

Super Son-in-law Chapter 1551-1560

Chapter 1551

Thinking of this, Lin Hao wanted to slap himself, but then he thought, if he didn't, what about Xiyan, what about the child inside Xiyan's belly.

'Sister.' Lin Hao hugged Lin Qingcheng and called out in a low voice.

Lin Qingcheng hugged Lin Hao, crying loudly, unable to restrain herself any longer, her tears flowing down madly, she hugged Lin Hao, hugged him fiercely, afraid that Lin Hao had disappeared again and was in danger again.

'What the hell is wrong with you! You said you wouldn't let me worry, you said we would depend on each other, you said you would, and you forgot about it!'

Lin Hao said in a hoarse voice as he suffered Lin Qingcheng's slaps, 'I haven't forgotten, I haven't forgotten, this is not me coming back safely, but you, why are you so weak?'

Lin Qingcheng patted for a long time before she finally pushed Lin Hao away and said with an unforgiving expression, 'If you risk your life like this in the future, I will never forgive you again!'

Lin Hao laughed and said softly, swearing seriously, 'I will never again take a risk without mentioning it beforehand.'

Lin Hao couldn't do it without taking a risk, because he had a big responsibility, he hadn't completely solved the problem of Xiyan and the child, so how could he not take a risk

Lin Qingcheng heard a stagnant look, but also helpless, but the heart is very pleasant, people come, it is good that it is okay, how about the future, leave it to the future is not it.

Although she also knows a little about Xiyan things, specifically not very clear, but the same know, if the situation is not quite bad, Lin Hao will not risk so much this is no way things.

'Hmm? What's going on here?' After calming Lin Qingcheng down, Lin Hao looked up and found the scene in front of him? Closed Lu Xi Lu Wu Di Shan Wu? Elephant, how come it was so dilapidated?

He didn't even have time to blame Mo Tianji for taking care of him and asked directly.

Mo Tianji walked forward excitedly, his eyes were also red, apparently he was also emotionally touched just now, only to stand back and watch because of Lin Qingcheng's concern.

Lin Hao funnelled a handful of Mo Tianji and said with playful amusement, 'Brother-in-law, my sister can't be taken care of very well by you, her body is so weak, how do you take care of people?'

Mo Tianji's body trembled as he fiercely funneled a handful of Lin Hao: 'It's my bad! I will definitely not let Qingcheng be in such a condition in the future.'

Lin Hao lost his smile, Mo Tianji was more serious, but it was good to be more serious, after all, he would encounter many things in the future, if Mo Tianji was not more serious, he was afraid that his sister might not be able to accept the later situation

'What exactly is this situation?' Lin Hao asked once again.

For a moment, all the people in the scene held their breath, waiting for the trial after Lin Hao's voice knew the cause and effect of this event!

Mo Tianji said seriously: 'This matter was originally that we were waiting for your return, but this shop, when we chose it, it was written that as long as we consumed no matter how much we could sit from opening to closing, but this woman, she actually mocked us with her words, then the Jun family head went up and asked two questions, the other party was not even reasonable. The Jun family head repeatedly questioned, the other party perfunctory intensified, and then the Jun family head shouted people to smash the place, and then there was this scene

Mo Tianji did not forget to point at Zhang Li, followed by a brief mention of the matter of Wang Ming Liu Section Chief.

Lin Hao smiled, narrowed his eyes and looked ahead, now Zhang Li had already fainted, Wang Ming also looked like he had been punished, as for that Section Chief Liu was still fine, of course at this moment his whole body was trembling, his head was covered with beads of sweat, thinking it was fear.

Chapter 1552

‘Lin family lord, Lin family lord, we have eyes that are not aware of the mountain, we really did not mean to do it,’ shouted Section Chief Liu as he began to beg for forgiveness.

Lin Hao didn’t take the words, but asked Mo Tianji, ‘Why would something like this come up when the Jun family head is in Tianhai? This makes me feel very humiliated, Brother Jun, I’m really sorry that I made you humiliated in Tianhai, if I was in Yanjing surely this wouldn’t have happened, right,’

Jun Wu Regret laughed and waved his hand not caring, ‘Brother Lin, such things do not disappear forever, only he just happened in front of me,’

Seeing that Jun Wu Regret was not much angry, but only looked towards Hou Yijun a few times as he spoke, Lin Hao had a picture of understanding.

