

# Super Son-in-law Chapter 2131-2140

Chapter 2131

This sword had caused the Hades side to lose thousands of men!

‘Bastards! Who dares to ruin this fight! You want to die!’ But when confronted with Chen Beixuan’s terrifying aura, the Red Parasol Judge choked, his aura was so strong!

What greeted the Red Umbrella Judge was a Heavenly Blade!

‘Eat my blade!’ The Northern Slash appeared immediately afterwards, and the slash arrived before the man did.

The Red Umbrella Judge threw out the blood-red oil paper umbrella in front of him, and the paper umbrella touched the Heavenly Sword, immediately giving off a terrifyingly powerful sound.

The Red Umbrella Judge’s face was so gloomy that it was dripping water, and what frightened him even more was the fact that behind these two people, a dense number of figures kept appearing, each with a terrifying aura, too strong for him to count on one hand!

The Red Umbrella Judge was even more astonished, how could these people have black and white human powerhouses in addition to yellow-skinned ones!

When had the human illusionists become so strong?

Damn, had they been tricked all along?

‘War Bears on the march! Ulla!’ A huge, gigantic bear with an axe in hand, followed by a large group of Soviet war bear powerhouses, Ulla let out a cry and threw himself into the battle with fervour! Immediately afterwards, another figure that was familiar to Lin Hao appeared.

It was none other than the ancestor of the Lin family, Lin Cangdou!

Lin Cang Dou threw out his sword domain with a flip of his hand, ‘Three thousand immortal swords fall to the mortal dust!’

Thousands of sharp swords shot out from the sword domain and fell like rain, scaring Nan Hu and Cang Wolf, who immediately led the dragon group to retreat quickly.

Buzz!

Hundreds of six-manifold pillars of light fell, and in the midst of the pillars of light, female angels with silver wings on their backs and silver armor slowly appeared, holding holy swords, and the huge six-manifold pillar of light in the very centre focused on a female angel

with six wings on her back slowly spoke, her voice soft and holy: ‘O my believers, I will listen to your prayers and pleas, I am your goddess!’

‘Female nerve it .....’ Chen Kai wiped a handful of saliva from the corner of his mouth and said smilingly, with a snap, directly by Lin Yin a slap on Chen Kai’s face, and also very disgusted with the hand wiped on Chen Kai’s clothes, this slap down, hands are stained with this bastard’s saliva.

Chen Kai a face of aggravation, this ..... no love ah.

‘It’s the Silverwing clan, the six-winged Silverwing clan, oh my!’ Ah Yao was stunned to see this scene, so strong?

The Earths? Lu Xi Fu Shan Lu Xi Zha Zero? The gods had returned to the throne!

These people above the void were all those powerful people that the Five Great Saints had taken away together last time, and they had all returned!

For her part, Ah Yao was deeply shocked by the scene before her, including the other six divine sons and daughters, while their manifestation of sainthood was seen by the entire races within the River God Spiritual Domain!

At once, the War Bears and Silver Wings were all thrilled, the heavens, the earth, there was a deity in their tribe, and such a powerful one!

The Human Race was the most excited, for the Human Race had also seen a deity, four of them at once!

Lin Cangdou, Chen Beixuan, Lin Hao and Shen Xiyan!

‘You guys, are you trying to ruin this bout!’ The Red Parasol Judge was furious enough, yet stifled with frustration, these human powerhouses that had suddenly appeared were too strong, what made him wonder was that these people also seemed to have reached the level of a deity, yet they didn’t seem to be deities, they didn’t fit into the Heavenly Dao to fuse their divinity, yet their every move was able to draw down the power of the Heavenly Dao, how on earth did they do that!

These were not the strongest people in this world, had they opened up another path of Immortal Gods?

Chen Bei Xuan was truly worthy of being the Beleaguered King, as he placed his left hand behind his back and flung his right hand across the air.

Pah!

A poof!

A slap from across the air was flung at the Red Umbrella Judge's face, this slap deformed the Red Umbrella Rebel's face ah, flung away while teeth and black blood spurted out together!

Chapter 2132

'How dare you hit me! Do you know that I am .....

' The Red Umbrella Judge exploded in place in anger!

Slap!

Chen Bei Xuan raised his hand and slapped over again, once again throwing the other side of the Red Umbrella Magistrate's face, nice and symmetrical now.

'What can I do if I hit you?' Chen Bei Xuan spoke indifferently, simply a model of the pretend world!

'Is this guy a fool.' Lin Hao was a bit tearful, obviously unable to beat him, this guy actually wanted to explode his background now, sparring with his father? Can't you see that Chen Bei Xuan is not a wimp at all!

It was estimated that Judge Red Umbrella was really furious and his intelligence was not even online anymore, he actually pointed at Chen Bei Xuan and cursed, 'Try hitting me again!'

Snap!

Without any hesitation, Chen Bei Xuan gave another slap.

‘There’s no need to try.’ The Red Umbrella Magistrate had conceded, suffocating, a sixth-ranked Illusionary Spirit Master, the grandson of the ancient ancestor of the River Styx clan, being slapped three times in a row by a human whom they had the least regard for, yet there was nothing he could do about it!

However, Chen Beixuan’s hand movements did not stop at all, the red umbrella judge was about to cry: ‘I fucking said no need to try ..... you still hit! You do not speak of martial virtue ..... ow howl howl, it hurts!’

