

Super Son-in-law Chapter 2391-2400

Chapter 2391

Now the subsidiary and the parent company were getting bigger and bigger, but Lin Hao had completely faded out of the limelight and had no intention of coming back.

Therefore some netizens and Lin En and the others in the live stream just now, all thought Lin Hao looked a bit familiar, and they didn't expect it to be him!

This man was simply a legend in his own right, the rise of the Tianhai Group to the current convergence of this group of bigwigs, what he had gone through, caused countless people to wonder.

Lin En's live stream with the sea goats exploded.

The news went viral!

Many relieved media outlets scrambled to follow suit: that legendary man was back! Do people remember him? Now, he's a small innkeeper!

Countless people flooded into the live stream, causing the entire platform to experience a server crash. The platform had to forcefully start streaming and add more servers, but it was still somewhat overwhelmed.

Many netizens were very excited to see Lin Hao across the internet, and countless more were grateful to Lin Hao, most of them had received help from the Tianhai Charity Foundation, and the Tianhai Group's reputation for product quality was unparalleled, and the prices were incomparably affordable!

'Congratulations to Boss Lin on his grand opening, congratulations, Boss Lin has finally returned after disappearing for two years! It's good to see your benefactor!'

'Yes, it's good to see your benefactor! Ai er xi xi closed er closed? People, congratulations on the opening of the boss!'

'Although it's a bit expensive for the boss to open a restaurant, but it's owned by Mr. Lin, I believe it's worth every penny, my monthly salary is only enough to order one dish, but I'll definitely order one dish to support Mr. Lin, it's purely a token of appreciation!'

'Upstairs, not to mention value for money, even if it's worse than pig food I'm going to support it!'

.....

Lin En saw the seriousness of the situation, the situation in the live broadcast room was now beyond his control as a small anchor, if it went on like this, things could get serious, he was a bit sorry for starting the live broadcast.

It's true that it gave them a crazy increase in powder, but the point is, the impact of this matter is too big, it's Lin Hao, if Lin Hao is slightly displeased, their Lin group can declare bankruptcy.

Lin En hurriedly told Lin Hao about the situation in the live broadcast room. Lin Hao cried and laughed and asked Lin En to point the camera at himself.

Lin Hao began very helplessly, 'That dude who said it was worse than pig food, you're a bit too much ah, it's impossible to be bad, it's definitely worth the money, otherwise industry and food should come after me, you don't want to get me into trouble ah you guys.'

Lin Hao's humorous and cheeky tone made involuntarily hold his phone and giggle at the screen.

'Also to clarify, I have a maximum of thirty receptions per day here, I'm just looking for something to do, not to make money, well, I guess you guys don't believe me, after all, it was more than twenty dishes of Xuejuan 50,000 people just now.' Lin Hao's words once again caused everyone to laugh loudly.

'I am just an ordinary person now, also please do not pay too much attention to me, work well, happy life, I quit the Tianhai Group, just do not want to be too concerned and disturbed, here, I also ask you to understand more, I thank you, and this shop will not always open, just open for a period of time, wish you a happy life, happy study, every day.'

Lin Hao finished and waved his hand at the camera and walked back to the shop, and ignored Lin Qingcheng and them, they are old acquaintances, do we have to invite them in?

‘God damn happy learning every day, why do I feel this ending is so official? I just found out that Boss Lin is so funny and hilarious.’

‘Haha, me too, and I think Boss Lin has a point, let’s also respect Boss Lin’s choice and just not disturb Boss Lin’s private life too much.’

‘No, am I the only one who has noticed the point? Just one day to receive thirty people, and is divided into morning, noon and night, the key, just open for a period of time, no, I have to fight the train overnight to go to the queue!’

‘F*ck, upstairs, you know what you’re doing, don’t say it, it makes you look smart, doesn’t it? How competitive are you? Fuck, I’ll kill you believe it or not!’

Chapter 2392

The live stream was hotly chatting, many people were already frantically booking flights to Jinling, while netizens near Jinling were already rushing this way.

But there seemed to be an official inside the live stream, and after Lin Hao said those words, all the related hot searches and news were instantly given a pull, and even Lin En’s live stream with Sea Sheep was restricted, the heat dropping again and again.

After all, apart from these identities, Lin Hao had another identity unknown to the general public, Major General of China, Commander of the Dragon Group, and captain of the Dragon Gate’s four main town guards!

Those two fans of Lin En came over to greet Lin Hao, thanked him for his hospitality and very politely approached him for an autograph.

Lin Hao cried and laughed as he wrote down his signature on their clothes.

The four of them were originally thinking of having another dinner slot, but now that all ten bigwigs were here, there were exactly ten spots, and they didn't dare to take them.

Only Sea Sheep was bold enough to ask Lin Hao, 'That Boss Lin, they are all your friends, this doesn't count as an attendance, does it?'

The sea sheep had a long aftertaste and wanted to continue eating, feeling that if Lin Hao didn't limit his kindness, he could eat until he took leave on the spot.

'Why doesn't it count? Friends are friends, business is business, surely it counts.' Just kidding, the meat of spirit beasts was so precious, how could they not restrict the supply?

