoke, the sect master also quickly returned to the sect. Lu Xiaoran quickly arrived at the third layer of the array formation. The First Elder, Elder Huang, and the other disciples were trapped here.

Lu Xiaoran made a hand seal and quickly dispelled the power of the array formation. Finally, everyone could breathe and regain their freedom.

“Heavens, I’m finally fine. My bones feel so stiff.”

The First Elder stretched his body, and Lu Xiaoran went forward to apologize.

“Elder Huang, First Elder, I’m sorry. I was careless.”

“Good brat, you’re the one who set up the array. You ruined my blind date. I’ll fight you to the death.”

Elder Huang was so furious that he raised his fist and was about to step forward to beat Lu Xiaoran up when he was stopped by the First Elder.

“Stop, Huang. This matter needs to be judged by the sect master. You can’t punish him in private!”

Huang was furious, but there was nothing he could do. He still had to listen to the First Elder.

Therefore, he could only retract his fist and glare fiercely at Lu Xiaoran.

“Consider yourself lucky. Hmph! I’ll go to the sect master now and get him to punish you. You won’t be able to bear the consequences.”

Elder Huang turned around and left.

The First Elder looked at Lu Xiaoran meaningfully and said, “You and Li Daoran, come with me to the hall.”

**This chapter upload first at NovelBin.Com**

“Yes. However, I just accepted a new disciple and want to send him back to Zhishui Peak before heading to the hall.”

“Then come back quickly.”

“Thank you, First Elder.”

Lu Xiaoran cupped his hands in thanks and said to Fang Tianyuan, “Tianyuan, quickly follow me to Zhishui Peak.”

“Understood.”

The master and disciple quickly returned to Zhishui Peak. Yun Lige was probably cultivating, and Ji Wuxia was recording some notes.

“Greetings, Master.”

Seeing Lu Xiaoran arrive, Ji Wuxia immediately went forward and bowed with cupped hands.

Lu Xiaoran raised his hand slightly and helped Ji Wuxia up with his spirit energy.

“It’s good that you’re here. Tianyuan, this is your Second Senior Sister, Ji Wuxia. Wuxia, this is the disciple I just took in. His name is Fang Tianyuan and he can be considered your junior brother.”

“So it’s Junior Brother Tianyuan.”

“Junior Brother greets Senior Sister Wuxia.”

The two of them greeted each other and Lu Xiaoran continued, “To cut the long story short, I might suffer a lot of punishment this time. It’s even very likely that I’ll be imprisoned in the forbidden area in the back of the mountain to reflect on my actions. I’m afraid it’ll be a while before I can return. If you need me, you can go to the back mountain of the sect to find me. Otherwise, you have to strictly abide by my teachings and don’t casually leave Zhishui Peak.”

The two of them could not help but be shocked.

“Master, is it that serious?”

Lu Xiaoran smiled bitterly.

“After causing such a huge commotion, I don’t think they’ll let me off. I was the one who was mainly in charge of repairing the array formation. After finishing the repairs, I didn’t report directly and instead neglected my duty and went off to the Acacia Faction, causing the top brass of the sect to lose face. No matter how you look at it, I’ll definitely get punished.”

Of course, in terms of cultivation, he was definitely not afraid of the sect master or even the Grand Elder. In fact, even if the two of them attacked him together, he would still not be afraid.

However, Lu Xiaoran did not want to casually reveal his strength. If news of him becoming a Shattering Void Realm expert in a short ten years spread, who knew how many people would covet him?

As the saying went, hunters will shoot the bird that sticks out.

Therefore, in order to continue living like before in the Heaven Demon Sect, he decided to not keep his true strength hidden for now.

As he spoke, Lu Xiaoran raised his hand and tapped the space between Fang Tianyuan's brows, transmitting the Indestructible Golden Body to him.

"Tianyuan, I'm afraid that if I enter seclusion, I won't be able to give you the cultivation technique in time and delay your cultivation. Therefore, I'll pass the cultivation technique to you first. You have to cultivate diligently and not slack off."

"Yes! I understand."

Fang Tianyuan answered casually but did not look at the information of this cultivation technique.

As the heir of the Ancient Ape Tribe, he was used to cultivating the best cultivation technique of the Ancient Ape Tribe. It was a peerless cultivation technique that was above the top-grade Heaven Realm and was almost at the quasi Saint Realm. It was extremely rare, so how could the cultivation technique Lu Xiaoran gave him compare to it?

## **Chapter 25: Senior Sister's Secret**

Now, Fang Tianyuan only wanted to find a quiet place to cultivate and wait for the opportunity to take revenge.

After Lu Xiaoran finished imparting the cultivation technique, he continued, "Wuxia, you're in charge of explaining the rules of the Heaven Demon Sect and the rules of Zhishui Peak to your junior brother. During my absence, you have to properly guide your junior brother's cultivation."

"Yes!"

"Then you guys chat first. I'm going to the hall."

"Goodbye, Master."

Lu Xiaoran left Zhishui Peak and quickly rushed towards the hall.

After Lu Xiaoran left, Ji Wuxia immediately explained the rules of the Heaven Demon Sect and Zhishui Peak to Fang Tianyuan.

After hearing the so-called "ignoble" theory, Fang Tianyuan was not too surprised.

He was not surprised at all considering it came from a master like Lu Xiaoran.

He had a deep understanding of his master's methods.

However, just as Ji Wuxia finished explaining the rules, a chaotic aura suddenly sounded from Yun Lige's room.

Ji Wuxia was stunned before her expression changed slightly.

"Why is this aura so chaotic? Not good, could it be that something went wrong with Eldest Senior Brother's cultivation and he is now experiencing berserk qi deviation? Tianyuan, stay here. I'll go take a look."

"Yes."

Ji Wuxia quickly left, and Fang Tianyuan took a look around to adapt to the new environment.

