

Super Son-in-law Chapter 1761-1770

Chapter 1761

‘In that case, there is no point for me, so General Nan Feng will be the leader of the Heavenly Sea Alliance.’ Qin Long did not object, instead he quickly stopped Lin Hao: ‘Lin Xuan Yuan, since you know my identity, then you should know about the Dragon Sect, right? I sincerely invite you to join the Dragon Sect, as long as your strength breaks through to Grand Master, once you break through to the position of War God under my command, there will be a place for you!’

The corners of Lin Hao’s mouth twitched, he was not rare before, but now he was even more? San Di Zha Shan Lu Lu dye love? Not rare anymore, right?

Looking at Qin Long, Lin Hao waved his hand, ‘Joining the Dragon Sect is not necessary, but I will definitely go to the Dragon Sect.’

Qin Long’s face turned green as he watched Lin Hao turn around and leave, the Dragon Sect, ah, this is the Dragon Sect! He was one of the four guardians and he had personally made a promise, but the other party was so disrespectful, Qin Long shouted angrily, ‘Lin Xuan Yuan, stop right there! Do you know the size of the Dragon Sect in the Chinese martial arts world?’

However, Lin Hao turned around and left without looking back.

Qin Long still wanted to get angry, but he was directly pulled by Yin Nanfeng, whispering beside Qin Long’s ear, ‘Don’t do anything rash, Qin Long Zhen

Guards, forget it, it's not strange that he doesn't see your Dragon Sect, that's Chen Bei Xuan's disciple!

'What!' Qin Long's brain buzzed.

The disciple of Chen Bei Xuan, the divine sword of the capital, no wonder he was so powerful, at such a young age and with such spiritual weapons, no wonder he took out the Dragon Sect to oppress him, Lin Xuan Yuan still didn't give a damn.

Qin Long had no choice but to press to pity.

Qian Xingchen and other clan masters had cloudy faces, if Qin Long had to make Lin Hao the alliance leader, they had absolute certainty that Lin Hao would not be able to do the position comfortably.

But now it became very paradoxical ah, Lin Hao directly asked Yin Nanfeng to become the alliance leader, Qin Long has promised.

Yin Nanfeng was the official representative of the Chinese military, they wanted to let Yin Nanfeng go down, that would not be so simple.

The matter was awkward.

On the ancient cruise ship in the centre of the lake, Lin Yun had returned silently, and in the meantime, Ah Hu had also returned.

‘Lord Mother, all the information is here.’ Ah Hu placed the information in front of Lin Yun: ‘This person is called Lin Xuan Yuan, a character who suddenly appeared, but the information shows that he has some connections with the Huashan Sect, and previously had a deep relationship with Xu Linglong, who came down from that Huashan Sect for training, and Xu Linglong is also the pearl of the Xu family, but was entrusted to Lin Hao’s side.’

‘This Lin Hao is also close to Yin Nanfeng, so I feel that this Lin Xuan Yuan is Lin Hao.’ Ah Hu deduced that there was still a basis for it.

Lin Hao and Lin Xuan Yuan were both close to Yin Nanfeng.

And when Lin Xuan Yuan appeared, Lin Hao was missing, and besides, Yin Nanfeng had dispatched his army to protect the Lin family, which was a bit of a cover-up.

Lin Yun frowned and pondered in his mind: Could it really be related to that old thing in the capital at this point?

‘Alright Ah Hu, go down first, in addition, you must not say a word about today’s incident to the public, understand?’ Lin Yun reminded Ah Hu in a very serious manner.

Ah Hu's body trembled, he knew very well that every time Lin Yun ordered something in such a tone, it was a matter of great importance, the slightest mistake would be a matter of losing one's life.

'Yes, Lord Mother, I understand what to do.' Ah Hu quickly departed.

Lin Yun thought about it and took out her mobile phone to dial a private number.

At this moment, Yin Nanfeng was having a headache, he had wanted Lin Hao to take care of things, but it turned out that things were taken care of, but he was left with a lot of trouble, Yin Nanfeng wanted to curse, he was doing the handover of the alliance.

On the way, he received a personal call from his former chief.

Without thinking, Yin Nanfeng picked up the phone straight away:
'General Lin!'

'Well, it's me. Lin Xuan Yuan is Lin Hao, right? What is his relationship with that old thing in the capital?' Lin Yun asked straight to the point, although she had retired from the military, she was still Yin Nanfeng's officer.

‘Yes sir, they are sort of half master and disciple!’ After saying that Yin Nanfeng remembered something else, ‘Also, I think you should know that Lin Hao has that relationship with the Lin family, right?’

Chapter 1762

‘Got it, hanging up first.’ Lin Yun hung up the phone directly, the message had basically been confirmed, while Lin Yun laughed in anger, ‘Chen Bei Xuan you old thing, you even dare to calculate old me, even calculating on my Lin family and the Lei family! What a good plan!’

‘Don’t be full of shit and throwing dirty water around I tell you, you old woman.’ Chen Bei Xuan’s voice rang out abruptly, and then carrying an ancient sword on his back, the immortal Chen Bei Xuan appeared in Lin Yun’s room.

‘Trespassing in a woman’s boudoir, you old thing is immodest.’ Lin Yun laughed coldly, ‘Say, what the hell is going on?’

