

Super Son-in-law Chapter 2361-2370

Chapter 2361

‘Qing Yun Heavenly Palace Palace Master? Rub you’re Lin Hao?’ Desmond looked at Lin Hao in confusion.

‘Uhhhh!’

Deske held his forehead with a black face, ‘Mud, Chen Bei Xuan the old bastard definitely did it on purpose, all right, it’s not your fault, blame that old bastard for deliberately not telling you in advance.’

‘Yeah, it’s the old bastard, he’s so fucking hateful, let’s fuck him up when we find the chance.’ Lin Hao couldn’t agree more, the bastard was too much of a punk, he had to be done for a while to relieve his anger.

Dusk rolled his eyes, ‘I don’t believe you, you’re all in it together, I don’t believe you even if I say so.’

However, after Dusk learned the identities of the other two, Dusk really didn’t dare to do anything.

Lin Hao’s position was such that he could directly command him, but Lin Hao was not strong, so Deske did not listen to Lin Hao’s orders, but the other two were different.

Ao Dog, the crown prince of the dragon clan, Ling Yun, one of the only three surviving immortal palaces of the Twelve Immortal Palaces, Qin Huai Jin Lou, the sister of the Qing Shirt Immortal.

It seemed that apart from Lion Tiger and his captive Siennes, these three, none of them were simple characters, ah, with hefty backgrounds.

Deske also had little choice, throwing the divine tattoo to Lin Hao, which was originally agreed to grab for Lin Hao, but it turned out that the bastard had already gotten it long ago and deliberately threw it there to pit them, really a good move.

Deske recalled the strongest people outside, the three vice commanders, all of whom were illusionary spirit masters of the early sixth rank realm, two of whom had died in battle during the conflict.

There were now just fifty survivors left in the War Bear camp, twenty-one in a seriously injured state.

Under Ling Yun's Peach Blossom Healing Art, they recovered, though they still needed to recuperate for another three to five days before they could truly return to their original fighting strength.

But it was not bad now, at least it wasn't a drag.

When the three sub-chiefs returned, they almost sent the camp flying when they found out the truth.

But there was nothing they could do about it, knowing what had happened.

The Angelic Church was not much better, as the War Bears were targeted in the early stages, and now the Angelic Church is being deliberately targeted by the Crusaders and the War Bears, who all believe that the Angelic Church must be the one to get the most treasures.

The Crusaders with the most intact fighting force now were Knoxed's Crusaders, four sixth rank early deputy commanders, his one seventh rank early grand commander, and 500 Crusaders with normal fighting strength.

Although not as elite as the soldiers of the other two camps, and the realm is a bit lower, the key is that they have a large number of people, and with the pressure of Noxodes, it's a different story.

'This is not a big problem, I already informed the Cardinal before I came back, next the Crusaders will frantically counterattack the Angelic Church side.' Siennes climbed up and dreaded the dust on his body, finally he had a chance to speak, here stood all the big brothers level existence ah.

Deske was stunned, then gave Lin Hao a thumbs up: 'Indeed, you are all old cunts and good at playing intrigue!'

‘What did you say?’ Lin Hao took out his ears as if he hadn’t heard it clearly.

‘Cough cough, nothing, I said, you guys are great, you know Sun Tzu’s Art of War well, and you use it to perfection, I admire you!’

‘Thank you, thank you, this is just a sprinkle of water.’ Lin Hao did not hesitate to accept his opponent’s praise.

Dusk held his forehead, did I praise you? I’m scolding you in a roundabout way, but you’re really complimenting you!

Lin Hao understood the general situation, and then agreed on a contact method, did not stay much longer, we are allies, but there is no need to act together.

The actual fact is that you will be able to get a lot more than just a couple of hours. The actual fact is that you will be able to get a lot more than just a couple of hours to get a lot more than just a couple of hours. The actual fact is that you’ll be able to get a lot more than just a couple of days to see what’s going on.

Now Lin Hao is more concerned about how to leave, you know, now he has no intention to go to the first mountain to get the copper of the first mountain, the dragon tribe will really let them leave? That might not be the case!

To Lin Hao's worries, Desco waved his hand: 'Don't worry about that, that old bastard Chen Beixuan will arrange it, otherwise I will lose if our temple master glues him to the wall.'

Chapter 2362

When he heard Desmond say this, Lin Hao was relieved that the three inscriptions were in hand, and it was time to see how the Crusaders disliked the Angelic Church.

Sion? The three inscriptions were in hand. The Sith was also taken away, just as they were short of a handyman here, it was not bad to have the Sith follow.

Outside, Noxodes personally led the crusaders to begin the siege of the angels, even Noxodes has taken action, the two sides of the battle is extremely fierce, the angels are also fierce resistance, after knowing that there is no escape, directly rushed to the crusader camp to blow themselves up.

The advantage of the Crusaders was their large numbers, but the disadvantage was also that there were too many of them.

An angel at the peak of the fifth rank could take 30 to 50 Crusaders with him.

