

Super Son-in-law Chapter 1661-1670

Chapter 1661

Just after Yang Hu returned to the Dragon Sect, one after another Taotie Qin Long returned, and let the secret letter bought by Qian Zong in the Dragon Sect pass him a message, saying that the three main Dragon Sect town guards returned, all three were intact, and the Yuanwu town guard was late in returning.

At this moment, a thousand Xingchen is considered completely dead, three big town guards returned one after another, Yuanwu town guards news unknown, or completely returned, that is to say, perhaps a big battle took place over there in the Baba Sect, but no one was injured, but cut or other ways to weigh in, now weighing in, the final take over is peaceful

‘Lin Hao Jun has no regrets, so strong? Who would be able to think that the four great clans back then rose so quickly, it seems to sell well with him, Cang’s incident I’m afraid will then erupt, the martial arts alliance is in danger eh ‘Thousands of Xingchen murmured, Thousand Thunder and Thousand River did not fall, I’m afraid at this moment is in shock, how could send him a message The next intention is still to protect the thousand clan well in the first place, after all, a thousand years of heritage, certainly can not be broken in their own hands

The first thing I want to do is to go deeper towards the inner gate, but I didn’t meet my own child, Qian Sunset, which made him a little curious, but only briefly puzzled, and didn’t stay too long, his own son is still in the learning stage, the blow is a little unbearable, I’m afraid at this time I don’t know where to suffer it

The black crocodile toads inside raised their heads to look, today the thousand clan fell one after another great clan master, the qi did not ask a few turbulence,

they can also feel, and the frequent people flying away, so that they feel a strange, countless swamp beasts issued a faint low roar, as if discussing, just do not know what is being discussed, completely incomprehensible.

When all the low growls died down, they all looked towards the mountain gate of the Thousand Clans, their eyes were scarlet with anger, looking like they had an unmitigated hatred

Thousand Sunset left the swamp and not long after arrived inside the lobby of the previous gathering of geniuses, the servant who was here to entertain the geniuses hurriedly ran up when he saw Thousand Sunset and said with a welcoming smile on his face, 'Great fortune to the Thousand Clan's young master.'

'Alright, don't delay with the extra courtesy, I want to speak to Gravedigger Yue Wu Dao.' Thousand Sunsets instructed.

'Okay okay, I'll get through to Young Lord Tomb-digging and Young Lord Yue Wu Dao right now, you wait for a moment, I'll call someone to make you a cup of good tea

'Don't waste time, I don't have much time for you to waste.' A thousand days? Xi Yi Xi Wu served whisk closed Lu? Falling said in a serious tone refusing.

'Fine, fine~' the servant was so frightened that he did not dare to fawn in and started dialing the other two.

Inside the Yuehai Gate, there is an endless sea all around, churning huge waves cover the surface of the sea, from time to time large underwater creatures emerge scarlet eyes frightening beyond measure, a deep bottomless reef within, there is a stone monument that will not rot for a thousand years, on it are three big words 'Yuehai Gate', behind the stone monument a huge coral mountain, one of the Inside the largest coral mountain, there is a corona of light that flickers on and off, and here is the main hall of the Yuehai Sect

The dark currents were like waves, and the sea creatures around were afraid of this coral mountain and did not dare to come close, only dared to swim far away

Inside the main hall, Yue Wu Dao felt the message coming from his own gathering, frowned and still went to pick up the transmission.

'What is it?' Yue Wu Dao said in a low voice, accompanied by the huge waves surging around him, making the servant's insides churn, Yue Hai Sect deep within the waves of the deep sea, can people really survive in the sea with their inner strength all the time? Or could the palace at the bottom of the sea block the breathing from being suppressed after the sea wrapped around it?

Of course he didn't dare to think too much about it, and after hearing Yue Wu Dao's enquiry, he hastily replied, 'Young Master Thousand Sunsets has something good for you.'

'Looking for me? Looking for us?' Yue Wu Dao's first thought was that he was looking for himself, then after thinking again for a while he realized that he was looking for 'you guys', and immediately asked the question rhetorically again.

Chapter 1662

‘Yes, looking for you and Young Master Gravedigger.’ The servant said evenly, with immense respect.

‘So anxious? That’s fine this Young Master will give him a chance to say what he is looking for me, if he can’t say a thing, then don’t blame me for not giving him face.’ Yue Wu Dao said in a lonely voice, his heart secretly pleased.

The servant hurriedly handed the communication to Qian Sunset, who took the communication, just now also heard Yue Wu Dao’s words, and did not get much angry, for Yue Wu Dao’s character, he still knows a lot, the cheapness of his mouth, let him earn is

‘Thousand sunset, what do you look for this young man? We have only been separated for how long, and you are looking for this young master? Could it be that you feel that this young master is good and want to follow him?’ Yue Wu Dao said with a cheerful laugh.