‘It’s useless for you to ask me, the Dragon Lord decided it.’ Chen Bei Xuan stretched out his hand very barely, and also picked up the fruit on the table and nibbled on it, ‘Don’t blame me, the old man, his qualifications are just right, besides, this is good for your Lin family, do you really expect that girl Ling’er to be in power? And will Tiger be able to support Ling’er’s little girl?’

‘This is my Lin family’s business, it’s none of your business, old man, get lost.’ Lin Yun fiercely flung his sleeves, and a terrifying forcefulness punched Chen Bei Xuan straight in the face.

Chen Bei Xuan cursed and dodged away quickly, 'A little girl, you don't know how to respect the old and love the young, I don't even care!'

Lin Yun clenched his fist and slammed it on the table in front of him. Erwu closed zero dyed pick closed zero. The table in front of him came apart with a bang, sending wood splinters flying.

Lin Yun's face was even more gloomy: 'Someone!'

'Clan Chief!' Several guards walked in, bowing and saluting Lin Yun, these few people all emitted a hidden and terrifying aura, the weakest of them was also at the middle stage of Grand Master's strength!

Lin Yun had wanted to ask these men to bring Lin Hao and Lei Ling back together, but when he thought of Lei Ling's reaction and happy appearance under the ring just now, Lin Yun was a little bit upset.

After hesitating for half a second, Lin Yun waved his hand helplessly, 'It's alright, you guys can go down first.'

A few guards looked at each other, all very puzzled, but still obediently led the order and retreated.

Bared, bared!

Lei Ling put down the eighteenth empty bowl in his hand, it was not a small bowl!

Lei Ling put the bowl down and looked at Lin Hao somewhat unkindly, 'That, Brother Lin, you eat, don't look at me, it's weirdly embarrassing.'

Lin Hao held his forehead and said helplessly, 'I'm full.'

Looking at the two large bowls in front of him, the other party stacked up eighteen large bowls, this contrast, too prominent, so obvious contrast ah.

'So fast, but

'That, boss two more bowls of fried noodles

The little girl only had food in her eyes, and was so serious and so focused when she ate, trying hard to finish the food in front of her, a total dry rice man, a dedicated dry rice man!

The boss immediately brought up two bowls of fried noodles, while turning around and giving a scissors hand to the boss's wife, who shook her head helplessly, having lost again.

‘Hello, here are your noodles.’ The boss put the noodles down and then quickly ran over, ‘Hey, what’s up granny, I told you this little girl is not easy, she must still be able to eat, you lost, a hundred yuan pocket money, willing to bet and accept defeat.’

‘I can’t afford to lose a hundred dollars? Just a hundred yuan look at you giving pleasure, here you go.’ The boss’s wife rolled her eyes and gave the boss a hundred yuan, the boss hemmed and hawed and rubbed his hands together, excitedly putting the money away carefully.

A hundred pieces of pocket money it was.

‘This little girl is actually so good at eating and so cute.’ The boss’s wife was a little envious: ‘Alas, how good it would be if I could eat so well and not get fat.’

‘Come on, you can grow even if you drink plain water ah, I remembered there is still something going on in the back kitchen.’ The boss noticed that the boss’s wife’s face was gloomy, a premonition of the mother tiger’s fury, so the boss ran away in a huff.

The two couples are quite interesting, opening a small restaurant, content and always happy, the small life is also good.

Super Son-in-law Chapter 1763-1764

Lin Hao naturally overheard the conversation between the two and laughed dumbly.

He was not a strict wife, but rather because he loved the other party, he would allow them to bully him.

‘Eat up, what are you looking at me like that for?’ Lin Hao looked at Lei Ling with some amusement, two bowls of noodles were placed in front of her, but this little girl was a bit embarrassed to eat, her eyes were looking straight at herself.

Lei Ling spat out her tongue in embarrassment, ‘Then, that Brother Lin, I can eat so much, will you be afraid?’

‘Why should I be scared?’ Lin Hao was stunned.

‘Afraid that I’ll eat you poorly.’ Lei Ling said rightfully, ‘My mother has scolded me I don’t know how many times, saying that I definitely won’t be able to get married if I eat so well, and that I’ll have to eat whoever I marry to be poor.’

Hahahaha!

Lin Hao couldn’t hold back his laughter.

‘Then, then I’d better not eat it.’ Seeing Lin Hao laughing like that, Lei Ling was even more embarrassed to eat.

Lin Hao dotingly stroked Lei Ling’s head, ‘Good boy, eat up, you are just growing up, don’t worry, you can’t eat poor brother.’

Looking at the poor child, he probably couldn’t even eat a full meal at home, he was only half full.

‘Brother Lin is the best.’ Lei Ling smiled happily, contentedly eating the noodles, happy as can be.

After the two of them finished eating, Lin Hao settled the bill and stayed temporarily at the B&B in town, he didn’t know where to go for the time being.

‘Brother, aren’t you going home?’ Lei Ling sat on the edge of the bed, wearing a pretty lolita, her little feet wiggling and wiggling in the air.

Lin Hao shook his head, ‘In my current situation, I can’t go back for the time being, lest I cause distress and trouble for my family.’

