

Super Son-in-law Chapter 1971-1980

Chapter 1971

As soon as Xiong Er lifted Xiao Mu away, it wasn't long before that Xiong Er's trademark greeting rang out in the woods.

'Hey? Old Brother Xiao Mu, this is a nice watch you have!'

'What's this? What's this wrist guard? It's really nice.'

'I think this jacket fits me pretty well too

In less than five minutes, Xiao Mu's miserable voice resounded harshly, 'Is there any more king's law! There is no more justice! Bastards!'

'Little Black, go, drag this bastard to work in the mine, he only has so little on him, go and be a tool man.' Xiong Er scavenged all the paper money stuff on Xiao Mu's body, not even a nice brooch was spared, with a big wave of his hand, he directly threw this unlucky bastard away to dig the mines.

The remaining four people in the squad had a cold shiver down their spines, they didn't know what kind of torture Xiao Mu had gone through in five minutes!

So, without saying a word, the remaining men handed over all the Thunder Meteorites and Spirit Cores they had snatched from the other teams as ordered to Lin Hao.

The four of them all had as many as a thousand thunder meteorites combined.

‘What do you guys mean by this?’ Lin Hao had an old face, ‘Bribing me, the captain?’

The corners of Zhao Chen and Lin Yin’s mouths twitched viciously, and they couldn’t help but spit in their hearts: what the hell are you trying to do?

Ye Yu smiled, ‘Nonsense, how can this be called bribery? We are obeying Lord Vermilion Bird’s order to hand over the Thunder Meteor to Captain Lin for safekeeping.’

Not bad, not bad, the little girl is very agreeable!

Lin Hao took a deep look at Ye Yu, what a gentle, quiet and intelligent beauty.

Lin Hao put on a look of immense difficulty, as if these Thunder Meteorites were some kind of hot potato: ‘You guys are making it difficult for me, the more this stuff, the bigger the target ah, alas, who let me obey orders so much, then I’ll just reluctantly keep it for now.’

‘You can be a human being.’ The crowd spat in their hearts, but on the contrary, their faces had to show great approval and admiration, praising Lin Hao for being a good captain.

This was not all, Lin Hao just glanced at that lewd glasses man Chen Kai, which scared Chen Kai into quickly pulling off his own clothes, everything except a pair of trousers, stripping himself naked in a terrifying speed of a few seconds, and then handing it all to Lin Hao in front of him, ‘Captain, I know the rules, I know everything.’

This time it was Lin Hao’s turn to look black, what the hell does this mean?

‘I’m really a bandit who doesn’t live in the grass?’ Lin Hao was so angry that he disliked him!

‘You don’t know shit!’

Chen Kai hurriedly nodded: ‘Yes, yes, I understand all of this, those who understand this matter understand, but those who don’t understand can’t explain, in short, this matter is very involved. The one who doesn’t understand don’t ask, because? The actual fact is that you can find a lot of people who have been in the business for a long time. move all have gained the benefit of going ashore.’

‘And don’t go searching on the internet because the traces have all been deleted, so in short those who understand understand understand. Captain Lin you completely at ease, I understand.’

The corners of Lin Hao's mouth twitched and his eyelids fluttered wildly, he really wanted to curse out: understand nimala a fragrant pot hammer understand!

Lin Hao had a black face and took all of Chen Kai's things, at this time Zhao Chen hesitated and was also ready to pick up his own valuable things, but it was Ye Yu and Lin Yin, the two girls, who looked at each other with a torn expression.

Seeing these people's reactions, Lin Hao's heart cried out incessantly, come on, he was completely without image.

'Alright, you three don't follow his example of fooling around, let's go with me to the camp first.' Lin Hao hurriedly stopped the three of them, Zhao Chen was fine, if he forced the two girls to do the same, then how could it be? In addition Lin Hao took a deep look at Chen Kai: 'You kid is very good.'

'Hey, hey, understand all, don't worry, I understand!' Chen Kai smiled excitedly and proudly, as if he was as proud as if he had patted the right big brother's thigh.

All Lin Hao wanted to say was, 'Kid, you're fucking enlightened!'

The three men who didn't pickpocket anything of value for Lin Hao were even more apprehensive at the sight.

When they reached the camp, these few people were stunned, it simply stunned them.

Chapter 1972

This basin was surprisingly littered with thunder meteorites, the number was huge, just what shocked them the most was that there were several tents in the basin, all living facilities were available, with the thunder space should it be so convenient?

In fact, what shocked them the most was that the group of people from the Long family, as well as Xiao Mu and a group of thunder beasts, were struggling to dig the mine, the thunder beasts and people a piece became the perfect digging tool people, and the picture should not be so harmonious?

Lin Hao arranged for the four to go to one of the tents to wash up, after all, they looked too wretched.

After washing up, Lin Hao personally cooked a big meal for them, which moved the four of them to tears, seeing this scene Lin Hao really didn't know how they had come through all these days.

The three of them, especially Ye Yu, were relieved to see that they were not treated any differently from Chen Kai.

On the contrary, from afar Long Yuan and the others were furious at the sight of this scene, yet the slightest slacking off was met with a severe beating, and they were frostily beaten to the point of having no temper at all.

Only Xiao Mu, wearing big trousers, shouted in grief and anger: 'What's the reason! It's not fair! Why are they washing up and eating a big meal, while I contribute all I have and have to be a drudge here!'