A thousand sunsets when? I’m not sure if I’m going to be able to get a job. Do not hear, but pondered for a moment, said the words refined on the way out: ‘My thousand clan two great patriarch elders died at the hands of Lin Hao Jun Wu regrets, and now Lin Hao Jun Wu regrets from the south did not drop slow, and even I feel that the clan’s secret Cang’s incident, they may catch the spearhead, of course now may not catch, but soon after, may get news. This if they know that Cang has been doing all the bad things for us for so many years, I’m afraid that Lin Hao Jun Wu Ren will definitely not let us go.’

Hearing this, Yue Wu Dao gave a wild laugh, 'So what, even if Lin Hao knew about this matter then so what? This is something that the entire Martial Union is involved in, how can they act against the heavens?'

'I don't know about going against the heavens or not, but beheading Qian Hai and Qian Yu they didn't have a soft hand at all.' Thousand Sunsets said.

'What's wrong with killing two of your Thousand Clans? You can't kill people from your Thousand Clans?' Yue Wu Dao sneered and said.

Thousand Sunset was instantly a little annoyed, talking to such brainless people could not be punctuated with deep words at all, one could only speak bluntly, Thousand Sunset gritted his teeth and continued, 'What I mean is that they definitely won't just kill people from the Thousand Clans afterwards, they will kill others as well! After all, our Thousand Clans went over to suppress and flip to be decapitated by them, isn't the meaning still obvious, isn't it the meaning of not stopping?'

Yue Wu Dao heard these words picking his teeth, thinking that it is not good to say earlier to understand a little, but here to say so shallow, do not use the brain still can not understand, living on the ground people like to play false.

'The company's main business is to provide a wide range of products and services. Anyway, it doesn't matter to me, even if all of you die, my Yue Hai Clan is still alive and well, haha!' Yue Wu Dao laughed unrestrainedly, very proud of himself.

Thousands of sunsets were also annoyed with this guy, but could not show it, but said bitterly: 'Do you know the simple truth that the lips are dead and the teeth are

cold? Do you really want to stay at the bottom of the sea for the rest of your life? Don't you want to come out? You can come and go as you please, but what about the rest of the people? And don't forget that Cang, who has been searching for the mystery of ascension for so many years, hasn't found anything at all. I'm sure you've heard within the clan that Cang died earlier and that centuries-old plan was put on hold. A great master? Who says that means it must be a Grand Master and not an ascended one?

Yue Wu Dao originally listened to the previous words, is picking teeth grin, but slowly listening to continue, also can not help but shiver, Cang's death as well as Cang's incident he also heard about, of course, is Cang's death before being exposed, Cang alive, the martial world's strongest people are looking at him regardless, and the four town guards are also in seclusion, or by another time delay, resulting in Cang can always rampant, but later by Lin Haojun no regrets to kill, but this does not mean that Cang in this period is not nothing, after all, hundreds of years ah

Originally Cang has been looking for almost, but then, Cang died, then there is no way, can only slow down, and then Lin Hao and Jun Wu Regret strength greatly, and then to the East Japan incident, resulting in more people do not dare to mention this matter, after all, exterminate the ninja alliance such a big event, the average person can not do, do people are great merit, so the great trend is irreversible, no one this time to touch the spearhead, and even hate this thing just as if it did not happen.

Super Son-in-law Chapter 1663-1664

Chapter 1663

But now it's different, Lin Hao draws two boundaries with the entire martial arts world, Qian Sunset feels that if this time brings up this plan that was previously shelved, he doesn't believe that no one will have a twisted mind

As expected, once Qian Sunset said this, Yue Wu Dao was instantly moved and his voice was much more delicate: 'Qian Sunset, are you telling the truth?'

‘Really! I’m with you and the three of you and Grave Digger, of course you shouldn’t delay the big event because of the small friction before, once this matter is made, the three of us don’t need to care too much anymore at all.’ Thousand Sunsets analyzed.

There were many rules in the martial arts world, living in fear. These both of them knew that there were powerful existences on the left and right, on one side was the Dragon Sect, an existence that governed the Martial Dao Realm, which was the existence of the Dao Sect proper, the Dragon Sect they did not dare to provoke, and the Dao Sect they did not dare to go forward and disturb.

Do not dare to provoke the Dragon Gate is not just that they do not dare, the Daoist sects also do not dare to go forward to bounce, and then the Daoist proper they can not win, so or very restrained

But if once they have mastered the secret of ascension, then these two powerful forces will have to beg for it

‘I have to say, your brain is just good. Unlike ? steak zero land westwood ground closed dye ? That sickly boy, but I feel that even the two of us should be able to do it, after all, with your identity as the Young Patriarch of the Thousand Clans, plus my identity as the Young Patriarch of the Yuehai Sect, it would be enough to do it.’ Yue Wu Dao’s expression became less hostile and more calm, and his tone of voice was also much more serious.

