

# Super Son-in-law Chapter 2481-2490

## Chapter 2481

Lin Hao widened his eyes, crying and laughing as he looked at the somewhat illusory soul, hell, this one is sure he didn't read too many middle-grade novels?

This little set up, you're familiar with it brother die!

'I'm not interested in pretending.' Lin Hao could barely hold back, the corners of his mouth were twitching madly, he had never seen such a funny soul spirit before.

This time the spirit was completely anxious and told Lin Hao almost everything Lin Hao wanted to know, that he knew.

After hearing this Lin Hao's entire body was stunned.

Mard!

What a good calculation, no wonder he had left behind three divine patterns.

It turned out that it wasn't to break the curse of the Xuan Yuan Sword, but to find a new one to replace the Xuan Yuan Sword ah, and it was more humane and closer to humanity.

‘I’ve told you everything I know, big brother, ah no, grand master, can you learn now? Please.’ The spirit wanted to cry, he was the least and strictest of so many spirit doppelgangers, right?

This time Lin Hao didn’t continue to refuse and picked up the brief score and began to observe it.

The thick compendium was over two hundred pages long, and each page had an incomparably complicated sword move, and the cover was marked with a very overbearing name: Godslayer Sword Duel!

But after looking at it for a while Lin Hao was dumbfounded and looked at the other party speechlessly, ‘Are you sure you’re not teasing me? This is the one move you mentioned? A move?!?!’

‘Daoist sword moves, when cultivated to the extreme, that’s what they are, turning complexity into simplicity, one sword! And this sword contains the terrifying power of all sword strokes in it! It can likewise be transformed from simple to complex and switched at will!’

‘After you have combined all the sword moves in this sword manual into one sword, you can leave, and you will have achieved divine kung fu and boundless power.’

‘I... What if I can’t practice?’ Why did Lin Hao suddenly feel like he was in a boat of thieves?

Fruit? Shan whisk er closed yi zero intention closed? Rang!

The soul spirit's reply instantly made Lin Hao feel half cold. The next sentence from the spirit directly made Lin Hao's heart half cold, there's no such pitfall as you!

If you fail to cultivate, you will never be able to leave this place!

According to the spirit's words, if he failed to cultivate, it would be useless to go out, it would be a death sentence and would not change anything at all.

So if you can't cultivate, you might as well be stuck here and die. One day the dragon will come out of the sea, and when the dragon raises its head in February, it will kill all the rebellious dogs in the world.

God damn killing all the rebellious dogs, can you be more pitiful?

Lin Hao was about to curse!

Even though a year here was equal to a day outside, it still made Lin Hao worry. If something happened to his daughter or others while he was in seclusion, how could that be?

However, the spirit told Lin Hao that once he agreed to practise this technique, he could never go back on his promise, and once he was here, whether he agreed or not was the same, he could not leave, unless his sword stance became a success and he broke through this world with his sword, otherwise he could just retire here.

Lin Hao had no choice at all, if he wanted to leave here, then he had to practice quickly!

Lin Hao no longer hesitated and began to immerse himself in the sword manual of the Godslayer Sword Duel, the complicated and magnificent sword moves kept replaying in his mind, his eyes slowly closed, and the Heavenly Sin Sword involuntarily called out and fell into his hand.

The spirit was watching from afar and was very satisfied to see this scene, because the form of the Heavenly Sin Sword in Lin Hao's hand was constantly switching, from the first form to the second form and then to the third form, constantly switching forms and tending to intermingle with each other.

A day passed in the blink of an eye, while Lin Hao had already spent a year within the world of the parchment.

Lin Ruoshi woke up and rubbed her hazy sleepy eyes, realising that she was the latest to get up, usually she had Lin Hao to wake her up and was not a bedwetter by any means.

Lin Ruoshi had long since developed good habits under Lin Hao's tutelage. She went to brush her teeth and wash her face by herself, and when she came out, she found the

courtyard somewhat quiet. Lin Ruoshi curiously walked towards Lin Hao's courtyard and found everyone sitting and staring in the courtyard.

Of course, except for Chen Hao Bei and Hai Chao Member, Hai Chao Member was cultivating like crazy or looking around for believers, once he was, his strength was above Lin Hao and the others, and he was also the highest in the demon capital strength realm, but now he felt a deep sense of crisis.

Chapter 2482

If this goes on, even as cannon fodder are low-level cannon fodder, the kind that will die if touched, one must speed up to improve strength and cultivation speed.

As for Chen Haobei, he was still lying dead in front of his rented room, staring deadly at the gate of the Lin family's ancestral home.

'Auntie Ling Yun, Little Auntie Lei Ling, Auntie Qing Shirt.' Lin Ruoshi greeted everyone happily and ran over to rub on the white cat, as if she was jerking it around.

Rui Lin let out a comfortable 'Fushan Fushan Fakdi Yixi Dye?' He called out, obediently lying on the ground like a big white cat, allowing Lin Ruoshi to ravish him.

The crowd also nodded towards Lin Ruoshi, and Lei Ling went over and helped Lin Ruoshi brush her hair: 'Little Shi, are you hungry?'

Lin Ruoshi shook her head, 'Not very hungry yet, didn't Daddy make breakfast?'

