

Super Son-in-law Chapter 2271-2280

Chapter 2271

' ? Wu Lu 0 Yi Fu Shan Wu Dye ? Xiaorou come with me.' After Qin Yuan left, Qin Bingyu took Qin Xiaorou away.

Hearing Qin Bingyu's words, Qin Xiaorou was terrified, 'Sister Bingyu, I, I didn't think like that, Sister Bingyu I really didn't ah, I was wrong.'

Qin Xiaorou was really frightened, she knew everything that was going on in her mind, it was too scary.

'Oh, you are forged by me, any thoughts you have let me know clearly, but the old ancestor doesn't know ah, I can't, but you can ah, let go of it, I support you, whatever you do, you must know the right amount and remember that it was me who helped you up, got it ?' Qin Bingyu looked at Qin Xiaorou in an inexplicable way.

Qin Xiaorou's eyes lit up and she stared straight at Qin Bingyu.

Qin Bingyu gave Qin Xiaorou a look that could only be understood but not spoken, and then hurriedly left.

At the Lin family, Lin Hao found Ling Yun.

‘Something you want to ask me?’ Ling Yun’s tone was clear and cold, her expression was indifferent, it was just already considered good, if it was anyone else, he would probably be more overbearing and indifferent.

‘Right.’ Lin Hao didn’t hide: ‘So far, Lin Liuli’s victory or defeat is related to our ultimate direction, now they will make moves but don’t dare to make a big show of it, but once Lin Liuli fails, then the other side won’t have any scruples, so Lin Liuli must not lose!’

‘Firstly, I can’t beat the Moon Wheel Fairy even if I join forces with Lin Luli, secondly, it’s useless to beg me, I can’t convince that dead woman, and thirdly, you’d better go beg that dead woman yourself.’ The dead woman that Ling Yun spoke of was naturally Qing Shirt.

Now Ling Yun had directly broken the jar, not calling out to her sister, let alone her lord, and directly calling out to the dead woman in one breath.

‘I only beg you for one thing, can you open the empty door of the Moon Wheel Immortal Palace? I want to go in and intervene in the battle between them! I’m sure of it.’ Lin Hao stared intently at Ling Yun.

It was almost time for the Parchment Book to reveal itself, just a drawing of the construction of the Xuan Yuan Sword, but to these deities who had lost their humanity, it would be a fatal blow, even revealing themselves would be enough to weaken their power!

Lin Hao could only gamble, otherwise Lin Liu Li would really lose!

‘Are you crazy? Where did you get the confidence to take it away!’ Lin Hao took the sheepskin book out before Ling Yun finished speaking, an uncomfortable feeling surged, making Lin Hao hurry to take it away with great displeasure: ‘Surprisingly, it’s something related to Xuan Yuan Sword, no wonder it feels like there’s always a hint of discomfort on you.’ Lin Hao was a little surprised, weren’t they beyond the Xuan Yuan Sword curse? How come they reacted so badly too?

Ling Yun told Lin Hao that it was true that they had transcended, but after all, it was a sword that was dedicated to killing gods and immortals, they would also feel an immense discomfort and disgust, it was an instinctive resistance.

Lin Hao explained his intentions, and Ling Yun probably understood Lin Hao’s purpose, but was still a little hesitant: ‘The might of the battle of the gods, that even a trace of it escaping, is incomparably terrifying, let alone a god from ten thousand years ago!’

‘The range of your sword casting sheepskin book is estimated to be limited, before you can get close, I’m afraid you’ll turn into flying ashes, even I wouldn’t dare to go around, otherwise why wouldn’t Qin Yuan and the others return to the Lunar Wheel Immortal Palace and come to Jinling instead?’ Lin Hao’s solution was indeed considered a solution, but Ling Yun didn’t think highly of Lin Hao at all, let alone think that Lin Hao would be able to complete this task.

‘Don’t worry, I can’t die, I have to try, this is the only chance!’ Lin Hao didn’t want Lin Liuli to lose, and then it wouldn’t just be Lin Liuli who would lose, but the whole set.

‘No, I still don’t agree.’ Ling Yun still refused, ‘And don’t you understand? The Moon Wheel Immortal can’t walk into the world at all, otherwise the Xuan Yuan Sword doppelganger will surely find her, Lin Liuli doesn’t need to go to the Moon Wheel Immortal Palace to find her for a battle at all, maybe they originally wanted the Moon Wheel Immortal to swallow her.’

‘Even if that’s true, then it’s still to die with the Moon Wheel!’ Lin Hao was more willing to believe his own speculations.

Chapter 2272

‘Wouldn’t that be the end of it? Wouldn’t it be the perfect ending for the two of them to die together.’ Ling Yun couldn’t figure it out, if they died together then it would be over, what was the point of dwelling on it, why risk it!

‘She is my family.’

Lin Hao convinced Ling Yun with just five words, family?

The only family in the world now was that dead woman, how ironic that the two were like enemies in life and death.

Lin Yun agreed, but still told Qing Shou a word, to which Qing Shou replied with only two words: As you wish!

The three of them packed up and rushed straight to the capital, Lei Ling was left behind, when Lei Ling was at full blast, Chen Xuan Feng might not even be her opponent, he had to leave one at the Lin family to calm down the scene, he also told Vermilion Bird and the others about Lin Hao's departure, telling them to wait and see what would happen first, try to control the situation and deal with them without angering them too much.

What he was going to do when he travelled to the capital, Lin Hao did not explicitly say.

