

Super Son-in-law Chapter 1741-1750

Chapter 1741

As for Lei Ling's bodyguard, that was Ah Hu, who was adopted by Lin Yun to protect Lei Ling. He had excellent talent and was able to bear the blessings of the Lei family's Daoist heritage, breaking through to the early stage of Grand Master at the age of twenty, a rare genius.

Lei Ling is very special, having learned to speak at only half a year old, and is incredibly intelligent and precocious. She is only seven years old now, yet she looks like a wise person who has seen through the red world, so many people who deal with Lei Ling will have their jaws drop in amazement.

Lei Ling knew what her mother wanted to do, and that was to raise Ah Hu and then put the foreigner directly into the position of head of the family to succeed her, so that she could protect Lei Ling properly.

But how could Lei Ling not want to keep her mother from worrying and hold up this responsibility, but she was born unable to cultivate.

When no one else is around, she is a sweet, soft little lolita, and everyone in the family thinks she can't train and can't be a threat.

She was also so cute, so everyone loved her very much, but she was distressed that none of the looks she was giving out were what she wanted.

Lin Hao also finally reacted to why it was said that she and herself both lived with masks.

Lin Hao was wearing a real mask, while she was disguising a mask on her face.

After Lei Ling despondently finished saying what she had hidden deep in her heart, she exhaled a big breath and a youthful smile bloomed on her face once again, 'It's good to say it, thank you for listening quietly to this secret that belongs to me.'

After saying that Lei Ling turned around and looked at Lin Hao with a playful and cute smile, 'Brother Xuan Yuan, now that I know your secret and you know mine, do we count as friends?'

Lin Hao wanted to refuse, to be honest Lei Ling's life was quite far away from him, only when he saw Lei Ling's big watery eyes filled with anticipation and desolate helplessness, Lin Hao nodded solemnly, 'Yes, from now on we are friends.'

'Yea? er whisked off to cover the intention to close the ground Shan dye? I have a friend too, Ling'er has a friend too.' Lei Ling jumped up happily, happy like a child er, ah shucks, she was already a child. Lin Hao saw Lei Ling's happy look and couldn't help but follow suit himself, his heart was almost melted by this little girl.

Even Lin Hao was thinking, 'I wonder if Shen Xiyan is having a boy or a girl this time? In order to maintain the mystery, and because both of them respected the

Chinese regulations, they did not go ahead to check the sex of the foetus, they just checked that the foetus was safe and sound, and did not do any other transgressive tests.

However, after seeing Lei Ling's lovely face, Lin Hao hoped that Shen Qi Yan's baby would be a daughter.

Of course, it would be nice if it was a boy, if it was twins, it would be even more perfect ah.

'Hey, brother Lin Hao, what are you thinking about? Thinking so intensely? It's not because you're thinking of your sister-in-law, is it?' Lei Ling adorably stood on the railing and waved her hand in front of Lin Hao's eyes, it couldn't be helped, Lei Ling's small body had to stand on the railing to be tall enough, otherwise her hand wouldn't be able to reach Lin Hao's eyes ah.

Lin Hao quickly returned to his senses and smiled helplessly: 'Not thinking about your sister-in-law, but thinking how good it would be if the child in your sister-in-law's belly was a girl, it must be as understanding and sweet as you are, and cute, right?'

'No, I don't want to take care of a baby!'

'I don't want to take a kid, I don't want to take a kid who doesn't know how to handle things.' The first thing you need to do is to get a good idea of what you're doing.

‘But’ Lei Ling adorably cocked her head and thought about it, blinking those big watery eyes, ‘Since it’s brother’s child, it’s also called my aunt, right? Hee hee, then I can begrudgingly take a lead, provided this little girl doesn’t fool around and be naughty.’

Chapter 1742

Lin Hao helplessly rubbed this little girl’s head: ‘Well, now this matter is not yet eight, what’s the point of thinking so much, let’s go shopping?’

‘Yes, yes, yes, go shopping with brother.’ When Lei Ling heard this, she jumped up happily and jumped onto Lin Hao’s back in a flash, wanting Lin Hao to carry her to play.

Seeing Lei Ling’s girl like this, Lin Hao shook his head helplessly and secretly thought: girl, no matter how mature you are, you are still a girl, aren’t you?

Meanwhile, in the middle of Cang Shan Lake, an ancient wooden boat was floating aimlessly, which was made exactly according to the ancient cruise ships.

On the boat, there were many men and women in ancient robes, all between 30 and no age, in their prime, with armour-clad guards stationed at various key points.

At this moment, a series of strange bubbles suddenly emerged from the side of the boat, quickly attracting the attention of the armoured guards on the boat, who emitted a strong aura of Daoism: ‘Who is it? Get out!’

‘It’s me.’

With a booming sound, a figure shot up from the water and the vapour on his body was instantly evaporated, before this person landed firmly on the cruise ship.

‘See Young Master Ah Hu.’ Upon seeing the young man, these guards saluted.

