

Super Son-in-law Chapter 1861-1870

Chapter 1861

Lin Hao looked at Yun Ruo who was sitting across from him, Lin Hao smiled and inquired, 'Yun Ruo, you have investigated me, right?'

'Well, I investigated, but I know very little, the investigation stopped at the Tianhai Martial Arts Conference, it's like you appeared out of nowhere, there was never such a person as Lin Xuan Yuan before.'

'I never thought there was someone who could suddenly appear out of nowhere for no reason, I probably know who you are, Young Master Lin, based on intelligence combined with some information, because you are representing? 洱染扒侍洱拂依侍? Since there is no place to start from your side, then we can only start from Yin Nanfeng's side.' Yun Ruo did not hide it and spoke directly.

'Young master Lin don't mind, the five great families of Jinling, anyone who comes within my sight, I will investigate clearly, there is no malice, just for the sake of family interests.' Yun Ruo frankly admitted and didn't hide her purpose, which on the contrary, made people unable to feel too much ill will.

At the same time, Lin Hao was also surprised, really worthy of a woman who had become the young master of a hidden family with the identity of an ordinary person, had she already deduced his identity?

‘It’s just how I didn’t expect

‘ Yun Ruo paused with a look of admiration on her face, ‘I didn’t expect Young Lord Lin to be my idol.’

‘Wait a minute? Idol? What do you mean?’ Lei Ling suddenly became alert and stared at Yun Ruo with a very unkind gaze.

‘What are you doing, Ling’er?’ Yun Ruo cried and laughed, ‘I know that brother Lin Hao is already married and the couple is very much in love, I don’t mean anything else, brother Lin Hao is really my idol, I’m just a small fan of hers.’

‘Alright, I’ll give you the benefit of the doubt.’ It was just that Lei Ling didn’t completely let her guard down.

Lin Hao, on the other hand, was a little speechless, ‘Are you sure I’m your idol?’

‘Of course!’ Yun Ruo told Lin Hao that she had actually been concerned about this person Lin Hao for a long time.

At that time, what Lin Hao did, without relying on any, relying on his own efforts, became the scavenger of the martial world that was both feared and resented.

But in Yun Ruo’s view, how could one not envy someone who was so fastidious and righteous, like the ancient chivalrous warriors, the children of the jianghu?

In fact, what she envied even more was Lin Hao's ability to cultivate. She was an ordinary person, but she was born in a place like a hermit family, unable to cultivate, which was almost a fatal flaw, so what could she do, even if she was the daughter of the family head?

Instead of worshipping Lin Hao, or to be a little more precise, envious of Lin Hao, right?

Yun Ruo didn't even hide the slightest bit, and revealed her purpose in full as well.

Whether it was to support the auction and take a stand, or to dislike Xu Buwei, the head of the Xu family today, Yun Ruo was gambling on the lives of the entire Yun family to take a stand.

The Yun family was the only one that did not take a stand when the four clans went head-to-head, but it was clear to everyone that the Yun family had to take a stand, and no one would be able to survive this fight alone.

But the Yun family was at the bottom of the power ranking, and was always late in entering, so if they wanted to enter, then they needed to throw in the towel and had to show more sincerity, and what happened these days was the sincerity that Yun Ruo gave to the Lin family on behalf of the Yun family!

'And why are you so sure of that? To stand with the Lin Family at this time at the expense of offending the Xu Family, if you lose, you'll lose everything.' Lin Hao incomparably admired the other party's courage.

With a unique wisdom and determination, and the ability to do what was determined to be righteous at the critical moment without the slightest fear, even many men were ashamed of themselves in front of Yun Ruo.

‘Is that so? And what if you win? And according to the information I’ve learned, the Lin family has a much better chance of winning.’ Yun Ruo did not think so.

Although Yun Ruo did not elaborate, but Lin Hao also probably knew that the other party must have learned more, Lin Hao did not ask more.

Lin Hao and Yun Ruo had a pleasant conversation, and Yun Ruo was very able to grasp the situation and never did anything that would make Lin Hao or even Lei Ling misunderstand.

Chapter 1862

For the Yun family to enter, Lin Hao felt nothing, more allies more strength.

After Lin Yun’s return, Yun Ruo also paid a special visit to Lin Yun, the two of them chatted for about an hour, Yun Ruo came out to say hello to Lin Hao and left.

The next morning, before Lin Hao woke up, he let this girl Lei Ling drag him up.

‘No, Ling’er you can’t let me sleep in? You’re positive you get up early, that’s your business, don’t hawk me will you?’ Lin Hao was speechless, was it that hard to take a lazy nap?

Lei Ling didn’t say anything, her arms were crossed and her big soft and cute eyes were staring straight at Lin Hao.

This was two minutes, and Lei Ling’s eyes didn’t even blink, making Lin Hao’s scalp tingle.

Lin Hao had no choice but to get up, brush his teeth, change his clothes and come out to find that Lei Ling was waiting for him in the living room, eating breakfast.

Lin Hao didn’t feel good, so he came over and picked up his chopsticks and ate.

