

Super Son-in-law Chapter 2321-2330

Chapter 2321

The opponent was above him, and in this black mist, it was impossible to tell where he was, but Qin Xiaorou was already left with her predatory instincts, and would not hide her form at all, as her reunited body pounced towards Lin Hao again, using this black mist to cover her, but it didn't matter!

In a single thought, hundreds of sword qi attacked with the entire fishing village as the attacking range, saturated with indiscriminate attacks, whenever he sensed Qin Xiaorou had regrouped her body he immediately attacked!

Killing three times, four times fifty times!

Under the constant and repetitive strikes, Qin Xiaorou's realm had fallen to the illusionary spiritist realm at the early stage of the fourth realm. Under such a realm that could not be suppressed, once her flesh body reassembled into a form it would immediately be discovered by Lin Hao, because now that Lin Hao's realm was higher than hers, the black mist that Qin Xiaorou had laid down would be of no use at all.

In this case, the frequency of killing the opponent became more and more rapid, while Qin Xiaorou's speed of coalescing her body was slower and slower each time.

Lin Hao, on the other hand, was getting faster and faster, and it wouldn't be long before this Qin Xiaorou would be completely exterminated, which would be a way to give those who had died because of her an explanation.

‘Lin Hao, why isn’t it over yet?’ Ao Dog had ripped Qin Feng’s head off and used it as a ball to kick, and came back to find that Lin Hao hadn’t finished with the monster yet.

‘Don’t bother him.’ Ling Yun frowned and glared at Ao Dog.

Ao Dog shrugged his shoulders and decisively shut his mouth.

Seeing this, Qin Hai Grieving eventually shook his head helplessly, going up there would be a death sentence, and seeing that the monster couldn’t support him for much longer, Qin Hai Grieving didn’t dare to stay any longer, lest he be discovered by the other side, after all, those two guys were both above him in strength, Qin Hai Grieving left cautiously with great reluctance.

But as soon as he left, Ao Dog grinned, ‘Ling Yun, did you sense it?’

‘Of course, you follow, remember to come back soon, we’re going to your house.’ Ling Yun naturally sensed the aura, if Qin Hai Zhan had held back, they might not have been able to find it, but the moment Qin Hai Zhan left, the slightest fluctuation of aura caught the two men’s attention.

To his home? It was a good idea, they wanted to go without him asking, so Ao Dog naturally agreed with great pleasure, ‘No problem, I’ll be right there, see if I can catch a big fish and bring in that Miss Qin of theirs.’

Ao Dog's body dissipated and quickly chased after that Qin Hai Grieving in the direction he had left. Qin Hai Grieving had never dreamed that he would see that the situation was not right and slip away first, instead exposing his position.

Ling Yun remained in place to press the formation, but at this time, a figure in the distance limped and ran? Closed Wu Er Zha Zha Fei Zero Xi? He came over, and it was none other than Qin Fengyue.

Seeing Qin Fengyue, Ling Yun raised her eyebrows and casually flung a peach blossom out, which fell in the sky, forming a formation to trap Qin Fengyue, lest he go and disturb Lin Hao's revenge.

'Let me out! Let me out!'

'Lin Hao, stop it! Don't kill my little sister, come and kill me if you want to, come and kill me!'

'I'm right here, come and kill me!' Qin Fengyue shouted at the bottom of his lungs, hissing towards the ink-like darkness of the fishing village.

However, neither Lin Hao nor Ling Yun paid any attention to him.

When Qin Feng Yue saw that it was useless, he immediately began to curse angrily, cursing as hard as he could, even including Ling Yun.

Ling Yun's eyebrows knitted slightly and her eyes looked at Qin Fengyue with extreme unkindness, honestly, she really wanted to raise her hand and wipe out this mole-like being.

But looking at Qin Fengyue's appearance, Ling Yun felt that this was a pitiful and hateful mole, so she completely lost interest, and directly threw her hand to close the formation, so that even Qin Fengyue's voice could not come out, and no matter how much he cursed, he could only be heard by himself.

Destroying Qin Xiaorou for the two hundredth time!

Lin Hao was already a bit fed up, this is a little strong, how can she not be beaten to death!

Chapter 2322

This time Qin Xiaorou's recovery had taken particularly long, and the black mist around that area had thinned to the point where it was almost non-existent.

Somewhere, Qin Bingyu had been screaming miserably all over for half an hour, and every time Qin Xiaorou's body shattered, it triggered a cone of pain in Qin Bingyu that was just too terrifying.

Moreover, when Qin Xiaorou was killed a dozen times in a row and still did not stop, Qin Bingyu already realised that something was wrong. Immediately, he discarded the

stronghold and let those Generation 1 Immortal Slaves scatter and flee, only leaving behind those newly developed Generation 2 Immortal Slaves, as for Qin Hai Grievance, he also received Qin Bingyu's message, 'Don't rush towards the stronghold, find your own way to get out, you might be targeted!'

Qin Bingyu, who was suspicious by nature, had the idea of a cunning rabbit, and even if she didn't let Qin Hai Zhan return, she would simply give up her current stronghold and flee immediately, staying to become stronger and carry out her plan!

