

# Super Son-in-law Chapter 1671-1672

## Chapter 1671

‘Are you discriminating against me as a male as a gynaecologist?’ Liu Haokun couldn’t help but say.

Shen Xiyan was a little stunned by Liu Haokun’s sudden question, this person’s language was very impulsive and came up to impose ambiguity on people.

Shen Xiyan refused, ‘Sorry, I don’t discriminate. It’s just that I don’t like to have too much contact with boys, and I hope you understand.’

Liu Haokun laughed coldly at his words and said with a self-deprecating smile, ‘It’s discrimination that I’m a male gynecologist, what’s the use of talking so nicely, everyone can see it in their eyes. And I have explained so much, I have examined many pregnant women, and it is not my first day at work, I have been filling in for Ms. Sun for some time now.’

‘Folks, since she doesn’t want me to examine you, let’s wait for my teacher. As for how long we have to wait, it depends on how much time the teacher needs, and as to whether the people who have booked their numbers this afternoon can have their tests done, it depends on whether they can be done at the end of the day. After all, no one knows when the teacher will come .....’ Liu Haokun finished throwing up his hands and sitting on the chair, with the look of I’m not doing it, you guys love it .....

Originally, the women present had some dislike for Shen Xiyan, how can I put it, she was too beautiful, so beautiful that it took one’s breath away and made the

women envious and jealous. Especially when they saw that their husbands were all charmed by her, they were even more upset. Before, people couldn't find a chance to scold her, but now they have .....

‘Are you going to do it or not? You are the front, you can still do it when Director Sun comes, but what about us? What about us? We had a hard time getting a number, and now you're taking up? What about us? Have you thought about our feelings?’

‘Yes, yes, we are both pregnant women, it's fine for you to behave yourself at home, but why are you doing this outside too?’

‘Yes! You look like a delicate person, you must not have touched the water, that's why you are so capricious, and you say you don't like men to touch you, so what, how did you get pregnant, are you hermaphroditic and self conceived? Besides, this is a hospital, what's wrong with male doctors and female doctors? You're a woman now, what do you care about that, besides, he's only checking your baby, not your body, such a big hospital, what else can he do to you?’

‘That's what I mean, why be pregnant when you're so reserved, isn't it good to be an old woman? Okay, okay, do it quickly, don't delay everyone's time .....

.....

In an instant countless women were saying all sorts of things, Shen Xiyan listened with an increasingly ugly face, black for a while and purple for a while, and

finally pale. She just didn't want the male gynecologist in front of her to give her a checkup, not that she wouldn't let him give others a checkup?

But this male doctor is good, directly directing public opinion towards her, making everyone think that she did it on purpose .....

Shen Xiyan also looked angry and said to Liu Haokun, 'I am saying I don't want you to do it, but I didn't tell you not to do it. If you choose other people's not to do it together, then why are you a doctor? Wearing this white coat out to disgrace yourself? There is a point in doing things, you are also considered an alternative service person, I don't choose to let you serve, you can serve other people ah? Why do you keep on talking about me? What do you want? I didn't mean to discriminate against you before, now I do!'

Liu Haokun clasped his hands and leaned back in his chair, was enjoying the suppression of public opinion, but when Shen Xiyan retorted, it directly confused Liu Haokun, he didn't expect Shen Xiyan to be so eloquent, gave him a dumbfounded, for a time he didn't even know what to do, as for those women waiting outside, they also snapped out of it, yeah, this good-looking woman just said she was waiting for Director Sun, didn't say let The male gynecology director in front of me did not do it for others, but then he said he would not do it .....

This is a left and right thought, this person appears to have some different thoughts up, a time all the people look to him, Liu Hao Kun are looked at hair .....

Chapter 1672

'You!' Liu Haokun stood up and pointed at Shen Xiyan, shaking with anger.

‘Me what me? If you don’t do it, you’ll never do it again, save yourself from being disgusting here. Doctors are also a sacred profession, we are not patients, we are just pregnant women, what’s wrong with not wanting to be examined by a male gynecologist? Is that against the law? Can you still force us to do it? If we are sick, you can do whatever you want, but we are only pregnant and have a choice, and then what about you? You’re here to stir up the fire and create public opinion, what’s on your mind?’ Shen Xiyan picked up her bag a handful of Liu Hao Kun’s fingers away, vicious, today she was still in a good mood, and then Lin Hao took a phone call and left, so her mood instantly some upset up, and now encounter such a disgusting person, instantly have a gas out of the meaning of .....

