

Super Son-in-law Chapter 1031-1040

Chapter 1031

Bob looked at the two of them and felt that the aura of Finkin-Gate had been crushed by Lin Hao, and that if the situation continued to be stalemated, the one who would suffer would definitely be Finkin-Gate. Faced with a strong than the Orcs are terrifying experts, I am afraid that the Gaiter family is not willing to casually offend it

Bob stood in the middle, disregarding his injuries pulling at Finkin Gaiter, 'Mr. Lin, Finkin is still young, please don't be ordinary with him!'

Originally Bob had come as a peacemaker to settle the conflict, but when Finkin-Gate heard Bob's words, he felt offended again, what did he mean? To tell Lin Hao not to behave like him? The Oriental monkeys don't get along with him? If word of this got out of Toulouse, where would he lose face?

As soon as he pushed Bob away, he pointed at Lin Hao and said in a domineering manner, 'I am the first heir of the Gaiter family! How dare you, an Oriental monkey, defy me, just wait until you don't see the sun tomorrow!'

'The Gaither family?' Lin Hao sneered and asked rhetorically, Fenjin Gaiter was confused by Lin Hao Lin Hao's rhetorical question, this lowly oriental monkey even knew about the Gaiter family? Since he knew, then he must be afraid.

'Since you know about the Gaither family, you can now kneel down! And your men, they can kill themselves in thanks!' Finkin Gaiter said triumphantly, like he had found his confidence.

Only Lin Hao shrugged his shoulders, not feeling like the Gaither family was very powerful, and just as Lin Hao was about to retort behind him, Bolt and Dwarf Scorpion in the middle of the crowd pushed their way through the crowd and approached.

Dwarf Scorpion didn't want his plan to be completely shattered, especially Bolt, he really heard Finkin Gaither say that Bob was going to use Castle Golefant as a dowry for Jenny, this was a horrible accident, if the castle entered the Gaither family and Bob found the Gaither family as a backer, his own plot would not be broken, even if the 'X' organization Xie revealed it, he would really be killed, he absolutely will not allow such an outcome to exist

Not only him, but also Dwarf Scorpion did not agree. After all, Bolt had promised him two a euro, and if they entered the Gaither family, they could not snatch it back, and although the 'X' organization did not fear the Gaither family, they were not willing to make an enemy of such an emerging and powerful family

'Finkin.' Polter called out as he approached, before turning to Bob again, 'Oh Bob, you've hurt your hand, it won't leave a particularly big problem, my dear friend, I'm so worried about you.' Bolt's relationship was exaggerated, but very Western, and the look was so earnest that the dwarf scorpion looked at him with a pang of belly-aching disgust at the hypocrisy, and even said in his mind: intimacy between nobles, bullshit, no, not even shit

'It's fine, it's fine. Thank you for the connection, Bolt. It's good you're here, help me persuade Finkin, he's pissed off at the moment.' Bob's eyes lit up with surprise. He hadn't thought at all that this was the right time for Porter to show up, and he showed up at the perfect time to solve his headache of the moment, thanks so much

Bob didn't put Polter in with the betrayal and the danger at all, this was his best friend and at this time if someone told him that Polter was trying to get him killed, at the same time wouldn't believe it unless Polter actually shot him, ? The ground was closed and the sun was dyed ? Otherwise even if Bolt had a gun to his head, Bob wouldn't believe that Bolt would harm him

Chapter 1032

'Uncle Polter.' Finkin-Gate called out to Polter, his face becoming much lighter, his father had said that Polter was a very ambitious nobleman and that they must make friends with such a nobleman. From within his father's approval Finkin-Gate felt that Porter was a very powerful man, a hundred times more powerful than Bob a thousand times

Seeing the respect Finkin Gait had for himself, Polter was not much proud, for he knew that he would soon be a powerful nobleman like Gait.

'Finkin, this is a friend from the East and a guest of your Uncle Bob, and you should not look down on them. Noble etiquette does not make you despise anyone, even if the other person is a slave. What I mean by that, of course, is that you should not look down on this slave when he is invited by a nobleman. You know what I mean, if he was just a simple slave you would have been perfectly fine with him not seeing the sun tomorrow, but obviously he is now Bob's guest and you can loathe Orientals, after all there is no one who doesn't hate Orientals, Bob used to hate them too, only he has changed. So your show respect for him, even if it is to honor the etiquette of the nobility

' said Porter loudly, the rest of his eyes were even greedily looking at Lin Hao, standing aside the dwarf scorpion was disgusted with the nobleman at this moment to the extreme, he even felt that the hatred for the destruction of their Black Scorpion organization was worse than The hatred that Porter's words attracted was great

