

Super Son-in-law Chapter 2181-2190

Chapter 2181

The air around her was so cold that the moisture in the air around her condensed into ice crystals and fell off.

‘If anything happens to her, I will go to the Yellow Springs with you to bring her back!’ Every word that Shen Xiyan spat out carried a murderous tone, the floating belt had turned into a crimson swimming dragon surrounding Shen Xiyan, occasionally emitting an angry dragon roar.

Lin Hao nodded and looked at Zhao Yuanlong and the others, ‘Get up.’

‘Worship and thank the two Immortal Dignitaries.’ Zhao Yuanlong and the others kowtowed several times before slowly standing up, lowering their heads and not daring to look at Lin Hao and Shen Xiyan, standing neatly to the side, simply too well behaved.

‘Chen Xuanfeng, the great ancestor of the Chen family, and the great master of the Chen family pay their respects to the two Immortals.’ Two figures sped in, it was none other than Chen Hao Bei’s great-grandfather, and Chen Xuanfeng, the Chen Family’s great-grandfather, both of whom had just arrived, and had fallen to their knees, not daring to move a single inch, the aura was truly too terrifying.

This is a real deity, and there are two of them, and their strength is too much for them to calculate.

All they had to do was to be the first to rush to pay homage and submit. The other immortal slaves also wanted to get closer, but the deity scattered? Chayi serve yi yi pick up the ground west? The piercing killing intent emitted by the deity made them not dare to advance even a bit, for fear of disturbing the deity and being directly exterminated.

‘Heh, you guys came pretty fast ah Old Ghost Chen.’ Zhao Yuanlong sneered as he looked at Chen Xuanfeng, even mocking a little, he had the opportunity to hug his thigh right before and he didn’t, fortunately he reacted quickly with agitation.

Chen Xuanfeng saw Zhao Yuanlong and a group of people from the Zhao family, his brow furrowed, this Zhao Yuanlong was resourceful enough to actually strike so quickly, wasn’t he still being chased before?

However, Chen Xuanfeng didn’t dare to say anything, bringing his offspring with him, he just obediently knelt on the ground, not daring to say anything.

Lin Hao merely raised his eyes and glanced at Chen Xuanfeng, pulling Shen Xiyan’s hand and heading straight out, Lin Hao had changed into his Major General’s uniform and walked out of the hotel hand in hand with Shen Xiyan, while their faces were only a blur under the divinity cover, no one could see their appearance clearly, immortal slaves were not to be insulted lightly, gods were not to be looked at directly.

However, through their appearance, it did allow Vermilion Bird and the others to recognise Lin Hao, especially because the uniform on Lin Hao’s body was so obvious, it was handed over to Lin Hao by the head of the White Cloud Military Region himself.

‘General Lin!’ Vermilion Bird, the head of the Baiyun Military Region, and Wu Liang all stood straight and gave Lin Hao a salute with a swish.

Zhao Yuanlong and Chen Xuanfeng were a little dumbfounded, no way! A deity had become an official officer of the Divine Land? This

They had been out for a while, and they were a bit confused as to why, ah? Even if it was an officer, shouldn’t it be the strongest, after all, that was a deity above the heavens, but it turned out to be just a little Major General?

Lin Hao sensed a little and found that the entire demon capital had been put under military control, not bad!

‘Chen Xuanfeng, Zhao Yuanlong.’ Lin Hao spoke coldly.

‘Yes, Immortal Emperor!’ The two men took a fierce step forward, so excited that every cell in their bodies trembled with incomparable excitement.

Oh my god, the Immortal Sovereign remembered their names!

‘Invite all the immortal slaves within the Demon Capital territory to the Imperial Palace Hotel, and in addition, bring me that true immortal slave of whatever is in charge of the Demon Capital!’ Lin Hao’s face was icy cold, no matter what, he must get Lin Ruoshi back!

‘Yes Immortal Sovereign!’ Zhao Yuanlong led the order forward without hesitation, while Chen Xuanfeng stood in place with some hesitation, ‘Immortal Sovereign, this, this Sea Immortal Sovereign we may not be able to find’

Chapter 2182

Lin Hao fiercely turned around, his gaze was like electricity as he looked at Chen Xuanfeng, Chen Xuanfeng was so scared that his body jolted, without saying a word, he turned and ran, ‘Immortal General I am on my way, I will not disgrace my mission!’

Wu Liang and the two men from the Baiyun Military Region could not help but wipe a cold sweat, a major general is a major general, bullying ah, just now those two old things, although they had never seen, but the strength of the two men had reached the fourth to fifth level realm of the big brother, just a look can scare these people’s hearts and tremble, with this person in, China must be a peaceful and prosperous world!

At the same time, they wondered where these old devils had come from. How long has it been since the appearance of Illusionary Spirit Masters, and these people are already at the fourth to fifth level realm ?

It was rumoured that they had a special experience and had gained a different kind of chance before they broke through to become Fourth Grade Illusionary Spirit Masters.

‘General, what do we need to do then?’ Wu Liang came forward awkwardly, not knowing whether he should call out to Lin Hao, the leader of the Dragon Group, or the Chief Instructor of the Dragon Group, or General Lin.

So many rays of glory converging on one person, it was simply not too dazzling.

