

# Super Son-in-law Chapter 1771-1780

## Chapter 1771

The already dark Lin Rui's face was now even darker, Lin Hao was even more dumbfounded, the old lady was bullish, her son was used to practice sandbagging, her grandchildren were the ones to spoil, that was simply true.

‘And what did you just surprised? Did you pick up Xiao Hao and bring him back, you don't know my grandson's name is Lin Hao?’ Xu Fang Hua frowned at Lin Rui, how to do business with this son? It was too unreliable, definitely not his own.

‘Uh this, I only know that his name is Lin Xuan Yuan now, I don't know that he was called Lin Hao before.’ Lin Rui knew that the old lady had retired from asking questions about the world for decades and was not clear about the outside world, so he then explained to the old lady, ‘But this guy, whether it's Lin Hao or Lin Xuan Yuan's name, it's a big deal in the Chinese martial arts world.’

‘Hmm? My grandson is so powerful?’ Xu Fang Hua got excited.

‘That's right, who in the martial arts world now doesn't know that Lin Xuan Yuan is the number one person under the Grand Master.’ Lin Rui laughed heatedly, then added very badly, ‘Of course, his name Lin Hao is even more famous in the Chinese martial arts world, haha, mentioning Lin Hao is a street rat that everyone shouts at, there isn't a single Chinese martial arts sect in the whole of China that doesn't expect him to hang early.’

This time it was Lin Hao's turn to have a black face, uncle, you don't have to take advantage of people like this!

'What do you mean!' Xu Fanghua's face suddenly turned gloomy.

Then, Lin Rui smoothly told the story of the Tian Hai Union Martial Arts Conference not long ago, without exaggerating or belittling it, but just telling it matter-of-factly.

Xu Fang Hua's eyes lit up with joy and pride, and those who didn't know thought it was the old lady's own glorious deeds.

Of course, the old lady was happy that the only member of the Lin family was so good, and then she asked about the name Lin Hao.

Again, Lin Rui didn't hide anything, telling how Lin Hao had, over the years, with his own hard work, kept getting stronger and stronger, becoming a peak Grand Master level existence, becoming a Chinese Scavenger, and even killing many Grand Masters.

The battle of the high seas, and ran to the European Patriarch to do a fight, and also the fierce man who disliked the Iron Wings of Rice, can be said to be the domestic and foreign stirred up the sky? The world is turned upside down.

But in China, there is no telling how many clans are thinking of getting Lin Hao killed.

After hearing this, the old lady slapped the table with excitement and laughed out loud, she had never seen her so happy in all these years.

‘Hahahaha, worthy of being the seed of my Lin family, well done!’ Xu Fang Hua was so happy, he then took Lin Hao’s hand and said, ‘Xiao Hao, don’t be afraid, what bullshit Chinese clan, it’s nothing! Now that the clan has entered the world, if anyone bullies you, just tell grandma, some day grandma will bring people to trample down their clan!’

Bullying!

What a bully!

Bullying the grandmother’s grandson is fine! I’ll destroy your whole family!

Lin Hao was also deeply shocked by Xu Fanghua’s domineering spirit, and at the same time was quite moved, warm currents surging in his heart.

Whether it was true or not, but the old lady was like this, Lin Hao naturally couldn’t let the other party down and seriously agreed to do so.

However, Xu Fanghua suddenly realised something was wrong!

‘Wait!’ Xu Fanghua frowned, ‘Something’s not right! Little Hao has outstanding talent, he is at the peak of Grand Master in his early twenties, and is definitely expected to impact to become a Xuan Master before he turns forty, but why is he only at the peak of the Zong Master realm now, and doesn’t even have any Dao Yin left!’

Lin Hao shrank back and didn’t say anything.

Lin Rui was embarrassed and wanted to say something, ‘That, Lord Mother, I, I don’t know.’

Lin Yun, on the other hand, was very quick to look up and look around, stating that she didn’t know anything.

‘Two bastards! What’s the use of raising you!’ Xu Fanghua scolded the two without mercy.

The corners of Lin Yun’s mouth twitched fiercely, while Lin Rui’s eyelids fluttered wildly.

The most crucial thing is that after just scolding his pair of sons and daughters with a stern face, he ended up turning his head to look at Lin Hao with a kind and unfailing gaze and smile again, taking Lin Hao's hand and saying softly, 'Little Hao ah, don't panic, grandma will cover you.'

'Tell grandma, what the hell did that son of a bitch do! I don't care how powerful he is, grandma will definitely take this out for you!'

Lin Hao's eyes were twinkling, Lin Rui and Lin Yun kept winking at Lin Hao, looking at this kid, it was definitely not good, they just wanted to remind Lin Hao, don't go too far, be careful.

'Oooh, grandma, my grandson's heart is bitter, that Wang? 意爱零零依爱地陆? He's not a human being!' Lin Hao cried out in grief, 'I did kill many sect masters and grand masters, but those are all scum of the martial arts world, what's wrong with me killing them? But these people are all blaming me, can they do whatever they want just because they are strong?'

