

# Super Son-in-law Chapter 2021-2030

## Chapter 2021

‘No.’ Lin Hao shook his head and denied Yun Feng’s words, ‘Let’s go, let’s go inside the city first and take a look.’

Because Lin Hao knew all the secrets of the Spiritual Domain through the aura instilled by the inscriptions in his Sea of Consciousness, it was just that there were still aborigines in this Spiritual Domain, which made Lin Hao quite surprised.

As for the other piece of people who came in, they didn’t know where they were, so I guess they had? Wu zero shan zero yi er closed steak? ve entered the city, right?

Lin Hao pulled Lei Ling and leapt down from the hundred feet mountain peak, Yun Feng and the other seven members of the Yun family didn’t hesitate and quickly followed, they couldn’t reach Lin Hao’s level, although their realms were all similar, but Lin Hao could walk through the air.

Lin Hao and his group of nine people floated down from the mountain in style, and this scene was just seen by a group of aborigines!

These people were wearing ordinary rough clothes, ordinary people without any strength. When these people saw Lin Hao and the others, they were all terrified and pointed at Lin Hao and the others, gibbering and not knowing what they were saying.

All of these people raised the things they were holding above their heads, scaring Yun Feng and the others into thinking that they were going to beat them up, only for these people to suddenly kneel down towards them, saying something in gibberish as they did so, their expressions full of devotion, as if they were worshipping the gods of heaven.

‘They treat us like gods?’ Yun Feng looked strange, inexplicably feeling a bit like laughing, but also a bit flattered.

It was similar to the modern society where people drove cars and ran to an isolated place where they worshipped them as gods.

Lei Ling was all speechless: ‘Still saying it’s not crossing over, look how much they are dressed like our ancient Tang Dynasty clothes, really, the sense of modern people crossing over to ancient times.’

‘It’s a pity, I just can’t understand what they’re saying.’ Lin Hao was quite helpless, these people were gibbering, supposedly speaking the local language, Lin Hao still had a good talent for languages, but unfortunately, froze and didn’t understand a single word.

Buzz!

Suddenly, Lin Hao’s sea of consciousness trembled lightly, and the inscriptions in his sea of consciousness emitted a seven-coloured glow, and a stream of information rapidly poured into Lin Hao’s mind.

Then .....

Before Lei Ling and Yun Feng looked at Lin Hao with a dumbfounded face, dumbfounded.

Because Lin Hao's mouth also popped out in bird language, gibbering a whole lot, not to mention that it was actually somewhat similar to the other side!

What shocked them the most was that, damn it, they seemed to have actually gotten the code word right!

No way, they could even communicate with each other?

Lin Hao's grasp of foreign languages was a bit too extensive.

'That, Brother Lin Hao.' Lei Ling spoke with uncertainty, 'You can really communicate with them? It's not nonsense, right?'

Lin Hao nodded, 'It's not nonsense, I can understand, have you forgotten that in the Thunder Splitting Mountain Spiritual Domain, Lin Liuli incorporated an inscription into my sea of consciousness? They are in common, and I know the secrets of these spirit domains.'

Just a moment ago, Lin Hao had actually learnt the local language at once through the information instilled by the inscription, and after Lin Hao spoke, these people actually knelt down and kowtowed with even more respect.

This was because Lin Hao was speaking the language of the gods.

In the Spirit Realm, humans did not have much status, let alone the appearance of gods, who were the ones with powerful abilities to exist.

Those translucent creatures surrounded by inscriptions were sealed as deities, and by chance, the human race made up the largest percentage of the Spirit Realm.

Through the conversation, Lin Hao understood that this was a more stable spirit domain that had not fallen yet, and that there were still very many humans here, and the number of humans was about half of that of Earth.

That was also over three billion people, something that shocked Lin Hao immensely, while there were far fewer gods within this spirit domain, only about ten million.

After talking for a while, these local humans quickly got a simple palanquin and invited them to sit on it. Lin Hao didn't refuse, and when the others saw Lin Hao do so, they followed suit.

'I know you all have many questions you want to ask, do you know what they are called in this spirit domain?' Lin Hao looked at a few people with a smirk.

Several people shook their heads helplessly.

Chapter 2022

‘God Realm.’

Lin Hao simply spat out two words.

All eight people, including Lei Ling, were dumbfounded.

Ha ?

The God Realm ?

You’re kidding me!

This is it!

We are all mortals, to ? We’re all mortals. We’re in the God Realm and we’re enjoying divine worship, are you sure you call this the God Realm ?

‘This is indeed the God Realm, or rather the core of the Ancient God Race.’ Lin Hao didn’t hide it either.

By communicating with these local humans, together with the information that had been remitted by the inscriptions within his sea of consciousness, Lin Hao had basically figured it out.

Although these locals were ordinary people, there wasn’t much they could understand, but Lin Hao could analyse ah based on the information in his sea of consciousness.

The race that was half-human, half-beast, and had a glazed lustre, surrounded by inscriptions, was the god race, the race of superior people, amongst these spirit domains.

They are called the Ancient Gods!

This is the core of the various worlds of the Ancient God Race, and is therefore called the God Realm.

