

Super Son-in-law Chapter 2511-2520

Chapter 2511

‘Dragon Scale Treasure Armour!’

‘Shield of Xuanwu!’

‘Dragon Blood Xuanhuang!’

Ao Feng didn’t dare to be slow, releasing various life-preserving skills one after another, his aura squeezing madly as if he didn’t want money, converging on the shield.

Ka-ching!

The dragon scale armour was split open, and the golden dragon scales tinkled like copper coins and scattered all over the ground!

Boom!

The turtle shell shield of the Xuanwu Shield trembled violently, and a hideous crack appeared on the turtle shell, but it held~!

Unfortunately, Ao Feng did not even have time to rejoice when the second sword attack came again, and the Xuanwu Shield shattered without any hindrance, and landed on the third shield, the Dragon Blood Xuanhuang.

The third sword attack followed, and the Dragon Blood Xuanhuang shattered at the same time, but the three sword attacks had already reached their end!

It only left a shallow wound on Ao Feng's face, and blood quickly seeped out from his face.

Ao Feng wiped his cheek and found that his hand was covered in blood, and the residual sword power was still destroying the wound.

This!

Three swords broke three shields! It was the first time in ten thousand years that he had bled!

It was caused by a late sixth-ranked kid!

'A turtle shell is so hard?' Lin Hao was also extremely surprised, knowing that he was able to make even that Qin Hai Grievance seriously injured with one sword pass.

He had handed out three swords in a row, yet he had only broken three layers of his opponent's turtle shell, and as for the little injury on his face, it was basically negligible.

Lin Hao frowned and gripped the hilt of his sword once more, surprisingly, he had only broken the shield with three swords, so he would just hand out four swords this time!

'No! Stop, I admit defeat! I admit defeat! I'll agree to all the conditions you mentioned just now.' Ao Feng was greatly alarmed.

I'm afraid the other party's next sword attack will be even fiercer and more numerous!

He would not be able to carry it, he could at most condense two more shields, which were extremely strong but also required a great amount of spiritual energy to condense.

What was the point of being able to create three more shields, they would still be able to break through, and with such a sword, he would be wounded.

If the opponent was determined to kill himself, he might not be able to escape and would also suffer serious injuries.

There was no way out,? Earth love land land west dyeing cover? Give in.

It was only at this time that he realised just how vicious this fellow was, and that if this son was not removed, he would become a great danger! At Ao Feng's begging for forgiveness and admitting defeat, Lin Hao's state of mind did not fluctuate in the slightest, his thirty years of experience within the space of the parchment book had long since caused a huge change in his state of mind.

Although he did not seem to be any different from before, he was more decisive in his attitude!

This was also a trait that a true lord must possess!

Therefore, Lin Hao did not hesitate to grip the hilt of his sword, ready to pull it out and kill him!

If the other party dared to draw his sword, then even if he destroyed his remaining doppelganger, he would still fight to the death against him, and even if he could not destroy him, he would still seriously injure Lin Hao!

At this moment, a cold voice suddenly sounded in Lin Hao's mind, 'Let him go, it's harmless, he's not crucial, he can't make big waves.'

Lin Hao's movement of drawing his sword stalled, he hadn't expected that Fairy Qing Shirt was concerned about this battle, since Qing Shirt had spoken, then Lin Hao naturally had to give the other party this face.

Lin Hao loosened his grip on the hilt of his sword and looked at the other party indifferently, 'Since you have admitted defeat, then once again swear with your dao heart that you will go back and instantly exterminate the entire Dragon Ancestral Land Demon King, leaving no one behind! Demon beasts that reach the sixth rank or higher must be exterminated, or else they will suffer the pain of ten thousand thunders devouring their hearts and dao devouring their souls!'

'Don't go too far

Ao Feng almost didn't vomit blood, this was like destroying both of his bottom cards.

In this way, he would basically lose the qualification to compete with the Moon Wheel, and would only be able to plan and move, or take advantage of the fact that both the Moon Wheel and the Green Shirt were defeated.

Ao Feng really regretted coming on this trip, not only had his divine weapon been cut off, but he also had to destroy his own cards, which he had hidden so well that even Chen Beixuan had not discovered them!

Chapter 2512

But compared to these, this doppelganger of his was more valuable.

The main thing was that he had just scolded his opponent for going too far when Lin Hao unexpectedly gripped the hilt of his sword again without hesitation, ready to draw it.

‘Grass, stop, stop! I swear, swear now!’ Ao Feng had no choice but to swear with his dao heart in front of Lin Hao, and this time Lin Hao was staring at every word of the other party with dead eyes, Ao Feng couldn’t even play word games if he wanted to, there was really no way out at all.

The stifled Ao Feng? In accordance with the intention to dye the ground Lu’er cover love? The company’s main goal is to make sure that the company’s products and services are available to the public.

Seeing that the other party didn’t mess things up, and if he didn’t carry it out, then he and this daddy piece would have to be scrapped, Lin Hao didn’t bother to talk nonsense with the other party and turned around to leave.

‘Crap, you get these spatial turbulences out of the way for me, how else am I supposed to leave?’ Ao Feng saw that Lin Hao didn’t give a damn about him and went straight away, even those spatial turbulences that trapped him had no intention of helping him untangle them at all, Ao Feng was furious, do you really want to make him a complete enemy?

