

Super Son-in-law Chapter 1881-1890

Chapter 1881

They were all as frightened as if they were in a frenzy, searching like mad.

The news quickly spread and the rest of the squad was shocked, the chief was not satisfied, how could that be?

They all went crazy, even the big families started to be questioned and checked, who cares who you are, let's check it out first!

After Lin Hao had waited for another half an hour in agony, a terrifying aura came racing from afar at a great speed, followed by two powerful auras coming from another direction at a great speed.

Lin Hao was a little surprised, these three were quite strong, even compared to Lin Rui, they were slightly stronger!

Soon, three casually dressed men and women landed in front of Lin Hao, although the three were casually dressed, they were incomparably respectful and saluted in front of Lin Hao!

'Cang Wolf!'

‘Southern Tiger!’

‘Vermilion Bird!’

‘Greetings Chief!’

‘You are the three great captains of the Dragon Group?’ Lin Hao looked at the three people in front of him in surprise.

Cang Wolf, with his shadowy and cold eyes, was close to one meter eight tall, but as thin as a bone, except that those eyes were incomparably shadowy, and one look at you was as if you were being watched by a hungry wolf.

The South Tiger was stout and muscular, like a small mountain, full of explosive feeling, with a Chinese face, full of seriousness, similar to an uncle in the system.

As for Zhuque, it was a little surprising to Lin Hao that Zhuque was a little girl similar to Lei Ling, surprisingly with the same hobby, dressed in lolita and wearing cute pink eyes, even though she was saluting, she still had a lollipop in her mouth.

Seeing Lin Hao staring at Zhuque for half a day, Nanhu’s face was solemn as he snatched the lollipop from Zhuque’s mouth: ‘Can’t you see that the chief has been staring at you for half a day? Watch your image in front of the officer!’

‘Got it dad

‘Dad what dad! You and I are on equal level, we’re not at home now, call me by my code name!’ Nanhu two eyes first class, living out the majestic old man ah.

But the Zhuque aggravated enough.

‘Where’s the Thousand Sunset Man?’ Lin Hao was also very surprised, he didn’t expect that Nan Hu and Zhu Quo were actually father and daughter, which was impressive.

‘Report chief.’ Nan Hu stood out, ‘Thousand Sunset has been found, but

I’m sorry chief, we only found a corpse.’

As Nan Hu’s voice fell, several members of the Dragon Group, quickly carried a corpse over, covered in a black cloth.

Nan Hu told Lin Hao that it was found in the moat of the capital, and when they found it, the other party’s body even still had residual warmth, so obviously it hadn’t been dead for long.

And based on the look of the corpse and the observation of the wounds, this should have been killed and silenced.

Lin Hao lifted the black cloth covering Qian Sunset's corpse and saw it, with a very obvious wound on the neck, while Qian Sunset's face was surprisingly with relief, as if he was relieved, but also as if he was saved.

Lin Hao had already guessed that Thousand Sunset was really just a pawn, and that there was a black hand behind all this, and that it was someone Thousand Sunset trusted, the only person who was familiar with it, and who could easily kill Thousand Sunset when he was most relaxed!

Obviously the Dragon Group made too much noise, and the person behind the curtain did not expect this, and then only then made up his mind to kill.

'It's a pity' Lin Hao sighed, originally thinking of uncovering the person behind it from Thousand Sunsets, after all, it was not a good thing to be thought of.

And, Lin Hao very probable thought that the person behind the curtain, even if it was not someone from the capital family, was still quite involved with the capital family.

'Well, we've met face to face, it's a bit sad that the person died, you guys should go back first.' Lin Hao didn't want to continue to delay, it was better to go back to Jinling first, just a little sigh, the young master of the titled Thousand Sects Sect, the son of the former head of the Martial Alliance, had let someone use him as a gun.

‘ ? Grasping Yi Jie Zero Grasping Zero Dyeing Wu ? Chief, are you just going to leave like that ? Aren’t there any other instructions ?’ Cang Wolf was confused, and Nan Hu was also a bit dazed.

Why did it feel like this chief had as much to say as not.

‘Are you two stupid ? Haven’t you understood this yet ?’ Vermilion Bird looked at the two, including her father, with a speechless expression.

Chapter 1882

‘You understand ?’ Cang Wolf and Nan Hu both looked at Zhu Que in a somewhat baffled manner.

‘Is it hard to understand ? Didn’t the chief say, since we’ve met, we know each other, we should do what we did before, there’s nothing to cause less trouble for the chief!’

‘The chief said it was a pity that this man died, it was obviously a murder to silence him, the chief must want to find the murderer to end the trouble!’ The chief is worthy of being the chief, he’s amazing! A short sentence contained so much information.

‘South Tiger, Cang Wolf, you are responsible for investigating this matter!’ Vermilion Bird finished speaking and picked up his communicator, ‘Everyone in the Vermilion Bird group gather! Depart in half an hour to snipe the Thousand Clans Sect! Also have the Dragon Sect issue a Martial Dao wanted notice for the Thousand Clans Sect!’

