

Super Son-in-law Chapter 1571-1580

Chapter 1571

After saying that, Qian Mu hung up the phone, he was so angry that he was being lectured by this little brat again!

He was the head of a second-rate family, but he was threatened and lectured by a small martial artist.

Although he later had a child with another woman, also a woman of the Nie family, but that child was taken away as soon as it was born, three or four years old, and had seen few people, those who knew thought it was his son, but those who did not know thought it was secretly born by one of the elders of the sect, and then put a hat on him!

This is strange, does the whole world think that he, Qian Mu, is a fool?

He is rash, he is reckless, but it does not mean that he has no heart and knows nothing, if he is really pushed to the limit, who is afraid of whom?

If we use each other, he will turn a blind eye to it, but if we trip each other up, he will just kill them all! Even if you can't do it, you have to give the other party a mouthful of shit to make him sick and disgusted

The actual fact is that you can find a lot of people in the world that you can use to get a lot of money.

In the middle of a deep mountain near the Sea of Heaven, in an incomparably hidden forest, behind a few thatched huts, was a wooden building, hidden by gigantic trees in the sky, one would not care about the scene here at all if one did not look carefully.

Walking through the undergrowth and across a few streams, it was finally the scene before us that came into view.

An ancient scene, a few children chasing after each other, where people are dressed just as old, with long hair and long sleeves.

A few middle-aged men were leading youths in martial arts practice, and behind them was a stone gate in the shape of a short building, on which hung 'Bastard Sword Gate'.

A frail youth, dressed in modern attire, he did not fit in with the grunge inside, but when he entered it, countless people greeted towards him and did not feel strange, this man was Nie Xiaohai.

After he entered, he went straight towards the stone door.

Don't look at these few small wooden buildings, but there were hundreds of people living there, only they were all scattered inside the woods, either hanging from the trees or lying inside the jungle, all very secluded, except for the martial arts training seedlings who were able to train outside the gates, all had to go out and hide, after all, in today's society, large-scale secluded training was hard to do.

Nie Xiaohai rushed inside the clan ancestral hall of the Hegemony Sword Sect.

Several old men all instantly opened their eyes, if Lin Hao was surprised after seeing it, the old man at the head of the group was actually a middle stage Innate Patriarch, the remaining three were early stage Innate Patriarchs, their strength was not weak, it was a nice little organization.

'Little Hai is back, huh?'

The old man with the weakest strength, the Third Elder Ba Bian, opened his mouth and asked.

Nie Xiaohai nodded his head and said respectfully, 'Third Elder, Qian Mu has eaten his heart out and dared to start a conflict with Gu Nansheng, and it was for Qian Liang!'

'Tell us in detail, don't give away just a few words, we have all lived for a couple of hundred years, we won't be reckless or be led by some broken words.' The Supreme Elder Ba Wu slowly closed his eyes on and said without anger and authority.

When Nie Xiaohai heard this, his body trembled and he hurriedly said, 'I dare not!' Just now, he wanted to add fuel to the fire, but he couldn't hide from the wisdom of the Great Elder.

'It's like this. My cousin Qian Liang saw a stunning beauty on the airport road, and then followed along with a convoy of cars and Zhong Bin, the heir of the Zhong family, and was brutal enough to block the vehicles heading there with his convoy, which of course was all a minor matter.

'And within the vehicles he was following, there was Gu Yue, the eldest daughter of the Gu family, among them. Gu Yue made a phone call towards Gu Nansheng, who told the Zhong family to go straight? love to pick up and cover yi dyed and cover Shanxi? bent his head, Zhong Bin was directly abandoned by the Zhong family, Zhong Bin in order to save himself, directly hit his cousin's car.'

Chapter 1572

'Get to the point.' Ba Wu said as he opened his cold eyes and looked at Nie Xiao Hai.

Nie Xiaohai's body trembled as he spoke once again, 'Later on, Zhong Baiming arrived on the scene and knelt down to Gu Nansheng in front of everyone, begging to be spared! I don't know who begged for Zhong Baiming and currently followed Gu Nansheng to leave! But uncle, also known as Qian Mu heard that his son was hit by someone and was ready to take someone to Zhong Baiming to question him, I said a few words to let him think about it in the long run, but then uncle got angry? Wu Di Jie Ai Yi Er Ai? I was so angry that I told him to take a long look.

‘How angry and what did he say?’ Third Elder Ba Bian said in a low voice.

