

Super Son-in-law Chapter 1891-1900

Chapter 1891

Lin Hao blandly put his phone away.

‘Young Master Lin, tell me what to do! I’ll have someone arrange to deal with it immediately!’ Yun Ruo looked at Lin Hao seriously, looking at this situation at the moment, it was beyond serious.

Vermilion Bird also looked at Lin Hao with a burning gaze, ‘Chief, give the order!’

As long as Lin Hao gave the word, Vermilion Bird immediately had all the official media issue a clarification and at the same time banned all negative information, and with a wave of Vermilion Bird’s big hand, the Vermilion Bird group would fly at the Dragon and Xu families like hungry wolves.

The Vermilion Bird’s hand will be waved and the Vermilion Bird’s group will attack the Dragon and Xu families like hungry wolves.

Giving orders?

‘Oh, my orders are, go back and eat.’ Lin Hao bristled and was still a little irritated, ‘Why all day, I thought it was such a big deal, just this?’

Yunruo and Zhuque were confused at the same time: what do you mean, just this! Wasn't this a serious enough matter?

When Lin Hao returned, he found Shen Xiyan crying, and Lei Ling and Lin Qingcheng were comforting her.

Lin Hao hurried over and took Shen Xiyan's hand, gently patting Shen Xiyan's back, 'Xiyan, why are you crying in a good way.'

'Lin Hao, why do you think so, why are they doing this, we are doing a good deed, not a bad deed, why are they scolding us, did they see it with their own eyes, why are they saying this, this is a slander.' Shen Xiyan wiped her tears and was incomparably sad.

Lin Hao suddenly realised that it seemed they also knew about what had happened on the news, the other few people's expressions were no better and were restraining their anger from exploding.

They were all holding back to comfort Shen Xiyan, when in fact they themselves were so angry they were exploding.

The whole group had been working around the clock, not earning any money but also subsidising a lot of money, working day and night to support the supplies and help the affected people.

And what did they get in return ?

Angry scolding, accusations, even the ancestors were sprayed and greeted all over the place.

They could still bear it, but Shen Xiyan cried. Shen Xiyan was pregnant, and was already very sensitive, with large emotional ups and downs.

‘Are you stupid.’ Lin Hao helplessly pinched Shen Xiyan’s cheeks with a bit of baby fat.

Shen Xiyan cried even sadder: ‘Oooh, you’re still talking about me, I’m just stupid, do you dislike me for being stupid?’

‘I don’t dislike it, I just think you’re quite cute when you’re stupid.’

‘You’

Fuyan Wu Zhaoyi Zhaodi er? Shen Xiyan dislike is not, not dislike is not, let Lin Hao to make completely dumb speechless.

‘I say silly Xiyan ah.’ The actual fact is that you’re not money, do you expect everyone to like you? What do we do good deeds for? For people to thank us? No, for how good

we really feel inside ourselves at the moment we save them. What do we care so much for when we're done being cool!

Pfft!

Hearing Lin Hao's fallacious argument, many people spewed rice on the spot, obviously spending money to find a name to scold, but you made it sound so refreshing.

But Shen Xiyao believed it, and nodded gently, 'It's also true that if they don't understand, they don't understand, so why must I attempt to make them understand our good intentions?'

'I just know that every amount of money I decide to sign goes to the people who need it, and looking at their happy and touched faces at the moment they get something, I also feel happy and satisfied.' Shen Xiyao nestled into Lin Hao's arms, 'Besides, I know that even if everyone doesn't understand me and scolds me. Lin Hao, you will understand me, so what do I have to be sad about.'

'This tread can also spread dog food, Kam!' Jun Wu Ren covered his face, 'Hou Yijun ah, I miss you, I miss you all the time.'

The corners of Mo Tianji's mouth twitched, not knowing what to say.

'Now I have an important announcement to make, everyone do as I say.' Lin Hao suddenly became serious and everyone sat up straight, here comes the main event!

Lin Hao announced that the assets of the Tianhai Group would be divided into four parts!

Three subsidiaries were set up at the same time, don't rush to make them public for now!

Mo Tianji and Gu Nansheng were in charge of one, Mo Tianji froze for a moment and clapped his hands then, intending to open a Tianji Medicine, now this was the most just needed thing, to which Lin Hao had no opinion.

Chapter 1892

Jun Wu Regrets and Hou Yijun a company, Gu Yue, Night One the pair also got a share of the funds to start a company.

The last remaining share was left in the Tianhai Group, with Lin Qingcheng and Shen Xiyao in charge.

Divided up in this way, that meant that from then on only the Tianhai Group was transfusing blood to the Heavenly Harm Fund.

The Heaven Sent Justice team, on the other hand, started to transfuse blood towards the three subsidiaries.