But Lin Hao didn’t bother, helping you untangle them? Do you think I’m stupid?

If you’re in a hurry, you can just get hurt and force your way through, it’s not a big deal, it’s not like you’re going to die anyway, besides, Lin Hao didn’t promise to help you untie it, right?

After Lin Hao left, the only thing left in this void space was Ao Feng Dragon King’s hissing roar: ‘Lin Hao! I, Ao Feng, will kill you! I swear on my dragon blood! I will kill you!’

After his roar, he could only grimace and gnash his teeth as he gritted his teeth to break apart the spatial turbulence bit by bit.

Without Lin Hao's control, Ao Feng's aura of a deity still made these spatial turbulences very scandalous, and Ao Feng left easily, but he was holding his breath.

This thing was not very damaging, but extremely insulting.

Early the next morning, Ao Feng directly ascended into the sky above the Lin family's ancestral home and whistled angrily, 'Ao Dog, you ungrateful son, get out!'

Lin Hao, Ling Yun and Qing Shirt directly rose into the sky. ,

Lin Hao even cursed directly, 'Old loach, itchy skin again, isn't it?'

Since it was determined that both sides were definitely enemies, there was no need to be polite to him.

Hearing the name old loach, Ao Feng almost didn't go berserk on the spot

His face was terrifyingly grim: o(▼▣▼✂;)o

‘Father, what are you doing!?’ Ao Dog rushed up, he knew his father had lost and that even the Godslayer Gun had been destroyed, but he had dissuaded his father, so why did he have to go against Lin Hao? Wasn’t this trying to make the whole dragon clan dance on the tip of a sword?

Snap!

Ao Dog was directly flung a thousand metres away by Ao Feng with a slap, and shouted explosively, ‘What are you doing! Get rid of your unfilial son, trash, useless trash!’

Lin Hao flung his hand and summoned the Heavenly Sin Sword out, ready to strike at any moment.

‘Get lost, it’s none of your business if the old man teaches his son a lesson!’ Ao Feng cursed loudly and angrily, getting up, he didn’t want to clash with Lin Hao again at the moment, dodging over and picking up the heavily injured Ao Dog with one hand and dodging away, ‘After today, if you dare to take half a step out of the East Sea! I’ll draw your dragon tendons and waste your divine blood!’

‘Father, you should stop obsessing ow.’

Ao Dog hadn’t finished speaking yet, Ao Feng who was in a rage fucked Ao Dog into unconsciousness with a slap and left straight away.

Lin Hao looked at the direction the two left and frowned: ‘Will that Ao Inu guy be okay?’

‘Yes, but he won’t die, don’t worry about him, besides, you can’t care if someone’s old man is teaching his son a lesson.’ Ling Yun was not too worried, don’t look at Ao Dog’s miserable appearance, in fact, he did not suffer much serious injury, only the surface was miserable.

The reason why Ao Feng took Ao Dog away was that he didn’t want him to get involved anymore and stand in a clear line, and the next time they met again they would be real enemies, at least with Ao Feng.

It was impossible for Ao Dog to leave the East Sea Dragon Palace again.

The next few days were calm and quiet, the Qin family’s immortal slaves did not continue to come to the door looking for trouble, and the Dragon Palace did not move for the time being, which allowed Lin Hao to live a peaceful and fulfilling life for a few days.

Super Son-in-law Chapter 2513-2514

Chapter 2513

Qing Shirt also told Lin Hao what Ao Feng had said earlier. Lin Hao told the sea tide clerk to go to Taig to hide his form and check out the situation, after all, the demon capital side was a bit closer to Taig than the Jinling side, and Lin Hao was too lazy to go there personally, as long as the other party didn’t cause trouble within China.

It was mainly because of the attitude of the Fairy of the Green Shirt that he thought that even if the other party succeeded, it would not be enough to worry about, so Lin Hao was not too worried about this matter either.

But the peace and quiet didn't last long after all, and a week later, something happened again on the other side of the Heavenly Sea, outside the Thunder Split Mountain Spiritual Domain.

Lin Hao received a call from Vermilion Bird for help. Just yesterday, over 70% of the troops stationed in the Thunder Split Mountain Spiritual Domain were lost, and Vermilion Bird was also seriously injured, causing the Dragon Sect and Dragon Master to pay great attention and request Lin Hao to go to the mountain for support.

Shortly before Lin Hao received the call, a hundred-metre behemoth fell from the station outside the empty gate of the Thundersplit Mountain Spiritual Domain, and shouted, 'The Bear People will never be slaves, Ulla!'

At that time this roaring cry resounded throughout the entire range of the Sea of Heaven, and everyone heard it clearly, and some of the people even responded with a smile, 'Unless it's all inclusive, Ulla!'

Only in the next second, the entire Sea of Heaven trembled, a strong tremor equivalent to a Grade 3 earthquake, with tall buildings shaking, followed by a roaring sound.

Immediately afterwards, people from all walks of life gathered!

‘Defend the faith, charge!’ The silver-clad crusaders poured down in a silvery torrent.

‘By the will of God, descend!’ Above the heavens, a line of winged, unfurled angelic warriors swooped down, holy swords in their hands in raging flames.