That’s right, now he was walking around with the identity of Lin Xuan Yuan, and many things might come up one after another, it was quite troublesome to change two identities, and most of all, the mask could only be changed once in half a month, and no one would send him a mask before that time.

It was said that Chen Bei Xuan had asked an expert to make it specially, so apart from Lei Ling, a demon, I'm afraid it would be difficult for other Xuan masters to notice that he was wearing a mask.

‘Alright, I can understand that, then I won't go back first, I'll go wherever brother goes.’ Lei Ling smiled and showed his cute little tiger teeth.

‘Then you call home so that your family doesn't worry, okay?’

‘No need.’ Lei Ling smiled and waved her hand, full of concern, ‘As soon as I go out, my mother's worry is definitely not about me, but about others being hawked by me.’

Lin Hao shook his head helplessly, it was also true that when he came across such a powerful and quirky girl, he was indeed not afraid of people hawking her, it was good that she didn't hawk others.

But Lin Hao still insisted that the little girl should call home to report her safety.

Lei Ling took out her mobile phone and called Lin Yun, and in a short while she got through: ‘Lord mother, my brother asked me to give you a safe report, and then brother said, I won't go back in the next few days, I'm going to play outside for a few days.’

The corner of Lin Hao's mouth twitched, not girl? Intended to close the er wu serve to cover zero steak? , your brother also can not afford you so sold ah?

Lin Yun on the other end of the phone is also a little confused, this dead girl actually still knows to give himself a safe report ah? Although Lin Yun would hardly worry about her being hawked, not to mention that she had secretly sent two experts in addition to dispatching Ah Hu to secretly protect Lei Ling all the time.

It was just that this girl was able to take the initiative to call herself to report her safety, which still made Lin Yun very happy, was it because of that boy?

‘Beep beep beep‘

Lin Yun didn't say anything and hung up the phone straight away.

‘What the hell, hanging up on me straight away. Brother I told you, don't care, my mother hates to see me out in the wild, what's this called Oh, right, out of sight out of mind.‘ Lei Ling disgruntled bristles and grumbles in an old-fashioned way.

Just obviously a childish little girl, the old-fashioned look is really a little too cute.

Lin Hao also wanted to call Shen Xiyan and Lin Qingcheng to report a safe journey, but he didn't expect Shen Xiyan's call to come in first.

Chapter 1764

'Lin Hao, how are you? Are you hurt?' Shen Xiyan's tone was full of worry, she knew that Lin Hao was Lin Xuan Yuan, the matter of the Heavenly Sea Alliance Martial Arts Conference had spread all over the Heavenly Sea, but all the martial artists knew about it.

The news of the Heavenly Sea Alliance Martial Arts Conference had spread all over the Heavenly Sea, and all martial artists knew about it.

'I'm fine, don't worry. However, I won't be able to go back in a short time.' Lin Hao felt a little guilty, while adding, 'You don't need to worry about me, I'm fine. You take care of your health, I'm doing this for the sake of our more peaceful life in the future.'

'Mm, I know, you must be careful.'

Lei Ling, on the other hand, was curious: 'Wow, brother Lin, that nice voice, it's sister-in-law, right?'

'Lin Hao, who's talking? Why is there a woman's voice in your room?' Shen Xiyan's eyelids fluttered wildly, a woman's voice? Why is it so soft and cute? No way, this guy just went out for a trip! He's just gone out, and he's abducted another girl in such a short time?

Lin Hao rubbed his temples and gave the phone directly to Lei Ling, ‘Tell your sister-in-law, your sister-in-law’s name is Shen Xiyan.’

Lei Ling took the phone and shouted in a sweet tone, ‘Hello sister-in-law Xiyan, I’m brother Lin’s younger sister, my name is Lei Ling, I’m seven years old.’

Ugh!

The corners of Shen Xiyan’s mouth twitched, she had thought too much, what could a seven year old girl do, but this guy was really popular with both young and old, was his charm that good? Even little girls can’t resist his charm?

But so cute and sweet, plus this girl is smart and clever, who does not like, in a short time the two talked together.

This conversation lasted for over an hour, and even Lin Hao was dumbfounded. He and Shen Xiyan had never had such a long phone conversation before.

It was only after Lin Hao urged him to do so that the two hung up and went to rest.

In the next few days, Lin Hao took Lei Ling around and didn’t contact anyone else to avoid drawing attention to himself, at most he contacted the Heaven Sent

Justice team and told them to hurry up and sweep up the funds, Lin Hao could feel that he might need a lot of money next.

And directly remove the Clairvoyant and Shun Feng Ears, what he wanted, was to remove these two from the Skyfall Justice Team by contacting them for him on a single line and serving alone.

Although this would cause the Heaven Sent Justice team to suffer some difficulties and troubles, but I believe they would take care of it.

In these few days, Lin Hao could say that he had a relaxed and happy family life, just wandering around with Lei Ling, happy and relaxed.

Especially Lei Ling, the girl, could be so happy, I guess she had never been so happy for such a long time.

But Lin Hao knows that happy days are always short-lived, these days can ? Lu Jie Ai Jie Dye Er Jie ? The company has been followed by many people, Lin Hao does not know what the other party is, did not act rashly in any case what to do, but did raise the vigilance, reduce the contact with Shen Xiyan and others.