That one other world, that is, the other spirit realms, like the Thunder Splitting Mountain spirit realm, and the spirit realms around the world that have not yet been opened, are all worlds belonging to the Ancient God Race.

But their worlds are on the verge of collapse and are constantly being destroyed.

To paraphrase the description in Three Bodies, if the human world is a three-dimensional world, these spirit realms are the world of thought.

These ancient gods are also the creatures of the four-dimensional world, and are called gods.

And their four-dimensional world is constantly falling towards the three-dimensional world, and this fall will not stop until all the worlds have completely fallen to the three-dimensional world.

This is an analogy, do not take it too seriously.

It is because of the continuous fall of these spirit domains, which are approaching the level of the Earth's world, that there are portals bordering the Earth and opening up in an instant, with countless spiritual qi pouring into the Earth's world, allowing the Earth to enter a whole new era of cultivation.

Until eventually all these spiritual domains bordered the Earth and became part of it, while these Ancient God creatures were unable to adapt to the Earth's environment and would perish!

When a world faces an irresistible danger, the laws of the world's Great Dao operate to select the best Ancient Gods clansmen as the sons of heaven's destiny, and gather the world's qi to allow them to answer the tribulation and change their fate against the heavens, thus changing the course of the world's demise. If the person who gathers the entire world's qi is still

unable to break the game, then the fall of the world cannot be stopped, and eventually, the entire world begins to collapse and the living creatures are wiped out.

Whether it is the indigenous humans or the gods, all without exception are completely buried for this world.

This is how the Thunder Split Mountain Spiritual Domain came to be, and the Thunder Split Mountain Spiritual Domain is only a hundredth, or even a thousandth, of the size of the once Spiritual Domain world, the rest of it having long since been reduced to nothingness, with the boundaries between life and death blurred.

The reason why the Thunder Split Mountain Spiritual Domain was able to remain was only because the last trace of Qi of the Son of Heaven's Destiny protected it, but it could not change the speed at which it continued to fall.

The thunder beasts within the Spiritual Domain are also creatures created after the destruction of this world, and that Lin Luli is none other than the Heavenly Destiny of the Thunder Split Mountain Spiritual Domain.

Her departure, perhaps to search for other complete spirit domain worlds, or rather to find a way to recover, was why she had left the core of that spirit domain to herself.

The inscription in Lin Hao's sea of consciousness was the result of the only remaining Qi of that Thunder Splitting Mountain Spiritual Domain, and was likewise the core of the Spiritual Domain.

Today this River God Spiritual Domain, which the locals called the God Realm, was the core of this ancient god race, so the qi of this world was still clinging on, but I was afraid it wouldn't last much longer, otherwise there wouldn't have been a passage opening for Lin Hao and the others to enter, a sign of a fall towards a lower dimension.

The worst thing is that if its continued fall cannot be stopped, the consequences will be unimaginable. After it borders the Earth completely, there will also be a line of demarcation between life and death on Earth. Imagine how horrible it will be when there is no longer any difference between the underworld and the earth?

That is, on earth and in hell!

And the Earth may not be able to withstand the bordering of so many spiritual realms, and the squeezing, there will only be one result, the destruction of the Earth together, turning into nothingness!

## Super Son-in-law Chapter 2023-2024

Chapter 2023

'This is the truth of the world, the truth of the new era, and now that it's all told to you, how does it feel?' Lin Hao looked at Yun Feng and the others with amusement.

Everyone had a sullen face, with complicated expressions not knowing what to say.

It was as heavy as if they suddenly knew that the world was ending on that day.

Some things were better not to know than to know, and once you knew, you could no longer pretend not to know.

‘Brother, is the world really going to end?’ Lei Ling was filled with worry.

‘I don’t know.’

Lin Hao couldn’t answer this question, helpless ( ? ’ ? ` ? ) The city.

‘Is there a solution?’ Yun Feng asked the question that concerned him the most, then continued to pursue, ‘How much time do we have left?’

‘I don’t know.’ Lin Hao’s answer remained the same.

Really don’t know!

The Ancient Gods had not found an answer even after ten thousand years of chasing after them, so how could he know? Besides, all that could be done was to keep getting stronger, otherwise these worst-case scenarios would really occur.

Then the Earth would also be destroyed, just like those destroyed spirit domains.

Snap!

Yun Feng bitterly threw a fierce slap at his face, 'Look at my cheap mouth, why do I have to ask this question when I have nothing to do?'

'Yun family head, let nature take its course.' Lin Hao was relaxed, 'Work hard to strengthen, if the world is destined to be destroyed, we can't save it, but we can choose how to face it isn't.'

Everyone understood the reasoning, and there was no need for Lin Hao to say more, but it was always hard to feel good knowing such news even if you were spontaneous.

The aborigines suddenly spoke up, and their thoughts were interrupted by a gibberish voice. The human in the lead seemed to be of good standing, looking like a middle-aged man in his forties or fifties, and Lin Hao remembered that his name seemed to be Feng Yue.

Feng Yue told Lin Hao that they had reached the entrance to the city, but they could not enter without status and needed to inform the city lord's office.