Ah Hu merely nodded gently, while those men and women on the deck, dressed in ancient robes, saw Ah Hu appear with different expressions and began to talk at once.

‘Look, it’s that guy Ah Hu who’s back, how imposing!’

‘Hmph, after all, he’s a foreigner, so what if he’s imposing?’

‘That’s right, no matter what the Lin family says, there’s no way they’ll let someone with a foreign surname take the reins of power, dream on, and the Lin family is a lineage, passed down to men but not women, Lei Ling is not qualified to inherit the Lin family’s headship at all.’

‘Nonsense, then isn’t Lin Yun Well well’

The person who covered his mouth reprimanded him, 'Are you looking for death? You can say some things and some things not to say, don't you know? What's more, that's the Acting Head of the family, don't you understand? Once a suitable heir emerges with direct bloodline, she must give up this position, otherwise no one from the branch or the main family will let her go.'

Those who were talking stopped talking, only to look at Ah Hu with a look of disdain and some with some complications, not knowing what these people were thinking.

These people have been coveting the position of family head for a day or two, but with Lin Yun around, these people do not dare to be too reckless for the time being.

But just because they don't dare now doesn't mean they won't dare in the future. If anything happens to Lin Yun, these people will act.

'Get up, take me to see the clan chief, I have something important to report.' Ah Hu looked to the armoured guards next to him.

'It is Young Master Ah Hu, please come with us.' The armoured guard took Tiger to the largest and most luxurious room on the cruise ship, the guard quickly excused himself and closed the door behind him.

In the room, a beautiful woman in a major general's uniform had her back to Tiger.

Ah Hu knelt down on one knee, 'Ah Hu, see the Lord Patriarch.'

'Ah Hu, there are no outsiders here, there is no need to be so formal.' The beautiful woman turned to look at Ah Hu, her body full of the majesty of a superior, coupled with that straight and clean military uniform, it gave her a valiant and sofa decisive taste.

This beautiful woman was wearing light make-up, but she was extremely beautiful, and the aura on her body made people involuntarily ignore her beauty, but the aura that emanated from her.

The acting head of the Lin family, Lin Yun, is a mid-level Xuan Shi! Her face bore a slight resemblance to Lei Ling's, and she was none other than Lei Ling's mother!

What was surprising was that this Lin Yun was a general with the rank of Major General. Although she had retired from the military, she was still used to wearing this uniform.

Serving Lu Zha zero Ai Yi dyed Yi? In Lin Yun's words, one day as a soldier of China, one life as a soldier of China.

Super Son-in-law Chapter 1743-1744

Chapter 1743

‘Yes, Mother.’ Ah Hu stood up, but lowered his head in shame.

A bitter smile appeared on Lin Yun’s majestic face as she shook her head helplessly, ‘Look at you, did you let that little girl get away again?’

‘Yes, please mother chastise me, it is my child’s uselessness.’ Ah Hu lowered his head in shame.

‘Alas, you are the one who spoils that girl too much, it is only a matter of time before something happens if you keep being spoiled like that. You are her nominal brother, but even more so her bodyguard, what you should be doing is to keep her safe, not to indulge her and spoil her.’

‘Yes, my son is wrong.’ Ah Hu did not make any other explanations, then Ah Hu thought of something else: ‘However, Ling’er has an unusual relationship with a strange man, this person, should we not investigate this person thoroughly?’

‘Hmm? Who dares to go near Lei Ling?’ Lin Yun’s face turned gloomy, could it be that those guys were still thieves and wanted to do something from Lei Ling?

The reason why Lei Ling didn’t have any friends was because of the result of Lin Yun’s secret dealings, not to mention that those people who approached Lei Ling were basically carrying their own agenda, as for being in the Lei family, apart from Ah Hu, it was impossible for Lei Ling to be friends with anyone else in the Lei family.

As for Ah Hu, Lei Ling also disliked him a bit, this guy was too rigid in the head, not like a brother or a friend at all, but rather like a loyal bodyguard.

Ah Hu hurriedly told Lin Yun everything that had happened, the details of what had happened, and Lei Ling's attitude towards Lin Hao, everything.

‘To have been nullified Spirit Rhyme still has a peak Zongshi power level, a bit interesting, Lin Hao?’ Lin Yun piqued her curiosity instead, then waved her hand, ‘Ah Hu, leave this matter to you, thoroughly investigate everything about this Lin Hao, including everyone around him, get answers as fast as possible, got it?’

‘Yes, mother.’ Ah Hu led the order swiftly? San'er shandi ai shan closed? Go down quickly.

Lin Yun stretched her back, ‘I'd like to see what kind of uncanny ability you have that you can get this girl, Ling'er, to rely on you so much.’

‘Someone, prepare a set of clothes for me, I'm going to personally go to Cang Mountain Town, and by the way, take a look at the Martial Dao Alliance Conference hosted by that guy Qin Long, hehe, a small Heavenly Sea Martial Dao Alliance Conference, yet it requires one of the four town guards to host it, it doesn't seem to be simple.’