Arriving at the capital in a hurry, he did not make any stops, but crossed over to the capital? Xi Serving Zha Lu Fu Yi Shan Zha? , rushing to the ice-covered Northern Capital, the fringe of China, where one of the empty gates of the Lunar Wheel Immortal Palace was located!

'This is it.' Ling Yun stopped at the top of a white-capped snow-capped mountain, 'This is one of the empty gates, but I know that the empty gate is here, and even I can't get in without the guidance of a true immortal slave of the Moon Wheel Immortal Palace, but your daughter can.'

'Really? What do I have to do sister.' Lin Ruoshi blinked her big black eyes, a little happy, so she was so powerful, right?

'Forcibly tear open the empty door and let your father in.' Ling Yun also pointed specifically, 'From here, just tear open about this big, don't tear too big, otherwise it will cause the space around the empty door to shatter and the turbulence to destroy the door.'

‘Okay da sister.’ Lin Ruoshi, with her cute little gloves, stepped on the snow, as the snow was thick, the little girl had some difficulty walking.

The little girl stretched out her hand, seemingly soft and weak, but gently tore open the space of the empty door with her bare hands, and after tearing a gaping hole, a violent ripple appeared and the empty door appeared!

‘We will guard here, your daughter will constantly maintain the existence of this empty door, you will return alive or I will kill all your family!’ Ling Yun spoke with an eerie cold killing intent bubbling all over her body.

Lin Hao’s brows were furrowed, his family was his eternal scales, worrying about himself was fine, but using his family as a threat made him incredibly unhappy, and looking at Ling Yun’s tone and expression, what the other party said was true, if he really did hang up, then she would really do it!

‘You won’t get that chance.’ Lin Hao didn’t say any more and dived head first into the empty door.

After a short period of dizziness, Lin Hao had appeared in another, even more expansive world.

‘It’s cold!’

Lin Hao, who had just entered it, couldn't help but shiver, it was so cold that the breath he exhaled turned directly into ice crumbs and fell down.

It was already cold enough around this northern capital, but he was still able to use his spiritual qi to ward it off, compared to here, it was nothing compared to here, and using his spiritual qi here was also unable to ward off the cold.

Lin Hao was shivering and breathing heavily as he looked at the scene in front of him, incomparably shocked by the fact that one of the bright stars inside was extremely huge and incredibly close together! And all around these planets was a void of darkness, a cold, dead darkness.

This was the Lunar Wheel Immortal Palace?

Very soon, Lin Hao discovered something very miraculous, the nine huge stars of different sizes inside here were actually arranged in the pattern of the nine planets of the solar system, corresponding to the nine planets of the solar system one by one.

Of course, the stars here, including the pitch-black frontier, were only 30,000 frontiers in total, so it could only be said that this was a scaled-down version of the solar system that had been modelled on.

Not far away, a bright moon hangs high in the starry sky, and there is a big tree above it. Next to the tree is a bleak and cold palace, which makes people feel cold and sad, just like a prison or an ancient cold palace.

Super Son-in-law Chapter 2273-2274

Chapter 2273

This is the Moon Palace?

‘My dear sister, don’t struggle, my sister I have waited tens of thousands of years in the lonely Moon Palace, surviving until the Immortal Court shattered, and 23,000 years after it did!’

‘Why! Why is this cage yet never willing to let me go!’ A cold, hideous, even somewhat maniacal voice resounded throughout the entire space.

As that woman’s voice rang out, the temperature within the entire realm plummeted by tens of degrees once again, and Lin Hao was so cold that he could barely shake because he was meowing too cold ah.

‘You’re the one who should give up your struggle! Do you really think Regulus will let you go? Can you escape the curse of the Xuan Yuan Sword?’ Lin Liuli’s voice echoed, and a phallic phase lit up from the simulated Venus.

‘Hahahaha, curse, hahaha? Yi closed dyed Ai Wu zero cover the ground?!’ With a maniacal laugh, the Moon Palace violently protruded a billowing belt that covered the sky and rose against the wind, striking straight at Venus!

The space around it shattered, the seemingly flimsy ribbon had such a terrifying power!

An earth-shattering explosion rang out as Lin Liuli's shadow phantasm collapsed, Lin Liuli struggling to resist, while the ribbon was falling inch by inch, and before it fell a single inch, the space around it shattered beyond recovery.

Some of those beings had reached the level of immortal slaves, but their dao had also crumbled with them!

This terrifying strike made even Lin Hao tremble as he watched, in addition to possessing the power to destroy the heavens and the earth, this attack had traces of directly wearing down the Dao! A single strike shattered a dao!

A rainbow bridge forged in gold crumbled, no fancy attacks, just a simple strike that could not be simpler!

But this blow directly shattered Lin Liuli's mastery of the Dao, and as Lin Liuli's Dao crumbled inch by inch, her aura began to wilt!

Is this the battle of the gods? The battle of the Great Dao?

It turns out that only now have they truly gone to war, and it won't be long before Lin Liuli's Dao completely crumbles and will be completely devoured by the Moon Wheel, and even more so when they go to the lengths of destroying a star in order to kill Lin Liuli!

‘Sister, do you all think I’m trapped here by the Xuan Yuan Sword? No! No! It was that bastard Immortal King who trapped me here!’

‘Of the twelve Immortal Palaces in the Immortal Court, why are the twelve Palaces the only ones not wiped out by the Xuan Yuan Sword! That’s because I was the poor man who was sent to the cold palace and imprisoned in this Moon Palace, and just because I was poor, I begged so hard for Regulus to kill me back then, but that man just wouldn’t do it!’

