

Super Son-in-law Chapter 2011-2020

Chapter 2011

What surprised Lin Hao was that the thunder origin contained in the lightning from outside was even richer and more mellow than the origin within the Spiritual Domain.

After carrying through the first wave of rampage and the expansion and reinforcement of his meridians, Lin Hao no longer felt pain, but instead, his body was so tingly and comfortable that he almost didn't make an indescribable sound as a constant stream of origin gathered into his sea of consciousness.

The thunder in the sky seemed to be completely enraged and let out a final reluctant roar, several buckets of thunder, like desperate thunder, bombarded Lin Hao.

But to Lin Hao's dismay, one of the thunderbolts deflected some distance and ran directly towards the courtyard where the Xu family was!

An earth-shattering boom resounded through the Xu family compound, and Xu Buwei's compound instantly went up in smoke, with thick smoke rolling around.

Poof!

Struck by this terrifying thunderbolt, Xu Buwei's blood gushed furiously and he fell to the ground twitching, his body charred and blackened.

‘Lin Hao! I’ll bleep you! I’m going to kill you!’

Xu Buwei roared with rage, not only in anger, but also in releasing the brutal thunder in his body that had nowhere else to go, except that when Xu Buwei opened his mouth, not only blood spurted out of his mouth, but also thunder with rolling black smoke.

This thunderbolt almost did not send Xu Buwei away.

However, it also happened to make Xu Buwei whole, the power of this thunder raged and destroyed some of the meridians in his body, but allowed him to succeed in becoming an Illusory Spirit Battle Master, it was this process that was a little sour.

The dark clouds in the sky were triggered by Lin Hao, and Xu Buwei straight away thought that this heavenly thunder attack on himself was the work of Lin Hao!

Xu Buwei gritted his teeth to recover his strength and repaired his damaged meridians as quickly as possible, only that Xu Buwei, who was covered in black smoke and charred black, was spitting out blood while twitching and shivering every now and then, he couldn’t mention how comical he looked.

‘Sick, right?’ Lin Hao was enjoying the thunder and lightning when he suddenly heard Xu Buwei’s angry curses, Lin Hao was speechless, what does it have to do with me if you are struck by lightning for pretending to be a fool?

The dark clouds in the sky gradually tended to dissipate, the thunder clouds contained no more than one tenth of the thunder, the thunder origin in Lin Hao's sea of consciousness was replenished by only one tenth, Lin Hao was a bit impatient and wanted to swallow the rest of the thunder in one gulp.

'Husband~!'

Just as Lin Hao was about to put all the ? Fuzzy Wuzzy Steak Earth Love West Italy? When all the thunder was swallowed in, Shen Xi Yan's sultry voice rang out in Lin Hao's ears.

Lin Hao's movements froze violently, his expression embarrassed beyond belief.

Shit yeah!

Good, it seems like I forgot to get down to business.

Only then did Lin Hao remember that this thunder was attracted for Shen Xiyan's transfer, and as a result, he was so noisy that he had almost finished swallowing this thunder, just, it was embarrassing.

Lin Hao opened his mouth and summoned all the thunder in the dark clouds, swallowing it up without the slightest hesitation!

Burp!

Lin Hao burped with satisfaction and licked his lips as if he hadn't finished, eating his own food.

Shen Xiyan covered her face speechlessly: was it too late to change this husband?

'Ahem, wife you misunderstood, this thunder was originally prepared for me, don't you still have me for the thunder you transferred?' Lin Hao forced a wave of explanation in order to cover up his embarrassment.

'Wife, get ready, feel the majesty of the Thunder God!'

Lin Hao levitated in the void, his hands clenched into fists and opened left and right, and in a moment, the purest origin that existed in Lin Hao's sea of consciousness coalesced between Lin Hao's two hands!

At this moment, Lin Hao was the God who controlled the thunder of time!

'Xiyan, be careful, this can temper your meridians and will allow you to stabilise your realm more quickly, but the power is extraordinary.' Lin Hao specifically instructed Shen Xiyan.

Shen Xiyan naturally didn't dare to be negligent, and hurriedly concentrated on running the spiritual qi in her body, being careful and on guard.

Then

Shen Xiyan once again looked speechlessly at the purple thunderbolt, not chopstick length and toothpick thickness, writhing like a small earthworm in front of her.

Chapter 2012

Shen Xiyan raised her head to look at Lin Hao, her expression slightly displeased, 'Lin Hao, how much do you look down on me?'

Lin Hao: ????

Paochai Luchai Fuzzy Zero Er? 'You're afraid you're looking down on my Origin Thunder!'

Lin Hao didn't say anything, and directly manipulated the Origin Thunder, which was only the thickness of a toothpick, to enter Shen Xiyan's brow in one go.

The moment the Origin Thunder entered Shen Xiyan's brow, Shen Xiyan's entire body trembled like chaff as she cried out in shock and horror.

Shen Xiyan put away her disdain, and busily steadied her mind, constantly using her spiritual energy to resist the thunder origin, while constantly repairing the damaged meridians and speeding up the fusion of the spiritual energy into the thunder power.

This seemingly insignificant little purple thunder contained such terrifying power!