Lin Hao had only taken a few steps when his body snapped at Vermilion Bird's words? Wu Zero Xi Zha Shan Di Yi Di? Ling Ling, forehead full of question marks: I, did I mean that much by that statement? Why I don't even know?

'I just want to hurry up and get rid of this identity ah, besides, stay in Kyoto is also let people miss, what have you brainstormed ah!'

Although Cang Wolf and Nan Hu were a little puzzled, but seeing that Lin Hao didn't even refute Zhu Yao's words, they all lit up, so they gave orders to their own men to pursue this matter with all their might!

Half an hour later, the Dragon Sect announced to the entire Chinese martial arts community that the young master of the Thousand Clans, Thousand Sunset, had openly committed an assassination in the capital, disobeying the Dragon Master and ignoring the iron law set by the Dragon Sect, therefore, a notice was launched against the Thousand Clans, and the Thousand Clans would no longer be under any shelter in China!

At the same time, Zhuque led a thousand of his own men and headed straight for the Thousand Clans.

The Chinese martial arts world was shaken, what had the Thousand Sunset done? What had he done?

The major clans in the capital were also confused, ah, have all of this capital's close guards gone mad? Even if they were the capital's great clans, they were daring to hold on to them and teach you to behave if you didn't cooperate!

As for the key figure who had made such a big fuss, Lin Hao, was by now comfortably asleep on the plane back to Jinling.

Lin Hao had refused the Dragon Master, and still let the Dragon Master pit him, so he didn't bother to care how big the matter was this time, and let the Dragon Master have a headache.

Lin Hao woke up after a short nap on the plane and found that he had been on the plane for three hours, Lin Hao frowned: 'What's going on? Didn't we arrive in two hours? Can't land due to the weather?'

'No, the airport in Jinling was suddenly temporarily closed for some reason, it seems that someone big is coming, we were only able to hover over Jinling and wait for the follow up.' A buddy next to him gave Lin Hao an explanation.

Lin Hao didn't say anything, when it came to this kind of emergency, this was indeed how it would be handled.

After half an hour, their plane finally landed safely on the airport.

Only after all the passengers came down, they retreated in fear again, not daring to get off the plane at all.

Puzzled, Lin Hao walked over and just took a glance and people were dumbfounded!

At the head of the group was Vermilion Bird, and behind him stood ninety-nine men and women in officer uniforms, arranged in three neat columns, the aura emanating from these people was unbelievably strong, and their bodies were even more heavily armed.

Anyone who saw this scene as soon as they left the cabin door would probably have been scared enough, the rank of these officers was not low ah.

Lin Hao walked down with a black face, these 99 people, should be the captain and deputy captain of the thirty-three squads of the Vermillion Bird Brigade, right?

Each squad was equipped with ten members, a captain and two vice-captains.

‘Salute!’ As soon as Vermilion Bird spoke, everyone saluted in unison.

The passengers on the plane were stunned to see this scene.

Especially the passenger who was beside Lin Hao just now: ‘No, not really? I told you that a big brother had come to our airport, but how the hell did I expect that the big brother would be beside me!’

With a black face, Lin Hao passed right past Zhu Que and left straight away, as if he hadn't seen Zhu Que and her men.

Zhuque: ????

A captain who was close to Vermilion Bird couldn't help but inquire, 'Boss, is this really our leader? I, why do I feel that he is a bit young?'

Super Son-in-law Chapter 1883-1884

Chapter 1883

'I don't think so, if it's our captain he shouldn't be ignoring us. Still, the boy is quite polite, and he's actually so calm and collected in this bout.' The other captain couldn't help but pick up the slack.

Jubilee gave each of these two a violent chestnut, 'Shut up, that's our leader!'

'What are you all doing? Why are you flying the plane so slowly! The chief must be blaming us for being so slow to get here and for not taking action the first time we got here!' Vermilion Bird thought about it, and was filled with shame, hey, failing the chief's trust ah.

'By the way, didn't the Thousand Clans clan target the chief's clan earlier? No wonder the chief's face was so ugly!' Vermilion Bird came to a sudden realization in general, 'Gather all the teams! I want the Thousand Clans to be taken care of! I'll also take care of the Mountain Moving Clan as well!'

‘Boss, you’re wise!’

At Vermilion Bird’s order, the entire Vermilion Bird group acted swiftly.

It was just that if Lin Hao knew what the Vermillion Bird was brainstorming about, Lin Hao would probably vomit blood.

Ha ?

What did you say ?

I just don’t want to be that high profile, not to mention I don’t want to have anything to do with your Dragon Group, alright, I just ran from the capital to Jinling, and I still haven’t avoided you guys.

The key is to make such a big show, can’t we just keep a low profile ?

That’s why Lin Hao didn’t give a damn about Zhuque and turned around to leave, but who knew that this brain-sucking emperor had actually made up so many things.

Lin Hao’s face turned black, but it was the Thousand Clans and the Mountain Moving Sect that suffered.

The Vermilion Bird group was full of strong people, powerful, and the Dragon Lord's direct troops, even if they were not as strong as the Thousand Sects and the Mountain Moving Sect, these two sects did not dare to make a fuss, and it so happened that the Vermilion Bird group was even stronger than these two sects!