‘And Green Shirt! Haha, she’s no better, beaten into a heavenly prison by the Immortal King, her sister falling in love with him, and finally so cruel-hearted that she had to turn her own sister into her own immortal slave! Is that funny? That’s why we survived, and that’s why Regulus didn’t curse us, even Regulus didn’t bother to curse us!’ The Moon Wheel’s voice boomed, like a stern ghost’s angry cry, like a madman hissing in a frenzy.

The corners of Lin Hao’s mouth twitched fiercely after hearing this, nima, don’t make jokes like that, okay? I look like a former immortal king?

No wonder Ling Yun looked at himself oddly at first glance, and when Qing Shirt saw him, he also had the urge to choke himself to death.

It was a good thing that Green Shirt was calm enough to know that he and that bullshit Immortal King were not the same person.

The Moon Palace was actually a cold palace!

Lin Hao was speechless, it seemed that his feeling was right when he first saw the Moon Palace just now, it was really a cold palace, or an Immortal King's cold palace, bull shit.

Lin Liuli was also a little baffled, the reason why her sister couldn't get out was not because of the Xuan Yuan Sword's curse, but the Immortal King's captivity.

'The immortal court is shattered, the Xuan Yuan sword has not cursed you, the sky is high and birds can fly, there is nowhere in the universe you can't go, why do you still want to add to your sins!' Lin Liuli was in some pain, and did not know what to do.

'Killing sins? Just a bunch of mole crickets! Why didn't you talk about killing sins when the Immortal King wiped out several dynasties with his hand and killed a hundred immortals with his raised hand?' A domineering and overwhelming aura came from the Moon Wheel, 'Kill one as a sin, kill ten million as a king! I have survived until the last moment when the Immortal Court has been shattered for more than 23,000 years and the Xuan Yuan sword has been cursed, and no one in the world can stop me anymore.'

Chapter 2274

Swoosh!

An emerald green cold aura sped out from the Lunar Wheel Immortal Palace, the light was only the size of normal sword Qi, but it directly shattered the void all the way and struck the Golden Bridge with a bang, which crumbled and was swallowed up faster and faster.

At the same time came Lin Liu Li's harsh screams, but Lin Hao snapped back to his senses, it was over!

It's over!

The other side is not subject to Xuan Yuan? Close the service Lu Dyeing Yi Zha Dyeing? The sword curse, so what's the point of running here, the Xuan Yuan sword casting diagram is useless ah!

What to do what to do!

The sheepskin book is invalid, play a der ah!

Wait!

Wait a little longer, there must be a way!

And over there, Lin Liu Li's Golden Bridge Avenue had crumbled by a fifth, her realm plummeted to an incomparably terrifying level, from some realm all the way down to the point where even Lin Hao was able to see through it, leaving only the strength of the peak realm of the sixth rank.

There was still a few more days to go, it was estimated that in a few hours Lin Liuli's Dao would completely crumble, and the Dao's wound was almost irreversible, requiring long years to repair.

What to do! Watch Lin Liuli die?

Run while the other party doesn't notice him?

Death, anyone is afraid of it, and there is nothing to be ashamed of in fear of death, but he can't leave!

This Moon Wheel Immortal was not to devour Lin Liuli to break the Xuan Yuan Sword curse, but to devour her and break free of this Cold Palace ban!

Killing Lin Luli so that she couldn't get her way?

That doesn't seem to work either!

Buzz!

At this time, Lin Hao's Deity Sword seemed to be inspired by something, constantly trembling and wanting to sheathe itself!

Could it be that

‘I can’t, let’s gamble!’ Lin Hao gritted his teeth as his aura surged, give me that!

Isn’t part of the core of the Qing Yun Heavenly Palace the core of the Ancient Immortal Court? Lin Hao had gathered all the potential of the Qing Yun Heavenly Palace into himself, even draining the last trace of it!

Outside, the Qing Yun Heavenly Palace suddenly appeared above the Kyoto firmament, its dazzling haze reflecting and illuminating the entire earth!

Boom, ka-ching!

As the Qing Yun Heavenly Palace was drained of its momentum, the jade buildings hanging around it continued to crumble and fall.

‘Not good, shatter these fragments quickly to avoid widespread casualties!’ In the middle of the capital, a stream of light greeted the falling palace fragments, blasting out a powerful attack to minimise the damage it caused to the people as much as possible.

But the people of the capital were panicking once again, the Immortal Palace was, surprisingly, being destroyed?

Not only were they panicking, but even the Illusionary Spirit Masters were panicking too, had something happened to the Palace Master of the Qing Yun Heavenly Palace?

‘He actually borrowed the power of the Qing Yun Heavenly Palace, this, no, Xiao Shi you stay here, I’ll go and save your father, you have to be obedient make sure you maintain the empty gate know?’ Ling Yun saw this scene and knew that Lin Hao must have reached a life and death crisis point, otherwise how could he have borrowed all the potential of the Qing Yun Heavenly Palace.

‘Something has happened to the Palace Master’ Everyone’s eyes looked over the capital, and naturally, Chen Xuanfeng and the others noticed it, their faces pale with incomparable alarm.

On the contrary, Qin Yuan and the others laughed out loud, something had definitely happened to the Palace Master of the Qing Yun Heavenly Palace, that kid who didn’t know how high the sky was must have gone to the Lord, he really didn’t know how to live or die!

