

Super Son-in-law Chapter 2441-2450

Chapter 2441

Lin Hao was confused, what was going on? Wasn't this used to repair Lin Ruoshi's divine soul? Why did this thing come out? It had even developed a spiritual intelligence!

The key was that Lin Ruoshi's divine soul was currently perfect and uninjured, the injuries on her body were healed by Spirit Rhyme and her soul was healed by Lin Hao.

But how did this little thing fatten four?

'Little Feng Little Feng, you are not allowed to hurt daddy.'

Lin Ruoshi saw this and kept patting the little phoenix while constantly reprimanding the little thing.

The little thing was extremely smart, as if it understood, and looked at Lin Ruoshi and then at Lin Hao, while a faint Nirvana fire emerged from Lin Hao's body.

The little thing lit up and made an excited clanking sound, quickly jumping onto Lin Hao's arm and licking the wound on his arm, which quickly healed after the little thing's licking, and the little thing even rubbed its head on Lin Hao's arm as a sign of closeness.

This was not because of Lin Ruoshi's reprimand, but because the little thing felt a very clear sense of familiarity and affection from Lin Hao, as if it had met a family member.

How did it feel like a mother?

The green shirt next to him was also astonished, 'This is actually made from the essence blood of the fire phoenix, this is the power that originated from you, that one divine pattern contains the essence blood and divine soul of the fire phoenix, you wouldn't happen to cut it out and share it with little shi, would you?'

The corners of Lin Hao's mouth twitched, 'You're asking me, huh? How do I know now I'm also curious to know if that's the case.'

The little thing on the other hand jumped straight onto Lin Hao's shoulder, which caused Lin Ruoshi to be a little unhappy, beaming, 'Daddy, Xiao Feng was abducted by you, not happy.'

Lin Hao flicked it off with a snap of his fingers, 'Go back.'

Clank? Lu Wu Serving Di Yi Wu Yi Pao? ~!

The little phoenix barked twice at Lin Hao with great dissatisfaction, and looked at Lin Hao with a quizzical cocked head and a gleam of wisdom in its eyes.

When it saw Lin Ruo Shi in Lin Hao's arms, it cocked its head and thought about it, and jumped up again, but this time it didn't try to provoke Lin Hao, but jumped onto Lin Ruo Shi's shoulder, which made Lin Ruo Shi smile.

Lin Hao checked the situation inside Lin Ruoshi's body, the body's injuries had basically recovered and the soul had been repaired, but Lin Hao was still uneasy and asked, 'Little Shi, how do you feel now? Is there anything uncomfortable?'

'No, now Little Shi is fine, and seeing that Daddy is fine, Little Shi is very happy.' Lin Ruoshi had a big smile on her face, and it looked like nothing was wrong indeed.

This night, everyone was tired enough, Lin Hao soothed Lin Ruoshi to sleep, that little phoenix was next to her, but when it looked like Lin Hao was about to leave, the little phoenix jumped up and tried to run up Lin Hao's shoulder, only to be glared back with a look from Lin Hao, the little thing shrank her neck in aggression.

Why does this person seem close, but why is he so fierce, so scary.

Lin Hao walked out of Lin Ruoshi's room and found the courtyard, the green-shirted fairy with a green shirt in the courtyard with her back to herself, the cold moonlight stayed on her body, as if hazed on a layer of white frost, that hazy and moving.

'Come on, let's go out for a walk.' The Qing-shirt fairy was the first to speak, without turning around, and walked straight out. Lin Hao knew that she was talking to herself, Lin Hao shrugged and followed her out.

The two of them walked all the way out of the Lin family's ancestral home, crossed over other residential areas and walked for a few minutes to the banks of the Qinhuai River, the water of the Qinhuai River was sparkling in the moonlight, just like a galaxy spanning in front of them, very beautiful, the sound of the water clattering in the ears, and a gentle breeze blowing by the ears, making one feel tranquil, this gentle breeze seemed to dust off the dust on the heart, washing away all the dust in an instant.

'Fairy, what should we do next?' Lin Hao was clear that from the moment he fused the divine patterns, the fishy storm had already begun.

Just now, when healing Lin Ruoshi, he had even used the Sword of the Gods, replacing the Xuan Yuan Sword, to remove the curse on Shen Xiyan, and even more so, he had used the power of the divine Pattern to wash away the divine origin in her heart that was eroding her humanity.

Chapter 2242

The sword of the deity is now worth half of Xuanyuan's sword.

I'm afraid that there will be no more peace next, perhaps on the Hades side, Shen Xiyan and Chen Beixuan and the others, have already started the great war.

'Do you know why Chen Bei Xuan and the others are focusing on the Underworld?' Qing Shirt said in reply, however.

Lin Hao shook his head, how could he know that, but his rough guess was that that Hades was powerful, after all, this Hades had existed when the Ancient Immortal Court had existed.

The problems left behind by the Ancient Immortal Court were easy to solve, but the Underworld was not. Once the new Immortal Court was established, the Underworld would be the greatest threat to the new Immortal Court.

But after listening to Qing Shirt's explanation, this was when his face changed dramatically.

It turned out that it was that old villain who was the biggest culprit.