'Brother has been cultivating since last night, he hasn't come out yet, don't bother him yet, tell Little Aunt when you are hungry, Little Aunt will make you breakfast.' Lei Ling shook her head and even helped Lin Ruoshi tie two cute little braids.

Once Lin Ruoshi heard that, she didn't bother.

When Lei Ling helped tie the braids, Lin Ruoshi walked up to Ling Yun and saw that Ling Yun was in a much better state than yesterday, so she took Ling Yun's hand and asked with concern, 'Auntie Ling Yun, are you feeling better now? It's not that uncomfortable anymore, is it?'

Looking at the caring little cutie, Ling Yun felt warm in her heart, even if she was not feeling well, she would feel better under the care and comfort of such a little cutie.

Ling Yun smiled and hugged Lin Ruoshi in her arms, gently shaking her head, 'It's not that uncomfortable anymore, being so concerned by Little Shi, Auntie Ling Yun feels better all of a sudden.'

'Nonsense, this is a psychological effect on Auntie Ling Yun, how can a little care make you feel better.' Lin Ruoshi, on the other hand, shook her head with a serious expression.

The crowd couldn't help but laugh lightly, all amused by this cute and serious little girl.

Indeed, although words of concern could not make the injury better, they could make the mood better.

Ling Yun told Lin Ruoshi to tell her if she was hungry and she would go and cook. These days, she was almost always busy helping out in the kitchen with Lin Hao, sometimes even cooking herself, and although her cooking skills were not as good as Lin Hao's, they were not bad either.

It was almost noon, but Lin Hao still had no intention of coming out, the room was quiet. Lin Ruoshi was worried and wanted to go in to have a look, but was stopped by Qing Shirt, saying that a formation had been set up in the room and that Lin Hao would be fine, but that Lin Hao should not be disturbed easily, this was a very critical moment.

Ling Yun went to make lunch and after everyone had eaten, they started to draw tomorrow's lucky viewers to dine at the inn again in the live stream.

It was so easy to be continuously possessed by the European Emperor, but surprisingly, he was restricted by the rules.

Only the crowd waited until the next day in a row, but still did not see Lin Hao was going to come out, it was almost noon, and the viewers of the live stream were starting to blow up? It was hard to believe that Boss Lin had really drifted?

Lin En and the two of them were also curious and came over to see what was going on. Nan Ge was also live in the courtyard, but explained to everyone that Lin Hao seemed

to be in seclusion and cultivation, right, and Nan Ge didn't understand it anyway, so let everyone wait.

Soon Lin En and Hai Sheep also approached the door.

Ling Yun then explained to the camera that the places drawn yesterday counted, but there was a delay and the drawing of lucky viewers would be suspended because Lin Hao was in seclusion and no one currently knew when Lin Hao would come out of seclusion, but of course, if everyone wanted, she, Ling Yun, could cook for everyone instead of Lin Hao and continue the draw.

When everyone heard that there was such a big beautiful woman, a living fairy, cooking for them, it didn't seem unacceptable, after all, whether it was good or not was not to mention first, it seemed good to be able to eat the food cooked by such a big beautiful woman.

In the end, the decision was made to let Ling Yun take over for the time being.

Lin Ruo Shi and Lei Ling were worried about Lin Hao's condition and stayed at home without leaving.

## **Super Son-in-law Chapter 2483-2484**

Chapter 2483

The green shirt also did not go over to the inn again.

Xu Rong, who had learned of the news, did not even visit the door again.

After the first batch of guests were entertained, everyone was unanimous in their praise of Ling Yun's cooking, although they hadn't eaten Lin Hao's cooking, they could feel that what Ling Yun made was equally delicious on earth, especially as the ingredients were so fresh and delicious.

Nonsense, they all used the same spirit beast meat and precious spirit herbs as ingredients, plus Ling Yun's cooking skills had learned seven or eight points of Lin Hao's, so it was okay.

It was the absence of Qing Shirt's zither voice that always made the guests and the viewers of the live broadcast feel that something was missing, that it didn't have that flavour.

But with the help of Ling Yun? Shan Serving Closed Love West Closed Serving Whisk? under, the Remorseless Inn continued to be open according to the previously designated rules.

Everyone thought that in two more days Lin Hao should have come out of seclusion, however, Lin Hao's seclusion was as long as a month, Ling Yun's body had recovered to a certain extent, and even Qing Shirt's strength had also recovered long ago, yet Lin Hao still had no intention of coming out of seclusion.

Even the Moon Palace side was a bit restless, Qin Hai resented that Qin Bingyu and Ao Feng's doppelganger had not been blown up by the Heaven Swallowing Python.

After the Moon Wheel Immortal paid a huge price to have them recovered, the three saw that Lin Hao was slow to move and then made a move on the Qian Yuan Dragon Mansion!

It was fortunate that Qing Shirt had noticed in advance, otherwise the Qian Yuan Dragon House would have been completely trampled down by the trio, but even so, the losses of the Qian Yuan Dragon House were extremely heavy, with over 30% of the clan being slaughtered and thousands of Jiao Dragons being decimated.

Qian Yuan was grief-stricken, but there was nothing he could do about it, he just hoped that Lin Hao would come out soon!

Until the thirtieth day! And Lin Hao had spent thirty years in that endless sea within that parchment space!

Finally, he had practiced!