However, if Lin Hao and the others showed their divine power, these people would be released immediately and would be specially come by someone from the City Lord's Office to determine it, thus giving them an official position.

In the city, all positions had to be controlled by gods with godly powers.

Lin Hao nodded and jumped down from the palanquin, seeing this Lei Ling and the others jumped down as well.

Lin Hao found translucent bullheads wearing armour and holding weapons standing on either side of the city gates, these people looked like glass people, with human bullheads, a distinct degree of transparency in their bodies and no other colouration, the aura emanating from their bodies was close to that of a first class early stage Illusionary Spirit Master, meaning that these Ancient Gods did not reach the realm of a first class Illusionary Spirit Master.

‘What’s wrong Lin Clan Master? These people won’t let us in?’ Yun Feng wondered, as these Minotaurs in front of them blocked their way with their weapons, and at the same time made Yun Feng incomparably curious, after all, it was the first time he had seen such a peculiar race.

The other side looked at them equally strangely, there was no way around it, they were dressed too strangely, not at all the style of clothing they had here.

Fushan shade dye shade land zero? Then Feng Yue was talking to the other side.

Lin Hao heard Feng Yue tell them that he and the others were gods, gods of the human race, and asked the other side to let them go.

Who knew that when these bullheads heard this, they burst into a rage and drew their swords to make a move on Lin Hao and the others.

Lei Ling's brows furrowed and he was just about to make his move when he was stopped by Lin Hao.

Lin Hao grinned.

Brothers, open your martial spirits!

Er, no, wrong.

'Lord of the Yun family as well as all of you, release your spirit power or summon your spirit soldiers out.'

Thinking that a battle was about to take place, Yun Feng waved his hand and the three of them summoned their spirit soldiers out, six of the seven members of the Yun Family were all Martial Dao converts into Illusory Spirit Masters, each summoning their spirit soldiers condensed with their own spirit energy, while their surroundings glowed with rich spirit energy fluctuations.

One of them was a being who later became an Illusionary Spirit Mage, and also summoned his own summoned object.

As for behind Lin Hao, more than two hundred swords floated in the void, their auras overpowering.

‘Greetings, Lord Deity!’ Feng Yue and the others knelt down at the sight, this was seeing a deity manifesting himself!

Although they had just seen Lin Hao and the others floating down from a hundred feet in the air, they had not seen a divine manifestation, but this time they had really seen it.

Chapter 2024

The human race, at last, has a deity!

Not only did Feng Yue and the others kneel down and worship, but even those glazed bull-headed soldiers were also kneeling on the ground at this moment, chanting Lord Deity!

Yun Feng was once again confused, what did that mean? They were thinking that Lin Hao had asked them to summon the spirit soldiers to prepare for a hard breakthrough into this Gu Yue City, but who knew that this would turn out to be the case.

Someone from the Ancient God Tribe soon went to the City Master’s Office to inform them that a god had appeared in the human race, a situation that had never happened since the beginning of the world.

When the City Master’s Office received this news, they were also confused.

This was something unheard of, and at that moment several streams of light sped in, and the purple streams landed at the city gates.

‘Two more coming?’ Yun Feng was odd.

These were two delicate women in sarongs, their bodies were distinctly coloured, showing a glazed texture and shimmering with a faint pink halo, their auras showed at the middle first class Illusionary Spiritist realm, not unlike a human, but of course more human if they didn’t have that wolf tail behind them .....

The two city lord’s wolf maids saw the divine light on Lin Hao and the others, and their puzzled eyes became horrified that it was real!

It really was a human deity!

‘I am the City Lord’s House Spirit Cage, her name is Ling Li, the few of you who have passed the test can directly enter the City Lord’s House, as for the official positions to be determined, everything will be decided by the City Lord.’ The wolf maid who led the group communicated with Lin Hao in the language of the Gods.

It didn’t ask for any other information, when it felt that aura on Lin Hao’s body, it already proved everything.

‘Thank you, please lead the way ahead.’

Lin Hao communicated with the other party in the fluent language of the gods, and they became even more convinced of Lin Hao and his group's identity.

Soon, they headed together to the City Lord's Mansion, a complex the size of an imperial palace in the heart of Gu Yue City, in unparalleled luxury, this was the City Lord's Mansion!

In the City Lord's Mansion, apart from Lin Hao and the others, not a single human could be seen, all of them were creatures of these Ancient Gods, looking just like humans, but always with animal features in some places.

However, Lin Hao also noticed one thing, the strongest strength in this City Lord's Mansion was only second grade Illusionary Spirit Master strength, and it was very rare, most of them were only at the first grade Illusionary Spirit Master realm, or even not up to it.

The most obvious manifestation of the realm of these Ancient Gods was the light that surrounded their bodies, the deeper the light the stronger the strength, and the more colours, the higher the realm.

'Linglong, before we came, had you seen any other human deities arrive?' Lin Hao remembered that there were quite a few people who had come here.

The people from the Dragon Family and the Xu Family were all in here, so apart from exploring this spirit domain and finding the core, he had to figure out where these people were.

Even if Lin Hao didn't deal with them, he still had to place these guys to get himself ah.