The Ten Hades were all his puppets, and what he wanted was the Supreme Hades, or rather he wanted to become the Supreme, and he wanted to make no more distinction between the earthly Hades.

But how exactly would he do that? It still took Lin Hao by surprise!

'There are only two to accomplish this, making those things in the underworld become human, but I'm afraid that's a bit difficult, the easiest way is! Turning the earth into hell, this is the same as the Moon Wheel's plan, so don't you notice the difference in Qin Hai's resentment?'

‘I get it, these beasts.’ Lin Hao sucked in a cold breath, no wonder Fairy Qing Shirt said that that bald ass was up to no good, so he could see it from Qin Hai Zhan.

‘What should we do now?’ Lin Hao was still a little confused, the Underworld side should have already started fighting by now.

‘Wait!’

Qing Shirt told Lin Hao that Shen Xi Yan was already on her way to the Underworld, the battle there was about to start, and that it would be best for their side to delay as much as possible until after the battle was won on the Underworld side.

Somehow, Lin Hao could get a very certain feeling through Qing Shirt’s tone of voice, that Chen Bei Xuan and the others would win this battle, but how much it would cost after they won was unknown.

The fact is that you can feel from the words that Chen Bei Xuan and his team are a? The actual fact is that you can find a lot of people that are not going to be able to get a lot of money. The first thing you need to do is to get a good deal.

Lin Hao and the others need to wait, after all, the battle on the side of the Underworld, short of a year and a half, long of several years before the final victory can be decided, but if in the middle Lin Hao and the others fail first, either the human race is massacred, or Lin Hao is killed, then everything is no longer meaningful, Chen Bei Xuan and the balance of them have no reason to fight on.

At the same time, Lin Hao felt that the meaning revealed by Qing Shirt was very strange, although it was said that the Moon Wheel, the Heaven Swallowing Python Qian Yuan, and the Dragon King Ao Feng, were all relatively difficult existences to deal with, but there was no scorn for them in Qing Shirt's words, instead, he seemed to be scaring something else.

The Chinese government also seems to have no intention to say more, just let Lin Hao do what he should do next, as for the matter of finding Qin Bingyu's revenge is also on hold, a word to delay, can delay as long as possible.

Qing Shirt also has a selfish intention, in addition to stabilizing the situation and delaying the other party, there is also the matter of buying a few more days for Ling Yun, right?

The two finished talking and it was almost dawn, so they each went back to rest. Although an existence like theirs would not be a problem even if they didn't sleep for a month, Lin Hao still likes the habit of sleeping every day.

The next day, Lin En couldn't find Lin Hao, so he had no choice but to take the sea goat and run over to Lin Hao's old house.

The viewers in the studio were very curious when they saw this scene, and at the same time they couldn't help but marvel at the fact that this Lin family ancestral home was really beautiful, covering an area that was not small, but mainly very elegant, somewhat similar to the kind of feeling of an ancient deep house, and it was open and clear when you walked in, with the entrance gates separating them, as if the inside and outside were two different dynasties and different worlds.

The two people just entered, level heard that like heavenly music of the zither, let Lin En they amazed, directly by the sound of the zither enough soul towards the zither sound emitted, even the live viewers are also the same, have been amazed, this is simply the sound of heavenly music ah.

‘Don’t barge in if you don’t want to die!’ Ruilin’s jarring voice rang out as he plopped down just outside the door of the green-shirted courtyard, blocking the path of the two, if these two rash youngsters really walked in and offended the green-shirted fairy, these two would really die for nothing.

Super Son-in-law Chapter 2443-2444

Chapter 2443

‘Crap, this tiger can talk!’ Lynn and the sea goat were startled by Rylin.

‘See less of it.’ Rui? Wuyi’er ground Yi dyed the ground shut? Linn disdained and continued to lie on the ground and fake sleep up.

The sea sheep and Linn did not dare to go on, after all, looking at this big white tiger guarding this place, they were afraid that there was a great existence inside.

They are not stupid, they know that all the people around Lin Hao, but all of them are illusionary spirit masters, and their strength is not low, such an existence, it is better not to provoke, to avoid the disaster of killing oneself.

Live broadcast.

Tiger gifted anchor Lin Boss Puppy Leg Lin En Super Rocket*100!

P.S. Brother Tiger: Elder brother Lin, I'm not curious if this big tiger can talk, now immediately immediately, I want to see if this guy playing the piano is a man or a woman! One hundred super fires is not enough, I'll add more!

Nan Ge gives the anchor 200 Super Rockets*!

With the message: I'll add 200 super fires!

.....

Not only did Lin En's live stream explode, but even Nan Ge's live stream exploded as well, with each and every one of the hidden tycoons blowing up, and the entire live stream was swept up with Super Flames.

The whole platform is now a bit confused, how hot these two live rooms are they know very well, even after the broadcast, there are countless people just stay in the live room, after all, when the real broadcast starts, you want to squeeze in can't get in.

Many of the anchors are squatting in there, just to broadcast a picture, so as to rub it in, although there are usually a lot of big gifts in the two live rooms.

The actual fact is that you can find a lot of people who are not interested in the actual money.

In less than a minute, the average live stream received at least a million gifts.

This left Lin En and the sea goat dumbfounded.