Both sides were so desperate that even the Crusaders were so angry that they hugged each other and blew themselves up, killing each other!

‘Noxodes, you bastard! Have you gone mad? Why do you bother looking for me if you’re not going after those bears!’ Cadrien bared his eyes in rage.

Even the two archangels had been forced to blow themselves up, but the two archangels’ blow-ups had directly taken away more than two hundred of the Crusaders, and even if they had run fast, it was useless. A sixth-ranked Illusionist’s powerhouse blowing himself up could directly form a field of death over an area of hundreds of metres, and no one could escape.

This earth-shattering battle scared all the spirit beasts and natives in the surrounding area for more than ten miles, and they fled the area in droves.

Such a terrifying power was beyond their reach, so they had better run away.

At the same time, their actions also disturbed the demon kings of the first mountain. The area where the battle broke out was still a few dozen miles away from the first mountain, but they still woke them up and opened their big bloodshot eyes, snorting fiercely: ‘These restless humans, they are causing trouble again.’

‘Big brother, it seems there is a demigod existence, shall we go and join in the fun, if we eat it, perhaps we will be able to go further too?’ Another voice came from another location on the first mountain.

‘Yes!’

A stream of light shot up from Mount Shou, emitting a terrifying and terrifying aura as they continued to rush towards the battle area.

Jinling.

A rainbow bridge suddenly lit up on the Golden Tower of Qinhuai, which spanned the entire Golden Tower, incomparably beautiful and moving.

The movement in the hands of the green-shirted man who was playing the ancient zither in the small pavilion suddenly stalled, and the beautiful and moving sound of the zither came to an abrupt halt, but there was no other movement.

This rainbow bridge appeared and disturbed the whole of the people inside the golden building.

‘Wow, what a beautiful rainbow, so beautiful, so beautiful.’ Lin Ruoshi looked at the rainbow bridge and applauded happily, this rainbow bridge was too beautiful, right?

Lei Ling, on the other hand, frowned, ‘There is a very terrifying aura on this rainbow bridge, it’s very strong!’

Lin Yun likewise sensed that something was wrong and told the clansmen of both Lei Lin’s families to stay in their rooms and not to go out without permission from Fairy Qing Shirt, or other circumstances.

Those who could descend to the Golden Tower in such a dignified manner were certainly not simple people.

‘I have taken the liberty of coming to the Golden Tower without permission, so please don’t take offence, Fairy Green Shirt.’ A loud voice came from the rainbow bridge, astonishingly loud, with a thick and heavy breath.

Qing Shirt ignored it, her hands moving once again to play the ancient zither, but her willow eyebrows knitted slightly, obviously a little displeased, but she didn’t say anything.

Chen Beixuan on the rainbow bridge didn’t care, as he had a much thicker skin than Lin Hao anyway.

When Chen Beixuan stepped down in the air, Lei Ling and Lin Ruoshi both saw that it was Chen Beixuan, and Lin Ruoshi even waved her little hand enthusiastically, ‘Grandpa Beixuan, Grandpa Beixuan, Little Shi is here, Little Shi is here.’

Seeing the cute little girl, Chen Bei Xuan pretend face can not pretend, reveal incomparable kindness smile, landed in front of Lin Ruo Shi, a hand will Lin Ruo Shi hug in the arms: ‘Little girl has grown a lot again, let Bei Xuan grandpa hug ouch, little girl is so heavy, grandpa can not hold it.’

Lin Ruo Shi unhappily bristled: ‘Grandpa Bei Xuan nonsense, Xiao Shi is not heavy at all, in this way Xiao Shi will ignore Grandpa Bei Xuan in the future.’

Super Son-in-law Chapter 2363-2364

Chapter 2363

‘Haha, well, grandpa was wrong, it was grandpa who was talking nonsense, little shi can’t take it seriously.’ Chen Bei Xuan smilingly put Lin Ruoshi down.

Lei Ling did not give Chen Bei Xuan any good looks and asked in a deep voice, ‘You old man, where did you pit my brother to again? We haven’t been able to contact him for a while!’

‘This girl, how can you talk to your elders, what do you mean I have pitted your brother, there is no such thing at all, right?’ Chen Bei Xuan was really not only able to pretend, but also had a first-class thick skin.

The company’s main business is to provide a wide range of products and services to its customers.

‘Little? The first thing you need to do is to get a new one. I’ll take you home to pick up your father, okay?’ Chen Bei Xuan was full of smiles as he stroked Lin Ruoshi’s head and asked dotingly.

‘Pick up daddy to go home, can’t daddy come back by himself?’ Lin Ruoshi inquired with a curious cocked head.

‘Yes, so I’ll have to need your help to do so.’ Chen Bei Xuan stretched his hand, without Lin Ruoshi directly tearing the space and bringing them out, how could the Dragon Clan let them leave, after all, wasn’t the purpose of the Dragon Clan putting them in there to unblock the Dragon Palace and allow the Dragon Clan to regain their freedom ?

The dragons would be free, but definitely not now. If they were released now, everything would be lost, all would be in chaos.