‘Since you have a choice, then why did you come to our hospital? The people who used to do pregnancy tests were just asking, and! You’re here to have your baby checked, for yourself? I can tell from looking at you that you only know how to cherish yourself, but not the child inside your belly. I’ve never seen anyone who is such a fool!’ Liu Hao Kun to Shen Xiyan said the face full of red, looking at the crowd that kind of contemptuous eyes, a time directly hair up? The first thing you need to do is to get rid of the problem. The company’s main business is to provide a wide range of products and services to the public.

He is a domestic famous university graduate, also studied abroad for further training, theory and practice are very strong, so only to have the opportunity to follow the domestic famous gynecologist Sun gross senior learning, of course this there is a layer, that is the family background is not bad, medical family, otherwise how can arrange to get Sun gross director side, and each other or near retirement .....

The first thing you need to do is to get a good idea of what you are getting into.

The company's main business is the development of a new business model for the company. Of course, in addition to what Liu Haokun's family asked for, there is also the fact that Sun Qin will also let Liu Haokun do the practical work in her own company, otherwise she doesn't want to rot her own sign .....

The company's family is a very important part of the company's business.

Faced with Liu Haokun's somewhat nonsensical nonsense, Shen Xiyao also knew that this person was irritated and instantly did not want to pay much attention to him .....

But Liu Haokun was not happy. In the face of Liu Haokun's somewhat nonsensical nonsense, Shen Xiyao also knows that this person is irritated, instantly do not want to pay much attention to him .....

But Liu Hao Kun was not happy.

You've gotten me into a difficult position now, and now you're doing well to look like it's over, so what about my reputation? What about the reputation of my Liu's medical family? How will I be able to make a living in the medical profession in the future?

Although you are beautiful and have a rare chance in a hundred years, but life is only a hundred years, I can't really give up my reputation just to touch a woman, right?

‘Everyone, sorry about earlier. I may have misunderstood the lady’s meaning, but I don’t think she’s here for a pregnancy test either. It’s highly likely that she’s here to abort the baby. After all, hadn’t she just said that she didn’t like to be touched by men, and now she was probably pregnant and had been done nasty things by someone before. I was the one who was embarrassed just now, and the statement unintentionally hurt a lady who was being persecuted both mentally and physically! Here I feel very sorry, but our hospital in the spirit of universal salvation, generally do not do much abortion, so please go to another hospital .....’ Liu Haokun in a struggle finally chose to stand on the cause, after all, beautiful women can always have, but if their reputation is bad, the The weight of the family’s struggle for succession can be reduced, so in contrast, he does not need to think to know how to choose .....

## Super Son-in-law Chapter 1673-1674

### Chapter 1673

Shen Xiyan was stunned, this man’s mouth was so powerful, only a moment ago there was a storm of public opinion, and now it was good, here it was again?

What kind of vicious person is he to have such a despicable mind? He has been making rumours over and over again, is there no one at home to teach him? Shen Xiyan shook her head and thought to herself, or? I’m not sure if it’s a good idea. Xu such a person, itself has no family education, right, is also helpless.

However, in the face of being a person again rumor, Shen Xiyan had fallen the fire again up.

‘This gentleman, disinformation is costless, but the situation caused by disinformation is irreversible and in some cases irreversible!’ Shen Xiyan said to Liu Haokun.

Liu Haokun looked at Shen Xiyan's face as if she was going to say something again, and a wave of dislike came out of his face. The woman's mouth is so powerful, and she is still clinging to it. Did you not hear the words I just gave you to find a step?

Can't you just go along with what I say? I will pretend that nothing has happened, can't you?

In the whole of Tianhai, if you make trouble with me, it will not be good for you!

Liu Hao Kun wanted to say this to Shen Xiyan, but in front of so many people, he was afraid that word would get back to the family and the other siblings would take advantage of it .....

Liu Haokun gritted his teeth and said to the nurse behind him, 'You help me look at the situation, I'll go find the teacher.'

The nurse behind him knew Liu Haokun's background and did not dare to speak, although the situation was made so bad by Liu Haokun, but she could not stand out to give a solution, after all, his status was too low, how could he solve it .....

So had to hold an apologetic look at the crowd and smiled, 'Doctor Liu has gone to find Director Sun, everyone please wait here for a moment, he will be back soon .....

Said and she did her place and began to organize her work, not saying or seeing more at this time is the most helpful.

Liu Hao Kun led Shen Xiyan to go outside, Shen Xiyan at first was reluctant, but can not help but have two nurses follow up, Shen Xiyan tried their own strength, as long as she is willing, these two nurses in front of her, completely unbeatable, she just a gentle push, these two people are likely to be pushed away, but thought about it, she is not so rude, so had to follow Liu Hao Kun, after all, she is not afraid at all Liu Hao Kun can how she, not to mention a said, is ten Liu Hao Kun is also not her opponent .....

