

Super Son-in-law Chapter 1361-1370

Chapter 1361

'What?!' The black crocodile king twisted his head to look at Lin Hao, he was now fighting with the Iron Wings T3000 grasping the ground land closed whisk Yi00, that is an emperor level expert!

Just when he was shocked, Lin Hao had already accelerated at full speed, fierce fist, with a black breath with purple qi blast, the next moment, the terrifying pressure shake collapse space, emitting a burst of sad sound, make people's scalp numb, heart bolt.

'No!' Black Crocodile King roared, he immediately bestialized, his huge body instantly enlarged, carrying any of the body tendons, due to this rapid bestialization, resulting in cells did not have time to occur in the correct derivation, such a brute force pull, the entire body was pulled to spill bright red blood, pain spread to every nerve vein, the Black Crocodile King was in pain, but his face was still deeply awe-inspiring.

This wave of attack by the King of China is too fierce, he is a bit overwhelmed

'We can't let the Black Crocodile King die! Vampire King, according to the method of defeating this Chinese King last time, let's make a wave in the same way, his strength is not stable today, and once the Black Crocodile King dies, the situation will be quite unstable! Vampire King, no matter what method you use, you can't let the Black Crocodile King die!' Steel Wings T3000 roared, he saw Lin Hao suddenly shift his attack and how fast he was, he was passively defending and was already being beaten by Lin Hao, now Lin Hao's shift made it hard for him to adjust his attack, so he could only watch as Lin Hao lashed out at the Black Crocodile King!

Originally saw the black crocodile king ready to live, the vampire king incomparably annoyed, but after hearing the words of the steel wings T3000, look struggling, but still a vicious, the whole red body became huge, the pair of wings, really really before the steel wings wounded Lin Hao, ruthlessly swung down, in an instant, endless sea of red kill, to Lin Hao's back chopped, of course, he also knew that Just such a momentum of the attack, certainly can not have any effect on Lin Hao.

Only to see him gently twist his arm, a wing claw was twisted off, the bloody picture is extremely bloody. And this is not the bloodiest picture, next the vampire king put that claw in his mouth.

The next moment, only to see the vampire king's blood-red body swell again, his strength directly enhanced!

Giant Eagle King was once again horrified, the sudden awakening of the King of China, the endlessly terrifying power, and once again enhanced, so that the jaws of him! However, at this moment, they realized that the Vampire King had only just performed his own dismemberment! In other words, his strength, will be enhanced again, then is not there a royal level strength?

Pope Peter was situated on the sidelines, carefully watching the changes in the field, his strength is unquestionable, above this earth, is the absolute emperor, but he is now on the sidelines, and did not mean to strike!

Even now Lin Hao face sneak attack, he did not mean to make a move, what is he thinking?

Pope Peter looked at the vampire king again enhanced, this is something he expected, after all, before the vampire king fought with him, although it was a fight to the death, but in front of him there are still two deadly fighters, he only needs to be in the back of the cast to perform a must-kill technique on, the real close physical combat entanglement do not need him

Looking at the infinitely close to the pope strength of the vampire king, Pope Peter also just a cold smile, looking at the field, as well as looking out of the field, he felt a strong person coming from afar, that strong person is incomparably powerful, but he is not afraid, but he still need to be careful, so he chose to strike, because he is waiting for this stronger opponent!

Chapter 1362

The revival of Lin Hao, the King of China, gave him immense pleasure, this was the most, most, most happy thing for him in this thousand years, the King of China had an accident once, so this time, no matter what, he would not let any accident happen to the King of China!

It was as if he saw the mouth of the world, the incomparably powerful entrance, beckoning to him!

‘Still want to use this ridiculous trick once more?’ Lin Hao turned around and sneered, his speed didn’t slow down, it even got faster!

‘Seeking death!’ The vampire king’s face was cold, he used the vampire race’s powerful dismemberment secret technique, and this Chinese king directly ignored it, damn Chinese!

‘You are simply arrogant!’ The Vampire King gritted his teeth viciously, his speed accelerated once again, directly catching up to Lin Hao’s trail!

Black Crocodile King is still in the middle of the escape, but Lin Hao’s terrifying pressure makes his speed very slow, and he fled in a panic, has lost the best escape route, if he went towards the Vampire King and the Iron Wings T3000 side, terror Lin Hao really can not do anything to him, but now well, Lin Hao looked at the isolated back trembling Black Crocodile King, like seeing a lamb to the slaughter!