On the vast blue sea, Lin Hao was flying through the air, his sleeves fluttering, and the Heavenly Sin Sword had completely fixed its form!

The golden dragon on the blade of the Heavenly Sin Sword and the phoenix's open wings on the hilt of the sword formed a beautiful and cold sword power.

At this moment he is holding the sword, and the sword seems to be non-existent, while Lin Hao is more like the real Heavenly Sin Sword, and he is as if he is a supreme divine weapon present in the world.

The moment Lin Hao gripped the Heavenly Sin Sword, the sword chirped, constantly trembling lightly in Lin Hao's hand, as if it were pleasure, as if it were excitement.

The sound of a dragon whistling and a phoenix roaring in the midst of the sword's roar was surprising, and the vast and boundless sea was flooded with monstrous waves, hundreds of metres of huge waves rising to the sky.

At this moment, Lin Hao was the centre of the world!

At this moment, Lin Hao was the supreme lord of this world!

Lin Hao's appearance had not changed much, but his aura had undergone a radical change, the vicissitudes and sternness coexisted, and his domineering aura was all in one.

'I! Emperor Hao Tian! I will return to earth today!'

Lin Hao let out a roar, and the heavens and earth were silent, as if space had frozen at this moment!

His realm even soared, soaring from the early fifth rank realm to a terrifying late sixth rank existence in the thirty years that had passed during this period!

Although only thirty days had passed outside, he, Lin Hao, had already undergone a terrifying change!

‘Holy crap, did I create some kind of monster? Did I create some kind of monster? The Hao Heavenly Emperor has reappeared on earth? Shit, the Immortal King has resurrected? But the spirit was terrified, if it was really the Hao Heaven and Earth, then how good would it be?’

Lin Hao faintly glanced back at the spirit, who was scared straight into stupidity by Lin Hao’s simple glance.

‘Idiot, an immortal king can call himself Emperor Hao Tiandi, but I can’t? I, Lin Hao! The Supreme Lord of the Heavens, the Hao Heavenly Emperor!’

‘Phew, scared the hell out of me, you kid did that on purpose, didn’t you?’ The spirit breathed a long sigh of relief, thankfully, thankfully, he was almost dumbfounded by this brat.

‘Since that’s the case, then you reappear on earth, it’s time to go and finish everything you need to finish!’

Lin Hao’s mouth grinned as he listened to the spirit’s words, ‘I choose to be a salted fish in my old age .....’

Chapter 2484

The spirit was almost so angry that he vomited blood, but he was in the state of a soul and could not vomit blood.

‘Let’s go.’

As Lin Hao finished speaking, a swish of cold light lit up! It was just a tiny cold light, seemingly plain and simple, an incomparably cold light up.

Yet the space around it was instantly enveloped by a terrifying sword intent!

The ultimate sword intent burst forth!

The space around him shattered in an instant.

But Lin Hao still maintained his sword grip, and it was as if he had never drawn the divine sword before. This sword was quite similar to Xu Linglong’s sword-drawing stance, as he drew the blade in an instant with extreme speed, and even more so, the extreme sword intent, which had gathered countless sword moves, exploded in an instant, reaching the most powerful strike!

Even if he was only at the late sixth rank, even if Qin Hai Zhan, who was once at the mid-seventh rank, was in front of him, he might not be able to withstand his sword strike!

The moment the parchment space shattered, the entire Jinling trembled! No, not just Jinling, but the entire Kyushu trembled violently! The ground trembled, the winds and clouds of heaven and earth changed colour, the wind howled, and the sea of clouds in the sky rolled wildly like non-identical boiling water.

A haze of light surrounded the air, and the crowd actually saw ninety-nine rainbow bridges framing each other in the void, haze of auspiciousness descending from the sky.

This was, this was an omen of good fortune!

Not only that, all the immortal slaves cheered with excitement, all the immortal mansions trembled, the immortal palaces were in shock!

The lock that had been trapped in their hearts was completely removed, they could no longer feel the threat of the Regulus Sword, the curse of the Regulus Sword had been broken!

But they were inevitably restrained by another shackle, and soon, to their horror, they realised that this shackle could be even more terrifying than the curse of Regulus!

Luckily, the shackle had not fallen, as if the master who could release it was not strong enough to do so, but this also made the immortal slaves worry in droves.

Almost all the immortal slaves couldn't help but look in the direction of Jinling, the time of Xuan Yuan had completely passed, and a new supreme master had appeared!

Even within Kyushu China, all the Illusionary Spirit Masters seemed to sense something and knelt down in the direction of Jinling!

A haze of light surrounded the sky above the Lin family's ancestral home for a long time, and Chen Haobei's legs went numb as he knelt on the ground, terrified and unable to understand as he looked in the direction of the Lin family's ancestral home: 'What is all this? Who has reached such a terrifying existence?'

Outside the Nine Mysterious Underworlds! Chen Bei Xuan and the others all burst into excited laughter, 'Hahahaha, that brat has succeeded! Old baldy, aren't you willing to give up the struggle yet?'

It seemed that Lin Hao's exit had likewise caused their realms to soar, and their auras were like rainbows.

But the Angels, the War Bears and the Western European Church's side did not feel any gift, which caused them to frown, as if they had become free helpers?

They were already discontented, and now they were even more so.