‘Brother, let me tell you something, that douchebag Long Kai Tian’s punishment is quite severe, I guess after we left, my mother, Lord, didn’t put much pressure on the Long family.’ Lei Ling’s face was all smiles, it was naturally worth being happy when someone one looked at with displeasure was in trouble.

‘Oh? How was it handled?’

‘Cut off the young master of the dragon family’s position, and expelled from the dragon family, as an example But I feel it, the dragon family is to calm the Lin family’s anger, and the cloud family joined in, they were pressed head, did not dare to act rashly, is

considered to give brother you an account of the look. ‘ Lei Ling naturally knew the truth of it, the so-called punishment of expulsion from the family and cutting off the position of young master was bullshit.

As long as Long Kai Tian his father was the head of the Long family for a day, then he, Long Kai Tian, was still the young master of the Long family, after all, Long Kai Tian’s strength had not been nullified.

To be honest in Lei Ling’s opinion, for this punishment of Long Kai Tian, it would be better to let her beat up Long Kai Tian again.

The matter of the Long Family, Lin Hao naturally understood that this matter was considered to be over.

The Long Family had expelled Long Kai Tian from the Long Family, but it was just a face-saving act, and in the final analysis, Long Kai Tian did not lose anything.

But this is how it is between families, so there is no way to go deeper into this matter, not to mention that the battle between families is like a battle between nations, no one will care about the gain or loss of a battle or a city, what they want is the ultimate victory.

So the Long family took a stand, and the Lin family did not say anything else.

Only the little girl, Lei Ling, was extremely upset.

‘Brother, I think this punishment is really too cheap for this son of a bitch, such a despicable thing can actually be thought of.’ Lei Ling, on the other hand, was extremely dissatisfied, and right at that moment, Lei Ling brightened up and looked at Lin Hao with a smile, ‘Brother, do you want me to take him halfway

Lei Ling made a neck wiping motion towards Lin Hao.

‘Don’t, Ling’er you’d better not don’t mess around.’ Lin Hao felt that there was absolutely no need for this, if he didn’t handle it well, he would instead fall victim to the truth, not to mention that from the beginning to the end, Lin Hao had never seen Long Kai Tian as a rival.

Because, he didn’t deserve it!

.....

The words are divided? The first is that the youngest of the two is the youngest of the two. At both ends, the young master of the Dragon Family, Long Kai Tian, was cut off from the position of young master and was even expelled from the family. In fact, the Dragon Grudge Sky is also afraid that the Lin family is quite unhappy about this, secretly to kill off the Dragon Kai Tian.

After all, the strongest Xuan masters are not the only ones in the country, and the only reason why they were not discovered before was because they were restrained from coming out.

The only thing is that Long Kaitian grew up with his family, with a golden spoon in his mouth, so how could he bear such a huge difference?

What made Long Kaitian doubt his life even more was that there was really no way to compare foreign countries with domestic ones.

In China, there are the constraints of the Dragon Sect and the constraints of the Dragon Master's Code, and the only people who are not constrained are those at the Sovereign level.

Super Son-in-law Chapter 1863-1864

Chapter 1863

But abroad is completely different, large and small corporate groups, forces are basically controlled by these strongmen, even Xuan Shi strongmen have disregarded their status down to control some underground forces, or even some small countries, have completely become the puppets of these strongmen.

The situation is chaotic and complicated, with constant strife, and even an early fight between an underground gang a few days ago in Long Kai Tian involved two early Xuan Shi powerhouses, who fought in front of a large crowd.

That battle was so fierce that the sun and moon had no light, and after the battle, the town they were in was wiped out by the after-effects of their battle, the might of Xuan Shi was as terrifying as that!

It was only at this moment that Long Kai Tian realized with dismay how good China was. If China had not been able to do this and had allowed these martial arts powerhouses to act in such a manner, I am afraid that things would have become unmanageable and chaotic.

At the same time, it also made Long Kai Tian feel desperate. Originally, he had reached the middle stage of Grand Master at such a young age, even if he did not have the support of the Long family, what if he was stranded abroad? He could still get along, and even Long Kai Tian wanted to build a huge power overseas and kill back again, by then Goddess Xu Linglong would surely treat him differently, right?

Unfortunately, the ideal is very rich, but the reality is very sluggish.

Long Kai Tian had seen with his own eyes that people overseas, when they knew his realm of strength, did not even care for him as an ordinary person.

The news that he wanted to set up a gang was even passed on, and it was only half a day before the local forces came to his door and Long Kaitian was beaten up furiously before he came to his senses.

No wonder even ordinary people dared to treat him with disdain! Even a small head of the local forces was stronger than him, how could he still want to establish a force at this level? Others could eat him down to the last scrap of bone!

In half a month's time, Long Kai Tian had experienced all sorts of things in life. He had worked as a boy, a gangster, and even begged for money when he was desperate.

Today? The young master of the Long family is in such a sorry state. The young man's eyes lost their sparkle and his face was full of fatigue.

'You are Long Kai Tian?' Just as Long Kai Tian was about to go to work, an alluring and feminine woman stood in front of Long Kai Tian and communicated with him in fluent and smooth Chinese.

