

Super Son-in-law Chapter 2151-2160

Chapter 2151

The first thing you can do is to get the identity information of Lin Hao and Shen Xiyan, as expected of the Chen family's youngest, but it seems that he can only know this superficial information, otherwise if you give him a hundred guts, he wouldn't dare to bother Lin Hao and the others.

‘Why do I feel that joining your team is the most dangerous thing for Xiyan, and furthermore, if you make friends, just make friends, what's the point of posing so many pulls? Those who don't know will think you're going to the grave to send people away!’ Can Lin Hao not understand what the other party has in mind?

‘Do you want me to die?’ Shen Xiyan also looked at Chen Haobei with an icy demeanor.

Chen Haobei was so embarrassed, what the hell, did he say this was for confession? And even a fool could see that these two people were clearly doing it on purpose.

Chen Haobei hurriedly shook his head, ‘It's not like this, this is the rule of our Chen family, it's a ceremony to make friends you understand, right?’

The surrounding onlookers all had a look on their faces: do you think we're like silly batches? Or do you think we're retarded?

The point is that Lin Hao and Shen Xiyan actually believed it, because Lin Hao was planning to get into the matter of checking out the ancestor manifestation of the local family clan shrine.

‘Alright, since young Chen is so sincere, I’ll agree to acknowledge you as my little brother instead of Xiyan.’ Lin Hao generously waved his hand, then looked at Chen Haobei: ‘That little brother Chen, I’m more interested in your clan ancestral hall, let’s go to your clan ancestral hall and take a stroll?’

Chen Haobei was confused, what the hell am I your little brother now?

And you’re going to the ancestral shrine just after you’ve made friends?

Don’t you know that every clan’s ancestral hall is an extremely important and forbidden place? Even some ordinary clan elders can’t easily enter the clan ancestral hall.

‘Lin Hao! Don’t be shameless, who is your little brother! Don’t you have any shame! I’m telling you, I’ll take your woman!’ Chen Haobei felt he had been tricked and no longer cared to hide his true nature, revealing his inner hideousness.

‘Hey, you see this makes it much more comfortable to look at ah, you say you a wolf, why do you have to pretend to be a sheep.’ Lin Hao snickered as he looked at Chen Haobei, this guy was really annoying enough.

Now he is more agreeable to Shen Xiyan's approach, low-profile can be, too low-profile will be trouble, ah, the most critical or a beautiful daughter-in-law around the premise, that trouble can be less?

'Lin Hao I tell you, in this is my Chen family's world, even if it is a dragon you have to give me coiled, is a tiger to give me lying down, be sensible now immediately disappear in front of me!' Chen Haobei's patience had reached its limit, since he wasn't pretending anymore, he should do it without any nonsense!

There is no woman he can't get that he likes!

Shen Xiyan glanced at Chen Haobei with some pity, this second generation rich guy didn't seem to have a good brain.

'Then I'll wait for you, young Chen, to make your move.' Lin Hao pulled Shen Xiyan and turned to leave, since Chen Haobei was so annoying, let's go plow his family's ancestral grave tonight, no, let's go to the Chen family ancestral shrine and take a stroll.

Chen Haobei looked at the two of them and saw how they ignored him, especially the two ants, it was always the others who groveled to him, when had he ever been treated with such contempt!

Chen Haobei's expression was fierce, and the powerful spiritual pressure of the third grade middle Illusionary Spiritist realm was released without any fear? The powerful spiritual pressure of the third ranked middle illusionist realm was released without any fear? The terrifying spiritual pressure caused the entire hotel to be surrounded by a terrifying low pressure.

‘That rich kid is an illusionary spirit master!’ The two women who had secretly muttered curses at Chen Haobei earlier cried out in shock, so frightened that they almost didn’t faint to death, they had just whispered curses at an Illusionary Spirit Master, or a rich Illusionary Spirit Master, it was over!

The ordinary people around were all shocked, now the Illusionary Spiritist was a matter of universal knowledge, once becoming an Illusionary Spiritist was equivalent to breaking away from the ranks of ordinary people, it was not too much to say that the fish had leapt the dragon’s gate.

There were many other Illusionary Spiritists around, but they were all of very low rank, and when they felt the huge waves of spiritual pressure on Chen Haobei’s body, they were all scared to death, and their faces were terrified.

Chapter 2152

‘Since you are determined to seek death, then I will fulfill you!’ Chen Haobei summoned his own battle weapon, a dragon ring machete, its circumference pitch black and glowing with a blood-coloured demonic red aura, and with both hands I slashed and looked at Lin Hao’s back!

He had mastered the absolute strength of this slash, at most he would make him seriously injured, and in the meantime he would use his strong spiritual power to strangle his opponent’s sea of consciousness!

He wanted to make Lin Hao’s life worse than death!

This is just a mole, even if he dies, so be it, this matter he Chen? This is something that he, Chen? The family can still withstand it!

The onlookers were stunned to see this scene, this Chen youngster is too arrogant and domineering, how dare he kill someone's cultivation with his hand!

As for those onlookers who knew the Chen family's urine, they looked as normal and were not surprised.

