

Super Son-in-law Chapter 1241-1250

Chapter 1241

Night fell in the sky above the banks of the Garonne River, the moon in the sky scarlet incomparable, reflected in the water as if devouring the earth's horrible demons.

The crystal chamber under the water slowly opened, a terrifying black swimming fish with great speed shot out, he swam madly toward the red moon reflection.

Finally, he swam to the side of the moon.

In the air, Bigel was oblivious to this sight, sitting quietly in mid-air, with his eyes closed to repair his mind. It was as if he didn't see Mohammad Kartou.

‘King.’ Mohammad Qatou turned into a person, shook off the water stains on his body, kneeled on one knee on the water surface, and saluted the red moon.

‘You are finally going to become an advanced biochemist.’ The red moon opened its mouth and said with relief.

‘It’s all because of the king’s good teaching.’ Mohammad Kato said with immense respect.

The moon above the cover er er west Italian service west cover ripples ripples, every word, it is necessary to ripple, but the moon is still the scarlet moon above the sky, and there is no person with the creature exists, as if the water is talking.

‘You will advance to senior biochemist one hour after the opening of Lin Hao banquet in two days, remember it must be at this time. After the promotion, you cannot vanish.’ Water then said.

Mohammad Kato heard that he could not disappear, his brow wrinkled, unconsciously asked rhetorically, ‘Why?’

‘Listen to the king’s teachings.’ Mohammad Qatou immediately changed his mind. He felt that he was crazy to instinctively go against the will of the king, he was looking for death!

‘Because if you vanish, you will die! The Pope will order all the senior biochemicals to surround and kill you.’ Water’s icy cold voice came out.

‘But King, you are also’ Mohammad Kato said sharply, just said but generally, he felt the presence of the sky, the voice swallowed back, just very puzzled to look at the water.

‘The pope’s order is not allowed to break, even I can not!’ The voice came out of the water. It is the sound coming out of the water surface, Mohammad Kato all feel their hearts and souls have shaken, he was secretly shocked, is this the king’s terrifying power? The more you come into contact with their presence, the more terrifying you feel?

Mohammad Qatou seemed to remember something and returned to the original topic, ‘King, you let me become a senior biochemist in that time period for what purpose? That Chinese man is very powerful, if I do not disappear, I will die in his hands, his purpose is the heart of regeneration! And the heart of regeneration is in my hands.’

The water surface felt Mohammad Kato’s mood change and returned to a calm appearance, ‘I will protect you in the dark, moreover, Golden Leopard and Lion will not be your opponents.’

‘We?’ Mohammad Qatou once again wondered.

‘Yes, it is you guys. Just remember what I said and do as I said, you will not die, if you go AWOL, you will die a very, very bad death!’ The water surface once again came the cold voice, the bone-chilling chill, so that the Mohammad Kato feel the majesty of death.

He looked at the picture, fell into a deep thought. This world, as if at this moment began to transform, the king led him to grow, take him to travel the world, originally according to the king’s horror, this world should not be known to their signs, but Biggle knows, very strange!

As if now, his call with the king, Bigel had presence. And it’s like the king acquiesced to his existence. King and Biggil, was there any connection ?

But then he wondered, even if he followed the king’s consciousness, even if he won the Golden Leopard Lion, what about facing the powerful Lin Hao ? Would he be able to win ? Would that person still join him in the fight against Lin Hao ?

He is sure that in the case of the beast change, with the power of the scepter given by the king force to kill the male lion, but the Chinese Lin Hao seems to be able to. And very easy, last night to see the water Lin Hao overbearing, a fist directly blasted the male lion fell into the water, the golden leopard in the air also did not dare to speak, Bigel also just sit and watch, let Lin Hao overbearing.

Such an existence, he can live? And, what is the purpose of the king to train himself?

Wouldn't there be an answer in two days?

He was afraid and at the same time had expectations. He was looking forward to that answer, an answer that he had wanted for so many years.

‘Don’t worry about whether you die or not, I will take you to North America in two days.’ After the water surface said these words, the moon in the sky returned to white, and Bigir opened his eyes to look at the moon, he looked at Mohammad Kato from above the sky, through the clouds, and Mohammad Kato sat above the water surface to look at Bigir above the clouds, the two looked at each other across the clouds, Bigir did not mean to make a move, the scene was very strange, Mohammad Kato once again entered his crystal chamber.

Because he had to follow the king’s words, to become a senior biochemist after two days. When the king left, he gave him a dose of reassurance, heading back to take him to North America, that he would not die! This was an incomparably uplifting news.

Chapter 1242

The door of the secret room was closed, and Mohammad Qatou looked at his crystal desk with a scarlet fruit-like object on top, the power inside was surging madly, and it was still emanating outward, but it was wrapped by a mysterious layer of power. Mohammad Qatou looked greedily at this scarlet fruit-like object, the cells in his body stirred madly, wanting to go up and directly devour this red-like fruit.

At this moment, Mohammad Kato knew why the king told him that he would become a senior biochemist in two days, because the fruit in front of him would allow him to become a senior biochemist!

Mohammad Qatou suddenly looked forward to two days later.

He put away the uncomfortable feeling in his heart that arose after just looking at Wang, and also secretly admonished himself that he could not contradict Wang in the future. In the rhetorical question Wang, he obviously felt the net has begun to anger.