Even Bitch Xu Kai, the head of the Dragon Sect Division, was alarmed, and once he heard about this, he did not hesitate to have the entire Dragon Sect Division's strongest people come out and cooperate with the operation, so the commotion was not a big deal.

As for Lin Hao, he had already returned to the Lin family compound.

'Lin Hao!'

Lin Hao had just pushed the door into his courtyard, only to find that several women had turned their heads violently when they heard the commotion and were all overjoyed to see Lin Hao.

Lin Hao was all frozen, 'You guys came so soon?'

That's right, Shen Xiyan and Lin Qingcheng had actually come over here so quickly, even Mo Tianji and Jun Wuhui had run over.

When Lei Ling saw Lin Hao, she immediately jumped into Lin Hao's arms, 'Brother, you don't know, I missed you to death, sister-in-law and sister have been here for a while.'

Originally, Shen Xi Yan also wanted to give Lin Hao a hug, but was snatched up by Lei Ling, Shen Xi Yan was not angry, smiling sweetly and holding Lin Hao's arm: 'Ling'er is so understanding, she brought someone to personally pick us up, in fact, we just arrived an hour ago.'

'It feels good to be home, doesn't it.' Lin Hao looked at Lin Qingcheng and smiled, yeah, it felt good to be home.

Although Lin Hao already considered Lin Rui, and Xu Fanghua and the others as his family in his heart, but this home without Shen Xiyan and Lin Qingcheng, Lin Hao always felt that it was not like home.

Lin Qingcheng nodded seriously, 'Yes, it feels so good to be home, it's a pity that grandma and aunt have gone to seclusion, I haven't even seen them, and Ling'er said that eldest uncle has also run off to the airport, not knowing what he's going to do, and has brought a lot of people from the family there.'

Lin Hao was stunned, what was Lin Rui doing running to the airport? It couldn't be that he had learnt about the Vermillion Bird group running over and had gone to befriend the Vermillion Bird, could it?

Thinking of this, Lin Hao's face suddenly looked a little odd.

‘Brother Lin, what bad ideas are you having again?’ Jun Wu Ren looked at Lin Hao with a smirk, looking at Lin Hao’s expression, he couldn’t guarantee that he was holding back something bad again.

Lin Hao rolled his eyes, ignored Jun Wu Regret, stroked Lei Ling’s head, ‘Ling’er, go with me to buy food, brother will cook for you personally today, Xi Yan, you and Qingcheng, take a rest here now, don’t be too tired.’

‘Yes, go shopping.’

Chapter 1884

Seeing the two of them like this, Lin Qingcheng and Shen Xiyan both had auntie smiles on their faces, ‘Lin Hao doesn’t know how many lifetimes he’s been blessed with, to have a sister who clings to him so much.’

‘Brother Lin probably saved the galaxy, how else would he have such a beautiful and virtuous wife for his sister-in-law and such a lovely and understanding sister.’ Jun Wu Ren felt a little sour and envious.

Lei Ling excitedly humming a little song, pulling Lin Hao’s hand, jumping around, can not mention how happy.

Lin Hao sweat: ‘Ling’er, not so much, not so much, we are just going to buy a vegetable, really not shopping.’

‘It’s okay, as long as there is brother around, no matter what to do, I am happy ah.’

The words are divided into two ends, under the thunderbolt of the vermilion bird, the Thousand Sects collapsed at the first touch, froze without room for resistance, mainly also because the Thousand Sects’ patriarch, Thousand Xingchen, and a large number of elders are not in Jinling.

When the notice of the Dragon Sect came out, Thousand Xingchen got anxious, how did such a big thing happen? Wouldn’t that mean something happened to his own son as well?

Thousands of Xingchen with a group of Thousand Sects strong, ready to go straight to the capital, only to hear that a large number of Dragon Group personnel in Jinling airport, and the airport will be blocked, scared Thousands of Xingchen pulled his legs and ran, directly back home, this Jinling can not stay ah.

Thousands of stars did not even dare to inform the clan in Jinling to stay behind, directly slipped away!

‘Boss, Qian Xingchen ran away early with a group of people.’

Bang!

Vermilion Bird smashed his fist on the table in front of him, with a boom, the table fell apart, wood chips flew, and the Dragon Group members next to him, one by one, shrank in cold sweat.

‘Let Xu Kai come over and take all these people away! Send out eight groups of people to chase after Thousand Starts and others, use the Heaven’s Eye to trace Thousand Starts’ whereabouts, the others follow me to the location of those people from the Mountain Moving Sect!’ Vermilion Bird’s pretty face was icy cold, this was on the verge of an outbreak, it would explode at any moment!

None of the captains dare to disobey this order, under the eye of the sky, there is nothing to hide!

Soon, the trail of thousand stars has been locked, quickly pursued by the eight squads of vermilion bird, as for the moving mountain clan and others, are confused, do not know what the situation, suddenly rushed in a group of strong people, handcuffed them!

When they took out the official documents, the head of the Mountain Moving Sect, Wang Qian, was dumbfounded: ‘No, no sir, you, why are you handcuffing me? I didn’t do anything wrong!’