Although his senior sister's house was not like those lavish boudoirs and was relatively simple, it was still a girl's boudoir and was relatively clean. It was pleasing to the eye.

"Eh, what's this?"

Fang Tianyuan's attention was quickly attracted by a small book on Ji Wuxia's table.

He walked forward and couldn't help but smile when he saw the words on it.

"I didn't expect Senior Sister Ji to be someone who likes to take notes."

Out of curiosity, Fang Tianyuan opened the first page of the notebook.

The first page recorded everything that Ji Wuxia had said just now. There were rules regarding the Heaven Demon Sect and Zhishui Peak.

**This chapter upload first at NovelBin.Com**

Fang Tianyuan only took a look and flipped over.

"Eh?"

There were more things recorded on the second page. One of them was Yun Lige's cultivation and how it had already broken through to the second level of the Spirit Realm. The notes also mentioned that Ji Wuxia's cultivation level was currently at the fourth level of the spirit realm. At the same time, she also recorded the time the two of them had cultivated.

“Isn’t the speed of their advancement a little too fast? They basically advance by one realm level per month. Although it’s only a realm level, it’s still a realm level of the Spirit Realm and not a realm level of an entry-level realm like the Body Refining Realm.”

“Even back then, when I was cultivating in the Spirit Realm, I could only increase one realm level in two months. That was even with my father’s help and the use of countless precious medicinal herbs to temper my body... not to mention I worked extremely hard and even received the cultivation of some of my clansmen before they died of old age. But they’re actually improving by one realm level in one month. This speed is somewhat exaggerated.”

Then, Fang Tianyuan flipped to the third page. When he saw the information recorded in the notebook, his eyes instantly widened, and the hair on his body stood up. He couldn’t help but gasp.

Hiss!

He learned that his eldest senior brother cultivated a top-grade Martial Monarch Realm cultivation technique—Primordial Chaos Emperor Scripture!

On the other hand, Ji Wuxia also cultivated a top-grade Martial Monarch Realm cultivation technique—True Phoenix Nine Transformations!

“What kind of joke is this? How could they possibly have a Martial Monarch Realm cultivation technique? Moreover, it’s a top-grade Martial Monarch Realm cultivation technique! This is impossible, absolutely impossible!”

Fang Tianyuan shook his head repeatedly.

Just an Martial Monarch Realm cultivation technique was already extremely rare and precious, let alone a top-grade Martial Monarch Realm cultivation technique!

This was simply unbelievable!

In the entire continent, probably only the royal family or a top-notch ancient family would have a cultivation technique of this level. At most, the sect master of a small Heaven Demon Sect could cultivate a low-level Saint Realm cultivation technique.

It was simply a fool’s dream to obtain a Martial Monarch Realm cultivation technique.

“That’s not right. Their cultivation speed is so fast. It doesn’t seem like they can reach this kind of speed with ordinary cultivation techniques, right?”

As his mind reacted, Fang Tianyuan’s heart suddenly started beating faster.

Gulp.

He swallowed a mouthful of saliva and carefully mobilized his divine sense to investigate the cultivation technique his master had just imparted to him.

Of course, when he came into contact with that cultivation technique, he was immediately shocked.

The cultivation technique circulated very quickly and powerfully. What could it be other than a Martial Monarch Realm cultivation technique?

“Heavens, Master actually gave me a Martial Monarch Realm cultivation technique? Am I dreaming? Am I dreaming?”

Slap!

Fang Tianyuan slapped himself.

“Hiss! It hurts.”

Fang Tianyuan grimaced in pain, but he did not care about the pain. Instead, he was overjoyed.

“Hahahaha...!”

**This chapter upload first at NovelBin.Com**

This was real, this was real. He was not dreaming. He had actually obtained a top-grade Martial Monarch Realm cultivation technique!

This was simply unimaginable. A huge opportunity!

“By the way, I wonder if there are any other secrets?”

Fang Tianyuan hurriedly flipped to the next page of the notebook.

When he saw the page, his already shocked mind fell into an even greater shock.

According to Ji Wuxia estimation, their master’s cultivation level was at least peak-level Martial Monarch Realm!

“Master’s cultivation... is at least at the Martial Monarch Realm!”

Fang Tianyuan was petrified.

He had actually acknowledged a Martial Monarch Realm expert as his master?

Was there a mistake?

A Martial Monarch Realm expert!

That was a legendary existence!

The peak of cultivation in the world!

There might not even be a single Martial Monarch Realm expert in the entire Great Zhou Imperial Family!

And now, his master was actually an expert of this level.

Fang Tianyuan wondered what good deeds he had done in the past to be so lucky in this lifetime.

At this moment, Fang Tianyuan's heart was filled with respect and worship for Lu Xiaoran. He did not have any other thoughts.

He closed Ji Wuxia's notebook piously and took a deep breath before stepping out.

To be able to become a disciple of a Martial Monarch Realm expert and even be given a top-grade Martial Monarch Realm cultivation technique...

How could he waste such a heaven-sent opportunity?

From today onwards, he decided to cultivate diligently and not let his master down.

Ji Wuxia smiled and walked over. She started to speak before even arriving.

"He scared me to death. I thought that Eldest Senior Brother had gone crazy. It turns out that he comprehended the profound meaning of the cultivation technique and increased his cultivation speed."

As she spoke, she bumped into Fang Tianyuan.

Seeing Fang Tianyuan's swollen face and the bright red palm print, she could not help but ask curiously, "Junior Brother Tianyuan, what happened to your face?"

Fang Tianyuan took a deep breath and said, "That's not important. What's important is that I've found my goal. I'm going to cultivate. Senior Sister, if there's nothing else, please don't disturb me."

"Oh... Alright. Then do you want a house? Eldest Senior Brother and I will help you build one. Consider it a gift."

"There's no need. Cultivators should treat the world as their home and broaden their spiritual energy."