‘Okay, okay, let’s go get Daddy and go home.’ The company’s main business is to provide a wide range of products and services to its customers.

.....

The most important thing is that the people of the world are not only the most powerful, they are also the most powerful.

The faces of the Crusaders and the angels all turned black.

Who did this ?

Who stirred up a hornet’s nest ? So many terror-ranked spirit beasts had come over ?

They were organised and disciplined spirit beasts, and they were the most deadly of all.

The demon kings came over and surrounded these people, not rushing to make a move, but watching with interest as these intruders killed each other, not to mention how interesting it was.

But Knoxed and Cadrien had no intention of continuing the fight, instead they were thinking of how to escape.

If they fought any longer, they would all die here and become the belly of these demon kings.

On the far side of the battlefield, Lin Hao and the others were watching the scene in front of them with glee, but they were also a bit shocked, this was too fierce, right?

There were so many terrifying spirit beasts running over, the lion tiger was already so frightened that it could only lie on the ground shivering, it was a screaming fear, even moving seemed like it would kill him.

‘Look at how scared you are, is that so?’ Lin Hao kicked the lion tiger in a very special way.

Roar!

The lion tiger let out two low protesting barks before pointing with its paws.

Lin Hao looked at it and the corners of his mouth were crooked with anger, Siennes was even more desperate, already on his knees and outright pissed in fear.

Ling Yun walked a little further away with a disgusted look on her face, but looking at the distant battlefield, the group of powerful spirit beasts in terrifying numbers, she also felt overwhelmed.

‘This is those demon kings that are cooped up in the first mountain, arguably the most powerful group of demon kings within this ancestral land, they have gathered here, probably to plunder blood food, the blood food of these human powerhouses can help them grow their own power.’ Ao Dog frowned, then looked at Lin Hao: ‘These people probably won’t be able to get away basically, but these demon kings also seem to have scruples, how do we get them?’

Lin Hao raised his eyebrows, ‘It’s not that simple, just slip away after messing up, they’re not big, then find a way to get them to fight thi.’

‘Understood! This is something I like the most.’ Ao Dog instantly sped off and rushed straight towards the battle circle.

Lin Hao also directly summoned the Sword of the Gods, and disguised himself by condensing Qi to create angel wings on his back. No it's too dangerous.'

'No panic, just do it and be done with it.' Lin Hao gripped the sword in his hand and with a flip of his hand, his figure had dissipated in place, all the potential began to rapidly converge in the Sword of the Gods, there was the potential of the Qing Yun Heavenly Palace, the potential of the five Chinese mountains, his aura was also climbing, there was no obvious change in his realm, yet he gave off a presence that was more powerful than a sixth grade Illusionary Spirit Master.

'This guy, it's really not too much.' Ling Yun was also extremely helpless, she had no choice but to use her divine source power to form a pair of silver shining armour around her body and rise up into the sky, and a cross holy sword had also manifested in her hand, could she not know what Lin Hao wanted?

It was to directly anger the demon kings and use their hands to finish off these two forces!

Ao Dog was the most furious, rushing directly into the chaos of the army, directly taking control of a Crusader 6th rank early stage Illusionary Spirit Master, grabbing the Cross Holy Sword in his hand with one hand, while holding the Illusionary Spirit Master in a death grip with the other hand, without saying a word, rushing directly towards the nearest 6th rank peak Demon King, waving the Holy Sword violently and throwing a silver sword light at the Demon King.

'Hayne are you fucking crazy?' Seeing this scene, the Cardinal of Knoxed cursed angrily, now everyone dreamed of running away, these beasts would be good enough not to deal with them, who would dare to provoke them ah.

As a result, Vice-Chancellor Hayne went so far as to attack a Demon King directly.

Haien wanted to die and shouted, 'It wasn't me, it's not my business, someone grabbed my hand, his realm is stronger than mine, I can't move.'

'You bullshit, that someone?' Knoxed cursed, and all he could see was Hayne wielding his holy sword and going to see the demon king.

A sword qi slashed down, followed by another sword qi, and the demon king roared in anger.

How dare a weak gnat provoke the majesty of the Demon King, kill it!

Roar!

Three or four sixth level realm spirit beasts pounced towards Hai En, Hai En wanted to die, he no longer had time to explain, run, no more nonsense.

How could those demon kings let him go and continued to chase after him.

At this time Lin Hao also arrived on the scene, only to see the wings on his back bursting out with a dazzling golden light, the sword of the gods in his hand also emitting a dazzling and dazzling light, his mouth imitating the slogan of the angels when they attacked, he chanted, 'By the will of God, holy light descends on the earth, judge the judgment! Judge these beasts!'

'Judgement! Begin!'

As soon as the sound fell, the sword of the gods in Lin Hao's hand erupted in a strange light, and with a fling of his hand, he flew towards the demon king, using a sword of seven kills, but with his mouth shouting Judgement!

'You, who are you give me a break wow! Holy shit.'