‘General, the Baiyun Military Region as well as the troops from the military regions near the Demon Capital have all been stationed in the Demon Capital and are under military control, please give instructions.’ Baiyun Military District gave Lin Hao another salute.

Lin Hao frowned, to be able to unknowingly take Lin Ruoshi away from the Lin family, his strength must be not weak, at worst he must be in the fourth grade Illusionary Spirit Master realm, for such a level of strength, the ordinary army could no longer play much of a role, if the other party wanted to hide, they would not be able to find him at all.

Moreover, Lin Hao was more suspicious of those immortal slaves.

Lin Hao was just about to tell them to withdraw their troops, after all, making such a big commotion would cause no small amount of panic to the general public, just then, Lin Hao’s mobile phone suddenly rang.

Lin Hao glanced at it and saw that it was Xu Fanghua calling, and hurriedly picked up, ‘Hey, grandma, is there any news from Xiao Shi?’

‘Hehehe, I’m not Grandma, it’s Xiao Shi. Daddy, it’s already dawn and you’re still not home to make breakfast, are you sleeping in bed? Daddy is a grown-up, he’s not allowed to stay in bed, and Sze hasn’t stayed in bed today.’

But Lin Hao was frozen in place.

What ?

Didn't Grandma call ? Lin Hao heaved a sigh of relief, as long as his daughter was okay.

Shen Xiyan's keen perception has heard her daughter's voice from Lin Hao's mobile phone and hurriedly picked up Lin Hao's mobile phone, her face full of worry: 'Xiaoshi, it's mommy ah, is it really you Xiaoshi.'

'Hee hee, it's me mum, why are you so nervous.' Xiao shi laughed very sweetly.

Hearing that their daughter was alright, Shen Xiyan and Lin Hao both breathed a sigh of relief.

They waved their hands for the head of the Baiyun Military District and Wu Liang of the Dragon Regulation District Department, telling them to disperse the troops and all go back, the people were found.

'Thank you guys.'

'You're welcome, since the man has been found it's good, then General we'll leave you alone and go back first.' The two have left, and soon, the whole city was notified that

the curfew was closed? Zero Closed Er Zha Dye Zero Love Zha? ended, military control was lifted and the first joint military exercise was successfully completed.

The people are not stupid and they know that it is not that simple, especially the blinding sword light that illuminated half of the south and could be seen by the whole of China, but how ordinary people discuss it, they can't discuss it, but there are countless versions, there are enough material for ten novels.

Then the four guardians of the town also received the same news and terminated all action, after all, the man had already been found.

The two of them did not dare to delay, pulling Shen Xiyang up with their swords, directly into a golden sword qi piercing the sky in a flash, directly towards the Jinling.

Super Son-in-law Chapter 2183-2184

Chapter 2183

'Boss crikey wait for me ah.' A white figure sprinted, but unfortunately it was still too slow, two meters big giant white cat with the same dog, sticking out his tongue and harrumphing lying outside the door of the Imperial Hotel in the Dragon Regulation District, he originally looked like over to tell Lin Hao that he had pounced and not found anyone, but the result arrived Lin Hao and Shen Xiyang but ignored it and went straight away.

'The chief just, just go away?' Vermilion Bird and Chen Kai also came late, but when they arrived, they saw the white cat Rui Lin lying on the ground and breathing heavily, apparently he didn't catch up either.

‘The four daughters are understandably eager, nothing strange, let’s just wait here, after all, the matter of the demon capital is not yet finished.’ Chen Kai shrugged helplessly, the Imperial Hotel in the Dragon Regulation District had been classified as a hotel for cultivators, ordinary people were not allowed to stay in it, or even to go near it.

After all, the next thing he knew, Zhao Yuanlong led a large group of immortal slaves to arrive, and the arrival of this group of powerful people really gave Chen Kai and Zhu Que a big surprise.

Damn, what the hell is this?

Why did so many fourth and fifth ranked powerhouses suddenly appear?

An hour later, a haze of light descended from the sky and landed in the courtyard of the Lin family in Jinling, where Lin Ruoshi was playing with the big bear.

Lin Hao quickly pounced over, but Shen Xiyan was even quicker, pouncing over in a flash and taking Lin Ruo Shi directly into his arms, checking Lin Ruo Shi’s entire body with worry, fearing that his daughter had suffered some kind of injury.

Only after checking around did she find that the little girl was fine and healthy, so Shen Xiyan was relieved and shook her head at Lin Hao to say that Lin Ruo Shi was fine.

‘I’ll do this meal, you keep little shi company.’ Shen Xiyang gently patted Lin Hao’s shoulder and went to the kitchen to get busy. In the kitchen, Lin Yun and Xu Fanghua were busy with breakfast, so Lin Hao didn’t go to join the fun.

After all, the whole Lin family was as happy as the New Year when Lin Ruoshi returned safely.

The Xu family and the Long family, on the other hand, were in disbelief.

The Lin family’s great-granddaughter was missing, and they gripped them, and when their granddaughter returned, they withdrew directly, not to mention apologizing, without even a statement.

The company’s main business is to provide a wide range of products and services to its customers.