As long as news of him was circulating, Shen Xi Yan would be able to know that he was safe and sound.

Happy times were short-lived, and the days lasted only a week, and on the eighth day, Tiger arrived.

Not only did Ah Hu come, but also two old men and four guards!

Lin Hao's face was a little ugly, this was supposed to be the Lei family's people? The strength was all very strong, and the aura of any of them, Lin Hao actually couldn't even see through! 'Ah Hu, why are you here again, what do you mean by that?' Lei Ling looked at Ah Hu very unhappily, looking at the other party's stance, Lei Ling felt like they were going to forcibly take her home, but she didn't want to go back yet, how happy she was here!

Lei Ling's face was ugly, these two old men, the old man in the ink suit, that was the elder of the Lei family, Lei Long, a strong mid Grand Master, the strength of the guard behind him was also early Grand Master.

As for the one next to him, the tall and thin old man in a lab coat with white hair, was Lin Rui, the elder of the Lin family, a late Grand Master!

Super Son-in-law Chapter 1765-1766

Chapter 1765

Both the Lin and Lei families had each come with an elder, and Lei Ling knew that she had to go back.

Ah Hu looked at Lei Ling awkwardly and shook his head helplessly, 'Miss Ling'er, apart from coming to look for you this time, we are mainly here to look for Young Master Xuanyuan.'

‘Looking for my brother? Looking for him for what?’ Lei Ling frowned, looking at Lin Hao in confusion.

Lin Hao was also quite surprised, ‘What are you looking for me for?’

Lin Rui, who was wearing a lab coat and had a rather immortal look, stepped forward, although Lin Hao was a great deal less powerful than him, but Lin Rui still slightly arched his hand, ‘I am Lin Rui, the elder of the Lin family, and this next to me is Lei Long, the elder of the Lei family.’

‘Good day to you.’ Lin Hao also slightly arched his hand as a greeting.

Lin Rui put a box? Shan Zero Flick Aiyi Closed Shan Wu? took it out and opened it up, it was very simple and antique box, empty of anything inside.

Lei Ling’s face began to change as he stared at the box with a deadly gaze.

Lin Hao, on the other hand, was a little confused, what kind of operation was this?

‘Mr. Lin Xuan Yuan, I have something to trouble you with, our Lin family needs to confirm something, so I need a drop of young warrior’s blood in the box, one drop will do, besides you can be completely at ease, I guarantee with the Lin family’s

reputation that this will definitely not harm you in any way.’ Lin Rui looked at Lin Hao seriously, and spoke in a rather polite manner.

Lin Hao thought about it and was a little hesitant, but it was Lei Ling who was the first to speak, ‘Brother Lin it’s fine, just try putting in a drop of blood, it’s something from my grandmother’s family that won’t harm you.’

Hearing that Lei Ling had said so, Lin Hao did not doubt anything, but how did Lin Hao hear Lei Ling’s tone of voice, it seemed to be a bit expectant?

Lin Hao didn’t doubt it, and with a light stroke of his energy on his fingertips, he made a tiny cut, and then put a drop of blood into the brocade box.

The drop of blood fell inside the brocade box without any reaction, Lin Hao still didn’t understand what this was?

Lin Rui and Lei Long stared at the brocade box in front of them with dead eyes, one minute, two minutes five minutes passed with no reaction.

Lin Rui sighed: ‘Excuse me, we are overthinking this.’

However, just as Lin Rui was about to close the brocade box, suddenly, the box trembled violently and emitted a solid golden light with a buzzing sound, while the drop of blood that Lin Hao had dropped in, unexpectedly floated up, also glowing with golden light.

Lin Hao's blood throbbed all over his body, and there was a fierce feeling of blood connection surging through his veins.

'There's a reaction! My, it's golden, it's golden! Hahahaha, the heavens have eyes.' Lin Rui was so excited that an old man froze in tears at the reaction.

Even Lei Long couldn't help but be envious, only Lei Long secretly sighed, the Lin family has a successor, but their Lei family, alas

Lin Hao was still in a daze when Lin Hao suddenly burst into tears and held Lin Hao's hand with incomparable excitement: 'Child, finally found you ah child, so many years of wandering away, it's been hard on you ah, but don't worry, you won't have to be afraid in the future, the Lin family is your strongest backing!'

Lin Hao: ????

What the hell? Are you out of your mind, old man? What kind of weird words are you saying?

Lei Long and Ah Hu were the first to bow their heads and bow their hands, 'Congratulations to young master Xuanyuan for returning to the Lin family and acknowledging his ancestors!'

The two guards behind Lin Yue saluted even more respectfully, 'Congratulations on Young Master's return to the Lin Family!'

'Hehehe, congratulations to cousin Xuanyuan.' Lei Ling was also overjoyed, 'We'll really be a family from now on, it's great, hehehe.'

'What the hell?' Lin Hao was speechless when he came back to his senses, 'What kind of nonsense are you guys talking about?'

Suddenly run out a few experts, then ask you for a drop of blood, then put it in a brocade box, after emitting golden light to tell you that you are the young master of the Lin family

Chapter 1766

This damn, if these guys were not Grand Master experts, otherwise Lin Hao would have thought he had met a pyramid scheme.