Out of the room door, Liu Hao Kun came to the corner of a corridor, he stared at Shen Xiyan, now the gaze is more greedy, before in front of the crowd he was restrained, after all, before people gentleman, after people do not know what kind of people .....

The two nurses around him look good, are having an affair with Liu Haokun, and also have handles in Liu Haokun's hands, so they can only be at Liu Haokun's mercy, and again, Liu Haokun's identity they all know, ride on Liu Haokun's boat, whether it is money ah name ah have, why not do it, just life is not always such a person, but then because life is forced, all kinds of things blackmail had to become this way .....

The world has the ultimate light, then there must be the ultimate darkness!  
Yet the ultimate light is also made by this group of people who create the ultimate darkness. After all, good and evil are in their minds .....

A short-haired cute nurse standing behind Liu Haokun is the one who saved the day because he was saved by Liu Haokun. This is not the usual cheesy story of

a hero saving the day, it is simply a rescue. It was saved at the hands of a middle-aged director.

She herself still remembers that the director was greedy for her beauty and asked her to help him with a drug document on the pretext that she was told to refuse because she knew that the director had evil thoughts about her, but because it was a job requirement, she had to do it, however just when she went to do it, this important document was swapped by the director in advance and she took a fake document over and later the hospital inspection team also happened to The hospital's legal department said that the document had caused a lot of damage to the hospital, both in terms of reputation and value, and that if she couldn't afford to pay for it, she would have to wait to lose all her family money and risk going to jail, for a few years, depending on how much money she could get out .....

#### Chapter 1674

She was stunned at the time, and then she struggled to find all sorts of help to enquire, just when she thought this was a deliberate move by the director to threaten her, she didn't expect the court summons to come, and instantly the whole sky fell, and at that moment she knew that she might have to go to jail .....

And just an hour before she went to court, the director called and told her that if she was willing to bow down, he would help her settle the matter out of his own pocket, and she had no choice then but to comply!

Just when she was desperate and about to walk into the abyss. Liu Haokun came to the hospital and, as if he had heard her plea, used his family's strong background to investigate the matter and finally delivered a fatal blow to the director, saving her from hell .....

But just when she thought she had met Prince Charming, she followed Liu Haokun's contact for a long time and finally fell. But what? Liu Haokun's nature was exposed and at this time, she couldn't pull herself out of it.

Experiencing the greatest good and the greatest evil in the world shows her that everything she sees is what some people let her see, or what some people let her see, like Liu Haokun .....

He can do good or bad things at the drop of a hat, and he can solve great evil or do very bad things if he wants to .....

She later stopped being grateful to many people, as for what Liu Haokun did, she just looked, because she knew she, if she had been persistent, life would not stand by her side, rather than this, why not choose to stand against life, to follow Liu Haokun to enjoy a better life .....

So she gave up most of the things that she thought were the bottom line, and at that moment she started to be incredibly relaxed, and at the same time got something that was incomparably more, something that she didn't dare to look at high before, but now it was within reach.

It was only on the occasional night that one remembered how white the moonlight had once been, how clean it had been! Then now it is so distasteful .....

She looked at Shen Xiyan, and then looked at Liu Hao Kun's gaze, knowing that Liu Hao Kun showed greed for this woman!

At the same time, she also knew that if the immediate? Serving Yi Xi Wu closed Ai Wu dye? Shen Xi Yan was not so stubborn, but chose to let Liu Hao Kun examine her right there on the medical bed, perhaps Liu Hao Kun's greed would not have turned out to be like this and become so wanton today.

She had been with Liu Haokun for a long time and knew Liu Haokun's temperament. Some people do all kinds of bad things, but they also have their own bottom line, and Liu Haokun's bottom line is on the hospital bed. When she slept with Liu Haokun, some times Liu Haokun would shout in his dreams about the steps of surgery the structure of the human body, at that time she knew why Liu Haokun would save her, and also knew why there were so many beautiful women inside the hospital, Liu Haokun never went to mess with them, it was because, the hospital was his sanctuary, he very much did not like to engage in this kind of relationship between men and women here, team and she and the women around her were all there because She and the women around her are the ones who first messed with Liu Haokun and then became playthings in Liu Haokun's hands .....

Of course she was forced, the women around her were willing .....

'Aren't you going to find Director Sun? Why are you stopping here?' Shen Xiyan looked at Liu Haokun and questioned.