As Lin Ruoshi pushed the door, that spatial barrier disappeared, and so did Lin Ruoshi, that meant it was a trap designed for Lin Ruoshi, but then it came back intact, which was very strange.

‘Sze, where did you go all last night? You don’t know that we were all anxious when you disappeared.’ Lin Hao asked Lin Ruoshi.

As a result, Lin Ruoshi’s pretty face was filled with impatience and she shook her head hurriedly, ‘Oh, dad, just don’t ask, okay, everyone has asked me this question dozens of

times and I've said I slept? The actual fact is that you will not be able to get a lot of money from the company. I've fallen asleep, I just had a dream, why are you guys so nervous about what to do ah, I didn't go there, just had a dream ah, why can't you guys believe me, all become so strange oh.'

Lin Hao's expression froze, what was going on?

The big bear next to him hurriedly explained to Lin Hao that Lin Ruoshi had suddenly appeared in the room, and that the room was locked and there was no sign of any knocking.

The big bear also found out, Lin Ruoshi disappeared when the big bear witnessed, and the big bear went back in the morning to open the door, but unexpectedly found Lin Ruoshi lying in Lin Hao's room, is languidly rubbing the fierce dragon sleep eyes, really like just woke up.

No matter how everyone asked, Lin Ruoshi never thought that she had left the room, that she had just had a strange dream, instead she felt that everyone else had become strange after he woke up, repeating the questions asked a hundred or eighty times, making Lin Ruoshi very annoyed, she could clearly feel that no one believed her when she said that she had just had a dream like words.

Chapter 2184

Lin Hao frowned slightly, finding the matter's not simple.

‘No, that’s not what daddy asked ah, maybe daddy didn’t make sense.’ Lin Hao laughed then continued to speak, ‘Daddy is asking Xiao shi where did you go in your dream last night, didn’t you say you had a nice strange dream. Where did you go?’

Lin Ruoshi cocked her head and stared at Lin Hao carefully for half a day, the little girl through Lin Hao’s expression, then confirmed that her dad was not lying to her and was really simply curious, then she told Lin Hao what had happened.

Lin Hao nodded his head and praised his daughter for having this dream, while interrupting every now and then to ask a few questions, tsk-tsk-tsk, but in fact his heart was already panicking and cold sweat was rushing down.

This is not a dream, this is like jumping repeatedly in front of the ghost gate, in front of Meng Po’s more crazy show!

Through Lin Ruo Shi’s description, Lin Hao was 100% sure that Lin Ruo Shi was in that piece of space, the seven-coloured four generations were entangled together, beautiful, pretty and incomparably dreamy, but underneath the beautiful appearance, there was a terrifying killing machine, this was spatial turbulence!

Even a seventh-grade illusionist could not stay in the spatial turbulence, and those with less strength would be torn into pieces in a minute!

At the same time, Lin Hao was amazed that his daughter was in the middle of the spatial turbulence and nothing happened to her.

As for the huge and dilapidated mansion he encountered later, and the middle-aged man with a face full of flesh who called himself an immortal, Lin Hao also basically understood what was going on.

Sure enough, it was the immortal slave's doing!

He didn't know what method he had used to make his daughter trip through the void and enter the immortal's mansion, and still live forever? What a joke!

An immortal stroking my top, tying my hair and receiving long life, these words are currently in this world? What is this saying in this world? The only people who are qualified to say this are Lin Hao and Shen Xiyan!

However, before the Xuan Yuan Sword's influence is completely eliminated, Lin Hao is not prepared to grant divinity to others. On the contrary, Xu Fanghua's body is getting worse day by day, Lin Hao secretly injected a small amount of divine energy into Xu Fanghua's body, counting, Xu Fanghua is considered to have become the treatment of a true immortal slave.

'Dad, do you think we should say yes? That uncle doesn't look like a bad person, and he said that our family can live forever, so Xiao Shi can be with her mum and dad forever.' Lin Ruoshi looked at Lin Hao happily, her father was still her own father, everyone didn't believe what she said, only her own father could believe her, Lin Ruoshi then told Lin Hao what the sea tide clerk said.

Hearing Lin Ruoshi's words, Lin Hao was really crying and laughing, the true immortal slave wants to help the real deity immortal daddy to tie his hair and receive long life, isn't this funny?

How was this different from pretending to be a deity in front of an immortal ?

But Lin Ruoshi was still young, so she couldn't explain to him clearly, so she nodded with a smile: 'Okay, then accept his kindness, but next time can you let that immortal uncle come to our house to play ? He's been so kind to our little Shih, Daddy needs to thank that uncle.'

'No way oh.' Lin Ruoshi shook her head hurriedly, 'Uncle Immortal said that only Little Shi can see him, and only in her dreams can she see this Uncle Immortal.'

Lin Hao's face clouded over, just which immortal slave dared to hit on his daughter's idea ?

The other party was actually able to have a secret method to allow Lin Ruoshi to pass through the spatial turbulence without hurting her even a bit, to be honest, Lin Hao didn't even dare to cross the void easily, the other party didn't seem to want to hurt Lin Ruoshi's life, but must have plans for Lin Ruoshi.

Or maybe they had plans for him and Shen Xiyan ?

Could it be that the divinity in their bodies had been detected by the immortal slaves and had set their sights on them ?