At this time, Lin Hao, had almost finished strolling around Cang Shan Town with Lei Ling, I have to say that such a town could be so well preserved, and with

the attire of the people here, it was really very comforting to feel like traveling through ancient times.

‘Brother Lin Hao, why do I get the feeling that you like this place a lot?’ Lei Ling looked at Lin Hao with some curiosity and took Lin Hao’s hand, jumping around and following him, not unlike Lin Hao’s brother and sister, how come it felt a bit like a father and daughter?

It is this father is slightly younger ha!

Lin Hao nodded and didn’t deny it, ‘Yes, this place does give me a quite comfortable feeling.’

‘Then let’s come here more often when we’re free, okay?’ Lei Ling said happily, ‘And brother, you must take me to play when you have time oh, I’m very good at it.’

Said Lei Ling and waved a little with his little fist.

‘Okay.’ Lin Hao agreed but didn’t take it to heart, no way, what he was going to do was too dangerous ah, not to mention how many people wanted to put him to death!

Although he also felt that Lei Ling was not simple, there was no way Lin Hao would take this little girl to risk her life.

However, Lei Ling was the one who believed Lin Hao's words and was happy as can be.

This was because Lei Ling was convinced that her brother, Lin Hao, would never lie to her.

Lin Yun changed into an ordinary Chinese outfit and went to Cang Shan Town alone, silently, and headed towards the martial arts competition venue by the lake.

Lin Hao and Lei Ling were also heading this way. The sensory ability of a Xuan Shi level powerhouse was so strong, and Lin Yun was so familiar with Lei Ling's scent, that she could clearly sense where Lei Ling was when she arrived in Cang Shan Town.

Chapter 1744

It's almost nightfall, and as is normal in Cang Shan Town, the nightly entertainment is just beginning!

Only, today was different, all those ordinary tourists were expelled by those soldiers in armour and armed with modern weapons.

Those ? er serve zero yi yi wu wu cover ? The tourists had been a bit upset, what was this for ? Why did they not expel them, when there were so many people at the lake ?

But when they saw that the soldiers were all armed, even if they were not happy, they had no choice but to leave, but to envy the tourists who were at the lake.

There were two to three hundred tourists at the lake, but every one of them was a real martial arts powerhouse, the worst of which were early Xiantian realm masters.

Of course, a large proportion of them are here to join in the fun.

The place had been completely surrounded and separated by the military.

Now, Qin Long is at the top, he is one of the four town guards, he is also the host of this time, and next to him is Yin Nanfeng, the military's explicit number one Patriarch, the peak Patriarch!

Next in line was the Patriarch of the Thousand Clans, Thousand Star, as well as the Patriarch of the Mountain Moving Clan, Grave Digging, and the Patriarch of the Yuehai Clan, Yuehai.

There were one or two other sect masters left, who were qualified to participate in the Martial Arts Conference as hosts, the Hong Sect, and the Shui Sha Sect.

These two clans are local clans in Tianhai City and have been stationed here for a long time, but in terms of strength they are a great deal less powerful than the Thousand Clans, the Mountain Moving Clan and the Yuehai Clan, so they were allowed to send their disciples to come and were given two seats as judges in order to look after their faces.

However, with the Yuehai Sect and the Mountain Moving Sect pressing on, there is not much left of this piece of cake in the Heavenly Sea that belongs to these two sects.

It was worth mentioning that the patriarch of this Water Sand Sect was a wonderful young girl who did not look too old, as soft as water and full of the watery tenderness of a Jiangnan woman.

Amongst the crowd, Lin Hao looked around and frowned: 'These few people sitting up there, how come I can't see through any of the other party's strength.'

The other party hadn't used their Dao Yin, so as long as their strength was stronger than Lin Hao's, it was impossible for Lin Hao to see through them, so didn't that mean that all these people were even stronger than them?

But thinking about it, it didn't seem strange, it was understandable that their strength was stronger than his, if they didn't have the rank of Grand Master, then how could they be qualified to become the head of a clan?

'Brother Lin Hao, I know oh.' Lei Ling said cutely, 'From the left to the right, there are two early Grand Patriarchs respectively, then the past three, they are all

at the peak, as for the one in military uniform, he is an Innate Realm Patriarch, and the guy next to him with a stern face is at the peak of the middle Grand Patriarch.'

Lin Hao raised his eyebrows, the patriarchs of that Shui Sha Sect and Hong Sect were only at the early stage of Grand Patriarch? No wonder they were being pushed so hard by the Yuehai Sect and the Moving Mountain Sect.

These three sect masters were all at the peak of Grand Master, it wasn't surprising that they were so strong!

Rather, what surprised Lin Hao was that the strength of Qin Long Zhenwei had actually increased, recovering from his injuries and improving, so it seemed that this had nothing to do with Senior Chen Bei Xuan.

It was just that Lin Hao could clearly feel that, for some reason, Qin Long's strength had recovered and might even continue to improve, but Lin Hao could not feel any excitement in the other party's mood, instead he was like a body of stagnant water, his body was full of dead will.

This was strange, did he know something? Had he already seen through the truth of the High Martial Era?