'It seems to be another person who, like Xu Lin, is determined to die.' Lin Hao shook his head helplessly and turned around brazenly, facing the incredibly loud blade, Lin Hao didn't make any extra movements, he just raised his right hand and gently clamped it with two fingers!

The crowd: (` ㄟ_ ' ✖)

'This, this is even possible!'

Everyone in the room was stunned, what a crap in their hearts!

Lin Hao had actually used just two fingers to make use of Chen Haobei's incredibly powerful sword power!

Even if Chen Haobei controlled his force, it would still be enough to injure a second-ranked Illusionist, let alone Lin Hao who was only an early first-ranked Illusionist!

How did he do it!

‘What kind of demonic technique is this!’ Not only did the onlookers doubt their lives, Chen Haobei’s heart was also groaning, it was impossible!

He had used thirty percent of his strength for this sword, it was definitely not something that a first class Illusionary Spirit Master could catch!

Lin Hao brushed aside his mouth, what was impossible.

‘You are determined to seek death, I’ll make it happen!’ Chen Haobei looked at Lin Hao’s disdainful expression and felt a great insult, his Aura of Consciousness surged wildly, converging in the battle weapon, using more than 60% of his strength to coalesce in the sword power at once!

Chen Haobei still had some scruples, under the jurisdiction of the Dragon Sect, even Illusionary Spirit Masters could not easily cause human lives.

Buzz!

The blade in Lin Hao's hand kept trembling lightly, emitting a violent buzzing sound, as if it wanted to get rid of Lin Hao's restraint, and even more so, it wanted to split Lin Hao's large hand straight away!

However, Lin Hao continued to hold the blade between his two fingers with ease, his expression unchanged, his face relaxed and relaxed.

The onlookers already felt like they weren't dreaming, and Chen Haobei had already exploded ah, especially since Lin Hao also made a salty mention: 'Make it quick, I'm busy, haven't eaten yet?'

Shen Xiyan also mercilessly add a knife: 'My family husband used two fingers, mainly because I am afraid that a finger to solve you, afraid that you can not stand to kill yourself still blame on my husband.'

Ahhhhh!

Hear, hear, hear, is this human talk they are saying!

Boom!

Chen Haobei's aura of a Grade 3 mid-level Illusionary Spirit Master was completely released without reservation, and Chen Haobei's warrior soldier let out a crisp boom, blossoming with a blinding red aura and an astonishingly powerful blade.

‘Oh my god, this is too terrifying, is this the terrifying power of a third ranked mid stage Illusionary Spirit Master?’

‘You can shut up now, if you don’t leave here, the spirit pressure can crush you to death.’ The onlookers fled, the aftermath of the battle here was getting to them enough, there were already ordinary people fainting in the end, the spiritual pressure was so terrifying that even breathing was incredibly difficult.

‘Give me death!’ Chen Haobei hissed hideously, this was no longer just because of a woman, but his Chen Haobei’s dignity, this man he must die!

Lin Hao’s middle and forefinger were clasped in his right hand, and the cold killing intent came from the war weapon, Lin Hao already understood that the other party was moved to kill, Lin Hao gently broke his middle and forefinger, with a click, the blade and the dragon ring machete in Chen Haobei’s hand collapsed into aura and escaped into the surrounding space.

Chen Haobei, who was connected to the war weapon, was struck by a heavy blow and retreated several steps with a stifled grunt, a mouthful of fresh blood gushed down his throat, but he swallowed it hard, staring at Lin Hao with frightened eyes.

Super Son-in-law Chapter 2153-2154

Chapter 2153

Slap!

A big slap for you!

Lin Hao threw a slap across the air, directly sending Chen Haobei flying out, Chen Haobei couldn't hold back any longer, blood gushing out wildly from his mouth, his appearance was unspeakably miserable.

‘Defeated! The Chen family’s youngest, Chen Haobei, who was only at the middle third rank realm, had lost, and what’s more, he had only lost to a young man who was only at the early first rank realm!’

‘Are you sure it wasn’t a certain big brother who deliberately hid his strength? Or has a magic treasure to hide his realm?’

‘It doesn’t feel like it, he’s so young his strength shouldn’t be able to reach this strong, besides who has such a heritage to cultivate such a demonic person?’

With Chen Haobei being slapped across the air by Lin Hao, everyone came back to their senses, and the terrifying spiritual pressure dissipated, and they were finally quite comfortable and breathing much more smoothly.

However, the unconscious ones did not wake up.

Lin Hao slowly walked up to Chen Haobei, who was spitting out blood while staring at Lin Hao, who still couldn't believe this fact to this day.

How could this be possible!

In the entire Demon Capital, apart from those few and the head of the Dragon Sect Division, he was already an invincible existence, and he had been defeated so easily by an unknown first grade early stage Illusionary Spirit Master!

‘See this slap of mine? You might die with this slap from me.’ Lin Hao squatted in front of Chen Haobei, looking at Chen Haobei’s appearance, his gaze as cold and stern as a knife, just a look made Chen Haobei feel the fear of death!

What a terrifying look, how many people had this man killed!

It was at this moment that Chen Haobei truly understood that this man was not lying, if he really pissed him off, he would really slap himself to death!