Even Lei Ling was up in arms, what cousin ?

Nonsense this is!

‘Don’t be ridiculous, although my surname is also Lin, but I can guarantee that I, Lin Xuanyuan, have nothing to do with this Lin family of yours, I was a child of an ordinary family before I set foot in cultivation.’ Lin Hao’s eyelids jumped wildly, why did Lin Hao feel like this was a pit?

Just what the hell was this bloodline connection feeling? Why did Lin Hao feel that something was indeed not quite right when that drop of blood was glowing with golden light.

Although he didn’t like this old man Lin Rui very much, he couldn’t feel disgusted, and this was the feeling of blood connection?

What a load of crap!

Lin Rui shook his head, ‘You are not ordinary, you are the bloodline of the second young master back then, the second young master had to be heard of after he left home, there has been no news of him since then, Lin Xuan Yuan, you are the only bloodline of the second young master, and the direct bloodline of the Lin family, you must take responsibility, it is the bloodline of the Lin family that is flowing in your body!’

‘Right now, the Lin family is in need of your support!’

Lin Hao bristled and rolled? What are you doing? Calf it up, I don’t believe it.

The name Lin Xuan Yuan has only been in use for less than ten days, okay ?

Lin Hao pulled Lei Ling and was about to leave, ‘Ling’er let’s go, these people are out of their minds.’

‘No, brother Lin.’ Lei Ling anxiously broke away from Lin Hao’s hand: ‘Brother Lin, you are really a direct lineage of the Lin family, this brocade box is not a mistake, only a pure direct lineage would have such a dazzling golden light.’

Lin Hao:

‘Then what Ling’er, your brain is also watted with them piece by piece is it?’

‘You are the seed of the Lin family, ink a fart, did people say wrong, hurry up.’ At the time when Lin Hao thought that this group of people’s brains were all watted, Chen Bei Xuan’s voice suddenly appeared in Lin Hao’s mind, ‘Besides, the Lin family is a very good place to lend a hand, I tell you, these hidden families are much more bullish than those so-called clans, hurry up and acknowledge your ancestors!’

Chen Bei Xuan’s Thousand Mile Sound Condensation Technique ?

Lin Hao really wanted to curse, ‘Old thing, Nong’s brain is also wacked!’

But with so many people saying that he was, Lin Hao himself was beginning to doubt himself a little.

However, Lin Hao really didn't have any feelings for a completely new family, the only feelings he had were probably for Lei Ling's little cousin who he had spent a few days with.

Seeing that Lin Hao didn't believe him, Lei Ling hurriedly pulled Lei Long to take out their Lei family's bloodline brocade box, she got a drop of blood into it and sure enough, it didn't take long for a golden light to glow.

The other Lei family members also dropped their blood in, but the colour varied, some were thick and some were light, but none of them were golden, but of course, Lei Long's blood emitted a golden glow.

Lin Hao believed it!

Only the first bloodline was golden, and the other colours were thick and light to mean the bloodline was close or not, right?

But Lin Hao still wanted to spit, what a way to verify this.

Lin Hao had no feelings for this Lin family and was not wanting to go, but Chen Bei Xuan had even asked for it, so Lin Hao had no choice at all, so he chose to go along and take a trip to the Lin family first to see what was going on.

‘Okay, I’ll trust you guys for now, so where are we going now?’ Lin Hao rubbed his temples, it seemed that he had to change his identity to walk.

No longer Lin Hao of the Tianhai Group, but Lin Xuan Yuan, the young master of the hidden family Lin Clan!

‘Please come back to the clan with us first, you need to acknowledge your ancestors and be made familiar with everything about the clan, including receiving the clan’s Dao heritage.’ Lin Yue spoke sort of politely, while being excited, the Lin family had a descendant.

‘Alright, let’s go then.’ Lin Hao only had to agree to go ahead and take a look, to find out what kind of existence this Lin family, was.

‘Yay, great, great, finally I can be with Brother Lin more often, Brother Lin I’ll go with you.’ Lei Ling was overjoyed, ‘I haven’t been to my grandma’s house for a long time.’

Super Son-in-law Chapter 1767-1768

Chapter 1767

However, just as Lei Ling finished speaking, he was picked up directly by Lei Long with one hand, just like a chicken: ‘No, you must go home first! Before this matter is resolved, you are not allowed to get involved!’

‘Ah, Uncle Long, no, I don’t want to go back, I’ll go wherever Brother Lin goes.’ Lei Ling kept struggling, it was so easy to stay with Lin Hao, how could she let go of this opportunity.

‘Yes, you can, if you go now, you will never see Lin Xuan Yuan again. If you go back with me now, after this incident, I will no longer make any restrictions on where you go.’ Lei Long said indifferently.

When Lei Ling heard this, he surrendered right then and there

Lei Ling had no choice, and after being told so by Lei Long, Lei Ling had to choose to go back to the Lei family first.

Moreover, Lei Ling is so smart, how can she not know what Lei Long means, not allowing her to go to the Lin family now, that is completely to avoid suspicion ah.

This matter is not a joke, now her mother’s identity is very sensitive, has been from Lin? The family married out, but because of the lack of successors, let its acting patriarch position.