Qin Xiaorou may be gone, and it took countless hours of effort to raise her, but she could raise a second Qin Xiaorou!

In the fishing village, after half an hour of recovery, Qin Xiaorou's appearance had finally returned, both the demonic and divine natures* had been consumed, and now Qin Xiaorou, no longer a monster-like figure, but revealed her original face, scarred and weak.

'Yes, it's you!' When Qin Xiaorou saw Lin Hao, standing icily in front of her with the Sword of the Gods in hand, Qin Xiaorou's pupils snapped shut, and then she roared, 'Bastard! You bastard! You're the one who deprived me of everything! You destroyed everything I had! I sacrificed so much to gain my power, and you've ruined it, I'll kill you!'

Pfft!

Lin Hao raised his hand and cut off her legs, Qin Xiaorou fell to the ground with a thud, this time she didn't recover, her powers had been completely depleted, no such recovery ability left!

The ground wu served zero service closed land steak? 'Little sister!'

'Lin Hao you beast, you let go of my little sister, stop it!' Qin Fengyue, who was showing his eyes, saw this scene with his heart dripping blood, and roared towards Lin Hao with all his might.

Why!

He hadn't devoured the blood even though he had turned into an immortal slave, so why couldn't Lin Hao just let his little sister go, she had only gone astray, she was still a child!

Lin Hao you beast, beast!

Qin Xiaorou also panicked and frantically kowtowed to Lin Hao on the ground, 'Please don't kill me, I was wrong, I was wrong, please let me go ah, I was really wrong, I was innocent, I was used and coerced ah.'

It just so happened that Qin Xiaorou's afterimage saw Qin Fengyue, and she quickly looked at him pitifully and tearfully, 'Brother, save me! You punk, you still talk about protecting me, if you can't even protect your own sister, you don't deserve to be a man! You trash, you should come and save me!'

Lin Hao shook his head, a pitiful person should be hated, Qin Xiaorou deserved to die, but although Qin Fengyue didn't devour the blood food, Qin Xiaorou had become like this with his pushing and tacit coddling push.

Without the slightest hesitation, Lin Hao raised his hand violently, sword light flashed, and Qin Xiaorou's body exploded in her horrified gaze.

Great revenge was avenged! 'No!'

Poof!

Qin Xiaorou's death caused Qin Fengyue to spit out blood from his mouth and bare his eyes as he looked on.

Trash, he was a trash, he couldn't even protect his own little sister, what qualifications did he have to be a brother, he was a trash, trash!

With infinite remorse and hissing hatred for Lin Hao, Qin Fengyue wanted revenge! To avenge his little sister.

But when he thought of Lin Hao's strength and the fact that the people around him were so powerful, he despaired again, he was just a punk, how could he talk about revenge!

Unless he was like his little sister and devoured blood with abandon, becoming a monster with no spiritual intelligence at all, only the predatory instincts of a beast, then he would have a chance!

But Qin Fengyue began to be torn, he wanted to take revenge, but he was not willing to become a monster at all.

In the midst of his tussle, Ling Yun withdrew the formation and could not help but shake his head: what a pitiful and hateful man.

Super Son-in-law Chapter 2323-2324

Chapter 2323

With his great revenge avenged and this matter over, Lin Hao prepared to leave, still not intending to kill Qin Fengyue.

‘Trash, I’m a trash, I’m a trash!’ Qin Fengyue repeated a few words over and over again like he was possessed, two lines of blood tears flowing from his eyes.

Alas.

Lin Hao sighed and shook his head as he prepared to leave.

At this time, Qin Fengyue stormed up and charged towards Lin Hao: ‘Lin Hao you shall not die!’

Lin Hao frowned and tried to slap him away with the Sword of Deities, but who knew that Qin Fengyue, as if he couldn't feel any pain at all, fiercely gripped the blade of the Sword of Deities with both hands, and several fingers were cut off on the spot, the pain of the cone piercing broken fingers, he couldn't even feel the slightest pain anymore.

'Lin Hao! I will definitely seek revenge on you! I won't let you go even as a ghost! In my life, I will kill you to avenge my little sister!'

'Little sister, let's be brother and sister again in the next life!' With these words Qin Fengyue grabbed Lin Hao's deity's sword and wiped his neck directly, and in the midst of his monstrous hatred, Qin Fengyue collapsed with a bang.

Lin Hao didn't expect that he would die like this.

The matter between this brother and sister had come to an end, but both of them ended miserably.

'Alas, may you not be brother and sister in the next life, without you as a sister, you wouldn't have ended up in this situation today.' Lin Hao shook his head, Lin Hao took out his mobile phone and called the Dragon Master, telling him that he didn't have to wait for Qin Fengyue.

The Dragon Master seemed to realise? Xi Yi Serving Xi Fei Fei intended? What did he say? He didn't say anything and hung up after chatting for a couple of minutes.

Ling Yun looked at Qin Fengyue's corpse: 'They are not destined to be brother and sister in the afterlife, after all, Qin Xiaorou's soul was all strangled for you.'

