

Super Son-in-law Chapter 1921-1922

Chapter 1921

Sleeping in a doghouse?

Lin Hao has a not-so-mature idea

It seems that the sofa can't even protect the pure and pure self, the only thing that can save myself is the doghouse, I have to repair a luxury doghouse to leave myself a way back!

Well

The soldier king returns to see his daughter sleeping in the doghouse, and in a fit of rage, a million generals return

Some years later, the soldier king is ecstatic with his daughter in his arms, and is happily living in the doghouse! Wonderful!

'Mummy, how can you swear at poop! And you're not allowed to swear, you'll teach the kids bad things!'

'If you didn't do anything wrong, then you can't scold him, this time I was wrong, so apologize to him.'

Lin Ruoshi's soft voice rang out, and her whole body stood up in Lin Hao's arms, just like protecting her calf, using her small body to block that Shen Xiyan's frantic gaze.

What a guy!

Lin Hao called out straight to the bull, this small body, is simply a great mountain
ah, Lin Hao was moved pregnant.

I'm sure it was the right decision to have a daughter, thank goodness!

Shen Xiyan held her forehead with a black face: 'Okay, mommy was wrong,
mommy shouldn't have said dirty words.'

'No, this attitude is not sincere! Auntie Ling'er said so! You have to stand firm
when you are beaten, and you have to be sincere in admitting your mistakes, mama your attitude
of admitting your mistakes is not right, no no no, let's start again!' When Lin Ruoshi saw this
attitude of Shen Xiyan, she immediately quit!

Poof!

Lin Hao and Shen Xiyan both sprayed!

Lin Hao was bursting with laughter, while Shen Xiyan was so depressed that she
spurted blood!

Shen Xi Yan even doubted her life for a moment, was this her own daughter? Was
she born by herself? Could it be that this guy Lin Hao had given birth to her?

‘Yes, mommy was wrong, mommy apologizes, I’m sorry.’

‘That’s right, poop said to forgive you.’ Lin Ruoshi was satisfied now.

Shen Xiyang had a black face, there was no place for her in this house, she turned away in anger, it was too damned infuriating.

After seeing Shen Xiyang leave, Lin Ruoshi’s tender face was full of smiles of merit: ‘Look, I’ve got your family’s status under control for you!’

Good boy!

Lin Hao was speechless, he felt that Lin Ruoshi was the second Lei Ling, girl, you’re only three and a half years old, don’t you have to be so smart?

You’ll be a demon again in the future.

‘Ruo Shi is the best.’ Lin Hao smiled and pinched Lin Ruoshi’s baby-fat face, then continued playing the game.

This caused Lin Ruoshi to wrinkle her nose in discontent, she had worked so hard and this was what she got? That’s it?

‘Daddy, you can’t play with your phone for too long, it’s not good for your eyes. Is playing with the phone more fun than me?’

Lin Hao:

‘Ruo Shi don’t talk nonsense, what kind of words are you using? It’s the phone what’s so nice about it! Does it look better than Ruo Shi?’

‘Okay, okay, so do I look good dad?’

Lin Hao swiftly exited the game, closed the screen and put away the phone, then held Lin Ruo Shi in his arms: ‘Of course my family Ruo Shi is the best looking, come on, daddy will take you out to play.’

‘Yeah, let’s go play!’ Lin? The first time I saw you, I was so happy. Ruo Shi happily stood up and jumped down from Lin Hao’s arms.

He was so frightened that Lin Hao subconsciously reached out to pick her up, fearing that she might have bumped into him.

However, he was still a step too slow and Lin Ruo Shi landed on the ground with a click!

It was over!

The green bricks on which Lin Ruoshi's little feet had stepped shattered, and two small, sunken craters appeared.

Lin Hao was so frightened that he hastily picked Lin Ruo Shi up and looked at her paws with worry, asking anxiously, 'How is it Ruo Shi, are you hurt? Does it hurt? Tell daddy quickly, don't scare me.'

Lin Hao checked and found that although Lin Ruo Shi's foot did not have any wounds, it was just a little red, it was not injured, but it should be quite painful, it was a bare foot on a broken green brick.

'Daddy me, I was wrong.' Lin Ruoshi's mouth flattened and her tears fell, 'I didn't mean to lie to daddy, sob, don't worry daddy, I'll pay for those things I accidentally broke when I grow up and earn money.'

Chapter 1922

Hi!

Lin Hao thought it was something, but it turned out to be this.

In fact, he had already known that this girl was born with divine strength, no better than Lei Ling, just by leaping off the sofa with such a light leap just now, or when Lin Ruoshi carefully controlled the force, that green brick had directly shattered.

It could be seen how strong this girl must be.

‘Good boy, don’t cry, you are daddy’s little cotton coat, daddy’s requirements for little cotton coats are very high, I don’t like those who love to cry.’ Lin Hao wasn’t angry at all, instead he smiled and comforted Lin Ruoshi.

However, Lin Ruoshi became even sadder: ‘But I didn’t just step on these two green bricks

‘Last time I went to Aunt Ling’er’s house, I accidentally smashed the stone lion in front of her house.’

The corner of Lin Hao’s mouth twitched fiercely!

