

Super Son-in-law Chapter 1531-1540

Chapter 1531

Lin Hao held Shen Xiyan's hand and said cheerfully with a smile on his face, 'Just happy because I've had this blue drink before and felt sure that you would like it, and I never thought that you would really like it. If you like it, you can drink more.'

'The owner of the castle is not a petty person.'

Shen Xiyan gently slapped Lin Hao's hand, meaning, how dare you say such things, making it sound as if the couple hadn't eaten anything.

'Hello sir, my husband is not usually such an out of shape person, he probably feels that he has a good relationship with you, that's why he is so wild as.' Shen Xiyan spoke up and explained for Lin Hao.

Lin Hao was indifferent, picked up the device blue star river jelly bottle and poured it inside Shen Xiyan's goblet, although Pope Peter already knew in his heart comforted himself a good meal, but watching Lin Hao take it so seriously and pour it inside Shen Xiyan was, also the eyelids were violently jumping.

But thinking about Lin Hao's wife's words, and the words of the Chinese themselves, only then did Pope Peter find a shred of solace, and then eyeing the other fruit meat, holding a knife and fork, slowly and skillfully operating, one bite into his mouth, very poised and polite.

Lin Hao all but ignored it, taking the wine glass and pouring it into Shen Xiyan's mouth, afraid that Shen Xiyan would drink less.

In fact, he did not know that after the effect of this stuff on human body transformation was carried out once, the subsequent effect would not be great, the biggest effect was to restore the injured body, of course, Pope Peter did not have the opportunity to explain, and saw that Lin Hao liked it so much, in addition to his wife also seemed to like this.

Shen Xiyan likes to eat sweet and sour things nowadays, and she is pregnant, so she eats a lot, Lin Hao just quietly watches Shen Xiyan eat, but in order to avoid Shen Xiyan's embarrassment, Lin Hao will also eat a few bites from time to time.

Of course every time Shen Xiyan wanted to eat a new variety, Lin Hao would give her a taste in advance and only after Lin Hao had eaten and felt nothing was wrong would he hand these to Shen Xiyan.

As Pope Peter watched all this, he transmitted a voice to Lin Hao and said, 'King of China, I can sense that the child inside your wife's womb possesses a powerful vitality, and I can feel that after he or she is born, he or she will definitely be very strong too, much stronger than the average human being! It might even have the potential to directly surpass your wife's physique!'

Lin Hao was directly shocked at what he heard, directly entering the Ascended Patriarch?

Wouldn't that be under ? er Aiyen er Shan Yi Wu er ? A son of qi luck would be him ?

Lin Hao is somewhat uncomfortable accepting this, he would rather his child be like normal people, not having to carry too many things, live his life quietly and happily, doing whatever he wants, not needing to be kidnapped by too many things to.

'I feel something too, but it's not as clear as yours.' Lin Hao nodded in response.

Pope Peter nodded his head slightly, the King of China was powerful, except that there were specialties in the art, he might not be as good as him at sensing this piece of the body, but he still had a general understanding of the situation.

'But your child's physique will be similar to your physique, a very normal strength body. By replacing it with a strength body, I am differentiating between you and your wife!

'In simple terms, it means that your child will be able to live for hundreds of years while your wife can't, for the same Ascended Master.'

Lin Hao smiled bitterly, didn't Pope Peter bring this out three times just to caution him about something, Lin Hao looked at Shen Xiyan who was eating seriously.

He already had it in his heart to go and seize the other half of the regenerating heart, and now that it was mentioned again and again by Pope Peter, it made him feel too urgent to put it on hold.

After all, his own child was so powerful, and as he or she took shape, the more energy he or she would draw on by then, I was afraid that Shen Xiyan would not be able to provide enough by then, or would encounter any accidents when he was born, all of which Lin Hao did not want to see.

‘The forbidden area in M, is it really difficult to enter?’ Lin Hao enquired.

Pope Peter pondered for some time.

‘With the strength between you and me, there are only a few places in this world that we can’t go to nowadays, and this includes the forbidden zone number fifty-one in country M. There are different creatures from us imprisoned there, and there is a deal between the Holy Lord and it, what this deal is, the Holy Lord hasn’t said anything to me!’ Pope Peter spoke up.