If he really knew the secret of the end of the High Martial Era, it didn't seem strange to think so, after all, this derivation of the High Martial Era was the curse of the Immortals, moreover, it was a trap set by the Immortals!

Lin Hao sighed, perhaps, it wasn't good to know too much.

'Brother Lin Hao, what are you sighing for?' Lei Ling looked at Lin Hao with a curious cocked head.

'It's alright, little girl, you don't need to know so much.' Lin Hao dotingly rubbed Lei Ling's little head.

Super Son-in-law Chapter 1745-1746

Chapter 1745

Lei Ling bristled and said with dissatisfaction, 'Don't treat me like a little girl, okay! I actually know what brother Lin Hao is sighing for, seeing as brother Lin Hao has been looking at that guy for so long, and the death aura on that guy is so heavy, it should be because of him.'

Lin Hao stunned? Ai Di Di Xi Yi Serving Fushan? Then he laughed bitterly, this girl was really smart.

However, Lin Hao and Lei Ling did not know that this scene of them in the crowd had all fallen into Lin Yun's gaze without missing a beat.

Lin Yun's eyebrows knitted slightly in disbelief, how could this happen?

Why did Ling'er and this little guy get along so well? Even she had never smiled so innocently, smiling so happily, so brightly, since Lei Ling had understood.

For this daughter of hers, Lin Yun was filled with guilt, but for the sake of the Lin family, she had to do so, and now both the Lei family and the Lin family, the acting family head, were her.

Now both the Lei family and the Lin family were extremely unhappy with her, and those powerful side branches were already starting to make moves, so she had to do it.

At this time, the time for the opening of the Martial Arts Conference had arrived, but Li Longcheng, the challenger from the overseas Tang Clan, was late in showing up.

After a little discussion between Qin Long and Yin Nanfeng, they immediately decided to ignore the other party since they were late and announced, 'The Martial Arts Competition now officially begins! The competition in the Martial Arts Competition is very simple, that is, the one who stands to the end will win! So think it over! In addition, we must not hurt anyone until the end!'

After Qin Long's announcement, everyone was in an uproar.

What the hell, if they were the first to go up, they would have to be wheeled out? The first one to go up would not have any advantage.

The representative disciples of the Hong Sect and the Shui Sha Sect looked at each other and smiled bitterly, they were only at the middle Xiantian realm and were already the strongest within the sect.

There was no chance of them winning any more in a row, even if they speculated, let alone being the champion, and there were already people eyeing them.

‘We’ll go first!’ The Hongmen and Water Sand Sect disciples jumped into the ring together.

These two were quite familiar with each other, and as they glanced at each other, they both understood each other’s meaning, and both arched their hands, ‘I’m sorry!’

The referee gave the order: ‘Begin!’

The two men let out their powerful Qi, and their Daoist heritage worked, and their powerful auras spread around the ring, and soon they were fighting together.

However, both of them were very careful with their manners and could be said to have stopped at the point, without any intention to kill.

Seeing this scene, the patriarchs of the Water Sand Sect and the Hong Sect both revealed smiles, while everyone else saw a general understanding that these two

were completely up there to go through the motions, ah, in fact they were just here to make up the numbers, they had no intention of winning at all.

‘Oh, there’s still some self-awareness.’ Thousand Sunsets sneered disdainfully as he played with the object in his hand.

‘Yo, Brother Thousand Suns, why do I get the feeling that you are imperative to win the championship this time?’ Yue Wu Dao next to him looked at him somewhat playfully.

Thousand Sunsets snorted coldly and ignored them.

This time, the Dragon Sect had suddenly announced the sect’s entry into the world, causing the Thousand Clans to miss out on a great opportunity, even the Martial Dao Alliance had been broken up and reorganised, and now they had even created a set-up of one alliance leader for each region, causing the Thousand Clans’ status to fall by the wayside, although their heritage was still there, their status was much worse than before.

‘Cough.’ Tomb-digging’s face was pale, shaped like a withered old man lingering as he coughed violently, ‘Seeing that both of you are so confident, I guess you both have killer tricks.’

‘Humph!’

Thousand Sunset and Yue Wu Dao coldly snorted, no one spoke, the three of them were of equal strength, and their fathers were also the patriarchs of their respective sects, and were of similar strength, since they were now broken up and reorganised, your Thousand Sects were no longer the Martial Daoist Alliance, and there was no need for anyone to give face anymore.

Chapter 1746

So the three of them, again with their own agenda and without fear of each other, naturally had no intention of giving face to the opposite side.

Boom!

At this point, the battle in the ring was nearing its end, roaring as various martial arts techniques were unleashed!

With a final blast against each other, both sides spat blood and flew backwards, throwing themselves out of the ring in a tedious manner.

Qin Long shook his head and jumped into the ring to announce, 'I declare that in the first round, the Shui Sha Clan fought against the Hong Clan, both sides were too weak to fight anymore and fell out of the ring at the same time, I declare this battle a draw!'

