

Super Son-in-law Chapter 2041-2050

Chapter 2041

How long has it been? How long has it been? The casualties were more than 10% of the human race.

The two sides of the battle, whether it was the undead enemy or the ancient gods defending the city, seemed to be indifferent to the human race in the city, the survival of the human race, the other side never seemed to care about it, let alone care.

Lin Hao looked at Ah Yao's back, gritting his teeth and opening his mouth, but he couldn't utter a single word.

Damn it!

Weakness deserved to be bullied and abandoned, without the ability to talk to the other party as an equal, it was useless to speak out.

When the gods fought, it affected the fish in the pond, but what did the gods care how many fish in the pond died as a result?

In the end, Lin Hao closed his mouth, after all, he was not strong enough!

‘Yun Clan Master, Ling’er, you guys go and place the thunder meteor as well as the spirit cores as I said.’ Lin Hao took out all the remaining thirds of the Thunder Meteor that he had with him, as many as a thousand of them, as well as over a hundred Spirit Cores, and gave them to Lei Ling and the others.

Lin Hao then flew up above Gu Yue City, and after observing the directional trend of the entire Gu Yue City, came down and they placed the thunder meteorites according to a special location, while Lin Hao took the hundred spirit cores and went straight to the centre of the city.

The eight Thunder Spirits did not dare to slow down, and the eight of them quickly darted in different directions towards Gu Yue City, injecting a stream of spiritual energy into the Thunder Meteor at a fixed location, and then placing it.

The war outside the city had reached a white hot state, with enemies or defenders being quickly killed every second.

Gu Sen took the time to glance behind him and found Lin Hao and the others jumping up and down in the city, slightly puzzled, ‘Goddess Ah Yao, what are those humanoids doing?’

Ah Yao froze for a moment and also subconsciously glanced back, but with just a glance, surprisingly Ah Yao gave a dumbfounded look.

Lin Hao rose up to the sky and crushed a hundred spirit cores, as the cores shattered, Lin Hao exchanged the thunder origin in his body, and at the same time, thunder burst out, and thunder rays thicker than his arms filled the space around Lin Hao!

‘It’s the Puhua Thunder Emperor, Lin Hao! Lord Lin Hao has come to save us!’
Feng Yue looked at Lin Hao, who was transformed into a thunder god high in the sky, and Feng Yue shouted in excitement, even though he was still bleeding from his seven orifices, he simply couldn’t stop his devotion.

The title of Puhua Thunder Emperor was also something Lin Hao had jokingly said to Feng Yue two days ago, but he didn’t expect Feng Yue to listen to it and take it seriously instead.

Feng Yue knelt down on the ground and kowtowed respectfully, ‘O Lord Lin Hao, the universal thunder emperor who saves suffering and saves suffering! I am your most devout believer, please feel our faith!’

‘Supreme Lord Lin Hao of the Puhua Thunder Emperor, we are your devout followers, we will offer our purest faith to you!’

With Feng Yue leading the way, more and more human races knelt down towards Lin Hao, constantly bowing and praying, at this moment, Lin Hao was the embodiment of a deity!

Eventually, all the human races knelt down and prayed reverently, and Lin Hao noticed that the azure inscriptions that had been punched into his body by that old fish-head of a divine river ancestor were emitting pure light, a stream of light floated out from these human races and merged into Lin Hao’s sea of consciousness, and Lin Hao’s power grew stronger and stronger, and the powerful Qi in his sea of consciousness surged even more terrifyingly.

Surprisingly, it was the power of faith!

How could Lin Hao have ever imagined that the inscription that the old fish head had punched into his body would be one that could receive the power of converging faith!

Just like a deity using the power of faith to gather a godhead, Lin Hao's aura began to climb, while a glorious phallic shadow appeared behind him.

The situation was so urgent that Lin Hao didn't care to carefully perceive the changes in that one inscription, using the power of the spirit core as the core and the thunder origin as the guide, triggering the thunder meteor within the entire city!

Dense thunderbolts appeared out of nowhere, roaring to the heavens and earth, a thunder mangled rose into the sky, splitting into a divergent thunder aura, forming a dense curtain of thunder light, enveloping a third of Gu Yue City in a thunder aura formation!

The human clans in the formation envelope were no longer affected by the battle between the two sides, and Lei Ling and the others led the way, rapidly heading towards the thundercloud enveloped area.

Chapter 2042

With the commotion in Gu Yue City, not only was Ah Yao frozen, but even the enemy side was confused.

Even such a great commotion made the soldiers on both sides, unexpectedly, stop their movements involuntarily.

‘Illusionary Spirit Formation Master! How is it possible, this is the legendary Illusory Spirit Formation Master!’ The horse-faced man on the dark cloud roared with incomparable displeasure!

When the Illusionary Spirit Masters were first born, there were three types of Illusionary Spirit Masters, Illusionary Spirit Battle Masters, Illusionary Spirit Formation Masters and Illusionary Spirit Mages that could summon, but that was in the ancient times, and nowadays there were only Illusionary Spirit Battle Masters!

Why did a human Illusionary Spirit Master appear here, and an Illusionary Spirit Formation Master too!

‘Kill them! Capture that human back to the River Styx, the lord will be very happy!’ Horse Face and Bull Head roared, and the two sides fought again!