Lin Hao kept manipulating the origin thunder to quench Shen Xiyan, helping her to transform as soon as possible, and each time, he controlled it very appropriately, all within the range that Shen Xiyan could control.

After a few hours, Shen Xiyan, who had been tempered by Lin Hao's Origin Thunder, had finally become a true Illusionary Spirit Warrior, the same as Lin Hao, an Illusionary Spirit Warrior with the same Thunder attribute.

She was already a first-class mid-grade Illusionary Spirit Battle Master, and she had just succeeded in changing her job, so Lin Hao was extremely satisfied with this result.

Lin Hao slowly fell down and looked at Shen Xiyan who was refreshed and rosy, Lin Hao was curious: 'How about Xiyan? What is the weapon your aura has condensed?'

Shen Xiyan slightly beckoned, a purple thunderbolt condensed into a floating belt draped over Shen Xiyan's shoulders, very beautiful, purple thunder formed the texture of the belt, with very nice patterns on it, the aura condensed into the body of the belt, the thunder origin was rather like a flower pattern embellishment, very beautiful.

However, the more beautiful something was, the more dangerous it was, and Lin Hao could feel the violent thunder power contained in the floating belt.

‘Lin Hao, take a move from me!’ A wry glint flashed in Shen Xiyan’s eyes, and when Lin Hao wasn’t paying attention, she fiercely flung the floating belt towards Lin Hao.

‘Hmph, let you deliberately trick me just now, let you suffer as well.’ Shen Xiyan was incomparably relieved and secretly happy, just now she had belittled that toothpick-thick purple thunder and ended up making her suffer unprepared, she had to make Lin Hao taste that as well.

Unfortunately, in the next second, Shen Xiyan was frozen in place, staring at Lin Hao with a dull gaze. Lin Hao’s strength was something that Shen Xiyan could naturally spy on, as he was her husband after all.

Even if her current realm was a small realm higher than Lin Hao’s, Shen Xiyan was ashamed of her true combat strength, as she feared that her opponent could defeat herself with one hand.

However, the result was somewhat unacceptable to Shen Xiyan.

A strike that gathered 70% of her strength, combined with her own spirit energy and thunder condensed floating belt, was astonishingly loud and powerful.

The result

Lin Hao didn't make any extra movements, he just slightly opened his mouth and directly swallowed his own floating belt in one direct bite, seemingly feeling that it tasted pretty good, Lin Hao bared his lips and licked them.

'Don't bring you to be so cheeky!'

Shen Xiyan was also crying and laughing, knowing that you are terribly powerful, but don't you know how to give in a little? It's okay to pretend a little.

'Woman, you're playing with fire.' Lin Hao looked at his wife with slightly frivolous eyes, 'Who gave you the courage to hit me with what I gave you?'

From the moment Lin Hao's sea of consciousness coalesced with purple thunder, the thunder of the world was all led by him, and the power of thunder would only be used for him, and could no longer harm him in the slightest.

In layman's terms, he was immune to thunder!

Shen Xiyan was so angry that she stomped her foot, 'Don't you ever want to sleep in a bed again!'

Lin Hao's eyes lit up, that's good!

Next, the rest of the Lei family's strongest people also entered the Circumstantial Lightning Invoking Formation for quenching, the formation would be filled with thunder attribute spirit cores as well as thunder meteorites, there was no longer a need to invoke the Circumstantial Lightning Tribulation to converge, plus Lin Hao had replenished some of the thunder origin, the final perfect guidance only required Lin Hao's own purple thunder to quench.

Super Son-in-law Chapter 2013-2014

Chapter 2013

But what made Lin Hao a little helpless was that not everyone seemed to be able to become a Thunder Attribute Illusionary Spirit Battle Master.

Lin Yun and Xu Fanghua both tried it once and did not become Illusion Spirit Battle Masters, so it seemed that they were suitable for other attributes, but their own body strength was greatly enhanced, which was a good body refining formation.

The entire Lin family, apart from Lin Hao, Shen Xiyan and their daughters, had only produced three Thunder Attribute Illusionary Spirit Battle Masters, and among them was Lin Rui's share, which almost didn't make this guy proud.

'Haha, I really? er Lu Fu closed west closed Yi Fu? It's a dragon among men, the best of the heavenly pride!'

Lin Rui's strength was considered good in the Lin family, but it was by no means the top kind, and in the past, compared to Lin Hao's father and Lin Yun, Lin Rui's strength was really a bit of a disgrace.

But now that they had not succeeded, and instead he had succeeded, Lin Rui was indescribably proud of himself, even swelling to the point of challenging Lin Hao.

Then Lin Hao taught Lin Rui straight away to be a man with a simple slap on the wrist, so angry that Lin Rui could not eat for three days.

It is worth mentioning that the Lei family clansmen were lucky, perhaps they were themselves thunder-attribute martial arts masters, and therefore had a somewhat higher chance of success than others when they wanted to become thunder-attribute illusionary spirit warriors.

The Lei family had produced a full twenty Illusionary Spirit Battle Masters, including Ah Hu.

Ah Hu walked up to Lin Hao with a complicated expression and gratefully bowed, 'Ah Hu thanks the Lin Family Master for granting the opportunity.'