‘The Holy Lord?’ Lin Hao frowned and repeated.

‘Yes, it’s an existence that transcends the T4000, a true T5000 level, that’s another level of power, I don’t scorn him in Western Europe, and although I can draw on power in M, I don’t dare to fight him to the death.’ Pope Peter replied seriously.

Lin Hao looked up and glanced at Pope Peter, just as Lin Hao had guessed, in Western Europe, Pope Peter was the strongest existence!

But to his surprise, his strength could also radiate to M. But come to think of it, in the western world, Pope Peter's church dojo, was still quite powerful.

It seems to be a troublesome thing!

'Husband, there is a very wonderful feeling inside me, a feeling I can't get on at all what kind of feeling it is, but it's very soothing.' Shen Xiyan looked at Lin Hao and spoke with some embarrassment.

After all, there were still outsiders around.

Lin Hao smiled, naturally it was a feeling that he already knew, that was Shen Xiyan had advanced to Innate Patriarch, and then coupled with this feeling made her? Close the cover and wait for the steak to follow the flicker? The child in her abdomen had also changed, so it was clearer.

'This is the feeling brought on by the digestion of these fruit and meat drinks just now, don't worry about the problem in particular, I also have this feeling.' Lin Hao answered.

After hearing this, Shen Xiyan also let out a sigh of relief in passing, after all, she was quite afraid that she would have problems right now, after all, if something

went wrong with her, it would go wrong with the child, which was something she couldn't accept.

After bidding farewell to Pope Peter in the Sky City, Lin Hao took Shen Xiyao back to Golefant.

Boris, Finkin-Gate, Basti, Avril and the others were all upset when they found out that Lin Hao was leaving, but all knew that they could not keep Lin Hao from staying.

Chen Shanshan looked at Lin Hao from a distance, her eyes drooping with tears, knowing that this meeting might be the last, Mu Chen was not well by her side, quietly looking at Shen Xiyao, and when they met again he did not know that he would not even have the chance to look up at her again.

Lin Hao's domineering identity, his terrifying strength, were already all existences that he didn't even dare to think about facing.

'Mu Chen, do you think we'll ever meet with them again?' Chen Shanshan couldn't hold back her tears and choked on a sob.

Mu Chen's voice was hoarse, 'Maybe we will never go there again. After Lin Hao and Shen Xiyao's identities were revealed, they are both existences that we can never touch again

Chen Shanshan couldn't help but feel pain in her heart at her words, never to see each other again, right, her brother Lin Hao appeared from her world and then disappeared again. I thought coming to meet in Western Europe had given her a glimmer of light in her heart, but now looking at the couple, Chen Shanshan's heart ached and could not breathe

Super Son-in-law Chapter 1533-1534

Chapter 1533

'We will never meet again, I will never return to that place, I am afraid I will walk through the streets before, I will not be able to hold back the tears, I will not be able to hold back the memory of every moment and every moment' Chen Shanshan could no longer hold back her emotions and began to cry bitterly.

Mu Chen looked at Chen Shanshan, his face was ugly, he glanced towards the sky, gritting his teeth to keep from making a sound, without Chen Shanshan's rendering, he probably wouldn't have had such a hard time, he leaned against the wall, covering his heart, unwilling to look in Lin Hao's direction, while muttering out of the corner of his mouth, 'Bless you!'

Somehow, Jenny appeared after Bob, who hugged Jenny and gently patted her back, giving her a fatherly comfort. She could feel that Jenny had a place for Lin Hao in her psyche, but nowadays, Lin Hao, who could afford to climb high?

Besides, he and his wife, so in love with each other, I'm afraid no one else can enter his heart.

In his heart, there should only be one woman, and that is Shen Xiyan!

After all, if he didn't truly love so deeply, why would he take a big risk.

The more one gets to know their love, the more one knows that their love is not easy to come by and is very touching.

Bob said softly, 'Jenny? Chia Ai Wu Di Chia Di Serve Xi? , Lin Hao is a very good husband, he is also very happy now, do not need you to worry.'