And out of the dark clouds flew a figure flying through the air, finally an illusionary spirit master of the second rank realm or higher was deployed to fight!

‘Damn it.’ Ah Yao’s face changed slightly as she looked towards Gusen, ‘Stop them, I’ll go check on that human!’

‘Yes, Lord Goddess.’

Gusen nodded his head and led the charge with the two of them in the lead with Gu cheng, turning into streams of light to stop the enemy that sped out of the dark clouds, ? The steak served zero yi closed love closed dye ? The momentum will stop it!

With a slight sway of her body, Ah Yao appeared in front of Lin Hao.

Shrinking into an inch, a thousand miles in an instant.

Lin Hao had just triggered the great formation, his origin was depleted, and he had injected a large amount of life essence to let these humanoids recover from their injuries, and was himself so weak that he was a little pale. Seeing Ah Yao suddenly appear in front of him, staring at him with frowning willow brows, Lin Hao couldn't help but frown, not sure what the other party wanted to do.

Ah Yao still looked at Lin Hao in a condescending manner and held her stance, 'What's your name?'

Heh, finally interested in himself?

'Lin Hao.'

‘You’re an Illusionary Spirit Formation Master?’ At Lin Hao’s attitude, Ah Yao frowned in dissatisfaction, she was very unhappy with Lin Hao’s attitude, lacking the reverence she should have towards the gods.

Lin Hao nodded casually, then spoke, ‘Are you alright, if not I’ll go down.’

‘Unbridled! You lack the reverence due to a deity! Why don’t you apologise quickly!’ Ah Yao shouted angrily and said in a commanding tone, ‘As a goddess, I command you to be at my disposal and set up formations for me!’

Lin Hao: ????

You’re afraid you’re not a psycho!

Lin Hao didn’t have the strength to talk to the other party on an equal footing, but he wouldn’t spoil the other party either, you’re a deity of the ancient gods, it’s none of my business!

Lin Hao didn’t even give a damn to the other party, he just turned around and walked away.

‘Stop right there!’ Ah Yao nearly broke her defence, no one had ever dared to treat her with such an attitude, so she was furious enough.

But Lin Hao simply ignored her, but it made Ah Yao cranky.

‘Then you beg me.’ Lin Hao was annoyed by the other party and turned around to look at Ah Yao with a smirk.

Ah Yao almost didn’t explode with anger on the spot, raising the staff in her hand to smack him, asking herself to commit herself to begging a weak and humble human, how could this be possible!

‘Ah help ah goddess, we can’t carry it anymore.’ Gu Cheng howled in misery.

Gusen was bathed in blood and his body was surrounded by Yin Qi: ‘Lord Goddess, do something, we can’t carry it anymore.’

‘I’ Ah Yao looked complicated and spoke in a raw tone, ‘I... I beg you to supply me with trends and set up formations for me.’

Lin Hao directly laughed out loud, this is how you beg people?

But no matter what, the high and mighty Goddess had finally committed herself to opening her mouth to beg Lin Hao, a ‘weak’ human.

Goddess A Yao's voice was not very loud, but many people still heard her, among them Gu Sen and Gu cheng.

Gu Sen and Gu Gu cheng were suddenly in a state of confusion, what did they hear? The Goddess was begging that human being!

Gu cheng, in particular, couldn't take it at all! It was unacceptable to him that the mighty Goddess of the Ancient God Race, who was so high and mighty, should beg a human, even in such a forceful tone.

Boom!

With such a lapse of concentration, Gu cheng was directly struck by a chain from Ma Mian, directly spitting blood and flying backwards.

Super Son-in-law Chapter 2043-2044

Chapter 2043

Gusen dashed forward to catch Gu cheng and raised his hand to slap him in the face: 'There's a war going on! You're fucking dumbfounded, do you want to die?'

'Impossible, how could the Goddess beg a weak human, I don't believe it! This is a dream, it must be a dream, ahahahaha

A slap down, instead of making Gu cheng wake up, he went straight to demented.

What about Gu cheng demented smile? Mostly it is ruined ah!

The first thing you need to do is to get rid of the problem.

Lin Hao, on the other hand, looked at Ah Yao with a black face, 'Is this the attitude you have when you beg?'

'I've already begged you, what more do you want!' Frost was thick on Ah Yao's face as she stared coldly at Lin Hao, the words popping out through clenched back teeth.

Ah Yao was even gripping her staff so tightly that her bones were clacking, clearly if Lin Hao were to say anything excessive, she was afraid that she would send Lin Hao away on the spot.

'Look at you with that bitter look you don't have a begging attitude, forget it, I'm not in a good mood today, I deeply regret to refuse.' Lin Hao wasn't afraid of his opponent's threats at all, so what if he was strong, he had to have a begging attitude if he was begging!

'You seek death!'

Ah Yao? Lu Ai Fu Yi Ai Lu Wu Yi? Feeling tricked by Lin Hao, a dazzling haze blossomed around her body, all the inscriptions trembled, and a raging aura radiated out with Ah Yao as the centre.

The ghastly aura overpowered and shook Lin Hao, causing him to retreat a dozen steps with a stifled grunt, his internal organs felt displaced, and his qi and blood gushed endlessly.

What kind of power was this Goddess? Just the aura emitted was such a terror.