It seems that this is also the rage for the red, Jun Wu Regret also seems to be a person of temperament, thought to be a hard man of steel, but it turns out that there are also times of iron man tenderness, haha, two people are really the same way.

However, when Lin Hao closed his eyes, he found something wrong ah, how come this Hou Yijun's strength is so thick, it's going to be an innate clan master?

Lin Hao couldn't help but look at Jun Wu Ren, who blushed and looked around like it was none of my business, Lin Hao let out a big laugh.

This was a happy event.

But of course it was still necessary to settle the matter at hand first.

'This matter is our fault, it's really uncomfortable to let something like this happen.'

'Tian Ji, you handle this matter, remember, handle it properly!' The last few words Lin Hao's words intensified, Wang Ming's whole body violently collapsed upon hearing the words, it was over, everything was over!

The Wang family was all finished!

Section Chief Liu also fainted instantly, everything was over!

This is the end of generations of hard work! Chief Liu also fainted instantly, everything was over!

This is the end of generations of hard work!

Mo Tianji nodded, 'I'll definitely take care of it.'

Said and made a phone call, then several cars drove straight over, all five of these people were taken away in one car, as for the end afterwards, many people in the moment might not know, but many bosses knew afterwards.

Wang Ming's Wang family was removed from Tianhai, all the business illegal hooks were thoroughly investigated, all those who committed crimes went to prison, those who committed heinous crimes, either life imprisonment or death penalty, none of them had a good end, as for Wang Ming himself, although shrewd and powerful, but the net of heaven is wide open, all the bribes were cleared, just using the way to lose money by playing cards bribed nearly 100 million, of course these people who were bribed also did not have good consequences to eat.

As for Section Chief Liu himself was investigated, his whole family was also unlucky along with him, fortunately, he was the only one who had a hard time and was jerked out of his official position

'Well, brother Lin, let's not be delayed by these trivial matters, let's do this, let's change places and also let the Lin family sister replenish her energy, otherwise with such a weak body, sooner or later she will simmer out of illness.' Jun Wu Ren watched Mo Tian Ji take people away, also shook his head, he did not open his mouth to stop, also the same know, Lin Hao so angry what is the reason, after all, this Tian Hai, now are going to become the Lin family's stronghold, he Jun family head here humiliated, Lin Hao face shame ah

Lin Hao nodded, looking at where Mo Tianji was far away, then looking at the cafe that was currently smashed into shambles, turning back to Night One, smashed like this, it's better to ask your own people to repair it.

‘Fine, then let’s go to another place and have something to eat, Xiyan and the others will be there soon, when they arrive, when they have eaten something too, we’ll go back together, we’ll talk about what we have to say then.’ Lin Hao nodded his head, he could see that Jun Wu Regret seemed to have a lot to say to him, but Lin Hao was in no hurry, before he landed? whisk ai ai west ai er wu whisk? Tianhai, he didn’t quite want to deal with a lot of things, put it aside for a while, maybe more surprises would come up?

Super Son-in-law Chapter 1553-1554

Chapter 1553

Jun Wu Regrets smiled and nodded, Lin Hao just had a few things in mind.

Several people headed towards the shop next door, that owner was flattered, Jun Wu Rui said to the warriors from before, ‘You guys go back first, I will go and give a personal account of this matter then.’

‘Good!’ The warrior at the head of the group nodded upright and then led? Closed service zero Yi Lu Xi Di cover? The men got into the car at a neat pace and went straight away.

The cafe next door to a small Hunan restaurant, four people went in, because Mo Tianji led people to deal with things, ten minutes and a half hours almost, but Lin Hao has sent him the address, and the same to the night a

The owner of the shop was first excited and then trembling, the people who came were several great Bodhisattvas, his small shop was afraid that it could not entertain ah, so it was both excited and trembling, excited that the first person of Tianhai and the first person of Yanjing were dining in his small shop, Zen trembling because he was afraid that the food in his shop was not to his liking, when he annoyed the other party, it would be the end.