'Blacky, go and tell him what's fair.' Bear Two was on a boulder in the distance, crossing his legs and waving his paw, and Little Black, who was the head overseer, jerked his head up.

Xiao Mu's body jolted and he let out a miserable scream of ow, the tools in his hands all waved in a burst of stigmata, and his mouth hastily yelled, 'This is what is fair, this is what is fair in the treadmill, I know, I get it, tool man, I am a ruthless digging tool man!'

Lin Yin and the others were holding their foreheads with black lines, they really wanted to say that they didn't know this douchebag, but at the same time they were secretly glad that they knew what they were doing and didn't start a conflict with Lin Hao.

After letting them rest for about two to three hours and having enough to eat and drink, Lin Hao clapped his hands, 'How did everyone rest and how did they eat?'

'Thank you, Captain Lin, well rested and well fed. You don't know how many days we haven't eaten so comfortably, it's like heaven.' Zhao Chen touched his round stomach, that screamed satisfaction, as if he was in a sage state.

Ye Yu and Lin Yin were keeping their girlish reserve, not showing as much as Zhao Chen, but their pretty faces were also filled with contentment.

Lin Hao saw the scene and snapped his fingers.

Xiong Er understood and took out four digging ? Wu'er zero Yi Shan picking up the ground Shan ? special tools for mining, placed them in front of the four and said very skillfully, 'Go ahead and start your great day's work!'

'What does that mean?'

The four people are confused, hell, after all, can not escape to be mining tools people chant, this hurdle is not able to pass it!

I thought there was a difference between them and those mining tools, but it turns out there is no difference!

'What do you mean?' The second bear laughed heatedly, 'You just ate a meal and you can top it out, right? Still want to eat the next meal, then go to work, through their own labor to obtain understand? Why do I feel that you are all lazy and lazy!'

'Hurry up and get to work! You guys can be better than them, you can rest once in a while, they, hehehe'

Xiong Er's sorrowful laughter made the four people involuntarily shiver, especially at this moment it happened that Xiao Mu slacked off for a bit and then received a social beating.

The four men were so scared that they didn't dare to say anything, and it was bad luck to have such a captain.

Zhao Chen's face was a bit ugly, delayed any action, Lin Hao also did not urge, Xiong Er is even more lazy, reality will teach them!

'Captain Lin! It doesn't really matter if I'm made an absentee, just obey all orders, but I still want to remind Captain Lin.'

Lin Hao looked at Zhao Chen indifferently, 'Go ahead.'

'Our responsibility is not to mine, let alone obtain spirit cores, our core task is to find the core, the core ah!' Zhao Chen wanted to die, did Lord Zhuque really think this one could find the core?

Super Son-in-law Chapter 1973-1974

Chapter 1973

Lin Hao cursed in his heart, 'Find a fart core, I'm so poor, this new era has come, everyone is starting from scratch, standing on the same starting line, if I don't save more for my daughter, how can I compete with those bastards in the future?'

However, Lin Hao's face was unperturbed and steady: 'Then how do you know I'm not looking for the core?'

Zhao Chen: ????

‘Big brother, you look like you’re looking for the core there, you’re only using your power for personal gain!’

‘What did the Vermilion Bird tell you.’

‘Lord Vermilion Bird said that we should listen to everything Captain Lin tells us to do, and that these thunder meteorites are also, most likely, the key to your search for the core, Captain.’ Zhao Chen said with difficulty, while in his heart he was slandering, crazy, it felt like Lord Vermilion Bird had gone crazy along with him.

‘Then what’s the point of wasting words, dig for it! Execute the order!’ Lin Hao didn’t bother to care what these people thought.

‘Aye, Captain.’ Zhao Chen stood up with a swish and saluted $\angle(^{\circ\circ\circ})$, it was Zhao Chen who looked at Lin Hao with an expression full of oddity.

After Zhao Chen left, Lin Hao’s face was also a little helpless.

It just so happened that Lei Ling pulled Lin Ruoshi over and seeing Lin Hao’s expression, she couldn’t help but open her mouth to ask the amount.

‘What’s wrong? Feeling led astray by Xiong Er and becoming a bandit leader, feeling guilty in your heart?’

Lei Ling was clear, the old Lin Hao, was not such a person at all, much less being so easily influenced, perhaps, all for the sake of Xiao Shi, his daughter.

‘Come, little shi let daddy hug her.’ Lin Hao smiled as he hugged Lin Ruoshi in his arms, his face filled with a doting smile, ‘Just kidding, what am I ashamed of, am I not looking for a core?’

‘This is the first spirit domain, no one knows what method to use to find the core, I’m testing in various methods and using my own method in finding the core, okay.’ After saying that Lin Hao silently added in his heart, ‘So be it, the big deal is to come in again when the time comes and just focus on helping them find the core.’

Lei Ling didn’t bother to refute Lin Hao, just brushed his mouth off and didn’t even bother with him.

Just then, a mind-shattering, heaven-destroying and terrifying aura suddenly erupted from the other side of the mine!

The moment this aura appeared, both humans and spirit beasts fell to their knees, unresisting, and threw themselves to the ground!