Nie Xiaohai thought for a while and after organising his words, he spoke, ‘Uncle said that his son was injured! His only son who inherited the family fortune was injured, and he couldn’t swallow this anger, so he brought our men to his door! He said that even if his other son, who is a foster child of ours, is as good as he is, he won’t recognize him as the heir to the Qian family! The heir to the Qian Clan will never be Qian Ba!’

‘Seek death!’ Ba Wu shouted angrily, shaking the spirit tablet inside the clan ancestral hall, this sentence had sort of irritated him.

They had trained Qian Ba as the heir, but this Qian Mu had thought that they wanted to compete for his Qian family’s property, even though they had done so intentionally!

But property or whatever, it was just icing on the cake, any more money would be worth the martial arts heritage of the Baba Sect!

And without the people of the Baba Sect, how could he, Qian Mu, rise to power?

Their fourth elder was also a strong man who had just advanced to the level of an Innate Patriarch, or an Innate Patriarch strong man who thought he was walking the world, although it was only in the early stages, but with that kind of strong strength, if he still couldn’t support a second-rate family, it would be an insult to the martial arts world and to the Innate Patriarchs

‘Humph! This Qian Mu, it seems that his wings are hardened and he doesn’t know who is the father of whom at all, so let’s let him suffer a little first! I do know that the Lin family’s combat sequence is strong, quite a few people who are stuck on the threshold of Ascended Patriarch advancement, those of our disciples who went out, if they are bent on falling back on Qian Mu, let him suffer a bit before we talk!’ Ba Wu opened his mouth and said.

The power and strength they sent out, he knew best, and as for the distribution of power in the whole of China, he also knew very well, for the Lin family and so on he also knew, after all, as one of the former four great families, Lin Hao, strength was very strong back then, some sects didn’t dare to say that they were steadily suppressed!

Of course that was the time when the previous generation of the Lin family family head on the previous generation of the family head were present, there was also the time when the Lin family did not have a war with Cang, later the Lin family and Jun family and so on were stirred up by Cang, massacred many people, resulting in a decline in the strength of both, especially the Lin family declined rapidly, I heard that they could only condescend to come to the land of Tianhai, did not dare to go to Yanjing again

The same can be said of Yanjing, where crouching tigers hide dragons. If Lin Hao nowadays still dares to set up a clan shrine in Yanjing, he is simply looking for death

Of course I heard that this generation of family head Lin Hao strength is not weak, but such a not weak law no one knows, but even if not weak then so what? He is an innate clan master, still dare to fight against their Baba Blade Sect five innate clan masters?

The Ba Wu didn't put too much thought into Lin Hao, but his mind was on Qian Mu, and the Qian Clan that Qian Mu controlled, which was hundreds of billions of dollars in assets, they said that it didn't matter if they had money or not, but in a society like this, not being in the world is the same as being dead!

But in such a society, not to enter the world is tantamount to death! And the Taotie Township is simply trapping them in the mountains, waiting for death.

Super Son-in-law Chapter 1573-1574

Chapter 1573

Previously still able to hunt for a living, now well, I animals move to become protected animals, once found by the forest rangers found the carcasses, found to be man-made, a massive search of the mountain, once the search of people, they were caught into the Dragon Gate, listen to the Dragon Gate training, well-trained to participate in the war team, poorly trained, distributed around the world to become a garrison of frontier warriors, a lifetime never again difficult to gather

And this kind of thing, in recent years happened a lot, very much, so many hidden sects began to cooperate with the secular family, act as a fighter, and then get the benefits, 50-50, or even other than the list, but also let people live a taste up, of course, compared to those strong sects, they do not matter, after all, like Taoism, they can become completely orthodox, even in the eyes of the world to cultivate, which is the existence of their sects envy

Of course that's far from the truth

Nie Xiaohai stood aside not daring to speak, waiting for a lesson from Ba Wu and the others, Ba Wu looked at Nie Xiaohai and inquired: "How is Qian's you infiltrated? Don't tell me that the sect has trained you and you've accomplished nothing! You have to know what others are doing at your age! What is Lin Qiuwu, who you knew growing up with, doing? He is hiding inside the bush, I heard that last month was bitten by a snake, good thing you brought back the antidote needle, only to come back a life, but even if the snake bite, dying, now saved back, he next also went to hide inside the bush and you, you know how comfortable you live? It's not that it's not you, but because you happen to be suitable, so the clan good food and good drink and good use, are first used in your body, the purpose is to let you, the blood of the ancestors to bring out, or let the ancestors live a good life!"

