

Super Son-in-law Chapter 2241-2250

Chapter 2241

His heart gradually went cold, but in the end he was melted by Lin Ruoshi's soft and lovely smile, and couldn't help but have a tilted smile on his face.

Before Lin Liuli could say anything, Xu Fanghua was not happy: 'You brat, are you having someone outside behind Xiyan's back? Are you ashamed of Xiyan?'

What the hell?

Lin Hao was confused, but the way Lin Rui and Lin Yun were looking at him, they were clearly looking at a scum! Lin Hao hurriedly explained with a bitter smile, 'Grandma, don't misunderstand, she's also our family.'

Family?

When she heard this word Lin Liuli couldn't help but be touched inwardly, how long had this been a title she hadn't heard before.

Family?

Did they really count as family? It was just that she had woken up in the middle of a muddle, bumped into Lin Hao, found out that he was the man of destiny, and had let the other side name her, and she had forgotten even her real name.

Xu Fanghua rolled her eyes with Lin Yun: 'That's not true, you've got someone else's little girl Huo Huo, can it not be family.'

Lin Hao almost didn't spit blood, what's the point? It's good that she didn't take care of me!

'No grandma, I met her for the second time, okay' Lin Hao had to explain with Lin? Zero ground er serve lu Yi closed west? Liuli met.

After hearing this Xu Fang Hua looked at Lin Liuli the more she liked her, and couldn't help but say, 'Good, good, Liuli, how about you being my righteous daughter from today?'

'No grandmother, she is thousands and thousands of years old' Lin Hao did not even say the word 'years' before he was glared back by Lin Liuli with a look that killed him.

Lin Liuli spoke with a smile, 'Good day, mother-sama.'

'Well, this is your brother Lin Rui and sister Lin Yun.' Xu Fanghua was so happy that she introduced the two next to her one after another.

Lin Liu Li also smiled and shouted, Lin Rui and Lin Yun also quite liked this elf-like young girl, except that Lin Liu Li looked at Lin Hao with a teasing look in her eyes, 'Eldest nephew, why don't you greet your aunt when you see her.'

The corners of Lin Hao's mouth twitched, good man, you're waiting for me here, no wonder you promised so fluently, you're trying to take advantage of yourself.

Seeing Lin Hao's defeated look, everyone went crazy with joy, but Lin Ruoshi was very understanding and shouted sweetly to Lin Liuli, 'Hello Aunt Liuli, I didn't expect you to be so old, Aunt Liuli.'

Lin Liuli: ????

Lin Liuli, who had just been smug, collapsed, ask which woman would like to be called old, even a former deity is not exempt from this!

This time it was Lin Hao's turn to laugh with great satisfaction, as if she was his own little cotton coat, she was warm!

Lin Liuli stayed at the Lin family home, the family was happy and harmonious, Lin Hao didn't take the matter of seniority to heart, he could feel the loneliness in Lin Liuli's heart that was frozen but not dispersed.

In the Lin family, Lin Liuli felt an unprecedented warmth, a feeling that was better than family even though it was not family, which made her smile heartily in a rare moment.

After staying at the Lin family for two days, Lin Liuli was somewhat reluctant to leave, but time was running out, and only then did Lin Liuli reveal her true purpose.

‘Lin Hao, you come with me to the capital, the matter in the capital must be dealt with.’ Lin Liuli told Lin Hao that the divine River Old Ancestor, that old fish head of the River God Spiritual Domain’s Heavenly God Hall, had passed a stream of consciousness to Lin Liuli the moment she was obliterated by the Xuan Yuan Sword.

Thus she had been moving forward alone to deal with her mission and had not been involved in the affairs of the River God Spiritual Domain, even when attacking the Underworld River Ancient Clan, she had likewise not gone forward.

Lin Luli had become a special existence, her own dissipation of divinity was to maintain the Thunder Split Mountain Spiritual Domain from crumbling, and she had handed over the core inscription to Lin Hao, her strength was especially strong, her divinity was thin, and Xuanyuan Jian basically didn’t pay much attention to her.

‘The capital? What’s happening over there? It’s just the immortal slaves making trouble with those true immortal slaves, the problem isn’t that serious, is it?’ Lin Hao was a little hesitant, after all, in two more days, that sheepskin book would be ready to reveal the saints again, his current priority was to find a solution for Xuanyuan Jian ah.

However, Lin Liuli stared and shook her head, 'The one who is causing the rebellion in the capital is a true immortal slave, but behind him stands a true deity.'

Lin Hao was horrified, 'What the hell? Didn't they say that there were no more true immortals in the world when the Immortal Court was broken? At least there are no more true immortals in the divine land, right?'

But after saying that Lin Hao stopped, was there really none? Or did he not understand because he couldn't get in touch with it.

Lin Liuli didn't say anything else, and didn't mention a word about the information about the immortal daddy behind the capital, it seemed that Lin Liuli wasn't willing to reveal information to Lin Hao, but demanded that Lin Hao must go with her personally.

Lin Hao wasn't refusing, if it wasn't just the immortal slave who was up to no good, then the problem wasn't that simple!

'Inscriptions of the Ten Thousand Laws! The mysteries are self-forming! Seize and bind!' Suddenly, Lin Liuli conjured up eye-catching inscriptions to form a formation and punched them directly into Lin Hao's body.