Long Kai Tian looked up numbly at the sound of the voice, and when he gazed at the woman in front of him, his whole body was stunned, his numb face had changed, and even his eyes showed some lustre in them.

Seeing this woman really made Long Kai Tian astonished.

This woman was enchanting and feminine, with the body of a devil, yet she had the face of an angel, pure and divine, so that one could not afford any blasphemy.

Long Kai Tian hurriedly lowered his head, avoiding the other party's gaze, not daring to look directly at it, and said in a hoarse voice: 'I am

If it were any other day, Long Kai Tian would not be so, such a beauty, must make it his woman ah!

But this half month's experience has made Long Kai Tian understand that without strength overseas, he is a waste, sometimes living is worse than an ordinary person!

Yes, he, Long Kai Tian, could not even bully an ordinary person, because the forces here are so intricate that you simply do not know if there is a backer behind this ordinary person, or even a beggar.

He was so hungry one day that he robbed a beggar to buy food, only to have the beggar's backer come out and beat him up for three days.

He also received a beating for taking one more look at a beautiful woman. Since then, he has understood that even if he is a great master, without a backer, he is no better than a dog in this life!

The woman in front of him was so enchanting and feminine that she was astonishingly beautiful, who knew which big brother's woman she was, and who knew what would happen to him if he took one more look?

'It's not a good time, is it? Once a young family head with a respectable status who called out to everyone, who went out to the front and back, but now? Living is still worse than a dog.' The enchanting woman's voice slowly rang out, like a decadent sound, making it irresistible.

Chapter 1864

And like the whispers of the gods, compelling the mind to be dazzled.

‘Who are you? Are you here to see me laugh? I’m not as good as a dog, so what!’ Long Kaitian laughed sadly and miserably, but his numb face was as hideous as it could be, and his godless eyes were covered with hatred.

‘I was the pride of heaven, but I was expelled from my family and became a dog of death, and my beloved goddess, even though she was abandoned by her enemies, never gave you a second glance.’

‘Are you willing?’

‘Does your heart ache?’

‘Do you want to take revenge?’

‘Do you want to ruin everything for your enemy so that the goddess will return to you willingly?’

Yivu Yizhav Erzha Zero? Every word of Avril’s words boomed in Long Kai Tian’s mind like from a yellow bell, every word piercing deeply through his defences, completely breaking down the psychological defences and causing him to collapse beyond measure.

‘So what if you’re not happy! So what if I am heartbroken! I’m nothing but a bereaved dog now, a bereaved dog! So much so that I am worse than a dog!’ Long Kai Tian roared with his eyes bared, his eyes covered in blood, and his lips even made him bite out blood.

Can unwillingness change everything ?

Can heartache be replaced by the woman he loves ?

Neither!

This half month of time, suffered from society countless beatings of the dragon Kai Tian, finally recognized the reality, the earth is not worth ah

‘What if I could let you take it all back ? I can give you everything you want, and you, to be my slave forever, even so, you are still under one person, above all others, you will serve, is proud to stand between this heaven and earth, you will be willing to come with me ?’
When Ai Weier saw Long Kai Tian like this, a flirtatious smile appeared on her holy face.

The reason why Ai Weier did not appear when Long Kai Tian had just been expelled from the clan, but waited until after Long Kai Tian had been severely beaten by society to realise the reality, was because this was the most appropriate time.

When a person standing on top of a high mountain really falls to the bottom, after suffering inhuman torture in a dark abyss, as soon as a ray of light falls, he will be worshipped as a holy light.

Long Kai Tian was stunned, looking incredulously at the woman in front of him, only, after one look he immediately withdrew his gaze, his voice hoarse and emotionally downcast: 'And who am I to believe you, if you have the power to achieve me, why don't you do it yourself.'

'But I still want to let go! There is nothing left for me not to lose, and if you can get me revenge, I am your dog! A dog that bites!' Long Kai Tian gritted his teeth and willingly knelt down in front of Ai Weier and kowtowed heavily, 'Master is above, please accept my obeisance!'

'Oh, you will not regret the decision you have made today.' Avril smiled faintly and waved her hand, and a holy light enveloped Long Kai Tian.

The heaven and earth around him began to change, as if the stars were shifting, and the scene kept changing, while the injuries on Long Kai Tian's body began to recover at a speed visible to the naked eye.

A few days later, Long Kai Tian opened his eyes, but to his horror, he found himself on a lonely island of blazing flames, which stretched for tens of miles, this, this situation, was like the Flaming Mountain in the Journey to the West, and Long Kai Tian was in it.

The terrifyingly hot flames, the terrifyingly high temperature, seemed to be able to instantly turn him away.

At this moment, Long Kai Tian was shocked to discover that his strength had been terribly increased!

At that moment, a six-manifold star formation emitted a holy white glow and slowly lit up beneath Long Kai Tian's feet, while a divine light descended from the sky.