If Fairy Greenshirt knew about this, Fairy Greenshirt would also be confused, she was a fairy, a deity, how come she was suddenly a stall vendor.

Fairy Green-shirt, a stall, a stall selling art on the first day?

Hai Yang and Lin En looked at each other and laughed bitterly, others didn't know Lin Hao's energy but they did, even though the Lin family was the only ones left living here now, but no one here was a simple existence.

The energy of Lin Hao alone was extremely terrifying, and they were terrified to come in, so who would dare to disturb them, not to mention that Rui Lin had just warned them.

Wasn't this a game of life?

The corners of Lin En's mouth twitched, he could not give in to their wishes, otherwise he would be dead, Lin En hurriedly said: 'Brothers, forget what we came for today? It's to draw places for dinner at the No Regrets Inn tomorrow. Don't you want your places?'

It was only when Lin En mentioned this that everyone noticed what they were doing, and that was what was important.

Soon, everyone was diverted by Linn, but there were still some bigwigs who were not happy.

Was it so hard for them to meet this zither player?

Even the veteran guqin master blew up, saying that this hand of guqin playing was absolutely divine, the pinnacle of excellence, and he was ashamed of himself.

The fans in the live broadcast room mocked: 'Yo, you sound like you're pretty good, is this not Versailles?'

However, some people saw the other party's certification logo, officially certified Guqin national player, the number one Guqin player, and the live stream exploded again.

The live streaming room exploded again. From drawing for the dinner quota, it was changed to wanting to see the real face of this qin-playing master, whether it was a man or a woman didn't matter anymore, they just wanted to see such a big shot.

Looking at the bounty flying all over the place and the distorted rhythm, Linn and the sea goat were really desperate for tears.

‘What are you two doing sneaking around here? Do you want to die?’ Lei Ling’s voice rang out abruptly, speaking coldly.

She also heard the commotion and came over to take a look, but she didn’t expect these two to barge right in. It was also lucky for them, otherwise they would have been killed in minutes if they barged into the Lin family’s ancestral home haphazardly and were treated as enemies.

Seeing Lei Ling, the two looked like they had seen a saviour and hurriedly stated their purpose.

Chapter 2444

‘I can decide, just draw on the line, you guys come with me, don’t disturb the others rest, I’ll handle it, Sze was injured last night and is still resting, keep your voices down.’ Lei Ling also did not forget to caution the two.

When Lin En heard this, he was on fire, while the netizens in the live stream were also completely furious.

‘What? The little princess is injured? What happened? Who did this? I’m going to fight him to the death.’

‘Who did it! How could they do that to a cute little princess?’

‘It hurts, I just want to know what happened to the little princess.’

‘What if she’s equally distressed?’

Lei Ling happened to glance at the pop-ups on the two men’s phone screens and shook her head, ‘Xiao Shi is fine, thank you all for your concern, go to the study, let’s go confirm our places for tomorrow.’

In the study, the three worked hard and after more than an hour of drawing and confirming, they finally drew ninety lucky viewers from all over the world and they still needed to confirm, ID and video authentication to prevent the places from being transferred or gifted to others.

And they also started to agree with them exactly when to come and eat.

When these were taken care of, they came out of the study and Lin Ruoshi happened to be playing with the little phoenix in the courtyard, which now had the flames on its body reined in and looked like a very pretty, exotic little bird wearing a phoenix crown.

‘Wow, I saw the little princess, great, seeing the little princess alive and well, nothing happened, I was instantly happy again, I decided to do two more bowls of rice!’

‘Don’t give yourself excuses if you’re a foodie upstairs, but have you noticed, that little bird next to the little princess is so pretty.’

‘Yes it’s beautiful, it looks so much like a phoenix, it’s not a phoenix is it? If it had fire coming out of its body, it would really be a phoenix.’

‘Bullshit, that would be a bird we haven’t seen before, or maybe it’s the little princess’ summoned beast... Phoenix, you’re thinking too much, aren’t you? Why don’t you say it’s a dragon?’

.....

Don’t say it, dragons are really there and they live in the courtyard, just that people can’t see them.

And the one playing with Lin Ruoshi was really a phoenix too.

‘Good morning, Sze.’ Lin En smiled as he took the initiative to greet Lin Ruoshi.

‘Huh, Brother Lin En, Brother Haiyang, good morning to you.’ Lin Ruoshi waved cutely at the two.

Soon, they saw Lin Hao busy in the kitchen and Ling Yun helping, the two of them were simply two incomparably beautiful scenery, looking at everyone with envy, these two were really quite a good couple.

Lin En suddenly had a feeling of lost love what was going on? Not only them, but also a large group of viewers in the broadcast room felt the same way.

Such a fairy-like, floating woman, especially since Lin Yun was almost always wearing an ancient long dress or a pink peach coloured tunic, with this environment today, it gave people a feeling of dreaming back to ancient times.

Lin En and the sea goat looked at each other, laughed heatedly, and then smiled towards ? Whisking the ground, Shan Serving Yi West closed the cover? Lin Ruoshi padded up: ‘Little Shi, what are you playing? Can brothers play with you?’

‘Sure.’ Lin Ruoshi was very enthusiastic and did not refuse.