Looking at Ah Hu in front of him, Lin Hao was also quite emotional, to be honest this guy was quite miserable.

Lin Yun had only adopted him as a tool to draw fire, and at the same time for him to protect Lei Ling, and had never wanted him to be the head of the Lei family from the beginning.

Ah Hu liked Lei Ling, Lin Hao could see that, however Lei Ling's heart was all on Lin Hao, leaving Ah Hu lost and desperately cultivating, wanting to prove himself with his strength, hoping that Lei Ling would see his efforts.

As a result, Tiger was just about to break through the shackles and reach the peak of the Grand Master when the High Martial Age came to a hasty end, and the advent of the Age of Change of Collar was like a spray of cold water on Tiger's face.

This is why Tiger was hardly seen during this period of time.

Tiger had now successfully changed his rank to become a First Class Late Illusionary Spirit Warrior, and his talent was quite good, but it did not break the rules.

Martial Dao powerhouses, no matter how strong they were, their realm would not reach the realm of a second-class Illusionary Spirit Master after switching jobs, but there was a huge difference in combat power.

Lin Hao looked at Ah Hu and then at Lei Ling in the distance, however Lei Ling wasn't paying attention to this side at all, he was just concentrating on teasing Lin Ruoshi.

Alas~!

Ah Hu sighed quietly.

Lin Hao was also quite helpless: 'Falling flowers are intentional, but running water is heartless. Ah Hu, do you have any complaints against me? I know that you like Ling'er, and since you grew up together, it's not too much to say that you are childhood friends.'

Tiger shook his head, 'I have no complaints, I can clearly know that Ling'er has no other thoughts about you, she only treats you as her brother, and you do the same, I can still distinguish between right and wrong.'

'It's just that Ling'er feels similarly towards me, like a servant and like a brother, I guess.'

Lin Hao gently patted Ah Hu's shoulder, 'Ah Hu, it's a long way to go, I hope you don't forget your original intention, and your current strength is not good enough for my sister, in the next great world of competition, if you don't have the strength to protect yourself, how can you talk about protecting her?'

'Lin family master, my realm is now two small realms higher than yours, don't you blush when you say that?' Ah Hu looked at Lin Hao speechlessly, Lin Hao was only an early first grade Illusionary Spirit Battle Master, yet he was talking about himself, a late first grade Illusionary Spirit Battle Master, with the tone of a man who had come here, was this appropriate?

'You two fight, if you win against my brother, I'll promise to be your girlfriend when I grow up.' Lei Ling's voice rang out coldly, causing Lin Hao to be embarrassed.

Ah Hu, on the other hand, couldn't help but have his boyish face flushed red, it was over, he felt that although Lei Ling hadn't looked over here just now, he had heard everything they said.

Chapter 2014

‘Oh hell, there’s something to see, go instructor! Ouch, beat him up, beat him up to death!’ Chen Kai and the rest of them were bored and had been waiting for a day and a night in this Lin house, but Lin Hao didn’t have the time to care about them, so they could only come over here with a cheeky face.

It turned out that such an exciting thing had happened just after they arrived, there was actually someone who couldn’t think of anything else to challenge Instructor Lin?

Even if you were a first class late stage Illusionary Spirit Battle Master, so what!

When Lin Hao saw these few people in Chen Kai, they were like dog’s poo, he also had a headache, it was only his second day back from the Spiritual Domain ah, couldn’t he just have a few days of peace?

Ah Hu didn’t care what the next person thought, as soon as he heard Lei Ling say this, he didn’t hesitate to look at Lin Hao: ”Lin Clan Master, I want to challenge you! I am not going to hold back!’

Lin Hao rolled his eyes, you’re really a straight man.

Brother may become your great uncle’s ah old brother, injured himself, Lei Ling has to blame him, right, lose that also has no chance, can say win is not, lose is also not.

‘Okay I accept.’

‘Then make your move!’ Thunder flashed on Ah Hu’s body, the power of thunder gathered around him, and Ah Hu’s body transformed into a huge fierce tiger made of thunder aura, with a body as big as an elephant.

The next moment!

Lin Hao poofed out a mouthful of blood, his face pale as he covered his chest and hastily screamed miserably, ‘I lost, what a powerful attack, what overbearing thunder power, I’m ashamed of myself, you won, when Ling’er grows up you’ll be his boyfriend.’

Chen Kai and the others were dumbfounded: instructor, can you act a bit more like that? I really want to cry and laugh at your poor acting skills.

Lei Ling’s face was also as black as a pot: brother, you just sold me out like that? Is it because after having a daughter, I’ve become such a disgusting sister that my existence is in your way?

Even Shen Xiyan was speechless and held her forehead, this Ah Hu’s origin thunder power and realm were indeed above Shen Xiyan’s, but Shen Xiyan did not think Ah Hu could hurt Lin Hao, Lin Hao’s thunder origin was equivalent to the emperor of the thunder attribute, unless the realm was too much beyond Lin Hao.

Just by swallowing the battle weapon made of his own aura in one bite, Shen Xiyao knew clearly that this guy was definitely acting.

The people around him had different looks, but no one was more stifled than Ah Hu, the damage was not high and the insult was extremely strong.