‘What are you talking about? Cuff them all!’ Vermilion Bird waved her small hand, and a group of Dragon Group members swarmed over them.

What are you talking about? The Dragon Team still needs a reason to cuff you?

I'm not sure what the reason is.

Xu Kai did not say anything, you guys are guilty?

The key is that this is someone from the capital!

The former Capital Dragon Lord's Guards, now the Dragon Group, to make such a big deal?

Wang Qian tried to resist, but he was beaten up by Zhuque, who then handcuffed these people with spirit-binding handcuffs, and their Daoist and internal energy were directly controlled, except for their physical strength, no different from ordinary people.

The main thing is that this thing, only the Dragon Sect core department, as well as the Dragon Group has, other departments can not have, after all, this thing is expensive, and the material is rare and precious.

'Sir, what have we committed, can you let me die with understanding!' Although Wang Qian was handcuffed, and now he was in this state, a random Xiantian realm patriarch could abuse him, but Wang Qian was not convinced.

Who is Wang Qian?

Grand Master!

The Moving Mountain Sect? The first thing you need to do is to get a good idea of what you're doing. The patriarch!

They were all tied up at the drop of a hat, without even a reason!

'The Dragon Group does not need a reason to do things!' Vermilion Bird pretty face filled with arrogance, then took out a folder, snapped, directly smashed Wang Qian's face: 'Since you want a reason, then give you a reason!'

Wang Qian was so hit, dare not say anything, hurried to open the folder.

Wang Qian was confused when he opened it!

The crime of stealing and selling national cultural relics?

Theft of ancient tombs, the crime of destruction of national cultural relics

Wang Qian's face is black, this is a damn thing that should be managed by the Bureau of Cultural Heritage, your Dragon Group is so idle?

Super Son-in-law Chapter 1885-1886

Chapter 1885

Besides, they are inherited craft work, okay?

How the fuck did you not care before?

‘Fuck! Lin Hao, I fucking do not share the same fate with you!’

Wang Qian suddenly saw one of the charges, his face turned green, so angry that he cursed loudly!

Because one of the charges, surprisingly, is against the Lin family to use force, with the idea of assassinating Lin Hao

Wang Qian saw this, even a pig understands that the other reasons are all fucking excuses, is completely Lin Hao to find the relationship to get him! Wang Qian just finished speaking, came face to face with a fist of Zhuque paste face!

Wang Qian screamed in pain: ‘Lin Hao, you do not let me touch you! I? I? Moving Mountain Sect and you ow don’t fight, don’t fight.’

But where Wang Qian cursed a sentence Lin Hao, or even just mention the name Lin Hao, will E Zhuque a fist, afraid, really afraid!

‘Take all the people back, who dares to talk a word of nonsense, beat him until he can’t say anything!’ Vermilion Bird coldly dropped a sentence, grabbed a man to ask Lin Hao’s current location, and then drove straight to where Lin Hao’s location.

When Vermilion Bird arrived, Lin Hao happened to be walking out of the food market with Lei Ling, who was carrying a big bag of stuff with him.

‘Oh my God, the chief actually had to personally go to buy food, it’s too real!’

‘Such a powerful person is so real, no wonder the dragon master will let him be the chief, it seems that in the future I must follow the chief to learn to learn.’

Said Vermilion Bird opened the car door and got out of the car, walking quickly towards Lin Hao.

Lin Hao saw the vermilion bird appeared, frowned, turned around to go, endless is it?

How long has it been, how to find the door again?

Lei Ling also found the vermilion bird, this girl is about the same age as herself, why two eyes starry towards her brother ran over ?

Vermilion Bird has not yet walked in front of Lin Hao, directly by Lei Ling stopped: 'Who are you ? I tell you, you little fox, hurry up and put away your mind, my brother is a hot man that you can't get!'

Vermilion Bird: ????

'Little sister, what strange things are you talking about?'

Although puzzled, Vermilion Bird ignored her and walked straight up to Lin Hao, snapped standing straight and saluted.

'Report sir, the Moving Mountain Sect as well as the Thousand Sects have been wiped out in one go, Thousand Stars has been intercepted by another squad from the Vermillion Bird group, they are completely under control!'

'Pfft brother, are you guys playing some kind of game?' This can make Lei Ling gasp, what kind of strange game is this playing ?

Role-playing ?

And also to move the mountain clan, the thousand clans in a single net?

Now under the Dragon Sect's rules, even the Lin family and the Lei family joined forces, it is difficult to easily wipe out these two sects to a net, right?

After all, the late Grand Master above can not openly participate in the war, or even casually provoke a dispute will not have good results to eat.

Lin Hao heard this is also amazed: 'How so fast?'

Lin Hao returned to the Lin family from the airport and went to the vegetable market, how long had passed, ah, and it was, it was solved?

'Fast?' Vermilion Bird was confused, did he get the wrong idea?

It's over, definitely the wrong intention!

Vermilion Bird hurriedly ended, 'Sorry chief, I thought you gave us a black face at the airport, because you thought we were too slow in doing things, and should have come and wiped them out at the first opportunity, and almost let Thousand Star Star get away, and expressed dissatisfaction with us.'

