

Super Son-in-law Chapter 2381-2390

Chapter 2381

Lin Hao: ! ! ! !

‘Jun Wu Ren, holy shit! Tomorrow you can enter this shop door my last name is written backwards!’

Jun Wu Regret’s divine operation all but confused Lin Qingcheng: ‘Brother Wu Regret, you are a talent, kicking my brother even with a big number, can’t you just mention a random management to get him to kick someone? You are also a talent, tomorrow you can enter the door of that shop, my Lin character is written in reverse!’

Jun Wu Ren cried, his hands shook and he didn’t think so much, when he reacted he was already ruined ah, completely ruined ah.

And you are not cheating? You’re still not writing the word Lin in reverse!

The group was directly swept up by the ‘talent of Brother No Regret, Brother No Regret is awesome’, all a group of people who were watching the hilarity, but Jun Wu Regret was in tears, there was no chance to remedy the situation, directly sending a message to Lin Hao to say that it was a little bit degrading, no, bear with it, just drop it!

Lin Hao came back, told Ling Yun they this news, the division of labor is very clear, Lin Hao chef, Lei Ling is responsible for end washing dishes, Lin Ruoshi is responsible for collecting money, just so the little girl to learn properly.

As for the white cat, Rui Lin, he is directly the shop's fortune cat, and also the handyman, similar to the mascot.

Well, Ling Yun, it's not a bad idea to be the door solicitor, and the waiter inside.

After all, you don't need much manpower, the shop was never intended to receive many people? The only way to get the most out of this is to have a good deal of time. The most important thing is that you can take orders from a maximum of ten people per meal, and if you have more than that, you just don't do it, and it's not good to be too tired.

Hearing Lin Hao's arrangement, Lin Ruoshi cheered as much as she could, Rui Lin and Lei Ling were not very interested, but also did not refuse.

On the contrary, Ling Yun's face was one of rejection: 'Lin Hao, you, are you using me to make use of? You are taking me to death hokey!' ,

'Do you know what it is to solicit customers at the door in ancient times? Who am I? The fairy of Ling Yun, the fairy of peach blossoms, I' Ling Yun wanted to cry, not you so make the use of ah.

Even as a hard worker is not so ah.

The actual fact is that you will be able to get a lot more than just a few of these. The first thing you need to do is to get to know the fairies and see how many of them come down to earth.

‘It doesn’t take much, you just need to be able to get up to ten people a day, you do what you need to do, that’s always okay, I’ll pay you, you can buy any clothes and bags you want.’

‘I know you’re not short of money, but it’s such an achievement to buy things with the money you get from working with your own hands.’

Ling Yun bristled, ‘You’ve been wronged if you don’t become a marketing master, so just keep on fooling around.’

‘What are you fooling around for? I’m telling you the truth, just say whether you’ll do it or not, if not, go back, I’ve already taken over the shop anyway.’ Lin Hao shrugged his shoulders, it didn’t matter, there was only one doorman missing anyway, and Rui Lin could take over.

This shiny white fur would attract many female customers, and such a big cat, bigger than a tiger, who had seen it before? Who has ever seen one?

If you can’t get your daughter to stand at the door and be cute, you’re done.

‘Count on you!’ Ling Yun gritted her back teeth and spat out three words, although extremely reluctant, she didn’t want to leave.

The next day, five people plus a big white cat with a strong body arrived at the Remorseless Inn early in the morning, the fingerprint lock had been changed to Lin Hao’s, Lin Hao didn’t even bother to change the signboard, after all, when the time came to smash the signboard, it was also Jun Wu Regret’s, what did it have to do with himself, right?

Lin Hao asked Ling Yun to personally write a notice with all kinds of dishes, meat and vegetables, very good, but when Lin Hao asked her to write the price, Ling Yun jerked her head up and asked with an incredulous face: ‘Where are you robbing money? The lowest dish is two thousand dollars a piece, the highest is as high as six thousand Lin Hao, I think you’d better not open a restaurant, robbing a bank might suit you better.’

Chapter 2382

‘Nonsense.’ Lin Hao said without good humour, ‘These raw materials are cooked with the meat of spirit beasts, as well as rare vegetables and herbs from the Spiritual Domain, do you think this price is worth it? Eating them can prolong your life, benefit your health and make your body and mind happy, isn’t this price worth it?’

‘Besides, have you seen the restrictions, each person can only order three dishes, that’s only thirty dishes for ten people, that’s only tens of thousands of yuan a day turnover, it’s almost the same as their normal business ah, we are here to experience life, not to be a tired cow, how delicious this spirit beast meat is you know, too cheap, I’m afraid you can’t even do it over.’

Seems like, it kinda makes sense?

No way, Ling Yun also had to follow what Lin Hao said to write, soon, the notice was posted, ? Fuzzy closed love cover zero closed fuzzy Shan? Open the door to welcome guests!