The bottom line was that Xiao shi didn't know about all this and thought it was just a dream.

Lin Hao gave Lin Ruoshi a couple of perfunctory words, he had to stay here, he had to find out what the hell was going on.

Moreover, this immortal slave was definitely a true immortal slave and was most likely much stronger than him.

Super Son-in-law Chapter 2185-2186

Chapter 2185

It was an eventful day.

The good thing is that Shen Xie and the girls had already made breakfast, so we all chatted happily and ate breakfast, but we all knew that Lin Ruoshi was already a little angry, so we didn't continue to ask about Lin Ruoshi's experience last night.

After breakfast a phone call came from the demon capital side: 'Chief, two thirds of all the immortal slaves within the demon capital family have gathered here, but a third still haven't come, where are you now, chief? And is little Shishi alright?'

Lin Hao frowned and said coldly, 'Tell them to wait!' 'Ah? Wait?'

Vermilion Bird was dumbfounded, here were two thirds of the immortal slaves in the Demon Capital Family, there were hundreds of them, the lowest were in the middle third rank realm, and there were twenty to thirty people in the late fifth rank.

He was only a third class late stage illusionist, Alexander.

If Lin Hao's original words were relayed to these immortal slaves, they would probably eat her alive, right?

'What's wrong, what did the boss say?' Chen Kai came over curiously.

Vermilion Bird spoke with difficulty, 'Your boss doesn't seem to be in a good mood, he, he said to let these people stare.'

Chen Kai froze, crap, that's the boss's temper!

Chen Kai then flung his hand and turned back to the boss and spoke in a domineering manner, 'Our boss told you to wait, the boss doesn't have time for you at this moment!'

'What? Wait! Who does he think he is? He really thinks he's an immortal! He thinks he's a great man even though he's lost his immortal court!'

‘I’m just laughing, a dying man still dares to be so arrogant, it seems that he doesn’t take Regulus into account!’ ,

‘Yes, it’s just a lucky kid who didn’t know how to obtain the Immortal Dignity posture, he’s really arrogant’

‘Too arrogant, he doesn’t even put us in his eyes, let’s go!’

All of these immortal slaves shouted, each of them emitting a terrifying aura, all of them unruly and untamed.

These were truly old things, existences that had survived for at least thousands and thousands of years, and apart from those second generation immortal slaves that they had come to the Demon Capital to develop, none of those old things of the older generation were convinced.

After all, it was already upsetting for them to be oppressed by the True Immortal Slaves, and now, ten thousand years after the destruction of the Immortal Court, an Immortal Djinn powerhouse had actually emerged, how could they be willing to willingly accept the domination ?

One third of those who did not come were absolutely loyal to the sea tide members and did not care about the so-called Immortal Sovereign’s appearance, while more than half of the two thirds of the Immortal slaves who had rushed here had come for the divine weapon that emitted ten thousand feet of sword light, thinking that Lin Hao had merely acquired the divine weapon and was not a real deity at all.

A large portion of the rest had only come to join in the fun and explore the reality. Only a very small portion of them were sincere submissives, wanting to join Lin Hao's banner, just like the Chen and Zhao families.

Boom!

Zhao Yuanlong and Chen Xuanfeng took a fierce step forward, their clothes flipping, and a terrifying aura immediately swept over them, as the strongest members of the Chen and Zhao families also stepped forward, along with their close friends and the allied families.

Hundreds of people burst out with powerful auras at the same time, cold? Paxi Paxi Er Fuyan Xi? grunted to, "Get lost if you don't want to wait! Just don't regret it later! No one is forcing you to wait!"

"However, if you dare to slander the name of the Immortal Sovereign, kill without amnesty!" The powerful aura of Chen Bei Xuan's mid-fifth rank descended unreservedly, like a ten-thousand-foot waterfall descending from the sky in a raging and terrifying manner!

"Heh, Chen Xuanfeng, you're a good dog, just a mortal who received an immortal's fate by chance, and you still want to use this to pretend to be a tiger? Ridiculous, others are afraid of you, but we are not afraid of you! Two dozen mid to late fifth-ranked great powers stood out, arrogant and arrogant, looking at Chen Xuanfeng with disdain against his terrifying suppression, not being suppressed by the spiritual pressure in the slightest.

On the contrary, under the influence of the combined qi of two dozen people, Chen Xuanfen was shaken back and burst back, and Zhao Yuanlong even spat blood and flew out backwards.

Chapter 2186

Everyone in the room looked different, they didn't expect this powerful scene to occur just after they had gathered here!

'Prepare for battle!' Vermilion Bird and Chen Kai's faces went cold as the surrounding troops from the Dragon Group and the Zhen Guardian House rushed out and surrounded all these immortal slaves.

Although the difference in strength was extremely terrifying, not a single soldier chickened out or backed off!

No matter how much they changed, this was still Chinese territory, and this was irrefutable!

In Chinese territory, the Dragon Master is in charge of everything!

The surrounding immortal slaves looked unhappy, although they looked at those weak soldiers with disdain, but they did not dare to make a big deal out of it easily, after all, if things got too big, all the immortal slaves in the world would start to get restless, and that would be a bad situation.