Ah Hu looked at Lin Hao with incomparable shame and anger: 'Lin family master, even if you don't see me, you don't have to humiliate me like this, right? Is it possible that I, Ah Hu, am not worthy of your hand for being so strong!'

Lin Hao: ????

'I * &+#! You're not a fool, I'm afraid!'

'Don't you just want to win? Now that you've won what more do you want, you've achieved your goal!'

'How brain-dead do you have to be to fight me? What's in it for you if you lose to me? Eh? Even if you actually beat me with your strength, can Ling'er let you go?'

Lin Hao was so angry that he grabbed Ah Hu's collar and lifted Ah Hu up with a blow off his face.

Ah Hu was stunned, not because of Lin Hao's words, but in the case of suppressing the other party two small realms, the other party was able to lift himself up unharmed, and what's worse, Ah Hu didn't react at all.

Wouldn't that mean that if Lin Hao had wanted to kill him, he would have been a corpse by now?

'But I still want to prove myself with my strength! I want to let Ling'er know that I am capable of protecting her!' It was only at this moment that Ah Hu realised that Lin Hao was not looking down on him, but was making himself whole, ah, but Ah Hu didn't need such a handout!

Lin Hao casually threw Ah Hu to the ground, come on, this guy was hopeless.

Lei Ling looked at Ah Hu with a complex expression, 'You really want to prove yourself that badly, don't you?'

Ah Hu hurriedly nodded his head with a firm expression, 'Yes!'

'With all your might? Shan Yi Aizha closed Wu Yi Serving? Defend!' Lei Ling spoke indifferently.

'Good!'

Ah Hu agreed at once, he knew what Lei Ling was going to do, and without the slightest hesitation, his first class late stage Illusionary Spirit Battle Master's aura worked to its fullest extent without reservation, exploding out with an astonishing aura, the waves of Qi rolling around him in a frenzy.

Super Son-in-law Chapter 2015-2016

Chapter 2015

Howl!

A tiger in the form of a thunder tiger let out a long roar, the tiger roared in the mountains and the forest, and the wave of Qi came over with a shocking effect of a tiger's roar and a dragon's roar, Chen Kai and the others only felt their heads buzzing, this actually had a mind-shaking effect, I'm afraid those who were a little less courageous would have been scared by him to the point of being unable to put up resistance.

The actual fact is that the actual thunder tiger is a lot more than just a thunder tiger.

The next moment

The next moment, Lei Ling's fist, without any fancy, seems to be a simple fist, but in fact the power is more terrifying and pure, reaching the amazing degree of simplifying the complexity into simplicity!

Especially since Lei Ling's small fist was so insignificant compared to the huge black tiger!

However, it was such a simple punch that erupted into an ear-piercing sonic boom.

The next moment, there was a violent boom and an explosion of energy swept around. It was fortunate that the courtyard was reinforced by the Zhoutian Lightning Invoking Formation, otherwise Lin Hao's courtyard would have been destroyed once again.

Ahu was not so lucky. With a single punch from Lei Ling, the black tiger that Ahu had transformed into was instantly shattered, and Ahu flew backwards, spitting blood, passing through seven or eight courtyard walls and collapsing three or four courtyards before landing a hundred metres away, smashing a deep pit.

‘Why, why is the gap so big.’ Ah Hu looked dumbfounded and instantly burst into tears.

At this moment, the gap in Ah Hu's heart was far more drastic than the pain he endured in this body, blood was still flowing from the corner of his mouth, but he never bothered to wipe it off, just lying dumbly in the big pit doubting his life.

He even drank three bowls of chicken soup in a row.

What do you need a genius for if hard work works?

In fact, only after you have worked so hard that your head is bleeding will you know what despair means.

All roads lead to Rome, and some people are in Rome at birth.

Despair, countless despairs converged in Ah Hu's heart, no matter how hard he worked and how much he paid, he still couldn't catch up with Lei Ling, Ah Hu's mind was repeatedly jumping across the edge of blackness.

One thought of Buddha, one thought of devil.

Lei Ling lifted her head and looked at Lin Hao with a complicated and somewhat discontented expression, 'Brother Lin Hao, am I holding you back or does it seem like I'm in the way, are you looking forward to sending me away that much.'

'I'm not' Lin Hao didn't finish his sentence, but Lei Ling's figure was long gone.

Lin Hao's mood is also a bit complicated, Ah Hu's person and efforts Lin Hao see in tears, and the two grew up together as childhood friends, Lin Hao also more hope Lei Ling has a dependence.

Although Lei Ling did not need to rely on anyone.

Shen Xiyan came forward and patted Lin Hao's shoulder, 'Lin Hao I know you are doing it for the good of Ling'er, but what you have done is indeed a bit out of bounds, go and see that little one, I will take Xiao Shi to see this girl Ling'er, I think she is also quite upset now.'

Lin Hao nodded and came to the side of the big pit, looking at Ah Hu who was teetering on the edge of blackening and lying in the big pit with a look of doubt about his life.

'That's a blow?' Lin Hao was a little dissatisfied, 'Is that all the resistance to stress, it seems that I've really looked away.'

Ah Hu slowly lifted his head to look at Lin Hao, with doubt and confusion in his eyes.