‘And grandma’s favorite purple sand teapot, oooh, I just wanted to have a sip of tea, who knew, it, it shattered by itself!’

‘Auntie Zhuque took me out to play before and a little boy had to shake my hand, then the little boy’s hand shattered

Lin Hao secretly nodded: well, this should, my daughter you also want to miss?

‘Daddy, why am I different from the others ah, I, I feel like a monster, those kids are as scared as if they saw a grey wolf when they see me.’ Lin Ruoshi blinked her big watery eyes and looked at Lin Hao pitifully.

Well?

Nonsense, how could Lin Ruoshi be the Big Bad Wolf, it had to be the beautiful sheep!

‘Heh, Ruo Shi you misunderstood, they are all mortals, but Xiao Shi you are a fairy, get it? We are different from ordinary people, our power can help more people, it’s the ones who use that power to do bad things that are monsters, does Sze understand?’ Lin Hao was good at coaxing his daughter, but he didn’t dare to relax the education of his child.

But there was nothing he could do, being a father for the first time, he really didn’t have much experience.

‘Really? Is daddy great too? Can daddy smash the stone lion at the entrance with one slap?’ Lin Ruoshi’s eyes lit up with joy, why did she feel like she had found a kindred spirit?

‘Let’s go!’ Lin Hao dragged Lin Ruoshi out of the living room and into the courtyard.

Buzz!

A terrifying aura emerged from Lin Hao's body, Lin Ruoshi's eyes widened in both fear and good humour, Dad was so scary at this time!

Immediately afterwards, a sword Qi kept presenting itself around Lin Hao, a scene that directly stunned Lin Ruo Shi, wow, what is this thing?

Lin Hao raised his eyebrows as a flying sword sped away, directly attacking a fake mountain not far away!

Boom!

The sword qi sliced through the fake mountain like tofu, the fake mountain shattered into countless broken stones with a bang, while the sword qi, well felled and unscathed, quickly returned to Lin Hao and continued to surround him.

Dumbfounded!

Lin Ruo Shi was dumbfounded, this was too, too powerful!

Lin Ruoshi applauded excitedly, 'Amazing, Daddy is amazing! He's so much more powerful than Xiao Shi, my dad is the most powerful Wolffy in the world!'

Eh ?

Why Wolffy ? Can't it be the sheep village head aww shucks.

But it was a very cheerful thing to be adored by her daughter.

Lin Hao told Lin Ruoshi that this ability of hers is not unique, there are many, many people like them, and the purpose of it ? Earthly whisk er whisk shan shade ? is to make sure that his daughter doesn't feel alone and feel too different.

It also cautioned Lin Ruoshi not to exercise these powers easily.

This matter Lin Hao has long known, but Lin Ruoshi does not say, Lin Hao also did not ask, because Lin Hao knows that the little girl is very understanding, although the age is small, but is an understanding little girl, afraid that he knows angry and afraid, or even alienated her.

The next half of the day was spent on Lin Hao teaching Lin Ruoshi the cultivation method and how to control the power in her body.

Lin Hao preferred Lin Ruoshi to be an ordinary person in the future, just capable of protecting herself, so he only taught Lin Ruoshi the most common cultivation methods.

Super Son-in-law Chapter 1923-1924

Chapter 1923

Lin Ruoshi was very smart and learned almost instantly. In one afternoon, Lin Ruoshi was almost able to control her power freely, and at the same time, what surprised Lin Hao was that according to Lin Ruoshi's current power, she was already considered half-step to the Xiantian realm, surprisingly, she was approaching the level of a Patriarch?

A small body contains a lot of energy!

Ever since Lin Hao gave Lin Ruoshi the cultivation method, Lin Ruoshi didn't stick to anyone, ate and slept, and basically cultivated.

It seemed to have discovered something remarkable, all happy and bad, almost always studying this thing.

Shen Xiyan was full of sorrow and didn't stop complaining about Lin Hao.

Lin Hao was also quite distressed, how could this girl be so preoccupied with cultivation?

Lin Hao could only deceive himself and then comfort Shen Xiyan: It's alright, children are curious, they are hot for three minutes, one day when they feel bored and tedious, this girl will probably put it down.

Unfortunately, Lin Hao's reassurance did not make Shen Xiyan feel at ease.

It was just that Shen Xi Yan could not persuade Lin Ruoshi either.

Seven days passed in a blink of an eye, but during these seven days, the earth once again underwent a shocking change, and those strange places that had inexplicably appeared, all underwent mutations and frantically absorbed the power of heaven and earth scattered all over the world!

For example, places such as the Flame Island and the Thunder Splitting Mountain in the Heavenly Sea all began to absorb frantically!

In just seven days, these bizarre places had almost completely absorbed all of the Heaven and Earth power to the point of being clean.

In other words, there was no way to continue to raise the realm, not even to recover their strength, and even the martial powerhouses even had a vague feeling that the power and dao essence within their bodies were going to be sucked away as well.

All the strong people began to go mad as they resisted this power and maintained their Daoist heritage.

Lin Hao, however, did not feel this way, but Lin Hao could clearly feel the extent of this heaven and earth mutation, and he found that he was using one point less than the other, but there was no way to replenish it, the sky? He found that he was unable to replenish his energy. The energy of the earth, no, it was gone!