Thousand Sunsets shook his head and said incomparably seriously, ‘If the two of us do it together, when the time comes, if we make it, we won’t be able to suppress

Grave Digging with his clan and the others who have gathered to fan the flames! After all, once it's made, it's the same as separating from the entire martial arts community other than the Thousand Clans Yuehai Sect Daoist Sect, which is also a force to be reckoned with in addition to ours, do you then want Tomb Dug to bring them along and come and snatch the fruits of our victory?'

Yue Wu Dao heard this and fell into a stony contemplation, yes, a little really made, if the fruit of victory was taken away by this sick boy, he could not accept it, and with this in mind, he had no choice but to agree to Dugong joining.

This side is still talking, over there at the mountain gate of the Hegemony Blade Sect, Yuan Wu looked at Lin Hao Jun Wu Ren and spoke, 'Two, the Dragon Sect has no ill will towards you, it is just because you are too strong and do not join the Dragon Sect, which makes the several town guards have to be wary, after all, the special nature of the Dragon Sect as you know.'

For Yuan Wu, Jun Wu Ren still had quite a lot of respect, 'Don't worry, we can't do something like turning the other cheek against Hua Xia. You say so, right Brother Lin.'

The corners of Lin Hao's mouth were raised at his words, and did not reply, as a tacit acknowledgement. He wouldn't strike out against China, but he also knew that some people in China should not have any more incidents of Cang, after all, Cang had caused a lot of damage to them

'In fact, the martial arts world over the years due to the negligence of the Dragon Gate four town guards, there are some assholes, we just did not have time to deal with. As you can see worrying like this, if you hadn't stepped in, perhaps the Dragon Sect

wouldn't have had time to free up their hands.' Yuan Wu sighed and said from the bottom of his heart.

It was not just Qin Long who had fallen pale, as he had done as well. If he had not taken the opportunity to enter the Grand Master this time, his words would not have been too heavy. Taotie did not listen to discipline, and Qin Long was not willing to offend others in being the leader, Yang Hu had been in seclusion, and he was the only one to take care of the whole martial arts world, but what? There are so many things that he can't handle them, plus he only has two people on hand that he can use, so there is not enough manpower to manage a lot of things

Of course, even if he has time to manage, but when crossing the border to do things, it was just a small thing, but the other side just want to trip up, which makes it very difficult, not only that, you can not rush, can not how they, after all, the king of hell is good to see, the little kid is difficult to deal with. They will say something for their leader, saying what the town guard of this department is busy with some things, if you expedite the processing, we will report

Chapter 1664

What is the use of reporting this? One suppressing the Daoist sect is not willing to come out of the mountain, one says it is closed and does not know where to look for gongfu cultivation, and the other is in control of the overall situation all day long, but does not ask about small matters, which makes the Yuanwu very headache, so there will also be that scene purging the Dragon Gate

The first thing you need to do is to get rid of the problem. It's still the same problem, just like having the will to kill a thief without the ability to return to heaven, but well now it's different, with the identity of the Grand Master, with the existence of Lin Hao Jun Wu Regret, it is possible for him to take a bold step forward to rectify the

The fact that Yuan Wu thought of this, his heart was excited and he said happily, 'But if this was before, it might have been difficult, but today your outburst, dispatching the Hegemony Blade Sect as well as defying the Thousand Sects and even making the Thousand Sects not dare to speak, will allow me to rectify the entire martial arts world!'

Lin Hao smiled and couldn't help but look at Yuan Wu, this old man had experienced life and death battles with him, when he first met him, he felt like he was just hanging on for dear life, then the longer he fought, he found out that his strength and heritage were all very strong, he was considered a real character, I thought he was just like the other town guards, but now it didn't seem to be the same. Some people's faith is a lifetime, a knife hanging over their heads, warning them to forge ahead, and some people's faith is also a knife, only to spur them forward and then succeed, they will take the knife down, and from then on become no longer have faith, but a new greed

And the reason why that sword can be taken away so easily is because it is the sword that they themselves hang up to spur themselves on. And the perseverers the faithful the noble the successful they will keep that sword hanging, while those who chase petty profits will only hang it for a moment

'It's a good thing, the martial arts world is in chaos and out of order today, and if you come out to straighten things out at this time, we're willing to assist! After all, that's what we originally wanted to do, don't you think so Brother Jun.' Lin Hao said with his mouth full.

Jun Wu Ren was also shocked for a moment when he heard Yuan Wu's words, but when he thought about the fact that this was one of the two he respected, he must have this lofty awareness, it was his own narrow-mindedness.

‘Yes, yes, Brother Lin and I originally wanted to go south to the north and purge these impurities along the way, only I was a little worried that we might encounter some unnecessary trouble, after all, out of the way, but now since Township Master Yuan Wu is going to do the same, it’s naturally for the best! We are more than willing to obey the dispatch!’