Nie Xiaohai's face was stony with a heavy sense of mission, making him a little breathless for a while as he looked up at the Taishang Elder of Ba Wu and replied earnestly, "Taishang Elder, I have already penetrated thirty percent! In some time, by then, the people inside will be pretty much blackmailed by us, and by then, if I give the order, the Qian Group, most of me will belong to us! Belong to our Bastard Sword Sect!"

"Good, well done! I grant you permission to have a meal with your family, and also permission to go back and see your aunt." Ba Wu smiled and was happy? Zero Serving Wu Yi Piao Shan land?

Thirty percent now, it's up to thirty percent, just in time, the whole Qian's will be theirs! When they install everyone into the Qian Clan, they won't have to hide inside this dark forest, the ancestral shrine, where it is worth the continuation of life!

They had lived such a hard life, and didn't they not enter the world just to continue their legacy, to continue their lives?

Now that they can solve all their problems after entering the world, I'm afraid the ancestors won't be angry!

Not only was the Supreme Elder Ba Wu excited, but the other three elders were also excited, finally they were going to make it to the end, weren't they? Their descendants will finally no longer have to suffer from not having enough food to eat and moving around

The first thing that happened here was that Qian Mu did not know, he was still immersed in his own invincible world, in that world that belonged to him, sooner or later, everyone would be trampled under his feet.

Sitting in the car, Qian Mu looked at Ba Shuang, 'Fourth elder, you told me that the Lin family's combat sequence is very strong, I wonder if we go over there, if Gu Nansheng calls them out, how should we respond?'

Chapter 1574

Ba Shuang was an old man in his sixties who had recently advanced to the rank of Innate Patriarch and had a rich heritage, he opened his eyes, looked indifferently ahead and said indifferently, 'Come and kill one, come and kill two! In front of the Innate Sovereign, the strongest combat sequence is just cannon fodder!'

Qian Mu heard what he said, ? er yi lu xi er yi er? He was overjoyed, he was waiting for such words!

He would get justice for his son!

The company is also going to eat up another part of the Zhong family, and this time, without tens of billions, it can't be said!

Qian Mu sat inside the car and began to calculate how to ask for it and how to maximize the benefits, but of course he was still very worried about how his son Qian Liang was doing now.

‘How is Qian Liang’s health condition?’ Qian Mu asked.

The driver immediately spoke, ‘Mr. Qian, the young master’s body only suffered a violent shock, with the protection of the body pills plus the protective airbags and safety of the luxury car to support the bottom, the young master is not seriously hurt, rest for a period of time can completely recover.’

‘Good, then keep a good eye on him during this time, don’t let him come out and cause trouble until he’s fully healed!’ Qian Mu grunted, afraid that Qian Liang would come out and cause trouble and his injuries would suddenly recur or not be cured at the root.

‘I will.’ The driver nodded his head and headed over towards the crash site.

Now the crash site was almost cleared, but the Qian’s disciples who arrived beforehand and brought over from the Bastard Blade Sect were waiting in place and had recorded all the routes Gu Nangsheng had taken far away, so that as soon as Gu Nangsheng arrived, he could take Gu Nangsheng over

The actual fact is that you can find a lot of people who have been in the business for a long time, and they've been in the business for a long time.

She was envious of Wang Shufen, and Gu Yue was blushing.

Lin Qingcheng looked at Shen Xiyan and then looked at Shen Xiyan's belly, revealing a faint smile! Lin Qingcheng looked at Shen Xiyan and then at Shen Xiyan's belly, revealing a faint smile!

Looking at Shen Xiyan's belly, Lin Qingcheng instantly essence back to warm, sister-in-law is back, intact as before, and this look such appearance, with the same as off the bone, and do not know why give people a powerful feeling

Especially Hou Yijun shocked looking at Shen Xiyan, Shen Xiyan gives her a feeling too strong, like a hidden huge strength of the energy body, there is an endless source of power outward, which makes her shocked, Shen Xiyan is just a normal person, of course the normal in this refers to the strength of martial artists

Of course it's not just her strength that has changed tremendously, her appearance is even more straightforwardly off the charts, making her jealous when a woman sees it. That is like pure natural skin, perfect to let people breathe, white in red, like sheep's fat warm jade inside dead red, simply skin good to explode, this is compared with the previous Shen Xiyan, simply beautiful a few grades, such a beautiful, beautiful excessive

Hou Yijun shocked, Jun Wu Ren directly dazzled, rubbed his eyes, could not believe the scene seen in front of him! Because Shen Xiyan advanced to the level of Innate Patriarch, this this is too incredible? How did this happen?