“A house will only hinder my cultivation speed.”

## Chapter 26: Why Am I Always the One Who Gets Hurt?

“Um...”

Ji Wuxia was speechless. Why did this junior brother feel somewhat abnormal?

However, thinking about it, it seemed that there was nothing normal on Zhishui Peak. Both the master and the disciples here were all abnormal.

Everyone was abnormal... except for her.

“Forget it, I’ll write it down in my diary first. After all, a new junior brother has arrived. I need to record such a big matter.”

This was a habit Ji Wuxia had developed over the years. After all, she was someone who had returned to the Purple Peace Imperial Palace after living outside for so long. The burden she had to bear was more than ten times heavier than her other siblings.

Therefore, no matter what Ji Wuxia did, she would record it to help her remember and study.

...

At this moment, Lu Xiaoran also arrived at the sect hall.

Li Daoran paced back and forth at the door. When he saw Zhou Hao walk over, he immediately rushed over in a panic.

“Old Lu, what should we do? We’re in big trouble now. The Grand Elder, the Sect Master, the First Elder, and the others have all lost their faces. Also, I heard that Elder Huang’s blind date has been ruined. You should have seen how his eyes widened when he looked at me just now!”

Lu Xiaoran said angrily, “What else can we do? We’ll just have to deal with it.”

“If even you’re saying that, then I think we’re probably doomed this time.”

“If not for you being so stupid and lazy, the two of us wouldn’t have gotten into such a big mess. Let’s go, we’ll have to face it anyway.”

As he spoke, Lu Xiaoran stepped into the hall first. Li Daoran followed behind with a depressed expression.

The two of them arrived at the hall. The elders were all present.

The two of them cupped their hands towards the Sect Master and said, "Greetings, Sect Master."

On the high seat, the sect master's expression was cold.

**This chapter upload first at NovelBin.Com**

"You left your post without permission and even went to the Acacia Faction, causing many elders in the sect to lose face. Do the two of you know your crimes?"

"I admit my mistake."

"It's good that you know your mistake. Before I punish you, I have to ask you clearly. Did the two of you complete the formation together, or was it completed by someone alone?"

Lu Xiaoran cupped his hands and said, "Sect Master, the array formation of the main gate was completed by me alone. Dao Ran was in charge of the array formation on the two sides of the mountain gate. This matter has nothing to do with him."

"Xiaoran."

Li Daoran's eyes turned red as he clenched his fists.

In fact, the main culprit of this matter was Li Daoran. If not for him taking the token away, none of this would have happened.

In the end, Lu Xiaoran actually took responsibility for everything without saying a word.

It showed that they had a deep friendship!

"Good brother, I'll remember this favor. I'll never forget it!"

The Sect Master nodded.

"Alright, I understand. Next, I announce that although Elder Xiaoran has made a huge mistake, his attitude is sincere and we will not pursue the matter. Elder Daoran, because you stepped into the hall a step later than Elder Xiaoran and your intention to admit your mistake is far inferior to Elder Xiaoran, you will be punished for this matter! You will be punished to work as a laborer for a month in the sect's Weapon Refinement Hall."

Li Daoran: "???"

His head was instantly filled with question marks, and he was dumbfounded.

“Sect Master, did you make a mistake? I didn’t set up the array formation at the mountain gate. At most, I’m just an accomplice.”

“How dare you! Are you doubting my judgment, Elder Huang!”

Elder Huang immediately stood out from the crowd.

“Yes, sir.”

“Bring Li Daoran to the Weapon Refinement Hall and watch over him closely. Train him well and make him realize his mistake.”

“Understood.”

After replying, Elder Huang turned to look at Li Daoran and sneered.

“Li Daoran, you’ve made a huge mistake. I have been appointed by the sect master to supervise your punishment in the Weapon Refinement Hall. I hope you won’t blame me. Don’t worry, I’ll definitely take ‘good care’ of you!”

Elder Huang emphasized the word “good care” very clearly, making Li Daoran shudder coldly. His eyes immediately revealed fear.

**This chapter upload first at NovelBin.Com**

It would be strange if Li Daoran really believed that the other party would take good care of him. Elder Huang’s blind date had been ruined and he was filled with anger. Now that he had the chance, he would definitely punish him.

Li Daoran held Lu Xiaoran’s hand and pleaded in despair, “Old Lu, you can’t abandon me. Help me beg for mercy. Wuwuwu... If I go to the Weapon Refinement Hall for a month, I’m afraid I won’t be able to come out alive.”

“Um...”

To be honest, Lu Xiaoran did not expect things to develop this way.

He originally thought that it was better for one person to be punished than two people. The friendship between the two of them was older than ten years and this was also not a life-threatening matter. He originally thought that it was better for him to endure it himself.

At most, he would have to face a wall and reflect on his actions for a few years.

However, he did not expect the Sect Master to surprise them and punish Li Daoran instead of him.

This was really unexpected.

However, after thinking about it carefully, he understood.

With his deep attainments in array formations, the other party simply treasured him. The Heaven Demon Sect probably only wanted to rope him in. How could they be willing to punish him?

Moreover, they had also offended many elders this time. Even the sect master had lost face. If they did not find someone to punish, everyone would not be appeased.

Therefore, even if Li Daoran was not at fault, he still could not escape.

Thinking of this, Lu Xiaoran could not help but sigh and pat the back of Li Daoran's hand.

"If you need anything from me, send me a message in my dreams."

Li Daoran still wanted to say something, but Elder Huang had already walked forward with a sinister smile. He grabbed Li Daoran by the collar and pulled him out forcefully like an eagle grabbing a chick.

"You still want to plead for leniency? Let alone Xiaoran, even if the emperor came today, no one will be able to help you! Prepare to suffer!"

Li Daoran was so frightened that he almost wet his pants.