Besides, what if I tired my daughter and sister out by making more dishes for a few people?

Lin Qingcheng was a bit tearful, 'Brother, from what you're saying, you'll still have to charge us later, right?'

‘You can not charge if you don’t eat.’ Lin Hao replied with a smile.

He received a blank stare from the crowd in response.

Now the sea goats were completely desperate, it was true that there was a first come, first served rule, but did they dare to compete with these bigwigs? Unless they really didn’t want to get involved anymore.

After Lin Qingcheng and the others had ordered their food, Lin Hao went to the back kitchen to cook, ten people had ordered a full 30 dishes, not a single one was left behind, this was the biggest order that came in at once today, Lin Hao even forgot to remind them when he went to the back kitchen, ‘Xiao Shi, let them finish the bill first, I’m afraid they’ll skip it.’

‘Okay ta.’ Lin Ruoshi hurriedly grabbed a pen and paper and started calculating.

Lin En and the others were crying and laughing, afraid that these bigwigs would skip the bill? Boss, are you serious?

The sea goat did think that it was quite possible, after all, they were so familiar with each other, it wasn’t impossible to skip the bill.

Although Lin En and the others did not have to eat, but they were not happy to leave, anyway, it is good to be here live, although the flow is limited, but their live room on

average have ten million live people watching, not a single robot, a lot of people want to squeeze in still can not squeeze in.

And the fans of both live streams? The actual fact is that you'll be able to find out more about the actual actual actuality. No duplicates.

Lin Ruoshi shook her head and refused: 'Thank you brother, but dad said, what you can accomplish by yourself, you can't trouble others.'

Lin En was a bit lost, surprisingly the little beauty was rejected, but Lin En simply watched Lin Ruoshi calculate there to see if there was any mistake, even the sea sheep and the two young men did the same, the two helpless anchors, leading the live room twenty million online viewers to watch Lin Ruoshi little beauty calculate.

They are also no way at all, the big white cat eaten full directly lying in the doorway sun, who does not care.

As for Ling Yun, she is inherently cooler to people she is not familiar with, and her aura is so full that they are embarrassed to strike up a conversation, even Lin En who managed to strike up a conversation is embarrassed to strike up a conversation.

The other little beauty, Lei Ling, was even more so. When they went over to chat with her, Lei Ling waved her little fist: ‘If you interrupt me reading a novel, I’ll hammer your head off! No kidding!’

Live stream.

‘The more I look at my little girl, the more I think my daughter is a loser.

Super Son-in-law Chapter 2393-2394

Chapter 2393

‘It’s raining big kids, idle anyway, upstairs, I’m already fighting, the more I fight, the more angry I get!’

‘Boss Lin’s daughter is really beautiful ah, born little princess, but also well-behaved and understanding, and then look at my family’s, ugly and naughty, life without love.’

Lin Ruo Shi has inexplicably become the only netizen who has no live streaming account but has a large number of fans, but the key is that Lin Ruo Shi herself doesn’t know anything.

Lin Ruo Shi carefully calculated all the prices of the dishes, next to Lin En are looking dumbfounded, this calculation speed is too fast, right?

The sea goat was even more straightforward, taking out the computer to calculate again, and found it to be accurate!

The key is that Lin Ruo Shi used a pen to calculate, not a calculator.

The sea goat was stunned: ‘Accurate, my goodness, this gene is too powerful! So smart?’

‘Brother give way, I’m going to ask my great aunt for money.’ Lin Ruoshi raised the settlement list in her hand.

While Lin Hao’s side was feverishly living a retirement life, the battle on the Nine Underworlds’ side of the River Styx had come to an end, the ancient tribe of the River Styx downstream had been completely wiped out, and even the palace under the River Styx had been completely destroyed by Chen Bei Xuan and the others.

But they had also suffered very heavy losses.

There were hundreds of people from all four sides, and now less than half of them remained, but they were all incomparably elite and powerful.

Under the leadership of Chen Bei Xuan and Lin Cangtian, these hundred or so elite and powerful people arrived at the shore of the Nai He Bridge.

Behind Meng, there was also a group of strong men in black, all with weak auras, emitting an insidious and inexplicable cold aura around them.

These are the forces at the Naihe Bridge, the legions under Meng's command.

Meng's wrinkled face was full of helplessness: had it still come to this? The flicker of the land and the grasping of the closed yi yi? Has it come to this step?

'Hou Tu granny, what is your tone? You make it sound like we are enemies.'
Chen Beixuan spoke with some displeasure.

'Is the wives' son also something you can call?'

Meng Mo frowned, and the gloomy wind rose up all around, and for a moment, by the Nai He Bridge, ghosts and wolves cried out, spirits and demons appeared, and terrifying spiritual pressure came roaring in.

The aura of Lin Cangdou and the others stalled, and Angel Commander Ai Weier even snorted coldly, 'Are you sick, Chen Beixuan? Why did you provoke this crazy bitch when you have nothing to do?'

Ai Weier used a secret voice transmission to tell Chen Beixuan, but it seemed that Meng Po had found out.

The bowl containing Meng Po soup that Meng Po had been holding in her hand was thrown out violently, and in a flash of haze, the huge bowl rose up against the wind and came towards Ai Weier with a bang.