No matter what Magistrate Red Umbrella said it was useless, Chen Bei Xuan’s hand flinging the slap had a residual shadow, hard flinging the slap to explode Magistrate Red Umbrella!

It was not known what means Chen Beixuan used, but after exploding the Red Umbrella Magistrate, he never coalesced again, as if he had simply gone up in smoke.

This miraculous scene overturned Ah Yao’s and their perceptions, it was impossible!

The reason why the Underworld Ancient Race gave them a headache was not because they were more powerful than the Ancient Gods, but this damned assimilation characteristic of theirs, and the ability to keep resurrecting, it was simply a bummer, right?

The worst thing was that they would have to be destroyed several times before they could be completely killed.

Chen Bei Xuan first killed thousands of assimilated monsters with a single sword, followed by a wave of Lin Cang Dao to clear the map, those assimilated monsters were basically almost dead. And not a single one of these assimilated monsters that they had attacked had reanimated.

With the War Bears joining in, the assimilated monsters within the jungle of Yun Meng Ze were completely purged.

As for those angels from the Angelic Church, they were emitting a holy glow, preaching love and faith, and were beautifully saying that they were listening to the prayers of the believers. To be honest those angels looked quite beautiful, but these actions, looking at Lin Hao was a real toothache.

Ouch!

Lin Hao was watching the battle with fascination, suddenly felt a sharp pain from the soft flesh of the waist, could not help but let out a pig-like? The actual pain is a lot more than just a little bit of a pain. The first of these is the one that is going to go down in history.

‘Does it look good.’ Shen Xiyan spoke coldly.

Lin Hao is not angry, but happy: ‘What’s wrong wife, jealous ah? If you’re jealous, tell me, if you tell me, I won’t watch it.’

‘You think too much, it’s not true.’ Shen Xiyan dead duck, arrogantly let go of Lin Hao don’t turn his head to ignore Lin Hao, like sulking.

Lin Hao thought it was quite cute that he had somehow unlocked his arrogant attribute, especially when he saw that Shen Xi Yan was obviously jealous but she refused to admit it, he somehow wanted to laugh.

As for that unlucky man, Long Kai Tian was directly pierced into a hedgehog by the sword rain summoned from Lin Cang Dao’s sword domain, and he was dead.

After settling the battle here, Chen Bei Xuan stood proudly in the void with his hands behind his back, ‘Now I will speak to all living beings in this world!’

‘All those who have reached the rank of Third Grade Illusionary Spirit Master, no matter if you are a spirit beast or an ancient god, follow me into the River Styx! Gather at Yun Meng Ze within three days, and those who disobey the order will have their entire clan exterminated!’ With a wave of Chen Beixuan’s hand, the members of the Qing Yun Heavenly Palace behind him followed Chen Beixuan as he tore open the dark empty gates of the River Styx and killed them directly into the River Styx!

The six divine sons and daughters looked at each other, but had no choice but to tear open the space and rush to the River Styx to join the battle!

## Super Son-in-law Chapter 2133-2134

Chapter 2133

‘Dragon group listen to the order, follow me to the battlefield and kill the enemy!’ Cang Wolf and Nan Hu roared, leading over five hundred Dragon Group warriors to follow them, they had just lost over two hundred in that battle, and their realms matched perfectly, so kill!

This war was led by a Chinese saint! Kill all the ancient clan of the River Styx!

Ah Yao didn’t hesitate either, but before entering the empty door, she took a deep look at Lin Hao and didn’t hesitate to rush in either.

‘White Emperor Holy Sword, follow me with your sword! Ulla!’ The Soviet War Bear led the way and also took the lead, heading straight for the empty door.

The Western European side of the Church did not talk nonsense and rushed straight in with a rush of brains. Only at the end did the angel of the Angelic Church dawdle for half a day, and only after Lin Cangdeng gave him a furious glare did he enter the empty door reluctantly.

Before entering the empty door, the leading six-winged angel, who was the head of the Angelic Church of Rice, was also a saint, and before entering, he gave Lin Hao a fierce glare, with the look of waiting for his mother to come out and make you look good.

Lin Hao was speechless, what had he done to provoke her?

In fact, Lin Hao didn't know that her powerful followers had just been thrust into a hedgehog by Lin Cangdeng's sword rain because of him.

There was only Lin Hao, the family and Chen Kai's four-man squad, the white cat and Lin Cang Dao left in the Cloud Dreaming Zephyr.

Lin Hao was just about to say, 'Let's go in too, the saints' orders, the words follow the law, not to mention the saints of China, should obey the orders.

But then Lin Cang Dao descended from the void and looked at Lin Hao with a benevolent shake of his head on his face, 'You don't need to go in, this battle is no longer relevant to you, you have more important things to do.'

After saying that, Lin Cang Dao walked to Shen Xiyan's face, before Shen Xiyan could react, he stretched out a finger and lightly tapped Shen Xiyan's eyebrow, Shen Xiyan looked stunned, ? A red plum blossom mark also appeared on her brow.

'I have awakened part of your humanity, but the ultimate solution will have to be found by your husband.' Lin Cang Dao laughed softly.