Jun Wu Ren looked over towards Lin Hao, both eyes were filled with questions, doubts, and were begging for answers.

The corners of Lin Hao's mouth lifted and he said with a smile, 'As you can see, Xie Yan is now an Innate Patriarch!'

That smile was incomparably smug, looking at Jun Wu Ren with envy and jealousy!

When the level of life reached their place, they all knew that there was something called the passage of years could be resisted, what did it mean? What does it mean? It means that one can live for a long time, and where is the limit of living for a long time?

Super Son-in-law Chapter 1575-1576

Chapter 1575

Above the threshold of the Innate Patriarch, once you cross the threshold of the Innate Patriarch, the shackles of time break directly, the speed of the passing of the years in the relatively normal passage of people, as if it has become several times slower, people who could only live a hundred years before, perhaps in the state of the Innate Patriarch, can live hundreds of years, the same speed of time flow, but can live hundreds of years

This is the reason why Jun Wu Regret is incomparably serious about handing over Hou Yijun's martial arts practice keen for her to advance to the level of an innate patriarch.

Of course he knew that Lin Hao would also let Shen Xiyan advance to Innate Patriarch, but what he could not imagine was that Shen Xiyan had directly advanced to Innate Patriarch, which, made him incomparably envious ah, if not for the crowd, if not for the need to pay attention to the image, Jun Wu Regret would have arrested Lin Hao and questioned him

'Brother Lin, what exactly is this tactic? Is there any more? As you can see, your sister-in-law hasn't even advanced to the level of Innate Patriarch yet.' Jun Wu Ren asked excitedly.

Lin Hao shook his head and transmitted a voice to reply, 'There is no more, the Xiyan you saw was an Innate Patriarch, but I know what you care about again, and that is the speed of life passing, and the time spent alive. The life of Qiyan passes at the same rate as a normal person, and the time she lives is the same as a normal person, just a body with the strength of an Innate Sovereign in vain...'

'This

Hearing this Jun Wu Ren was directly emotional, which made him somewhat unable to accept it up. If this is the case, isn't it too uncomfortable

Both reached the Ascended Sovereign, but why couldn't they have a longer life span?

Looking at Jun Wu Rui's puzzlement, Lin Hao explained, 'I made a deal with Pope Peter, and he helped me save Xiyan. But he told me that the regenerating heart could only repair the damage to Xiyan's brain domain and still be able to have the body of an Innate Patriarch, except that in order for Xiyan to also be able to have the life span of an Innate Patriarch, the other half of the regenerating heart must be found

When Jun Wu Ren heard this, he nodded and said in a domineering manner, 'Then we'll go and snatch the Heart of Regeneration! This was originally what the Western Church promised you!'

Lin Hao laughed coldly, shook his head helplessly and said indifferently, 'That half of the Heart of Regeneration is in the 51st Forbidden Zone in M. Inside the Forbidden Zone is a powerful Saint Lord with strength at the peak strength of the Grand Master! Incredibly terrifying! And Pope Peter told me that something terrifying exists inside!

'After learning this news, the first thing I was thinking about was that if we were to fight him with the strength of the two of us, but it would undoubtedly be a big gamble, but if we pulled Pope Peter into our camp, then our chances of winning would directly increase a lot!'

Jun Wu Regret fell into thought at his words, this piece of news was simply too shocking, I never thought there would be such a place in that place, I thought I had reached the peak of the middle stage of Grand Master, I was already terrifying, the world was at my mercy, but now it seemed that the news Lin Hao brought him told him that he was not the strongest, the strongest was still in M. This made Jun Wu Regret a little discouraged, but immediately had cheered up, yes, all countries have their heritage, China also has a strong heritage!

After advancing to the middle stage of the Grand Master, he returned to his country and scanned the area, finding many deep mountains of ? Aisandi covered the Wu Fu Serving Lu? The first time I saw this, I found that many deep mountains were 'buried' with countless old undead things, and that energy in the body was not a problem to break through directly to the Ascended Master, and some people could even reach the middle stage of the Grand Master directly with the slightest hint of purple qi or qi luck tanking their bodies, but unfortunately this group of people were very afraid of purple qi and qi luck, so they hesitated to advance... ..

Chapter 1576

At this time, Jun Wu Ren had to think of Cang, a sad character, had this man lived for hundreds of years, had he lived to the dogs?

'Hmm. Then when do we move?' Jun Wu Regret asked.