Seeing Lin Hao is about to kill the black crocodile king, the vampire king is furious, ‘I let you see, the vampire family’s terror!’ I vampire king eyes scarlet red, full of sunken black, killing intent heavy shame is also covering his face!

Lin Hao’s ignorance, let him disgrace several times, again and again by Lin Hao despise, this for him the second strongest man in Western Europe, is the most shameful event, he can not stand!

The pair of blood-red wings came towards Lin Hao to kill him, Lin Hao only glanced slightly, and the Black Crocodile King breathed a sigh of relief after seeing this scene!

‘Bang!’

A loud bang in the sky, an endless monstrous explosion shook his ears, and the vampire king flew backwards tens of meters.

This huge sound made the chase up the steel wings T3000 is also a look of surprise, he can not imagine the vampire king strength is so close to the T4000 level, this is a very big surprise, of course, before hiding in the clouds they also saw the vampire king outbreak of T4000 level strength, but unfortunately that is only a blow, and that blow has numerous limitations, such as let the current senior biochemicals all bleeding, but now the senior biochemicals have no blood to flow, because the pope drained them all!

To be honest, he as a technologically superpower, facing such an anti-science operation, is really feel unable to accept, if not see with their own eyes, is really unimaginable!

The vampire king's arms were trembling violently, and the two huge wings were like shaking sieves, vibrating at a rather fast frequency

The black crocodile king is also a happy, hurriedly fled to the side of the steel wings T3000.

Just a slight fling is all collaborative efforts of Lin Hao, revealing a morose cold smile, he looked? The black crocodile king who is still fleeing, the corners of his mouth contemptuous, killing intent: 'I said I would let you go?'

Don't pass the vampire king, Lin Hao's sudden speed exceeded all previous outbursts, and Pope Peter's eyes opened in shock!

'No!'

The Black Vampire King looked at a black shadow in front of him, and then a fist with obliterating killing intent came crashing down on his chest, fiercely blasting down!

A huge crinkle of the heart, and then the next moment violently collapsed, he felt intense pain, suffocating pain, and then it was a tightening of the gaze, direct death!

Super Son-in-law Chapter 1363-1364

Chapter 1363

The Black Crocodile King is dead!

Western Europe's top four strongest people just died, under the super strong Vampire King and the Iron Wings T3000 rescue, or dead! The strength of the Chinese King Lin Hao, in the end, how terrifying, countless people slightly for the scalp, the senior biochemicals following the Black Crocodile King looked up at the sky dome, under the rain of blood, is countless broken body flesh foam plus internal organs, and their despair!

Their king was dead!

The terrifying king is dead!

It was killed by a Chinese!

Lin Hao shook off his right hand, and there was still a scarlet beating heart on the fist of his left hand.

The vampire king looked at Lin Hao with a fierce face, an expression of hating to die Lin Hao directly, he really could not bear it. At this time, the vampire king once again looked at the Chinese king Lin Hao, and to be sincere, he still felt in a trance, an incomparable trance, this Chinese weakling who started out as a high-level biochemist, could now dominate the frontal battlefield, and countless people were amazed by it.

He gulped and looked at the Iron Wings T3000, which is comparable to a Pope level expert, and has even surpassed the Pope level expert, because! Peter Pope under the peak state, but also with the help of countless senior biochemicals blood gas power, he has resisted three times, now he is the only one he can rely on

Of course at this moment he no longer want to go how to win this battle between the king and the pope, but thinking, how to survive

Lin Hao overbearingly decapitated the black crocodile king.

Countless rain of blood, that domineering as well as, uplifting all the Toulouse ZF officials, they are excited, shouting Chinese king ISGOD. one as Lin Hao's believers, that look up to Lin Hao

After they saw the steel wings T3000 bravely confront the Pope, the heart directly cooled a large part of the war, that this war, they are slowly going downhill, but the death and resurrection of Lin Hao, with the endless flame of anger as well as monstrous strength, which is their a beam of light

After killing the black crocodile king, Lin Hao to lie on the water floating Jun Wu Ren, he did not own good luck, with Mohammad Kato pack, but just floating on the water, next to the swimming fish around him, but none of them dare to go up to bite him, even mayflies do not dare to approach him, this is the king's majesty!