'But he died with a monstrous hatred and a horrible obsession, there is still destined to be karma between you, but that is all for later, not to mention that such an existence is destined to be a mole, and not even in the same world as you.'

'Then what do we care about him, that's not even known how many years from now, by the way, who do we seem to be going with to the East Sea Dragon Clan's territory again?' Things were over here, it was time to get down to business.

Ling Yun froze for a moment, 'Waiting for who? No, right, it's just the two of us, let's go to the shores of the East Sea to see what's going on first and see if we can find the Dragon Clan's emissaries out there to let us in.'

'Waiting for me! You guys are waiting for me. Holy shit, it's a good thing I got back fast or you guys would have left me behind again.' Ao Dog, who had a black face, emerged with an aggrieved face, but he came back empty-handed.

'Holy shit, why is there a person here!' Lin Hao was startled, this guy was truly a ghost.

But Ao dog appeared, after a brief fright, memories about him were also awakened, Lin Hao cried and laughed, this guy was really a bug, when his teammate heart if bad are easy to let him send away.

‘Didn’t you go after that guy? Didn’t you catch up?’ Remembering what happened earlier, Ling Yun hurriedly asked Ao Dog about the specifics of chasing after that person.

‘He ran away, that kid was like a loach, too slippery, couldn’t catch him at all, and also sensed that I was chasing, didn’t rejoin the others at all, I wasn’t afraid that you would forget about me again later and leave me here and run away by myself, then I would have to go on looking for you again, so I came back early.’ After saying that, Ao Dog himself was a bit confused, loach? How come it feels like you’re scolding yourself instead of talking about others!

‘Qin Bingyu is quite deep, but decisive, learning from the gecko to break his tail to survive, the other party should not dare to make any big moves in a short time, let’s go first, we will go to your house as a guest.’ Lin Hao wanted to go to the dragon palace first, according to the sheepskin is the instructions, and what would be something related to the Xuan Yuan sword.

‘Go go go, let’s go to my house as a guest.’ Ao Dog transfigured his original body and directly carried the two of them towards the entrance of the empty gate of the East Sea Dragon Palace, his speed was incomparably swift, this journey sped along and really saved a lot of time, his speed was really fast, worthy of the dragon race.

No wonder the ancient immortals liked to use dragons as mounts so much, able to fight or air high speed rail, convenient ah.

Chapter 2324

However, Lin Hao still felt that it would be more practical to pull his dragon tendon as a belt.

I don't know if he sensed Lin Hao's thoughts or what was going on, but Ao Dog's body involuntarily shivered and he couldn't help but speak, 'Lin Hao, are you playing with my dragon tendon again? I'm telling you, I'll be ruined if I draw my tendons, so don't mess around!'

'So what, this dragon tendon of yours is so long, it shouldn't be a problem to draw it for 30 to 50 meters, right? You can make a good multiple dragon tendon belt.'

Ao Dog: !!!

What kind of brain you have! Thirty to fifty metres of dragon tendons! No, not even an inch of dragon tendon!

Are you kidding about the pain of a broken tendon?

After an hour of racing, the two dragons arrived deep in the East China Sea, a place where fishing boats hardly ever come, let alone busy shipping lanes, and where almost no one comes.

Here there is a patchwork of islands connected together with lush grass and trees, a very well preserved primitive jungle.

The islands are surrounded by an immense array of formations, and this island is where the empty gate to the Dragon Palace is located.

The Dragon Palace was at the bottom of the East Sea, and another vast ocean depths had been carved out with the power of the Dragon Clan's entire clan.

'Who is coming! Stop at once!' Two powerful auras rose up into the sky, only to see two guards wearing silver battle armour and holding long spears, these two had an unkind tone and their gazes were cold as they stared at Lin Hao and Ling Yun, stopping them in their tracks.

These two guards were surprisingly both at the peak of the fifth rank realm, just two guards alone were so strong, this dragon clan's heritage was really strong.

Lin Hao hadn't forgotten about Ao Dog, they had just been chatting, the key was that Ao Dog didn't talk to these two guards, the guards couldn't even see Ao Dog.

'It's you? Fairy Ling Yun, this is a forbidden place for the Dragon Clan, even if Fairy Qing Shirt is here, leave quickly! You are not welcome in the Dragon Clan!' One of the guards recognised Ling Yun, but his tone rose even more unkindly, obviously having huge prejudice against all the people of the Immortal Palace.

Lin Hao saw the feeling? Servant Er dyed Yi Shan Ai Ai Ai Yi? Sigh to, this dragon tribe and the Immortal Palace don't seem to be separated by a wide gap, ah.

'Your Crown Prince Ao Dog is right next to you, and you still won't let me open?' Lin Hao spoke helplessly, how come this Ao Dog still didn't say hello, this has arrived at home ah.

‘What prince! Bullshit! Our Dragon King has three Dragon Palace Masters, not even a single Crown Prince, who are you fooling! Get lost and leave quickly, or I’ll do something about it!’ The dragon guards immediately shouted angrily.