Now since the direct bloodline has been recovered, it is naturally impossible to continue to let Lin Yun be this acting clan chief’s.

At the same time, in order to avoid suspicion, Lei Ling would not be involved either.

Ah Hu took Lei Ling and the few people from the Lei family and went back first.

It was left to Lin Rui and the two Lin family guards.

Lin Rui looked at Lin Hao benevolently, stroked Lin Hao's head and said dotingly, 'Son, you've worked hard all these years, let's go, Eldest Uncle will take you home.'

Lin Hao was embarrassed, to be honest, he was really a bit uncomfortable with this.

Especially when a strange old man suddenly spoke to him in the tone of a relative, how did another big uncle pop up for no reason at all?

To be honest, that so-called brocade box to test his bloodline, Lin Hao still remained skeptical now.

'Understood, let's go back then.' Lin Hao couldn't help but say again, 'But can you not treat me like this, I'm not used to it.'

Lin Rui's movements froze violently, then he nodded with a sarcastic smile, 'Alright, I'll try, I know you haven't adapted to it for a while, and having been in exile for so long, it's normal to be a bit unfamiliar with the clan, I don't blame you.'

Lin Hao didn't say anything more.

Soon, the car drove over and headed straight for the airport.

What Lin Hao didn't expect was that this Lin family was actually in Jinling, and was located in the outer ring of the old city.

According to the information Lin Hao knew, not everyone could live here in the outer ring old town, although it was relatively remote and old, and basically there were old compounds all around a large area.

But the people who live here are all rich and famous, and have a certain status to live here.

After Lin Rui told Lin Hao on the way, it dawned on Lin Hao that this area was the territory of the Lin family, what with all the rich and famous and social status, it was all the Lin family.

And there were other hidden families that were also in this nearby generation, but they were all relatively low-profile, and it was impossible for ordinary people to learn about their existence.

Apart from the Lin family, which is a hidden family here, there are also the Lei family and the Xu family next to each other, and they are known as the three great families of Jinling. The martial artist strength of these two families, the Lei family and the Xu family, is also not weak in the slightest to the Lin family, but actually ranked, of the three great families, it is still the Lin family that ranks first.

It's just that since Lin Hao's parents left back then, Lin Rui is not qualified enough to be the patriarch, followed by frequent accidents with his own children, and eventually even his own daughter did not survive, but of course, this accident is very likely to be artificial.

Either he was in an institution, or he served in the military, or he was a martial artist who served as an instructor.

This Lin family has always been in the world, but because of the service for China, it is said to be a hidden family, but it is a bit of a big hidden in the city.

On the way, Lin Hao also basically understood the current situation of the Lin family, the Lin family has a total of more than 300 clansmen, almost all of them are martial artists, the worst of them are also Innate Realm Patriarchs.

Chapter 1768

The strongest strength at the moment was Lin Rui's mother, Lin Hao's grandmother, who was a strong presence at the early stage of Xuan Shi. Of course, Lin Yun was also a Xuan Shi and was even stronger than her mother, only, after all, Lin Yun had married into the Lei family and was no longer considered a member of the Lin family.

The rest were a few elders, all with strength from late Grand Master to peak Grand Master, four in total, and known as the Four Great Vajra of the Lin Family.

Lin Rui told Lin Hao that in the Lin family, if he wanted to sit firmly in this position, he had to pay attention to two people, one was Lin Feng, the side elder, peak Grand Master.

There was also Lin Feng's son, Lin Yao Yan, who was extremely gifted and was already at the early stage of Grand Master before he was thirty years old, ambitious and coveted the position of family head for more than a day or two.

But in a family like this, it is almost impossible for a side line to take up the position of head of the family. Only when the direct line dies out, or when the elders of the side line reach the rank of Xuan Shi, higher than even those of the direct line, will they be eligible.

Otherwise everything is based on bloodline, and the head of a family, over the age of fifty, must at least be at the level of Xuan Shi.

Otherwise this family head is now not Lin Yun acting, but should fall to Lin Rui, still not Lin Rui went up in age, but the strength did not reach.

Lin Hao didn't think much of all this, he had suddenly appeared, even if he had a direct lineage, so what, not to mention the side lineage, it was estimated that those guys in the direct lineage would not be able to obey him.

But it didn't matter if he was convinced or not, if not then he could just fight until he was convinced, it was not a big problem for Lin Hao.

Now with the Xuan Yuan Sword around, he really wasn't too panicked, he was interested in touching even the early Grand Master.

Of course, what Lin Rui meant was for Lin Hao not to be too sharp and wait until all his enemies had ventured out. Although it was now known that Lin Hao was the number one person under the Grand Patriarch, but? Jie Yi Jie Yi Ai Zero Flick? No one knew yet that Lin Hao possessed the ability to challenge beyond his rank, didn't they?

Lin Hao didn't think anything of this.

'Elder Lin Rui.' Lin Hao frowned: 'Let's not talk about the Lei family, there's bound to be a Xuan Master Patriarch, so does the Xu family also have such a powerful existence?'

'Xuan Yuan ah, you still refuse to call me eldest uncle?' Lin Rui was a little sad, but that was all he said, and did not continue to dwell on the issue, nodding his head gently, 'Yes, also a Xuan Master, and above your Aunt Lin Yun in strength, your Aunt Lin Yun is an existence that has reached the middle stage of Xuan Master.'