They were not afraid of these mortal soldiers, but they were afraid that the immortal slaves from other regions would rise up and attack them!

‘We gave him face to come here, but he is not giving us face by posing and leaving us here, in that case, let’s go!’ Many immortals? Intended to shade and dye Shan shade and dye? s slaves, led by the old ancestor, coldly snorted and waved their sleeves away, while the others hesitated and left one after another.

The original group that had gathered almost six hundred immortal slaves suddenly plummeted to less than three hundred, and there were still many who were still hesitating.

The purpose of his gathering of these immortal slaves before was to find out who was after Lin Ruoshi. Now that Lin Ruoshi had returned safely, Lin Hao did not have the heart to bother with these old monsters for the time being.

Lin Hao spent the whole day with Lin Ruo Shi at the Lin family, trying to make Lin Ruo Shi sleep like a dream again, but no matter what Lin Ruo Shi did, it was to no avail and there was no dream.

Lin Ruoshi plus her spirit was also somewhat exhilarated and basically couldn’t sleep. She told Lin Hao that in her dream, she was able to use her mind to improve and repair that mansion, making it slowly become more full of life.

Lin Hao understood that his daughter’s ability had not even been discovered by himself, so it seemed that some immortal slaves had discovered Lin Ruoshi’s ability and lured her into her dreams, using her daughter as a tool to repair the immortal mansion.

Lin Hao coldly snorted in his heart, 'I can't even let my daughter work, you don't know how to use my daughter as a tool, you don't know how to write the word 'death'!

The whole day was peaceful, even into the night, nothing strange happened.

On the other side, the sea tide clerk had been busy all day and night and came out from within the turbid and clear immortal mansion, only then did he learn of what had happened in the demon capital during the day, the sea tide clerk was also shocked, damn it, an immortal daddy had come out?

Other people didn't believe that an immortal djinn could really emerge, but Hai Chao clerk knew that he had personally met a Nian Jing three or four year old Void Immortal Djinn, it wasn't surprising that other young immortal djinns appeared.

The key was that the location where this Immortal Djinn appeared was actually in the Demon Capital. Damn, it seemed that the treasury of the Turbid Clear Immortal Mansion had attracted the attention of that newly appeared Immortal Djinn? No, the Turbid Clear Immortal Mansion had to be repaired as soon as possible.

So, the sea tide clerk just came out every moment and dived into the Turbid Clear Immortal Mansion again to activate the formation.

Lin Ruoshi, on the other hand, woke up leisurely and got up from her bed.

Lin Hao and Shen Xiyan were not at ease with Lin Ruoshi, the two were sleeping together with Lin Ruoshi, and they basically didn't need to sleep anymore, staying alert all the time, the moment Lin Ruoshi woke up.

Lin Hao did not move, but looked at Lin Ruoshi.

Lin Hao and Shen Xiyan looked at each other, they had sensed that something was wrong, it was exactly as Big Bear had described, it was as if there were two worlds inside this room and outside, it was so terribly quiet, the sound of breathing had become so harsh.

'Xiao shi don't~!'

Lin Hao saw Lin Ruoshi go to push the door, Lin Hao felt a spatial ripple fluctuate and felt bad, but unfortunately it was too slow, the moment Lin Ruoshi just touched the door of the room it simply disappeared, that fluctuating feeling also disappeared, at the same time the sound from outside the courtyard came in again, even the sound of Lin Rui drinking and chatting in the courtyard next to him.

Super Son-in-law Chapter 2187-2188

Chapter 2187

Shen Xiyan and Lin Hao both rushed out with incomparably ugly faces, only to find that there was nothing, this, what kind of tactics was this?

'This bastard is looking for death!' Lin Hao roared low in anger.

‘Hao, don’t worry for now, things might not be that bad, at least we can be sure that our daughter shouldn’t be in any danger at the moment, the other party is just taking advantage of our little shi’s unique ability.’ Shen Xiyao pulled Lin Hao to comfort him, ‘Also, keep this quiet for now, we already made grandma and the others scared all night yesterday, if this comes again, the old man’s heart won’t be able to withstand it.’

Lin Hao nodded and said that he knew, but this vanishing place was too weird, there was no way to find out, and the worst part was that the two of them didn’t dare to stay in the spatial turbulence for much longer.

After all, if they were lost in the spatial turbulence, they would be completely lost in space and time and would never be able to return.

Ding Ding Ding!

Lin Hao picked up the phone and glanced at it and picked it up, his voice low, ‘What is it, speak!’

The Vermilion Bird on the other end of the phone shrank fiercely and spoke cautiously, ‘Chief, have you, have you encountered something? If it’s urgent, then I’ll hang up first.’

‘Nothing, is something wrong over there?’ Lin Hao softened his tone, his own official authority was so great? One word scared this little girl enough.

Vermilion Bird is a little embarrassed, in fact, there is nothing wrong, but still want to report to Lin Hao, a thing is to experience a daytime, left behind less than two immortal slaves? er Lu Ai Lu Serving er er? hundred more, and the other immortal slaves are getting more and more critical of Lin Hao.