The war bear that had fallen, battered and bruised, rose again: ‘Defiant will, defy me! Roar!’

A violent clash erupted between the two sides, and the big guy came crashing down, injuring many of the Vermilion Bird group’s defenders. Seeing this, the Vermilion Bird had no choice but to organise the Illusionist troops to start a counter-attack, while warning them to leave the area immediately, as this was Chinese territory!

But Archangel Kedrane sneered, ‘Give back the Chinese territory and cede the Thunder Splitting Mountain Spiritual Domain, or else we will all sink together with this city!’

With that, Archangel Kedrane swept his sword across the sky, the flames were so great that with this single stroke, over 70% of the elite troops of the Vermilion Bird group were killed on the spot, and the Vermilion Bird was also seriously injured.

Only the big guy, War Bear, was still fighting back, and he had no way to escape from the madness of the two sides.

Seeing that Vermilion Bird and the others were still trying to fight back, the great war bear Desmond cursed, 'Fight back my ass, you're just cannon fodder. Quickly get Lin Hao for help!'

That's right, ? Love closed whisk er love to serve Lu ? This group of people was none other than the three forces that had been driven out from the ancestral land of the dragons, yet the soldiers of the War Bear Shrine, just as they came out, were ambushed by these two groups of bastards, leaving him as the bare commander, and even his younger brother, Deskerian, had been decapitated by the other side.

Knowing that there was no chance for him to escape back to the War Bear Shrine, Desker ran straight to China, desperately wounded, hoping that Lin Hao could help him, after all, he was the only one who could help him now.

The aftermath of this horrific battle had begun to ripple through the densely populated residential areas and there were massive casualties among the population.

Vermilion Bird immediately told the Vermilion Bird group that still maintained their fighting strength to go and cooperate with the local authorities to quickly evacuate the people, and she also hurriedly called Lin Hao for help.

When he received the call for help, Lin Hao's face was cold.

Soon, the Sea City Immortal Mansion and the Patrol City Immortal Mansion, which were closer to Tianhai, received orders to rush to Tianhai City to assist the Vermillion Bird Group!

These two Immortal Houses had already submitted to Lin Hao before, and currently Lin Hao had control of seven Immortal Houses that were absolutely subservient to him! Of course, the Hai Chao Immortal Mansion was counted.

However, the Sea Tide Immortal House was currently a bare-bones commander, the Sea Tide member, plus the Sea Tide member had already gone to Taig to investigate, and no news had come in yet.

Chapter 2514

The two immortal mansions that received the order didn't dare to be the least bit slow, and all the immortal slaves poured out, as without the curse of the Xuan Yuan Sword, they were already free to move and were no longer suppressed.

But even in such a situation, the other Immortal Houses did not dare to act recklessly, after all, now that Lin Hao had grown up, when they really dared to destroy the people's living environment, the consequence would be the cold sword power delivered by Lin Hao from across the sky! Lin Hao could not easily live in peace for a few days, but there were people who did not want him to be free, they had just been expelled from the ancestral land of the dragon clan and came here to cause trouble.

Lin Hao rushed up to the sky, Ling Yun, Lin Ruo Shi followed closely behind, Lei Ling rode up on Rui Lin, only Qing Shie didn't have the intention to follow, after all she had more important things to come out.

The situation on the other side of the Sea of Heaven, with the few of them there, would not be too much of a problem.

These days, under her careful teaching, Lin Ruoshi and Lei Ling had both made a breakthrough and reached the sixth grade early Illusionary Spirit Master realm. With their unique Dao augmentation, they might not be afraid even when facing a seventh grade Illusionary Spirit Master.

Lin Hao and the others crossed the distance of space and arrived at the Heavenly Sea Thunder Splitting Mountain from Jinling at an extremely fast speed, while at the Sea City and Patrol City Immortal Mansions, more than seven hundred Immortal Slaves were already in place, thirty-seven of them were Sixth Grade Illusionary Spirit Masters, and the rest were all between the peak of the Fourth Grade and the Fifth Grade.

When they arrived, they didn't act first, they just told the Vermillion Bird group to pull back, and Desmond wanted to curse his mother.

Damn, if you guys don't help, you're going to watch me get killed, right?

Can you guys have some compassion?

Although he was already a seventh-ranked Illusionary Spirit Master, he couldn't support himself for much longer under such a siege, and if he continued like this, he would be finished.

These guys, the Crusaders alone had three seventh-ranked Illusionists, including Noxodes, and the Angelic Church had four seventh-ranked Illusionists, while the rest were all fifth-ranked peak to sixth-ranked Illusionists.

Under the siege of these powerful people, there was no chance of winning!

The key is that the group of Chinese immortal slaves, who came over but in? Lu Yizhang dye West Serving Zero Yi? Watching the show, you daddy!

Lin Hao sped over and saw this scene also with a rather gloomy face, but they had protected the people of the Vermilion Bird group and the surrounding populace after all, and since Desmond was not a Chinese, it didn't seem to be a big problem for them not to help each other out.

'See you, Palace Master!' When they saw Lin Hao and the others arrive, the immortal slaves saluted.

'Suka Bu Liet, your grandmother's legs, Lin Hao you're finally here, if you don't help I'm going to die.' Deske was finally relieved to see Lin Hao and the others arriving.