The fact is that the whole crowd of aristocrats applauded thunderously because of Bolt's remarks, and such applause stimulated his ears, his fangs, and at this moment, he wanted to eat all these people? Wu'er whisk er yi yi west love? , damn aristocrats

Bob's face was shameless all of a sudden, Bolt was a true aristocrat, he never said a word to the average commoner, and it was like he Bolt said, he used to hate oriental people himself, but then because Lin Hao saved Jenny, after he came in contact with Lin Hao, he became not frank about oriental people

Chen Shanshan and Mu Chen had been ostracized by this group of aristocrats, and originally Mu Chen thought it was a shock that he could eat with so many aristocrats inside a castle, but when every rich man walked past them with a disgusted expression, Mu Chen realized that racism, in this city, no, perhaps in these western countries, was especially horrible

He looked at Lin Hao, that handsome figure, standing in the middle of the crowd, directly crushing the young aristocrat of the most horrible status, crushing him to disgrace, while he still stood there powerfully and confidently. This made Mu Chen feel that Lin Hao was very powerful, after all, he wouldn't be able to do it himself, he was crushed by all these rich people

Not to mention him, Chen Shanshan was breathing heavily, these rich people in the West are completely different from the group of rich people in China, the rich people in China just rely on their own money, but definitely not such racial discrimination, what noble or not noble manners, in China is completely absent, and the peaceful rich people will be completely blended with the general public, but this current group of scene, let Chen Shanshan know, this group of people's bones, completely look down on the poor, look down on the East, they are like the new age civilization is not yet enlightened human, let people feel sick

But looking at the powerful Lin Hao, Chen Shanshan's heart was endlessly satisfied

Chen Shanshan and Mu Chen were incomparably angry after hearing Bolt's remarks, that he would belittle them so much and even more so trample on their lives! Such a person is simply worse than a beast, but they did not dare to go up and accuse him because they could feel his theory, which made all the nobles present cheer

Chapter 1033

Finkin-Gate's face slowly got better as he listened to Bolt's words, Bolt's words nudged him awake and made him glance at Bob's expression and found that Bob was blushing hard, it was either an expression brought on by his injury or an expression of disgrace, the same as his own just now

Finkin Gaiter some self-condemnation up, his own cultivation is already good, if put in other times, he will never go to despise any guest who can invite him to the banquet host, the reason why he has so much hostility to Lin Hao, all because of Golefant Castle, and Jenny

'Uncle Bob, it was my presumption that caused you to lose face, and I will apologize.' Finkin Gait instantly put away all his unhappy expression, the whole person relaxed state as if what happened before? The whole state of relaxation was as if nothing had happened before? All did not happen the same, which makes Chen Shanshan have to admire such a person, joy and anger invisible

He leaned forward slightly towards Bob's body, a look of incomparable seriousness to apologize, but the person he was apologizing to was only Bob. As for Lin Hao and Night One, he didn't take them to heart and wasn't prepared to apologize at all. The phrase 'do

you know who I am' was the anger in his heart, and if it wasn't for Bolt coming out to conciliate, he would have thought that his anger would have blinded these two Orientals to the sun of tomorrow... ..

Bob's face then looked a little better, the face of the nobility is extremely important

After Finkin-Gate left, Bob apologized to Lin Hao and Night One, 'Sorry Mr. Lin, I still have some things to do, I need to go entertain my guests, you two be my guest

Bob said without moving his voice and then left without moving his voice.

Lin Hao naturally felt Bob's concern, and likewise knew that the Gaiter family was probably a relatively large family in Toulouse, or in the southern city, otherwise how could it make such a persistent Bob become all intimidated, Bob was a persistent and obstinate man of principle, and at the same time must have been a kind rich man, otherwise how could he have raised such a kind person as Jenny

'Boss, I'm afraid this Finkin-Gate won't stop there

said Night One in a whisper by Lin Hao's side, his eyes kept staring at the background of the proud and incomparable Finkin-Gate in the distance, like this kind of arrogant rich second generation, Night One had seen many of them, but they all ended badly, very badly

'These are all small shrimp characters, what does the Black Dragon side say?' Lin Hao inquired, what he wanted most now was to know where the headquarters of 'X' organization was, then he could go and exterminate the other side, what he really wanted to do when he came to Western Europe he always kept in mind, but Jenny he had a reason to have to save

He had a lot of conversations with Bob today about the Cyborg, and Bob told him that the existence of the Cyborg was connected to the Church, and that to be connected to the Church you had to be a top tycoon