‘It seems that I was wrong, chief you must want to deal with them properly, so directly catch them is too cheap, I know what to do!’ Vermilion Bird said turned around and left: ‘I so long to have them all released! By the way to add a little difficulty for you, or easily let the chief you solve, is not too boring!’

‘Stand still you fucking stand still!’ Lin Hao face more black, what are you thinking in your head?

What are you thinking about?

I did not say a word at the airport black face and go, but you somehow brainstormed so many things.

Chapter 1886

Now the old me a word, and you think so much?

‘Chief I was wrong.’ Vermilion Bird aggrieved Bara walked back, lowering his head, that look is almost exactly the same as when Lei Ling was aggrieved ah!

Lei Ling face full of question marks, looked at Lin Hao, and then looked at their own age vermilion bird, what are they saying oh, why did not understand a word.

‘Forget it, just catch it, you see how to deal with it, they are not many good people.’ Lin Hao faintly sighed.

‘Yes chief, I will not let you down again, I will handle them properly!’ Vermilion Bird thought to himself, the chief must hate these two clansmen to death, since he asked himself to see to it, then naturally he must serve them well.

Tsk, what exactly did these two sects do that was so harmful to heaven and earth that they made the chief so resentful of him? They.

If Lin Hao knew the inner activities of the vermilion sparrow at this moment is estimated to vomit blood, but Lin Hao see this girl quite smooth, the brain is quite powerful, but things are done beautifully.

Therefore, Lin Hao specially left the vermilion bird, shouting vermilion bird to go to the Lin family dinner.

The first time the vermilion bird heard, then happy crazy ah, oh my God, the chief actually gave himself personally cooked, the honor ah!

It seems that his guess was right, efforts are rewarded.

Because of this, the vermilion bird is even more sure to entertain the two clansmen, apparently the chief already knows what she is going to do.

The chief is really the chief, really let people can not see through, profound ah!

Lei Ling very curious about the identity of the vermilion bird, how to go out for a trip, brother also brought a little girl back, how to give tamed submissive?

At the same time Lei Ling under careful observation, horrified to find that the strength of this vermilion bird a little terrifying ah, they may not be able to beat her.

Lin Hao also did not hide, will be the cause and effect of things are told Lei Ling, Lei Ling listened to are stunned, brother went to the capital to meet the dragon master, not to play, is to seek an official position ah, this is too powerful.

Brother for the Lin family, sacrificed what ah?

No, the spirit also have to work hard, can not let brother light a hard sacrifice.

Brainstorming Emperor No. 2 Lei Ling appeared

Lin Hao did not intend to disclose the identity of the vermilion bird, in addition to the system, the position is high enough to be able to know the vermilion bird, otherwise are only heard of its name, do not know its people, which makes the vermilion bird will not look so conspicuous, mainly Lin Hao does not want to be so high-profile.

The vermilion bird and Lei Ling age similar, the two are quickly chatted to a piece, Shen Xiyao and Lin Qingcheng although confused how Lin Hao brought a little girl back, but did not ask more.

Lin Hao went to the kitchen busy, the two little girls had to run to help play, Lei Ling is like to stick to Lin Hao.

Vermilion Bird purely wants to perform well in front of the chief.

So much so that Lin Qingcheng wanted to help, but could not get involved.

The words are divided into two ends, a thousand Xingchen and a group of thousand clan strongmen, are handcuffed with spirit-binding handcuffs, the strength of ten does not survive one, there is no way to resist.

‘Sir, can I ask one thing?’ Thousand Xingchen hesitated for a long time, and finally spoke up.

‘Shut up!’ The young captain directly reprimanded, still want to ask questions? Afraid not want to fart to eat.

When they arrived at the specific place of detention, Qian Xingchen was stunned.

The first disciple of the Thousand Clans who was caught over, looked at Thousand Starts in shock: ‘Sovereign, you, how come you were also caught in?’

‘Bullshit! I’m not here too, what’s so strange about him being here?’ Wang Qian in the corner showed his eyes and cursed angrily.

Seeing Wang Qian, and seeing the Mountain Moving Clan, the entire clan was here, Qian Xingchen was stunned: ‘No, old brother Wang, what’s going on? This is the matter of our Thousand Clans Sect, how come your Mountain Moving Sect is involved?’

‘Your Thousand Clans is not enough to die, what is not good, let the son run to the capital city to make things, is too long life ah brother! But I, Wang Qian, am f*cking innocent!’

‘Damn, that son of a b*tch Lin Hao actually got involved with the Dragon Group and caught us along with this.’ Wang Qian cursed, always feeling like an innocent person implicated by the Thousand Sects.

Super Son-in-law Chapter 1887-1888

Chapter 1887

‘What did you say?’ Qian Xingchen’s face sank, something is not right, this thing is not right!

‘What are you all yelling about! Shut up all of you! Anyone who says one more word will suffer the consequences!’ Angry shouts rang out outside the holding room, then two captains of the Vermillion Bird Group’s Grand Master realm walked in, their gazes coldly staring at these people.

The two of them were so angry that a group of strong men from the Mountain Moving Sect and the Thousand Sects were blowing their beards and glaring at each other, but they could not do anything about it.