However, the response from the Underworld was, ‘King Yan Luo, King of the City, go!’

With a wave of their hands, the two 100-metre Dharma bodies of King Yan Luo and King Du Du Du waved their hands, and tens of thousands of soldiers and generals under their command charged towards Chen Bei Xuan in unison!

After successive conquests, all ten Hades had already rotated through two rounds of battle, and their establishment was not complete, there was no way to maintain the number of 100,000 soldiers and generals in each of the Hades, and they were still starting to recruit troops from all over the Hades, in a steady stream!

In this battle, Chen Bei Xuan and the others were fighting to weaken the Hades, and even more so to stop Old Vulture’s crazy plan, while the Hades were fighting to the death to resist!

Because they are very clear, Lin Hao’s enemies, not just those on the surface at the moment, before the dust has settled, no one has rushed to make a decision.

.....

Inside the Moon Wheel Immortal Palace, the Moon Wheel? The er steak closed dyed intention to serve steak dyed? The fairy’s hair flew up and she looked like she was in a frenzy: ‘He’s back! He’s back, that bastard! I want to go out, I want to kill him, I want to kill my enemy with my own hands!’

The whole Moon Palace trembled as she sensed it, sensed that bastard's terrifying aura!

## Super Son-in-law Chapter 2485-2486

### Chapter 2485

'Qin Hai Grievance, Qin Bingyu, act according to the plan! Ao Feng, the ban will be lifted soon, do what you need to do!' The Moon Wheel gave the order and then fell silent.

By the banks of the Qin Huai River in Jinling, the ancestral residence of the Lin family was surrounded by a sky of haze, while the door to Lin Hao's room creaked open, Lin Hao was surrounded by a divine purple aura, his entire person appeared hazy for people to see clearly, yet he made people feel an extremely powerful and terrifying pressure!

The majesty of an emperor filled his body!

Moreover, Lin Hao's appearance and height had not changed much, but at this moment, it was like an incomparably magnificent giant standing before them, an existence they could only look up to.

As soon as Lin Hao appeared, Chen Haobei was no longer kneeling, but was directly suppressed by the terrifying aura and fell to the ground!

Ling Yun and the girls even hurriedly closed the inn and rushed back at a great speed.

Flop!

The sea tide members were the first to rush over and directly knelt down on the ground, shouting in an incomparably respectful unison, 'Greeting Emperor Hao Tian!'

Ao Dog looked at Lin Hao with a terrified face, it was the aura of that person, as if triggering a hidden horrifying memory in his heart, he also forced himself to kneel down on the ground with fear.

Lin Ruoshi and Lei Ling were no exception, especially Ling Yun, who without exception fell to their knees and looked at Lin Hao with respect.

Ling Yun was overwhelmed with excitement, it was his scent, was he really back?

But the excitement was accompanied by some loss, and even some mixed feelings.

She didn't know who the person she had been waiting for for ten thousand years was?

At this moment she could no longer tell the difference between Emperor Hao Tian and Lin Hao, and her heart was lost.

Even such a terrifying existence as Fairy Qing Shirt could not help but slightly owe her head and lower it under Lin Hao's terrifyingly majestic aura, and she was the only existence that could still stand under Lin Hao's terrifying pressure today.

'Immortal Qin, why don't you kneel when you see this emperor?'

'It's because this Emperor doesn't deserve a knee from you is it!'

Lin Hao's bland and indistinct voice slowly rang out, his voice was not loud, yet it was like a god whispering, it actually had the terrifying ability to follow the law with his words, Qing Shirt immediately felt the terrifying pressure.

At the same time, his face also changed dramatically, and not only that, even Ling Yun and Ao Dog's faces turned incomparably pale.

It was that overbearing and unparalleled man who had returned, equally as cold and ruthless as the Great Dao was ruthless!

To say that he was an Immortal King was more like a cold order and rule.

The green-shirted immortal stiffly carried the terrifying suppression exerted by Lin Hao, her face ugly, and cold sweat was falling from her forehead.

It was his return? Wu Ai Pao Er Di Er Zha Ai? Up!

Immortal Qin was the title of the deity when Fairy Qing Shirt was in the Immortal class!

This man actually called out his title in one breath, who else could it be if not him?

Immortal Qing Shirt's divine light blossomed as she resisted the terrifying suppression exerted by Lin Hao and shouted coldly, 'Get out of his body! You have long since perished, leaving behind nothing more than memories, not consciousness, let Lin Hao return!'

However, in the next second, to everyone's immense surprise, the man they thought was Emperor Hao Tian agreed with unparalleled alacrity, 'Yes!'

The haze of light above the Lin family's ancestral home dissipated in an instant, restoring calm, and with that, the divine violet Qi on Lin Hao's body also collected into his body, revealing Lin Hao's true body, while the terrifying aura he had unleashed quietly dissipated.

Lin Hao couldn't help but look playfully at the green-shirted fairy, 'Hello everyone, don't worry haha, he's gone, completely gone, I'm back! It's been so long, did everyone miss me!'

The crowd: ( )?

What the hell is going on?

However, when Fairy Qing Shirt looked at Lin Hao's playful look and the flash of smugness in his eyes, he instantly caught Fairy Qing Shirt laying eyes on him and was instantly furious: 'Bastard! You tricked us! Using that bastard's memories to scare us, right!'