The guard next to him even cursed, ‘Holy shit, even if our Dragon Clan doesn’t have a crown prince, but who are you insulting? Ao Dog! Calling him a dog? Even if there is no crown prince, it’s not something you can insult! Brother, kill him! The dragon clan’s prestige is not to be insulted lightly!’

The corners of Lin Hao’s mouth twitched repeatedly, God damn Ao Dog, boiling into a dog? Isn’t that a dog.

Ao Dog was also furious, how come he didn’t know that his name had this meaning when my father gave it to him? How much did his father hate him for giving him this shitty name and having to call him dog every day?

No, I have to change my name!

Ao my ass, I’ll change my name to Ao Lie!

‘Who are you two calling? Ow!’

Ao Dog cursed, then let out a dragon roar as the terrifying dragon power of the Dragon Clan's supreme bloodline erupted, the terrifying bloodline suppression fell with a bang, instantly forcing the two guards back!

The two guards were shocked, they didn't expect someone to dare to be wild outside the Dragon Clan's empty gate, they were just about to make a move when they saw Ao Dog's appearance, and the memories associated with Ao Dog were quickly unlocked, the two were dumbfounded.

What the hell did we just say?

Calling him a dog in front of the Prince, this

It's over, Jesus couldn't even get to them if he came, I said!

But it's not their fault ah, to blame this Ao dog's passive too that ah.

'Greetings to His Royal Highness, His Royal Highness forgiveness ah, we, we really did not mean to us, we

'Okay, hurry up and shut up, these two are the honored guests that father asked me to invite, immediately open the door and welcome the honored guests back to the palace. Some day I'll settle accounts with you two sons of bitches! I'll have to turn you into loaches!' Ao Inu was furious enough, but he knew that there was nothing he could do about it, and the rest of his clan would automatically forget him, except for his blood relatives.

Super Son-in-law Chapter 2325-2326

Chapter 2325

But it was also fortunate that his bloodline relatives were still able to spot him when he wasn't talking, otherwise the hell knows if he would have grown up safely into adulthood.

The two dragon guards were trembling with fear, wanting to die, but they did not dare to say anything else and hurriedly did as Prince Ao Dog said, opening the empty door to welcome them in.

Lin Hao could hold his breath for days in the water by using his spiritual energy to sustain himself, so it was not a big problem.

The two guards looked at the three Ao Dogs entering the empty door and looked at each other: 'Big brother, why don't we run I don't want to be jerked into a mud loach by Prince Ao Dog

Ao dog lead the way, and talk non-stop, no way, lest the other dragons can not see themselves, and make a joke before at the entrance, that is not good, if it is the usual words, it is all right, but now is different, this time the son of heaven's fate is to the Dragon Palace as a guest, can not be neglected.

Because of Ao Dog's good sense, there was no obstacle on the way, the dragons saluted Ao Dog and greeted Lin Hao in a kind manner.

However, the attitude towards Ling Yun was completely different, they barely gave him a second glance, and even looked at him with some disgust, so it seemed that there was a lot of conflict between the two sides.

Lin Yun seemed to know that this would be the case and did not show anything.

Ao Dog first settled Lin Hao and Ling Yun in the Dragon Palace's parlour, while he took the lead and ran off to meet the Dragon King.

This is not to call oneself a dog? Even though there were ancient people who called themselves sons of dogs, but not so directly named Ao dog ah.

The two guards just mentioned it in passing, and Ao dog was not happy about it.

Lin Hao, on the other hand, was filled with curiosity and shock by the palace in front of him, which was completely made up of countless huge pillars through the sky, Qing Yun Tian? The Qing Yun Heaven? The palace was completely incomparable to this thing, the difference was too great.

It felt like a tiny pavilion was bigger than the Qing Yun Heavenly Palace, and each pillar was basically entwined with a coiled dragon of varying sizes, with strengths ranging from fourth to sixth level Illusionary Spiritist realms, and even Lin Hao found many existences whose breath he couldn't even detect, fearing that they were extremely powerful existences of the dragon race.

‘This dragon race is really a very powerful force.’ Lin Hao couldn’t help but sigh, while curiously looking around at the oddly shaped, glowing water creatures, very pretty, yet there were also many existences with strong auras, were these the so-called shrimp soldiers and crab generals?

The sea creatures are led by the dragons, like the humans on land, and have the same status as the spirits of all living things.

‘In the heyday of the Ancient Immortal Court, the dragons were only able to be servile beings, that is, immortal mounts or house-holding beasts that looked after the house, but they were indeed a very powerful force and were not human yet they did not lack humanity.’

‘When the Ancient Immortal Court was about to break up, the Dragon Clan had already left the Immortal Court to live in seclusion outside the world, so Xuan Yuan Jian did not deal with them, apart from the three Immortal Palaces, this Dragon Clan was the only one whose strength was incomparably well preserved.’ Ling Yun said and her beauty frowned, the Dragon Clan was getting more and more powerful nowadays, even more powerful than back then, which was not a good sign.

However, this was the Dragon Palace’s territory, so Ling Yun would not speak nonsense, after all, there were ears through the walls.

Looking at the worried look on Ling Yun’s face, Lin Hao also understood what the other party was worried about.