‘Who the hell are you are you having fun pretending to be a pig and eating a tiger.’ Although Chen Haobei couldn’t understand why Lin Hao’s realm was so low, yet his combat power was so unbelievable, he still figured out that this guy was definitely not as strong as he showed.

No wonder such a beautiful woman faced his fierce attack, the other party did not have a single fluctuation.

‘What does this have to do with me pretending to be a pig and eating a tiger? You’re the one who provoked me with your own life, remember that in the future, if people don’t give a damn about you, don’t go up to them, after all, some people don’t give a damn about you not because they are afraid of you, but because they don’t see you at all.’ Lin Hao turned to leave, ‘Also, this time is a warning, if you don’t grow up, I don’t mind making you grow up.’

‘Come on daughter-in-law, let’s go for dinner and go for a stroll at the Chen Family Ancestral Hall in the evening.’

Ah! Pfft!

Chen Haobei was so angry at Lin Hao’s last sentence that he vomited blood, the Chen Family Ancestral Hall was a place you could go to just because you wanted to? You’re strong, but you dare to break into the Chen family’s ancestral shrine? The first thing you need to do is to go to the ancestral shrine of the Chen family. That’s a death wish!

The company’s main business is to provide a wide range of products and services to the market.

However

The next moment, Chen Haobei was kicked straight out of the clan ancestral hall, blood spraying wildly, that injury was much more vicious than Lin Hao’s hit!

A violent aura surged up, and an old man wearing a Tang suit with snow-white hair walked out of the ancestral shrine, his gaze coldly staring at Chen Haobei who was spitting blood on the ground: 'The ancestral shrine is an important place, without my permission, even the clan elders cannot enter, do you think you have more status than the clan elders!'

Chen Haobei begged for mercy while spitting blood, but in his heart he was cursing: 'You're really my own grandfather, you've really hit me hard, I've never been beaten so badly outside.'

'What is it? Tell me the truth, if you hide anything, you will be disqualified from next month's immortal support!' The Chen family's great-grandfather looked at his great-grandson with a cold and unemotional gaze, as if this great-grandson was not a member of the Chen family, just a mole that could be discarded at any time.

Chapter 2154

Chen Haobei was so frightened that his heart trembled. Although the Chen family's old ancestor had revealed his spirit and was supported by an immortal, which had greatly increased the Chen family's strength, but since his ancestor had been supported by an immortal, his temperament had changed drastically, and he was no longer the loving grandfather, his temperament was tyrannical, and he would beat and vomit blood at the slightest, or kill at the heaviest.

This month, seven or eight of the Chen family's servants have died, and even two members of the Chen family have died, but the Chen family has covered it up so that the outside world does not notice.

How could Chen Haobei dare to hide it? He only had to tell his grandfather the truth, not daring to hide the slightest bit, let alone exaggerate.

‘Rubbish!’ The Chen family’s great grandfather once again kicked Chen Haobei away, ‘All you know is playing with women, even at such a realm you let people bully you like this, you are simply a disgrace to my Chen family, no wonder you have never been recognised by the great ancestor, get lost! If they dare to come to my Chen family’s ancestral shrine, then let him be used as divine soul nourishment for the Great Ancestor!’

Where could Chen Haobei stand up, he was kicked out by the Chen family’s great grandfather and had long since fainted, his serious injuries were extremely severe, it was Chen Haobei’s father who later heard the commotion and brought his men over to make amends to his grandfather while carrying his own son Chen Haobei away.

‘There is indeed a strange aura that has appeared in the Demon Capital recently, and it is an aura that I have never been familiar with, but also possesses the aura of an immortal.’

‘It should be an immortal child from another realm who has come here to fight, if he dares to commit an offence, then kill him, the immortal child’s sustenance is of no use to me, but it will be of great use to you.’ A voice as cold as one from the nine hells slowly emanated from within the ancestral shrine, the temperature around it plummeted and even a gust of gloomy wind blew up.

‘Yes, Great Ancestor.’ The Chen family’s great-grandfather, who had just looked cold and arrogant, heard the voice from within the ancestral shrine and immediately turned around and bowed respectfully, his expression as devout as if he was worshipping a god.

Apart from Chen? The Chen family’s family, the dead Xu Lin, was lying on the ground. On the other side of the family, Xu Lin, who was lying dead, was also found and carried back to the second master of the Zhao family.

The second master of the Zhao family looked at the completely ruined Xu Lin and his face was as gloomy as if his face was covered with frost: 'Who dares to touch my second master Zhao's man! Don't you know who is behind me, Second Master Zhao?'

'Do you think my Zhao family's ancestor is a vegetarian?'

Xu Lin had been completely ruined, his consciousness was ruined, his meridians were broken, and even his bones were kicked to pieces. He didn't give him any face!

'Find out what the identity of that man and woman is! If they don't have any background, I'll make his life worse than death!' Second Master Zhao immediately ordered and dispatched all of his direct lineage, in fact, the more important point was that Second Master Zhao suspected that Lin Hao and the others had the supreme treasure on them.