As if seeing the boss's fear, Hou Yijun walked up and blandly ordered, 'Just follow the normal practice and sit up a few of the more popular home-cooked dishes, but remember, tell the chef who is good at his craft to make another one that is not spicy, and also, it would be best if there is a chef who can cook pregnant women's meals.'

The boss nodded frantically at his words, taking down the conditions Hou Yijun had stated, and then shouted to the people in the back kitchen, 'Stir-fry all the Hunan-flavoured my special full dishes on one side, and remember, make one of the light flavoured ones as well! Have the kitchen manager fry it himself, and have the sous chef make a pregnant woman's set menu, and if there's anything you don't know, tell him to contact his friends! I'm telling you, if you can't cook this meal, you're all out of here!

'I don't mind if you're lazy, but if you're lazy today and don't work hard enough to offend someone, you won't be able to get by with a few words from me.

'Mr. Lin and his sister from the Tianhai Group are eating at our little shop! If this meal is done well, there will be plenty of opportunities for you to become famous later!'

When the whole kitchen heard these words, it instantly boiled up, everyone was full of energy, after all, the stakes were directly analysed, in the future, if they went out to cook for a banquet, they could directly say, 'I cooked for Lin Hao, then the face would be twice as good!

Where is it hard to find a job?

It's hard to get a pay rise!

Everyone was fighting for a chance, and now everyone in the kitchen had that chance!

The head chef was so excited that he came in from inside the security channel, took a shower straight away, and before he showered had his assistant and others wash the dishes and prepare all the things that needed to be done.

Then straight to hand

Casually find a location, Lin Hao look towards the direction Shen Xiyan came, they are about half an hour away, not far from here, Tianhai arrived, finally home, immediately can be reunited, Lin Qingcheng is also revealed a smile, she because really too hungry, took a face with a bottle of milk to fill the hunger, just milk and can replenish energy, after drinking a large part of it, look a little better, in rest rest, you can recover almost.

‘Brother Lin, coming to Tianhai for a few days, I feel that compared to Yanjing, the pace is more brisk and the taste of money is more intense.’ Jun Wu Ren looked outside at the passing pedestrian streets and spoke lightly.

Lin Hao nodded, ‘Every place has a different look to each place, Tianhai is originally an economic centre, but no matter how much it is an economic centre, there is still a gap that should be there compared to Yanjing.’

Chapter 1554

Jun Wu Ren nodded, ‘Yes, there are some things that are doomed as soon as they appear.’

Lin Hao smiled, picked up his water cup and took a sip of water as he opened his mouth to ask, ‘On that day, it seems that four fifths of the Ascended Masters gathered at the Tianhai Bund?’

Jun Wu Ren’s lazy body leaning on the seat straightened up, glanced at Hou Yijun and replied, ‘Yes!’

This news was told to him by Hou Yijun, and of course he sensed it at the time, the great battle that day, the countless purple qi coming from the east, the qi added to his body, like the smell of being infused into his body

‘? Xisan Yi Yi pickaxi zero pickaxi? Martial Dao world, it seems there are still many things we need to deal with.’ Lin Hao spoke indifferently and looked towards the outer beach.

The battle of the Garong River, himself sinking into the river low, by the blackened Lin Hao backfired, almost died, if not too obsessive, left a breath, I'm afraid the consequences are unimaginable, of course in the end was saved by this group of martial arts world's innate patriarchs, but this is four fifths, that is, there is still a fifth of people, that day did not act, as for who this group of people are, who are there, Lin Hao does not need to guess to know

Feel the divine land, although not dare to say is an inch to investigate, but after sweeping a circle, hidden in the depths of the great mountains of the old monsters or found a lot of, only that day did not dare to admit, after all, there are many things, even then Lin Hao did not dare to believe, now well, after the end of the Great War, Lin Hao know more and more things, many things, do not believe but also have to believe, after all, all happened in front of him

The thousand year old Pope Giant Eagle King, the six hundred year old Bigel!