The shade at the corner of Liu Hao Kun's eyes revealed from greed, and with extreme anger he said to Shen Xiyan, 'If you had just chosen to lie on the hospital bed by yourself in a good manner, perhaps I would not have let you know that some things in human life are not so good! But since you chose to face it like this, there is nothing I can do ....., Your name is Shen Xiyan, right? I will immediately know all the information about you, and then I will let you know what is called the evil in the human world!'

Liu Hao Kun said openly, a bad colour, eyes greedy, the corners of the mouth hideous, Shen Xiyan saw the most extreme evil in his face, in the face of his mockery, but Shen Xiyan only laughed, he can threaten himself?

How ridiculous is that?

To get my information?

## **Super Son-in-law Chapter 1675-1676**

### Chapter 1675

Shen Xiyan thought to herself, 'My various information has been kept secret, no one can transfer it, who are you to do that? So Shen Xi Yan was prepared to give him some time to be as wild as he wanted to be, because she wanted to do something that would eliminate harm for the people!

Shen Xi Yan thought to herself, 'I have kept all kinds of information secret, no one can transfer it, who are you to do that? So Shen Xiyan was prepared to give him some time to be as wild as he wanted to be, because she wanted to do something for the people!

Liu Haokun? Dyeing closed Wu Wu Xi Pao Yi Yi? He is still a bit of a powerhouse in Tianhai, and it didn't take long to have Shen Xiyan's personal information on hand.

The information of Shen Xiyan as Lin Hao's wife has been kept secret for a long time, but due to the previous exposure of the news of the Leng family, people put all kinds of information in the newspaper, the news of the Leng family Wang family all public, then that is the whole family relationship are exposed, at that time Shen Xiyan's information was once again released to the public, but with the identity of an outside illegitimate daughter of the Leng family, low status, plus the Leng family was heavily .....

So there is the more top level people know the more horrible this Shen Xiyan identity, but not the top family organization people after receiving this news also just think oh, the Leng family that illegitimate daughter .....

For the gentry, the existence of such things as illegitimate daughters is simply too accustomed .....

Looking at the message in his hand, 'The Leng family's illegitimate daughter.'

Liu Haokun laughed, thought it was some big family, but it turned out to be just an illegitimate daughter of a heavy family in Tianhai, really ridiculous .....

The actual fact is that you can find a lot of people who have been in the business for a long time. The Leng family's illegitimate daughter, or a side line, think of the Leng family today ..... hey, another pathetic person. How about this, you abort the child, match me to sleep for a few years, if I am in a good mood, your husband I will not get killed, if the mood is not good, you did not serve me well, your husband's family I all whole death!'

Liu Hao Kun like a beast mouth corners show fierce fangs, Shen Xiyan listened to Liu Hao Kun's words first was shocked, their identity was exposed, but then thought about it, the identity of the Lin family, as well as the identity of the Shen family were kept secret, but the Wang family and the Leng family did not, think it should be a problem here, it seems that afterwards also need to be dealt with in .....

‘What if I say, no?’

The holy face of Shen Xi Yan raised her head, her holy face was immaculate, the whole person looked even more divine at this moment, if Lin Hao saw it, he would find that this was two kinds of people from the Shen Xi Yan he saw inside that dark world.

Both were absolutely beautiful, both were cold and beautiful. Only one dark world as the background was hollow and incomparable making people feel afraid to approach. And now it was the one behind him full of sunlight, the whole world of people was his Shen Xiyan .....

‘No? Then don't blame me. After all, in this world, some times are like this, I am able to do whatever I want, and you guys can't do anything about it!’ Liu Hao Kun said viciously, saying that he wanted to touch Shen Xiyan's chin with his hands, wanting to taste his plaything as a flirtatious gentleman .....

As one of the contemporary heirs of the Liu family, he did not have much authority in his hands, but he could still destroy some small families .....

The doctor's family has a strong network of favors in addition to powerful medical skills. After all, in front of life and death conditions, people are all equal, but in

front of equal conditions, the rich can cure the bad ones, while the poor do not believe in it. The Liu family, as a family of doctors, has saved many people within these centuries of inheritance, so naturally the network of connections is very terrifying. Besides, as the previous generation ages and the new generation rises, they will also build their own network of connections, and this network is as dense as a hemp, so it becomes intricate and complex.

## Chapter 1676

And Liu Haokun identity special, so early to establish a network of relationships belonging to their own, in addition to very large opponents, he needs to use the family inside the power, other times they can solve alone, such as now get Shen Xiyan's various news is he used the strength of the family to save a person in the public .....