Lin Hao's heart warmed as he looked at Jun Wu Ren in such a hurry and said seriously, 'Got to finish the Ancient Prison matter first, maybe! Or maybe both matters should be dealt with together! Wanting someone like Pope Peter to risk his life with us, he definitely wouldn't do it without getting what he wants!'

Jun Wu Ren nodded, 'That's true, forget about talking about this matter, we've barely made it to Tian Hai, and now that so many people are gathering together, let's not talk about these things. You also said before that you would go back and talk, but now it's better to talk directly. Of course I also know why this is

The two were both chatting by voice transmission, and no one else could hear them, except for Night One who looked over from time to time, as if he had found something.

Jun Wu Ren looked at Night One and instantly let it go once again, another Innate Patriarch, Jun Wu Ren covered his head and leaned back in his chair, a man who just wanted to be quiet

Lin Hao was amused to laugh, it seems that two innate patriarchs is not a small blow to Jun Wu Regret, this is true, after Jun Wu Regret reached the Grand Patriarch, after sensing something, is also aware of some powerful strength below the secret, naturally can't wait to Hou Yijun to be promoted to the innate patriarch, only a pity that even if he is a Grand Patriarch, but still difficult to directly help Hou Yijun become an innate patriarch

'Hello sister Yijun.' Shen Xiyan looked at Hou Yijun and said softly and pleasantly, full of smiles.

She couldn't feel the sadness and shock deep inside Hou Yijun's heart. After Jun Wu Regret knew that Hou Yijun had advanced to Grand Master, he directly said to Hou Yijun with cross hatred that Shen Xiyan was already a Grand Master, which made Hou Yijun shocked outside.

Faced with Shen Xiyan's smile, Hou Yijun smiled back, 'Good sister Xiyan, good baby inside the belly.'

Shen Xiyan blushed slightly and leaned against Lin Hao in a shy manner.

A short time later, Gu Nansheng came, with Zhong Baiming, looking very hurried, Jun Wuhuo glanced at it, and began to transmit voice to lecture Hou Yijun, not caring at all whether Lin Hao could hear it

But Lin Hao at this time, also did not have much time to put on the couple, but looked at Gu Nansheng walked up and asked, ‘Dad, what’s wrong?’

Gu Nansheng was Shen Xiyan’s righteous father and had saved Shen Xiyan at that time, so he deserved this name.

However, Gu Nansheng did not dare to hold his pride and be flattered as he pulled Lin Hao and walked towards the outside.

Gu Yue immediately started talking to Shen Xiyan to divert her attention.

In the street, Night One also followed. Zhong Baiming looked at Lin Hao, feeling Lin Hao’s handsomeness, and also Lin Hao’s unruffled appearance, his heart was shocked, Lin Hao had returned to Tianhai!

The Qian Clan, this is going to be the end!

When they reached the street, Gu Nansheng then spoke up, ‘Lin Hao, on the way here, a group of people were attracted by Xiyan’s beauty and then did something dangerous.’

Only when Gu Nansheng opened his mouth did Zhong Baiming fall straight to his knees, Lin Hao merely glanced at him and gestured for Gu Nansheng to go on.

Gu Nansheng glanced at Zhong Baiming and secretly said? I love Xisan zero Wu Fu Fu? Lin Hao is Lin Hao, facing such a scene, not even a hint of movement.

Perhaps this is the real strong man

‘One of the two people at the head of this one is Zhong Bin of the Zhong family, the son of the man kneeling on the ground, but his son and he both confessed to the crime! But another person is the Qian family, they do not seem to have confessed at first, even when I went to the door, the other side had a perfunctory attitude, a fearless look, and Zhong Baiming said that the other side had people from the martial arts world behind them to back them up.’

Super Son-in-law Chapter 1577-1578

Chapter 1577

Lin Hao nodded and looked at Zhong Baiming, the tiny Qian Clan he didn't care about, nor did he care about the martial arts world, he cared about Shen Xiyan!

Looking at Zhong Baiming, Lin Hao said in a cold voice: ‘Although you have come to your senses, it doesn't mean that you don't have to be punished! This way your so-called Zhong's is merged into Tianhai, and you yourself own thirty percent of the shares, what do you think?’

‘Yes yes!’ Zhong Baiming said as he kowtowed on the ground.

Lin Hao smiled, and Zhong Baiming, who was kneeling on the ground, was also gasping for breath, the sound that had just penetrated directly through his heart, swearing within his heart, piercing through the marrow of his bones with a power that made him wince and made him feel death up close

Is this the number one man in Tianhai, too terrifying

Such a person, how can Qian deal with it? Isn't it just coming up to seek death? However, Qian was looking for death, what business was it of his?