The big cat plopped down at the door, while Ling Yun was somewhat reluctantly carrying a palace lantern and standing at the door in her favorite pink retro dress, but it was Ling Yun's first time trying it out, and she was a little embarrassed to see people looking curiously.

But the cat was too conspicuous, and this was the busiest part of the ancient town, although it was still very early, there were still many pedestrians coming and going.

'A tiger covered in snow white, this can't be the ancient divine beast, the white tiger, right?'

Ruilin looked up at the man, grunted and continued to lie down.

'This, this big cat seems to be able to understand our speech yeah?'

'Hey, big cat, look here.' Someone even came and shouted out to Rui Lin.

Ruilin had been warned by Lin Hao that he couldn't spit out human words or else he would go back, so Ruilin had to look up and give a low growl, waving his paws and glaring at the other person as if to say: get lost!

‘Ouch I go, this sound is so dominant, it really is a tiger, haven’t seen such a beautiful and unique tiger, is this the boss’s pet? Or did it run away from somewhere?’ Many people gave a big jump to a low roar from the white cat, after all, the size of this thing was here, the shocking effect was very strong.

‘This nympho is too pretty, it looks like a fairy walking out of a painting.’

‘Yes, it’s so pretty, like a fairy, and like an ancient grand dame, a thousand-year-old lady, that is, what is she doing standing here so straight?’

Being surrounded by so many people, Ling Yun blushed a little, but her face was shy and more charming, some young youths went straight over to greet her, ‘Hello little fairy, you work here do you? You look so pretty.’

‘Thank you.’ Ling Yun simply said thank you, after all, the other party had complimented herself ah.

‘Little fairy, can you add a wechat?’ The young man spoke while the iron was hot.

The few men next to him who were a bit hesitant were a bit remorseful, why didn’t they go first ah, bad luck.

‘Brother, someone is molesting Sister Ling Yun oh.’ Lei Ling looked up from playing with her phone in the shop and flirted with Lin Hao.

Lin Hao looked up and withdrew his gaze, ‘She can pull people in for dinner counting her ability, molesting or not, is that something I should care about.’

‘Hey, what a tool people stone hammer.’ Lei Ling sighed and continued to play mobile games going.

‘I don’t have a phone.’ Lin Hao shook her head gently, this thing she didn’t have a wooden one.

But the young man was a bit unhappy, this is clearly a rejection of his own ah, after all, who does not have a mobile phone these days, down to three-year-old children, up to seven or eight old men have mobile phones, right.

‘Little fairy, no, give a face, just add a friend, I really don’t mean anything else.’

Ling Yun was also exasperated and laughed, patted her body, then raised her hands, ‘You see that place where I have a phone you tell me?’

Super Son-in-law Chapter 2383-2384

Chapter 2383

???????

The young man was now completely embarrassed, it seemed that the other party did not mean to reject him, he was happy again, it was as if he had misunderstood and thus caused the other party to be somewhat angry.

‘Sorry little fairy, sorry, my name is Lin En, hello get to know each other, may I ask what is your name, little fairy?’ Lin En continued to climb into conversation just to defuse the awkwardness.

Anyway, now everyone was just younger looking over to Ling Yun’s side apart from the curious big white cat onlookers, and no one was going into the shop, so Lin En was in no hurry to go in.

The main reason was that Ling Yun’s aura was so outstanding, so transcendent, so fairy-like, that it really made these young men shine and some of them couldn’t move.

‘Ling Yun.’ Ling Yun replied coolly, she seemed to be a bit cold except for those she was familiar with, but everyone else’s words were a bit icy.

However, instead of being angry at the other party’s cold attitude, Lin En felt that such a heavenly looking woman with a natural temperament deserved such a cold tone.

‘Very nice name, I’m really sorry just now, why don’t I treat you to a meal, right here, so you should get a commission as well?’ Lin En hastily opened his mouth, those men watching next to him were sour, ugh, this kid is talented, his reaction is really damn fast.

Lin Yun's eyes lit up as she listened, it seemed like a good idea, let Lin Hao cook a meal for himself, someone else pays and he gets a cut, it's simply too good to be true!

'Are you sure you want to treat me to dinner? Here?' Ling Yun's big, fluttering eyes looked at Lin En in confusion.

Faced with Ling Yun's question, Lin En nodded without hesitation, 'Yes, let's go, I'll go talk to your boss and let you take a break while I order a few more dishes.'

'Okay, but you'd better check the prices first.' Ling Yun thought about it and agreed, but the price of the dishes was something that the average person couldn't afford.

Lin En said there was no need to look, he was the grandson of a group in Jinling, a rich kid himself and an internet celebrity, he earned a lot of money on his own, he knew that things here were generally more expensive, but how much more expensive could they be?

'You'd better look at the prices first, moreover, we take one guest directly to each of our three meals in the morning, lunch and dinner, and each person cannot order more than three dishes at most, this is the rule set by our boss.' Ling Yun did not want the other party to have dinner but not have the money to pay, that would be too embarrassing and the consequences were not something the average person could afford.