Lin Hao's face changed greatly and he said in shock, 'What are you doing?'

With Lin Hao being punched into this inscription formation, he was directly cut off from the Qing Yun Heavenly Palace, and even the might of his Deity's Sword was sealed off, which was equivalent to him now being just an ordinary mid-fourth grade Illusionary Spirit Master, making it extremely difficult to challenge beyond his level.

'Your daughter and sister can both follow along, but there is one thing, they must not be allowed to fight!' Lin Liuli spoke again.

What?

Are you afraid that the other side won't be able to kill us or what?

You've got to be able to get the best out of this. The actual fact is that you'll be able to get a lot more than just a few of your own. He also forbade Lei Ling and Lin Ruoshi to fight!

Of course, Lin Liuli also said that she could strike when her life was threatened.

Lin Hao thought about it, forget it, just take Lin Ruo Shi forward, after all, promised his daughter, he may be a bit dangerous, but his daughter's safety will certainly not be a problem, as for Lei Ling, stay home for the time being.

Lei Ling's face was aggrieved by this, but there was nothing he could do.

The group packed up a little and set off north, but Lin Hao was just about to leave when the wretched pig's head came running back from the Qinhuai River.

He hugged Lin Hao's leg and wouldn't let go: 'Brother, big brother, dear brother, big brother, please, take me with you, I'll work for you, I just want to stay with my goddess's daughter, even if I can see her once a day, I'll be satisfied!'

Lin Hao kicked Chen Haobei away with a black face, you're really quite a wow licker, there's no such shameless dogskin as you.

Lin Liu Li looked at that Chen Hao Bei, didn't say anything, and came to the airport with Lin Hao to board a plane to fly directly to the capital, and for some reason, Lin Liu Li requested that he couldn't go directly through the air, and also asked him not to contact those immortal slaves within the Qing Yun Heavenly Palace.

Lin Hao shrugged his shoulders, although he couldn't understand, he didn't bother to ask, with Lin Liu Li around, nothing should happen to him, although he didn't know the exact strength of Lin Liu Li, but he felt that it should be above Ah Yao.

Three hours later, the three of them landed at the airport in the capital. Lin Liuli had arranged a formation on her body to hide her glazed body and the yin angle on her forehead, but her appearance was still so striking that it caused many people to look around.

There were even suspicions that this was a family of three, after all, the two were handsome and beautiful, and there was such a cute little girl.

It was only Lin Ruoshi's call for an aunt that left many people confused to no end.

Just like that, Lin Hao and the others arrived in the capital quietly like this and stayed at the Hai Shen Hotel in the Lin Bei District, Lin Hao arrived here and looked at Lin Liuli: "So what is our specific mission?"

Lin Liuli just replied with one word, wait!

Lin Hao was speechless, when he was at home you were in a hurry, but when he arrived here you were in no hurry?

What Lin Hao didn't know was that the pig-headed Chen Haobei, whom they had left behind, had actually flown all the way from Jinling to the capital and had just come out of the airport a short while ago.

Meanwhile, Lin Hao and the others hadn't alerted many people to their arrival, but still the person behind the in-laws had discovered their arrival.

'Qin Yuan, they're here, make your move.'

Qin Yuan within the Qin family's ancestral shrine snapped open his eyes, then knelt down in the air and saluted with unparalleled respect, 'Yes, Immortal Lunar, I will make arrangements immediately.'

Super Son-in-law Chapter 2243-2244

Chapter 2243

Lin Yaoyan and Qin Xiaorou, who were in some secret room, Qin Fengyue, who was in the northern quadrangle, and Qin Bingyu, who was in the main Qin family mansion, and many others, all received orders from Qin Yuan: 'Develop believers at all costs, plunder blood food, and will be unrestrained by anyone, even if this is the centre of the current regime!'

'Beautiful! Now we can have nothing to worry about and eat as much as we want, hahaha!' Lin Yaoyan and Qin Xiaorou in the secret room looked at each other and let out a perverted laugh.

At the Qin family residence, Qin Bingyu's face was slightly ugly, how could this plan have been executed early?

Had something changed?

Obviously Qin Bingyu was aware of some core secrets, while Qin Fengyue in the quadrangle was frozen, even if cultivators were superior beings, transcending mortals.

But whether it was the High Martial Age or the Illusionary Spiritist Age, everything was run from above, they could do excessive things, but they couldn't go too far out of bounds!

Devouring blood food on a large scale within the capital, that was far more terrifying in its severity than over at the demon capital, what exactly did the Qin family ancestor want!

Qin Fengyue had not left home for two days to resist the temptation for blood food, his body was weak as hell, and surprisingly Qin Xiaorou had not come home for two days as well.

Something must have happened to his little sister!

Qin Feng Yue couldn't care less about his own weakness, he had a feeling that something big was going to happen next, he had to get his little sister back, as for devouring the blood food he didn't even think about it, and acted on the excuse of developing believers.

Almost as soon as Lin Hao found the hotel where he was staying, the whole capital exploded, countless bloodthirsty monsters moving forward in the darkness of the night, waiting for an opportunity to move in the gloomy corners like cold, vicious snakes.

Qin Fengyue picked up his mobile phone and wanted to call Qin Bingyu to ask about his little sister's whereabouts. From the beginning to the end, Qin Fengyue had a feeling that the couple's real mouthpiece should be that woman Qin Bingyu.