A Yao gripped her staff to death, resisting the urge to slap Lin Hao to death as she gritted her teeth and shouted angrily, 'If you don't help me, all the people in this city will have to die!'

'You think you can protect them now, if the city breaks down and those assholes from the Underworld Ancient Clan attack the city, will these humans be able to survive?'

Lin Hao bristled, 'The city breaking shows that you, the Goddess, are too rubbish, you can't even defend the city gates, what qualifications do you have to call yourself a Goddess.'

'Ahhh~! I'm going to kill you, you bastard!' Ah Yao was so angry that she was really going to completely storm out, just at the moment Ah Yao was about to make a move to get Lin Hao killed, a blue coloured curtain of light, filled with the power of Yin and softness, flooded from Lin Hao's body and directly enveloped him.

'Ah Yao! You're disobeying the law!'

The divine River Ancestor's voice boomed incessantly like a yellow bell, shaking Ah Yao as he spat out blood and burst back, looking at Lin Hao in shock, 'How could this happen, why did the Ancestor give such an important inscription to this bastard!'

Lin Hao glanced at Ah Yao and turned around, after absorbing the city's faith power just now, Lin Hao found that while his combat power had increased again, a glimpse of this dead old man's consciousness had also appeared in the inscription, which was why Lin Hao had acted so.

He didn't believe that the old fish head could just watch as this goddess killed herself!

'Stop right there! Even if you don't care about the human race in this city, don't you care about your own clan and loved ones in your own world! If you don't help me, I'll tear open this space and go to your world twice, I'll see if your world can withstand it!'

Ah Yao wiped a handful of blood from the corner of her mouth and gritted her teeth as she stared at Lin Hao, her eyes cold and determined, it was obvious that what the other party said was not a lie!

Lin Hao's face was even more ugly, his eyes narrowed as he stared at the other party, 'You're threatening me?'

This time Lin Hao was really angry, this was his soft spot and his scales!

And that old fish head was quite concerned about his own life, but it didn't mean that the other party would care about the living beings of his world, or even say that as long as he didn't die, this goddess would probably not care how this goddess Huo Huo Earth!

Just by the way these ancient gods treated humans with disdain, the other party could possibly do it!

'Heh, so what if I threaten you! The weak should be dependent on the strong and follow the orders of a powerful being.' Ah Yao sneered, feeling a surge of comfort at Lin Hao's anger instead.

Chapter 2044

This human's previous behaviour had made her incredibly uncomfortable and angry.

'All my life, I, Lin Hao, have eaten softness but not hardness, so it's unlikely that you won't help you if you beg me nicely.'

'If you really dare to do so, then go ahead! But if you dare to do so, I, Lin Hao, will go to the bottom of the earth to bring you out and make you beg for your life and death!'

Lin Hao's expression was cold, his voice was filled with killing intent, a powerful aura slowly emanated out, even Goddess Ah Yao couldn't help but feel a palpitation when she felt the aura on Lin Hao's body!

Ah Yao was shocked in her heart, why?

He was just a weak human, his realm and strength were a hundred thousand miles away from her own, but that moment just now had caused her to feel fear, as if the other party could really do it!

A Yao, who had come back to her senses, was incomparably annoyed that she had been affected by a weak human, and immediately looked at Lin Hao with a bland gaze: ‘? Serving Pao Pao Pao Serving Closed Wu Zero? Letting out harsh words is the behaviour of the weak, if you really had that ability, you wouldn’t have said it, but would have just done it!’

‘I’m not so bored that I’m going to destroy your world, and this place is enough of a headache for me. You don’t have to do the whole boo-boo either, how about you help me retreat the enemy and I protect this aspect of the human race?’

Although Ah Yao’s words were still unpleasant, her tone had softened considerably, and what the other party said was also true.

Compared to Ah Yao, Lin Hao was indeed a bit inferior.

Lin Hao frowned and thought for a while, reluctantly nodded in agreement, pulled Lei Ling and flew up to the city wall, landing on the city tower.

Seeing Lin Hao, a human, on the city tower, many of the warriors of the Ancient God Race stared at Lin Hao with unkind, even disgusted faces.

Lin Hao ignored these Ancient God Race warriors, normally the Ancient God Race did not get along with the human race so obviously, but once the human race ventured into their domain, they would be so repulsive, it could be said that the Ancient God Race did not see the human race in their bones.

At this point in time, the battlefield has reached an inextricable stalemate, with neither side taking advantage of the situation and warriors falling every moment, but for the time being, no one can do anything about it.

The air battle circle, a higher level battlefield, Gu Yue City was clearly at a disadvantage, Gu Sheng lost his wits and was knocked unconscious by Gusen, who was struggling to hold on against three, and was already badly injured, as for the others who were less powerful than Gusen, the situation was even worse, with a constant stream of blood pouring from the strongest members of the city lord's house, screaming and falling from high in the air.

Lin Hao frowned for a moment and looked at Ah Yao in confusion, 'Can't you just do something to get rid of these monsters, it's not difficult with your strength, right? Or are you afraid of what's in the dark cloud?'

After all, that bull head and horse face and the other guy shrouded in black qi were being held back by the third grade late stage Illusionary Spirit Master Gusen, with such a terrifying strength as Ah Yao's, a strike would have taken seconds alright!