'Thank you senior Lin, but .....' Shen Xiyan gave an arrogant light hum, 'I can find the solution myself, so I need to rely on him.'

The actual fact is, it's much more normal, but this point of being an arrogant little prince can't be changed for the time being.

Lin Cangdun smiled, but didn't say anything.

Shen Xiyan also found that she could no longer see the Xuan Yuan sword with her eyes open, only when she closed her eyes did she see the sword a foot away from her heart, although the sharpness was still very close, it was much further away than before.

'Senior Lin, what is this Regulus sword all about? And where did you guys go before you left the Qing Yun Heavenly Palace, or rather left Earth?' Lin Hao was very curious, it was somewhat miraculous that so many Earth powerhouses had left, and then the era of Illusionary Spirit Masters came, only for them to suddenly appear again.

Lin CangDong looked deeply at Lin Hao: 'We went to .....

'Where did you guys go you say it, senior Lin didn't have you so sold out.' Lin Hao are anxious, these people suddenly left and suddenly returned, to be honest Lin Hao is really anxious to know.

'We went to the Ancient Immortal Court ruins and saw the one that was split in half by the Xuan Yuan sword, with a single sword.' Lin Cang Dao's face was filled with shock and fear as he said this.

This was the reason why they had been planning so far, but had never taken the final step; once they took that step, but had no solution, it would be the end of certain death.

The Xuan Yuan Sword has existed since ancient times, and his only mission is to behead immortals!

The Xuan Yuan Sword is immortal, indestructible, and cannot be truly mastered, inheriting the will of the Yellow Emperor to remain in the world, flowing through the ages, and once an immortal appears, it will be the first to appear to cut it down!

The old fish head's previous hand did not destroy the ten-thousand-foot sword light, but was instead decimated by the sword light, as well as the old ancestor of the River Styx, who were all considered ancient gods, and the remnants of the Immortal Court back then, had no resistance in front of the Regulus sword.

#### Chapter 2134

Since then, Regulus has also become a demon, but anyone with divinity can see Regulus lying in front of him whenever he closes his eyes, the stronger the divinity, the closer Regulus is, this is the death threat from Regulus, the destiny that cannot be escaped by becoming a god!

Lin Cang Dao and the others went to the Ancient Immortal Court to find a new method of becoming immortal, recovering the humanity they had lost before, not being swayed by divinity but being able to hold the power of the Heavenly Dao in their hands, not being swayed by the Regulus Sword, but also having the same fatal flaw of needing to resolve a quantum calamity every thousand years.

Lin Hao was able to dissolve the quantum tribulation and control the Regulus Sword, in fact the ancient gods' method, and the new method of immortality they had opened up, were all embodied in Lin Hao.

Unfortunately, Lin Hao endured double suffering, and the quantum tribulation, which arrives once every thousand years, would eventually find Lin Hao, while the Xuan Yuan Sword also found him.

Apparently, they used Lin Hao as a test subject, and then, a failed test subject!

After hearing this news, Shen Xiyan's berserk aura escaped, the floating belt in her hand kept flipping and dancing, and a dragon roar was also emitted, enough to show how angry Shen Xiyan was at this moment.

Lin Hao was also furious: 'You old things, you're all more shameless than one another! Even if Chen Bei Xuan, the King of Bastards, had cheated me before, you, as the ancestor of our Lin family, cheated me too! I'll be % #@ !'

He had never expected that these people would use him as a test subject, thus verifying their path to immortality!

Lin CangDong stretched his hands, 'I'm helpless too, but it can't be helped can it.'

At the same time Lin Cang Dou looked seriously at Lin Hao with a faint apology, 'You must understand that we didn't have much humanity before, the Heavenly Dao kept

stripping us of our humanity, in our eyes there was only profit, so this was the plan that was formulated at that time, now that the wood has been laid to rest, naturally there is no longer any way to change it, even if we have found our human side.'

'I still believe in you, you will be able to find a compromise solution to this matter, because under the precipitation of the years, even a pig will go down this path, it is inevitable, son, go home, live well with your family, and find a solution to this matter by the way.' After saying that Lin Cang Dao even looked at Lin Hao with great amusement, 'We still have a thousand years to wait anyway.'

Lin Hao was furious, so this last sentence of yours is the point, right?

You are not in a hurry, but Lin Hao can't not be in a hurry, seeing as the Xuan Yuan sword is about to give his daughter-in-law a heart piercing? The actual fact is that you will be able to get a lot more than just a few of these. The actual fact is that you'll be able to get a lot more than just a few of these.

It feels like Shen Xiyao mistakenly obtained the Ascension Ladder inheritance, in fact, the other side is also deliberately designed.

'How do I find the solution?' Lin Hao didn't bother to talk nonsense to the other party.

'I don't know, if we knew we wouldn't be scurrying around here like headless flies, but I can be sure that the method is definitely on Earth, not in the Ancient Immortal Court nor in this world.'

‘But how to find it and what method to use, we don’t know anything about it, but we all believe in your child, you will be able to find out the way.’ After saying that Lin Cang Dao even patted Lin Hao’s shoulder to encourage him.

Lin Hao cracked up on the spot, how do you make people find out when you ask three questions?

Seeing Lin Hao’s face as if his heart was ashen and his gaze so fierce that he wanted to kill, Lin Cang Dao thought for half a day then suddenly said, ‘Maybe if you walk around the world and wander around, you might find the way, who knows, right?’