Lin Hao forced himself to endure the terrifying force and did not fall to his knees, but his heart and soul were so shaken that his meridians cracked, and he spurted out mouthful after mouthful of fresh blood.

With the mine pit as the centre, this earth-shattering aura quickly radiated out, like an explosive shockwave, sweeping across the entire Thunder Split Mountain Spiritual Domain!

In an instant, the human beings within the Spiritual Domain, their souls trembling, fell to their knees, and the thunder beasts within the Spiritual Domain even fell to the ground, not even daring to raise their eyelids!

Like a god descending, like the majesty of a heavenly god!

A terrifying thought came to all humans and thunder beasts: inhuman!

A terrifying being with such terrifying power that no human could ever attain!

Vermilion Bird was in the command room, monitoring the situation in the spirit realm according to the heavenly eyes set up by members of the Dragon Team, however, the next moment, violent sparks emerged from all the instruments, and then the appalling aura was felt outside the spirit realm!

Lin Hao fought for his life and used his own strong qi to protect his daughter in his arms to the death, blood gushing out as if he didn't want money.

At this moment? The first thing that happened to him was that he was not able to get the blood out. Lin Hao was trembling because this aura was a hundred times more terrifying than the terrifying ones he had felt on Lin Cangdou and Chen Beixuan!

What kind of existence was this?

Was this still human?

The mine pit lit up with countless mysterious and complex inscriptions, each of which seemed to possess the terrifying power of the Great Dao of Heaven and Earth. In front of this power, Lin Hao felt like an ant looking up at the stars in the sky.

The inscriptions lit up, and translucent arcane light formed a pillar of light connecting heaven and earth. Inside the pillar of light, a delicate figure wore an immortal dress that glowed with seven-coloured light, and her delicate body was hidden beneath the thin skirt, which also appeared translucent, and her body also shone with seven-coloured divine light.

Chapter 1974

With a face like a peach blossom and bright eyes like the white moon, she was like a fairy descending from the earth!

But the next moment, Lin Hao exclaimed, 'This is not a human being!'

That's right, this wasn't even human!

This woman was like a celestial immortal descending to earth, except for the fact that her divine light was translucent, she was just like a real person, but she had a pair of antlers on her head!

This was a legendary demon that had cultivated into a spirit?

'Hm?' The deer-horned woman's eyes darted around and landed on Lin Hao.

Boom!

Like a mountain suddenly landing on its body, the terrifying weight almost caused Lin Hao to shatter in pieces in an instant.

A simple glance was as terrifying as this!

Within the spirit domain of Thunder Split Mountain, both man and beast were unable to move a bit at this moment, the power within their bodies, their blood began to boil more than just a little, and a burst of mist surrounded their bodies.

'Lift up your heads and look up to my Lord!'

Almost everyone and the thunder beasts subconsciously raised their heads, no matter where they were, in any corner of the spirit realm, as long as they raised their heads, they would be able to see the divine woman who was glowing with seven-coloured divine light at this moment.

The pair of antlers glowed with a faint red light, and her silver hair fell to her waist like a waterfall.

The Antler Fairy's beautiful eyes darted around, and suddenly a flash of surprise flashed across her city-defying face as she looked towards Lin Hao.

‘Hm?’

‘I haven't asked you to raise your head yet, why are you raising your head early?’

Buzz!

As the woman's gaze descended on his body, Lin Hao felt his blood boiling all over his body, as if it was about to all burn away in an instant, the thunder in his sea of consciousness was even more wildly disordered, even, even Lin Hao could feel the fear and dread of the power within his body.

Lin Hao's head was in a cold sweat, it was too damn scary, the pressure was too great, even when facing Lin Cangdou Lin Hao had never felt this way.

What to do? The Westland dyed er dyed to cover the service whisk?

Is it because he is too handsome? How come this put the attention on himself as soon as he came up?

'So what, you didn't say you weren't allowed to raise your head in advance didn't you.'

Lin Hao stiffened his head, carrying the terrifying pressure and spoke with a sarcastic smile.

Boom!

Lin Hao's blood gushed furiously, his entire body was like a heavy blow, his body flew backwards a thousand metres away, and the rocks that were as hard as rocks along the way, collided with Lin Hao, destroying him like tofu dregs, sending rocks flying, and then landed hard on the ground, like a meteorite falling from the sky, causing a cloud of smoke and dust.

When the smoke and dust dissipated, Lin Hao was lying in a big crater, with cracked wounds all over his body.

Boy, a thought of life and a thought of death!

‘Brother Lin Hao!’ Lei Ling’s face changed drastically, her pretty face filled with anger as she stiffly carried the pressure and fiercely stood up with only her physical strength, her gaze angrily staring at the deer-horned fairy.

Lin Ruoshi even shouted anxiously, ‘Xiong Er, hit her! She’s a bad sister, how can she hit daddy!’

Bear Two: ow ow ow ow

The second bear was lying on the ground, not daring to move, his body was trembling, and his heart was slandering: ‘Little master, it’s not that I don’t want to hit her, it’s that I can’t even move the thought of hitting her!’

‘What a strange two dolls.’ The Antler Fairy looked at Lin Ruoshi and Lei Ling with some surprise, as if she had found something interesting, one was just a small Illusionary Spirit Master, and the other was not a martial artist from the last era, nor an Illusionary Spirit Master.

But the two actually stood up against their own pressure, which was really strange.