And while the requirements to become a top tycoon are simple - after all, anyone with money and a lot of money is a tycoon - to be recognized by the top tycoon league, one needs something symbolic to represent him, like Castle Gorfint. Bob said the love and hate of Golefant Castle, but still feel, Bob said Golefant when the extreme pride, and also said implicitly, if they are not too obsessed with work ethics, I am afraid that will also become a family like Gait super big family

Super Son-in-law Chapter 1034-1036

Chapter 1034

Bob told him that it was only the top rich league members who had access to the church level

This is the biggest reason why Lin Hao really accepted the Golefant, he had money but it was hard for him to reach the church, although he could storm the church with brute force, he felt that this would, I'm afraid, backfire, so he was going to reach the church first and peacefully, then see how the church felt about him and if they could talk to him properly about biochemical technology, if not, he could only use a tough attitude to grab it by force, which was the next best thing

'Black Dragon said he is doing his best to find the headquarters of 'X', but he said it will take some time.' Night One replied in a deep voice.

Lin Hao nodded, not a trace of displeasure about Black Dragon not finding the other party's headquarters, Black Dragon was originally concealing his identity in Western Europe to come over as an undercover agent, if he did anything out of the

ordinary I'm afraid his identity would be uncovered, and since Black Dragon was one of Jun Wu Ren's men, he didn't have an absolute need to expose his identity for a little personal matter of his own

'It seems that we still need to make our own move.' Lin Hao said, while his gaze was stern as he inquired, 'Have you found some sneaky people inside the banquet?'

Night One immediately looked grave, his eyes turned around inside everyone present and said to Lin Hao, 'Boss, that rich man who just came forward to speak, there is one beside him that gives me a very dangerous feeling, more dangerous than Twitter that

Not that Night One lost his self-confidence, but after facing the terrifying explosive power of Twitter that, Night One really felt that he could not deal with him

Lin Hao looked towards Pote's distant back and said in a low voice, 'That man beside him gives me a feeling close to the smell of a Black Scorpion member, I think he must be a remaining member of the Black Scorpion organization, your vigilance is good.' At the end of the sentence, Lin Hao was quite complimentary of Night One, with the current strength of Night One, being able to detect such a crisis shows that his hard strength is terrifying, it's just a pity that the world is slowly changing in his eyes and in the eyes of my Jun Wu Ren group

Seeing his boss look at him approvingly, the worry in Night One's heart eliminated a large part of it, from the time Lin Hao dealt with Cang, and later solved the Black Scorpion and moved to the East, he felt he was of little use, now it seems he is still of some use to his boss, so many days of anxiety, finally is much less

'You keep an eye on him, but don't follow too closely.' Lin Hao instructed to the night one, instructed him not to keep an eye on too tight is afraid that the night one by the black scorpion's organization members after the discovery, and then he was killed

back, after all, this person is very strong, I'm afraid that is not pushing that such a half-baked biochemical? The actual fact is that you will be able to get a lot more than just a few of the most popular and most popular of the best. People

'Good.' Night one nodded in response, then disappeared inside Lin Hao's vision, Lin Hao could feel a lot of sneaky people around, but the strength of this group of people was too weak compared to this Black Scorpion member, I don't know how many points weaker, so Lin Hao didn't put it in his eyes, and all he had to do was to see what kind of conspiracy that Bob's buddy had

Lin Hao has a grudge against the Black Scorpion members, Bob can also say that he has a grudge against them, after all, Jenny was taken by them, and this man, as Bob's best friend, is following him, saying that there is no conspiracy, he does not believe it

Chapter 1035

The castle's piazza was lit up, bonfires were scattered, handsome men and women were countless, and the sound of cheering and screaming filled every one's ears. s ears, everyone was so happy that their blood was boiling, after all, having a bonfire in a castle like this inevitably gives a sense of participation back in history, an old castle from the fifteenth or sixteenth century, the aristocrats of that era were cheering as much as they were, and some of those who loved history were even more excited by this, picking up one champagne, shaking it wildly then spraying it, the aristocrats who were drenched in champagne The rich and famous didn't get angry, but partied with him

The scorpion was staring at Bob with greed in his eyes, knowing him, he wouldn't have to worry about money for the rest of his life, although he wasn't short of money now, he was still tickled by the prospect of 100 or 200 million euros, so his eyes kept signalling to Bolt to let him get to the point

The same dwarf scorpion also did not go to what is the main purpose of his arrival here, after entering the Golefant castle, has felt that biochemical, so the heart is very anxious, has been urging Polter shouted Bob to look to visit that biochemical, only because of the conflict between Lin Hao and Finkin-Gate two people, resulting in some delay.