Wait, when this Qing Yun Heavenly Palace completely crumbles, it will be the moment when the old man will completely reveal his fangs and turn the entire divine land into a purgatory, so that the entire divine land will be turned into a purgatory and dedicated to the Lord, forging a supreme immortal path for the Lord!

All the immortal slaves were disturbed by the situation in the Qing Yun Heavenly Palace, and even Qing Shirt was alarmed, but Qing Shirt merely raised his eyes

slightly to look at it before quickly withdrawing his gaze, as if he was not interested in the slightest.

In the Moon Wheel Immortal Palace, a white-veiled Moon Wheel Immortal felt the familiar pressure and her face changed abruptly: 'This scent, it's impossible, it's impossible! He's dead, he's completely dead, how could he still be alive!'

Clang!

A shocking sword cry rang out as ten thousand feet of sword light lit up behind Lin Hao, piercing out from the abyss and penetrating the pale dome of the Moon Wheel Immortal Palace, the entire range of the Moon Wheel Immortal Palace was illuminated by the golden sword light.

Super Son-in-law Chapter 2275-2276

Chapter 2275

The sword roared and the inscriptions on its body blossomed with a dazzling and eye-catching light.

'A sword as a deity, this familiar terrifying aura, it's really him, why isn't he dead, why! Xuan Yuan Jian are you blind, you killed him, ahhhhh!'

The Moon Wheel Fairy roared in terror and then in a frenzied fury, her voice harsh and sad.

‘Bastard servant girl, kneel down for me!’ Lin Hao let out a furious shout, his voice rolling away like a yellow bell and reverberating violently throughout the Moon Wheel Immortal Palace!

With the appearance of the Sword of the Gods, the forbidden system within the Moon Palace seemed to echo with it, surprisingly strengthening the forbidden system and increasing the suppression on the Moon Wheel Immortal by a few more points.

‘You’re not him at all! Don’t pretend, how could he be so weak!’ Immortal Moonwheel was almost subconsciously about to kneel down, only she quickly reacted and stiffened up her back!

So what if he had the power of an immortal court king and the sword of an immortal king’s deity, but he was just a humble gnat with no divinity, no more than a mid-fourth grade!

Wait, no more divinity?

The Immortal King didn’t fall under the Xuan Yuan Sword back then, but was stripped of his divinity in such a way that even the Xuan Yuan Sword couldn’t help him?

Ling Yun had just entered the Lunar Wheel Immortal Palace when she suddenly saw the divine sword that erupted into ten thousand feet of sword light, as well as the magnificent body in the midst of that magnificent sword light, that familiar imposing momentum of the Immortal Court, and Ling Yun kneeled down in the air towards Lin Hao’s back completely by reflex: ‘Slave servant Ling Yun, pay my respects to His Majesty the Immortal King!’

After kneeling down and saying the words, Ling Yun herself was dumbfounded, a surge of shame raged, damn it, she clearly knew he was a fake, even if he had the same divine sword as that man, the same face, the same aura, it wasn't that man.

It was so humiliating, to give in to kneeling on the spot!

'Ling Yun you bitchy servant girl even came here! He, he can't be an Immortal King! Impossible!' Seeing Ling Yun's reaction, Immortal Moon Wheel also panicked, her mouth chanting that it wasn't true, but in her heart, she had completely panicked.

That appearance, that aura, and the deity's sword echoing the forbidden system, even if it turned into dust, she would still recognise it!

Lin Liuli, on the other hand, looked at Lin Hao dumbfounded, forgetting to resist, and fortunately, that Moon Wheel Fairy was also panicked and didn't intentionally whisked off to close the love steak west? There continued to apply pressure on her.

'Did he completely think about it? This aura can't be faked.' Lin Liuli was also in a state of would-be disbelief and self-doubt.

'Moonwheel, you bitchy servant girl who was sent to the cold palace, why don't you kneel down! Is His Majesty the Immortal King something you can offend? It seems you have been locked up for tens of thousands of years and still do not know how to repent! The Immortal King's ability to penetrate the heavens and the earth is merely the use of the Xuan Yuan Sword to achieve a higher self.' In her heart, Ling Yun was cursing her mother,

‘Bastard, taking advantage of me, remember that, I’ll deal with you when I get out! For now, let’s put on a show with you!’

Ling Yun had already understood that Lin Hao had borrowed all the power of the Qing Yun Heavenly Palace not for a life-and-death crisis, but to press people with his power!

The Moon Wheel Fairy was suddenly in a state of confusion, and it was still very believable, after all, even Ling Yun had appeared, this shouldn’t be able to be faked.

Lin Hao found that Lin Liu Li had stopped being suppressed and she was still there in a daze, Lin Hao wanted to curse his mother, didn’t he take the opportunity to run fast and wait for shi?

Lin Hao carefully gave Lin Liuli a gesture, let her come over ah, but the result is Lin Liuli head when the machine, did not respond at all.

‘Liuli, still not come to my side?’ Lin Hao spoke in a majestic manner.

‘Ah? Oh, it’s His Majesty the Immortal King!’ Lin Liuli was dumbfounded for a moment and hurriedly ran to Lin Hao’s side, respectfully following Ling Yun as she knelt next to him.

Immortal Moonwheel frantically smashed things and cursed Lin Hao in a mad rage like a madwoman, ‘Come on, kill me, so what if it’s the Immortal King! You’ve

imprisoned me for 50,000 years, isn't that enough? Why don't you just kill me! If you don't kill me, one day, I will torture you to death!

