

Super Son-in-law Chapter 1691-1700

Chapter 1691

‘The Dragon Sect is still the same Dragon Sect.’ Yuan Wu said indifferently, he had already ordered his men to start investigating the matter of the Wudao Realm, he knew that Jun Wu Ren and Lin Hao would not let go of the Wudao Realm.

Because it seemed like they might have discovered the Martial World of ? The reason is that they seem to have discovered the Martial World? The former conspiracy, this conspiracy, he felt that these two must be counted

It’s just that the less people knew about such things originally, the better, but looking at Qin Long’s appearance, always looking like he had a heart, talking and doing things on the edge of his own, which made Yuan Wu have some heart, struggling for a long time, still said seriously to Qin Long: ‘Brother Qin, how much do you know about Cang’s matter?’

‘What?!’ Qin Long’s body shook after hearing Yuan Wu’s words, he looked at Yuan Wu in some disbelief, his heart thumped, had Yuan Wu found out the hidden secret under the Cang incident?

This

How should this be?

Jun Wu Regret felt this powerful energy fluctuation and also came straight up in the air from his chair.

Along the way he wondered incomparably: ‘Heaven or although situated martial power is scattered, but outside of them, except for one department within which there are innate clan masters who protect the safety and security, it seems that all of them evacuated after the Baba Sect incident. There were a few sects that were of martial arts background, and they were also replaced with strengths below the Ascended Sovereign to protect them. But this outbreak, I even feel a bit scandalized.’

Lin Hao came to the hospital corridor, and as he entered Shen Xiyan’s domain, his entire eyelids shook violently, and then his pupils were filled with anger, all with killing intent, and shock! As well as a quietly passing panic!

That momentary disappearance was paved and caught by him, a familiar feeling wrapped around him, a black silhouette shifted so much deep inside, he was in hysterics again, it was as if he had met something that excited him, and that excited thing was Shen Xiyan!

Damn it!

Lin Hao’s brain began to think quickly, but he just didn’t come up with one at first. I’m afraid I’ll have to go to the Ancient Prison again, or go deeper into it before I can discover this secret

The first time I saw Lin Hao, the eyes inside the vow of death gradually calmed down, but the face is not angry and powerful to see that she is very angry, Lin Hao landed.

The eyes of those present widened as Liu Zhou bellowed angrily, 'Who are you? You dare to disrupt the Medical Sect's business, aren't you afraid of death?'

The eyes of everyone present were wide as Liu Zhou bellowed angrily, 'Who are you? You dare to disrupt the Medical Sect's business, aren't you afraid of death?'

The person who landed was too strong, so strong that Liu Zhou and Liu Hai were both stunned, but when Liu Zhou went to feel the other party's strength, he found that the other party's internal strength was faintly visible and did not look too strong, which made Liu Zhou's originally fearful state of mind change instantly, and the next moment, he directly rebuked

The others were also shocked by the terrifying aura when Lin Hao suddenly landed just now, but the next moment, the aura on Lin Hao's body was all gone and the whole person was like a low-level martial artist, which only made them confident again.

'Wife, what's wrong with this? Are you alright?' Lin Hao looked at the tension between the swords and was filled with worry as he asked Shen Xiyan.

From inside Lin Hao's eyes, what Shen Xiyan saw was full of worry, her heart was content and she also then revealed a happy smile, she shook her head slightly and said lightly, 'No. Honey I'm fine.'

‘It’s good that you’re fine, if you’re not, everyone would have to die!’
When Lin Hao finished speaking, his eyes were instantly filled with killing intent, and the icy coldness made the whole corridor cool again.

Lin Hao’s eyes did not move away from Shen Xiyan, but searched for that lost mystery, only looking at Shen Xiyan’s body breath once again back to the initial, and her innate sect master cultivation is also just advanced, if say she knows these, Lin Hao does not believe, so also did not ask too much, he knows there must be some mystery, but Shen Xiyan may not know at all

Chapter 1692

And Shen Xiyan’s outburst was definitely related to the group of people in front of her?

‘You’re her husband? Since you’re here, it’s even better! Our Young Patriarch of the Medical Sect thinks that this woman is quite good and wants to take her as a concubine, this will be a lifetime of honour for her and a lifetime of glory for you! So now we give you two ways, first: waste your own cultivation, kneel down and admit your mistake, saying that you shouldn’t violate such a sacred woman! Second: let us beat you to death, but this beating to death is not limited to just beating to death, but the possibility of being beaten to death. Two ways, you can choose at will.’ Liu Zhou heard that he was Shen Xiyan’s husband, instantly happy, thought what a big shot came, the original two people’s are a small closed mountain door, then that means, most likely but so

Liu Hao Kun looked at Lin Hao, his eyes were all envious inside. After all, Lin Hao was a man who had tasted Shen Xiyan, and long before he was wondering what kind of man could taste such a stunning woman, and now that he saw Lin Hao and

carefully sized him up, he indeed had a very good temperament and good looks, both of which were very good.

But what was even more very good was that he was about to die as a human being, which made him feel a lot better.