No one was surprised by this result, from the very beginning, they meant it, that they didn't need to win, it would be the best result if everyone couldn't win.

With these two demonstrating, the next contestants, but those who understood that they could not win in a row, chose to give up and fight a draw with their opponent to save face as much as possible. Only with the entrance of a Muay Thai master, a peak Xiantian realm Grandmaster, the balance was broken.

This Muay Thai master was wide open and his attacks were fierce, although his opponent held back. But Muay Thai was so fierce and dominant that his opponent was injured and fell unconscious from the ring, spitting blood.

‘How can this guy hit so hard?’

‘Yes, it’s a competition, not a fight to the death, what is he trying to do?’

‘This is Muay Thai, right? Muay Thai is not a Chinese martial art, get out, you are not qualified to participate in the martial arts conference!’

‘That’s right, get out!’

This scene also aroused the anger of many martial arts powerhouses, especially the clan that was knocked out, it was even more humiliating, every fight before was basically a draw.

As a result, their clan's disciple had become the first disciple to lose, how could this be tolerated?

In response to this situation, the Muay Thai expert in the ring, wearing Thai-style martial artist clothes, folded his hands and bowed slightly, 'I did not break any rules and I am qualified to participate in the competition, not to mention that I have tried to stay my hand as much as possible.'

'Muay Thai evolved from Chinese boxing and is considered a branch of Chinese martial arts, while our Muay Thai is a killing technique, so I stayed my hand as much as possible, but the result was still like this, fortunately he didn't die, he saved his life and I didn't break any rules.'

At the words of this Muay Thai expert, many people were so angry that they could only stare in disbelief, but could do nothing at all.

Even Yin Nanfeng stepped forward to explain, 'Mr. Al did not break any rules, he was given an invitation to a proper martial arts tournament, and as the owner of the Tianhai Martial Arts School, he is qualified to participate in the tournament.'

'However, although this Muay Thai is a killing fist and we have no objection to it, I think our Chinese are never weaker than each other, are you guys right? So now the next challenger, please, challenge Mr. Al.' After saying that Yin Nanfeng retired.

This was obviously a step down for the Muay Thai masters, and also a warning to the martial arts powerhouse that it was time to make a move, was it to make the Muay Thai martial artists look down on us or what?

All those who should be on the stage had already been on the stage, and it was only the three peak clan masters of the three great clans who were left.

Yue Wu Dao, Thousand Sunsets and Gravedigger all looked at each other with some hesitation, after all, they did not want to be the first to take the stage, which would put them at a disadvantage.

As for Lin Hao's delay in going on stage, they didn't put Lin Hao in their eyes at all, a peak Sovereign without Dao Yin was nothing, they could just abuse and kill him!

'Oh, what Muay Thai killing technique, I'll show you today, what is a killing technique!' Seeing that they were still hesitating, Thousand Sunset sneered and leapt up, carrying an ancient longsword, and slowly landed on top of the ring.

Clang!

Thousand Sunsets drew his sword and pointed it straight at Muay Thai expert Al: 'Al, right? Now I challenge you? Wu Yi Zero Zha Yi Yi Zero Wu? You!'

'May.' Al didn't care much and nodded his head gently.

‘This match, Mr. Al, the head of the Heavenly Sea Martial School, versus Thousand Sunset, the young master of the Thousand Clans, begins!’

Buzz!

After announcing the start, Thousand Sunset was the first to invoke the Dao Yin, a blazing sunlight shone out from Thousand Sunset’s body, while Thousand Sunset’s entire body was enveloped in the Dao Yin, under the intense golden light rendering, it was as if he was a small sun, the temperature around him was rapidly rising! The temperature around him was rising rapidly!

Super Son-in-law Chapter 1747-1748

Chapter 1747

‘What! It’s the Yew Yang Dao Yin!’ Someone exclaimed!

Some even threw a slap at their own faces, ‘No way! How can it be the Yew Yang Dao Yin!’

‘Yes, this is unscientific, isn’t the Dao Yin heritage of the Thousand Clans the Star Dao Yin? Why is it that the one he acquired is actually the Dao Yin of the Dazzling Sun, which is extremely mysterious and powerful that has never been seen to be inherited by anyone before? This is an extremely mysterious and powerful? The Dao Implication of the Dao, ah.’

The people around were shocked, Yue Wu Dao and Gravedigger looked at each other with even more gloomy faces, 'We're in trouble now, this bastard is hiding too deep!'

The faces of the other sect heads were incomparable, except for the Thousand Sect Head, Thousand Xing Chen, who had a pleased smile on his face, his son, he had grown up.

The temperature around the ring was rising sharply, not to mention Al who was in the ring, scorching the centre.

Al's face hardened and he bellowed, 'Hoo-hah!

Al's body was already gnarled with muscles, and with his bellow, his muscles swelled and tinged with a bronze colour, as hard as steel, and Al's entire body swelled to a giant of nearly three metres!

The secret art of Muay Thai!

Roar!

Al roared and took the lead. He was huge but not at all clumsy, deft and swift.