‘If X is gone, it’s gone. Now that the king will take me away, what do I need X for? Keeping X is to protect myself, as well as to watch what Zeus and Apollo, the sun god, both founded Zeus for.’ Mohammed Kato is no longer in then cultivate growth, but began to think about the firefight that occurred last night.

For the prisoner Ince's plea for help, as well as the X organization inside the indifference of other hall organizations, Mohammad Kato already does not matter, anyway, they will die sooner or later, early death late death and what does it matter to them?

Inside the castle, the bonfires overnight made the entire castle show a smoke haze, Shen Xiyuan certainly can not stay in such an environment, so early back to their own bedroom.

The bedroom is very large, are ancient European aristocratic pattern furnishings, Shen Xiyuan very much like, especially the pair of jade bottles and three top Tang Sancai, in fact, she prefers jade bottles, but after a few eyes, people are a little sleepy, she can no longer stay up.

'Honey, let's donate this pair of jade bottles and Tang Sancai to the National Museum.' Shen Xiyuan wrapped her arm around Lin Hao's waist and looked at Lin Hao eating.

Lin Hao rubbed Shen Xiyan's head, 'I also think so, then let's have someone escort it back tomorrow.'

'Mm-hmm, husband I'm a little sleepy, I'm going to sleep, do you want to sleep with me now?' Shen Xiyan's big watery eyes looked at Lin Hao, just inside the eyes in addition to the expectation, is a strong sleepiness, Lin Hao looked heartbroken.

'I'm taking care of some things, I'll sleep with you later.' Lin Hao said with a smile.

'Okay then, I'll go wash up and go to sleep.' Shen Xiyan was really sleepy, said she was going to wash up a bit, but had already fallen head first on the bed, and in less than three seconds, wore out the faint and even sound of sleeping

Sitting on the bed, Lin Hao tenderly gazed at Shen Xiyan, gently stroking her forehead, feeling her serenity, also enjoying the beautiful light under the moon, what a cozy moment, such a minute is a long-awaited scene of their own.

Unfortunately, Shen Xiyan body has problems that for their own left after-effects

‘It seems like it’s time to say something to the church about the biochemical hospital.’ Lin Hao took out his phone and said to himself.

Lin Hao dialed the phone is Bob’s mouth to say the E picket Lu dye West Aifu Zhaimir, a church inside the small head.

The phone only rang three times before the Emir picked up the phone, ‘Ow, honored Mr. Lin Hao, I wonder what questions you need to ask when you call late at night.’

‘Emil, who is it, calling in the middle of the night, it really bothers people.’ A woman’s lazy voice asked with a complaint in it.

‘A friend, you go to sleep first.’ Emil replied, and then got up sharply.

Lin Hao said directly, ‘I’m a noble now. I know that the church’s noble hospital is not open to the public, but my wife’s body is in a condition, and I want to enter the church hospital to check my wife’s body, and I don’t know how exactly to do that? Do I have to make an appointment or something like that.’ Lin Hao finished looking at the sleeping Shen Xiyan, he is now a little excited

The Emir was silent for a few moments before replying, ‘OK, I will personally go to you tomorrow. At that time, you and your wife follow me to Wang’s hospital for a while.’

‘Good.’ Lin Hao replied with a good word, while also knowing that this so-called King’s Hospital should be the Biotech Hospital.

Emil then continued as he put down the phone, ‘But let me mention to Mr. Lin Hao in advance, your current status and position will not be given the highest level of treatment by the King’s Hospital, which is what you need to know now. The king’s hospital can treat all the diseases in the world, but the person being treated must have an incomparable honorable status to be allowed.’

Lin Hao heard these words, his brow furrowed, but thinking about it, he was relieved, he had entered the church, he was still afraid of not being able to save Shen Xiyan? Status honorable? Big deal when the time comes to tell the church about his real identity, Lin’s new investment in the highest level president, this super giant global investment company, not to say crush the local enterprises in Toulouse, to fight them should be more than enough

Hang up the phone, Lin Hao went to wash up, then went to bed and hugged Shen Xiyan into dreamland.

Chapter 1243

This night, Lin Hao slept very comfortable, very restful, very solid.

When he woke up the next day, Shen Xiyan was still asleep, the faint sound of snoring indicated that she was still very sleepy, and seeing it could not help but make Lin Hao's heart ache.

He gently pushed Shen Xiyan, and only after a few minutes did Shen Xiyan wake up from her sleep, then wriggled and struggled, before reluctantly opening her eyes, 'Honey, I still want to sleep for a while.'

Lin Hao pinched Shen Xiyan's nose and did not deliberately say that she had slept for a long time, but said tenderly and dotingly, 'Wife, it's time for us to go for a maternity checkup, I know an aristocratic hospital in Europe, the medical technology is very advanced.'

‘Really?’ Shen Xiyan’s eyes immediately lit up and she sat up.

Lin Hao nodded his head heavily.

Emil set off early from the church with a high-class bulletproof car through the positioning sent by Lin Hao’s cell phone.

He sat in the car, thinking of going to face this Chinese once again, his heart was a little uncomfortable. With the fermentation of a night, the news of this Chinese man was getting more and more news, and the more he knew the horror of this man, the more his heart was sinking.

‘Mr. Emil, are we going to Golephant here?’ The driver looked back at Emile and inquired.

‘Golephonte Castle? We Wusi closed Wusi waiter love steak er this is to go to the Golefant castle?’ The driver was baffled by the two consecutive questions from the Emir, who looked ahead and wondered if Mr. Emir didn’t know that this was the way to Gelfand?