‘Six Mangoes Holy Seal!’

Ai Weier’s face changed slightly as a golden six-manifold seal lit up in front of her body.

The two collided with a bang, Meng took a slight half step back, while Ai Weier was directly thrown away.

The six wings behind Avril’s body shook violently and her body swept back again, stopping at her original position, Avril’s pretty face was warm with anger: ‘Crazy bitch! Don’t think we’re afraid of you! We’re just here to lend a hand, we’re not your enemies!’

‘What we, you are you and we are us, don’t listen to her nonsense, Queen Mother Hou Tu, she doesn’t know the rules we know the rules, look at her, she doesn’t even have the appearance of begging.’ Chen Beixuan, however, suddenly turned his words around and shifted the blame, and even pushed Ai Weier out to block the knife.

‘Chen Beixuan, you old bastard! You’re so shameless!’ Ai Wei’er was furious enough, no wonder people scolded Chen Bei Xuan whenever he was mentioned, scolding him was not unreasonable, he deserved it!

Even Meng couldn't stand it any longer: 'Chen Beixuan, don't act in front of me, I know better than you what kind of urine you are. Otherwise you can't afford the consequences.'

After all, the future supreme ruler owed her many favours, and there were at least three additional conditions that had yet to be stated.

Chapter 2394

'I know that shit about you two, don't worry, it won't happen, open the way for us to pass.' The corners of Chen Bei Xuan's mouth twitched, just that shit about you two and your little sneaky mind, Lao Zi would not know? I don't even bother to point you out.

Seeing Chen Bei Xuan say this, Meng did not say anything, waved her hand and said, 'Open the way.'

With a swish, a black army of ghosts quickly gave way, allowing Chen Beixuan and his team to safely cross the Nahe Bridge.

The crowd crossed the Nahe Bridge and sped along, passing through a long bridge crossing before they listened in front of a large mountain shrouded in ghostly fire.

Ahead of them was the underworld realm, the endless existence of ? Yi Wu Er Er Yi Pai Wu Yi? Its grandeur was not much worse than that of the Ancient Immortal Court.

If not for the darkness of the place, with only the ghostly fires floating around, I'm afraid it would have been something else, but now, it looks ghostly and creepy.

'Pooh, this underworld is an underworld, there is a ghostly aura everywhere, it's phantom.' Chen Bei Xuan pooh-poohed.

'Chen Beixuan! Who gave you the guts to come under my Nine Underworlds City! Is it bad to be alive?'

A voice rolled out from the deepest part of the palace, it was not loud and did not carry the slightest bit of emotion, but the words actually had a Sanskrit sound in them, like the whispering of a divine Buddha.

'Old baldy, I pooh! Come on, you come out and beat me!'

'Come and beat me, come and beat me!'

He was so arrogant!

Chen Bei Xuan stood directly outside the Nine Mysterious Underworlds, shouting loudly, that is called a reckless, carefree, afraid that others can not get killed ah like.

This scene, honestly, those who followed Chen Beixuan could not help but want to beat this bastard up, too cheap, is not just bullying others can not get out? You don't have to be so arrogant!

'Chen Beixuan, you bastard, you gutless bastard, you come in, you come in and see if I beat you to death! Come on in, I'll smash your head in, come on in!'

Chen Bei Xuan's arrogant attitude also enraged the man speaking inside, and expletives were spewed out wildly.

'Come out, you shrinking turtle! Come out and see if I'm afraid of you! Rubbish, you are this!' Chen Bei Xuan said and even extended his little thumb directly towards the distance.

'Alright, that's almost enough.' Lin Cangdou couldn't even look at it anymore, 'If you really piss him off and go berserk, he can really come out when he starts to go crazy, or at least drag half of us here down with him before he dies.'

'Holy shit, you didn't say so! You're screwing me! You didn't say he wouldn't be able to get out anyhow, no need to panic!' Chen Bei Xuan was also scared and jolted, wasn't this a pit, if he could really get out, he wouldn't even have a chance to run.

Lin Cangdou spread his hands: 'I'm talking about the normal situation where he can't get out, and the situation where you are so angry that you are not normal, we all wait to die together.'

Chen Bei Xuan snapped his mouth shut, and many people next to him stared at this guy angrily, almost everyone had let this bastard get them all killed.

‘Why hasn’t that girl come yet?’ Lin Cangdou looked upstream towards the Nine Underworlds River, seemingly crossing the distance of space and looking deep into the Sea of Blood.

‘I guess that kid did it on purpose, at this moment that kid is living a life of leisurely retirement, opening a small restaurant and ripping people off.’ Chen Bei Xuan bristled, he couldn’t be blamed for that wasn’t he, that was Lin Hao’s business, Lin Hao wasn’t active, he couldn’t do anything about it.

Lin Cang Dao listened and waved his hand, ‘Forget it, let him be, the journey was already not very fair to him, let him rest for a while, we are also here to take the opportunity to rest and recover for a while, when that girl child comes over, it will also be the time for the Peach Blossom Fairy to leave.’

‘Alas, that too.’ Chen Bei Xuan sighed similarly, this matter was not very fair to everyone, especially Lin Hao, Shen Xiyao as well as Ling Yun.