Lin Hao laughed: 'Shout 'help me listen', let me see if it's like eating chicken sound effects.'

'What the hell do I look like? It's not a question of whether it's like it or not! Help me!' Deske was not fucked by the enemy, but almost collapsed from Lin Hao's anger.

Lin Hao ignored Deske for the time being, after all, when Lin Hao arrived, the Angelic Order and the Crusaders did stop fighting and instead looked at Lin Hao with interest.

They knew Lin Hao's position in China, now it could be said that there were no tigers in the mountains and monkeys were the kings, Chen Bei Xuan and the others couldn't stretch their hands that far, and there were only a few high end fighting forces within China, and they were infighting with each other!

'The War Bear Shrine is an ally of the Qing Yun Heavenly Palace! If this kind of thing happens again, all those who lead them will be killed on the spot!' Lin Hao stared coldly at the hundreds of immortal slaves present, his words were full of killing intent and majesty, and he had no intention of joking at all.

'Please forgive me, Palace Master, we know we're wrong.' The immortal slaves were also scared and hastily admitted their mistake, after all, they knew clearly how decisive Lin Hao was, with a single stroke of his sword, an immortal palace would be wiped out.

'That's more like it.' Deske said with resentment, just now more than seven hundred immortal slaves were watching here, making his stomach ache, although he might not be able to fight even if he came up to help, but there was no need to stand by and watch so much, it was a bit chilling to watch.

Super Son-in-law Chapter 2515-2516

Chapter 2515

But the next moment, Deske had another stomach ache and left Deske to one side, ignoring him and instead running to check on Jubilee.

‘General.’ Vermilion Bird’s face was white, his body red with blood and constantly eroded by the angelic flames, which his aura could not even resist, let alone repair.

Ling Yun stepped forward, a piece of peach blossom petals fell one after another, fusing into the Vermilion Bird’s wound, the Vermilion Bird’s face gradually improved, while Ling Yun’s face was slightly frowned: ‘What a sinister and poisonous spell? The ground is flicked to the land to close the shutter to cover the er? Not only does this fiery flame burn the soul, it also contains a severe poison, if she is not treated in time, she will be tortured for days and die a violent death.’

The cold aura in Lin Hao’s eyes flickered as he spoke faintly and asked, ‘Do you still remember who injured you?’

Vermilion Bird lifted her finger to point at another female angel beside Cadrien, dressed in sexy battle armour, dainty and flirtatious, and a seventh-grade early stage Illusionary Spirit Master.

‘That’s her, over fifty percent of the warriors in Vermilion Bird’s group were killed by her fiery sword, and many of the remaining soldiers died briefly in agonising torture, with only the lesser wounded still struggling to hold on.’

Ling Yun’s face also turned ugly, ‘Leave this place to me, I’ll take care of it, they’ll be fine.’

As Ling Yun finished speaking, her figure dissipated, followed by the blossoming of peach petals in the sky, falling like rain, a colourful rain of flowers, the breeze brushed against them, and one could even smell the sweet and refreshing fragrance of the peach blossoms.

Dusk then benefited him, allowing him to recover quickly from his injuries, but his heart was not happy at all, and he even wanted to curse and quit the group chat: ‘Where are the promised allies? What? So this is how you treat your allies, Sookabrecht? I was hanging on for dear life, and I almost burst!’

‘Did you do this?’ Lin Hao rose into the air and looked faintly at the female angel beside Cadrien.

‘So what if it was me?’ The blonde, sexy and flirtatious female angel looked at Lin Hao with a disdainful expression, it was just a sixth grade late stage Illusionary Spirit Master, she didn’t put it in her eyes yet.

On the contrary, Cadrien knew that Lin Hao was not simple and hurriedly said, ‘Annie, don’t be rude.’

Cadrien looked at Lin Hao: ‘Lin Hao, this matter has nothing to do with you, you’d better back off, as for compensation, we will naturally make the corresponding compensation.’

‘Ryan, you coward, don’t waste words with him! He’s nothing, so what if he’s in the late sixth rank, he’s elevated, have we not?’ Cardinal Archbishop Noxodes stepped forward and looked at Lin Hao with an unhappy face, being pitted by Lin Hao several times in succession at the Dragon Ancestral Land had already made him harbour a grudge, and now he had even reached the mid-seventh rank level, and had even brought two early seventh rank experts with him, uniting with the strong men of the Angelic Church, it was enough to sweep everything in China!

‘Apart from Chen Bei Xuan’s gang, what else do you have in China that you can take on? Let me tell you, today we will not only kill Dusk on your Chinese territory, but also kill you too! We will also take your Thunderbolt Mountain Spiritual Domain for ourselves!’ Noxodes was incomparably arrogant.

It seemed that the other side had not only increased their strength, but had even gone to the extreme of being uncaring.

And the information was really closed-minded enough, not counting the Dragon Clan and the Moon Wheel, so for the Green Shirt, they knew nothing too?

Lin Hao ignored Noxious and looked straight at Cadrien: ‘Since you want compensation, then a life for a life!’

‘You! Don’t you go too far! Lin Hao, this force of ours is strong enough to sweep away and trample down all the forces of China!’

‘Do you really want to go to war!’ The three pairs of angel wings behind him glowed with a dazzling golden light, and then with a poof, they burst into a raging sacred flame, and the angelic holy sword in his hand was even more fiery and radiant.