‘Ah, yes, yes, yes.’ Emil looked at the driver’s expression and said hastily, while his heart was shocked again, unexpectedly Bob not only took care of the Porter Group for that Chinese man, but even his own Golephant was transferred to him.

Originally Lin Hao’s previous preparation was to debut his identity step by step, slowly increase the bargaining chip to become a nobleman, so that the church auditor’s impression of himself changed, but then, under the proposal of Almand, he did not need to debut more identity at all, so it led to the declaration, also did not report the fruit of the Fuente up, resulting in the Emir completely unaware

‘Thought Mr. Emil didn’t know about Mr. Lin. This Chinese Mr. Lin can really be a superb person, you do not know, he held a banquet yesterday in Goerfent, the Gaiter family and the Smith family have gone to congratulate, said to celebrate the arrival of Mr. Lin’s wife. I heard that the Gates family sent a hundred million worth of celadon porcelain, and the Smith family is also good, presented three top Tang Sancai frescoes, but the value of 80 million! Tsk, what a big deal.’ The driver drove the car and said with great interest.

The Emir, who was sitting in the back seat, listened with a slight tremor in his heart.

The driver glanced at the Emir from the rearview mirror and then said, ‘Mr. Emir, you may already know that the Kashi Group is being vigorously suppressed, the market value shrinks, and it seems that someone is rescuing, but the take over is not obvious. I heard that the sins of the Jia Shi Group is because Yang Lijun offended Mr. Lin Hao, said that the public even flirted with Mr. Lin’s wife, so it led to the situation.’

‘What!’ Emil did up with a start, then grabbed the front seat.

‘You didn’t know ? I can’t believe you didn’t know about such a big deal, my goodness. It’s going crazy, and you didn’t even know about it’

The driver’s incredible narrative, shocked look, obviously felt shocked that Mr. Emil did not know about something so big.

Super Son-in-law Chapter 1244-1246

Chapter 1244

The reason why Emil did not know is because this matter happened suddenly, he went to the church in the morning and found that the people inside the church were busy with their hands, he asked himself at the same time, said that everyone was dealing with the matter of the Kashiwa Group. Which he simply asked and got a simple answer, the specific thing is because someone attacked the Kashiwa Group, and to cause a devastating blow, and attacked the company that struck the Kashiwa Group, completely careless of the face of the church, and even said that one of the vice presidents of the church out

Emil heard here and did not continue to listen to the next, because he felt that the church’s vice president are out, the other party still dare to continue to attack ? That is not looking for death, but now it seems that the other party does not care about the face of the church, even the president’s face is not given

The reason why Emil left is because he rushed to pick up Lin Hao and his wife, and therefore missed the follow-up intention Lu Lu picking up dyeing closed shade event.

‘You mean, it was Lin Hao who had someone strike the Jiashi Group? And it is still going on? This is a bit impossible. The church president has stepped out, why is still continuing to fight? Did you hear it wrong?’ Emil asked with uncertainty.

‘What!’ This time it was the driver’s turn to be shocked, the president of the church had stepped out? But it’s true that the crazy strikes are still going on, did they stop?

The driver couldn’t help but turn on the radio directly, and it immediately came from inside.

‘The latest hot news! Jiashi Group suffered massive economic sanctions, and it is rumored that a mysterious and powerful organization stepped in to assist, not only did not save Jiashi Group’s market value, but also intensified the other side’s crackdown! According to our economist speculation, if we follow this rate, in less than two days, Jiashi Group will become the existence inside the historical record! At the same time, according to the investigation shows that the fight against Jiashi Group is most likely to be the recently popular Lin’s new investment. Who did not expect that the super investment group located in Toulouse soon, like the local big group to strike, what is the misunderstanding here? We have our note to report from the front desk.’

After a few sounds of the radio zipping.

‘Dear drivers car friends. This is the front desk. According to the news I got from Lin’s new investment so far, Lin’s new investment for Jiashi Group’s bid, did not learn the exact news, but it is certain! Lin’s new investment for the Jia Shi Group’s strike, is absolutely temporary, rather than a long-planned, while this strike, their overriding potential is to directly let the Jia Shi Group extinction! As for the misunderstanding here, I will continue to track’

Listening to the voice reported inside the car radio, Emil tightly squeezed hand, are nervous to hold out the sweat

The crackdown continues. As for the said mysterious and powerful organization, naturally is the Church. And the other side of the explanation is that the church shot greatly stimulated the other side, resulting in the other side of the fight to increase

You know this is in the West, right? How dare someone contradict the Church? Does he no longer want to hang out in Toulouse?

‘My God, how dare Lin’s new investment go against the Church! Isn’t there anyone in their group who is familiar with the rules of the Western market?’ Emile exclaimed.

The driver’s heart could not calm down for a long time, the Lin’s New Investment, which was located in the China World Trade Center, actually fought with the church? This is simply a thing that people feel that they will never see in this life

Especially since the driver also knew that the root cause of the blow to the Jiashi Group was Mr. Lin Hao Lin, whom they were about to pick up

Chapter 1245

At the castle's partial entrance.

Emil smilingly looked at Lin Hao and Shen Xiyang and respectfully greeted, 'Dear Mr. Lin and Mrs. Lin, good morning.'

Shen Xiyang did not feel anything for Emil's respectful greeting, just nodded elegantly. But Lin Hao looked at Emil, slightly surprised, this old boy is not prejudiced against himself? Why is the attitude so good today?