‘Xiao shi, what kind of bird is this, it’s so beautiful.’

‘This is a phoenix, I call it Xiao Feng, it knows how to behave.’ Lin Ruoshi happily introduced it, and the little phoenix seemed a little wary of the two, constantly emitting threatening clanging chirps, with a tendency to drive them away.

The two did not believe that this was a phoenix, a child, how could they believe what she said.

But the two did not show it, playing with Lin Ruoshi, and also asked Lin Ruoshi to show them around this Lin family ancestral home, and by the way, let the live viewers see, this Lin family ancestral home.

Lin Ruo Shi did not refuse and very happily agreed to do so, and like a small tour guide began to introduce from this courtyard.

It was Lei Ling who looked at the two of them without good grace, ‘Your visit is fake, I’m afraid you’re not staying to rub it in on purpose.’

‘How could that be! We came over for breakfast.’ Lin En blushed and lied in a panic of embarrassment to cover it up.

Super Son-in-law Chapter 2445-2446

Chapter 2445

The viewers in the live room were laughing, not to mention Lei Ling saw it, even they could see it ah.

Especially when the camera was given to the kitchen side just now and they saw Lin Hao and Ling Yun busy in the kitchen, the two of them had a different look in their eyes alright, it was obvious that they just wanted to stay hard and rub another meal.

‘Actually, I’m more thick-skinned than these two brothers, but unfortunately there’s no place to play.’

‘Don’t panic upstairs, a martyr is afraid of stalking a man, as long as you are thick-skinned enough, you will definitely be able to hold a beautiful woman, come on, go and be a different kind of licking dog!’

‘Upstairs is right, indeed afraid of stalking Lang, is some stalking too tight strangulation panic, and it is worth mentioning that the hospital wife thieves good.’

.....

‘Brother, no need to do them both, they said they had eaten.’ Seeing that Lin En did not admit it, Lei Ling greeted directly towards the inside of the kitchen.

This time the two were speechless, not even understanding what had offended this little loli.

‘So, Boss Lin, although we’ve eaten, right, we can barely eat three or five bowls, so don’t prepare too much.’

‘Get lost.’ Lin Hao disliked him, you think he’s a pig farmer? And these two-legged pigs couldn’t be slaughtered when they were fattened.

Lin Ruoshi took the two of them around the Lin family, but there were two places Lin Ruoshi was determined not to take the two outsiders to, the first was the Lin family's ancestral shrine, and the second was the courtyard where the Green Shirt Fairy was.

But the two became more and more curious, especially as they approached the courtyard of the Green Shirt and wanted to go in to find out what was going on, after all, the white cat was not here anymore.

But they were stopped by Lin Ruoshi: 'You are not allowed to enter here, or Jesus will not be able to save you.'

This made them even more curious, and so did the viewers of the live broadcast, what kind of existence is it that makes it so mysterious, but the more mysterious it is, the more curious it is, after all, everyone is curious.

The more they are not allowed to see, but the more curious they are ah.

The two knew what this place was, so naturally they didn't dare to be reckless, and although they were curious as hell, there was nothing they could do about it.

Even at breakfast time, Fairy Qing Shirt did not show herself, knowing that there were living people around and she did not want to see these mortals. It was Ling Yun who brought breakfast to Qing Shirt's courtyard, while they ate breakfast together as a group.

Qing Shirt tasted it and couldn't help but shine, the taste was really good, it had a bit of the taste of the great banquet of the Immortal Court back then, to be honest, it had been ten thousand years since I had tasted such a delicious meal.

'Boss Lin, who's that in the courtyard over there? The sound of the zither is so mysterious and so beautiful, isn't it? During the meal, Lin En boldly asked Lin Hao.

Here, Lin Hao had the say, after all, Lin Hao was the master here, if Lin Hao also refused to answer, then he wouldn't dare to ask again even if the live stream asked for it any way.

Lin Hao frowned slightly, seeing this scene, Lin En's heart was suddenly in his throat, even the sea goat was startled.

Could it be that that existence of playing the qin that even Boss Lin had to be afraid of?

Lin Hao seemed to think of something, guess they heard the qin sound of the qin shirt, this is an immortal sound, ah, at the same time Lin Hao took their phone over to look at the pop-ups.

Sure enough? Ai Yi Shan Wu Yi Yi Closed West? The ones that have asked to ask about this, and swiped the screen, the gifts followed.

When he saw Lin Hao bring his phone over, the screen was clear: good Boss Lin, please Boss Lin to solve the confusion ah, too curious.

‘It’s better for you guys not to know too much.’ Lin Hao said and handed the phone back to Lin En, then pointed to the sky.

The people up there ?

Lin En and the others hurriedly shut up, they really didn’t dare to ask any more questions about this.

Whether Lin Hao was talking about the people living in the sky or the people above, they didn’t dare to ask any more questions.

The people living in the sky, what level of Illusionary Spirit Master was that ? If even Lin Hao was afraid of him, then asking them recklessly was no different from seeking death !

Even if it was the latter, there was no way to ask ah, Lin En already knew that Lin Hao was the commander of the Dragon Group, and even more so, the rank of Major General, an existence higher than him, so there was even less to say.