'Ouch, don't cry, don't cry, my good grandson don't cry yet, grandma's heart is breaking, quickly tell grandma, who actually did it? Grandma I will destroy his whole family!' Xu Fanghua's heart was breaking as she watched Lin Hao bawling his eyes out ah.

As for the two Lin Rui: pretend, you damn well keep pretending! We'll see how you end up later.

‘Chen Beixuan! That bastard Chen Beixuan, that bastard made the Seibe Mad Blade, destroy my Dao Yin with three slashes, then my strength plummeted from the peak of Grand Master to the peak of Grand Master, and my Dao Yin was gone.’ Lin Hao said aloud, that look of grief and anger was simply absolute.

‘This guy also forced me to help complete his plan as a pawn, and not only that, he forced me to change my name, saying that using the name Lin Hao would bring me danger and that I could only use the name Lin Xuan Yuan to walk the martial world.’

Ha ?

Xu Fang Hua froze, it was that old thing Chen Bei Xuan ?

It was only Xu Fang Hua who froze, it was Chen Bei Xuan all right, but after hearing that Xu Fang Hua knew that his poor grandson had actually been chosen to be the executor of this plan.

Speaking of which, this plan did require someone who could not possess the Dao Yin and was not allowed to inherit it until he was a Xuan Master.

At the same time, even if he did not have the Dao Yin, he had to have the ability to be invincible at the same level, or even to challenge beyond the level. Only then would he be able to act as the executor of the plan.

The plan is that Xu Fang Hua is also involved in it, but she doesn't care about other people's children, she wants him to be the executor.

But it's her own child, her only grandchild, how can she stand it?

The first thing you need to do is to get a good idea of what you are getting into. Grandma is fine, don't take it to heart.'

Bang!

Xu Fanghua slapped the table and shouted angrily, 'Forget it? How can you forget this matter? You can bully anyone! But not my grandson, Xu Fang Hua! Chen Beixuan, that old bastard, and Shen Yidao, that old bastard!'

'Grandson, wait here, if you need anything, go directly to your eldest uncle, if he doesn't agree, I'll come back and tell me, see if I can't beat him to death.' Said Xu Fanghua with a domineering wave of his hand to Lin Yun, 'Yun'er, go, go out with me for a trip!'

'Huh?' Lin Yun was still in a state of confusion, what was she going to do? Her own mother hadn't left the old Lin family residence for decades.

'Ah, what the heck! Hurry up and go!' Xu Fanghua didn't care whether Lin Yun agreed or not, she directly dragged Lin Yun and left.

After they left, Lin Hao was confused: ‘What are you doing with your aunt?’

‘What’s going on? You’re not talking nonsense, naturally, they went to take it out on you.’ Lin Rui rolled his eyes in disgust, ‘You’re the culprit, but now you’re pretending to be confused?’

## Super Son-in-law Chapter 1773-1774

### Chapter 1773

Give yourself the initial stage!

Lin Hao’s eyelids jumped wildly, no way! But don’t go and exterminate Shen Yidao and Chen Beixuan’s whole family, if that’s the case, then it would be a game changer.

‘I can understand why those martial arts sects hate you so much.’ Lin Rui sat across from Lin Hao, crossing his legs and drinking tea with a displeased look on his face: ‘Just your kid’s ability to cause trouble, a perfect ah, only came back less than three hours, and already made a mess, in ten days and half a month, you must have lifted the Lin family out of the sky!’

Lin Hao shrugged his shoulders, he wasn’t that kind of person!

In the next few days, Lin Hao was very well behaved and didn't cause any trouble, he just practiced the Seven Killings Divine Sword Duel in the courtyard, apart from eating, drinking, sleeping and practicing, he didn't cause any trouble either.

This was a relief to Lin Rui. When he saw the Xuan Yuan sword in Lin Hao's hand and practiced the Seven Killing Divine Sword Duel, Lin Rui suddenly began to sympathize with Chen Bei Xuan.

He was so good to this kid, haha, Ma De, but in the end, he let this kid to what kind of pit.

Lin Rui made up his mind to stay away from this kid in the future, as this kid was so favored, if this kid really caught him messing with the old lady one day, he could not afford to do that.

Many members of the Lin family already knew that the Lin family had moved into the main house, but they were not allowed to come to the main house without permission, so there were only servants and guards.

There were naturally many people from the side lines among these guards, and naturally the news was passed on by them, and they also wanted to find out what was going on.

Lin Feng, in particular, came over several times, but was directly pushed back by Lin Rui, the reason being that Lin Hao had not yet truly acknowledged his ancestors and it was inappropriate to meet him, and that no one was allowed to set foot in

the Lin family's main residence without an order from the old lady and the acting family head.

There was nothing Lin Feng could do about this.

During this period, Lin Hao also spoke to Shen Xi Yan on the phone a few times, and Lin Hao did not hide anything, he told Shen Xi Yan everything.