Short-haired girl called Zhang Kewen, long-haired chesty girl called Yuan Mo, she was hooked up with Liu Haokun by herself, but it took a lot of means. The actual fact is that you can find a lot of people who have been in the business for a long time, but you can't get a lot of people who have been in the business for a long time. ....

It's like the son of a dean that she used to want to chase. The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things. But the other party said it was impossible to marry her as a couple, but if she became his underground lover, it would be possible .....

Of course, she knew that when she said she was a secret lover, she was actually just a tool for lust, and at that time Yuanmo was struggling to think about it.

In the beginning, Yuan Mo didn't find out Liu Hao Kun's real identity, just thought it was a rich returnee, and had some regrets. But as Liu Haokun showed his

strength, Yuan Mo felt that he was caught up in it and could not extricate himself. The dean's son, who had previously looked down on him, now nods and bows to himself and calls him Sister Yuan, and even gives himself a Ferrari to apologize, and in the end, if Liu Haokun hadn't said not to be nosy, Yuan Mo would not have let him go .....

The actual fact is that you will find a lot of women in the marketplace, and you will find a lot of women in the marketplace. The woman inside the luxury family feud is aware that she should not be too tethered to the man, and she a mistress if she dares to hold on to everything, I'm afraid that eventually the bamboo basket will be empty, nothing. So instead of getting in the way like a woman with a general love brain, it's better to go along with the man's nature, which will also leave a good impression of a rational and righteous understanding of right and wrong, after all, the relationship between men and women is just that .....

But the face is still full of smile said: 'sister, we are all women. I know exactly what you want, and Liu Shao, absolutely able to give you everything you want, whether it's love or security or power and status, he has it all. And what your husband doesn't have he has even more, of course if you are so concerned about your current husband in your heart, I feel that it is best for you not to resist, after all, some times the world doesn't look so quiet or safe!'

Shen Xiyan smiled, the two little nurses behind this Liu Haokun were not big people, but it seemed that the world they saw inside their gazes were all a bit peculiar, such as the one in front of them, a picture of an old lady with a great understanding, talking more like an old mother.

Another short-haired cute little girl, although the appearance of cute, but a I no longer have too much to do with the world also looks like I have experienced all the things in the world, Shen? The other one is a cute little girl with short hair, but she also looks like she has experienced everything in the world. She wanted to laugh!

They have been through more than they have? The darkest moments of life are as much as what they have experienced? And then to talk about power and nobility, haha, power and nobility? What is her status now? She is Lin Hao's wife! The wife of Lin Hao, the number one person in Tianhai, what are these people to her? What kind of social status did their Lin family have in the past? The Four Families, right?

As Lin Hao's wife, she was also the wife of the head of the original four families in China, an existence above all others! Who could compare to her? Although her family suffered a change later, her husband Lin Hao was extremely powerful, perhaps even more terrifying than the strength of the Lin family that existed before, and nowadays, when someone said he could give her a powerful position, Shen Xiyan laughed.

## Super Son-in-law Chapter 1677-1678

### Chapter 1677

'Yes, sister, there are times when one has actually faced dark moments to know that this world is not actually what the eyes see. It does not have absolute dirty darkness, nor absolute holy light, if people are mediocre enough, then will enjoy the absolute fairness of this world, but when people have a hint of special after that, they will face all kinds of unfairness, all kinds of darkness for various reasons of their own ..... such as now. If you are not pretty enough, maybe this thing is over. But then again if you are not so pretty, perhaps you are now not even qualified for Liu Shao to speak to you on terms. Maybe the child will be lost and the family will suffer serious damage as a result .....,' Zhang Kewen said lightly, a tone of I know, I know how it will end .....

The two of them are talking to each other, and Shen Xiyan is speechless!

Yuan Mo and Zhang Kewen looked at each other, there was regret and envy inside their eyes, but in their world they thought that Shen Xiyan's bright years in life might have to end here, that weak and sincere world would be shattered in the face of life.

No one could shake the Liu family in today's Tianhai, they had heard Liu Hao Kun say that today's Tianhai lineage was in disorder and everyone could build their own powerful empire, that was because Tianhai was crushed by Lin Hao alone, he was the king of the entire Tianhai lineage, a king that no one could match, but this king was now moving on to a higher level.

As for the higher level, Yuan Mo and Zhang Kewen both inquired where the higher level was. What was it?

But Liu Haokun didn't tell them, but they both knew that today's Tianhai, with Liu Haokun's Liu family in residence, was already a formidable force! After all, what Liu Haokun said to them, what now the head of the third-rate family in Tianhai has to be respectful even when he sees the elders of his Liu family, listen, what a terrifying existence this has to be .....