'I'm waiting for that day to come, so I'm not going to kill you.' Lin Hao turned to leave, his body was soaked in cold sweat, Mud, he couldn't pretend anymore, if he didn't run he was going to be exposed, and if the Qing Yun Heavenly Palace's power borrowed light for too long, later on the Qing Yun Heavenly Palace would have to completely collapse.

Chapter 2276

Lin Liuli's brain buzzed, Lin Hao suddenly thought of these things made her did not come back to her senses, and the avenue collapsed more than a fifth, consciousness are a little chaotic, head pressed to turn, but still know subconsciously followed to leave.

'Do not leave! No one of you is leaving! Stay here and kill me! Or I'll kill you all right now!' The Moon Wheel Fairy became even more frantic.

Damn it! Killing them was still okay?

'Run!' Lin Hao tugged Lin Liuli, and Ling Yun dragged Lin Hao in a fast and wild run.

Moon Wheel Fairy: ? ? ? ?

‘Bastards! You dare to play me! I’ll kill you all!’ Only then did the Moon Wheel Fairy, who had regained her senses, reacted, damn it, being played by these bastards, the key was that Lin Hao had just acted too much!

The Moon Wheel Fairy viciously threw out a standing posture, forcing Lin Hao and the three of them straight out, the space around them crumbled one after another, while the floating belt rose up against the wind, directly covering half of the Moon Palace, once again coming at a very fast speed.

‘Dad, run!’ Lin Ruoshi was also anxious.

Luckily, at the last moment, Lin Hao and the three of them finally broke out of the other side’s Lunar Wheel Immortal Palace!

But the moment they pulled out the Lunar Wheel Immortal Palace, the hairpin that had attacked came straight at Lin Hao through the empty door that hadn’t completely closed.

Buzz!

Er closed er whisked Lu Jie closed er? The Sword of the Gods was so eager to protect that it could not help but manifest behind Lin Hao.

There was a piercing crunch, sparks flew, and several inscriptions on the Sword of the Gods clicked and shattered into powder.

Poof!

Lin Hao was directly flung thousands of metres away in an instant as he was caught in the waves of this terrifying attack!

‘Dad!’

‘Lin Hao!’

All three of Lin Liu Li were dumbfounded by the scene before them, and the three streams of light followed closely behind, racing towards Lin Hao as fast as they could.

As Lin Hao continued to gush blood furiously on his way to bursting and sweeping, he even passed out directly on his way to flying backwards, the extremely cold aura burrowing into Lin Hao’s body, wreaking havoc and eroding everything in his body’s structure.

A great crisis of life and death! ‘Give me back!’

A terrifying chant boomed through the Moon Wheel Immortal Palace!

Two huge stars crumbled into nothingness in an instant, the world collapsed, and those original beings were instantly turned into flying ashes!

These were the beings that had been created by the Moon Wheel Immortal Palace, and thus created. In the eyes of the Moon Wheel, those things were no better than mere ants, so they were destroyed.

At this moment, the Moon Wheel was furious that he had been deceived, deceived by that son of a bitch!

The Immortal King was dead, long dead!

There was no way that could have been the Immortal King, and even if it was, it was just a wisp of a reincarnated remnant soul, not to mention that everything that belonged to him in his time had long since ceased to exist, and that he had been deceived by the other party's foxes and tigers!

But it was enough to see how powerful an existence the Immortal King had been for a long time, more than 20,000 years ago, when one person set the life and death of a thousand immortals and the reincarnation of the world's living beings.

'The hairpin, where's my hairpin!' Moonwheel roared in anger, as without her hairpin, her long hair scattered to the ground and covered her face, looking even more terrifying than Sadako crawling out of the television set, especially in this cold and silent palace, with the surrounding area all showing a clear and cold light, adding a bit of terror to her.

She couldn't be sure if she could kill the false immortal king with that blow, but the key was that her treasure, the Phoenix Dance Flower Pin, had also been lost, lost, just lost!

The most unbearable thing was that Lin Liuli had also escaped, so who would she swallow? If she couldn't swallow Lin Liuli, she wouldn't be able to break through to a higher level, break the Moon Palace ban set by that bullshit Immortal King, and she wouldn't be able to leave this place, so how would she be able to dominate?

She had no way to devour the immortal slaves under her command, who were now tainted with divinity, and devouring this impure divinity commanded her to become insane, a slave to the divinity of the Great Dao, more terrifyingly powerful than the immortal slaves, but also no longer conscious, becoming a puppet of the Great Dao, commonly known as, the Dao Slave.

'There's still a way, there must be a way!' The Moon Wheel Immortal was still muttering and tugging at her hair, there must still be a way!

Super Son-in-law Chapter 2277-2278

Chapter 2277

The hatred and resentment that had built up over ten thousand years had made her mad and abnormal, and she wanted revenge, especially since Lin Hao's pretence of being an Immortal King had stimulated her most sensitive nerves, the most intense pain hidden deep within her heart.

Apart from achieving supreme immortal supremacy and dominating the lives and deaths of billions of living beings, she wanted to torture Lin Hao to death, and pull him back from reincarnation after he died, to continue the torture!

Eat that bastard's flesh and blood one bite at a time, then let it grow well and continue eating it again!

'There it is!' The evil thoughts of hatred, augmented by the obsession to break the ban, had really made her think of a special way!

Call upon the voice of the Great Dao, draw upon the divine nature of the Great Dao, achieve a stronger Immortal and forcibly break the horrific ban!