Finkin Gatt was explaining to Jenny what had happened to him. After being lectured by Jenny, Finkin Gatt, who was already angry with Lin Hao, was so angry that he wanted to fight Lin Hao in a fencing duel right now!

He was a member of the Royal Fencing Team, not through the back door because of his noble status, but a real member of the fencing team, and had achieved great results in the Western European Fencing Championships. When there is no danger to him in the sport, he can participate in the tournament without any worries, but when there is danger to the sport, his family will not allow him to participate anymore, because accidents and man-made accidents are invisible accidents, and he is the first heir of the Gaiter family, and the family will not allow any accidents to happen!

‘Jenny, he’s just an Oriental, and Uncle Bob would never like an Oriental!’ Finkin Gaither whispered, with a low growl inside his voice, which was his anger.

‘Finkin! You are a gentleman, why do you care so much about each other’s race, and! The Chinese are thousands of years old, he is older, more orthodox, more proud than our race! But they’re not as proud as some aristocrats, no matter what era they’re from! Papa will never hate Lin Hao!’ Jenny drank in anger for once in a rare while, she was really angry, as a hairdresser Finkin Gatt had actually been brainwashed by the so-called noble learning and turned into a pure conceited aristocrat, the kind of aristocrat who was full of I am a noble, you are not like me, you are inferior, she disliked such people very much, she had thought that Finkin was different from them, but now it seemed that Finkin was in deeper than them

‘Jenny!’ Finkin’s face was incomparably ugly, all but grimacing, he had always thought of Jenny as a white diamond, so dazzling, so clean, but now why was there such a large stain in the very centre ?

‘You’ve changed, you’ve been drugged by that Oriental, and I’m going to fight him! I’ll get you back!’ Finkin roared, startling the surrounding ladies and gentry, this was Finkin Gaither, the man they had always wanted to make friends with, and now his own fiancée was rebuking him in public, this was too much of a disgrace to the nobility, wasn’t it? And speaking for another man too

‘Duel! A duel!’ They raised their arms and cheered, stirring Finkin Gat’s blood.

Jenny glanced at Finkin and realised that Finkin-Gate was now completely out of his mind, and knowing that she was in no position to persuade him, she shook her head and said helplessly, ‘You can’t beat him.’

This one sentence at once directly irritated Finkin Gatt, what men fear most about being told that they can’t! All men in the world are afraid of that, especially when the woman they like says he can’t, it’s no longer a matter of winning or losing, it’s a matter of saving face!

‘I’ll show you if I can or can’t! Damned Oriental!’ Finkin roared, furious and furious, like a beast about to be released from its cage.

He peeled through the crowd and just started looking for Lin Hao straight away.

Jenny was shocked by Finkin's state, she knew how powerful Lin Hao was, she also knew that Finkin was a member of the Royal Fencing Team, but in the face of such a terrifying Lin Hao, Finkin was afraid that he would not even be able to fight back.

She grabbed Finkin and then shouted persuasively, she didn't want to see Finkin hurt, she didn't want anyone around her to be hurt, 'Finkin, don't go, okay? You really can't beat him, he's very, very, very good, so many people are no match for him, you're just asking for trouble if you go up there to challenge him Brother Lin is a good man, a very, very good man, he won't remember your presumption if you don't go after him... ..'

'Me!' Finkin Gatt clenched his hands and squeezed them purple, what was Jenny talking about? Besides that orientalist could still find self? Close er zero land land love woody? Trouble with himself? Who was he? He was the top rich kid in Toulouse, who dared to shout in front of him?

'Jenny, I will show you with my strength what it means to be a real man! And I will also show you that my fencing skills are not something that can be defeated by any orientalist, huh? Besides, can oriental Chinese fencing skills? Oriental monkeys? Ridiculous!'

'Finkin' Gator!' Jenny shouted, it was only when she was angry that she shouted Finkin Gatt's full name.

Yet the louder Jenny shouted, the more Finkin-Gate's anger blazed right through her heart, 'Where is Lin Hao! Come out here, I'll fight you!'

Lin Hao was on his way to Bob, and after hearing such a cry, shook his head and didn't take it to heart.

