

Super Son-in-law Chapter 2451-2460

Chapter 2451

Lin Hao, on the other hand, enjoyed the two masters' performances, as well as Ling Yun's one dance that captivated the city.

Lin Hao gave a thumbs up to Ling Yun, 'That dance of yours was wonderfully moving and captivating, if it wasn't for your sister's zither music being so appealing, I'm afraid you would have been the focus of attention!'

It was indeed true, at first everyone was staring at Ling Yun, admiring the city-defying dance, but they were soon distracted by the zither music, everyone was looking at Ling Yun, but it was as if they didn't see it, they were already in a different situation.

Ling Yun smiled with satisfaction: 'Thank you, you are also good, I did not expect that just listening to the beginning of the zither sound, you know that my sister is going to play the song of rain breaking the south of the river.'

Through the conversation between the two, everyone got a shocking fact, that the guqin big shot, was not only a woman, but also Ling Yun's sister!

Looking at Ling Yun's fairy-like appearance, then her sister would be even more needless to say ah.

Thus, Qing Shou's appearance was a deadly curiosity to everyone.

Lin Hao saw that the situation was almost over, so he wouldn't leave Lin En and the others to continue playing around and dawdling, now that the purpose had been achieved.

Since it was a drag, let them see what they were doing now.

Lin Hao believed that those enemies were just as lurking in the live stream watching.

They were leisurely living their ordinary lives, and at the same time letting them know that Qing Shou was right by Lin Hao's side.

If you want to make a move, weigh it up first.

Lin En and Hai Yang were very helpless, seeing that it was about to be noon, and they were thinking that they would be able to dine again.

They are both popular anchors now, and one is the son of a multi-billion dollar conglomerate, and they are doing everything they can to get a meal.

But Lin Hao has given the eviction order, they can't continue to shamelessly stay in? The company's main business is to provide a wide range of products and services to the public. The company's main business is to provide a wide range of services and services.

They had no choice but to slip away.

After Lin En and the others had left, Qing Shirt's voice rang out, 'I'm going out, so you guys be careful.'

Qing Shirt had sensed a strange movement in the Qian Yuan Dragon Mansion, and he was going to go and see what was going on.

However, before Qing Shirt could leave, another figure descended, surprisingly it was the Qian Yuan Dragon Mansion's Jiao Long, moreover Qian Yuan's doppelganger.

'Fairy Qing Shirt.' When Qian Yuan saw Qing Shirt, he hurriedly bowed and saluted.

'Why have you, you loach, come running here? I was just about to go to Qian Yuan's Dragon Mansion for a stroll.' Qing Shirt spoke indifferently.

Qian Yuan's body trembled and he quickly smiled sarcastically, 'Don't, don't, you mustn't come, the last time Lin Hao came for a visit, he almost turned our Dragon Mansion upside down, if you come again, we don't need to have our Dragon Mansion, it's useless for my daddy to wake up.'

The green shirt looked at Qian Yuan indifferently, 'Then when did you come here for?'

'I came here to tell the fairy that this is not to be heeded, do not leave Jinling ah.' After saying that Qian Yuan continued, 'I still have some words to discuss with Lin Hao in detail alone, don't worry, I have sworn with my dao heart that I will not harm him.'

Qing Shirt's eyes narrowed slightly as he glanced at Lin Hao again.

Lin Hao nodded gently, indicating that there was such a thing, the last time the group had gone to the Qian Yuan Dragon Mansion to steal a home, the other party had indeed sworn with his Dao heart.

Qing Shirt nodded, 'I didn't expect you to have this backhand, then I'll ignore it.'

Qing Shirt went back to his courtyard.

Qian Yuan, on the other hand, fell down and came to the study alone with Lin Hao.

'The Dragon Clan and the Qin Clan's immortal slaves have made their move, and my true self has also gone over, so it seems that the great war has opened on the Underworld side.' The moment Qian Yuan opened his mouth, he was the king of explosions.

Lin Hao was shocked, so soon ?

The immortal slaves of the Dragon Clan and the Qin Clan were really impatient too.

Lin Hao was also very surprised, 'What kind of attitude is your Jiao Long clan adhering to in this matter ?'

'I'll tell you a secret, you'll know after hearing it.' Qian Yuan directly told Lin Hao the secret history of that year.

After listening to it, Lin Hao was fucking stunned, hell, the Heaven Swallowing Python clan was actually hermaphroditic!

The Jiao Long clan was also a race born from the old Dragon King who was forced to give birth to a Heaven Swallowing Python under the oppression of the Immortal Court back then, somewhere between a snake and a dragon, not a snake and not a dragon.

Chapter 2452

The point is that the female part of the Heaven Swallowing Python actually fell in love with the Dragon King as a result, and has always had a close connection with the Dragon Clan.

It was only later that the male part was angry and could not bear such humiliation any more, and directly exterminated the female part, while claiming to the Dragon King that it had devoured the female Sky Swallowing Python's soul.

It could be said that the current Heaven Swallowing Python was incomparably hateful to the dragon race.

Having received so much information, Lin Hao's head was a little turned around.

After a long time, he took a deep breath, 'Alright, so what are your demands? Say something I can agree to.'

'Leave with the Immortal Court and no longer interfere with earthly matters, we neither want to continue staying in the Qian Yuan Dragon Mansion now, nor do we wish to get involved on earth, our time has long passed, this era should have been completely divorced from us ancient beings long ago.' Qian Yuan spoke indifferently, they were all clear about Chen Bei Xuan's plans.