What shocked Long Kaitian the most was that Avril had six wings on her back, just like an angel descending! Avril, with a face full of holy light, spoke slowly, like a god whispering, like an immortal's decree: 'I am the bilocation of the Lord of the Angelic Church, and I am also the world walker of the Lord of Angels. I am one of the five strongest people in the world today, but I am constrained by each other, so there are things I cannot do personally, and you will be my world walker, doing for me what I cannot do.'

Super Son-in-law Chapter 1865-1866

Chapter 1865

'Yes! Long Kai Tian respectfully obeys his master's order!' A huge wave rose in Long Kai Tian's heart, and he bowed to the ground in obedience.

Did angels really exist in this world?

This is the Lord of Angels!

The only thing that motivated Long Kai Tian to live was the endless hatred in his heart, when Avril appeared, Long Kai Tian originally? The only thing that motivates him is the endless hatred in his heart. But he had no choice. Avril was like the last straw in his life.

Now that Avril has revealed her true form, it is like a faint light of hope has been shone in the darkness of Long Kaitian's heart.

‘This is the Flame Island, my personal territory, you can practice here without fear until you think the time is right to leave and do what you want to do. Avril did not say too many words, after saying this, the six wings on her back trembled gently, Avril turned into a holy divine light and rose into the sky, disappearing in front of Long Kai Tian in an instant.

It was also at this moment that the angelic gods of the churches to which all the Western angelic lords belonged manifested themselves and sent down a decree: ‘The man who walks in the world of the Lord of God has been determined, see him as you see the Lord of God!’

Subsequently, the image of Long Kai Tian also slowly appeared in the mind of every Angelic Lords’ believer, and countless churches were filled with Angelic Lords’ believers, all of whom fell to their knees as if they were kneeling in devotion to the Godhead.

Naturally, the actions of the Angelic Hosts could not be concealed from the other four.

The Western Papacy, the Holy Father, the Bishop of God, sat in the middle of the gilded church and roared in anger: ‘Damned bitch! Avril is just a former servant of the Lord of God, and she has set herself up to divide the Church! How dare you try to take over this? You want to die!’

Soviet!

The roar of the God of War resounded in all the shrines of the War Bears: ‘The Bears will never be slaves! The Fighting Clan will never submit! The Angelic Order will never be allowed to rise!’

As for China it was much quieter.

In the centre of the West Lake, a flat boat was flowing with the waves in the centre of the lake. On top of the boat, there were two old men with white hair and pale hair, dressed in rough linen, one carrying a sword on his back, like a wanderer in the jungle, a man who is quick to revenge.

At this moment, they are sitting opposite each other, one looking at the chessboard in front of him with a bland smile, while the old man on the opposite side is staring at the chessboard with a sad frown, thinking hard.

These two are none other than Chen Beixuan and Lin Cangdou, who are on a par with the Soviet God of War, the Pope of God’s Bishops and Avril of the Angels.

At this moment, who else could it be but Lin Cangdou, who is smiling indifferently? It seems that in terms of chess skills, Lin Cangdou is even better.

‘Forget it, no more, no more, it’s meaningless. Brother, it’s been so many years, don’t you know how to let me play?’ Chen Bei Xuan was speechless and directly turned the chessboard over in front of him.

‘Senior brother, you’re still as impatient as you were back then.’ Lin Cangdou laughed, ‘How far has it gone, and you can’t hold back?’

‘I’m not as calm as you are, if it were me back then, I would have flattened the church of the Angelic Church with my sword!’ Chen Beixuan waved his hand angrily, the divine sword behind Chen Beixuan’s back buzzed and blossomed with a faint light, apparently even Chen Beixuan’s saber agreed with Chen Beixuan’s proposal.

When had Chen Beixuan, who was once so proud that the gates of heaven could be opened, ever suffered such stifling?

The two were playing Go, but with heaven and earth as the board and all living creatures as the pawns.

While they seem to be talking about the pieces, they are discussing the disturbances caused by the Angel Sect earlier.

At their level, the so-called world walker was just a wisp of their own body, but the Angelic Church had created a person to be the world walker, and the person they had chosen was even Long Kai Tian.

Lin Cang Dou listened to Chen Bei Xuan’s words, tilted his head and sighed, looking up at the sky above, ‘Ai, the paths are different, we see the endless star sea, while what they see, is only that mu of land in front of them, ah.’

‘Nonsense, this heaven and earth is our root, without controlling this aspect of heaven and earth, we are rootless water and rootless wood.’ Chen Bei Xuan was furious, giving up this aspect of the heaven and earth in front of him, that was like drinking hemlock to quench his thirst.

Chapter 1866

‘Haha, you and see, don’t you understand by now? This heaven and earth has never belonged to individuals, it belongs to all.’ Lin Cang Dou’s figure slowly dissipated, while Lin Cang Dou’s voice slowly came from afar again, indistinct: ‘Times change, and the people of the Heavenly Kingdom die one batch after another, but what have we changed? The world, it still belongs to the people of the world.’

‘Alas.’ Chen Bei Xuan was silent for a long time, shaking his head and sighing softly, the divine sword behind him seemed to be able to share Chen Bei Xuan’s beliefs.