Jun Wu Regrets, is another martial arts pride of China, is not a random mole can offend?

'Brother Jun, what you did not do, I did for you! Of course this is all my own business!' Lin Hao spoke indifferently, the killing intent at the corner of his mouth was so strong that it was like the cold wind of the deep northern winter, so biting!

Lin Hao went on to say, 'But! Things are not over.' Speaking of that, Lin Hao looked fiercely at Pope Peter. Pope Peter also looked up at Lin Hao, the two looked at each other, their eyes are a hidden soft, no one knows what is hidden in the depths of the other's eyes, Lin Hao looked at him to ask him what is going on with Shen Xiyan, Pope Peter looked at Lin Hao, hidden is trying to ask Lin Hao whether he perceives the existence of the mouth of the world

The two each have not the same mind, but did not? Shan serving Xi Di Xi Di picking up the ground? directly opened his mouth to ask.

Lin Hao gaze moved to the vampire king, white bear king black crocodile king solved, then the next is this vampire king, he induced blackened Lin Hao became obsessed with aggravation, ignoring the existence of Shen Xiyan, which is Lin Hao absolutely not allowed to exist! And such a picture appears, is Lin Hao self can not accept, is also difficult to redeem the picture, if this picture is seen by Shen Xiyan, he does not know how he should explain to Shen Xiyan!

Chapter 1364

At that moment, he all thoughts, but also know, Shen Xiyao in his heart is how important!

And now Pope Peter control Shen Xiyao another incomparably important information, Lin Hao no matter how want to know, what is this message

The Vampire King slowly approached the Steel Wing T3000, he ignored the Steel Wing T3000's anger. Because at this time, it was safest for the two of them to stand together, the speed that Lin Hao had just exploded out, simply surpassed his perception of a king-level powerhouse

'King of China, things have come to this, already dead White Bear King and Black Crocodile King, your anger has almost eliminated most of it, how about we sit down and talk. This M powerhouse, he is not unwilling to talk, and the M treatment means more advanced, if there you are willing to bow down to them, they will certainly treat your wife more perfect!' The vampire king looked at the killing intent filled eyes of Lin Hao, make the last words, he really some fear, he faced the pope Peter also had such fear, but such fear was eliminated by the steel wings T3000, but after Lin Hao broke out, he panicked

Bend over and submit? Lin Hao laughed, 'Haha.' Lin Hao laughed very loudly.

On the side, the Iron Wings T3000 also lit up when they heard this statement, because once Lin Hao was on their side after that, then Pope Peter was the fish under their anvil, and they said that three people could definitely kill Pope Peter

Steel Wings T3000 said excitedly, he is looking down on the Chinese, think the Chinese people across the ocean are a group of inferior Eastern sick man, he has never used the right eyes to look at any of them, but does not mean that he is also for the strongest dueling ignore

‘King of China, join us. We have the absolute modern technology, with your physical quality, you can definitely create a super strong person more powerful than now! Moreover, we are a group of the world’s highest honor beyond the limits of humanity, we are the strongest people in the world! You joining us is definitely the greatest honor of your life.’ The Iron Wing T3000 issued an invitation.

The vampire king’s eyes widened, and he was determined to enter the mechanical army of M, because with his current physical qualities if he underwent transformation, he would be one of the strongest in the world! Pope Peter in his eyes, will also be a stinky fish, but the other side did not send him an invitation, which makes him feel very sorry, but also think that this is afraid that the other side of the secret, for any outsiders will not agree to it

After all, he all the dojo in Western Europe will be offered to them, but they did not agree to join their own! You can imagine, that inside is not ordinary people can enter, no, is except their native strong, any kingdom can not enter! This is what they thought only before

But now, he sent ? ZeroLuWuServe zeroServePakShan ? Now, not, he actually invited a Chinese they most despised to join them, which makes the vampire king is ashamed and annoyed, but at the same time, this is not lost is the best and most perfect at the moment to resolve the current battle situation

Looking at the high and mighty appearance of the Wings of Steel, Lin Hao laughed, thinking that he was a very comical person.

He said.

