

Super Rich Man by Kiang Chapter 151

Chapter 151 Blocked

Alex has spoken, “Who dares not to give respect!”

Everyone knew that although Mr. Steven from the Bank of China are the chairman of businessmen, he was not as good as Alex in terms of prestige.

And Alex, just asked him to kick out an unknown young man, which in case perfectly achievable.

However, Mr. Steven shook his head with a serious look on his face.

“No.”

The answer was very decisive, almost without any hesitation.

As soon as the words were over, 99% of the people from the audience were extremely surprised and looked at Mr. Steven in doubt.

Alex is a veteran of the business community in Fairmont. He just asked you to deal with a young man. “He doesn’t give you any respect?”

“No!”

“And there was no room for negotiation!”

Mr. Steven, with a heart of iron stood quietly on the stage.

At this time, Alex, ‘s face was so gloomy that it was difficult to see the extreme.

Mr. Steven 's decisive response just now made him a little bit confused, and he even shook his head.

“Steven, what do you mean?” Alex’s lips trembled with anger.

“It doesn’t mean anything, that’s a little camaraderie there’s nothing wrong with it.” Mr. Steven answered with a straight face.

“Is that right? Is it right for him to disrupt the order of the meeting by being so rude to me as an old-timer?”

Now Alex can no longer talk about things with his mobile phone, because he knew in his heart that he really was targeting Leon alone, and it is really untenable to use this as an excuse.

“As the president of the business, I did not see him disturb the order. As for his rude treatment for you, I think there’s a reason, and if you do not target him, he will not do so.” Mr. Steven said something that many people were afraid to say.

Then there was an uproar.

It was unexpected that Mr. Steven would refute Alex’s face on the spot.

“Is it worth it for this young man? Even if you are the president, chairman and the property dealer of the Bank of China, what good will it do to you?”

Alex’s face was gloomy. He thinks he are the protagonist and everyone’s focus. At the moment, he is refuted by Mr. Steven.

“Steven, has to speak according to his conscience. When have I ever targeted him? If you don’t believe me, ask everyone, let them talk about it, and don’t throw dirty water on me!”

Looking at Alex’s posture, he refused to make concessions.

There are a large number of people in the audience who naturally support Alex.

“Steven, you have wronged Mr. Carter. Mr. Carter convinced people with his virtue and he are also as knowledgeable for a young person.”

“That why, Mr. Carter are the kind of kind-hearted predecessor!”

“Steven, why do you think Mr. Carter are such a treacherous villain? His smile was so kind! I’m convinced!”

Leon are really convinced by these people who agreed!

What a noble character, kind-hearted. These words used to describe Alex!

Alex was hateful, but the attitude of these people were also disgusting.

Leon depends on Mr. Steven ‘s attitude. Anyway, his own attitude is very clear. He won’t let Alex surpass him out. He decided to go all out.

Next, Mr. Steven stretched out his hand, made a quiet gesture to the audience, and then said, “Anyway, we should give these young people a chance, not to crack down on the target, as some of our predecessors did. I declare that the meeting will continue.”

Alex’s face sank again, and he held back his anger.

He thought Mr. Steven would throw in the towel, but he just got up, which made an unexpected move. Doesn't Mr. Steven know who are the protagonist today? That's crazy!

"This meeting, I."

As soon as Alex uttered a word, he swallowed it back. He really wanted to shout "I don't want to open it!"

But the person who agreed just now said that he convinced others with morality, and he can not hit himself in the back.

Alex held back his anger and took a sharp look at Mr. Steven, He wrote down the account for Mr. Steven, and he will report it after the meeting on the Chamber of Commerce.

"I'm not feeling well. I'm going to have a rest. Please forgive me."

Alex withdrew from the podium with a straight face and walked out of the conference hall without looking back.

On the other hand, Mr. Steven adjusted his mood and continued to preside over the order of the meeting.

He won't regret what he did today.

He was well aware of the pros and cons and knows and how to weigh them. In any case, a ruthless son should not be offended.

He was one of the few people from Fairmont City who knows the true identity of Leon. In fact, when he chooses to stand in line with Leon, he did not consider the interests between them, but in order to repay the favor.

Yes, it is to repay Mr. Johnson.

Without Mr. Johnson, he would not have become the branch president of the Bank of China so soon.

It is also a great honor for him to become the branch governor of the Bank of China.

Today, Mr. Steven and Alex tear their faces apart, which is also a loss to Alex.

After all, the bigger the business are, the more you need to use the bank. Mr. Steven is not as fake as Alex in terms of what it is at stake.

this time, Steven, one of the leaders of the meeting was a little surprised, and he was similar to everyone's doubts.

Although they are both surnamed Johnson, they have nothing to do with each other. They come to Fairmont to invest their own funds and not use the Bank of China.

However, Steven did not care too much, only as Mr. Steven integrity, but also Leon's luck, if Mr. Steven does not come forward, he will come forward.

Alex walked out of the conference hall to find his family.

As he walked, he wondered, why on earth did Mr. Steven help that young man? There's no need!

Of course, Alex did not understand, after all, this is the city of Fairmont, and the power of Kyoto are so complex that he can't imagine that it is

necessary for Mr. Steven to fall out with him for the sake of that young man.

Perhaps, it will be transferred to the provincial capital branch, that level is even higher than now, of course, Mr. Steven did not think too much.

Alex first found his granddaughter, who had finished soaking in the hot spring and sitting in the rest area drinking.

“Grandpa, you look a little ugly. What made you unhappy?”

“Nothing.” Alex waved his hand.

“Where are the others? Why didn’t you see them come out?”

“They are still in the meeting. I came out early.” Alex is still angry.

“Oh, by the way, Grandpa, I was in the reception hall before the meeting, and I saw the man who hit me!” May Carter clenched her lips, and the cup in her hand was clenched by her.

“Really? May, did you see it clearly? Has he really come to the Chamber of Commerce?” Alex hurriedly asked.

I had expected that this man might come to the chamber of commerce, but I didn’t expect that my granddaughter had already been found.

“Yes, I never admit my mistakes. It’s just that there were so many people that time that I got into the crowd in the blink of an eye.”

“He’s probably in the conference hall!” Alex’s old eyes squinted with ferocious eyes.

“Grandpa, you must avenge me. Look at me. I have to wear a hat even in the hot spring. It’s all the fault of that kid. I want him dead!” May hates Leon.

“May, don’t worry. If you find that boy, I’ll make him pay for his life! Tortured to death! Come on, come with me and block him at the door of the conference hall! ”

Alex has a vicious look on his face, and the truth will soon be revealed. He can’t wait to know who the boy is. If the other party’s identity is not ordinary, he must kill him with the strength of the family!

Super Rich Man by Kiang Chapter 152

Chapter 152 A lot of trouble

An hour later.

The meeting was over. Local businessmen filed out of the door.

Alex, took his family and bodyguards and waited at the door.

A family of five, all gnashing their teeth, waiting for that person to appear.

Look at this posture, Alex has moved to kill!

At this time, Leon walked out of the conference room with Steven and Tabitha, while May jumped out on the spot.

“Grandpa, Mom and Dad, that’s him, that’s the bastard!”

May pointed to Leon’s face, her eyes filled with hatred.

When Alex saw Leon's face, he was shocked and his head buzzed as if he had been stuffed with a bomb.

The person who pulled out her granddaughter's hair was unexpectedly Leon, 's endless hatred and went straight to Alex's forehead.

“Leonard! I want you dead!”

Alex slapped him in the face.

However, Alex's hand was not even a foot in front of Leon when he was grabbed.

“You want me to die? The end result of this kind of behavior is that you die!”

Leon responded coldly with a hand, squeezing Alex's wrist.

“Mr. Carter, what are you doing?” Steven hurriedly stopped the two men and persuaded them not to fight.

“It's not for outsiders to interfere in my Family Carter business!” Alex has a frosty face.

“I don't care what you Family Carter does, and I don't care, but if you touch Mr. Millers, you go through me first!” Steven said immediately.

Unlike Mr. Walker, Mr. Danielle and Mr. Williams, Steven can take a strong stand. After all, he is not a faction with Mr. Millers, so he doesn't have to consider helping Leon hide his identity.

“Mr. Steven, why are you bothering me? Is it worth sabotaging the relationship between you and me for the sake of a humble junior?” Alex questioned.

To this, Steven just smiles coldly, if really want to let him chose who to stand, he chooses Leon naturally.

And Alex, is not the owner of the provincial capital Family Carter, Mr. Carter is.