‘Don’t worry, we’re not in a hurry, a thousand years is not long to say, but not short either na.’

Lin Hao shut himself up straight away, so naturally you’re not in a hurry if it’s not your daughter-in-law, but it’s my daughter-in-law!

Lin Hao also knew that there was no need for the other party to box himself in on such an important matter, after all, the other party would prefer to find a solution for himself.

Counting on that, now that there were five great saints with the strongest people of the Earth converging here, there was no need for Lin Hao to worry about the affairs of this River God Spiritual Domain.

Now instead, he should go home and then look for a solution to this Xuanyuan Sword or to awaken Shen Xiyan's humanity, but before that, he should find the Thunder Spirit, a family, naturally, should be neat and tidy.

## Super Son-in-law Chapter 2135-2136

### Chapter 2135

'Alright, you should leave first, and let me caution you about one thing, be careful of those Angelic Church women, don't look at them as if they are all heavenly looking, with angelic faces and devilish bodies, but each one of them has a snake's heart.' Lin Cangdou couldn't help but remind Lin Hao one last time, the difference in strength between the five great saints was subtle, plus the forces each controlled were almost evenly matched.

It could be said that no one was able to completely stop the other, and it was estimated that it would be difficult to tell the winner in a battle for a hundred years, but the impact caused by their battle was enough to shatter a world.

The stronger they are, the more factors they have to consider.

Previously, when humanity was extinguished, they were worried about profit, but now that humanity has returned, while worrying about more instead, it is even more unlikely that they will strike easily.

'Alright, I know.' Lin Hao got up and stretched, preparing to leave the Cloud Dreaming Zephyr to search for the Thunder Spirit.

'I'll give you guys one last ride.'

Lin Hao was all confused, old man, can't you say something auspicious? Are you sending me off, or are you sending me away?

Lin Cang Dao didn't give Lin Hao time to react, with a flip of his hand, Lin Hao and the others had come out of the empty door that Lin Cang Dao had torn open, and came out already in the sky above Gu Yue City.

The Lord of Gu Yue City personally greeted them and saluted respectfully, 'Greetings to the two divine lords!'

Behind Gu Sen was followed by a group of powerful people from the Gu Yue City Lord's residence, and below, the residents of the entire Gu Yue City or the Ancient God Clan's guards all knelt down in respectful pilgrimage to the ground like gods.

Lin Hao looked behind Gu Sen, the Gu Yue City Fuzheng Division Commander Gu Gu Gu, and looked at the other party with some amusement, 'Commander Gu Gu Gu, it's been some days since I've seen you.'

As soon as Gu Sen heard this, cold sweat broke out, 'Oh no, this human deity is quite vindictive?'

Gu Cheng bristled, his heart was not happy, but he had to bow his hand, 'Thank you, Lord God, for remembering me, I have not seen you for some time, I miss you very much.'

Lin Hao didn't bother with the other party's words, and let Gusen and the others disperse, while landing directly in the ordinary residential area of the city.

'Oh my, the Lord God-Emperor has returned! This is the pride of our human race!'

'Yes, it's an honour for us to have two God-Emperors come together in the land where we live! The God-Emperor still remembers us!'

These ordinary people were all excited, especially Feng Yue, who, upon seeing Lin Hao standing in front of him, greeted him with a spring-like smile, 'Feng Yue, it's been a long time.'

'Ah, Lord God-Emperor, you, you still remember the old man, haha, Lord God-Emperor still remembers the old man!' Feng Yue excitedly knelt down on the ground, and Feng Yue's family excitedly kowtowed to Lin Hao and the others.

It made Lin Hao a little embarrassed, wanting to go over and help them up, but they were reluctant, not daring to let Lin Hao touch them at all.

'I didn't expect you to have quite a few believers.' Shen Xiyan spoke indifferently.

Lin Hao laughed: ' ? Ai Er Serving Yi Closing Zha Zha Dyeing Ai ? What's wrong ? Are you envious or jealous ? What's there to be envious of, don't you see that they respect you just the same ?'

Shen Xiyan pursed her lips and didn't say anything, dead arrogant.

Lin Hao said that he would stay here for a few days, still in the same small courtyard, making Feng Yue and the others flattered once again.

And the empty gate that would later connect to the bottom of the Qin Huai River would open directly over this Gu Yue City, something Lin Cang Dao and the others had set up before, and the Dragon Group led by Nan Hu and Cang Wolf had also been sent back, leaving it to stay stationed in Gu Yue City, taking over Gusen's and their positions and controlling the first stop of this entrance, not allowing anyone from here to travel to Earth easily.

The Illusionary Spirit Masters on Earth would also be restrained, and Lin Cang Dao had intended on having to leave the region once they reached the fourth grade Illusionary Spirit Master realm and head to the River God Spirit Realm, lest they fight too fiercely on Earth and break up the mountains, wouldn't that destroy the environment?

Of course, this Earth's strongest Lin Cang Dao directly dumped his hand and let Lin Hao go to the helm, even the right to use that Qing Yun Heavenly Palace was given to Lin Hao.

Chapter 2136

Lin Hao used his divine thoughts to contact Ah Yao, who was far away in the Underworld River conquest, and asked her to contact the people protecting Lei Ling and bring him back, right?