'I know, ' Jenny whispered, her teary eyes looking at Lin Hao with the figure, she didn't know why her heart hurt so much

'But daddy, my heart, it really hurts, it hurts a lot, ' Jenny whimpered

Bob also looked at Jenny with difficulty, his worst fears were still happening the way he feared, just think about it, with Mr. Lin Hao's charm, who wouldn't fall in love with him after being in contact with him for a long time

However, he is married and loves his wife

No one can enter his heart, just look at the scene, there are several women at the moment are very depressed, painful

Love is a thing that does not know where it begins or where it ends It germinates slowly in the heart of a person, eventually becoming a huge tree, and then alone, with the seasons, the tide rises and falls, and the leaves fall away

Bob didn't know how to comfort Jenny, he could only follow Jenny's gaze, expecting Lin Hao to leave sooner, and Jenny to escape from such a difficult inside, he was ready to sell the family property, or give it to someone else to take care of, he was ready to take Jenny to travel with his wife, leave Western Europe, go somewhere else for a while, and then once to comfort Jenny's wounded heart

Bastian looked at Avril's look, his heart seized pain, but there was nothing he could do, he also had a hard time, good people are a big brother, he was so gone, he came and went quickly, took away the supreme honor, but also took away his endless hope

Finkin Gaiter looked at Lin Hao's figure, he wanted to follow Lin Hao to China, but was rejected, he was very difficult.

'Dear Mr. Lin, I really want to follow you all the time, but unfortunately Mr. Bigier told me that I am a complete waste and cannot follow you, when I heard this, it was quite hard for me, but I also know that I really am a waste

'Mr Bigil told me that I might never see you again in my life, I really want to go up and give you a hug now, but I'm afraid to do so again

‘Beautiful China, I really want to go there, but it seems that I am not allowed to go to China’

Finkin Gatt murmured as he looked down.

Bastian looked over towards Lin Hao, who grabbed Avril’s hand and gave her a shoulder so that she wouldn’t weaken and fall to the ground from crying

At this moment, Avril was crying uncontrollably

‘Sister, don’t cry, Mr. Lin is the man you’ll never get, and as you know, he loves his wife more than anyone else’ Bastian said soothingly.

Avril listened with tears not knowing if they were moving or painful straight down

‘I know, I know brother Lin Hao will be happy, but I don’t know why, I just can’t stop the tears from flowing, Bastian, tell me why that is’

Bastian had a bitter look on his face, how could he ever not know this feeling?

He was a young man too

‘Avril, well, stop looking, leave, you’re probably not fit to join the workforce now, I suggest you go out for a trip and take a break’ Bastian whispered, heartbroken.

Avril nodded slightly, looking at Lin Hao’s distant back, looking pained, tears struggling and unable to stop flowing down the moment Lin Hao stepped into the car

The moment Lin Hao stepped into the car, as if he sensed something, he looked back and saw countless familiar people, saying goodbye to him, he smiled and waved his hand, he saw Jenny, a kind girl, she was the one who had awakened his will when he was lost to despair on the streets before

She should not be able to let go of herself at this moment, she can’t help but shed tears, little girls are just childish, just lovely, just kind, bless her for being so innocent forever

I also hope that she will not meet the dark side of the world again, but think, maybe she will never meet it, adversity Boris has promised himself that he will take good care of the security of Toulouse and will take special care of Bob’s family

Of course not only Boris, but also Charlie, and Bigir, and the Giant Eagle King, and Pope Peter, they all will not let their face be disgraced here

Thinking of Pope Peter, Lin Hao looked towards the sky for a ? Lu Shan Wu Pao Shan Serving Pao Xi ? eyes, that guy, Pope Peter, is probably expecting himself to go to the East Japan, after all, that is the place he dreams of

But the matter of going to the ancient prison in East Ying, Lin Hao will slow down a bit, there are still many things to deal with on the Chinese side, Jun Wu Regrets talked to him on the phone and told him that the Dragon Gate is a bit weird nowadays, and that he is a bit scared of the people inside because of his unique identity

The reason for this is that there are a large number of people in China who are Innate Patriarchs and Innate Patriarchs with great success, but there are no Grand Patriarchs, but what about Jun Wu Hui ?