A few flashes and he was in front of Thousand Sunsets, his left arm was clasped around his right arm and then he turned sideways and used his right arm as a striker, slamming into Thousand Sunsets!

‘Blazing Sun’s Light!’ Thousand Sunsets slammed the ground without slowing down, and with a buzzing sound, the blindingly dazzling sun formed a hexagonal formation of arcane inscriptions.

Boom!

Al viciously mounted on the blazing sunlight formation, which trembled violently.

Then, Al burst back with a bang and was viciously thrown off by the recoil.

Poof!

The moment he was about to fall out of the ring, he stamped his foot on the ring. The force of this foot was so terrifying that it made a big crater in the hard ring, stopping the speed of his retreat and preventing him from leaving the ring!

Ka-ching!

At this time, the Blazing Sun Light Defence Formation also emitted a glass-shattering sound and shattered with a loud bang, and Thousand Sunsets' face turned white as a mouthful of blood reached his throat but he swallowed it down.

Thousand Sunset's face was a bit ugly, this guy, was even more terrifying than he expected, his physical strength was even more savage than a mad bull.

'A bit interesting, worthy of the powerful martial arts of China!' Al wiped the blood from the corner of his mouth and stood up, 'Thousand sunsets you should pay attention, I'm going to get serious, be careful, after all, in this state, I can't control the force.'

'What a waste of words!' Thousand sunset was very upset, can't you kill me like that?

Thousands of sunsets gripped the sword with both hands, and with a huff, the sword was suddenly protected, the whole sword burst into flames, and soon that sword started to glow red, this sword was burning red!

The flames danced merrily on the sword, and one could even hear the true sword cry of that sword!

Martial artists with a little bit of eyesight had their pupils snapped shut, this was a treasure!

Lin Hao's face also changed dramatically, 'Is that a divine weapon in Thousand Sunsets' hand?'

Lei Ling, on the other hand, shook his head, 'No it's oh brother, this should just be a spirit weapon that just possesses a sword spirit, but this fellow is really lucky, it's highly likely that this Yao Yang Dao Yin was obtained from this precious sword sword spirit.'

There's still this kind of saying?

According to Lei Ling, weapons were divided into spirit weapons, xuan weapons, celestial weapons and divine weapons.

So, the Xuan Yuan sword Lin Hao was holding would belong to the highest grade of divine weapons!

'It's a spirit weapon! It's actually a spirit weapon!'

'Oh my, this is too much luck, a Spiritual Armament, that's an existence that can't be found, many peak Grand Master powerhouses may not be able to get their hands on a Spiritual Armament!'

The crowd that reacted began to boil over.

Seeing the crowd's excitement, Thousand Sunsets also proudly held his sword with both hands and slashed down at Al, 'Dao Yin, Dazzling Sun Thousand Sunsets!'

Chapter 1748

Shameless, to give his name to a jutsu!

'Roar, Shield of the Bear King! Armour of Counter Wounds!' Al's expression was equally grave, and without any hesitation, all of his stances were opened to full defense, full defense!

Immediately afterwards, the sword light fell, and then along with it, a small sun fell. The little sun blossomed with a dazzling and dazzling fiery glow!

It was truly as if the sun had fallen from the sky, and even though it was dark at the moment, it was as bright as day!

The sword light and the dazzling sun fell and pointed straight at Al!

The blinding light exploded, everyone subconsciously closed their eyes and retreated, the terrifying light was impossible to see directly, and the shockwave of the explosion even lifted many mid Xiantian powerhouses off the ground, while those who were weaker and too close to the early Xiantian realm Patriarchs directly spat out blood and flew backwards, seriously injured and unconscious!

And that was just the aftermath!

The blinding light was so bright that Lin Hao was not even willing to force himself to look at it, subconsciously closing his eyes while subconsciously blocking his body in front of Lei Ling, leading her to quickly burst back.

Who knew that this girl's thoughts were actually the same as Lin Hao's, opening her small hands to run in front of Lin Hao to block, Lin Hao sensed this and was so angry that he directly yanked Lei Ling: 'Damn girl, brother is not your turn to protect!'

'Hmph, Ling'er doesn't need brother's protection either, Lei Ling wants to protect brother.'

From afar, Lin Yun naturally saw this scene clearly, these two were actually desperately trying to protect each other, which also made Lin Yun cry and laugh, and was even more emotional, while looking at Lin Hao much more smoothly.

Although this boy was not very strong and had lost his Daoist heritage, his heart to protect Ling'er was invaluable.

Lin Yun arrived in front of them in a flash, and then with a wave of his hand, the shockwave that was rushing towards them immediately dissipated.

What?

Lin Hao and Lei Ling were both a bit puzzled, not knowing what had happened? Wu'er served to cover the intention to dye the sun? What was it.

Lei Ling was the first to open his eyes, and when Lei Ling saw Lin Yun, his whole body was stunned, how could it be Mother Superior?

Lei Ling are frozen, just about to open his mouth to explain, but Lin Yun first opened his mouth to ask: 'Little girl you are all right? Why are you standing so close to me?'