'No? This boss has changed? A new one to rob?'

‘God, this boss is really brave, is the decimal point wrong? Is he here to open a shop or to rob!’

‘That’s right, they’re here to rob, they’re asking for 1999.8 for an ordinary ingredient, that’s tough, who can afford it!’

‘A new owner?’ Lin En also froze for a moment, he came here often, although he knew that the food here was more expensive, but the taste was really good, he didn’t expect that the owner had suddenly changed and the price was even more outrageous.

‘Ling Yun are you sure that your boss’s pricing is correct?’ Lin En couldn’t help but ask.

‘The pricing is correct, and this morning, only ten people will be received.’ Ling Yun spoke with great certainty.

After Ling Yun finished speaking, the whole room went crazy with laughter, this pricing was simply hilarious, and who dared to eat at such a price?

A single ingredient could eat most of an ordinary person’s salary for half a month!

Even if this stuff is made of gold, it’s not worth this price.

There was a lot of chatter and it did attract quite a few people, which left many speechless. The gimmick was indeed gimmicky enough, the fairy and the beast, it was indeed eye-catching, but this pricing, it was a clear case of taking advantage of the wrongdoers.

When Lin En saw such confirmation from Ling Yun, he nodded gently, 'Fine, then I'll keep my promise and treat you when I say I will, let's go and order in.'

Ten thousand dollars for a meal was indeed a bit expensive, but it was completely within his range of affordability, even a hundred thousand dollars for a meal would be fine, not a big problem.

Chapter 2384

Lin En really wants to meet Ling Yun, her temperament and beauty is really attractive, at the same time he also wants to know, such a beautiful woman, is not really a fairy that does not eat the fire and smoke, or is it a drink and rice tray

The first thing you need to do is to get a good idea of what you are getting into.

'Such a blatant wine and rice peddler, report a wave?'

Lin En didn't bother with this and walked in with Ling Yun. Lin Hao raised his head when he heard the movement and was a bit surprised: 'You can do it, the first customer came so soon? You can do it, Lin Yun.'

‘The boss is having a great opening, since I’m the first customer, is there some kind of discount? Or any other benefits.’ Lin En also smiled and spoke.

‘A discount? A discount is fine, the price of each dish you ordered is floated upwards by two hundred dollars, and you can order three extra dishes.’ Lin Hao also agreed very happily.

Ling Yun, Lei Ling were all a little confused.

Even Lin En was dumbfounded, what the hell is this reverse discount you’re giving? Other people were cheaper after the discount, but you’re more expensive after this discount, so what’s the point of having a discount?

‘Which forget it.’ Lin En smiled awkwardly, ‘There’s no need for a discount, but I have a small request, that is, let Ling Yun take a break and have a meal with me, then she can either order three dishes as well, I’ll pay for it, how about that?’

‘OK,’ Lin Hao snapped his fingers Lin Ruoshi took the menu and handed it to Lin En in a fart, ‘Brother, here’s the menu, just order, I’ll keep track of it.’

Lin En: ????

It was only at this time that Lin En realised that there seemed to be only four people in this shop? Plus the white cat at the door, what was the point of having such a big shop with so few people?

And why did they employ child labour? No, this Lin Ruoshi could not be considered child labour at all, but these two little girls were too cute, right?

‘Okay, thanks little sister, little sister is awesome, how about you give your pen and paper to brother, how about brother help you write?’ Lin En thought to herself, this child looked no more than five years old at most, she shouldn’t be able to write something so complicated.

‘No brother, I can do it, just talk, I’m busy.’ Lin Ruoshi spoke adorably, her voice soft and adorable.

‘Sze, I want a flower spirit roast, boiled drunken fish, and a vegetarian flower soup.’ Ling Yun had already sat down, and under Lin Hao’s eyes, Lei Ling went to bring up the bowls, chopsticks and tea.

Ling Yun was all happy and blooming, happy that she was obviously one of the staff, but now she was enjoying the treatment of a guest.

Lin En took a look and couldn’t help but frown, wasn’t this just roast pork, boiled fish and cauliflower soup? Changing the name to a high class one and slaughtering them hard, huh?

Crucially, Lin En noticed that the three dishes that Ling Yun ordered were the most expensive of these series, wasn’t it a little too obvious that this rice trust was ripping people off?

Lin En was instantly disinterested, but it was just over 10,000 yuan, he didn't care, it was just that this result was disappointing to her, he didn't expect Ling Yun to be such a person.

Lin En casually ordered three dishes and was not in the mood to care about the rest, but he did find something that made him very curious, this little girl looked so young and wrote the names of the dishes neatly, and also gave the overall price, this wouldn't be right?

'Daddy, here you go, go get ready.' Lin Ruoshi finished writing and handed the paper and pencil to Lin Hao, who looked at it and nodded and went to the back kitchen to get busy.