A furious wave sped from afar, a shocking sword intent erupted with blinding golden light, and at this moment Lin Hao, holding the Xuan Yuan sword, was bathed in blood and miserable, while the Xuan Yuan sword in his hand erupted with an unprecedented dazzling golden light!

All the thunder in the sea of consciousness was mobilized by Lin Hao, who was surrounded by thunder, with dark clouds rolling above his head, like a thunder god of war coming out of a thunder pool!

‘Come at me! Don’t touch my daughter!’

Lin Hao shouted angrily, and his sword intent reached the ultimate level!

The First Form of the Seven Killings Divine Sword Duel! Sword Qi Breaks the Water!

Buzz!

Super Son-in-law Chapter 1975-1976

Chapter 1975

The second stance followed closely behind, as Lin Hao was surrounded by nothing but thunder, and a vertical sword intent, with over a hundred sword qi surrounding his body!

Followed closely by the Sword Domain Divine Walk!

The fourth stance, the fifth stance, and finally the sixth stance!

All the sword intent was concealed but not released, gathering itself together, at this moment Lin Hao was even sharper than Xuanyuan's sword!

At this moment, the people and thunder beasts of this world were all looking at this scene in astonishment, even the Deerstalker Fairy was looking at Lin Hao with astonishment.

Ka-choo!

It sounded as if something had shattered!

It was done!

Lin Hao was overjoyed, the Seventh Form of the Seven Killings Divine Sword Duel had finally become a success!

'No matter who you are! No matter how strong you are, if you dare to touch my daughter, I dare to destroy you!'

'If you are the sky, I will tear this firmament apart!'

‘The Seventh Form of the Seven Killings Divine Sword Duel! One sword, seven kills!’

In a flash, Lin Hao held the Xuan Yuan Sword in his hand, and with a single sword fall, the sword light tore through space, crossing the distance of space and heading straight for the mysterious woman, Lin Hao was even following the shadow of that radiant sword light!

It looked like a single sword, but in reality, seven swords were united, this was truly a sword that opened the gates of heaven!

Above the sky, the sun and moon had no light, and the sword energy tore through the heavy clouds, as if the sky was being torn apart at this moment!

The sword was like a gargoyle, the man was like a wandering dragon!

The sword and the man crossed the distance of space and appeared in front of the Deer-horn Fairy in an instant, the tip of the sword pointed straight at the Deer-horn Fairy’s throat!

Clang!

A sword sounded, the Xuan Yuan sword actually emitted a trembling, sad sound!

‘This

Lin Hao was petrified on the spot, his eyes wide with disbelief at the scene that appeared before him!

How could this happen!

With such a terrifying sword, even if it was a late Grand Master, Lin Hao would have full confidence in sealing his throat with a single blow!

But with this stunning sword, the Antler Fairy merely raised her hand and gently clamped two fingers together, as if the force of a thousand pounds made it impossible for Lin Hao to move a single inch, even though he had used up the last trace of thunder power in his sea of consciousness, he still couldn't make the sword tip move an inch further!

Boom!

Even Lin Hao's body was shaken and his injuries were aggravated again, but the woman with the antlers on the other side still looked as still as ever, except for the long silver hair behind her.

‘You brat! You're looking for death, aren't you? You're making a fool of yourself!’

A voice from the ethereal void sounded like a thunderclap booming in Lin Hao's head, and it was none other than Chen Bei Xuan's furious and incomparable roar!

The deer-horned woman's starry eyes revealed a glint of thought before she spoke after a long time, 'Is it the Seven Killings Divine Sword Duel? Isn't this that little fellow's stance.'

Hearing the other party's words, Lin Hao's head immediately buzzed.

'That little fellow?'

Don't say it was Chen Bei Xuan!

At this moment, Lin Hao felt sincerely powerless, it was too difficult, the other party was a truly invincible existence.

'Put away your sword.' The deer-horned woman gently let go of her hand.

Lin Hao put the Xuan Yuan sword back into its scabbard, there was no way to fight, the other party wouldn't even have a chance to resist if they wanted to kill themselves.

'Sit.' The deer-horned woman gently waved her hand, a pair of stone tables, as well as two stone stools suspended in the void, which were solid and so on with a crystal clear body, emitting a faint dazzling light.

Lin Hao was a bit baffled, was this a human or some kind of monster?

The good thing is that Lin Hao can feel that the other party does not have killing intent, just before he gave the other party a thought to blast a thousand meters away just because he looked up first, think about it all suffocating, when have he ever suffered such a big loss ah.

‘You, are you not convinced?’

Antlers? Wu Yi closed Lu Serving Er Xi Er? The woman sat in front of the stone table, her body was full of transcendent flavor, as if she was in the sky overlooking the world’s multitudes of beings, and she could not help but worship the feeling when she saw it.

Lin Hao rubbed his temples and laughed sarcastically, ‘I wouldn’t dare, it’s nothing at all.’

‘You’re just not convinced, I can feel it, what’s your name?’ After saying that the deer-horned woman added, ‘I am the Lord of the Spiritual Domain, I control the entire Spiritual Domain, here, I am the Lord of Heaven and Earth.’

Chapter 1976

After hearing this, Lin Hao almost didn’t vomit blood, what the hell is this?