Before leaving, Lin Hao had one more thing to leave for a few days.

Lin Hao went to the Giant Crocodile City in the past few days and ruined the cultivation of both the Xu family's father and son, and did not kill them. Nowadays, with the height Lin Hao had reached, there was no need to bother with these little shrimps, but lest the other side look for trouble, Lin Hao ruined their strength and let them just be ordinary people for the rest of their lives.

The matter of the River God Spiritual Domain was also considered to be over, just waiting for the return of the Thunder Spirit.

This day, before Lei Ling arrived, it was Nan Hu who came to the door.

‘Chief, I have something to beg you, I know chief your strength now is not what it used to be, long ago it was not the same chief that could be compared, but you have not changed, even after becoming a god, so I hope you can promise me to let Zhuque stay in China .....’  
Nanhu implored Lin Hao with a respectful attitude and a sincere tone. Lin Hao was silent.

He was also a human father, the father of a daughter, and so was the other party.

This was a plea from an old father.

Lin Hao naturally had to say yes, but Lin Hao's silence made Nan Hu anxious, ‘Chief, really, I hope that for the sake of Vermilion Bird worshipping you so much and obeying

you, let her stay, I don't want her to stray too far from home, even if it means letting all her minions who meet the requirements enter the River God Spiritual Domain.'

'No! No rules can't make a circle, since rules are set they must be enforced, a sage's word is followed, let alone a deity.' Shen Xiyan frowned slightly, thinking that this was simply breaking the rules.

Lin Hao didn't blame Shen Xiyan for saying such untimely words, the other party was Vermilion Bird's father, and Shen Xiyan was also Lin Ruoshi's mother, didn't she have any empathy?

It could not be helped, it was the result of human nature being eroded by divinity.

'Then let me ask you, who is the person who placed the rules?' Lin Hao smiled as he looked at Shen Xiyan.

'Senior Lin and the others ..... However, the enforcer is you.'

'That's not the end of it, that means, how it comes that's up to me, if I say it's okay.' Lin Hao waved a big hand: 'Except for the vermilion bird who doesn't need to come over, you can also have shifts to go back and see your families, this is the Dragon Group's privilege! As long as no one messes with them, those Earth's fourth grade Illusionary Spirit Masters may not need to enter the River God Spirit Realm either.'

'Huh?' Nan Hu was all confused, what had he heard?

Shen Xiyan glanced at Lin Hao and eventually nodded, 'What hubby said is the rule, since Lin Hao made the rule, it must be enforced.'

'Thank you, thank you so much, chief I love you to death, haha.' Nan Hu was so excited that he wanted to rush up and give Lin Hao a big hug.

It couldn't be helped, the only thing to blame was that Nan Hu was too excited ah, after all, the more he understood, the more he felt how rare and valuable a promise it was.

But Nanhu just got close and was mercilessly pushed away by Shen Xiyan, clear and cold? Lu Yi Zha Ai Wu Ai Zero Shan? Open mouth: 'My husband does not love you .....

Nanhu froze in place for a moment, embarrassed, and Lin Hao on the side was amused by Shen Xiyan this contrast to laugh out loud.

This is his daughter-in-law, yet another daughter-in-law with a different personality, how can I say, it's quite good, haha.

This daughter-in-law is getting really cute.

The Nanhu thing was just a small interlude, as for Lin Hao himself inwardly he didn't bother to think about the illusionary spiritist of the world, did he look like such a trouble-loving person?

Finding a solution to that Xuan Yuan sword confinement on Shen Xiyan was the main thing, along with the family being happy and together, that was enough.

Three days later, Lei Ling returned, and the strong man who had secretly escorted him back also came to pay his respects to Lin Hao and Shen Xiyan, after all, the two of them already possessed divinity and were equal to gods, and all the clans needed to worship them.

After Lin Hao nodded his head in greeting, the other party did not bother much and left in a hurry.

Lei Ling, on the other hand, gave Lin Hao a radical change, she didn't know what she had experienced during this period of time, her strength had actually reached a terrifying fourth grade peak Illusionary Spirit Master, her pretty face was less childish and more resolute, her skin wasn't as white as before, instead it was full of healthy wheat colour, she was spontaneous and casual in the way she moved her hands, her aura was completely different.

## Super Son-in-law Chapter 2137-2138

### Chapter 2137

'Brother Lin Hao.' Seeing Lin Hao Lei Ling changed her face in seconds, tilted her head to look at Lin Hao cutely, and greeted Shen Xiyan again.

'It's good to be back.' Shen Xiyan's tone was a little cold, causing Lei Ling to freeze, why did she feel like her sister-in-law had become different from before?

Lin Hao pulled Lei Ling and explained in a whisper, Lei Ling quickly understood, it turned out that in these days, not only she had experienced a thousand things, her sister-in-law and brother had also experienced so much, it seemed to be more colourful than his experience.

‘It’s okay brother, after a thousand sails and half a life away, you will still be a young man when you return. In my heart you will always be my family, that’s the same, and I’m sure my sister-in-law will come back too.’ Lei Ling in turn even comforted Lin Hao twice.

Yes, after a thousand sails and half a life away, one can still be a teenager when one returns, no matter how much one has experienced, one can still just not forget the original heart, and I believe Shen Xi Yan can too.