Steven can give face to his eldest brother, but he doesn't have to give face to Alex.

“Mr. Steven, why don't you answer? I want your answer!” Alex asked again.

“Are there any resentment that cannot be settled until the end of meeting of Chamber of Commerce? Do you have to push it so that you can find the way out of your problem?”

Steven has made clear his attitude, of course he hoped that the matter can be talked down, after all, with Family Carter always used force are not a one-size-fits-all solution.

If he can wait until the end of the meeting, he has his own way to help Leon find a way out.

“Good! For the sake of you Steven, let's not argue with this son of a bitch for a while!”

Alex forcibly suppressed his anger and found himself embarrassed. Regardless of whether Steven guaranteed Leon, he said that his wrist was about to be crushed by Leon and the pain made his mouth twitch.

Look at his ferocious face, a fierce face, in fact part of the reason is pain, Leon's hand is like an iron clamp, if he couldn't find an excuse for himself, his hand was not going to want it.

Alex will definitely not get even with Leon after the meeting.

Later he must look for an opportunity to retaliate, and this is not the right time for him to take cruel vengeance.

There are so many businessmen around, even if he has great prestige, it is impossible for him to do such a thing too brazenly.

As long as it is confirmed that it is Leon, it is easier. He quickly ordered people to monitor all the exits of the hotel and will not let Leon step out of it.

And then, he has a lot of opportunities to torture Leon. In short, he will let Leon suffer all the humiliation before he dies, and can't let him die happily!

"Grandpa, you can't let him go. I want him to kneel down, begged and apologize, bark like a dog, lick my shoes clean, and pull out his hair!"

May doesn't want to let Leon, go. Obviously, she doesn't know what her grandfather has in mind.

In terms of wily, her grandfather is better.

"May, listens to Grandpa and let it go for a while." Alex shook his head.

"No! Grandpa, I want him dead!" May said with a ferocious face.

"Come on, Grandpa has something to say to you."

Alex pulled May out of here, and all his relatives, then Family Carter left.

As soon as Alex left, Mr. Williams shook his head gently, sighed and said, “Mr. Millers, you are troublesome. Who do you think you are messing with? you had provoked May. I heard that the little girl has been domineering and vicious. I really didn’t expect that there were so many conflicts between you and Family Carter!”

In fact, there are a secret between Leon and Alex that Steven doesn’t know. Of course, Alex is not clear now.

At this time, Tabitha also blamed Leon: “Leonard!” Can’t you save my grandfather a little bit of worry? You always making trouble all the time, this May and I go to the same university and she was very arrogant at school. Although I am not afraid of her, don’t you know how much you weigh? I really believe in you. I still like to prevent trouble if I have the ability! ”

What Tabitha said was shocking, but now she really wants Leon to be on the right path, and she also hoped that ordinary people like Leon can do something, and then try to change their fate and stop fooling around.

“If you don’t know the truth, you won’t have a say. You don’t understand at all!” Leon responded with a serious expression.

Then Leon said to Carlo, “Mr. Williams, has bothered you. I’ll wash my face.”

Even if you don’t have to rely on CarloCarlo, Leon, there is a way out, but one end to one end, Mr. Williams is really good to him.

“All right, you calm down and meet me at the VIP box of the restaurant in half an hour. In addition, you must pay more attention to watch Alex behind the scenes.” Steven cautioned.

“Well, I have my own limits.” Leon nodded.

Leon left the crowd and went to the bathroom alone to wash his face.

He knew very well that Alex will never let him go, and the next trouble will follow.

After washing his face, Leon turned to leave the bathroom when he met a middle-aged man face to face.

Leon did not notice, and was about to leave, but the other party suddenly sneered at him: “What?” Afraid to face me? You just want to run?”

Hearing the tone of the other party, Leon wondered why he didn't dare to face it.

“What are you doing?”

Leon asked with a frown.

“Boy, I was watching you in the conference hall just now. I was relieved to see that you had offended Mr. Carter, you will just run away when you saw me. It seems that you are in a lot of trouble!”

The other side sneered and gloated.

However, Leon said, who are this fool? I don't know him at all, inexplicable, what are you talking about!

“who are you ? Do I know you ? I don’t know you at all. If I’m not leaving, why don’t I stay and have a drink with you in this bathroom ? ”

“Oh, you’re still pretending. You can’t even admit that you know me. Where’s the prestige of that day ?” I think you are scared to death by Mr. Carter! ”

The man was stuck at the door of the bathroom and wouldn’t move an inch.

Super Rich Man by Kiang Chapter 153

Chapter 153 Can’t afford it

“If I don’t know him, I just don’t know him. Do I have to pretend ? Even though I may have come into contact with you, I don’t have any impression of you now ! ” Leon said coldly.

“Kid, it looks like you don’t have a good memory. Let me give you a hint. You pretended to be pushy in front of me in the antique shop the other day. Do you remember ?” As the middle-aged man spoke, he lit a cigarette.

“Oh, it’s you.”

After he had mentioned the antique shop, Leon remembered that there was a guy named Hunk the other day.

“Either you boy has a bad memory, or you pretended that you don’t know me. I knew you were scared by Mr. Carter. Now you don’t want to make any more troubles, right ?” Hunk said proudly.

“Why should I remember what you look like after I meet so many strangers every day? do you have the right to impress me?” Leon thinks the other person are so smug.

Hunk also attended the business meeting and witnessed Leon being targeted by Alex. When he saw that Leon was in a state of distress, he took the opportunity to throw a stone into a well.

“You have a tough mouth. You offended my pride on that antique shop the other day, but today you have to pay the price!”

With that, Hunk called someone, but couldn't get through.

“I lost my shadow when I bought a lighter, and now you won't answer my call. Forget it. I'll do it myself!”

Hunk, with a cigarette in his mouth, locked the bathrooms, then shook his fist at Leon.

In the face of this scene, Leon didn't panic at all and even wanted to laughed.

“Are you the only one? Naive!”

While Leon was talking and laughing, he had already stepped in and punched Hunk.

Then he saw the burning end of cigarette in his mouth, and the filter turned outward and he was howling like a pig.

Bang!

Leon punched Hunk against the wall again, then reached out and grabbed him and pressed his head inside the toilet.

After filling the man with enough water, he let him go.

Hunk choked on the water and coughed violently on the ground, embarrassed like a dog.

“Too weak!”

Leon shook his head gently and walked out of the bathroom.

Although he is currently facing the threat of Alex, not everyone can take advantage of him!

When Leon left, Hunk complained a lot. He was dressed in a straight suit, but now he was in a mess.

“It’s broken. Will that thing breaks?”

He quickly took out a wooden box in his bag, opened it, and found that the small objects inside were not damaged, which made him breathe a sigh of relief.

At this time, Leon went to the 20th floor of Grand prince Hotel, where there are high-end restaurants with luxurious decoration.

The restaurant here are definitely the highest grade in Fairmont.

Outside the window are the busiest commercial street in Fairmont City.

Further south, there are Vesevius Mountain and Caspian Lake. Between the mountains and the lake, there are Beverly hills dwellings.

It can be said that Grand prince Hotel is surrounded by some of the most expensive land in Fairmont City.

This area is a famous wealthy district in the city, standing on the 20th floor of the hotel restaurant, overlooking the busiest street view in the city.

sooner had Leon arrived Carlo beckoned to let him pass.

“Mr. Millers, let me show you around.”

Carlo plans to take Leon to meet some of the richest people in Fairmont and learn a lot.

On one side, Tabitha, pouted and looked disapproving. she was not jealous of Leon, but thought that Leon was not worth her grandfather’s worry about.

“Grandpa, there’s no need.”

“He is a piece of uncut jade.” Steven responded faintly.

Carlo believes that at this stage, the demand for Leon should not be too high. After all, the living environment is different from the education he received, and it will take some time to complete the transformation.

“No need Mr. Williams.”

For Leon, several tycoons in Fairmont are no stranger to him, he was even familiar with him.

“Yes, you should cherish this opportunity and take it seriously.” Carlo said seriously.

“All right.” Leon couldn’t get away with it, so he decided to go for a walk.

Tabitha saw that Leon was a little reluctant, and her face was so angry that she had baby fat. She said in her heart that it was a once-in-a-lifetime opportunity. Leon, do you still want to refuse? Are you really not motivated?

Then Carlo first took Leon, to see Mr. Crow.

As they met, Carlo asked Leon to recognize his uncle.

“Leon, quickly calls Mr. Crow, he was the owner of Grand prince Hotel, and his assets can rank among the top three in Fairmont City.” Steven said.