Zhang Kewen looked at Lin Hao, the moment he appeared, she felt that this man was absolutely stunningly beautiful, too handsome, especially that temperament, no one could beat, perhaps it was only such a man that could match a woman like Shen Xiyao, too stunning, a man could be so long, simply could also be pleasing to the eyes and beautiful to the eyes.

What a divine couple

It's just a pity

Yuan Mo looked at Lin Hao, the first time it looked, the heart only one thought, that is so handsome, the second look still feel so handsome. But thinking about it and realizing that so what? What can be done about being handsome? A man who is handsome is of no use at all, and Liu Haokun is also handsome, but compared to Lin Hao, he is much more outstanding and will soon become an unparalleled existence in another world. Was this handsome man in front of him comparable?

Oh, perhaps he was too, but there was no way, he certainly didn't have the background of the Medical Sect. How deserving, a raggedy clan with two extremely good-looking characters, wasn't it just waiting to die?

What's that saying, a man who is not guilty is guilty!

Lin Hao listened and was violently amused, after experiencing such a magnificent and powerful battle last time, the Grand Patriarchs who had died at Lin Hao's hands had all filled in two more, and now the one in front of him asked him, how to choose? Should he choose to die or choose to waste?

And the people threatening him were really getting weaker and weaker, before they were all Innate Patriarchs, now they were even inferior to Innate Patriarchs, what was wrong with this world?

'I can give you two choices.' Lin Hao said indifferently.

'Hahahaha!' Liu Zhou laughed loudly at his words, followed closely by a laugh with the surrounding brothers and sisters, and instantly the laughter intensified when he noticed that several of them were also laughing.

'Say that again, I didn't hear what you were saying.' Liu Zhou scoffed with unparalleled pleasure.

Shen Xiyan looked at Lin Hao and said to him, 'Husband, they seem to be from some medical sect, saying something about not being afraid of you at all, are they really powerful?'

Shen Xiyan was quite happy to see Lin Hao arrive, but when she thought of what they said earlier, she instantly became a little worried.

Lin Hao gently stroked Shen Xiyan's head, and his incomparably gentle smile carried endless confidence: 'I haven't even heard of any medical sects, the ones I've had the most contact with recently are the Dragon Sect and the Thousand Sects. If I haven't heard of any, I'm afraid they're all very weak.'

Liu Zhou smiled and laughed out loud once again, the Medical Sect was weak? How about the top ten clans in the Martial League? Very weak?

To? The most important thing is that they are not the only ones who are not in the top ten. Yu Qian Zong and the Dragon Sect?

Who in the martial arts world doesn't know about the Thousand Clans and the Dragon Sect?

What is the Thousand Clans? The Dragon Sect is an existence that has been in charge of the entire martial arts world in recent years, both are existences that no one knows about, and it is not at all excessive for him to know about them.

Super Son-in-law Chapter 1693-1694

Chapter 1693

It's those words that follow that really make you laugh, weak if you haven't heard them? Haha, that's ridiculous!

There's a lot more he hasn't heard!

'Is it really weak?' Shen Xiyan looked at the person opposite still shouting, her heart also had some bottomlessness, and once again couldn't help but ask.

Lin Hao was quite helpless, when did he tell Shen Xiyan that he was sincere and she didn't believe him? Hey, this is not a good habit ah.

'It's true, as you know, Brother Jun and I. Recently, didn't they disband the what's-his-name Baba Sect? Then the Thousand Clans brought people to look for trouble, but we also beat them back. I've heard that the Thousand Clans are among the first ranked clans in the Martial Union, and the first ranked clans were beaten back by your husband, what are the clans below them?'

Lin Hao explained seriously.

Shen Xiyan then nodded slightly, this was all she knew, it was just that the opposite side was too confident, so confident that Shen Xiyan didn't trust herself a little Shen Xiyan then nodded slightly, this was all she knew, it was just that the opposite side was too confident, so confident that Shen Xiyan didn't trust herself a little

Liu Zhou heard Lin Hao's words, once again eliminated the big teeth, this person is too wild.

What did he say about solving the Hegemony Blade Sect ?

He thought he was Lin Hao ah ?

Just at this time, Jun Wu Ren, who had arrived from afar, landed directly on the ground, a hurried expression was still on Jun Wu Ren's face, after getting down on the ground Jun Wu Ren had an anxious face as he inquired to Lin Hao, 'Brother Lin, what's wrong?'

Lin Hao shook his head and didn't have much doubt, after all, Jun Wu Regret was strong and was able to detect such a change as expected.

'Nothing, just a bunch of jumping clowns claiming to be from the Medical Sect, surprisingly arrogant and arrogant, looks like the two of us have something to do again.' Lin Hao then said.

Only then did Jun Wu Ren's face calm down, but he just couldn't help asking, 'Brother Lin, who exactly did the outburst just now come from? That kind of terrifying outburst, to be honest, I really didn't expect it! It was too appalling after all!'

Lin Hao said to himself, 'Why did you say it if you knew?'

Then at this time Shen Xiyan coyly lowered her head as if to say, 'It wasn't me, it wasn't me

Looking at Shen Xiyan's cute appearance, Lin Hao sighed. The actual fact is that the actual people in front of you should die!