In the end, Qin Feng Yue put down the phone, this woman does not look like a good person, it is better not to get involved.

In the end, Qin Fengyue put down the phone and also blended into the darkness, walking in the darkness.

At midnight that day, a sleeping Wu Liang was violently woken up by his secretary, as were the heads of the Dragon Sect's branches, and even Zhao Chen, the capital's town guard, was also awakened, and the Dragon Lord's close guard regiment stationed in the capital was all in action.

Wu Liang was already upset when he was forcibly woken up, but after hearing what his secretary Xiao Lin said, his whole body was shocked: 'It's over! There's an outbreak! Quickly, go to the office, all personnel move, and where is Elder Zhao?'

'Old man Zhao is waiting for you in the office, but old man Zhao he he is dying.'

Wu Liang was scared enough, Zhao Yuanlong are in trouble?

Wu Liang ran to the office to see Zhao Yuanlong, Zhao Yuanlong's breath was shriveled and covered in blood, the haze of divine blood kept escaping and his breath began to weaken, it seemed that if this blood continued to flow like this, he was going to completely go up in smoke.

'Elder Zhao, what's going on? What's happening?' Wu Liang was terrified, how could he suddenly turn into this state!

Could it be that the sky of the capital had collapsed in just one night's time?

‘The sky of the capital has collapsed,’ Zhao Yuanlong spoke weakly, he did not go to ask for help, asking Chen Xuanfeng to continue sending support, because it was useless, the other party was stronger than they expected.

Even if the ? Pao Chia Wu Pao Di Wu Ai Closure ? Pressing the entire Qing Yun Heavenly Palace up, it might not even be the opponent's match.

Only after hearing Zhao Yuanlong's words did Wu Liang realise that the sky in this capital city might really be collapsing.

The two immortal slaves who had followed Zhao Yuanlong, one was in the middle of the fourth rank and the other was already in the early fifth rank, but they were already dead, killed on the spot!

He had gone to the Qin family to pay his respects, after all, we were all immortal slaves, so wouldn't he at least give a few favours?

As a result, before Zhao Yuanlong could even open his mouth, he was directly beaten into this state by Qin Yuan, and if he hadn't been left to deliver his message, I'm afraid Zhao Yuanlong would have already died.

What made Zhao Yuanlong desperate was that Qin Yuan, the ancestor of the Qin family, had reached the terrifying strength of the middle sixth rank!

Chapter 2244

Once he stepped into the 7th grade Illusionary Spirit Master realm, he could reach the terrifying power of a half-step Immortal Sovereign, how could he fight this!

There was only one way out, and that was to seek help from Immortal General Lin Hao, otherwise there was no chance of winning this battle, once the capital fell, the consequences would be unthinkable, all the immortal slaves in all the districts within the divine state would rise up and plunder the blood, then the divine state would also turn into a purgatory on earth!

‘Then contact General Lin, it will be too late if we don’t, so far, more than two hundred lives have been taken!’

‘No, supervisor, just counted the latest news, the death toll has reached three hundred and one, they have no cover at all to plunder the living, even if they come across soldiers from the Dragon Sect or the Konoha Regiment, they take them out all together without any scruples.’ Xiao Lin’s face was pale and full of horror, as if he was in hell at this moment.

Zhao Chen had already co-ordinated the strongest group of people to guard the Dragon Master, only for the Dragon Master to be nowhere to be found, and this time chaos had begun within this power hub.

And this time it was the Qin family that was leading the charge, and the Dragon Master, too, was a Qin family member!

Zhao Yuanlong smiled bitterly as he realised that his connection with the Qingyun Heavenly Palace had been cut off, and there was absolutely no way to contact Lin Hao.

Wu Liang was desperate and began frantically calling Lin Hao, Zhao Chen and the others were doing likewise, Lin Yin, Chen Kai and Ye Yu, all sending troops from other town guards to rush back to reinforce the capital.

Vermilion Bird even personally cut the guards of the Thunder Split Mountain Spiritual Domain and led the Vermilion Bird group to rush to their aid. Cang Wolf and Nan Hu, who were guarding Gu Yue City in the River God Spiritual Domain, had likewise received the news.

But the importance of Gu Yue City was such that no one dared to neglect it. Only Nan Hu led an elite group to leave the River God Spiritual Domain to go back for support, but they were stopped by the Empty Gate, and there was no way for them to leave the Empty Gate.

For a while, Lin Hao's phone was bursting at the seams, but Lin Liu Li then looked coldly at Lin Hao: 'No answer, this is their calamity, you can't get involved in this matter!'

'What do you mean?' Lin Hao was never one to be subjected to others, not to mention that he ate soft but not hard.

Lin Hao picked up the phone and after learning the news, Lin Hao glared at Lin Liuli with an angry face, 'You knew about this a long time ago, why did you still block my power! The power of the Qing Yun Heavenly Palace was disconnected, do you want to turn the entire capital into a purgatory on earth!'

'This is their calamity, you can't avoid it, you also have your more important tasks, you have to take care of these things, otherwise, there is no way for you to solve the Xuan Yuan sword problem.' Lin Liuli couldn't help but frown at Lin Hao's appearance.

'This was all set in stone a long time ago! You should not be impulsive, victory is inevitable, but sacrifice is also inevitable.'