Pope giant eagle king these are great master strength, lived a thousand years to say the least, but Bigel a peak innate master, lived six hundred years, then also from the side to prove a lot of things

'Yes, of course you and I both know that the most important thing may not be this

Jun Wuhuo nodded, said with a hint of gloom in the depths of his eyes, more than the martial world to deal with things, perhaps put down at the moment, or categorized as just the third grade

After all, the Dragon Gate has been holding down the martial arts world for decades, and there are matters within the Dragon Gate, but above the Dragon Gate, there is the Ancient Prison of Eastern Japan, and now the world's power players are watching, and that is the number one priority

The actual fact is that you can find a lot of things that you need to do in order to be able to get the most out of your life.

He is not in no hurry, just because although in a hurry, but also to care about the surrounding two people suitable for listening to

He was afraid that if Lin Qingcheng heard too much, she would end up not being able to stand it, so he chose to go back and say it.

After seeing the expression on Lin Hao's face, Jun Wu Regret smiled awkwardly, he was too anxious and thought that if Lin Hao opened his mouth, he could go all the way down, who had thought that Lin Hao had only said something on the superficial surface, and he couldn't wait to go deeper. After Jun Wu Ren saw the expression on Lin Hao's face, he smiled awkwardly, he was too anxious, thinking that once Lin Hao had opened his mouth, he could go on and on, who had thought that Lin Hao had only said something on the superficial surface, and he himself could not wait to go deeper

The two exchanged for a while, Lin Qingcheng are listening carefully, but did not open his mouth to join in the discussion, not even a simple sentence interjection, Hou Yijun is likewise, except like a robot that pours tea, not a word, just quietly look at Jun Wu Regret, and Jun Wu Regret to this also does not have extra gentle look at her, Hou Yijun also does not care, just quietly look.

Super Son-in-law Chapter 1555-1556

Chapter 1555

‘Asking you about one thing.’ Lin Hao suddenly thought of something and opened his mouth to inquire.

Jun Wu Ren turned back with a serious look, ‘What is it?’

Lin Hao glanced at Lin Qingcheng, still not hiding the atmosphere, and said, ‘Where did Jiu Tian Xuan go? I don’t seem to have sensed her aura.’

The purpose of Lin Hao’s search for Jiu Tian Xuan was to get her help in examining Shen Xiyan’s body, there were not many people in this world that she could trust, but equally, there were no people that he could trust and whose medical strength was very high, except for Jiu Tian Xuan.

Lin Qingcheng quietly watched, did not say a word, when hearing these words, could not help but look up at Lin Hao, found that Lin Hao did not have any averted eyes, the suspicion in his heart also put down, but the frequency of ear vibrations accelerated a lot, she is still very satisfied with the current Shen Xiyan, do not want to make any accident that should not be, that so-called Jiu Tian Xuan she knows, that woman is strong, also interested in Lin Hao, but Lin Hao has a wife, are going to have children, she should completely give up only

Jun Wu Regret glanced at the incomparably serious looking Lin Qingcheng, revealed a meaningful smile and opened his mouth to reply, ‘Jiu Tian Xuan was forced

into seclusion by the Nine Heavenly Clans after the Great War, I heard that it was a very serious kind, closed for life and death.'

Lin Hao's eyes widened slightly as he heard this and muttered, 'Closed for life and death? What kind of life and death closure is this critical juncture?'

Jun Wu Regret laughed contemptuously, 'This is a trick often played in the martial arts world, when they encounter danger, they start to close down, calling it a breakthrough, but actually preserving their strength, just a consistent trick, this time many hidden mountain sects will also play this way, for them, preserving their heritage is the first priority, other things, can be put aside.'

Lin Hao frowned and couldn't help but say, 'This shouldn't be right, wasn't the Daoist rebellious world cloaked in swords to save the world? How did it turn out to be like this in this age?'

Jun Wu Ren shook his head and looked seriously at Lin Hao, finding that Lin Hao did not look like he was joking, he lost his smile and said, 'I am afraid that Brother Lin does not know that this is a prosperous era today, and what you call a chaotic era is only a chaotic era among strength holders. But have you ever thought about the fact that strength holders are originally a different kind of people who do not integrate with the rules of this world? Once the system of strength holders runs down and collapses, the world won't allow them to exist, I remember I told you about the Ming Forbidden Martial Arts.'