Sebastian waved his hand hurriedly and said, “Mr. Williams, you flatter me, you flatter me.”

“There’s no need for Mr. Crow to be modest. Recently, Grand prince Hotel has shown a lot of versatility. I heard that a few days ago, you participated in the selection of the ‘most popular’ hotel in the province and entered the top three.” Steven said.

“This is Mr. Sebastian wanted to say that Mr. Millers was well managed, but he quickly stopped and swallowed the words back.

“What is Sebastian trying to say?” Steven asked.

“I want to say luck, just luck.” Sebastian shook his head gently.

“Why doesn’t Leon, ask Mr. Crow, to meet him?” Carlo put his hand on Leon’s shoulder, hinting him not to be too nervous.

Leon has a black line on his face.

He knew that Carlo meant well, but it was not appropriate for him to call Sebastian as his uncle.

Before waiting for Leon to respond, Sebastian hurriedly opened his mouth to help him out: “Mr. Williams, I still have something urgent to deal with. I will enter the banquet in ten minutes. I’ll go and see if everything is ready.”

With these words, Sebastian turned and walked away.

“Mr. Crow, I said Mr. Crow, wait a minute.” Steven has something to say.

However, Sebastian had slipped away so fast that he ran away without looking back.

Sebastian dared not let Leon call him uncle, even if he beat him to death. He is still 36 years old.

Steven was a little angry when he saw Sebastian running away in a hurry, if not for Leon, he didn’t bother to say too much to Sebastian.

On the one hand, he thinks Leon was too humiliating and on the other hand, Steven thinks Sebastian can’t let go.

If Leon had called Uncle Sebastian earlier, maybe Sebastian wouldn’t have run away so soon.

“Leon, be bold, let go, don’t be timid, and be generous. According to the age gap between you and Sebastian, it doesn’t hurt to call him uncle. I hope you can remember that only when you can bend and stretch can you become a great player!”

Steven earnestly persuaded that he would not directly criticize Leon, knowing that Leon had saved his life.

“This.” Leon said, even if I called uncle Sebastian, Sebastian would not dare to agree.

“All right, next time remember, follow my instructions you will go smoothly in the business world in the future, let’s go to Mr. Danielle, and get to know him.”

“Mr. Danielle?”

Leon’s face was covered with black lines.

“Mr. Williams, don’t embarrass Mr. Danielle.”

“How can this be called embarrassment? You can rest assured that Leon, Mr. Danielle will not fail to give you respect. There is nothing wrong with me to let you know him.” Steven does not yet understand the meaning of Leon.

“Mr. Williams, that’s not what I meant.”

“Then what do you mean?”

“he can’t afford Mr. Danielle.”

“Leon, it’s arrogant of you to say. According to seniority and age, Mr. Danielle is not much different from me. I am a grandfather to you and Tabitha, so it’s not bad for you to call Grandpa Dani. Although there were still a big gap between Dani and my Williams, it’s too much to say if you can’t afford it. I don’t care, and you don’t have to care.”

“That.”

Super Rich Man by Kiang Chapter 154

Chapter 154 There are bad dogs in banquets

Leon wanted to speak, “Just because you don’t care doesn’t mean I don’t care.”

“Come on, don’t think too much. Mr. Danielle, is an old man, he had something. It was not easy to start his own business and prop up the busiest shopping street in Fairmont City.”

Carlo pulled up Leon and was about to leave, leaving Leon with a look of helplessness.

Others do not know, but Leon was very clear that Mr. Danielle could rise rapidly at that time, and it would be impossible without the capital injection of the ruthless family.

Three people found Mr. Danielle at this time, Mr. Danielleelle are lecturing the two grandchildren, specially later in the banquet, in the face of Mr. Millers, should be strictly controlled.

When Mr. Danielle saw Mr. Williams, Leon and Tabitha coming, he quickly recovered and greeted him with a warm smile.

“Mr. Danielle are still enthusiastic. Sebastian was a little crazy because he is the owner of this hotel.” That’s what Carlo thought to himself.

However, Mr. Danielle, this was all in the face of Leon same as for Carlo, he will only go through the formality and will not be too enthusiastic.

“Mr. Danielle, how’s your health? You’ve been busy opening shops in Fairmont City, and I haven’t sat down to have tea and chat with you yet.” Carlo said with a chuckle.

“I am in good health. If we have a chance today, let’s have a good drink and have a good chat.” Mr. Danielle responded with a smile.

But at the moment, Mr. Danielle ‘s eyes are a little erratic, because his attention was on Leon.

Earlier in the conference room, Mr. Danielle did not stand up for Leon. He was worried that Leon would blame him, so he was a little worried at this time.

In fact, Mr. Danielle thinks too much, Leon can understand that this are Mr. Danielle in order to avoid causing others to doubt his identity, he did not come forward. It is enough to have one between Mr. CarloCarlo and Mr. Danielle.

While Carlo didn’t notice the difference of Mr. Danielle, he thought that Mr. Danielle’s enthusiasm and politeness were all because of his detached identity, and had nothing to do with Leon.

“Leon, there you are. Mr. Danielle, come here.”

“Here we go again, Carlo.”

Leon shrugged helplessly, even if he gave Mr. Danielle a truckload of courage, he didn’t dare to agree.

Sure enough, Mr. Danielle ‘s face changed in an instant, and there was a cold feeling on his back.

In his mind, Leon was the senior level sent by the group headquarters and the son of Mr. Millers, he dared not take the slightest advantage.

Besides, he always treats Leon as a peer and asked him to call him Sir.

“Mr. Williams, doesn’t have to be necessary. I can’t afford it. I have something to do. I’ll talk to you later. I’m sorry.”

Mr. Danielle hurriedly pulled his two grandchildren and left in a hurry.

The two brothers also knew how to look at the situation and followed their grandfather to turn around and leave.

Carlo was particularly annoyed to see a dramatic change in Mr. Danielle’s attitude.

“Rude! It’s rude! Family Williams are at least a famous family in the provincial capital, and it can be counted in the whole province. Mr. Danielle said that he would change his face when he necessary, which is simply outrageous!”

At this time, standing by, Tabitha, curled her mouth and said with great dissatisfaction, “That is, if he hadn’t all joined the chamber of commerce, he would have to make an appointment in advance if he wanted to have tea and chat with his grandfather.”

In response, Leon smiled softly, without any fluctuation in his heart.

Carlo didn’t believe that there was no family that didn’t give Respect, and then took Leon to Daniel.

That time, however, it is even more devilish.

Daniel seemed to know the news in advance. As soon as he saw the figure of Carlo, he hurriedly walked away and didn't even have a chance to meet.

Carlo stamped his feet angrily and said discontentedly, "These tycoons in Fairmont are so defiant that you don't have a chance to Family Williams if you want to be superior!"

Leon estimated that it was Daniel who received the message from Mr. Danielle and Sebastian and simply chose to avoid it.

"Grandpa, calm down. We'll share a private room with them later. They are too ignorant." Tabitha said angrily.

"Since they don't give me respect, I won't be wronged by Carlo. I really don't like them!" Carlo was on fire.

Then he mused a little bit and said, "It seems that Alex is responsible for forming a gang and setting up a small group in the business community of Fairmont. It is estimated that he has already informed Crow, Dani and Walker last night. This is aimed at us!"

"Alex really has some prestige in Fairmont. If he were in the provincial capital, he wouldn't dare to be so arrogant at all." Tabitha said.

"I've never looked up to him for such an insidious thing. Today, I won't give him Respect nor give him a gift. Let him think about it!" Carlo said solemnly with a serious face.

According to status, Carlo was fully qualified to put Alex down.

In fact, Sebastian, Mr. Danielle and Daniel are not disrespectful to Carlo, nor are they colluding with Alex. They will never move around with Alex for the sake of Leon.

The feast was about to begin.

Only people from the upper class of Fairmont City can enter the VIP room.

Carlo takes Leon and Tabitha, to one of the VIP rooms.

The room are very large, the decorations were luxurious, very stylish.

As soon as he walked in, all the businessmen present said hello to Carlo.

And they left the right place to Carlo.

Carlo glanced around and didn't see Sebastian and others, and his anger subsided a little.

He, a boss from the provincial capital, deserves to be treated in respectful manner.

The room are not yet full, there are two seats, and when Carlo sits down on one of them, there is another seat that are vacant.

Although Carlo spoils his granddaughter, it is impossible for him to arrange for his granddaughter to sit in the right seat on such an occasion. He lets Tabitha and Leon sit next to each other.