The crowd rested up outside the Underworld for the time being.

.....

In the ancient town street of Jinling, inside the remorseless inn, Lin Ruoshi jumped off the sofa in one go, and Lin En, who was watching nearby, was so frightened that his eyelids jumped wildly, and his hands subconsciously went to hold Lin Ruoshi, afraid that the little girl would jump down and fall to the ground.

Super Son-in-law Chapter 2395-2396

Chapter 2395

However, Lin Ruoshi did not fall, and landed steadily, walking quickly next to Lin Qingcheng and the others, she asked in a milky voice, 'Uncles and aunties, who is going to pay the bill?'

'Little Shi, I am your great aunt, we are a family, do you have to pay for eating in a restaurant owned by your family? There's no such reasoning, right?' Lin Qingcheng smilingly stroked Lin Ruoshi's head.

To be honest, they really weren't short of money for this meal, but they just wanted to eat and drink for nothing, for no other reason than to pit Lin Hao and have fun!

Lin Ruo Shi shook her head incomparably serious: 'No way oh aunt, married out girls spill out water, sometimes can't be considered family anymore.'

'Hahaha.'

The crowd was frostily amused by this cute little girl, and the more than 20 million netizens in the two live broadcast rooms were also amused by Lin Ruoshi.

‘Besides, the real brothers still have to settle accounts, this money should be how much to be how much, can not? The actual money is not going to be a good thing. The actual fact is that you’ll be able to get a lot more than just a few of these. Lin Ruoshi raised the list in her hand, ‘Which uncle and aunt gave money?’

‘Aiya, Xiao Shi, we don’t have any money with us today, how about writing an IOU, we will count the interest together then?’ Mo Tianji looked at Lin Ruoshi with a smile.

Then Lin Ruoshi took out the collection code, the card swiping machine one by one, ‘Both the phone and the bank card can ta.’

Mo Tianji:

There is no need to be so well prepared, right? It’s just a meal!

Mo Tianji shut up.

When it was Jun Wu Regret’s turn, Jun Wu Regret smilingly took Xiao Shi’s hand: ‘Xiao Shi, this shop was transferred from uncle to your father without charging a penny, so it’s not too much for us to have a free meal here, right?’

‘No, but you don’t want my dad’s money, that’s your business, but you’re here to eat and my dad wants to charge, what’s wrong with that? There’s no conflict.’ Lin Ruoshi looked at Jun Wu Regret cutely.

Jun Wu Ren was equally choked up, goodness, like father, like daughter, this family of yours is really no one, no one is as stingy as you are!

‘You don’t even have the money for a meal, do you? If you can’t, you can leave your car as collateral.’

Hearing Lin Ruoshi’s words, these people’s expressions became even more wonderful, and the live viewers even laughed.

‘No one else, this little girl is a logical genius, but she is also a good money earner, she is really a winter coat.’

‘The most expensive sports car out there is more than eight million dollars, it’s really a little smart guy!’

‘Upstairs, I suddenly found a problem, think they are such a big brother, ten people, only able to eat more than 100,000 at best, seems like, this boss Lin’s small shop meal price seems not expensive ah?’

‘Hehe, has the upstairs read too many Godly Man articles and in reality think that all ten billionaires are poor pussies?’

In the end, Mo Tianji and the others had to pay obediently, after all, it would be heartbreaking to lose a supercar for a meal.

After they had paid, Lei Ling, Ling Yun, Lin Ruoshi and Lin Hao all came over to eat with them, even Rui Lin and Ao Dog were not an exception.

Ao Dog's sudden appearance startled Jun Wu Ren and the others, not just them, but even Lin En a few people, plus those inside the live broadcast room.

'Holy shit, is this dude's ability stealth? What kind of Illusionist skill is this?' Jun Wu Regret was shocked, he was also an Illusionary Spirit Battle Master now, but the realm wasn't high is all, he had also accepted the reality that it wasn't bad to run the group with Mo Tianji, Gu Nansheng and the others as a piece of mediocrity.

The Dragon Master and the Dragon Group have been taking care of them, so no one dares to look for trouble with them, after all, they have Lin Hao behind them.

In the eyes of ordinary people, Lin Hao is the former president of the trillion dollar group, a hundred billion dollar big brother, and a great benefactor, while as cultivators, some top strength illusionists know Lin Hao's identity.

Chapter 2396

To provoke him, wouldn't that be seeking death?

Even those immortal slaves in the districts were now at peace, after all, it was now incredibly obvious that Qin Huai Jin Lou was on Lin Hao's side.

The viewers in the live broadcast room were also envious: what a powerful skill, stealth, ah, I wish I had the ability to stealth.

‘So may I ask, upstairs, if you had the stealth ability, what would be the first thing you would do?’

‘Of course hey hey hey’

.....

Lin Hao glanced at Ao Dog, a guy whose sudden appearance he was already somewhat used to, and asked, ‘When did you come over?’

Ao Dog had a black face, ‘I’ve always been there alright, and I was there to help mop the floor and clean up the dishes, are you invisible?’