Lin Hao nodded and instantly realized that he looked confined and didn't think about many things, and that he thought about many things too straight, forgetting what kind of world the world was today, luckily this was said to Jun Wu Ren, if someone

‘Good, Zhong Shao. But bet? That naturally requires chips, I recently customized a Ferrari, worth eighteen million, I heard you also customized a mountain buggy, although the brand is not very big, but the cost is expensive, the opportunity is rare, otherwise how about we bet against each other like this? End with a dinner date.’

‘It’s a deal!’ Zhong Bin thought about it, it didn’t matter if it was money or not, it was just a way to add a touch of colour to this boring life.

Qianliang also thought the same, so the two of them chased the sports car in front of them, stalking frantically.

The two of them were chasing after the car in front of them.

This is the madam. Big brother has done everything for her!

And the madam was still pregnant.

Although Night One called out to Lin Hao as big brother, some rules were still observed, after all, he was trained by the Lin family, the rules inside still existed and were still known. Now that big brother Lin Hao was the head of the Lin family, then his wife was naturally the family head’s wife, and it was only right for him to respectfully call her madam.

‘Madam, there are countless cars following behind, if you don’t like it, I’ll call for someone to drive them away.’ Night One glanced at Shen Xiyan from the rear view mirror and found that Shen Xiyan’s eyes were all impatient inside, all thick with love, Night One’s heart warmed.

Gu Yue also said, ‘This group of damned stinkers, I’ll call out to my dad later to have someone remember these cars, let them suffer some punishment when the time comes!’

Shen Xiyan did not say anything, Night One smiled and felt that his wife had made a good suggestion and was able to give them a certain blow, with the punishment, Night One also started to drive in earnest, after all, Big Brother and the others were just ahead, it was only a few minutes away.

‘Young Qian, isn’t their car driving too steadily and with too much purpose, should we overtake it? Otherwise, when they get to the place, if we can’t find a parking space, we’ll miss the opportunity to ask for contact information, and then no bet will be valid.’ Zhong Bin swung out of the car and shouted loudly towards Qian Liang’s car.

Qian Liang was also nodding frantically, ‘Good then! Let’s drive one left and one right, let the car behind block the road for me, don’t let an accidental overtaking vehicle occur when it comes time to overtake, crashing the car is a small matter, not getting the beautiful girl’s contact information is a big matter.’

After all, they are top-class sports cars, there is absolutely no need to be afraid of the danger that occurs after a collision. However, after a collision, they need to be handed over to traffic control, which will delay the time.

Qian Liang touched the steering wheel, as soon as he thought of Shen Xiyang's appearance like a heavenly god, he stepped on the accelerator and drove madly towards the front, faster and faster, Zhong Bin was also close behind, without giving way, and his speed was also faster and faster.

He had played with countless women, but it was really rare to find one like Shen Xiyang, whose white and red skin was like warm jade carved by God himself, and the sight of which made the heart and soul flutter, and he wanted to rush up to her.

Super Son-in-law Chapter 1557-1558

Chapter 1557

And that coldness of a giant from a thousand miles away, coupled with the imploring look in her eyebrows, such an interplay of looks, simply seduces the soul! Rejecting people a thousand miles away, then naturally rejecting mere mortals, for them, the second generation of the rich, is not really a rejection, what kind of identity is the perfect identity?

What kind of aura is most attractive?

The temperament of money. If temperament is not enough, money will do!

Power is not enough, money is!

Handsome is not enough, money is!

Gentle is not enough, money to make up

Only money is not enough, there is nothing that money cannot do
Only money is not enough, there is nothing that money cannot do

The two sports cars rumbled madly and pressed up, Shen Xiyan was thinking about meeting with Lin Hao again, although the two were separated for less than half an hour, but still very excited to meet again. But now she was startled by the sports cars that suddenly leapt past like the wind, and looked out the window in bewilderment to find two cars pressing past, and her whole body was stunned, and Wang Shufen was so angry that she cursed!

‘This Tianhai in the end what is going on, so there are so bold so rampant racing, not afraid of hurting people?’

Gu Yue was also stunned by the two cars just now, that passed in a flash, like a phantom. While surprised at its speed, she was afraid of an accident, so fast that once it brushed against it, I’m afraid the harm it would bring would be able to bring devastating blows to people. Racing in the street ?