He may not have enough substance, but his strength is definitely a lever, can they not be afraid ? Even if they had advanced to Grand Master, in front of Jun Wu Regret, they would not be enough

After all, in the face of absolute class strength, even the strongest underpinnings seem insignificant

In said Dragon Sect, today I'm afraid the strongest should be Yuan Wu who was forced to advance, but after fighting together with Yuan Wu, although Lin Hao knows that Yuan Wu is not weak, but there are some problems with Yuan Wu's lifespan, and it is expected that he will have difficulty supporting the big picture

Super Son-in-law Chapter 1535-1536

Previously, Jun Wu Ren aspired to the Dragon Gate, treating it as the supreme temple of his life, but looking at it now, it is clear that Jun Wu Ren is somewhat beginning to be less bold to give him all his back

Too much strength can, at times, be a problem

Of course it is for Jun Wu Regret, but not for Lin Hao

Because all the problems that Lin Hao had to solve, are solved now? Dyeing Lu'er to cover up the West Earth'er? He himself is a Grand Master, Shen Xiyan is also an Innate Master, the future child is even born Innate Master, such a privilege, such an existence, perhaps only one, I'm afraid

The two of them did not talk much on the satellite phone

Looking back at Goerfant, Lin Hao waved his hand, finally leaving, everything seems to have started here, and now it has ended here, a journey, he has gained a lot, grateful and thankful

He looked at Bob again and said through his voice, 'Thank you Mr Bob for taking care of us, now we are leaving, we have come to F to experience so much, everything started and everything ended here, thank you and thank you Jenny, I know you don't want me to disturb Jenny so I won't say goodbye to her, thank you for your hospitality, if you come to China, please let me know in advance, I will personally greet you then

Bob looked at Lin Hao in shock, then looked around in horror, found that Lin Hao spoke in a voice that only he could hear, Jenny did not respond at all, the whole person looked a little confused, and likewise deeply shocked, the means of people, can be so powerful to this extent, really is the strength of the person!

Terrible as

Boris nodded his head to indicate that he knew, except that his gaze was still on Lin Hao, like he wanted to spy on something, and like a serious farewell, like a farewell between old friends

After saying goodbye to Bob, Lin Hao looked at Bastian and then at Avril, a scene from the past appeared, Lin Hao shook his head and rubbed Shen Xiyan into his arms, Shen Xiyan could not help but look up at Lin Hao's handsome chin, smiled slightly and said sweetly: 'Honey, what's wrong? Can't let go of this place? Why don't we stay for a few days

Looking at Shen Xiyan's understanding smile, Lin Hao smiled, stay a few more days? I'm afraid the whole of Western Europe will go crazy, they dare to let themselves stay a few more days? Not Lin Hao no matter to, but they have given a big ultimatum, of course not violence is also expulsion, but also hope that Mr. Wang of China to leave Western Europe, the tone is scornful is afraid

Lin Hao in order to not let them panic, also do not want because of their own cause their side of the people appear any problem, so choose to promise them

I'm afraid that Lin Hao is the only one who has made dozens of kingdoms afraid

After all, advancing to the peak of the middle stage of the Grand Master and having a big battle break out here scared a lot of people half to death

If Lin Hao doesn't leave, they can't sleep or eat

'No need, I'm actually quite homesick for my sister

Lin Hao looked at Shen Xiyan with deep affection and said seriously.

'Mm-hmm, then we will go home right away to see sister, sister can worry about you, only you because of too many things, surprisingly little chat with sister, listen to sister's tone, sister will definitely go home to clean you up!' Shen Xiyan said gloatingly.

