## Chapter 1381

Lin Hao was extremely fast, followed by Pope Peter, followed by the Giant Eagle King carrying the Silver Wolf King, but all of this was separated by a relatively safe distance, and none of them were very comfortable with each other .....

As for the body fragments, shell residue, and mechanical debris floating over the Garonne River they didn't care.

The silence in the field appeared to make the scene more and more depressing, but the extent of the destruction of the scene let anyone who had seen it know that what had happened earlier would never be a minor fight! The river's blood-red water, the cruise ships that were docked are now upside down, the bottom of the ships floating on the water, not to mention some of the broken hulls were shattered by the shock, the guardrails on the shore have no trace of the repair of the year, only broken stone blocks of strange rocks, a trace of the ancient never built in the eyes of the crowd, such a scene, in this era of peace, simply appalling .....

Mohammad Qatou looked at the people disappearing in the sky and at the body of the vampire king floating in the water, but after a few struggles, he did not dare to approach because he saw the warships approaching and some of the advanced cyborgs who could not escape in time were killed by them with huge cannons until they died out .....

The high level biochemicals that were killed were not subservient to the ZF, nor were they under the Giant Eagle King or Pope Peter, they were under the Vampire King, the White Bear King, the Black Crocodile King, and thinking that he was also a member of the Vampire King, Mohammad Kato's eyes rolled up and he sank into the water as a black piranha, feeling that the other King of China he was carrying on his back was coming back to life. ....

And this is a technique that he has felt before! Looking at the same method, Mohammad Kato once again sighed, that ancient and civilized country of China, how many secrets are hidden in it!

Why is it that no empire has dared to invade that ancient and civilised country of China without having heard of a pope above the king level?

Such an ancient kingdom, so rich in heritage, hides secrets that would be more than the secrets harbored by a strong man of the pope's level, but of course this was his own guess .....

The Sea of Heaven!

The crowd, all in one, once again used the same technique to repatriate the purple qi back to the Western European continent!

Those seven bleeding innate patriarchs didn't complain much, but were determined and single-minded without a hint of hesitation inside their eyes!

Hou Yijun's eyes were red as she watched this scene, and the tears in her eyes were like a spring in the mountains, flowing incessantly, the West was in danger, and she felt it too .....

Lin Qingcheng was brought to the scene by Mo Tianji, outside this centre, she looked at this group of people patriarchs, her eyes flooded with tears, do not know when, she had already kneeled on the ground .....

Among the crowd, there is a beautiful scenery, Jiu Tian Xuan covered her face and sobbed, has become a tearful person. But also for the innate clan master she, her body is not a trace of purple gas, not only she did not, the whole Nine Heavenly Clan crowd in addition to a few ? Lu Jie Jie Pao Closed Jie Fei Zero ? often walk in the mundane world of the innate patriarch, the rest of the body is clean .....

Carefully towards the inside, will find that there is so a group of particularly striking people, so a moment, above the body, it seems that there is still white gas, this picture is extremely bizarre, of course, everyone did not ask .....

‘Thank you, thank you.’ Nine days Xuan low whimper, in her side of several elders helplessly shake their heads, heart bitter, but also did not make a sound to chide, but quietly look at the other side of the ocean that piece, they feel, next there will be a big battle .....

## Chapter 1382

At this time, one of the Ascended Sovereign level figures at the head of the group brought together all of the top Ascended Sovereign figures.

‘Everyone, the West is in an emergency, I’m afraid there’s going to be a big battle, the Forest Wolf T4000 level powerhouse from M is already waiting for the Lin family master on the high seas, the situation is quite unpromising ah.’ The white haired old man was carrying a shoulder badge, the simple badge looked ancient, like a first generation shoulder badge, even older than that.

‘Elder Yuan, should we go over and help press the formation?’ The Jiu Tian Xuan Grand Elder stepped forward and said in a low voice, and when he finished, his whole person wore a look of certain death, very determined.

The old man named Yuan Lao? The old man, who is known as the first elder? The old man was so old, but the whole person glowed with an aura that made all the innate patriarchs present feel a little sunken.