'Other people's illusionary spirit masters?' Linglong was surprised, 'Does it mean that there are other illusionary spirit masters besides you few human illusionary spirit masters?'

It turned out that the human race called them Deities, while the Deities were called Illusionary Spirit Masters.

It was also normal, didn't Lin Hao and the others get these realm level divisions from the information given by Lin Liuli.

'Yes, there are about twenty more like this, equal to us in terms of realms.'

'What the hell, how did so many Illusionary Spirit Masters suddenly appear in the human race, what the hell is going on here.' Linglong and Lingli looked at each other, somewhat unable to believe it.

They hadn't seen a single Human Illusionary Spirit Master in ten thousand years, and then suddenly one day, dozens of Illusionary Spirit Masters popped up all of a sudden, it was strange.

Linglong said that she hadn't come across any, and so far, apart from Lin Hao and the others, they hadn't seen any other Human Illusionary Spirit Masters.

Lin Hao asked Linglong to please, if he found these people, he hoped to be able to tell them a thing or two, and Linglong agreed to do so.

Before they left, they told Lin Hao and the others to stay here first, no need to? 伍闲愛扒遮依染? think otherwise, if there is anything you need to order at any time.

This was a bit of a surprise to Lin Hao: 'These people are quite polite, why does it feel like they are offering us.'

## Super Son-in-law Chapter 2025-2026

### Chapter 2025

Yun Feng laughed darkly, 'Isn't it just for us, we are put here, we are a national treasure level existence, you see how we treat the pandas, how they treat us.'

Ha?

Lin Hao froze for a moment, Yun Feng's brain circuit was strange too.

But when you think about it, isn't that how it is!

Everything is precious by its scarcity.

But it was like the giant panda, everyone knew he was a national treasure, but he didn't care.

Lin Hao was the same, none of them felt anything, but at least they could feel that these Gods had no malice towards them.

Although the entire God Clan was guarded and managed by the Gods, it was also evident that they were not enslaving or oppressive towards the human race.

The two races got along quite harmoniously with each other.

Compared to Lin Hao and the others who were so lucky, the other explorers who came in first were not so lucky. The closed Xixi'er Yiyiwuzha? Good luck, for example, the Xu family, father and son.

The two father and son, Xu Buwei and Xu Hongfeng, were scattered with the others after they passed through the teleportation portal, and they were the only two who stayed together.

When Xu Buwei switched jobs, it happened that Lin Hao was raging against the thunderstorm, and then, Xu Buwei was lucky enough to receive a thunderbolt, and although he was seriously injured, he was blessed by the disaster and became a first-class late stage illusionary spirit warrior directly after the switch.

Even Xu Hongfeng succeeded in his transfer, but he did not even reach the level of a first-class early stage Illusionary Spirit Battle Master.

The two fathers and sons were transported to the wasteland outside the Giant Crocodile City, a neighbouring state from Gu Yue City.

At this moment, the two fathers and sons were meticulously staring at a small swamp in the heart of the barren grass in front of them, disguised as Voldemort.

‘Dad, can that thing take the bait?’ Xu Hongfeng whispered, his eyes unblinkingly fixed on the swamp ahead. ,

‘Don’t say anything, you have to trust dad, this spirit beast is definitely ours, let you become a real illusionary spirit war master when the time comes.’ Xu Buwei did the same, staring at the swamp with dead eyes.

The two of them had teleported here and wandered around for half a day when they suddenly found a translucent crocodile not far from that swamp that was roughly a meter long and emitted a light blue sheen, with the strength of a first-class middle Illusionary Spirit Master.

Xu Hongfeng had seen Lin Luli’s bull batch and immediately told Xu Buwei that it was definitely something good, and seeing that he still had two or three inscriptions flowing on him, Xu Hongfeng suggested that he should pit him and kill him, and then obtain the inscription control core.

He had witnessed Lin Hao obtaining Lin Luli's inscriptions and then taking control of the Thunder Split Mountain Spiritual Domain, so the bastard treated this crocodile like Lin Luli, unaware that they were already standing on the edge of a cliff and were still dancing madly, what was this if not a death wish?

Just then, a blood light emerged from that swamp, the father and son were overjoyed, 'Haha, hell, after waiting for twelve hours this thing has finally taken the bait.'

The bloody light meant that the crocodile had fallen into the killing formation they had just set up!

Xu Buwei sped towards the swamp, a black battle axe coalescing in his hand, entirely made of aura, looking overbearing.

Xu Hongfeng didn't lag behind either, barely coalescing a wolf tooth stick to follow his old man forward.

'Roar! Damned human, how dare you set me up!'

'Father, save me! A thief is trying to trap and kill me!'

The light blue crocodile roared up to the sky, asking for support.

Unfortunately, Xu Buwei and his son did not understand the language, but they heard the crocodile hissing in a loud voice.

Boom!

The power of a first class Late Illusionary Spirit Warrior's attack was terrifying!

The huge black battle axe made Xu Buwei slash down fiercely with a violent roar and cut fiercely on that crocodile's head.

The crocodile's defence was extremely terrifying, the axe actually only left a shallow mark on the crocodile's head, unable to break the defence at all.