‘There’s no one over at the Tianhai Charity Fund is there? Xiao Ruo, didn’t you also channel a large amount of funds to the Heavenly Harm Charity Fund, so it would be good for you to manage it.’ Lin Hao looked at Yun Ruo, he had high hopes for Yun Ruo.

Yun Ruo was stunned, ‘Ah, me, can I? Young Master Lin, you’re not afraid that I’ll mess up?’

‘It’s fine I trust you.’ Lin Hao rolled his eyes in his heart, ‘Mess up? You’re a female Zhuge in the world and you’d still mess up? What’s more, all the liquidity your Yun family can use has basically been thrown into it, it doesn’t matter if you mess up, the Yun family will just go down with you.’

After these announcements were made, the meal was almost finished, so Lin Hao and Shen Xiyan held hands and went for a walk outside the Lin family.

The rest of the group gathered together to discuss things, and even Vermilion Bird stayed behind to listen.

At present, three subsidiaries had been set up, and they were worrying about the names and projects of the other two subsidiaries.

Jun Wu Ren tapped his head: ‘Simple, I’ll call this Jun Men Technology, and the products developed and produced will all be towards the southern snowstorm, to see how we can quickly solve the snowstorm in the south, so that they can return to normal life as soon as possible.’

‘I think that’s good.’ Mo Tianji was very approving: ‘It seems that even if we are sub ? steak Lu Ai Ai Di Yi Shan ? company, also adheres to the will of the parent company of the Tianhai Group, that is, to develop something that is useful to the people, and even more so, something that has to solve the immediate needs.’

‘Right, I think ah, Gu Yue and night a two of them, set up a media, Tian Yue media how ? After all, this time the negative fake news really upset me, we set up our own media company, and a public relations department, if something like this happens again, I won’t be so stifled.’ As soon as Mo Tianji opened his mouth, he immediately got everyone’s approval.

It was true that everyone was holding a lot of anger in their stomachs, and they were equally very puzzled as to why Lin Hao had not mentioned a single word about this negative press, nor had he said anything about dealing with it.

This is just the beginning, but if the matter is allowed to continue to fester, then I am afraid that everyone will know about it.

Vermilion Bird listened on the sidelines, listening in secret shock, this scheming is too scary, right ?

After the others left, Vermilion Bird however suddenly pulled Yun Ruo, Vermilion Bird felt that this woman was not simple, very smart, so Vermilion Bird wanted to ask Yun Ruo what she thought.

‘Why do you think the chief didn’t deal with the negative news ? Also, it’s just at this time to set up a branch, why is that ?’ Vermilion Bird did not evade and asked Yun Ruo directly.

‘Well, I can’t really say, I feel too conflicted, no one in their right mind would choose to ignore the negative news, also, it’s indeed not quite appropriate to open a branch at this time, unless, Young Master Lin has another deep intention.’ Yun Ruo couldn’t figure it out for a moment, much less answer it.

Why did it feel like when something so big happened, Lin Hao’s face was relaxed and easy, as if it didn’t affect him at all.

It was obvious that such an operation was just looking for death, but yet he looked like he was wise and didn’t care.

‘I get it!’ Vermilion Bird’s eyes lit up and he knew that this was not as simple as it seemed!

Yun Ruo froze, ‘It seems like I kind of get it too.’

Yun Ruo and Vermilion Bird looked at each other, both seeing the other’s serious shock.

This man Lin Hao’s scheming was too terrifying!

Even though the internet was now full of negative news about the Tian Hai Group, they didn’t bother with it, but instead quietly started three branches.

The Tianhai Group and the Tianhai Charity Foundation are still operating normally.

These three branches are planned for the development of the disaster area, the time is ripe to come out and clarify, that kind of reversal is the most profound, the most in your face.

Super Son-in-law Chapter 1893-1894

Chapter 1893

The most crucial, this is the best means of publicity, now the more scolded, then the more people know the Tianhai Group, the so-called black red is also red.

What's more, it's only being blacked out now, when everyone knows about it, suddenly clarify, especially when Zhuque can clarify through the official media, that effect is equivalent to a direct hit on the face ah.

'I understand how to do it, I immediately gave an order to all official media, no clarification, but absolutely no involvement in it, let them pour it on, free publicity ads would be comfortable.' Vermilion Bird's face was full of admiration and exclamation, 'I feel like the chief is too great too, isn't it true that he can't spare these clarification costs and advertising fees, trying to save even a little money for those in need.'

Yun Ruo nodded with immense approval, 'I feel the same way, at the same time we need to collect evidence, when the time comes, besides clarification, we also need strong evidence.'

‘If done correctly, that day sea group, I’m afraid, will be a really big group.’

After a discussion between the two men, that was a happy and joyful one, they said goodbye and went to do what they were responsible for respectively.