'Crap!' Lin Hao's eyelids jumped wildly, he finally started to take a serious look at these hidden families, mid Xuan Shi!

It seemed that the hidden families were much stronger than those so-called martial arts clans, and their strength was even higher than Chen Bei Xuan's and Seibe Mad Blade's.

In the past, Lin Hao thought that China was not as strong as the overseas practitioners, the European Vampire Alliance, and the Angel Wings Steel Wings of Rice or whatever.

When he had already stood at the pinnacle of the martial arts and returned after going overseas to fight at the peak of the Grand Master, his strength had been forcibly suppressed and he had taken away the Dao Yin before he suddenly realized that the most awesome figures were still at home!

It was worthy of the 5,000 year old Chinese heritage!

It was just that Lin Rui's claim that the Lin family was the first of the three great hidden families in Jinling was somewhat watery.

Just relying on an early Xuan Shi grandmother to support them, this was obviously not enough, people in the middle Xuan Shi stage were only able to rank second.

Lin Hao had an inexplicable curiosity about the Jinling Xu Family.

‘By the way, the Thunder Family’s inherited dao essence is the power of thunder, so what is our Lin Family’s inherited dao essence?’ Lin Hao was curious, what was the Lin Family’s Dao Inheritance? No, it should be what the Lin Family’s Godly Legacy was.

Lin Rui was speechless, unable to say anything for half a day.

Only after a long time did he say very helplessly, ‘Our Lin family’s Dao Yin is very ruthless and odd, it can be said that it is not a Dao Yin, it is better to say that it is a talent, and I think that you have once used this talent to its fullest extent.’

Super Son-in-law Chapter 1769-1770

Chapter 1769

Lin Hao’s face was full of question marks, what does that mean?

After listening to Lin Rui’s explanation, it dawned on Lin Hao, he meow, maybe he really could be a Lin family member!

The Lin family’s Dao Yin was actually a talent that allowed them to absorb any Dao Yin softly, or rather devour others’ Dao Yin!

As long as it was masterless, it could be devoured for one’s own use, eventually converging into the Violet Qi of Hong Meng, the highest level of the Lin family’s Dao Yin.

Lin Hao fell silent and stopped asking questions, instead falling into contemplation.

Lin Rui also knew that Lin Hao would find it difficult to explain for a while, and did not take the initiative to speak up. ,

It didn't take long for Lin Rui to bring people back to the Lin family compound, the Lin family has a total of ten compounds here, the largest of which is the patriarch and the direct lineage of people who can easily walk around, nowadays, the people who can walk around here is very few.

Lin Rui took Lin Hao directly to the inner parlour at the back of the patriarch's compound, where Lin Rui told Lin Hao to wait here for a while and then went to inform him.

It didn't take long to hear the voices of two women outside the door, one mature and feminine, yet with a murderous majesty, and how did it sound somewhat familiar ?

The other one, as soon as he heard it, was an old man, his voice was a bit hoarse, but Lin Hao could hear that the other woman's tone was full of excitement and happiness.

Soon, Lin Rui and another beautiful woman, supporting an old grandmother wearing a light-colored long coat walked in, the grandmother's face was wrinkled, her hair snow-white, but her face was full of smiles, especially the cloudy eyes were also shining brightly.

Just

Lin Hao saw the beautiful woman holding the old grandmother and his whole body was stunned: no, how, how could it be her?

Lin Yun saw Lin Hao looking at himself dumbfounded, Lin Yun chuckled, actually had a few teasing heart, went up and pinched Lin Hao's cheeks, smilingly said, 'Come nephew Xuan Yuan, call out auntie to listen.'

Lin Hao's face was full of black lines, embarrassed and amused, and he didn't know what to say for a moment.

Instead, his heart set off waves of shock, crap crap crap, no? This is Lin Yun? The acting patriarch of the Lin family, a big brother in the middle stage of Xuan Shi! A big brother who was even more fierce than Chen Bei Xuan! Last time when he was under the ring at the Martial Arts Conference, the other party couldn't have already known about his existence and was specifically coming for him, right?

Seeing that Lin Hao was dazed, Lin Yun knocked Lin Hao's head with some good humour and amusement, 'Auntie is asking you something? Are you stupid?'

'Ahem Hello aunt.' Lin Hao shouted awkwardly, looking at this Lin Yun's appearance, he was only in his thirties ah, a mid-thirtysomething Xuan Shi? How fierce.

At least it was a big brother, so it wasn't a loss to call out an aunt, mainly because Lin Hao had gradually accepted this identity, since he had returned, he had to accept this identity, right?

'Hey, that's right.' Lin Yun was so happy.

Next to her, Lin Rui bristled with displeasure, 'Little sister, it doesn't make sense, how many times have I said along the way for this kid to change his name and call me uncle, but he didn't give a damn, you changed your name as soon as you arrived, it doesn't make sense, at least I'm your big brother!'

'I'm prettier than you!' Lin Yun looked at his big brother with amusement.

Lin Rui was speechless!

'I'm a female!'

Lin Rui? Serve wu xi serve ai chay chay? With a black face!