Lin Hao touched Shen Xiyan's head, Shen Xiyan rubbed inside her palm

'Bastian, the cooperation with your family, I have already ordered down, you are my designated partner, your business talent, I have seen it, I appreciate you, I hope you won't let me down! Of course, as for Avril, you comfort her well

Lin Hao said at the end, his voice was low, he saw that Avril looked down, this is something Lin Hao did not expect, but then again, he felt that he could not help

Bastian looked incredulously in the direction of Lin Hao, then looked left and right, and found that it seemed that this sound and shadow was the only one who heard it, and once again looked at Lin Hao in shock, such a ghost? Shanshan er shade er shade Shanshan? Phantom tactics, really unbelievable ah

Bastian nodded his head fiercely and mentally packed his bags, must rule the entire Western European electricity system, must let the great Mr. Lin know that he was not wrong about himself, he is a business genius!

At the same time he looked smugly at Finkin Gatt as he watched Finkin Gatt looking at Mr. Lin with a dazed look on his face, as if he had not gotten a solitary transmission from Lin Hao Just as Bastian was slightly smug, Finkin Gatt looked at Lin Hao with a bewildered look on his face, and then looked at him with unbridled excitement.

‘Finkin, after I leave, take good care of the Bob family and never let them get hurt, understand?’

Finkin Gatt nodded frantically, Mr. Lin had actually sent him a voice alone, and no one around him seemed to be able to hear it, he looked over to Bastian and looked at Bastian with a lost look of excitement

Finally, Lin Hao glanced back and then left straight away, this city brought him many memories, but now they were all going to be scattered, he was going to leave and return to his hometown

He also saw Chen Shanshan and Mu Chen, these two people can only be seen in the story in the future, in the years to come, they should not appear again

The place of Chen Shanshan in the heart, still erased almost, some things, happened is happened. And his and Shen Xiyan's, in his heart, only seems to have just begun

‘It’s over

Lin Hao murmured, looking down towards the Garong River

Tianhai.

Jun Wu Regret Hou Yijun couple and Mo Tianji Lin Qingcheng couple inside a more classically decorated cafe, Lin Qingcheng from time to time look back, to look at the street, the street did not have a hint of ringing, Lin Qingcheng all thought it was Lin Hao came, but every time she looked, it would bring out a hint of disappointment, but every time she looked, it would make her see hope

Mo Tianji's heart is depressed beyond measure, he grabbed Lin Qingcheng's hand and used this to comfort her, but Lin Qingcheng continued as usual, this has been going on for more than two hours, he is really afraid that Lin Qingcheng's neck can't take it, by the time big brother has not returned, his wife's neck will have problems

‘Qingcheng, they will be here soon, don't keep looking like this, your neck will not be able to take it

Mo Tianji finally couldn't help but advise.

Lin Qingcheng shook her head and said stubbornly, 'I'm fine, nothing is wrong with me at all

The feeling that her heart had been bursting before, she just couldn't take it anymore, like this feeling, she had already endured several times, each time, it was a devastating blow to her, above this world, her closest relative was only her brother Lin Hao, of course now there is an additional husband, Mo Tianji, but blood is thicker than water, this kind of kinship, there is no substitute

Mo Tianji heart incomparably hard, like a million needles piercing the heart, but he can not do anything, his strength is too weak, weak to nothing, he has contact with the martial arts world, that group of people is very strong, some hidden sects, the strength is even more majestic, this group of damn people, do watch China is violated, but never do anything, really damn

Hou Yijun for Lin Qingcheng's hard feelings empathy, heavy thoughts, in the moment without seeing the person, is any comfort is useless, she grasped Jun Wuhuai's hand, clenched hard, before the heart-rending pain, how can she forget it

Super Son-in-law Chapter 1537-1538

Chapter 1537

'Qingcheng, the Lin family master is already on his way, a few hours later, should be able to arrive, then you can meet with the Lin family master and Xiyan, I know you are very difficult now, not to see people are also very worried, but you want the Lin family master and Xiyan to see you, is full of tears, haggard look

that way, Lin Hao and Xiyan will be in deep self-blame

Hou Yijun in Jun Wuhuo's eyes gesture, gentle comfort, this valiant woman, after becoming a wife, gentle a lot, speak also reveals the feminine gentle

Lin Qingcheng smiled, instantly the emotions inside her eyes surged wildly, she looked at Hou Yijun, gritting her teeth and being strong, but the worry in her heart was winding up, making it difficult for her to control it for a while, she tried hard to control it, but she was only able to control it a little bit, which made it hard for her too, she lowered her head and squeezed her fingers hard, she told herself not to go on like this, but her heart was like not obeying, commanding her whole body to still go on