'That's not a dark cloud that's the source of calamity.'

‘You see he is a dark cloud, in fact it is the great power of the ancient tribe of the River Styx with great divine power, forcibly opened out the spatial exit to communicate between the River Styx and the divine realm, once the channel is opened, those assholes in the River Styx will come out through this channel in a continuous stream.’ Ah Yao’s expression became cold, telling Lin Hao that it was useless for her to make a move.

It was simply impossible to stop the constant stream of enemies, so what if one person was the only one who could stop all the enemies? There would be a time when he would run out of strength!

And once Ah Yao had struck, how could the other side’s great power sit back and wait for death?

The only way was to plug the gap and force these sources of evil back!

However, the Ancient Gods had no Illusionary Formation Masters to seal the exit of the passage, and without one, they could only join forces with several, or even a dozen, Fifth Grade Illusionary Formation Masters to forcefully destroy the passage!

Unfortunately, the fastest Fifth Grade Illusionary Spirit Battle Masters to reach this place would take at least a few days, after all, those who had reached this level were all giants of the town.

Unfortunately, after leaving the Misty Forbidden Land, Ah Yao’s strength had been suppressed to a Fifth Grade Illusory Spirit Master, and there was no way she could destroy the exit!

Super Son-in-law Chapter 2045-2046

Chapter 2045

‘Damn you!’

Lin Hao cursed, ‘You’re screwing me! No more, I’m going to evacuate the people.’

Lin Hao was furious, it was obvious that he was going to be pitched to death, this was a certain death, why were you still here? Evacuate and run, what are you thinking?

Lin Hao is not stupid, he knows his strength very well, he can suppress the Two Worlds Abyss with one sword, but the price is leaving the Xuan Yuan sword behind.

This dark cloud was even more difficult to block than the two worlds abyss, and without the Xuan Yuan sword, it was too much to bear.

This time, however, Ah Yao did not stop Lin Hao again, making Lin Hao quite puzzled and asked curiously back, ‘You’re not stopping me for a bit?’

‘Since you want to mete out life? Ai er dye Lu Fuyan Lu Zha? for a few days, and why should I stop you, even if you run to the ends of the earth with them, death will still find you, so hurry up if you want to go.’ Ah Yao waved her hand impatiently, while muttering in a small voice: humans, indeed, are weak cowards.

‘What do you mean?’ Lin Hao didn’t get angry at the other party’s words, instead, he frowned, could it be that this matter wasn’t as simple as it appeared?

After hearing Ah Yao’s explanation, Lin Hao froze in place.

What a pitiful thing to do!

Now Lin Hao could neither leave nor not leave.

Because Ah Yao told Lin Hao that once this channel was opened, it would either be destroyed or allowed to grow and keep assimilating these living beings into the dead, a process that would not stop, but would only get faster and faster and cover a larger and larger area!

And as more people are assimilated, the Yin Qi will become more and more dense, and this exit will become bigger and bigger.

At that time, this side of the world would die completely and become a paradise for the dead.

In the next moment, Lin Hao snapped to attention and cursed in anger, ‘‘You framed me! I was almost fooled by you.’ It was only then that Lin Hao reacted, hadn’t Ah Yao just said that in a few days the fifth grade Illusionist bigwigs in the vicinity would be coming over.

When that happens, they will join forces to destroy the exit!

Lin Hao really wanted to ask Ah Yao, 'What good will it do you if you kill me?'

'I'm not lying to you.' Ah Yao shook her head with a grim expression, 'It will take some time for reinforcements to come, by then I'm afraid Gu Yue City will no longer be able to hold, by then it's still unknown if we can still destroy this exit by joining forces.'

'If we can't destroy it, the other side will definitely wait for an opportunity to grow, similar to a contagious disease, the longer we delay, the more troublesome it will be, by the time more powerful people arrive, I'm afraid the other side will have already grown, and then there will really be no way back!'

'Once it reaches a point where it can't be contained, then a higher level Illusionary Spirit Master will need to be involved in the battle, and the fallout from a battle between Illusionary Spirit Masters of that level would be enough to shatter space and cause the world to collapse.'

Lin Hao fell silent, what the other party said was the truth, if it wasn't so serious, how could the high and mighty Goddess have committed herself to begging herself just now? Even the threat was used.

'Brother, don't take any chances, this doesn't have much to do with us in the first place, does it?' Lei Ling whispered, pulling Lin Hao's hand with a pleading look.

It was estimated that many people would think that Lei Ling's words were too selfish and self-serving, but Lei Ling just didn't want her brother to take a risk, and it was highly likely that he would lose his life over it ah.

In other words, this was not their world in the first place, and destruction had little to do with them, much less was it something they could influence.

Lin Hao was still hesitating, not knowing what to decide. He was not indecisive, but this matter was beyond his ability.

It would be foolish to do something that he knew was impossible.

Ah Yao's next words, however, directly crushed Lin Hao's mental defences.

'The world can be nothing in your eyes, but what about your loved ones? To be honest this side of the world, which already borders your world for the most part, once our world collapses, your world won't last long either.'

Chapter 2046

Lin Hao couldn't tell if these words of Ah Yao were true or not, but if they were true, no one would be able to withstand the consequences.