Chapter 2026

The terrifying recoil force directly lifted Xu Hongfeng, who had just rushed up, out of the way.

'Holy shit, so hard!'

Xu Hongfeng was thrown off and still forgot to shout out.

It was too hard!

It was outrageous that Xu Buwei, who was pressing his opponent by a realm, couldn't make this crocodile break his defense!

'This damned beast, it's even able to rebound an attack! Let me kill you!' Xu Buwei shook off his numb hands, and his tiger mouth was actually showing signs of cracking.

He clearly felt that with one axe strike, not only was his opponent unhurt, but there was a force that was ruthlessly bounced back.

'Damned human! How dare you try to pit and kill me, roar, I'll kill you!' The light blue crocodile roared in anger, and the only three inscriptions on its body burst into a blue glow, enveloping the entire crocodile body.

At the same time, with a violent twist, it broke free from the trap formation Xu Buwei had set up and took the initiative to attack Xu Buwei.

Xu Buwei was not afraid, and kept swinging his axe and slashing furiously, while avoiding the crocodile's tail.

After ten minutes of stalemate, Xu Buwei wanted to die.

Damn, this is too tough!

He couldn't break the crocodile's defence at all, but he was injured instead, and although he wasn't hit by his opponent, the shock alone was enough for him to suffer.

Xu Buwei's right hand was already trembling, and his tiger mouth was cracked by the shock, with blood flowing out continuously.

'Howl! Who dares to bully my son?

An even more terrifying roar rang out, and a terrifying spiritual pressure arrived in an instant!

'Damn you!' Sensing the spiritual pressure, Xu Buwei cursed and ran away without looking back, copying Xu Hongfeng who was unconscious on the ground.

The aura of a peak second-grade Illusionary Spirit Master!

Xu Buwei's intestines were turning blue with regret, why did he mess with this thing?

He couldn't even deal with a crocodile in the middle Illusionist realm, let alone one in the peak Illusionist realm.

Xu Buwei's legs were running like stigmata, and he wished his parents had given him two more legs, because the terrifying aura was getting closer and closer.

'Divine Dragon Swinging Tail!'

A fierce wind arrived in an instant, accompanied by a seven to eight metre long crocodile tail.

Xu Buwei's face was terrified: don't you come over here!

Boom!

Xu Buwei tried to protect himself with all his aura, but he could not escape and was hit by the crocodile's tail, which threw him a hundred metres away.

As Xu Buwei sprayed blood furiously, he jumped up nimbly and continued to run wildly with his son in his arms, as if the threat of life and death had inspired human potential, Xu Buwei's speed became even more ferocious.

'Huh? It's an Illusionary Spirit Master, this can't be! How could an Illusionary Spirit Master appear in humans!' A light grey crocodile the size of a Tyrannosaurus Rex, with those big eyes looked at Xu Buwei who was frantically fleeing for his life in bewilderment.

Its body was encircled with ten inscriptions, and its circumference was even glowing with two distinct glows.

‘Ah, a human illusionist, haha, capture it and present it to the city lord, I can’t guarantee that I’ll be promoted and become rich when the city lord is pleased?’

The big crocodile reacted and moved with a fierce movement, his speed was not half as fast as Xu Buwei.

Xu Buwei, who had run far away, felt relieved that the other party was not catching up with him, but half of his breath had just been exhaled, and the remaining half choked directly.

Damn it, why did he catch up with us again?

What’s the matter with you? Boom!

Bang Bang!

The big crocodile came up with a divine dragon swinging its tail and a black tiger pulling out its heart, hitting Xu Buwei and his father and son, incomparably miserable, their bodies were soaked with blood.

‘Demon King spare my life, I was wrong, we shouldn’t have done anything to you, please spare us.’ There was no way out, when it was time to concede, the dog’s life was at stake.

The main thing is that you can’t beat them!

Xu Buwei and his son knelt on the ground and kept kowtowing.

‘What kind of language are you speaking? I don’t understand it, say, who are you? Why did you become Illusionary Spirit Masters!’ The big crocodile said angrily, completely unable to understand what Xu Buwei’s father and son were saying, and couldn’t make out what they were saying in gibberish.

## Super Son-in-law Chapter 2027-2028

### Chapter 2027

Xu Buwei’s father and son also cursed: what kind of bird language is being spoken, I don’t understand it!

The communication between the two sides was almost interspecies-like, a chicken and a duck.

The big crocodile: ‘Where are you from? Why have you come to Giant Crocodile City?’

‘Brother Demon King, we are just passing by and have no intention of killing your companions.’

Big Crocodile: ‘Get up and come with me!’

‘Brother Demon King, I didn’t intend to eat you.’

.....

This communication was not on the same page at all.

After trying several times and failing to communicate, the big crocodile ran out of patience, and as the father and son looked on in horror, the big crocodile opened its bloody mouth and swallowed the two in one gulp!

Then fiercely opened its mouth .....he

tui~!

‘Vomit ..... what the hell does this smell like, it stinks!’

‘Is this eating a ton of garlic?’

The father and son who were spit out, covered in dirty not to mention, also covered with crocodile saliva, the body is also hanging crocodile stuffed teeth did not pick out the next month of meat, the stink of the two doubted life, a burst of wild vomit.