The Qing-shirt fairy rushed straight towards Lin Hao, and the furious Ao Yu and Ling Yun had no intention of showing any mercy, rushing up and punching and kicking Lin Hao. The fairy, Ao Dog and Ling Yun, who were furious, didn't have any intention of showing any mercy as they rushed up and punched Lin Hao.

Chapter 2486

Lin Hao laughed and pretended to wail while doing so.

Everyone could see that beating him like this wouldn't hurt him at all.

After Lin Ruoshi and Lei Ling looked at each other, even Lin Ruoshi spoke up, 'Everyone is beating up dad, isn't it not quite fitting in if we don't follow suit a bit?'

'Yes, beat him up and make him skin.' Then Lei Ling and Lin Ruoshi also joined the battle group together.

It was only after a long time that everyone was laughing and lying on the grass in the courtyard. Lin Hao looked at the fairy in green shirts who was also laughing freely, and even her clothes and hair were slightly messy because of her participation in the siege.

Lin Hao couldn't help but sigh with emotion, 'This is the first time I've seen you look like this, Fairy Qing Shirt, you were so elegant and fairy-like, your every word and action was endless, suddenly like this, to be honest it's quite uncomfortable, it seems that fairies coming down to earth also have to eat earthly fireworks.'

Qing Shirt glared angrily at Lin Hao and spoke in a clear and cold tone, 'It's not because of you bastard, I really thought you were controlled by his will.'

Lin Hao laughed, 'Who dares to control me, Emperor Hao Tian, just kidding, just got some of the partial memories he left behind, he has long since gone up in smoke, obsessed with leaving behind some memories instead of his consciousness, just to prove that he once existed.'

'Daddy, Xiao shi misses you so much.' Lin Ruoshi flung herself into Lin Hao's arms.

'Ouch, you've hurt daddy.' Lin Hao laughed, 'I miss Xiaoshi too, you don't know how much daddy misses Xiaoshi, I've been thinking about you all the time these 10,000 days and nights.'

Lin Ruoshi froze, what more than 10,000 days and nights?

Ling? Wu Yan Yi Shan closed Yi Serving Er? Rhyme was also beyond amazed.

Even Lei Ling couldn't help but snicker, 'Brother you're afraid you haven't traveled, right? I know you're a baby-favouring demon, but you don't have to exaggerate, right?'

It was the Fairy in the Green Shirt who had observed quite carefully that Lin Hao did not seem to have changed much from before, but in fact there was an extremely huge change.

Lin Hao had a few more vicissitudes between his eyebrows, his gaze was sharp and his aura had become even more majestic, even though he wasn't the Hao Heavenly Emperor, he already had the qualifications of an emperor!

Just at this moment this has the emperor's talent, the future supreme master of the Hao Tian Emperor ..... seems a bit salty. 'Actually, what Lin Hao said wasn't wrong.' Immortal Qing Shirt spoke up to relieve Lin Hao.

Hearing that Fairy Qing Shirt had actually approved of Lin Hao's words, they couldn't help but be a little baffled, what did this mean?

Could it be that Lin Hao had really spent more than ten thousand days and nights in thirty days? That was a bit of an exaggeration!

'That is the space that Emperor Hao Tian constructed with his own supreme power, the space-time flows at a different speed, perhaps back then in the final hours, Emperor Huang

and Hao Tian reached some kind of agreement, while a day passes here for us, a year, passes inside him.'

'Holy shit, one day in heaven and one year on earth? That's what it feels like, right? But just switched around, a year in heaven and a day on earth?' Lei Ling was also surprised.

They thought that thirty days was long enough for Lin Hao to be in seclusion, but who knew that Lin Hao had actually really been in there for as long as thirty years!

'Daddy has worked hard.' Lin Ruoshi very sweetly lay in Lin Hao's arms, that was called being understanding and well-behaved.

'After spending so much time inside, what mastery have you learned? You didn't just learn the Hao Tian Emperor's pretending to be 13, did you?' Ao Dog looked at Lin Hao curiously, now he was on the verge of breaking through to become a seventh grade Illusionary Spirit Master, just one step away.

Although he saw that Lin Hao's strength had also improved by leaps and bounds, he was only at the late sixth rank, and there was still a big gap between him and him.

'Didn't learn much, I guess, just that much, just one sword move.' Lin Hao said in a sloppy manner.

‘Cut, what’s the use of just one sword move, I thought I had learnt something great.’ When Ao Dog heard this, he was greatly disappointed, feeling that Lin Hao’s thirty years of time had been wasted.

## Super Son-in-law Chapter 2487-2488

### Chapter 2487

So it seems that Lin Hao’s talent isn’t that great, thirty years of time to reach the late sixth level from the early fifth level, although the talent is quite unbelievable, but Lin Hao is different from others ah, how big a mission he carries, so such an improvement in Ao Dog’s opinion is still not enough, too slow.

After all, nowadays there were big battles between the seventh and eighth realms at every turn, and his realm would not be able to carry the load at all.

‘Don’t look down on this sword move so much, okay, I can tell you, you won’t be able to withstand half of the sword move before you have to hang.’ Lin Hao disliked back unconvincingly.