It's just that things are very complicated, and for the time being, he couldn't bring Shen Xi Yan back, not to mention that if Shen Xi Yan came back, it would become a weakness for Lin Hao, after all, the next Lin family won't be so peaceful.

Whether it is a country or a family, whenever there is a change of power, there will be huge chaos, and when one is desperate for power and profit, one can do anything.

Shen Xiyan was happy and told Lin Qingcheng the news, she could understand Lin Hao's idea of not allowing her to go back to the Lin family, besides the Lin family is powerful, Shen Xiyan did not feel anything, but she was still happy for Lin Hao to find his own family.

Lin Hao also did not expect Shen Xi Yan to be so open-minded, and his heart was relieved.

.....

In the main residence of the Lin family, Lin Hao slowly put the Xuan Yuan sword back into its scabbard.

The actual fact is that this is really a good thing. With the assistance of the Xuan Yuan sword, his strength has improved a lot faster, especially when he cultivates the Seven Killing Divine Sword Duel more comfortably.

Now he had mastered the third move of the Seven Killings Divine Sword Duel, the Sword Domain Divine Movement!

After learning this move, Lin Hao found that it was too useful, for a person who was not a great master could not travel through the air for a long time, but now he could travel through the air even if he was at the peak of a master, with the Sword Domain Divine Action!

And this move could construct a sword domain, merging with the sword intent vertical and horizontal, forming a domain-like existence around him, and within the domain, he was almost incomparably powerful!

Lin Hao had been stuck on the third stance for so long and had finally learnt it, Lin Hao's entire being was very happy, hence, he sneaked out through the back door, intending to go out for some air, he had been in this Lin family's main residence for several days.

The old lady and Lin Yun hadn't returned either, so I didn't know what these two had done, and whether they had made too much of a mess, right?

The first thing you need to do is to get to the back door of the main house, where the bamboo forest is covered and the trees are lush? The trees are lush and green. The air is very fresh, and the trees are full of flowers, and it looks like someone is taking care of the pruning, and the flowers are blooming beautifully.

#### Chapter 1774

It was just very strange to Lin Hao that this bamboo forest at the back door was in such a good environment, why was there no insects or birds chirping at all, it was surprisingly quiet, only the rustling sound of the breeze brushing through the leaves.

Something was wrong!

Lin Hao's body jolted, something was wrong!

Lin Hao reacted and almost without thinking, he turned around and ran towards the main residence of the Lin family.

Swoosh!

Two black darts came hurtling towards him with the sound of breaking wind, something was wrong!

Clang!

A brilliant golden light shot out, and a stunning sword swept away!

Almost at the same time as he fled, Lin Hao pulled out his Xuan Yuan Sword like a flowing cloud, he couldn't care less in such a crisis!

A clang? The sword clanged. A piercing sound rang out as two blackened darts landed on the hard green stone slab.

With a poof, the darts actually instantly sank into the slab, which was as fragile as tofu in front of the darts, and at the same time, a puff of black smoke came out.

Lin Hao was terrified, he was so mean, this thing was a treasure, and it was highly poisonous, and his opponent's strength was no worse than his!

Phew, phew, phew!

Lin Hao's Sword Qi Water Break was too late, so he had to use the third move of the Seven Killers Divine Sword Duel, the Sword Domain Divine Movement, to stop the other party's darts from advancing an inch, then Lin Hao followed the force of the impact and quickly entered the main residence.

After entering the main residence, Lin Hao was finally relieved that the feeling of being watched by death had finally disappeared.

The other party was a killer whose strength was stronger than his!

Who was actually making a move on himself? Lin Hao thought to himself, his identity hadn't been revealed that's who!

'Holy shit, Xuan Yuan you kid here? Hurry up and go over to the study in the backyard, your grandmother and your aunt are waiting for you, they're both back.' Lin Rui searched for half a day and couldn't find Lin Hao, he didn't expect this kid to run here?

Then Lin Rui saw Lin Hao's face covered with sweat, his face was ugly: 'Don't you fucking tell me you just went to Huo Huo little girl went and gave you this grandmotherly look of cold!'

'I throw, big uncle have you talk like this? Believe it or not I'll tell grandma!' Lin Hao had a black face, 'What do you mean go hoe little girls, I damn well just got chased and just ran back, you can't see that can you?'

'What! Which bastard dares to commit murder near the Lin family master, looking for death!' Lin Rui was also furious, and then gave Lin Hao a deadly glare, 'I told you not to leave the courtyard but you didn't listen, how dare you run out without permission, don't you know how many people nearby are expecting you to die?'

Lin Hao scratched his head in embarrassment, he knew that some people were eager for him to die, but how could he have expected that these guys did it to such a blatant extent ah.

‘All right, I’ll go check it out, don’t dawdle and hurry up, don’t go late later and the old lady will grab me and scold me alone.’ After saying that Lin Rui cursed and left: old man at least a hundred years old, scold me like scolding a grandson, ah pooh, grandson he can not afford to scold, is to scold the old man into a grandson ah. It didn’t take long for Lin Rui to come back, frowning, with a black face and not speaking.