Chapter 2446

‘No more mentions of this topic in the live stream, any more mentions of this topic, superpipe watch out, whoever it is, ban and kick out of the live stream for a month!’

It wasn't just Linn who announced this, the sea sheep did the same.

And there were two big guys who were not convinced and were still talking about it, and one was still linked to it, because he was slow to react and got stuck or sent it out.

So this big guy who had just rewarded a hundred or two hundred thousand Huaxia coins was directly banned and kicked out of the live stream for a month by the super admin.

The live stream was now quiet, such a big man, who had just paid over 100,000 to 200,000 Chinese Yuan in gifts, was kicked out, who would dare to bark more?

They also finally realised that this piano player might be a real bully. Everyone could only keep their curiosity to themselves, just don't make a fool of yourself, otherwise who knows what might happen.

But there are still people who play to death, and it's an eighty-year-old man at that.

Knock, knock!

Everyone was chatting when there was a knock at the door.

Lin Hao was a bit dazed, since the Lin family had moved out, it seemed that only Lin En and the others had come, and hardly anyone would come to visit on a regular basis.

Lin Ruoshi was very well behaved immediately got up and ran to the door with Xiao Feng, looking at the cute and understanding Xiao Shi, the live broadcast was again a water of compliments.

But Lin En and the others thought it should be a guest of the Lin family and didn't bother to wonder.

Lin Ruoshi opened the door and found four people standing outside the door, two bodyguards dressed in black with sunglasses and carrying two big guys in their hands, as well as an old man and a young man, a wonderful young girl supporting a man in a navy blue Tang suit with white hair.

Lin Ruoshi was a little surprised, but she asked politely, 'Hello, old grandpa, who are you looking for?'

'You are Xiao Shi, right? What a lovely little girl, even more beautiful and lovely than the one you saw in the live broadcast.' When the old man saw Lin Ruoshi, a kind smile appeared on his face and he introduced himself, 'I'm Xu Rong, I've taken the liberty to visit your father, can you tell your father, Xiao Shi?'

Looking at Lin Ruoshi, the wonderful girl next to Xu Rong was also filled with dotting eyes, feeling that this little girl was also too cute and pretty, and couldn't help but want to go up and pinch her face is how fat four.

But her family is very strict, and her grandfather is here, she naturally do not dare to be reckless.

‘It’s grandpa Xu ah, you guys wait a minute oh, I have to ask my dad.’ Lin Ruo Shi trotted off to tell Lin Hao about the situation outside the door. Looking at Lin Ruo Shi’s appearance as she trotted out, Xu Rong was so worried, afraid that the little girl would fall down accidentally, how painful it would be.

Xu Rong?

Lin Hao was a bit surprised, he didn’t know this person, and neither did Lin En and the others.

The live broadcast even laughed and teased, saying, ‘I’m afraid this isn’t someone who has come to rub it in again, right?’

Although I do not know, but since it is a door-to-door visit, it is not good to let people stand at the door, Lin Hao asked Lin Ruoshi to call them in. The four of them came in.

The four Xu Rong walked in, Lin Hao looked at the other party’s equipment, the identity should not be low, just the aura of the grandfather and grandson are different.

Xu Rong's granddaughter Xu Ya, on the other hand, had ? The earth dyed to cover the grill Lu Xi closed zero ? Some curious glance at Lin Hao, this kind of legendary figure, but surprisingly so young ah.

'Hello, old man.' Lin Hao stood up to greet him.

'Don't dare to be polite.' Xu Rong hurriedly waved his hand, 'I am Xu Rong, meet Major General Lin.'

The netizens in the live broadcast room, however, froze.

'What Major General Lin ?'

'Is this old man talking about Boss Lin ? Damn, I've found something remarkable ?'

'I found something even more amazing, I know this old man ! He came to our school to give a lecture, national player Xu Rong, a special class zither master, the first person to play the ancient zither in China !'

'Crap, crap, crap, what a great secret I found today, Boss Lin is a Major General rank, the national player who bubbled up during the live broadcast actually came to visit directly !'

‘Shocked my mum for a whole year!’

.....

Lin Hao waved his hand: ‘false title only, I do not count the post, the old man please sit, eaten? Eat some together?’

Xu Rong was very graceful and waved his hand: ‘No, no, Major General Lin is very polite, we have all eaten.’

Super Son-in-law Chapter 2447-2448

Chapter 2447

Then

The two bodyguards had no choice but to add a few more dishes.

One person dried up three big bowls, even Xu Ya, to those two bodyguards to greedy, no choice, Lin Hao had no choice but to add a few more dishes, so that those two bodyguards also a piece to eat.

It smelled so good.

After eating and drinking, Xu Rong's face turned red and he praised Lin Hao's cooking skills.

The viewers in the live broadcast room even laughed and jerked off, a large scene of real fragrance, laughing and drooling with envy at the same time.

'Old master, just call me Lin Hao, I don't know if old master has come to see me, is there something wrong?' Lin Hao was a little curious, and at the same time, through Lin En's introduction (he also only knew the information about the old master by watching the pop-ups in the live stream.) , he already knew the old master's name, he just didn't understand what the old master was doing here?

He couldn't have come because he heard Qing Shirt's zither music in the live stream, right?

