

Super Son-in-law Chapter 2161-2170

Chapter 2161

Alas!

What's the point of fighting with an emotionless tool-man yourself? Although this is a sword spirit transformed by the divine thoughts of the Yellow Emperor's soul, the moment he became a sword spirit, he also lost his humanity and turned into a heartless execution robot.

Speaking of which, what is the difference between this Xuanyuan Sword and those impersonal immortals? It is just standing in opposition, but the difficulty lies in the fact that even immortals are unable to fix Regulus.

This is something that has spanned thousands of years, or even tens of thousands of years, right or wrong has long since become indistinguishable, so right or wrong Lin Hao would only see it in his own eyes, not to mention that right or wrong is not important, what is important is that he wants to protect his daughter-in-law's well-being!

Just now Shen Xiyan closed her eyes and likewise heard these words, the two opened their eyes once again, at this time they were standing in front of the Chen family's great master with white beard and hair, wearing a snow-white Tang suit, a second generation immortal slave with strong strength in the middle of the fourth grade, that snow-white Tang suit was still stained with splotches of blood, scarlet and stinging.

It seemed that he was the monster that had just eaten the corpse.

‘Dare I ask which district’s True Immortal Children are, among the known True Immortal Children, I have not seen the two of you before.’ The Chen family’s great-grandfather spoke in an icy tone, but was still respectful as he arched his hand towards the two.

The old ancestor did not come forward, and was obviously also wary of the two mysterious powerhouses who had barged in here.

The Chen family’s grandfather was the same, the two were so dense with divinity that the divinity that exploded in that moment just now was already comparable to the divinity denseness of the True Immortal Child Hai Chao member of this area of the Demon Capital.

But the astonishing thing was that they had never seen these two people before, they were not at a high realm, but their divinity was so dense that they must not be a generation of immortal children, they must be true immortal children.

Immortal children?

Oh!

Lin Hao couldn’t help but sneer: ‘How dare an immortal slave presume to call himself an immortal? He’s just a half-human, half-demon monster who has acquired some divinity! Tell the old thing in the house to get out, I have something to ask him.’

‘You have no right to speak out of turn! Just because we respect you does not mean we are afraid of you!’ The Chen family’s grand master was bursting with rage, the true

immortal children looked down on the first and second generation immortal children, this was true from ancient times to the present day.

If the first generation were ordinary people, then the True Immortal Children would be rich people with small fortunes, while the second generation Immortal Children would be the beggars among them, the absolute bottom of the hierarchy.

And the most taboo thing for an immortal slave is to be called an immortal slave, they call themselves immortal children and are the attendants of immortals! Compared to mortals, that was the absolute highest existence!

Shen Xiyan suddenly sent a divine thought to Lin Hao: ‘Hao, don’t get excited yet, we can’t figure out the situation now, why not join them, and looking at the other side, our status is far higher than theirs, we might be able to gain unexpected gains by blending in.’

Lin Hao nodded, that was not bad, just now he had sensed that after the old ghost’s aura within this ancestral shrine had exploded, many strong auras had vaguely appeared within the surrounding ancestral shrines, and they were by and large not weak.

The fifth realm Illusionary Spirit Masters alone could not be counted on one palm, and there were two or three more auras among them that were even more terrifying than the aura of this Chen family’s old ghost.

However, since one’s status was higher than the other, one was bound to be stronger than the other wasn’t one!

Boom!

Lin Hao's body? Closed and dyed and served with zero love for Sam? The aura of divinity on it continued to coalesce, and with a buzzing sound, the Sword of the Gods hung high above Lin Hao's head, the inscribed and sealed Sword of the Gods emitting an incomparably strong aura, the aura of a true god, a true god!

The divinity on Shen Xiyan's body also began to blossom like a haze of light, and floating ribbons transformed into divine dragons surrounding Shen Xiyan, the divine dragons being Shen Xiyan's unique deities.

The two deities appeared with a bang, and all the immortal slaves around the ancestral shrine were shocked and horrified, kneeling down in the direction of Lin Hao and the others.

Those second generation immortal slaves had never seen a real immortal before, they were just monsters created by the first generation immortal slaves, so they could not help but kneel on the ground, but they did not feel much shock, while those first generation immortal slaves were already scared out of their wits.

Chapter 2162

How is this possible!

How could there still be true immortals in the world? But what about that deity!

Chen Xuanfeng, the Chen family's oldest ghost, knelt down across the air within the ancestral shrine, and the Chen family's eunuch also knelt down unable to bear the oppressive pressure, the Chen family's eunuch looked at Lin Hao and the others in disbelief, these two were so young and their realms weren't exactly top notch, but why did they have a terrifying oppression on them that suffocated him!

'How dare an ant call out to a god.' Lin Hao gave the other party a disdainful glance and drifted away, why did he feel that his current state was becoming more and more similar to Shen Xiyan?

Lin Hao closed his eyes and took a look, hell, he was really shocked, the Xuan Yuan sword's blade was three inches closer to his heart door, this, this is even possible?

No matter, since he had started, he had to pretend: 'That old devil inside, get out! He's not qualified to speak to me yet.'

With that said, Lin Hao flung his hand, a strong forceful qi directly lifted the Chen family's eunuch out of the courtyard, in a flash, the courtyard was filled with flying sand and roaring rocks, the Chen family's eunuch was lifted off and knocked down the courtyard wall, spitting out a mouthful of fresh blood, his breath shriveled up a lot.