Lin Hao did not bother to ask, looking at this guy’s appearance, he knew that he must not have found any trace of the killer, for this Lin Hao did not feel the slightest bit strange, what kind of existence is the killer? A single strike would kill and spread far and wide.

This is what professional killers do, and the targets they kill will never give them another chance to kill again.

Lin Hao ignored him and prepared to go back to his courtyard to continue his training, now that he had completed the third stance, the next step was the fourth stance, the fourth stance of the Seven Killers Divine Sword Duel, Splitting Mountains and Crushing Rocks!

Lin Hao was looking forward to it, a sword splitting a mountain, even thinking about it was terrifying, after all, even a great master would not be able to possess such a great power!

I wonder if an immortal like Xuan Zong could reach this level!

## Super Son-in-law Chapter 1775-1776

### Chapter 1775

Lin Hao's goal in this life, that is, the peak of martial arts, only to reach the peak of martial arts, to become the strongest, to be able to protect the people they want to protect!

But Lin Hao has not entered the courtyard, two black shadows from afar galloping, with a powerful pressure rushed over!

The Xu family and the Lei family around the strong people have side eye, the two strong people are stunned, what is the situation? That old thing how to run out!

To Xu Fanghua but decades have not left the Lin family compound ah, to do what the most muddled? Not to mention that with such a piece out of the Lei family and the Lin family two acting family head Lin Yun!

Xu Fanghua and Lin Yun did not have time to pay attention to what they thought, directly landed in the main family compound, Xu Fanghua just returned, happy with the show-off treasure like pulling Lin Hao: 'Good grandson you quickly guess, grandmother brought you what good things, you must be happy to see.'

The old lady is more than a hundred years old, happy like a child, face wrinkles are happy like a blooming flower, see how happy the other side in the end ah.

Lin Hao knows that all this is for their own sake, for their own happiness, people have feelings, Lin Hao even if really strange to this home, but at this moment also feel the rare warmth of affection.

‘Grandma you brought me what good treasure ah? Quickly take out to see ah, I want to now.’ Lin Hao also looked very happy to say, is a little shame, why they are an adult, but have to pretend to be like a few years old child.

But as the saying goes, no matter how successful you are, how old you are, in the eyes of the elders, you are always an overgrown child, look at Lin Rui, who is over 100 years old, not still giving lessons to the old lady as if she were a grandson.

‘Dang Dang Dang, look at ..... you look at this video, this is a gift from grandma to you.’ Xu Fanghua happily handed the phone in her hand to Lin Hao.

Lin Hao’s entire body was stunned, what do you mean?

The video is the old lady’s gift to herself?

Lin Hao secretly thought: No, grandma, you don’t need to reward your grandson with those strange videos, right? Besides, my grandson is not a fan of these video materials, after all, there are many channels for these materials, right?

But in order to live up to the old lady's intention, Lin Hao still put the phone into his pocket silently: 'Thank you, grandma.'

'No, Xiao Hao, you should take a look at it before you say it.' This time it was Xu Fanghua's turn to freeze, she worked so hard to run out for so many days, just for this thing, why feel the fruits of hard work was ignored feeling.

Lin Hao cheeky enough, also can not help the old face a red: 'Now, now look, how bad this ah, or I secretly appreciate?'

Xu Fanghua suddenly realized that the original is trying to secretly appreciate ah, well it is not much.

On the contrary, Lin Yun saw Lin Hao blushing, suddenly reacted and fiercely knocked Lin Hao's head: 'Bastard, what strange things are you thinking! Hurry up and show me! Not those strange videos you're thinking of!'

'No hitting Xiao Hao, Xiao Hao didn't make a mistake!' Seeing Lin Yun hit Lin Hao, the old lady backhanded a chestnut to dump Lin Yun? The old lady's backhand is a violent chestnut flung Lin Yun? The head on the door.

Lin Yun aggrieved to cry, family status-1.

Next to the same disease Lin Rui silently choose to watch.

Lin Hao but even more embarrassed, it turns out that he wanted to poor ah, ha ha, Lin Hao hurriedly took his phone out, and then clicked on the video.

Once the video started, Lin Hao was confused.

In the video, only to see the immortal style of Chen Beixuan ragged clothes, dirty, the most special is that his old face is actually nosebleed, Lin Hao are stunned, almost even he could not recognize it, right!

But Chen Beixuan eyes raging, staring dead at the camera, gritting his teeth, word by word indignantly said: 'Lin Hao! I'm sorry! Old me was wrong!'

'Okay, it's fine if you know you're wrong, but it's hard to say whether my grandson forgives you or not.' Beyond the screen resounded Xu Fanghua's very unhappy voice.

## Chapter 1776

Lin Hao are stunned, and then the back of cold sweat straight up, crap crap crap, not it, grandmother and aunt really ran to help him out ah!

The first thing you need to do is to get a good idea of what you are getting into. The actual fact is that you will be able to get a lot more than just a few of these. The most important thing is that you have to be able to get out of the house, right?