He shouted crazily, "Old Lu, save me. Save me. Wuwuwu... I don't want to go to the Weapon Refinement Hall. I don't want Elder Huang to supervise me. Help me beg for mercy."

After Li Daoran was dragged away by Elder Huang, the solemn expression on the Sect Master's face instantly disappeared. Then, he looked at Lu Xiaoran and chuckled.

"Xiaoran, you've been in the sect for so long, but I never knew that your attainments in array formations are actually so powerful! It's really admirable. Even I'm amazed."

Lu Xiaoran lowered his brows and said, "Sect Master, you're too kind. Xiaoran's talent in cultivation had always been insufficient, so I spent a bit more time studying array formations. Thankfully, my efforts have paid off slightly."

"They definitely paid off! Even the Grand Elder and I were unable to break through the array formation. Thus, it can be seen that your strength is extraordinary. By the way,

Xiaoran, how is your life at Zhishui Peak? Do you want us to move you to a bigger peak?”

“There are still a few new peaks that have yet to be developed in the sect. They’re all tall and have abundant spirit energy. Their locations are also better and the sunlight there is more abundant. Not to mention that the feng shui is also excellent and I’m sure the grass there is also greener. Do you want to pick one to move to?”

## **Chapter 27: I’m Master’s Most Trustworthy Disciple**

“Uh... No need. I’m used to living on .”

“Don’t you need a taller mountain? Then do you desire a Dao mate? The path of cultivation is long. Finding a mate can also make up for a lot of boredom and emptiness. Do you have any elders or disciples you fancy in the sect? I’ll be your matchmaker.”

“Uh... No need. I’m still young and don’t want to find a Dao mate for the time being.”

“Tsk tsk, no wonder you were able to have such deep attainments in the path of array formations. You cultivate wholeheartedly and have no distracting thoughts. With your attitude, I don’t think you would need to worry about not being able to get results at all. In order to reward you, I have decided to promote you and invite you to join Heaven Demon Sect’s Elder Group.”

Lu Xiaoran’s mouth twitched.

This sect master was trying very hard to reward him.

There were many elders in the Heaven Demon Sect, but not everyone could enter the Elder Group. Its status was probably equivalent to a Hall of Fame. Only the most outstanding elders in the sect were qualified to enter the Elder Group.

After entering the Elder Group, all kinds of benefits, including one’s status, would increase greatly.

Most importantly, every member of the Elder Group would directly be promoted to a Grand Elder after the current generation’s sect master passed away or retired.

From this, it could be seen how much the sect master had bestowed upon him.

“Thank you, Sect Master.”

After entering the Elder Group, Lu Xiaoran was no longer considered as a disciple.

The Sect Master waved his hand and chuckled.

“There’s no need to be so polite. If you need anything in the future, just let me know. As long as it is within the sect’s ability, I definitely won’t disappoint you.”

“Yes, thank you, Sect Master.”

“Alright, that’s all for today. Elders, disperse.”

“Goodbye, Sect Master.”

Everyone bowed and the sect master left with a smile. The others immediately went forward to congratulate Lu Xiaoran.

“Congratulations, Elder Lu. Congratulations.”

“Congratulations, Elder Lu, for entering the Elder Group.”

**This chapter upload first at NovelBin.Com**

...

All kinds of flattery rolled over from all directions. Lu Xiaoran only smiled and responded to them one by one.

No matter where you were, if you got promoted and became rich, you would definitely attract a large group of bootlickers.

Lu Xiaoran knew this very well. At the same time, he also knew very well why the Sect Master valued him so much.

It was because the other party was afraid that he would be enticed and snatched away by the other sects because of his talent in array formations. This was why the sect master wanted to treat him better.

After all, everyone in this world did things for selfish reasons.

Fortunately, Lu Xiaoran had only revealed 50% of his array formation strength. He still had 50% of his strength left. In the future, that remaining strength could help him come up with a backup plan.

After returning to Zhishui Peak, Lu Xiaoran immediately closed the Eight Trigrams Sky Sealing Formation.

A sect guarding the mountain formation had already made him the most dazzling existence in the Heaven Demon Sect. If this Eight Trigrams Heaven Sealing Formation was exposed, who knew how much trouble it would cause.

In any case, Lu Xiaoran only closed it and did not withdraw it. If he wanted to open it, he could do so with just a single thought.

When he returned to the mountain, Yun Lige, who had just finished cultivating, welcomed him immediately.

“Greetings, Master.”

Lu Xiaoran nodded and looked at his disciple, feeling rather relieved.

“You advanced again?”

Yun Lige replied respectfully, “Master, disciple has just broken through to the fourth level of the Spirit Realm.”

“Very good.”

Lu Xiaoran could sense that the cultivation in his own body had also increased a little, but it had not reached the point of advancement and was still at the seventh level of the Shattering Void Realm.

His few disciples were all dragons and phoenixes among men. As long as he took good care of them, they would definitely reach the Martial Monarch Realm in the future.

He did not know how powerful his cultivation level would be at that time.

However, speaking of which, the more disciples he had, the more trouble Lu Xiaoran would have.

Even if Yun Lige and the others listened to his orders and did not take revenge, those hot shots would still not let them off.

Lu Xiaoran could not let them kill his precious disciple.

Therefore, he had to make arrangements in advance and think of a way to resolve those hackers.

Thinking of this, Lu Xiaoran threw a pile of Essence Energy Pills to Yun Lige.

“Here are 5,000 Essence Energy Pills. Give it to your junior sister and the junior brother I just took in. They will help the three of you cultivate.”

**This chapter upload first at NovelBin.Com**

“Master took in another disciple?”

Lu Xiaoran nodded.

“That’s right. His name is Fang Tianyuan and he’s your junior brother. I’m going to enter seclusion and plan something. During this period, the three of you have to cultivate well and not disturb me casually.”

“Yes!”