‘I don’t need you to give your life, you have the Old Ancestor’s inscription, you shouldn’t die since, I can fully help you seal this place, the power in you is the nemesis of these things, you just need to stall, you don’t have to seal it completely.’

This was barely acceptable to Lin Hao, it was impossible to seal it completely, but if he just stalled it, Lin Hao was still sure of it.

Moreover, Lin Hao had already noticed the problem, the enemy was attacking like mad, constantly killing the Ancient God Race warriors, the dead Ancient God Race warriors rose up again and joined the enemy becoming inhuman and inhuman monsters.

As these Ancient God Race soldiers joined the enemy camp, the dark clouds in the sky continued to grow, while the attacks became even more frantic.

Apparently the human race in the city was being protected by Lin Hao, and the assimilation of these people slowed down drastically!

Lin Hao gritted his teeth, ‘Fine, I’ll stay! But one thing you remember, we are cooperating as equals, don’t you? Di Zero Yi Er Xi Di Yi Dye? expect to order me around.’

Ah Yao faintly said back, ‘An equal relationship is a premise of equal strength.’

Come on, it was useless to talk about it, Lin Hao simply didn’t bother with her, summoned Yun Feng and his group over and took out part of the Thunder Meteor and handed it to them, ‘Continue to set up the formation, still as we said before.’

Lei Ling pursed her lips and didn't say anything, her worry for Lin Hao was all written on her face.

Lin Hao rubbed Lei Ling's hair, 'Ling'er don't worry, brother will be fine, you be more careful too.'

Lei Ling still pursed her lips and didn't say anything, but she quickly took the thunder meteor and rushed into the middle of the ten thousand armies, constantly placing one thunder meteor in a fixed position.

'I'll protect you.' Two rays of haze slightly emanated from Ah Yao's body to protect Lin Hao in it, standing on the city tower with her staff in hand.

Lin Hao ignored Ah Yao and rushed up into the sky, his body flickering with streaks of thunder around him as he charged straight towards the direction of that dark cloud.

There were two ways to delay!

The first was to slow down more of his side's deaths and reduce the number of deaths!

Secondly, that was to weaken the dark cloud created by the condensation of Yin Qi!

Lin Hao pointed towards the horse-faced man and the bull-headed man, and several thunderbolts appeared out of thin air around him, thunderbolts were the most effective in restraining evil and sinister things, as several arm-thick thunderbolts fell with a bang, causing the horse-faced man and the bull-headed man to retreat with a scream.

As the two burst back, the dense Yin Qi on their bodies collapsed considerably.

‘Damn, to think that this is such a domineering thunder illusionist!’ The horse-faced man tugging at the chains spat out a mouthful of ink, which instantly transformed into a dense, cold Yin Qi, and his gaze was sharp as a blade as he stared at Lin Hao.

The bull-headed man next to him was no better off, the banana fan made of bones in his hand had cracked quite a bit.

It was originally a three against one situation, but because of Lin Hao’s entry, he had directly forced back the horse-faced and bull-headed man, causing Gusen’s pressure to plummet.

Gusen looked at Lin Hao with a somewhat complicated expression, and then sighed deeply and said unnaturally, ‘Thanks.’

Lin Hao ignored Gusen and instead looked at the Minotaur and Horse Face, Lin Hao found a very interesting thing, these two were also at the Third Grade Illusionary Spiritist realm, but under their own attacks with the attached thunder power, they actually looked a little frail.

Was this due to attribute restraint ?

Lin Hao's thunder origin was a presence that these evil creatures feared beyond measure, and the aura of living spirits that was so strong on his body was even more disgusting to these evil creatures.

‘Old Bull, finish off this damn human first! Remember not to do it to death, the commander will surely be happy to capture an Illusionist human back.’ Horse Face waved the chains in his hands, his eyes staring at Lin Hao with a grim and brutal gaze, as if Lin Hao was already meat on the table, at their mercy.

The bull-headed man nodded, grabbed the handle of the fan with both hands, and fanned it violently towards Lin Hao, and a fishy wind gusted up in all directions!

A pitch-black Yin Qi came straight at Lin Hao's face. On its way over, the Yin Qi transformed into all sorts of hideous-looking demons and devils, and ghostly cries of wolves rose up in all directions, and such howls extremely affected one's mind.

Super Son-in-law Chapter 2047-2048

Chapter 2047

After a brief moment of disorientation, Lin Hao quickly came back to his senses, and the one azure inscription inside his body, which had gathered the faith power of the entire Ancient Yue City people, was flickering continuously at the moment, as if the people were calling out to Lin Hao, forcibly waking him up from this state.

With such a momentary lapse of concentration, the Yin Qi fanned by the bull-headed man was already close at hand, and the horse-faced man flung the chains in his hand, which rose dozens of feet long into the wind, blocking off Lin Hao's surroundings as if to bind him to death.

Sword intent!

Thunder surrounded his body, several auras turned into swords and surrounded Lin Hao, bursting out with sharp sword intent, silver lightning flashed, all demons and monsters, spirits and monsters were not allowed to get close to him, the seemingly raging and horrible Yin Qi was torn apart by the sword intent around Lin Hao before it could get close to him!

Chop!

The long sword in Lin Hao's hand slashed down towards the chains, a silver thunder sword light shot out and cut off the horse-faced chains with a click!