She had to keep her head down and let the emotions of worry and longing and sadness swim throughout her body, and could only control it slowly, a little at a time

Mo Tianji's face was pale and his inability to do anything made him feel like a waste of time as he smoothed Lin Qingcheng's back and gave her relief, doing so now was the most useful thing he could do

Jun Wu Ren watched, his heart was also flooded with all kinds of emotions, such a feeling he had also experienced first hand

Hou Yijun stopped talking and all four people began to wait for Lin Hao's group to arrive.

The plane, Lin Hao and Shen Xiyan spirit, has been looking at the scene of the sky beyond the, Lin Hao's vision can see very far, Shen Xiyan's is not bad, which makes her particularly surprised, particularly curious, and so has been towards the bottom, towards the distant look.

She exclaimed from time to time, it was so astonishing, people were like wearing binoculars, they could see far and far away

And also very clear

Looking at Ma and Gu Yue have fallen asleep, but the spirit of the night a look is as good as a good night's sleep early morning look, Shen Xiyan began to think, and then look at their own husband, found that his gaze inside, they always occupy a large part of the position, Shen Xiyan's heart is warm, but still thinking? The actual fact is that you will be able to get a lot more than just a few of these. The spiritual changes in yourself

She couldn't help but open her mouth, 'Honey, I want to see so far and so clearly, what's going on?'

Lin Hao revealed a gentle smile and looked at Shen Xiyan with deep affectionate eyes as he explained for her, 'That's because you've become stronger. You are now as strong as Night One, of course, you are definitely not as good at fighting as he is

When Shen Xiyan heard Lin Hao's explanation, she couldn't help but pinch Lin Hao, she was a pregnant woman, what kind of fight, but her heart was shocked, her current strength was as powerful as Night One?

This is too horrible

Also Night One was equally shocked, madam has also become so powerful ?

Also to the innate expert ?

Big brother is really too powerful, such means are there, just took the madam away for an early morning, and after coming back, became so powerful ?

Of course, Lin Hao did not tell Night One that their child would also be an innate expert after he made a sound, I wonder what Night One would be like after knowing this news, anyway, it would definitely be a big shock or even more shocking at that time

The plane was flying in the sky towards China, Lin Hao did not fly alone to catch up, after all, even if they could do so, but Gu Yue and his mother-in-law could not do so, and he did not want too many people to know the weirdness of this world

Chapter 1538

The more you know, the more responsibility you need to take.

‘Night One, don’t say anything to the outside world about Xiyan being an Innate Sovereign

Night One nodded evenly, 'Big brother, I will definitely not tell anyone Moreover, big brother, if you don't tell me, I don't even know that madam is already an Innate Sovereign, I feel up, madam's Innate Sovereign, something is odd

Lin Hao smiled and explained, 'Xiyan's Innate Sovereign is somewhat odd, you will know later, not the less people know the better, I don't want a lot of things to get involved with her, a lot of things we encountered this time to Western Europe, also let you know a lot of secrets above this world

'And, in fact, our operation this time is not over, it's just beginning, as you may have sensed

Night One's face was stony as he fell into a pensive focus, yes, he guessed it but didn't dare to admit it, now that his big brother had helped him point it out, he dared to be sure

After reaching the innate clan master, the wider the exposure to the world, the more things he knows, the more he feels the danger of this world, the more he is in awe

'Hm.' Night One nodded slightly, he looked to the sleeping Gu Yue, then to the family head's wife, clenching his fists slightly, he still had to become even stronger to do so

Lin Hao looked at Night One clenching his teeth, transmitting his voice to him and said, 'You should not put too much pressure on yourself, the future battle will always be the people at the highest level of strength fighting for something, you are still

very weak, but compared to the vast majority of people, you are very strong again, and now that you have advanced to the innate clan master, you are doing well enough on your own, the future security of the Tianhai, you are still very much needed The strength of Xiyang is now up, but right, you also know that Xiyang is definitely not good at fighting, and is pregnant again, when the time comes, you will be able to show your value even more.'