The more he thought about it, the more he felt that something was not quite right.

Even if the Dragon Sect wants to make an example of the monkey, to set an example, it is not so hard on them to move the knife ah.

And this time to the capital but the Dragon Group, the deterrent effect is simply with the Dragon Gate side of the town guard almost ah, then in short, is Lin Hao took on the relationship with Kyoto, wanting to take personal revenge ah!

Not only a thousand stars think so, at this time, the dragon family and Xu family in Jinling, also have been horrified, and even non-stop immediately arranged for some clansmen to leave Jinling, or even arranged to go abroad.

Xu Buwei made an appointment to meet with Long Zhantian.

‘Grievous Heaven, the Vermilion Bird Group has arrived and has already moved against the Mountain Moving Clan and the Thousand Clans, you know that, right?’ Xu Buwei’s face was gloomy and looked unbearably ugly.

Long Grievous Heaven let out a bitter laugh: ‘How could I not know, I have been mad in arranging people to leave ah, only my son is overseas, now are unable to contact, and do not know what the situation is. This Lin Hao is so tread horse ruthless ah.’

‘Should be Lin Hao hitched? Intentional land whisking land service Shan Yi closed? Queen’s bar that one hitchhiker.’ Xu Buwei’s face was ugly: ‘If my guess is good, it should be that unlucky son of Qian Xing Chen had a conflict with Lin Hao in the capital.’

‘Lin Hao used that one’s connections to directly clean up Thousand Sunset, and by the way, directly wiped out these two sects as well.’ Xu Buwei’s gloomy face was filled with worry, in front of the state machine, the family, no matter how large and strong, also seems so pale and powerless ah.

‘No way, Xu family head, could it be that that person at the Queen’s Bar is really in that relationship with the Dragon Lord?’ Long Grievance Heaven was scared enough.

Wouldn’t that mean that it was highly likely that they would be next?

‘Is it still important whether it is or not? Even if it’s not, but that one was at least able to talk the Dragon Lord, and without the Dragon Lord’s approval, who can transfer the Dragon Team away from the capital?’

Xu Buwei said in a deep voice, ‘What we should think about now is how to solve the dilemma in front of us!’

Several families were happy and several families were sad.

While the parties from the two major families, the Xu family and the Dragon family, were meeting to conspire on how to break the situation, the Lei family and the Yun family were celebrating.

Although I do not know whether it is Lin Hao stirred up the commotion, but it is definitely related to Lin Hao ah.

Then they remembered the woman at the Queen's Bar, the speculation of the relationship with the Dragon Lord, they all understood one after another that it must be Lin Hao who went to the capital and used the power behind that woman.

That is the Dragon Lord of China!

After all, the dragon group was once the close guard, in ancient times, that is the imperial army to defend the imperial palace ah.

Without the Dragon Lord's approval, even if the sky fell, these people could not leave the capital.

Yun Feng, the head of the Yun family, ran inside Yun Ruo's study and was overjoyed: 'Xiao Ruo ah, you really made a good move, this time we really pressed the right treasure ah.'

‘This Lin Hao took the relationship with that woman in the Queen’s bar, and who dares to move the Lin family easily? Haha, happy, really happy ah.’ Yun Feng seemed to see the rise of the Yun family and the weakening of the Xu family as well as the Long family.

Then can we say that in the future, the Yun family can also become one of the three great families in Jinling?

Although the families in Jinling are collectively known as the five great families, but it is clear to everyone that the ones that really come up to the stage are the three great families of Xu Lei Lin!

Yun Ruo was stunned and looked at her father in disbelief: ‘Father, you don’t think it’s because that woman helped Lin Hao at the auction that I pressed treasure on Lin Hao, right?’

Chapter 1888

‘Is it not?’

‘Of course not! I only knew at that time that Lin Xuan Yuan is the martial arts world that scavenger Lin Hao, I have Jedi alliance with Lin Hao, as for that woman in the Queen’s bar, completely excluded ah.’ Yun Ruo helplessly explained.

‘What! You’re afraid this is not crazy!’ Yun Feng were stunned: ‘Just because of this, you dare to bet on him!’

‘Yes, because such a person can achieve great things! And one can only befriend him, never make him an enemy.’

Yun Feng was scared enough, but thinking about the current situation, Yun Feng sighed with relief: ‘You, you, you are too bold, the fate of the entire family is gambling with you, ah, fortunately it is the right bet. This time the movement is really not small, it seems that the next to have more big action.’

‘I just can’t understand, that woman at the Queen’s Bar, to sacrifice such a big favor in order to help Lin Hao.’

‘Father, you may have misunderstood. I’m afraid that the Dragon Group’s transfer away from the capital is not because of that woman, but because of Lin Hao himself’ Yun Ruo did not hide, in fact, what happened to Lin Hao in the capital, in addition to Feng Qi that one group and the people involved in this matter, the one who knows the most, the most clearly, is probably Yun Ruo.

Yun Ruo secretly dispatched two Grand Master experts to secretly protect Lin Hao’s, and therefore witnessed what happened at that time.

But when the Dragon Group arrived, Lin Hao is basically no longer in danger, not to mention that although it is said to be protected, it is still not convenient to show up, otherwise it would be misunderstood stalking would be bad.