Outside the courtyard of the Lin family, Shen Xiyan, rubbing her stomach, strolled with Lin Hao, shoulder to shoulder, hand in hand, in the sunset glow.

The afterglow of the setting sun reflected off the surrounding trees, all of which were in a happy colour.

‘Lin Hao, why did you suddenly decide to open a branch? And why do I get the feeling that instead of opening a branch, you are more like splitting up? Because you didn’t negotiate any of the details, not even the direction of development, you just decided to divide the Tianhai Group into four parts and split them up.’ If others couldn’t feel it, how could Shen Xiyan, as Lin Hao’s daughter-in-law, not feel it.

‘Wife, you’re right, it’s unpleasant that we have to be scolded for spending money to do good, not to mention I feel that you’re too tired for the group, there’s no need, I just want to be a normal person ah.’ Lin Hao’s face was full of smiles, ‘So, I’m going to disperse my family’s wealth, live an ordinary life and wait for our child to be born.’

Shen Xiyan was shocked: scattering, scattering all the money in the family? Are you serious?

When she saw how serious Lin Hao looked, Shen Xi Yan believed it.

‘Good, then we’ll be ordinary people.’ Shen Xiyan smiled sweetly, whatever decision Lin Hao made, she supported it.

Shen Xiyan had probably understood that Lin Hao just didn’t want her and Shen Xiyan to work too hard.

By doing so, he was giving them the share that belonged to Mo Tianji, Jun Wuhui and the others, and as for the rest of those people’s, they should also get the corresponding share.

That ? Er Fu closed Wu Fu Yi Ai Zha ? The rest will be theirs.

The next step, I’m afraid, is for the Tianhai Group to give blood to the Tianhai Charity Foundation, and when that happens, even if the Tianhai Group goes bankrupt, Lin Hao will be able to have a clear conscience.

After all, if a hundred billion dollar group does charity until it collapses, what else can be said ?

As for those who don’t understand, go to hell, say what you like, it’s none of my business.

When he saw the news, Lin Hao didn't feel much, until he came back and saw Shen Xiyao crying over this matter, then Lin Hao felt a chill.

It doesn't matter if you are not appreciated and praised for doing a good deed, but if you still scold the person who helped you, that's outrageous.

The most outrageous thing was that it made the person Lin Hao loved the most sad, so Lin Hao's whole plan was now a bit too lazy to dish him out, to put it mildly.

What's more, he Lin Hao no longer has the Tianhai Group, but still has the Lin family again, no longer ordinary, and what to worry about!

'Hello sister-in-law, hello brother Lin Hao.' Vermilion Bird came out and found Lin Hao and Shen Xiyao who were walking, because Shen Xiyao was there, Vermilion Bird was not good at revealing his identity and did not directly call out to Lin Hao chief.

Shen Xiyao smiled faintly, 'Hello Little Bird, are you going back?'

'Well, I'm going back, I still have a lot of things to do, don't worry, Brother Lin Hao, I will definitely do your business properly for you! And do it absolutely beautifully.' Vermilion Bird patted his chest and assured Lin Hao in front of him.

Lin Hao's eyelids fluttered wildly, thinking that this Zhuque was a brain monster, who knows what strange things he had just made up.

Chapter 1894

Scared, Lin Hao hurriedly stopped Zhu Que, 'Don't, you mustn't mess around! There's something I can do that I need your help with!'

'I understand! Don't worry, you can rest assured that I'll do my job.' Vermilion Bird winked heartily at Lin Hao, the chief is the chief, the level is really high, in order to hide from everyone planning this big event, even deceiving himself.

Shen Xiyan looked at Zhuque who was so happy that she jumped and left, Shen Xiyan looked puzzled, 'Lin Hao, what did she understand?'

Lin Hao rubbed his aching temples, 'Hell knows what she understands, I don't even understand it myself! I just hope this girl doesn't mess up.'

Shen Xiyan felt a little amused at Lin Hao's appearance, she had never seen Lin Hao have such a headache with someone.

The battle on the internet was in full swing, getting bigger and bigger, but I don't know what was going on, but the official media just didn't move, as if they couldn't see this.

Countless spammers have run to the official media to comment, to spew, to demand that the official media come out and say something.

But all of them were silent.

The company's main business is to provide a wide range of products and services to the public.

The original keyboard warriors are bored, how come there is no movement? Now that someone has finally come to the line, it's even more lively and more? The first time I saw them, I was so excited. The story is that the story is about the people of the city.

The result is that the topic has not been off the hot search for half a month, the heat has not been reduced, and even the seventy old men in the remote villages who have just been connected to the internet know about it.

The products of the Tianhai Group were boycotted on a large scale and even the funding was questioned, and what others donated, they simply took away.