Someone cast a puzzled look at Leon, curious about the identity of Leon.

Why do they call this kid sir?

When Leon enters the VIP room of the upper circle, he will inevitably be questioned.

But there are Carlo's relationship, they do not dare to act rashly, in a thorough understanding of the identity of Leon they temporarily hold a wait-and-see attitude.

Just then, Sebastian, Mr. Danielle and Daniel, three of the richest people in Fairmont City, walked into the VIP room together.

When Carlo saw the three, his eyes were full.

I had planned not to be in the same box with these three people, but unfortunately, I came a little early.

If you get up and leave now, you will look stingy.

Carlo just gave a cold hum and didn't leave the table. Just let it go.

Sebastian, Mr. Danielle and Daniel all brought their own younger generation.

The wine table are big enough that even more than half of the people in the upper circle come, they can still sit down.

After that, people came in one after another, but the last one came in was the Alex family.

Alex likes to make a grand debut, and he knows that today's protagonist was himself, so he chooses to come here at the end with his family.

In fact, he could have gone to another VIP room, but he read the list, this was the most important room.

Alex likes to stand out, but also among the Bigshots he was confident and strong enough, he thinks he was the most famous and prestigious person in Fairmont City!

Sure enough, when Alex came to the door, more than half of the people bowed to him and greeted him with great respect, which was even more solemn than Carlo's treatment.

The interests of these people are all related to Alex, and they try their best to favor with Alex, for a reason.

As for Carlo, they can't afford it at all, so as long as they don't offend, it's better to make friends with Alex.

And Alex, likes the feeling of being held up by the stars, and he thinks that this are the value of life.

However, he noticed that Leon was also sitting in this VIP room, which made his face turn gloomy.

"How can such a humble person be seated here? This is the VIP room; he is not qualified!"

Alex was quite unhappy and thought to himself, but then he thought that Carlo must have brought him here, so he didn't say it.

He was thinking that if he had a lackey, he would be willing to handle it for him at this time without having to go out in person.

This can not only retaliate against Leon, but also maintain his venerable image.

He was in no hurry. After all, he knew very well that many people are trying to curry a favor with him.

Sure enough, people striving to be rich appeared.

Hunk, holding a wooden box in his hand, came out of the ordinary room, hurried to the VIP room where Alex was, and almost knelt in front of Alex!

Super Rich Man by Kiang Chapter 155

Chapter 155 The Culprit

“Mr. Carter, has heard a lot about him. He has heard a lot about him.”

Hunk bowed deeply to Alex in the shape of a bow.

With a servile look on his face, he handed the wooden box to Alex.

In theory, Hunk works in the provincial capital and commutes between the provincial capital and Fairmont because of work.

He is not from Fairmont City, and he did not have any connections with Alex before. This time, he purely brushed the sense of existence, hoping to rely on Alex, to build the big name in the provincial capital Family.

For this kind of initiative door-to-door for him, Alex naturally will not reject, but very proud.

“My name is Mr. Carter. My name is Hunk, the department manager of Roche Pharmaceutical Co., Ltd. When I heard that Mr. Carter celebrated his 60th birthday, I specially prepared a small gift, which are from the bottom of my heart. I also ask you to accept it with a smile.”

Hunk bowed his head and smiled.

However, this time, Alex's face froze, and the original smug smile could not come out.

When he looked at other people around him, they can't help laughing.

This Hunk ran over before he knew what it was.

Obviously, he had a son in his old age, but Hunk always thought it was his 60th birthday, so he went to buy antique calligraphy and painting as a birthday gift, but he got it wrong.

"I only celebrated my 60th birthday the year before last!" Alex looked unhappy.

Hunk suddenly realized that, but he was already very good at pampering up the leader. Seeing a joke, he hastened to add: "Mr. Carter is getting younger and younger. Congratulations to Mr. Carter on the birth of a noble son. He specially an ancient jade to the Ming Dynasty."

At this time, Alex's face gradually turned from anger to joy.

"A gentleman wears jade, your moral is good, Hunk, I remember." Alex only nodded slightly, and he certainly wouldn't appreciate Hunk, but this guy showed up at the right time, and that's what he wanted to see.

Hearing the answer, Hunk was overjoyed and thought that 500000 had not been in vain. If he showed it again in the future, the boss would stand up for him.

However, he was the only one running from an ordinary room at the scene, and he seemed a little superfluous.

He scanned it with his eyes and unexpectedly saw Leon.

It's him! Why is he in the VIP room?

According to the explanation, the people who are seated here are all people in the upper-class circle of Fairmont City. Why is he seated here?

Immediately, Hunk developed a strong sense of jealousy.

If Leon can be squeezed out, then the remaining seat may be occupied by him.

Not to mention whether he can take an empty seat, but let just say that half an hour ago, the uncomfortable feeling of being pressed by Leon in the toilet, he did not want Leon to have a good time!

As soon as the eyes turned, the bad water in the stomach began to stir.

“Mr. Carter, this is the hall of elegance, why do you let a dog enter?”

Hunk cast a contemptuous glance at Leon, out of the corner of his eye. It was obvious that the implication was for Leon.

Alex finally waited for Hunk to say this, and he was very satisfied, so he waited for Hunk to initiate.

“Hunk, what do you mean by that? All of the people here are from the upper echelons of Fairmont City, so be careful what you say!”

Alex pretends to be unhappy, but in fact, one of them is a black police officer and the other is a white police officer.

“Mr. Carter, you are right. Almost all of you here are high-class people with background and status, but there is only one dog, which directly lowers the level of the VIP room.” What Hunk said was full of irony.

“Who is it? It’s impossible. There’s are no such person here inside the room. Don’t talk nonsense!” Alex is still pretending to be a good guy.

“That’s him! He doesn’t deserve to enter the VIP room, let alone sit with all the bosses!”

Hunk, with a look of indignation in front of the crowd, waved his arm and pointed it at Leon.

“Everything should be fair, and the upper echelons should still put facts and reason in their work. I can’t stand the sourness in my eyes. I can’t say that other people are unworthy of a young man just because of a word from you. You have to explain this carefully!” Alex said with an air of seriousness.

“Mr. Carter, of course I’m reasonable. You can see that the bosses who can take a seat are the core figures of various companies and their close relatives, and what is this boy? No money, no power, no identity, no background. Dogs like him shouldn’t be here. Even in an ordinary room, he’s not qualified enough. Even I feel embarrassed for him!”

Hunk spoke so sharply that he wished to dismiss Leon as worthless.

“That makes some sense.” Alex nodded and said, “But since, guy has already sat down, let’s accommodate each other. It’s not fun not to be friendly. Don’t let outsiders say we’re indifferent.”

Alex can really act.

“No, Mr. Carter! There is absolutely no way to do this. there are rules. The more upper-class people are, the more they should be disciplined. He is not from the same world as you at all, and the countrymen should go back to their own place and be throw out! ”

The play played by Hunk and Alex can actually be understood by discerning people.

But there are also people who have been deceived into thinking that Leon really shouldn't be here.

“Yes, Mr. Carter, it makes sense.”

“There must be rules for everything, and the inferior people don't deserve to come in!”

“To be fair, I have been somewhat fell downgraded!”

And Leon feel uncomfortable being ridiculed like this.

He understood that it was Hunk retaliation, singing along with Alex in order to humiliate him.

Earthly trial, doesn't mean that you can be bullied unconditionally, Leon must fight back!

But just as he was about to speak, CarloCarlo spoke for him.

“I brought Leon here. If you want to hurry, please send me away.” Carlo said coldly.

Sebastian also said, “I am the owner of Grand prince Hotel. I have a say in this matter. Friends are allowed to come to the VIP room. According to my observation, at the scene of the Chamber of Commerce, Mr.

Williams often takes Leon with him, which is enough to prove that the relationship between the two are unusual. This are completely in line with the regulations!”

Seeing Sebastian help out, Carlo’s anger with Sebastian has all gone away.

“That it is, the hotel owner didn’t say anything. What’s your hurry? don’t look at me. I’m talking about you!” Tommy looked coldly at Hunk.

When Hunk saw Mr. Danielle, with the Buddha’s palm tattooed on his face, his heart thumped.

Those with tattoos may not be annoying, but those with tattoos can definitely not be annoyed.

Hunk never expected that the bosses would stand up for Leon.

He thought that when Carlo was in another VIP room, no one would help Leon, but he was surprised.

“What’s going on? Are all the bosses so kind?”