‘Little Aunt, Xiao Shi misses you so much.’ As the two siblings were chatting, a cute little girl came running in. When she saw Lei Ling, Lin Ruoshi happily jumped into Lei Ling’s arms and kept being pampered and cute.

Lei Ling also doted on Lin Ruoshi, and at the same time, to Lei Ling’s incomparable astonishment, God, had Xiao Shi’s strength also skyrocketed to such an extent ?

Together with the fact that just now, Lei Ling had learned that Lin Hao and Shen Xiyang, their realms were okay, but their combat power could no longer be measured in terms of realms.

Lei Ling was somewhat in tears and laughter.

He had gone away for training and had gone through a lot of trouble to enhance his strength, but he had simply enhanced his loneliness, so it was no matter that he could not catch up with his brother Lin Hao, but now his little niece was catching up with him, tragic!

People have also arrived, Lin Hao did not delay, leading everyone through the ancient Yue City over? The empty gate at the top of the city was a big one. s empty gate and returned to the River God Temple under the Qinhuai River in Jinling!

The Dragon Sect's four town guards were strong enough to let Lin Cang Dao and the others take them into the River God spirit domain before. Lin Hao simply handed Lin Yin, Zhao Chen and the four of them over to Qin Yuxin directly, so that they could take the place of the four town guards and specifically take care of those fourth-class illusionary spirit masters, lest they cause a landslide, which he really didn't have time to take care of.

Chen Kai and the others almost cried out, they were only at the highest level of the Third Grade Illusionary Spirit Master realm, to take care of those Fourth Grade Illusionary Spirit Masters, are you sure you're not kidding?

Lin Hao gave them a kick in the face, how could there be any fourth-class spirit masters on Earth now? If after all these experiences in the River God Spirit Realm they are still being left behind, then they might as well hang themselves from a tree with a crooked neck that looks good.

Lin Hao returned safely and brought news from the River God Spiritual Domain, Qin Yuxin finally put her heart down, that person's son was really so outstanding, as for Shen Xiyang's character had changed a little, Qin Yuxin didn't care about it.

Qin Yuxin greeted Lin Hao and hurriedly went to report to the Dragon Master. Before going home, Lin Hao asked Lei Ling to go back to the Lin family and give his grandmother a precautionary shot, after all, the old man is old and it would not be good if he was stimulated.

Lin Hao had just arrived in front of the Lin family mansion when he was completely confused by the scene in front of him.

‘Welcome home, family head!’

The people of the Lin and Lei families were all gathered here, and when they saw Lin Hao and the others, they all greeted them in unison, led by Masamune Lin Yun, Lin Rui and old grandmother Xu Fanghua.

‘Hello grandma, hello auntie, Xiao shi missed you all so much.’ Lin Ruoshi happily let Xu Fanghua hug her in her arms, being cute and pampered in Xu Fanghua’s arms, making Xu Fanghua so happy, her eyes full of kindness, her face as wrinkled as a blooming flower.

‘Grandma we’re back.’ Lin Hao pulled Shen Xi Yan’s hand up to greet her, and for some reason, when Lin Hao held Shen Xi Yan’s hand, Shen Xi Yan’s delicate body trembled slightly, but she didn’t shake it off.

‘It’s good to be back, it’s good to be back, Xiyan, look at you, you’ve lost weight, you’ve lost a lot of weight and suffered these days, right?’ Xu Fang Hua knew about Shen Xiyan, put Lin Ruoshi down, came over and took Shen Xiyan’s hand, sincerely hushing her. Lin Hao on

the side felt the warmth of that strong affection, but was worried that what Shen Xiyan said would hurt the old man's heart.

#### Chapter 2138

Lin Ruoshi was originally well in Xu Fang Hua's arms, the result was suddenly put down, instead, went to pull their mother's hand to shush, feeling more concerned than since? The first thing you need to do is to take a look at the website. The little girl's mouth was turned up, aggravated, tears in the corners of her eyes.

It is a good thing that Lin Hao held Lin Ruoshi in his arms in time, the little girl was much better.

But to Lin Hao's immense surprise, Shen Xiyan smiled and shook her head, 'Grandma I'm not, it's not that I'm suffering, I'm just because I'm losing weight, with Lin Hao around, how could I possibly be suffering and make grandma worry.'

'This girl said, so hard to lose weight for what? You look so thin, is this brat Lin Hao disliking your figure? You tell grandma, grandma beat him up, her own daughter-in-law is for pain, how dare he resent it!' Xu Fang Hua's face was stern, pretending to be angry, but the smile on her face, which she couldn't hide at all, betrayed her heart.

Lin Hao's mouth opened wide in confusion, wanting to say something but unable to do so, then father and daughter looked at each other, really feeling pity for each other: grandma doesn't love us anymore, her heart is bitter ah.

I don't know if it was the environment or Xu Fanghua's heartfelt concern that infected Shen Xiyan, but Shen Xiyan was perfectly normal, not much different from before, except that her tone was slightly colder, but it didn't affect her at all.

So much so that Xu Fang Hua and the three of them doubted the truth of what Lei Ling said, it felt like Shen Xiyan hadn't changed either~!

Even Lin Hao himself has doubts, is Shen Xiyan deliberately ah, deliberately in front of their own pretend little arrogant?