But the things donated by the Tianhai Group, they first look at the production date, and the packaging, and even open it to their face to see, all the time expressing how much they dislike the things donated by the Tianhai Group.

When Yun Ruo was angry, she even overturned her desk, so she could see how angry she was in her heart.

Yun Ruo even personally called Zhuque: 'Boss Zhuque, I don't want to put up with it anymore, these people, bullying too much, let's close the net.'

The voice of Yun Ruo was a bit choked up, really do not know the real feeling if not personally experienced.

It's too hard to bear!

Why do you insist on doing a good deed while being scolded and disliked at the same time, how cheap is it to do it yourself?

Yun Ruo and a month ago Shen Xiyan is feeling the same way ah.

However, this month, Shen Xiyan has been in the baby, because the day of delivery will soon arrive, Tianhai Group also directly dumped out to let others to manage, so Shen Xiyan for the current situation, basically do not know, every day is Lin Hao accompanied her, she does not want to care about these things.

Lin Qingcheng also felt Lin Hao's intention, and did not bother much about the Tianhai Group, but it was Lin Rui who was angry and arranged for a member of the Lin family's first line to manage it.

'I'll count the days, in a couple of days, the chief's child is going to be born, give the little one a generous gift.' Vermilion Bird could not resist a little, but thought better of it and waited, after planning for so long, it was time to close the net.

But after thinking about it, it would be better to give Lin Hao a surprise, wouldn't that be nice?

The first thing you need to do is to get a good idea of what you're getting into.

The vermilion bird and Yun Ruo didn't do anything, but there was widespread information on the internet again.

[Tianji Medicine makes fake medicine, no effect, even strong side effects, shocking, Tianji Medicine is actually a branch of Tianhai Group!]

[Junmen Technology explodes with scandalous insider secrets, quality is not up to scratch, deliberately lowering prices and disrupting the market, note: the company is also a branch of Tianhai Group]

[Tian Yue Media, a branch of the same Tian Hai Group, unscrupulous media, professional in reporting fake news for thirty years!]

These topics were again thoroughly pulled into the headlines, a hot mess, but all negative.

Super Son-in-law Chapter 1895-1896

Chapter 1895

This month, the Tianhai Group shrunk by 50 percent, and the staff could barely afford to pay their salaries. This matter was advanced from other branches, and Mo Tianji and the others didn't dare to tell Lin Hao, for fear of affecting Shen Xiyan's mood.

The three branches were flourishing, but they were instantly hit by a devastating blow.

Customer complaints and returns abounded, and even material suppliers and sellers said they wanted to sever ties.

In a short period of time, all the companies have suffered a staggering loss, and it is fortunate that there is a lot of financial support from Heaven Sent Justice behind the scenes, otherwise, I am afraid that within a few days, it would have evaporated completely. However, if this goes on for a long time, there is no way out at all, it is a headache.

Originally, when Zhuque received Yunruo's call, he was still a bit hesitant, but when he saw the news, he was completely furious.

These guys were trying to make the Tianhai Group gang whole to death. At the same time, Zhuque had already found out that in addition to the traces of the operations of the Xu and Long families in Jinling, there were also moves in the capital.

With a gloomy face, the Vermilion Bird gave the order: The Light Project is launched! Anyone who interferes will be killed without pardon!

All the members involved in this plan received the news, and almost everyone acted at the first opportunity.

Yun Ruo was also stunned when he saw Zhu Yao's message, why had he suddenly changed his mind?

But the people under his hand quickly reported the situation on the internet to Yun Ruo, and only then did it dawn on Yun Ruo, so it was like this, so let's act!

.....

At the Lin family, Lin Hao was sitting in the courtyard with Shen Xiyan in his arms, his face full of happy smiles.

Shen Xiyan did the same.

The two of them were so comfortable these days, not hearing anything outside the window, so to speak, not having to think about any troublesome things, just so comfortable.

'I'll take care of Xiyan, you go take a rest.' Lin Qingcheng walked in from outside.

Lin Hao wasn't being pretentious, it should be just these two days.

Lin Hao left his small courtyard and went straight to Lin Rui's study.

'Yo-ho, why are you kid free to run to my place today, don't you not even leave the courtyard door every day, just accompanying your daughter-in-law to get bored?' Seeing Lin Hao coming over, Lin Rui was also very surprised, not expecting Lin Hao to come over to his side.

Lin Hao was not good-natured and brought over the tea that had just been poured in front of Lin Rui: 'Uncle, why are you saying that so hard? What's wrong with a man taking care of his own daughter-in-law and loving her?'

'What? What did you say? What did you just call me?'

Lin Rui saw that Lin Hao had snatched the tea he had just poured, a brat who had no respect for others and should be taught a lesson. But Lin Hao called him a name that made Lin Rui speak with a trembling voice.