Emil this is instinctive respect, dare to fight with the Church, he has not seen with his own eyes, just heard. It is said that the year Bigel and the Church slight friction, but then there is no later, as to what happened, no one knows.

This matter can not be spread inside the church, know this matter is also very few people, the reason he knows, or a chance to hear the vice presidents are whining

‘How long does it take for the hospital to get to us?’ Lin Hao looked at Emil and asked, while holding Shen Xiyan in the car.

Emil immediately replied, ‘It only takes forty minutes to reach, at the same time I have placed a doctor for Mr. Lin, we can be examined when we arrive

The company’s main business is to provide a wide range of products and services to the market. For the Emir’s attitude change, Lin Hao did not put too much on his mind, but his mind was on Shen Xiyan’s body. It is not that he does not believe in the diagnosis of the Nine Heavenly Clans, but the purpose of bringing Shen Xiyan is to receive more accurate treatment, through the Western biochemical technology examination, and then see what kind of a treatment plan the other side will give, or, can be treated! So that his heart will also have a preliminary plan.

The only way to have a concept is for Lin Hao to make the next plans. The purpose of picking up Shen Xiyan was because of this.

The driver looked at Lin Hao, and there was deep fear and scruples hidden inside those eyes, as well as endless respect. The people who enter and leave the church are all big shots, and as a driver, he has had contact with many terrifying big shots. The big people in this are not rich and powerful, but strong people with terrifying strength similar to Lin Hao.

For example, Bigel, Lion, etc.

And these days the church in Toulouse rumors that a big event will happen in the near future. What is this big event, although the people above are not allowed to discuss, but they are these people at the bottom of the stream is very big, everyone began to panic.

Especially after last night. I don't know who strolled the news out, the Pope's bilocation landed on the Garonne River, there is a superpower, chatted with the Pope

But who is it, everyone speaks for themselves. Who is the strong man above the Garonne River? It was Bigir! It was a Bigir who they thought was the number one strongest person under the Pope

What does the Pope want with him? Is it for Zeus and the sun god Apollo and others? I heard that Zeus gathered most of the senior biochemists of the southern city, already on the edge of Toulouse, and as soon as Mr. Lin Hao's celebration banquet is held the day after tomorrow, they will all come in. In fact, it said something about celebrating Mr. Lin Hao becoming a noble, but a noble promotion, do they have to come? And so loud?

I'm afraid there's something else going on.

Of course that's all the secrets he knows, and that's what others said to him. Other more things he really does not know, and his own speculation, but also useless.

Along the way, Lin Hao and Shen Xiyan looked at the scenery along the way, love and affection. At first Shen Xiyan was a little embarrassed, but seeing Lin Hao chatting as if no one was watching, Shen Xiyan also put down his frame and followed Lin Hao to enjoy the scenery along the way. It must be said that the outdoors in Toulouse, indeed, there is no domestic scenery, they this suburban area, like a park, there is maintenance everywhere, everywhere is green, there will be pedestrians on the road, not like the country, where there are many people dense, where there are few people chaos Lan unbearable, here the car drive for ten minutes, are the same scenery, the same treatment. This may be related to the pace of life, the pace of domestic, especially in large cities, changes too quickly, a few years is a change, some places are too late to build, others are renovating so long ago the polarization has become serious

Thirty minutes or so later, came to a hospital. This hospital looks a bit desolate, Shen Xiyan in the parking, are a bit baffled to look at Lin Hao, 'husband, we come here to check? This

Lin Hao instead directly get off, this hospital on three sides are mountains, the front are endless woods, and when entering the hospital jurisdiction area will have a sign written, idle people do not enter, at that time Lin Hao knew that whisking Ai Xi Yi ground service Shanxi, probably.

Then look at this hospital, as much as the signs of dilapidation, giving a deep sense of gloom. Of course is more than the big city hospital, in the modern technology developed inside the top city life of Shen Xiyang in see such a hospital is certainly not natural, some disgust.

Emil stood aside and explained, 'Hospital number seventeen was established in the thirties of the last century, and is one of the few hospitals that still survived well in the last century.'

Lin Hao nodded slightly, no wonder he felt that this place has strong traces of history, under the knowledge of the background of this hospital, Lin Hao watched again, and found that it really does not say, a historical flavor to welcome.

Looking at Shen Xiyan bewildered eyes, Lin Hao to the Emir's words said conveyed dyed shut shade Aixi dyed Yi steak once, Shen Xiyan listened to, is also the eyes of a bright, once again survey this hospital.

‘This hospital really has an ancient charm.’ Shen Xiyan opened his mouth and said.

Emil ordered the driver to wait at the entrance of the hospital, and then took Lin Hao to go inside. Walk through the hospital's gate, is a row has been deserted and even long grass exercise open space, which do pull-up apparatus has been covered with rust, there is an unknown worm crawling around on it, just this place, the signs of dilapidation so serious, Shen Xiyan suspicion is justifiable.

And Lin Hao because of the wide range of knowledge, such a scene inside the special, he can all understand. Of course there is also Lin Hao's divine sense is powerful, can feel the strange presence inside

‘Mr. Emil, this nobleman, good morning.’ The hospital door has faded paint, even have a as long as the wind blows over, to fall off signs, a nurse dressed in white came out to greet.

‘Good morning.’ Emil replied, and Lin Hao and Shen Xiyan just nodded their heads.

‘Please make a registration here. This nobleman, please take out your nobleman’s ID.’ Then she spoke again, and a metal instrument also appeared in her hand, four-square, could not see anything special.