And this was still in the Heavenly Sea, only to think that this was in the Heavenly Sea, Jun Wu Regret let out a loud laugh: 'Haha! Brother Lin, it's surprising that such things happen one after another on your turf, it's really a bit unexpected.'

Hearing that Jun Wu Regret was mocking himself and taking revenge for his previous shot, Lin Hao's face instantly lost some colour, but then he said, 'It's not just a lack of discipline, there are also too many offenses from the martial world! The purge we have to do probably can't be delayed, it would be a little too much of a delay for you and Madam Jun to work together to create a grand plan for the future reproduction of humanity.'

Jun Wu Regret was still in the midst of laughter, heard Lin Hao's muffled blow, is also a little head, thought I only just snickered at you, you to also, still really remember revenge ah, Jun Wu Regret instantly some regret just now mocked, where is their own revenge ah, is simply self-defeating

The actual fact is that you will be able to get a lot more than just a few of these. The actual fact is that you can't be in a position to get a lot more than just a few of these people.

'Good.'

Liu Zhou and the others looked at the people who had landed again and were extremely depressed, was this clan a little too weird, the people coming to support them all landed violently, much faster than the average Ascended Masters, but now in this situation, Liu Zhou could only say once again with a stiff upper lip, 'Who are you again? How dare you obstruct the actions of my Medical Sect? Aren't you afraid of death?'

'Yes! Not afraid of death?'

'How dare you obstruct the work of the Medical Sect!'

They spoke in unison as if they had gone through training, but at this moment, it could also be seen that there was already a hint of fear in the hearts of this group of people

Chapter 1694

Especially Liu Hai, at this moment regretted, he felt that even if the other party was just a closed mountain sect, but had such a terrifying flying speed, even if they were not strong themselves, but just this speed, was not comparable to ordinary sects, just take their Medical Sect, no one had such a speed, ah?

Damn you, Liu Zhou!

He should die a good death!

‘The Medical Sect does things? Who am I? Who am I? I am Jun Wu Regret! Jun Wu Regret of the Four Great Families! Back then, when your Medical Sect entered the world, you didn’t beg our Jun Family much, what, you don’t even know me anymore?’ Jun Wu Regret coldly snorted as he stared at Liu Zhou and said.

Liu Zhou and the others’ legs went weak directly upon hearing Jun Wu Regret, but the next moment Liu Zhou and Liu Hai fiercely glanced at each other, then both shook their heads.

‘This is impossible, Jun Wu Regret is not that fast! Who the hell are you and why are you impersonating Jun Wu Regret, aren’t you afraid of death? How about this, the matter here has nothing to do with you, you can go!’ Liu Zhou chided.

Lin Hao shook his head and sighed, ‘Brother Jun, don’t waste your breath with this group of people, just shut them up before saying anything else.’

Said Lin Hao as he led Shen Xiyang out of the corridor, and when Shen Xiyang arrived at a place of absolute safety, Lin Hao returned to this corridor once again.

Not far away Yuan Wu landed, as well as the group of people that had mobilized over.

When Yuan Wu saw Shen Xiyang, he hurriedly walked up to her and asked with a somewhat trembling voice, ‘Madam Lin, are you alright?’

‘Yes, it’s fine.’ Shen Xiyan looked at Yuan Wu, although she did not know him, but looking at him with a lifetime of righteousness and full of military aura, she also said evenly.

‘That’s good, that’s good.’ Yuan Wu patted his chest and let out a breath.

He was still trembling inside at this moment, after all, if something happened to Lin Hao’s wife’s, how horrible would it have to be?

How much loss would the whole of Huaxia have to lose?

The tremors that had erupted here earlier had caused Yuan Wu to rush here, and he later found out through the surveillance that it was the forces of the Medical Sect’s secular world that had tried to capture Shen Xi Yan, which made Yuan Wu extremely angry, he was too angry!

This group of Martial Alliance bastards, they really can do anything!

Damned things!

Lin Hao looked at the people in front of him, inside his eyes, this group of people were already dead.

The deep, hell-like eyes covered the entire field, the cold, cold space, the aura of death everywhere, the endless frost of anger covering heaven and earth, the group of people from the Medical Sect only felt their breathing start to become rapid, inexplicably their hearts started to beat violently, while breathing rapidly, they also felt stuffy

Liu Zhou began to become somewhat afraid at this moment, deeply afraid, such awe, which he had not imagined and had not felt

Could they be that Lin Hao and Jun Wu Regret ?

That woman just now was Shen Xiyan ?

Ah!

Then wouldn't the only way to get rid of the current situation be death!

No, Liu Zhou didn't want to die!

He had only just seen the light, how could he possibly die ?

Jun Wu Ren didn't make a move, because he knew that this was a grudge between Lin Hao and this group of people, and he would be overstepping a bit by making a move!

Moving people's wives and children,? Zero closed whisker er cover Shan love zero? as if different from the feud

Liu Hao Kun looked at this sudden outburst, is also feeling some disbelief, this this in the end how?

Originally this side of their own occupies the overwhelming advantage, but now? How do you feel, all gone, and even some weakness! How is this possible, back then his Taoist protector was killing a group of kidnapers in seconds, ah?