When she was imprisoned here because she was pitiful, plus her divinity was not strong, Xuan Yuan Sword ignored it? The intention was to close the service and dye the service to Lu Xi'er? She was not a good person.

Since Regulus Sword ignored her, what was the point of her worrying about drawing on the divine nature of the Great Dao?

'The Way of the Stars! I call upon you as a star deity, descend your divine light!' The Moon Wheel Immortal's long hair flew up and her white dress tossed in the air without wind!

The entire Moon Wheel Immortal Palace suddenly blossomed with a dazzling starlight, and what had been mostly a place of death and darkness, all emitted a dazzling starlight, like a sea of stars, with the light of the stars shining over 30,000 miles of territory!

In the spatial turbulence outside the Moon Wheel Immortal Palace, wisps of starlight converged, and a purple thunderbolt containing the power of annihilation rapidly converged.

Ka-ching!

Where a thick purple thunderbolt passed by, even that spatial turbulence took the initiative to avoid it with a loud boom!

The terrifying purple thunder fell, hardening the void that connected the Moon Wheel Immortal Palace, the purple thunder fell from the heavens and struck straight at the location of the Moon Wheel Immortal Palace.

Buzz!

The Moon Wheel Immortal Palace trembled violently, and a glorious light rushed out from the Moon Wheel Immortal Palace, forming a haze canopy, surprisingly blocking this amazing purple thunder hard.

There was a click!

The purple thunder dissipated, and a crack appeared in that haze of heavenly curtain.

‘No one can stop me! Not even an Immortal King! Come on, O power of the star dao, descend your divine light! Defeat this forbidden system and I will honour you as my Lord!’ The Moon Wheel Immortal opened her hands and called out with a fierce face.

Brush!

Several more purple thunderbolts fell, and the canopy was once again weakened. The canopy of haze was the steel cage that imprisoned this Immortal Palace, and by invoking the Great Dao thunderbolts, the Moon Wheel was not only able to defeat this forbidden system, but also to raise the Moon Wheel’s strength to another level!

But in the next second, the Moon Wheel froze.

What happened?

It was only three thunderbolts and it was gone?

That was impossible! How could the power of the Star Dao divine Origin be afraid of the forbidden system set up by the Immortal King?

It was impossible for the divine source of the Astral Path to be so small! The stars in the sky were all its divine source!

Suddenly, a sharp edge approached her, and a cold shiver ran through the Moon Wheel Fairy's body, a frighteningly cold aura, as if the slightest movement could cut her to pieces.

The Moon Wheel Fairy raised her head abruptly, her gaze becoming even more fierce as she hissed, 'Why! Why do you want so much of me!'

'Why not kill me and refuse to let me go! It's not fair, it's not fair!'

The Moon Wheel looked up at the sky and hissed with all her might, her aura exploding all around her, and if it weren't for the ban still in place, the Moon Palace would have been reduced to flying dust!

The Moon Wheel's skirt was flying, her long hair was dancing wildly, and her hair was exploding like steel spikes, making her look like a terrifying hedgehog or a fried chicken!

At this moment, the Moon Wheel Fairy was not as good as a fried chicken.

It was because the falling divine lightning had been stopped by an external force, the Xuan Yuan Sword, which could cut down Immortal Kings and break the Immortal Court!

The Xuan Yuan Sword hung above the turbulence outside the Moon Wheel Immortal Palace, and under the compelling sharpness, the Great Dao Divine Lightning dispersed, and the Xuan Yuan Sword just hovered outside the Moon Wheel Immortal Palace, directly not going away!

‘To lose one’s humanity and be reduced to a slave of the Great Dao controlled by divinity, I will not allow it, what does the rest have to do with me.’

Chapter 2278

‘Bah! You’re no different from an inhuman slave! Don’t try to ruin my good deed!’ The Moon Wheel Fairy was completely furious, but the Xuan Yuan Sword did not move anymore, no matter how much the Moon Wheel Fairy scolded the street, the Xuan Yuan Sword just did not move.

The Moon Wheel Fairy was so furious that she was like a shrew scolding the street, not even half of her fairy appearance.

This was a poor person who had been imprisoned for tens of thousands of years, and an existence that was being driven mad by this lonely captivity.

‘I’ll get out, I’ll get out! I can never be in this world where even a speck of dust is familiar in? I will not be able to live in a world where even a speck of dust is familiar? Go on wasting my time!’

Terror!

In tens of thousands of years, the Moon Wheel Immortal had froze and familiarized herself with the microscopic dust of this 30,000-mile frontier, so it was clear how lonely and boring the time in it was.

A long lifespan is no longer a blessing, but the most cruel torture!

The icy lake outside the northern capital was destroyed by a terrifying force, the ice surface shattered, revealing the lake below that had not yet been completely frozen, countless fish swarmed densely to the gap to breathe fresh air, crowding the huge gap to the brim, a black press that was quite spectacular.

On top of this mass of fish heads was a man in green, covered in blood, already in a coma, his whole body frozen into a block of ice, not by the air around him, but by the precious Phoenix Dance Flower Hairpin stuck to his back.

The Phoenix Dance Flower Pin was one of the two treasures of the Moon Wheel Fairy, and the pin directly shattered several inscriptions on the Sword of the Gods, piercing through the Sword of the Gods and piercing into Lin Hao’s body. The Sword of the Gods lost consciousness due to the terrifying penetrating force and the freezing, and the Sword of the Gods dissipated and returned to silence in Lin Hao’s sea of consciousness.