The most let Lin Hao speechless is, this is to their own anger, or to their own to attract enemies?

Originally, he was also upset that the other party did not discuss the abolition of his Daoist heritage and cultivation, but really will be such a great power to beat, then to people do not seek revenge on themselves?

Then came the second video, a white-capped snow-capped peaks above, there is a small thatched hut, this look is the land of the plug, snowflakes have fallen, beautiful, floating down charming.

In front of the thatched roof, a brawny man nearly two meters tall, wearing a bearskin coat is also nose-to-nose look, shouldering a large knife, the knife is ancient and fierce, the blade is engraved with a variety of ancient beasts, even across the screen, you can feel the stern and fierce knife gas!

Needless to say, this person must be the northern wild sword Shen Yidao!

‘Hurry up, what’s so cool at your age, hurry up and apologize to my grandson.’ Xu Fang Hua’s voice sounded, obviously very dissatisfied with the other party posing for half a day but did not speak.

At this moment, the tiger torso of the Northern Wild Blade shook, eyes fierce light. With the rugged face of the Northern Wild Blade, really fierce and horrible!

‘Lin Xuan Yuan! I’m really sorry for you! I should have just stabilized your realm with the last slash, instead of beating you into a wreck with one slash! Remember, I’ll beat you once I see you, you wait!’

Sure enough, Seibe Mad Blade is Seibe Mad Blade, really wild enough to apologize are so threatening mode apology.

Just as he finished, the screen shifted black, it seems that the phone was still on the ground, followed by the miserable screams of the Seibe Mad Knife, as well as the crackling sound of beating people up.

‘Ouch ..... crap, don’t hit the face, lighter, lighter ah .....’

Lin Hao finished watching the video, wiped a handful of cold sweat this just then bright phone back to Xu Fang Hua, bitter smile: ‘Thank you grandmother and aunt to grandson out of anger, grandson simply too happy.’

Xu Fanghua smiled in satisfaction and gently patted Lin Hao’s shoulder: ‘If you are happy, Grandma is happy.’

Lin Yun and Lin Rui hurriedly went to help the old lady go back to rest, not giving Lin Hao a chance at all.

Lin Hao was helpless, the heavens, this is to his little life ah!

The two big brothers of the Xuan Division level have been offended, although Chen Beixuan did not have the Seibei Mad Blade so directly threaten themselves, but to the camera that look let Lin Hao know that the other party may not be impulsive to directly kill the door, but if you walk outside the encounter, you probably can not stay a whole body it.

So melancholy ah.

Sitting in the living room, Lin Hao, rubbing the painful temples, it is really to die.

‘Hey, hey, hey, congratulations to the nephew to get the old lady’s favor, ah, I can envy badly ah, this treatment, who can enjoy ah? Only nephew you are entitled to enjoy ah.’ Lin Rui came back, saw Lin Hao’s melancholy look, could not help but Yin Yang sneer, see Lin Hao’s melancholy look, he can not mention how happy, finished himself could not help but laugh out loud.

‘Sorry, I’m not laughing at you, really, I just remembered something happy.’

Lin Hao rolled his eyes: you are so happy that your wife gave birth to a child?

‘Lin Hao junior student, please give a testimonial, what is it like to offend two Xuan Shi big brothers at the same time?’ Even Lin Yun was very tasty and flirted with Lin Hao.

‘Shut up!’ Lin Hao was furious: ‘If you guys keep flirting with me like that, I’ll go to grandma’s and sue!’

Lin Rui and Lin Yun siblings two face instantly darkened: ‘Lin Hao, you are also an adult, can not move like a little kid, go to the parents to sue?’

## Super Son-in-law Chapter 1777-1778

### Chapter 1777

Lin Hao grinned: ‘Nonsense, I’m still a baby.’

Lin Rui and Lin Yun two black face, directly turn their heads and go: God damn you are still a baby, seen shameless, never seen such shameless.

After they left, Lin Hao continued to go back to the courtyard to practice the Seven Killing Divine Sword, have to hurry to improve the strength of ah, offended two Xuan Shi, have to hurry to enhance the strength, increase the ability to save lives.

A courtyard at the foot of the capital.

Xu Linglong slowly close power, delicate pretty face, a faint pretty red, success, finally succeeded in completing grandfather's instructions!

When we first met, Xu Linglong was only at the early stage of the Grand Master, but at this moment the vast Dao power surging through her body proves that at this moment, Xu Linglong's strength has reached a terrifying level!

'Not bad, it seems that after absorbing my Huashan Sect's Ancestral Divine Residence Dao Yin, your strength has improved by leaps and bounds, plus your talent is outstanding, very good.' Chen Bei Xuan's hoarse voice rang out.

'Master ancestor, you're back.' Xu Linglong was incomparably happy as he turned his head at the sound, only to have Xu Linglong freeze: 'Master ancestor, you, what's wrong with you?'

Xu Linglong was stunned, what is this situation? Master how the nose and face swollen like a pig's head, this is too ugly it!