Lei Ling also froze for a moment, ‘I said how my job was taken away, I was the one who served the dishes, I didn’t even have to clean up the dishes.’

The crowd was extremely surprised, what kind of operation was this? This person had been here the whole time and they just didn't notice it at all.

After Lin Hao explained it, they were all stunned, this ability was simply tawdry, this was even more powerful than stealth, ah.

Likewise everyone was very curious about Ao Dog's second ability, in fact they were more interested in knowing how thrilling those twenty-four hours of death were after those ten minutes of highest light.

How could Ao Dog not know what they were thinking? He simply took away two plates of food and silently found himself a quiet corner, not even bothering with them.

The only people who could see him were those who were staring at him, but after a short while, he disappeared.

Everyone shouted amazingly, this ability is bullish!

And inside the live broadcast room, there were also a few strange and bizarre viewers mixed in.

Far away in some hidden dwelling in Yangcheng, a coastal city in the East China Sea, a sultry woman's face was incomparably gloomy as she stared at her phone screen!

‘Is this the man?’ The demonic woman turned her mobile phone screen towards a flower-armored old man beside her and inquired.

This flower-armored old man was none other than Qin Hai Grievance, the mysterious expert who had sped to the aid of the fishing village last time, who had eventually had to run desperately and wildly under the intimidation of Ling Yun and Ao Dog, and had even let Ao Dog chase him for eight streets before he finally got rid of him.

And at this time, this old man’s aura became even more subtle and terrifying, he had actually reached the terrifying realm of mid-seventh grade in a short period of time!

Mid-seventh rank, already an existence very close to that of a deity!

Once he crossed the shackles of the seventh realm and reached the realm of an eighth realm Illusionary Spirit Master, he would become a supreme existence.

The sultry woman with the mobile phone was Qin Bingyu, who had taken over Qin Yuan’s position after getting rid of him and had become the Moon Wheel Fairy’s true immortal slave, and had even obtained the Moon Wheel Fairy’s divine source, her goal was to take back the Phoenix Dance Liuhua Hairpin for the Moon Wheel Fairy, and at the same time finish off Lin Hao!

As soon as Lin Hao died, Chen Beixuan’s plan would be completely defeated, while he, the Moon Wheel Immortal, could devour infinitely and achieve a supreme existence, and she would reduce the entire world to one under her control!

She would be the one and only? She will be the one and only? Two, the only God!

‘I don’t know, from the beginning to the end I have never seen him in human form, but this special talent skill, it is very similar, at that time I could clearly feel an extremely terrifying existence, chasing me, but I didn’t know his location at all, much less see it, I could only run away desperately, away from this dangerous existence.’ Qin Hai Grievance was also quite helpless.

This guy’s passive skill was just too testy, and ordinary people would not be able to detect it at all, and if it wasn’t for his talent of being able to sense the presence of danger with unparalleled sensitivity, I’m afraid he wouldn’t have been able to escape.

‘I see, it seems that those guys from the Dragon Clan are getting restless as well, to have planted such a presence around Lin Hao.’ Qin Bingyu’s face was as gloomy as water, Ao Dog and Ling Yun were the two points where they had some headaches, especially Ao Dog, that passive skill was simply too much to defend against.

Super Son-in-law Chapter 2397-2398

Chapter 2397

After all, after a while, they could completely forget about Ao Dog, forget this existence, even if they had the intention to remember him, it was useless.

This was not the case, only after such a short while, they started discussing about Ling Yun again, Ao Dog was directly ignored automatically by the brain waves, selectively and passively forgotten.

‘Looking at Lin Hao’s current state, we can tell that over at the Nine Mysterious Battlefield, I’m afraid that it’s already the critical moment, we should also act, otherwise we won’t have anything to do if we let Chen Bei Xuan’s gang free up their hands.’ Qin Bingyu took a deep breath and waved his hand, ‘Start revenge according to the original plan, target Lin Ruoshi and Lei Ling first, and force Lin Hao into line!’

‘This Qinhuai Gold House will also cross the line, I’m afraid, that Qing Shirt will not? Westwood Yi Yi Ai Di dye closed? sit back and do nothing, right?’ Qin Hai grievance some hesitation, this is not a joke.

The Qin Huai Golden House, the Moon Wheel Immortal Palace, and the East Sea Dragon Palace were the only three complete Immortal Palaces left among the Twelve Immortal Palaces.

The Moon Wheel Immortal Palace avoided a disaster because it was a place of captivity, similar to the cold palace in the ancient imperial palace, and the East Sea Dragon Palace was also a place of captivity for the dragons, so Xuanyuan Jian did not do anything.

Qinhuai Jinlou, on the other hand, survived simply because it was not infested with humanity by divinity, and it can be said that Qing Shirt is the most human-like fairy.

‘No matter, Qing Shirt didn’t have the chance to make a move, someone else will naturally deal with her.’ Qin Bingyu snorted coldly, it was true that their master could not leave the forbidden area of the Moon Palace right now, but there would naturally be someone to help them hold Qing Shirt in check for a piece.

‘Understood, I will go and make arrangements, this time I will personally take action and will capture one of the targets.’ Qin Hai Grievous’ body slowly disappeared into the darkness.