Yuan Wu smiled and looked at the two young men, in Jun Wu Regret’s body he saw is selfless dedication, as in the year when they were a few, in Lin Hao’s body he saw is down to earth work, one step at a time to remove some obstacles, the two a bit noble, the other pragmatic, but both for the sake of this race, both good

‘Good then, then I’ll leave this task to you, later if you don’t have anything to do, I can take you to the Dragon Gate to give you all the previous archive bags, you can’t say that there are too many tasks to do, ah.’ Yuan Wu smiled heartily, revealing a long-lost heartfelt smile

Jun Wu Ren looked at Lin Hao, they really didn’t have much going on right now, but just as he was about to say that he would go over now, Lin Hao interrupted him and said, ‘We can go over some days later, there’s still a bit of business at hand at the moment.’

Yuan Wu was about to blurt out and ask what the matter was when he thought about it and closed his mouth, instead he waited for a while and then said to Lin Hao Jun Wu Rui, ‘Then I’ll be at ? Yi Yi Er Lu Yi Di Yi Shan ? Dragon Gate waiting for you, this is my communication, let me know beforehand when the time comes.’

After giving the communication to Lin Hao and Jun Wu Rui, Yuan Wu moved to leave.

He had a lot of things to say to Lin Hao and Jun Wu Regret, but after thinking about it, it was a bit hasty to go and say it now, so he could put some time aside to talk to Lin Hao and Jun Wu Regret as well.

The communication from Yuanwu was put away, and Jun Wuhuo was lost in thought. What he had previously longed for was now right in front of his eyes, and for a while it was a bit of a trance.

Super Son-in-law Chapter 1665-1666

Chapter 1665

‘Brother Lin, what else do we have to do now?’ Jun Wu Ren couldn’t help but say after he had finished his emotions, after all, they didn’t have anything to do, did they?

‘There’s nothing going on, the main reason for saying this is to let Elder Yuan go first, it’s a bit presumptuous for us to go to the Dragon Sect headquarters now, and it’s not good for Yuan Wu.’ Lin Hao said.

‘What do you mean?’ Jun Wuhui frowned, his tone rising sharply.

Lin Hao shook his head and said towards where Yuan Wu was far away, ‘The two of us just won over the two town guards just now, if we go over at this time, we won’t be able to tell even if we say we don’t have too close a relationship with Yuan Lao then, the Dragon Sect’s four town guards now have different opinions, so we shouldn’t add fuel to the fire.’

Jun Wu Ren snapped awake after hearing this, currently looking up also right, otherwise of how will have the taste of just now Lin brother cut a deal with the two town guards. And obviously all can see, Yuanwu town guards are biased towards them, the other two Taotie and Yang Hu town guards especially Yang Hu town guards have some heavy opinions on them, later Taotie town guards after losing to them, obviously also fell to them, this represents four people each hold different opinions, if they are too strong battle team, will let inside put the current already imbalanced situation again aggravated, then it can really not be the situation they It's not the situation they want to see

‘I was a bit anxious.’ Jun Wu Regrets said evenly, ? The actual fact is that you can find a lot of people who are not able to get a good deal on this. The heart is also a little scared.

Qian Lei and Qian He were still in shock, they had won, they had won! Lin Hao fought with the two town guards for them and won! What does this amount to, as long as they work for Lin Hao and don't offend him, then there is absolutely no need to fear either organisation! Nowadays, there are three legs, the Martial Union led by the Thousand Clans, the reluctant Daoist Orthodox Daoist Sect, and the Dragon Sect which co-ordinates the martial arts world

In the past, the Martial Union was the least powerful, but because they were the elders of the Thousand Sects, their status was still relatively high, but they still had to meet some people who still had to bow down or be afraid. Nowadays, with Lin Hao around, there is no need to be afraid at all

For a while they were actually in a bit of a surprise, it was really a blessing in disguise

‘You two are fine now, but remember, what happened today, do not shake out, otherwise, you will be the same as the two of them!’ Jun Wu Ren instructed to Thousand Thunder Thousand Rain.

‘Dare not, dare not! Absolutely don’t dare’ Qian Lei Qian He shook his head while waving his hands, afraid that if he moved a little slower he would displease the other party.

‘Forgive you all for not daring to do so, then you can go back first.’ Jun Wu Ren looked at their appearance and knew that they didn’t dare to disobey them at all.

‘Huh?’ Thousand Thunder and Thousand River were instantly confused, going back? Back to where? The Thousand Clans? Or where?

‘Ah what? Why don’t you want to leave? Want to die?’ Jun Wu Regret glared coldly, and the two men fled in fear and haste.

Jun Wu Regret was a bit helpless, letting them go, but they didn’t want to leave, what did they want? Did they really want to die?