Especially on the fourth day of the seven days, when Shen Xiyan felt the Dao Yin being pulled and his power weakening in agony, Lin Hao finally realised that something was terribly wrong.

Was this era finally coming to an end?

At this moment, all among the Qing Yun Heavenly Palace exploded, countless powerful people were clamouring to leave the Qing Yun Heavenly Palace, but it suddenly closed down!

Lin Cang Dao and Chen Bei Xuan joined forces to place a ban on the palace, and then the five great saints began to converge and deliberate: the end of the Age of Dharma was completely over, waiting for the birth of the forerunner of a new age!

Lin Hao, on the other hand, was incredibly anxious, this situation could no longer be calmed down, would all martial artists be reduced to ordinary people?

On second thought, it seemed that there was nothing wrong with it.

Because Lin Hao found that although Shen Xiyan was uncomfortable, but as she stopped struggling and her Dao Yin continued to dissipate, her strength and realm began to regress, but the problem was not serious and would not endanger her life, so Lin Hao was relieved.

However, Lin Hao still had some doubts, it wasn't right, this situation shouldn't be like this, why didn't Zhuque tell him?

Why didn't Zhuque tell him?

Lin Hao slapped himself on the head, forget it!

Lin Hao was disgusted that Teacher Zhuque was looking for him and found it annoying, he simply pulled all the contact details and instructed the guards not to let her come and bother him.

Embarrassed, Lin Hao took out his phone and dialed Zhu Qiao's number.

No connection!

The second, third, fourth call hammered through, still no response.

Lin Hao was dumbfounded, what was this situation?

In desperation, Lin Hao didn't have the heart to hammer the phone to the Dragon Master, I guess this situation was also quite a headache for the Dragon Master, so he just called Xu Kai, the supervisor of the Jinling Dragon Sect branch, to ask about it.

When he heard Lin Hao's enquiry, Xu Kai was dumbfounded: 'No, Chief Lin Hao, you are the leader of the Dragon Group, don't you know about this? The three captains of the Dragon Group in the capital have all set off with their teams, you, you didn't know?'

What the hell?

They're all on the move, and you, as the leader, don't know anything about it?

Chapter 1924

Embarrassed!

'Ahem, I resigned.' Lin Hao coughed to cover up his embarrassment.

Xu Kai also froze, 'Resigned? That can't be, I didn't receive any notice, oh right, I forgot, Chief Lin Hao this is probably a Dragon Team transfer ordered by the Dragon Master, who cares about you and therefore didn't involve you.'

So kind?

Lin Hao was afraid of being pitted by these people and felt that there could be no such good thing.

Here in Xu Kai, he did learn some information.

The times, they were changing!

And it should be a complete change this time!

This meant that the era of the saints would become a thing of the past!

The energy of heaven and earth was sucked away by those unknowable places that had suddenly appeared!

And then, there was a spurt of spiritual energy as thick as liquid, spilling out into the world! The aura was incomparably dense.

The results of the investigation into the aura had been reached during this period of time, and cultivators with the Daoist Implications could not rely on the aura emanating from these unknowable lands to raise their realms, but only to restore the power within their bodies.

That is to say, now these martial powerhouses, all of their realms are completely set, but those without Dao Yin can instead rely on these spiritual powers to break through to new realms.

The problem was that before the burst of spiritual energy, all of them tried desperately to protect their Dao Yin, and only a very few gave up and allowed the Dao Yin to pass away.

Shen Xiyan was one of them.

Lin Hao was speechless after hearing this, could it be that these saints had anticipated this scene and therefore cut off their dao-implications in advance?

He didn't understand it before, and Lin Hao naturally had a grudge in his heart, but now that he thought about it, although those two saints had screwed themselves over quite a lot and used them as a gun, they had nevertheless not treated them badly.

As for what the new era would be like, with everyone figuring out the situation, Lin Hao had no choice but to whack a phone call to the Dragon Master.

The news he got was similar to what Xu Kai had learned there, while the Dragon Master told Lin Hao that the new era had completely arrived, the old era was about to come, and the Dragon Master wanted Lin Hao to be the pioneer of this era.

In the future, he would take the place of Lin Cang Dao and Chen Bei Xuan and the others.

As for the members of the Dragon Group, the Dragon Master had already arranged for them to go out, including the Dragon Sect who had all gone out to scramble for the unknowable land and guard the other spiritual lands within China!

One of the places up for grabs includes the burning flaming island in the middle of the overseas glacier, from which the spiritual energy spewing out at the moment still hasn't stopped, but is getting stronger.

This kind of treasure land has now become an international battleground for soldiers!

Lin Hao, who had hung up the phone, rubbed his temples with a complicated expression of flesh.

'What's wrong Lin Hao? Is something wrong?' Shen Xiyan was also a bit worried.

Lin Hao told Shen Xiyan the information he had just received, and Shen Xiyan was stunned after hearing it: 'This this is even possible? The spring of a salted fish?'

God damn salty fish's spring!

‘Roar? The actual fact is that you’ll be able to get a lot more than just a few of these.