'To be honest, I happened to be giving a lecture in Jinling, and when I clicked into the live broadcast room during a break in class, I happened to hear that beautiful zither sound, which was heavenly, and I was ashamed of myself. Xu Rong spoke very modestly, but at the same time what he said was also true.

After all, even if Xu Rong was powerful, even if he had been drilling all his life, starting from the age of six, that was still sixty to seventy years of drilling, that could be compared to Qing Shirt.

That was more than 20,000 years of delving, and even more so, an existence that had become a deity with the qin sound of enlightenment, that was completely incomparable ah.

Everyone was suddenly enlightened? Idi dyed Iyi picketed whisk love? The reason for this is because of the green shirt.

But Lin Hao was in a bit of a dilemma, if it was any other Lin Hao was not unable to agree, as a national player, Xu Rong is the pride of China, Lin Hao should agree.

But it was the Fairy of the Green Shirt. He would not dare to say yes for the Fairy of the Green Shirt.

Lin Hao looked a little embarrassed, neither saying no nor refusing.

Xu Rong also saw the look on Lin Hao's face, all of them were old and sophisticated, even Lin Hao felt embarrassed, so Xu Rong also did not make things difficult for others, and waved his hand somewhat disappointedly: 'Since old brother Lin is embarrassed, forget it, it is an old man who has taken the liberty to interrupt, at the same time, thank you for the meal and hospitality of old brother Lin.'

He said, 'So what if he was a major general and didn't even give face to his own grandfather?'

It was a good thing that Xu Ya was stopped by Xu Rong before she could say anything. Although Xu Rong only knew that Lin Hao was a major general, he didn't know exactly what he had contributed to China.

However, to become a Major General at such a young age, it was bound to be someone who had made an extremely amazing contribution to the country.

‘That is, if you are a lover of the piano, then play a song and come and listen to it, and hear if it is worthy of my guidance.’

Just as Xu Rong and the others were about to leave, the clear, cold and pleasant voice of the fairy in the green shirt came from the courtyard next door.

Shocked!

Lin Hao was shocked that the green-shirted fairy had agreed.

Xu Ya was shocked, shocked that, hearing this woman’s voice at such a young age, she dared to speak so loudly, she should have heard her grandfather’s identity just now, right?

How dare she say that she would point out a thing or two?

Lin En, them, and the viewers in the live broadcast room were equally shocked on the spot.

‘OMG, shocked! It’s a girl, it’s really a girl, and by the sound of her voice she’s definitely a fairy-like beauty!’

‘She’s not too old, she’s definitely a beauty, and oh my god, she plays the piano so well! I want to see her face!’

Brother Tiger: ‘I bet a thousand superfires that this is an even more beautiful existence than Fairy Ling Yun!’

Brother Tiger, as a full level number godhook on the platform, the whole room was shocked when these words came out, betting a million? The joy of the rich, poor pussies really can’t imagine!

Nan Ge V (certified singer star anchor): Tiger has spoken, I bet two thousand super hot! It’s definitely a divine girl!

The live broadcast room exploded, the scene was shocked, including Xu Rong who was equally shocked, how could he not expect that the other party was so skilled on the piano and so young, as for the gender, he didn’t care.

Chapter 2448

Xu Rong was still very excited, this was the equivalent of a zither sparring session ah.

‘Someone, put on the armour!’ Xu Rong was very excited as Xu Ya put on the armour for Xu Rong’s right hand, while the bodyguard next to him immediately brought out an antique ancient zither, which was very beautiful and was old at first glance.

There was an old know-it-all king in the live broadcast room, giving everyone a science lesson that this was a real treasure, and it was several hundred years old, and it was said to have been auctioned off by a rich man for 300 million dollars not long ago and given to Xu Rong.

The live broadcast room was another tsunami, three hundred million ah, such a thing for three hundred million, even flirting, holding three hundred million to talk about love what is the experience?

‘Then old man will make a fool of himself.’ As soon as Xu Rong touched the zither, his whole person was different, his temperament seemed to have undergone a sea change in that moment.

Xu Rong, not to mention being eighty years old, was still as old as ever, and directly on the spot, his left foot went down slightly and the edge of his right foot rested on his left thigh, directly setting up the guqin!

Xu Rong took a deep breath, his expression serious, his gaze earnest, his hands quickly dancing lightly on the guqin, seemingly as gentle and delicate as a woman’s hands, but with the rigid and murderous aura of a man.

The other player was playing on the guqin: Ambush from Ten Faces!

The ten-sided ambush is played on the pipa, but the opponent is playing it on the guqin, which is a grade 10 or higher piece and is extremely difficult to play!

The sharp and shocking sound of the zither rang out, enchanting everyone, including Lin Hao, who was surprisingly included in the other party's zither sound all of a sudden.

It was as if the sound of golden gorillas appeared before his eyes, a battlefield of swords and shadows everywhere, cold arrows hidden everywhere waiting to be fired, and a murderous aura surrounding him on all sides, as if he was in a situation of ambush from ten sides.

But in the midst of the tension and urgency of the killing, there is a calmness and composure, as if one is still calm and fearless even in the midst of a ten-sided ambush with golden weapons and iron horses and swords and shadows!