Chen Shanshan and Mu Chen saw Lin Hao's voice and shadow from a distance, naturally the others saw it too, Chen Shanshan was very worried, this was in Western Europe, and she didn't know the measurement of the relationship between Tobong 'X' and Bob, only that Bob was somewhat afraid of Tobong, the rich and powerful present had far less respect for Bob than they did for Finkin Gatt, and most of the respect for Bob came from the fact that Bob was the original owner of the castle, and also from the fact that it was him who held the banquet, so everyone respected him, but for Finkin Gatt, they respected and revered him from the bottom of their hearts

The first time he felt that there was a time when Lin Hao was afraid. Lin Hao gave him the feeling that he was a king descending from the sky, invincible in the world, this is what he thought before, now seeing his avoidance of Finkin-Gate, Mu Chen felt straight away that there was no such thing as invincible in this world, just that he had not met anyone more powerful than him

The powerful here refers to a strong background, he did not think that Finkin-Gate's boxing and kicking strength was as strong as Finkin-Gate's. Gator's boxing and kicking strength to beat Lin Hao

Chen Shanshan, holding a glass of Goerfent Estate 1782 wine, shook it and was about to take a sip when Mu Chen shouted, 'Shanshan, look Finkin-Gate is going after him! It doesn't look like he's going to give up!'

Chen Shanshan put the tall glass on the table and chased after him. Mu Chen took Chen Shanshan's anxious look in his eyes and thought to himself that Chen Shanshan had

also sensed the power of Finkin-Gate, he thought for a moment and also followed him, at this time they, as the underprivileged in the East, should first report for warmth

Chen Shanshan caught up with Lin Hao, his mouth was shivering, but when he saw the sound shadow of Finkin-Gate catching up, he gritted his teeth and spoke, 'Brother Lin, you should leave quickly. I'm afraid that powerful rich kid is going to take a shot at you...'

Mu Chen echoed, 'Mr. Lin, this is in the West and in the face of so many wealthy businessmen local family forces, I don't think it's a shame to avoid them appropriately.' Mu Chen was speaking euphemistically and was also persuading Lin Hao

'It's fine, don't worry.' Lin Hao said with a smile, the strength of Fen Jin Gaiter, he didn't put it on his mind at all, inside his perception, the only one who could threaten him in the slightest was that remaining part of the Black Scorpion Organization, a little rich kid could shake him by a hair? Then is his status as a world-renowned prince not a joke? I'm afraid that Cang and his ancestor would have to come out from the Yellow Springs Road to spill Meng Po soup and have a theory with him

'No, Mr. Lin. This is not the time to be brave!' Mu Chen said with a frown, thinking to himself that this Lin Hao is really conceited, to be so brazen on someone else's turf?

Super Son-in-law Chapter 1037-1038

Chapter 1037

Can't you see that this group of Westerners are looking at us intently? They don't see us as equal human beings in their eyes

This makes Mu Chen very uncomfortable in his heart, but he can't refute it because it's something within their perception. Of course, he knew that with the strength of China now, there would never be a return to the kind of

thing that 10,000 people could storm the imperial capital more than a hundred years ago, only they did it then and have been proud of it

‘Showing off?’ Lin Hao lowered his head and lost his smile, then he raised his head and looked carefully at Mu Chen’s expression, and found that there seemed to be an instinctive timidity inside his eyes towards Fen Jin Gait, which made Lin Hao frown, it was fine for foreigners to talk about it, but there were really Chinese people who took it seriously and thought they were weak? China has been around for 5,000 years, but it’s been weak for a few decades? And then the bones go soft? This is too unbelievable

Chen Shanshan also echoed, ‘Brother Lin, why don’t you just find a place first and talk to your sister-in-law?’

Originally, barring Mu Chen’s goading, Lin Hao felt indifferent, but upon seeing Chen Shanshan also goading, he sensed the seriousness of the matter. Mu Chen and his relationship how to say, the duo’s intercourse is in their own wives, but? Shan Lu served dyed zero love to pick up Lu? Then he left, Lin Hao pretty much forgot about him, the relationship, very shallow. As for Chen Shanshan, Lin Hao’s own heart is now divided very clearly, with her relationship is to the end, but when he sees Chen Shanshan because of something unnecessary and timid, and suffer, he will still choose to strike

Lin Hao did not say anything this time, because Finkin-Gate had arrived to him for a long time, while Chen Shanshan’s words with Mu Chen he already knew a rough idea through the translator.

Fen Jin Gaiat sneered and said, ‘If you kneel before me and beg for mercy, I might strike a little lighter later!’ With his proud head, he looked down on Lin Hao and the three of them, with the feeling of a king at his feet, as if he was the king of Lin Hao and the three of them.