Ao Dog rolled his eyes, obviously not believing Lin Hao’s words at all, something that was simply impossible, he was a peak sixth grade Illusionary Spirit Master, the dragon race’s scales were even more terrifying in defence, dragon scale armour you think you’re joking?

His defence was strong enough to withstand a mid seventh grade Illusionary Spirit Master, and a full force strike would only lightly injure his existence!

Lin Hao didn’t bother to argue with him, but it was Qing Shirt who couldn’t help but light up before his eyes, ‘So you learned that sword?’

‘Fairy Qing Shirt also knows?’ Lin Hao was rather surprised.

‘What Chen Bei Xuan knows, I know.’ Qing Shirt stretched her hand.

Okay, so the feeling is that you guys already knew about such a thing?

Lin Hao nodded his head to indicate that he had learned, and Qing Shirt was relieved, so that the next battle would seem much easier, and she would not need to worry that Lin Hao would not be able to cope with what was to come.

The establishment of the new Immortal Court would involve the interests of too many people and would ultimately require a single sword to be wiped out.

Qing Shirt told Lin Hao to continue to do what he had to do, not to take the initiative, to continue to stall for time, and to take a quiet approach.

Lin Hao also had no problem with this, he was still happy to be a salted fish if he could.

The no-regret inn over there was hurriedly closed because Ling Yun and the girls rushed back, the afternoon guests had arrived but found the doors closed, many people had come from miles away to come to the ancient town street, and were squeezed out of the millions of people Ou Wang, naturally not happy.

When it was almost dark, Ling Yun and the others had no intention of going back to open the door, Lin En saw that things were not right and had to say that he would bring them to the Lin family ancestral home to ask.

Not long after, a luxury car, an ordinary car stopped outside the Lin family ancestral home.

The violent sound of the engine also caught everyone's attention, and Lin Hao stood up and patted the dust on his body, 'I'll go and see who's here.'

As soon as Lin Hao opened the door, his whole body was confused. Outside the door, more than thirty people were blocking the entrance, led by Lin En, Hai Yang and Chen Hao Bei, followed by men, women and children alike.

When they saw Lin Hao, they also froze and cheered, 'You've come out of seclusion, Boss Lin.'

Come on, they all knew about his retreat.

Lin En was afraid that Lin Hao would misunderstand, so he hurried up to explain, and it wasn't easy for people to come all the way here, and they had waited for a few hours before coming over to ask about the situation.

Lin Hao also understood quite well, but he glanced at Chen Haobei: 'I can understand them coming over, what's your business here?'

Chen Haobei stepped back awkwardly, then stretched out his index and middle fingers with his right hand and pointed at his eyes, then at Lin Hao: 'I'm staring at you, dead on! You don't want to mess around while the goddess is away.'

Lin Hao didn't bother to pay attention to this douchebag and said to everyone, 'Because I've just come out of customs, so Ling Yun and the girls are in a hurry? Yi Yi Serving Dye Lu Wu Yi Wu? I'm really sorry for the delay, since we're here, then please come in, it just so happens that my house has a vacant house, so stay at my house tonight for dinner and rest, no charge, it's considered as an apology to all of you.'

'Boss Lin is magnificent!'

'Beautiful, Boss Lin is just domineering, thank you, Boss Lin.'

The crowd went crazy with joy, where can you find such a good thing?

There are also ordinary people here, since they got a place, is more or less to come and try, in the remorseless inn can save a meal money, that is less thousands or more tens of thousands of savings ah.

It didn't matter to the tycoons among them, but for them, it was an unbelievable blessing.

Even the netizens in the live room were sour. ‘

‘I admit I lemon, I didn't expect to get a free meal and stay at Boss Lin's house.‘

‘Alas, it's a pity, when I went to eat, how come Boss Lin didn't delay a bit because he was in seclusion, maybe I could also rub a free meal.‘

‘Upstairs you get lost! It's been over a month and I haven't won once, but you've already eaten and still dare to come out and bleep, brothers fuck him!’

Lei Ling arranged accommodation and rooms for these guests and prepared things for them to sleep with, while Lin Hao and Ling Yun both doubled up in the kitchen again.

Nan Ge, the live-streaming trio, opened their own live-streaming rooms and chattered to everyone in the courtyard in the moonlit night.

But the netizens were not buying it, and were disgusted with them, asking to see Lin Hao and Ling Yun busy in the kitchen.

They want? Chashan Wu loves to pick up zero whisky? See what the man and goddess look like when they are in the kitchen.

It made them speechless, too. Crucially, they were blown straight out of the kitchen as soon as they entered.

A few dozen people set up a table in the courtyard to eat together, sitting directly at several tables, all a bit like a banquet.

After the crowd was full of wine and food, Lin Hao was really thinking of bragging and disliking each other a bit with the live network when the sound of the zither in the next courtyard suddenly stopped.

‘Lin Hao, the Qin family’s immortal slave is here.’ The clear, cold voice of Qing Shirt rang out.

The ordinary people present were all a little confused, the Qin family? An immortal slave?

What the hell is an immortal slave? A slave of an immortal?

‘One person, a woman, early seventh rank realm, do you need my help? If you don’t want to bother, I’ll destroy it with a single thought.’

Crap!

Early seventh level, one thought to exterminate!

Shit!

Lin En and the sea goat were both dumbfounded, while some of the guests were aware of the division of Illusionist realms, and some of them were even second-class Illusionists themselves.