Zhong Baiming was helped up by Gu Nansheng, and then stood behind Lin Hao, not at all like a newly risen second-rate family, but like a subordinate.

Lin Hao stared indifferently ahead, sensing a strong force rushing in, thinking that the people rushing in were the so-called Qian's people, right?

‘An innate clan master? Looks like the bottom line is pretty good! There's actually an Innate Patriarch entering the world!’ Lin Hao's icy voice said, relying on the fact that an Innate Patriarch could break the rules he had set!

He said that the martial arts world could not cooperate with him, the people of Tianhai, and could no longer flaunt their power, but it was not because he was overbearing and brutal, but because he knew that the martial arts world cooperating with

the world would harm the order of the world, and would also bring bad luck to the worldly companies, but some people thought that he was harming people, Lin Hao sneered in his heart, it seemed that the deterrent effect would not be achieved without killing one example!

‘Lin Hao, the other side has the innate clan master, we’ Gu Nansheng said with some concern, looking at Lin Hao, his heart is still a little panic, he is also considered to be exposed to such a layer, after all, because of Shen Xiyan, know a lot more, but the more you understand this world, the more you know the horror of this world, it is relative

Lin Hao waved his hand in disbelief: ‘Is an innate sect master very powerful? It’s not much, and I’m not going to just let their innate patriarchs ambush them, even if they want to be in the world, then give me complete entry! It’s either that or complete extinction!’

Night one heard the words, the whole body qi blood spread out, shocked Gu Nansheng and Zhong Baiming back, a powerful terrifying aura spread out, the surrounding air are suddenly cold a lot, the bystanders are also stunned

Qian Mu’s car, Ba Shuang fiercely opened his eyes, Qian Mu a mouth of angry curses is also instantly stopped, he looked at Ba Shuang, asked: ‘Fourth elder, what’s wrong?’

‘There’s an aura emanating from an Innate Patriarch strength person up ahead, could it be that someone from the Lin Family’s combat sequence has advanced? But this Innate Sovereign’s bottom is not very stable, it’s not enough to worry about.’ Ba Shuang shook his head and said with a lost smile, just now he was also slightly surprised

for a moment, but now after his perception became clearer, he found that the other party was no more than that.

Shun and closed his eyes again.

Money? The ground is intended to be west of the ground to whisk zero Lu? Mu heard the words and became excited once again!

What does this mean?

It meant that he possessed a power that was even more terrifying than that of the Lin family, wouldn't he be able to overturn the Lin family's position in the Sea of Heaven? Create a place where the Qian Clan would be the overlord?

Of course, he knew that it might not be possible in a short period of time, but with Elder Ba Shuang, an Innate Patriarch, wouldn't it be a matter of time before he nibbled away at the Lin Family's Tian Hai Group step by step?

Previously, he did not dare to ask about the true strength of the Lin family, but now that Ba Shuang had said it directly, he had a number in mind, then the Lin family would not be considered a giant predator in front of his eyes, but a role that could be surpassed

‘Thought the Lin family was some kind of terrifying existence, but it turns out to be nothing more than that, a man’s shadow and a tree’s name, vain and powerful’ Qian Mu said with a cold snort, the hegemony in his eyes flashing past, followed by endless greed.

Ba Shuang shook his head at his words, but still answered, ‘The Lin family during the period of full victory was not a family that any sect would dare to mess with, but now, well, it is possible to go up and ask, after all, the Lin family is not the same as it was back then’

Qian Mu listened to Ba Shuang’s words with a look of realization, ‘So that’s how it is, not just a false name, but a real terror once. It’s a pity, nowadays their Lin family is not even before. Then we’ll have to rely on the Fourth Elder when the time comes next.’

‘It’s a small matter, just give me the money I was promised. Oh yes, and the woman.’ Ba Shuang spoke without emotion.

Qian Mu smiled heatedly, representing his agreement.

There was nothing in this time that could not be solved with money, if there was, it was not enough money!

If money wasn’t enough to solve it, then women would come along! It would always be possible!

The car crushed the road and Jun Wu Ren also felt the scent, but he felt that Lin Hao could completely solve it and did not come out? The car also felt the aura, but he felt that Lin Hao could completely solve it, so he did not come out? Go, but began to seriously instruct and admonish Hou Yijun

With a buzz, Qian Mu's car arrived at its destination.