Lu Xiaoran walked into his house, and Yun Lige’s eyes flickered as his thoughts became active.

“To think that in just a few months, Master has recruited another disciple. The number of disciples on Zhishui Peak has increased from one to three. At this rate, my status in Master’s heart will be in danger.”

“No, as the Eldest Senior Brother of Zhishui Peak, how can I be abandoned by Master? I have to become the best disciple.”

Thinking of this, Yun Lige steadied his mind. He took a deep breath and strode towards his junior sister’s house.

He had decided that while he cultivated diligently, he would also help and supervise his junior sister and junior brother to cultivate well and become a qualified senior brother.

At that time, his master would definitely be deeply moved to see him share his burden.

He thought to himself that he will always be his master’s most trustworthy disciple no matter how many more disciples his master took in.

Soon, he arrived at the door to Ji Wuxia’s room and knocked.

“Junior Sister, are you there?”

The next moment, Ji Wuxia immediately opened the door and cupped her hands.

“Senior Brother, why are you here?”

Yun Lige originally had his hands behind his back. When he saw Ji Wuxia, he used one of his hands to take out a few porcelain bottles that contained Essence Energy Pills.

“Wuxia, these are Essence Energy Pills I received from Master to help you cultivate.”

“I see. Thank you, Senior Brother.”

Ji Wuxia received the medicinal pill and could not help but feel a warm feeling surge in her heart.

1,500 Essence Energy Pills. Her master was really generous and was really good to her.

If it were in the Purple Peace Imperial Manor, even if she was King Purple Peace’s biological daughter, it would still be impossible for her to obtain such treatment.

After giving out the medicinal pills, Yun Lige put his hand behind his back again.

Then, he said with a solemn expression, “Junior Sister, Master really worked hard for us... to the point that he has forgotten to eat and sleep. We can’t repay his kindness. We can only work hard to cultivate to repay him.”

Ji Wuxia’s expression turned solemn as he said seriously, “Senior Brother is right.”

Yun Lige nodded and immediately said, “You’ve been cultivating your True Phoenix Nine Transformations for a long time, right? How far has your cultivation advanced? After all, Master has given you a Martial Monarch Realm cultivation technique and a large number of Essence Energy Pills... Not to mention he just gave you another batch of Essence Energy Pills.”

Ji Wuxia’s face could not help but reveal an ashamed expression.

## **Chapter 28: I Was Actually The Clown All Along**

“Eldest Senior Brother, to be honest with you, the cultivation difficulty of the Martial Monarch Realm cultivation technique is really too high. Although I don’t dare to slack off at all, ever since I entered the sect, my cultivation speed has only been relatively fast for the past month. Although my cultivation speed after that still far exceeds my speed when I was in the Imperial Palace, it has gotten slower since the month I first came into contact with the True Phoenix Nine Transformations.”

Yun Lige sighed deeply.

“That’s right. Otherwise, why would it be called a Martial Monarch Realm cultivation technique? Although its upper limit is high, the difficulty of cultivating it far exceeds ordinary cultivation techniques. Master once said that possessing a Martial Monarch Realm cultivation technique is only equivalent to having the basic requirement to step into the Martial Monarch Realm. The rest will depend on one’s hard work and luck!”

After a pause, he continued, "By the way, you haven't told me what your current cultivation level is."

"Oh, I'm already at the sixth level of the Spirit Realm."

Yun Lige: "..."

"What's wrong? Senior Brother, is it very low?"

"Uh... it's alright I guess."

"It's good that Senior Brother says so. I've always been under a lot of pressure. I feel that if I cultivate very slowly, I'll disappoint Master. By the way, Senior Brother, what's your current cultivation level?"

"Ah? Me? Uh... I'm actually about the same as you. By the way, I'm going to deliver medicinal pills to Little Junior Brother, so I won't disturb your cultivation. However, Master also said that cultivation requires work and rest. You need to rest appropriately to prevent your consciousness from being unable to keep up with your cultivation and easily suffer from qi deviation."

"I see. I'll remember it. Thank you, Senior Brother."

Yun Lige nodded and quickly left.

Ji Wuxia sighed from behind and said, "I didn't expect Senior Brother's cultivation to advance so quickly. Previously, his cultivation was lower than mine, but now he has already caught up to me and has reached the sixth level of the spirit realm. Looks like I have to work harder."

Yun Lige, who had not walked far, staggered and almost fell.

His face was already burning red.

"How embarrassing. I didn't expect junior sister Ji's cultivation to have actually reached the sixth level of the Spirit Realm. Fortunately, I ran quickly, or else I would have been exposed."

After leaving Ji Wuxia's house for a long time, Yun Lige's expression gradually returned to normal.

**This chapter upload first at NovelBin.Com**

"Junior Sister Ji's talent is really too terrifying. Looks like I should stop lecturing in front of her in the future. Otherwise, it will be too embarrassing if I'm exposed."

After a pause, he placed his gaze on the back of the mountain. He could clearly sense that someone was cultivating there.

With a smile, Yun Lige quickly ran towards the back of the mountain.

“My new junior brother should be in this direction, right? Junior Sister Ji’s talent is too outstanding so I’m unable to guide her. It shouldn’t be a problem for me to guide this junior brother.”

Soon, Yun Lige arrived at the back of the mountain, under a waterfall.

Under the waterfall sat a handsome and robust young man who was undergoing the impact of the rapid water current.

A faint layer of golden energy appeared on the surface of his body, enveloping him.

With this energy around, no matter how heavily the waterfall attacked, it was unable to affect him at all. In fact, even his hair did not move at all.

“Is this Junior Brother Fang Tianyuan? Looking at the cultivation technique he cultivates, I can already tell that its aura is so extraordinary. Presumably, he should also be cultivating a top-grade Martial Monarch Realm cultivation technique.”

As soon as he finished speaking, Fang Tianyuan suddenly opened his eyes. Two beams of light shot out from his eyes, shooting straight towards Yun Lige.