'I'm better than you.' As Lin Rui's younger sister, zapping her big brother's heart, Lin Yun could say that she was quite skilled at it.

Lin Rui's face was blackened to a pot of ash as he angrily said, 'Little sister, there's no end to it, is there? Don't I want noodles?'

Lin Yun hemmed and hawed and didn't care about Lin Rui's feelings.

'Alright, you guys are almost two hundred years old combined, why are you still tossing words around like children?' Old grandmother Xu Fanghua glared at the two of them without good grace, after all, she was the mother of both of them, and they looked at each other and stopped talking.

Lin Hao, on the other hand, was frozen, 'Almost, almost two hundred years old

'Hey, hey, can't see it, I'm seventy-seven and my brother is one hundred and twenty.' Lin Yun raised an eyebrow towards Lin Hao in amusement.

Ugh!

What the f*ck!

Chapter 1770

However, Lin Hao thought about it, if this Lin Yun was really in his thirties and was in the middle stage of Xuan Shi, then it would be too demonic. If she was seventy-seven, then it would be easier to understand.

Besides, martial artists had a long life span, and the stronger they were, the longer they would be, and the less obvious the traces that age could leave on their faces.

Xu Fang Hua carefully examined Lin Hao, the more she looked at him, the more he looked alike, tears flowed down her face, old tears flowed down her face, she came over and held Lin Hao's hand, and petted Lin Hao's head: 'Son, you have suffered all these years, it's all grandma's fault. Look at you two, the more you look alike, how much you look like Lao Er.'

'Grandma, I'm fine, I'm used to it all.' Lin Hao was embarrassed to be looked at by three old people, knowing that the youngest person here was seventy-seven years old.

This old grandmother, estimated to be even older at least twenty years more than Lin Rui, that was over one hundred and forty ah.

Lin Rui and Lin Yun were clear that their mother was missing her second brother too much, they did not feel much resemblance, if they really said so themselves, there was a little bit of their second brother's shadow.

But if it wasn't for Chen Bei Xuan's reminder, none of them would have known that Lin Hao was a Lin family bloodline, verified by the family brocade box, that was naturally a direct bloodline of their own family.

‘Good boy, good boy, not afraid, my good grandson, it’s good to be home, in this family, who dares to bully you tell grandma, grandma will take it out on you.’ Xu Fanghua was dotting on Lin Hao from the bottom of her bones ah, that kind of undisguised love Lin Hao was clearly felt.

And at this moment, that feeling of blood being thicker than water was really not just words.

At this moment, Lin Hao could truly feel what it meant to say that blood was thicker than water.

‘Good grandson, tell grandma, what is your name? Shan Ai Lu Lu Ai Pao Wu Dye? Name?’ Xu Fanghua pulled Lin Hao to sit beside her, happy as can be, and then asked Lin Hao for his name.

Lin Hao hesitated and finally exhaled a foul breath before finally saying his real name: ‘Grandma, my name is Lin Hao.’

‘Lin Hao, good, that’s a good name.’ Xu Fanghua smiled and praised, as if she had to praise Lin Hao first for whatever he said now.

Lin Yun was quite surprised to hear Lin Hao say his real name, and was equally quite satisfied, happy with this move by Lin Hao, as Lin Hao doing so meant that he was treating them as his own family.

‘Crap! You, you’re Lin Hao?’ However, Lin Rui’s entire body was dumbfounded, but Lin Rui found Lin Yun not surprised at all, and then looked at Lin Yun in shock, ‘Little sister, what the hell, you already knew? Why do I feel not surprised at all?’

Lin Yun rolled her eyes, not bothering to pay attention to him.

‘Xiao Rui! What are you doing? You’re so rude! You’re not afraid to teach my grandchildren bad things.’ Xu Fang Hua was so angry that she slapped the table, her domineering spirit, after all, when Lin Yun didn’t choose to be the acting patriarch, she was the main mother of the Lin family, besides, she was a big brother at the early stage of Xuan Shi!

Lin Hao was also startled, Xu Fang Hua gave Lin Hao the feeling that it was just a kindly old grandmother, but so at once, it was a real overlord, the overbearing aura of a superior who has been in a high position for a long time.

‘Little Hao don’t be afraid, don’t be afraid, grandma didn’t scare you, right? It’s all grandma’s fault, don’t be afraid.’ Xu Fanghua also realised that her action had frightened Lin Hao and hurriedly comforted him.

Lin Hao hurriedly said that he was fine, but also subconsciously shrank his neck, because Lin Hao saw Lin Yun staring at himself with glaring eyes, Lin Rui’s face was green ah.

The two of their own children had never been pampered like this... mama, it’s only Lin Hao’s first day back and they’re out of favour!

‘No mum, I’m a hundred and twenty years old and still little Rui little Rui, I don’t want to shame ah.’ The feeling of losing favor is not pleasant: ‘Besides, I’m here, even if you spoil your grandson again, can you avoid people, I’m your son but you’ve never spoiled me like this.’

‘Spoiled? Grandsons and granddaughters are for spoiling, sons are for practicing sandbagging, intergenerational relatives, understand?’ Xu Fang Hua did not give any face, and it was lucky that Lin Yun had the foresight not to speak up.