Since it was the end of the age, the present of the technological age, it should be as they should have been, instead of immortals and humans coming out of the same world.

It would not be good for each other.

It wasn't too much to ask: 'I can grant you that.'

'That scared me, I thought you were seeking revenge on my father?'

'By the way, I... I shouldn't have anything to do with you guys, right? I'm a pure dragon bloodline after all.' Ao Dog suddenly showed up, apparently this one had been following along, Mudd, there really wasn't a secret to be kept about this guy.

'Get lost! It has nothing to do with you.' Qian Yuan glared angrily at Ao Dog, who left resentfully, it was good that it wasn't to exterminate their dragon clan anyway.

As for his own father's little affair, he didn't bother to care about it.

Before leaving, Qian Yuan also told Lin Hao a secret, that the Dragon Clan had actually joined forces with the Qin Clan on purpose, just for Lin Hao to kill the Qian Yuan Dragon House and make the Dragon Clan trust them even more.

Lin Hao's brows were locked, still a little unsure, was this Dragon Clan's idea really just to divest the Earth and leave with the New Immortal Court together?

And not have another plan?

This could not be known, but Lin Hao still informed Qing Shirt of this, only that Qing Shirt had opened his divine path and could not get close at all.

Lin Hao went over, but was stopped by the green shirt.

It seemed that Qing Shirt had broken the prohibition and the unwritten rule of the Immortal Court gods not setting foot in the Underworld for ten thousand years, and was going to observe this amazing battle!

Outside the Nine Underworlds!

A blood-coloured stream of light, carrying the ultimate killing intent, like a purgatory shura appearing in the world, and like a desperately fierce soldier descending.

A red dragon roared, and the floating belt transformed into a giant dragon with a thousand metres of blood-coloured scales, hovering majestically outside the Underworld, with Shen Xiyao's long hair fluttering and her sleeves flipping as she stood on top of the dragon's head, coming with the dragon.

'Here it comes!' Chen Bei Xuan and Lin Cang Dao's eyes glowed as their Daoist heritage surged around them, rising up into the sky as rushing sword light.

'Blossom!' Ai Weier shouted, three pairs of angel feathers behind her? The three pairs of angelic feathers on her back? wings unfolded, surrounded by a holy pure white glow.

A large pair of crimson wings appeared as a blood aura enveloped the Western Ecclesiastical Patriarch's body.

'Ulla!' Instead of rising into the air, the war bear gave a furious roar and transformed into a hundred-metre tall war bear, its circumference covered in exquisite armour glowing with cold light.

In the direction of the Nahe Bridge, a black dark cloud drifted in, and on it stood neatly the Golden Golem, with fluttering banners and the word 'Witch' inscribed in blood on its temperament.

The army of the five clans had come!

The leader, Meng, had changed her make-up, as if she were a beautiful woman of thirty years of age with a long dress, and on her head was a majestic phoenix crown, like a maiden in an ancient imperial palace.

The Empress Hou Tu was on her own!

'What a bunch of fools who don't know how to judge the times, what is this for? Don't they really know what the great trend is?' The secret words of the Brahma sounded slowly from deep within the palace of the Underworld.

The next moment, the earth shook and the mountains shook, and the horses stampeded the mountains!

It seemed as if a thousand armies were rushing out of it, and a sea of black figures rose up into the sky, converging into a huge square formation, all of which had been accumulated by the Hades for tens of thousands of years!

Super Son-in-law Chapter 2453-2454

Chapter 2453

In front of each of the ten squares, there was a man over a hundred feet tall, dressed in a dragon robe, wearing a crown and surrounded by a terrifying aura!

No more, no less, a total of ten hundred feet tall Dharma bodies, with a total of one million men in command behind them!

These are the ten Hades bodies of the Underworld!

King of the Wheel of Fortune, King of Tai Shan, King of Qin Guang, King of Yan Luo

The ten halls of Hades had gathered their armies, but only the old villain was nowhere to be seen!

The first time I saw this, I was able to get to the bottom of it.

The auras of these Ten Halls of Hell were more terrifying than the others, not even close to Hou Tu and Chen Bei Xuan.

‘My dripping motherly column.’ The Northern Wild Blade couldn’t help but exclaim, ‘Old Chen, can we really win? This is too fucking scary.’

‘You’re scared, they can’t get out, you can’t beat them and you don’t know how to run back? We’ll kill them even if we consume them, unless they can break the ban!’ Chen Bei Xuan said angrily, didn’t they have a taboo existence?

Unless they really wanted to release that guy, there would be no need to panic at all, just consume them and it would be over.

Seibei Madsword cursed and retreated to the side: Mard, it was obvious that they couldn’t defeat him and still said so domineeringly, only you, Chen Beom King, could say such things.

A greenish arcane light descended from the sky, a crisp and pleasant ? Yi Fu Closed Zero Fu Ai Wu Lu? The sound of the zither followed.

Surrounded by the xuan light, the green shirt sat on the back of an immortal crane, holding the ancient zither and gently stroking the strings with one hand. Not much later, the zither sounded so sharply that if Xu Rong were here, he would probably have died of shock on the spot.

If Xu Rong were here, he would have been scared to death on the spot. It was the Ten Faces of Ambush that he had played not long ago!