But hearing this, they finally understood why this green-shirt got such treatment, an existence that even Lin Hao was incomparably afraid of.

A seventh-ranked Illusionary Spirit Master!

The other side had destroyed him with a single thought!

Damn, in their perception, the strongest Illusionary Spirit Master in China was only a fourth grade Illusionary Spirit Master, when did an existence of the seventh grade realm appear?

When did a seventh level existence appear? Even a fourth level Illusionist could call the shots on one side, so wouldn't a seventh level existence be .....

In fact, they just didn't know, because the immortal slaves of the immortal mansions in the various districts don't dare to interfere with the mundane world easily at the moment, so all they know are cultivators who have become illusionary spirit masters after the recovery of spiritual energy, they know nothing about immortal slaves and deities.

'People send their heads from a thousand miles, why should they refuse? Coming all the way from a thousand miles to offer me a sword sacrifice, how can I brush off their kindness, I'll go.' Lin Hao's voice fell, but his figure silently dissipated, apparently having left ahead of time, or maybe it was too fast for them to see.

Lin En and the others were once again shocked, wouldn't that mean that according to Lin Hao, he could defeat an early 7th ranked Illusionary Spirit Master?

The netizens in the live broadcast room then asked.

'Please, don't know much about the world of Illusionary Spirit Masters, I want to ask what level is a 7th level Illusionary Spirit Master considered? Why does it feel like Brother Lin En and the others have such horrified expressions?'

'Same beg, curious what level is Boss Lin, it seems like they are very shocked.'

Brother Tiger suddenly popped up in the live broadcast.

Brother Tiger: 'My humble self, the fifty-eighth existence in China to break through the fourth level of Illusionary Spirit Master since the recovery of Aura, let's put it this way,

they are from a completely different world from us! As long as you don't mess with the wrong people, or the Dragon Sect, you're almost invincible! Anyone would have to give you a few favours, turning their hands into clouds and turning their hands into rain.'

'As for the seventh class realm ..... that's already a land god, got it? If you anger them, if they want, a province of land, they can destroy it with a thought.'

'Crap! This horror!'

'Tiger you scared me, pay up, no a hundred thousand or eighty thousand can't get up!'

## Super Son-in-law Chapter 2489-2490

Chapter 2489

'So, Boss Lin is even more fierce than such a land god? Boss Lin is bullish!'

'I think you all are salty and worried, is that a world that we ordinary people can touch? Think about how you're going to get to work tomorrow.'

'This is pretty fucking solid ..... I am a security guard, keep a side safe, go to work just to get off work, alas ..... on bleak.'

Just when the discussion was heating up in the live room, Ao Dog's voice suddenly rang out, 'I'll go check it out.'

Then with an owl, he rushed up to the sky and transformed into his real body of 100 meters.

The netizens in the live broadcast room all saw this scene and instantly got stuck on the screen.

No, it wasn't that the screen was stuck, it was that everyone was dumbfounded.

Stunned by the scene before them, what did they see?

A golden divine dragon rising up from the sky!

A divine dragon!

They had seen the totem of China, the living totem!

Then, not only did the live stream not move, even Ao Dog didn't move, as he realised that he was about to rush over to see how Lin Hao fought the seventh ranked early stage Illusionary Spirit Master, yet he had just ascended to the sky when he realised, MAD, Lin Hao seems to have returned!

Ao Dog was dumbfounded, what? What? He went to meet up with him and then knew he couldn't beat him and ran away early? No way, Lin Hao is not like that!

So, what would that be?

Boom!

The extreme sword intent exploded out, creating a huge spiritual energy shock, even Ao Dog couldn't help but tremble violently, his body quickly changed, his true form dissipated and returned to his original form, his body still trembling uncontrollably, what a terrifying sword intent!

The ultimate sword dao!

At that moment just now, he actually felt the terrifying threat of life and death, a great terror!

Just the escaping aftershocks alone made him so terrified.

Ao Dog looked at Lin Hao in horror.

'You want to go out?' Lin Hao spoke indifferently.

Ao Dog swallowed, 'It's alright.'

After saying that, Ao Dog sullenly dashed back to his room.

The live broadcast room, however, exploded!

'Dragon, hell, it's really a dragon!'

'That Ao Dog is actually a dragon, holy shit! This is crazy, this world is really crazy!'

'? Aifu Di Shan Yi Di Grill Yi? No, it seems that the divine dragon was scared just now, wasn't it, by Boss Lin?'

Brother Tiger: 'If I didn't expect ..... that seventh grade Illusionary Spirit Master girl who came to challenge just now, she, cool.'

'Hiss, Brother Tiger, don't scare me, that's a 7th rank Illusionary Spirit Master, it's only been a while and she's, finished?'

‘I just did the math, it was only ten seconds ..... plus the time it took to fly past. I’m dumbfounded.’

Not only that, even Ling Yun looked at Lin Hao with extreme difference, no, it can’t be ?

‘What are all looking at me like that for ? Come on, let’s drink some more and continue with the music and dance.’ Lin Hao laughed for a moment and returned to his place with ease, continuing to drink and chatter with the guests.

The scene goes back ten seconds or so.

Lin Hao crossed the sky above the Golden Tomb in a flash and arrived beyond it to see a blue stream of light speeding towards him at a terrifying speed.