Hunk thought to himself.

Although Alex was his main target, he doesn’t dare to offend the rest of the audience.

In order to hide his inner panic, Hunk took out the jade dress in the wooden box and planned to brag about it with his eloquence.

This can not only change the subject, but also please Alex, with the support of Alex, he can gain confidence.

But when he just picked it up, there was something wrong with the eyes of the people around him.

Alex's face, in particular, became gloomy in an instant.

Because at the bottom of the jade dress, there is a clear crack.

In the bathroom, Hunk specially opened the wooden box and found no damage, but he ignored the bottom.

Alex was quite upset and angry, and this Hunk unexpectedly took a defective product as a gift.

Not only that he has been mocked by his age, but giving a cracked jade dress as a gift, that's too unlucky!

At this time, Hunk also found the crack in the jade dress and immediately stumbled his back and trembled all over.

Under urgent circumstances, he pointed the finger at Leon.

"Mr. Carter! It's none of my business, it's him! It was this man named Leon who broke the jade dress. He is the culprit!"

Super Rich Man by Kiang Chapter 156

Chapter 156 Is to be returned.

Hunk was a mad dog. He caught Leon and bit him.

He avoided the critical points and blamed all the mistakes on Leon.

"Leon put up with it?"

“There’s no need to put up with it any longer!”

Immediately, Leon looked coldly at Hunk.

“A fake piece of jade will be broken when it was smashed. You are so eager that you can only blame me for all your mistakes!”

“Fake jade? Who said it was a fake jade? This is a serious ancient jade of the Ottonian Dynasty, the jade of the three grades of the court during the Romanization period, and the material is authentic Jade of Luck!”

Hunk was emotional and tried to retort.

It was embarrassing to take a broken jade dress as a gift, and now it was said to be a fake. Hunk merely wanted to kill Leon!

“In your dream! This jade dress is a modern handicraft made of Korean jade, but you dare to say that it is an ancient jade of the Ottonian Dynasty. What a shame!”

Leon stood up, “This is a Korean jade!”

“Korean jade is similar to Jade of Luck. This kind of jade is usually used in the market to impersonate Jade of Luck, which is easy to confuse the real with the fake.”

“Nonsense! Just because I didn’t buy the antiques from your store, you held a grudge and deliberately embarrassed me! The gift I gave to Mr. Carter was carefully selected by me. How could it be a fake? I spent 500,000 dollars, a full 500,000!”

Hunk stared angrily.

He remembered the conflict with Leon in the antique shop that day and thought that Leon was deliberately finding fault.

“The jade made by Korean shows the light of waxed paper after polishing, while Jade of Luck shows a sense of grease. The overall light texture and workmanship of this piece of jade is still far away, and it is only worth % 500!”

Leon tells the truth from the treasure point of view. “This piece of jade is a modern handicraft, not even fine imitation, And that it’s a little bit old means that the 500 dollar worth is really not an exaggeration.”

“Bullshit! This is personal revenge! Didn’t you buy the antiques in your shop? Don’t you have to throw a stone at me?” Hunk still didn’t believe it.

“This guy said that Leon fell to the bottom of the well, but he was so thick-skinned. Have you forgotten how to humiliate Leon just now?”

“What does this have to do with whether or not to patronize my antique shop? Do I need a customer like you? A fake is a fake, and a fake can’t be real. You have bad intentions when you take a fake item as a gift.”

Leon doesn’t care whether Hunk has been cheated or not. Anyway, he can’t be lenient to this guy.

“You! You’re talking nonsense! You just take a look at it and dare to say that this jade dress is a fake. What if it’s not fake?” Hunk was so angry that his face flushed, his heart beat faster and he was short of breath.

If this jade dress was really fake, it was not as simple as being cheated by 500,000 dollars. Moreover, the jade dress, which was regarded as a gift,

was not only cracked, but also a fake, which was particularly unlucky in Alex's eyes, and Hunk certainly arouse strong resentment from Alex.

For Leon, antiques are not available, and they would also know whether there are any. Some ordinary imitations can indeed be identified at a glance.

Hunk did not give up and showed the jade dress to Carlo, hoping that what Leon said was false.

However, after Carlo's appraisal, the jade dress was indeed a modern handicraft, and the valuation given was similar to that of Leon, which did not exceed a thousand dollars.

It was undoubtedly like a bolt from the sky, exploding at the top of Hunk's head.

It cost him 500,000 dollars for this jade dress, but it was only worth a few hundred dollars.

The key point was to make a fool of yourself in front of all the bigwigs, especially spoiled Alex's amusement, which was simply humiliating!

"Leonard! It's all because of you!"

"If you hadn't started it, no one would have suspected it was a fake!"

"You humiliated me, you made me lose Mr. Carter's trust!"

"You have ruined my great future!"

Hunk blamed all the accounts, all the hates, on Leon.

He gritted his teeth and growled in his heart.

“Are you angry? Do you want to kill me?” Leon asked Hunk with a sneer.

“Dog! You don’t deserve to be at the VIP table. You’re just a small owner of an antique shop, and you’re not even as good as Me!” Hunk finally couldn’t help yelling out.

“First of all, whether I am qualified or not, which is for you to decide, but I know clearly that you are not qualified to blame me anyway. Just a department manager is still a far cry from the management of Roche Pharmaceutical Co., Ltd., and I am at least the manager of five antique shops. If I don’t deserve it, you don’t deserve it more!”.

Leon does not need to show his cards or even mention any of Grand Prince Hotel, Diluc’s Enterprise, Michelin Real Estate, Grand Hyatt, or boiling, he just named five antique shops to suppress Hunk.

Although antique shops were not their own property, they were indeed managers, and antique shops were not grocery stores, and their value was really inestimable.

“No way! Do you manage five stores? Stop bragging!” Hunk doesn’t believe it.

Originally, it was Leon who gave him confidence and made him feel that Leon was at the bottom of the VIP box. When he heard that Leon was in charge of five stores, he was instantly out of balance.

“Leon is right. He is the manager of five antique shops in Fairmont. I can testify that he is not lying.” Carlo confirmed.

As soon as the conversation was over, everyone else in this room was also surprised.

Although the management of five stores still does not meet the requirements for VIP seats, if it is an antique shop in Williams Family, it will need to be carefully considered.

They all know, Carlo was not only a cultural celebrity in the province, a well-known scholar but also a senior expert in antique appreciation. His antique shop was famous and dumps other people's streets, so its value cannot be measured at will.

Moreover, Carlo handed over all five stores to this young man named Leon. What was the relationship between them?

At this moment, Hunk was very embarrassed.

He called bad luck, from the provincial capital to Fairmont City on business, looking for a mountain as a springboard, painstakingly won the favor of Alex.

He wanted to pick a man who has no power and position, but he found out that this person has a long history!

"Hunk, you should be the one who should go out! it should be you that is not qualified to step into the VIP box!" Leon sneered.

"I...I'm here to give Mr. Carter a gift!" Hunk's panic excused, his state of mind has exploded.

"Just stand at the door, the waiter will pick it up. Don't you understand the rule? All you want is to be a home-guarding dog, but unfortunately, you'll never get another chance!"

The last sentence of Leon's words was a hint, but most people in this room don't understand it.

He who humiliates his son was either dead or disabled!

Hunk denounced Leon as a dog, his dignity was insulted and trampled on,
“There will be a price to pay!”

“I’ll go! Leon, wait for me. I’m not done with you!”

Hunk swore out of the box, putting harsh words will also find Leon
revenge.

At this moment, Leon gave Gerald a gentle look, and Gerald knew what
to do.

Immediately, they saw Gerald leave under the pretext of going to the
bathroom.

Super Rich Man by Kiang Chapter 157

Chapter 157 Mr. Carter is very angry

As for how to deal with Hunk, it was a matter for Gerald. There was no
need for Leon to do it himself.

Since Gerald had tasted the tang of being chased and been bitten by
Caucasian dogs, he likes to share such “pleasures” with others.

Leon did not care about such trifles and leaved it to Gerald to do it. He
believed that today Gerald would know how to handle it.

At the banquet, all the tycoons returned to business as usual and adjusted
from the farce just now.

Alex had no Hunk to speak for him, and his face was cloudy and sunny.

He did not expect that Leon really had some small skills so that he could see the authenticity of Jade at a glance, and without much effort, he successfully counterattacked Hunk.

“Hunk, is almost hot, and he is twice as old as he is, but he can’t compete with a young man like Leon!”

Just now Alex and Hunk sang a tune but failed to throw Leon out, and the petty Alex, could not give up.