Could it be that this perverted deer-horn woman was the core that the Dragon Group was looking for?

What kind of core is that? There's no one under the sun who's a match for this woman!

'Speak up!'

'Cough cough cough, I, what's that, my name is Lin Hao.' Lin Hao really wanted to say his name was Xiong Er, but this woman seemed to be able to read people's minds, and Lin Hao didn't dare to mess around.

'I don't have a name, you can give me a life.'

Ha?

Lin Hao was dumbfounded, such a bullying big brother didn't even have a name?

This, this would be awkward ah.

'Then let's call it Lin Liuli.' It seemed that this Lord of the Spiritual Domain even liked this name quite a lot.

At this moment that if nothing else, the pressure was much smaller and everyone had regained their free bodies, but no one dared to move, all kneeling on the ground, including the Thunder Beast.

But everyone looked at the scene in front of them with some confusion. How did that bastard Lin Hao get to talk to this great man and bring him a name?

‘This heaven and earth birthed me, and the two became one, and I am the first spirit of heaven and earth, all the spirits of the spiritual domain, I am the only one, all the power of this heaven and earth, for my use.’ Lin Liuli’s voice was clear and pleasant, full of sacredness, like a god whispering.

Lin Hao didn’t dare to answer the words at all, listening quietly like a good baby.

But mostly it was just boring stuff, she was like the first living being to arise from the beginning of heaven and earth, powerful but also lonely.

‘You want the core of the spirit realm?’

‘It’s not what I want, don’t think too much about it’ Lin Hao was confused by the other party’s sudden statement, and reacted by hastily explaining.

Just kidding, the core and she were one and the same, what was the difference between wanting the core and wanting her life, Lin Hao didn't want to die here for no reason.

'Tell the truth!'

'It's really what others wanted me to find, not what I wanted.' Lin Hao was telling the truth.

However, Lin Liuli looked at Lin Hao with a smile, and Lin Hao instantly felt the sensation of being stared at by an incomparably terrifying existence, his sweat hairs standing up and his scalp tingling.

'No, you want it!'

Lin Liuli's voice came down cold, especially the last two words were bitten particularly hard.

Only then did Lin Hao react to the fact that something was wrong and carefully tried, 'I can, can want?'

'Can!'

‘Phew, then I want it.’ Lin Hao didn’t understand what was going on, but he could sense that the other party seemed to be indifferent to this Spiritual Domain Core, ah, or even like a hot potato, wanting to throw it out in a hurry.

When Lin Liuli heard this, she smiled like a flower, and the divine light on her body blossomed out, and the whole heaven and earth was drenched in divine light. The inscriptions surrounding her body emanated out and landed in all corners of the spirit domain, and one of the inscriptions directly entered Lin Hao’s consciousness.

The moment that inscription landed on Lin Hao’s sea of consciousness, the sea of consciousness boiled, and the thunder power within the sea of consciousness rolled on and on, while the sea of consciousness and the internal storage space continued to expand!

At the same time, Lin Hao was actually able to clearly perceive everything within this spiritual domain at this time! Lin Hao was suddenly startled to realise that this surrounds the Lord of the Spiritual Domain, the deer-horned woman’s surrounding body? The inscriptions that surrounded the Spiritual Domain were actually the inscriptions of the Spiritual Domain. The inscriptions surrounding the Spiritual Domain were actually the core of the Spiritual Domain!

This was too amazing!

Now that the core inscription was inside Lin Hao’s body, Lin Hao could even say that he was in control of the entire Spiritual Domain, which was even more reliable than having an eye in the sky inside the Spiritual Domain!

And with a single thought, Lin Hao could appear anywhere in the spirit realm through the core, was this instantaneous movement or flashing? It was simply too good!

‘Don’t be too happy, this is only one of the inscriptions in the Spiritual Domain Core, this is my restriction on you, you can’t command the spirit beasts within the Spiritual Domain through the Core, let alone change the heaven and earth within the Spiritual Domain.’ Lin Liuli’s clear, cold voice came out, and those water-like bright eyes seemed to see through what was in Lin Hao’s mind with a single glance.

‘No, no.’ Lin Hao was slightly embarrassed, just now actually Lin Hao was thinking.

Super Son-in-law Chapter 1977-1978

Chapter 1977

With the Spiritual Domain Core, wouldn’t that be the equivalent of the entire Spiritual Domain being his!

Roar hahaha, can the thunder meteor inside this control automatically emerge?
Fulfilled this is not!

Call upon the thunder beasts and propagate a slogan for them.

O divine and supreme lord of the spirit realm!

O invincible God!

Our common Lord: Lin Hao!

Please take the spirit core from our brains! This is our supreme glory!

.....

Unfortunately, Lin Hao was dreaming when he was mercilessly splashed with cold water by this Lin Liu Li, unlucky!

Lin Liuli learned that this was the first Spiritual Domain to wake up, leaving Lin Liuli very speechless: 'I wanted to leave directly, but I never thought it was the first domain, alas, so be it, this matter will have to be done by me.'

Soon, the divine light on Lin Liuli's body lit up again!

At this moment, the crowd bathed in the divine light had countless letters flooding into their minds? Er dyed Shan whisked Aisan picking up Er's messages, as well as Lin Liuli's voice.

'The heaven and earth are in vision, the end of high martial arts.'