If it is really in danger, the two bodyguards out, even if Lin Hao's heart is not comfortable, but also not to tear the face on the spot, so the two bodyguards left after the arrival of the dragon team.

After listening to Yun Ruo's description of Yun Feng a burst of cold breath, that is, Lin Hao went to the capital, but as a result, directly obtained the power to be able to command the entire Dragon Group!

'Little Ruo, the Yun family is your strongest backing, no matter what you do, the family supports you, even if it's ridiculous! Let go and do it!' Yun Feng also no nonsense, at the same time the heart is full of regret, his daughter is so excellent, why is it that she is unable to cultivate.

Xiao Ruo smiled and agreed down, while the heart is helpless, just who also reprimanded himself crazy bold to come.

After Yun Feng left, Yun Ruo immediately proceeded to arrange, immediately removed the protection of Lin Hao's side. Lin Hao is no longer in danger, then hurry up to withdraw, lest Lin Hao found, out of the gap contradiction is not good.

At the same time, Yun Ruo ordered that all the industries of the Yun family, unconditionally merged into the Tianhai Group. All liquidity is injected into the Tianhai Charity Foundation, the most substantial support for Lin Hao's plan!

What's more, an independent department was set up, specifically responsible for handling these matters.

After doing all this, Yun Ruo exhaled a breath of turbid air, then drove to the Lin family personally.

When Yun Ruo arrived at the Lin family, Lin Hao and others were? The company's main business is to provide a wide range of products and services. The company's main business is to provide a wide range of products and services to the market.

'Little sister Ruo is here, eat together.' Lei Ling warmly greeted.

Lin Hao also greeted, 'Ling'er go add a pair of bowls and chopsticks.'

The people introduced to each other, also know each other, but let Shen Xiyan how they did not expect is, Yun Ruo a girl without cultivation, but can sit on the seat of the hidden family young family head, really means a great.

The company's main business is to provide a wide range of products and services to the market.

Shen Xiyan was a little embarrassed by Yun Ruo's compliment: 'Little sister Ruo, don't make fun of sister, which is not that exaggerated.'

'I don't think there's anything wrong with what Xiao Ru said.' Lin Hao took Shen Xiyan's hand and said tenderly.

Lei Ling just happened to come out and also happily raised her hand to express her approval.

This made Shen Xi Yan even more embarrassed.

Jun Wu regrets a black face, put down the dishes burped, cursing away, the meal was not full, the dog food is eaten up.

Super Son-in-law Chapter 1889-1890

Chapter 1889

‘Why did you only eat so much? Brother Wuyou eat more.’ Mo Tianji was stunned, did not eat much, how full.

Jun Wuzhen showed his teeth towards Mo Tianji, like a furious dog.

The dog food eaten and eaten to get used to.

‘Sorry, young master Lin.’ Yun Ruo suddenly stood up, apologized to Lin Hao, and bowed deeply.

‘What’s wrong?’ Lin Hao froze.

Not only Lin Hao, everyone else was puzzled, it was just fine, why did they suddenly and inexplicably apologize ?

‘I’m sorry, I sent someone to follow you, I basically know what happened to you in Kyoto this time, I shouldn’t have sent someone to follow you, I was wrong.’ Yun Ruo did not make any excuses, but admitted her mistake in a big way.

After all, there are some things, whether it is in good intentions or otherwise, wrong is wrong, good intentions to do the wrong thing that is also wrong, there is no need to find excuses for yourself.

This is the reason why Yun Ruo immediately came to Lin Hao to apologize and explain the situation.

Lin Hao is very surprised, really said this woman is the cloud family Zhuge in the world, clever it!

In fact, Lin Hao in Kyoto, also vaguely feel that someone followed himself, which is why Lin Hao was going to the airport, ? The actual fact is that Lin Hao was going to the airport, ? But suddenly turned to the remote alley to go, and then a thousand sunsets with those killers appeared, Lin Hao did not think of other places.

Click!

Only, Yunruo just finished, Zhuque directly handcuffed to Yunruo hand: ‘Lin brother means to say, sorry if it works, what do you need the police!’

‘Wrong is wrong, do the wrong thing should accept the punishment, you wait to come with me.’

Lin Hao: ????

‘That’s not what I meant!’

‘Vermilion Bird, you do not brainstorm these strange things, okay.’ Lin Hao hold forehead, vermilion bird also hurried to open the handcuffs to put away, Lin Hao embarrassed smile: ‘You should have sent someone to protect me, after all, I feel that, later after the dragon group arrived, your people left.’

‘But, this is also a suspicion of secret stalking, so I’ll make it clear to young master Lin, otherwise we are all uncomfortable in our hearts.’ Yun Ruo didn’t admit it, but didn’t refute it either.

‘Okay, it’s not much of a big deal, your Yun family is now on the Lin family’s warship, so what bad intentions can you have.’ Lin Hao did not mind much, not to mention that even if some mind, the other side are so straightforward to say away, they are more unlikely to continue to hold on to this matter ah.

Jingle Bells

The cloud if the matter is just clear, Zhuque's phone rang, it seems to be a problem again.