The stench of this thing’s mouth was so bad that it was a hundred times worse than falling into a septic tank!

The two men hadn’t even taken two breaths of fresh air before they had the big crocodile in their mouths again, and then .....he~tui~! The crocodile spits it out again!

So the cycle repeats itself, the two guys become toys for the big crocodile, a big crocodile and a small crocodile, walking leisurely towards the giant crocodile city, playing as they go.

‘Vomit, I’m not going to fucking live, you have the guts to give me a hard time!’ Half an hour later, Xu Buwei and Xu Hongfeng were completely desperate.

I can’t play anymore, I can’t afford to play! I might as well die!

‘Wow, father, I think I understand the bird language these two humanoids are speaking.’ The little crocodile was dancing with excitement.

‘Oh? What are they saying?’ The big crocodile was very surprised, he didn’t even understand it and his own son did?

‘They said it was so funny and they wanted to continue!’

The big crocodile burst into laughter, ‘Haha, I like it too!’

And then it was all the way to he

tui

back to Giant Crocodile City, hetui and vomit all the way.

When they were about to arrive at Giant Crocodile City, the unlucky father and son could not bear it any longer and were directly fainted by the fumes. After being put in the mouth of the big crocodile for so long, they were almost coiled up. .... The mountain in the Misty Forbidden Land of the Divine Realm (River God Spiritual Domain) towering above the clouds is called Giant God Peak, and the divine temple at the top of the mountain is called the Heavenly God Temple.

The gods of the sky, at this time gathered all the ancient gods of the great power, a total of seven, three men and four women, look similar to Lin Liu Li, personal deer antlers, surrounded by countless inscriptions, blooming seven-colored light, the worst one, but also six colours flowing, the breath is hidden and terrifying.

At this time all seven people kneeling at the shrine? Fuzi closed Wu Shan Fuzi Shan cover? in front of the rows of idols in the middle.

The idol at the head was just like the River God in the Temple of the River God under the Qinhuai River, a fishtail figure of a man holding a trident, with a flickering divine light around him, clearly a statue, but as if it were a living creature.

‘The Ancient Gods beg to see the old ancestor! The Son of Heaven’s Destiny has appeared, please ask the old ancestor to show himself!’ The seven people kneeling below prayed reverently as streams of light peeled out of their bodies and quickly surged into the River God statue.

As the divine light pooled in, the statue gradually came to life, the statue’s chest actually rose and fell slightly, the statue actually came to life!

The deity’s eyes opened! With just one glance, it seemed like the ancient gods themselves had arrived, and the terrifying pressure descended from the sky. The strength of these seven people was already terrifying enough, but in front of the divine might, they were all overwhelmed and unable to breathe.

Only the moment the deity opened his eyes, the entire edge of the spirit domain was flooded with strong spatial fluctuations, a spatial rift appeared, gradually annihilating the space around it.

Beneath the Qin Huai River, a dazzling light blossomed as the domain channel within the Temple of the River God continued to expand!

The True God's awakening actually required the use of the origin power of this side of the world, thus speeding up the process of the collapse of the spirit domain.

'My disciples pay homage to the Divine River Elder!' The seven people below prostrated on the ground, their gazes devout, and the bloodline within them was churning like boiling boiling water.

## Chapter 2028

'Do you know the price of waking me up? Do you know the consequences if a child other than the Heavenly Destiny emerges?' The divine River Ancestor's voice was low and soft, but every word he spat out was like the rule of a saint, his words followed the law!

A woman with two antlers at the end of the seven replied in a respectful voice, 'Elder God River, three days ago, a vision descended from the sky, revealing the mysterious sound of the Great Dao and hearing the whispers of the gods. The Heavenly God's Hall was filled with hazy light, which was indeed a vision of the Son of Heaven's Destiny appearing in the world. We checked carefully several times and confirmed that it was correct, but we were unable to determine where the Son of Heaven's Destiny was, so we dared to wake up the Elder.'

Hearing the woman's words, the divine River Elder slowly closed his eyes, and a divine thought, centred on the Heavenly God Hall, spread throughout the River God's spiritual domain in an instant.

Within a few breaths, the River God Ancestor opened his eyes again, but the River God Ancestor looked rather odd and muttered in a voice that only he could hear, ‘Strange, this son is actually a human, and not from the God Realm, is he from the lower realms? It seems that this son has already been to the ruins of the Underworld. So be it, so is the fate of Heaven.’

‘The Son of Heaven’s Destiny has indeed appeared, however, it is not my God Clan, but a human from the lower realms... Perhaps our Ancient God Clan cannot save itself from this calamity, and the only way to do so is to place our hopes on a human.’

As the words of the River God Elder fell, the seven people kneeling down were greatly shocked.

‘What! How can it be a human!’

‘The old ancestor is mistaken, how weak is that human, and without the favour of the gods for millions of years, he cannot become an Illusionary Spirit Master at all, and how can he possibly save us?’

‘Elder God River, instead of placing our hopes on a weak human, why don’t we gather the strength of all the gods and throw our weight behind it!’