‘I forgot to ask them to monitor the Thousand Clans, but it’s alright, it doesn’t matter if they are monitored or not, they are just a bunch of clowns.’ Lin Hao looked at their distant backs, as if he had thought of something, and spat it out lightly.

Jun Wu Ren then slapped his head and spoke in shock, 'Yeah, forgot about that, monitoring the Thousand Clans is the same as monitoring the entire Martial Union, I just didn't feel like delaying on them and forgot about such a thing for a while reckless reckless

'Brother Jun, you should not feel self-condemnation for such a trivial matter, let's go back first, going out for too long will inevitably make the family miss. Take your time with these matters, one by one, the two elders of the Hegemony Blade Sect are also working for us, although their strength is weak and the information they collect may be insignificant, it's better than nothing.' Lin Hao interrupted Jun Wu Regret's confession.

Jun Wu Ren nodded, then followed Lin Hao's departure.

In the distance, Thousand Thunder and Thousand River looked at the direction of the Bastard Blade Sect, both of them were in a state of shock, the stuffed horse was not a blessing, they could not be too afraid of too many things in the future, only to think fiercely about what to do now that they had directly left Lin Hao and Jun Wu Regret and returned to the Thousand Clans?

Chapter 1666

The clan master will not let us off the hook if we go back like this, after all, the town guards are going to drag us back and prepare to torture us, we are intact, how can we return?'

The momentary joy of Qian He's face also revealed a troubled look, looked at Qian Lei and looked at his own body, but it was intact, of course, except for the sweat that flowed out under the previous shock, the rest was not damaged at all.

‘Senior brother, this way back will certainly also accept the sect’s review, then we have not had the time to feel some safety as the two lords retainer, to return to hell again, the two lords are in front of the town guards to protect us, then naturally will not just let us die, otherwise there is no need for more!’ Thousand River said.

Thousand Lei nodded his head one by one, senior brother had a point, if Lin Hao had gone out to rescue them just for them to go to their deaths again, then there was absolutely no need to cross paths with the Dragon Sect for them, so their value certainly couldn’t just be reduced to nothing

But how should the clan be handled in the immediate future ?

The first thing you need to do is to go back to the clan, but why not ? This is also not possible, this also does not show their value in front of the two lords

‘I know all this, but how should I solve it ?’ Thousand Thunder inquired.

Thousand River had figured it all out and said, ‘Brother this way, the two of us hit each other with a slap, injuring ourselves both and hitting hard ! Only then will we be able to explain how we survived with difficulty, and the clan won’t blame us then.’

‘Will that work ? There are a lot of loopholes here.’ Qian Lei frowned, Qian He said that the solution was a good one, but there were so many loopholes in this solution that it was worth digging deeper, once you dig deeper, they are all loopholes, for

example, when the clan master goes to ask those two town guards, when the town guards tell the truth, the two of them will really go straight back to hell

‘Brother, at first glance there are loopholes everywhere, but when you think about it, if the clan knows we are acting, it will take a lot of prerequisites!’

‘Senior brother, this is full of loopholes at first glance, but when you think about it, if the clan knew we were acting, it would require a lot of prerequisites!’

Qian Lei couldn’t help but ask, he knew that senior brother’s mind was alive and well, but his own brief? The first time he thought about it, he found that the problem was really a problem. A single thought, found that there are too many questions, and also said, but senior brother is another way of saying, let the thousand Lei do not understand, so asked: ‘Such as what?’

‘Think about it, senior brother. When did we leave and when did all four town guards leave?’ Thousand River said.

With a bitter face, Qian Lei thought for a moment, ‘The four great town guards left before us, in order, Yang Hu, Taotie, Qin Long and Yuan Wu.’

‘Yes, they go first, and then we go! And as who is the one who has the deepest enmity with the two lords?’ Thousand River asked once again.

Without even thinking about it, Qian Lei answered directly, 'That must be Yang Hu Zhen Guardian.'

'That's right, Yang Hu was the first to go, he was the most worthless! As you can see, later on, the Taotie Town Guard even turned around and sold a face to the two lords, with the intention of making friends. The last of them, the last of them, as you can see, is the one with whom the two lords have the best relationship! After all, they fought side by side in the Battle of the High Seas.' Thousand River took up the conversation.

Chilai nodded, a little analysis would have told him that.

The thousand thunder waited for the thousand river to continue to speak, the thousand river are speechless, said so clearly, still do not understand?

Thousand River said: 'So even if the clan goes forward to ask, then what can be done? Ask Yang Hu Town Guard? I don't know what Yang Hu would say! I don't know, do I? If we ask the Taotie sub-prefect, maybe the Taotie sub-prefect will go along with the patriarch's words, or maybe the Taotie sub-prefect will just say he doesn't know. If you ask the guardian of Qinlong, he will also say he doesn't know, and the guardian of Yuanwu, not to mention that we are on the same side!'