There was a second problem, which was that Chen Xuanfeng had told Zhuque that all their immortal slaves had sensed that the spatial rift that would appear at any time in the demon capital had disappeared, which meant that someone seemed to have repaired the immortal residence of Turbine Clear, or of course it could have been shifted, but there should be no ability to move the immortal residence except for the immortal dweller.

‘Sorry chief, I shouldn’t have bothered you in the middle of the night with this trivial matter, but I felt in the dark that this matter was more important.’ Vermilion Bird said weakly.

‘It’s not more important! Rather, it’s especially important, Little Bird you’ve done me a great favour, tell your Dragon Team in Demon Capital to gather and stand by, tell Chen Kai that all Dragon Sect Illusionist troops in Demon Capital to gather and wait for orders! I’ll be right there!’ After saying that Lin Hao hurriedly hung up the phone and looked at Shen Xiyan and said, ‘I think I already know who’s up to something!’

‘That Demon Capital’s True Immortal Child!’ Shen Xiyan had also heard the contents of their call and woke up at the first moment.

Lin Ruoshi’s twice inexplicably wandered off in the middle of the night, followed immediately by the dissipation of the spatial rift that appeared and disappeared in the Demon Capital, and the two were connected here!

Clang!

The Deity Sword came out and pointed at the Demon Capital!

No one dares to disobey when the sword is pointed!

A golden sword light descended from the sky, and with it came an astonishing spiritual pressure, and all the immortal slaves and practitioners in the entire Demon Capital sensed this powerful aura.

Those minions of the sea tide members had their faces paled, damn, this rumour couldn't be true, could it? Could it be that a divine immortal had really appeared?

There was nothing they could do, these immortal slaves could only find a way to communicate with Hai Tide member remotely with their divine thoughts to inform him of this matter.

When Hai Chao Member was in the Turbid Clear Immortal Residence and heard this news, his face was also particularly ugly, what was going on? What was going on? The Immortal Dignitary of New City as a divine residence had found him so quickly?

Looking at the strength of the other party, it was obvious that they were not capable of constructing an immortal residence in the void, so they must have set their eyes on the Turbid Clear Immortal Residence.

Lin Ruoshi was so excited to see so many people suddenly come in, after all, yesterday in her dream there was only Hai Chao Ren, although the restoration of the Turbid Clear Immortal Mansion filled her with a sense of novelty and excitement, but after all there were only two of them, it was still a bit monotonous.

Chapter 2188

The sea tide members are also an understanding person, have introduced those immortal slave ministers, told Lin Ruoshi, these are all immortals as well as immortal attendants, are very fond of Lin Ruoshi, so specially come to see, and we all work together to repair and build this mansion.

Lin Ruoshi was even happier when she heard this, and these people were all showing their skills, constantly remodeling and repairing the immortal residence, cooperating with Lin Ruoshi.

When Lin Ruoshi thought that she, an ordinary little girl, had so many immortals helping to work together, her whole being looked even happier.

As for those immortal slaves who were not under the command of the sea tide member and had left early, they were all a little worried at the moment. Those immortal slaves of the fifth grade realm and above, all gathered together, intending to find a way to get through this, they likewise found that the sea tide member and his men had all disappeared, so angry that they all cursed out.

This group of old foxes, really no one simple role, as soon as the situation is not right pull out their legs and run first, simply shameless to the extreme!

The sword light landed above the Imperial Hotel in the Dragon Regulation District, the sword light dispersed and the figures of Lin Hao and Shen Xiyan both appeared with it.

‘General!’

‘Chief!’

‘Chief!’

Vermilion Bird Chen Kai and the rest of the party came forward to salute, the surrounding Dragon Group and soldiers also stood straight and saluted, while the hundred or so Immortal Slaves next to them were scared to death, they didn’t just salute, they knelt down to the ground, ‘Welcome the two Immortal Dignitaries!’

‘Zhao Yuanlong and Chen Xuanfeng pay their respects to Immortal Sovereign Lin and to Immortal Sovereign Shen.’

Those immortal slaves had just taken a mere glance and saw Lin Hao and Shen Xiyan’s hazy faces covered by their divinity, and were immediately frightened and bowed their heads, this was a deity, although the realm was somewhat lower, but it was undeniable that this was a real deity, and an extremely young one at that!

They also wondered why the Xuan Yuan Sword had not appeared in the world when the deity had descended.

At the same time, they also understood that the Xuan Yuan Sword had always been there, existing in their nightmares, and whenever they woke up in midnight dreams and nightmares, they were awakened by the sharp blade of that Xuan Yuan Sword.

Lin Hao nodded towards Vermilion Bird and the others, and then looked towards those generation two immortal slaves, 'Who has taken blood food! Stand out!'

Lin Hao's divine might around him? Fou Er Fou Ai Wu Lu Yi Zero? It surged, and the divinity within all the immortal slaves was very severely suppressed.

A few generation immortal slaves and a group of second generation immortal slaves came out of the crowd trembling, seeing this scene, Chen Kai and Zhuque and the others had gloomy faces, especially Wu Liang, the head of the Dragon Regulation Division.

They were the ones who knew about the monster-eating cases, but they didn't know how many people there were!

Around one hundred and fifty immortal slaves, more than eighty of them stood out at once, all of them looking apprehensive, their faces full of worry.