After all, he still believed in what Xu Lin said, and that piqued his interest even more, just ask a first class early stage brat who had directly nullified the third class early realm Xu Lin's sea of consciousness, how could that be possible without a secret treasure!

On the surface, it was to help Xu Lin take revenge and to enlist the hearts of his men, but in reality, it was just to kill and take the treasure.

As for Lin Hao and Shen Xiyan still wandering around in the demon capital, Zhao Erzong this strike Chen family side of what happened, he simply do not know, even if he knows will not be put on the heart, this time to come to the demon capital is to take a chance, incidentally enhance the relationship with Shen Xiyan, maintain her human side, and not to pretend 13.

If not, can we still let Xu Lin and Chen Haobei, the two goods bounce around until now? Lin Hao and Shen Xiyan already knew the location of the Chen Clan Ancestral Hall, but did not rush to go there. According to the information given by the Dragon Gate branch office, most of these half-human, half-demon monster attacks are concentrated at night, or at midnight, so it would be fine to go there at night.

Lin Hao also went along with Shen Xiyan all the way down the quaint snack street, eating along the way, and incidentally strolling through a few more clan shrines, all of which were very quaint in shape, following the architectural style of ancient times, and most of which were situated within some ancient architectural pedestrian streets.

However, after strolling around for several times, I did not find anything unusual, not even any cultivators inside the ancestral shrines, they were all ordinary people looking after the ancestral shrines.

Super Son-in-law Chapter 2155-2156

Chapter 2155

It was strange, did it mean that not all clan shrines had problems?

Lin Hao looked at the time, it was getting late, it was after 5pm.

‘Hao, let’s go home and cook for grandma, it’s not too early either.’ Shen Xiyan said with a smile, every time she talked about her family, there was a soft glint in Shen Xiyan’s eyes, the pair of soulful starry eyes seemed to speak, it was so beautiful.

In Lin Hao's opinion, Shen Xiyan's current personality was also quite good, she was too good to her own people, but for others, it was clean and so far decisive, without any good feelings.

Lin Hao smiled and agreed, rushing all the way back to the Imperial Hotel's room to find that the white cat was actually holding his phone and playing a game.

'Crap, push the tower, push the tower big brother! Are you all pigs?'

'Fuck me, grass crouching again, you bunch of grass dogs, I'm not human but you're real dogs!'

'One wave up brothers!'

.....

The white cat while playing also while the old ancestor anthropomorphic crazy mouth spitting fen, operation also slipped a horse, so that Lin Hao shouted him several times did not hear.

Lin Hao simply did not bother to pay attention to him, threw the kebabs brought to the white cat on the table, the two of them activated the divine inscription formation, a flash of divine light, the two of them wavered in white light in front of their eyes, reappeared when it was already in the Jinling Lin family, Lin Hao's own room.

‘Spray him Q, A tear!’

‘Well done.’ White Cat, who had managed to win a game, put his phone down while also being a little confused, ‘I think I just heard Old Big shouting at me?’

‘Huh? Why are there so many kebabs on the table, still hot, this is a living hell!’ White Cat picked up a skewer although wondering, but also did not care so much, while eating the skewer and continue to put into maintaining the peace of Summoner’s Canyon work.

Over in Jinling, Lin Ruoshi’s pretty face was stunned when she saw Lin Hao and Shen Xiyao coming out of the room hand in hand.

There was even some doubt about life!

Were Daddy and Mommy catching hide-and-seek with her? Why did she only see the two of them enter the room today? Lin Ruoshi went in and couldn’t find the two of them, and even searched through the cupboards, but she couldn’t find anyone.

Even stubborn, Lin Ruoshi simply dragged Xiong Er to stay directly at the door of Lin Hao’s room and stayed there all day, eating all day.

She didn’t believe that her mum and dad could run away anywhere!

‘Dad, mum, how did you hide, and you’ve been hiding all day, you don’t hide like this even when you’re catching hide-and-seek.’ Lin Ruoshi pouted aggressively, ‘I’ve been looking for you all day, but I can’t find you.’

After saying that, Lin Ruoshi’s eyes lit up, ‘No way, did Dad and Mom hide in the perfume bottle on the bedside table? No wonder I didn’t find it, it’s just that perfume bottle I didn’t pour out to take a look.’

Shen Xiyan and Lin Hao looked at each other, both the corners of their mouths twitching, no wonder the room was a mess just now, it turned out to be this girl’s doing.

Lin Hao and Lin Ruoshi? Ersiyi Ai Wu served whisk love? Explaining a bit, and that Lin Ruoshi was unable to teleport like this because she did not have divinity, Lin Ruoshi was even more aggrieved, hey, really her parents were true love, she was just an accident, the two of them went out for a wave and went out for a two-person world just without her.

But Lin Hao came back, Xu Fanghua and others are happy as can be, did not expect Lin Hao really did, go out during the day and come back at night, although they also wondered during the day, how Lin Hao entered the room and then disappeared, they also followed Lin Ruo Shi to look for, froze did not find.

Lin Hao took out the spirit animal meat, with some seafood and vegetables, fancy to Xu Fanghua, Lin Rui a few people cooked a meal, after eating full and play with his daughter for some time, which again used the transmission array from Jinling back to the Imperial Hotel room.