The absolute suppression of divinity is something few people can withstand!

'Please don't condemn the Immortal, I am a serving child under Immortal Turbid Clear, please spare the child's life for the sake of the Master's face.' The door of the ancestral shrine creaked? The door of the ancestral shrine creaked? It opened with a bang, and an ancient

man with immortal bones and crane hair sped out and knelt down in front of Lin Hao and Shen Xiyao with a thud.

Immortal Turbid Clear ?

They were all remnants of the Immortal Court. The Immortals had been decimated by the Yellow Emperor, and these children who used to serve the Immortals had fled and called themselves Immortals.

But that's true, who in the world could make an enemy of them except the true Immortals? And not being large enough to attract the attention of Xuan Yuan, they were instead allowed to get away with it.

'Dare I ask the two Immortal Dignitaries, which God of Heavenly Law are they ruling?' Chen Xuanfeng wiped the cold sweat from his forehead and asked cautiously. Which heavenly dharma are you ruling ?

The corners of Lin Hao's mouth twitched, I don't know that either!

'You have no right to ask.' Lin Hao coldly glanced at Chen Xuanfeng, and the sword of the deity suddenly surged with a shockingly powerful pressure, falling with a bang, suppressing Chen Xuanfeng so much that he spat blood from his mouth, and his head was directly stuck to the ground, showing the great gap between this divinity.

‘Immortal forgiveness, Immortal forgiveness, ah, the little child has undoubtedly offended!’ Although Chen Xuanfeng’s attitude was incredibly humble, he was cursing away in his heart.

These two immortals were at such a low level, their divinity had indeed reached the immortal realm, but they were too weak, they must have been some kind of stable boy, just the lowest level of immortals, there were no more immortals in the world now, and it was only your turn to be proud of these jumping clowns.

I guess these two are in a similar position to the True Immortal Children.

The lowest level of immortals in the Immortal Court are just miscellaneous workers, while the True Immortal Children are almost like lapdogs who carry the shoes of immortals, and as for them, they are the ones who do the worst jobs.

Besides, although the immortal court is gone, but the Xuan Yuan sword chase has not stopped, the more divinity there is, the more dangerous it is, deceive what ah, anxious to die?

Lin Hao did not know the rich psychological activities in the other party’s heart, put away his mighty pressure and looked at the other party indifferently, ‘What happened to the matter of the demon capital, tell us.’

Chen Xuanfeng revealed a frustrated look, he had really come because of this matter.

‘Immortal Sovereign, please allow me to join your banner, I will definitely know everything and say everything.’ Chen Xuanfeng sold a story, with these two it seemed obvious that they were much better than being dominated by Hai Xian, a True Immortal child, although they weren’t much of a powerful Immortal, they were at least True Immortals, Hai Xian was only a True Immortal child who fancied himself as an Immortal.

Lin Hao slowly narrowed his eyes, revealing a dangerous glow, and the Sword of the Gods blossomed with a dazzling light.

‘Your Immortal Holiness forgive me, my little boy is truly willing to pledge his allegiance to your Immortal Holiness, please give my little boy a chance to serve you!’ Chen Xuanfeng thumped his head on the ground and kept kowtowing.

Super Son-in-law Chapter 2163-2164

Chapter 2163

Looking at Shen Xiyan, he asked for her opinion.

Shen Xiyan smiled coldly, ‘There is no harm in having more dogs, perhaps our trip to the Demon Capital will be relatively easier to do.’

‘Thank you, fairy, for your kindness, thank you fairy, I will definitely pledge my loyalty to the two immortals to the death.’ Chen Xuanfeng was excited, these see what those old monsters dare to do, humph! Sea Immortal, dog, let’s see how I can use my sword to kill!

As for these two immortals, I’ll keep them to myself, when the curse of the Xuan Yuan Sword comes, they won’t even be a dog!

‘Tell me, what is going on in the demon capital?’ Lin Hao’s face was solemn, those spatial cracks, as well as the ancestors’ manifestation of saints gathering believers, and the monsters that were killing people everywhere, if nothing else, it was all the work of these remnants of the Immortal Court!

‘I... I don’t know.’ Chen Xuanfeng was incomparably embarrassed, they were only following the form of orders, as for why they were eating blood food and absorbing believers, they didn’t even know, it was all the orders of the Sea Immortal, the head of the Demon Capital District.

The only thing Chen Xuanfeng knew was that the spatial rift was not connected to a real spatial turbulence, but to an Immortal’s residence that was about to collapse.

It could be said that all the immortal slaves in the Demon Capital were all immortal slaves of Immortal Turbid Clear. Since Immortal Turbid Clear had been dead for thousands of years, the Immortal Residence was on the verge of collapse and they had no choice but to come out of it.

The spatial cracks that popped up every now and then were signs that the Immortal’s residence was about to collapse. As for why they were absorbing believers and eating blood around, they were not sure, they were just following the orders of the Sea Immortal.

Lin Hao almost didn’t get so angry that he kicked the old thing to death, this wasn’t even a damned question!

Even Lin Hao couldn't even enter Immortal Turbid Clear's residence if he wanted to, Chen Xuanfeng didn't even know the method to enter, and if he casually entered through a spatial rift, he might not enter the Immortal's residence, but instead break into a real spatial turbulence and subsequently get lost in it.