And this old man, when Lin Haojun remorselessly killed all the Eastern Japan Ninja Alliance Saint Shinobi God Shinobi celebration feast also only said a couple of congratulatory words, people did not do the scene, but today, he appeared.

His appearance, let the crowd know that the current event, has risen to another level .....

‘The warships have been dispatched, but I am here just to tell you all that the purple qi is rising in the east and the saints are returning. But purple qi this thing is something that frames pillar people, present for example you nine heavenly clan is not tainted with purple qi, there is also kunlun mountain, jade void religion, tai qian clan as well as several more mysterious and ancient sects, of course far from mentioning, for example one of the four great clans the purple family is also not tainted with purple qi ..... this in the end you all understand, of course this time is not to say This matter, I also just mention a, after all, I Chinese good hard to raise two true dragons with qi, and now this .....’ the patriarch chattered, unhurried, no one dared to interrupt, and no one dared to interrupt.

The hearts of the people were shocked at the words.

The Jiu Tian Xuan great elder even trembled as he explained: ‘Yuan Lao, at that time the incident was sudden, you also know that if the purple qi was not crossed into the body of the Lin family master, so that the purple qi was really bred inside his body, he was afraid that he really could not survive ..... and the current Jun family master, this is not what we and others would like ah .....’ Jiu Tian Xuan great elder Zhang between his words, but also did not forget to keep wiping the sweat on his forehead, only he did not even know that he was not sweating at all .....

Yuan Lao grunted and continued, ‘Purple Qi into the body and Purple Qi protecting the body are two different kinds of existence. But things have come to this, so I can’t say anything more, but what happens next, and in the future, I don’t want the martial arts world to stop acting like they did before, and let the duo of Lin Hao and Jun Wu Ren take the lead!’

The patriarch hurled his voice and randomly continued, ‘The Western European dojo has been purged by Lin Hao, and Pope Peter’s quest is also Pale’s quest! I don’t know why someone in Pale’s position would know so much about the ‘ascension’ and ‘eternal’ sayings. But the next thing I don’t want is for that to happen again, and what I just mentioned, the next event that happens is bound to be even more horrific than the Pale incident in the East, and what happens is even more horrific. Dragon Gate is not out of the world, now I appear in front of your eyes, I think you should know, what will erupt next ..... so, your mission, bear in mind!’

After the genro finished speaking, a red flag car drove up, and then a few seconds later, only the tail lights of the car were seen leaving.

The powerful people present couldn’t help but swallow their saliva .....

‘Gone.’ It was several minutes before someone spoke up.

# Super Son-in-law Chapter 1383-1384

Chapter 1383

‘The Dragon Gate has come out, and the whole world will be in chaos!’ Another powerful person spoke up.

‘It seems that the secret of the existence of the Eastern Ying Ancient Prison really can’t be hidden nowadays?’

‘What secrets does the Eastern Ying Ancient Prison have?’

‘Is the Ancient Prison of Eastern Terra really a window through the Otherworld?’

‘Is it the Gate of the Heavens?’

Seven voices spoke up and questioned all the secrets hidden inside the various sects and factions that were not brought out.

The Mouth of the World .....

Could there have been traces of their existence long ago?

‘The Daoist sects are all over the world, the orthodox as well as the side out is even more countless, there are many who know the secrets inside, these are the secrets of the Daoist sects exist. It’s just that these things have been mentioned less and less over the millennia. The first time I saw this was during the Ming Dynasty when a strong man used gunpowder to help him fly, but unfortunately, he died on the spot, and afterwards the world’s martial arts community suppressed the matter of ascension, and countless small doors and laughing schools have really left the matter of ascension behind. Of course, the so-called soaring ascension, perhaps it is hearsay, perhaps there is as said among the secrets, someone flew out of this world .....

‘However, as you know, the current technology is also able to help people out of the Earth, and there are probably some clan disciples among those who are doing it who have travelled out of the Earth on air rockets. But well, the news brought from outer space, certainly not as you want, so we have really given up on this idea, but now the ancient prison of the East is shaken,? The ground zero steak land steak Yi’er love? brought this matter up again .....

‘And just now the genro mentioned this matter again. I don’t think it’s because of the ascension matter, the genro came over just to give us a heads up so that we people as well as some old timers don’t listen to untruths and have another Cang Zhi incident .....