Cadrien was barely scared out of his wits, this was making a brain fart again? Why hadn't he seen it himself! Don't do anything!

Just now, when he saw that the Crusaders had a retarded vice commander to provoke the Demon King, Cadrien was gloating, if they sacrificed the Crusaders to attract the Demon King's attention, they could escape, right?

Can't tell you how excited he was to see the Crusader's retarded Cadrien, only to have it happen in his own camp in the blink of an eye!

Wait a minute, no? Close zero whisker to cover up Lu Yi Xi? Ah, this guy doesn't seem to be one of his own, he hasn't seen it before!

It wasn't over yet, one wave hadn't subsided yet, and the silver-clad crusaders that Spirit Rhyme was pretending to be, started to strike out ferociously directly at the Demon King as well.

'God's will, guard the faith, charge!'

Spirit Rhyme flung the cross holy sword condensed with aura in her hand one after another, a full force strike that all belonged to a peak sixth-ranked Illusionary Spirit Master flung out, and the lanes of light attacked those spirit beasts.

The Demon King roared in anger, 'How dare these weak little gnats behave themselves? Tear them apart!'

Roar!

Dozens of Demon Kings roared in unison, no longer caring about that much, they rushed towards these people like mad.

Super Son-in-law Chapter 2365-2366

Chapter 2365

Ao Dog was the first to slip away, Lin Hao threw out a sword and ran away, Ling Yun was even more so, her strength was there, she couldn't fight and run or run away.

‘Steak blind, fight and see if there is a chance to wait for an opportunity to escape.’
Noxodes is also no way at all, well not only their own side appeared retarded, the angelic church side is not much better? Serve love zero love whisk whisk? There was always a small amount of relief when it went.

The Angelic Church side had no choice but to play hardball.

But after playing around but confused to find, crap, not right ah!

What about the two guys who led the fight? Apart from Hayne, who was torn apart by the Demon King, it seems that the two guys behind them, after coming out to cause a mess and causing a big fight between the two sides, they just disappeared!

‘Fuck, no, we’ve been tricked, that’s not one of us! Run!’ It was only at this time that the quick-reacting Cadrien reacted to the fact that he had been screwed.

People had simply taken advantage of the chaos to slip away after the mess, leaving them stupidly left here to fight these demon kings.

They missed their last chance to escape, and these demon kings had gone completely berserk!

A dozen kilometres away on a high mountain, watching the scene, Dusk shuddered: ‘Suka Bu Liet, it’s lucky that that old bastard Chen Bei Xuan told the other side that we were allies, otherwise I don’t know what kind of a mess we’d be in with these bastards, it’s too fucking scary.’ The three of them plus a lion and tiger came running back, all three of them were mad with joy, especially Ao Dog, it was so much fun to hang out with Lin Hao.

It was like he was witnessing what it meant to be happy!

The key Ao Dog discovered that Lin Hao was the only one who had discovered the true use of this talent skill of his, his passivity used to make him bitter for a while, not only pitting his own people but also himself.

But after spending some time with Lin Hao, Ao Inu felt like he was in love, ah shucks, it felt like he had met a bore.

‘How about this, these demon kings of the first mountain, enough for these guys to drink, what are we going to do next?’ Ao Dog fist pumped some leaping excited look.

What, this guy is addicted to doing bad things?

But not to mention, doing bad things is really addictive.

Even Ling Yun’s style was a bit off, and the lion tiger next to him was waving his paws excitedly, like a schoolboy actively raising his hand to answer a question.

‘What else do you want to do?’ Lin Hao looked at Ao Dog quite helplessly.

‘Do what, of course continue to pit people, or else pit the people of the War Bear Shrine as well? They’re just watching the fun, they need to get it going.’

Lin Hao was stunned, you’re really a good teammate of China, you’re so crazy that you want to screw your allies as well!

‘Lin Hao, you’re back from the pit? What are you saying to the air?’ It just so happened that Desker and his brother Ryan came over together and asked Lin Hao curiously.

‘I was saying that I wanted to fuck you a bit too, so that you guys could get in on the action.’ Ao Inu spoke without a smile.

‘Sukaburet!’

Ao Dog suddenly spoke to Deske, Deske also suddenly appeared in front of his eyes, scared Deske cursed a Soviet dialect, burst back a hundred meters away, when he reacted, Deske then ran back in embarrassment, no good glared at Ao Dog, you guys are black at heart, right?

Ao Dog bristled, ‘I don’t know you well, what’s the point of screwing you?’

You are Lin Hao's teammate, not my Ao Inu's.

As for the Silverclad Crusaders, and the Angelic Church, they were already fighting with those Demon Kings, there was no way for them to break out of the encirclement, these Demon Kings were not vegetarians, and were generally very strong.

They were demon kings!

Even if they could beat them, it wouldn't matter, with one roar, half of the demon beasts in the Dragon Ancestral Land would probably have to come over to help, and they would be consumed to death.

Looking at the silver-clad crusaders and angels that kept falling, Lin Hao nodded his head, it seemed that this time it should almost be cold.