'What did you just call me? I just didn't hear you, shout it again!'

Lin Hao gurgled and finished his tea, good tea, Lin Hao was as casual as a cow chewing on a peony: 'When did you get deaf, eldest uncle?'

‘Fuck off, you’re the one with deaf ears!’ Lin Rui was so angry that he scolded Lin Hao, but his face was so smiling that the corners of his mouth were grinning to the back of his head.

He was so happy!

This brat was finally willing to call me uncle, it wasn’t easy.

The fact that Lin Rui is not stupid either, this brat is suddenly so nice to talk to,? The fact that he was so good at talking to me was a good sign. It’s not a good thing.

The actual fact is that you can find a lot of people who have been in the business for a long time, but you can’t be sure that you’re going to be able to get a good deal on this. You have to say that I can’t help you with your group’s affairs. It’s hopeless now, at first you don’t not save, long past the best time to resuscitate.

‘What do I care about that stuff? I’m looking for you for something else, I’m asking you if you can go and tell your grandmother who is in seclusion that her great-grandson is about to be born, can she and her aunt come out for a trip first?’

Shen Xiyan and Lin Qingcheng had been in the Lin family for almost a month and hadn’t seen Old Madam and Lin Yun, and Shen Xiyan was about to go into labour. Lin Hao didn’t want them to leave each other with regrets.

Lin Rui was filled with a torn face, he vaguely remembered the words the old lady and Lin Yun had left behind when they were in seclusion, but after hesitating for a moment, Lin Rui nodded his head and agreed, 'Fine, I'll send you a message, just wait.'

Chapter 1896

Lin Hao left Lin Rui's, humming happily as he walked towards the outside of the Lin family compound, saying that it had indeed been a long time since he had been out, just in time to go? The company's main business is to buy some tonic for Shen Xiyan. The actual fact is that you can buy some tonic for Shen Xiyan.

The company's main business is to provide a wide range of products and services to the public.

Lin Hao didn't choose to drive either, but he had just left the gathering place of the three big families when he felt that something was wrong, heck, which god was staring at him again?

He was being followed!

Lin Hao walked faster, the other side also faster, Lin Hao stopped, the other side also stopped.

So Lin Hao started walking, walking like a dog.

About ten minutes later, an angry roar rang out, 'You're fucking kidding me!'

Lin Hao heckled and turned back, but as a result, Lin Hao was all scared: 'Damn, you, are you a human or a ghost?'

Only to see behind Lin Hao, stood a big fat man with a bloated body and ragged clothes, but this fat man was covered with red skin and flesh, with a fist-sized blister on it, like a toad, too scary ah.

'Haha, you're scared! I am the Flying Dragon in the Sky! The dragon is also in the sky!' Instead of being ashamed, the fatty looked at Lin Hao with smugness.

A phrase flashed through Lin Hao's mind: it's not your fault if you're ugly, it's your fault if you're ugly and still run out to scare people.

At the same time, Lin Hao also became wary, this fatty looked ugly, like a large toad, but his body was glowing with the hot aura of the Dao, and he was also a Grand Master, only at the early stage of Grand Master, but somehow, he gave Lin Hao a strong sense of crisis.

'Are you alright?' Lin Hao stared warily at that Long Zaitian.

A frightening smile bloomed on Long Zaitian's ugly to the extreme face, 'Yes, on the orders of the Dragon King, to take your dog's life!'

‘Who’s the Dragon Lord?’

Lin Hao was all confused, he knew about the Dragon Lord, but what the hell is the Dragon King?

The Dragon Lord’s son?

The Dragon Prince?

As Lin Hao wondered, Dragon Zaitian suddenly moved, don’t look at this guy, he looked as fat as 300 pounds, but his movements were incredibly agile!

Long Zaitian leapt forward and shouted angrily, ‘Flying Dragon in the Sky!’

A mind-blowing dragon roar resounded all around, and underneath Dragon Zaitian’s feet, a terrifying fire-attribute dao energy coalesced into a flying dragon with two wings.

This was a dragon?

Lin Hao was speechless, this thing was a western pterodactyl, Lin Hao had the impression that only a real Chinese divine dragon could be called a dragon!

This thing was at best a flying lizard!

The contempt and disdain on Lin Hao's face was so clear to Long Zaitian that he instantly exploded as if his scales had been touched!

'How dare you! You dare to defy the Dragon King Illusion Body, accept the judgment!'

Dragon Zaitian roared in anger, and the winged dragon beneath his feet became even more furious as the crimson colour around his body began to surge wildly, and his feet even stepped on the six-manifold star, spinning continuously.

The winged dragon's mouth gradually began to emit an extremely dazzling light, and at this moment, Lin Hao felt the threat of death!