'What's the use of having you if you don't know anything!' Lin Hao flung his right hand, and the sword of the deity crossed, using its body to transform into a slap to fling directly at Chen Xuanfeng's face.

Chen Xuanfeng didn't even dare to use his aura to resist, and was directly slapped away, spitting blood furiously, and coincidentally just happened to fall next to the Chen family's matriarch, not even making any difference in his posture.

Chen Xuanfeng was furious in his heart, yet he did not dare to show it, kowtowing repeatedly to apologize, 'Little boy is incompetent, please forgive me, Immortal Emperor.'

Forgiveness, forgiveness, forgiveness, forgiveness, forgiveness my ass, can you be of any use?

'Unleash all the power you can control to find out the truth of the matter, if you don't find out anything within a week, then you can kill yourself to thank for your sins.' Lin Hao snorted coldly and turned away directly with Shen Xiyan.

'No, Immortal Sovereign, ' Chen Xuanfeng opened his mouth to call out, only to find that Lin Hao and Shen Xiyan had long since disappeared.

‘I throw thunder nuts ah, you’re so bull Hey why don’t you go straight to that old thing the Sea Immortal! Bullying me in front of me, you count a der ah!’ Chen Xuanfeng was so angry that the dialect was marked out,? The first thing you can do is to get the old man’s name. But he did not dare to curse too loudly, for fear that Lin Hao might hear him before they got too far away.

The actual fact is that you will be able to get a lot more than just a couple of old ghosts, preferably with the head of the demon capital area, the sea immortal, and then he will be able to reap the benefits.

Not to mention, Lin Hao hadn’t gone very far.

‘I don’t know how long this old thing has survived, but it’s really not sincere to suddenly return to the fold.’ Lin Hao collected his aura in the dark and laughed as he looked at Chen Xuanfeng who was cursing and getting up from the ground, he had never trusted this old thing from the very beginning.

Shen Xiyao laughed lightly, ‘How can he be sincere, I’m afraid he wants to use us, and the other party may not believe that we are real immortals, at least not from their era, we can’t fight hard with the head of the Demon Capital District just yet, let’s go back first.’

Lin Hao nodded and went back to the hotel he was staying at with Shen Xiyao, under his full burst, Lin Hao would have a fighting chance against a fifth grade Illusionary Spirit Master, but because these immortal slaves all had divinity, although weak, it would counteract some of the divine suppression, then the limitation on fighting power would become smaller.

As for Shen Xiyan, ? Xi Yi Fuyan Fuyan Serving Earth Love ? She alone was strong enough to fight Chen Xuanfeng and possibly even kill him. The problem was that there were more than three others stronger than Chen Xuanfeng, and that Sea Immortal, the head of the Demon Capital District, was even a True Immortal Slave, and I was afraid that his strength was far above theirs.

The matter of the Demon Capital was far more complicated and difficult than anyone had imagined.

And based on the other party's words, we could basically analyse that I'm afraid that in every region, a group of such powerful immortal slaves existed, but they weren't as wild as the immortal slaves on this side of the Demon Capital District, who were blatantly messing things up.

It seemed to be because the other immortal residences had not yet reached the level of collapse.

When he returned to his residence, the white cat guy was actually staring at two black eyes, still fighting to maintain the summoner's peace, and his white eyes had turned into black circles, just like the white cat panda.

'Boss you're back, meow, I missed you so much, you haven't come back for almost a day and a night.' Ruilin looked at Lin Hao and Shen Xiyan aggressively.

Lin Hao directly slapped the bastard on the face: 'Fuck off, we've been back for a few times, you were so engrossed in the game that you didn't even notice, where do you think the skewers on the table came from? Stop playing and I'll beat you up if you play for more than two hours! Now I'll give you a task.'

‘No! There’s no point in living without games! Besides, Summoner’s Gorge needs me! If I’m not there for just one moment, Summoner’s Canyon will beat the hell out of me.’
Ruilin wailed mournfully, meowing, there was no such cruel master ah.

Lin Hao raised his hand and slapped again, ‘Your corpse is lying in every corner of Summoner’s Canyon, and you still have the face to say that? Why do you have such a big face!’

In the end, Rui Lin was kicked out by Lin Hai to go on a mission, while Rui Lin’s mission was to track down the Sea Fairy and his exact strength, relying on Chen Xuan Feng alone was completely unreliable.

It is true that Chen Xuanfeng has no intention of helping Lin Hao to investigate these matters, instead, he plans to use Lin Hao to take out his rivals, while Lin Hao also wants to use Chen Xuanfeng to weaken the power of these immortal slaves.

According to Xu Lin’s description, these two were registered with the Dragon Sect, so he had to find out what the other party’s status was and how they dared to move the earth on the head of the taiyoukai.

They tried to bribe the registrar who was responsible for registering Lin Hao and Shen Xiyang’s information, but found that he had long since been transferred and was nowhere to be found.

As for the head of the Dragon Sect branch, he could not be bribed with the Zhao family's strength, so Zhao Erji could only go to the Zhao family's ancestral shrine and seek help from his ancestor.

The Zhao Second Master was a member of the Zhao family who had obtained the qualification of Immortal Support Top, and had even leapt to become the ruling clan elder of the Zhao family's Ancestral Ancestral Shrine, holding a high and powerful position in the clan, more powerful than the clan chief, and also becoming a second-generation Immortal Slave.