Chapter 2366

Just as Lin Hao was planning how to contact Chen Bei Xuan to leave this place, Nadesque was looking at Lin Hao with a playful expression, 'Lin Hao, I have some not-so-good news for you.'

'What's wrong?' Lin Hao was confused for a moment, 'What kind of bad news is worse than us being allies?'

Desco's face darkened after hearing this, and he said angrily without good grace, 'Does it disgrace you so much that we're allies?'

'Forget it, I'm too lazy to talk poorly to you, you're going a bit too far, moreover, after you pit them, you'll have to go save them later, otherwise I'm afraid you'll get smacked to death by that old bastard Chen Bei Xuan.'

Lin Hao was full of question marks? Are you kidding me?

I've just screwed people to death, and I'm going to save them later?

You want them to thank me for saving their lives? Bullshit, they probably want to hug me and do a world-wide nuclear pacification, and they want to bite a piece of flesh off me when they run out of energy!

Deske coughed, 'Have you found these demon kings yet? They are the most loyal soldiers of the dragons, you should understand what kind of scene it is once the dragons return, right?'

'This time, Chen Bei Xuan's plan is to send our three forces in, we know that they have evil intentions, but we must also borrow their power to weaken the strength of the demon beasts in this Dragon Clan's ancestral land.'

'This is to prevent the Dragon Clan from being weakened or even extinguished if they don't regain their freedom this time, they must break their arms, and weaken or even

extinguish these demonic beasts, this time, apart from obtaining the Copper of the First Mountain you need, this is also part of the plan.'

Lin Hao was dumbfounded, aren't you just pitting people?

You've just finished screwing people over and you're going to save them, it's a wonder they can help!

You're a bunch of punters, you don't play with people like that!

Next to him, Ao Dog, who was silently listening to Deske's entire plan, had a face full of questions, and a million gods were running wild in his heart

'Say, when you target the dragon race can you carry me behind your back? I'm standing here, can you carry some people on your back! I'm all ears.' Ao Dog looked at the crowd with a speechless expression.

'Suka

Deske and Ryan's curse words came to a screeching halt, their faces even more embarrassed to the point of life and social death on the spot.

What kind of earthly top embarrassment is this!

The key was to baldly reveal all the plans in front of people, and the key was to target their family's plans!

There was a thirty metre chasm not far away next to him, and to be honest, Desmond wanted to go straight in and bury himself.

Lin Hao was so embarrassed that his mouth cramped, he had forgotten about him!

The point is that even if Dusk had forgotten, they had all forgotten too!

'What are you doing? What's the point of saving them? The plan is not to use them to consume the power of these demon beasts, they're not just doing that, and they're also the high-end power that specifically targets demon beasts, there's no need to save them, there's no conflict with our plan.' Lin Hao hurriedly changed the subject, it was too embarrassing.

Next to the ? Dyeing Pao Zhaowu whisked the ground Ai Dye? Lin Yun, on the other hand, was about to stifle her laughter, embarrassed to death, right?

But to Lin Hao,, embarrassed my ass, if I'm not embarrassed, then it's others who are embarrassed.

'Play it! You call this thing a confrontation? This is a one-sided slaughter by the demon king of the demon tribe, bullshit, hurry up, find a way to save people.' Deske reacted and hurriedly picked up the conversation, just pretending the other guy didn't exist.

Yeah, doesn't this guy's passive automatically make people ignore him, just ignore him now and pretend you didn't hear him!

AoD:

'Hello? Don't pretend you two, I'm stranded here talking to you! Don't pretend you can't see me, this won't work! Say something, next time when you target people, can you turn your backs on them?'

'Huh? That's strange, who's talking? Hell no.' Lin Hao looked around with a puzzled face, directly ignoring Ao Dog who was fast disliking his face in front of him with a bewildered expression.

Ling Yun's face was twisted next to him, his left hand deadly covering his mouth, his right hand deadly pinching his thigh: No, I have to hold back, I have to hold back from laughing when I should match the performance!

Super Son-in-law Chapter 2367-2368

Chapter 2367

Deske was also bewildered and glared at Lin Hao: 'Which one, don't be suspicious, and don't you pull away from the topic, what about this matter? You guys are the ones who caused this, why don't you guys go over there and talk about the fight?'

‘No, no, I feel that if we go over there to persuade the fight, we are not going to persuade the fight, we are going to deliver the food.’ Lin Hao was not stupid, if they went to persuade the fight, those demon kings and the other two forces could eat them alive.

‘Hey, I’m talking to you guys! Damn, why can’t anyone hear me or see me anymore?’ Ao Dog was a bit shocked, it was over, his passivity wouldn’t have escalated, right?

Can’t anyone see or hear themselves anymore?

Then what’s the point of living, no, it’s even more pointless than a ghost, better to die!

‘Lin Hao! Ling Yun!’ Aoyog shouted several times, but no one paid any attention to him, Lin Hao and Deske were discussing their plans, and Ling Yun was not looking at Aoyog at all, she couldn’t help it, seeing Aoyog’s face Ling Yun was afraid that she might not be able to hold back her laughter for a while, how could she?