The blue stream of light stopped in the void a hundred metres from Lin Hao, a woman who appeared to be in her twenties, although an existence of this realm obviously could not be aged by its apparent appearance.

As soon as the woman stopped, she flung her hand and a sea-blue spear appeared in her hand, her aura overwhelming, the aura of the early seventh rank realm showing through, her gaze coldly staring at Lin Hao: ‘I am the Grand Elder of the Qin Clan, Qin Wushuang under the Moon Wheel Fairy! Lin Hao, I heard that you have come out of seclusion, I think your strength has increased greatly, I will fight you today, the green shirt shall not be sold, do you dare to accept!’

Lin Hao was furious, Big Sister, you really like to bully people, you are a 7th grade early stage Illusionary Spirit Master, Lin Hao called out the Heavenly Sin Sword, once the Heavenly Sin Sword appeared, Lin Hao's whole aura was completely different.

Qin Wushuang couldn't even help but narrow his eyes, his eyelids jumped wildly, and he had a strong, bad feeling in his heart.

Instead, Lin Hao suddenly asked playfully, 'Does the sister match the key?'

'What did you say?' Qin Wushuang heard it clearly, but was a little suspicious of her ears, what did this guy say?

Chapter 2490

'How many do you match?' Lin Hao once again pursued.

It was only at this time that Qin Wushuang reacted with a jolt, her spear swinging violently while she angrily shouted, 'Bastard! You dare to scold me!'

'So you're worthy.' A cold aura suddenly appeared in Lin Hao's hand, which passed away instantly, as if Lin Hao hadn't moved at all, while Qin Wushuang on the opposite side simply froze in place.

Lin Hao left without looking back, and as he was leaving Lin Hao couldn't help but murmur, 'If you don't deserve it, then you don't deserve it, why are you so fierce?'

Qin Wushuang's life breath had not yet completely dissipated, and he was furious by Lin Hao's words as he was leaving!

However, in the very next moment, she, indeed, exploded!

The extreme sword intent exploded completely within her body, crushing her divine soul along with her body into nothingness!

This was the same image as before, when Lin Hao had just returned to the Lin family's ancestral home, Ao Dog came up to follow him, only to find out to his dismay that he hadn't seen any of the action, and was just a few seconds too slow, as he had already returned from the fight!

That's outrageous!

But regardless of whether it was outrageous or not, they had already finished their work and returned, so what could you say?

Ao Dog could only go back to his room in frustration.

When everyone had almost had enough to drink, Lin Hao also told everyone to go back and rest, after all, it was not too early.

Originally, Lin En and Hai Yang also wanted to stay for the night, but directly Lin Hao told Rui Lin to throw them out mercilessly.

The two bitter brothers were incomparably helpless, and at this time Chen Hao Bei called out to them, ‘Hey, two brothers, come here, come here quickly.’

Lin En looked at Chen Haobei with displeasure, ‘What for? Are you a pervert? Shouting at us in the middle of the night, are you trying to do something untoward to us?’

Netizens in the live broadcast room.

‘???’

‘Hahahaha, laughing my ass off, just now I was going to say that these two families or too unlucky, but now I realized that they are much more unlucky than just now.’

‘Yes, to be targeted by a faggot, a moment of silence for the two big guys.’

Chen Haobei’s face instantly darkened upon hearing this, and the aura of a fourth realm Illusionary Spirit Master was released without hesitation, ‘If you fucking slander me again, I’ll get you all killed!’

It was only at this time that Lin En and the sea goat suddenly reacted, forgetting that this guy was still a senior illusionist.

It couldn't be helped, this guy's aura of being a sea king and digging people's corners was just too dazzling that one couldn't help but forget about his aura of being the Chen family's youngest and a senior illusionist.

'You have something?' Although the other party's realm was powerful, they were no wimps, after all, next to Boss Lin's house, it was fine for this bastard to flaunt his power in front of them, but he couldn't even defeat the guard cat of Lin Hao's house, so the tone of the two men towards Chen Haobei was equally no better.

'Don't you guys want to stay, I have plenty of empty rooms here, won't you just stay at my place? It's just a courtyard away from each other, not much further, right?' Chen Haobei spoke with a smile, he wanted to know everything about Lin Hao and what was going on inside, the key was, he couldn't even get in the front door ah.

How long had Lin Hao been in seclusion, how long had he been lying corpse in front of the courtyard, no useful information at all ah, even more so, he didn't even know the news of where Shen Xiyan was.

'You're stupid, right, the next courtyard isn't even Boss Lin's house, so can it be the same? You're really a talent too, it's completely different, let's go.' Lin En was all speechless, he wasn't stupid, this guy clearly wanted to know something from them.

Even if Lin En wanted to talk about it, he wouldn't dare to, what was the difference between offending Lin Hao and looking for death?

Besides, he really didn't want to say anything about Chen Haobei.

He was only a well-off family, not like Lin En at all, all he got at the No Regrets Inn was traffic and huge fans, the reward was given to the construction fund of the ancient town street, but his traffic could be realised, and he got a lot of money from all kinds of promotions.

Unlike the Linn family, able to get more commercial funds because of this relationship? Serve Yi Di Yi grill Ai Wu Yi? source, so he does feel that this Chen Haobei good.