Super Son-in-law Chapter 1667-1668

Chapter 1667

'So?' Qian Lei asked, still not understanding.

Thousand river was asked are want to kill him, have said so clear still do not understand, thousand river speechless a million: 'so ah, even the patriarch to ask before can not ask a so, we now say what, the patriarch even if there is suspicion, that there is no way

Thousand Lei nodded blankly, this understood a little bit, but why would the patriarch not suspect it? With doubt he asked, 'It's impossible not to suspect, and that is, if what we say now is what we say, then why hurt ourselves?

Thousand River was asked to jump in anger, in his heart cursed really good stupid just hardened his head and explained, 'Because the patriarch went to ask, the four town guards will all go along with our down to say. And that is, hurt yourself, is to make the patriarch more convinced, after all, acting to act a full set, well, senior brother you should not ask, listen to what I say is right

Thousand Lei touched his head actually longed to say just listen to you, but I just casually said a sentence, you tangle is so much, really let people head.

Seeing Qian Lei like quite agreeable, Qian He continued, 'The purpose of our trip, although it is to return to the Thousand Clans, but still to the two lords to achieve the effect of surveillance! Otherwise our value is not at all useful, once we have no value to use, then we are nothing

you are aware of, now we are considered out of the Thousand Clans, also become? The phase has offended the Dragon Sect, the entire martial arts world except the two lords, no one is willing to accept us

Thousand river now words meaning also changed, from back to the clan into will be a thousand clan, after all, now for them, now the entire martial arts world are no place for them to stand, do not follow Lin Hao Jun Wu regret two adults, can really be isolated, if put in the past, the two great masters, I am afraid will be an extremely

powerful force, but now the world, especially the martial arts world and other powerful organizations, if there is no some great masters stock, the ancient prison battle to go do not even go, that is to send death

‘Senior brother or you think much, I thought we were given up, haha now it seems that the two lords are testing us!’ Qian Lei said excitedly after hearing Qian He’s words, he thought he was abandoned, but it turns out he wasn’t, it’s just that the two lords didn’t bother to say that they should go and spy on the whole Thousand Clans nor the whole Martial Union, after all, for the two lords, the whole Thousand Clans or the Martial Union is nothing

The first thing that happened was that the two lords did not want to be involved in the surveillance.

‘I never thought senior brother would have such a wise moment.’ Thousand River complimented.

Qian Lei smiled nervously and didn’t bother to blame Qian He for joking about his intelligence, but was glowing, having a new direction was good for him. Because doing nothing is the same as doing nothing, and a person who does nothing is a complete and utter waste

Tianhai.

Lin Hao and Jun Wu Ren returned to the villa.

The next day at noon, Lin Hao and Jun Wu Regret did not care at all about what Qian Lei and Qian He did, for them, it was best if Qian He and Qian Lei could do something, but if they could not do anything, it was not a big deal, after all, such people were dispensable to them

The new feud is in front of them, but the whole sublimated martial arts world is just like that in front of them

The first thing you need to do is to get up and get out of bed. ‘

Lin Hao pinched Shen Xiyan’s nose, and when Shen Xiyan pouted ‘it hurts’, Lin Hao deliberately used a little more force, causing Shen Xiyan to frown. On top of this stunningly beautiful face, the frown was like a perfect piece of jade that suddenly crinkled, causing the heart to ache.

Chapter 1668

‘It’s been a long time since I’ve slept so comfortably, it’s still my own home.’ Lin Hao exclaimed.

‘You still know that your own home is comfortable.’ Shen Xiyan, who had gotten up to fix Lin Hao’s clothes, said as she turned back and gave Lin Hao a white look.

Lin Hao laughed heatedly and said helplessly, ‘Do I want to be that slutty, after all is said and done my family has such a beautiful wife, how could I not come home.’

‘Only you can say that.’ Shen Xiyan began to help Lin Hao dress, delicate technique, gentle expression, Lin Hao looked at the Shen Xiyan at this moment, since the pregnancy Shen Xiyan the whole person has become more gentle, perhaps this is the journey to become a mother, but also because this family can finally settle down

‘You’re the only one who can talk.’ Shen Xiyan began to help Lin Hao dress, delicate techniques, gentle expression, Lin Hao looked at the Shen Xiyan at this moment, since the pregnancy Shen Xiyan whole person has become more gentle, perhaps this is the journey of soon to be a mother, but also because this family can finally settle down

‘I said the truth only, are you not beautiful?’ Lin Hao asked rhetorically.

Shen Xiyan choked uncomfortably on Lin Hao’s words, and the hand that was buttoning him up dropped violently, humming, ‘I’m not buttoning you up.’ Although her mouth was saying this, the movement of her hand was still quickly buttoning him up.