Suddenly, a furious bear roar came from Lin Ruoshi’s small courtyard, followed by a terrifying aura comparable to the early Xiantian realm bursting out.

‘No good! Little Shi!’ Lin Hao and Shen Xiyan’s faces changed dramatically at the same time, rushing to Lin Ruoshi’s small courtyard almost as fast as they could.

Shen Xiyan was the first to rush towards Lin Ruoshi: ‘Xiao shi is in danger! Mum is here to save you!’

‘Sinful animal, get lost!’ The first thing Lin Hao did when he arrived at the small courtyard was to rush towards the one meter two tall panda bursting through the courtyard, flying up and kicking out without mercy!

This tyrannical aura, which was close to the early Xiantian realm, had actually erupted from within this strengthened version of the giant panda!

There was a loud boom, and heaven and earth changed colour!

That giant panda was viciously kicked out by Lin Hao!

‘Roar!’

The giant panda roared in anger in mid-air, a vague aura had already started to appear around it, and as the giant panda roared, all the aura around it surprisingly surged into the giant panda’s body like mad.

Lin Hao’s face was gloomy, this was a tricky matter, this kick of his own would have ruined even the middle Xiantian realm, but the other party was actually fine!

Super Son-in-law Chapter 1925-1926

Chapter 1925

A violent fluctuation of aura surged within the giant panda’s body, and a pale, verdant bamboo pole quickly coalesced from the aura on the giant panda’s paw!

Lin Hao’s face became even more ugly, this damn giant panda had become a spirit and could still cultivate?

This is really a change of times!

He decided to capture the giant panda alive and have it sliced and diced by the Academy of Cultivation!

As the battle between the two sides was about to start, Lin Ruoshi's childish voice rang out, 'Xiong Er, come down! Don't hit my dad! Dad, don't hit me, that's my pet, that's my Xiong Er.'

God damn Xiong Er!

Lin Hao suspected that his daughter had misunderstood Xiong Er, this was a giant panda, a giant panda! A national treasure panda, right?

The black and white fur, the big black eyes, the naive and dumb look, you're telling me this is Xiong Er?

'Yes, master!' Once the giant panda heard this, his body quickly shrunk, and when the weapon's bamboo was shoved into his mouth, he directly swallowed it by the roots!

'Hello master dad.' The giant panda landed not far from Lin Hao, and even praised, 'Master daddy is awesome!'

Shen Xiyan was dumbfounded at this sight!

Lin Hao was furious: 'Don't be so damn cute, and you, you're a demon spirit that ran away from there? You've become a genie!'

‘Wow, a giant panda!’ Lei Ling and Lin Qingcheng, who heard the commotion, also ran over.

Lin Rui also ran over, dumbfounded: ‘Hiss, this, how did this national treasure come to our house, Lin Hao you ransacked the zoo for your daughter Crap! A giant panda close to the innate realm.’

At this moment, not only Lin Hao, everyone was frozen.

Whisk Yi dyed Yi whisked the ground closed? ‘Don’t be afraid, this, this is the pet I summoned based on the cultivation method taught by my dad, then it’s called Xiong Er.’ Lin Ruoshi walked over towards the giant panda, who happily squatted down and hugged Lin Ruoshi.

This scene scared Lin Hao so much that he almost didn’t make a move, and luckily the panda didn’t do anything else too much, otherwise Lin Hao might have drawn his sword on the spot!

The others in the room were in disbelief, their world view had collapsed.

A giant panda? A giant panda of the Ascended Realm?

But this panda was called Xiong Er!

Why didn't you say it was called Bald Headed Qiang!

Lin Hao came back to his senses and was speechless himself. The Dragon Lord had asked him to be the pioneer of this era, but who would have thought that the pioneer of this era would be his own daughter, god damn twist! This situation shocked the people of the Lin family badly, and they were even a bit baffled.

But soon they also got the answer that this was the rule of a new era.

A whole new era was about to dawn.

The era belonging to the saints was also about to pass!

The same cultivation method was heading towards different paths, even Lin Hao and Shen Xiyan, including Jun Wu Regret, who also had no Dao Implications and wanted to cultivate according to the same method as Lin Ruoshi, never managed to summon their pets out.

That would be amazing.

Was it the rules? Or was it the laws of the Heavenly Dao?

At this moment, Lin Ruoshi is playing happily with the giant panda, which is coaxing Lin Ruoshi like a child, and with that naive and dumb look, it really makes children happy.

The giant panda also changes its size and can turn into a kitten, curling up in Lin Ruoshi's arms.

The only thing that Lin Hao could not accept was that this girl had to call this giant panda Xiong Er.

‘Ow! The bear people will never be slaves!’

This bastard could even talk!

Lin Hao returned with a black face, ‘Unless it’s a package of food and shelter!’

‘Xiong Da says you’re right.’ Xiong Er in Lin Ruoshi’s arms looked at Lin Hao with a dull face.

Lin Hao’s face became even darker, you’re a panda, learn a fart’s wolf cry!

After many attempts, Lin Hao was relieved to find that the summoned pet completely obeyed Lin Ruoshi’s orders and would not harm her at all.