'Ow ho ho bastard, you dare to break my chains, you're asking for my Ming, I'll kill you!' The chain snapped and Horseface screamed as if he had broken his arm.

This weapon was actually connected to Horseface's original body? That would be fun!

Lin Hao reached out and spun his hand in the void, a silvery radiant light formed a circle in front of Lin Hao, a sword Qi shot out from the circle of light, each sword Qi blossomed with a brilliant silver light, attached with pure domineering thunder power!

Poof~!

The chains of the horse face were like tofu, easily cut by the sword light, and the horse face was even pierced by several sword qi, piercing the body like a needle through a needle.

The body was pierced by Lin Hao, and blood gushed out from the piercing wounds, turning into a terrifying Yin Qi that scattered, and Horse Face screamed in pain, losing his ability to fight.

Sword Qi as swift as thunder, as fast as lightning, the opponent simply could not avoid it, and with restraint, Lin Hao easily and incomparably routed Horse Face.

The bull-headed man was still struggling to hold on, but the huge bone fan in his hand was already mostly crumbled and full of holes, although it could still be used, its effect was definitely greatly reduced.

‘Damn you, human, stop it! Or else I’ll explode my own origin and forcefully stretch the entrance to space!’ When the bull-headed man saw Lin Hao raise his hand, dozens more sword lights came down, so scared that the bull-headed man turned around and ran, threatening Lin Hao as he did so.

But what Lin Hao hated most was people threatening him!

Go!

As Lin Hao pointed towards the bull-headed man, dozens of sword lights sliced through the sky and headed straight for the bull-headed man.

Chop!

Lin Hao's hand slashed down in the air, and the sword qi in front of him slashed down, the overwhelming sword light that had the power of thunder attached to it, slashing the Minotaur into dregs in an instant, too dead to die!

The bull-headed man's body exploded with a bang, turning into a sky of dense Yin Qi, which was quickly absorbed into that dark cloud.

Lin Hao's brow furrowed, as the dark cloud absorbed the Yin Qi that erupted from the Bull Headed Man and Horse Face, it was actually growing by a few points at a rate visible to the naked eye.

'Stop, we can't kill any more! Kill a few more, that passage entrance? Ai zero xi zhai ai fuyan fuyan? It's really going to expand.' Ah Yao, who was standing on the city tower and swept up in the formation, couldn't help but sternly drink to stop Lin Hao.

If they didn't stop it, how many more Lin Hao would be allowed, then how much more?

Lin Hai looked at the rolling dark clouds that kept transforming into various monster forms as Lin Hao's right hand holding his sword slowly lifted up.

'Hahahaha, scared, kill me, come and kill me instead! Don't dare to kill!'

The only survivor left among the three people surrounding Gusen laughed rampantly and wantonly at Lin Hao.

Killing them would worsen the situation, not killing them would allow them to assimilate more living beings!

It was really because they knew their scruples that these monsters were so arrogant.

Lin Hao glanced coldly at the monster and raised his hand to strike a sword.

'I've never seen such a strange request in my life, satisfy you.'

The ghostly Ghost Martial saw Lin Hao raise his hand and strike a sword, the sword light contained a terrifying thunderous aura, everywhere it went, space created ripples.

Seeing this, Ghost Wu's heart trembled violently, but when he came back to his senses, he laughed loudly, full of mockery: 'Hahahaha, is it useful? You don't dare to kill me at all, so why bluff! Be a good boy and watch us assimilate those ancient gods' trash!'

That blinding sword light, Ah Yao and Gusen and the others were frightened enough, Ah Yao gripped her staff to death and shouted, 'That human, stop it!'

Ah Yao was furious, she was out of her mind, she let this human spiritist help her, she was helping her!

'My brother has a name, not 'that human', ' Lei Ling looked at Ah Yao with dissatisfaction.

Ah Yao also froze slightly, 'What's his name?'

Lei Ling rolled her eyes and ignored Ah Yao, remembering names was the minimum respect for others, obviously this Ah Yao didn't, mainly because she didn't even bother to ask Lin Hao's name.

It was a good thing that Gusen had told Ah Yao, who once again shouted, 'Lin Hao stop it! You can't kill him! He's different from those ordinary ancient tribes of the River Styx,

their bodies will turn into extreme Yin Qi when they die, corrupting the space around them and expanding the exit of that channel that communicates with the River Styx!

Lin Hao didn't pay any attention to Ah Yao, and only looked at that Ghost Martial indifferently.

In a flash of lightning, the brilliant sword light had already reached the Ghost Martial, stopping hard just an inch away from his head.

Frightened, Ghost Martial's pupils shrank furiously and he subconsciously took two steps back, finding that the sword light was no longer attacking, Ghost Martial once again mocked Lin Hao unscrupulously, 'Poor human, haha, I knew you wouldn't dare to kill me, come on, kill me, please, can you make me whole and let me die?'

'Are you retarded?'

Lin Hao looked at him with a look of a fool.

Feeling insulted, Ghost Wu was furious, the Yin Qi in his body began to become raging and furious, and he was just about to shout out in anger when a sudden change occurred!

'Explode!'

Lin Hao spoke coldly, a simple word, but it was as irresistible as a death-rushing talisman or a life-taking sticker from the King of Hell!