One of the Dragon Sect’s closest sect leaders stood out and said, his words, which conveyed the simplest meaning of the genro, could also be considered a reminder to everyone here, do not occur in the Cang incident and the East Japan incident .....

In fact, all the people present are strong, as the head of the faction said, some of their sects have also sent their best disciples out of the Earth, to investigate, all did not find also different, so the ascension of the matter at that time has long stopped talking .....

However, Cang has been persistent, and now the incident in the East has broken out.

Countless sects of old timers have started to move again, just such a feeble movement, but it has alerted the Dragon Sect!

The Dragon Sect!

The Dragon Sect, which doesn't come out of the world until China touches its root events, has now come out ..... and made a point of reminding such a phrase .....

The Nine Heavenly Clan's great elder was bitter beyond words, he knew the power of it, the Dragon Sect's deliberate reminder, from which countless messages could be revealed! But the Dragon Sect's surrender is really not something they can afford to resist!

The disaster that the Jin Yi Guards of the Ming Dynasty had brought to the martial arts world was still in the sect's admonition!

So, they dare not touch the secrets within again!

That is to say, all the secret agents previously dispatched to the East are now to be called back!

Grand Elder Jiu Tian Xuan said, ‘Everyone, the disciples of the Ancient Prison of Eastern Ying, take them all back, or else the Martial Dao Ming Extermination Martial Incident will happen again .....

‘Ai~‘

One of them sighed, but only after he finished sighing, he immediately covered his mouth, looked at everyone in shock, and then explained in a very disoriented manner, ‘Everyone, I just now, I really, I, also begged everyone .....

His voice was starting to stutter and he didn’t look like a normal person .....

#### Chapter 1384

You can imagine how frightened he was. The events of the Martial Extermination, though centuries old, were still fresh in the minds of some of the people present! Not a single person opened their mouths to tease him, and if his sigh had been heard by the reigning Emperor and given the reputation of being defiant, I’m afraid he wouldn’t have been so flustered. A hundred years had passed since the destruction of the martial arts, but the tragedy of that year was unbearable! Originally, the great trend of the martial arts flourished, was pulled out by the Jin Yiwei one by one, at that time, although some people resisted, but eventually there was no voice .....

The great trend, martial arts are going to become demons, ban martial arts these hundreds of years, everyone is at risk, good thing that later lifted the harsh rules and regulations back then, but it does not mean that now you can do whatever you want .....

And many of the new generation, after understanding the contemporary culture, but also the fear of entering the world, after all, today's society, is no longer thirty or forty years ago as slow development, but five or ten years a change, which is why some of the old antiques are not willing to come out of the reason, they think fixed words? Serve zero love zero closed love land steak? It's too powerful, many ideas are just accepted, but in the blink of an eye a few years again began to change, which caught them completely off guard and again, a few years for them, just a blink of an eye, but for the secular world, a few years can determine a person's life .....

This is a big difference when you compare it to the world. So as time went on, the more they didn't want to come out. And then just as time goes forward, their stereotypes become more and more difficult to change. It's like taking the airline incident, which at the time was a shock to the entire martial arts world, but what happened? Not many people believed it!

After all, what had been a secret for thousands of years, what they had always believed in, was now broken right in front of their eyes, could they believe it? It was as if the truth was in front of their eyes, but they didn't want to believe it either!

After all, this is their lifelong pursuit and their belief ..... however the new generation is different, they have been more or less inculcated ..... even if it is difficult to accept, they will be subconsciously forced to accept .....

'Well, this is the time to stop everyone from worrying about themselves, the patriarch has left, everyone just needs to remember the patriarch's warning! And, at this time, let's stop the infighting, a lot of petty actions have to be put aside! As for superfluous matters, don't think too much about them either, after we go back, all contact the Dragon Sect and let the Dragon Sect co-ordinate it, instead of all of you guessing here, it's better to let go and let the Dragon Sect take control, at that time everyone also put down the stigma!'