After hearing this, Mu Chen was first a little angry, but then he was covered in worry, was it really going to be a duel? The duel would definitely end with Lin Hao winning, but what about after winning against Finkin-Gate? And with Uncle Bob, the peacemaker, gone, who would be there to put out the fire when Finkin Gatt vents his anger? Jenny? Obviously not! Finkin-Gate is now so angry to seek a duel with Lin Hao, because Jenny's words have stimulated him, if Jenny further persuades, I am afraid the situation will be even more uncontrollable

'Mr. Lin, you have to be clear, do you really have to go this far? If Finkin-Gate is really offended by you by then, you may really not be able to stay in F Of course you may not care, but what about the people around you?' After Mu Chen finished looking at Chen Shanshan, seeing an anxious looking Chen Shanshan, Mu Chen originally felt a bit vain for talking about Chen Shanshan as someone he was as scared of, but this was a lot better. After all, Lin Hao had come to F because of Jenny's matter, and he might have to go back to his country after solving it, but the two of them really didn't want to go back to their country, and if they wanted to go back to their country why would they stay in the country of F? It wasn't that he didn't feel the quality of the nationals of country F. They took the humiliation given to them by their neighbours and turned it on the Easterners, the Chinese, as a way of comforting their own humiliation, and their sadness made people feel pitiful, but that was a different matter

'Perhaps my contempt for the Gaiter family is not something you take to heart.' Lin Hao replied indifferently, he had somewhat despised the Gaiter family before, but now it seems as if people don't care much

Chapter 1038

Looking towards Chen Shanshan, he could sort of see Mu Chen's timidity, but Lin Hao could also understand it, but for his worry, Lin Hao didn't think it was actually necessary. 'But I'm already uncomfortable in my heart when he repeatedly denigrates Chinese people. Although I'm not Jun Wu Ren, who might have crushed this man's head at his

first sentence, I'll try to make him never die after he's said it a few times!' Lin Hao said in a domineering manner, that was his character

Jun Wuhuo's honor for his country was much higher than his because that was Jun Wuhuo's belief. Lin ? Italian Zhaoyi Lu Pao Zhaoyu ? As for Hao, although he didn't put it on that level of faith, he would never casually let a person humiliate his country. It is not that Lin Hao is not patriotic, everyone is patriotic, in their own way. Some of them were already deep in their bones, because they were the first barrier of protection for the country, such as Jun Wu Ren and these people, they would be the first to stand up for the country in times of trouble, they were a group of people called iron-blooded soldiers! And Lin Hao belongs to the second group of people, that is, when Jun Wu Regret's group of people can't carry on, Lin Hao will directly step forward, or Jun Wu Regret called him to step forward together. How can I put it, Lin Hao and Jun Wu Regret are two different kinds of people and have different ways of dealing with things.

It's like when in Eastern Japan, Lin Hao crushed the Eastern Japan Ninja Alliance at that time and didn't have any more thoughts after killing Zu, but Jun Wu Regret was remembering centuries of grudges and grudges and directly wiped out all of them Saint Shinobi God Shinobi

'Arrogant! But what arrogance! And ridiculous!' After hearing Lin Hao's overbearing words, Finkin-Gate chided without anger.

'Mr. Bob, it's not good!' Jelson had already finished collecting his gun and heard the impending duel between Lin Hao and Finkin-Gate, he was so frightened that he came rolling to Bob's study and when he saw Bob, he just shouted.

‘What’s the matter what’s the matter, what’s happened again.’ Bob frowned, his brow kept jumping and he was apprehensive, so when he heard Jelson shouting, his heart thumped and he asked straight away on reflex.

‘Mr. Lin is going to duel with Mr. Finkin!’ Jelson hastily replied, with a worried face, not knowing who he was worried about

‘What! Quickly, quickly, take me there, we must not let the two of them duel, once the duel starts, I’m afraid Finkin will have to be very seriously injured! Mr. Lin’s strength is extremely terrifying, and if he hurts Finkin, old Gat will certainly be very angry, and then Mr. Lin can hardly act in Toulouse, and this will certainly not be the picture Jenny wants to see’ Bob got up and hurried downstairs, and Bolt looked at Bob’s back and looked helplessly at the dwarf scorpion.