The vertical sword intent exploded out violently from that sword light? The sword light shattered into countless blades. , the sword light disintegrated into countless sharp fragments, instantly exploding Ghost Wu's body, who still maintained a furious expression on his face, his expression completely fixed in the moment of death!

Instantly cutting Ghost Wu into countless pieces, that Ghost Wu's shattered body then began to gush out huge black Yin Qi, that dark cloud began to surge up, quickly pulling in the Yin Qi that had erupted from Ghost Wu's death.

'Bastard! I'll kill you!' Ah Yao violently waved her staff and flung a divine light directly at Lin Hao, Ah Yao confirmed that this bastard was definitely here to cause trouble and was definitely an existence that helped!

'Seeking death!'

Seeing this, Lei Ling was furious and struck out in an instant, smashing his fist at Ah Yao, an overloaded punch blasted out, the sonic boom shook the sky, but it didn't hurt Ah Yao in the slightest, the difference in strength was too great.

However, it was good that it missed by a drop, making Ah Yao's skill deflected a bit, and did not attack Lin Hao.

Explode again!

The Yin Qi gushing out from that Ghost Wu's body was just about to be sucked away by the dark clouds when the violent thunder power contained in the sword light fragments exploded once more, forming a thunder field roughly five or six metres wide, with all the Yin Qi being completely blocked in by the thunderous aura.

The thunder was the most rigid and masculine force, which was the nemesis of this Yin Qi. In an instant, all the Yin Qi emitted by the Ghost Warrior was consumed by Lin Hao's thunder origin, and the surging dark clouds were not even caught.

At that moment, Lin Hao felt Ah Yao's loud cry from behind him, and the deathly aura that made him feel terrified coming at him.

It was also fortunate that Lin Hao reacted quickly, as well as that Lei Ling threw a punch that deflected Ayao's skill, otherwise Lin Hao would have to be sent away by Ayao on the spot!

Super Son-in-law Chapter 2049-2050

Chapter 2049

Lei Ling's eyes were so angry that they were on the verge of spitting fire, but the difference in strength between the two sides was so great that Lei Ling held back and did not continue to strike.

A Yao also froze in place, looking a little embarrassed, because she had already seen that the Yin Qi transformed by that Ghost Wu was extinguished by Lin Hao, but she wanted to stop just now but it was too late, thanks to Lei Ling's punch, otherwise she would have really killed this human by mistake.

Lin Hao woefully stepped on his sword again and rose into the air, covering his right arm and looking at Ah Yao with a cold gaze.

Lin Hao's right hand had been scraped by the aftermath of his opponent's attack, and although his defence was timely, it still left his arm drenched in blood and with a hideous wound.

'You want to kill me!' As Lin Hao opened his mouth, the temperature around him plummeted by several degrees!

How could Lin Hao have ever imagined that she would help her out of trouble, and that she would lay a deadly hand on him and try to kill him!

'This, this is a misunderstanding, I, I didn't, I just wanted to destroy the Yin Qi emanating from that Ghost Martial.' Ah Yao looked a little flustered, after all, she was in the wrong and misunderstood the other party.

'Hehe, and then destroy me along with it is it.' Lin Hao sneered, such a lame reason would not be believed by a three year old child.

When Ah Yao heard Lin Hao's words, her face was warm and angry and unhappy, she couldn't say anything because she was in the wrong.

Lin Hao didn't bother with Ah Yao anymore, after all, the dish was the original sin, the strength was not equal, there was no need to say anything more to the other party himself.

‘Ling’er, Yun Clan Master, do it.’

Yun Feng and Lei Ling nodded their heads, and the few of them swiftly acted, using their aura as a guide to pull up all the thunder meteorites they had just set up, and as a pillar of silver light shot up into the sky, it formed a formation that encompassed the entire battlefield!

In the middle of the formation, the thunder energy from all the thunder meteorites converged into a large rod with arcane inscriptions carved around it, and several thunder dragons wrapped around the rod.

Lin Hao beckoned, and the long rod flew over, Lin Hao reached out and caught it, and in a flash a radiant light phantasm glowed behind Lin Hao's body, majestic like a heavenly god descending to earth.

‘This, this can't be the God's Needle of the Sea.’ Yun Feng's mouth opened wide, all confused, it was too similar to the weapon of the Buddha of Dou Sheng Wei in the Journey to the West!

A divine weapon guided by a formation and condensed by thousands of thunderbolts.

‘Ao Lai Mist, the fragrance of flowers and fruits.’

‘Set the sea with a rod of ten thousand demons towards ? Dyeing Shan Zha Yi Er
Lu Xi Wu ?!’

The moment Lin Hao gripped the Godly Needle, all of his origin came together in one place, and in a flash, he emptied the sea of consciousness of all the origin thunder, and brought down a ferocious stick on the surging dark clouds!

In an instant, heaven and earth trembled, and the space where the stick struck shattered, stirring up the storm clouds!

With a mighty blow, the dark clouds were almost shattered by Lin Hao’s blow, and the area that was originally a thousand metres wide was shrunk by at least a third by Lin Hao’s blow!

This was not all, dense thunder descended from the sky, filling the entire canopy and sweeping across the battlefield, attacking indiscriminately!

The thunder booms were so loud that they were even more intense than firecrackers on New Year’s Eve!

The entire battlefield wailed and screamed incessantly.