'Why are you looking at me, get up and pay for it, how many walls and other courtyards have you smashed?' Lin Hao ignored Ah Hu again and turned to leave.

Before he left, Lin Hao dropped a sentence: '遮遮意洱地染拂伍?' 'You like Ling'er, it has nothing to do with Ling'er.'

Ah Hu froze, 'I like you and it has nothing to do with you? Yes, I do like Ling'er, what does it matter to me if Ling'er likes me or not?'

Ah Hu, who had lost his essence, seemed to have regained some of his vitality, and the expression on his face finally began to change a little.

It's none of your business if you like you! I just enjoy how I like you and how I feel! It's just very Ness!

The atmosphere, which was all perfect, was stiffened by a sentence from Chen Kai: 'Licking a dog is licking a dog, what's the point of talking so refreshingly, and it's still a licking dog that won't get any response Uh, instructor, I'm talking about myself, what are you looking for, right Ye Yu, I like you, it has nothing to do with you. '

Chapter 2016

Suddenly Chen Kai felt Lin Hao's murderous gaze, so frightened that Chen Kai hurriedly dumped the pot on himself, incidentally dragging Ye Yu along with him.

Ye Yu frowned furiously and bellowed, 'Get lost!'

'Don't ah goddess, it's okay, even if you have someone else's child, I'll raise the child, I'll take the child's surname!'

Chen Kai, is a ruthless man!

However Ye Yu disdainfully bristled, 'You don't raise my child with him!'

Chen Kai instantly chose social death, next to him Lin Yin and Zhao Chen almost didn't jerk over laughing, if Xiao Mu was here, he probably chose social death just like Chen Kai.

Lin Hao ignored these few comedians and found Lei Ling according to his scent, at this moment Lei Ling was alone outside the Lin family attic, leaning on the railing and looking out over the view of the Lin family compound.

Shen Xiyan and Xiao Shi were not here, it seemed that they had let Lei Ling chase them away.

'Ling'er, what level of combat power do you belong to now? It's too fierce, I feel like I can't even beat you.' Lin Hao smiled sarcastically as he walked up and gave Lei Ling a special compliment in order to ease his embarrassment.

Lei Ling faintly brushed aside his mouth, 'It's alright, I can't become a martial artist, nor can I become an illusionary spirit master alien, I'm not sure exactly what level of combat power, but beating up a first class peak illusionary spirit master should be a breeze.'

Lin Hao was really impressed by Lei? Fuzzy Closed Servant Fuzzy Shan Wu? The spirit's words choked him, thou hear, human words or not?

It seems that Lei Ling is the big boss, right? Even Lin Hao felt that he might not be able to beat Lei Ling if he really fought him to the death.

Lei Ling had been tempered by the thunder meteor and the spirit core, and although she didn't need any of these powers, or even spirit power, she was able to strengthen her flesh through tempering.

Had this girl embarked on a unique path of becoming a saint with a fleshly body?

Becoming a saint with a fleshly body, that was legendary for being invincible at the same level and challenging across levels was as easy as drinking water!

'Brother, don't drive me away, okay?' Lei Ling turned her head, her voice was tinged with tears, tears were already welling up in her eyes, 'Not being able to accompany you to the end is a lifelong regret from my last life, the purpose of my existence in this life is just to be by your side forever, if you think I'm in the way, I'll learn my lesson and definitely not disturb you with sister-in-law and Xiao Shi.'

Lin Hao sighed, not even knowing what to say, he went up and pinched Lei Ling's face, threatening viciously, 'If you dare to cry out, I dare not want you as a sister anymore, just throw it out!'

Lei Ling pouted cutely, 'Nonsense, my eyes are in the truck, I'm not crying.'

It's okay to have your eyes in a truck!

Lin Hao sighed helplessly and gave Lei Ling a warm hug: 'What you say these brother know, just brother can't bear you just live for brother, everyone shouldn't just live for others, likewise should live for themselves, rare to remember the memory of the previous life.'

'Shouldn't you be living to make the most of this life, not just to make up for your past life regrets?'

'I'm not, who says I'm just living for you, you're so self-absorbed too.' Lei Ling bristled, not to admit to just living for Lin Hao, otherwise this guy might have his tail up in the air.

'Actually, I've known what Ah Hu thinks for a long time, but I think of him more as a best friend, more like a family member than anything else, besides, even if I have memories of my past life, I'm at least a seven year old girl now!'

'What are you thinking about? What are you thinking?'

Lin Hao looked very embarrassed, but it was true, his sister's mind was still in the state of her previous life, could she not understand?

Shen Xiyan was right, he was being nosy.

'Let's go, brother will take you shopping, anyway, brother has money, brother will take you shopping, eating, drinking and playing all in one.' Let this matter go with the flow, Lin Hao hurriedly changed the subject and did not continue to delve into this matter.

Lei Ling brightened up and raised her head and blinked her big shining eyes, ‘I don’t care about buying and eating and drinking and playing all in one, I only care about one, just take me alone?’

Super Son-in-law Chapter 2017-2018

Chapter 2017

‘Well, yes, just take you alone.’