'Since then this heaven and earth has ushered in a new era for the Spiritual Illusion World

From then on, within ten years, the Illusionary Spiritist will become the mainstream of this era!

There are two types of illusionary spirit masters, one is like Xu Yanran of the Xu family and Lin Ruo Shi, Lin Hao's daughter, who are able to summon pets to help in battle, as spirit illusionary summoners.

Those like Lin Hao, who could not summon, but could use the power of the New Age to surround themselves with thunder and open up the sea of consciousness, were Illusionary Spirit Battle Masters.

This is the most mysterious and the rarest existence, because the Illusory Spirit Formation Master is powerful enough to change a spiritual domain for his own use, just as terrifying as Lin Liu Li controlling this Thunderstruck Mountain spiritual domain.

Illusory spirit masters are divided into one to nine levels, the first level is divided into four small levels: middle and late stage and peak, where the first level illusory spirit master already corresponds to a martial artist's innate realm patriarchal realm, and the second level corresponds to the grand patriarchal realm

As times change, high martial arts has become a thing of the past, and the former martial arts patriarchs will gradually fade out of the scene.

But before the Illusionary Spirit Masters became mainstream, there was still a place for the once powerful High Martial Artists.

It was not until today that Lin Hao and everyone else present truly understood the definition of an Illusionary Spirit Master and where it would go in the future, but for the next cultivation and such, they still simply relied on figuring out how to move forward, which Lin Luli did not say much about.

‘I said that when this Lin Liuli mentioned Chen Bei Xuan, how come her tone was so wrong, I feel that those two prestigious old things are only comparable to a third or fourth grade Illusion Spirit Master.’ Lin Hao muttered in his heart.

In the next moment, the divine light around him gradually converged until it dissipated, and Lin Hao’s voice rang out in his mind, ‘Thank you for helping to look after the spirit domain, I owe you a favour, we will meet again.’

Lin Hao snapped open his eyes and found that the vision had completely disappeared, the deer-horned woman Lin Luli had also disappeared without a trace, but everything around him, the shock of all the people showed that it was not an illusion just now!

Lin Hao found that his strength had also increased, reaching the level of a first-class middle Illusionary Spirit Battle Master in the Innate Realm.

The others had also benefited, even if they weren’t Illusionary Spirit Masters, their strength had also increased after the insights from this Lin Liu Li’s sermon.

‘So I’m a Battle Master, I don’t rely on summoned beasts to fight at all, but on the energy of the Sea of Consciousness.’ Lin Hao clenched his fist with a crisp ringing sound, and the solid rocks around him were rippled and shattered into countless pieces with a click.

What a fierce astral energy!

How terrifying would it be if it was combined with the sword intent that ran through it?

‘Hahahahaha! Big Boss is getting rich, where that b*tch came out just now, there are many rich Thunder Meteorite ores exposed, it’s too obvious, just snap and you can dig down a big pile, we’re going to get rich.’ Xiong Er was dancing with excitement, he was simply happier than even Lin Hao.

This one didn’t care about that much, he ran to the pit and ate the thunder meteorite furiously without regard to his image, it was so crunchy!

Chapter 1978

‘Crap, are this guy’s teeth made of diamonds? It ate the indestructible Thunder Meteor so hard!’ Long Yuan’s exhausted face was full of shock, this was too unbelievable!

Xiao Mu was also dumbfounded and gulped, ‘The key, the key is that it ate it like a broad bean!’

Xiao Mu even subconsciously sent a thunder meteor into his mouth, and it clicked!

Howl, howl!

The thunder emanating from the thunder meteor emitted Xiao Mu? The thunder emitted from the thunder meteor sent Xiao Mu? As for the clicking sound, naturally, the thunder meteor had nothing to do with it, his two incisors were shattered!

The actual fact is that you will be able to find the core of the product, but you will be the core of the product, so I don't know if it's a blessing or a curse.

But when you think about it, it doesn't seem to be a bad thing, won't this spirit domain be your own in the future? He could dig up as much lightning meteorite ore as he wanted!

I have to save up some money for my daughter, I have to turn my grief into the power to collect protection fees.

'Ling'er, Xiong Er you keep an eye on Xiao Shi, also, keep an eye on all these people, I'm going to see my world!' Lin Hao said with a smile, opening his arms, 'See, Concubine, the endless land in front of you is the kingdom I have built for you!'

Puff!

‘Brother Lin Hao, you’re so middle-aged.’ Lei Ling couldn’t help but laugh.

Zhao Chen, Lin Yin and the five of them were also laughing, ‘Our captain is not a fool, right?’

‘Oh?’ Lin Hao raised an eyebrow, ‘Xiong Er, focus on these kids, they’re too unintelligent.’

‘Captain I’m wrong!’ Xiao Mu screamed miserably, ‘Damn, I didn’t laugh or say anything, why did you hit me alone!’

As for Lin Hao, a thought had long since flashed off to some unknown place.

.....

A few dozen kilometres away from the basin, next to some hills, three or four thunder beasts that had completely lost their thunder meteorites and turned into grey-brown rock statues were lying on the ground.

All five were of different ages, but were equally miserable, bloodied and wretched.