At this moment, the ten-sided ambush played by the green shirt directly transformed the zither's sound into a golden sword and iron horse, one person could withstand a thousand armies and horses, and the sound of the zither ravaged the heaven and earth!

'You've come to join in the fun too?' Chen Beixuan spoke with a cheeky smile.

'Get lost.' Qing Shirt's response was simple and clear, crisp and decisive.

The corners of Chen Bei Xuan's mouth twitched, 'Alright.'

'Haha,' Lin Cang Dao and the others burst out laughing, it was a great joy to see Chen Bei Xuan deflated.

Who!

The low sound of trumpets came from the Underworld.

It was immediately followed by the heart-string-shaking drumbeat.

Welcome to the battle with the Three Passing Drums!

The three-pass drum is the final drumbeat before the charge!

That dense drumbeat had actually interfered with Qing Shirt's zither sound, and Qing Shirt's brow was slightly thick, the other side had an expert too.

And Qing Shirt frowned, his hands even danced with stigmata, the zither sound became even more furious, the killing aura skyrocketed, everyone was infected by this killing aura, everyone's eyes turned blood red, their battle intent began to surge, their surrounding aura also began to skyrocket.

'This chick is here to add buf to her feelings, let's do it, don't waste someone's good intentions, after all, she can't stay here much longer.' Chen Bei Xuan waved his hand, and everyone attacked!

The Battle of the Underworld is truly open! Formation!

Qing Shirt shouted, the strings of her zither danced, and the resounding sound of the zither resounded through the clouds.

All the warriors on their side were flooded with a faint greenish arcane light, everyone's aura surged again, a living group buf ah!

‘Ulla!’ The war bear divine hall master let out a furious whistle, and all the war bear divine hall warriors’ body size skyrocketed, transforming into several dozen meters of bears and leaping up, taking the lead and rushing into the underworld’s range.

Chen Bei Xuan was surrounded by countless sword qi, densely packed everywhere, a move that was quite similar to Lin Hao’s, his sword was like a stunning dragon, his body was like a swimming dragon, charging straight at the enemy.

Lin CangDong was also not willing to show weakness, the sword domain came out, three thousand sword qi surrounded, domineering.

‘In this battle, King Qin Guang and King Tai Shan will fight!’ The whispered voice of Brahma slowly rang out.

‘Yes, Bodhisattva.’ The two hundred-metre Dharma bodies of King Qin Guang and King Tai Shan blossomed with divine light, and behind them two hundred thousand troops formed up.

Charge!

Two hundred thousand lines charged in a neat and unified manner, a dark mass like the transit of locusts, dark clouds overshadowing the impact.

The war horses neigh, the warriors roar, and all kinds of magic weapons burst into the air, transforming into colourful and glorious light.

Chapter 2454

The Patriarch of the Western European Church shouted angrily, 'God's will, guard the faith, charge!'

All were of cardinal archbishop strength, the worst being above the seventh rank, and with a cry of rage, their silver armour flashed and they launched a charge.

'By the will of God, let the holy light descend upon the earth! Shield of holy light!' All the angels rose up to the sky under Evel's chant, the angel wings behind them glowing with dazzling holy light, and all of them were enveloped in holy light, forming a shield of holy light as the six-manifold star shone in the sky.

There were even several angels of the eighth realm who were storing up angelic judgements!

'Sword and light!' The green shirts danced their strings, and a sword-light and sword-shadow was surfacing, each sword-shadow sword-light was a hundred feet in size, turning into blinding green light as it pounded towards the military formation.

The huge sabre lights tore through the various attacks of the enemy, and the light rose in all directions, just like the fireworks blooming intensively in the sky.

The power of the blade was so overwhelming that it tore through the enemy's army formation, wiping out thousands of Hades' troops with just one strike!

The deity's strike is really extraordinary, the key green shirt's hand is simply fierce, can attack and defend, more fierce than the league's qin mother!

It can add buf and control, but it can also defend the enemy in a wide range!

Seeing this scene, even the Hou Tu Niang Niang could not help but marvel: 'This woman, is fierce enough.'

'Niang niang, I? Serve yi er yi whisk zero yi? Are we not going to make a move?' The Vice Commander asked the Hou Tu Niangniang.

The Hou Tu Niang Niang waved her hand, 'The battle has just begun, are you afraid you won't have a chance to strike? We are in charge of the battle, this battle won't be over for a year and a half.'

'Ulla!' The War Bear Divine Hall Master, with a furious roar, directly confronted King Qin Guang, the difference between his Dharma body and King Qin Guang's was not great, and both sides pounded away with brutal physical combat, each blow erupting with earth-shattering tremors and roars, fists to flesh in a violent clash!

The Tarzan King was stopped by the Patriarch of the Western European Church, while Chen Bei Xuan and Lin Cang Dao, both in the form of ten thousand sword lights, criss-crossed the 200,000-strong approach, attacking frantically, and hard at work avoiding the strongest of the opposing party, seeking to finish off the Hades army at the fastest and greatest extent possible!

‘All purple-belted Judges, stop them!’ King Qin Guang witnessed and bellowed angrily as hundreds of Purple-belted Judges rushed out, rising up into the sky and exploding with a monstrous aura!

The Purple-belted Judges were all powerful individuals whose realms had reached the late Eighth Grade Illusionary Spiritist realm, just one step short of reaching the terrifying existence of the Hades of the Halls!