At this time, Xu Kai, who had heard the sound, also ran over, and when he saw the pet summoned by Lin Ruoshi, he was also amazed, and even told Lin Hao that the Dragon Sect and the Dragon Master had unanimously requested that Lin Ruoshi be brought back to the Martial Arts Central Academy to learn a thing or two about it and analyze it.

Chapter 1926

Lin Hao directly slapped Xu Kai away, who spat out several mouthfuls of blood and cursed as he left.

Lin Hao wasn't stupid, Mudd, now his daughter was probably the only one in all of China, if not the world, who had become a pioneer of her time and was at the forefront of this brand new era that was about to come.

Bringing Lin Ruoshi to the Martial Arts Hub Academy for analysis? Fuck you, you're afraid you don't want to slice and dice my daughter for research!

Now that this situation has swept the world, apart from the change of saints, those below the strength of saints, their strength is completely imprisoned, and it is almost completely impossible to improve, sooner or later, they will be replaced by the great trend.

The wheel of history, like the torrent of the times, never stops!

Except for a few people, Lin Hao, Jun Wu Ren and Shen Xiyan, who were still able to continue their cultivation, the others could not, except that, unlike Lin Ruoshi, they were not a product of the old era, nor of the new.

It was as if they were somewhere in between, somewhat incestuous.

Lin Hao could only use a rather oxymoronic adjective to describe them, that is, outside the three worlds and not in the five elements!

Well, that's how awesome it was.

Eventually, with the deliberations of the five great saints, the new era was also renamed, changing from the High Martial Age to the Illusory Spirit Age.

Lin Hao also received a decree from the saints, a heaven-reversing sword light that descended from the sky with supreme majesty.

It was clear to Lin Hao that those big guys who were so high up in the sky were not bound by this rule at all, eh?

It was only when Lin Hao saw Lin Cang Dao and Chen Bei Xuan again that Lin Hao realised that he had thought wrong, that those old things endured far greater restraints than theirs!

Almost at the same time, the Chinese Qing Yun Heavenly Palace, the Soviet War Bears, the Nordic Church, and the Angelic Church of Rice, all announced their ascension at the same time, leaving only one Dharma body in the Church!

The end of the High Martial Era and the departure of the saints truly marked the end of the High Martial Era!

Although Lin Hao was dissatisfied, he still brought Lin Ruoshi to the capital once again.

It was still in the Dragon Lord's study.

'Daddy, these uncles are so scary.' Lin Ruoshi rode on Lin Hao's neck and gave a scare just as he entered.

'Yo, what a cute little girl.' The taotie couldn't help but light up when he saw Lin Ruo Shi around Lin Hao's neck.

Lin Hao frowned furiously staring at Taowu, then dragged Yuanwu over: 'Yuanwu Zhenwei, this one is? Dyeing closed cover the ground to love Xiyi Xi? Not that what control?'

Taowu heard, face instantly pull crotch, second to understand, okay!

You brat to the old me think what people!

The corner of Yuan Wu's mouth twitched, also did not speak.

Lin Hao was really surprised, the Dragon Gate four town guards all gathered here, the Dragon Master's position is one level higher than the four town guards, and the main seat is sitting, it is Lin Cangdou and Chen Beixuan, this two people's aura is very scary, but Lin Hao always feel that these two people's aura is not quite right.

This situation was quite surprising to Lin Hao, yet expected, next, it seemed that there was going to be a big move.

The atmosphere in the meeting room was somewhat dull, no one was the first to speak up, and Lin Hao didn't bother to pay attention to them, instead he put Lin Ruoshi down and held her in his arms to tease his daughter.

Apart from the group of silent men, there was only the occasional sound of Lin Ruoshi's clear and pleasant laughter, which was childish but moving.

Half an hour later, Lin Hao looked at the time: 'Okay, the meeting is adjourned.'

Lin Hao stood up with his daughter in his arms and was about to leave, 'Mud, let me fly from the immediate neighbourhood to the capital just to see a room full of you men staring at each other? I'm afraid it's not Shi Le Zhi.

‘What meeting is breaking up before it even starts?’ Yuan Wu was all mad: ‘You were asked to come to speak about the Herald of the Age, and you froze for half an hour without saying anything, and opened your mouth to adjourn the meeting?’

Even the corners of the Dragon Lord’s mouth couldn’t stop twitching at the moment.

‘Why didn’t you say anything earlier?’ Lin Hao looked straight at these people.

‘Don’t you have any eyesight?’ Qin Long held his forehead speechlessly.

Lin Hao repeated with great dissatisfaction, ‘Why didn’t you say so earlier!’

Super Son-in-law Chapter 1927-1928

Chapter 1927

‘Alright, Lin Hao, tell us first.’ The Dragon Lord was also a little helpless.

‘Why didn’t you say so earlier ! ! ! !’

‘That’s enough! You brat isn’t finished are you?’ Chen Bei Xuan was furious and glared at Lin Hao fiercely, ‘Do you believe that the old man himself will immediately come back from the void to kill and fuck you for a bit!’

Oh ?

Did he go to the void ? Then in that case, this was a Dharma body.

‘Come on! A real man will face me head on!’ Lin Hao wasn’t stupid, you all ran away to the void, is it that easy to just say you’ll come back ?