Are they afraid of death ?

The first one also looked at the frightened lady, his heart was instantly annoyed, originally he drove more calmly because he was afraid that Shen Xiyan would be hurt, but now this group of people, madly surging up, made his heart burn with anger, if not because of fear that the speed of the car would affect the lady, this group of people where to catch up with his car skills ?

Irritated, Gu Yue took out her mobile phone: ‘Night One, you drive well. Xiyan you don’t need to be afraid, Auntie Wang, I’ll call someone to come and deal with it right away.’

Shen Xiyan nodded slightly, but Wang Shufen was also in a state of anger and scolded angrily, ‘Yue Yue, if you don’t do something, auntie can’t help it! This group of rich kids have forgotten whose home turf Tianhai is! If this is known to Lin Hao, I’m afraid this group of people won’t end up well!’

Wang Shufen spoke with a threatening tone.

Gu Yue’s heart sank when she heard Lin Hao, and the tone of her voice increased.

‘I’ll let my father come personally. ? Dye Chia Sha Lu Yi Yi Chia Sha ?’

Shen Xiyan sniffed and immediately interrupted, ‘Yue Yue, just don’t ask your righteous father to come in person, right ?’

Gu Yue shook her head: ‘Xiyan, it’s fine, asking my father to come personally is better to deal with some, raw of any accident isn’t it ?’

Shen Xiyan smiled and could only nod, saying that if she called other people to come, there might really be trouble, but calling Gu Nansheng to come, how to say, would indeed be a lot less things.

Gu Yue a phone call to Gu Nansheng's phone inside, Gu Nansheng just received a phone call from Gu Yue, the whole person is in action, Gu Yue said that he was to solve some trouble, but Gu Nansheng but heard the news inside, this is a Shen Xiyan in, and Lin Hao is not far away waiting for him, this inside a lot of news, he did not dare to delay, so ready to go forward himself.

‘What’s wrong, where is Yue Yue? Is Xiyan alright? I’ll go there myself right now.’ Gu Nansheng said, while not forgetting to care for Shen Xiyan.

Gu Yue heard a sigh of relief, Gu Nansheng thought more thoughtfully than her to the point that he went directly by himself as soon as he heard, which made her, her own daughter, a little envious, but there are some things you can't envy.

Chapter 1558

Gu Yue replied, ‘We are all fine, it’s just that this group of people are crazy, they actually overtook our car and pinned us up, the situation is quite bad, dad, you bring people over quickly, it’s dangerous on this big horse road.’

The first thing he did was to get a good look at the situation, but he also knew that in addition to his own strength, Lin Hao's help was also important.

Gu Nansheng could not afford to wear his own suit, a more casual short-sleeved rushed out, his assistant shouted, ‘Mr. Gu, clothes, clothes forgot to wear.’

‘It’s alright, just bring your clothes over, I’ll take a step ahead, things are urgent, about the life and death of many people!’

‘What!’ The assistant sniffed, the coffee in her hand trembled, looking at Gu Nansheng’s back, not regaining her composure for a long time.

Qian Liang was in the lead, the sports car’s advantage played out to absolute advantage on this flat road!

They were driving alongside Night One’s car, and Zhong Bin rolled down his window and shouted in a very lonely voice, ‘Hey~ this friend, how about stopping the car?’

Qian Liang also shouted, ‘Just stop the car, I swear we won’t do anything.’

Rampant!

That’s rampant!

Wang Shufen could not repress her anger somewhat and cursed in a low voice.

Shen Xiyan was also furious, and Gu Yue was pinching her fingers, glowing white in the middle.

Night One's glance contained killing intent.

'Get lost! I can pretend that nothing has happened!'

Night One shouted.

'Hahahahaha!' Qian Liang smiled and laughed loudly, 'This driver friend, this is Tianhai, have you heard of my Tianhai Zhong Group? Taking over the industries of the previous few big families, the one opposite is the Tianhai Qian Group, taking over the industries of several second-rate groups! Are you saying that your tone is too overbearing when you pretend that nothing has happened?'

When Night One saw that what he had said had been directly ignored by these two people, he was even more annoyed in his heart, he had followed his elder brother to almost wipe out Tianhai, but a hundred wastes had declined and new victories had risen, this was a kind of turnover between reincarnations, but who could have imagined that in just a short time, so many bad families had been born out, damn it!