Aoyog said in his heart, this is completely finished, hopeless!

‘I have a way to solve the current problem, but unfortunately’ Ao dog just wanted to say, unfortunately you all can not hear what I said.

But Ao dog did not finish his words, Lin Hao and Deske instantly turned around and stared at Ao dog, inquiring with one voice of expectation, ‘No pity, what solution?’

Ao Dog: ? ? ? ?

These bastards! Sure enough, they're pretending on purpose!

Ao Dog was so angry that Ao Dog let out a long roar from the sky, the sound of the dragon roar shook the sky and earth, the terrifying dragon might was released, the lion and tiger next to him was instantly scared by the terrifying dragon might and passed out on the spot.

Seeing this, Ling Yun finally unleashed her natural instincts and finally did not have to continue to hold back her inability to laugh.

At this moment, Ao Dog really wanted to die, feeling that all these people could see themselves just now, all on purpose!

'It's the sound of a dragon's roar! The divine dragon clan with supreme glory has returned!'

'This is true dragon might! It's the return of the royal family of the Divine Dragons!'

'Great, we've finally waited for this day!'

Almost all of the demon kings stopped their attacks and looked reverently at the direction where Ao Dog and the others were, and countless demon kings even knelt down in the air in this direction, chanting in unison, 'Welcome the return of the divine dragon! For ten thousand years, we slaves have been doing our duty, always guarding the ancestral land of the Shoushan Mountain for the divine Dragon clan!'

Dozens of demon kings shouted in unison, and with their terrifying realms, their voices shook the mountains next to them, and all the spirit beasts in a hundred-mile radius fell to their knees, trembling in fear!

Dragons ?

Damn it, didn't they say that the dragons couldn't return to the ancestral land and were confined to an area at the bottom of the Eastern Sea ?

The wretched-faced Cadrien's brow furrowed, and the situation of Nocturne next to him was not much better.

But now these demon kings were too busy paying their respects to bother with these people, and they were relieved to have a chance to catch their breath.

There were less than two hundred silver-clad crusaders left, and the Angelic Order was even worse, with only a dozen angels left.

But they were all elites, and the worst of them were all late fifth level Illusionary Spirit Masters, otherwise they wouldn't have lasted this long, and would have either been slapped to death, or their auras would have been consumed and killed.

Those who survived? Aiyiyi Fuzzy Ground Zero? The ones who survived were all elites.

A sudden change in the sky, the wind howled, the sea of clouds surged, proud dragon roar came from the clouds, the Ao dog, surrounded by imperial wind and thunder, manifested itself, a thousand-meter giant dragon hovered in the void, standing proudly, so powerful that even the angels could not help but worship.

This is worthy of being the totem of China, the ancient race of divine beasts!

Just then, an angel suddenly cursed with wide eyes.

'Fark, no! Those three picking bastards are over there! Right on the head of that long worm!'

That angel's eyes were sharp, he spotted Lin Hao, Ling Yun and Lion Tiger and pointed at them and just yelled!

All the demon kings beside him turned around in a swish and neatly, glaring angrily at the angel, wanting to rush over and kill and eat them straight to the bone!

Slap!

Keldren slapped the angel away, 'You're the one with the sharpest fucking eyes, aren't you?'

Both the crusaders and the other angels stared at the angel in anger, 'Are you stupid?'

You're the only one who saw it? We all saw it, but you couldn't see clearly, could you?'

And the long worm? You are also really not afraid of death.

The angel's shriek was heard by Lin Hao, who froze, 'No, they've found this out? I've taken off my make-up.'

That's right, Lin Hao had changed into modern casual clothes and those marks on his face had been cleared away, Ling Yun had also changed back into her long pink retro dress and was carrying a palace lamp in her hand.

Ling Yun was also surprised, how did they find them?

The lion tiger raised his paw with a confused look and pointed at himself, but Lin Hao didn't even see it.

Desmond pointed his finger at the lion tiger: (▽), this silly big guy you guys don't follow a piece of makeup removal for a bit? You guys just remove the makeup yourselves have no use ah?

Lin Hao and the others came up on the dragon and hovered above the battlefield, looking down on everyone and the demonic beasts below.

'Desker, I fark your whole family!'

The others didn't dare to mess with them, but that Desker knew his roots and couldn't be messed with?

Noxious and Cadrien pointed at Deske and spat at him, as for Lin Hao and Ling Yun, they simply ignored them instead.

After all, they couldn't figure out what was going on, but Dusk knew his roots, so he was right to scold him, and if he didn't like it, he could do it!

Dusk was frantic: 'What's wrong with you guys? Why are you calling me names for no reason? Did I eat your rice?'

'You son of a bitch! You're a beast of burden! Did you set all this up so that the three of them would come and mess it up? Didn't you, didn't you!' Noxord stared at Deske with a fierce look on his face, and if it weren't for the group of demonic beasts and the divine dragon at their feet, Noxord would have gone up and torn Deske to pieces and fed him to the dogs by now.