The key vermilion bird's phone just rang for a while, cloud if the phone also rang, so coincidental ?

The two are full of apologies to each find a remote place to answer the phone to go, the first to hang up the phone is Zhuque, Zhuque came in to shout Lin Hao out of a separate interview.

Lin Hao took Zhuque directly to the study, halfway to meet Yun Ruo who finished the phone call, Yun Ruo said something big happened, need to talk, Lin Hao simply brought them both to the study.

'Young master Lin, things are a bit big.' Inside the study, Yun Ruo took the lead and spoke, 'Someone is on the internet, wildly releasing negative information about the Tianhai Group, even some fake news, and many self media as well as marketing numbers are putting it out wildly.'

'More than that, including the foundation, as well as the disaster relief situation, I'm afraid that people are tempted to operate secretly, discrediting the Tianhai Group and creating negative public opinion.'

Lin Hao nodded and glanced at Zhuque: 'What about you ? What happened on your side again ?'

‘Things are not big, two things, one is the people from the Moving Mountain Sect and the Thousand Sects, all arrested and detained to one place, they can be dealt with at any time.’

‘The other is that the Xu family and the Long family said hello to the official media, to release these false news, is just Yunruo said these, I let them wait, did not rush to reply to them.’ Zhuque finished, face cold down: ‘Want me to do it? I’m not ready to move them, instead they seek death themselves, how dare they mess with the chief.’

Chapter 1890

‘Did you actually make the first move? Let’s see.’ Lin Hao took out his phone and started searching for negative about the Tianhai Group? 意侍洱珊西意西陆? Face news.

When he opened his phone, it was full of all kinds of tweets, and he didn’t even need to search to be able to see all these negative news.

Even some official media certification numbers have started to forward, plus the bombing propaganda of microblogging v, and marketing numbers, the effect directly exploded. Lin Hao was stunned as he looked at a sea of big popular recommended news on his phone!

[Shock! Tianhai Charity Fund’s aid materials were actually expired products, expired rice, charity is fake, liar is real!

[Shocking! Did the Tianhai Charity Fund really implement the money for aid? Or is it promoting its own company under the guise of charity, here are the real pictures]

According to a certain employee of Tianhai Group who did not want to be named, many of Tianhai Group's products failed the test!

[Is the Tianhai Group a saviour, or a vampire of the times?]

There are even quite a few interviews with those who were funded, live pictures and so on, so many and so many summed up that I really don't know what to say.

For a while, a horrific battle raged on the internet against the Tianhai Group.

The battle raged on, spreading across the entire network.

Countless spewers rushed out from under the keyboard, most of them were unknown followers of the masses, only a small percentage were real keyboard warriors, mindlessly spraying, simply for the sake of spraying.

That's the way it is on the internet, no matter how well you do, how perfect you are, yet there are still people who want to spray you, either because you didn't do a good enough job, or because they don't like you!

‘Oh, businessmen are big on profit, what’s so strange about that. I have inside information, usually those who donate money to orphanages, donate 10,000 and then say a million to the public, and the orphanage has to follow suit to help promote it.’

‘I know what you said upstairs, that’s how it is, a lot of them just give something and then have to take it back when the pose is over, charity? Donation, heh heh, laughing dead!’

‘Rubbish Tianhai Group, starting today, together we will boycott any products of Tianhai Group and make him go bankrupt!’

.....

‘Silly lot, I just got the grant, expired? Funny, why wasn’t the one I got expired? It’s obviously fake news!’

‘Brother upstairs, don’t tell me, you said so many people were starving to death in the snowstorm, how come it wasn’t these jetsetters who died? They’re all fed up.’

‘That’s right, those who are fed up, not to mention expired, when they are dying of starvation, even if maggots grow, I guess he will eat them!’

There was a lot of cursing, but also a lot of people who did get funding and started going head to head with the internet spammers, real people!

Each side is arguing with the other! Neither side was convinced, and it was surprising that this situation had created such a big impact in a short period of time, that even quite a few old men who couldn't play with their phones started registering accounts to run up against each other.

But the number of people defending the Tianhai Group was so disparate compared to the number of spammers that it simply couldn't make any waves, so all similar news was drowned out by such curses.

Even Lin Hao found a bizarre thing, seeing as no one was fighting against them in the line, these spammers fought with the spammers themselves instead, in short, the battle stretched on and on.

The two sides did not agree with each other and fought to the death, and it didn't take long for all of them to go off the rails, with the bickering and cursing having nothing to do with the news content.

Lin Hao also probably understood that this was just an emotional outlet.

Therefore, Lin Hao did not rush to deal with it, let them vent it out, the quantum of calamity rose, the heavenly calamities rose in all directions, and evil thoughts grew.

It might be better to have this venting outlet for catharsis.

As for the Tianhai Group shrinking, Lin Hao didn't really care that much, after all, the amount invested into the foundation these days had surpassed the original assets of the Heavenly Harm Fund.

The overseas sweep team, had been frantically pumping liquid funds in.

Lin Hao looked around and found that the official media had not yet made a move, only a few unexplained, or rather the official media controlled by these two big families, had released these news.