Yun Lige’s eyes narrowed slightly. The Primordial Chaos Emperor Scripture circulated in his body, and the powerful aura collided with Fang Tianyuan’s aura.

Boom!

The powerful force immediately caused a huge wave to explode from the surface of the water. It soared into the sky and reached a height of 100 meters.

The wave fell and smashed into the pool, stirring up waves that spread in all directions.

“Tsk tsk, not bad. As expected of the disciple Master has taken a fancy to. Just this aura alone is extraordinary.”

“Master?”

Fang Tianyuan raised his eyebrows slightly and immediately understood. He quickly stepped forward, cupped his hands, and bowed slightly.

“Tianyuan greets Eldest Senior Brother.”

Hearing how the other party called him Eldest Senior Brother, Yun Lige's heart fluttered.  
He waved his hand.

"Junior Brother, you're too polite. Get up."

"Thank you, Senior Brother."

**This chapter upload first at NovelBin.Com**

"How is it? Is there anything you're not used to after coming to Zhishui Peak?"

"Eldest Senior Brother, I feel very good at Zhishui Peak. This is the best place I've stayed in in the past twenty years."

Yun Lige smiled and nodded.

"That's for the best. If you need anything, feel free to tell me."

"Yes, thank you, Senior Brother."

"There's no need to be polite. As the chief disciple of Zhishui Peak, it's only natural for me to resolve the difficulties for my junior brothers and sisters. These are the Essence Energy Pills Master asked me to give you. I'll leave 1,500 for you. Use them first. If you don't have enough, ask me for more."

Hiss!

Fang Tianyuan gasped.

It was actually Essence Energy Pills. Moreover, there were 1,500 of them. This amount was too heavy. It far exceeded the 6,666 high-grade spirit stones Martial Uncle Li Daoran had given him back then.

Indeed, the Heaven Demon Sect was an extremely powerful sect!

This sect was simply filled with crouching tigers and hidden dragons. It reminded Fang Tianyuan to also keep a low profile.

Fang Tianyuan received the pills and thanked him. Only then did Yun Lige speak again.

"Junior Brother, you're new here, so I'm actually not supposed to tell you this. However, I'll tell you anyway. You have to know that not everyone can enter our Zhishui Peak. To be able to enter and become Master's disciple is the luck of our eight lifetimes."

"Senior Brother is right."

“Therefore, we have to cultivate diligently and not let Master down.”

“Definitely! Ever since Tianyuan arrived at Zhishui Peak, I did not dare to slack off at all. I have been cultivating diligently at all times to repay Master for his kindness.”

Yun Lige nodded.

“That’s right. It’s best if you think that way. What’s your current cultivation level?”

“Senior Brother, I’m currently at the first level of the Mountain and Sea Realm.”

Yun Lige: “???”

Seeing his expression suddenly change, Fang Tianyuan’s mind stirred. He wondered if his cultivation level was too low. However, didn’t Senior Sister’s notebook record that Eldest Senior Brother’s cultivation level was only at the Spirit Realm?

Oh!

Fang Tianyuan suddenly realized that the notes Senior Sister recorded were probably referring to their cultivation in the past. Moreover, everyone had been cultivating a Martial Monarch Realm cultivation technique. Since then, their cultivation level had improved greatly, far surpassing ordinary cultivation techniques. Therefore, at this moment, Eldest Senior Brother might no longer think highly of a mere first level Mountain Sea Realm expert like him.

Thinking of this, Fang Tianyuan immediately stood up and said seriously, “Eldest Senior Brother, although my current cultivation is very poor, don’t worry. I’ll definitely work hard and definitely not disappoint Master!”

## **Chapter 29: Avengers Alliance**

Yun Lige: “...”

He felt that he had been offended, but his junior brother’s expression was so serious. He really could not tell if the other party was mocking him or really being serious.

In the end, Yun Lige still suppressed the blood in his throat that he wanted to vomit.

This was because he was no match for Fang Tianyuan.

Since he couldn’t beat the other party, he could only think of it as the other party being serious and not mocking him.

“That’s right. You’re indeed worthy of Master’s nurturing.”

“Thank you for your praise, Eldest Senior Brother. By the way, Eldest Senior Brother, you came to Zhishui Peak earlier than me and followed Master earlier and your cultivation level is higher. Can you guide me?”

Yun Lige coughed lightly.

“Actually, I’ve also encountered a bottleneck recently and have been experiencing some difficulties. In order to not hinder your cultivation, it’s best if you leave your questions for Master after he comes out of seclusion.”

Fang Tianyuan said anxiously, “I’ve only just started cultivating. If I go to Master to ask for guidance so quickly, he will definitely be angry and think that my talent is too poor. Senior Brother, please give me some guidance. Tianyuan would be extremely grateful.”

Yun Lige felt that he had been offended again. He inexplicably had the urge to beat the other party up.

Taking a deep breath, Yun Lige tried his best to calm down.

After all, he would lose if the two of them fought. If that happened, he would only be embarrassing himself.

“Tell me the problem first.”

Fang Tianyuan was happy.

“I’ve only learned the first level of my Indestructible Golden Body. I haven’t been able to reach the second level and condense my body. Senior Brother, please help me take a look.”

Yun Lige pondered for a moment and recited a few words from his Primordial Chaos Emperor Scripture.

“As the saying goes, the three thousand Great Daos are condensed into one. If you have no distracting thoughts, you will be able to fuse them together and use any resources in the world to turn them into one...”

In any case, Fang Tianyuan had never cultivated the Primordial Chaos Emperor Scripture before, so it was impossible for Fang Tianyuan to know that he was simply reciting the words from his cultivation technique.

It was perfect for him to use to fool Fang Tianyuan and save him the embarrassment.