The Judges were divided into seven grades: red, orange, yellow, green, blue and purple, and the worst Red-belt Judges were all early seventh grade Illusionary Spirit Masters.

‘Hahahaha, silly lot, come after me.’ Chen Bei Xuan looked at the dozens of purple-belt Judges rushing over, and immediately laughed freely, a flash of his body turned into thousands of sword shadows and disappeared into the battlefield, if the opponent wanted to stop him, he would have to kill countless of his own people before he could attack Chen Bei Xuan.

‘Bastard, this guy is a real dog!’ Seeing this scene, the Purple Belt Judges all cursed angrily.

Lin Cang Dao was even more desperate, turning his body into a sword and uniting his human sword, the sword light was everywhere he went, so he couldn’t be stopped at all.

Ow!

With a dragon roar, the red dragon beneath Shen Xiyan's feet let out a furious roar, turning into a thousand-meter giant dragon, a divine dragon swept its tail, sweeping a thousand armies, with one sweep thousands of Hades strongmen fell.

Shen Xiyan stepped on the void, surrounded by the killing intent, his entire aura surged, just like the ancient demon weapon, the God-killing spear, how terrifying and sharp was his aura!

'Sea of Blood!' Shen Xiyan transformed into a sea of blood, surging towards the enemy camp, swallowing everything in its path and growing the sea of blood!

Having inherited the legacy of the ancient gods, the God of Killing, and having been tempered in the sea of blood at the end of the River Styx for so long, Shen Xiyan's killing intent had reached the ultimate level!

The glorious light of various colours illuminated the entire Underworld, the dark as ink Underworld was now as bright as day, and the terrifying energy shattered the space around it.

One must know that the space of the Underworld was as hard as that of the Immortal Court, but it could not withstand it, and it directly turned into a sky of empty space.

Super Son-in-law Chapter 2455-2456

Chapter 2455

Seeing this, Fairy Qing Shirt once again plucked the strings of her zither repeatedly, and an even more terrifying aura was placed on the group.

Chen Beixuan and the others' auras once again soared, and their attacking tendency became even more fierce and terrifying.

The 200,000-strong Yan Luo Hall army had now been defeated by tens of thousands, and King Qin Guang and King Tai Shang were also being held back, unable to free their hands at all.

The remaining eight Hades still had no intention of participating in the battle, it seemed that this was a battle of attrition, and even more so, a protracted battle!

And it wasn't just this battlefield that would determine the ultimate victory or defeat, there was another battlefield as well!

After this increase in battle intent, Qing Shirt also stopped plucking the strings, Qing Shirt shook her head, and her aura condensed sound was transmitted to Shen Xiyan: 'I'll leave it to you guys here, don't rush to use that move until the last resort, on Lin Hao's side, I'll take care of it, you can use that move after it's completely fused.'

'Good, I'll trouble the fairy.' Shen Xiyan nodded, her voice was all incomparably cold, at this moment her killing intent had completely erupted, her temperament had all suffered to a certain extent, although she had cleared the erosion of her divine origin, there was no way to recover from the previous erosion, so when she fought, Shen Xiyan's personality was quite cold and sofa decisive.

Qing Shirt put the ancient zither away and turned her head to look at the Hou Tu Niangniang.

The Hou Tu Niang Niang nodded to Qing Shirt across the air, and Qing Shirt nodded in response, waved her hand and blossomed into the void, leaving the place with the Immortal Crane.

The ancestral home of the Lin family!

Immortal Qing Shirt opened her eyes abruptly, a mouthful of blood spurted out, and her breath quickly withered away.

‘Sister.’ Ling Yun was so frightened that she rushed over to support Lin Ruoshi.

‘Fairy, are you alright?’ Ao Dog was also terrified at this scene, even an existence like the fairy had been injured, what had she gone through? Did it mean that it was injured during the battle in the Underworld?

‘Fairy Qing Shirt, how is the situation in the Underworld over there?’ Lin Hao was also quite worried when he saw that Fairy Qing Shirt had been injured, could it be that the battle in the Underworld was already so out of hand?

‘Everything is going according to plan over there in the Underworld, the great battle has already begun, Shen Xiyan has also joined the battle, they will be facing tens of

thousands of years of accumulation from the Underworld and millions of majestic troops, but the situation is not dangerous.'

'There is also the 500,000-strong army of the Witch tribe led by the Hou Tu Niang Niang to press the battle, you don't need to worry about that side, worry about yourself.'

'My injury was caused by breaking the ban and stepping into the land of the Underworld, not by the enemy.' Qing Shirt shook her head and explained a couple of things, while cautioning Lin Hao that she would not be able to strike again for seven days, so she must? Dyeing Zhaoge closed zero er Wu Zhaoge? Let Lin Hao be careful and not let anyone know about this, otherwise it would be very difficult for Lin Hao to just get through these seven days.

It was just that when Qing Shou thought about it, trying to conceal it seemed impossible, that old bald ass was working with the Moon Wheel Fairy and I was afraid that he would pass the news on to them.

'To be on the safe side, little sister, go and gather the Thirteen Hairpin of the Qin Huai Golden House and stand by.' Qing Shirt felt that it was not secure enough, so he had to have the thirteen true immortal slaves under his seat summoned and stand by at all times.

'Okay, I'll get right on it, sister, you can go and rest for a while.' Ling Yun turned into a sky of peach petals and rushed away, the strength of each of the thirteen Golden House hairpin was not below her, but these were real immortal slaves, completely different from her.