‘Young Clan Master, do you think we can have a chance to become Illusionary Spirit Masters as well? Didn’t that terrifying existence just now say that? Our current dao implication will soon be so thin until it disappears, so perhaps we can try it out ah.’ An old man next to him wiped the blood from the corner of his mouth and was filled with longing.

These were the same few people from the Xu Clan who had been sacked once by Lin Hao and the others.

Xu Hongfeng’s eyes were also filled with frenzy as he cursed in a low voice, ‘I don’t know how that dog Lin Hao managed to sit against that kind of existence! Shameless, he must have sacrificed his sex, I think it’s fine for me to get on me, why don’t we go to that great power next?’

Someone hiding nearby: ‘God damn selling your sex, Xu Hongfeng, you can do it! Either you’re doing it or you’re on your way to it! But it seems that no one knows that he is the only great power left in this Thunder Split Mountain Spiritual Domain now, so it’s good to use it as a base card.’

‘Young family master, actually, actually I think’ Xu Yanran, the only girl in the team, did not dare to say the words that followed.

Xu Yanran really wanted to say that if it was about selling sex, you Xu Hongfeng might not be able to do it, far worse than you Lin Hao.

‘What the hell do you think! Shut up!’ Xu Hongfeng looked at the other party’s stammering look and instantly understood what was going on, angrily drinking Xu Yanran off.

If it wasn't for the sermon he had just given, Xu Hongfeng wouldn't have dared to treat this cousin with such an attitude, and since he knew that he too might become an Illusionary Spirit Master, there was no need to be so polite to him at all.

Xu Yanran was filled with puzzlement as to why, after only a short period of time, his cousin's attitude towards himself had become so harsh.

As for the other three direct descendants of the Xu family, their attitudes towards Xu Yanran were similar, almost a precipitous drop.

A few people began to count their harvest for so many days, and it was a good one.

There were about twenty early first grade spirit cores, about ten middle first grade spirit cores, and as for the late first grade spirit cores, they couldn't get them at all, mainly because they couldn't beat them.

Super Son-in-law Chapter 1979-1980

Chapter 1979

As for the thunder meteorites, almost three hundred of them were also dug up, all of them thumb-thin.

What was worth mentioning was that these thunder meteorites were almost the same size, there was not much difference.

‘Haha, not bad, keep collecting materials, maybe these things can really help me become an Illusionary Spirit Master!’ Xu Hongfeng was overjoyed at the thought that he would soon be running towards a new era.

Xu Yanran opened her mouth but didn’t dare to say anything, she had clearly said that she had come this time to fight for the resources given to her, but now she felt afraid that no benefits would fall into her lap.

Even so, Xu Yanran did not dare to say anything, that was how it was in the big families.

No one has the right to the side line, not to mention that she, a side line daughter, in the eyes of such a family, she would have to marry out sooner or later, so naturally she was dispensable and not worthy of vigorous cultivation.

‘Is this not allowed to be the young master! It seems that you and I are destined to meet!’

Just when Xu Hongfeng and the others were so excited that they couldn’t bring themselves to do so, Lin Hao’s ghost-like voice rang out.

The moment Xu Hongfeng’s five people heard this voice, they stiffened abruptly, as if they were instantly petrified, and their faces even showed a look of shock.

At this moment, the five members of the Xu family wanted to die, this familiar voice was just like a demon whispering, it was so frightening!

‘Lin Hao!’ Xu Hongfeng gritted his teeth and glared at the man in front of him, the rest of the Xu family looked the same way, they simply wanted to eat Lin Hao alive!

Lin Hao raised his eyebrows, ‘What’s wrong with this young master Xu, so angry, who has provoked you? Who are you and I, right, tell me, I’ll help you deal with him.’

Lin Hao put his hand on Xu Hongfeng’s shoulder, an affectionate smile on his face, looking at Xu Hongfeng with a gaze full of worry and concern, people who didn’t know would think that the two were much better brothers.

‘Get lost!’ Xu Hongfeng slapped Lin Hao’s hand away with a slap and said with vicious anger, ‘Don’t take it from me!’

The four members of the Xu family stared at Lin Hao angrily, their anger filled with scorn, there was no way out, Lin Hao was their enemy, but in this current situation, it seemed that they couldn’t do anything to Lin Hao.

It was the only girl in the group, Xu Yanran, who looked at Lin Hao with curiosity, her big bright eyes looking at him without blinking.

Lin Hao also noticed Xu Yanran’s gaze.

Lin Hao winked quietly at Xu Yanran: (^ _-).

Xu Yanran was stunned, not knowing what Lin Hao was going to do.

Lin Hao was afraid of clapping his hands, although he didn't mind at all when Xu Hongfeng slapped his hands away and smiled, 'Since that's the case, then Young Master Xu, let's get down to business.'

Wu Lu Zero Xi Shan Shan Wu Yi? Xu Hongfeng cursed the heart, no good cold voice said, 'I have nothing business with you, and even less to say to you, hurry up and go, I do not want to see you!'

'Xu young master, you just don't refuse me, okay? You and I have a destiny, it's all destined by the heavens, the heavens have arranged for the greatest, isn't that enough for you to stink?' Lin Hao flirted with Xu Hongfeng with a smirk.

What the hell?

Xu Hongfeng's little brothers were all dumbfounded, and Xu Yanran was also wide-eyed with a dumbfounded expression.