He had already called out to Bob to see that biochemical left behind by Bob’s family ancestors, and Bob had agreed to it, but what, that damned Oriental had screwed up again, and he spread his hands, ‘Mr. Shorty Scorpion, I hope you’ll save a breath for me when you step in to settle that damned lowly Oriental when the time comes. I can’t control my anger at all right now’

The dwarf scorpion gripped the corner of the table, pinching a corner of the ancient wood-built round table as Porter watched and swallowed, clearly terrified to the core. A man’s wrist strength could not be controlled to such an extent? The Bob family’s ancient wood table was very hard, of course, not Bob’s family’s, but his own. The thought that it was all his own caused Polter some heartache, but he didn’t dare to stop the dwarf scorpion from stopping, after all, he didn’t think his skull was harder than this hard wood

Super Son-in-law Chapter 1039-1040

‘Mr. Lim Mr. Lim, please don’t duel with Finkin Gat yet. He’s still a kid after all.’ Bob rushed over and was directly relieved when he saw that Lin Hao and Finkin Gatt had not yet fought This would really be the end if they fought, although Lin Hao was very powerful and had an equally impressive background as seen from that wedding of his, but Finkin Gatt’s background was not bad either, and the ancient East had There is a saying in the old East: A strong dragon cannot suppress a snake on the ground. Only there is another idiom in the old East, and that is a fierce dragon over a river! This is what Bob doesn’t know

Today’s Lin Hao is the fierce dragon crossing the river! A dragon is a dragon, a snake will always be a snake

Lin Hao looked at Bob, not waiting for the already furious Finkin-Gate to speak, Lin Hao just said in a steady voice throwing his voice to the ground, ‘Mr. Bob. I’m not sure how old a child is that you call a child, but on our side, when he turns eighteen, he’s not a child! He’s responsible for what he says! And, Mr Bob, your prejudice against my Chinese people, I feel I need to explain to you today with my fists

Night One was also on his way, and while he was keeping an eye on the Dwarf Scorpion from afar, he spotted many minions, some of which he was able to take care of by hand. The first one is also a strong person, and very strong, but compared to Lin Hao and Jun Wu Regret is very weak, of course not to belittle Night One, even if the whole of China combined, only Jun Wu Regret is able to arm wrestle with Lin Hao, even Jun Wu Regret is not a match for Lin Hao in his Extreme Dao state, of course, Lin Hao in his normal state, some are not Jun Wu? The actual fact is that you can find a lot of people who are not able to get a good deal on this. Regret’s opponent

He saw that his big brother finally could not resist making a move, his heart was incomparably happy, and after listening to Lin Hao’s words, the blood in his body boiled. From the beginning, from Lauren’s mouth of Oriental people Oriental people, to the later

people like Ghost Nine, and then to Jelson, this group of F people despised Chinese people from top to bottom, which made Night One very unhappy. But now it could be over!

‘Er’ Bob was a bit dumbfounded, what Lin Hao said was actually in line with their country’s laws, in the West individual heroism is revered, doesn’t the fact that children leave home early mean that they are responsible for their own actions? Only in the West the children of rich families are not the same as the poor, capitalists and not capitalists are two classes in themselves, this class division is very prominent in the West, this is not felt in China, their class superiority is very heavy and heavy, not like the rich people in China, they also just feel they are rich

‘But Mr. Lin Hao, the Gaiter family is very powerful in Toulouse’ Bob said softly and helplessly, he could feel out that at this moment Lin Hao was just as overbearing and peerless as he was in the eighth ruin, no longer approachable, but sharp. This suddenly reminded him of what many of his friends who had been to the ancient East had told him, that the Chinese people were introverted, that is, they did not get angry easily, but once they did, they would no longer talk to you peacefully, and conflicts were not easily resolved

‘Hehe’ Lin Hao sneered, it was the Gates family again.

Finkin Gaiter was a little annoyed when he saw Bob, and even more so when he heard Bob’s words, the man was always like that, but when he heard Lin Hao’s words, he smiled, thinking that all the stumbling blocks outside the duel were finally gone. Before, he was worried that the duel with Lin Hao would outsiders should stop, but now it seems that it will not

‘Mr. Lin. I don’t know if you know what fencing is, but we don’t have protective gear now, all wait if you accidentally get stabbed by my sword, I don’t know if you will

blame me‘ Finkin-Gate said smugly, fencing, ah, there are not many people in the whole F country that can match him, he naturally needn’t care about an Oriental. And the weather was beautiful, not in the fencing training ground, but outside in the open air, so that there was no protective gear, and if he stabbed him, he could only blame himself for being too conceited

‘That’s just what I want.’ Lin Hao sneered, but his heart was full of ridicule, a little westerner talking to him about fencing? The art of sword fighting? Ridiculous, a gentleman’s sword that can still hurt people? Perhaps he was just being arrogant. In the eyes of the ancient Orientals, all weapons are not fancy fists and legs, they are all lethal weapons, they are all capable of delivering a fatal blow, they are all danger incarnate

‘Finkin Gat, if you feel you can’t do it later, you should admit defeat as soon as possible, Mr. Lin is not a narrow-minded person either, he is an atmospheric Oriental.’ Looking at Finkin-Gate duel intention is very strong, Bob is not good keep persuading, just he always don’t want Finkin-Gate to be hurt here

This sentence is Bob’s kind reminder, but Finkin-Gate but feel is Bob look down on him, which makes his already some dislike Bob’s heart, more some disgust, if not see him is Jenny’s father, I’m afraid already with noble preaching to say him, fear of the East of the Western aristocracy, simply the scum of the aristocratic world!