Lei Ling was frozen again, what did she mean?

But Lei Ling was quick to react, it seemed that her mother did not want to reveal her identity, nor was she here to make things difficult for brother Lin Hao, so she immediately smiled sweetly at Lin Yun, 'Thank you auntie.'

Lin Yun's face was full of oddity: thank you aunty?

Moreover, seeing that for this reason her own daughter even showed such a sweet smile to herself, made Lin Yun a bit tearful, as Lei Ling's mother, why did she feel that her status was not as heavy as this guy called Lin Hao?

Lin Hao also quickly reacted and opened his eyes to see the mature and beautiful woman in front of him, his heart was secretly alert, this woman was not simple, she had defused the shockwave so easily.

Lin Hao was incomparably vigilant as he pulled Lei Ling back and shielded her behind him, which could be said to be quite protective.

This action was in Lin Yun's eyes, and she gave Lin Hao a deep look.

'Thank you to this sister for helping out, I wonder what your name is?' Lin Hao said politely, but he didn't say his name.

'Giggle, little fellow, calling me sister? It's not quite appropriate, it's better to call me auntie, as for the name it's just a mark, say it or don't say it, we'll meet if we have fate, right?' Hearing the name sister made Lin Yun a little happy, ask that woman who does not want to be called young? And not to say that she was old!

'No, no, it's better to call her sister, sister is so young and beautiful, calling her auntie is obviously showing her old age inappropriately.' Lin Hao scratched his head awkwardly, since the other party was unwilling to reveal his name, Lin Hao didn't pursue the matter further.

'Little brother is really good at talking.' Lin Yun laughed happily.

‘No.’ Who knew that Lei Ling stood out, ‘Brother Lin Hao, you must call her auntie, just like me, be just like me!’

Super Son-in-law Chapter 1749-1750

Chapter 1749

Lei Ling was not stupid, she called Lin Yun auntie, but Lin Hao called Lin Yun sister, that was a generation away from Lin Hao, wasn't it? How could that work?

Lin Yun was dumbfounded when she saw her daughter's cute face with her mouth beaming, this girl, should she be so smart?

Lin Hao was also embarrassed and hurriedly pulled Lei Ling back, ‘Ling'er, don't be rude.’

‘I don't care, I want you to call her aunty.’ Lei Ling didn't know why, but she suddenly lost her temper, her eyes tearful, ‘Otherwise I'll be a generation behind brother Lin Hao.’

Lin Hao froze? The closed dye whisked XiYiPaiXi service? He hadn't thought of this, let alone thought much about it.

Lin Yun saw Lei Ling was about to cry, also hurriedly said: ‘Little girl is so cute, just listen to the little girl, after all, cute kids have the privilege of being unreasonable oh.’

Lin Hao smiled awkwardly and did not pick up the fight.

Boom!

The smoke and dust on the other side of the ring dissipated, the Muay Thai expert was already lying on the ground, dying and spitting out a mouthful of blood every now and then, even if he didn't die, he was seriously injured and it was extremely difficult to recover from the situation.

'I, I lost

‘I, I lost

‘I, I lost

‘I, I lost‘ Taiken spat out the words, directly head tilted and passed out, someone quickly came over and hurriedly brought him down.

Thousand Sunset was still standing proudly above the ring with his sword in his hand, only his hand holding the sword was drenched in blood, and there was a constant flow of blood from the hilt of the sword, falling down the blade.

His face was flushed, his hands were trembling, and his breath was in disarray.

This guy's defence was too strong!

What made Thousand Sunsets vomit blood was that his opponent's Bear King shield was even more demonic, rebounding 70% of the damage he received, it was like a hedgehog, making people feel helpless.

Although he won this time, his hands were not light either.

The judges in the ring, and the spectators underneath the ring, knew this very well, especially Chien Sing Sing, his face was gloomy, the Muay Thai master was bound to lose.

However, he never thought that this Muay Thai expert would lose, but he had let Chien Sunset get hurt, so it was very uncomfortable!

‘I declare that in this round, Young Patriarch of the Thousand Clans, Thousand Sunset, wins! We will take a five-minute intermission and then wait for the next round to begin!’

With a flushed face, Qian Sunset got out of the ring with the help of others, and then hurriedly let Qian Xingchen pick him up. Qian Xingchen’s face was fierce, it seemed that it would not be possible without some bloodshed.

Especially seeing Qian Sunset in this state, Yue Wu Dao and Gravedigger both looked at each other, both sides were full of excitement and eagerness to fight, obviously, in the next round, they both had the intention to go up and fight first in the round.

Lin Hao also laughed for a while: ‘This Thousand Sunsets was careless and gullible after all. If he had been able to steady his mind and not rushed to show himself,

I'm afraid he wouldn't have ended up in such a state, and now he's seriously injured. Instead, he has given Yue Wu Dao as well as Grave Digging the opportunity.'

Lei Ling shook Lin Hao's arm and said with a smile, 'That's not necessarily true oh, although Thousand Sunset is injured, but if he wants to push him out of the ring, he will be able to pull someone off his back oh, no more, he will also be able to make the challenger end up like him, injured.'