Zhang Kewen swallowed her saliva and was also baffled.

Not to mention Liu Hai, he was considered to be somewhat wise, and at this moment it all sort of made sense, the person in front of him was Lin Hao, definitely Lin Hao and Jun Wu Ren!

Then wouldn't they really be finished?

No!

Liu Hai couldn't accept it, he didn't make a move, nor did he speak out of turn, but why should it spill over to the fish in the pond!

After all, if this was Lin Hao, no one would be able to escape!

Super Son-in-law Chapter 1695-1696

Chapter 1695

He was chagrined, he was indignant, but there was nothing he could do, facing Lin Hao, there was no way for anyone to escape!

They were too strong, the Ascended Masters were like killing chickens, the whole Bastard Sect was but one round under them

'Lin Hao! You can't strike at us!' Liu Zhou stared angrily at the murderous Lin Hao? Dyeing and serving Lu Er Er closed the cover dye? , roared.

Lin Hao looked at him indifferently and walked towards him step by step.

Liu Zhou backed up, his body trembling violently as his voice became stuttered, 'You destroyed the Hegemony Blade Sect! You also injured the Thousand Clans Grand Master, but that doesn't mean that the Thousand Clans fear you, they only gave face to the Dragon Sect and didn't want to get into a big fight with you! But that doesn't mean that you're really invincible! You must know that the martial arts world is not as simple as you think! The Thousand Clans aren't that weak! We, the Medical Sect, are not like the Battling Daggers either! If you kill us, you will have to bear the damage to the reputation of the Medical Sect!'

‘If it’s just those words, then you’ll be even more damned!’ Lin Hao clenched his fist, a terrifying power stored up, a destructive force coalesced, countless hearts trembled because they knew that as long as Lin Hao’s fist went down, this group of people would all have to die!

Liu Zhou’s body was sweating as he hurriedly shouted, ‘I know a secret! A secret that can get you killed! If you let me go, I’ll tell you!’

Lin Hao didn’t care when he heard that.

But such words made Liu Hai and the others angry again, this damned Liu Zhou, he had started all the trouble, and now he wanted to escape himself!

Lin Hao did not take it to heart, but raised his fist and struck out towards him.

Liu Zhou shouted loudly once again, ‘The Young Master of the Thousand Clans has joined forces with the Young Master of the Moving Mountain Clan of the Yuehai Sect, gathering the world’s heroes and preparing for a great extermination! And their target is you! Of course there’s a secret in this! If you let me go, I will tell you that secret!’

Liu Zhou shouted as if he had lost his mind, these secrets were told to him by their Young Patriarch, for their Young Patriarch was also involved in it. And there was another big secret hidden inside this secret, as for what it was, Liu Zhou only wanted to

save his life now, as long as he saved his life, so what if this secret was told, it had nothing to do with him anyway!

Because he had told Lin Hao so much, even if Lin Hao didn't want him dead, the Medical Sect and the other sects wouldn't let him go!

And why would the Young Patriarch of the Medical Sect tell him, it was because he had another mission in the Sky Sea, and that was to spy on the Lin family!

'These? Just a clown! He can't save your life! No one who comes today can save your life!' Said Liu Zhou as he roared and roared in anger as Lin Hao blasted down with his fist!

'The martial arts world has harmed me! The Martial Union has harmed me! If that's the case, then let all of them go to hell with me! Back then Cang's existence was a murderous demon put out by the Martial Dao Realm to gather information about ascension! His existence was all about destruction! That's why many people acted with a blind eye towards him, because that way everyone could gain benefits!'

After saying that Liu Zhou collapsed himself, but before he did so, he was blown to death directly by Lin Hao!

The sound was loud, but within this realm, there was a soundproof effect, even outside the corridor, this movement was not felt, Lin Hao and Shen Xiyao looked at each other, and as expected, the events of Cang, became clearer and clearer.

As for those young sect masters? They are really not enough to look at in front of them.

Liu Zhou died instantly!

Lin Hao headed towards Liu Hai and the others to kill them once more.

Liu Hai chattered in blood, 'I didn't speak out of turn, and I didn't offend!'

'But you were watching from the sidelines! Don't worry, although you die today, you resent not only yourself for watching the show, but also for being born into the Medical Sect! You should now repent, repent that you are not of the Bastard Blade Sect! Because the Bastard Sect is too weak, only those who committed crimes died, but you clans, that's different! I will come to your door with Brother Jun in the future to settle things properly!'

Chapter 1696

Ye-Zero Ye-Yen Lu Ye-Ai Cover? 'No!'

One after another, all died under Lin's angry fist.

Heaven and earth cleared, and the corridor once again returned to its icy condition, leaving behind three people looking at each other with blank faces!

Liu Hao Kun, Yuan Mo, and Zhang Kewen.

Lin Hao did not make a move to kill them, although he guessed that this matter would be related to these few people, but their lives, mistakes, Lin Hao can not replace the punishment, the strength of the strength of the people have the weak among the strong, but the secular world has the rules of the secular world, which is common for all to follow

Liu Hao Kun trembled, the existence he looked up to, all gone, all dead

The people he looked up to are all gone, all dead.