However, the commotion at the ancestral shrine was so great that even he was not qualified to go near the ancestral shrine, and it was only after everything had calmed down that Zhao Erzhong arrived at the Zhao Family Ancestral Shrine.

Zhao Yuanlong had just fled back to the ancestral shrine in disarray. Under the shelter of the faith of the Zhao family and the spirit of the descendants of the Zhao family, he was able to collect his breath, but his body was still quite injured.

When he saw Zhao Yuanlong's sudden arrival, he had nowhere to vent his anger and was about to beat him up when he knelt down first: 'Please avenge my son, they have provoked the majesty of the ancestral shrine of the Zhao family and have disregarded you, they are simply lawless!'

'Who's looking for death! You don't want to live, do you!' Zhao Yuanlong was furious, and his desire to beat this Zhao Yuanlong was gone, how dare he provoke him, this is truly a case of looking for death on the head of a Taiyang!

‘Do you have the address? How strong is he? I’ll go and destroy him! Turn him into your blood food!’ The various vine flowers on Zhao Yuanlong’s body kept blooming and swinging, and a monstrous face on it revealed a ghastly expression.

Super Son-in-law Chapter 2165-1266

Chapter 2165

‘Room 311 of the Presidential Suite of the Imperial Hotel!’ The second master of the Zhao family hastily told Zhao Yuanlong the information he had found: ‘He should be slightly stronger than me in terms of strength’ Zhao Yuanlong led the second master of the Zhao family as well as all the strongest members of the Zhao family, a group of more than twenty people in a vast procession towards the Empire Hotel in a raging manner, all the Zhao family Illusionary Spirit Masters of the second rank realm and above were all brought along.

Zhao Yuanlong was so angry that he was about to explode. If he couldn’t beat that immortal child who appeared from nowhere, he couldn’t beat the bastard who appeared out of nowhere?

This time, he was not only going to vent his anger, but also to let these great-great-grandchildren of the Zhao family have a good look at how their old ancestor could easily solve the guy they couldn’t solve with might and power!

However, just as they arrived outside the Imperial Hotel, they were immediately stopped by Zhao Erji: ‘Old ancestor, the two people who just entered the Imperial Hotel, one of them is the head of the Dragon Sect branch over here, so respectful of the other young man, he might be from the Dragon Sect headquarters, shall we wait?’

Zhao Yuanlong threw a slap at Zhao Erzhang’s face, ‘Old ancestor I need to fear the Dragon Sect? Forget it, give him the Dragon Sect a face, wait first.’

Zhao Yuanlong didn’t want to clash with the Dragon Sect either, they were after all rats hiding in a dark corner, if they caused too much trouble, it would easily cause the immortal slaves of other districts to become discontented, and when the head of this district blamed them, they wouldn’t have a good time.

Second Master Zhao: ????

Second Master Zhao cursed and quit the group chat!

You’re still a wimp, why are you hitting me?

A knock sounded outside the door of the Imperial Hotel's Presidential Suite 311.

Lin Hao was exhaling and washing his divinity, when Shen Xiyan saw this he stood up and went to open the door, there were two men standing outside the door, one of them was also an acquaintance.

When the young man in the lead saw Shen Xiyan, he hurriedly spoke with immense respect, 'Good day sister-in-law.'

'Good day madam,' the middle-aged man following the youth also hurriedly greeted, while introducing himself, 'I'm Wu Liang, the head of the Dragon Sect Division, the Dragon Return Division.'

Shen Xiyan was stunned, 'Wu Liang? How much does your father think less of you, giving you such a shitty name, indeed it is unscrupulous enough.'

'What brings you here? Come in, Hao is still cultivating.' Shen Xiyan moved aside to let the two in, the visitor was none other than one of the squad members who had previously followed Lin Hao in his trek through the River God Spiritual Domain, the lecherous glasses man Chen Kai.

Seeing how respectful Wu Liang, the head of this sub-district, looked like Chen Kai had gone to the Dragon Sect to seek a position of no lesser importance.

When the two men entered Lin Hao also slowly gathered his energy and froze slightly when he looked at Chen Kai.

'Chief, I am now serving as the Dragon Sect's southern town guard, Lin Yin, Ye Yu and Zhao Chen are in charge of the other directions, I heard that you were here, chief, so I came here to pay my respects, thank you for the chief's recommendation ah.' Chen Kai happily walked up to greet Lin Hao.

Now Chen Kai's aura was already faintly showing signs of breaking through the fourth grade Illusionary Spirit Master and was already at the third grade Great Perfection realm, but he was still the weakest of the four.

'Greetings, Major General Lin Hao, I am the head of the Dragon Regulation Division, Wu Liang.' Wu Liang also respectfully introduced himself.

Lin Hao nodded and looked towards Chen Kai: ‘Since you are the southern town guard now, use your authority to check some ancient books about the Turbid Clear Immortals in the Demon Capital Division, there should be traces within the Dragon Gate, in addition? The other thing is that you should be able to find out about the demon capital division. The matter of the Demon Capital Division is not something that you can handle anymore.’

Turboclear Immortal? This was actually tied to the word immortal? What kind of existence is that?

I’m afraid that even the Dragon Sect could hardly have a record of it, after all, it was thousands and thousands of years ago, and even they doubted if immortals really existed?

It couldn’t be a misunderstanding of the ancients about powerful cultivators, could it?