**This chapter upload first at NovelBin.Com**

However, just as he finished speaking, Fang Tianyuan muttered and repeated the words again. He actually slowly closed his eyes, and the aura in his body was also rising continuously.

Soon, the same golden energy aura surged out of his body.

However, this time, his aura was no longer attached to the surface of Fang Tianyuan's body like before. Instead, it condensed and formed a golden giant phantom more than two meters tall outside his body, firmly protecting him.

Yun Lige was stunned. His eyes widened, and his jaw almost fell out of fright.

"He... he broke through? I was just making something up, but this brat actually broke through? Does he have to be so abnormal? Should I report to Master that he's very likely a hacker?!"

He simply did not dare to believe it. This was simply unbelievable!

However, the golden giant phantom had indeed appeared in front of him.

At this moment, Yun Lige felt that reality was too ridiculous. He also realized how pitiful he was.

It turned out that his junior sister and junior brother were both stronger than him.

What was laughable was that he actually wanted to guide and supervise their cultivation.

In fact, he should be the one cultivating harder, right?

Yun Lige inexplicably felt like a clown.

Fang Tianyuan slowly opened his eyes with a happy expression and immediately thanked Yun Lige.

"Thank you for your guidance, Senior Brother. Tianyuan is extremely grateful."

Yun Lige's face twitched fiercely before he coughed lightly and said, "Cough cough... No need to thank me. This is all thanks to your comprehension. If there's nothing else, I'll go back first. I still have to return to cultivate. Goodbye."

"Good..."

Fang Tianyuan raised his right hand and wanted to wave goodbye. However, before he could say the word "goodbye", his senior brother had already turned around and left.

Moreover, his speed was extremely fast. In a few breaths, he had disappeared from his sight.

This made Fang Tianyuan sigh with emotion.

“Eldest Senior Brother, you’re indeed worthy of being the chief disciple of this Zhishui Peak. You can help me break through with just a few words. Such strength is simply heaven-defying!”

“Looks like this Heaven Demon Sect is indeed filled with crouching tigers and hidden dragons. I definitely can’t leave Zhishui Peak easily. Otherwise, my life will probably be in danger.”

Yun Lige, who had already left far away, staggered and almost tripped.

He endured the pain in his heart and quickly ran towards his house.

This time, if he did not cultivate to a satisfactory level, he would not easily break out of his closed-door cultivation.

First, he set a small goal. He would cultivate to the fifth level of the Spirit Realm in a month and reach the Mountain Sea Realm in a year. Then, he would surpass Junior Sister Ji in two years and his junior brother in five years.

...

On the other side, Lu Xiaoran was also sorting out the current situation and information.

“Currently, we have already taken in three disciples, and all three of them have offended hot shots. Reconciliation is impossible. We can only fight.”

This was because even if he could persuade Yun Lige and the others to reconcile, those hot shots with extremely bad values would definitely not let Yun Lige and the others off.

However, the strength of the hot shots was a huge problem.

The most powerful thing about these hot shots, or protagonists, was their luck. It was almost an inexplicable fate. If ordinary people did not have enough luck and rashly provoked them, no matter how powerful they were, they would still be killed in the end.

Other than that, there was still another problem. They still needed to deal with the old monsters that these hot shots were being backed by.

Some of them were backed by old eunuchs.

Others were guided by some demon big shot's soul.

It was even possible that these hot shots were being supported by a certain emperor who had not died and had reincarnated.

These old monsters might not be able to recover to their peak cultivation in a short period of time, but they still had some secret techniques that could allow them to recover to their peak cultivation in the shortest time possible.

On the other hand, these three silly disciples only had Lu Xiaoran as their master. Other than that, they didn't have any backers!

In addition, although these three disciples had the talent to reach the Martial Monarch Realm, these hot shots were basically all capable of beating a Martial Monarch Realm expert.

Since the three of them had Martial Monarch Realm cultivation techniques, those hot shots definitely also had Martial Monarch Realm cultivation techniques.

The three of them cultivated very quickly, but the hot shots must be cultivating at an even faster speed.

The other party could easily pick up a top-grade rare-level Dharma treasure or a natural treasure on the street. It was even possible for them to instantly ascend their cultivation. It was simply as easy as drinking water for him to obtain decades or centuries of cultivation.

They could basically obtain top-grade Martial Monarch Realm weapons with little to no cost.

They could also easily fight those with other cultivation. In any case, they were always stronger than the villains.

Lu Xiaoran rubbed his temples fiercely with a worried expression.

"Damn!"

It could almost be said that by fighting the hot shots, he was basically using a slingshot to fight someone with an AK47.

It was all for nothing.

However, Lu Xiaoran would not sit idly by.

There was no such thing as “waiting for death” in his dictionary.

Therefore, Lu Xiaoran took a deep breath and started writing on the paper in front of him.

The main strategy for dealing with the hot shots was the code name: The Avengers Alliance!

### **Chapter 30: White Bone Demon Sect**

The number one rule of the Avengers Alliance was—stability!

Due to the fact that the hot shots’ cultivation, equipment, background, and character had completely suppressed the members of the Avengers Alliance, everyone on Zhishui Peak, including him, had to keep a low profile and develop steadily before completing their revenge.

Everyone needed to cultivate at least 25 hours a day, 8 days a week, 32 days a month, and 366 days a year.

If they could, they would not attack. If they had to attack, they would have to make sure that they kill the other party. After that, they would burn their enemies’ bones and scatter their souls, not giving them any chance at all.

The second rule of the Avengers Alliance—Teamwork!

Based on the danger level of the hot shots and building on the first rule, the second rule prohibits all one-on-one battles. Even if it was a one-on-one battle, several members will still need to be deployed to surround the enemy from all directions. If things did not go well in the one-on-one battle, they would be able to provide support..

The members would also be divided into the Frontline Team, Main Battle Team, Support Team, and Substitute Team... These combat troops will cooperate strictly, forming an inescapable net to ensure that the hot shots do not escape and revive.