No!

His brain spun quickly, Lin Hao didn't kill them, so why?

Why?

With a sudden jolt of thought, he remembered one of the few things Liu Zhou had said to him.

‘The law protects not only those of them in the secular world, but also those of them in the martial arts world!’

Liu Zhou had also made a shameless remark, which was, ‘If I can’t beat my opponent, I can use the clan’s reputation, the rules and regulations set by the Dragon Sect, and the umbrella that belongs to them, which is the intangible cultural heritage!’

This statement obviously also means that their existence in that place is protected in several ways, but there is also a very important message in there, that they have to obey the rules of the law as well!

Abide by the law?

That would be good!

At the same time, wasn’t that what this picture was about now?

If Lin Hao didn’t abide by it, perhaps he would have died too, Liu Hao Kun breathed heavily.

Looking at Lin Hao’s eyes that turned from murderous intent to cold indifference, Liu Haokun said, ‘Lin Hao, although you are the head of the Lin family, you can’t directly defy the law! Haha! Haha! What can you do to me!’

At the same time at this time, a large group of military personnel with weapons rushed into the scene and wrapped it up, seeing such a scene, Liu Haokun laughed even more crazily!

He was being protected!

‘Ahahahaha! What can you do to me now? Hahaha, ahahahaha! Are you the number one man in the Heavenly Sea? But what about it? Are you able to trample on the law?’

Liu Haokun was incomparably smug and arrogant.

He raised his hands towards the military and military personnel and stretched them out, personally delivering them to the handcuffs, for this was his umbrella of protection.

Smug, the ultimate smugness!

And Liu Haokun had never thought that there was a time when prison was his lifelong dream!

Only, he really thought too simply

The first time Lin Hao took a step forward, Hu Mang rolled backwards, in the end he was just an ordinary man, a fop youngster who did whatever he wanted because his family had money, when had he ever seen such a scene?

‘I’m the youngest of the Hu family, you can’t touch me, or the Hu family won’t let you go, don’t come over.’ Hu Mang was almost so scared that he pissed his trousers.

Lin Hao didn’t want to continue to make a big deal out of it, he saved himself the trouble, now that he hadn’t recovered his strength, not to mention obtaining the Dao Yin, everything was done in a low key manner.

‘Young Hu, you started this matter, didn’t you?’

‘Yes, yes, I started it, can’t I be wrong?’ Hu Meng wanted to cry.

‘Well, it’s fine if you know you’re wrong, so how about the five million or so be considered as your compensation and our grudge be settled? I won’t beat you up, and you shouldn’t think about finding trouble with me.’ Although Lin Hao was clear that such people were vengeful, not to mention the fact that he grew up with a golden spoon in his mouth, when had he ever suffered such anger, Lin Hao still wanted to make an effort.

‘A write-off, a write-off!’ Hu Mang was glad to save a life.

‘No way! He’s so outrageous, we can’t just let him off the hook, unless I get a beating out of him, this lady is not happy.’ Xu Linglong walked up with an unhappy face, beaming, with a chain that said baby is unhappy, baby wants to beat someone up.

‘Good, can let the honourable girl out of anger, you hit, you hit as much as you want.’ Hu Mang looked like he didn’t care, what harm could a girl get from a beating? Besides, having such a beautiful girl beat herself up seems to be, well, quite happy, ahem, when did Laozi have this masochistic tendency?

Super Son-in-law Chapter 1697-1698

Chapter 1697

‘Wow, you said da, then I’m not polite.’ Xu Linglong raised her green hand and flung it towards Hu Mang’s face.

‘Come on, hit, hit.’ Hu Meng was so happy, the goddess’ slap was fragrant, right? Well, it must be!

‘Don’t you’ Lin Hao’s eyes jumped wildly in fright and he hurried to stop it, aunt you don’t want to watch the fun, okay?

However, Lin Hao’s stopping was still too slow.

There was a crunching sound!

‘Ow’ Hu Mang screamed a mouthful of blood spurted out, also with two incisors, talk are leaking, okay, Hu Mang horrified to look at Xu Linglong, hell, this seemingly soft and weak slap, how to feel more horrible than a big man slapped hard!

Lin Hao held his forehead in pain, ? Shan 零零染珊染地珊? Still a step too slow.

Xu Linglong puffed out her tongue delicately, ‘Sorry, I hit a little bit harder, I’ll be lighter this time.’

‘Don’t, don’t you do it again.’ Lin Hao was about to cry.

Hu Mang cried straight away, ‘I’m wrong, auntie, don’t hit I beg you.’

‘Just a little bit oh!’

‘No! I refuse!’ Hu Mang’s words were leaking out.

‘No! You have no right to refuse.’ Xu Linglong lifted her foot and gently stepped on it, a click sounded, Hu Mang’s arm was broken, shattered and fractured.

‘I’m treading on a horse’ Hu Mang howled in pain, his eyes rolled over and his head lolled in pain.

‘Ah? Did the force still hit? Why is this person so bad, like a porcelain doll, it breaks at the first touch, no strength.’ Xu Linglong was also a bit surprised, no way, just this one hit and the bones shattered, it was too bad.