‘I joined you guys is the greatest honor of this life? Haha, really funny! You’re not even a match for Pope Peter, so how can you say that you’re the strongest in the world? What super strong people want is freedom and liberty, and you bunch of cyborgs? In addition to the high seas can be arrogant, other places dare to step into at will? You are this level, dare to enter the bear country? Not afraid to be treated as a T4000 level by the nuclear bombing? And I can’t talk with yesterday’s strength, you let me join you? Do you also want me to become the waste of your group so piggy bank? Really ridiculous!’ Lin Hao sneered and said, that disdainful expression, let the vampire king incomparable shame, he wanted, in Lin Hao’s eyes is only a piggy bank like existence!

Super Son-in-law Chapter 1365-1366

Chapter 1365

Hearing the Iron Wings T3000 solicitation, Boris and other people’s hearts were in their throats! That is the M solicitation, the world except for the bear will be disdainful of them, there are only a few countries left unfriendly to the M, other countries, but the M as a holy land exists, and the M itself will never recruit their ancient outside the strong, after all, the ancient Chinese saying: not my race, their hearts will be different. Although they can not say such beautiful rich meaningful words, but the meaning of this, certainly also show the best

But after hearing Lin Hao’s words, they all breathed a sigh of relief, today’s Lin Hao’s every word and deed is enough to mobilize their big changes, this is the terror of the strong!

After hearing Lin Hao’s words, Pope Peter also smiled, an expression that was expected, after all, his Lin Hao, has stepped into the ranks of the real global strongman!

After this stop, the world's strongest, eyes will be gathered to his body, but well, the secret of the sinister level in this, only? Ai Yi Di Zha Shao Wu Shan Zero? He knows it.

Looking at Lin Hao, it was like seeing the mouth of the world slowly approaching him.

'You!' Steel Wings T3000 has not yet had time to anger, the vampire king angry face red, if he did not think that a person is not Lin Hao's opponent, I am afraid that he has already made the whole body strength, directly crushed Lin Hao

'King of China! This is the gift of M. How can you be so demeaning to the Holy Lord's gift, aren't you afraid of the Holy Lord's punishment, right? That is the world's true top power, although you are now advanced to the ranks of world-class power, but don't forget, you have only just advanced, and there is still a big difference between you and the true power! If you really anger them, they are able to gently slap you to death with a single palm! I advise you to think carefully before you say such big words, or you will not know how you will die!' The vampire king was close to roaring, and his appearance when talking about the Holy Lord was like a pilgrimage.

But who would have thought that he, the vampire king, had lived for a thousand years and abandoned his Lord to be someone else's faithful and loyal dog. And he is still the second strongest person in Western Europe, no one knows, what exactly is his mentality

'That kind of pigsty, do not go! Rather, you like it so much, why don't you go to be a dog for the other side?' Lin Hao sneered, while the whole body power slowly gathered, he does not have much time to fight here, the speed of a terrifying rapid advance over in the distance, let him tell himself that he can not delay any longer, or else when the time comes, all the troubles come together, he may be somewhat difficult to solve

Lin Hao's words made the vampire king a shock choke, he is trying to go, but the other side does not want ah!

'You!'

'King of China, this is a gift given to you by the holy lord, even if you don't go, how dare you insult the holy lord like this, really damn!' The Iron Wings T3000 was furious, but at the same time they knew that Lin Hao must be their antagonistic existence!

Lin Hao will not join them, the regeneration heart is hidden by the steel wing T3000 do not know where, and but look at his surprise, that means the regeneration heart is very useful to them, once you join them, the regeneration heart will be at their mercy, this is the situation Lin Hao never want to see!

The purpose of coming to Western Europe and going through the ordeal was the Regeneration Heart. If the other side asked him to give up the Regeneration Heart, how could Lin Hao accept it!

Chapter 1366

Looking at the Iron Wings T3000 that violently stirred the iron wings, Lin Hao's whole body shook, killing intent scattered, the terrifying pressure, so that the vampire king are to retreat, if not the Iron Wings stood by his side, he was afraid to avoid its edge!

The conversation is not good? Dye steak zero zero ground west zero? Then we will see the real thing!

Hurricane rolling, the sky above has two behemoths in anger, rain and blood, the wind and clouds throbbing.