Wu Liang frowned and said cautiously, ‘I just received a report from my men that within the area of that local family’s ancestral shrine, a strong fourth grade Illusionary Spirit Master is suspected to have appeared, and according to the description, it should be the young lady who stopped them from continuing to pursue it.’

Shen Xiyan nodded while Lin Hao told the other party, ‘It’s not just the fourth grade, but the fifth grade powerhouses can’t be counted on one palm.’

Chapter 2166

Hiss!

Chen Kai and Wu Liang sucked in a breath of cold air, what the hell is the point of playing like this!

Even if there was a fourth-ranked illusionist, they would have a hard time dealing with it, and if they were fifth-ranked, then they could just wait to die.

Chen Kai was also frowning: ‘Those guys have stowed away?’

Chen Kai was naturally talking about the strongest people in the River God Spiritual Domain, after all, although fifth grade Illusionary Spirit Masters were not common in the River God Spiritual Domain, there were definitely quite a few of them, he could not count the ones he had seen on his palm.

‘Not really, don’t ask what you shouldn’t ask, Chen Kai you go and check what I’ve entrusted to you, as for Wu Liang, do what you need to do, but anything about those family ancestral shrines, you don’t interfere, I’ll handle it myself, got it?’ Lin Hao didn’t explain much to them, it was useless to talk too much, it wasn’t good for them if they knew too much.

The reason he was transferred to the south was because he had learned that Lin Hao seemed to be coming over, and he wanted to attend Lin Hao’s medal ceremony, but he didn’t even have a sip of tea before Lin Hao sent him off to do his job again.

Chen Kai and Wu Liang had just left a short while ago when the sound of hurried footsteps sounded outside the door, and while Lin Hao and Shen Xiyan were wondering, the other party didn’t even knock on the door and it was directly kicked open from the outside in an arrogant manner.

One kick directly kicked the door apart, sending wood splinters flying.

Lin Hao had thought that Wu Liang and the others had returned, but to his surprise there was an influx of uninvited guests, all of them with arrogant looks on their bodies, each one with their chins held high hating to wait on people with their nostrils, and a vast crowd of two dozen people rushed into the room.

A dozen clear second grade Illusionary Spirit Master powerhouses, and five Illusionary Spirit Masters who had reached the third grade realm, Zhao Erji had even reached the middle third grade realm, Zhao Erji walked in and walked out with a step of six relatives, walking in with an aura of looking out over the world.

Shen Xiyan narrowed his eyes and flashed with a dangerous light, and the huge breath of his body was released? er closed west to cover the ground zero service? Let go to come, without any words to know, this gang is here to pick a fight!

Lin Hao was a little puzzled, these people he did not know ah, at the same time Lin Hao also found Zhao Erji body has a faint aura of divinity.

‘Just you two pouncing on the street and beating my dog?’ Second Master Zhao sat on the sofa with a big grin, crossing his legs and looking proudly at Lin Hao and Shen Xiyan.

Lin Hao’s realm was directly ignored by Second Master Zhao, his eyes were fixed on Shen Xiyan, Zhao’s heart was bursting with joy, this woman was too beautiful, just like a fairy, I must get her, no wonder Xu Lin was wasted for this!

This little pepper was stronger than him but the old ancestor was here, what was he afraid of, he would beg the old ancestor to reward him with her later, that would be perfect, as for Lin Hao, he had directly been selectively ignored.

Zhao Yuanlong had been waiting outside the door, the big brother had to be the last to make his appearance!

Zhao Yuanlong felt the faint aura of divinity on Shen Xiyan's body, the realm was at the peak of the fourth rank, Zhao Yuanlong didn't panic at all, so what if it was one of the other immortal slaves' men! My Zhao Yuanlong's men are not something you can easily touch!

The two were of equal realms, and in Zhao Yuanlong's perception, his divinity was far more powerful than Shen Xiyan's.

'I've beaten a lot of dogs, I wonder if it was that dog of yours that I beat?' Shen Xiyan looked at the other party with a smirk, although she didn't put this group of people in her eyes, but she still had to find out whose people they were, didn't she?

'Xu Lin! That's Laozi's dog!'

'Rub on that short and ugly stupid batch ah!' Lin Hao was speechless, he was still wondering, the Chen family didn't have that guts to pick a fight, ah, I didn't expect it to be the person behind Xu Lin.

When Shen Xiyan heard the name Xu Lin, a flash of disgust similarly flashed across her face, a crimson floating belt of incomparable spirituality surrounded Shen Xiyan's circumference, she was about to strike!

But this floating ribbon spiritually surrounding her circumference made Shen Xiyan look even more immortal, for a while it made Zhao Erji's eyes go straight, good thing he knew how much weight he had, he had pretended enough, it was time for the old ancestor to make an appearance.

Super Son-in-law Chapter 2167-2168

‘Hehe, don’t get cocky little girl, you think you’re strong? Let me tell you, our Zhao family’s ancestor is an invincible being! With a single finger, our ancestor can crush you to death! I might as well tell you that my ancestor is a child of an immortal and has received his true heritage!’

After saying this, Zhao Erji shouted with a strong voice, ‘Invite the old ancestor!’

The twenty or so people who had followed him also shouted in unison, ‘Invite the ancestor!’

Everyone stood up and divided into two rows to stand on either side of the door of the room, this group of people coming over was completely shouting 666 Salted Fish Stone Hammer.