Lin Hao’s face was so dark that he was able to make a big deal out of it, the big deal was that the trouble was there and could be solved. But Xu Linglong so messed up, completely become immortal ah, and a large possibility that the responsibility will rely on himself.

‘Seriously, sister, you’re afraid you’re not an undercover agent sent by my enemy’s family, right?’ Lin Hao wanted to cry, he had wanted to get closer to the Huashan Sect and start through this aspect of Xu Linglong, but now Lin Hao’s intestines were turning blue with regret.

‘Hee hee, I’ve been discovered, I’ve shown my hand, I’m the undercover agent sent by the master, the ancestor specially asked me to come oh.’

Simply heartless! Obviously so hated behavior, but can let this girl so cute way to say it.

I can’t get mad at her at all!

‘So what is your mission? And who is your ancestor?’ Lin Hao knew that he was destined to be unable to calm down after a few days of peace.

‘Ancestor, huh? You’ve seen it before, haven’t you sparred against each other?’ Xu Linglong cocked her head cutely, ‘As for the mission

Xu Linglong imitated the Ancestor’s tone, old-fashioned and also a bit playful: ‘The Ancestor said ‘If this kid is too comfortable, give him some trouble, otherwise what’s the use of having him? Because the Dragon Sect doesn’t dare to trouble him, girl you go and give him some trouble.’

‘I you big man,’ Lin Hao knew who it was, Chen Bei Xuan!

Chen Bei Xuan was actually the ancestor of the Huashan School!

God damn it for giving him some trouble, is he too comfortable with himself and trying to get him killed!

Lin Hao turned around with a black face and left, while Xu Linglong quickly followed: ‘Brother Lin Hao, you can’t leave me behind, next I’ll be your special tool man for pulling hate!’

‘Tool man, tool soul, tool man is not human when he works!’

Come on, you're still quite dedicated!

Lin Hao knew that he couldn't get rid of him, but he didn't bother to pay attention to Xu Linglong, no matter she was pampered and cute, it was useless.

.....

Poor Hu Mang was only found by the Hu family an hour later and sent to the hospital together with Yue Feng.

The company's main business is to provide a wide range of products and services to the public.

It goes without saying that Yue Feng's body was shattered, his dantian was shattered and his strength was completely destroyed.

He is now in a severe coma and is in danger of becoming a vegetable, not to mention that even if he could wake up, he would be a complete invalid and would no longer be able to cultivate.

Chapter 1698

Next to Yue Feng's hospital bed, another man of about thirty stood, looking at the miserable, unconscious Yue Feng, that man's face was incomparably gloomy, the flames of anger rising in his eyes, on the verge of spitting out fire!

This man was Yue Wumu, Yue Feng's brother, also an inner disciple of the Yuehai Sect, stronger than Yue Feng, who had just broken through the middle strength of the Innate Realm and was also a Zong Shi!

The two men were both guardians sent by the Yuehai Sect to the Hu family, and when they said guardians, they were there to ensure the safety of the Hu family, as well as to control the Hu family's money and shares, which was equivalent to indirectly entering the world to control the secular families.

The secular families use these clans as their backers, for mutual benefit, but the clans have all entered the world, so who doesn't have a few backers behind them? So the competition is fierce, but not overwhelming.

Battles between clansmen were endless, and groups attacked each other extremely frequently.

Soon, Hu Haiquan, the chairman of the Hu Group, Hu Mang's father, who had arrived at the news, saw the state of Hu Mang and his face was terribly gloomy: 'Who did it in the end? Have you found out clearly?'

'I want him dead!'

Hu Haiquan was incomparably angry, he only had one son, how could he bear it?

‘Yes, Chairman.’ The secretary next to him quickly began to go and check the information about the battle.

‘Donor Wu Mu is also here, ah, how is Donor Yue Feng doing?’ Hu Haiquan also spotted Yue Wumu in the sickbed next to him, as well as Yue Feng, who was lying in bed, unaware of his life and death.

Yue Wumu’s face was gloomy and his voice was cold, ‘His dantian is ruined and his whole body has been crushed and fractured, this person is ruthless and poisonous, my brother is already a ruined man.’

‘What! Does it mean that the other party is a rival clan master? Of that clan?’ Hu Haiquan’s face changed slightly, ‘This is obviously breaking the rules, do they want to die?’

Although the clan had entered the world, there were unwritten rules, that is, a fight between ordinary people, that was a matter between ordinary people, and a clan master’s battle was a clan master’s battle.

But now the rivalry was starting to spill over to the commoners, wouldn’t that be breaking the rules!

Yue Wumu was just about to speak when suddenly Hu Mang stirred, coughing violently and waking up, but the severe pain in his body also made Hu Mang narrowly miss passing out again.

‘Ah, father, you must avenge me, you must kill him, kill him!’ Hu Mang was in so much pain that his words were still leaking, tears and snot were coming down his face as he spoke, he was truly miserable.

‘Son, don’t worry, I will definitely take revenge for this! I will make him beg for his life and die!’ Hu Haiquan’s face was full of anger and he had a gloomy face.