To put it nicely, the Dragon Clan was using his hand, taking advantage of a gust of east wind from him, the Son of Heaven's Destiny, to rocket up to the heavens, but what good would this do them ?

Would it help them re-establish a brand new Immortal Court ? Would they believe that they would remember their good deeds for helping to establish the Immortal Court and not enslave them to become mounts again ?

Chapter 2326

After all, there is no end to human desire, it is constantly amplified. The Immortals may not have acted abnormally at the beginning of the establishment of the Immortal Court, but as time passes, they will eventually enslave them.

Human beings are in the business of conquering beings more powerful than themselves, and the more powerful they are, the more they want to control them.

The immortals cannot control their desire to conquer, and the dragons will not fully trust the humans, so it would not do Lin Hao much good to work together in such a situation, and the other side is bound to have their own petty agenda.

The other party's aim might be that they were the lord of the immortal court as well.

'I understand all your worries, we don't have the heart to think that much at the moment, so long term, just do the right thing now.' Lin Hao couldn't say it explicitly, but he also

knew Ling Yun's worries, what was important to him now was to find the way to break the Xuan Yuan Sword, once that was taken care of, then things would be much easier.

The main thing was that Shen Xiyan would not have to be trapped in the depths of the Sea of Blood.

Ling Yun was slightly stunned, now the two of them could be so telepathic, they knew their worries with just a single expression, a blush tinged Ling Yun's face at this thought.

This is Lin Hao baffled, no, you blush a bubble teapot ah, I do not seem to say anything wrong, right, himself began to self-help?

The most deadly of all is the self-imposed brainstorming!

.....

The golden building's pavilion, a window open, Lin Ruoshi hands propped up chin, looking out of the window landscape stunned.

In the pavilion, the green-shirted fairy was concentrating fully on playing the ancient zither.

‘Ugh’ Lin Ruoshi sighed as she looked out of the window with some annoyance.

‘What’s wrong with Xiao shi ? Is it because you miss your father?’ The movement in Fairy Green-shirt’s hands stopped and the zither sound came to an abrupt halt.

This was Fairy Qing Shirt’s personal pavilion, even Ling Yun could not just come in without permission.

Lin Ruoshi was a special case, just these days, even Fairy Qing Shirt could not be spared from completely falling in love with this cute little girl.

Besides, this child and her own little sister Ling Yun also have some connections, and if we were to really rank up, this girl would have to call herself an aunt.

‘I miss my dad, and my mum, and I don’t know when she’ll be back. Xiao shi misses them so much.’ Lin Ruoshi propped her hands on her chin, missing her parents so much that she wanted to go out and look for her dad, but Fairy Qing Shirt wouldn’t let her, instead she was teaching her how to improve her control of the Void Space.

Lin Ruoshi also understood and knew that she could only become stronger so that she could better protect her mum and dad and not hold them back, so although she missed them terribly, she stayed behind.

But whenever she finished practising, she looked out of the window, hoping that her parents would swish up and give her a big surprise.

‘Sze, so if your mum doesn’t come back, will you get a new mum?’ Qing Shou spoke with a smile, asking Lin Ruoshi in a half-joking, half-testing tone.

It seemed like a joke, but Lin Ruoshi blew up, her guard was very high and sensitive: ‘No way, sister Qing Shirt, you are nonsense, mommy will definitely come back, mommy will definitely not leave Xiaoshi and daddy behind, daddy also loves mommy very much, there is no way daddy will let another woman replace mommy, no one!’

‘You child, joking with you, why are you still anxious, well, will not, will not, sister is wrong, should not open? I was wrong to make? This joke.’ Qing Shirt hastily apologized, looking at Lin Ruoshi’s angry appearance, milking fierce and fierce, and pitying and somewhat helpless.

It seemed that who knew how things would develop in the future, and there was no telling how well Shen Xiyan would be able to withstand the torment of the sea of blood and become her true self, and no longer be part of Ling Yun.

At the same time, Qing Shirt also had some doubts about what he had done, was it right or wrong to do so back then?

He had not been able to make Ling Yun’s dream come true, but instead had accidentally hurt more people.

Super Son-in-law Chapter 2327-2328

Chapter 2327

‘Well nah, Shi is not angry, but Sister Qing Shirt should not make jokes like that in the future, Shi doesn’t like it, and Daddy and Mommy will not like it either.’ Lin Ruoshi said cutely, yet lecturing Qing Shirt like a little adult.

Qing Shirt nodded in agreement with tears and laughter, what a delightful little witty girl.

In the sea of blood at the end of the Nine Mysteries, the red dragon hovered around Shen Xiyan, but there was a slight uneasiness in its eyes.

The red dress and long hair of Shen Xiyan, suspended in mid-air, is extremely eye-catching in the sea of blood, and in this blood-filled sea of blood, she looks like a dazzling flower that stands alone.

However, at this moment, Shen Xiyan’s emotions were extremely unstable, and many memories that were completely unrelated to her inexplicably appeared, yet seemed to be her memories originally, a bit like a split personality.

‘Are the two of them coming together after all?’ Shen Xiyan opened her eyes, her bright eyes and white teeth, her eyes flowing as she murmured.