‘Yes, I think what Grand Elder Jiu Tian Xuan said is good, then you will be able to explain to your ancestors, after all, that group of old fogeys, if we usually say let the Dragon Sect take charge, they will scold me for deceiving my master and betraying the clan! This time to say, even if they do not accept, but also do not dare to refute, after all, Ming extermination martial incident, there is always someone inside experienced!’ The elder of the Tai Xu Sect stood out, stroking his beard and seconded the motion.

The Jiu Tian Xuan grand elder glanced inside and saw that it was the Tai Xu Sect headman Dao Qian, he was also quite surprised, this is a senior member of the stubborn faction, but now he is the first person to stand out and take a stand, perhaps it is really under the general trend, everyone wants to seek a chance to live .....

The first thing you need to do is to get a good idea of what you are getting into.

After the crowd had deliberated, they returned to the previous venue. Lin Hao and Jun Wu Ren were jarred with purple qi, and although their cultivation had risen greatly, there was a downside to this, and that was that the path to pursuing the heavenly dao had been directly cut off!

## Super Son-in-law Chapter 1385-1386

### Chapter 1385

So, purple qi is something that many ultra-orthodox daoist sects and sects with thousands of years of heritage do not touch .....

However, well, qi luck is something that they view with mixed feelings, but they all have it and suffer, but do not have it and do not seek it .....

Nine days Xuan Tong’s eyes were red as he looked at the returned Eldest Elder and asked softly, ‘Eldest Elder, are you being summoned for the matter of the Lin family head?’

Jiu Tian Xuan was too anxious to ask directly like this in front of all the sect masters and elders, causing the crowd to lose their laughter, and the Grand Elder of the Nine Heavenly Clan was also embarrassed, he pulled Jiu Tian Xuan aside before speaking this time, 'You guessed well, but the situation is not as simple as one might think, you are the most highly regarded disciple of the sect for a thousand years. I need to tell you about what the empty door came today, but after you know, I'm afraid that when you return to the sect, this will be a few years too short to go out, and a few decades too long or even longer to be in the world.'

'What!' Jiu Tian Xuan was shocked, the words inside the Grand Elder revealed a lot of important points, which were all confidential parts. She knew what kind of status she was, just the thought of not being able to go out in less than a few years or even decades, her heart was empty, not to mention that it might be like the Great Elder, never leaving the mountain for the rest of her life, the thought of it made her heart twinge a little, at the bottom of her heart, there was a great and majestic figure that she couldn't linger for a long time, even the more she tried to expel it, the more that voice and shadow occupied the position Solid .....

'Well, the matter has come to this, you know it well in your own heart. When the Dragon Gate comes out, all doors will be closed! When the jingyi go through the night, all dao will be extinguished! The greatness of which you have been inculcated with.' Grand Elder Jiu Tian Xuan said.

Jiu Tian Xuan nodded, the Dragon Sect coming out was no longer a matter of the martial arts world. The martial world, no matter what era it was, was at the bottom. No matter how powerful the martial world was, in front of the dynasty, it was still just a piece of an outer and strong strand of existence.

'I just don't know if I can see Madam Lin healed.' Jiu Tian Xuan suddenly shifted his mood, no longer sad, but relieved. Inside this relief, full of sadness and likewise written with worry now .....

This made the Nine Heavenly Clan's great elder's heart grip.

Since ancient times, the word love is most difficult to understand.

I don't know where it starts, I don't know where it ends .....

She is now like this, and she is still concerned about the other party's wife's health problems, this thing ah, it is really inscrutable .....

'Then let's wait and see, whether we can wait or not depends on how the Lin family head's side is handling it.' The Jiu Tian Xuan grand elder said softly, he could only help Jiu Tian Xuan up to here, after all, many things, it is not something that he can dominate .....

The purple qi in the sky is slowly disappearing, which means that Jun Wu Regret's body injuries are going to recover almost, and also because of this, the cultivation level will directly reach the middle stage of the Grand Master .....

The purple qi as well as the qi luck two? The two are different. The two are not the same, the qi luck is something invisible and untouchable, it is the trend! The actual fact is that the purple qi is something that has been around since ancient times and is also a terrifying gas that can be stored by those who have great qi luck in the world!

After all, it is written in ancient texts that the Purple Qi comes from the East!