Fairy Qing Shirt went to rest, while Lin Hao began to calculate what to do next.

The news of Fairy Qing Shirt's injury should have been passed on, and the forces available to him now were really a bit low.

The power of the Dragon Sect and the Dragon Group was obviously not enough to cope with the next battle.

It seemed that the only way to do that was to keep improving one's strength.

Lin Hao let Lin Ruoshi go to rest, while he himself went to continue his training, skilled with the Heavenly Sin Sword in his hand, which was extremely powerful, more terrifying than a divine weapon, and was also extremely powerful when used properly.

On the other side of the Sea Tide Immortal Palace, just as Lin Hao had expected, they had already received the news.

Chapter 2456

'That bitch dares to set foot in the land of the Underworld privately, hahaha, she must be seriously injured and will never be able to strike in a short time, Qin Bingyu, immediately lead your people to the Arctic Mountain and return to the Moon Palace.' In the middle of the Sea Tide Immortal Palace, the Moon Wheel Immortal was dressed in a long white dress, beautiful and moving but icy under the reflection of the clear cold moonlight, except that her face was quite hideous and crazy, ruining the beauty.

'My subordinate obeys my orders.' Qin Bingyu knelt on the ground.

Qian Yuan's original body had already rushed to the Arctic Mountains, while the seventh-grade peak Illusionary Spiritist doppelganger that Ao Feng Dragon King had condensed at great cost was also on its way to the Arctic Mountains.

Upon learning the news that Qing Shirt had been injured, they no longer covered up and rushed to the Arctic Mountain in a big way.

When Qin Bingyu learnt the news, he did not hesitate any longer and ordered all the immortal slaves to abandon the Sea Tide Immortal Palace and head straight for the Arctic Mountain. On his return this time, the first priority was to destroy the Qing Yun Heavenly Palace, so that Lin Hao would no longer be able to borrow the power of the Qing Yun Heavenly Palace and his combat power would plummet.

But what they feared most was still the Heavenly Sin Sword in Lin Hao's hand, which was a divine weapon inscribed with divine patterns, an existence whose power was comparable to that of the Xuan Yuan Sword!

Qin Bingyu and the others had started to act, and Ao Feng was also involved, so it seemed that the Dragon Clan was completely on the side of the Moon Wheel Immortal Palace.

It was just that it was unknown exactly how the Dragon Clan wanted to plot.

Qian Yuan's doppelganger also passed on the message to Lin Hao, while Qian Yuan's doppelganger stayed in Jin Ling, under the pretense that he was spying on Lin Hao, but in fact he was passing on the message to Lin Hao.

Ao Feng was not suspicious either, after all, Lin Hao had previously gone to Qian Yuan's Dragon Mansion to steal his home and even killed thousands of Jiao Long clansmen.

Lin Hao also had quite a headache when he learnt this news, let's hope that the Heaven Swallowing Python could hold off this trend, as long as the Moon Wheel Immortal could not show up for the time being, then everything would be fine.

At least stall it and wait for the Green Shirt Fairy to recover her fighting strength.

In the meantime, Lin Hao had set a course, that was to open a shop during the day and go steal homes at night!

The immortal slaves of all the great immortal houses, didn't they all not stand in line, then force them to stand in line, if they didn't stand in line, they would be purged, there was no other choice!

Nowadays, in a time of great contention, the trend is such that these unstable factors are not allowed to continue to wait and see.

The next day, Lin Hao got up, made a breakfast and ate it, took his daughter and sister, and went to open the shop as promised. Ling Yun and Qing Shie had long since passed, and Ling Yun had prepared all the ingredients in advance.

Ao Dog didn't want to get involved in all this and started to go scouting around the immortal houses, after all, with this passive skill of his, not being a scout is simply a waste of talent.

Hai Tide member had stayed at the Lin family's ancestral home to cultivate, Hai Tide member knew that his current strength might not play any role in the next battle, or even just be cannon fodder, so he put his life on the line, cultivating like crazy and absorbing the power of faith, just so he wouldn't become cannon fodder!

After all, most of the next entrants were seventh-ranked Illusionary Spirit Masters, or even terrifying existences that had crossed over to the seventh-ranked Illusionary Spirit Master and reached the Deity realm, so the entry of a sixth-ranked Illusionary Spirit Master was really no different from cannon fodder, and the aftermath of the battle alone would be able to wipe them out.

Because of the previous experience, there were not so many people gathered at the ancient town street this time, but there were quite a few people who came over to join in the fun, but they all stopped to watch for a while, took a picture and left, not bothering Lin Hao.

The thirty lucky spectators, who were already waiting before the doors opened, greeted Lin Hao when they saw him coming.

'Hello, Boss Lin.'

'Little Shi is still as cute as ever.'

‘I feel that Ling’er is even cuter, what do you think of me, Boss Lin, as your sister? Lu closed er Lu Yi Yi served Xi? Is husband enough to qualify?’

‘Haha, you can roll with it, you dare to hit on Lei Ling’s idea too?’ The people have greeted and flirted with each other.

Hearing the flirtation itself, Lei Ling bristled: ‘Can ah, you guys as long as you can withstand my fist, I married you what harm?’

After saying that, Lei Ling smashed his fist on the stone lion at the entrance, which did not move at all, not even making a sound.