Emil hurriedly put his papers on it.

The instrument made a sound, ‘Emil. Permission to enter.’

Lin Hao then suddenly realized, then put his noble medallion on it, the instrument immediately issued a voice, 'Mr. Lin Hao, newly promoted nobleman Porter Group, rank A, can bring his family members to enter. Just prove that it is his family member.'

Emil looked at the identity verification issued by the instrument, rank A! Surprisingly, it was a horrible A!

ABCD is the rank of nobility, of course, there is an S. And like the Jiashi Group's Yang Lijun, the status is only B-, and this is still because of his special status. Of course each grade inside and divided price difference. Plus belongs to the top, minus belongs to weaker than A, but stronger than B+.

As far as he knew, in the whole of Toulouse, there was only one S, and that was Bigel. As for A, that is another senior biochemist Lion, A+ is Golden Leopard. A- is the other four top noble family heads, and the old Gaiter, the head of the Gaiter family, which carries a reputation in Toulouse, is only B+.

In such a contrast, one can imagine how terrifying his identity is!

Emile looked at Lin Hao in a daze, his heart had already strangled Henry and Denis once, thinking, when he turned back to be sure to severely punish the two of them, and let the two of them go to the Porter Group, in front of all the employees to apologize to Lin Hao!

Only in this way, Emil felt that he could still eliminate the fear in his heart.

Shen Xiyan took out the marriage certificate from inside her bag and put it on top of the instrument, 'Identity proof, Lin Hao's wife Shen Xiyan. Can enter.' At first Shen Xiyan was still a little worried, after all, this is a foreign country, their instruments can also scan the domestic documents? After hearing this voice, Shen Xiyan couldn't help but be surprised.

There is a staff member standing guard at every corner, they will verify their identity when they enter, and only after the verification is done, they can enter the next corridor.

It went all the way down and went three floors. A staff member took out his ID and showed it to Emil, then gestured for Emil to stand outside the door, 'Your identity is not allowed to enter. This distinguished gentleman and lady, please follow me.'

Layers of gatekeepers and rigorous scrutiny. I have to say why it is said that the church hospital will not face the world, on the time spent on this review, if the daily acceptance of general patients, how much time will be wasted ah ?

Shen Xiyun also sighed, 'husband, this barrier review is not too cumbersome ? A corner a check, is not too much time wasted ?'

Lin Hao laughed, which poured out the true nature of things to Shen Xiyang, 'This is the noble hospital in Toulouse, general people are not qualified, and I feel like we can enter the third level at the bottom, probably related to the previous identity level A.'

'Ah. This is a noble hospital ah.' Shen Xiyang slightly exclaimed, and hurriedly had a few more looks at the surrounding buildings, while looking at the instruments that just gave them to verify their identity, no wonder their instruments are so developed, it turns out to be a noble hospital.

'Well, don't look. Soon we can see how our little baby's body is.' Lin Hao held Shen Xiyang's hand and went deeper inside.

After walking for another three minutes, he finally came to the door of another staff member standing guard, he signaled Lin Hao and Shen Xiyang to show their identification again, and only after the check was done, was he relieved.

‘Dear Mr. Lin Hao Ms. Shen Xiyao. Third floor biotech doctor Bardes at your service.’ After he finished speaking, he pushed the door behind him open.

The moment the door opened, Shen Xiyao felt that the world inside showed a two-tier division from the desolation of everything she saw after getting out of the car.

Inside is high-tech rampant, all kinds of colorful instruments, everywhere shows the modernization of high-tech city. Here completely can use the name of the city of technology.

‘Dear Sir and Madam, please follow me.’ Inside the large room, a cold metallic voice said.

Super Son-in-law Chapter 1247-1248

Chapter 1247

‘Intelligent language system.’ Shen Xiyao said softly.

This floor of the room is large, much larger than the size of the hospital outside, which is like the size of a school in a poor mountainous area, an incomparably empty space, an endless array of instruments, and liquids of all shapes and sizes undergoing chemical reactions

Under the guidance of an intelligent voice robot, the two walked for a full eight minutes before they reached a biochemistry doctor. This is a kind old man, in his body, can not see through the signs of age, do not know how many years he has lived. Lin Hao could not feel it, and staring carefully could not see the signs of life of this Dr. Bardes, there was no trace of biochemical power inside his body, nor the presence of other strange powers

‘Good morning esteemed nobleman and lady.’ After putting down the syringe in his hand and taking out a towel to wipe his hands, Badders did a gentleman’s etiquette, bowed slightly, and said respectfully to Lin Hao.

‘Good morning, Mr. Badus.’ Shen Xiyao replied calmly.

Lin Hao looked at Shen Xiyan and then looked at Bardes and said in F language, ‘Mr. Bardes, I brought my wife here for an examination, of which the main thing is to look at her head problem. But I can’t let her know that there’s a problem with her head, so when you’re examining her, let her think it’s incidental to examining her head.’

Bardes turned his head to look at Lin Hao, somewhat puzzled. Lin Hao explained, ‘My wife is pregnant, and I don’t want her to let her head problem affect the development of the baby, and as you know, pregnant women are in a very bad mood.’ Most of the people in F are straightforward, and they are very reluctant to face lying.

‘I see, you are really an attentive nobleman. Your wife is truly happy.’ Bardes bowed again and made a gentleman’s salute.

After the two finished chatting, Lin Hao walked to Shen Xiyan’s side, ‘Wait for Mr. Bardes to give the order, and you can go for the examination.’