Lin Ruoshi bounced around and ran to play with Lei Ling to check her phone.

Lin En asked Ling Yun curiously, 'Is this little girl so smart? Is she the boss's sister?'

Ling Yun nodded, 'Me and the one at the door are both the boss's? Zero Ai Shandi Wu Serving Ai Di? Friend, that's Xiao Shi, the boss's daughter, and this is Lei Ling, the boss's younger sister.'

Lin En was speechless, wasn't this a family?

A family in partnership out to rip people off, huh?

Super Son-in-law Chapter 2385-2386

Chapter 2385

The two of them chatted with each other, because Ling Yun was a bit cold towards the living, even if the other party invited him to dinner, while Lin En was also lacking in interest because he thought Ling Yun was just a meal provider, and even talking with Ling Yun was a bit tasteless, without any taste.

Only a short while later, a tantalizing fragrance wafted from the kitchen, and Lin En's whole body froze, his eyes widened, oh my God, what is this that smells so good?

'It smells so good, it smells so good it's the smell of roast meat.' Lin En started to look forward to it a little bit again, after all, what's the saying, expensive is expensive for a reason, the reason it's expensive is because it's worth the price.

'Brother, this is the flower spirit roast ordered by sister Ling Yun, it's one of the best dishes in the roast meat series.' Lin Ruoshi introduced it to Lin En in a very good manner.

Just at this time, another young man came in from outside, a young man with a school bag on his back and a selfie stick in his hand talking to himself on his phone, he should be an outdoor anchor.

'Wow, brothers, the aroma of this ancient style inn's food is too fragrant, just now we flirted half a day at the door with the pricing of this restaurant is simply a money grab, but when I smelled the aroma, I thought, people are expensive for a reason, it's a pity that you can't smell the aroma through the screen, it's too great.'

‘Brothers, I’m going to use the money I’ve spent on collecting bottles for the past half month and I’m going to try a dish for everyone!’

‘Uncle, here’s the menu.’ Lin Ruoshi handed the menu to this outdoor anchor.

‘What a cute little sister of a waitress, brothers in the live broadcast room, look at this, how cute it is.’ The sea goat held up his phone and turned the camera so that the people in the live broadcast room could see Lin Ruoshi.

In a flash, the pop-ups in the live stream room brushed up to the sky, all of them were adored by this cute look of Lin Ruoshi.

‘Uncle, can you hurry up a bit, I have other things to do.’ Lin Ruoshi frowned a little.

‘Sorry sorry sorry, uncle is wrong, can uncle just order one dish? Just order the roast meat with this fragrance now.’ The sea goat apologised very politely.

Next to him, Lin En looked at the other side curiously because? Ai Ai Yi Zero Shan Ai Shade Dye? He felt that there was something familiar about this person’s voice, and as a result, when he took a look, yo-ho, this was really an old acquaintance that he knew. Lin En waved, ‘Sea sheep, what a coincidence, you’ve come to get slaughtered too.’

‘Isn’t this Brother Lin? Look brothers, we just saw Brother Lin’s superb pick up technique, did you all learn to waste it? Haha.’ Sea Sheep flirted with laughter, he had followed him over out of curiosity, and the other was to see how Lin En was getting ripped off.

After all, Lin En was also an internet celebrity anchor, much hotter than him, once this wave of heat rubbed off on him, wouldn’t his scattering rub off on him?

Lin En cried and laughed, naturally he knew what the other party was up to, but didn’t point it out, instead he laughed and said, ‘There’s a reason why it’s expensive, it’s not like you don’t smell it.’

‘Brother Lin is right.’ The sea goat smilingly waited and continued to kibitz with the netizens in the live stream.

Lei Ling frowned and warned Sea Sheep, ‘This customer, this shop allows you to broadcast live, but control your volume and don’t affect the other guests, otherwise we have the right to refuse to provide you with any service.’

The sea sheep was dumbfounded, so hoity-toity? This shop looks like it doesn’t want to make money, the prices are expensive and the service attitude is so tough?

The viewers inside the live broadcast room also began to condemn, oppose, Lei Ling’s behavior.

Although Lei Ling is a cute and pretty girl, it still made the netizens feel very uncomfortable, after all, who has nothing to spend so much money to come here to be angry, right ?

Lin En also ignored the sea goat and tried to chat with the cute and smart Lin Ruo Shi, but Lin Ruo Shi went off to play with Lei Ling holding her phone.

Soon, all the dishes were finished and Lei Ling got up to bring them out, all sealed in a tightly sealed casserole.

When they came out, there was no smell at all.

Chapter 2386

Whether it was Lin En or that sea goat, both were a little disappointed at this point, the aroma was really tempting just now, but it turned out that it only had this aroma when they were making it, but now it was gone.