Looking at Lin Hao from the car, this young man, who used to be an existence he looked up to, was now prey on his plate, and it wouldn't take much longer for him to become an existence like Lin Hao

Looking at the power on Lin Hao, Qian Mu thought that it was stored for him by Lin Hao, give him some time and it would be his

Lin Hao looked at Qian Mu, this man's eyes showed endless greed, which disgusted Lin Hao, no one dared to look at him with such offensive eyes!

And it was the same person he was today!

Night One was annoyed and wanted to blast out with a punch, but was stopped by Lin Hao there were so many people here, it would be a bad influence to start a fight here.

Of course fighting was fine, just settle it instantly!

Qian Mu got down from the car, his lofty head raised high, just now he saw Lin Hao organizing Night One to strike at them, which means Lin Hao felt that he was not strong enough, so he did not dare to strike towards them, which means Lin Hao knew his own strength, not his opponent, his heart was weak

This is very good, as the fourth elder said, the Lin family is really no longer viable

Qian Mu walked up to Lin Hao and spoke, 'Mr. Lin.'

Lin Hao smiled without changing his face and looked at Qian Mu, wanting to know what kind of tricks this person could pull off.

Seeing that Lin Hao didn't say anything, a wave of anger covered Qian Mu's face!

'Mr. Lin! Talking to you in a nice voice, that's respectful, don't give shame!' Qian Mu shouted, now he had a lot of energy, a lot of energy!

When Zhong Baiming looked at Qian Mu, he laughed furiously, but his face was full of anger, and he shouted, 'Qian Mu, you want to die! Don't you know who you are talking to?'

‘Yoo-hoo! Zhong Baiming, hitching a ride on the Lin family’s boat and becoming its lackey, so do you know what kind of strength the Lin family has been reduced to now? Do you know the reason why they don’t allow us to cooperate with the martial arts community?’ Qian Mu said mockingly to Zhong Baiming, and deliberately paused at the end of his sentence.

Doubt flashed across Zhong Baiming’s eyes, but he still drank in, ‘No matter what, the Lin family is definitely the number one family in Tianhai! No one dares to overstep it! No one dares to disrespect it! Do you know that you were speaking to just now?’

Super Son-in-law Chapter 1579-1580

Chapter 1579

‘Heh! The Lin family won’t let us cooperate with the martial arts world, that’s because the Lin family doesn’t have the strength to suppress the Ascended Masters of the martial arts world! So they were afraid, afraid that the Ascended Masters would enter and snatch away their place of supremacy, but unfortunately, this secret, was known to me! It was discovered by my people!’ When Qian Mu finished speaking, he directly ignored Zhong Baiming, inside his eyes, at this moment he did not consider Zhong Baiming as a figurehead, but a waste!

At any moment? Land West Earth Closed Wu Zero Dye? The waste that can be strangled to death!

Zhong Baiming looked at Lin Hao’s figure, he did not believe and would not believe Qian Mu’s side of the story, he thought that Qian Mu was looking for death at this moment!

He thought that Qian Mu was looking for death at this moment!

But what did it have to do with him if Qian Mu was looking for death?

It wasn't like he was looking for death himself.

Then he could just watch Qian Mu die to his heart's content.

Qian Mu walked towards Lin Hao and came so close that if Bu Nei Yi had stopped him, he would have been face to face, but of course Lin Hao wouldn't have given him that chance.

Qian Mu glared at Night One beside Lin Hao, thinking to himself that this man really has no eyesight, doesn't he know who he is?

Qian Mu was pulled away by Night One, over there Ba Shuang came up close, directly in front of Night One, his whole body's aura was released, a smell of wanting to suppress Night One.

Night One instantly frowned, this person's aura was incomparably thick, much thicker than the Innate Patriarch he had just advanced to, but well, Night One thought that if he fought to the death, he would kill this person in front of him, this was the confidence after many deadly battles!

‘Young man, speak of martial virtue! You are not as strong as me!’ Ba Shuang’s voice showed inside his teeth, very arrogant.

Night One sneered and stared at Ba Shuang, killing intent instantly ejected from the depths of his eyes, the thick killing intent shocked Ba Shuang, causing his whole body to tremble, but then he turned incomparably angry and glared at Night One: ‘Young man! You seek death!’

Night One sneered and did not reply.

Qian Mu watched the brief exchange and realised what was going on, how his side had fallen behind, but the good thing was that seeing Bashang’s domineering appearance, Night One did not become arrogant again, and my heart was full again.

He then opened his mouth, ‘Lin Hao ah, I think the Tianhai Group hogging too much of Shanghai’s industry, or I Qian’s group to give you a share of the share, and I recently saw the work on the dock, how about it, let me let me, the misunderstanding that arose between us, I will first pretend to ignore it?’