'There is no shame in trying to survive, but you don't have any right to deprive anyone of their lives to perpetuate them for yourselves!' Lin Hao raised his hand, and several

golden sword qi rushed out, almost instantly crushing the consciousness of these immortal slaves who had stepped forward!

These immortal slaves were heavily wounded, spitting out blood as they looked at Lin Hao with shocked and puzzled eyes, why? Why would a god on high execute them like that for a few mortals, who were nothing more than mere ants?

These immortal slaves' consciousnesses were shattered and their cultivation lost, while their divinity was also taken out by Lin Hao and punched into the bodies of the other immortal slaves who were not involved.

Among those erased was also the Chen family's great master. The Chen and Zhao families also had quite a few erased immortal slaves, and while Zhao Yuanlong and Chen Xuanfeng were secretly angry in their hearts, there was nothing they could do about it, the terrifying deity was not something they could fight against.

And they were most furious that these were the divinities that they had parted out, and now that they had been knocked back into their bodies, they could clearly feel that the Xuan Yuan sword that was far away had come a little closer to them again.

'With immediate effect, any immortal slave who has invaded a living person as blood food will have his or her consciousness sea strangled and his or her divinity recovered, if you disobey, kill!' Lin Hao's every word was filled with the aura of killing.

Super Son-in-law Chapter 2189-2190

Many immortal slaves dared not speak out in anger, but could only respond in a respectful voice, and at the same time their hearts and minds trembled, as if Lin Hao and the two of them, apart from defending mortals which they could not understand, seemed to be true gods, majestic and unstoppable, and no one dared to disobey their words!

These were the gods above the heavens, above everything!

The generation of immortal slaves who had their consciousnesses crushed and their divinity taken away rapidly aged,? The gods who were shredded from their consciousnesses and whose divinity was taken away from them are rapidly ageing. The breath of life was dissipating at a speed visible to the naked eye, and in a short time they were reduced to a clutch of yellow earth.

Among the second generation of immortal slaves, those who have been immortal slaves for more than a hundred years have also turned into a handful of yellow earth without exception, while those who have not been immortal slaves for too long have lost their divinity and cultivation, their faces are withered and they are as old as if half of their bodies were in the ground.

By depriving them of their divinity, the shackles of eternal life were also removed from them.

Seeing this scene, the immortal slave was displeased, but Chen Kai and the others were delighted, these bastards had done a lot of evil, and they felt that this was a light punishment!

Vermilion Bird's eyes were aglow, the chief is the chief, he is always so dominant!

'Get up and talk, do you have any news for me?' Lin Hao looked to Zhao Yuanlong and the others.

The crowd stood up one after another, and at that moment, a huge white light came racing from afar, it was none other than the white cat Rui Lin.

'Meow, master, I've found you, ow, I thought you didn't want me yet.' The white cat pounced at once, only to be kicked hundreds of metres away by Lin Hao, who looked faintly at Chen Xuanfeng: 'Speak.'

Chen Xuanfeng and Zhao Yuanlong looked at each other and trembled, so ruthless?

'Your revelation, Immortal Sovereign, there are a total of four hundred and thirty-six Immortal Slaves of the Demon Capital's first generation and a full five hundred and fifty Immortal Slaves of the second generation, two thirds of them came earlier, but close to eighty percent have gone.' Chen Xuanfeng was trembling a little when he said this, after such a big mistake, would the Immortal Emperor directly take them to task and blame them for not doing their job properly?

Lin Hao looked as normal and continued to listen.

‘Among those immortal slaves that didn’t come, there is a squad of the strongest immortal slaves that are loyal supporters of the Sea Tide member, the Sea Tide member has been missing for some days, just now news came that those subordinates of the Sea Tide member have also slipped away and are nowhere to be found, I suspect that they have entered the Turbid Clear Immortal Mansion, however, the method of entering the Turbid Clear Immortal Mansion is only known to the Sea Tide member alone.’

‘Understood.’ Lin Hao nodded, ‘It’s time to clean up these assholes!’

‘The rest of you, split into two groups and go deal with these assholes! Any of these immortal slaves who have consumed the living will be killed on the spot! If they don’t join the House of Zhen Nan, kill them! And for the most important purpose of all, find out who the sea tide members are! Move!’ With a wave of Lin Hao’s hand, the Chen family led a wave of people to quickly lead the order away, though they were also incredibly apprehensive.

They only had a total of seventy or so immortal slaves here, and their overall strength wasn’t very strong yet, while they were going to face an enemy that was at least eight or even as many as ten times more than them, could they beat them?

However, Lin Hao glanced at Shen Xiyan, who nodded gently and left directly with Chen Xuanfeng, seeing an immortal dweller following him Chen Xuanfeng and the others were not worried at all, he felt that he had done it again, each with his head held high and a rampant look!

‘Boss, what about us?’ Chen Kai and Zhuque all looked at Lin Hao a little anxiously, looking at Lin Hao’s appearance, it seemed like he had no intention of activating them at all.

Lin Hao glanced at Chen Kai, Wu Liang and Vermilion Bird, although they were not weak, they were a bit weak compared to those immortal slaves.