The moment the two opened the casserole, the tantalising aroma made the two of them shudder and were directly stunned in place... Oh my god, it wasn't that this thing didn't smell good, but that the other party had actually used a special means to lock all the aroma inside, without the slightest bit escaping at all.

‘Oh my god, this is too fragrant, I wonder how it tastes, brothers, I’ll try it first.’
The sea goat couldn’t wait to pick up his chopsticks, so he took a piece of the charred roast meat into his mouth, and with one bite, it instantly melted the taste buds!

The crispy outside and tender inside, the more you chewed, and eating the roast meat, your whole body felt incomparably comfortable, as if there was an invisible energy being constantly released from the roast meat, and then transmitted to all the limbs and bones.

Even after swallowing it, it still tasted endlessly, achieving a true aroma that lingers on the lips and teeth.

Looking at the simple roast meat, it seemed that not even other condiments were added, yet it could achieve such a natural deliciousness, the soup even penetrated every part of the roast meat, the soup was even and delicious.

(Damn, I made myself hungry)

The live stream has been full of pop-ups asking: How is the sea goat brother really like? Is it good? Is he being ripped off?

It’s obvious that he was ripped off! It’s definitely not good!

I think so too, it feels like the owner is just staging a gimmick, such as a super young and cute little girl as a waitress, a super beautiful welcoming girl and a big white tiger, all gimmicks to screw the big money.

The company's main business is to provide a wide range of products and services to the public.

.....

'Hey.' Sea Sheep sighed and spoke with a frown, 'The wind is picking up, it's time for this shop to go bankrupt.'

'Haha, sorry for the crosstalk. It actually tastes really great, there's no way I can really describe it to you in words, full stars on the recommendation scale! This is the first time I've given a full star recommendation, but I wouldn't recommend trying it, it's a bit too expensive after all, but if you really want to try it, you can pay for a few people to try it.'

'After I ate it, I felt a lot more refreshed, it was really great.' After saying that, the sea goat even got up and gave Lin Hao a bow of thanks, it was all a ruse: 'Thank you, boss, for your culinary hospitality and for bringing us such wonderful food.'

Lin? Wu Shan Yi Wu Wu Ai Er? Hao waved his hand and didn't reply, as Lin Hao felt that the other party's doings were a bit fake and didn't want to respond much.

However, there were many black fans in the live broadcast room spraying up, saying that this sea sheep is definitely receiving money to do promotion for others, together with eating human blood buns.

The sea sheep was wronged, explaining that he had spent so much money, tasted the food, no promotion fee, but also wronged, directly hard steel: I did not promote, no advertising fee, just happened to come in to eat, believe it or not, I also do not recommend, you can not come to eat, anyway, the boss received ten people per meal, you want to eat can not eat.

This time Lin En looked at the sea sheep side so excited, also began to eat up, Lin En are dumbfounded, the heart is also incomparable guilt, he again again again misunderstood Ling Yun.

The other party really didn't deceive him, it was really expensive for a reason.

He was the son of a conglomerate and a netizen, so he had eaten all kinds of food, and had never eaten any kind of food, so his mouth could be said to be very tricky, but this time he could not find anything wrong with the food.

‘Have a taste of what I ordered, and compare it with what you ordered, and taste the difference in taste.’ Ling Yun spoke with a smile.

Lin En nodded and after trying them all, he gave a thumbs up towards Ling Yun, ‘Beautiful, Miss Ling Yun was indeed right, the three dishes you ordered are truly the signature of signatures, they came out completely once you compared them.’

The six dishes for two people were perfectly adequate and plentiful, but the sea goat who ordered only one roast meat wanted to cry a little and unknowingly dried himself out.

Super Son-in-law Chapter 2387-2388

Chapter 2387

And even the netizens in the live room he did not bother to pay attention to, concentrating on dry rice, see this scene, many netizens in the live room are giving gluttonous cry ah.

Many people had already started to believe it, because the sea goat was very chicken, idly turning the camera to Lin En's side, watching Lin En even ignore the beautiful woman in front of him, silently concentrating on drying rice, that is a positive.

'Little sister.' The sea goat waved at Lin Ruoshi.

Lin Ruoshi walked over and asked with a cute cocked head, 'Uncle, what do you want?'

'Bring me the menu, I'll order two more dishes, isn't everyone allowed to order three dishes? I'm haemorrhaging money today, I need to try two more dishes. ? Aiyi zero dye western steak serving Aiyi ?' The sea goat had thought there was no problem, but ended up with Lin Ruoshi's refusal.

'No, uncle, you can only order three dishes at a meal, and you can only order once, my father is very tired, if you need other drinks or service or anything like that, you can, but you can't add more dishes.'

The cute little girl who cared so much about her father warmed up the netizens in the broadcast room, but there were many who felt that it was bullshit, that there was money to be made, that it wasn't so arbitrary, that it was definitely a hype gimmick and that these netizens were here for a purpose.

But resistant to the rising heat, they are rubbing off on the rising powder.