Some say that purple qi is the exhalation of the dragon, others say that it is the exhalation of the morning sun, others say that it is the gift of imperial power from heaven. Purple qi is so mysterious and unpredictable that no one has been able to truly fathom it .....

On the Bund of Tianhai, the patriarch stood outside the red flag car, quietly listening to the report of his men. 'Oh, it seems that this group of people, who have experienced history, still have some eyesight and do not need to strike again at all, which is good.' The patriarch nodded lightly, his majesty was unruffled.

#### Chapter 1386

He pondered for some time and then asked, 'What is the situation over at Lin Hao's side? There's also Jun Wu Ren. I'm afraid that Lin Hao's strength has already reached the middle stage of Grand Master, and his combat power is perhaps not weak compared to the end of Grand Master. Jun Wu Regret has also reached the middle stage of Grand Master, right? I never thought that after only seventy years of the Dragon Raising Project, two giant dragons would have been raised.'

'This is quite an unexpected pleasure, unfortunately. If it weren't for this group of clans messing around behind the scenes, the future would be even harder to anticipate, but so be it, these two are being able to make an unearthly achievement in the present!'

Yuan Lao continued, 'I am more at ease with Jun Wu Ren than Lin Hao. After all, Jun Wu Regret grew up highly nurtured, also once spent time in the army, for the motherland's allegiance is urgent, this Lin Hao will seem a bit too heavy family relatives concept, some trouble .....

'Genro, this isn't really a problem. From the incident in East Japan, we can see that Mr. Lin's allegiance to his motherland is also urgent. Although General Jun was crossing from

the Sea of Heaven to save Lin Hao in East Ying, General Jun also broke the shackles from East Ying and advanced to Grand Master, and word later came that it was also thanks to Mr. Lin. Later on, General Jun invited Mr. Lin to be generous as well, and the two of them decimated the power of the holy ninja shinobi of Eastern Japan, showing that the country occupies a considerable part of Mr. Lin's heart as well! His subordinate said in a strong voice as he stood in military stance with a capable posture.

The genin nodded, not sure if there was a smile within his voice, 'These are evident from Lin Hao's life experiences, but he takes his love for his children too seriously .....

His ministry pondered.

I am afraid that Lin Hao's love for his wife is known to the whole world. The fact that he and Shen Xi Yan's experience, even TV dramas do not dare to act like this, but in reality, it really happened, I have to say, as a soldier of iron blood, when he saw such a scene of tenderness, deep inside the steel will, is also soft, such a bitter heart, through all the hardships, who will not be touched by seeing the heart! But how to say it, he is a soldier, some things seen can only be hidden in the heart ..... them, guarding the gates of the country, protecting the people, is their natural duty!

'His private life is not our over power to intervene, now we have to solve the matter is the battle of the high seas. Decades of peace are now in jeopardy! But don't worry too much, the high seas shouldn't be fought, everyone is just shining their muscles.' The genro went on, then ordered, 'Order down, all of Dragon Gate on standby! And that is, the situation on the high seas over in Western Europe, no matter what, no one should back down!'

'Yes!'

The dark night was dark and the sea ? Shanshan served the western errr whisk ?  
The water lapped against the riverbank.

The night was silent, and what was happening in the Sea of Heaven was undetected by the reconnaissance of any kingdom organisation in the world!

Inside the Toulouse banqueting house, some suspicious people are making a fast and nervous retreat!

‘Run away! Elle! If you finish walking and are left behind by the surveillance, you’ll be court-martialled!’ A blond-haired man lowered his hat and shouted to the secret service agent beside him.

‘I know, but I was seen by a junior half-orc on the other side, and my got rid of him!’ Al shouted in a stifled voice, he was holding his breath, inside the normal day, the little Orcs, they didn’t care at all, but just now the order came from the top to retreat with all hands! No one was to linger or leave a trail, or they would suffer the consequences!

## **Super Son-in-law Chapter 1387-1388**

Chapter 1387

And the consequence of that is a court martial!

‘I heard that’s Lin Hao’s newest henchman, Charlie. He’s a celebrity, not weak in his own right, and now that he’s become a half-orc, I’m afraid he’ll be even stronger, Al, be careful!’ The voice warned again!