Of course, Xu Linglong did not dare to say it directly, will be killed.

Hearing Xu Linglong's words, Chen Beixuan's cheeks twitched slightly, but quickly covered it up and casually said, 'No matter, walking accidentally, fell and smashed his face.'

Xu Linglong face a question mark, Xuan master strong man walking can throw smashed face?

Or dog-eared mud posture?

But Xu Linglong did not dare to ask more.

Chen Beixuan looked serious, his tone began to cold: 'Linglong, now I want to arrange a task for you! A mission that must be completed even though it is very dangerous!'

'Yes, Master, please command, Linglong will not hesitate to go through the fire, and will definitely not disgrace the mission!' Xu Linglong's expression was serious, and he stood straight.

After hearing the content of the mission that Chen Beixuan ordered, Xu Linglong was stunned, how could this ..... be possible?

Xu Linglong's beautiful face was as red as a ripe apple, why would the ancestor give her such a humiliating and hated task ah.

'What? You do not want to? I can arrange for someone else if you don't want to!' Chen Bei Xuan's face turned cold.

‘No, no, I am willing.’

Scared Xu Linglong hastily shook his head and hurriedly agreed, just thinking about the content of the task, he blushed and his heart skipped a beat, while sighing: I hope the couple will not beat themselves to death when they know the truth .....

.....

Three days later, the Lin family held a clan banquet, all the clan elders and some of the more important figures, will all be there!

Of course, the Lin family held a clan banquet, the Lei family and the Xu family will also send representatives to congratulate, but also just going through the motions, after all, every hidden family held a clan banquet, there are important things to announce.

This banquet theme core, that is related to Lin Hao, this banquet is Xu Fanghua after careful consideration, and Lin Yun and Lin Rui discussed the results.

This day the main family compound, extraordinarily lively, many unfamiliar faces into the Lin family compound, Lin Hao is basically a person does not know.

But the strength of these people really stunned Lin Hao, this Lin family, there are so many peak Grand Master powerhouses, even many of the younger generation of Grand Masters, both male and female.

Lin Rui was Xu Fanghua in handling things, Lin Yun identity? Covering the service Westwood dye closed? And not suitable to take Lin Hao to identify people, this task is given to Lin Rui.

Lin Rui took Lin Hao to all know these people once, Lin Hao curiously look at them, greeting with them, many are cold response, but more is a cold grunt, not even a bird Lin Hao.

Obviously this suddenly returned to the clan of the first line, so they are very disdainful, especially those of the younger generation of the strong, see a strength weaker than them, or suddenly returned to the first line, so they are very unhappy.

## Chapter 1778

This is obviously increased their competitiveness ah, to know the Lin family's cake and power is only so big, one more competitor, they have less power and the power to share the cake.

Lin Hao helplessly shook his head, this is really nothing to say, the big family internal feud is the most intense ah.

'See that tall guy? That's Lin Yao Yan, reached the early stage of Grand Master at the age of thirty, good talent, at the same time is the son of the Grand Elder of

the side line, Lin Feng, that shadowy old man in the distance see, that's Lin Feng, you have to be careful of these two.' Lin Rui told Lin Hao quietly after he took him to identify the people.

At the same time Lin Rui also explained to Lin Hao, Lin Yao Yan is the one who has a better chance of competing for the position of family head, although it is a side line, but because? Shanzhao Aiyanzhao Shanzhao? The first line is equivalent to a broken back, the side line began to be unsettled.

Lin Hao understood, no wonder when just greeted with the shadowy old man, the other side grunted and ignored himself, as for his son Lin Yao Yan, more nostrils to the sky, sneering at himself: waste.

'The family head has an order, the family banquet officially begins!' One of the elders shouted, and everyone took their seats, yet there were people who were very upset.

Lin Feng, the great elder of the side line, snorted coldly: 'Lin Yu, please speak clearly when you speak! Please add the word agent in front of the family head! Since when is she Lin Yun the family head of our Lin family?'

'That's right, you're going to make such a low-level mistake as Lin Yuyu?'

'Lin Yuyu, did you do that on purpose? What exactly do you mean?'

‘Elder Lin Yuyu, you’re overstepping your authority a bit! This is abandoning the rules established by our Lin family ancestors, is it?’

As soon as Lin Feng opened his mouth, those side elders who were close to Lin Feng, or those from the younger generation, all opened their mouths to reprimand and mock Lin Yuyu for the sickness of his words, while some others were upset that Lin Yun, a woman, was acting as the family manager in charge of their family, and also opened their mouths to reprimand.

Lin Yun face is quite ugly, do not know what to say, the face can not say ugly, this is the family banquet, but also the old lady for the first grandson to build momentum, before the start, these guys began to make trouble?

Lin Rui gritted his teeth, just want to stand out, Lin Yun is standing out coldly to: ‘Acting head of the family is also the head of the family! What do you have to say? I’ve always been the acting family head, since you guys are so upset, then you should try harder to break through the Xuan Master and replace me!’