‘But uncle, if you really want to try it, you can discuss it with the brother over there oh, you can work it out yourselves.’ After saying that Lin Ruoshi left.

The sea goat, however, was speechless, what the hell? He was called uncle, and Lin En was his brother, they were both similar, right?

But he couldn’t resist the temptation of the food, so he could only discuss it with Lin En, but Lin En was having a good time, so he shared it with you? What the hell are you thinking?

If it wasn’t for the beautiful woman across the table and the fact that he had promised to buy her dinner, he would have eaten up all of Ling Yun’s portion.

When he saw that he couldn’t go to Lin En, he had to beg Ling Yun again, but Ling Yun only replied with one sentence and then ignored him.

Ling Yun said: He paid for it?

It was useless to go to Lin Hao for this!

The rules were originally set by Lin Hao.

It wasn't bad, it was a good opening, just two deals in one morning, it was quite a clean slate, but these two deals made over 20,000.

Pure profit!

The raw material for the spirit animal meat was his stockpile, even the seasoning kitchen was readily available, and the shop was a gift from Jun Wu Ren, this life, ah, it was so unpretentious and leisurely.

After he finished eating, Lin En was still a bit unfulfilled, while the sea goat was looking at Lin En with a sulky face. This scene amused the netizens in the live broadcast room, it was just a plate of food, why bother?

But it still aroused some people's curiosity to come and try it out.

As for Lin En and Ocean, they were even more shameless, once they heard that this morning meal was over, but there were two more meals at noon and in the evening, they simply didn't leave, they just stayed here in the shop and had a good time bullshitting and chatting with Lin Ruoshi.

They both wanted to talk to Lin Yun, but Lin Yun didn't really want to talk to them.

They were both quite helpless.

Finally, at lunchtime, two young people, who looked like white-collar workers and were fans of both Lin En and Haiyang, came to the restaurant, making it a fan meeting.

Those two knew each other and came to share a table and ordered six rubbings, and Lin En tried to continue inviting Ling Yun but was rejected.

The sea sheep also reacted, hell, yeah, what about three more dishes for one more person, the sea sheep also started to invite Lei Ling, was refused by Lei Ling, even Lin Ruoshi refused.

Both of them were disappointed, it was over.

Ho ho ho!

Rui Lin was hungry, dammit, why didn't he call out to himself when someone was grabbing a treat?

Rui Lin roared twice and walked straight in, then sat straight down on a chair, pointed at the two men and pointed at himself, and roared twice.

The men were a little scared, but also felt a little amazing, the big cat seemed to be very intelligent.

Lynne was the first to respond, 'You mean, we can buy you dinner?'

Chapter 2388

'Ho-ho.' Rui Lin nodded his head excitedly.

Lin En looked at Lin Hao with a questioning look in his eyes.

Lin Hao nodded, 'Yes, order it, by the way, if you guys really can't get anyone together, you can also spell it out with me and buy me dinner.'

Lin En: ????

海羊 : (⊖▲▲)!

The two live fans looked at Lin Hao with the same dumbfounded expression.

Coming to your shop for dinner, eating your cooking, and in turn having to treat you to dinner and pay you in the end!

Boss, what kind of riotous operation is this ?

At the end of the day, Lin En and the big white cat got together at a table, and unable to resist the temptation of this food, the sea goat really put together a table with Lin Hao, and the two of them ordered a total of twelve dishes, plus six dishes ordered by the other two youngsters.

Lin Hao was busy and it was done, Lei Ling brought the dishes up, Lin Hao also casually tasted a little, tried the taste, not bad, and did not continue to eat.

The main thing is that there is not much appetite for cooking, besides, Lin Hao is also tired of eating, there is no feeling.

Seeing that Lin Hao had eaten so little and then stopped eating, the sea goat couldn't help but give a thumbs up: 'Boss is well-spoken!'

After all, compared to the big white cat Rui Lin, Lin Hao is simply too refined. Lin En is now looking at the white cat's bloody mouth without tears, one plate of food is not even enough for him to take a bite, how can he justify this ?

The fans in Sea Sheep's live stream were all happy: 'Haha, Brother Sea Sheep.

'Haha, didn't Sea Sheep forget something, you're paying for all these dishes.'

‘Look at Sea Sheep’s brain, it’s like he’s taking advantage of the situation.’

The sea sheep didn’t say anything, and pointed the camera directly at Lin En’s table, just in time to see the big white cat pouring a plate of food into his mouth, then licking the plate clean and placing the empty plate on the table.

The live stream went into a brief moment of silence, followed instantly by a hahahaha brush.

‘Hahahahaha!’

‘No one else, so it seems that the boss is indeed considered to be a man of honor!’

‘Inexplicably feel this big eater so cute is how fat four?’

‘I also want to have such a cute big white cat!’

‘Upstairs, can you wake up? I’ll wake you up if you can’t! You can’t even feed yourself, and you expect to keep this thing, look at this size, you’re a little kid!’