‘Damn it!’ Al cursed, he thought this was just a little bastard, but he never thought there was such an identity, damn it! He knew that his companion would never swindle him at this time, but telling him this information at this time was not making him feel even worse, damn it!

‘Where the hell do you think Lin Hao went, why can’t I contact him all the time!’ Shen Xiyang grabbed Gu Yue’s hand and asked in a somewhat anxious manner.

In fact, she knew in her own heart that Gu Yue might not know where her husband had gone either, but she didn’t know either, she was nervous .....

‘Xiyang, Lin Hao will be fine, you don’t have to worry! Besides, haven’t you been away for so long before, and now you can’t get in touch, you must have encountered an unexpected incident, don’t worry, just like Lin Hao, how could you not be able to find him? You two are like glue, and somehow you never get tired of it, unlike the one at home, who can’t be found as soon as he goes into a trance.’ Gu Yue comforted Shen Xiyang and said.

Wang Shufen’s concern about Shen Xiyang? The first thing you need to do is to get rid of it. Heart, long accustomed to it, she was looking around and taking pictures. When she saw good looking and delicious, perhaps precious food, she would take pictures down, Leng Qiu Ya did not come, but she would definitely share it with Leng Qiu Ya! Let her envy her!

When Wang Shufen thought of the envious look on Leng Qiuyang’s face when she learnt that the castle would be Shen Xiyang’s castle, she could still remember it vividly. At that time Leng Qiuyang had a face of envy .....

‘The actual fact is that you are too easily suspicious. The actual fact is that you’ll be able to get a lot more than just a few of these. He is probably attending some noble meeting right now. I’m a little excited just thinking about it, Xiyan, do you think Hao’er can get you a noble status as well?’ Wang Shufen was also excited when she said that she would get Shen Xiyan a noble status as well. Before she was upset, but after staying for a long time, through various comparisons with the old ladies inside, finally she was aware that there are high and low ranks within the nobility, look at the senior nobles on the left under Lin Hao’s stand before, their status is quite high, their women, when they enter the arena, the whole room will look at them, the focus of everyone .....

‘Mom, didn’t you turn your nose up at these things before, why are you hanging on to them now!’ Shen Xiyan said with some anger, although her heart’s anger has now subsided, but the thought of these people had despised her husband before, it is still heartily displeased!

Wang Shufen was smiling, with a faint fragrance of wine at the corner of her mouth, holding a glass of Lafite 82, when she heard Shen Xiyan’s angry questioning tone, she hurriedly put down the glass in her hand, and the old ladies from abroad around her also immediately retreated. Although they didn’t understand Chinese, they were very good at reading people’s minds! After all, these women are women of nobility, who have grown up in a society of intoxication, deceit, and masks, and if they didn’t have some eyesight, they wouldn’t be able to attend the top parties .....

#### Chapter 1388

When Lin Hao’s terrifying identity was revealed, all of a sudden he became the real centre of the banquet! It was no longer a personal banquet that everyone had mistakenly thought was a joint venture between the Gaelic family and Bastian under one name, but a real celebration of this Chinese man becoming a nobleman. They were shocked to learn that they could not reach Lin Hao, but they could reach Lin Hao’s wife’s mother. So they racked their brains and came to fawn over Wang Shufen .....

So Wang Shufen became the most popular person at the banquet, and she instantly enjoyed the treatment of a queen, and then gradually inculcated and became what she was just like .....

‘Xiyang, I was wrong .....’ Wang Shufen hurriedly shouted and began to explain vigorously, ‘I was misled by them! Xiyang, you know, mum has .....’

‘Okay, mum, I know what’s going on.’ Shen Xiyang interrupted Wang Shufen’s self-blame, her heart all set on Lin Hao again .....

Wang Shufen hurriedly scolded at the women around her, ‘Get out! All of you get lost!’

Each of those noble ladies dared not speak and slinked away. They could see that Wang Shufen had used unkind words, but they did not dare to retort, let alone speak out against and reprimand .....

After all, only just now what happened before is still fresh in my mind ah ..... even the people of the four big families spoke out to refute, and then all were directly kicked out of the family by their own family head ..... what about them, what can they take to scream?