Lin Hao nodded approvingly, Lin Yun’s words were plain but overbearing, directly disliking those who had opened their mouths to be dumbfounded, coldly grunting to stop.

Lin Yun’s words are interpreted differently: even if I am the acting family head, I am also in charge of your family head, you are not happy to give me to endure, who let you are not breakthrough Xuan Shi waste!

The conflict between the side and the first line of this clan has been laid out in the open, so it is clear how intense the internal conflict is.

Lin Hao's heart was also helpless.

Just at that moment, a rumor of a guest's arrival rang outside the door.

'Elder Lei Long of the Lei Family has arrived!'

'Acting Family Head Lin Yun, on behalf of the Lei Family, I am attending the Lin Family banquet.' Lei Long walked in with a dragon's stride.

Then came the representative of the Xu Family, Xu Sheng, the Grand Elder of the Xu Family, arrived.

'I come on behalf of the Xu family, and to Lin Yun matriarch one person as the acting patriarch of two families this move, incomparable admiration, as a woman, but can command and lead two hidden families, is really powerful, women do not let the woman, so I specially brought a couplet praise Lin Yun family matriarch!' Xu Sheng said incomparably polite, and his face was full of smiles.

Lin Yun frowned, this Xu Sheng is the kind of person she knows best, the other party is so kind? The Xu family is now looking forward to the weakening of the Lin and Lei families!

Although the three families, there are links and involvement with each other, but really involved in the family interests, there is no difference, the fight you or fight you!

For example, Lin Yun, she married to the Lei family, and Xu Fanghua married from the Xu family to the Lin family, the three families have a complicated relationship.

### Chapter 1779

But the Lin family's side line and the first line are on the verge of drying up, let alone across the family!

'Someone, present the couplet!' Xu Sheng didn't care if Lin Yun answered or not, he took it upon himself to have someone bring up the couplet and unfold it!'

'The sky is not born Lin Yun Xu Fang Hua, Lin family Lei family ten thousand years as long as the night!'

See this couplet, whether it is the Lin family or Lei family's representative Lei Long, the face instantly gloomy down!

The biggest point of conflict and displeasure of the two families, is Lin Yun a woman but acting patriarch, before the Lin family is even more because there is Xu Fanghua management, but also a woman!

Within the first line, a man is not qualified to stand out, on who the heart is not happy!

So the contradictions with the side line is close to the edge of the outbreak, this guy so praise Lin Yun and Xu Fanghua, is not the equivalent of directly slapping these people, saying they are waste ?

This is simply a door-to-door provocation ah!

‘I accept the gift of the Xu family, Xu Fanghua! Xu Sheng ah, go back and tell that old thing of the Xu family that this gift is not bad.’ Xu Fang? Dyeing zero intention to dye Wu zero love closed? Hua walked out and said coldly.

‘Good day grandma.’ Many people of the Lin family, have given Xu Fang Hua greeting salute, Xu Fang Hua when the family head is not a short time, the accumulation of authority has been a long time, more control of the Lin family’s lifeline, these people have to be afraid of three points.

‘Lin family grandma said so, our family head will certainly be very happy.’ Xu Sheng replied with a leathery smile.

Xu Fanghua glanced at Lin Yun and went inside without saying anything else, while Lin Yun waved his hand, and the family feast officially began!

The family banquet began, each have settled down, representatives of other families can directly with the main family, that is, the first line to sit at a table, while other side lines, no matter how high status elders, are not possible to sit at a table, the more such families, such rules are more stringent.

‘Little ..... Xuan Yuan ah, come, come sit by my side.’ Xu Fanghua called Xiao Hao used to, almost called his original name, reacted to immediately change his mouth, greeted Lin Hao to sit beside her.

Lin Hao nodded and walked over to sit next to Xu Fanghua, and next to him was Lin Yun. He was sitting in the middle of the two people with the highest status in the Lin family, so how did it feel to be sitting in the main seat?

Lei Long is not surprised by this, but the other Lin family members are green in the face, the expression, as uncomfortable as eating a fly.

Xu Sheng, as if he did not understand what was going on, looked at Lin Hao incomparably surprised and spoke directly: ‘What’s wrong with this young man? You’re not confused, are you, Grandma Lin? How can this outsider sit at this table of the main family? Yet even Elder Lin Feng is not qualified to sit here, he is just a small Tian Hai Martial Dao Alliance’s alliance leader, in the eyes of a family of our level, he is a joke!’

Lin Hao’s brow wrinkled up, his face was hard to see, he could see that this Xu Sheng was not here to eat, he was here to pick a fight.

The most important thing is that the other side provoked plus provoked from the door, did not stop!

Lin Feng also spoke: 'Lin Yun how do you do things? Grandma is old and confused, are you also confused?'

Bang!

Lin Yun slammed the table, the whole room was quiet, Lin Yun coldly snorted: Lin Hao is the first son of the young generation of my Lin family! He is the future heir of the Lin family, what is wrong with him sitting here?