‘Honey, today we are going for a pregnancy test, you can’t forget what you said yesterday about accompanying me.’ Shen Xiyan said to Lin Hao after buttoning him up, yesterday they agreed to go for a pregnancy test this afternoon, at that time Shen Xiyan was very happy to hear that Lin Hao was going with him, after all, before it was always Wang Shufen or Leng Qiuya who accompanied her, now Lin Hao was going with him, could she not be happy? Other people are husband with, she is a mother, always feel less something, now their own husband with, than what things are happy

Lin Hao rubbed Shen Xiyan’s head and said tenderly to Shen Xiyan’s stomach, ‘How could I forget? This is an important matter.’

‘Hmph, you’re a different person when you say baby.’ Shen Xi Yan hummed lightly and said jealously, ‘Baby, do you see, your father is a person who likes the new and the old, if he doesn’t like you anymore in the future, it means that mommy has a baby again.’

Lin Hao was listening to the funny, suddenly Shen Xi Yan a corner, Lin Hao almost did not stand, what the hell logic, but immediately woke up, a hug Shen Xi Yan, strange smile said; ‘so Xi Yan does not like a baby ah, then good when we have this baby out, we immediately have another, this is good, save a baby strange lonely, hehe. ‘

Shen Xiyan blushed and pushed Lin Hao away, then pouted and said, ‘Who said you wanted to have another baby, I didn’t say that. Don’t play the child’s bed-wetting temper, quickly put on your clothes. I’ve squeezed toothpaste for you in the washroom, go eat something after you brush your teeth, we have to go to the hospital early, people have to wait in line for a long time to book an appointment with Director Sun’

‘Okay, I know.’ Lin Hao seriously replied, not at all vague and perfunctory, Shen Xiyan then gave up, then went out from the bedroom, outside not long after the sound of Shen Xiyan’s orders, Wang Shufen nodded at the side, and then conveyed to the hourly workers

Lin Hao three times everything done? The first thing you need to do is to get the job done.

You see what I’m doing now? I’m taking Xiyan for a pregnancy test!

Lin Hao's voice was loud, as if he was afraid that Jun Wu Regret wouldn't hear him.

Next to him, Shen Xiyao covered her mouth while shyly bowing her head, the look was simply too horny for words

Super Son-in-law Chapter 1669-1670

Chapter 1669

She at the same time one hand pulling Lin Hao, as if to say let Lin Hao do not say, shame on you

The road seat of Jun Wu Regret is lamenting the years and enjoy the afternoon sun on the face with the beautiful daughter-in-law happy time, was Lin Hao such a sentence, all the good atmosphere is gone, but a time and do not know how to refute, instantly incomparable uncomfortable

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things. The original different in this, are so powerful people, mouth inside the words are so close to life, vulgar unbearable, hey, really is life is the last straw to crush people

'Husband, tonight you are working hard.' Hou Yijun sighed, holding back the red overflowing face of said.

Faced with such an excessive request, Jun Wu Regret could only grit his teeth and nod his head in agreement, 'I will!'

Jun Wu Regret looked at Lin Hao's distant back with great envy and thought to himself, 'Work harder tonight, as long as you work harder, in a year's time your child will also be called father then you won't have to look at Lin Hao's dolls

Tianhai First Hospital, sitting in the passenger seat, Lin Hao was about to help Lin Hao out of the car when a phone call suddenly came in, it was Yuan Wu who called in.

Shen Xiyang looked at Lin Hao who was frowning and said with some disappointment, 'You answer the phone, I'll go hang up a number myself first.'

Lin Hao was full of apologies and was quite helpless, so he had to answer Yuan Wu's call.

If this were someone else's phone, perhaps Lin Hao didn't even have to answer it could just hang up, but Yuan Wu's, Lin Hao really had to give some face, looking at Xie Yan's somewhat lost back, Lin Hao's heart was hard, there was no other way, just hope that this matter of the Ancient Prison line would end sooner, then so that he could get another part of the regenerated heart

'Elder Yuan, what do you want to see me about?' Lin Hao, who answered the phone, asked directly.

Shen Xiyan walked alone to the section where she had made an appointment, Director Sun just happened to take advantage of the break to go to dinner and called on his disciple to come.

When Shen Xiyan entered the section, she took off her hat and instantly the whole room was silent, she was so beautiful, she was like a fairy, white as snow, like a fairy that had landed from the sky, without having to eat fireworks

She said sweetly, 'Is Director Sun here?'

The voice was not loud, clear and pleasant for everyone to hear, that's because no one made a sound

The apprentice of Director Sun is a rare male doctor inside the gynecology department, which is also an event that makes people feel like they've won the lottery, after all, male gynecologists are very often heard, but not very common.

When Shen Xiyan saw this male doctor, she looked straightforwardly flustered.