Besides, Liu Hao Kun didn't tell them the true strength of their Liu family!

Behind them, there was a martial arts community!

Only decades without contact, but then because the secular world's lineage was pretty much destroyed by Cang and Lin Hao, plus that ancestral Martial Dao world existence of theirs, without Cang, they had to set their eyes on the secular world, and then rummaging among their ancestral books, they found a medical lineage in the secular world surprisingly established by their side lineage, and it was of a good size, and immediately they took it in.

So this is why the Liu family will be stationed in Tianhai, because Tianhai at this moment the weakest at the same time is also the best time to accumulate money to occupy social status, their back to the martial arts community, the main not subject to Lin's suppression, the future is very likely to do so few under the Lin's .....

Of course such confidential news, Liu Haokun will not talk to anyone, naturally will not talk to Zhang Kewen Yuan Mo. Besides, that level of existence, but there are people can live for hundreds of years of existence, and the reason why he Liu Hao Kun is willing to stay in the hospital to keep the rules and endure some vices, is to be able to succeed the master of the Wang family, and then to the ancestral clan to learn the kung fu that can live for hundreds of years .....

I don't know the power behind Liu Haokun's Yuan Mo Zhang Ke Wen all feel Liu Haokun horror, if they know the real power behind Liu Haokun, I'm afraid all? The actual power behind Liu Hao-kun's real power, I'm afraid they all? The world has such a level of unbelievable existence .....

The actual fact is that they feel that it is useless and a waste of time for Shen Xiyan to resist.

Shen Xiyan smiled and said: 'Is that so, so powerful? My husband said, nowadays, the world order of the general people of Tianhai is protected so much that

many families do not dare to act recklessly, which is much safer than before when there were many families, but now I saw two cases of lost girls who were brutalized alive by the power of the families, it seems that when my husband comes back, I will have to give him a good talking to, and also let him purge these dirty and messy existence again! ‘

## Chapter 1678

After saying that Shen Xiyan didn't forget to disgustingly say, ‘Some people really don't deserve to exist as human beings.’

‘You're looking for death!’ Liu Haokun looked at Shen Xiyan's high and mighty appearance at this time, and her mouth was still saying ‘my husband’, so he became furious and raised his hand to slap Shen Xiyan, but he was blocked by Shen Xiyan!

Liu Haokun gritted his teeth fiercely, but his blocked hand felt like it was blocked by a physical force of steel, unable to attack in any way. After all, being pinned down by a woman and unable to move was a sure way to lose face as a man, and with two of his own women looking on!

‘Let go of my hand!’ Liu Haokun shouted with a red face.

Shen Xiyan felt her terrifying wrist strength, it was also the first time she had used it like this, she only felt fantastic and at the same time marvelled that this was the strength a human could exert? Eat one thing and sleep, then strength is much stronger than a normal man, no, not much stronger, but much more .....

What about the strength of husband Lin Hao? How powerful will it be, is it more terrifying than yourself, Shen Xiyan went to imagine, imagining the strength of Lin Hao, but no matter how you imagine, you do not dare to think in the direction of heaven and earth, because Shen Xiyan has not seen that kind of scene, nor has she seen the picture of Lin Hao fighting up the mountains and the sea turned upside down .....

The actual fact is that you've got the power to do this? As a man who can't even deal with a woman, isn't that a bit too useless! Shen Xiyan said mockingly, 'So this is the kind of power you have? As a man, you can't even deal with a woman, isn't that a bit too useless!'

Shen Xiyan deliberately put heavy syllables on the words too useless, which made Liu Haokun's body tremble and he wanted to kill Shen Xiyan right in front of him!

It's so humiliating, a man being treated by a ? A man being mocked by a ? A woman mocked him as useless! Any man would not be able to swallow this anger, let alone Liu Haokun, who was so confident as a young man.

At this moment, he is in a frenzy!

Because he felt that he had received a great humiliation, being looked down upon by a pregnant woman, and being rejected by her at one point!

Liu Haokun saw that he had hit Shen Xiyan and picked up the phone and said to Shen Xiyan, 'You asked for this! You will regret it! Don't you think you're great

just because you've learnt taekwondo or something like that? Then I'll show you the true terror of this world!

Yuan Mo Zhang Kewen looked at Liu Hao Kun's near-mad look also was aware that Liu Hao Kun might be really angry, and still incredibly angry, they did not dare to go up to persuade, not to mention persuade, even now to speak are not afraid to take a big breath .....