As a result, he came back to White Cat holding his phone and watching short videos in giggles, the kebabs on the table had already been wiped out by him.

When Lin Hao saw that the white cat didn't even notice them, he didn't bother to pay any attention to him and left directly with Shen Xiyao, heading towards the Chen Family Ancestral Hall.

Chapter 2156

The ancient town street was rather cold at night, especially after a little after midnight, plus the places they walked were places of old family houses, no street lights were installed at all, plus many of the old houses didn't hold back, not even the lanterns at the entrance were lit, it just looked a bit gloomy and spooky, a cold breeze hit them, like a gloomy wind.

'Tsk, these two blood food is not bad, the appearance is so beautiful, eat it must be able to give the family's gang of trash a lot of strength boost, right, hey, first go up and ask.' A gloomy laugh suddenly rang out in the darkness.

The old ancestor of the Zhao family had just run out from within the clan ancestral hall to look for some snacks, when he didn't expect to run into Lin Hao and Shen Xiyao, he felt the faint aura of divinity on the two of them and instantly revealed a greedy smile.

The reason for the weakness was the result of the two of them trying to suppress their divinity.

Lin Hao and Shen Xiyao stood still and looked towards the dark alley somewhere.

In the darkness, an old monster with green skin slowly emerged, his head was covered in a braid of white rattan, with tiny rattan strips directly replacing his hair, and his arms were covered in fist-sized, red blisters that looked like they could breathe.

There were a number of other plants growing elsewhere on the body, and two bloody trumpet flowers blooming from the ears.

But the basic features of a human remained, so this was the monster that preyed on ordinary people for blood, I guess. Similarly, Lin Hao also felt a touch of divinity from the other side, but it was just a bit weak.

‘I am Zhao Yuanlong, the ancestor of the Zhao family, a first generation immortal child which immortal child are you two under? Report your names!’ Zhao Yuanlong’s voice was gloomy and hoarse, and as soon as he opened his mouth a stream of pollen spurted out of his mouth.

With a wave of his hand, Lin Hao turned his aura into a gust of clear wind and lifted the pollen out of his mouth, preventing the pollen from coming near him.

For Zhao Yuanlong, Lin Hao was also a bit confused, this is even starting to declare himself? This is the black language of immortal children? Where’s Pan Tangkou this is!

It seemed that the other party had sensed the divine aura on them as well.

Lin Hao shook his head, 'I'm not an immortal child, but it's you instead, I'm looking for you to ask you something.'

'Not an immortal child? hetui! If you're not an immortal child, why would I waste words with you! Jie Jie, how could I refuse a small snack delivered to my door.' Zhao Yuanlong laughed grimly as a red blister exploded on his arm, a cloud of blood and water spurted out and splashed everywhere, and the white vine braid on top of his head began to rise like crazy.

Looking at the blood spurting everywhere, disgusted Lin Hao and Shen Xiyan backed up and dodged, not because they were afraid of being hurt, but mainly because it was too damn disgusting.

Shen Xiyan even directly disappear a thousand meters away, a look simply do not want to intervene, this monster's attack method is too disgusting ah, with him will fight the stomach.

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own. Xilu Paochai Dye Flick? down.

With such a pause, the surrounding area of two hundred meters was all soaked with that disgusting blood water, countless weird plants grew out of the blood water like crazy, forming a huge vine cage in the blink of an eye, countless sharp vine thorns grew out and kept approaching towards Lin Hao.

'Jie Jie!'

‘Hahahaha!’

‘Hehehe!’

The bizarre vines actually had a human face growing on them, each face revealing a hideous and gruesome strange laugh, the laughter creepy as hell.

Lin Hao frowned at the sight, ‘Old man, stop pretending to be a ghost and hurry up and come out.’

‘You wouldn’t be qualified to let me out, enjoy this feast of death! The flowers that bloom out of the blood and water are the most radiant expression of life.’

The strange old man’s eccentric voice came from all directions, so cold that it chilled people to the bone.

Pretending to be a god!

Lin Hao’s aura erupted out, the two inscriptions in his sea of consciousness blossomed with a dazzling light, and a terrifying aura rapidly surged out as a sword aura converged around Lin Hao.

Super Son-in-law Chapter 2157-2158

His right hand pointed in several directions, and in each direction, dozens of brilliant sword qi sped away, erupting with ear-splitting sonic booms!

The seemingly terrifying and bizarre vines melted in an instant like ice and snow meeting hot steel, and the seemingly impenetrable vine cages were no better than paper mache under the ravages of the sword qi!

Zhao Yuanlong let out a miserable scream, this, this is impossible, the other party's divine aura is so strong!

Mud, grass? The sun loves to pick up the ground Xi Shan Yi Fu? The rate is up!

This is not a second-generation immortal child, but a proper first-generation immortal child, perhaps even a true immortal child of an immortal!

After all, after that incident, there were no more immortals in the world, and the true immortal children of those immortals had become the real big boys.