Black clouds rolled in, red blood mist wrapped around that one huge bat, he was not hiding, reverting to his true bat's true form. This body is his greatest card, thousands of years of heritage, nearly a thousand years of growth, his strength is infinitely close to or even beyond the general pope level power, only walking the world of the pope level power is very few, and every pope level power is extremely terrifying existence, are not the general pope level power, after all, become a pope, become a grand master, that are the heavenly congregation of wonders, any of the heavenly congregation The strength of the genius to step into the middle of the Grand Master is not weak!

The end of the era, every inch of growth, is a huge heritage plus a thousand years of chance to create, the more you get to the back, the more terrifying the strength!

'I can't imagine that there are still hidden means, vampire king, really you bunch of stinking bats are so annoying! If you had used such powerful means earlier, the White Bear King and the Black Crocodile King would have died! Damned stinkbats! If you were more sincere, the Holy Lord would have recruited you to join us!' Steel Wings T3000 was simply furious to see the Vampire King getting stronger again, this damned thing, he had been playing tricks before, not revealing his bottom card, causing him to lose two dead soldiers around him, making his chances of survival greatly reduced!

In the face of the censure of the Iron Wings, the vampire king did not have much anger. After all, this is his strongest card, if it is casually revealed, take him will not become any

person casually pinch the soft persimmon, he wants to join the M mechanical legion, but does not mean that is to let himself forever kneel in front of them!

The difference between desire and reality is still there! He is not really stupid!

‘Well, right now is not the time to discuss right or wrong, kill him first!’ The huge bat mouth spat out, the hideous face, with a frightening look as well as a strong killing intent, like a killer among black, eyes deadly staring at Lin Hao, I have to say, at this moment the vampire king is very confident.

‘Humph!’ Steel Wings lightly grunted, which was issued in displeasure at the Vampire King’s command, but did not proceed to censure, but to kill Lin Hao, the Vampire King have cast their own bottom card, he naturally also need to use his own bottom card!

Any hint of hope, he will not give up!

Lin Hao’s recovery made him happy, because Lin Hao did not die, then it would also say that in the next time inside, China still has the Grand Master strength experts sitting, will be a relatively safe state, China’s martial arts community will not be full of foreign curmudgeons invasion.

‘I will take revenge for us.’ Lin Hao said, finished slamming the water, the whole person shot up, the next moment, the whole room shocked up!

Lin Hao revived, and the strength has increased a lot!

‘King of China, I knew you wouldn’t let me down! But the heart of regeneration was taken away by this mechanical man, sorry, I did not organize them to take away the heart of regeneration, their mechanical strength, too powerful’ Pope Peter was surprised, because Lin Hao is his chance to go to the mouth of the world, I thought this opportunity has been broken, I never thought that this Chinese king not broken, today’s strength, vaguely has made him feel, much more powerful than himself!

Super Son-in-law Chapter 1367-1368

Chapter 1367

Looking at the Iron Wings T3000 in front of him, his eyes were filled with horror. Pope Peter looked at his congregation, the means of absorbing their power slowly put down, and heart in a bottom card, and did not play it!

In Western Europe, he is the absolute king!

Even if the T4000 arrived, he was not afraid!

Only to cast that move cost too much, so he chose not to cast it out

Lin Hao’s face, which was already covered with anger, the next moment, the anger released, the horrible black breath is gone, all is a purple rhythm of the East, the sky dome collapsed a corner has been made up, the flow of purple gas to the time, has been absorbed by Lin Hao most of the rest are wrapped in Jun Wu Ren, repair his injuries!

Flying high into the air, the vampire king and the black crocodile king both involuntarily backed up, Lin Hao just glanced at the two of them.

He locked the two with a domineering gaze, signaling them to be judged, telling them never to think of escaping!

Because his target, is high in the air that a pair of steel robots mounted with two steel wings spraying exhaust gas, his strength is very strong, and Pope Peter fight back and forth, he saw the same, Pope Peter in his body although the upper hand, but it is difficult to break the defense, he also felt that Pope Peter still has his own means hidden, this is a strong man with a very strong patience, his majesty has been provoked, but still can be in a state of rage, with a trace of sanity!

Thousands of years of survival, possessing such wisdom ?