Yue Wumu walked over and said coldly, ‘Hu Mang, tell me, what is going on? Who is the other party?’

‘It was Lin Hao, it was Lin Hao who did it! We had a little conflict, and we wanted to let the donor Yue Feng teach him a lesson, he has two tricks up his sleeve, but he didn’t know that this guy played pig eat tiger and killed the donor Yue Feng, it was all Lin Hao’s doing!’ Hu Mang told all about the process, and how the other party was so overbearing.

Hu Mang didn’t mention Xu Linglong, but added oil and vinegar to the whole blame and slammed it on Lin Hao, even the process of the fight.

He had admitted that he was wrong, and Lin Hao had even ruined his arm, this was simply seeking death!

‘Lin Hao!’ Yue Wumu’s eyelids jumped wildly, it couldn’t be that Lin Hao, could it?

‘What’s different about this person when he fights? What kind of glow is he glowing with?’ Yue Wumu’s face was grim as he inquired.

‘White, it’s white, there’s no other colour!’

‘When it’s really him! It’s that scum Lin Hao? Yi zero steak serving zero yi dye shan?!’ Yue Wumu’s brow furrowed and his fists clenched, Lin Hao, this is your initiative to provoke, you’re dead! ‘Donor Wumu, you know him? What kind of person is he?’ Hu Mang, Hu Hai Quan looked at Yue Wumu at the same time.

Yue Wumu had told these two about Lin Hao, this was not considered a secret, it was something that was known in the martial world, in the martial world Lin Hao had many enemies, and there were even more clans that looked at Lin Hao unfavourably.

Super Son-in-law Chapter 1699-1700

Chapter 1699

Lin Hao and Jun Wu Ren have used themselves as scavengers, who can tolerate this?

‘Hiss then how to fight.’ Hu Haiquan and Hu Mang were both in cold sweat, that want to take revenge was instantly thrown away.

Find such a bull to take revenge, really old life star eat arsenic, too long life?

Hu Meng was even more desperate, he was so strong, how could he take revenge!

The key is that Lin Hao is so powerful, he has no chance of getting a beauty like Xu Linglong.

‘Don’t worry, Lin Hao and Jun Wu Regret have had their Dao Yin destroyed by someone high up, they’re not enough to worry about. Yue Wumu laughed coldly, he could tell through the other party’s white energy that Lin Hao was a wastrel: ‘Now since the other party has taken the initiative to provoke, don’t blame us for being ruthless!’

Dao Yin is the foundation of a martial arts master! When the Dao Yin was nullified, the strength was greatly reduced, and the combat power was even worse.

Therefore, a middle Xiantian Realm Grandmaster with Dao Yin could challenge a Grandmaster with no Dao Yin who was at the full level of the Xiantian Realm, or even kill them outright.

Without Dao Implication, a Sovereign’s power is weak, and he has no divine talent, so how can he fight a Dao Implication Sovereign?

Before? Lu Fu closed er er yi yan yan? No excuse or opportunity was found, this time they took the initiative to provoke, there was no way they could just sit back and watch.

‘So, it must be killed! Donor Wumu, our entire Hu family is fully cooperating, this revenge must be avenged.’ Hearing Yue Wumu’s words, the two Hu family fathers and sons lit up with a blazing flame of revenge again, since they were invalids, there was no need to have scruples, how bullish they once were now how miserable they were after being invalidated in strength!

Yue Wumu nodded and stopped talking, at this time the butler came back from outside: ‘Report chairman, all information has been collected!’

‘Lin Hao, the head of the Lin family, his wife is Shen Xiyan of the Shen family, the real controller of the Tianhai Group, on the surface it is Gu Nansheng and Mo Tianji, Lin Qingcheng and others who are in control, in reality it is Lin Hao who is in charge, and, Lin Qingcheng is Lin Hao’s sister!’

All the details were dug deeper, including the Tianhai Group controlled by Lin Hao.

‘Tianhai Group? I didn’t think he still had a bit of a base.’ Hu Haiquan frowned, their Hu Group was already secretly hitting the 100 billion level, but the Tianhai Group had also risen very quickly and had a deep base, and was already part of the 100 billion club long ago.

‘United Hailan Group, as I remember, Hailan Group is now a group of more than 80 billion, right? I remember that the Hailan Group has a good relationship with the Hu Group, and their consecrated elder, is a disciple of the Moving Mountain Sect, which has a great relationship with my Yue Hai Clan, so we can join forces and fight the Tian

Hai Group comprehensively! Yue Wumu had been in the world for a long time, and had experienced many group battles during this time, so he knew how to beat up a group!

‘Understood! Immediately rectify the entire group, we need a large flow of funds, and unite with the Hailan Group, prepare for a full-scale battle, and investigate all aspects of the Tianhai Group’s industries!’ Hu Haiquan was a capable person, and since he had decided to do it, he quickly made adjustments!

The first step was to snipe at the distributors of the Tianhai Group’s industries and fight for market share!

The second step was to use the influence of his own group to intercept and block Tianhai Group’s raw material suppliers, and at the same time collect information to report Tianhai Group’s industries to the relevant departments.