Chapter 1040

The other nobles had long been upset at Bob’s constant licking of Lin Hao’s heart, and now seeing how uncomfortable Finkin-Gate also looked, some of the lesser nobles who wanted to reach out to Finkin-Gate all got excited and stood up and shouted, ‘Bob, do you know what you’re doing? He’s just an Oriental I? You know what you’re doing? You hated this race as much as we did before, you thought they were lowly and vile, and now you’re talking to him? Bob, are you burned out from your injuries.’

‘Bob! You make us feel very disappointed, he’s just an Oriental, have you forgotten how many people it took for our country to open their gates a hundred years ago? How dare you say he’s good, Bob, are you really out of your mind?’

Bob woke up with a start and realised that he had committed a public outrage. He blamed himself for being so worried about whether Finkin-Gate would be hurt that he had forgotten that this group of people belonged to that class of people.

Lin Hao looked at Bob, who was unpleasant at both ends, and suddenly thought that this was also a lovely person, and then looked at Jenny, thinking of Jenny’s kindness, and suddenly thought that it was genetic

The two children that he and Shen Xiyan had made, when they were born, would they be as handsome and domineering as he was, or as beautiful as Xiyan was. But suddenly Lin Hao was gloomy and sad, Shen Xiyan’s body had a great problem, which is the real purpose of Lin Hao’s trip, but now it is being blocked by the Jenny incident, although there is a push, but the effect is not obvious

Of course this is what Lin Hao thought in his heart, he did not know that his access to the church was within his own Golephant castle.

‘Bob your worries always feel superfluous, you might as well keep your mouth shut.’ Finkin-Gate’s tone was no longer respectful, but rather like he was reprimanding one of his men.

Bob's face was incomparably embarrassed for a moment and he wanted to find a crack in the ground, but it was a good thing that Jenny came up at this time, elegant, subtle, with a blue dress that complemented the million stars in her eyes, beautiful for a moment, and she took Bob's arm, 'Dad, don't be hard on yourself.' Said to look at Finkin Gator, 'Finkin, you are too let me down' said not to speak, at this moment in her heart is not comfortable, a small temper up, at the same time is worried about Bob's body, after all, she herself and Bob have injuries in the body

The first thing you need to do is to get a good idea of what you're doing.

Above the bay window, Dwarf Scorpion looked at a worried Bolt. 'You bloody aristocrats, you really don't want anything for a bit of face.'

Bolt really wanted to go up to him and shout at this Finkin-Gate for not having a brain, for fighting over a woman for so long, a heir to a great family, and this is his heart? Of course Polter only dared to complain in his heart, even if he got the Bob family fortune, he still didn't dare to speak out against the Gaither family

'Looks like we'll have to find Bob later, then just strong-arm Bob and get him to take us to see that biochemical thing, then kill them before just a pity about that little beauty' said Polter greedily, turning his head to look at Dwarf Scorpion when he found his face full of disgust, Polter didn't have any change in expression, but said with a greedy smile, 'Naturally there is also the contract for the transfer of the castle to be signed first, and I can also give you enough euros' The two of them had agreed to pay in installments.

The dwarf scorpion pooh-pooed, 'What a bunch of scum!' How disgusting it must be to have someone who can make a mongrel call them scum.

Inside the western castle, there was no shortage of ancient swords, and Finkin Gaet sent someone to fetch two of them.

He looked at Lin Hao's comical look as he weighed the swords, and couldn't help but mockingly say again, 'Sir, I will show you what real fencing is called, of course we don't have protective gear, so if I am about to hit you in the vital part then, please dodge quickly, of course if you can't dodge, you can't blame me, after all, there is no protective gear

Lin Hao sneered, 'In the same words, over to you.' This arrogant little nobleman, if not when he said such a phrase, Lin Hao felt a little embarrassed to lay a heavy hand later, but he said so in front of so many people, but it saved Lin Hao a few words