‘Go go go, hurry up! It’s almost noon, if we don’t hurry it will be dark, where is the time to play ah.’ Lei Ling like a chicken blood, instantly eyebrows smile, happy to death.

Lei Ling jumped up, dragged Lin Hao and ran outside, as for the Chen Kai a few people, came a day and a night, but did not let Lin Hao entertain to, once again was left in the Lin family mansion.

Lin Hao let Lei Ling dragged to run outside, just some speechless, this even noon did not arrive, in Lei Ling seems to be almost dark?

.....

Walking along the busy highway, Lin Hao left hand carrying a large pile of bags, are Lei Ling bought things, the right hand is holding Lei Ling’s hand.

Lei Ling jumped and ate iced candy gourd, two ponytails tossed, very cute.

In the distance there is a very young young man in the corner, far away watching this scene, see Lei Ling so happy look, the young man face a smile of relief: 'So, this is love, do not have to get, as long as she is happy.'

Finished, the young man quietly faded in the crowd.

Lin Hao and Lei Ling continue to shop, the little girl said she was letting herself bleed, the results did not buy anything of value, but is everywhere thinking about saving money for themselves.

Boom!

Suddenly a strong spiritual pressure suddenly enveloped down, at once Lin Hao and Lei Ling were imprisoned for a moment.

But soon Lin Hao was forced to break free, his thunder origin is extremely dominant, a moment to break free from its bondage, the thunder spirit is even simpler, directly a slap on the air in front of him.

A click, as if something invisible was shattered in response to the sound.

Lei Ling small face frowned, Lin Hao is also subconsciously condensed sword Qi, how dare an illusionary spiritist sneak attack him, really looking for death!

The next moment, Lin Hao did not have time to make a move, a burgundy Ferrari sports car, emitting a violent roar of the engine, stopped beside Lin Hao.

And the sports car is the owner of the Empress Bar, Qin Yuxin.

Dressed in a cheongsam and driving a sports car, showing the mature charm and enchanting body, this is a mature goblin ah.

Qin Yuxin lightly laughed: 'Not bad, only how long has it been, you two have become stronger again? I can't believe you broke my control so easily.'

Lin Hao raised his eyebrows: 'Not bad, Sister Xin has also become an illusionary spirit master, right? If I'm thinking correctly, you should be an illusionary spirit battle master that leans towards the formation series.'

'Are you flirting with the old mother? You know this better than anyone else, you want to fight, don't you?' Qin Yuxin made a move to hammer her fist towards Lin Hao. Through understanding, with the help of the Dragon Lord, Qin Yuxin naturally could only adapt to the changing times and became an Illusionary Spirit Battle Master, with the realm only remaining at the realm of a first-class peak Illusionary Spirit Master.

Even as strong as Qin Yuxin, the realm is still not able to break through the shackles, the success of the transfer does not exceed the realm limit of the inscription note, but also infinitely close to the level of the second-class illusionary spirit master.

Qin Yuxin came here, mainly to find Lin Hao, Chen Kai guys in addition to visiting Lin Hao, there is another important thing to tell him.

As a result, these guys went to the Lin family for two days, this matter is estimated to have forgotten, and did not tell Lin Hao.

In desperation, Qin Yuxin had no choice but to personally take the horse.

Lin Hao listened to the other side of the description, incomparably surprised: ? 地 洱染爱洱西染伍 ? ‘No way? The second spirit domain has been opened so soon in our China? Have the other countries’ spirit domains opened yet?’

Lin Hao is confused, did not expect recently there is a spirit domain quietly opened again, and right in Jinling, and even more so Lin Hao is confused, so close, he did not notice anything.

The Lin family residence is on the banks of the Jinling River, and this newly opened spirit domain, just in the Qinhuai River, the entrance is said to be under the Qinhuai River, the tomb of the River God built by the ancestors.

Qin Yuxin shook his head: ‘According to the current news, I think the other countries did not open the spirit domain, as for the Qin Huai River God spirit domain, this honestly, maybe this spirit domain opened earlier than the Heavenly Sea’s Thunder Split Mountain spirit domain.’

Chapter 2018

Because the entrance to this spiritual domain appeared without warning, but also without any movement, that is, a fisherman accidentally capsized his boat and was sunk into the bottom of the river by turbulence, and by chance entered the domain at the bottom of the Qinhuai River. ,

The key this lucky person also survived and became an illusionary spiritist, and then reported to the Jinling Dragon Gate branch, the news this let the top know.

The three major groups in active service are not in Jinling, so Qin Yuxin was assigned to come as the leader of this exploration of the spirit realm, and the dragon group reserves were placed outside the spirit realm, ready to pick up.

Originally it was for Chen Kai and the others to inform Lin Hao of this matter, but as a result

A brand new unknown spirit domain ah!

That is certainly to search, while looking for the core, Lin Hao they want to serve as the advance team, then undoubtedly want to use it as a pathfinder ah.

After informing Lin Hao, Qin Yuxin quickly went to inform the other great clans in Jinling to delegate all the illusionary spiritists, and no one was allowed to refuse!

As for what the reason was, Qin Yuxin didn't give any explanation, only informing them that Lin Hao would be the leader.