Lin Hao explained to Night One while comforting him, Night One is now very strong, but the future of the battle, he went up can not be said to be cannon fodder, but Lin Hao is also not willing to watch his brother to send death, so it is better to let him go to protect his family to the good

What will the future hold? Leave it to the future to say

'Xiyang, we still have an hour to go.' Lin Hao said to Shen Xiyang who was by the window.

'Mmmmm, sister must be worried sick, it's all your fault, let's see how you explain to sister when the time comes, humph, don't expect me to speak for you, I was scared to death by you too! When the time comes I'll follow my sister and teach you a lesson! Let you engage in disconnection in the future,'; Shen Xiyang said in a threatening tone as she clenched her small fist.

Lin Hao immediately begged for mercy: 'I was wrong, I will never dare again,? I'm sorry, but I'm not sure if I'm going to do it again. I beg your wife to forgive me

Lin Hao said so, but mentally is thinking about his sister, a lot of things too late to say, but also too late to deal with, it is not that he is not willing to explain

The end of the great war, and the banquet thing, and with them to understand the ancient prison, and later found time, and fear of delaying his sister's rest, and then woke up with Shen Xiyan cure, and then before boarding the plane, and goodbye's

Lin Hao thought, then wait until we get to Tianhai in say, anyway, it is not too late

But when he was free, his heart was pressed with a heavy heartache from the Tianhai side

Inside the coffee shop.

Jun Wu Regret knew that there was still one more news arriving news, said to Lin Qingcheng: 'Miss Lin, brother Lin still has one more little thing to arrive, why don't you eat something first, we've been here for six hours, you froze without a sip of water, by the time brother Lin comes back, seeing you like this, it must be hard on your heart

Super Son-in-law Chapter 1539-1540

Chapter 1539

After saying that Jun Wu Regret towards Mo Tianji a wink, Mo Tianji instantly understood, came to feed Lin Qingcheng, Lin Qingchen was first shy, then it seems that

there may also be really hungry, plus being persuaded by Jun Wu Regret, also slowly opened some dry lips, she looked towards Mo Tianji, eyes inside all the guilt

This time the waiter came up: 'Four guests, you've all been in our shop for six hours, and the things you ordered are still the same as before. Although our shop allows people to talk about things, but it is still rare to see people like you who are stuck here.'

It was a waitress, named Zhang Li, not long after she had just come out to work, and there was no room for sand inside her eyes.

Hou Yijun's instantly ice-cold eyes looked sharply at Zhang Li, whose guts trembled a little, but she was immediately furious!

This group of people not only did not feel sorry, but also threatened towards her, it was simply too shameless, although it was said that it did not matter how many hours they stayed in the coffee shop, but this group of people dressed in style, but they did such a thing, it was really a big shock!

'What! Did I say it wrong, you all stayed for six hours and ordered only two or three hundred dollars, do you know how much the decoration of our shop costs? How much a as a day's profit? Not only do you not spend, but you take up invisible income and make us suffer several times the loss! Seeing that you are dressed like human beings, I can't imagine that you are such people, it's really ridiculous

The people around instantly looked towards this place, they whispered with their heads down, some said it was wrong, but others said that it was written on the

coffee shop that they could stay as long as they wanted, and now it was indeed a bit unjustified to drive away the customers, but of course there were also people who said that this was their lack of self-respect and disturbing other people's business, anyway, there were different opinions, each with their own.

But we are all high-class people, or very respect the rules, the explicit provisions of things, it is impossible to say what the shop to do so, but do people to do that, it seems some rob to theory, not only that, but also in cheating customers

So Jun Wu Ren they occupy or have a reasonable party, but if the shop is unruly and capricious, then even if they have a reason will become unreasonable party.

Seeing that Hou Yijun had been reprimanded by a tiny shop assistant, Jun Wuhuo was instantly annoyed!

Wasn't the reason they had chosen this spot because it was close to where Lin Hao and the others had landed? Moreover, it was written on this shop that it was open from morning to night, and it was also standard that they could take a long break, this was their own written condition, and now that they didn't meet it, they were still being shady?