Maybe so, after all, Lin Hao also have occasionally doubt life, thinking about the fact that there are people who live twenty or so years, think about life, and thus feel but twenty years old, but feel that has gone through life. After all, so many truths in the world, are written in books, read more, they all understand, and then in the case of nothing short of the goal of life, it began to become a little confused

Lin Hao also had such a confusion, that is, if he and Shen Xiyao safe and sound together, every day in the future, then how to spend it? Traveling the world? Maybe so.

Chapter 1368

But that's all for later, the matter at hand, he felt and don't deal with it!

Flying towards the front of the Iron Wings T3000, Pope Peter's massive body began to slowly shrink, and eventually all became not the same size as the castle walls, but a humanoid state, and also gave up a position out of the front battlefield.

Watching this piece of Boris and other people through the surveillance screen watching this? Closed Ai Wu Yi Lu Pao Zero Wu? picture, is also shocked beyond words!

Someone shouted with excitement: 'See! See! Wow, Pope Peter gave up the front battlefield, which means he thinks Lin Hao is more powerful than him!'

'See! I saw it! The King of China, Lin Hao, is too powerful!' Another man shouted with unbridled excitement.

They witnessed their hope and were all in a state of exhilaration!

'Where is the Heart of Regeneration!' Lin Hao opened his mouth and wrapped the Iron Wings T3000 with an endless pressure.

The Iron Wings T3000, only felt a feeling of bondage wrapped around him, but his dignity told him not to give in!

This is the Chinese, he is a powerful world hegemon under the kingdom of the people, or a powerful mechanical legion superpower, how can he bow to a Chinese people!

Only, such a spirit such a faith in his heart slowly collapsed, he felt Lin Hao's powerful, is the kind of fear that just seeing makes people feel terrifying!

Although he felt that Lin Hao's strength is the same as his own, are T3000 level, but for some reason, he just felt that Lin Hao is stronger than himself, and also much stronger! This is a nameless illusion, just this illusion but deep into the hearts of people, too depressing!

'Headquarters, headquarters!' The Iron Wings T3000 was calling out for headquarters.

'Roger Roger!' Headquarters replied.

At the same time instructed, 'Iron Wings! Remember your dignity, you just panicked, his strength is not as powerful as Pope Peter, you do not need to panic at all! Moreover, you have to remember that you are a super warrior with strong enough defense inside the T3000 level! Even if Pope Peter blasted you with T4000 level means on top of this territory in Western Europe, you were only slightly injured, and now that Pope Peter is back to T3000 level strength, you don't need to panic at all! Kill this Chinese, I have sent a T4000 level super warrior to meet you on the high seas! Once you kill him, I will try to pressure the ZF in Western Europe and others through the Congress! Let them give you a free pass!'

Steel Wing T3000 was already weak, but when he felt a glimmer of hope that he could live, his whole body became wild, flapping his teeth and claws, extremely arrogant.

The mechanical devices on top of his skin were running rapidly, emitting a rumbling sound, a smell of machinery coming to the limit of operation.

The vampire king listened to the whimpering sound of rotation, also eyelids jumped, this M superpower, this is ready to have a fight to the death with Lin Hao ah, he and the black crocodile king glanced at each other, the black crocodile king's scarlet eyes flashed a trace of fear inside, the heart budding retreat occupied the whole heart, he saw clearly.

'Vampire King, at the moment this situation, I'm afraid we will definitely lose, since the situation has come to this, this king will not be involved here.' The Black Crocodile King contracted his body and turned into a humanoid sturdy man and said in a cold voice.

The Vampire King had an angry face, he could not imagine that at this time the Black Crocodile King was still thinking of escaping, was he not afraid that, after the Pope drew back, he would then find an opportunity to kill him? Or did he think he could hide to the ends of the earth? A person of such power would be watched no matter where he went! Damn it! 'Black Crocodile King, do you really think you can escape?'

Super Son-in-law Chapter 1369-1370

Chapter 1369

The vampire king shouted in a low voice to the black crocodile king who was about to flee. Black Crocodile King turned back, his eyes dodging, how to say it, every person inside the scene is stronger than him, before there is the White Bear King padding, he felt there was a glimmer of retreat, now his own strength is the weakest, once the choice is abandoned, it is certainly their own abandoned!

And again, before the battle against Jun Wu Regret, that is because as long as you kill Jun Wu Regret, there is a glimmer of hope to live, now against Lin Hao, he is really no longer a trace of fighting spirit, Lin Hao's powerful, he has seen.