'What the hell does it matter to me! If you bleep me again, we'll touch!' Desker was a fighting man, and he had no fear of the bear pantheon, so what the hell are you afraid of?

'You're a wimp, you dare not do what you dare! You dare not admit what you've done, right?' Next to him, Cadrien also joined in the scolding battle.

The demon kings, all of them gloating and watching? Lu Wu Piao Ai Wu Yi Serving Ground? The play was on, with eyes full of playfulness.

'Bullshit! I swear, if I did it, the heavens will strike! Don't falsely accuse good people of nothing.' Deske is also mentally exploding, obviously Lin Hao and the others did it, but it turns out that instead of scolding Lin Hao they scolded him for coming, the key how did he become the mastermind?

However, as soon as Deske's words left his mouth, the hand behind Lin Hao's back moved slightly and a thunder meteor was crushed.

With a boom, a thunderbolt clicked and struck Deske's head directly with unparalleled precision.

Boom, another thunderbolt, five thunderbolts landed on the head in quick succession, truly five thunderbolts.

A thunderbolt of this power couldn't hurt Deske, but it didn't do much damage, it was extremely insulting, and at the moment Deske's hair gave way to fried hair.

Kedren: (▼^▼#) And you say it wasn't you? It's all five thunderbolts, what else do you have to say!

Deske roared, 'Who did this? Which one of you bastards did it? Come out, come out!

However, there was an eerie silence in the room, and even Desco's men wanted to laugh a little.

'Cough cough, to be fair, we are here to save you, how can you slander good people, I, Lin Hao, am most uncomfortable with people who slander good people.' Lin Hao coughed and hurriedly pulled away from the topic, if this went on, they would all have to dry up.

'You shut up! You're the least qualified to speak, saving us? You're talking out of your ass! Who caused all these deaths and misery for us now? It's not you! Save us, save your

ass.' Seeing that Lin Hao was only at the peak fourth rank realm, Cadrien disliked him without hesitation, but he also thought how Lin Hao looked somewhat familiar.

Super Son-in-law Chapter 2369-2370

Chapter 2369

'Nonsense! Can what Lin Ye Ren did be counted against me, Lin Hao? This has nothing to do with me, or I'll sue you for slander!'

When Lin Hao's words came out, even Ling Yun and Desmond couldn't help but stare at Lin Hao with wide eyes!

I've seen shameless people before, but I've never seen you so shameless, how can you do that?

The people on both sides of the camp, their faces twisted in anger, wanted to tear Lin Hao apart: 'Don't listen to his bullshit, he did it!'

'Hey? Ersi shutsi er shanshan serve? You can't hear a good thing or a bad thing, can you? I came to save you and you're still bleeping around.' Lin Hao is also convinced, all said no, how come none of them listened, okay, not listening, right?

Lin Hao stomped on Ao Dog's back with his foot, 'Brother, it's alright, let them continue to fight.'

‘Okay.’ Ao Dog let out a dragon roar, the demon king knelt down, Ao Dog grinned, ‘You guys continue without me, continue what you were doing before, I’ll watch the fun.’

Bang Bang Bang~!

‘Brother, I was wrong, we were just joking, you guys really came to save us, we were just trying to lighten the mood, haha, brother you are so kind how could you be the one who set us up, right?’ Cadrien hastily apologised and the others knelt in a line, that was a dry run.

‘Spineless hypocrites, where has all your angelic nobility gone? Fie!’ Knoxed spoke with a look of displeasure.

Cadrien scolded at the kneeling Noxodes, ‘Hey, you old turtle, you have a backbone, you’re arrogant, you’re fucking kneeling faster than anyone, what the hell are you talking about!’

Lin Hao also cried and laughed a little when he saw this scene, wasn’t this being a bitch? The good dignity do not want, must repeatedly jump across, now the dignity shattered all over the ground can not pick up, right? The same dignity that was shattered was also shattered by modesty, right?

The next thing was much simpler, Ao Dog drove the demon kings away, and without saying a word, these demon kings bowed and saluted before leaving and returning to Mount Shou.

The three remaining forces, staring at each other wide-eyed in place, each with a bloodthirsty and fierce gaze, wanted to eat each other alive.

Especially when they thought that they had just given Lin Hao a knee, it was a disgrace, and now that the Demon King was gone, they really wanted to take the opportunity to swarm them all and run away.

‘What for? Not convinced, huh? Want my brother to call his little brother over for you to continue the fight for a bit?’ Deske gave a disdainful glance at the two commanders of the opposing camp, with Ao Inu around, you guys are a der.

‘Whether I’m human or not I don’t know, but Deske you’re a real dog!’ Noxiously, Noxord glared at Deske, but there was nothing he could do.

Lin Hao was not strong, but let’s not forget that there was also a middle rank six Lion Tiger, Ao Dog was at the peak of rank six, and Ling Yun was also at the late rank six, plus Deske, if they really fought, they might not really be able to beat each other even if they joined forces with the angel camp.