When the zither sound fell, the crowd could not calm down for a long time, and the pop-ups in the live broadcast room, which had been brushing the screen, all stopped at the moment the zither sounded, and everyone was immersed in it.

'Good!' Lin Hao was the first to come back to his senses and applauded repeatedly, even Ling Yun couldn't help but praise, 'Not bad indeed, worthy of being called a national zither master.'

'Hmph, you know my grandfather's greatness, what do you think of this piece? Is it qualified to ask you for a lesson or two?' Xu Ya's tone was dissatisfied as she looked towards the courtyard of the green shirts, in terms of zither masters, she only recognized her grandfather as the most powerful, from the time she came in, the other party's repeated posing, coupled with the other party's tone, made Xu Ya very unhappy.

‘I can only say it’s average, not enough to kill, not enough to be gentle, not enough momentum, and even less rhythm on the zither.’ Who knew that Qing Shirt would spit out a sentence in a clear and cold manner, but it shocked the four seats, it was really a shocking statement. ‘You! Arrogant!’ Xu Ya thought the other party was just being tough-mouthed, and even more so, he was picking bones out of eggs.

Except for Lin Hao who knew Qing Shirt and others who thought what Qing Shirt said was considered mild, if Qing Shirt really told the truth, Lin Hao was afraid that this old man’s heart couldn’t take it.

Lin En, Hai Yang and the others, like the viewers of the live broadcast, felt that although this girl’s zither skills were very good and the sound of the zither was moving around the beams, she was not so arrogant, right ?

Bullying and arrogance ? The girl’s talent is so arrogant ? Is it ?

‘I think this sister is so proud and arrogant that I’m suddenly not curious what she’s like anymore.’

‘Same, so what if she’s beautiful ? Not a good mindset, not a good personality, they’re national players, and they’re modest enough to say they’ll ask for a lesson or two, and you really think you’re better than a national player ? ’

‘Oh, funny, how can someone be better than Xu Lao, the number one zither master in China ?’

‘I think, in comparison, this girl might not be exaggerating, because I have studied a bit, and in terms of their zither skills, they should be neck and neck, or even slightly better than Elder Xu.’ There were also bigwigs who really knew what they were doing on the air, voicing out their opinions.

Super Son-in-law Chapter 2449-2450

Chapter 2449

But they were all sprayed back by those in the audience, cursing, all thinking that Qing Shirt was no good and too proud to even put Xu Lao in his place.

Xu Rong, however, listened very carefully, obviously listening, while reprimanding Xu Ya: ‘From now on, you are not allowed to speak! Or else get out immediately!’

Only after reprimanding his granddaughter did Xu Rong salute the Qing-shirt fairy across the wall towards the courtyard wall: ‘What you said is very true, this is one person and one qin facing thousands of horses, ten-sided ambush but not afraid, the same relaxed and calm laughter, and one person can withstand the power of a thousand armies, but there is something lacking, but I wonder, what is lacking in this qin rhythm?’

Without speaking, her hands danced on the strings of the zither, and the soothing and moving sound of the zither resounded as Ling Yun slowly stood up, and the colourful peach petals fell, just like a rain of flowers.

The sky seemed to darken all of a sudden, and the moon was in the sky. In the moonlight, Ling Yun was dancing like a fairy in the rain of flowers, in fact, it was still daytime, and it was morning, the sun was overhead.

But people could not see that the moment the zither sounded, everyone was already placed in the world built by the sound of the zither.

Everyone in the studio and at the scene looked straight at the scene in front of them, watching Ling Yun who was dancing in the rain of flowers and listening with open ears to the stirring sound of the zither.

Lin Hao thought of something and spoke aloud.

‘The moon is cold, who’s stone floor is alone in pity.

The pearls on the eaves are renewed and broken

The moon is cold.

She said it was fate to meet each other

He says it’s hard to part

The night is burnt out at the end of the fishing fire.’

Lin Hao's voice fell, and then Ling Yun slowly spoke and sang softly, 'Windy Chinese Temple, Snowy Moon Ancient Temple.

Look at how many times the rooftops have turned and how many times spring has come.

Taihu Lake swings white sails, Tianmu Lake is warm at first, the river is as blue.'

The wind does not say anything, it blows away many years, and when I look back, the moon fades away.

In the past, when the flowers were in front of the flower platform, the red was splashed, and we held hands and said that we were destined to spend our lives together at the bridge.

Even the paper umbrellas were broken on the rainy days of Jiangnan.'

Lin Hao: 'The moon is warm, flowing over the stone slabs of someone's house, the rain is not yet dry and broken, the thoughts of each other become a light.

I don't say that reunion is fate, I don't say that parting will be difficult, tonight the wind and the moon are not in the fire.'

Ling Yun: 'Don't look back

The falling flowers of the river cannot be seen, so why not change your life into a light song and wine, a few times the flowers of the mountains are rosy, a few times the frosty forests are dyed, and still this smoke and rain will not disperse.'

I don't know if I'm suddenly in a small town in the south of the Yangtze River, where the rain is falling and I'm strolling through the stone paved alleys with an oil paper umbrella, feeling the smoke and rain in the south of the river or missing the person in my heart.