‘Xiyang ah, mum just now is ghostly.’ Wang Shufen said with a smile.

Shen Xiyan nodded: 'It's okay, mum.' The first thing you need to do is to get a good idea of what you're doing. ....

The border of the Garonne River.

Lin Hao chasing after the Iron Wings T3000!

Inside his line of sight, the Iron Wings T3000 was about to reach attacking distance.

The Steelwing T3000 also felt the oppressive feeling of Lin Hao's kill!

'How is this possible! He's simply too fast! If I hadn't played a trick on the Vampire King and used him as a delay, I'm afraid I wouldn't have had the chance to escape the scene! Damn it!' The Steelwing T3000 was in a frenzy!

'I've got to go faster! Otherwise he'll really catch up with me, and once he does, I'll be dead for sure!'

'I don't care about world unrest, all I want is to live!'

Steel Wings T3000 eyes fierce? Closed steak er west closed intention closed Shan? , he stared ahead with a grim look on his face.

Flapping his iron wings faster while feeling Lin Hao's speed, time passed, and he got closer and closer to Lin Hao!

'There's no way to run away!' The Iron Wings T3000 looked unbearably ugly.

Following his gaze, the open sea area was just ahead of him, just another two minutes or so of flying and he would be there!

And he could clearly feel the powerful aura of the Forest Wolf T4000!

'I definitely can't die here, good thing I still have one move left!' The Iron Wings T3000 thought quickly in his mind, he knew that if he used this move, he would be a sinner of the M-Mechanical Corps, but between life and death, what was great righteousness? It was they who had abandoned them, not he who had rebelled against them!

## **Super Son-in-law Chapter 1389-1390**

### Chapter 1389

Having convinced himself, the Steelwing T3000 called out to Lin Hao who was about to catch up with him, 'King of China! I know where the other half of the Heart of Regeneration is!'

Lin Hao sneered, the Vampire King had already said it before he died, Lin Hao didn't need to repeat useless messages, instead he sped up once again, he sneered at the Steelwing T3000 and said, 'I know where it is, you save it for hell!'

The black breath turned into a stream of light, and the endless violent power slammed into the Iron Wings T3000's iron wings, a momentum that wanted to destroy them directly!

Steelwing's iron wings shook, then gritted his teeth and lifted his body upwards, but with this delay, his speed dropped considerably, so he had to fight Lin Hao face to face!

'This can't be! This is classified!' Steelwing was first shocked, then snapped, thinking there was a trick here, but by the time he realised that perhaps there was a trick, it was too late!

'Confidential? Ridiculous!' Lin Hao sneered as he once again blasted his fist out!

With a sonic boom, the air slammed down on the Ironwing T3000. The Ironwing had a keen sense of smell and sensed that this punch was so terrifying that it could directly threaten him, so he dodged back again!

The corners of Lin Hao's mouth lifted, I must say, this M country's mechanical technology is really good, whether it is speed or acuity, are much stronger than the general middle strength of the Grand Master, but unfortunately, he in front of himself, nothing!

Perhaps it was because he had sensed something in the dark, at this moment Lin Hao already knew that he had delayed for a long time, and he was now more anxious mentally!

He was in fear that Shen Xiyan would be anxious if he couldn't see himself for a long time. Just as he feared, at this moment Shen Xiyan is very anxious, looking around for how he can contact Lin Hao, only the more he looked, the heavier the worry in his heart, the more he panicked .....

Lin Hao can't see, if Lin Hao could see, I don't know what kind of scene it would be .....

'When you used the vampire king as bait, he had already revealed these things to me!' Lin Hao looked at the Iron Wings T3000 with cold eyes, teasingly.

When Lin Hao said these words, Steelwing T3000's entire face darkened, he hadn't expected at all that the Vampire King had even kept a hand! Damned stinking bat, he didn't forget to punk people when he died!

'King Huaxia, you can't kill me!' The Iron Wing T3000 roared.

Lin Hao looked at him with a smile, a smile that carried an endless killing intent, looking at Steelwing T3000's entire being, he was terrified, but he still forced himself to play it cool, because he knew that the more scared he was, the more likely death would come in the next moment!