'Fiery Judgement!'

As Long Zaitian roared, the winged dragon beneath his feet fiercely opened its mouth, and a hexagram-shaped lava spurted viciously towards Lin Hao!

Lin Hao was shocked, what the hell, a lava spurt in the shape of a six mansard!

The Church of Angels, do you want to make it so obvious?

Lin Hao felt that something was very wrong, so without thinking, he turned around and ran!

Because Lin Hao did not feel the threat of death from this fat man or even the pterodactyl, but the moment the pterodactyl attacked, Lin Hao's feeling of death threat suddenly climbed.

Buzz!

A divine light descended from the sky, and a six-manifold star formation appeared beneath Lin Hao's feet, shining with a holy light.

At this moment, Lin Hao was unable to move a single inch, not even to mobilise a single inch of the powerful Qi within him!

Lin Hao's eyes widened in horror, and he could only watch as the pillar of light, emitting blazing heat, ruthlessly rammed towards his face!

It was as if the Xuan Yuan sword on Lin Hao's body felt the threat, and because of its eagerness to protect its master, the sword buzzed and trembled continuously, trying to break the bonds of the six-manifold formation.

Super Son-in-law Chapter 1897-1898

Lin Hao had the heart to kill, those people from the Angel Church were really shameless, beating him with a sneak attack?

How could they have such a dirty heart when they looked so holy like angels?

Boom!

The terrifying lava spurted all over Lin Hao's face, smeared his face with lava.

This was lava that had been increased by the fire attribute of the dao!

It was killing him!

'Hahaha, my family's Dragon King told me to ask you, what's it like to be unable to fight back, unable to move, only to be able to stand there and let people madly paste your face? Hahahaha!' Long Zaitian was so excited that he even took out his phone to take a video.

Lin Hao's face was very ugly, in that case, the Dragon King this guy was talking about seemed to hate himself more than a little bit.

'Flying dragon in the sky! Crazy paste face!'

Dragon Zaitian was so excited that he flew around in the sky on his winged dragon, and the winged dragon's mouth didn't stop as a blazing hot lava spewed madly at Lin Hao.

Ka-ching!

A discordant crunching sound rang out.

As he watched several lava streams about to paste his face, Lin Hao revealed a ruthless smile.

Sword Domain Divine Action!

With a boom, the six-manifold formation that bound Lin Hao exploded, and the moment it broke free, the Xuan Yuan Sword had fallen into Lin Hao's hand.

Clang!

The Xuan Yuan Sword came out, and golden divine light spilled out in all directions!

Just in the nick of time, the Regulus Sword had broken through the formation's bindings!

‘How, how is this possible! This can’t be!’ Long Zaitian was dumbfounded, didn’t this formation have a wisp of angelic divine thought in it, how could it be broken free?

The two meter area around Lin Hao was covered in lava, he was still thinking of avenging the Dragon King and slowly torturing Lin Hao!

As a result, the formation shattered!

Was this still a human being? He was just an Innate Realm Grandmaster with no Dao Implication!

‘Just now, you asked what it was like to stand still and not be able to move, to have your face wildly glued?’ Lin Hao grinned, revealing a wistful smile!

‘Xuan Yuan Divine Armament! Seal the bundle and set it!’

Swoosh!

The Xuan Yuan Sword shot up into the sky, and then like a meteorite falling from the sky, it ruthlessly dug into the spine of that winged dragon, nailing it to the ground so hard that it couldn’t move at all!

Dragon Zaitian was connected to the winged dragon transformed by the Dao Yin, and as the winged dragon was subdued, Dragon Zaitian could not move either!

The winged dragon let out a miserable scream and Dragon Zaitian hissed in terror.

A sword Qi frantically condensed around Lin Hao!

‘Condense? Dye whisk wu yi shut er wusan?!’

Lin Hao pinched his sword fingers and ninety-nine sword qi converged into a huge sword qi as Lin Hao raised his eyebrows towards Long Zaitian.

Long Zaitian shouted in terror, ‘No, you, don’t come over, don’t come over!’

Lin Hao laughed, at this time you said don’t come over? Is that even possible!

Lin Hao pinched his fingers and flung them repeatedly, the sword qi, which was more than ten meters long and one meter wide, was flung wildly from side to side and was on the verge of producing a birth should.

That huge sword qi swiftly slapped down on Long Zaitian’s face.

It made a crackling sound, interspersed with Long Zaitian's incomparably miserable screams.

Frantic whooping face!

'Stop it! You stop it! You bastard!'

'Bastard! You don't do that!'

'Sword Breath Hoo Face, ah stop it! Please be a human being!'

Long Zaitian was mad!

His spine is fixed by the Xuan Yuan divine sword, he can't move at all!