Ling Yun was beside Lin Hao, she could sense it clearly, she could even feel Lin Hao’s breath, so real that it was as if Lin Hao was always by her side.

The longer Ling Yun stayed by Lin Hao's side, the weaker she became, and she herself was slowly being assimilated by the erosion of the other's memories.

It was true that they were originally one, but that was once, now that Shen Xiyuan had developed self-awareness and was an independent being, Shen Xiyuan was Shen Xiyuan and Ling Yun was Ling Yun!

'Oh, it's just a wisp of memory that has developed an autonomous will through constant reincarnation, and you really want to take over? Wang Lao Er's mocking voice was heard from all directions, and several of Wang Lao Er's doppelgangers gathered in all directions.

Because Shen Xiyuan was getting weaker and weaker, and this Wang Lao Er was taking advantage of the opportunity to become stronger and stronger, the two were balancing each other's existence, one side was strong, the other side would be constantly suppressed and become weaker.

Now that Shen Xiyuan was getting weaker, the other party was gradually getting stronger as well.

'Die!' Shen Xiyuan's bright eyes exploded. I zero whisked to cover Ai Ai zero Shan? The red dragon roared to the heavens with a dragon roar, and a divine dragon swung its tail over, directly defeating dozens of Wang Lao Er's doppelgangers, but after Shen Xiyuan exploded with this strike, her breath wilted once again, and even her figure became illusory a few more times.

'Hahahahaha, ridiculous, really ridiculous!'

Wang Lao Er laughed even more freely, not caring for the dozens of doppelgangers in the slightest, in this case, it wouldn't be long before she would completely fly into dust and smoke!

Shen Xiyang had also discovered this situation, killing a few doppelgangers would be of no use at all!

Looking at the endless sea of blood, Shen Xiyang was filled with resignation, or more so, reluctance, reluctance to let go of the man she loved so much, and her own child!

If Ling Yun had really replaced herself, slept with her husband, lived in her house and beaten her own child, how could she be at ease!

'I don't want to! I don't want to dissipate in between this heaven and earth!'

Shen Xiyang looked up to the sky and shouted, her Qi and blood surged around her body, all her divinity surged up madly, then she shouted angrily once again, 'Sea of blood condenses the heart! Eternal and indestructible!' As Shen Xiyang operated the Blood Sea Heart Condensation Secret Technique, the entire Sea of Blood surged and boiled, as if the entire Sea of Blood was listening to Shen Xiyang's summons, countless blood water gushing in and pouring into Shen Xiyang's body.

Shen Xiyang's body was like a bottomless pit, not rejecting anyone, frantically absorbing the blood water in the sea of blood.

‘No, stop it, stop it!’ Wang Lao Er screamed miserably, he was no longer under control, he had long since merged into this sea of blood, becoming a part of it.

He couldn’t leave the Sea of Blood anymore, but if the Sea of Blood didn’t die, he would remain forever!

Now Shen Xiyan was using the Blood Sea Heart Condensation Secret Technique to frantically absorb the water of the Blood Sea to condense his original heart, how could this work? It was as painful as cutting his flesh.

Chapter 2328

Shen Xiyan simply ignored her opponent’s wails, still continuing to strengthen herself, absorbing these waters of the Sea of Blood, and her form slowly began to become solid, constantly recovering.

With the power of the endless sea of blood, she gathered herself and condensed her original heart. From then on, she was her and would no longer be affected by the spirit rhyme, but those memories of the spirit rhyme that were already in her mind would not be erased.

Beside? The earth is covered by the earth and the west is covered by the earth. The Red Dragon at the side looked at the ever solidifying Shen Xiyan, and the worry in his eyes did not diminish, but became even more grave.

This is because this secret method of blood sea condensing heart can indeed make Shen Xiyan, become a complete and independent personality, she is her, no longer influenced by spirit rhyme, but this blood sea condensing origin heart also makes her completely controlled by

killing, become a real god of killing without the slightest emotion anymore! She has become a true God of Killing without any emotion!

The God of Killing was once thought to be the one who killed from the Nine Underworlds to the earth, turning it into a sea of blood, and eventually killed the Immortal Court alone, beating it to pieces. In the end, it was the Immortal King who put up a fight against karma to put down this perfect killing machine.

This endless sea of blood coalesced with the blood of the souls who died under the sword of that Lord of Killing back then.

Downstream of the Nine Underworlds River, Chen Beixuan was still leading this group of Immortal Kings to fight and kill the monsters of the Underworld.

The monsters of this Nine Underworlds River were actually the minions of the Underworld, and now that the minions had fought it out, the real Underworld powerhouses had appeared.

However, no one was able to gain any advantage at the moment, the demon race that had come in from the River God Spiritual Domain, the Ancient God Race, had almost been completely wiped out, having almost fought the River Styx monster to the death earlier.

Of the seven divine maidens, only Ah Yao and one other divine son survived, the others were all wiped out.

These cultivators from the River God's Spiritual Domain had already completed their mission, and the next battle would be unnecessary as they would be sending food.