With a light buzzing sound, the divine sword was sheathed, emitting a faint glow suspended at Chen Bei Xuan’s feet, Chen Bei Xuan gently stepped onto the divine sword, rushing up into the sky, and went away with the sword!

.....

The two sides of the story, Lin Hao these days, in the Lin family live is also free and comfortable. Those families also did not come to make things difficult for Lin Hao and the Lin family. Xu Linglong came to say goodbye to Lin Hao the day before yesterday and continued to carry out Lin Hao’s orders to protect the Heaven Sent Justice team and continue to sweep the stock market in an international frenzy, raking in money.

The funds were then continuously injected into the charity foundation set up by the Tianhai Group, and supplies were continuously delivered to the affected areas.

Coupled with the strong support from the top of China, the army was all dispatched, and the disaster brought about by this shocking turn of events began to gradually ease, and daily order slowly began to be restored within China.

But the southerners suddenly had to live in the snow and ice, which was very uncomfortable, just like a person from Guangdong who suddenly went to live in Heilongjiang. The worst part is that there is no heating, so that's bad, right? The most important thing is that there is no heating.

But the good thing is that China has taken the right steps, the heating equipment that originally belonged to the north is constantly being delivered towards the south, and with the continuous delivery of supplies, the situation has gradually started to develop in a good direction, and the resumption of work and production is slowly recovering.

It is also finally a reprieve.

Compared to foreign countries, China is a very happy place to live, and there is unprecedented solidarity between the whole of China.

At that moment, every Chinese was proud and raised their chests, especially the Chinese abroad, who were truly proud to be Chinese.

In this life, I have no regrets about entering China, and in the next life, I will be a flower grower!

These days, Lin Hao is not only busy with the disaster relief, but also has to help Xu Kai, the supervisor, with the tricky matters of the Dragon Sect. After all, now that the disaster has eased, the minds of the ordinary people are slowly starting to calm down, but the hearts of the strongest martial artists have not calmed down, but are becoming more and more restless, and the fighting never stops in Jinling City.

The Lin family, inside Lin Hao's courtyard.

Lin Hao was in the pavilion reading the statements that Shen Xiyan had sent him, these were the detailed expenditures of the Lin Family Charity Foundation during this week.

Lin Hao can finally breathe a sigh of relief, during this period of time, the initiatives of the Tianhai Group, nearly bankrupt the Tianhai Group, the staff's salaries can all be lost money.

If it wasn't for the fact that the Tianhai Group was almost desperate to provide relief to the victims, it is estimated that these employees would have quit long ago.

Even though the Heaven Sent Justice team has been giving the group a steady stream of blood transfusion, it is still a drop in the bucket, but no matter what, it has finally come through.

As the disaster eased and the funds from the Heaven Sent Justice team continued to be injected into the Tianhai Group, the hurdle was finally overcome and the staff of the Tianhai Group were paid.

‘Finally, the clouds have set the sun shining and the rain has cleared.’ When Lin Hao saw this news, a smile finally appeared on his face, this time, the fame of the Tianhai Group could be said to be red and embraced by the people.

Although the Tianhai Group was almost on the verge of bankruptcy now, but as long as they got through, with this accumulated fame, the Tianhai Group could definitely go to the next level.

‘Brother, you’re here?’ Lei Ling pushed the door in from outside the courtyard and when she saw that Lin Hao actually had a smile on his face, the little girl was finally relieved: ‘Brother, what’s so happy? You’re actually smiling, I haven’t seen you smile for so many days.’

Super Son-in-law Chapter 1867-1868

Chapter 1867

‘It’s definitely a good thing, Ling’er what did you come to see me about?’ Lin Hao dotingly rubbed Lei Ling’s little head.

Just then!

Lin Hao’s body trembled as a divine light descended from the sky and enveloped the entire courtyard where Lin Hao was!

‘Lin Hao, listen to the order! From now on, you will be the world walker of me, Chen Bei Xuan, and Lin Cang Dao! Your name is Lin Hao! No. Xuan Yuan!’

‘The Dragon Lord’s Decree is for your use! You shall act as a saint in the body of a mortal and do what you should do. From now on, your every action and word will no longer represent yourself, but the two of us!’

Chen Bei Xuan’s voice dissipated, and the terrifying pressure that enveloped the courtyard likewise quietly dissipated.

Lin Hao had a black face, ‘So you’re asking me to be a hard worker? It’s still free hard labour!’

Such a big brother’s world walk sounded awesome and cowardly, but Lin Hao was not interested, instead he felt that it was unappealing!

Especially Chen Bei Xuan’s words, ‘How easy it is to do the work of a saint in a mortal’s body!’

‘Forget about him.’ Lin Hao didn’t care about it, and he didn’t know what those old things were plotting again.

Lin Hao waved his hand and ignored Chen Bei Xuan’s order just now, instead he looked at Lei Ling, ‘Ling’er, what did you just find me to say?’

‘Brother, it’s like this, my Lord Mother and Grandmother want the Lin family to merge with the Tian Hai Group, and now, I think brother, I can tell the entire martial arts community that you are Lin Hao!’