In response to the seven people who were fiercely opposed, a mere look from the divine River Elder caused the seven to shut their mouths and be silenced.

‘The rest of you retreat, and Ah Yao stays behind.’

‘Yes, Old Ancestor!’ The six retreated with respectful voices, except for the woman with the head and legs who remained at the end of the line.

‘Ah Yao, today you will leave the Misty Forbidden Land and go to Ancient Yue City to search for the Son of Heaven’s Destiny, and don’t let those moths hiding in the dark corners find the Son of Heaven’s Destiny before you, do you understand?’ The divine River Old Ancestor looked at the woman in front of him, and for the first time, his tone seemed a little gruff.

‘Old Ancestor, then what should I do about the Yun Meng Ze that I am in charge of?’ The woman named Ah Yao was quite dissatisfied, she, like the others, never thought that a weak human would become the saviour of their clan and was naturally unwilling to go.

Besides, once they left the confines of the Misty Forbidden Land, all their strength would be suppressed, and she might also be in danger if they encountered the moths that the divine River Elder had spoken of, namely the Ancient Clan of the River Styx.

‘You are unwilling?’ The River God’s eyes glared, and a monstrous might fell with a bang.

‘Ah Yao wouldn’t dare!’ Ah Yao flung herself to the ground with a thud, pressed down by the terrifying aura, throwing her five bodies to the ground, unable to move a single inch.

With a fling of his sleeves, River God directly flung Ah Yao out of the divine hall and shot a thousand miles away, throwing Ah Yao out of the confines of the Misty Forbidden Land with a hard thud.

Ah Yao landed hard on the ground, and the small hill next to her crumbled directly, sending smoke and dust rolling down.

After the smoke and dust cleared, Ah Yao's delicate features were filled with aggression and dissatisfaction, yet she did not dare to disobey the order.

In Gu Yue City.

Lin Hao has been here for three days, but has not seen the city lord, and they are not allowed to leave, but what is needed, as long as they can get it, basically? er xi shanzai xi lu er whisk? The other side would send it over, and every day they were fed with good food and drink, just like raising pigs.

When they were bored, Lin Hao's group of nine had to use cultivation to pass the time.

The aura was useless to the thunder spirits, only strong power could temper their body strength. Lin Hao was not stingy and gave the thunder spirits a lot of thunder meteorites and spirit cores, and set up thunder formations to temper the thunder spirits' bodies.

Yun Feng and the others cultivated for two days and their strength improved very quickly, Yun Feng had almost reached the peak of the first grade Illusionary Spirit Master, and so did the rest of the Yun family.

## Super Son-in-law Chapter 2029-2030

## Chapter 2029

Lin Hao was the only one who was incomparably puzzled.

He found that whether it was the spirit core or the dense spiritual qi around him, it couldn't raise his realm even a little bit, so he was stuck at the first grade early Illusionary Spirit Battle Master, unable to raise his realm at all.

The key thing was that although his realm did not improve, the spirit core was refined and the aura cleansed him, so his combat power had increased.

If he really had to fight against an enemy, I'm afraid that even a second grade early stage Illusionary Spirit Master might not be his opponent.

Today, Lin Hao used his spirit core to refine himself and solidify his thunder origin as usual, but Lin Hao didn't expect that he would somehow fall asleep and have a dream.

Call it a dream, but it was incredibly real!

Lin Hao saw that he was in the middle of a sacred temple, which was so wide and huge that the dome was a hundred feet high, and on either side of it stood a statue with a sacred aura that was alive and well, and which gave Lin Hao an extremely powerful pressure.

‘Strange, how come the statues here are all half-human and half-demon in appearance, and they somewhat resemble Lin Liu Li.’ Lin Hao looked around curiously, and he was even more curious as to why he was having such bizarre dreams.

With curiosity in his heart, Lin Hao watched these idols as he walked inside, surrounded by various types of idols, all with animal forms partly on their bodies, such as those with fox tails, those with deer horns on their heads, or those with one horn, or those with two wings on their backs.

When Lin Hao walked to the innermost part, he saw the god sitting at the top? When he saw the statue at the top? When he saw the statue at the top, Lin Hao froze: ‘What the hell? Why is there a statue of a river god here?’

That’s right, the idol at the top was actually a statue of a river god with a fish-tailed body holding a trident, and what shocked Lin Hao even more was that it was exactly the same as the river god statue they had seen at the entrance.

But this one was more like a god statue, full of divine majesty, surrounded by a haze of light, with an arcane inscription emanating an appalling aura on each fish scale.

The next moment, the River God statue opened its eyes with a start!

‘Damn, is this a man or a ghost? Or is it a demon?’ Lin Hao was so frightened to find this River God statue suddenly opening its eyes that he hurriedly took several steps backwards, was it that scary?

It was clearly a light and strange dream, was it going in the direction of a horror dream?

When he heard Lin Hao's words, the idol frowned slightly, and a breath-taking astral energy came, directly lifting Lin Hao out of the way for more than ten seconds: 'How dare you! I am the supreme divine River Elder, how dare you compare me to those moths!'

Assholes? What moths?

Lin Hao was a bit confused, what was the other party saying?