Xu Hongfeng, on the other hand, almost didn't spit out his overnight meal, his body's Daoist implication had skyrocketed wildly, and he was just about to consume the only Daoist implication left to see if he could become an Illusionary Spirit Master.

'Lin Hao! What the hell do you want!' Xu Hongfeng gritted his teeth, his eyes red as he glared at Lin Hao, the tyrannical aura and hideous face on his body was enough to see how violent Xu Hongfeng was inside at the moment, Lin Hao was simply testing the edge of madness like crazy!

Snap!

Lin Hao's thunderous power gathered between his hands and he slapped Xu Hongfeng's face, Xu Hongfeng was directly slapped by Lin Hao and easily slapped out of the way, landing in the distance and smashing a large human-shaped pit.

'Seeking death!' The remaining three direct descendants of the Xu family exploded with appalling auras, each using powerful attacks and directly attacking towards Lin Hao.

Lin Hao stood with his hands folded, not even moving from his spot.

With an inscription from the Lord of the Spiritual Domain in his sea of consciousness, even though he could not mobilise the power of the Spiritual Domain, Lin Hao was still invincible in this part of the world!

Chapter 1980

Lin Hao was surprised to find that the inscription was engraved in the sea of consciousness, and the thunder power of his own sea of consciousness increased exponentially, facing these few opponents of the middle stage of the Grand Master, Lin Hao really did not allow it at all.

Fist shadows, sword light and sword qi erupted from the hands of those three from the Xu Clan, hitting Lin Hao's vital parts, seeing that Lin Hao did not move like a mountain, the three were instantly happy, this man was so arrogant.

'Lin Hao, suffer death!'

The three men shouted in unison, even Xu Hongfeng, who had just climbed up in the distance, hissed loudly, 'Kill him for me!'

However, the three men's seemingly fierce and mighty attacks fell on Lin Hao, but Lin Hao didn't even know the slightest bit, he didn't even move his sleeves, instead, the trees around Lin Hao were cut off, the hard rocks were as fragile as glass, and they shattered into countless slugs with a click.

'What, how!'

'Is this still human!'

All three were dumbfounded, if not for the trees and rocks crumbling around Lin Hao, they would have even thought they had become weaker!

As it turned out, it wasn't that they were weak, but that Lin Hao was too strong!

Ka-ching!

Lin Hao's body lit up with an appalling thunderous aura that surrounded his body, Lin Hao gently raised his hand and with a slap, one person slapped all of them away!

With a slap, these people from the Xu Clan spat out blood as they flew backwards, with two white teeth in their blood!

Lin Hao bullied his way up and gave the four men a profound experience of social beatings.

After ten minutes of wild beating, the four men, led by Xu Hongfeng, were lying on the ground dying, breathing more out than in, unable to speak.

'I told you that you and I have a destiny, you have to disbelieve me, just listen to the arrangement properly, why do you have to be so unbeatable.' Lin Hao said while picking up all the lightning meteorites, spirit cores, from these people.

This was the second time that he had collected protection fees, and these people had nothing on them except the clothes they had gotten from somewhere.

Poof!

‘Bastards!’

The fruits of several days of hard work were all scavenged away by Lin Hao, so angry that Xu Hongfeng spurted out a mouthful of old blood, using his last strength to curse out angrily, his eyes went black and he directly passed out.

‘Why is this person trampling on himself, afraid that people won’t know you’re a beast?’ Lin Hao muttered, and began to count the number of thunder meteorites, spirit cores.

There was no one in this line, the only one who was unscathed and spotless was Xu Yanran. Lin Hao walked up to Xu Yanran and smiled lightly, ‘Quite a coincidence, huh?’

Xu Yanran couldn’t even spit, ‘Coincidence my ass! You didn’t come here on purpose to scrape off oil and water, did you?’

But Xu Yanran did not hesitate, quickly shoved all the spirit cores and thunder meteorites she had on her body into Lin Hao’s hand, as well as the newest mobile phone she had just bought, in short, all the slightly valuable ones into Lin Hao’s hand: ‘I understand, we are fated, meeting each other is fated.’

No? The actual fact is that you can find a lot of people who are not able to get a lot of money. Yes, is this girl so up to speed?

Lin Hao looked down at what was in his hand and the corners of his mouth twitched.

Even if this girl gave spirit cores as well as thunder meteorites, why did she stuff her phone and Pikachu hair clip, including her wallet, into her hand for what?

‘Sister, do I look like a bandit to you?’

‘No.’ Xu Yanran shook her head seriously.

Lin Hao nodded his head and was just about to speak when Xu Yanran added firmly and unmistakably, ‘You are the bandit.’

‘Fine, bandits are bandits.’ Lin Hao didn’t say anything, and threw everything except the girl’s ornaments back to Xu Yanran into Thunder Space, then brought Xu Yanran and the four dead dog-like Xu family members straight back to his base camp, the Thunder Meteor Mine Basin!

‘Haha, good harvest for the big boss, eh, this girl is pretty, capture her back as a squeezing wife?’ When Xiong Er saw Lin Hao return, Xiong Fen’s rubbed his bear paws and ran over.

‘You big boss!’

Lin Hao was so angry that he directly kicked Xiong Er out, the bastard had thick skin and flesh and couldn’t die anyway.

Lin Hao left a few people behind and left them to Xiong Er to deal with.