‘Damn, one little kid at a time is not bad! Scary!’

.....

The fun is short-lived and it hurts when it's time to pay.

There were just four people ordering in the morning and noon, and they made over 50,000 yuan in pure money.

In the words of the live webmaster, ? The actual fact is that you will be able to get a lot more than just a little bit of money for the purpose of the actual money. The actual fact is that the actual people are not only the actual people, but they are also the people that are the actual people.

The key is to be pitted after these few people dead or alive are not willing to go, the two young people who came only at noon are also not happy to go, live room netizens have accused, this hype is also too obvious ah, absolutely with a script hype ah!

But there are also many people who think this is quite real, a little money money people, but also want to try something.

Sea Sheep didn't close the live stream either, and after getting Lin Hao's permission, Lin En also put the live stream on.

Lin En opened the live stream while sitting next to the front desk chatting with Lin Hao and handed him a cigarette.

Lin Hao took it and looked at it, 'Young man rich man, what about the 9-5.'

Lin En gave a sarcastic smile, 'No, it's all because of my parents' hard work, it has little to do with me, I don't earn much either.'

'I might not make as much as you do today, boss, after a week of hard work.'

Lin Hao smiled as he lit his cigarette and said lightly, 'I sound pretty vanilla anyway.'

Everyone laughed, even the netizens in the live broadcast room followed suit, they all felt that Lin Hao was quite humorous, many even teased, this Lin En earned in one week, it was enough for his yearly goal, the key goal was to save 50,000 this year, but it turned out that this year is most of the way over, still 80,000 short of the goal of saving 50,000, just real!

Lin En also laughed and curiously asked Lin Hao: 'Boss, I used to come to this shop often, how come the boss suddenly changed ah, and I found that the plaque outside has not changed ah.'

Super Son-in-law Chapter 2389-2390

‘That the boss transferred to me, I’m not robbing style to open a shop, change the name for what, when you guys find the boss to settle accounts, you can’t find me either.’ Lin Hao exhaled a smoke ring and gave a heated smile.

Lin En followed with a sarcastic smile, but he is also a person who has seen the world, although Lin Hao is dressed in ordinary clothes, but a glance is not a poor money master, the temperament of this piece is put aside.

The few helpers looked like they weren’t afraid of losing money, they were afraid that too many people would be too much trouble, they didn’t even look like they wanted to make money.

There, Lei Ling was brushing up on her novel, and Ling Yun was holding Lin Ruoshi in her arms, catching up on the drama, leisurely as can be.

Even making the tea was too much for their guests to do on their own.

‘By the way, the boss hasn’t asked what your name is yet.’ Lin En was a bit curious, he basically knew quite a few of the big and small bosses in this Jinling, but he had never seen Lin Hao, the key was that he always felt that Lin Hao always looked a bit familiar, as if he had seen him somewhere before.

At that moment, a violent roar of engines sounded outside, the roar of a sports car!

Soon, more than a dozen luxury cars sped up and stopped straight in front of the Remorseless Inn, directly blocking the entrance.

Lin En and Ocean, as well as the two young men, were all attracted by the roar of the engine, they were also quite familiar with sports cars, this sound was the sound of sports cars, so many sports cars gathered together?

Lin Hao also frowned and walked out with a cold face.

The crowd came out to take a look and were dumbfounded along with the netizens in the live stream.

Bugatti Veyron, Lamborghini Poison, Silver Fox Phantom

There were ten various sports cars worth over ten million dollars, and several of them were limited edition sports cars.

Big brothers, the ones who came were definitely big brothers!

Soon, the next people who came down from the luxury cars made everyone present dumbfounded, and the fans in the live stream were shocked.

These people walking down were even more shocking than those luxury cars!

Lin En excitedly read out the names of each individual!

Lin Qingcheng got down from the Silver Fox Phantom sports car, still wearing a pair of sunglasses, valiant and imperious, with a happy smile all over her face.

‘Lin Qingcheng, Vice President of Tian Hai Group!’

‘Mo Tianji, President of Tianji Medicine, and Gu Nansheng, Vice President!’

‘Junmen Technology owner Jun Wuhui, President Hou Yijun, Tian Yue Media Gu Yue and Night One owner!’

‘President of Tianhai Charity Foundation, Yun Ruo, Vice President Xu Linglong!’

And the head of the Golden Dragon Gate branch, Xu Kai, no more, no less, exactly ten people!

But any one of these people were now famous and powerful bigwigs, especially Jun Wu Ren’s Jun Men Technology, Lin En’s family’s Lin Group was one of the groups under Jun Men Technology, but it was also sitting on a billion dollars of assets!

But such an existence, in front of Jun Wu Regret, is just like a joke.

Even Lin En's father had to respectfully obey his orders when he saw Jun Wu Regret, not to mention Lin En.

These people were all familiar bigwigs, so the sea goats were just as shocked as the viewers in the live stream, and they couldn't even speak out.