Shen Xiyan stood still and looked at Lin Hao, 'What did you say to him, husband? Didn't even explain to me.' After saying that, she also looked away, pretending to be angry.

Lin Hao pinched her nose, Shen Xiyan only struggled slightly and then let out a giggle. Lin Hao explained, 'I just told him that you will be a mother in another nine months and asked him to be careful. He then said that I was a careful man and that you were happy as my wife.'

'Hehehe.' Shen Xiyan squeezed Lin Hao's hand and slightly scratched it, looking a little smug.

A dozen seconds later, Badus stood up from the computer's heel and said, 'Madam, please follow me.'

And in a corridor, an unpushed hospital bed slowly slid over, Shen Xiyan's face was written with curiosity, when it stopped in front of Shen Xiyan, Lin Hao picked Shen Xiyan up carefully and put her down gently, afraid that this soft hospital bed would bump Shen Xiyan's body

'Please follow me.' Bardes respectfully said Shade Lu Yi closed er pick er west road.

Walking inside this room that resembles a spatial tunnel, the lights flicker. Every step is like traveling through time and space, which makes Lin Hao feel that this place is somewhat different from the picture he faced in the ancient prison before, even Lin Hao feels that there is a power inside this room that devours him, making him want to explore inside, to explore deeper, that blackened voice that was suppressed by Lin Hao, at this time, let out a roar of tearing sound deep inside, only that voice is very hollow, can feel him violent struggle, but can not hear what he is saying, Lin Hao for this sight, very puzzled, very, very puzzled

When he returned to his senses, Bardes had already pushed Shen Xiyan into the medical equipment cabin of the examination and began to examine.

‘Just now this space gave me an extremely bizarre feeling, that feeling of devouring through space, why is it so real?’ Lin Hao muttered, and then shook his head even more, ‘Maybe it’s too much.’ After saying that, Lin Hao stared at Bades, watching him examining Shen Xiyang’s body carefully, and when Bades examined Shen Xiyang’s brain domain, Lin Hao once again got nervous.

At the same time, that dark space enveloped down, Lin Hao’s pupils were wide, tearing this darkness with great conviction. At this moment, his emotions are on Shen Xiyang’s body, but he does not want to disturb him with these inexplicable sights

Half an hour later, Lin Hao only saw Bades with a puzzled face and a heavy expression, and also shook his head one after another.

‘Strange, unbelievably strange.’ Bades murmured with his head down, and Lin Hao went after him, ‘Mr. Bades, I wonder what you have examined inside my wife’s head?’

Badus shot Lin Hao a few glances with odd eyes, then opened his mouth and asked, ‘Dear Mr. Lin, did your wife encounter some kind of accident before ? It led to a coma for a long period of time ? And then recovered again because of the ancient Chinese treatment ?’

Lin Hao was shocked, this Bades even knew about this past, his medical skills were so superior ? Lin Hao smiled and nodded his head, indicating that this was indeed the case.

Only then did Badus nodded, his hands placed on his chest in a prayer position before he spoke with difficulty, ‘Mr. Lin it is not impossible to treat your wife to repair that damaged brain tissue, it just requires the heart of regeneration. Moreover, we can’t cure it unless the king steps in.’ After saying that Bardes once again made a prayer pose.

‘King ? Is the king the pope ?’ Lin Hao asked after him.

Bades looked up at Lin Hao and nodded heavily while starting to make the gesture of praying to the Pope again

‘Thank you, Mr. Bastille.’ Lin Hao was silent for a few seconds, but still said gratefully.

Sure enough, the heart of regeneration was really needed! Just this healing person but needs the Pope’s hand? The Pope would step in? Would the Pope, who was respected beyond measure and regarded as a god, really step in for him? Moreover, he hadn’t felt the presence of the Pope so far.

‘Mr. Lin. Although I cannot cure the injury to your wife’s head, I can, however, alleviate the after-effects caused by the condition.’ Bades suddenly said.

Above Lin Hao's slightly difficult expression, a hint of joy still flowed out, 'Thank you again, Mr. Bardes.'

Badus waved his hand and ordered the hospital bed to push Shen Xiyan out. And he led Lin Hao to his own test bench before he glanced at Lin Hao and put down the medicine he took out from the second shelf, and turned to the first shelf to start picking carefully.

Chapter 1248

'Mr. Lin, you as a Chinese should be more willing to accept the plant biological medicine, so I will not prepare the beast-oriented biochemical medicine for you. Your wife's bloodlust will be relieved by the suppression of this medicine, but according to your wife's condition, if she comes over later, her condition will worsen, and I am afraid that she will fall into a coma here due to the excessive loss of nutrition caused by her pregnancy.' Bardes took out several boxes of medicine and wrote on them how to use them and how much to consume each time, while saying to Lin Hao.

What Badus said was similar to what Jiu Tian Xuan said, and Lin Hao was incomparably relieved. So what Badus said about the deterioration of his condition, Lin Hao's heart tightened as if he had been pinched hard

‘Mr. Bardes, how long will my wife’s condition like this last before it enters the final stage?’
Lin Hao’s eyes mourned.

Badus looked at Lin Hao with heartache, ‘Three months’ time.’

‘Only three months?’ Lin Hao took a heavy breath and repeated in a broken voice.

Shen Xiyan had reached Lin Hao’s heels by this time, she got off the hospital bed and was already a little tired, Budes looked at Shen Xiyan and unwrapped several boxes of medicine directly in front of Lin Hao, he was very meticulous.