It's all good!

The Xu family and the Lei family held a family banquet for Lin Hao and the others, but they did not invite the Yun family, after all, it was an internal family banquet, but Yun Feng took the initiative to bring his daughter Yun Ruo to join the fun.

It's been a while since I've seen Yun Ruo, who has become more and more beautiful, and with the help of the Lin family, has finally entered cultivation and become an Illusionary Spirit Master.

The Xu and Long families are slowly fading out of view, and now the five great families of Jinling are basically living behind the scenes, not asking questions about world affairs, leaving the mundane world behind and fading out of view, while the Tianhai Group is slowly separating itself from Lin Hao's influence.

It is easy for people to accept new things and forget old things.

Meow~!

At the bottom of the Qinhuai River, in the Temple of the River God, the white cat Rui Lin came out with a wounded face.

Poor thing, he had diligently followed Boss Lin, but as a result, Boss Lin had left the Spiritual Domain without taking him with him, not to mention that he had slept more and was directly left behind, making the white cat feel doubly hurt and a sense of abandonment.

Luckily, Nanhu and Cangwolf were in charge of Gu Yue City now, and knowing the relationship between the white cat and Lin Hao, they did not make things difficult for him and let him out.

So it was that the Lei and Lin families were holding a lively family feast and were scared enough by an uninvited and unexpected guest.

The Lin family courtyard was filled with tables and tables of wine, and everyone was cheerful and happy. At Xu Fang Hua's request, everyone had also put down the industries at hand, not being so busy with so many things, and living a more relaxed and casual life away from fame and fortune instead.

‘Xiao Hao, how long do you plan to stay at home this time?’ Xu Fang Hua looked at Lin Hao with a smile, alas, as people grow old, they have fewer extravagant things to ask for, they just want the family to be happy together in a neat and tidy way, don’t they?

But Lin Hao came back and had to leave almost every other day, always going on dangerous missions, the old man always missed and did not want to leave.

Listening to Xu Fanghua’s words, everyone looked at Lin Hao, after all, after Lin Hao became the head of the family, he was simply a handful, not to mention that he didn’t care about things, he hardly had a foot in the house.

‘It should be a long time, I will come back often, no matter how far away I can return home in an instant and come back to visit grandma every now and then, okay? And I don’t have to go on dangerous missions anymore.’ Lin Hao also understood what the old man had in mind, ‘I want to take my daughter-in-law and daughter around the country next.’

## Super Son-in-law Chapter 2139-2140

### Chapter 2139

‘Of course everyone can come together too.’ Lin Hao actually wanted to stay with the Lin family all the time, planting land and raising chickens and ducks, living a life of idleness didn’t seem like a no-brainer.

‘Good, that would be great, grandma won’t go on a trip with you guys, people are getting old, they just want to keep their home, as long as Xiao Hao comes back to see grandma once in a while.’ The old man seemed very satisfied with Lin Hao’s answer.

The people no longer had any worries, happily drinking and eating meat, Lin Hao did not say anything about the Xuan Yuan sword, lest they worry, Shen Xiyan and the girls were aware of it, but they did not intentionally dyed steak serving Wu Lu dyed West? t talk much.

Just when the crowd was eating and drinking most happily, suddenly a terrifying aura descended abruptly and a stunning white light descended from the sky.

Roar!

The roar of a tiger roaring in the mountains shook the mind, only to see a huge white tiger appearing above the Lin family, majestically stomping on the air with its four feet, its body filled with a terrifying aura.

The people of the Lei and Lin families were so frightened that their bowls and chopsticks fell to the ground and they began to turn their power inside them.

The White Cat had heard that the people of Earth had never seen a real divine beast, the White Tiger, and his appearance had to be cool!

‘I, the White Tiger, have returned as a divine beast! Tremble, mortals!’ The white cat Rui Lin proudly held his tiger’s head high, almost giving him pride in the sky.

‘What to do Lin Hao, is this, is this a demon or a divine beast?’ Lin Rui and Lin Yun quickly stood up, their auras unobtrusively revealed.

Xu Fanghua, on the other hand, was the first to pull Lin Hao's family of three, like an old mother hen protecting her calf to shield Lin Hao behind them, 'Don't be afraid, grandma is here.'

Lin Hao was angry and amused, why was this guy following him? He hadn't planned to shout at him since he was sleeping so much in Gu Yue City, but he hadn't expected him to come here.

It was not good to pretend to behave anywhere, but to come to his house!

He was so scared!

Lin Ruoshi sensed Lin Hao's thoughts in general, this white cat was definitely gone, her saliva flowed down indisputably and she spoke brittlely, 'This fat cat should be delicious, it can be eaten for several meals.'

'Little master, put more chilli, I have a heavy taste.' Bear Two, who was gnawing on a pig's foot in the courtyard, also hastily wiped his mouth, which was full of oil, and agreed.

Meow the hell~!

The white cat trembled, especially when he saw Lin Hao's icy gaze, and Xiong Er and Lin Ruoshi's blazing gaze, oh my god, he was afraid that he had already brainstormed a dozen different dishes in these two guys, and that the main ingredient was definitely him.