‘If you want to fight, then let’s fight!’

‘Today, I, Lin Hao, will stop fighting with fighting!’

As the words fell, the Heavenly Sin Sword in Lin Hao’s hand was not even sheathed, but a phoenix-like chirp rang out, and everyone sensed the mighty chirp, the aura of an ancient divine beast!

Chapter 2516

In the next second, a blazing flame suddenly emerged from the surroundings of the seventh-ranked early female angel called Annie.

Seeing this scene, Keldren was shocked: ‘Oh my God, Annie, you, you’re breaking through again? That’s impossible, didn’t you just break through?’

But then, Annie’s face suddenly became distorted with pain, and she let out a numbing wail!

‘Breakthrough, for fuck’s sake, this isn’t the Holy Flame~!’

‘Bastard, Ryan, help me, help me!’

Annie was tumbling in the fire under this terrifying power capable of searing her soul, her image all but gone, yet Annie looked unharmed, much less anyone feeling the blazing heat.

Cadrien's brow tightened? The ground shaded zero shan dye woo woo ground? Locked, snapped awake, damn it, this was indeed not the Holy Blaze, could it be that the sudden breath that had just appeared had caused it?

Cadrien's gaze was cold as he stared at Lin Hao: 'Is it you who's up to something?'

'It was me, so what.' Lin Hao had no need to deny it at all, just as Lin Hao had said, it was him, so what?

'You're looking for death! Stop torturing Anne immediately, or I will kill you!' The sacred sword of Cadrien pointed straight at Lin Hao, flames blazing out from its body, the sword's blade intimidating, and several pillars of light from the six-manifold formation appeared around Lin Hao in quick succession.

In Cadrien's mind, these star formations were enough to trap Lin Hao, and if he didn't do so, he would kill him with his sword!

Knoxed wanted to curse, you guys are here to chat? Why don't you just do it?

What are you waiting for?

Even Knoxed was ready to do it, he was so slow as to act like a woman.

But soon Knoxde was in a cold sweat, thankful that he hadn't been impulsive enough to give up his head, otherwise he might have been the one who died.

Without replying, Lin Hao raised the Heavenly Sin Sword in his left hand and crossed it in front of him, while his right hand drew his sword in a flash!

Basically, no one below the seventh level realm could see Lin Hao's movements clearly! All that could be seen was a flash of cold light suddenly bursting out.

Poof!

The cold ray of light shattered the six-manifold formation into nothing!

Keldren's body suddenly froze in place, his expression frozen in horror for a split second!

Immediately afterwards, his head was separated!

Ryder Kane's head was separated by Lin Hao's sword, without even a chance to resist, and it happened so abruptly, no matter how hard it was in the blink of an eye.

Redcain, dead!

A great Illusionary Spirit Master of the early Seventh Realm, dead just like that!

But now, he could see clearly that Lin Hao had simply drawn his sword, and in an instant, the blade returned to its scabbard, but the terrifying sharpness of the sword instantly killed Kaidrain on the spot!

It was the sword!

Soon Noxious discovered the strange and frightening sword in Lin Hao's hand, the reason why Lin Hao was so terrifying was because of this sword!

Those immortal slaves were stunned at this moment, after all, hearing is believing, seeing is believing, it was once rumoured that Lin Hao had killed the Moon Palace immortal slave Qin Wushuang with a single sword, Qin Wushuang didn't even have a chance to react.

They more or less thought it was somewhat exaggerated, yet today's opinion, exaggerated der ah, not exaggerated at all, even with reservations ah!

Annie was scared enough by this scene, she was being tortured to death by Lin Hao when he was still able to deal with Cadrien with his free hand!

A mere sword! A sword that looked too simple to be used, and it just killed Cadrien!

‘Let me go, we’ll leave immediately, leave here immediately, we’ll make sure to personally apologise and pay for the damage.’ Anne cried out in pain.

The proud angel began to beg for mercy too!

As for the other two Seventh Grade Illusionary Spiritist Angels, they didn’t even dare to let out a single fart, once Lin Hao struck, one Seventh Grade Illusionary Spiritist died and one was injured, this was still a hammer fight!

‘Go?’ Lin Hao laughed, is Huaxia a place where you can come and go whenever you want to beat up?

‘Since you’re here, the visitor is a guest, no one can leave today! What I said, it’s useless for Jesus to come!’ Lin Hao once again swung his sword violently! A single sword ended Annie, and in an instant, two seventh grade Illusionary Spirit Masters were dead!

Super Son-in-law Chapter 2517-2518

Chapter 2517

‘Yeah, take it or leave it, no one f*cking gets away, not a single one! It’s useless for anyone to come today, Ulla!’ Dusk recovered a few of his injuries, and with Ling Yun’s healing, he now had at least 70% of his fighting strength back.

With a cry of Ulla, Desker shot up into the sky and went up to fight the remaining angels!

‘Lin Hao, it’s true that what happened today was our fault, but you’ve already killed two of our Angelic Church’s Battle Gods in a row, what more do you want?’ The two seventh rank realm angels hurriedly shouted.