The worst thing is that Ao Dog, with one voice, they will be directly ruined.

At that very moment, a strong spatial fluctuation began to appear, right above them, and the tearing force from that terrifying spatial fluctuation was so strong that even Noxodes, a strong man of the early seventh level realm, felt fear.

What the hell ?

Everyone burst back, and Lin Hao also had a grave look on his face, as he could feel as if something political was about to tear through space and burst out from within.

What the hell was it ?

‘Damn, this is my dragon clan’s ancestral land, such a strong space, no one but my father can tear it apart, everyone be careful, the thing burrowing out of it is not something we can deal with.’ Ao Dog’s face also looked grave as he said, ‘Two choices now, either run now or the second choice, wait for that thing to come out and all of us will attack together and hit it hard!’

‘Hit it hard, don’t you believe I’ll throw you into the spatial turbulence later?’ Lin Hao kicked Ao Dog’s huge dragon head with no good grace.

Chapter 2370

This was because Lin Hao had sensed a familiar aura and his mind had sensed that it was his daughter who had come.

Others couldn’t tear through this spatial barrier, but his daughter didn’t have the slightest problem.

Ao Dog was still wondering, what was going on ? He didn’t say anything himself, what was Lin Hao doing kicking himself.

With a click, the solid space was finally torn apart, and suddenly from the spatial rift, a cute little head covered in sweat poked out, the face that was as delicate as a porcelain doll was covered in sweat, but that little face made everyone freeze.

Except for Lin Hao and Ling Yun.

Oh my god, such a cute little girl, how could she be something extremely terrifying as Ao Dog had said?

Obviously an innocent and cute one? Serve er zero intention to serve dye west? A little girl.

But there were some people who reacted quickly: no, hell, who's cute little girl would do such a thing? You're not the one who tore a hole in the dragon clan's ancestral land from the spatial turbulence, you're not the one with the problem!

Lin Ruoshi poked her head out and saw so many strange people out there, how come that person's skin was so white, and how come this person had wings on his back.

That person's face was so strange.

But Lin Ruoshi looked around and finally spotted Lin Hao and Ling Yun standing on Ao Dog's head, a charming smile bloomed on Lin Ruoshi's pretty face, Lin Ruoshi happily and incomparably burst out of the crack and excitedly pounced towards Lin Hao.

'Lin Hao be careful!' Ao Dog directly opened his mouth to warn Lin Hao, and Deske even directly dodged and prepared to make a move, the other party was actually coming for Lin Hao!

But in the next second, everyone was directly dumbfounded on the spot.

Because Lin Ruoshi happily shouted, 'Daddy, Xiaoshi has come to take Daddy home.'

Lin Hao opened his arms and took Lin Ruoshi into his arms, dotingly stroking Lin Ruoshi's little head and smiling, 'Who's this little cutie, why is she so cute?'

'Hee hee, I'm Daddy's little cutie, by the way, Grandpa Beixuan is here too, it was Grandpa Beixuan who brought me here.' Lin Ruoshi cocked her head and smiled with those two sweet dimples that were so mesmerizing that the hearts of the people around her melted.

When they heard that Chen Beixuan had also come, they thought that it was Chen Beixuan who had torn this space 'Where is that old calf?' When Lin Hao heard Lin Ruoshi say this, he subconsciously glanced at the spatial rift and didn't see Chen Bei Xuan come out.

‘Hey, the old calf, come out quickly, why is the big man still shy?’ Deske also yelled with an unhappy face towards the rift, and so did Noxious and Cadrien and the others, either scolding Chen Bei Xuan in an unkind tone or flirting in an unkind tone.

See, Chen Bei Xuan’s character had a reputation, and he definitely didn’t have a lot of pitfalls.

‘Why are you scolding Grandpa Beixuan? Grandpa Beixuan went back and said he was going to visit his mum, Xiao Shi is very good now, Xiao Shi can take dad home, I know the way.’ Lin Ruoshi held her head up proudly, her aura radiating out from her body.

Lin Hao was shocked to find that his daughter had surpassed himself in realm and had reached the early stage of the fifth grade.

What happened next was simple.

Desker and the others would have to stay behind and weaken those demon kings, this was the home base of the dragons, but now they had to take care of these matters before the dragons came back, otherwise the initiative would not be in the hands of the humans when the time came, which was not good.

Knoxed and Cadrien also seemed to know about the plan, but that didn’t stop them from targeting each other, and the three sides had no intention of joining forces.

At the same time they were cursing in their hearts, if they hadn't been pitted by Lin Hao in several waves, they would have bloodied each other, would they have been left with such a few remnants?

Lin Hao was also crying and laughing, this had nothing to do with him, who told that old calf Chen Beixuan not to tell him the exact plan, making it so mysterious!

And Lin Hao even thought that it was all Chen Beixuan's plan, to let himself deliberately cause trouble and deplete the overall strength of some of these forces.