The actual world's real terror exists in the end what is it?

In that case, how should the beautiful, unbeatable woman in front of him face it? Would it be as good as their lives .....

They didn't dare to imagine, because this world was dirty .....

Zhang Kewen couldn't help but persuade, 'Pretty sister, just bow your head! Really, you might have some strength now! And you can fight off one boy because you've studied martial arts, but what about! What about ten? What about a hundred! How are you going to face even those who are more powerful than the average martial arts practitioner? Would you be able to beat them too?'

Yuan Mo grunted, 'A foul and hard temper will get you in trouble! Now, before Liu Shao gets really angry, just bow your head and apologise, maybe there is still a

chance for you to change your mind, if you still have a hard temper now, when the people Liu Shao shouts at come, you will really be finished!’

Yuanmo chose the latter before wanting to see Liu Haokun’s real strength and wanting to get Shen Xie’s face intact, after all, she knew Liu Haokun’s preference, although the former would be faster, but the latter would make Liu Haokun’s heart more comfortable, after all, men, conquering women is a great pleasure, and her purpose of this advice is to please Liu Haokun .....

## Super Son-in-law Chapter 1679-1680

### Chapter 1679

So she had to break through Shen Xiyan’s last psychological line of defense, the only way that Shen Xiyan would give up resisting and then not have a violent clash, after all, a fight that has practiced martial arts may not be as back and forth as on TV, but obviously when a group of people surround a woman, even the strongest woman will eventually fall under the man’s fist, what if Shen Xiyan is injured at that time?

‘Beauty, I really don’t want to see you being punched and kicked by a group of big men, besides, you are still pregnant with a child, what if the fight breaks your body then? You may be fighting to the death now to protect your reputation and fame, but has it ever occurred to you how tragic it would be if you didn’t get both in the end? Will you regret it at that time? Instead of regretting at that time it would be better to choose to give up resistance completely at this time, there are times when it is better to really resist than to lie in bondage, there are still many wonderful things in this world .....

Shen Xiyan listened to straight shake his head, some women’s three views really collapse incomprehensible, the two girls in front of the face are not bad, but the three views are really let people shatter a ground, become a man’s plaything and still so justified, really sad and lamentable, what happened to this world, how can it be like this to women? Is it because of the breakdown of some order that has caused a group of

people to become even worse? Or is it that rich people's society is like this, look at these two people a I am willing to do so, imagine a woman trampling her body to spoil her life for money, Shen Xiyang felt some acceptance .....

'Do you want all people to be as dirty as you are when you are dirty?' Shen Xiyang really can't help but ask back.

When these words came out, both people were scolded and their faces turned red and their eyes spewed fire!

Especially Yuan Mo, she thought she was just a business person, you buy and I sell, everyone is very reasonable. But Shen Xiyang even called her dirty, which made her incomparably unacceptable? The fact that she had been called dirty by Shen Xiyang made her unacceptable. up!

People are like that, even if they do it. The first thing you need to do is to be crowned. Perhaps this is a side of shame behind people, and Yuan Mo's shame is here. The fact that people asked her what her relationship with Liu Haokun was, she said it was a boyfriend and girlfriend relationship, and then people said she was trying to get ahead by selling her body, Yuanmo couldn't accept that, even though it was true! But she doesn't want to hear people belittle her like that .....

'Liu Shao! She called you dirty!' Yuan Mo panted, an aggravated look that caused heartache. But it made Shen Xi Yan look sick .....

When Zhang Kewen heard Shen Xi Yan's questioning voice, her heart just gripped in pain. She looked at Shen Xiyang and saw how proud she was. She was not like

this herself, but this society did not allow her to be like this, as Yuan Mo said, she resisted the past, but what was the end? Who would want to trample on themselves? It's just that life has no choice, but of course Zhang Kewen didn't have to explain so much to Shen Xiyan .....

After all, Yuan Mo said so much, said so well, advised Shen Xiyan to put down the defense resistance, in fact, is to please Liu Hao Kun, said so low, let people feel disgusted, she also advised, but not like Yuan Mo so. She also despises Yuan Mo, but she has nothing to say, two people although with a different ending to become this look, but one is voluntary, one is deceived, while also being oppressed by life into this, Zhang Kewen is this, have no choice but to do so .....

Liu Haokun could not repress this moment any longer!

The actual fact is that you have asked for it! I was going to give you a chance, but now it seems you don't need it! If that's the case, then it's fine, I'll let you taste the taste of despair! I haven't come with a pregnant woman yet, so I'm going to try it today!