Hundreds of saints led by Chen Bei Xuan and the other five saints, who were comparable to Immortal Dwellers, had also fallen by more than half, and both sides were still fighting to the death, a battle that had been going on for months, and neither side had any intention of stopping.

This battle is the battle to re-measure the future status of the Underworld and the New Immortal Court!

More so, it was a huge game made by Chen Beixuan.

Chen Bei Xuan seemed to feel something as he looked deep into the Blood Sea and sighed, 'It's begun, this innings is done, and that boy has arrived at the Eastern Dragon Palace, I believe that boy has also sensed the restlessness of the dragon race.'

'But I do hope that that girl doll in the depths of the Sea of Blood doesn't really think about it and completely transform herself into the Way of Killing, otherwise that brat Lin Hao would have to hate me to death.'

Lin Cangdou couldn't help but feel a little amused and mocked: talking as if he didn't hate you just because that girl doll was fine, you were the one who pushed him to take this path, and every step he has taken so far has been his own choice, but it has never been out of the game you made.

‘Someone has to stand up and end this, otherwise the dusty world will never be at peace, and since he chose to take this step, he should be brave enough to walk on and bear it all.’ Chen Bei Xuan’s face looked a little guilty: ‘He chose the world and the world chose him, no one can or will escape, otherwise the world wouldn’t have chosen him.’

‘Alright, stop talking about those useless things, you are just finding an excuse for the guilt inside you, and pretending to be so pushy, use the divine bridge to help these two female children communicate, don’t let an irreversible situation arise then!’ Lin CangDong disliked him in a good-natured manner, then transformed into ten thousand sword qi and rushed up once again to mix with the Underworld powerhouse once again!

‘Bah, these ancient clans are really difficult, no wonder the Immortal Court was unwilling to make a big fuss back then.’ Looking at the difficult opponents in front of him, Chen Bei Xuan cursed in a low voice, but he did not dare to be lazy and immediately unfolded the divine bridge for Spirit Yun Shen Xiyan to communicate.

Let Ling Yun go and persuade Shen Xiyan!

After all, for some people, it was useless to persuade anyone next to her, the only one who could persuade her was herself!

Super Son-in-law Chapter 2329-2330

Chapter 2329

When Shen Xiyan used the Blood Sea Heart Concentration Secret Technique, Ling Yun, who was far away in the East Sea Dragon Palace, also sensed something, a feeling of palpitation and immense panic.

She still sensed that something had happened to Shen Xiyan, something big.

‘What’s wrong with you? Is everything alright?’ Lin Hao noticed that not long ago, she started to look panicked, her face was very ugly, and she fidgeted up, and she felt a bit distracted in everything she did.

What had happened?

‘I sense that something has happened to Xiyan, this ominous premonition is getting stronger and stronger, not only is something wrong, but something big might have happened!’ Ling Yun’s face was getting paler and paler, the two were also having an effect on each other, at this moment the killing intent in Ling Yun’s heart was likewise increasing upwards.

This was no way to go on!

‘What? Something’s happened to Xiyan!’ Lin Hao also felt that something was wrong, his eyelids had just been jumping without stopping, and he didn’t expect Ling Yun to sense it even more strongly.

Lin Hao couldn’t care less, he took out his Deity’s Sword and was about to wipe his own neck, going straight to the Sea of Blood to see what was going on.

‘Don’t get excited, there are other ways, if you go like this, you will probably stimulate her to do something stupid even more, I’ll think of another way, if I can’t, I’ll use up my

divine source to reach her.' Ling Yun hurriedly stopped Lin Hao, don't add to the chaos ah, otherwise what happened she couldn't say.

'Little bastard stop, this girl is right, you don't add to the mess, let this girl sort it out!' Chen Bei Xuan's voice suddenly recalled, a seven-coloured haze of light structured between heaven and earth like a rainbow bridge, incomparably gorgeous and beautiful.

This was the Divine Bridge, a bridge constructed by the top Immortal Dignitaries with the attrition of their superb Divine Origin.

'Old son of a bitch, hurry up!' Lin Hao was furious when he heard Chen Bei Xuan's voice, this matter probably had nothing to do with this bastard, otherwise how could the other party have reacted so quickly! I'm afraid that this old bastard had calculated all this long ago.

'Little bastard, what's the hurry, wait! It's not like anyone is going to die.' Chen Bei Xuan also angrily disliked Lin Hao, and then his voice rang out once again, 'The old loach lends you the Dragon Palace Divine Dao!'

'Dog, get lost!'

With a roar as loud as a bell, the entire Dragon Palace's vast and unparalleled palace trembled, the ground shook and the mountains shook, the surrounding seawater gushed wildly, and all the living creatures fell to the ground in fear.

Even Lin Hao was so shocked by the terrifying spiritual pressure that he fell to the ground, and that was even if it wasn't directed at him.

This was the true power of not being angry!

Was this the terribleness of the East Sea Dragon King?

'Fine, old loach you can tell me to get lost, as long as you can bear the consequences of this, who's afraid of who anyway!' Chen Bei Xuan wasn't angry either, cursing at each other, who's taking advantage of who!