‘What kind of rat dares to mess with my Zhao family, is it that you don’t put me, Zhao Yunlong, in your eyes! How do you dare ah!’ Zhao Yunlong walked in with a dragon’s stride and an imposing aura, the spiritual pressure of the peak fourth grade realm, as well as the divinity of his body was completely activated, the monster that was obviously ugly to the point of explosion, froze him out with a majestic aura.

Hearing Zhao Yunlong’s words, Shen Xiyan laughed meaningfully and inexplicably, Lin Hao was even more stunned, this voice was so familiar.

Zhao Yuanlong was furious and took a step that was even more six-faced than Zhao Erzong’s. As a result, with just one glance, Zhao Yuanlong’s aura completely collapsed, just like a deflated ball.

Zhao Yuanlong was shaking like a sieve and almost died on the spot.

Zhao Yuanlong even in his heart constantly cursed mother! You're a loser who's pouncing on your family's assets! You, who do you want to mess with, but this God of Murder? I had to make a lot of efforts before I could escape!

'This is the son of a bitch! This son of a bitch beat up my dog and said that the Zhao family is all trash and that the Zhao family's ancestor is nothing, just? I'm sorry, I'm sorry, I'm sorry. It's a waste, old ancestor, you should press it to death!' Zhao Erji didn't even notice that his old ancestor was out of place, pointing at Lin Hao and cursing, frantically pulling hatred, saying that in an exaggerated manner.

All he wanted was for his old ancestor to get his hands on the man and waste the woman, and then wouldn't this be the woman he was casually toying with?

Shen Xiyan watched this scene with amusement, and Lin Hao was also clasping his hands to his chest, with a playful face as he entered the drama watching mode.

'Holy shit, did you see that old ancestor, they are still laughing, he is clearly looking down on you, it's simply too arrogant, if it were me I wouldn't be able to endure it!'

'If you can't stand it, you can do it yourself! You're not going to die, so I'm going to die, you're really filial!' Zhao Yuanlong jumped up and gave Zhao Erzhang a head hammer fierce buckle, now he wanted to kill Zhao Erzhang, this stupid batch of two hundred and fifty things, actually this point of eyesight is not even, the old man is almost scared piss, you are still here frantically pulling hatred.

Seeing this scene, Lin Hao and Shen Xiyan could not help but sigh, a good ancestor's kindness and filial piety, filial death!

Bang!

Second Master Zhao was dumbfounded by his own ancestor's head hammer fierce buckle.

What's this?

Even if his own ancestor didn't take it out for himself, why did he still hit himself?

'You hit the wrong person, didn't you, Old Granddad? Shouldn't you have hit him?' Zhao Erji hadn't recovered yet, and pointed at the two people not far away who were in the mode of watching the show.

'You're the one I'm beating up! You're all really my filial sons and grandsons, you're all so filial to me! You want me to die soon, don't you? You're so eager to send me away, aren't you?' Zhao Yuanlong cursed angrily as he hammered at Zhao Erzhang.

The second master was completely confused, and even the rest of the Zhao family was also puzzled, what was the situation?

To top it all off, even the 20 or so Zhao family spirit masters did not escape being beaten up, they were all hammered by Zhao Yuanlong while cursing, and they all lay on the ground, bruised and swollen, wailing.

It was a picture of family joy and happiness.

‘What a bunch of dogs! I had to fight for my life to escape, and now you’ve sent me back, you’re all so filial!’ Zhao Yuanlong was cursing and panting heavily, he was tired of fighting, let’s take a break and continue the fight!

If it weren’t for the fact that he needed these people as divine vessels for the offspring of his own bloodline, otherwise Zhao Yuanlong would have let them know what it meant to die on the spot!

Chapter 2168

Hearing this sentence, Zhao Erji and the others this? I love love love love love dye closed? Only then did they understand that they had kicked a steel plate!

Xu Lin was not wronged at all, even the old ancestor was fucked to the point of fleeing for his life, so how fierce the other party must be!

At the same time, Zhao Erji cursed Xu Lin in his heart, even his ancestors’ ancestors’ generations, just as if he had not impulsively run to plow Xu Lin’s ancestral grave.

You can be horny if you want to, but what have you done to me? I'll kill you when I get back, you son of a bitch!

However, it seemed that Second Master Zhao had selectively forgotten that he also coveted Shen Xi Yan just now.

'Have you had enough of fighting?' Lin Hao spoke indifferently.

Zhao Yuanlong was terrified enough, where was his expert demeanor, bullshit immortal boy, nothing, he had to run for his life to the extent that he faced Lin Hao, not to mention that there was a female attendant whose realm was comparable to his, so what the hell.

Because Shen Xiyan's divine aura was weak, Zhao Yuanlong automatically assumed that she was Lin Hao's female attendant, which was perfectly normal, and he was not surprised that there were a bunch of female attendants.

The words of Lin Hao caused Zhao Yuanlong's body to shiver and he knelt down in front of Lin Hao with a fluttering sound, which was called 'Big brother, do you think my kneeling posture is standard?'

As the old ancestor knelt, the others were even more so, as the second master Zhao and all the Illusionary Spirit Masters of the Zhao family arranged themselves neatly in a row and knelt in front of Lin Hao.

They had originally come in an aggressive manner to pick a fight, but ended up all shivering and kneeling with the door open, and kneeling in a thief's standard!

At the same time, Zhao Erji was also puzzled, because he had just realized that the old ancestor was kneeling not to the woman who emitted the strongest aura, but instead to the youth whose realm was only at the early stage of the first rank, and seemed to be very afraid of that youth.