The pain of the past does not seem to have hit them in the head!

Gu Yue was also trembling with anger, the whole thing was so angry that she could not wait to rush down and directly light up since? The whole world was so angry that she wanted to rush down and just show her? own identity, but at this time of the day the car was going fast, it was dangerous to do so, she looked at the time, her father had told her that it would only take three minutes to get there.

‘Night One, my father will be able to arrive in three minutes yet.’ Gu Yue said.

Night nodded and began to drive in earnest.

Qian Liang looked at this group of people is really persistent, also not also not much angry, but driving the car, began to drive all the way side by side, which for their bland life and line, directly added a lot of fun, car speed buzz, three two cars side by side forward.

Zhong Bin drove while shouting to Night One: ‘Friend, we just want the contact information, as long as we are given her contact information, we will go! Absolutely go! Those dozens of low-priced sports cars behind you definitely don’t dare to follow you, otherwise you’ll look back and see the same sports cars that are like carp crossing the river, how can you possibly get rid of them.’

Super Son-in-law Chapter 1559-1560

Chapter 1559

Qianliang also looked through the rear view mirror, there were just too many sports cars behind them, if this went on, sooner or later something would happen, although he was

trying to follow the group for a bit of fun, but the size of things, he was still able to analyze a little bit of it.

‘Yeah, give us the contact details and we’ll leave! Hey, hey, make sure you won’t dare to come out like that again today.’ Zhong Bin heard Qian Liang’s words and smiled heatedly.

Night One was so furious that he wanted to rush up and tear the mouths of the two people straight away.

What do you mean?

Asking for the lady’s contact information?

And to threaten?

What was the point?

This is the end of today’s threats, and tomorrow’s threats will come back?

These people, they don’t know how to write the word ‘death’, do they?

‘I remember your words! We will show you what despair means later on!’

‘Ahahahahaha, let us know what despair means? Friend, your words are really too funny, aren’t they? There’s not much we’re afraid of in this Tianhai nowadays, and there’s not much we’re afraid of in Tianhai that we need to be afraid of in other places? I see that beauty in your car strange, like a heavenly fairy, in my impression, there is no such number one beauty in Tianhai, otherwise how about we stop playing the chase and end it here?’ Qian Liang said with a cold smile, the biggest joke he had ever heard was the joke said by Night One in front of him, if this statement was placed before Lin Hao had not killed the four directions, their Qian family might still be afraid of this and that, but after Lin Hao had killed the four directions, the whole Tianhai old family sank.

After all the waste and waste, countless new families rose, this is the sinking of history, although Lin Hao is domineering, but it can’t resist people who move up!

Even with the Lin family suppression, the Gu family rise, but the first-class top world everyone does not promote, but the second-class family everyone can promote, and the second-class family is not equal to the first-class family?

After all, in addition to the Tianhai Group Lin Hao has a relationship with people, other forces are in the second-rate world family head, at this time, they Qian family Zhong family a few, is not equal to the year four big family under the top family?

Besides, I heard that Lin Hao has gone to Western Europe, the Gu family is weak at the bottom, it is difficult to suppress the whole scene, they are these new rising families, to be honest, afraid of the Gu family is afraid, but Lin Hao is not there, to be sincere, not much too afraid! Besides, I heard that Lin Hao had already gone to Western

Europe, the Gu family's base was weak and could hardly suppress the whole scene, they, the newly risen families, were honestly afraid of the Gu family, but Lin Hao was not there, to be honest, there was not much to be too afraid of!

'Damn it!' Wang Shufen was furious and said to Gu Yue, 'Yue Yue, tell the in-laws to drive faster! I'm going to slap each of them personally! No, all the people following the car! Lin Hao has only been gone for a short while and Tianhai is in chaos again? Forgetting the previous images again? This group of people are really not all killed, someone will always mess up!'

Gu Yue was also nodding, such a scene was simply too infuriating, Shen Xiyao was also as cold as frost, somewhat humiliated, how dare this group of people covet her beauty, to use such underhanded tactics!

Applying the bad habits of the second generation to her, it was unbearable!