Everyone laughed out loud, and even wanted to say, this is not a good punch, not to mention a punch, a hundred punches, it does not matter, as long as you backtrack.

Super Son-in-law Chapter 2457-2458

Chapter 2457

The next moment, everyone drew in a cold breath and a chill ran down their spine.

The stone lion turned into powder and dissipated with the wind.

‘Motherfucker! I’m not even going to be left with this punch!’

‘I’m scared, I’m scared.’

Especially the guy who wanted to say that he had been punched a hundred times, his body trembled and cold sweat broke out, fortunately he reacted slowly.

A seemingly light punch had fucked the stone lion into powder, was this still a human being this?

It was true that there was no one normal around Boss Lin.

‘Why are you destroying the stone lion for good reason? Do not want money ah? Go find flush you find one back and install it.’ Lin Hao said and opened the door to let everyone in, then Lin Ruoshi took the menu and gave everyone their order.

Lei Ling bristled, but did not have a problem with it. In a short while the tourists in the ancient town street were horrified to see an eight or nine year old loli carrying a large stone lion that did not match her body proportions at all, the stone lion was three or four times bigger than her size.

The lion was three or four times bigger than she was, and Lei Ling was walking without a blush, her steps light and easy.

People took pictures of this scene and uploaded it to their friends’ circle.

‘The ancient town street is shocked to see a vigorous loli, shocking!’

‘This loli is a bit tough!’

It was then sent up on the hot search, everyone was stunned to see this scene, and some illusionists even came forward to say that this is the strength of a thousand pounds, the average third grade illusionist is not this terrifying ah, it must be a fourth grade illusionist, I guess.

And someone soon recognised it, that was Boss Lin’s sister, how fierce.

The guests entered the shop and also noticed something different, the curling zither sound was ringing and could only be heard within the confines of the Remorseless Inn.

They saw a muslin screen blocking a small corner on the left side of the inn. On the screen was a pair of ink paintings, which added a few more moods to the small shop, especially the moving zither music, which made people intoxicated.

The guests who came to the restaurant exclaimed, ‘It was a trip in vain, it was a trip in vain.’

Lin En and Hai Yang were also excited, it was the zither master who even Master Xu Rong had to bend his knee ah, they had the live broadcast on and the netizens in the live room were enchanted, they didn’t expect to be lucky enough to continue to hear this wonderful and moving zither sound.

Especially through the tulle screen, you can faintly see the hazy figure behind the screen, seemingly wearing an ancient green shirt, elegantly caressing the strings of the zither, the haziness of this tulle, making the green shirt even more mysterious.

The haziness is the most seductive and deadly!

Even if they could see the figure behind the screen clearly, they all felt that the person behind the screen must look like a heavenly fairy, like a fairy descending from the earth.

The netizens in the live broadcast room lamented that it was a pity that they had not been able to see the appearance of the qin master, whose skills were superb and who was so beautiful.

However, no one did anything stupid anymore, they didn't dare to brush their gifts and ask to see the real face of the qinshui.

There were still many bigwigs, though, who swiped gifts like crazy.

Tiger sent three hundred super rockets with a message: Please ask Brother Lin to help say that this is for this qin master, just say it's a small token of my appreciation so that we can hear such a beautiful and moving qin sound, please make sure the beautiful qin master is underhand.

Nan Ge sent four hundred super rockets with the message: Sister Qing Shirt I declare you, will I marry you.

‘Pfft, what kind of tiger and wolf words is this Nan Ge, you are a beautiful big anchor, don’t lose your modesty all over the place.’

‘I agree to this marriage! I like the green-shirted qin master and I like Nan Ge, they are together, can I be together with them too.’

‘Climb upstairs for the master!’

‘? Picking up the ground and serving the west? Get lost upstairs!’

‘Who’s on fire, wake up the guy who’s not sleeping!’

.....

It’s not just Linn’s live stream that is these demands, the same goes for Sea Sheep’s live stream.

The sea goat and Lin En looked at each other with tears and laughter, one side is the fairy of the green shirt, even Lin Hao scorned existence, and the other side is the golden master father, can not offend both sides, you say this how to deal with ah.

Lin En looked at Ling Yun for help, but Ling Yun just ignored it, Lei Ling was teaching Lin Ruo Shi to brush up on her knowledge.

So it didn't matter if she went to school or not, Lin Hao didn't ask for Lin Ruoshi to go to school either.

Lin En had no choice, Lin Hao was still busy in the back kitchen, so he could only walk towards the screen, and when he was four metres away from the screen, the sound of the zither stopped abruptly, and an unexplained aura fell.

Lin En's face changed dramatically, he knew about illusionists, and he had felt the aura of the third class illusionist in his family, but this aura was even more terrifying.

Oh my god, another High Illusionary Spirit Master!

Lin En froze in place, feeling that if he took another step forward, his little life might be lost.

All the spectators held their breath, as if they could feel the aura through the screen.

Without being able to see clearly through the screen, the other party just stopped playing, making no extra movements, but giving the impression of an incomparably powerful aura.

Lin En swallowed hard: 'That, that Qing Shirt zither master, there is a Tiger in the live stream who has rewarded you with three hundred super fire, saying that he appreciates you for bringing such a moving zither sound to everyone.'

Qing Shirt was stunned for a moment: 'What is straight? Serve whisk land land Lu Aishan? The broadcast room? What is a super fire?'