Lin Hao shook his head helplessly, 'Chen Kai you are in charge of dispatching all the forces of the South House of Dragon Gate Town and clearing out all the ordinary people near the Demon Capital Family Ancestral Shrine to avoid them from being affected.'

'Wu Liang on the other hand, you are in charge of this area of the Demon Capital Family in the Dragon Regulation District, Zhuque, you lead the Dragon Team squad to follow me.'

At this order given by Lin Hao, Chen Kai and Wu Liang were both a little puzzled, wasn't this asking them to take on a policing role? But it couldn't be helped, they still had some two or three numbers about their strength.

Chapter 2190

'Zhao Yuanlong, take these people and follow me.' Lin Hao and the rest of the group headed towards the area of the ancestral shrine where the Zhao family was located in a vast manner.

Within this ancestral shrine on the ancient street, several immortal slaves of the fifth realm were constantly exchanging divine thoughts with each other.

'Old Ghost Wang, what now? I perceive that an Immortal Sovereign is leading a group of powerful people towards us, is he blaming us for not going forward to pay homage?'

‘Old Ghost Xu, what are you afraid of? I clearly perceive that the Immortal Dweller who is coming is only at the First Grade Illusionary Spirit Master realm, just relying on the richness of his divinity, it doesn’t count, Old Ghost Chen is also not here, the strongest among them is only a Fifth Grade Mid Stage Immortal Slave, if we really fight, we may not lose!’

‘Old Ghost Wang is right, the Immortal Court is in tatters, does he really think he is still a supreme being? If you piss us off, kill him and take his place

Unfortunately, before the man behind him could finish his sentence, a hundred-foot divine sword covered with inscriptions descended from the sky, and all the possessors of divinity within a thousand-meter radius were suppressed, one by one by this golden heavenly sword! All the immortal slaves sensed the terrifying pressure descending, the terrifying suppression from the gods!

But whoever possesses divinity will be absolutely suppressed, just like the absolute bloodline suppression of a high ranking magical beast against a low ranking magical beast, even if the strength is inferior to the other, it is very difficult for the other party to get rid of it, unless the difference in strength is really huge!

Unfortunately, these immortal slaves have not had any ? The intention is to close the Shan whisk to close the Zhaoyi? One could reach the sixth grade Illusionary Spirit Master realm, so there was no way to get rid of Lin Hao’s absolute suppression of divinity!

Wu Liang led the strong men of the Dragon Regulation Division to surround this area, and all ordinary people were driven away from being allowed to go near here.

These people were all shining with the light of Illusionary Spirit Masters, and all sorts of spirit soldiers were coming out in an endless stream. The ordinary people also realised that these were Illusionary Spirit Master troops, so they naturally did not dare to approach easily, and could only withdraw from afar to watch from a distance.

The Illusory Spirit Masters were already on a different level from the others, not something they could offend!

Immediately afterwards, that heavenly sword fell, causing those people to exclaim once again that something big was really happening, that immortal sword had appeared again!

Although this time it was not as terrifying as the ten-thousand-foot sword light before, it still shook the people to their core.

The courtyards outside the Wang Family's Ancestral Shrine were flooded with more than thirty Immortal Slaves of the generation led by Zhao Yuanlong, as well as a hundred members of the Vermillion Bird Group's squad led by Vermillion Bird, guarding the various courtyards to the death.

Lin Hao descended from the sky, his feet stepping into the void, surrounded by haze and awe-inspiring!

Lin Hao's sleeves fluttered around him, emitting a powerful aura to subdue the four directions!

‘Old ancestor of the Wang Family, pay respects to the Immortal Sovereign!’

‘Elder of the Xu Family, pay respects to the Immortal Sovereign!’

‘Zhou Family Ancestor, pay respects to the Immortal Sovereign!’

Inside each family ancestral shrine, a group of people came out one after another, the leaders of which led the immortal slaves behind them to kneel down towards Lin Hao, a total of twelve family ancestral shrines, among which the three families, the Wang Family, the Xu Family, and the Zhou Family, were the strongest at the head, all three of which had reached the late fifth rank realm of strength and were incredibly strong.

Although they saluted respectfully, the expression on their faces did not show much respect.

‘I am Wang Lao Er, the oldest ancestor of the Wang Family, may I ask what is the reason for the sudden arrival of the Immortal Emperor.’ The most powerful Wang family ancestor, Wang Lao Er, was the first to stand up without receiving Lin Hao’s permission, and arched his hand to ask Lin Hao.

Lin Hao glanced coldly at Wang Lao Er and then spoke, ‘But anyone who has consumed the blood of the living will be beheaded! If they do not submit to the Zhen Nan House, they will be killed if they accept its authority!’

Every word Lin Hao spat out was like an immortal's decree, his words followed the law, and the hundred-foot sword light split into countless three-foot blue-tipped immortal-slashing swords, raining down like rain, killing those who disobeyed, killing those who detected that they had consumed blood, without any nonsense!

This time the purge must also clear out these moths, lest they bring peace to the demon capital!

There were screams of misery, under the penetration of the Sword of the Gods, it was useless even to resist, being strongly suppressed by the divinity, it was extremely difficult for them to resist, even if they could, avoiding the Sword of the Gods, Zhao Yuanlong and Zhuque also commanded their men to start attacking those people in droves.