Gu Nansheng drove the car himself and flew all the way, just now Gu Yue started to rush again, he was shaking with rage!

'The first thing you need to do is to get me through to the Qian and Zhong Group, I have to ask, are they? I'm going to ask, are they? It's not a bear's heart and a leopard's guts!'

The driver beside him gripped the armrest, shocked, Mr. Gu was too ferocious to drive personally, who was the other party that made him take it so seriously and with such urgency!

Chapter 1560

Hearing again about the Qian and Zhong groups, he did not fail to? Zero Love West West
Zero Serve Er Whisk? The company's main business is to provide a wide range of
products and services to the public.

Then wouldn't the newly-emerged Qian's and Zhong's, which were
expected to rise to first-class status in the next few decades, be finished!

The end!

Maybe it's for the better, now that Mr. Gu is so angry and the lady is
spitting fire, who knows who they have offended?

It couldn't be Lin Hao, could it?

It could be!

In this Tianhai, who else could make Mr. Gu so personally received and so
angry?

Wasn't it Lin Hao?

Didn't he say that Lin Hao had gone to Western Europe to take care of his business ?

Was he back ?

His eyes snapped open and he hurriedly took out the phone and started dialing.

Beep beep beep~~~

Inside the president's office on the topmost floor of the Zhong Group building, a 200 billion dollar building, a middle-aged man overlooked the Tianhai scene, looking ahead to the future with his mind at ease.

At this time the phone rang, he hurriedly picked up the phone, not many people had his personal number, even fewer could call in, the other party was bound to be a behemoth, Zhong Baiming grabbed the phone and asked in a serious tone, 'Hello.'

Today his caution, or still pursuing his rising posture, their Zhong is not very stable now, still need to sharpen up, after all, if any accident occurs at this time, the slightest mistake, it will be a total loss.

Plus, I heard today that Lin Hao is coming back!

No, he has already returned!

And was chatting with the head of the Yanjing Jun family, although he didn't know what he was talking about, but Lin Hao's identity, now no longer could be hidden, was one of the four great families of Yanjing!

One of the four leading figures in the whole of China!

Such an identity, what a heavenly pride, compared to their four great clans of Tianhai, that was simply the difference between a dragon and a jiao, the four great clans of Tianhai were the jiao snake, although in the stage of dragon transformation, but a snake was always a snake, the difference between it and a dragon, there was still a big difference!

'Zhong Baiming isn't it?' Gu Nansheng asked in a stern voice.

Zhong Baiming smiled, this voice, something familiar, was Gu Nansheng!

The righteous father of Lin Hao's wife, Shen Xiyan, could also be counted as one of Lin Hao's old fathers, this was a great man through and through, he was out there, representing the will of not a few Lin Hao.

He can't offend Gu Nansheng

Just what did Gu Nansheng mean by calling him ?

It seems that he himself is not involved with the Gu family, ah ?

Although I can't figure it out, but I can imagine that the other party is looking for him, there must be something

Zhong Baiming replied with a groveling voice: 'Gu family master, it's me, this is Xiao Zhong.'

Gu Nansheng smiled and also froze, was this Zhong Baiming so humble ? But why was his son so high profile ? What was going on here ?

A son who doesn't follow his old man ?

Was he cuckolded ?

Gu Nansheng didn't have much time to guess and coldly snorted, 'Zhong Baiming, do you know what your son is doing ?'

When Zhong Baiming heard this, he fell into silence, his other hand began to stroke his forehead and found that he was already sweating.

Then it was also his son who had caused trouble.

Which of his sons is more playful ?

Zhong Bin, he is very playful and loves to play, but he is also very low-key.

Of course, this low profile is limited to the treatment of Tianhai's power, large and small, he does not dare to headmaster, people also modest, but today by Gu Nansheng came to the door, that is to say, Zhong Bin offended Gu Nansheng ?

This is not good

'Mr. Gu, I don't know which son you are talking about, to be honest, when I was young and didn't know any better, I had relationships with many women, some of them didn't know if they were my own sons, and now I'm busy with my career, I didn't have time to look into if the other party has something to offend you, if he is not my son, I am willing to take you to serve this severe punishment!' ...