You know that any negative news about a listed company will cause turmoil in the stock market. And once thoroughly investigated by the relevant departments, even if there is no problem, the impact is huge. For a group enterprise of this scale, even if one tenth of the company’s shops are sealed for a few days, the impact on the interest income is an astronomical figure.

The third step is for the two groups to gather a large amount of cash and snipe the shares of the Tianhai Group in the secondary market of the stock market, directly smashing down the valuation of this Tianhai Group!

It can be said that these three steps are a steady, accurate and precise blow to the Tianhai Group.

If the Tianhai Group does not react in time, it is afraid that it will have huge problems and may even go bankrupt and liquidate.

Chapter 1700

On the other hand, Lin Hao sullenly returned to the Lin family, with that Xu Linglong following behind Lin Hao like a heel.

‘Yah ? Brother Lin Hao, where did you abduct this little girl from, she’s so pretty.’ Just after entering the door, he ran into Gu Yue, who couldn’t help but laugh and tease at this scene.

Lin Hao had a dark face, ‘I picked her up by the roadside.’

‘Hello oh sister, my name is Xu Linglong, I’m brother Lin Hao’s girlfriend.’ Xu Linglong introduced herself to Gu Yue in a cute and generous manner.

Gu Yue: ?

Gu Yue froze, what do you mean ?

Are you drifting away, brother Lin Hao ? You’re married! What’s the matter with blatantly bringing a pretty little girlfriend back ?

‘Shut up, don’t talk nonsense.’ Lin Hao rubbed his temples with a headache, his face very ugly.

Xu Linglong spat out her tongue, ‘Sister, just kidding, we’re just friends.’

Gu Yue sighed in relief: ？ 意扒爱洱闭零零地？ ‘I was scared to death, hello Linglong, my name is Gu Yue.’

‘Good sister Gu Yue.’ Xu Linglong’s voice was sweet, sweet and quirky, and she soon became good friends with Gu Yue.

Then came Lin Qingcheng and Hou Yijun, who all became friends with Xu Linglong. Seeing how amicable they were, Lin Hao’s head hurt even more.

‘What’s wrong? How does it feel to have a free boyfriend for a day? Seeing them chatting so happily, you should be very relieved, right?’ Shen Xiyun looked at Lin Hao’s headache, but she couldn’t help but tease her husband a little.

‘Yes, I was so happy that I almost didn’t cry out with a wow, do you think I’m happy?’ Lin Hao’s face became even darker, even his own daughter-in-law was flirting with him.

Shen Xiyan looked at Lin Hao's defeated look and laughed so hard, it seemed that her husband had not been pranked by this little girl much today.

It was only when Lin Hao told the story of what happened today, Shen Xiyan stared dumbfounded, regretting it, she regretted it!

The key was that this girl had actually come with a mission, wasn't this equivalent to leading a wolf into a house and bringing back a calamity?

'Lin Hao, I was wrong, is it too late for us to backtrack now?' Shen Xiyan was very remorseful, she just wanted to live a peaceful and quiet life with Lin Hao, she didn't want to be rich and famous, it would be good for the family to be happy.

Lin Hao sighed: 'Alas, do you think it's possible? This is the calm before the storm, I guess the Hu family is already thinking of how to deal with us.'

Shen Xiyan fell silent, she also knew in her heart that she was in big trouble this time. This time Shen Xiyan once again looked at Xu Linglong warmly chatting with Lin Qingcheng and the girls, seeing Shen Xiyan looking over, Xu Linglong even spat her tongue adorably towards Shen Xiyan.

Shen Xiyan:

She suddenly found herself as melancholy as Lin Hao, ah, this headache-inducing girl!

Half an hour later, Lin Hao gathered Mo Tianji, Jun Wu Regret, Gu Nansheng, Night One, Zhong Baiming, etc, all to the conference room.

Lin Hao didn't have to talk nonsense and told them what had happened, even that girl's mission.

Jun Wu Regret had a headache: 'The Huashan Sect is actually Chen Bei Xuan's sect, placing Xu Linglong here, this senior doesn't want us to live a day in peace.'

Zhong Baiming's face changed and changed, the two men's strength was abolished thing Zhong Baiming know, not to mention that now there is another troublemaker, is destined to be a stormy ah.

The Zhong family, still for the Lin family in the first place, to go through fire?

Zhong Baiming did not dare to take a stand, and also hurriedly put away his dissimilar thoughts.

'The Tianhai Group is capable of resisting the Hu Family's attack, it's just that if the other side were to join forces, the problem would be a bit bigger.' Mo Tianji, on the other hand, didn't think about it that complicated, now that the clan had entered the world, the first thing that would be fought would probably be the battle of the group.

‘Immediately clear the vision of the group within Tianhai City, especially the movement of the Hu family.’ Gu Nansheng, for his part, decisively ordered a thorough investigation of the Hu Group, keeping an eye on all of the Hu Group’s industries and subsidiaries.

It could be said that it was very dry to detect the movements of the other party at the same time.

Mo Tianji also began to prepare to collect a large amount of funds, while greeting the banks in advance and lending large amounts of money, Mo Tianji was ready to engage in a little bit to the secondary market and carry out stock market sniping.