The sixth ranked Illusionary Spirit Master was an Archangel, while the seventh ranked Illusionary Spirit Master was already at the level of a War God of the Angelic Church, but as a result, they did not expect to be beheaded two War Gods in a row after only a short while, which they really did not expect.

This Chinese man’s combat power was too terrifying!

‘Bury the dead Chinese souls, sacrifice their deaths with your blood! Move!’ As Lin Hao waved his hand, over seven hundred immortal slaves swarmed forward, quickly blocking the other side’s retreat and directly began to make their moves, they were only targeting those low ranking angels, they were also aware that the high end battle circles were not something they could get involved in at all.

They just had to stop those little shrimps!

Deshk over there was truly fierce: ‘Lin Hao is right, use your flesh and blood to sacrifice to the valiant warriors of my War Bear Shrine and to my dead brother!’

The enraged Desker, with his injured body that hadn't fully recovered, actually wrapped himself around two 7th rank early stage Illusionary Spirit Masters!

'Hey, Lin Hao, this is all a misunderstanding, we Crusaders are just here to join in the fun, it's not illegal to watch the fun, don't you believe me, ask that Chinese officer, we really didn't do anything, it was these bastards from the Angelic Temple who did it.'

'And we were compelled to come here for the fun... by the way, it's your Chinese totem, the dragon, the dragon race, they said there was something to see here, so we came here? The 'Jie Serving Ai Di Xi Yi Shan Xi?', it's all a misunderstanding, a misunderstanding.' Noxious saw that the situation was not good, although Lin Hao's realm was late sixth class, he did not know the actual depth at all.

But just two swords to kill two early seventh grade Illusionary Spirit Masters, such a terrifying means, he thought to himself that he couldn't do it, so he wasn't confident that he could win against Lin Hao either, especially since the appalling sword blade made his heart tremble.

'These sons of bitches! A bunch of trash, useless at all!' Ao Feng Dragon King's doppelganger, who was hidden in the shadows watching all this, cursed out, originally wanting these people to test Lin Hao's depths again.

After all, there were 500 to 600 Angels and Crusaders, and there were seven Seventh Grade Illusionary Spirit Masters alone, but as a result, just this?

That was the price Ao Feng paid for releasing them, releasing them to target the War Bear Divine Hall and thus go to China to stir things up!

Ao Feng wants to muddy the waters completely!

‘Heh, but it doesn’t matter, so what if you guys know, the Western European Church and the Angelic Church are not just about this shrimp and crab, intensifying the conflict between them, the purpose has already been achieved.’ Ao Feng sneered and his body slowly dissipated, as for the outcome of this battle, it no longer mattered to him, after all, his purpose had already been achieved.

‘Watching the hilarity? Are you the ones who can watch the hilarity of Huaxia? If you do not come lightly, trespass into China’s airspace, and your guards destroy the integrity of your sovereignty, you are automatically considered intruders by default! Trespassers, kill without pardon!’

Just as Lin Hao finished speaking, an ear-piercing sonic boom rang out as Lei Ling struck, turning in an instant to break the sound barrier with his flesh, several times the speed of sound, staring down the other Cardinal Archbishop of the Crusaders and striking brazenly.

The other man was no slouch either, but he was unable to keep up with the Thunder Spirit’s speed, and even the slightest touch from the Thunder Spirit caused him pain, as the Thunder Spirit’s attack was extremely powerful and mighty, and he would be seriously injured if he was not careful.

Lin Ruoshi was not idle, tearing open space and pulling out turbulence for her own use, making the space around her look extremely unstable!

Chapter 2518

‘Open!’ Lin Ruoshi bellowed, directly tearing this area of space apart directly, and all the enemies, except for those immortal slaves of the Immortal Mansion, were all pulled into this void space!

‘Ouga shete!’

‘It’s over! Great Aunt Maria!’

The scene that burst into existence dumbfounded and terrified all of the Angelic Order and the Crusaders.

Lin Hao was similarly overwhelmed with shock, this was even fucking possible?

This was tantamount to being invincible under a deity!

Even a seventh-ranked Illusionary Spirit Master had to be careful in dealing with it, not daring to be the slightest bit lax, for the slightest mistake would also kill him on the spot!

As for the fifth and sixth ranked Illusionary Spirit Masters, they were swallowed up in a matter of a few breaths and had no chance to resist!

In the blink of an eye, there were only five seventh-ranked Illusionary Spiritist enemies left alive.

‘Lin Hao! You’re trying to be at odds with my Western European Church! Do you know that everything that has happened here has been transmitted back to the Holy See, and you know the consequences! The Holy Son Crusaders of the Western European Church on the battlefield of the Underworld, and the Gods of War of the Angelic Church, will all be your enemies! Let us go, and you will have to give us an account of what happened today!’ Noxodes angrily rebuked Lin Hao.

This was an elite Crusader army, ruined like this, but they counted themselves lucky, the Angelic Church side was even worse, one 7th class Angelic War God could be worth a thousand Angelic elites!

Lin Hao listened, his brow likewise furrowed, this

Would it affect the occupation of the Underworld side? If that was the case, then one might really be in trouble.

‘hetui~! A bunch of shameless bastard calves, out of work but not out of work assholes, they already have their hearts in the right place, they themselves want to cause trouble, with them and without them no difference, and that old thing Chen Bei Xuan had already figured out, fuck them and be done with it. ‘Deske was afraid that Lin Hao would really scorn to let the other side go because of this, how could that work?’