How many times do the flowers in the mountains and the frosty woods continue to drizzle? What is the meaning of this rain?

The sound of the zither dissipated and no one spoke, but the crowd remained unsettled for a long time.

The people who woke up, also did not applaud, did not applaud, but deep in it still did not come out, as if they were still thinking about the one they miss the most in their hearts, the one they could never let go of, the one they could not forget.

'Good, good to hear yeah.' Lin Ruoshi did not understand much, after all, is a child, but just feel particularly good, but Lin Ruoshi opened his mouth but suddenly found that everyone did not speak, very quiet, Lin Ruoshi also unconsciously lowered his voice to the lowest, to the extent that only he could hear.

But Lin Ruoshi opened her mouth and broke the calm, Xu Rong sighed deeply: 'You are very talented, I admire you, I am convinced and I understand, thank you for your advice.'

Xu Rong bowed with immense gratitude, he was really excited, he was already eighty years old, how many vicissitudes he had experienced, how many lives and deaths he had seen, he should be able to say that he was very open-minded, but after listening to this song.

Suddenly, he felt that he could not let go of more things, and that person in his heart, he had never let go of either.

Even Xu Ya, who was bad-tempered and very defiant just now, shut up.

Live broadcast.

'Fairy I was wrong hitting my face came like a tornado, it really hurt, I just scolded someone, now, I slapped myself!'

Chapter 2450

'It's really too moving, no, I'm going to get the one I lost back and I'm going to take him along for a walk to the old town in the south of the river to cleanse my soul!'

'What I'm more concerned about is, what's the difference? And seeing as Xu Lao looks like he already understands, what exactly did he understand?'

‘I’m also very confused, because I feel that they all sound good and have their own characteristics, but this girl’s seems to sound better, but what exactly is better, where do you want me to say?’

Master Huang: ‘Go and understand for yourself, insiders see the way, outsiders see the fun, fools shout I know.’

‘Pfft, upstairs master Huang you are really poisonous ah, just now is not just scolded you two sentences, we admit our fault still can not, do not know righteousness scold us all fools it.’

.....

After the sparring session, Xu Rong felt even more the gap between himself and the other side, the other side may be very young, but how to say, in the zither skills, but he could not catch up even after a lifetime of study.

A beautiful woman’s smile can seduce the soul, but her zither music, every note of which can move one’s emotions, can even put one in the mood!

The sound of a zither of this realm can immerse one in its beauty, but it is also capable of killing the invisible, the sound of a zither killing is not an exaggeration at all.

The most important thing was the qin rhythm contained within the other party, and this was what he was most eager to learn.

Old man Xu bowed once again, 'Dare I ask the name of the girl, old man, I can take the girl as my teacher.'

'What? Grandpa, you're not crazy, are you?' Xu Ya was dumbfounded, the other party was a bit more powerful than her grandfather, but not to the extent that her grandfather would be a disciple to someone else.

An eighty year old zither master, a Chinese national zither master, worshipping a young girl as his master, if word got out, he would be laughed to death, right?

In fact, this was also the reason why Xu Ya's realm was not enough to hear the huge gap.

Even Lin Hao and the others were shocked, this old man was really willing to go out of his way, he seemed to really love this skill, even though he was eighty years old, he was still not ashamed to ask.

Ling Yun, on the other hand, shook her head, want to be sister's disciple? You? Yi Yi Shan Pao Xi Yan Shan Yi? Still too far off.

Sure enough, the moment Fairy Green Shirt spoke, the whole room was shocked: 'My name is Green Shirt, accepting disciples is not necessary, I never accept disciples, if you are really free, if I have time, you can come and pay your respects once in a while.'

Rejected!

A national master as a disciple was rejected!

If you take a national player as your disciple, you'll be famous in no time! Just talking about it is enough to make you proud.

The studio was shocked!

Qing Shirt said this euphemistically, but what it really meant was that Xu Lao wasn't even good enough to be her disciple!

'Well, this time I don't dare to say that sister Qing Shirt is arrogant, after all, people are qualified to qualify, after all, their faces were hit enough just now.'

'Yes, I think so too, not to mention that people don't need to rely on Old Man Xu to be famous, she has this ability, wouldn't she be a popular figure wherever she goes?'

‘I think it’s normal to refuse, one is to use the excuse of asking for advice, to give some face to Xu Lao, on the other hand, it is estimated that she really does not want to accept this disciple, we all understand the meaning. The key problem is that this woman’s identity is also estimated to be not seen big, you do not see even the boss Lin is not good to talk about it? Who is Boss Lin? The woman’s identity is evident.’

‘Crap, upstairs you have a lot of words, I’ll hang out with you, upstairs is right, I agree!’

.....

The old man Xu was not angry, let alone disappointed, but rather more excited, he had spent his whole life studying this guqin, and now his status could be described as high, and he could not learn a thing, there was no stronger person to guide him ah.

Now that he finally has a direction to study again, he is naturally happy.

‘Thank you for your kindness, then I will have to bother you more in the future, I have bothered you long enough today, so I will not bother you anymore, so I will leave.’ Having received a satisfactory answer, Xu Rong did not feel like continuing to stay here, so he bowed and bowed before quickly departing.