Seeing this, Gusen's face turned ugly, this indiscriminate attack, even the soldiers of Gu Yue City were within the coverage area!

'Bastard, you're committing murder, stop it!' Gu Cheng woke up leisurely and saw this scene, his liver and guts split, he roared at Lin Hao in anger and rushed up to the sky to strike at him.

Lin Hao didn't even turn his head back, but with a backhanded fling of his right hand, he controlled several thunderbolts to blast directly at Gu cheng, which instantly exploded, sending him spitting blood and bursting back hundreds of metres, collapsing several houses before he could stop, his life and death unknown.

Gu Sen clenched his fist and clenched his teeth, holding back.

For her part, Ah Yao felt little for Lin Hao's actions.

After the dark clouds in the sky shrunk by a third, they no longer surged, and the strongest of the Underworld Ancient Clan did not continue to rush out from inside, and the ground battlefield was bombarded by thunder for ten minutes in a frenzy.

Chapter 2050

After the thunder had dispersed, those soldiers of the Underworld Ancient Clan had lost more than 80% of their lives, while only hundreds of soldiers from the Gu Yue City side were killed or injured, which was a drop in the bucket compared to the previous sacrifices, and most of them were only lightly injured.

The power of thunder itself was the most terrifying against Yin and Evil, plus the formation they had previously had the Thunder Spirits set up to protect them, they were not injured much.

Seeing this result, Gu Sen then loosened his tightly clenched fist.

Lin Hao was incredibly weak at this point, relying on his last bit of strength to land on the city tower, his face was pale beyond belief, his thunder origin and aura were drained, and blood was once again flowing from the wound on his right hand.

‘Lin Hao’ Ah Yao had a complicated look as she went up to Lin Hao and tried to explain a few things to him.

But he was directly interrupted by Lin Hao, allowing Yun Feng to support himself, ‘Let’s go.’

Not even giving Ah Yao a chance to explain, let alone ignoring him, the group leapt down the city wall with the weakened Lin Hao and quickly headed towards the courtyard that Feng Yue had arranged.

‘Bastard!’ Ah Yao was so angry that she stomped her foot fiercely, ‘A weak human is not worthy of me, Goddess, explaining to you!’

With this anger-laden stomp of Ah Yao's foot, the city wall trembled fiercely, and a large crater was made under her foot.

'Lord Goddess, don't, be angry, not so much, not so much. Lin Hao has at least made a great achievement, this is a little temper normal.' Gu Sen wiped his cold sweat and hurriedly reassured Ah Yao, while in his heart he spat out, 'Goddess Lord hey, you can't make it, one more stomp and this city wall will collapse.'

Ah Yao looked at the battlefield where victory was in sight, and the dark clouds that had shrunk by a third, Ah Yao was silent.

Lin Hao had turned the whole battle around with his own strength, otherwise the situation would definitely have continued to deteriorate.

Although Ah Yao was angry, she was not stupid, she could see that Lin Hao had not used the inscription power bestowed by the divine River Ancestor at all just now, he had only cracked the dilemma with his own power, Lin Hao looked like a weak first class early stage Illusionary Spirit Battle Master, the lowest realm among the group, but on the contrary, his combat power was the strongest, under a full outburst he was no weaker than Gusen's existence.

The fact that the horse-faced trio were so easily taken out was also due to attribute restraint, but it was also part of the other party's strength.

'Gusen, I'll leave the rest to you, after you clean up these assholes, keep an eye on this exit for me around the clock.' After saying that, Ah Yao angrily turned around and left.

Gusen was just about to reply, only to find that Ah Yao had already left long ago, Gusen sighed helplessly, 'Alas, the Goddess Lord is still too unversed in the world, ah, how could the God Lord think of sending her out' When Lin Hao was fighting in Gu Yue City, the Qin Huai River in the outside world underwent a strange change, the haze rushed to the sky directly evaporating the river water around the River God Temple, revealing the River God Temple underneath the river.

In a flash it actually cut off the flow of the Qinhuai River!

Even when it recovered, it was squeezed into the surrounding area, and not a single drop of water could enter within a hundred metres around the River God Temple, forcing the river apart as if there was an invisible and inexplicable force that squeezed the water out of the river.

As Cui Cao's pillar of light continued to rise into the sky, the whole of China saw this pillar of light shining in the sky.

This was either a sign of the emergence of a great treasure or the opening of a spiritual domain, so naturally they wanted to get a piece of the action.

The Lin family of Jinling.

Zhao Chen five people saw this pillar of light, ? er closed grasping zero closed covering Shan Yi? jumped up: 'Not good, something is wrong, rush to the training base immediately and wait for orders!'

‘I’m going too.’ Shen Xiyan chased after Lin Ruoshi with her.

She used to rely on Lin Hao to protect herself, but now she wanted to fight alongside him, and now with Lin Hao’s Thunder Origin, her combat power was terrifying.

‘But now that this situation has arisen, I’m afraid that the major families will definitely not be able to sit still next, won’t you stay and guard the Lin family, sister-in-law?’ Zhao Chen was a little worried.

‘Xiyan go, although my wife I am not as strong as I used to be, but with me around, the Lin family’s sky will not be able to step down.’ Xu Fanghua walked out on her crutches, looking at Shen Xiyan with eyes full of doting love.