Straight? Zero er Lu zero zero zero Serving Wu steak? The netizens who questioned it was Lin Hao's hype during the broadcast all shut up, if not with a hefty background, or if they really had real talent now.

If you don't drive away later, I'll have it towed straight away!

Huh?

Lin En and the sea goat snapped back and looked at Lin Hao in shock, no, big brother, do you not know the identity of these people?

Even if you don't know their identities, you can tell they're not ordinary people just by looking at the luxury cars they're driving, ah, you're actually talking to them in such a tone?

Jun Wu Ren couldn't help but laugh: 'With your robbery-like pricing, there's a business of what, blocking the door or not is the same.'

Hmm ?

To Lin En's immense surprise, Jun Wu Regret was not angry at the other party's tone of voice, even the other bigwigs were the same, they just looked at Lin Hao with a smile.

Chapter 2390

'No business? How can there be no business! In just half a day's work, I've already made fifty-three thousand seven hundred, pure profit, just four customers.' Lin Hao shrugged his shoulders.

The netizens in the live broadcast room were laughing like crazy, they were saying that Lin Hao had made 53,000 in blood with tears, but it turned out that he had actually made 53,700 in blood with tears! No one else, it was more than what they had budgeted to earn, it was really faster than robbery.

'Are you guys burnt out on money? What? How can you eat at such a high price? Do you have a bag for brains?' Jun Wu Ren looked at Lin En and the others in dismay.

Lin En laughed, not daring to look at Jun Wu Ren in the eye, wanting to explain that the owner's food was really excellent and worth the money, but before he could say anything, Lin Hao spoke again, 'They have bags in their heads, what you have in your heads is tofu brains, don't eat it if you have the guts? Drive away or not!'

Lin Hao finished and directly snapped his fingers, Lei Ling jumped up with a swish, Lei Ling waved his small fist and came to Lin Hao's side with great enthusiasm and spoke, 'Brother, I'm coming, should I smash it or just throw it into the Qin Huai River?'

'Little sister Ling, why are you following your brother's bad example, don't be like this.' Xu Linglong coquettishly smiled at Lei Ling who was eager to try, really does not treat money as money ah, direct smash, here the luxury cars add up to almost two hundred million are.

'Hmph, my brother is right, I don't care about you.' Lei Ling disdainfully brushed her mouth.

Lin Qingcheng looked at Lin Hao helplessly, 'Brother, look what Little Spirit's sister has become after she followed you, it's all because of what you taught her.'

'Haha, I think Lin Hao taught her well, it's not like he's short of money anyway.' Mo Tianji laughed out loud.

'Cut the crap, leave if you don't want to eat, I don't want to entertain yet.' Lin Hao said with no good humour, don't climb into friendship with me if you've opened a shop, how can I take your money if I climb into friendship?

'Fine, fine, you're the boss, what you say goes. You're the boss, you're the boss.' The bigwigs actually obediently got into the car and drove it to the side.

Lin En and the others were petrified on the spot, their hearts shocked to the point of horror! Shock and horror!

The netizens in the live broadcast room were also shocked half? The netizens in the live stream were also half shocked? The netizens in the live broadcast room were also half shocked and could not speak for days.

The pop-up screen was quiet for almost ten seconds and instantly exploded~!

‘The first thing that happened was that the goddess Lin Qingcheng, the vice president of the Tianhai Group, called out to that boss what? Brother? It’s not what I think it is, right?’

‘Man, all these people seem to know the boss, so many bigwigs, they seem to have a good relationship with this boss!’

‘I think I understand why the boss is asking such a high price, I guess it’s just that he’s not bad with money, he doesn’t intend to make money at all, he’s a tycoon experiencing life.’

‘No, do you guys think that this boss looks familiar?’

‘I also think it looks very familiar! But I can’t remember for a while.’

‘Holy shit!’ Lin En snapped to attention and looked at Lin Hao with respect: ‘You turned out to be’ ‘You said that once the real leader of the Tianhai Group!’

‘The Sky Ocean Foundation and the now famous three branches of the legendary company, which can almost be compared to the Sky Ocean Group, were also established under your plan!’

Lin En and the others’ gazes were filled with admiration, at the most difficult time in China, it was this man who stood out, with the Tianhai Group basically losing money in a big way to support and fight the chaotic market at that time, and even established the Tianhai Charity Foundation, as well as Limin’s three major subsidiaries, and began to frantically build and aid markets all over.

Lin Hao at that time, a time for everyone said familiar!

And when everything calmed down, the Tianhai Group crazy value-added, Lin Hao chose to retreat in a hurry, the Tianhai Group donated to China, he is also zero shares out, but the three major subsidiaries still belong to them these people.

However, the three subsidiaries also followed the parent company in this way. In the end, China agreed, but still retained some of their shares and stated that if Lin Hao returned at any time, he would have absolute decision-making power.