'But you Xu Sheng, an elder of your Xu family, what qualifications do you have to question the affairs of my Lin family? And you, Lin Feng! As an elder of the Lin family, please set your position clearly!' Xu Sheng nodded, 'It's me who crossed the line.'

Xu Sheng no longer spoke, what he should have done was done, the rest was left to the Lin Family gang to play by themselves.

Sure enough, after hearing Lin Yun's words, Lin Feng, instead of being scared, sneered and spoke, 'The first son of the first line? Oh, also really funny, but also the first son of the first line! Is there any proof to prove that he is the firstborn of the first line?'

‘Not a wild child outside? Besides, even if it is, it’s still a waste, just a clan master at the peak of the Innate Realm, what qualifications does he have to call himself the future heir?’

## Chapter 1780

‘And Lin Yun, don’t forget that you’re only the acting patriarch, not the real patriarch, don’t use that name to pressure me!’

As soon as Lin Feng opened his mouth, a whole bunch of Lin family’s powerful people started to help out, accusing Lin Yun, while doubting Lin Hao’s identity.

Lin Hao frowned, seeing just how much pressure Lin Yun had been under all these years, a woman was carrying two clans and a whole bunch of people who were disgusted with her and opposed her.

‘You guys are questioning my status?’ Lin Yun eyebrows lifted, Dan Feng eyes glared around a circle, the majesty of the superiors booming out, like the gods themselves, with that charming look, and imperial and domineering!

Under Lin Yun’s gaze, no one dared to look at it, they shut up and don’t look away from Lin Yun’s gaze.

Yes, they forgot that Lin Yun is not only the acting head of the family, but also a big brother in the middle stage of Xuan Shi!

But they are also incomparably surprised, if it were the usual, Lin Yun would never be so strong ah, she is just a woman.

Only at this moment did they realize that this was a woman, but a woman they could not afford to mess with!

Lin Rui stood up and took out the proof of Lin Hao's direct lineage, and the bloodline box emitted a dazzling golden light, making many clansmen all shut their mouths.

Xu Fang Hua even directly announced that the purpose of today's Lin family banquet: first, to confirm the status of Lin Yun acting family head, second, the establishment of Lin Hao as the young family head, once Lin Yun abdicated, Lin Hao automatically become the Lin family head, and, Lin Hao now instantly, have all the powers of the family head!

The simple understanding is that the management is still Lin Yun management. But if Lin Hao wants to manage, he can manage the Lin family at any time and become the official head of the Lin family!

When these words came out, not only the Lin family was shocked, Xu Sheng and Lei Long were shocked.

No one expected that the Lin family banquet would be to announce this! The old lady is too bold, right? Just now they watched Lin Rui take Lin Hao to identify people, originally only Lin Hao to recognize the ancestors first, who knew that directly

skipped, the establishment of the young family head! And even give the full powers of the family head!

Lei Long's face was weird as he glanced at Lin Yun and Lin Rui, and found that they were very calm when they heard this news, so it was clear that they had discussed it long ago.

Lin Hao wanted to open his mouth to refuse, saying that he does not have the ability to manage the Lin family ah, but was held down by the old lady, did not open to him at all? Zero Shan Shan Shan love Shan steak service? mouth and the opportunity to refuse.

'Oh, old lady, not that I question your authority, I just want to ask you, you are trying to discard all the rules of the ancestors? You are not qualified to do so even if you are a grand grandmother!' Lin Feng stood up and said through clenched teeth, 'I oppose it!'

'I oppose it too!'

'I'm just as opposed!'

'I refuse to recognize Lin Xuanyuan as the young family head!'

.....

There were a total of forty or so people from the Lin family who came to the banquet, and close to thirty people stood up to oppose it, while ten or so others were wavering.

‘First! The identity of his Lin Xuan Yuan is still questionable, even if it is true that the first bloodline, that only allows him to recognize his ancestors! But not qualified to serve as the young family head! Because he is not the son of the family head, but only belongs to the direct lineage!’

‘Second! Lin Xuan Yuan is too weak, not talented, not qualified to become the young family head, this is the rule set by the ancestors!’

Lin family rules, the direct line can become the head of the family, but if the head of the family strength is not Xuan Master level, once the strong side of the family reached the Xuan Master level will directly become the head of the family, to replace him!

In addition, even if the establishment of the young family head rather than the establishment of the family head, the strength must be the strength of the Grand Master, and Lin Hao is not even the Grand Master!

Therefore Lin Feng can directly refute back, can be said to be justified!

Xu Fanghua's face was extremely ugly, she knew that this would definitely be strongly opposed by the crowd, but no one expected that the opposition would be so fierce!

Just when Xu Fanghua and Lin Yun wanted to force everyone down, Lin Hao drained his cup of strong wine, then slowly stood up and looked at Lin Feng with a smile, but did not name him: 'Elders, elders of the Lin family, I know the rules of the Lin family, the direct descendants, not the strongest Grand Master can not be established as the young family head, although I am the peak of the innate realm, but not the Grand Patriarch, is not in line with the rules!'