'True immortal children spare my life, the old man knows he's wrong, please spare me.' Zhao Yuanlong was frightened enough, the other party's realm was not high, and looking at the spiritual pressure that burst out, it seemed that he was able to fight with one of them, but the other party's divine outburst was really deadly.

It is the same as the bloodline suppression in the spirit beast race, the division between bloodline levels is incomparably strict, even to the extent that it is so strong that it can ignore the difference in realms.

Through the other party's senses, Lin Hao instantly sensed the other party's location, and a sword qi went straight to the other party's location.

Looking at the approaching blade, Zhao Yuanlong cursed: 'Dogs don't speak of martial virtue, be careful that the true immortal children of this district will kill you!

While cursing, Zhao Yuanlong's escape speed was not slow at all, and he kept releasing vines to intercept Lin Hao while fleeing fast!

However, Lin Hao was walking with his sword, surrounded by a hundred or eighty brilliant swords, so dazzling in the darkness of the night!

The commotion of the battle here attracted the attention of countless people, a light that only cultivators could see, but the terrifying aura and the aura of the battle, no one dared to approach, it looked like a battle with those monsters.

Who was that man flying with a sword and surrounded by sword qi? They couldn't even see Lin Hao because of the sword qi obscuring him.

Below them was a monster fleeing for its life, cursing as it did so.

Even the illusionists from other clans could not easily get involved, after all, who doesn't have a clan shrine!

The patrolling officers from the Dragon Gate branch of the Dragon Rule District also saw the scene, and after a brief hesitation, they went straight to the battle site.

However, just as they came over, they saw Shen Xiyan not far away, and one of the Dragon Sect Illusionary Spirit Masters even kindly reminded Shen Xiyan, 'Sister, leave this place, you are so weak, so don't get involved in this, this is not a place you should come to, the clans here are so intertwined, even getting close will offend people.'

Shen Xiyan raised her eyes and looked at the three Dragon Sect patrol officers, their strength was only at the early second level realm, but their courage was not bad, after all, not to mention the fact that there were many family forces here, just the noise of the battle in front of them was enough to find out that it was at least a battle between illusion spirit masters of the third level realm or above, and they actually dared to go forward.

Shen Xiyan didn't just stand by and watch them die. Shen Xiyan moved her hand and formed a big hand to clutch the three people on the roof and throw them back in front of her.

The three patrolling officers of the Dragon Sect Division looked at Shen Xiyan with a dumbfounded expression.

No way!

This girl, who looked so pretty and young, was so strong?

Although they couldn't see through Shen Xiyan's realm and hadn't given off her aura before, thinking that she was weak, but the way she moved her hands made them defenseless, that was definitely a big man above the third level realm!

'Sorry for the disturbance, I really didn't mean to offend, we are patrol officers of the Dragon Sect branch, responsible for the inspection of this area, please don't make things difficult for us.' The middle-aged man who had kindly reminded Shen Xi Yan earlier, his tone had become much more polite, but he held his head high and did not disgrace the Dragon Sect.

Chapter 2158

In their opinion, ? 地染意洱洱侍依珊? This girl should be a hidden genius from one of the clans in the Dragon Regulation District, right?

People from the Dragon Gate?

Shen Xiyan looked a little thoughtful, but the unexpected expression quickly faded away on her face and said in a clear and cold voice, 'Leave here unless you want to die.'

Shen Xiyan's nonchalant tone made them very unhappy, so what if you were a family pride, now the Illusionary Spiritist threw was within the jurisdiction of the Dragon Sect.

But the three thought about it but did not say anything, arching their hands, the three quickly left.

After the three left, Shen Xiyan also floated up in the air and quickly chased in the direction of Lin Hao.

‘Can you stop fucking chasing? I’m also drunk, what do you want? We are born from the same root, why are we in such a hurry?’ Zhao Yuanlong’s body was covered in colour and his heart was dying of depression.

No matter how he escaped and ran, he couldn’t get rid of his opponent, which was pitiful.

‘Tell me, what is this Demon Capital Rebellion all about! I can spare your life.’ Lin Hao stood with his arms folded, his feet on his flying sword calmly, the sword Qi around him constantly flying, once the sword Qi surrounding Zhao Yuanlong was consumed, immediately a sword Qi sped away to quickly fill the position.

Zhao Yuanlong’s mood couldn’t help but sink, was it really the true immortal children from the other districts who couldn’t see what the demon capital side was doing taking matters into their own hands?

It is also true that by doing so, they are likely to get rid of their destiny, but they also invariably expose the immortal children of the districts.

Zhao Yuanlong did not say anything else, directly seized life and ran wildly, he already had a plan.

Lin Hao saw that his opponent did not say anything and pushed even harder. Just then, a ripple came from the space in front of him, and the dark night sky suddenly cracked open with a dreamy crack, which was not big, only arm's length thick.

Comparing that side of space to a glass wall, then these spatial cracks were the cracked lines on the glass wall, densely linked together, and there was a glowing light in these cracks, the light was like the feeling of various colours forcibly twisted together.

This was spatial turbulence!

Zhao Yuanlong had already crossed over the spatial rift area first, a smug smile on his face, 'Hehe, you're still a bit young compared to old me!'