And male gynecologist Liu Haokun saw Shen Xiyan's first moment was astonished, heart sighing how there is such a beautiful woman in this world, the second look when he found a slightly bulging stomach instantly felt, how is it possible to match this woman

Not only did Wang Haokun have this thought, most of the men present thought so, after all, they were able to date Director Wang that is representative of a rich or noble existence

‘What kind of man can be worthy of such a woman?’ One phoenix man couldn’t help but murmur, his voice was very small, but inside this silent room, ? Dyeing Wu closed the service er Yi Fuzai? The sound of landing on the ground stands out

Countless people can hear it and are wondering, ‘Where is her husband?’ ‘What kind of man can be worthy of such a woman?’ One phoenix man couldn’t help but murmur, his voice was small, but inside this silent room, it fell to the ground and stood out

Countless people could hear it and wondered, ‘Where is her husband?’

Just a few moments after everyone took a closer look, they realized that there was no man by her side?

Instantly many eyes went wide with shock! She was so beautiful and beautiful, why wasn’t her husband with her? Why, what kind of man would choose to let such a beautiful woman give birth on her own, is it really the saying that those who get won’t cherish?

But all the men in the room were thinking, if their wives were so beautiful, how could they let her have a baby? What kind of man would be so heartless and cold-blooded?

What kind of man would be so heartless and cold-blooded?

Shen Xiyan looked at the crowd and at the number in her hand, she was the first one in the afternoon, but the other party was a guy, struggling for a long time, Shen Xiyan finally chose to back off.

Because she saw the male gynaecologist's gaze was very strange and she was a bit scared. Originally she resisted male gynecologists, and now that this male gynecologist is behaving so oddly, it is even more unacceptable to her

Liu Hao Kun looked at Shen Xiyan backwards, a pang of loss on his face, but after thinking about it as a male gynecologist is very strong psychologically, after all, if not strong how can you afford to be treated differently by such a gaze, Liu Hao Kun just lamented that he could not personally do the examination for such a beautiful woman

Liu Haokun picked up the work card, looked at the reservation plate number, and shouted at the name of the first pregnant woman in the afternoon field, 'Shen Xiyan, please have Miss Shen Xiyan come.'

Shen Xiyan was standing alone in the crowd, and when she heard someone call her name she raised her head to look over and found that it was a male gynaecologist, timidly raised a hand and then asked again, 'Is Director Sun here?'

Liu Haokun heard Shen Xiyan's voice again, his heart slightly beating, but restrained the excitement and said in the most gentle tone, 'Miss Shen, Ms. Sun has some temporary matters, she has to come back later, now I will work for her for a while, I am her personal student, handling many pregnant women, none of them have problems, you can rest assured

Liu Haokun said very seriously, at the same time heart careful eye is also excited. After all, he finished? I think Wu Yi Xi whisked the ground Shan Shan? All did not expect their own substitute for the first to do a check is this beautiful woman, their own heart would love to personally check for her, and then touch her snow-like skin, so that, even if they die also have no regrets, but he has a feeling that this is a matter of probability, how can it be just right for him to do the check

So he was disappointed and helpless, but now when his name was called, it was her! Could he not be excited? He couldn't wait to give Shen Xiyan a check-up now.

So he deliberately said that the teacher had gone out on some business and would take a while. In fact, the teacher hadn't gone out, he had just gone out for a meal, but if he were to say that the teacher had gone out for a meal, then she would definitely be waiting for him to come, and then his idea would really fall flat!

He felt that this was an opportunity given by the long sky, so how could it be wasted?

Excited beyond words, he stared at Shen Xiyan, waiting for her to say yes

The thought of Shen Xi Yan lying in front of him later and then allowing himself to be examined, he looked at the lone Shen Xi Yan, such a beautiful woman, how good would it be to make herself a wife ?

And when the time comes, if she is pregnant, pregnant with his own child, he will certainly not leave an inch, where will be the same as now, allowing her to walk around pregnant herself

Shen Xiyan hurriedly waved her hand to refuse, turned back and looked in some panic, found that Lin Hao had not yet come, a faint disappointment flowed inside her eyes, but after thinking about it, Lin Hao had only answered the phone not long ago, how could he come so soon

‘I’ll wait for Director Sun to come.’ Shen Xiyan refused with a smile

Liu Hao Kun frowned, his face full of pain. Waiting for Director Sun to come ? Wouldn’t that mean he wouldn’t be able to touch such a beautiful woman ?

To be honest, he had done pregnancy tests for many pregnant women before and was also civilized and polite, there was no out of the ordinary condition, although occasionally the husband of a pregnant woman shouted, but then chose to be at peace with each other, after all, this is a big hospital, it is impossible to have any bad conditions, he is also licensed and not some undocumented doctor, facing such a refusal from Shen Xi Yan, Liu Hao Kun was inevitably very difficult

As for the pain, it is natural to miss such a good rejection.