'Yes, gaining victory is bound to come at a price, but why can't we minimise it? I can't make a move, what about you? Why can't you make a move? And why can't Sze go out too? Why can't Sze do the same? Hands!' Lin Hao questioned Lin Liuli in a stern voice.

Lin Liuli shook her head helplessly, 'If I make a move, the person behind the curtain will also make a move, I am not sure of victory, once we engage here, the capital will cease to exist, and more people than that will die.'

As for Lin Ruoshi and Lei Ling, they are both such young deities, if they are exposed, the person behind them will stop at nothing to destroy this!

By then, the casualties would not be a thousand or eight hundred, but hundreds of thousands or even more!

Once the capital was completely destroyed, the whole of China would be in chaos, and with internal and external troubles, millions of casualties would be an optimistic estimate.

Lin Hao's heart sank to the bottom of the valley, he finally had some understanding of what the Yellow Emperor had chosen back then.

In front of the gods, mortals were nothing more than ants, they would not care about their feelings at all, they could be made to fly into dust and cease to exist with the lift of a hand.

And the existence of these mole crickets is but a tool to provide them with power.

When the gods fight, mortals suffer.

What's more, the gods may not be able to tell the winner from the loser, while the mortals may have already been killed or injured by the thousands or millions!

Super Son-in-law Chapter 2245-2246

Chapter 2245

The fact that gods and mortals share a world is in itself the greatest mistake of all!

As the Yellow Emperor said back then: there is no future for humanity until the Immortal Court is destroyed!

‘It’s not worth it on earth. Haha.’ Lin Hao laughed miserably, but this was said of those high and mighty gods and immortals who should never have stayed on earth!

Lin Hao got up abruptly and headed for his room. Lin Liuli sensed that something was wrong with Lin Hao, but she couldn’t tell what was wrong.

Lin Hao closed the door with a bang and directly set up a formation to call out to Chen Bei Xuan and Lin Cang Dao and the others!

Somewhere in the endless River Styx!

The battle with the ancient tribe of the River Styx was still going on, both sides had fought so fiercely that even the gods had gone down, and even Lin Cangdou and Chen Beixuan and the others had gone up to fight a round.

The fight was so fierce that even the boundless waters of the River Styx were briefly cut off!

At this point, Chen Bei Xuan and Lin Cang Dou frowned at the same time, ‘That brat actually took the initiative to call upon our divine thoughts?’

Lin Cangdou pinched his fingers and sighed, 'The capital has erupted.'

'So soon? Bastard, that old fish head designed it, didn't he ruin our big event by carrying it out early?' Chen Bei Xuan cursed, 'So what now?'

'The little guy isn't ready for all this, pick it up and go with the flow.' Lin Cangdou sighed, his body erupting with ten thousand rays of light as he once again went forward to meet the enemy.

The muttering of the two caught the attention of the Angel Lord, and a flash of mockery flashed across his eyes.

Chen Bei Xuan's divine thoughts slowly appeared, forming a shadow of Chen Bei Xuan in Lin Hao's room, Chen Bei Xuan still had that pushy look on his face and coldly snorted, 'Little thing, don't look for old me if you have the guts, what the hell, if you have the guts to erase my divine thoughts, be prepared not to call me back.'

'Shut up! I'm not in the mood for your nonsense, look out the window at all the things you used to guard! What kind of hell on earth are they going through now!' Lin Hao said angrily, 'You are still pretending to be addicted to pretending, what time is it?'

Chen Bei Xuan fell silent for a rare moment.

After a long time he sighed, 'I know, but there's nothing I can do, we've been entangled in the Underworld Ancient Clan to death, there's no way to get out, it's you instead,

the Qing Yun Heavenly Palace was entrusted to you, so you should guard it all, it's not our responsibility now, it's yours!

Lin Hao frowned, was the situation so dire over at the Underworld Battlefield?

‘Also what that wench said is true, although you are in the game, but borrowing the power of the Heavenly Palace, it will affect the whole body ah.’

‘I only know when I should do something, those long ago set everything has nothing to do with me, watch these people to die? Just die in front of you, you really can bear to watch all this? Then what's the difference between you and those cold and heartless immortals of the Ancient Immortal Court.’

‘Not to mention that whether you are an immortal or a human, from the beginning to the end, I am only a human being!’

Chen Bei Xuan sighed, and with a wave of his hand, he opened the restraint that Lin Liu Li had placed on Lin Hao, and Lin Hao's breath returned, the Sword of the Gods regained its lustre, and his connection to the Qing Yun Heavenly Palace was restored.

‘Our goal is to establish a new Immortal Court, and we have been doing so, the reason why we planned all this, that is to completely sweep away what was left behind by the ancient Immortal Court, to completely separate Immortals from humans, otherwise if there was a Yellow Emperor who decimated the Immortal Court back then, then there will be another Yellow Emperor who will appear in the future as well.’ After saying this Chen Bei Xuan's figure slowly dissipated, as if it had never appeared.

Lin Hao exhaled a foul breath, at least Chen Bei Xuan and the others cared about those ordinary people, with their abilities, they could already open up a world and set up an immortal court, there was no need to expend all this effort to sweep away the remnants left behind by the ancient immortal court!

Bang!

The door to Lin Hao's room was suddenly kicked open, and Lin Liuli rushed in and glared angrily at Lin Hao: 'Have you gone mad? Do you really want to drag a thousand people to their deaths just to save a hundred!'