In the entire dark room, Qin Bingyu was the only one, but from time to time, there were ragged panting sounds and low hissing sounds coming from the dark room, as if there were some terrifying monsters hidden in here besides Qin Bingyu.

Sensing that hissing sound, the corners of Qin Bingyu’s mouth lifted, ‘It’s almost done, it’s almost done, eat, go ahead and eat, when you are able to devour even your soul, darkness will soon descend upon the earth!’

At the edge of Jinling, a stream of light sped towards Ancient Town Street at a terrifying speed, like a shooting star crossing the sky.

Behind it, there were several other powerful auras, constantly coming after it, their realms far above the one fleeing at the forefront, and the distance between the two sides was getting closer and closer.

Snap!

In Ancient Town Street, in the Regretless Inn, Ling Yun, who was eating her meal, sensed something and slapped her chopsticks on the table with a snap as her body violently turned into a sky of peach petals and floated out, speeding towards the outside of Jinling.

Jun Wu Ren and the others were all aware of Ling Yun's identity, so they were not much surprised.

Lin En and Hai Yang, as well as the two young men who stayed behind, were all stunned at the sight of this scene.

Several of them had seen a lot of things, and they knew a little more than those ordinary people about illusionary spiritists.

Lin En was a little shocked, 'With that stance, I'm afraid it has to be a terrifying existence of almost a fourth grade Illusionary Spirit Master, right?'

'A fourth grade Illusionary Spirit Master? My, that's really a fairy, beyond the ranks of mortals, even among Illusionary Spirit Masters, it's a top existence.' The sea goat sucked in a cold breath and looked towards Lin En, flirting with some amusement, 'May I ask Brother Lin, what is it like to strike up a conversation with a fairy?'

Lin En glared at Hai Yang with no good grace, his heart wanting to die, his back was even cold sweating, the strongest donor of their family was only a third grade early stage Illusionary Spirit Master, luckily he didn't say anything excessive in his performance just now, not to mention causing displeasure to Ling Yun, otherwise he would have died for nothing.

Strength determined the horizon, and horizon determined the pattern.

This was all the information Lin En and the others were able to know about Illusionary Spirit Masters. As for Illusionary Spirit Masters of the fifth, sixth or even higher realms, they were simply not able to contact and understand them.

The previous battle in the capital and the battle at the Qinhuai River in Jinling were beyond the reach of ordinary people, so naturally they did not know the hidden secrets of them.

Chapter 2398

‘Brother, do you want me to go check?’ Lei Ling saw that Ling Yun had gone out in such a hurry, she was afraid that something had happened.

Lin Hao waved his hand, ‘No need, someone else has already gone.’

When Ling Yun went out, Ao Dog told Lin Hao in a secret voice transmission that he would go with him to take a look, he seemed to have a camera allergy and didn’t really want to show his face in front of so many people.

Lei Ling Ling was a bit puzzled, who was it? Who just went over there?

Everyone didn’t take it to heart, they ate and drank as they should, chatting and farting together when they were full, while Lin En and the sea goat stuck to the live stream, watching the live streamers drool, yet none of them were willing to quit the live stream.

After all, it’s easy to quit the live stream, but not easy to get in.

On the other hand, at the border of Jinling and Jinzhou, peach blossom petals fell from the sky, and Ling Yun's divinity slowly revealed itself, wearing a long peach blossom dress, stepping on peach blossom petals and carrying a palace lantern, her posture was incomparable and beautiful.

Looking at the streams of light chasing each other in front of her, Ling Yun shouted abruptly and delicately, 'Qinhuai Golden House territory, those who come uninvited, go away!'

Her voice was like a thunderclap, booming incessantly, and the sound wave rolled away, domineering. Hearing Ling Yun's furious shout, the stream of light that seemed to be fleeing ahead did not slow down, but instead ran towards Ling Yun with desperate acceleration.

The few pursuing streams of light behind them stopped fiercely, but had no intention of letting them go.

These people's weapons were handed out one after another, a sword light, a gun shadow, and a sledgehammer that rose dozens of feet into the wind, ruthlessly surrounding the fleeing streams of light.

'Fairy help! I am the sea tide clerk!' If Ling Yun had not come, he would have been cut down in the sky before he could enter the Golden Land.

When Ling Yun heard Hai Chao's voice, her eyebrows knitted slightly and she was about to make a move when an invisible force was thrown out, sweeping all those swords and shadows away, and the terrifying force even threw the pursuing men back a hundred feet.

‘Qin Huai Jin Lou! How dare you! We’ll take this revenge!’ Those few streams of light coldly snorted, and did not? Earth Zero Xi Lu Pao Pao Pao? continue to pursue, and directly turned away.

Seeing the other party flee, the sea tide member finally sighed with relief, could no longer stabilize his body, and directly fell down from high in the air, falling into unconsciousness, but after falling a dozen meters, he plopped down in the void, as if he was lying on top of something.

‘Let’s go back first, he’s a bit seriously injured.’ Ao Dog suddenly spoke and his figure slowly appeared. It turned out that what had just flung away those attacks was just a divine dragon swing by Ao Dog, and the sea tide clerk had also fallen on Ao Dog’s back and had fallen into unconsciousness at this moment.