A dozen seconds later, Badus poured out a cup of water and placed it in front of Shen Xiyan’s heel, ‘Dear lady, you just have to take these pills to ease your sleepiness.’

Shen Xiyang was a little excited after hearing this, but just as she approached Bardes to hand up the cup of water, she looked back at Lin Hao and saw Lin Hao nodding, which then gladly picked up the cup of water with a dozen medicines, 'Thank you Dr. Bardes.'

Looking at Shen Xiyang finished eating the medicine, in feeling Shen Xiyang body has no discomfort.

'Eh, husband, my sleepiness are no longer eh, this medicine is simply too amazing, and I have no discomfort reaction at all.' After Shen Xiyang waited for a few dozen seconds of reaction time and found that there was nothing wrong, she hurriedly took Lin Hao's hand and said happily.

'Thank you.' Lin Hao looked at Bardes gratefully.

After the illness was finished, Lin Hao and Shen Xiyan walked out from inside Budes' hospital room.

Under the guidance of the staff, they followed Emil out of the hospital.

How to say, this trip is not without gain, just talk about Shen Xiyan physical condition makes the heart of Lin Hao hard.

In the car.

The incomparable respectful gaze of the Emir was burning.

Lin Hao opened his mouth and asked, 'Have you seen the king?'

The Emir was so frightened that he sat straight up directly and held his hands on his chest with ten, that pious look, looking at Lin Hao's displeasure.

Emir silently recited a few lines of Allah bless me. Only then did he answer Lin Hao's question, 'Dear Mr. Lin, I am the king's slave and am not allowed to look directly at the king's presence.'

Come on, it's useless to ask, Lin Hao just pretend not to have asked.

It seems to have to look for other ways to find this mysterious pope, only the pope can cure Shen Xiyao, it seems to know the king's trace of people, in addition to Bigir, in the large Toulouse should not have a few people.

He had to go and find Bigir.

Sending Shen Xiyao home, Lin Hao disappeared directly into the Golefant, flying across the way, extremely fast, like a shadow.

In less than a few minutes, he arrived over the banks of the Garonne River, and Bigir, who was lying inside the clouds, felt Lin Hao's arrival, and slowly opened his eyes with his eyes closed to cultivate his mind, and then stood inside the clouds and greeted Lin Hao respectfully, 'Mr. Lin.'

Lin Hao nodded a bit and glanced towards the Garong River, the sparkling water, the weather was great. Such a good weather, but he could not vacation with Shen Xiyan, it was really a sin

‘I wonder what Mr. Lin wants to see me about?’ Bigir’s pale face was kind.

Lin Hao stared at Bigir and asked directly, ‘Do you know the trail of the Pope.’ When he said this, Lin Hao’s aura opened up, this time, he did not want to play dumb with this old fox Bigir, and he did not want to get an ambiguous answer after Bigir pushed and shoved, he wanted a prospective letter.

The clouds were shaken away by this powerful aura, but also because the clouds rubbed together, a powerful current breeding, issued a rumble of muffled thunder, Bigir some panic up. So close to the lightning, he could not resist such a horrible high voltage, if it directly hit his body, I’m afraid not to die or half dead, life to lose most of

But also at the same time some shocked looking at Lin Hao, he is asking the Pope? What is he looking for the pope? Did he learn that the Pope came last night? He really so strength so terrifying? In that far away Golephant are able to Garonne River happenings? That kind of strength, I'm afraid that the Pope does not have it?

So, is he bluffing or not?

Bigel narrowed his eyes and also stared at Lin Hao the same way, the perfunctory respect on his face all dissipated.

Two incomparably strong auras instantly collided in silence.

Lin Hao's face slowly reveals anger, Bijir really knows!

Sky clouds layer by layer began to violently friction, sunlight can not penetrate this layer of clouds, so the world under the clouds became dark. This is going to rain!

Under the water Mohammad Kato is also felt above him two powerful qi in the collision!

This steak dye er wu yi wu service closed once!

The upper and lower reaches of the Garonne River were no longer just filled with intermediate biochemicals, but with advanced biochemicals! After they felt such a terrifying aura, they all looked out here, but no one entered the territory of Toulouse.

Asura looked at Zeus, found Zeus that pressed the emotions, but delayed signs of action, he knew that Zeus wanted to go in, but he did not dare to go in.

Because, the king's trail was exposed here last night

The appearance of the king? Is it a warning, Zeus does not know, Asura knows even less. After all, if Zeus had not told them that the king had appeared, they did not know that the king also appeared last night

Super Son-in-law Chapter 1249-1250

Chapter 1249

'Are they going to fight? Why is this Lin Hao so strong?' Asura asked as he looked at the cloud layer where Lin Hao and Bigel were.

Numerous senior biochemicals looked over here, they didn't know exactly why such a sharp and hostile aura appeared above the clouds. Zeus, however, vaguely heard that Chinese Lin Hao was asking if the 'king' had appeared.

‘I’m not sure.’ Zeus looked over here, his thoughts flying around, and finally said with difficulty to be sure.

‘Mr. Lin.’ Bigel exited and said, ‘The king appeared here last night.’ In the end it was his aura that was a layer weaker. He had a scale in his own heart, he was not Lin Hao’s opponent, even if he added others, he would not be, in such a situation, he did not want to go against Lin Hao, he wanted many more things, for example, say another five hundred years!