This was a spatial rift, with such a dense situation, even a true immortal child from the Demon Capital District might perish, and the other party might not be able to carry it, he didn't believe that in order to chase him, this guy would even dare to break through this spatial rift.

These spatial cracks that appeared, they all knew the pattern, after all, they had been fumbling for thousands of years, they themselves had burrowed out from inside this spatial crack.

‘Grandmother fucker!’ Zhao Yuanlong felt the scent behind him, that madman was really going to break through the spatial rift the hard way? Shit, hurry up and run!

Zhao Yuanlong no longer dared to stay, meeting such a strong madman was simply fatal, he swore, if this bastard didn’t die, in the future, even if he was a ruined man, I would have to go around when I saw him, this kind of madman was too difficult to deal with.

Lin Hao was also shocked when he got close to the spatial rift. In the River God Spiritual Domain, he had seen the terrifying power of a real spatial rift, only that Lin Hao was confused when he got close.

A lesser version of a spatial rift?

However, the spatial turbulence and the powerful spatial tearing force could not be faked, this should indeed be a spatial rift, but it was an open space. Although this spatial rift was not much of a threat to Lin Hao, but if it was an ordinary person, or some less powerful illusionary spiritist, it could cut you into pieces of meat in a minute.

Lin Hao temporarily slowed down his pursuit of Zhao Yuanlong and began to study this spatial rift, and even Lin Hao wanted to try to pass through this spatial rift and enter the turbulent space within it. Lin Hao always felt that there was something inexplicably attracting him to this space, and there must be something good in this space.

At this moment, a sweet red haze of light came from far and near at an extremely swift speed, it was none other than Shen Xiyan who had come in the air.

Shen Xiyan looked at the spatial rift in front of her and her beautiful face frowned, 'There is something attracting me here, and it is extremely strong, just now when I felt the rift appear, I closed my eyes and found that the Xuan Yuan Sword was also trembling.'

Super Son-in-law Chapter 2159-2160

Chapter 2159

Sure enough!

This must have something to do with the Xuan Yuan Sword. They had come here to try their luck, but now it seemed that they had found the problem by mistake?

However, this spatial rift was not fixed and extremely unstable, and just when Lin Hao was about to tear the spatial rift open, the dense spatial rift in front of them suddenly disappeared and could not be found.

This time Shen Xiyan and Lin Hao were both confused, hell, it just disappeared?

'Let's go, keep tracking that monster, since this monster was able to pit me here, he must have wanted to use this spatial rift to stop me, so that means he should know the pattern of this spatial rift appearing.' Lin Hao did not lose much heart and pulled Shen Xiyan to continue chasing towards Zhao Yuanlong.

As for going to the Chen family's ancestral tomb, no, the matter of moving the ancestral tablets to the Chen family's ancestral shrine had to be put aside for the time being.

Lin Hao and Shen Xiyan chased after him for a long time, but they let him escape.

‘This old thing is quite capable of running.’ Lin Hao was very puzzled and was thinking of going to the Dragon Sect branch to look for the relevant information or asking the Dragon Sect branch to help find it, but at that moment, a faint aura of divinity suddenly came from within an ancient mansion not far away.

Lin Hao raised his eyebrows, ‘That’s fine, the little thing is quite capable of hiding, let’s go.’

Lin Hao and Shen Xiyan quickly rushed there, they always felt that this place was a bit familiar, soon Lin Hao reacted, wasn’t this the Chen Family Ancestral Shrine?

According to the location that we had asked about earlier, and in conjunction with the map, this ancient manor was the Chen Family Ancestral Shrine, wasn’t it?

The faint aura of divinity had come from this courtyard just now, and it hadn’t dissipated when they had come all the way here.

Shen Xiyan wrinkled her nose, ‘This doesn’t look like the aura of that old plant man from before, what a strong blood aura.’

Lin Hao also noticed that this divine aura wasn’t quite right, and it was much weaker than the old man they had encountered before, it seemed that there were quite a few

monsters around here, and there was one at the Chen Family Ancestral Shrine, wasn't that a coincidence!

Lin Hao and Shen Xiyan dropped down and scouted for the divine aura all the way to find the other party, finally outside the small compound.

It was an old man in a white Tang suit, snowy white and with dazzling white hair, especially noticeable even in the dark, this old man seemed to be squatting in a corner gnawing on something, and there was a crunching sound of cackling and creaking.

'Hey, old man, nice girl, what are you eating that smells so good?' Lin Hao greeted.

Roar!

The old man snapped back and roared at Lin Hao, an old man with white hair on his head, but his hands were wolf claws, gnawing on an arm, his mouth moving as blood and bone scraps were falling down.

The wrinkled old face looked incomparably hideous because it was stained with blood.

'Vomit! Are all these monsters this disgusting?' Shen Xiyan was directly shocked by the scene in front of her, the monster that was covered in things just now was already

disgusting enough, but now this one appeared, it was even more disgusting and almost didn't make her vomit up everything she ate last night.

Lin Hao was also shocked by this scene in front of him, it was really disgusting.