The food and drinks haven’t been served yet, which means that the banquet hasn’t officially started. Alex has other plans. He doesn’t pay any attention to Leon at all.

“Well, if we kick this kid Leon out now, it will be too cheap for him. He should be severely humiliated to allay my hatred, and then there will be the real play. If I do it myself, he will feel despair!”

“Oh, when the food is served, it is the beginning of my humiliation of Leon! Sebastian will not let me down!”

After some inner calculation, Alex quickly adjusted his mood and smiled kindly towards others.

And some of them might be deceived by Alex’s kind appearance, but half of them know that Alex had a knife in his smile.

The most famous person in Fairmont City will certainly not be a kind, old man. It is most appropriate to describe him as old and cunning, vicious and spicy.

Subsequently, gifts were sent to the ordinary box one after another.

Often hundreds of thousands, millions, gold, silver, jade, calligraphy, and painting.

Some people even spent a year's salary on gifts in order to make Mr. Carter happy.

It was obviously a chamber of commerce, but it had become a wedding banquet for Alex to have a son in his old age. Naturally, some people will be dissatisfied.

However, all mixed in this circle, unless Alex is completely brought down, otherwise the innocuous contest, simply cannot compete with the vicious and malicious Alex.

Alex backs alongside the provincial capital Family Carter unless someone stands up and dares to challenge the provincial capital, Family Carter.

At this time, someone in the VIP box also began to send gifts to Alex.

“I wish Mr. Carter a happy birth of a noble son and especially send a jade carving of jade in the blue sea of the Salian Dynasty!”

“Mr. Carter is radiant, old and strong, looking at the whole city, only Mr. Carter is worthy of this Incense burner in my hands!”

“Please see what's in this box of Mr. Carter. It's century-old ginseng from Evergreen Mountain. It's good medicine for nourishing.”

In the box, the people on the table sent gifts to Alex, one by one in a clockwise manner.

When Leon heard that “Evergreen Mountain has a hundred years old ginseng”, he laughed it off with a faint smile.

More than half of Evergreen Mountain has been contracted by Mr. Johnson, and cities like Fairmont can't buy it at all.

In order, it was Leon's turn to give Alex a gift.

Everyone, all turned their eyes to Leon.

However, Leon shook his head gently and said, "I don't have a gift."

Alex's face immediately darkened, he had expected it, but he couldn't help it.

Then someone blamed Leon.

"Young man, don't you know that Mr. Carter is happy to have a son?"

"It's so ignorant. You should have heard something through the grapevine before you came!"

"It's outrageous. You're hitting Mr. Carter in the face!"

"I've never seen such an ignorant junior like you, and you won't make a difference!"

Some people agree with them everywhere, but they have to be high and low according to their status.

Unlike Hunk and these people in the VIP box, the means are a little higher.

In the eyes them, it was a very clever means to make the rudder and flatter in the face of the wind.

Leon glanced at these people coldly.

He looked down on such people.

If you have money, you have to look like a rich man.

Even if there was a big backer of Family Carter behind Alex, you have to have a minimum dignity in the face of him.

He really despised such a gesture.

“I don’t need you to teach me how to act. Those who can enter the VIP box can also be in the top 20 in the business community of Fairmont City. Don’t you feel ashamed to be slaves like this?”

Leon’s words stung the nerves of these people.

One by one they flushed and some even bowed their heads.

However, even if these people are ashamed, they have not changed anything.

They have been kneeling for a long time when following the trend had become a habit, it was difficult to change.

When Alex saw this, his old eyes narrowed and the corners of his mouth rose, and he was very proud of himself.

“Leon, what are you fighting me with? Look at these tycoons. Even though they usually own luxury cars and beautiful women, they still succumb to me in the end!”

After being proud of himself, Alex put on a serious look at Leon and said “It’s okay, Leon. It’s all small things. I don’t care. It’s just a gift, don’t matter.”

As soon as this remark came out, some people immediately echoed, saying that Alex was generous and did not have the same knowledge as the younger generation.

Some people even say that Leon can't come up with a decent gift.

"Do you really care?" Leon asked with a sneer.

"Of course, on the whole table, only you didn't give gifts, it does not affect me."

Alex replied in this way but sneered to himself: "Oh, to be honest, it really doesn't affect me. After all, you are just a small potato, and it doesn't make me lose face, and you can't come up with such a valuable gift. If you occupy a place in the business community of Fairmont, then I have to think about it."

However, Alex didn't laugh for long.

Because when it was Sebastian's turn, Sebastian didn't come up with a gift.

"Mr. Carter has been busy with the Chamber of Commerce recently. The hotel is so busy that he forgot to prepare presents."

Sebastian found an excuse to prevaricate, after all, he was the obvious hotel owner, he cannot quarrel with Alex now.

Alex frowned in a moment.

Sebastian can be regarded as the person in charge of the reception, but he even forgot this thing. He hit him in the face too fast.

“Mr. Crow is a very busy man, just give me a gift and you can give it with your heart in mind.”

He laughed on the surface, but he was a little upset on the inside.

However, he understands that the Grand Prince Hotel was really busy these days, and it may be forgotten.

“I’m too busy. I’ll find time to make up.” Sebastian responded with a smile.

“I understand that Mr. Crow takes care of everything every day, and he is a person who does big business.”

Alex said in his mouth, but thought to himself, “There should be no other accidents next. In the future, there will be Mr. Dani and Daniel, who will make it into the top three in Fairmont City, but they all have to give a face to the old man. The old husband is the king of Fairmont City, and his hands and eyes are all in the sky. They will not be ignorant, that is, the boy Leon has eyes that do not know Tarzan!”

He was so confident that he was even imagining the expensive gifts from Mr. Dani and Daniel, thinking that they must be generous and valuable.

However, the next moment, Alex’s expression froze again!

Super Rich Man by Kiang Chapter 158

Chapter 158 You only deserve to eat chicken buttocks!

Both Mr. Dani and Daniel shook their heads and said they had no gifts. Sebastian was busy and understandable.

But what does Mr. Dani and Mr. Walker mean?

Alex muttered in his heart, and his face suddenly turned black! After losing face twice in a row, his state of mind began to collapse.

knows Mr. Dani and Daniel were both big shots in the circle, but these two did not prepare gifts for him, which was tantamount to giving him no face.

Moreover, what makes Alex even more surprised and confused was that Mr. Dani and Mr. Walker don't even bother to say the reason, and Sebastian at least gives it back.

Alex was black-faced and didn't want to have any eye contact with Mr. Dani and Daniel. There was a fire in his stomach.

By this time, he still did not realize what was the root cause of the abnormal behavior of Mr. Dani and Daniel.

Other outsiders, too, we're surprised that they had the impression that the three had no grudges, and even if they had any dissatisfaction, they were unlikely to lose face.

It was time to serve food, and dishes with all kinds of color, smell, and taste were brought to the table.

All the drinks and dishes at this banquet are of the highest standards in Fairmont City.

When attending the business meeting, Alex asked Sebastian to prepare a dish especially according to his request.

After the previous episode, Alex hurriedly adjusted his state of mind.

Although I still don't understand what Mr. Dani and Daniel mean, it's much easier to deal with the kid Leon.

Alex is relaxed. He was going to carry out the plan.

"Then, to all of you here!" Alex pointed to a dish on the table.

"This dish is a famous dish in Fairmont City. The name sounds festive and auspicious. According to our local customers, we need to share the food. The hotel chef has already divided it for us, a total of 20 dollars. I hope everyone can get a good price."

As soon as the words fell, someone immediately echoed.

"The crested head should be given to Mr. Carter."

"Yes, the crested head belongs to Mr. Carter. Also, the wings of the Phoenix should be given to Ms. Carter to spread his wings and soar academically."

"That Phoenix neck should be enjoyed by Mrs. Carter. It's called beauty jade neck. It's said in ancient books."

The Phoenix here was actually a chicken.

This was the local custom, the most important and auspicious position of the ingredients, which was enjoyed by the most prestigious people here.

Alex was satisfied to see that almost half of the people were fawning on him.

The same was true in the past, Alex was the protagonist of every chamber of commerce, over the years, it has not changed.

Even he believes that this pattern will not be changed now or in the future.

At this time, Carlo's face was not displeased.

Carlo was like a mirror in his heart, and he knows very well that these people who flatter Alex were all for profit.

These people can't curry favor with Carlo, and curry favor with Alex, can make them more convenient in this circle.