The only way to live another five hundred years, to be able to know, the king’s calculations

Cang’s struggle, the ancestor’s forced, Wang Cun closed love whisked Shan Lu Lu in the eternal, he wanted to know these secrets, can only get longer than others

Lin Hao grunted, the intense emotions on his face slowly put down, looked at Bigir and said, 'Bigir, you can live so many years, I do not want to keep playing dumb riddles with you, so tell me, what is the purpose of the pope appeared here last night?'

Bigir looked at the sky, in that distance, there are several strands of power entwined, Bigir struggled for a while after the word. Since he chose to bow down with Lin Hao, naturally will not be saying any deferred words

'The king appeared here is to meet with Mohammad Kato, the purpose of their meeting is to let Mohammad Kato advance to senior biochemist the day after tomorrow. Also the time is an hour after your banquet opens.' Bigir elaborated on what he heard last night.

Lin Hao's eyes narrowed slightly and began to think about why the purpose here was to advance the day after tomorrow, or an hour after the banquet opened.

Looking at Lin Hao in thought, Bijir opened his mouth and said, 'The king ordered Mohammad Khatan to advance one hour after your banquet opened, and also asked Mohammad Khatan not to disappear. This represents the king's purpose may be to kill the lion and the golden leopard. But I think it will not be such a purpose. Because the king also want to get something, there are a lot of hidden secrets that I do not know. As I suspected, perhaps the king's purpose is not to kill the golden leopard and the lion, but something else, as to what he wants to plot, I really do not know. Although the advancement of senior biochemicals will usher in a major battle of senior biochemicals, a city allows a maximum of three senior biochemicals to exist. And the king ordered Mohammad Kato to advance, that is to cause a big war, as for the purpose of the big war, I can't catch

Listening to Bigel's narrative, Lin Hao felt that the purpose of this man's roundabout way like covering up something.

'So many high-level biochemicals in the sky, what is the purpose of their coming here?' Lin Hao asked again.

Bigel didn't directly say the Pope's trail, but Lin Hao had already analyzed it. The day after tomorrow's advanced biochemicals life and death battle, he was afraid that he would definitely appear, and at that time Lin Hao would talk to this so-called king, about cooperation.

'They are also here for the king.' Bigel looked at Zeus, looking at each other through the clouds, he saw the urgency in Zeus's eyes. He also felt the signs of life flowing inside Zeus' body. Zeus, panicking? He, like the king, also began to panic, the day after the great war, will be more chaotic.

Chapter 1250

'Heh, it seems that my banquet will become your orgy?' Lin Hao let out a cold laugh.

Bigel lost a laugh and didn't pick up on it.

Lin Hao glanced toward the bottom of the water, his eyes grim, 'Did the king say anything about the Heart of Regeneration? And the heart of regeneration, what exactly does it do for you! The reason why you support the Gaité family, one of the purposes must be the Regeneration Heart!

I still hope you tell me honestly, I have no more patience to play dumb with you, Mr. Bigel, time is precious to me now!'

Lin Hao's tone was threatening, as he himself said, he no longer had time to play dumb riddles with these people here, beating around the bush

Bigel abruptly, like a fried hedgehog, his gaze dead on Lin Hao, hostile intent is very, very thick!

He had previously told Lin Hao about the role of the regenerative heart, but just like that, that fooled Lin Hao. What he said before is also true, but the real purpose, he did not say, and now Lin Hao came to the root of the question, and has the appearance of not saying today, there is no opportunity to say in the future.

He looked to the sky and felt that in the upper sky above, thunder rolled, as if there were gods fighting, so the one he was expecting, did not come down to help him.

His heart tumbled violently.

Zeus in the distance suddenly hand tight, Asura looked at the various changes of Zeus, more nervous looking ahead, he always felt that the situation will change instantly like.

‘What the hell are they talking about?’ Someone could not help but ask, he is also a senior biochemist, jackal head, sharp teeth, gray and black hair between, between the hair, and like countless silver needles emitting endless coldness

No one answered, he was surrounded by a variety of half-beast upper body are showing their own body.

Asura did not speak, he also did not know. He also waited for Zeus's answer, but Zeus also did not know. He suddenly felt that he was powerful, and Bigel still has a big gap, he disliked such a gap, very, very dislike!

King, what is the purpose of appearing!

Bigel kept looking at the sky, expectant and disappointed, but still kept looking.

Above the sky, is there really a king's existence?

But why could he not feel the king's trace? Did the king become a king? So at a certain distance, he couldn't feel his presence anymore? Then, why could Bigel?

Lin Hao also followed Bigir's gaze to the sky, that glance, through the clouds, through the clouds that underwent ionic changes, through the pounding rain, saw a pair of scarlet eyes that were also looking at him.

Those eyes were flat and without emotion, whether it was curiosity or hostility there was none, it was just plain.

Lin Hao's fist clenched, a fist of raging power gathered.

See?

Closed service er closed zero Xisan Yi look ?

Staring ?

Then, I'll let you show yourself! Mysterious, who cares who you are!

‘Like to play hide-and-peek with me ?’ Lin Hao sneered, the power of black breath absorbing energy, the surrounding heavy rain evaporated fog, along with Lin Hao, together with penetrating the clouds, directly leaping up, faster and faster! Originally thought to also think about meeting and fighting afterwards, now it seems that there is no need to

Bigel was shocked!

Lin Hao, the king struck!

This

‘Look, what is he doing!?’ Someone said in horror.