Lin? Squire Yisan zero wudi closed? Hao laughed.

'I'm going to do what I have to do, what is within my power to do.'

Chapter 2246

'I am a human being, not a cold machine, and not a heartless god!'

'If you are on earth, you are a mortal, so how can you not eat the fires of earth? I have been nothing more than a mortal from the beginning to the end, and all that is just what you think.' After Lin Hao finished speaking he laughed, and laughed heartily.

As long as one was human, one could not be as cold and heartless as a machine!

In Lin Liu Li's opinion? Zero Wu Shan Zha Wu Xi Er steak? , a hundred people might have died, but because of the plan, a thousand people were prevented from being implicated!

But in a normal person's opinion, if those hundred people could be saved, why not!

'Xiao shi, let's go!' Lin Hao pulled Xiao shi away and headed straight for the Dragon Sect branch in the northern district, on the way Lin Hao had already called Lei Ling and told him to come to the capital quickly!

A wisp of Lin Hao's divine thought also manifested itself in the Qing Yun Heavenly Palace: 'Belonging to the Qing Yun Heavenly Palace! Descend to the realm immediately and await orders!'

At the same time, Lin Hao waved his deity's sword and handed out a sword towards the demon capital, the sword light crossing the distance of mountains, rivers, lakes and the sea, directly in front of the sea tide clerk! The blinding sword light broke through the air!

As if sensing something, the sea tide clerk rose to the sky and caught the sword Lin Hao was passing from the capital with his bare hands.

Wow!

The sword light dissipated!

And Lin Hao's voice, which could not be denied, rang out, 'Affiliated to the Sea Tide Immortal Palace, the sword is pointed at the capital!'

This sword startled the entire Sea Tide Immortal Palace's immortal slaves, and over three hundred of them broke through the air.

Many immortal slaves frowned, 'This Lord of the Qing Yun Heavenly Palace is taking himself too seriously! Our Sea Tide Immortal Palace is not affiliated with the Qing Yun Heavenly Palace, and he is ordering us around with a commanding tone!'

'Yes, who gave him the guts, we've agreed from the very beginning of our establishment that we won't participate in any side of the battle, we won't take sides, we won't be enemies with them, but we will never join them either!'

'A deity who has not yet grown up, to be so arrogant and arrogant, ridiculous!'

For his part, Hai Tide member fell silent and silently looked in the direction of the capital.

Countless voices resounded in Hai Tide member's mind, the voices of his devotees!

'The capital has changed drastically, something big has happened, that's our capital, pray for them!'

'I am not an only son, my parents are left to my younger brother, I am of low strength, ask Immortal Sea Tide to grant me strength, how can I stay out of the way when our fellow countrymen are suffering!'

'O great Immortal Hai Tide, please, help the people of the capital, we are willing to give everything we have!'

'What is it for that we become more powerful? Is it for power and influence? For money? To live longer? Yes! But we do it to protect those we want to protect. What good is money and power if we can't even protect those we want to protect! Eternal life without meaning is endless torture! The most cruel torture of all!'

These words completely awakened the sea tide clerk to look in the direction of the capital, 'Is this the biggest difference between the Ancient Immortal Court and them! Is this what that son of a bitch Chen Bei Xuan is working towards?'

'Immortal Sovereign, what are you talking about?' Many immortal slaves had heard the sea tide member's words and were just a little confused.

‘This whirlpool, we have been right in the middle of it, and how can we stay out of it, do you all hear the voices in your heads? Go and listen carefully to the prayers of your believers.’ The sea tide clerk slowly closed his eyes, and a dazzling haze of light blossomed from his body, a glorious haze that lit up the night sky of the entire demon capital!

In the minds of all the believers of the Sea Tide Immortal Palace, the sacred and firm voice of the Sea Tide Master resounded, ‘O my believers! I am listening to your prayers! Surrender all your strength to me! Forge sharp blades to tear the darkness of the capital! I will fight alongside you!’

As the voice of the sea tide clerk fell, cheers like waves rang out as countless white rays of light emerged from the bodies of the believers and continued to converge towards the Sea Tide Immortal Palace!

Boom!

At this moment, Hai Tide member finally gathered tens of thousands of faith power, hardening to break through the shackles of the peak of the fifth rank, becoming a sixth rank realm Illusionary Spirit Master, the divine blood in his body completely replaced by the power of faith!

Super Son-in-law Chapter 2247-2248

Chapter 2247

‘Carrying the faith of all the people, while achieving ourselves, the people must likewise conform to public opinion, otherwise we would have no meaning to exist, and without a meaning to exist, why would they continue to believe in us?’

‘All members of the Sea Tide Immortal Palace, follow me to the capital!’

‘Kill!’

Hundreds of streams of light streaked across the sky like a bright meteor shower, marching towards the capital!

Anyone who looked up at the sky in China could see this scene, the bright streams of light were as dense as rain, as if they were tearing apart the endless darkness of the sky!

This commotion even disturbed the immortal slaves of the major divisions, but they were all unmoved, and even somewhat disdainful of the sea tide members and their actions.

In the words of a true immortal slave: a group of pitiful beings who had lost their divinity and survived on faith were no longer immortals the moment they lost their divinity, and if an immortal was no different from a mortal, then he was a human, not an immortal.