He had to avenge his men and avenge their shame! That’s why none of them are allowed to run away!

Lin Hao also woke up from his dream after hearing this, but yes, was there anything he, Chen Bei Xuan, could not calculate?

However, Lin Hao still wanted to ask the Green Shirt Fairy.

Swoosh!

Before Lin Hao could ask, an arcane blue zither sound came across the void as a cold aura, killing Noxious on the spot.

Lin Hao's eyes lit up at the sight, hadn't this already shown Qing Shirt's attitude?

'Little Shi, start your performance!' Lin Hao winked at his daughter.

Lin Ruoshi nodded her head repeatedly, 'Okay dad.'

'Hey, that big guy across the street, dodge it oh.' Lin Ruoshi waved at Deske.

'My drop.' Deske let out a strange cry and ran away in a panic, he didn't dare to take this little girl lightly in the slightest, this little girl had just circled all the enemies with a

single move of her hand and killed all the Illusionary Spirit Masters below the seventh rank in an instant.

Even he was frightened enough to know what kind of killing moves this little girl was going to do next, so it was better to slip away first.

Seeing that 100 meter big man running away like a panicked child, Lin Ruoshi was all frozen unable to help but say cutely, ‘Why is this big man so timid, look how scared he is.’

Deske: ????

‘Little sister, look at you, are you speaking human words? Don’t you see how mean you really are!’

Lin Ruoshi ignored her as all the void inscriptions surfaced one after another, and the surrounding spatial turbulence all obeyed Lin Ruoshi’s orders.

‘Void Strangulation!’

In an instant, all the void energies erupted with a terrifying tearing power, wrapping around the only four remaining seventh grade Illusionary Spirit Masters.

Instantly strangled, they were torn to pieces in an instant by the terrifying void power!

‘Daddy, do you see how powerful Xiao shi is?’ Lin Ruoshi looked at Lin Hao as if inviting credit, a little girl waiting for praise.

‘Xiao shi is the best.’

When Lin Ruoshi heard the satisfactory reply she wanted to hear, her eyes went black and she directly fell into Lin Hao’s arms.

Lin Hao was shocked, and Ling Yun and Lei Ling quickly rushed over, so that ? Er Yi zero Yi dyed closed serving ground ? Under investigation, it was found that Lin Ruoshi had only fallen into a coma from overexertion and her body was not seriously injured.

Super Son-in-law Chapter 2519-2520

Chapter 2519

It seems that tearing up such a large void of space at once, will these ? Shan Fu Lu Dyeing Di Aisi Dyeing ? people all in one place, it is still unmistakably obvious.

Go, go home!

Lin Hao hugged Lin Ruoshi and quickly left this space.

‘Suka Bu Liet, brother, big brother I imperial sword with you ah, you wait for me ah.’ Deske this guy does not go home, surprisingly with Lin Hao back to the Lin family ancestral home, Lin Hao will Lin Ruo Shi settled, Qing Shirt and Ling Yun have visited, said there is no serious injury, and this is also conducive to Lin Ruo Shi’s breakthrough, constantly challenging the limits at the same time, bursting forward to a higher existence, this is the most core meaning of the war to feed the war.

However, what left Lin Hao speechless was that Desmond had stayed at the Lin family directly.

Lin Hao was a little confused: ‘Old Iron, how much does that mean? What are you doing here if you don’t go home to the Imperial Sword and Ula with me?’

‘You almost go back, here the consumption is very high, you may be a bit unable to bear, good boy, we cook you a farewell meal, after eating you go back, hala less or hala less?’

Dusk rolled his eyes in disgust, ‘Are you giving me a farewell or are you trying to send me to the mountains? I can afford to spend more than I can as a seventh class Illusionist, what else can an existence like mine not afford to spend, are you kidding me?’

Snap!

Lin Hao threw the menu price of the Remorseless Inn*100 then threw it in front of the other party and looked at Deske with a smile, ‘Boss, what would you like to eat?’

Deske looked down and had a black face, 'You're faster than robbing money, aren't you? And what do you mean you're changing the price now? You're pointing at me as a brother.'

Lin Hao snapped his fingers and Lei Ling walked over, smiling broadly, 'Boss around, our inn opens every other day and takes a maximum of ninety customers directly every day, they need to be selected out of tens of millions to get a place to be eligible to eat the meals cooked by the Son of Heaven's Destiny, the hundred billionaire, the Major General of China, that is, my brother himself, and no one is limited to ordering three dishes.'

'But you, noble boss, are different ah, your status is here right, therefore, it doesn't matter whenever you want to eat, how many dishes you want to eat, my brother will arrange it all for you, rich and diverse, the price is naturally that, but then you stand out from the millions of people, right?'

Lin Hao secretly gave a thumbs up, awesome my sister, you've wasted your talent if you don't go and become a certain head salesman.

Dusk was bluffed and spoke in a nagging voice, 'What you say makes sense, but why do I feel like you're actually still screwing me over? And it's pointing at me alone in the pit.'

Lei Ling spread his hands, 'Isn't that obvious enough, right?'

'Holy shit' Desmond was also convinced, it really was a hard pit against him alone.