At this moment Lin Hao isn’t stupid either, it seems that the arrival of the new era is a great rejection for the old era martial powerhouse, and the rejection for these few old things is probably even more terrifying!

‘You’ Chen Bei Xuan was about to spit blood, does this kid have to be so arrogant ?

Clang!

Lin Hao did not joke in the slightest, the Xuan Yuan sword was directly sheathed:
‘Come head on!’

‘Daddy is the best, go Daddy!’ Lin Ruoshi, the king of hustle, clapped online.

‘Come on, fencing!’ Chen Bei Xuan also didn’t hold back and directly pulled out his saber behind his back, without a fight, where would the saint’s majesty be?

It’s just a pity that the four town guards, including the dragon lord’s face are odd, you two real men fencing is easy to make people think wrong, OK.

The two of you are really snobbish ‘ah!

‘All right, you don’t have to be like that, Lin boy, let’s have a look, little girl let your pet out for us to see.’ Lin Cang Dao rounded up the situation before looking at Lin Ruoshi with a benevolent gaze.

Lin Ruoshi cocked her head and looked at Lin Cang Dao incomparably cute, for some reason, this kind old grandfather, seemed quite nice yeah.

‘Old grandpa, this is my pet.’

‘Hmm, I know, I’ll just take a look.’ Lin CangDong nodded with a smile.

‘Mine!’

‘Yes yes, yours, we won’t rob it, definitely not.’

‘Mine! You can’t just show it to anyone.’ Lin Ruoshi gave a cute smile.

Good guys, Lin Hao was speechless, why did it feel like Lin Ruoshi’s pet wasn’t Xiong Er, but the Moonlight Treasure Box? This plot is inexplicably familiar ah.

This has left Lin Cangdou speechless!

A room of bigwigs, froze to this father and daughter to make the two can not gram said.

But seeing that the situation was almost over, Lin Hao did not go too far and asked Lin Ruoshi to summon Bear Two out.

A wolf howled.

A wolf howled, then a big panda close to two meters appeared in the study, as soon as Bear Two came out, he leapt up excitedly and yelled, ‘Dry rice dry rice er!’

It turned out that the ceiling of this study was just this high, not to mention that this one didn’t know whether he had just come out to make himself look more imposing and extraordinary, or whether he was almost close to two meters tall himself in order to become mostly dry rice.

So a leap up, directly through the ceiling, head are hanging ceiling up.

On the first floor appeared the head of Xiong Er, and below the neck hung in the study.

The Dragon Lord's expression was particularly wonderful, the four town guards and the two great saints also had odd faces, and Yuan Wu even looked like he was pinching his thighs to avoid laughing out loud.

Roar!

Xiong Er roared in anger, his body quickly becoming smaller before landing on the ground and darting over to Lin Ruoshi, his dull eyes with large black circles looking at Lin Ruoshi, 'Little Master, is it time to eat?'

Slap!

Lin Hao powerlessly slapped a slap on his head, shame on him.

Next, the crowd also started to study this Bear Two curiously and asked Lin Ruoshi some strange questions frequently.

This Bear II was not summoned by Lin Hao? The actual fact is that you can find a lot of people who are not able to get a good deal on this. The actual fact is, he is not sure, plus Lin Ruoshi is only a three-year-old child, really. The three year old child, know not much, even if you know, there are not so many adjectives to describe it is not?

The good thing is that Xiong Er is more agreeable, and most of the time it's Xiong Er, a simpleton, who answers.

A few hours later, the conclusion finally came out.

Lin Hao also knew a lot of the inside story.

That is to say, from then on, the coming of the era of illusionary spirits, summoned as pets, were also called illusionary spirits.

Chapter 1928

But the last era was already strong in the martial arts and no one could summon an illusionary spirit whether they possessed the Daoist Implication or not, although the advantage of not having the Daoist Implication is that one can still absorb the now dense spiritual energy to raise one's realm.

And the new era has come to exclude martial powerhouses quite a lot.

As for the cultivation levels, they still follow the same set from the High Martial Age, after all, this is a brand new era and everyone is basically figuring out the way forward, completely groping for the stones to cross the river.

Meanwhile the five great saints had all left and taken a large number of peak powerhouses with them, as to what level they were, they did not reveal it to Lin Hao.

Lin Hao only knows that what remains on Earth is only the Dharma bodies of these saints anymore, maintaining the Dao system only, a large number of strong people have left, said the void, the specific Lin Hao also does not know, in short, can contact the original through the Dharma body, but the original look at this situation, Lin Hao feels that they are definitely not coming back.

Lin Hao returned from the capital, the pattern of China surprisingly did not produce too much change, after all, these old hidden families, sects and so on, the bottom is still there, even if these can not be used, but their power still exists.

Even though they can't be upgraded, a Grand Master is still a Grand Master, right ?

However, the crowd had also discovered the downside, the heaven and earth were rejecting them, after every battle, the surrounding aura was absorbed and subsequently transformed into power, their realm would vaguely slip a small portion, although very subtle, yet they could clearly feel it.

Heaven and earth will not allow it!

The great clans and sects also began to tighten up, and even the Dragon Lord had asked the Dragon Group and the Dragon Sect, to begin training Illusionary Spirit Masters.