Shen Xiyan was so angry that her body trembled, and she rushed up to try to pinch Liu Haokun's throat, but a figure sprang out and directly blocked Liu Haokun's heel, while gently exchanging blows with Shen Xiyan, directly staggered, Shen Xiyan was surprised and looked towards this person, this person's face was expressionless and indifferent, but his body emitted endless power, his strength did not look weak, but not much stronger, and because Shen Xiyan's strength as an Innate Master was not solid, it was difficult to tell what strength the other party had .....

‘I can’t believe it’s you!’ Liu Haokun was first stunned though fiercely surprised when he saw the other person appear, this person he knew, was very strong! He was once kidnapped when he was studying abroad, and he was the one who single-handedly killed the group of kidnappers with guns, he was so amazed at that time that he wanted to hire this person as his personal bodyguard, but then he could never find any information about this person, afterwards when he went home and talked to his family about it, they said that this was his bodyguard, a super strong person who came out from their ancestral land, stronger than any bodyguard in the market Of course he will not appear at all times, unless the opposite side is very strong and threatens his life. ....

And this group of people is also that higher level of people he is talking about. As far as Liu Hao Kun knows, his bodyguard can live at least a hundred and fifty years, and this is because his current strength is not a real super strong person inside that world, if a real super strong person inside that world, can live for hundreds of years .....

And he also knows that, for example, Lin Hao can live for hundreds of years, even he happened to hear people from inside the ancestral land say that Lin Hao may live more than hundreds of years, of course, this is all their ancestral land people’s speculation, as to whether the real can live longer, that depends on Lin Hao himself .....

‘Uncle Liu ancestor, you’ve finally come!’ Liu Hao Kun shouted respectfully.

Yuan Mo Zhang Ke Wen heard Liu Hao Kun’s address the two people directly a face of confusion, in front of this cold cold face of the young man does not look very big, that is, the early twenties, and Liu Hao Kun actually called him uncle ancestor? What kind of odd relationship is this?

The man still had a cold face as if he hadn't heard, afterwards like a natural dullness, after a few seconds this only slightly nodded in response, as if he had heard.

Only he didn't say anything, but stared at Shen Xiyao.

The same way Shen Xiyao looked at him? The actual fact is that you will be able to find out more about the actual actual person. The first time I saw her, I was looking at her.

His name is Liu Zhou, strength under the Innate Patriarch, is making a breakthrough towards the Innate Patriarch, inside his prediction, only three days are needed for him to make a peaceful breakthrough to the Innate Patriarch, of course there is a possibility that he can breakthrough in two days.

It was only at this moment when this waiting time was about to arrive that he came across this matter, the stunning beauty in front of him was actually an Innate Grandmaster, and he had never heard of such a person in the martial arts world! With looks like hers, she would be a sensational beauty in the martial arts world, and an existence that young sect masters of various families would scramble to visit. And on top of that she is also an Innate Patriarch, so naturally she is even more of a face shame, I'm afraid that apart from so few young patriarchs, I'm afraid that other sects wouldn't dare to open this mouth .....

For example, the Thousand Clans, the Mountain Moving Clan, the Yuehai Sect, the Daoist Orthodox Clan, etc., and a few special existences, such as the Xuantian Sect, the Divine Worker Sect, the Array Sect, and their Medical Sect.

The others don't seem to have clan underpinnings that dare to match her .....

Of course these were all his various guesses at one time, the situation at hand was that the person he was protecting was in conflict with this person, a very powerful conflict.

As to why it was very powerful, it was because she was stronger than himself, much stronger!

'Who are you!' Shen Xiyan asked in a stern voice, a little angry that her palm had been blocked, and she questioned.

'I am a member of the Medical Sect, I don't know who you are? What clan and what sect?' Liu Zhou also could not help but ask, at the same time began to mobilize internal force, the competition level strength, he is certainly not Shen Xi Yan's opponent, but he also can not abandon Liu Hao Kun regardless, after all, this is his mission, even if he died, unless Liu Hao Kun died, of course if Liu Hao Kun died, he can not be blamed!

Shen Xiyan immediately thought of the martial arts world after hearing about the Medical Sect, and immediately had a wave of malice in her heart, the martial arts world again! The Qian family had tried to overtake the Lin family's position because of the martial arts community, but then, they were directly uprooted by Lin Hao!

When she thought of this, the corner of Shen Xiyan's mouth showed a cold smile: 'You don't need to know what sect or clan I am, all you need to know is to kneel

down and apologize to me now and also to send this scum of the Medical Sect to prison until the law is judged! Otherwise your Medical Sect will be rid of the world!