The live broadcast room Tiger cursed: 'Lin En you damn you betrayed me, see if I don't let Lin Shengtian blow your head off later!'

The live broadcasters were all happy, they all knew that Lin Shengtian was the president of the Lin Group, and even more so Lin En's father, I didn't expect Tiger to know Lin Shengtian.

Where did Lin En care about the furious Brother Tiger ah, he hurriedly explained what live streaming and super fire meant.

Hearing this, Qing Shou refused: 'No need, I don't sell my art or my body. Besides you hear the sound of the zither, it is not played for you, it is because I want to play that you can hear me play.'

Qing Shirt's tone was bland, three hundred super fire, three hundred thousand ah, however Qing Shirt pressed the feeling of not taking it to heart.

The netizens in the live broadcast room couldn't help but marvel.

'It's true that there's no one simple around Boss Lin. 300,000 is not even the slightest hesitation to say no.'

'People's skills are here, capricious, I like the green-shirted qin master even more.'

'Me too, and people say very clearly, not playing for anyone, can hear her play because she wants to play, to put it bluntly in one sentence, we can hear, that is our honor, have personality, domineering!'

.....

'Ahem, there's another Nango girl who said she likes you and said would it be okay if she married you?' Lynn continued to speak stiffly to.

Hmm ?

Greenshirt raised his eyebrows gently, 'A woman? Like me? And marry me? Is there such a strange woman in the world, who can break the world's eyes and stay with a woman? That's something to see.'

Lin En was crying and laughing, this green-shirted zither master seemed to have just opened up the internet, right?

These days, men and women were not a strange thing anymore, ah, and many of them were just talking, not to be taken seriously.

But it seems that the green-shirted qin master is serious ? ? ? ? Ling Yun still knows some modern things, and quickly explained to Qing Shirt, 'Sister, the other party is just talking, the worldly concept now is not the same as in our time.'

'Is it just talk? But I want to meet.' The green shirt finished and continued to start plucking the strings.

'Yeah, yeah, yeah, I'm serious, I'll book a flight right away, Sister Qing Shirt wait for me, I'll be there this afternoon.' Nan Ge excitedly sent a message and hurriedly went offline to shout at her assistant to book a flight.

Tiger: 'Lin Sang, the lilies in my hometown are blooming again and again

'Haha, Brother Tiger is a cultural person.'

‘It’s over, I’ve lost my love, my goddess and another goddess are going to Ben present, my heart is tired.’

Super Son-in-law Chapter 2459-2460

Chapter 2459

‘Ugh, even though both are women I can’t have, why am I so lost.’

.....

After such a small interlude, everyone didn’t care and continued to chat and fart.

Lin Hao also finished the meal, Lei Ling and Ling Yun went to help serve it up, Lin En and Hai Yang and the others didn’t stay idle either.

They were now the full-time lapdogs here, and would do anything to get a meal, but unfortunately, after the last time, they didn’t dare to bother Lin Hao easily if they didn’t have anything important to do.

Lin En and the others always understood that his family had some money, but after all, they were ordinary people and were not in the same world as Lin Hao and the others.

It was already very good to be able to come to this small shop to help out.

At noon, Xu Rong brought Xu Ya to the Remorseless Inn once again.

Xu Rong played a song again, and then after Qing Shirt pointed out a few things, his mind was enlightened and he was enlightened.

Xu Rong could not stay longer and left in a hurry after a meal.

On the contrary, the guests and all the audience were overjoyed, saying that their ears were getting pregnant, first with a great master like Xu Lao, and then with a great man like the qin master Qing Shirt playing.

If it were any other small shop, it would have been packed to the rafters by now, and the mere fact that they were there to play would have made the shop's business boom.

Time flew by, and soon it was afternoon, and Nan Ge really came, following the afternoon group of customers.

After knowing what happened before, Lin Hao didn't mind and made some extra dishes so that Nan Ge could eat a staff meal with them, after all, this is also considered a friend of Qing Shirt's.

The netizens in the live broadcast room were once again jealous and jealous.

Lin Hao also met Nan Ge, with a haha mirror, carrying a suitcase, with a sun hat, long hair shaved, is a very sunny and cheerful girl, some big nerves, especially the laughter is magical and cheerful, very infectious, no wonder can become a big anchor, just this atmosphere mobilization can make people very comfortable and happy.

And the singing voice is very good, talking or singing, are very good, even some cover songs, let people successfully forget the original singer, beyond the existence of the original singer.

‘How are you, Xiao Shi, Xiao Ling, and sister Ling Yun, this is a gift for you, and by the way, there is also one for Boss Lin.’ For such a short time, the other party had surprisingly prepared gifts for everyone, even Green Shirt’s and White Cat’s hadn’t been left behind.

The big white cat’s gift was fifteen catties of smoked bacon, and the white cat cried and laughed at the blackened thing, but after tasting it, it smelled so good.

‘Hello sister Nan Ge.’ Lin Ruoshi greeted Nan Ge cutely, this Nan Ge just arrived and got on very well with everyone, and was a bit self-effacing and lively, fitting in easily, which also made Lin Hao feel a bit incredulous.

It was Lin En and Hai Yang who were very aggrieved: ‘Nan Ge, what about our gifts? We’re all peers at least, it’s not that bad, right?’