After all, they would need them to take over in the future!

Even many clans were despondent, they were different from the clans, they were more concerned with bloodline inheritance, but now it was embarrassing, except for the outcasts who couldn't cultivate, they were basically already martial arts masters, now suddenly they wanted to train illusion spirit masters in a new era, but they had no bloodline sons available!

The outcasts of those families, the wastes, have become the meat and potatoes at this moment, but it is really the way of the heavens, the heavens have spared no one.

The Long family residence in Jinling.

Long Kai Tian's face was gloomy as he paced back and forth in his study, his expression quite complicated: 'Did the angels just abandon me?'

'Why didn't they take me away? Aren't you even qualified to leave with the angels?'

'No, no, if I go with the God Lord, what about my Goddess?'

At this moment, Long Kai Tian was as torn as a schizophrenic.

On the one hand, the Angel God did not take him away, he was lost and unwilling. But then he couldn't let go of Xu Linglong. Such complicated thoughts kept hitting his nerves, and at this moment he really wasn't much different from a psychopath.

Buzz!

A divine light fell, and in the light, the image of a two-winged angel slowly appeared, even though it was a shadow, it was full of sacredness and might.

The white feathered wings, the golden holy kai, the angelic face and the devil's figure appeared at the same time.

'God, who has never given up on any of them? Zero Sai Dyeing Idi Aiyi? people!'

'You, as my Lord's world walker, are the right decision to stay.'

'Yes! Divine Lord!' Long Kaitian knelt on the ground with a devout face, as unmistakable as a pilgrim believer who has seen his faith.

‘Awaken, hunting moment!’ When the angelic void finished speaking, his brow furrowed slightly, this damned heaven and earth, the rejection was too strong, wasn’t it?

The divine light dissipated, and along with it the divine void also dissipated and went away.

‘I know what to do now!’ Long Kai Tian stood up reverently, his face devout but his eyes incomparably shadowy, ‘I will definitely sprinkle the faith of the angelic gods all over the divine land!’

‘I will make Lin Hao’s family fall apart! To completely experience everything I have ever lost! I will make Linglong return to my side willingly!’

At this moment, it seemed that Long Kai Tian had never been more awake!

Soon, the Dragon Family’s Grand Elder, Long Yuan, was summoned back, and all of the Dragon Family members, as well as the undercover agents they had arranged, were the first to be given the task to start spreading the Angel God Faith, and in three days’ time, to start implementing the plan to completely bring the Tian Hai Group, and Lin Hao’s reputation, to its knees!

Super Son-in-law Chapter 1929-1930

Chapter 1929

The head of the Long family was directly taken away, along with the two great saints of the Qingyun Heavenly Palace to conquer the Star Ocean, but the Lin family’s Xu Fanghua and the Lei family’s Lin Yun were released, the Lei family’s Xuan Shi Elder did not return.

The Xu family was more fortunate, as that Xu Buwei returned, and the other two Xuan Shi elders did not return.

When he heard the news, Lin Hao almost cursed at the time!

If Xu Buwei could come back, it must be because of that old man Chen Beixuan.

At this moment, the whole of Qingyang Pharmaceutical was secretly producing a special medicine, which was produced under the authorization of Tianji Medicine.

Only, now that the brand is still the same, but the formula is no longer the same, the chairman of Qingyang Pharmaceuticals has received orders that the hunting moment has begun!

This company is none other than the undercover agent that the Xu family carefully cooperated with the Long family to infiltrate.

Not only is Qingyang Pharmaceutical in action, another undercover company, is also in action at the same time, the Yunfeng Hotel chain!

And at the same time had begun to punk out? Closed Yi Di Serving Di Wu? , targeting the guests now.

It's just that most of the guests have put up with it after seeing the signboard of the Tianhai Group, and have admitted their losses, so they haven't had much of a fit.

It's just that the Yunfeng chain of hotels, spread all over the south, while the tactics also began to become more and more aggressive, more and more excessive, the complaints finally began, the network also appeared some negative information, but soon drowned out.

After all, three years on, the Tianhai Group, as well as its subsidiaries and affiliates, has always been a conscientious enterprise, dedicated to serving the common people, who would suspect that such things would appear in a company bearing the signboard of the Tianhai Group?

And with the passage of time, it seemed that as long as the companies hanging the signboard of cooperation with the Tianhai Group, they were automatically categorised as the Tianhai Group's.

'Chief, I'm back, hehehe, did you miss me?' A happy laughter came from Zhu Que on the other end of the phone.

'Don't want to, get lost! Next!'

'Am I that annoying?' Vermilion Bird was speechless, she had just returned from a mission ah, it was so hard to take down Flame Island and plant the Chinese flag on it.

The first time she regained communication, she called Lin Hao, who knew, it was like this.

‘Not doing your job, not being able to contact people all day, not doing your job, do you think I hate you, or do you like you?’ Lin Hao rolled his eyes.

‘Oooh, I didn’t, I’ve been keeping an eye on it, I was about to tell you, the Dragon Family and the Xu Family are starting to act, those two undercover companies want to ruin the reputation of the Tianhai Group.’