Lin Hao no nonsense, raised his hand is thrown out several sword qi straight forcing the other side at the limbs, Lin Hao this time to the first? The first thing that you need to do is to get a good idea of what you want to do. The time to limit the other party's ability to move to death, lest the old man see the situation is not right also slipped away.

The four sword qi were like sharp blades that cut through the darkness of the night, arriving in an instant, and just when they were about to hit this monster that was not human or wolf, a haze of light fell down.

With a click, the four sword energies collapsed with a bang, and a powerful and unparalleled aura rolled out from within the Ancestral Shrine, and a dense and powerful pressure fell with a bang!

As soon as this terrifying aura appeared, the surrounding ancestral shrines felt it, and from time to time a hidden aura appeared, constantly filling the surroundings, condensing but not dispersing.

A trail of divine thoughts intertwined in the void, discussing fiercely.

‘Strange, what is the old Chen family ghost up to again? Even he’s been alerted?’

‘The true immortal children from other districts arrived, right, it’s not like you guys didn’t feel the commotion just now, Zhao Yuanlong was beaten to the point where he could only flee for his existence, I didn’t expect to find old ghost Chen again this time.’

‘Do we need to report it to the Sea Immortals in this region? After all, it was also the Sea Fairy’s idea to openly eat blood this time, otherwise how would we have left our habitat and returned.’

‘No, let’s wait and see what happens, the other district True Relics coming alone may not be a match for us, let’s see how Old Monster Chen will cope.’ The old monsters within these family ancestral shrines intertwined their void divine thoughts before all concealing their breath again, as if they wanted to wait and see the outcome.

But the earth-shaking aura over here had attracted the attention of countless people, but no one dared to come, including the Chen family, this was the direction of the ancestral shrine, the old ancestor was furious!

Who on earth had provoked the old ancestor?

No matter which family they belonged to, no one was allowed to go near the ancestral shrine without the permission of the ancestral shrine’s guardian, this was a forbidden place.

The two inspectors of the Dragon Sect Division who had just been forcibly driven away because they had been warned by Shen Xi Yan were both horrified at this point: ‘What a terrifying aura, the powerful aura of the supervisor is nothing compared to this, who is that moving woman just now?’

‘Why are you talking so much? Hurry up and report to the supervisor, this matter is not simple, these old things are awake.’ The inspector next to him, slapped the other one on the head and the two quickly left.

Lin Hao and Shen Xiyan, who were inside the Chen family’s ancestral shrine, also couldn’t help but frown, the owner of this aura was far above them in realm, and the degree of divine intensity was also clearly stronger than Zhao Yuanlong by more than a star and a half.

Shen Xuyan Xiu Mei frowned slightly, ‘The other party is two small realms higher than me, this person is not simple, it’s better to be careful.’

Two small realms?

Shen Xiyan was already at the peak of the fourth rank realm, so wouldn’t the old monster in there already be at the mid-fifth rank level?

Damn, the highest Illusionary Spirit Masters in the entire world who cultivate naturally have not broken through the fourth rank realm, yet here a fifth rank realm powerhouse has appeared, that Zhao Yuanlong just now is also at the peak of the fourth rank, this batch of monsters have existed for many years, what kind of existence is it?

‘It’s an immortal slave, an immortal slave of the Ancient Immortal Court.’ A cold voice rang out, Lin Hao sounded inexplicably familiar, that voice rang out in Lin Hao’s mind once again, ‘Remnants of the Ancient Immortal Court, immortal slaves that have not reached the Immortal level, the Immortal Court was destroyed, the immortal slaves are hiding somewhere and are still surviving, I never thought that they would come out at this time to disrupt the world, they are simply looking for death!’

Buzz!

The God-slaying Sword Qi caused Lin Hao to drift off and lose his concentration for a short while.

Shen Xiyan’s consciousness looked at Lin Hao with a shocked expression, ‘Hao, did you just hear that?’

Lin Hao looked at Shen Xiyan in unbelievable shock, ‘You, you heard it too?’

Lin Hao heard it, but this was the voice of the Xuan Yuan Sword’s sword spirit! But how could Shen Xiyan have heard it too?

After Shen Xiyan nodded her head, Lin Hao was even more puzzled.

The two of them subconsciously closed their eyes, and sure enough, the Xuan Yuan Sword blade hanging not far from their hearts had turned into the shadow of the Yellow

Emperor, with a magnificent figure surrounded by golden light, and a majestic face like that of a deity that was not angry.

‘How will you be willing to retreat?’ Lin Hao spoke with a somewhat ugly face.

‘There will be no more immortals in the world, and there will be no more me in the world.’

Wasn’t that fucking nonsense!

‘How do you remove the divinity?’

‘I don’t know.’

Lin Hao was a little frantic, ‘Did these immortal slaves come out from within that spatial rift? What’s inside that spatial rift?’

‘No? Wu zero steak er serve yi steak? I don’t know.’

That’s really a lot of questions!

‘If the divinity is dense, will you kill me?’ Lin Hao asked again.

‘Will!’ This time the majestic shadow nodded with barely any hesitation, and as if there was something wrong, the shadow spoke again, ‘The time of your death will be when your heart is completely annihilated, or the time of your death will be when you slaughter the living beings.’