The only thing is that he had tasted Lin Hao's meals, and to be honest, there was nothing for him to do over at the War Bear Temple, much less anything major happening, there was still someone sitting there, there was no need to panic at all, so knowing that it was a pitfall, he still had to stay and eat and drink, and by the way, he was able to take care of him if needed.

Lin Hao also learned something about the situation inside the Dragon Ancestral Land, Ao Feng did do what he had vowed to do, which Lin Hao would not worry about, unless his daddy really didn't want it anymore.

Before they came out, however, Ao Feng had summoned Ridcairn alone, and Noxious to discuss something, only for them to spill out and be ambushed directly by people from both sides, and it seemed that they were able to contact the outside world in advance, causing both the Western European Church and the Angelic Church to send the God of War and the Cardinal Archbishop to arrive and wipe them out.

But Desmond was also very puzzled, the other side was actually really determined to kill him, under the siege he was bound to die, there was no way he could have fled all the way to China, let alone wait for Lin Hao to come to his rescue, but he did.

Lin Hao shook his head, 'It's that the other party didn't want you to die at all, the aim was to get me to kill them, it was Ao Feng's plot to stir up conflict between me and the Western European Church and the Angelic Church, thus creating friction and trouble, and crucially, the alliance over at the Nine Underworlds would also become fractious or even break up as a result.'

It seems that Ao Feng is also dead determined to deal with him.

‘That doesn’t matter, it’s stable over there, and even able to stall the Angelic Patriarch Avril, the Patriarch of the Western European Church as well, the war in the Underworld needs to last for a long time, stalemate each other and consume each other until they boil each other to death or drive each other crazy, that’s Chen Bei Xuan’s plan.’ This was Chen Bei Xuan’s plan.’ Deske did not seem to care about this.

But Lin Hao was stunned: ‘You’re not kidding, old man, boiling to death or driving him mad? Either of these conditions is not easily achievable, right, these old things, that one isn’t an old monster that has existed for thousands and thousands of years, there’s no way their hearts are that bad.’

‘I don’t know, anyway, according to Chen Bei Xuan’s words, it’s easy to say that it’s easy to do, but it’s actually difficult to say that it’s difficult, how it works depends on the situation, anyway, I don’t know exactly what the plan is.’ Deske couldn’t say anything, so Lin Hao didn’t bother to pursue the matter.

At the same time, the Western European Church was furious, and the Angelic Church was equally furious. The Western European Church lost three cardinals, the Angelic Church lost four war gods and hundreds of elites.

The news was quickly relayed to Avril and the Crusader, who both approached Chen Beixuan at the frontline headquarters and pointed at him, ‘Chen Beixuan, you old son of a bitch, what the hell do you mean? Here we are putting most of our elites with you, and you, what are you doing? You have gone so far as to allow the Sons of Heaven’s Destiny to decimate our peak elites on a grand scale!’

‘In one battle of light we, the Church of Angels, lost four of our warrior gods!’

‘Fark, our Crusader Church has also lost three Cardinals, and this matter will not end if you China does not give an answer!’ The Crusader Patriarch was also angry at Chen Beixuan.

But it seemed that they did not get the reaction they wanted.

Lin Cangdou only looked up slightly, and then lowered his head again, doing what he should do, as if these two did not exist.

Chen Beixuan also had a face? The two of them are the same. The colour was calm and uneventful, and he spoke indifferently, ‘Then what?’

‘Then! You fucking give us a statement!’

‘And then?’ Chen Bei Xuan raised his eyebrows.

‘Then make an apology and compensate us for our losses! Or else we’ll use the Spirit Domain to pay off the debt!’ The two had calculated their plans as they wished, nowadays, most of the spirit domain immortal mansions were basically within the territory of China, and the treasures in the immortal mansions were everywhere, and there were countless opportunities in the spirit domains.

But the domains that appear outside of China are not fierce and dangerous forbidden places, which are difficult to develop and use to develop the strength of the troops and the Holy See.

‘And then what ah shucks, you guys are thinking of fart eating! If you don’t want to die, get out of here! Bleeping day by day, why are you guys so big faced! How do your people die without some pussy in your hearts?’ Chen Bei Xuan disliked back without mercy, and even more so, he exposed their nasty plot.

‘Are you guys from the present? Eh? And I said that I brought all of you here, are you sure you brought all of you? Bullshit! A third is probably not even enough, do you think I’m blind or do you think you’re smart?’

‘And what your people are up to with that old loach from the East China Sea, you know better than I do, you’re not stupid, but don’t think everyone else is either.’

‘You, you’re slandering!’ Avril snorted coldly, ‘Having known each other for so many years, would you not know clearly if we are the original?’

‘You’re just looking for a reason to deal with us, huh, you haven’t even achieved victory yet, and you’re thinking of how to deal with your allies first, are you? I tell you Chen Bei Xuan, if you don’t give us an answer on this matter, we will immediately withdraw, as for what happens afterwards, we don’t dare to guarantee it.’ Seeing that Chen Beixuan was surprisingly soft and hard, the Crusader Sect Leader did not hesitate, and found an opportunity to split their interests with Chen Beixuan.

When the dispute in the divine land was lost, it would be the best time for them to pick up the fruits of victory, and their calculations were even better than those of the Ao Feng Dragon King.