A great master!

I'm at least a Grand Master, don't I want to lose face?

In response to Long Zaitian's loud and furious curses, Lin Hao's response was that the speed of his sword qi calling for his face once again skyrocketed, as long as it was fast enough, you wouldn't be able to curse out!

'Kill me kill me ah!'

Long Zaitian was going crazy, the titular Grand Master, even if a Grand Master without a backer overseas is not worth much, but you are not allowed to insult him like that!

Patriarchs like dragons? You're not a worm in your eyes, are you?

Even the Angel Sealing Formation bestowed by the Dragon King could not control him, and he had no power to fight back in front of them.

Now Long Zaitian was just begging for death and had no other thoughts.

Chapter 1898

'Want to die, huh? Beg me.' A bitchy smile appeared on Lin Hao's face as he looked at Long Zaitian with a smirk.

How could I let you die easily before I could figure out who sent you here?

‘I’m begging you to kill me, if you kill me, I’ll thank your whole family!’
Long Zaitian’s head was turned into a pig’s head, and not only that, his nose and mouth were full of blood and broken teeth.

The body strength of a Grand Master couldn’t even carry such a build.

‘So sincere? I suddenly don’t want to kill you.’ Lin Hao raised his eyebrows, and still had a tough mouth? Then, the speed of Excalibur’s face call increased once again, while increasing the force by a lot.

A crackling and violent boom rang out.

Long Zaitian spat out a mouthful of blood: thank you, my grandmother, I don’t want your thanks, I just want a pain!

The commotion here had alerted many people, a battle between great cleric powerhouses could be quite a commotion.

Ordinary folk were quick to move away, while some powerful people came to check it out, only to see the scene and everyone was in shock.

No way?

Lin Hao was so fierce?

He was just a tiny peak Zong Shi ah, and without any Dao Yin augmentation, yet he was able to fix the Grand Zong Shi and frantically give his opponent a dear big mouth!

‘Brother Lin Hao err, you continue.’ Lei Ling also followed and arrived, just when he saw that it was Lin Hao, he was instantly surprised, just seeing what Lin Hao was doing, Lei Ling looked at that Long Zaitian full of pity: this guy is really pitiful, messing with whom is not good, messing with brother Lin Hao is afraid that he is hopeless.

The people of the Xu and Long families were also present, and when they saw this scene, they all had strange and complicated faces, but they did not come closer.

The actual fact is that you can find a lot of people who are not in a position to be a part of the team.

However, after half an hour of this situation, everyone was bored and left, and Lin Hao was even a little tired.

Lin Hao waved his hand and the giant sword qi collapsed, turning into powerful qi and merging into Lin Hao’s body. Lin Hao shook his right hand, it was really hard, his hand was numb from the fight.

Seeing that Lin Hao had finished, Lei Ling bounced over to him, her two ponytails fluttering in a cute way.

Lei Ling walked up to Long Zaitian.

At this moment, Long Zaitian was no longer human, especially his face, it was impossible to see, was this still a human face?

The winged dragon beneath Long Zaitian's feet had completely collapsed, and the Xuan Yuan divine sword was still lodged in his spine, and he was lying on the ground, unconscious.

This wasn't a poke to the spine anymore, it was a direct stab to the spine!

'Brother, you are also too cruel, quietly you put people? The sun is not a good idea, but a good idea. All bullying into what kind?' Lei Ling a face of horror.

Then Lei Ling took out a bottle of mineral water from his pocket and splashed it directly on Long Zaitian's face, then gently kicked Long Zaitian: 'Hey, dead fatty, wake up.'

'Ow!'

Waking up, Long Zaitian let out an uproarious howl, his face was numb, he was unconscious, subconsciously shook his body, as a result, the divine sword stuck in his spine was still ah, so shaking, there was another miserable howl.

‘Fairy, are you a fairy sent by the angels?’

Long Zaitian saw Lei Ling and burst into tears of excitement, ah! O angelic god, she has not given up on her believers yet, has she come to take herself to the kingdom of heaven?

‘Fairy, please, take me away, take me to the Kingdom of Heaven, I don’t want to live anymore wow!’ Long Zaitian fell on his face in front of Lei Ling with a snotty nose and a tear in his eye, begging bitterly.

Lei Ling was so frightened that she took several steps backwards, her eyes terrified, ‘Brother! What have you done to him? It’s too scary, why doesn’t he want to live?’

Brother?

Long Zaitian froze, looked at Lei Ling, and with difficulty twisted his head to look at Lin Hao, who was walking slowly towards him at that moment.

Long Zaitian was so frightened that he was almost knocked off his back, ‘Don’t you come over here! You, you’re not human, you’re a devil!’