At this moment, Hai Chao’s body was covered in wounds, and his appearance was as messy as it could be. The divine blood with a haze of light was constantly spilling out, and the pure white essence of faith power was also escaping.

Ling Yun didn’t understand, now that the sea tide clerk had reached the late sixth grade realm by displacing the divine blood and collecting the faith power of the entire demon capital population, he didn’t expect to be hurt so badly even?

With a wave of Ling Yun’s hand, colourful peach petals fell on Hai Chao Crew, and the injuries on Hai Chao Crew’s body healed and improved with the naked eye, but there was still pure white faith power escaping from his body.

Seeing this scene, Ling Yun and Ao Dog's brows locked up at the same time, and Ao Dog said in shock, 'Someone has taken his faith inscription!'

'Let's go, let's go back first.' Ling Yun turned around and drifted towards Ancient Town Street, and informed Lin Hao in advance, 'Let the others leave first, something has happened.'

Inside the Regretless Inn, Lin Hao and the others had already eaten and drank enough and were chatting, when they suddenly heard Ling Yun's voice from a thousand miles, their brows couldn't help but lock up and they stood up with a serious expression, 'Qingcheng, you guys should go back first.'

'And a few of you, there's something going on today, and the hospitality is already full, we're closing down.'

Jun Wu Ren and the others also saw Lin Hao's serious expression, I'm afraid it had something to do with Ling Yun leaving just now, it seemed that something had happened again.

Super Son-in-law Chapter 2399-2400

Chapter 2399

Lin Qingcheng, on the other hand, was a little helpless and worried. He had thought that Lin Hao would open a small shop and go into retirement, so that he would not have to venture into those days of fighting and killing.

But obviously, it was impossible. Unless all things were completely put to rest, it would be impossible for him, Lin Hao, to truly live his life in peace and quiet.

Even if he wanted to, no one else would allow it.

‘Come on, let’s go back first.’ Lin Qingcheng and the others knew that something was wrong, and without saying anything, they got up and left, not to mention Lin En and the others, even these bigwigs had been given an expulsion order, so they dared to stay with a thick skin? They wouldn’t dare to stay even if they were given a hundred guts.

It was the viewers in the live streaming room who said that the boss is capricious, really not a bad master.

‘It’s not full, is it boss? It’s only about twenty people.’

‘You are silly, Boss Lin said full is full, alas, Boss Lin is capricious, but I still want to see Boss Lin’s little girl can do ah.’

‘Same upstairs! The little girl of Boss Lin is good, the little sister is also very good, has a personality, of course, Ling Yun fairy is even better.’

‘A bunch of lsp upstairs, appraisal complete!’

With ? Xi Zha Er Yi whisked away Xi Di ? Lin En and the others left, the number of viewers in the live stream started to plummet, after all, they had originally come for Lin Hao, and then were enchanted by the cute and smart Lin Ruoshi, and the cute girl Lei Ling.

As well as being attracted by Ling Yun's unbelievably beautiful and divine face, now there were just two big men left, so what was there to see? Even the fans of the two anchors were protesting, saying that they usually thought the two were quite handsome, but after watching Boss Lin, they were decidedly out of love.

They decided to come and squat at night after twelve o'clock, nothing else, they just like Boss Lin's cooking!

After everyone left, a stream of light flashed in, a gust of wind blew through and the door of the Remorseless Inn slammed it shut with a bang.

'This man is injured, Ling Yun has treated him, but the cure is not the root cause, he is still in a coma.' Ao Inu threw the sea tide clerk he was carrying on his shoulder onto the sofa with no small gesture.

Lin Hao pulled the corner of his mouth, that was an injured person, aren't you afraid that he would fall apart if he threw it?

However, when he saw that it was the sea tide man, Lin Hao was not so worried anymore. As far as the body strength of the sea tide man at this level is concerned, even if Ao Dog kicked him a thousand meters away, it would not be enough to break his bones.

Although the injuries on Hai Chao's body had been recovered by Ling Yun, the clothes hanging like strips of cloth on his body, and his weak breath, Lin Hao could probably tell how miserable this guy was at that time.

Lin Hao had likewise discovered the most fundamental problem in Hai Tide member's body, the Faith Inscription Core was lost, the power of faith in his body was fading away every moment, and his realm was continuing to plummet.

Even Hai Chao Crew had fled for their lives from the Demon Capital to Jinling, and with the loss of the Faith Inscription, I am afraid that the Hai Chao Immortal Palace would no longer exist.

The immortal slaves of the Hai Chao Immortal Palace had followed Hai Chao Member through the two battles in Kyoto and on the banks of the Qin Huai River, but their overall retained strength was still very strong, who was it that had caused them to lose so badly?

Lin Hao summoned the Sword of the Gods out, his right hand danced with streaks, the Sword of the Gods seal inscriptions in the air, not long after, a small replica of the inscription of the Yin Water of the Heavenly River appeared, Lin Hao punched this inscription into the Sea Tide member's sea of consciousness.

Lin Hao was unable to force the inscription into his consciousness as his body's self-protection mechanism made him resist the inscription.