‘What gifts do you guys need, you’re not even official employees, okay, talking as if pleasing you can get me an extra dish, haha, just kidding, mainly because I can’t bring that much, it’s overweight.’ Nan Ge laughed brightly.

The two of them bristled, believe you hell, it is obvious that they do not want to bring us, that big white cat more than ten pounds of smoked meat why you do not say heavy?

You can even give a little something as a token of appreciation.

‘Sister Qing Shirt, this is a gift I brought for you, it’s not anything expensive, don’t mind it.’ Nan Ge handed a lute box to Qing Shirt across the screen.

‘It’s not the gift itself that is valuable, it’s the thought, you are the one who said you like me and want to marry that woman of mine, right?’ Qing Shirt smiled and took the lute box.

‘Yes, yes, sister Qing Shirt, that’s me, that’s me.’ Nan Ge nodded her head repeatedly.

‘Come in and talk.’ Qing Shirt’s words left many people stunned, crap no!

Nan Ge was actually able to get a glimpse of Fairy Qing Shirt, envy.

The netizens in the live broadcast room all exploded with hate? Wu Serving Di Shan Xi Xi Zha Shan? They are Nan Ge ah.

Chapter 2460

Nan Ge also froze for a moment, and then walked behind the screen with great joy, when she saw the makeup and face of the fairy in the green shirt, Nan Ge let out a gasp: 'My God, I like you even more, sister in the green shirt, you are too beautiful, and beautiful is no longer enough to describe you, how to say, fairy, too fairy, this piece of temperament is pinpointed to death, just like the one coming out of the painting You're like a fairy coming down from a painting.'

'I am a fairy by nature.' The fairy in the green shirt laughed lightly.

'Haha, Sister Qing Shirt this is true, but you have to be modest too.' Nan Ge laughed, that cheerful laugh was really very infectious.

Qing Shirt also stopped playing the piano and was quite curious about Nan Ge as a woman, so she simply chatted with Nan Ge, however the netizens in the live room were a great treat just listening to the two of them chatting through the screen.

Nan Ge's voice is loud and clear but magical, especially her laughter, which is very infectious. Fairy Qingshui's voice was cool and moving, pleasing to the ear.

When the guests had almost finished eating in the afternoon, Lin Hao directly asked Haiyang and Lin En to close the live room with them, and the guests were sent away, giving Lin En their meals packed for them to leave as well.

Lin En and Hai Yang were very reluctant, they knew that the qing-shirt qin master was coming out, they really wanted to see her face, but they had no choice but to leave.

The netizens in the live broadcast room were also depressed, mourning their misfortune, angry at them, couldn't the two of them be tougher, maybe someone else, Boss Lin, would have agreed to come down.

'Come over for dinner.' Lin Hao greeted.

The white cat closed the door smoothly, stood on its hind feet and lifted its front feet, walking over to the table to eat like a human being.

Qing Shirt and Nan Xing walked out from outside the screen holding hands, and when they saw this behaviour of the white cat, Nan Xing was stunned: 'Wow, is this big white cat so personal? It's just a bit fat, I'll bring you some diet pills next time.'

'No,? The ground service Yi Zha Ai dyed closed west? You just bring me more of that smoked bacon, it tastes good.' Rui Lin spat out his words to.

Nan Ge was shocked enough, this thing can actually talk ah!

On the contrary, Lin Hao looked at the two of them and was quite amazed that in just one afternoon's work, their relationship had become so good?

Could it be that the hometown lilies were really going to bloom ?

Ling Yun was also amazed, apart from herself, by the way, there was also Lin Ruo Shi, she had never seen her sister treat anyone else like this before.

As everyone took their seats, Nan Ge didn't forget to thank Lin Hao: 'Thank you, Boss Lin, for your hospitality.'

Lin Hao smiled and waved his hand, not really caring.

'Little Nan, are you willing to be my disciple?' Qing Shirt took the initiative to ask.

Xiao Nan ?

Lin Hao and the others all looked at Qing Shirt with a strange gaze, and then at Nan Ge.

They blushed a little at Nan Ge's look, 'We're just good sisters, why are you looking at us with those strange eyes, do you really think the lilies are blooming?'

Nan Ge was also curious and asked the fairy in the green shirt if she wanted to teach her to play the ancient zither.

‘No, I mean, do you want to become an Illusionary Spirit Master and I’ll teach you to cultivate.’ The green-shirted fairy shook her head, she had also scouted just now, Nan Ge’s cultivation qualifications were very good, she was just an ordinary person because she was an ordinary person, she hadn’t unblocked her meridians, and even more so, she had no one to guide her.

‘Cultivation? Can you fly to the sky and disappear? I’ll learn if I can.’ Nan Ge half-joked, she had heard of some illusionary spirit masters, but didn’t know much about them, and it seemed that the illusionary spirit masters she had seen were just a little more powerful than ordinary people, and they couldn’t fly, they were similar to those who practiced martial arts in the old martial arts school.

‘Little sister, take her for a stroll around Jinling.’ Qing Shirt glanced at Ling Yun.

Ling Yun smiled and transformed into countless peach petals, rolling Nan Ge up in one go.

Nan Ge was terrified at the sight and let out a shriek.

In less than ten minutes, Nan Ge and Ling Yun returned, but Nan Ge was as lost as if she had lost her soul, her eyes wide, obviously still unconscious.

It was only after half a day that she woke up with a start: 'Wow, it's so scary, you can really fly and disappear. Gods?'