Just then, Alex pointed to the chicken ass on the plate: "The hotel chef is a little careless. Why did you put the chicken ass on it?" All of us here are dragons and phoenixes among people, so how can we eat chicken buttocks?"

"Other people around us are talking about it, too."

According to local rules, chicken buttocks were not allowed on the table, and tails were decorated with fruits and vegetables instead.

"Grand Prince five-star hotel, the chef will not understand this truth? It shouldn't be!"

Of course, the hotel chef understood, but Alex informed Sebastian in advance that the chef would not remove the chicken butt and bring it to his own use.

Soon, Alex's son-in-law, who had not interrupted much before, opened his mouth.

"Dad, this is not a chicken ass. Strictly speaking, this is called a chicken tail, and this is a good thing. Besides, with the addition of a chicken tail

of exactly 20 dollars, there are 20 people here. Each person has the right piece, and it is also a blessing to be able to get a chicken tail.”

Usually, Alex doesn't think highly of his son-in-law because his son-in-law was a useless thing in his eyes.

The son-in-law's family background was inferior to that of Family Carter, and he does not have the particularly outstanding ability, so it was a happy thing for him to have a son in his old age.

But one code into one, at this time the son-in-law jumped out, which was equivalent to the sudden arrival of a tenor in the opera, making the audience feel stunned and obedient to Alex's heart.

The winery in the business circle was the Vanity Fair, where everyone was seizing the opportunity to create benefits for himself.

“This is pleasing to the ear, and it is not too late, so let's share it.” Alex nodded with a smile.

“Dad, I suggest we divide it according to seniority, starting with Bryan, which is in line with our local custom of respecting the elderly.” Alex's son-in-law said.

“Well, let's divide it this way, but it doesn't matter who else should we give it to?” Alex frowned deliberately and looked troubled.

“According to seniority, Phoenix tail should be given to this one.” Alex's son-in-law pointed to Leon.

At that moment, everyone's eyes once again moved to Leon.

Some people nodded in agreement.

“You have a point. According to seniority, it should be given to this little brother.”

“I declare in advance that there is no discrimination. He is the youngest of us in terms of seniority.”

“In terms of age, it is not that she is youngest, but in terms of status, it is indeed insufficient.”

“We are not bullying people. This is our local custom. We always pay attention to the respect and inferiority of the old and the young, and this is a famous local dish. Let’s divide it according to what Family Carter’s son-in-law said.”

Hearing these people’s comments, there was a sneer in Leon’s heart.

Why so hypocritical, discrimination is discrimination, what reason to find, a group of sanctimonious things!

Leon thought it’s okay to pay attention to respect the young and the old, and he agreed with this etiquette in his heart.

It’s just that he knew that the chicken ass was specially arranged by Alex to humiliate him.

And these people who are eager to stand in line we’re a group of supporters of Alex.

Leon wanted to see what kind of face this Alex would look like.

“No, we can’t bully people like this. Peaceful citizens are simple and simple. What we do is not authentic.” Alex said hypocritically.

“It is precisely because of the simplicity of folkways that customs should be respected. Dad, if you think about it, is that the truth?”

Alex’s son-in-law also wanted to humiliate Leon, and his daughter was pulled out of her hair by Leon, and the hatred in her heart could not be hidden.

“This. I still don’t think it’s right. I’ll tell you what, Roy, you can make the decision.” Alex still looks embarrassed.

Roy was the name of Alex’s son-in-law. He left the bad guy to his son-in-law and left himself clean. He is really a sinister old fox.

“Alright, Dad, I’ll make the decision, and the Phoenix tail will be distributed to little brother.”

Alex’s son-in-law picked up the chicken butt with public chopsticks and put it into the Leon bowl.

“Little brother, this is a good thing. You must savor it carefully and eat it!”

Super Rich Man by Kiang Chapter 159

Chapter 159 Leon, you are not a man

Looking at the chicken ass in the bowl, Leon’s face was expressionless.

Everyone’s attention was shifted towards Leon. Although we know that “Phoenix tail” is an elegant name, it cannot change the nature of chicken buttocks.

Not to mention local cuisine, even home-cooked foods, I do not see anyone who has a soft spot for chicken buttocks.

“Come on, eat while it is still hot!” Roy smiled and hurried towards Leon and said

“Still eat chicken buttocks while it is hot? Eat your sister!”

This made it clear that he was being insulting.

At that very moment, May also added to the side: “the legendary Phoenix tail, which had a colorful and beautiful meaning. My father personally picked up this food for you. You should be honored.”

I was convinced.

What kind of logic is that?

“You feed me shit, and then I have to thank you?”

“Why is it an honor for your father to pick up food for me?” Why does your father feel superior to me?” Leon looked at May, coldly and questioned.

May looked unhappy and sneered back: “of course, it is much better than you, ten times better than you, even more than enough!”

In fact, May really cannot find an effective or strong reason to refute.

After all, Family Carter in Fairmont City does not have the financial resources to dominate one side, and there are only a few small-scale companies, so there is no Alex among the top three in terms of financial resources in the business community.

Alex’s prestige benefits from this relationship are in the provincial capital Family Carter.

May's father is a door-to-door son-in-law, not to mention, his usual job is to work as a driver for Alex.

"I'd like to hear how your father is more than enough compared to me." Leon did not panic but said methodically.

"It is better than you anyway! We at Family Carter are all elites, and he picks up food for you as an elder. If you do not eat this food, It will be disrespectful to him, and that is very disrespectful!" May is like a little tigress, swaggering and swaggering.

"And I have to thank you for feeding me chicken buttocks? Do Family Carter elites only bully others?" Leon asked rhetorically.

"May didn't have to talk nonsense to him. He sincerely gave him the Phoenix tail clip. On the contrary, he was so powerless to treat him. It really chilled my heart. "However, May's father looked extremely disappointed. At this point, Liam was shouting in his heart, "the dog, Family Carter was so hypocritical!"

"Do you really go as far as, Family Carter's so-called elites only bully others?" Liam stands up for Leon.

He had not spoken during the dinner before and was acting in a low profile according to Leon's instructions, but at this time he could not help it.

When May saw Liam standing up for Leon, a fire burst out. She clenched her teeth and said, "Why didn't you stop him on the golf course?" We have known each other for a long time, and we are much more familiar with him in the circle. Why do you want to help the people at the bottom?"

“Do you have the nerve to say it? If it had not been for your abusive words that caused hurt and humiliation to others, they wouldn’t have bothered to touch you!” Liam hit back.

Alex was a little confused when he saw Liam arguing with his granddaughter about Leon.

Why would Liam help Leon? Was it out of a sense of justice?

As soon as this thought flashed through Alex’s mind, he was interrupted, because Indra’s granddaughter Tabitha Williams, stood up to speak for Leon.

“May! I know exactly what virtue you are in school. It must be because you wanted to humiliate the other person that you pushed them in a hurry. Do not think that just because you are a Family Carter, you can be lawless. I, Tabitha Williams mostly dislike people who behave like you!”

Although Tabitha Williams does not like Leon very much and even hates him in some ways, she does not have a bad heart. When she saw that Leon was being forced to eat chicken buttocks, she really could not watch it without saying something.

Moreover, Leon is also the person that was raised by her grandfather. If she was insulted, it would be equal to Family Carter to not giving her grandfather face.

Concerning Tabitha Williams’s grievances, Alex is perfectly understandable. After all, Leon has a relatively close relationship with Indra.

Alex did not want to join the debate between the younger generation, in fact, he is still quite afraid of Indra and as a result, Indra did not move because he will not agree with Leon.

He is indeed an old fox, very insidious!

“Tabitha Williams, you wait for me, and when school starts, you will have good fruit to eat!” May threatened her: “I am going to let the juniors play with you. Are you afraid of ten of them at once?”

Of course, Tabitha Williams was not afraid of May. They did not like each other for a long time. That is why

when she got to the provincial capital, May almost got hot when she tried to bully her.

Leon saw that May’s words were getting worse and worse, and his ears were dirty.

He then said solemnly, “If May has anything to do with me, do not say these disrespectful words to the girls. You said that you were an elite in society But in my opinion, you are just a shrew. This is a contradiction between you and me. It had nothing to do with other people so do not attack others!”

At this time, Tabitha Williams’s heart warmed up and said, “Although Leon was very annoyed, he still had a conscience and is still looked down on by people from ordinary backgrounds. This banquet has been regarded as the object of ridicule several times, which is really pitiful.”

May, on the other hand, had a completely different point of view. She thought Leon was just talking about it.