‘By the way brother, there is one more thing, that is, your identity has been made public in the martial dao world. The Dragon Lord got the order sage decree and has made your information public.’ Lei Ling thought of something and added, her pretty face filled with worry.

This was a complete rush of ducks.

Lin Hao’s brows were furrowed and his face was even more extremely ugly...
Sure enough, sure enough!

The Age of Saints had not passed originally, Chen Bei Xuan, Lin Cang Dao, were the Saints that had survived from the Mofa Era to this day.

‘Hahahahahaha!’ Lin Hao laughed upwards, ridiculous, ridiculous to the extreme.

Saints were cold and heartless, even if Lin Cangdou had once been a Lin family member, how long had passed, and how could he care about the Lin family.

He was nothing more than a pawn.

The five people he saw that day, were they really for the sake of the world, the common people? No, he? I'm sorry, but I don't think so. They were only doing it for their own qi!

The Battle of the Gods is a battle between the disciples of the saints, using it as a pretext to seize their fortunes.

The water can carry the boat as well as overturn it, but what if the water is controlled by these people at will?

I am afraid that if they cannot afford the calamity, they will not dare to make a move easily, so the calamity is their chance and also the reason.

After the Three Tibetans' journey to the west and the spread of Buddhism to the east, the Buddhist sect flourished, but in fact all the participants, everyone, benefited.

But it was only the pawns who were sacrificed.

'What a preemptive strike.' Lin Hao revealed a cold smile.

Lei Ling was frightened enough by this appearance of Lin Hao, looking at him worried and very scared: 'Brother, you, what's wrong with you? Don't be like this, you're a bit scary, I'm, I'm scared.'

‘Silly girl, what are you afraid of brother for? Could it be that brother will still harm you?’ Lin Hao doted on Lei Ling in his arms, ‘Let’s go, let’s go meet grandma and aunt.’

The Lin family’s first family meeting room!

Lin Rui, Lin Yun, and Xu Fang Hua all three of the Lin family’s direct lineage were here, and not only that, there was also that Xuan Master level elder from the Lei family.

‘Little Hao is here, come on, come and sit down.’ When Xu Fang Hua saw Lin Hao coming, he came over with a doting face and took Lin Hao’s hand, his face full of kindness: ‘Little Hao, you haven’t had a good rest these days, have you? Look at your dark circles under your eyes, and how come you’ve lost weight again?’

‘Grandma, I’m fine, I’m in good spirits, I feel like I’ve gained weight, okay?’ Lin Hao was helpless, how could he have lost weight, he was getting fat, right?

‘Fat, my ass, look at you, you’re so skinny, why don’t you eat more and take care of your rest, you don’t even listen to your grandmother, do you?’ Xu Fanghua was so angry that she grabbed Lin Hao’s ears and said in an exasperated voice.

Chapter 1868

‘Ouch, it hurts, it hurts, it hurts, grandma, grandma, let go, my grandson is wrong, okay?’ Lin Hao wailed, looking miserable, but in reality, his heart was warm, this is what home feels like, isn’t it?

‘Hmph, that’s more like it.’ Xu Fanghua let go of her hand, then looked at Lin Hao: ‘Little Hao, the Dragon Lord has made it known to the world, you know about this matter too, right?’

‘The Dragon Lord has made it known to the world that you walk the world for Chen Bei Xuan, Sage Lin Cang Dao, and your information has been made public, so it’s time for my grandson-in-law to go home, right?’ Xu Fang? Italian Ai Ai Ai Yi Zha Er dye the ground? Hua looked at Lin Hao seriously, Xu Fang Hua knew all about Lin Hao, but Lin Hao did not say, Xu Fang Hua also did not ask just.

But how can Xu Fang Hua stand the thought of her own grandson in law and great grandson being out in the open?

Now that the identity had been made public, there was no point in hiding it, so Xu Fang Hua was desperate to find Lin Hao and bring Shen Xiyan and Lin Qingcheng back to the Lin family.

‘Grandma, it’s not the right time yet.’ Lin Hao wanted to say yes, but in the end he shook his head and refused, yes, it wasn’t time yet.

‘Not yet the time? What do you mean it’s not time yet, what exactly do you mean by that?’ Xu Fanghua was furious, now that her identity had been exposed, it was dangerous to be stranded instead, okay? In the Lin family at least they could still be protected, this time is not the time, then when is the time?

‘Grandma, it’s really not the right time, please understand my grandson’s bitterness.’ Lin Hao knelt down on one knee in front of Xu Fanghua, ‘In addition, grandchildren have a request, grandchildren want to remove one word from the title of Young Family Head, please also grant it to grandmother.’

At Lin Hao’s words, everyone present froze.

Lin Rui frowned and shouted angrily, ‘Lin Hao! What’s wrong with you brat? Do you know what you’re talking about? You want to be the Lin family’s head, if you were given the job, could you do it? Can you hold down those side lines of the Lin family? Will they obey you?’

There were no fools in the room, they understood very well, what was Lin Hao up to? Lin Hao was going to become the Lin family head!