Now this spirit domain is in a top secret state, it is impossible to open it to the public until it is fully controlled, at the same time, China is also selfish and does not want to announce this news to the world, it is obviously not wise to let the competitors to have a share of the pie.

On the way back, Lei Ling frowned and beamed, very unhappy: 'I don't like that aunt!'

That's not true, because of Qin Yuxin's appearance, just after 1:00 noon was forced to stop a day of shopping time, wasted a few hours ah, it was easy to let Lin Hao alone with himself once, directly because of Qin Yuxin's appearance all ruined.

Lin Hao is actually quite helpless: 'No way, who let me be the instructor of the Dragon Group reserve, and the head of the Dragon Group, nothing I take you a piece, this time we do not go to the busy city shopping, we go to the River God's domain shopping, you see how?'

'Huh! This is a good idea hey, let's go, we do not take anyone.' Lei Ling some jumped up and down, fist pumping, let the thunder beasts of the spirit domain feel the nightmare coming!

After returning home, directly with Lei Ling ran to the Queen's Bar, the other families have also sent people to the Queen's Bar, just let people speechless, because Lin Hao left in a hurry, just tell Shen Xiyan a run, Chen Kai they are still in the Lin family good food and drink and lookout like waiting for Lin Hao's return.

Lin Hao has the privilege, although there are orders from above, but the Lin family and Lei family, out of Lin Hao and Lei Ling two people!

This is an unknown newly opened spiritual domain, the degree of danger is unknown, Lin Hao could not let others follow.

When he arrived at the Queen's Bar, Lin Hao found that all the people had arrived, all the illusionists from the Xu family, the Long family and the Yun family were here, more than forty people in total, with the Long family having the largest number of illusionists, reaching twenty.

Lin Hao can see a lot of familiar people, Xu Hongfeng, Xu Buwei and others, the Dragon family's Long Yuan, and a young man wearing a mask, can not really see each other's face, but his body's aura is quite familiar to Lin Hao.

That young man wearing a mask saw Lin Hao appear, indifferently turned his head, only in the moment of turning his head, an extremely resentful look flashed in his eyes.

As for the cloud? dyed zero intention to pick up the ground zero closed? family side, Lin Hao knew one, the Yun family head, Yun Feng, the other did not know.

‘Good, since people have arrived, then get ready, everyone blindfolded, closed six senses to leave with me, this time I am the chief leader, but only responsible for receiving, and your real leader is Lin Hao, all listen to Lin Hao’s orders command, understand?’ Qin Yuxin ordered, immediately let them close the six senses, blindfolded.

The Qin Huai River Divine Spirit Domain was still an unknown, and the exact location could not be known to these people yet.

What made Lin Hao very surprised is that Qin Yuxin announced this news, no one objected, which made Lin Hao incomparably puzzled, what does it mean?

Super Son-in-law Chapter 2019-2020

Chapter 2019

The Yun family is understandable not to oppose Lin Hao, after all, the Yun family completely side with the Lin family, and Yun Ruo is still an employee under his hand, but the Long family and Xu family, who have always hated Lin Hao and wanted to pull Lin Hao’s tendons and skin, surprisingly also did not have any opposition.

‘Brother Lin Hao, it seems that we are in danger, these guys are not easy to deal with.’ Lei Ling Meng mountain eyes before, for these unsuspecting people three seconds of silence.

About two hours later, a group of them have been sent to the destination, because closed the six senses, around what can not sense, so slowly wake up, do not know where they are.

Lin Hao and Lei Ling woke up leisurely, and the others also woke up slowly.

The crowd began to look around, they were in an old stone temple, ancient and old, surrounded by dust, the temple is not large, and very simple, should have three or four hundred years of history.

In the temple to place the idol on the high platform, placed with a block of gray stone carved from the river god statue, the river god statue style is completely this side of the Qinhuai style.

Lin Hao was a little surprised, what is this all about?

Not that the River God spirit domain is under the Qinhuai River? But this River God temple is incredibly dry and dusty, how can it be under the river?

And what means did the other side use to get them to the River God Temple.

In the river god temple? The intention to close the er intention to pick up the cover closed zero? Looking around and knocking around, Qin Yuxin's voice then rang out.

‘This is the River God Temple and the entrance to the newly opened Spiritual Domain, which is temporarily named the River God Spiritual Domain.’

‘Your task is to figure out the situation within the spirit domain and try to find the core of the spirit domain, this time the pioneer exploration participants, only need to turn in half of

what they get in the spirit domain, if they can provide more useful information, there will be a relative increase in the share of what they get from the spirit domain.'

'And, next Lin Hao is your captain, and the entrance to that spirit domain is behind the idol of the river god, the glowing one is.'

Sure enough, the crowd looked, there was a soft glow behind the idol of the river god, but it was not very obvious, the light source of this river god temple came from the entrance of that spirit domain, only this glow was too soft and did not seem strong so it was not discovered at first.

'Humph, let's go!' Xu Buwei coldly snorted, glared at Lin Hao, turned around and led the Xu family people directly through the entrance into the spirit domain, for Lin Hao, the leader, treated as if it did not exist.

The masked man of the Long family took a deep look at Lin Hao, waved his hand and did not say much, and led the members of the Long family to enter the spirit domain.