All the way from the top of the highest snowy mountain in the northern capital, flung thousands of metres away on a strange icy lake.

The terrifying power had directly frozen all of Lin Hao's breath and life aura, and those fish were so densely trying to flock here for fresh air that the three of them sped through the air, going back and forth several times, searching extensively, but froze without finding Lin Hao's location.

'What to do, sister Liuli, where is my father, I want my father.' Lin Ruoshi searched for several circles, more than ten hours had passed, but nothing was found, but it was in this vicinity, but it was impossible to find, the key was that even Lin Hao's breath had completely disappeared, and this divine perception could not be perceived.

Lin Liuli was also anxious, and Ling Yun was even more anxious. The two of them were right beside Lin Hao at the time, and they knew exactly how terrifying the strike was.

They couldn't even withstand it with their full strength, let alone Lin Hao.

'It should have been the Moon Wheel's Phoenix Dance Liuhua Hairpin that injured Lin Hao and froze him together, that's why they won't find any of his scent, keep looking around for any differences or places that were damaged by the huge force.' Lin Liuli wrinkled her brow and spoke, she actually didn't have a clue in her heart, as she wasn't sure if this method would find it.

Even if she found it, was Lin Hao still alive.

‘Xiao shi isn’t afraid, your father is the son of heaven’s destiny, he won’t even die if all the people in the world die, he’ll be fine alright.’ Ling Yun looked at Lin Ruoshi desperately trying to hold back her tears, Ling Yun’s heart was aching, patiently comforting Lin Ruoshi, in fact the worry in her heart was no bigger than Lin Ruoshi, saying these words, even she couldn’t convince herself.

Lin Liuli glanced at Ling Yun and said in her heart, ‘I guess you don’t even believe what you are saying.

But Lin Liuli did not dare to expose it, she also held the same fantasy in her heart.

At the endless source of the River Styx, in the boundless sea of blood, the delicate woman sitting on top of the red dragon opened her eyes, her eyes like water but surging with a killing intent so strong that it was solid.

But in an instant, the killing intent dissipated and her clear eyes were filled with longing and love: ‘Is my husband here? Are you still playing hide and seek with me?’

Super Son-in-law Chapter 2279-2280

Chapter 2279

‘Hey, surprise, surprise, your husband is here, but I’m hung up again, ahem.’ Lin Hao awkwardly walked out from behind Shen Xiyan.

Shen Xiyan was so surprised that she hurriedly stood up and turned to hug Lin Hao, but her body surprisingly went straight through Lin Hao's chest, not even touching it.

Shen Xiyan's movements froze violently, and then a shocking killing intent erupted around her body, 'Who did this!'

Boom!

The sea of blood around her roared, a heavenly pillar of blood erupted, and the terrifying killing intent surged out in all directions like a wave, raising a monstrous wave of blood.

Shen Xiyan was shocked and furious, someone had actually killed Lin Hao, and the one who came to the sea of blood was only Lin Hao's soul, how could this be tolerated?

Shen Xiyan waved her hand and injected a touch of divine light into Lin Hao's body, hardening Lin Hao's soul into a solid existence. Shen Xiyan jumped into Lin Hao's arms with heartache, her voice full of heartache with a choked sob: 'Who did this, tell me, I will avenge you, I will beat him until his soul flies apart!'

'Howl, howl, holy shit! You're a crazy bitch, aren't you?'

Wang Lao Er's miserable screams and angry curses rang out from the depths of the sea of blood.

'You're not finished! Damn it, it's not enough to kill me 800 times a day, but you're still coming! I'm fucking begging you to be a human being!'

'Shut up! Or I'll make it impossible for you to maintain your human form!'
Shen Xiyan shouted angrily across the air.

'I'll fucking thank you, thank your whole family!' Just as Wang Lao Er finished cursing, hundreds of doppelgangers exploded with a bang as the extreme killing intent tore all of his doppelgangers apart!

'Don't get excited, I'll only die once, it won't be a problem, your killing intent is so terrifying when you get excited, I'm scared.' Lin Hao brushed aside his mouth full of concern and didn't forget to comfort Shen Xiyan.

As for this place, he was familiar with it, he came here often, he came here for the first time, he had already gotten used to it.

Maybe, maybe, maybe Grandma Meng wasn't too happy about it.

'It's okay, I can control it, this power belongs to me originally.' Shen Xiyan's eyes dodged to avoid Lin Hao's gaze.

‘What’s wrong with you?’ Lin Hao wasn’t worried about his condition, he could go back if he couldn’t hang anyway, but he obviously felt that something was wrong with Shen Xiyan.

‘Nothing.’ Shen Xiyan waved her hand and didn’t say anything else.

‘Okay, then you can see me off, I’m looking for Grandma Meng to go back, I haven’t finished dealing with things at home, but don’t worry, I can handle it, don’t worry, wait here for me to pick you up and take you home.’ Lin Hao saw that she was reluctant to say anything, so he didn’t force it much.

‘Good.’ Shen Xiyan nodded and rose up with the dragon, leading Lin Hao towards the Sea of Blood, riding the wind and waves all the way, extremely fast, Shen Xiyan also wanted to slow her speed down a bit, but she was not insensitive and knew that the situation at home was critical, otherwise Lin Hao wouldn’t have come here with just his soul.

After a long gallop, Shen Xiyan sent Lin Hao to the edge of the sea of blood: ‘I’ll just get here, I can’t go any further, that Xuan Yuan sword won’t let me go, I won’t be able to accompany you on the road ahead.’