‘Why can’t you be? If there are any objections, all of them will be expelled from the clan!’ Lin Hao said coldly, a great majesty and domineering aura emerging from his body, and his face was full of determination!

The people present looked at each other, not knowing what to say for a moment.

‘It’s alright grandma, and all the seniors, you can think about it, but once I become the head of the family, anyone in the Lin family, and I mean any, must follow my orders, otherwise, all of them will be expelled from the family!’ After saying that, Lin Hao didn’t stay much longer and directly turned around and left.

‘I hope I bet right, and I also hope that everything I guessed, is true.’ With a heavy face, Lin Hao returned to his courtyard and casually locked the courtyard door behind him, everyone was expelled, not even the Thunder Spirits were allowed to come near.

‘Chen Bei Xuan! Lin Cang Dou you two bastards, get out of here!’ Lin Hao looked up to the sky and roared in anger.

He believed that these two people could definitely hear him!

For such people of unparalleled strength, how could they not hear his angry curses!

Moreover, Lin Hao’s voice carried an endless amount of powerful qi, and the three clansmen gathered around here could hear Lin Hao’s angry shout clearly.

When the people of the Lei and Lin families heard this angry shout, they were scared half to death.

Is he able to call these two people by their names? And he was going to kill them!

Destroying them was just a matter of a word from the other side!

This guy, who should not mess with anyone but the one who cannot be messed with, and not just one, but two at once, it was only a matter of time before the Lin family would be destroyed.

However, after Lin Hao finished shouting, there was no movement for half a day.

Lin Hao frowned and cursed again, 'What? So what if you're a saint? Get down here and say something! How long are you going to keep this scam going? In fact, from ancient times to the present, the age of magic has actually been at all.'

Super Son-in-law Chapter 1869-1870

Chapter 1869

Buzz!

A stunning sword Qi descended from the sky and landed viciously in front of Lin Hao.

Boom!

The terrifying sword qi escaped and spread out, Lin Hao's body strength was already terrifying, yet he was still lifted out by the sword qi and fell to the ground spitting out blood, so it was clear how terrifying this sword qi really was!

Immediately afterwards, Chen Bei Xuan's angry shout rang out.

‘Shut up!’

‘You’re looking for death!’

Chen Bei Xuan’s doppelganger slowly appeared in front of Lin Hao, carrying the divine sword, standing with his hands on his back, his gaze cold and stern as he stared at Lin Hao, only Chen Bei Xuan’s face was rather complicated and hard to say.

Beside Chen Bei Xuan, another figure slowly appeared, none other than Lin Cang Dao.

‘Being told by me that you are vain at heart?’ Lin Hao wiped away the blood from the corner of his mouth, he had to do this for the sake of his loved one’s chance of survival, thus, he chose to show his hand with a saint, a hard steel saint!

‘The Flood Era, the Mythological Era, the Art Era, has continued to this day, there has never been any change in the press, this era has never ended! You are the people of the Art Age, and the payload of the previous two ages!’

‘The so-called Ending Era, you have merely destroyed all the arts, but left behind the origin of the arts!’

‘The so-called God’s Residence, the Dao Yin, is actually nothing more than the original source of the arts, yet you disguised it as the High Martial Age, but in reality it is still the Age of the Arts, the Dao Yin is the arts themselves, and the true High Martial Age has not actually descended!’

‘In fact, every time the world is affected by a quantum calamity, the stronger you are the more you are affected, this is not a quantum calamity for the world, but for you sages! You are using the world’s living beings as pawns to defuse the quantum tribulation for you.’

Lin Hao finished, staring deadly at both Chen Bei Xuan and Lin Cang Dao, who, including all martial powerhouses, were merely their pawns, the Age of High Martial Arts, had not yet come, and they had all been deceived.

‘Saints are merciless and cut off dust bonds, in your eyes, I am nothing more than an object to be used, a pawn to be discarded at any time, right, Lin Cangdou, did I say yes? Including your descendants, the Lin family! In your eyes, they can also be sacrificed at any time when necessary, can’t they?’ Lin Hao was filled with mockery.

Yes, how long have saints survived? Relatives basically wouldn’t have any connection three generations apart, let alone an unknown number of generations apart, and even if there really was his bloodline, I’m afraid that in his eyes, it would be nothing more than a passerby.

Lin Hao is gambling, including hard steel saints, he is gambling that he is in this plan, ? er dyed in the dark aegis aegis aegis steak? There was still some use for it.

‘Senior brother, look at this white-eyed wolf who eats out of the bag, I really couldn’t understand at first why I deliberately just scrapped his daoist heritage, isn’t it good to keep it? Good intentions for a donkey’s liver and lungs! In that case, I’ll just kill him!’

Chen Bei Xuan vented his displeasure at Lin Cang Dao, while pointing at Lin Hao, his aura steeply surging, ‘Lin Hao! A Patriarch is not to be insulted lightly, so now I’ll let you know what the consequences of insulting a Saint are!’

The might of a saint cannot be underestimated!