Seeing this, Ao Dog directly took Hai Chao's neck with his left hand and slapped Hai Chao's face twice: 'Wake up, don't f*cking sleep, the sun is shining on your ass!'

Lin Hao's mouth twitched as he took the opportunity to punch the Yin Shui inscription into Hai Chao's consciousness.

‘Holy sh*t, who the hell are you! You guys can be f*cking human! Are you really going to kill them all?’ The sea tide member woke up vomiting blood, before he knew what was going on, he thought he had been caught by the enemy, so he couldn’t help but curse at Ao Dog, and was so angry that he sprayed a mouthful of thick spit in Ao Dog’s face.

Chapter 2400

‘You f*cking’ Ao Dog’s face was instantly as black as a pot of ashes, Laozi saved you, and this is how you treat your life saver?

‘I say you should, have you so wake up others? Hurry up and let go.’ Lin Hao cried and laughed as he went forward and patted Ao Dog’s shoulder, telling him to hurry up and let go of the sea tide clerk.

At this time, Hai Chao clerk obviously froze for a moment when he heard Lin Hao’s voice, and then seeing Fairy Ling Yun, Lei Ling, Lin Ruoshi and the others, Hai Chao clerk finally breathed a sigh of relief, ‘Phew, I was scared to death, I thought I hadn’t escaped these bastards after all.’

‘Sorry ha, just now I didn’t mean to.’ The sea tide clerk also understood that Ao Dog should be one of Lin Hao’s men, at the same time the sea tide clerk was shocked, did Lin Hao have a new great general beside him? This person’s aura looked even more terrifying than Ling Yun’s, a sixth level peak realm Illusionary Spirit Master big brother?

‘I’ll wipe it off for you, I was too excited just now, I’m really sorry.’ Looking at the thick spittle on Ao Dog’s face, Hai Chao clerk was quite embarrassed and reached out to wipe it off, but it ended up wiping all over Ao Dog’s face, almost disgusting Ao Dog’s overnight meal.

‘You did that on purpose, didn’t you?’ Ao Dog was so angry that he threw the sea tide worker out and ran to the toilet to vomit.

The sea tide clerk was thrown down again and vomited a few mouthfuls of blood, climbing up with difficulty, equally very embarrassed: ‘I, I really didn’t mean to

Lin Hao shrugged: ‘It’s okay to do it on purpose, he deserves it. Tell me, who did you get shaded by? How did you get into such a mess, you even lost your lair.’

‘Those sons of bitches from the Qin family did it! These guys don’t know what method they used, their strength suddenly skyrocketed, and they also bypassed the shackles of the Xuan Yuan Sword and joined forces with the Qian Yuan Dragon House over in Tian Hai, the same Qian Yuan who led the immortal slaves in that district over in Tian Hai City, and besieged the Hai Chao Immortal Palace together.’

The sea tide member can’t help it when talking about this? Steak zero er love closed steak Yi Lu? Cursed up in anger, this group of bastards, straight steal home, and will be turtled up.

The Qian Yuan Dragon House alone has three sixth level realm immortal slaves, Qian Yuan is even the peak of the sixth level realm, the Qin family side also has a seventh level early stage of the illusionary spirit master plunder, there is no way to fight.

The sea tide member couldn’t even take the faith inscriptions with him, and directly led the core dozen of immortal slaves to flee to Jinling, all the way over, all his men died,

the whole sea tide immortal palace was left with him alone, and if it wasn't for the timely arrival of Ling Yun, he was afraid that he would have to hang at the border of Jinling.

'I said there was something familiar about those people's scent, it turned out to be those beasts from the Dragon Mansion, the smell from those long insects was really disgusting.' Ling Yun frowned, very displeased.

'Yes, those gang of long worms are beasts, and the Dragon Mansion, I shame, they are also qualified to carry the word dragon? What a shame!' Ao Dog, who had returned from spitting, also cursed, seemingly even more angry than Ling Yun still.

Lin Hao looked at Ao Dog with some surprise, 'What does this have to do with you? What's the point of getting excited, and to think that even you are calling them long worms, aren't the long worms talking about your dragon race?'

'Bullshit! You call that a dragon tribe? That's just a bunch of long worms with a hint of dragon blood!' Ao Dog was furious and told Lin Hao that the Qian Yuan Dragon House was just a group of great snakes with a hint of dragon blood.

These great snakes had grown a single horn because they had a hint of dragon blood, and were so talented in cultivation that they called themselves Jiao Dragons.

In fact, the so-called great snake that turns into a dragon in a thousand years and a dragon in ten thousand years is actually all bullshit; a dragon is a dragon and a dragon is a dragon.

So the question arises, how did this great snake get a trace of the dragon
bloodline?

When this question was asked, Ao Dog shut up with a red face, and Ling Yun also
rolled her eyes and directly turned away, seemingly not interested in talking about this issue at all.

Lin Hao got it, the old got it!

According to Ao Dog, then combining the legends would be simple.

After all, the legend said that dragons gave birth to nine sons, one uglier than the
other, so didn't that have a hint of the dragon race's bloodline talent.

According to the legend, the dragon nature is ummm

So, there is a dragon born nine sons, now those augurs and what not.