Yun Feng came up and arched his hand to Lin Hao: 'Captain Lin, what should we do now?'

Lin Hao spread his hands: 'Yun family master, you'd better just call me Lin Hao, look at any of them who really see me as a captain.'

Yun Feng smiled and shook his head, 'I don't dare, I'd better call you Lin family master, I'm not sure how they think, but after the Yun family enters the spirit domain, everything listens to your command, Lin family master.'

That Qin Yuxin is what kind of person, Yun Feng is clear enough, and Lin Hao is now close to the top, the Lin family and the Lei family simply can not be in decline, since the team is standing, then choose to stand to the end.

'All right, then you can follow up, let's go a piece in to see this River God Spiritual Domain, and how different it is from the Thunder Split Mountain Spiritual Domain.' Lin Hao didn't ink, leading the people of the Yun family, one after another through the entrance into the River God Spiritual Domain.

As the soft light surged up, the crowd felt dizzy, palpitating and nauseous feeling came, fortunately it was only a moment then it was over.

The next moment

'Crap! Where the hell is this?'

Everyone was confused by this scene in front of the spirit domain, really a little doubt life.

In the deepest part of the Spiritual Domain, amidst thousands of seven-colored mists, there was a mountain range that was ten thousand feet high, straight up to the ninth heaven, and the top was a huge thousand feet wide.

Chapter 2020

What is more shocking is that the top of the mountain seems to have been cut off with a sword, forming a thousand feet wide platform, smooth as a mirror, incomparably flat.

In the middle of the platform, there is an ancient temple, the temple surrounded by haze, full of divinity.

The pounding ancient dao contained incomparably thick!

The entire temple is carved from a complete piece of colored jade, seems to have been standing here for millions of years!

The moment Lin Hao and the others entered the spiritual domain, the divine hall at the top of the mountain suddenly burst out with dazzling light, the somewhat dull seven-colored divine light was now as dazzling as the sun, illuminating the mists that stretched for thousands of miles around the mountain range!

At this moment, the divine temple seemed to come to life again, majestic.

An astral qi centered on the divine hall, towards the entire divine domain, this astral qi set off ripples, surging unusually!

And within the aura, there is the sound of the Great Dao Sanskrit, the whispering of the gods.

If one is enlightened enough to hear this ethereal sound, when instantly enlightened, strength soaring.

Under the peaks, the image of different, several half-human, half-demon, body inscriptions flowing, showing a translucent creatures opened their eyes, looked up to the sky above the temple, said with one voice: 'The gods open their eyes, the dao returns!'

In an instant, several powerful beings rose up into the sky and turned into seven-colored streams of light, heading straight for the divine hall.

Among the mists, there existed thousands of? Er Yi Yi Jie Wu closed Ai Fu? Ten thousand translucent creatures, have been towards the direction of the divine hall inexorably kneeling, the body surrounded by inscriptions blooming out of various colors of light.

If Lin Hao is here, a glance can recognize these creatures, this is not with the lightning mountain spirit domain Lin Liu Li is similar?

With human characteristics, also has the image of an animal, the body presents a translucent glaze, and emits a variety of colors of light, surrounded by inscriptions.

.....

The two ends of the story, Lin Hao, they just passed through the entrance behind the idol of the River God Temple, the spirit of the domain, and then was stunned by the scene in front of him!

Not only Lin Hao, followed him in the Lei Ling and the Yun family, at this time are incomparably confused!

This is a fucking spiritual domain?

Are you sure you didn't cross over to another world?

After they came in through the passage, the entrance automatically disappeared, and even though Lin Hao had the inscription of another spirit domain in his consciousness, he couldn't sense where the entrance was.

What shocked Lin Hao the most was that a very large city appeared here, majestic and lofty!

And the place where they landed was on a barren mountain just outside this city!

The city was modeled after an ancient city, and was even more imposing, covering an area the size of a city, and standing on the high mountain, they could not see the end of it.

These buildings and thick walls, seem to be constructed with a dark gray large stone, if you do not look carefully, you would think that a whole block of large stone carved.

The whole body is thick with a dark gray, looking at the mood is quite depressing and unbearable.

What was most unacceptable to Lin Hao was that, from a distance, the city was very lively and prosperous, with many humans, but none of the spirit beasts were seen.

‘Brother Lin Hao, are we sure we’re not in the wrong place? I think it’s crossing over.’ Lei Ling could not help but open his mouth, really some doubts about life.

After all, the first domain, the Thunder Split Mountain Spiritual Domain they had gone in, where there were people, there were only thunder beasts and those thunderbolts.

Lin Hao gently shook his head: ‘This is indeed a spirit domain, just a strange and ancient domain, these should all be the natives of this spirit domain, haven’t you noticed, the spiritual energy here is dense, not know how many times stronger than our world.’

After Lin Hao’s reminder, they were also shocked to find this out, indeed yes, if they cultivate here, their realm will improve very much faster.

And even ordinary people, in such an environment, life expectancy can reach an average of one hundred and fifty years, everyone can become a hundred years old!

‘This is not a mirage, right?’ Yun Feng, the head of the Yun family, spoke with some embarrassment.