The entire Jinling, and even the whole of China, was enveloped by this terrifying aura as Chen Bei Xuan’s true self descended, and even Lin Yun, a mid-stage Xuan Master, was unable to move a bit under such a terrifying aura.

The space around where the Lin family was located continued to shatter and tear, as if the space was about to completely collapse.

At this moment, the Soviet War Bears, the God Bishop Pope and the Angelic Church Avril all opened their eyes and roared in anger: ‘Chen Beixuan is looking for death! Do you know what will happen if you strike like this? The world collapsing, that’s a consequence that even we can’t afford!’ Lin Hao looked at the thundering Chen Beixuan, although he was so overwhelmed by the terrifying pressure that every cell of his body seemed to be breaking apart.

However, Lin Hao felt a little amused.

‘If you strike out, you might destroy more than just the Golden Tomb, the consequences, can you afford to bear them?’ Lin Hao grinned, at this moment Lin Hao was bleeding from his seven orifices, and his smile looked somewhat hideous and gruesome.

Chapter 1870

‘Heh, you think I wouldn’t dare? A saint kills you like a chicken, I can completely guarantee that I can easily obliterate you without affecting the surrounding space.’ Chen Bei Xuan laughed coldly.

‘Hmm, but Lin Cangdou won’t let you do it, he will definitely stop you, then the two of you will fight and China will simply fall apart from your game, leaving the whole of China in a void and your foundations will be completely destroyed.’ Lin Hao laughed heatedly and coldly, he had already found out the end of the duo.

It could be said that although Lin Cangdou and Lin Cangtian were both from China, they were seeking, absolutely differently!

‘Senior brother, call it quits, it seems that he has already had his first glimpse of heaven, there is no need for you to act on, it seems that our plan will have to be implemented earlier.’ Lin Cangdou, who had never spoken since he arrived here, slowly spoke up.

As expected!

Lin Hao gazed at Lin Cang Dao, hesitating, but still couldn’t resist? The first time I saw him, I was able to get him to talk. He said, ‘Senior Lin Cangdou, is there any way to survive? Survive this calamity?’

‘You don’t want to leave with us?’ Lin Cang Dou slowly looked at Lin Hao: ‘Since you were able to guess a thing or two, then you should have thought of where we are going, right?’

Lin Hao laughed, smiling happily, and said indifferently, ‘I’m just a mortal.’

‘You could be a saint.’

‘Yes, but I’m still a mortal.’ Lin Hao nodded his head in a decisive manner.

Whew!

Almost simultaneously, all three of them exhaled a cloudy breath, Lin CangDong even didn’t say much and directly turned to leave, while Chen BeiXuan stayed behind and walked over to gently pat Lin Hao’s shoulder, ‘I will arrange for you to meet with the Dragon Master of China as soon as possible, perhaps it wouldn’t be a blessing for China if you stayed.’

‘Lin family, Lei family, all the core of the direct lineage, follow me.’ Chen Bei Xuan’s voice boomed in the ears of all the Lin and Lei families’ first families.

Soon, everyone converged on the Lin Family’s meeting room, and Chen Bei Xuan entered afterwards.

Lin Hao and Lei Ling, however, were excluded, they were not qualified to enter the conference room. Two hours later, Chen Bei Xuan walked out of the conference room with a cold face, and the people from the clans involved in the meeting all walked out of the conference room with complicated expressions, their faces unspeakably ugly.

Lin Hao did not know what had happened in the conference room in the past two hours. No one revealed a single word to him!

At the same time, Xu Fang Hua immediately gave an order that Lin Hao would assume the position of Lin family head, and that all the Lin family members would follow the order!

At the same time, Lin Yun announced that he was stepping down as the head of the Lei family, and immediately afterwards, Lin Yun, Xu Fanghua and the Xuan Shi level elder of the Lei family announced that they were going into seclusion.

Lin Rui even announced that he was in seclusion and would no longer interfere with any of the family's affairs, and so did the Lei Family's direct line elders!

This was Lin Hao's turn to be confused, what had this Chen Bei Xuan, in the end, told them?

The result of such an announcement was naturally that it caused huge trouble, first from the side and even the full line of the Lei family, and the Lin family as well.

Those who were strong and powerful had all closed their doors, saying that they would no longer be involved in the family's affairs forever, and these side lines and even the first lineage all began to unite in opposition, even trying to kill Lin Hao and Lei Ling.

This situation suddenly appeared, but it excited the Xu family and the others.

Before they even had to take action, they had instead played themselves to death first.

However, Lin Hao and Lei Ling's strength is not weak, and the strongest generation has already closed down, no longer asking about world affairs, let alone family affairs, so Lei Ling and Lin Hao did use thunderbolt methods to stabilize their position as family head.

It's only this change of events that has left the Xu family alone, coming to trouble the Lei and Lin families from time to time, but also with some scruples.

After all, although the strongest members of these two families had closed down, they were still alive, so they didn't dare to be more reckless, but Lin Hao and Lei Ling, the family headship, were not taken seriously by anyone, or even disdained.

These, were all afterthoughts. The day after Lin Yun and the others announced their retreat, Longmen Yuanwu came and found Lin Hao.