Gu Nansheng was enraged, his eyes were red, this little Qian Mu had blackmailed his way to General Manager Lin, didn’t he know how to write the word death?

‘Qian Mu, I advise you to put away your tone of voice and such blind confidence, you are still young! I advise you to behave yourself!’ Gu Nansheng drank.

Qian Mu pushed Gu Nansheng away and even made a move to give him a punch, but Zhong Baiming caught Qian Mu's fist, which did not let Qian Mu's punch go down.

The first thing you need to do is to take a look at Zhong Baiming and say that he is in a very good mood at the moment, as if he had never felt so good in all these years.

Now there is no need, because now he is very strong, also know, the so-called Tianhai first family, the strength is not so much, look, look at the current Lin Hao is such a look, in front of their own, arrogant can not up, domineering can not up, really the words of the world's mouth, are self-deceiving lies, their own people scared their own people, scared very lightly, and finally?

Chapter 1580

I'm afraid Lin Hao and the others believed it, of course he probably relied on his long-standing high position and thought that he was still the same now as he was back then, haha, he told so many lies that he believed them himself, ridiculous man

'I'll say it once, I don't want to repeat it many times! If you are offended, you can say it!' Qian Mu said in a domineering manner, his aura was high, the aura of a second-rate family in Tian Hai was on display.

Lin Hao revealed a smirk and said contemptuously, 'I'll let you have the pier, do you dare to eat it?'

Qian Mu was happy, you gave it up, what would I not dare to do?

I didn't dare before, but I still don't dare now?

'I can't imagine that young people are so discerning, then just call me Uncle Qian when you meet me in the future, after all, I am a dozen or twenty years older than you, so I can afford to be your uncle.' Qian Mu's eyes lit up when he heard this, and he spoke incomparably seriously to teach Lin Hao.

Lin Hao was happy, he really believed it!

Not only that, Qian Mu also immediately took out the phone to his men's instructions, 'The means of the pier will be put aside for a while, after all, it is immediately our own family, the reputation can not be ruined.' Qian Mu hung up the phone and smiled gently at Lin Hao, not caring about Lin Hao's pleasure or displeasure.

Nor did he care about Lin Hao's face

Only at this time did Gu Nansheng react to the fact that the original incident of transferring goods on the dock in a messy manner these few days turned out to be Qian Mu's doing, Gu Nansheng hurriedly explained to Lin Hao.

'Mr. Lin, in the past few days, there were often incidents of messy codes on our docks, as well as incidents of cargo leakage and theft of goods, I investigated

thoroughly but could not find out who did it. This damn, should have used a martial arts world figure to do it, coming and going without a trace, it's a headache!

Lin Hao nodded, this martial world really seemed to be working quite well with the Qian family, to dare to put their hands on him, then he would like to see, which hand the other side had extended!

Now that he has extended his hand, he should not retract it!

It's a rule of the jungle!

'There's no need to cross your fingers, I did it, but so what? What can you do to me?' Qian Mu interrupted Gu Nansheng's whispered complaint and said loudly.

Lin Hao violently slapped him directly across the face, so fast that he directly hit Qian Mu's entire body without reacting, and instantly smashed against an iron pole, clanging and landing with a sound, instantly wailing.

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet. The actual fact is that you can find a lot of people who are not able to get a good deal on this. The corners of the mouth twitched as the crowd gathered around came up, and then said, 'We are filming, in the shooting, that is, realistic, but it's okay, the other side price is high, to bear such a beating

‘Oh, so in the filming ah, I just said it, how can a person hit so much force, also scared me’ someone then immediately said, to be honest, he was just really scared a line, people were slapped directly, this is too incredible

‘I mean, what kind of movie is this, it’s quite emotional, reveal it to us’

‘Yeah, yeah, is this the main guy? It’s so handsome, just because of this face, I can’t even overdo it with three swipes’

The girls were all shouting at the same time.

But they were all stopped one by one, and with the excuse of filming, they didn’t get up in arms.

Ba Shuang looked at Lin Hao after closing his hand, his pupils fiercely shrunk, just now Lin Hao struck, he did not sense it at all, this is impossible!

How could he have such speed? He was an Innate Patriarch, just like a living god!

What other means was there that he couldn’t see through!

‘What exactly is your strength?’ Ba Shuang narrowed his eyes and stared at Lin Hao as he questioned, a suppressive aura that you must speak surged out.