‘It’s okay, the rest of your life is long, you’ll have a long way to go with me. By the way, speaking of which there’s good news for you, I’m already looking for a solution to the Xuan Yuan Sword curse, and I’ve already found some.’ Lin Hao didn’t dare to take out the sheepskin book, otherwise the sheepskin book would reveal itself to the saints all of a sudden, how could this be? Shen Xiyan would definitely be injured because of it.

‘Really? Thank you for your hard work husband.’ Shen Xiyan didn’t show much joy, but she was quite heartbroken for Lin Hao.

Lin Hao wanted to say something but stopped, Shen Xi Yan had something on her mind and was not in a good mood, but Shen Xi Yan was not willing to say it.

‘Alright, I’m leaving then ah.’ Lin Hao gave Shen Xiyan a hug, his lips dragon? Yi Zhaosan dyed zero service whisked away? The dragonfly nodded at Shen Xiyan’s forehead.

‘Good.’

Lin Hao turned to leave, but Shen Xiyan suddenly called out to Lin Hao, ‘Hey Lin Hao, wait a moment.’

Lin Hao smiled as he turned his head to look at Shen Xiyan.

‘Hao, do you think that if one day, I am no longer me, you, will you still love me?’

Chapter 2280

‘Have you been here a while and your brain is wacked? How can you not be you, you are you.’ Lin Hao was a little confused by Shen Xiyan’s inexplicable remark.

‘I may not have made myself clear, I mean, if one day I am nothing, or not a complete person at all, just a remnant of someone else’s soul, or an object, you’ Shen Xiyan was gagged by Lin Hao before she could finish.

‘Well well I’m talking to you about business, don’t you’ Shen Xiyan was angry and anxious as she pushed Lin Hao away, why is this person like this?

Lin Hao smiled and stroked Shen Xiyan’s hair: ‘Don’t say silly things in the future, I love you.’

Lin Hao embraced Shen Xi Yan again and gently patted her back, ‘Okay, I have to go back, don’t think about such silly questions in the future, if you keep being so silly, I might really not want you anymore, let’s go.’

Lin Hao let go of Shen Xiyan and turned into a stream of light as he sped towards the lower reaches of the River Styx.

Looking at the rapidly departing Lin Hao, a smile of relief appeared on Shen Xiyan’s face, and the smile in her eyes penetrated to the bottom of her eyes.

‘This is what I, Shen Xiyan? Yiwu Di Serving Wu Lu Xisan? The man that Yan chose!’

.....

Lin Hao is the soul state, floating that called a fast ah, but this underworld river is really vast and boundless, spent a huge amount of effort, this only arrived at the front of the bridge of naihe.

The first thing I did was to look at the Meng woman, who was still busy, and Lin Hao was a little embarrassed.

At least she was also the doppelganger of the Queen Mother.

Lin Hao awkwardly followed the queue, and when it was finally Lin Hao's turn, Meng Po had just looked up with the soup in her hand and saw Lin Hao.

Meng Mo: (▼^▼×)Roll!

‘This, this isn’t very nice, Grandma Meng, this is an old acquaintance, not so much.’

‘Acquaintances, my ass! You’re a shitty person! You’re dead and resurrected, your soul has to go back, you can’t add to my performance, get lost, get lost!’

‘You think this bridge is your backyard, don’t you? You think this is your backyard? You’ve got nothing to do!’ Meng Po crossed her arms and spat at Lin Hao.

Meng was also impressed, she had never met such a strange person in a thousand years.

Lin Hao was embarrassed and didn't know what to say, after all, what the other party said seemed to be the case.

'Give me the crawl! Little Black and White, throw him out for me!' Meng did not bother to pay attention to Lin Hao and directly handed him over to the man and woman who had taken him out last time with a flip of her hand.

'Hello brother and sister, second time we've met haha.'

Seeing Lin Hao greeting, the corners of the mouths of the man and woman receiving ghosts twitched fiercely, the man said breathlessly, 'I have a feeling we'll meet a third time!'

Hey, this young man has a future, his calculations are really accurate hehe.

Lin Hao was already in a coma for several days in reality between the time he experienced all this in the underworld and the time he was guided back to the path.

There was no dogged amnesia missing thing to appear, living directly into the bottom of the lake from then on the full drama of the situation, but finally let Lin Liu Li they found Lin Hao according to the destroyed lake.

The key was the seventh time they passed by this before the sharp-eyed Lin Liu Li discovered it. Lin Hao was covered by the crowd of fish and was frozen on the surface of the lake, so if they didn't look closely they might not be able to notice it.

They did not dare to help him easily, so Ling Yun took him to the Qinhuai Golden House to ask for help from the Fairy of the Green Shirt, and Lin Liuli and Lin Ruoshi followed.

But Qing Shirt refused.

In order to ask for Qing Shirt's help, Ling Yun even called out Qing Shirt as her sister against her will.

This was the first time that the Immortal Slave of the Golden Tower had seen such a surprised look on the face of Fairy Qing Shirt, after all, she had been like a lake for thousands of years, without any ups and downs.

Then Qing Shirt was a little bitter, for not being that person's person before she was willing to call herself a sister, was tens of thousands of years of sisterly love so worthless?

In the end Qing Shirt still refused, helplessly shook his head: 'It's not that I don't want to give help, but I can't help, his soul is not here, how can I save him, you know, after the ancient immortal court broke, we can no longer set foot in the underworld realm, so, we can only wait'