Lei Ling is a good point, Yue Wu Dao two, no matter who wants to pick up a bargain against a thousand sunsets, will suffer a thousand sunsets of desperate blows, anyway, it is difficult to want to reap the benefits, but if no one is on the stage, the only direct choice of people to strike.

Lin Yun, on the other hand, smiled and shook his head: 'This may not be oh, the Thousand Clansmen is at least the former head of the Martial Dao Alliance, Thousand Starts have made a move, Thousand Sunset's injuries even if he can't fully recover, but at least he can recover 80% or 90%, and fight those two people, the least he can do is to be able to pull a tie out!'

Lin Hao was very surprised, this mature and beautiful woman knew so much? But Lin Hao strongly agreed with this, the Thousand Clans Sect had a deep heritage, it didn't seem strange at all to have such means.

Sure enough!

Five minutes later, Thousand Sunsets returned to the ring with his face as normal, as if he hadn't been injured at all, and with that majestic Dao content on his body showing that his injury was almost dispensable!

'Who will fight with me!' Thousand Sunset landed on the ring and roared with excitement, he had already recovered 90% of his injuries, and his father, Thousand Star had just told him that as long as he could win, no matter how serious the injuries were, within a few minutes, he would be able to recover at least 80% of them, although there would be a lot of trouble behind, but as long as he recuperated well, there would be no side effects.

Therefore, Thousand Sunset's confidence surged even more, and he provoked the whole field without any hesitation, Thousand Sunset even felt that this championship could be his!

The faces of Yue Wu Dao and Gravedigger were as gloomy as water.

Who doesn't have a little bit of heritage? What the hell!

The Mountain Moving Clan and the Yuehai Clan are no slouches either!

Yue Wu Dao gritted his teeth and said in a low voice, 'I

Unfortunately, before Yue Wu Dao could finish his words, a man pointed at the centre of the lake and exclaimed, 'Look, what's that?'

‘Oh my god, what is that thing?’

Many people looked towards the lake, and Yue Wu Dao, who had been interrupted, even looked very ugly, gritting his teeth and staring viciously in the direction of the lake.

Soon, following everyone’s gaze, they finally saw that a white line was spreading all the way from the centre of the lake, at a very fast speed!

‘It’s him!’ Many powerful people had spotted this and all spoke with great shock.

‘It’s here, it’s finally here, haha!’ Hu Haiquan and Chen Xun, the two family masters, saw the white line and roared low with excitement, he’s here, he’s coming on the waves!

They had seen this scene before and naturally knew who it was, ? Di Xi Di Lu Serving Lu Er Closing? As long as Li Longcheng sat as the leader of the Tianhai Alliance, then what if even a portion of the shares were given to him? In the future, won’t it be their two groups’ decision?

They were holding the thigh of the Tianhai Alliance leader!

Boom!

As they approached the lake, the surface of the lake shook with a loud bang, followed by an explosion of waves.

Immediately afterwards, a dragon's roar rang out, and a pale dragon formed from the lake water rose into the sky, with its head holding Li Longcheng, who had his hands on his back!

The dragon broke the waves!

When Li Longcheng landed on the ring, the water dragon quietly dissipated and the lake surface was calm as if nothing had just happened.

‘Yao Yang, did the Thousand Sunset? I didn't expect that out of this group of trash from the Thousand Clans Sect, there would still be a trash that looked good.’ Li Longcheng spoke indifferently.

Bang Bang!

Many disciple elders of the Thousand Clan Sect, led by Qian Xingchen slapping the table, countless people shot up, ‘Li Longcheng! How dare you, do you know what kind of place this is! This is China, not a place for you to run wild!’

‘You’re looking for death! Who are you calling a loser! I want you to die, I want you to die!’ Thousand Sunsets was used to being proud and was hounded by people since he was a child.

He was the son of Qian Xing Chen, the former leader of the Martial Dao Alliance, and the Young Patriarch of the Thousand Sects, so no matter which status he had, it was enough for Qian Sunset to boast proudly.

Now that he had received a dazzling inheritance, he was naturally even more proud and extraordinary, but he had never expected to be insulted by an overseas Patriarch, or a Patriarch of the same level as himself, how could he bear it?

‘General Nanfeng, hurry up and announce the start, announce the start! I want to teach this ungrateful bastard a lesson with my own hands!’ Seeing that the referee was hesitant to speak, Thousand Sunset was even more anxious to urge, he couldn’t wait to show off his power! Seeing this, Qian Xing Chen could not help but frown, his son was indeed a rare genius, with excellent qualifications and talent, but his heart was

Even Yin Nanfeng frowned, this kid is not trying to prove himself, right?

The first person in China’s military, Yin Nanfeng, lost to Li Longcheng, and now Qian Sunset is eager to defeat Li Longcheng to prove that he is more powerful than himself?

If that was really the case, even if Thousand Sunset did not win the position of alliance leader, his fame would be enough.