Lin Liuli looked at Lin Hao who left in anger, and even more so when she felt the dense breath sweeping in the direction of the demon capital, the corners of Lin Liuli’s mouth rose slightly, revealing a heartfelt smile, ‘Sister, you still lost this time, oh.’

Outside the Dragon Sect branch in the Northern District!

‘Stand still!’ Two Dragon Sect cultivators? Shan Aiyi Aiyi grasping Er Yi covering? They stopped the way of Lin Hao’s father and daughter: ‘The special division is an important place, no idle people are allowed to enter!’

At the same time an older soldier said to Lin Hao in a serious tone, ‘Young man, it’s dangerous out there now, go home quickly, if you can, it’s okay to leave the capital for now, it’s not peaceful now.’

‘Thank you, I know this.’ Lin Hao gently dropped his head and took out his officer’s card as well as the Dragon Lord Order from within his consciousness space.

The moment they saw the Dragon Lord’s Order and the officer’s card, the two soldiers stood up straight and saluted with a swish, surprisingly the person holding the Dragon Lord’s Order had come, at last there was someone who could take charge of things.

After they were clear about the name on Lin Hao’s officer’s card, they were both excited, ‘It’s General Lin, oh my god, I didn’t expect you to be so young General Lin, quick, please come inside, the capital is in chaos now, it’s great that you’re here.’

‘Take me to see Wu Liang, and also contact Zhao Chen, the Dragon Sect’s capital town guard, to come and see me.’ Lin Hao went in and found Zhao Yuanlong who was worried as well as about to hang.

He no longer had the strength to communicate with the Qingyun Heavenly Palace and therefore had no idea that it had already made its move, a stream of light was falling from the sky and the Qingyun Heavenly Palace had once again manifested itself!

The divine haze of light was like a sharp blade tearing through the darkness of the capital.

‘Lin, General Lin!’

‘Greetings to the Immortal Emperor!’

When he saw Lin Hao enter, Wu Liang, who was originally worried, was instantly overjoyed, that’s how excited he was, Zhao Yuanlong was also excited badly, the Palace Master had come, then there was still a possibility of this matter being resolved.

Zhao Yuanlong was so excited that he wanted to stand up and salute, but because he was so weak, it was killing him to move.

‘You are badly injured, so you don’t need to get up and curtsy.’ Lin Hao raised his hand and punched a small inscription containing the power of faith into Zhao Yuanlong’s body, it was the Yin Water inscription.

Previously, Lin Hao had never given him this inscription replica.

After Zhao Yuanlong punched in the Yin Water inscription, his body was enveloped in a soft white light, Zhao Yuanlong's injuries were rapidly repaired at a speed visible to the naked eye, and his breath began to flow back continuously, but in a short period of time, not only did his power return to its peak state, but he even broke through and became a Peak Illusionary Spirit Master of the fourth rank.

Zhao Yuanlong knelt down on the ground in excitement, 'Thank you Immortal Emperor for granting the inscription to my subordinate, my subordinate's incompetence please ask the Palace Master to reprimand me, I failed to complete the task you gave me, and I even let two of my companions get killed ah.'

'Get up, you're not to blame for this, I've already asked Chen Bei Xuan to lead the men down, reinforcements have also been sent from the Sea Tide Immortal Palace, you go on your mission too, I only have one request! Kill these madmen, even if you die, protect those ordinary people for me, got it?'

Lin Hao's tone was forceful and unquestionable.

Chapter 2248

'Don't worry, Immortal! I've ruined a mission, I'll finish it this time! But, Immortal Sovereign do we really have a chance of winning? That old thing from the Qin Clan is a powerful existence of the middle sixth rank, and there is a vague feeling that there is an even more powerful existence behind him.' Zhao Yuanlong swallowed hard.

Wu Liang on the side was so frightened that he almost didn't pass out straight away.

A fifth-ranked Illusionary Spirit Master was already terrifying enough, but now a sixth-ranked Illusionary Spirit Master had sprung up, and there were even stronger ones?

How could I be so miserable?

When he was working in the Demon Capital, his district was the first to have an outbreak of immortal slaves devouring blood, so he was easily transferred to the capital city, only to have an outbreak of immortal slaves here as well, and it was even more horrifying!

What a sin!

‘Winning or losing a war is never decided by just one or two strong men, we can afford to lose! Winning we can win just as well, go and execute.’ Lin Hao waved his hand as Zhao Yuanlong departed.

After Zhao Yuanlong left, Lin Hao was also worried, knowing that this time things were difficult, otherwise Lin Liu Li could not have? 伍拂扒珊染洱染依? d say that.

The stronger place Zhao Yuanlong said was the person behind the curtain, and Lin Hao could feel that the person behind the curtain might be stronger than Lin Liuli!

‘Chief, phew, you’re finally here, I don’t even know what to do, the ordinary people are in chaos, the Dragon Sect branches are being slaughtered, and the top brass are making a lot of noise, what do you call this?’ Zhao Chen arrived at the Northern Division and

was relieved to see Lin Hao, and when he came over, he had already seen a large number of strong people from the Qing Yun Heavenly Palace descending from the sky and joining the battles going on everywhere.

Lin Hao's face was ugly: 'What's all the noise over at the top? This is in such a mess, and they still have the heart to argue?'

Zhao Chen's face showed bitterness, 'Things broke out, I was the first to lead my men to protect the Dragon Master, but, the Dragon Master has disappeared, now the capital has no leader, they can't convince anyone, they can only fight on their own.'