Saying that ghosts are moths, or that demons are moths!

'I guessed that you were weak, but I didn't expect you to be this weak.' The divine River Ancestor looked at Lin Hao, filled with disappointment, could it be that his disciples were right, how could he place his hopes on such a weak human?

Lin Hao had a black face and felt offended!

He himself had a dream about the River God who claimed to be the divine River Elder, and then despised himself!

'Kneel down and talk!'

Lin Hao looked at the River God Elder Ancestor as if he was looking at a retard.

Then he opened his mouth: he~tui~!

‘Fuck off, I can still let you bully me in my dreams?’ Lin Hao was furious enough to lie on the ground and point at the River God, cursing, ‘If you bleep one more word, believe it or not, I’ll tear down your golden temple! Let you get cocky!’

‘Then get up and talk!’ The River God’s brow furrowed, in a very unhappy mood; no one had ever dared to speak to him like that in millions of years.

‘It’s up to you.’ Lin Hao bristled arrogantly, ‘It’s hot, it’s cooler to lie on the ground.’

The River God almost vomited blood as he choked, if this human hadn’t still been useful, the River God would probably have slapped the bastard to death!

What Lin Hao didn’t know was that this wasn’t a dream, and that the moment he entered the temple, a fishtail human golden light figure manifested itself in the sky above the City Lord’s residence!

In an instant, both the Ancient Gods and the human race in Gu Yue City all knelt in reverence towards that imaginary figure!

The Ancient Gods had revealed their saints!

Chapter 2030

This is one of the few oldest ancient gods that have appeared in the God Realm until now!

‘By the way, since you call yourself a god, you should know everything, right?’  
Lin Hao suddenly became interested, it was raining big kids, so he had nothing to do, so he should just natter to this self-proclaimed deity.

‘You can ask.’ The River God spoke coldly as he held back his anger.

Lin Hao grinned, his displeasure was written on his face, but he didn’t care at all, what did he care about his feelings when he was a figment of a dream?

Lin Hao asked a series of questions, directly confusing the river god, almost did not storm out on the spot .....

Lin Hao cleared his throat: ‘Then I’ll ask you a question .....

‘What does my daughter’s boyfriend look like? Is he reliable?’

‘How many more years will Crow be hot?’

‘How many minutes is the average teacher talking about dragging the class for a few minutes?’

‘One last question, what question will I ask next?’

Roar!

After Lin Hao finished asking, a shocking and utterly furious roar rang out!

Lin Hao was instantly stunned and a mouthful of blood spurted out, while Lin Hao, who had entered a special state in Gu Yue City, closed his eyes and opened his mouth to spurt out a mouthful of blood.

Lin Hao, who was in the shrine, almost didn’t give this roar away on the spot, his head buzzing like a dozen tractors roaring in his head.

‘Can you ask a question that I can answer?’

‘Do you fucking listen to this human language you’re talking about? Do you know the answer you?’ The god of the river was completely defenseless, this bastard is really not doing anything, is this a question that can be answered?

I think you're making fun of me!

'Nonsense, if I'm not speaking in human language, am I speaking in bird language? Besides, why would I ask you if I know the answer?' Lin Hao was speechless: 'And you say you are a god, how unreliable.'

Lin Hao was bored, this old man wasn't funny either, but why didn't he wake up from this dream?

The river god felt a mouthful of old blood welling up in his throat, but the river god swallowed it hard and held back his anger: 'You just can't understand why his own realm has not been raised? And why did the divine realm collapse into ruins? And why did you come to the Heavenly God Hall?'

Hmm?

Lin Hao's eyelids fluttered wildly, and he instantly narrowed his eyes.

Something wasn't right!

Lin Hao had felt that something wasn't right from the moment he entered the divine hall, and at this moment, what the River God said made Lin Hao realize that this probably wasn't a fucking dream!

The scene in the dream could not have been fixed here for so long, and the characters in the dream could not have been so logical, plus the words the other party said were all closely related to himself.

Even if it was a day dream, there would not be such a bizarre dream.

Seeing that Lin Hao had finally come to his senses, River? The land of Shan Yi Serving Xi Di Zero? The god was also relieved, if he let this guy flirt out of tune again, he really couldn't help but hammer him.

'This place was once an ancient river, I was the first god born in this ancient river, as the sea changed, more beings were birthed here, they were the ancient gods, and then came the human race.'

'All the other worlds, the gods who left from here, went to the void to open up space, but since some time, the worlds we are in are crumbling and falling, falling towards a lower level, and we are unable to adapt to the lower level to survive.'

'Interrupt.' Lin Hao already knew what was going on, it was some big shot who had forcibly detained his divine soul consciousness here, meaning that the place he was in was real, perhaps existing somewhere in the River God Spirit Realm, or in the past!

'The world you're talking about, a level lower, wouldn't be our world, would it?' Lin Hao thought back, 'Your world is falling towards a lower dimensional world! Once it collapses you perish, but you can't go to our world to survive right?'

‘That’s right, but you’re wrong, it’s not that you can’t go to your world to survive, it’s that your world simply can’t afford it!’ River God said disdainfully.