Note: These team battles do not include Lu Xiaoran himself, since he will be the trump card to prevent the entire Zhishui Peak from being wiped out.

The third rule of the Avengers Alliance—Information!

Since these hot shots often come across fortuitous encounters, all the places that the hot shots had been to had to be recorded.

In most cases, it can be assumed that the hot shots found some good treasure. Otherwise, it would mean that the hot shots must have obtained an even better Dharma treasure or cultivation technique.

Because the hot shots could fight people with stronger cultivation, the combat strength of the team members of the Avengers Alliance need to be considered to be two realms lower when facing the hot shots. On the other hand, the hot shots' cultivation will also need to be considered to be two realms higher, with a total difference of about four major realms.

According to this calculation formula, if the hot shot was at the Body Refinement Realm and the members of the Avenger Alliance were at the master level, it will be alright for them to fight and the risk of losing will only be at 10%. If the hot shots were at the Postnatal Realm and the Avengers were still at the master level, the risk of fighting would increase to 90%.

The exact calculation formula was that if the Son of Destiny was at the Body Refinement Realm and the members of our team were at the master level, they could fight and the risk of fighting was about 10%. If the Son of Destiny was at the Postnatal Realm and the members of our team were at the master level, the risk of losing would increase to 90%.

The fourth rule of the Avengers Alliance was to stay mysterious.

It would be best if they could get a coat and a mask.

In this way, even if they killed someone in public, their true identities would not be discovered.

After designing this series of rules, Lu Xiaoran finally heaved a sigh of relief.

He put down his pen and rubbed his eyebrows.

“I’ll stop here for the time being. I’ll add the rest later when I think of anything in the future.”

In order to come up with various plans, Lu Xiaoran had spent a total of half a month.

It was no wonder that Lu Xiaoran was so cautious. Even when he was dealing with ordinary passersby, his life would be in danger. Thus, how could he be careless with the hot shots?

If only he had a bit of the hot shots' luck, it would still be fine. Then, the two sides could still be considered evenly matched.

However, all of his disciples were villains.

He had basically been dealt the worst hand.

It was impossible for them to make a beautiful comeback without careful planning.

At this moment, the aura in his body suddenly became restless. After a surging wave, his cultivation broke through again.

Eighth level of the Shattering Void Realm.

“Another breakthrough. Not bad. Looks like my disciples seem to be working very hard. Wang Cai.”

“Coming, coming, I’m here, Master.”

“Show me their information panels.”

“Understood.”

Soon, Wang Cai organized the information interface for the three of them.

Firstly, Fang Tianyuan’s cultivation had already increased from the first level of the Mountain Sea Realm to the second level of the Mountain Sea Realm.

Next was Ji Wuxia. Her cultivation had already increased to the eighth level of the spirit realm.

Lastly, it was Yun Lige. His cultivation had actually increased from the fourth level to the sixth level.

This stunned Lu Xiaoran.

**This chapter upload first at NovelBin.Com**

“What’s going on with these bastards? It’s obvious that the higher their cultivation level, the slower their cultivation increases. How is it that their improvements are getting faster?”

“Forget it, I don’t care. It’s always a good thing for their cultivation to increase quickly.”

Although their cultivation was still not enough in Lu Xiaoran’s eyes, it was still very impressive. After all, as one’s cultivation increased, the speed of their advancement also became slower. Thus, it could be seen that they also worked very hard.

The few of them circulated Martial Monarch Realm cultivation techniques. Usually, as their comprehension of cultivation techniques deepened, their cultivation speed would also gradually increase.

However, as villains, they clearly did not have the ability to instantly understand and comprehend everything just by looking at the cultivation techniques.

The few of them had probably only comprehended twenty to thirty percent of their cultivation techniques now, and their cultivation speed had not reached the peak.

In a situation where the speed at which they absorbed the spirit energy remained the same, it was only natural for it to be faster in the beginning. However, the further they advanced, the slower their cultivation speed would become.

For example, this time, ;u Xiaoran had only been able to advance from the seventh level of the Shattering Void Realm to the eighth level of the Shattering Void Realm. Moreover, he now had three disciples cultivating simultaneously as opposed to just two.

If only he could cultivate it himself...

It had to be known that his speed of comprehension of cultivation techniques was peerless.

Even if it was a Martial Monarch Realm cultivation technique, it would basically only take a few days. At most, it would take him more than ten days to completely comprehend it.

Given that he would have full comprehension instead of just twenty to thirty percent of comprehension, his speed would definitely be faster.

However, he could not rely on himself to cultivate.

Even with a Martial Monarch Realm cultivation technique, he still needed medicinal pills and other resources to break through to a higher level.

He definitely wouldn't be able to obtain so many resources in the Heaven Demon Sect. If he accepted a disciple and let his disciple advance, he could obtain many gifts. This was the greatest source of his current resources.

"Clones are unrealistic. Looks like I can only take in a few more disciples to maintain the speed at which my cultivation increases."

"More and more hot shots are appearing. At this rate, a group of Martial Monarch Realm experts might appear soon. At that time, even if I become a Martial Monarch Realm expert, I won't be able to defeat them."

“However, it’s not easy to find a disciple with the talent of a Martial Monarch Realm expert. Looks like I should give the three of them a lesson first and let them have a deeper understanding of their cultivation techniques and concepts. At that time, the speed of their cultivation will also increase a little faster.”

“Now, I’ll open these small gift bags first.”

...

At the same time, under Zhishui Peak, as the air distorted, a figure quietly appeared.

“The ancestors of our White Bone Demon Sect are really smart. 300 years ago, when we helped the Heaven Demon Sect establish the array, we deliberately left a transmigration array at the foot of this Zhishui Peak so that I don’t have to pass through the sect-protecting formation to directly teleport in.”