'No less than ten people have given me orders since now, but I don't even know who to listen to, so I simply don't listen to anyone unless the Dragon Lord appears or takes out the Dragon Lord Order.' Zhao Chen was also incomparably helpless, he had now dispatched all the forces of the Capital Town Guards.

But the losses were just too heavy, the close guard regiment responsible for the security of the capital had already lost more than half of their lives, the capital was stained with blood ah.

'Have these bastards gone mad! Do they want to hold the Emperor to ransom?' Lin Hao was utterly furious, the Dragon Lord had disappeared and no one dared to easily re-elect a Dragon Lord without confirming what had happened to him, but this created a stalemate, the group had no leader and no one could do anything about the lack of one.

Without the Dragon Master's order, it is useless even if you have prestige!

If you can't control the situation in the capital for a long time, the impact will spread throughout China at a terrifying rate!

Wait!

Lin Hao suddenly thought of something and burst into a cold sweat: 'I know what these monsters want!'

'What is it?'

Zhao Chen asked in a panic, the purpose of these immortal slaves making such a big commotion naturally couldn't be simple, but this also made him even more worried.

They wouldn't want to take in the entire China, would they?

'He wants to feed on the living beings of the entire Divine Continent for blood, raising immortal slaves from all districts, rebuilding the Immortal Court and turning the entire Divine Continent into an immortal court.' A haze of light fell, and without any disguised appearance, Lin Luli just appeared in the Dragon Sect's northern district branch.

'What! The entire divine state is blood-eaten at the cost, are they really immortals? They're just a bunch of brutes, trenchless butchers! Not even the Shura Evil Ghosts are that disgusting!' Zhao Chen was in a cold sweat.

Lin Hao's cold sweat also fell, he was just guessing, but he didn't expect it to be true, Lin Liuli had said it herself, so it was a no-brainer.

No wonder Lin Liuli kept stopping him from making a move, and even more so from making a rash move, it turned out that there were more people than just those thousand or eight hundred, or ten thousand or eight thousand, but all living beings!

What kind of crazy person would be able to do such a thing? To turn a territory of more than 90,000,000 square kilometres into a purgatory, and 130,000,000 living beings into a blood meal!

Super Son-in-law Chapter 2249-2250

Chapter 2249

Now that's a real demon on earth!

'Who the hell is the person behind this?' Lin Hao's face was incomparably gloomy.

'The princess of the Lunar Wheel Immortal Palace, the surviving immortal emperor of the Immortal Court, the Lunar Wheel Immortal Palace is one of the twelve immortal palaces of the Ancient Immortal Court, with a territory of thirty thousand miles, its princess is monstrously powerful, and she, too, is my sister.' Lin Liuli wasn't hiding anything.

Lin Hao was stunned, your sister?

The two sisters noticed it was really big, although Lin Liuli was a little more indifferent, she had an immortal aura and didn't really disregard the living beings, but her sister, on the other hand, really regarded mortals as mere ants and grass, not worth mentioning.

Lin Hao was silent, nowadays it seemed that apart from Lin Liuli, no one could stand up to that terrifying being, Lin Cangdou and the others were equally caught up in a fierce battle and the situation was getting worse, there was no way for them to evacuate the battlefield.

'Don't look at me like that, I was once like that, only now that the Underworld Spiritual Domain has consumed all my divine blood, this is what makes me look like a human being, she is an Immortal Djinn who has existed since the time of the Ancient Immortal Court, humanity is something that she has never had.' Lin Liuli stretched her hands, expressing her helplessness.

'There are only two options now, one is to have all the people of China, move to the God Realm, just the River God Spirit Realm as you call it!'

'The second option, we kill the Twelve Immortal Palace, the Moon Wheel Immortal Palace, but there's a lot more to do, we must get all the immortal slaves scattered throughout the districts, to the Moon Wheel Immortal Palace! But the second option is easy to fail, I am not a match for my sister now.' Lin Liuli stared intently at Lin Hao and repeated once more, 'We could all die! When that happens, no one will be able to stop my sister anymore, and at the same time, everything you hold dear will be destroyed!'

‘If we really will die, then we will die together!’ Lin Hao waved his hand, his precious sword surging with haze and sword aura!

He still had one last move!

Ai closed serve Lu closed land Shan closed? That was the sheepskin book!

To kill the Twelve Immortal Palaces, if there was really no way out, then he would directly use the Sheepskin Book, which was tainted with the real Xuan Yuan Sword’s breath, even if Xie revealed even a hint of it, it almost killed the sea tide members, this was the real killer move!

And the other party had stayed at the Moon Wheel Immortal Palace, not daring to come out in person, which should be because they were afraid of the threat of this Regulus Sword!

The other party had already figured out a way to eradicate the curse of the Regulus Sword. The Regulus Sword was beheading immortals for the sake of people, but if all the people were dead, what was the point of its continued beheading of immortals? What is the point of his existence?

The other side’s devouring of the whole of China’s living beings was only the beginning, what they wanted to do was to devour the entire world’s mortal living beings, all of them! To forge a true immortal court, no, it would be more appropriate to say a true hell!

Lin Hao couldn't imagine a world like that, I'm afraid the world then would be a thousand times more terrifying than the real Underworld Hell he had seen!