A person almost as powerful as Pope Peter, in fact, they can defeat? See the black crocodile king's eyes inside? The vampire king sneered: 'Do you really think you escaped? You can escape from Pope Peter's watchful eye? Oh, you think you can escape from Western Europe? Let me tell you, the world's advanced biochemicals, no matter where they are, Peter and I can sense them all! So, you have nowhere to run!'

The Black Crocodile King laughed: 'Are you bluffing me? I am not the White Bear King. The reason why you can sense the other advanced biochemicals is because they have chips implanted inside their bodies. But what am I! I am a product of the last era, as long as I do not appear in the European continent, even the emperor can not be sensed! Do you think I don't know the changes of this era? Ridiculous!' The Black Crocodile King also no longer hides, sneering to answer the Vampire King's words, the change of the times, is the sadness of the times.

This era of advanced biochemicals decline so Peter Pope has responsibility, but the vampire king is not less responsible! He single-handedly create change biochemical human advancement route, can be described as the extinction plan! This is an extremely crazy maniac!

Black crocodile king this does not avoid suspicion words, a stone stirred up a thousand layers of waves.

Pope Peter also looked back, as for the vampire king long ago so extermination plan, he was watching, this thing he thought about, and finally chose to accept by default, there is no way, this era, no longer available for the last era of biochemical growth, the air lost a function, this function is related to the growth of biochemicals.

Do not look at the biochemicals just need to suck the blood and a lot of meat can grow up, but to build their abdominal structure of that place with the Eastern theology is 'demon

Dan' this thing is not difficult to converge, he himself also cultivated, but did not succeed. Of course this is also one of the reasons why Pope Peter once watched Mohammed Katou, because this man, with the growth method is the product of the last era! Peter was also curious as to where exactly the vampire king had found the original mutant biochemicals from.

And the senior biochemicals who heard these words, all with faces of hatred and anger, but they dare not speak. The sadness of the times, in their hearts is also deeply planted a heavy seed, just this seed of hatred no matter how to germinate, are useless, as the vampire king said, they this group of people no matter where, he and pope Peter are able to sense, and is just now pope Peter and the vampire king two people out of the means, if they dare to resist, I'm afraid the chip in the body will directly explode, right? It's ridiculous

Lin Hao did not have time to take care of this, this black crocodile king now even think of escape, Lin Hao laughed, he can escape where to go? Ignore his existence?

See Lin Hao even arrogantly turn back, the vampire king incomparable anger, every joint inside the body inside the mutant chip issued the maximum function, I'm afraid that the mechanical operation of the sound more and more loud, finally, the two steel wings, like two huge wings, but also fast-running wings, they scraped the air whirring, muffled sound more than. Such a speed, as long as a light rubbing of the head, I'm afraid the whole neck will be directly broken off it

Chapter 1370

Of course, today such an attack, in the eyes of Lin Hao, is completely worthless!

Seeing the two of them fight, the black crocodile king's mouth conspiracy cold smile is incomparable, he looked at the vampire king, and then looked at pope Peter. From Pope

Peter's eyes, he saw endless disdain as well as outright ignorance. The Black Crocodile King was not going to provoke Pope Peter at his own peril.

This is their emperor!

The emperor whose strength is infinite!

He and the White Bear King had the guts to start a King-Pope battle with the Vampire King, and he now regrets it immensely, but unfortunately there's no use in regretting it!

'Black Crocodile King, why not wait and see, if the Iron Wings T3000 strong man killed Lin Hao, we can fight with him side by side! This will also return to the previous situation, the three of us, against one!' The Vampire King narrowed his eyes and issued a final invitation, he kept his eyes on Pope Peter, not daring to go forward to kill the Black Crocodile King, and nowadays he didn't dare to move at will, because he was afraid that he would get a sneak attack from Pope Peter when he made a move against the Black Crocodile King, at that time, it was not something he could withstand!

'To hell with it.' The Black Crocodile King sneered, his intention to go has been decided, no one? The whisker closed the grill er love Wu er cover? The law to stop him!

'Vampire King, I regret listening to your slanderous words, you damned stinking bat, to say that everyone can advance to the pope, I really ate the loss of old time knowledge, otherwise how could I be fooled by you?