'I can get that half of the regenerating heart from the Wolf of the Forest for you! You have to trust me!' Steelwing T3000 shouted with all his might, while not forgetting to dodge Lin Hao's killing move that came lightly!

Lin Hao was flippant and effortless, but he was emotionally tense at every moment, afraid of a single accident .....

Because once there is a hint? The reason for this is that if there is even a slightest? A little accident, that is death!

‘You can for me? Oh.’ Lin Hao laughed coldly, then his body lashed out, fiercely blasting out with a powerful wave of sound, forming a perfect silver moon arc, like a scimitar, swinging and chopping down, cutting the air into two parts!

Chapter 1390

There was a faint cracking sound in the air.

‘King of China!’

The Iron Wing T3000 snapped his eyes open and shouted. But the blow still left a heavy mark on top of his iron wings!

The sound of mechanical destruction ‘Zizi’ sounded out, and although no pain appeared inside Steel Wing T3000’s body, the huge iron wing that fused into one still made him perceive a terrifying danger .....

Just one move made him feel even more stressed and in crisis than if he had endured three moves from Pope Peter!

Of course this is all because when facing Pope Peter, the Mechanical Legion Research Institute inside is researching a new move, that is the defense shield! At the same time it just so happened that he was able to load it, and it just so happened that he got an experiment at the hands of Pope Peter, so he was able to get away with it against Pope Peter? Serve Wuyishan Wuxishan er? Pope three moves without defeat .....

But now that his defensive shield energy has been used up, he can now only resist Lin Hao's attack hard! It was only then that he could not accept it!

'King Hua Xia, I really can! If you don't believe me, I can give you a part of my core chip! That part can manipulate my main brain!' The Iron Wing T3000 looked at the huge iron wing in the midst of destruction and said through clenched teeth!

Between life and death, he chose betrayal!

Lin Hao's attack didn't stop, his killing intent was strong and he wouldn't listen to any of the M's words.

Steel Wings looked at Lin Hao and did not stop attacking, clenched his teeth and directly pulled out a chip-sized object from his abdomen, when this object was taken out of Steel Wings' abdomen, his entire huge body seemed to lose power directly, no longer sensitive, but shaking, a lifeless look .....

Lin Hao frowned slightly at this.

‘Even if you gave me this, what use would it be to me?’ Lin Hao said with a cold smile while asking rhetorically, ‘If you were able to dominate the Heart of Regeneration, I’m afraid you would have already died in my hands and I would have already gotten it, so that means that you have no power to arrange matters for the Heart of Regeneration! You are nothing more than a discarded pawn, no matter who it is today, no one considers you a person! Your life or death is of no consequence! You are of no value to me!’

‘I do!’ Wings of Steel cried out in anger!

He felt the eerie coldness of death wrap around him, a moment he had never felt before in his life, and he could hardly bear it!

‘You have? Then tell me, what are you worth?’ Said Lin Hao as the attacks on his hands didn’t stop, those punches blasted out, all with the force of a Grand Master!

And with great precision they all struck the huge iron wings!

Panic, fear, filled the Iron Wing T3000’s mind, he was beyond anxious, it was too overwhelming! He cried out for mercy, and although Lin Hao intended to give him time to talk about his usefulness, the attacks at hand never stopped, meaning that he was nothing at Lin Hao’s heels!

Damn the mechanical legion, sending him to Western Europe to die!

It had been so hard to get to this position step after step, and to get the true heart of regeneration for the Mechanical Legion, but once he was done using himself, he just threw it away! He was all resentment in his heart!

‘The value of this chip is unparalleled! Although it can only control half of the machinery inside our bodies, his research value is incomparably high! The Dragon Sect of China has been seeking a breakthrough in this direction! Of course they are disdainful of mechanical technology, but a powerful mechanical army can cause them some trouble. It was because the mechanical legion was so powerful and seemingly flawless that it gave them a headache. If, and I mean if, you let me go, I can tell you the other layer of secrets in the chip!’ The Iron Wings T3000 removed several parts from inside his body, these were the monitors! Of course the reason he dared to remove these was all because his core chip had been removed for him, if he hadn’t removed this he would have died before removing these monitors!