‘And ah, many of the top brass have been infiltrated, key departments have undercover agents from the other side.’ Although Zhuque said as if the matter was very serious, but listening to the other party’s tone was a done deal, ah.

The people who stayed at the Tianhai Group have been secretly keeping an eye on the matter and have not done anything about it, and Yun Ruo’s side has not been the least bit lax.

Even if there is a need, at any time they can be kicked out, pressed to death!

‘Oh, donate it then. Donate it to the country.’ Lin Hao smiled, after all, for three years, he had barely been inquiring about the group’s affairs.

But during these three years, the image of the Tian Hai Group was really all over the streets, and the people were simply spreading the word by word of mouth!

The only good thing was that Lin Hao had faded out of the Tianhai Group for three years, and many people probably only remembered that there was such a good man, but were almost on the verge of forgetting what Lin Hao looked like.

This was quite good.

Although he didn't know, Lin Hao also knew that three years ago the Tianhai Group was as big as ever, and after three years of development, I'm afraid it had reached a very scary volume.

'Donated, donated? Chief, do you know how big the volume of the Tian Hai Group is now?' Vermilion Bird was dumbfounded, was it that handsome?

'Donated, that's all.' Lin Hao also ignored it and simply hung up the phone.

Nonsense, he could not know?

After he had diluted the shares of Tianhai Group to the three branches, the shares he owned in Tianhai Group were already very small, only twenty percent.

Chapter 1930

Lin Hao, Lin Ruoshi, Lin Qingcheng and Shen Xiyan each take up five percent.

But at five per cent, each of them has an annual revenue of over 30 billion, so the total profit of the Tianhai Group must be almost 500 billion to 600 billion!

The total revenue alone is such a terrifying level, can that volume be small?

The three branches even offered to give Lin Hao 50% of the dividends every year, but Lin Hao refused, and they turned around and threw the money into the Tianhai Charity Foundation.

Lin Hao didn't have a problem with it, money, it couldn't be spent, more would just be a number.

'I get it!' Zhuque was very indignant at being hung up on, but on second thought he figured it out.

'High, really high! Not bad for a chief to donate out, would the top allow these problems to occur? No, it's not allowed! And at the same time, it's reminding me that it's time to act.' Zhuque excitedly called Yunruo, while the departments quickly began to act!

Soon, the company began to raid Qingyang Pharmaceutical, as well as the Yunfeng hotel chain, and began to send people to approach the higher-ups in charge of negotiating the Tianhai Group's donation.

‘Haha, wake up, hunting time! You think you are wolves? Sorry, you’re just lambs in this girl’s captivity, ah, tremble! Mortals.’ Vermilion Bird crossed her arms, so pleased with herself.

In no time, Qingyang Pharmaceutical and the Cloud Peak Hotel chain, from top to bottom, were all brought to an end in one pot!

Including those undercover agents within the Tianhai Group who were targeted!

The internet was awash with news that the top management of Qingyang Pharmaceutical Group had been detained for manufacturing counterfeit medicines, while Tianhai Group apologised and sued Qingyang Pharmaceutical, demanding such a horrendous amount for breach of contract that Qingyang Pharmaceutical couldn’t even pay for it with its trousers down!

The Yunfeng Hotel chain was in a similar situation, this kind of behaviour is a serious breach of contract, and was directly invited to tea.

As for those who were swindled and ripped off, all the guests were recorded, all contacted and compensated tenfold and pleaded for forgiveness from the guests.

The image of the Tianhai Group is so high that even after so many problems, only a few people have been exposed on the internet, which shows the reputation of the Tianhai Group and its image in people’s hearts.

With such a sincere attitude, naturally everyone chose to forgive, in exchange for countless shouts of approval.

As a result, Long Kai Tian's plan, which had been planned for three years, was directly aborted the day before the action was implemented.

Three years of planning! It was broken in less than two days!

At this moment, Long Kai Tian wanted to die!

Holding a knife to Long Yuan's neck, his gaze was cold and shadowy: 'You say! Who the hell is the wolf and who is the sheep? Tell me!'

Long Yuan was chilled to the bone and finally opened his mouth after half a day of panting, 'Ow..... ow?' At this point in time, the roar of the Long family was incessant!

In less than five minutes, Long Yuan had become a pig's head and his entire body was no longer human.

He was directly hammered by Long Kai Tian with a vicious explosion!

'Ow, ow your mother's head ow! Are you an idiot?'

‘Shit, how did you become a Grand Elder with that kind of IQ! I really want to hammer you to death!’

Long Kai Tian was furious, I asked you whether the Long Family was a wolf or a sheep, and only at the beginning of this game, the other side was steadily overpowered.

You really think you’re a wolf?

You’re a husky!

Long Yuan’s face was pale with embarrassment, he also panicked ah, this thing beyond? The fact that this is beyond? The other people are always one step ahead, they are just ready to make a move, but their plan is ruined.

The company’s main business is to provide a wide range of products and services to the market.

It was Long Kai Tian, who had beaten up Long Yuan so severely that his anger had dissipated a little and he was not so angry anymore.

The hideous and horrible expression slowly returned to calm.

‘Phew, well, get up, I’ve got my hands full, it’s not going to cost you your life.’
Long Kai Tian patted the dust on his body and sat back in his chair.