No way!

That woman wasn't even the strongest, this youth was the hidden big brother?

'This Zhao family ancestor? What? I couldn't find you for half a day, and you missed me so quickly and took the initiative to come to me?' Lin Hao looked straight at Zhao Yuanlong.

Zhao Yuanlong was frightened enough, Mud, what was this all about.

He originally thought that Lin Hao had already been dealt with, after all, he had deliberately led Lin Hao towards the Chen family's old ghost, and the Chen family's old ghost had indeed been alarmed, that monstrous aura had even disturbed many old monsters.

Who knew that the other side had nothing at all, and that he himself was even pitted by his filial son and virtuous grandson to run here again to this devil king.

‘Yes ah big brother, I ran back to think about it is not quite right, is that I offended big brother must personally come to apologize to big brother ah, and big brother powerful and mighty, is definitely true transmission immortal child big brother, I willingly swear to follow big brother, please big brother permission.’ Zhao Yuanlong’s mind turned and he hurriedly tried to find a way out of the crisis, as long as he didn’t die.

After all, the longer they lived the more they feared death, besides being anyone’s dog wasn’t being? If Lin Hao was really bullish enough, even if he couldn’t beat the Sea Fairy, it wouldn’t matter if he was slightly weaker than him, it would be better than being the dog’s lapdog of the Sea Fairy, wouldn’t it?

Poof!

Lin Hao and Shen Xiyan couldn’t help but laugh, are you guys trained from the same school? The procedure of conceding and shouting ‘big brother’ and ‘boss’ is really smooth and fluid.

Shen Xiyan was disgusted by Zhao Yuanlong’s defection and turned her head away, ‘You’re too ugly!’

Zhao Yuanlong almost didn’t spit blood, ugly, they all said he was ugly! He also knew he was ugly, this was his scales, but the situation was stronger than the people, he could only hold back his anger and shut up, while roaring: I’m a fucking failure of an immortal slave, I’ve become this shit, what the hell can I do about it, I can choose, I don’t want this!

‘Well, I may be ugly, but I’m good at what I do, and I’m not bad at what I do, so I’m good at what I do for you.’

The second master Zhao and the others were stunned, old ancestor listen to what you are saying, is it human ?

In the past, whenever he heard people say the word ugly, whether they were talking about him or not, he would just swallow it in one gulp, but now the old ancestor actually admitted that he was ugly! What kind of psychological shadow have these two young people left on the old ancestor ?

Super Son-in-law Chapter 2169-2170

Chapter 2169

Zhao Yuanlong didn’t even dare to touch the spatial rift, but the other party came straight through and was unharmed, how fierce must he be!

However, Lin Hao spoke indifferently, like a pot of cold water splashed directly on Zhao Yuanlong’s head: ‘You’re too weak, the Chen family’s old ghost can just hold you down, and you’re indeed too ugly, the sight of you turns my stomach.’

I lost it!

Zhao Yuanlong wanted to die. The first thing you want to do is to get rid of it. The two of them are not in contact with each other.

The two of them didn't get into a fight, but the old man of the Chen family gave in!

That's pretty fucked up!

'You can't think like that, I can't help it if I'm ugly, it's the result of a failed experiment, the old Chen family ghost is better than me, but he must be double-minded and deliberately surrendered, this old thing is very bad, and in fact, I know more than him!' Zhao Yuanlong's mouth was like a series of pearls as he frantically began to talk about what he knew, hoping that the other party would be interested.

Otherwise, he would really die.

'Counting up, he can't even be called an old ghost but it's just luck, he only became an immortal slave three thousand years ago, but I've been an immortal slave since the Immortal Court was still around, and I know about the demon capital! Don't kill me, big brother.'

'If you don't believe me, just plant an inscribed immortal spell in my consciousness, if I have any thoughts of betrayal or say half a word of falsehood, you can make me disappear in ashes with a single thought!' Zhao Yuanlong begged for mercy as he kowtowed, he didn't want to die, he really didn't want to die.

He had lived for so long, and he had lingered in the residence of Immortal Turbid Clear for so long, but didn't he want to continue living?

To have an inscription planted in his sea of consciousness ?

That was good, and the other party's words had managed to catch Lin Hao's attention, so perhaps the other party really did know that it didn't necessarily have to go to Immortal Sea Immortal, the head of the Demon Capital District's immortal slaves.

'May!' As soon as Lin Hao raised his hand, the Sword of the Gods appeared in Lin Hao's hand, and Zhao Yuanlong gave up on his Sea of Consciousness resistance, knowing that he had no ability to resist at all.

But the moment Zhao Yuanlong saw Lin Hao's Sword of Deities, his entire body was stunned, and he fell to the ground with a thud, his gaze dull as he murmured, 'Impossible, this is impossible, a complete Deity Manifestation, you, you are a true Immortal, but why is your realm so low, it's impossible, it's impossible for a living Immortal to exist within the Divine Continent anymore!'

Ow!

A dragon roar rang out, and Shen Xiyao's deity also transformed into a divine dragon, looking down on the crowd with great authority.

Those from the Zhao family were all overwhelmed by the deity's aura, unable to move, and Zhao Yuanlong was frozen.

Not true immortal slaves, but two real immortals! And possibly Immortals that had appeared after the destruction of the Immortal Court!