Super Son-in-law Chapter 1899-1900

‘Want to die, huh? Beg me.’ A bitchy smile appeared on Lin Hao’s face as he looked at Long Zaitian with a smirk.

How could I let you die easily before I could figure out who sent you here?

‘I’m begging you to kill me, if you kill me, I’ll thank your whole family!’
Long Zaitian’s head was turned into a pig’s head, and not only that, his nose and mouth were full of blood and broken teeth.

The body strength of a Grand Master couldn’t even carry such a build.

‘So sincere? I suddenly don’t want to kill you.’ Lin Hao raised his eyebrows, and still had a tough mouth? Then, the speed of Excalibur’s face call increased once again, while increasing the force by a lot.

A crackling and violent boom rang out.

Long Zaitian spat out a mouthful of blood: thank you, my grandmother, I don’t want your thanks, I just want a pain!

Chapter 1900

‘Hey no, I’

Beep beep beep!

It hung up!

Lin Hao looked at the hung up phone and his face darkened, ‘Is this girl that fond of brainstorming and speculating on other people’s minds?’

Lei Ling was laughing off at Lin Hao’s defeated look, but Lei Ling’s good feeling towards Zhu Que was rubbing off on him: not bad, not bad, with such an understanding henchman by his brother’s side, his brother should be a lot less worried, right?

Lin Hao didn’t delay and simply took Lei Ling with him to go buy tonic for Shen Xiyao.

On the internet, the month-long smear campaign against the Tianhai Group and the Tianhai Group branch was suddenly reversed.

Previously, the public relations department of the Tianhai Group and the marketing numbers under the branch also started to fight back, but with little success.

The battle was almost lopsided, the so-called wall fell on the people, froze even other corporate groups, also down, want to share the Tianhai Group this cake.

Only, as Zhuque's operation began, the reversal began! With Zhuque and Yunruo operating at the same time, as well as the three branches of Tianhai joining in one after another, the situation had begun to reverse in an unstoppable manner.

The situation immediately went completely beyond the control of the Xu and Long families, as well as a bunch of groups who wanted to divide the cake and get off the stage.

All the official media came down to clarify the situation almost at the same time, with evidence and video and a whole host of circumstances!

Previously, the official media did not move, but now they directly stood by the Tianhai Group, so the so-called rumours naturally did not break down.

At the same time, Tianhai Group even produced evidence, and even those who had previously vilified Tianhai Group for giving away expired products, as well as some series of underhanded operations, all came forward and personally issued clarifications, stating that they had been deceived.

What they got was not the supplies given by the Tianhai Group at all, but the supplies given by the XX Group, which were all expired or even spoiled, but they put the blame on the Tianhai Group and the Tianhai Charity Foundation, and sincerely apologised for this, hoping to be forgiven.

As for the Tianhai Group's eating of human blood buns, it is even more of a fabrication!

All the companies under the Tianhai Group have used the strongest evidence to prove their innocence!

The purchase price and retail price of the products, the wholesale price, all of them were directly published!

Everyone was dumbfounded at this moment!

Cost price!

No, they were selling them at a loss!

The only company that didn't raise its prices was the Tianhai Group!

For every product sold by the Tianhai Group, a loss was incurred. The only company that doesn't raise its prices is the Tianhai Group! The company is the only company that doesn't raise its prices.

The company is not only making money, but is also making money backwards.

The people who have been subsidized by the Tian Hai Foundation and those who have bought Tian Hai Group's products have come out in solidarity, and the public opinion is almost lopsided, with the Jedi reversing.

Not to mention that those keyboard warriors who had vilified the Tianhai Group, even if they had been spraying with micro-spray, were now silent and even turned around to support the Tianhai Group.

All the suppliers and distributors also pleaded for the resumption of cooperation with the Tianhai Group and its branches, and the suppliers said that they would not pay any fees and would help distribute the products for free!

The suppliers, on the other hand, took the initiative to ask for a lower purchase price.

When the truth came out, the Tianhai Group touched every Chinese with their actions.

Even people who were in a position to do so, appealed, hoping that the Tianhai Group could raise the prices of its products a little, or at least maintain its own operations, because with such a situation of paying money backwards, even if it was a hundred billion dollar group, how long could it support itself before going bankrupt?

Such a group, they really don't want this to go bankrupt!

The Tianhai branch, the parent company's orders exploded, and they all took the initiative to raise prices.

This had dumbfounded Lin Qingcheng, Mo Tianji and the others.

It was the first time that a customer didn't ask for a discount or price reduction, but even took the initiative to ask for a price increase.

At this moment, the Tianhai Group would be the most dazzling protagonist in the headlines!

As for those companies that slandered the Tianhai Group, they were even boycotted by the entire network, including the companies that came down to share the cake, these companies now wanted to die.