“If you do not have hard power, you can only be a hero, and just have fun in your mouth for a moment and say everything you feel. You cannot even protect yourself, yet you still want to be a hero to save the United States!”

At this time, Alex naturally wanted to see more conflicts between his granddaughter and Leon, so that if Leon had any radical behavior, he could make a fuss.

Moreover, the arguments between the younger generation cannot affect him very much.

But the chicken butt still must be eaten by Leon!

Alex quietly gave her son-in-law a look and signaled him to step up his efforts.

“I do not want to talk about Leon in the past. Today is a Chamber of Commerce Banquet, and all of you here are respectable people. Do not spoil the atmosphere because of your own fault. Anyways, I am your elder, and you had no right to refuse to pick up food for this younger generation. Moreover, this is our local custom, and people who do not want to share delicious food should leave the room according to the rules!”

Alex’s son-in-law brought out the custom again. How can a chicken ass be called delicacy?!

Soon, the supporters of Family Carter echoed, saying that those who acted according to the rules and did not respect local customs should leave the room.

Alex and her son-in-law smiled at each other as if everything were in their control.

For Alex, if Leon would just eat the chicken buttocks, it would be better. If he does not eat it that could make a fuss. Whether he eats it or not, it is hard for Leon to leave.

This strategy, which seems light and small, is extremely insidious.

He believes that, with Leon's temper, he would certainly resist.

But just then, Leon unexpectedly picked up the chicken butt and ate it with chopsticks.

While eating, Leon nodded with satisfaction and said, "Yes, it is delicious, it is really the most delicious food in the world!"

Alex saw this scene and immediately became happy, and in his heart, he said: "No matter how arrogant this boy was, he had to be honest when he met me and allowed you to fight against my Family Carter. Now you know how important it is!" It is a dragon, It is a tiger, you have to lie down, not to mention you are just a bug! "

As for Tabitha Williams, she was disappointed with Leon's performance.

"Leon, you are really not a man! You are a coward! I was wrong about you!"

Super Rich Man by kiang Chapter 160

Chapter 160 You were so quick to eat

Not only was Tabitha Williams disappointed, but Indra shook his head and sighed.

“Leon, although a man can bend and stretch, he should also talk about what happened on a case-by-case basis. In fact, you did not have to be afraid of Family Carter, and I would have backed you up!”

At the thought of this, Indra suddenly blamed himself again.

“Maybe if I had just stood up earlier, Leon would not have become so weak!”

Not to mention Indra, even Liam, seemed very confused.

As I remembered, Mr. Millers, who was really a ruthless person.

He kept a low profile and did things in a high profile.

He had a calm temper, but he was also very tough.

But now, unexpectedly he was forced to eat the chicken ass, and he also praised the chicken ass for been unbelievably delicious!

Is he still, the ruthless son you know ?

Will God fall to the earth today ?

Leon was not disturbed by anyone.

He ignored Tabitha’s disappointment with him and did not answer Liam’s doubts.

But to savor that piece of chicken ass, he really thought it was delicious.

I saw a couple of Family Carter, who at that moment, was beaming and triumphant.

It was a pleasure for them to humiliate Leon.

“Tut-tut, this Phoenix head is really beautiful. Although there is little meat, the Phoenix crown is really big!”

Alex triumphantly picked up the chicken head and put it into his mouth.

“Grandpa, I have good wings, too.” May was also showing off.

But, at the next moment, Alex suddenly frowned.

His mouth smelled of shit.

The smell was so strong, that it went straight to his nose and choked him into a sudden attack of retching.

Whoa, whoa, whoa.

Alex was so sick to his stomach, that he could not help throwing up.

He even felt like he was still eating shit.

“Is this a chicken head with a unique flavor? Or has the Grand Prince Hotel changed its chef?”

Alex muttered to himself.

“Is Mr. Carter all right?”

Someone asked nearby.

Because everyone could see that Alex was not normal.

It seemed that they were not eating chicken heads, but rather eating shit.

“No, it is all right. What can I do? Don’t worry about it.” It is just a sore throat.

Alex grasped his mouth and hurried to find an explanation.

What you ate in your mouth was “Phoenix head”, which is the most favorable part of the local famous dish “Flying on the branches”.

Alex was so embarrassed and superstitious that it was impossible for him to spit out the chicken head that he had in his mouth.

Moreover, he was also worried that others would gossip.

Alex was still frowning and swallowing hard, when his granddaughter May, suddenly gave a loud cry and burst into tears.

One of May’s front was cut off by chicken wings.

When everyone saw this, they all looked astonished.

No way, eating chicken wings can even remove the front teeth! This is how hard it is to eat. Haven’t you ever eaten chicken wings before?!

Three other members of Alex’s family also had accidents.

Alex’s son-in-law had a bone spur in his drumstick, which gave him a bloody opening right in his mouth.

The others were fine, however, the Carter Family made a fuss one by one.

“How about this crested head? Isn’t it delicious?” Leon asked Alex with a sneer.

“What does it have to do with you, whether it is delicious or not?” Alex’s face was suddenly disgruntled.

“That is, for those of you, who only deserve to eat chicken buttocks. You will never be qualified to taste, the taste of a chicken head in your life!” Alex’s young wife added mockery to the side.

“I am not blessed to accept the taste of a crested head, so let your husband eat more and swallow all that in his mouth. There is not much meat on the crested head. Wouldn’t it be a pity to waste it?” Leon sneered.

“Do you need to remind me of that? Of course, I love my husband, but you only envy me!” Cara, who is Alex’s young wife, raised her face proudly and immediately said,

“Husband, if you eat the crested head, you will be the overlord of Fairmount City, and your prestige will remain the same. Eat the remaining pieces together.”

Alex’s face darkened when he heard this.

Stupid Woman!

I almost threw up, and you still want me to eat the other half!

Alex smelled of dung and finally swallowed what was in his mouth.

He was miserably pale and sick to his stomach until he swallowed it.

This is not eating “crested”, this is eating shit!

But at that moment, Cara pointed to the other half of the crested head.

“Honey, eat.”

“What to eat, All you can do is yell!”

Alex, finally could not help it. He did not take care of his own image and scolded himself.

Cara had no idea why Alex, was so angry and frustrated.

That is when the others looked and asked what was going on ?

Why is the family still angry when they eat chicken ?!

Leon smiled calmly when he saw that the Carter Family members were full of ugliness.

He looked at Sebastian, who then slightly nodded at him.

As the real behind-the-scenes boss of Grand Prince Hotel, how could Leon stumble on the dishes ?

Although Alex discussed the whole Leon saga, with Sebastian beforehand, Alex did not know that Sebastian only took orders from Leon.

The chicken butt was actually made of chicken breast, and the chef of the five-star hotel was absolutely capable of turning the fake into the real one.

The chicken wings, thanks to the chef’s skillful hands, have increased in their hardness, which made May’s teeth come off.

The bone spur in the chicken's leg had also been tampered with.

As for the so-called crested head that Alex ate more creative ways went into it.

The chef filled the chicken's brain with stinky tofu and canned herring, plus a certain dose of laxative, which broke out ten minutes later.

Leon has long expected that the Family Carter members were assigned to the "Phoenix head" and other important parts. After all, the Family Carter members are too arrogant and will certainly seize the Phoenix head along with its wings and so on.

At this point, Liam finally understood.

"Sure enough, Mr. Miller was superior and played around with the Family Carter members. Mr. Miller seemed to be the one who suffered the most, but I think it must not be the real chicken buttocks. On the contrary, it is the pieces of meat that the Family Carter members ate. I am still too young. "Idols are idols and are watertight!"

Alex looked ugly and disgusting.

But even so, Alex did not forget to humiliate Leon.

"Leon made a toast to your grandfathers!"

Alex pointed to Leon and ordered.

He does not care much about the setting now, after all, it just broke down.

He felt that he had enough prestige in Fairmont City that even if he humiliated a small potato-like Leon in public, others would be dared not say anything. They would even lick his face and applaud.

However, Leon dares to respect, do they dare to drink ?

Mr. Danielle, Daniel, Sebastian, and others, would lose their lives.

if they drank the wine from Leon,

“Alex, I will tell you two secrets later, all of which are related to you, and they are definitely hot secrets!” Leon stared at Alex coldly.

“Don’t change the subject, hurry up and propose a toast to your bosses, starting with Mr. Danielle!” Alex once again said in a commanding tone: “there are no rules. According to your status, you are an unwanted person in this box, not much higher than the status of a waiter. Get out if you do not make a toast!” For the Annual headline