'Meow, big brother I'm wrong, I, I just came to join you here ah, also please have mercy on your mouth ah.' Scared, the white cat hurriedly gathered its breath and concealed its white tiger bloodline, the white tiger's shadow dissipated and turned into a fat and panda-sized snow-white big fat cat quickly landed, landing in the courtyard the white cat looked at Lin Ruoshi and cried and laughed, 'So what, big brother can you ask your daughter to put down the pig killing knife in her hand first?'

Lin Yun saw how fat and cute the white cat was, and her eyes were glowing pink, 'Oh my, this big fat cat is too cute.'

The white cat hemmed and hawed, indeed being cute was justice.

However Lin Yun's next sentence directly made the white cat almost be cut off, 'It's quite fat, it's so cute, I want to try the taste too.'

'Lin Hao, this is the cat you raised? Not bad, it's good to hold a family feast to add another dish to the wine.' Lin Rui also seemed to be a bit giddy. Xu Fang Hua, who was all smiles, got out of bed and then stiffened up, wondering if she was suffering from Alzheimer's or was she just hallucinating because she missed her grandchildren so much?

After all, she had watched her grandson's family leave last night with Lei Ling in tow, so how could she suddenly return home?

But the tantalizing scent was not going to lie.

‘Grandma, get up and eat, didn’t I just ask Xiao Shi to come and call you? This girl has actually started slacking off?’ Lin Hao shouted in some bewilderment outside Xu Fang Hua’s door.

Chapter 2140

Ah!

It’s true!

The smile on Xu Fanghua’s face grew brighter and brighter as she hurriedly opened the door, incomparably protective: ‘Xiao Hao you can’t blame Xiao Shi, just now Xiao Shi came and shouted.’

‘If you bully my great-granddaughter, see if I don’t beat you up.’ Said the old man and raised his big mouth demonstratively, but it was not threatening to Lin Hao.

Lin Hao, on the other hand, shrank back with a hurt look on his face, ‘No, Grandma, with a great-granddaughter, I, the grandson, have no love left, do I?’

‘Go, go, you’re so old and still pampered, grandma go wash your face and come over for dinner in a moment.’ Xu Fang Hua said sternly, but the unstoppable loving smile on her face completely betrayed her heart.

Lin Hao shrugged his shoulders, it was really impractical to compete with his own daughter for favour, the little cutie was invincible.

Although today’s meal was not as lively as yesterday’s, several important elders of the two Lei Lin families had given a shout over, after all, this time it was Lin Hao’s specially cooked spirit beast meat.

‘Oh my god, what kind of meat is this, it smells too good, and, one bite and I feel like I’m going to break through, the spirit energy contained within this meat is too dense.’ Lin Yun was stunned when he took a bite of the braised meat, a five-layer braised meat with a balance of fat and leanness, the fatty part was tender and crisp, fatty but not greasy, the lean part was fragrant but not woody just right.

The most important thing was that this bite of braised meat contained a vast amount of spiritual energy, which felt more direct than directly absorbing the power within the Thunder Meteor.

Lin Hao was stunned, was it that exaggerated?

Boom!

Suddenly a powerful aura fluctuation set off from Lin Rui's body, he had directly broken through to become a third grade early stage Illusionary Spirit Battle Master.

The strong surge of aura fluctuations directly overturned a plate of roast meat and a large pot of roast meat on the table to the ground.

'Haha, what kind of meat is this, is it the meat of a monk? I've had a breakthrough, a real breakthrough in one bite, not even with a bottleneck shackle!' Lin Rui laughed out loud, excited like a small child.

However, Lin Rui couldn't stop laughing, his expression froze in place as he saw countless pairs of murderous eyes staring coldly at him, and he likewise saw the spirit animal meat that he had knocked over.

Lin Rui was embarrassed: 'That, that what, I just accidentally spilled it, I was too excited, I can't be blamed for that, and it's a treasure, you can still eat it if you drop it on the ground and wash it .....

The actual fact is that you can find a lot of people who have been in the business for a long time, but you can't be sure that you're going to be able to get a good deal on this.

Lin Rui wanted to die, eat your ass, wash it on the ground and you can still eat it, what's the point of eating it if it's full of your saliva?

You two are really serious!

White Cat and Xiong Er smiled with their own devious plans, they couldn't help it, the amount of spiritual beast meat the boss gave them was really a bit small, although they didn't eat this spiritual beast meat to strengthen it very obviously, but they couldn't help it was delicious!

'You're proud of yourself for only being a third grade spiritist, aren't you? Look how far Shi has come! What? Your nephew's daughter is even one realm better than you, how dare you!' Lin Yun glared viciously at Lin Rui, and Xu Fanghua followed with a direct attack.

Mother and daughter against Lin Rui is a fat beating, many watching the two Lei Lin elders, watching the hilarity is not too big, while Lin Rui is not paying attention to sneak down the black hand, hahaha, at least Lin Rui is the Lin family elders, usually there is no such opportunity to beat him ah.

'No ..... I'm wrong still can't, hold the fight, crap, who kicked my ass! You motherfuckers? Love whisking steak wu zero west Shan steak? No martial virtue sneak attack, don't let me know who it is!' The actual fact is that you'll be able to get a lot more than just a few of these people to get a lot more than just a few of these people.

In the end, Lin Rui was ordered not to eat today, and the spirit animal meat had nothing to do with him anymore.