The other party really refused, Chen Beixuan although also headache, but? The actual fact is that you can't get a good deal on your own. The most important thing is to destroy them all together. I am afraid that he, the Dragon Clan, will not dare to gamble with the hope of the whole clan.

'Get out of here! Get lost immediately, dog! I'll open the God's Path myself, so use the hell out of it and get lost.' The old dragon king continued to shout angrily, but this time Chen Bei Xuan was scolded but he was not angry at all, instead he laughed loudly and pinned his voice.

The old dragon king personally disguised what it meant to use the fiercest tone of voice and say the most abject words, he panicked, he panicked, he broke his guard!

Soon, once the divine path opened, the haze shone on the rainbow bridge, Ling Yun hurriedly stepped onto the rainbow bridge, his mind quickly merged with Shen Xiyan.

Far away in the depths of the Sea of Blood, Shen Xiyan was frantically pushing the waters of the Sea of Blood into her body, her body had solidified, she wanted to stop, the killing intent that was almost bursting out in her chest terrified her, but it was impossible to stop, the blood water was still pouring in incessantly, with no intention of stopping.

‘Shy Yan stop it! If you keep this up, even Lin Hao will be afraid of you!’ Ling Yun’s voice suddenly rang out in Shen Xiyan’s mind.

Chapter 2330

‘Who are you to say such things! I was born because of you, but I don’t live for you, I live only for the one I love! If you had not appeared, how could I have faced the prospect of dissipating at any moment and thus making you what you are!’

‘Anyone can say that, but not you! One, I didn’t steal your man, that was my man, and he wasn’t the man you once loved so much! Secondly, you are you and I am me, you shouldn’t be there.’ Shen Xiyan still maintained her lucidity, but it was also very difficult, obviously still sensible words, but she said them with killing intent, her eyes were red like the bloodthirsty god of killing, the terrifying eyes of treating all living creatures as grass.

‘I know, I know all but I just want to be by his side, I never thought of stealing him from you, I really never thought of that!’ Ling Yun’s tears fell as she struggled in pain, she only humbly wanted to stay by Lin Hao’s side, she never wanted to steal Lin Hao away from Shen Xiyan.

She couldn't bear to leave, but if she stayed, Shen Xiyan would surely go to extremes, or she would dissipate.

Shen Xiyan stopped talking and the speed of absorbing the power of the Sea of Blood skyrocketed once more.

'Stay? Grasping the Servant Ai Yi Lu Xi Grasping the Er? Hand! Think of yourself, think of your child, Xiao Shi, and think of Lin Hao! If you don't stop, you'll become a killing machine without a godly mind, who only kills endlessly and kills all living beings under the sky!'

'What if one day you kill your own family, your daughter, even your beloved Lin Hao, in a situation where there is no doubt that you are! You have harmed not only yourself, but all those who love you, and is it true that an existence like yours exists!' Ling Yun was also anxious, if Shen Xiyan didn't stop, it would be completely over.

Shen Xiyan's body stiffened!

Ling Yun's words had truly touched her heart, she could turn into a godless killing machine, as long as she could stay, stay in time, and be able to exist.

But really, as Ling Yun said, she would kill her loved ones with her own hands, and even her own daughter, and her beloved lover Lin Hao, would also die under her killing gears, then what was the point of her existence?

To kill the people she loves?

The speed of Shen Xiyan's absorption of the power of the Sea of Blood suddenly slowed down, but only slowed down, now even if she did not run the Sea of Blood Heart Condensation Secret Technique, the technique would run on its own, and the speed was still increasing, at the same time there was no way for her to stop the technique from running continuously.

Shen Xiyan still didn't quite believe it, because so many memories from Spirit Yun had already let Shen Xiyan know that even if Lin Hao just had that person's breath, but how could Spirit Yun, who was already close to accumulating tens of thousands of years of obsession, give up so easily?

Next, Ling Yun's words completely dispelled Shen Xiyan's doubts, but also incomparably surprised, even disbelieving, Shen Xiyan frowned unexpectedly and asked: 'Are you really willing to let go? Are you really willing to do this? Do you know that if you really do this, you'll

'I know.' I swear by my dao heart that if I say anything that is not true, I will be beaten by thunder and lightning and will not be allowed to die! I love him, whether Lin Hao is him or not, I love him, but love doesn't have to be owned, does it?'

'Those ordinary people, whose lives are only a hundred years long, are able to look away from the true meaning of this love, love does not have to be possessed, I have existed for tens of thousands of years now, can't I look away? You should be able to sense whether what I say is true or not.' A poignant smile appeared on Ling Yun's face, she would have to cherish the present moment for the next few days, as her remaining days might be numbered.

At this moment, their hearts were connected, Shen Xiyao was able to feel Ling Yun's inner feelings, the pain that tore her heart and lungs, and the determination, Shen Xiyao believed her, but now there was another big problem, that is, the secret method could not be stopped!

'I believe you, but the secret spell can't be stopped at all, and the speed is increasing, I can't control the desire to kill anymore, there's no way to stop this spell.' Shen Xiyao was anxious and panicked, she would not regret being so determined when Ling Yun had not spoken before.