'Call out your shop manager, I'd like to ask him if his shop should follow the rules written out by your shop or not.' Jun? Xi Di Ai Er Serving Yi Er Er? No regrets stood up, a lifetime of righteousness, causing Zhang Li's entire body to choke up.

The people around are also avoiding, this person's aura is really too scary, make people a little depressing.

The crowd talked to each other, secretly saying that this person must be some big shot, otherwise how could he have such an aura, it was too scary.

Zhang Li listened to the crowd, her face was once again shapeless and she said in a furious voice!

‘Who are you guys! Is the shop manager something you can meet just because you want to?’

Jun Wu Regrets was instantly enraged, a terrifying might inside his eyes enveloped Zhang Li, the crowd backed up, terrified!

In an instant everyone began to whisper, all discussing why his eyes were so terrifying.

Chapter 1540

‘I’ll give you one more chance to call out your shop manager! I’m going to ask you if the promotional conditions you wrote on there are false! Let’s see if what is written on it from business sitting to proofing is true or not!’ Jun Wu Ren’s icy voice questioned.

Zhang Li laughed loudly at his words, ‘I can’t believe there are still people who believe this, but anyone with a bit of face would feel embarrassed to sit from morning to night, delaying other people’s business, but you have no shame at all, aren’t you cheapskate juniors, what a laugh!’

Jun Wu Ren stepped forward, a terrifying might emanating once again as he stared at Zhang Li and asked word for word, 'Are your words representative of this shop!?'

Zhang Li also said with an air of pretence, 'What do you care if I can represent the shop or not! But what I can tell you is that it's not called a false legend, it's just the usual ploy used in business to promote

The first time I heard Zhang Li's sloppy words, the corner of Jun Wu Ren's mouth raised, 'That means you all think so, right? The actual fact is that you've got a lot of people who are not going to be able to get a good deal on this.

Zhang Li glanced at Jun Wu Ren, looking at him as if he was a fool.

From the look in Zhang Li's eyes, Jun Wu Ren saw the answer.

Jun Wu Ren instantly picked up his mobile phone, dialed the number and then shouted to the person on the phone, 'Two trucks of soldiers! I want to demolish a cafe in Tianhai Fuanan Road!'

The person over there shouted directly to receive.

Zhang Li smiled and pointed at Jun Wu Ren and laughed loudly, 'Aren't you afraid to speak big words? And tearing down our coffee shop? Who are you?'

After Jun Wu Regret finished speaking, he made it to his seat and said to Lin Qingcheng, 'These people are all crooked businessmen, but it's alright, I will deal with such false advertising campaigns severely in the future! In the future, if I see a company, shop, etc. that advertises like this, I will smash one!'

He was so angry because the shop assistant had not only insulted his wife, but also Lin Hao's sister, and incidentally insulted them all together

Jun Wu Ren himself was indifferent to being said a word or two, but to say his wife in front of him was something he couldn't accept!

Since the prerequisites are sufficient, he is not violating the discipline

And since this shop assistant was so convinced just now, he didn't have much of a psychological burden.

'Yo-ho, where is that imposing stance just now? What? You've lost your cool? Not talking anymore?' Zhang Li waited for two minutes, looking at Jun Wu Ren's silent appearance, and not seeing anyone coming from outside the door, she anxiously mocked.

Just now, she was so scared that she thought that he was really some kind of a heavenly figure, but now it seemed that he was just a pretend x man who loved to talk big!

She despised such men the most, they were nothing but pretenders!

Would it kill you not to pretend?

What a joke!

The actual fact is that you'll be able to find out more about the actual person that you're going to be able to be able to get to know.

Now it seems that it is not.

Just at this time, outside the cafe door, two large trucks pulled up outside the door, and above them in unison, the warriors got out of their vehicles, their neat steps trembling the ground!

Someone suddenly screamed and shouted!

The ground Wu Lu Er whisked the ground closed to serve? 'What's that!'

Instantly countless eyes looked over and found rows of warriors standing in neat rows, coming towards the inside of the, Jun Wuhuo got up and crossed over Zhang Li.