It was impossible, they looked nothing like the impersonal immortals of the Immortal Court, not to mention that after the fall of the Immortal Court, becoming an immortal was a curse of death, and many people could have become immortals but didn't dare to, holding back until their life span ran out.

It was just that the two deities in front of him could not tell a lie.

Lin Hao ignored the other party and used his deity sword to carve inscriptions, several of which were punched into the consciousness of these Zhao family spiritists.

This was the limit of Lin Hao's control. If they reached the fifth level, Lin Hao would not be able to control them with the inscriptions, and even if they voluntarily allowed him to seal the inscriptions into their consciousness, they would erase the inscriptions with a strong force, revealing Lin Hao's true strength and causing them to recoil.

After planting the inscriptions within everyone's sea of consciousness, Lin Hao put the deity away and was completely at ease: 'Tell me everything you know.'

When the inscription was planted in the sea of consciousness, Zhao Yuanlong dared to resist, and told all he knew. Back then, the Immortal Court was decimated by the Regulus Sword, and with the curse of being decimated by the Regulus Sword if they became immortals, the Regulus Sword could not see them as shrimps, and they fled and hid within the space worlds opened by their original masters, or in their mansions.

There are also many immortals who have survived and have fled the divine state for extra-terrestrial space, carving out a habitat for living beings in the midst of the turbulence to escape the pursuit of Regulus.

Chapter 2170

But immortals who leave the divine state also have limited lifespans, and as the worlds they have created rise and fall and die, spirit domains have been appearing on Earth recently, and are actually worlds opened up by immortals who have fled from the divine state's immortal courts.

As the immortals died, these open spaces also continued to die, and at the same time began to return to the divine state, bordering it, before empty gates into the spirit realms emerged.

The reason for the demise of these spirit realms was the death of their creator gods, but these bullish creator gods simply did not dare to return to the divine state, preferring to die of exhaustion rather than return.

There were no tigers in the mountains, and monkeys called themselves kings. True immortal slaves reigned supreme within the immortal mansions and continued to rule over the lower immortal slaves, and these immortal mansions were scattered all over the divine Continent, with an immortal mansion existing in each region, as well as a varying number of immortal slaves. When Lin Hao heard this, he raised his hand to interrupt Zhao Yuanlong from continuing.

'The matter of the demon capital is because the gods are fast breaking is it? This I know, I need to know, the monsters you created eat blood food, but you don't, and you collect

believers to create more second generation immortal slaves?’ Lin Hao was more interested in knowing these things, and then what to do with them.

The existence of this bunch of immortal slaves had been affecting the peace and stability of the demon capital, which was not a good thing.

The key was that apart from him and Shen Xiyan being able to take on these immortal slaves, how could a human Illusionary Spirit Master who had just cultivated not long ago be a match for these old devils.

Zhao Yuanlong was embarrassed, ‘Actually, some of the immortal slaves actually ate as long as they failed the experiment, they all needed to eat blood food.’

Zhao Yuanlong was very embarrassed, after the destruction of the immortal court, they were exiled to the immortal mansion, although they could survive but found that the divinity in their bodies would continue to increase with time day by day.

They had to keep fusing with other spirits and demons, praying to dilute the divinity in their bodies, otherwise they would be dead if they were targeted by the Xuan Yuan Sword.

However, after a thousand experiments, they still failed to master the true method, creating countless monsters, such as him, Zhao Yuanlong, who had fused with several flower and vine demons to become this ghostly form.

Together with the fact that the Turbid Clear Immortal's residence was about to crumble, the True Immortal Slave Sea Immortal, i.e. the sea tide clerk, led the way as the sea tide clerk held the key to entry and exit and brought them out back to the Divine Land.

However, after all these years, the divine land has long since undergone radical changes, but the good news is that most of their descendants still have their bloodline because of the immortal's budding shade.

The sea tide member even told everyone the way to dilute the divinity, that is to find the bloodline descendants, as long as the bloodline is strong to a certain degree, meet the conditions can be excessive divinity to them, but also to collect people's faith in him, he has to boast that he is an immortal and perform the deeds of an immortal.

This is the truth of the immortal who caresses my top and binds his hair and receives long life.

These monsters were all created by the immortal slaves, who turned into all sorts of inhuman and horrible forms because they were unable to completely fuse their divinity, and needed to eat blood to stabilize the riot of divinity, and their strength was constantly enhanced by the power of divinity.

For those normal immortal slaves, they only need to dilute their family members as containers of divinity to them, and do not need to eat blood food, but not for monsters like Zhao Yuanlong, who need to eat blood food, and at the same time they find that eating blood food can also achieve the effect of releasing divinity.

For those ordinary people, or the weak illusionists of the divine state, in their opinion are worse than mere ants, they are immortal slaves, these illusionists are mortals after all, so kill them and eat them? Pao zero love Wu zero intention zero whisk? And also eat.

If not for the sea tide member's fear of alerting the Dragon Gate and thus head things off and having the immortal slaves in other districts react to follow so, I'm afraid the demon capital would have turned into a purgatory on earth.

'The others don't know, but I know very well that this act of ours is just lingering and cannot be cured at all, while the sea tide clerk must have found a way to cure the root, we are all his tools and this is the reason why he absorbs faith.' Zhao Yuanlong let out a bitter laugh, 'We are all pawns, the sea tide clerk should be trying to change the divine blood, he keeps giving those believers divine release and absorbing the faith of those believers again.'