'Haha, stinky brother, don't get ahead of yourself, I don't want to die with you, there is a third way, it was you who gave me the belief to have the courage to carry out the third option.' Lin Liuli laughed softly and patted Lin Hao's shoulder, like an elder, and said in a serious tone, 'Make sure you find a solution, I know what you're thinking, don't use that thing against her, otherwise, you'll never be able to undo the curse again.'

'What!?' As soon as Lin Hao's words left his mouth, Lin Liu Li had already left.

Lin Hao seemed to have known what was going on and rushed out like a madman, but Lin Liuli's figure was long gone.

Lin Luli's voice also drifted from afar, 'Lin Hao, remember, give everything for those you care about, fight against strong enemies, even if you know it's death, there is no regret, this is your first heart, and don't forget it.'

'We are all insignificant grains of dust in the flood of years, the direction of the times is not something we can change, right or wrong will be judged by future generations, the ultimate direction of the times is not ours to influence, we can only hold what we can hold, farewell, remember to think of me.'

Lin Hao stood frozen in place, looking gloomy, what Lin Liuli had gone to do Lin Hao had already thought of it.

Chapter 2250

This was the second time they had met with Lin Liuli, and the time they had spent together was not even enough for a week, but Lin Hao had a vague feeling that this might be the last time they would see each other.

At that moment, a stream of light descended from the sky, and the sound of neat stepping came from around them, so resounding and neat that even the ground was faintly trembling!

‘Chief, are you all right?’ Descending from the sky was Zhu Que, and she had brought someone with her, none other than Lei Ling, who had arrived from Jinling.

Lei Ling looked equally worried when she saw Lin Hao’s pale face.

‘Reporting to the chief, all members of the Vermilion Bird group are present, please give instructions!’

A loud voice rang out from outside as the entire Vermilion Bird Group sped over from the Thunder Splitting Mountain Spiritual Domain to reinforce them.

The immortal slaves from the various regions of China were still watching at this point, seemingly waiting for the final outcome of the events in the capital to be decided before they made their stand.

‘Let’s have the troops protect the people and evacuate the capital, followed by the troops and the people evacuating the city together.’ Lin Hao gave a bitter smile.

Zhuque wrinkled his brows, evacuate? They had travelled thousands of miles to get here, and now they were just arriving to tell them to evacuate?

This capital city was now in a sea of fire, in the middle of a blaze, how many people were fighting and holding on, didn’t they want to evacuate?

They wanted to, very much so! But they couldn’t retreat!

Because behind them are the unarmed people! They could not retreat, only forge a defence with blood and flesh to protect the people behind them!

‘Yes, Chief, I will give the orders word for word, but whether they are willing to retreat or not is beyond my control.’ Jubilee saluted and quickly departed.

‘All hands on deck! The same orders that were given to you earlier are the same orders that were given to you! You may evacuate! But if you do not evacuate, then hold on to the weapons in your hands and do what you think you have to do to guard what you have to guard! Let’s go!’ Lin Hao’s roar, mixed with thick spiritual energy, resonated throughout the capital, and everyone heard Lin Hao’s words!

Immediately afterwards, thousands of people roared, ‘Do what we should do, guard what we should guard! Kill!’

Then, all those fighting in the entire city were shouting in unison, the roar of anger and reluctance seemed to tear apart the darkness, and the sea of fire was shaken to the point where the flames shook. The fires were shaken to the point where they were shaking. The fires were shaken to the point where they were shaking, as if they were going to go out in a flash.

This night, the night sky of the capital was as dark as ink, even the raging sea of fire could not light up the night sky.

This night, the hissing of tens of thousands of people shook the heavens, the sky was still as black as ink, but a glimmer of dawn lit up in everyone's heart!

Although reluctantly, Lin Hao had no choice but to let Chen Xuanfeng personally protect Lin Ruo Shi, and what Lin Ruo Shi had to do was to tear through space with her bare hands, unfolding a spatial rift and forcing these immortal slaves back within a limited range at great cost!

At the same time, the Qing Yun Heavenly Palace blossomed into an astonishing divine light, a terrifying and gigantic heavenly palace enveloping the sky above the capital, a dazzling divine light blossoming just like a huge and incomparable sun appearing above the capital!

The momentum of the Qing Yun Heavenly Palace fell with it, and those immortal slaves were all subjected to tremendous suppression, their divinity was also strongly suppressed, causing their combat power to plummet!

The moment the Qing Yun Heavenly Palace appeared, countless immortal slaves within the immortal mansion were shocked, that was the aura of the Ancient Immortal Court, that old thing Chen Bei Xuan, had he really given something so precious to that kid?

Lin Ruoshi walked in the void, with her bare hands she could tear apart the spatial barriers, and even more so, she withdrew countless spatial turbulences, like clouds floating with a dream, but in Lin Ruoshi's hands, it was a weapon of terror to the extreme!

Chen Xuanfeng, who had come to protect Lin Ruoshi, was scared out of his wits and fled a kilometre away, was he sure he had come to protect this little girl?

This little girl still needs protection?

Are you kidding me?

Tearing through space with his bare hands and using spatial turbulence as a weapon, who could get close?

Even if she was really close, she could just rip through space and vanish directly into the void. Who would dare to chase her unless they were tired of living, no one would dare to easily vanish into the void and let the terrifying spatial turbulence tear themselves apart.
