Chapter 2541

At this moment, she finally understood what kind of cruel torture her sister Annie had gone through!

‘Lin Hao! You devil, bastard! Come out and fight with me! Incompetent coward, come out!’ Ania was utterly furious, this bastard had done to her what he had done to her sister!

This was the greatest insult she had ever received!

‘I’m incompetent and cowardly? Why do I get the feeling that you’re more like Incompetent Rage than sister.’ Lin Hao’s voice came from all directions, drifting in and out, and it was impossible to tell where Lin Hao was based on the sound.

This made Annya so angry that she just exploded!

That’s right, it really blew up!

Annya exploded, turning into a sky of blazing flames, forming a raging sea of fire that rushed in all directions. The Sacred Flames and the Nirvana Fire looked similar, but were completely different, as they fought against each other.

A hundred metres of violent sword light rushed out from the flames, the sword light sweeping in all directions, the sword power so raging that even the entire Fire Phoenix realm began to tremble violently, and there were even vague signs of collapse.

An eighth level realm deity big brother, the attack is really powerful? The power of a closed and stained sword? It was extraordinary!

Lin Hao, who was hidden in the shadows, was also secretly shocked, even giving him a feeling that this Annya was fiercer than Ao Feng!

Annya had come in her original form, and was even just a hair's breadth away from breaking through to become a mid-eighth-grade level, so naturally she was much stronger than a guy like Ao Feng who was just letting out a split body to move around.

Explosion!

The Sacred Blaze exploded, containing the rending sword Qi of the Angel's Sword, and the void ripped open, causing the entire Fire Phoenix domain to become extremely unstable.

Lin Hao raised his eyebrows, the lad who could, ah shucks, the big sister.

The Silent Death Domain!

Annya had a smug smile on her face, 'But that's it, is that all you've got? If that's the case, then prepare to die! Holy Vault of Heaven!'

With Annya as the centre, the holy light exploded and the sky turned a holy pure white, the white holy light shone on the earth, and everywhere it reached, the Nirvana flames dissipated and melted away one after another, which made Lin Hao feel a great pressure.

After holding on for less than a few breaths, the Fire Phoenix Domain collapsed with a bang and broke open!

A true Eighth Grade Illusionary Spirit Master's original djinn was indeed strong enough!

'Haha, prepare to die, Lin Hao! I will repay everything you have given to my sister a hundred times over!' Annya stood proudly in the void, her six wings unfurled, blazing flames burning, and the Angel Sword in her hand was even more crimson, she had already completed her Angelic Judgement's energy build-up!

She had already completed her Angelic Judgement! She was really good, she had the energy to build up her Archangel's Sword while breaking through the Fire Phoenix Domain.

Unfortunately, Annya's laughter came to a screeching halt as Annya looked confused and shocked: 'No, that's impossible! How can you have two domains, it's fake, it must be fake, it's an illusion!'

This was the Silent Dead Realm derived from the Eye of Silence, an endless, lifeless stretch of mountains and cities.

The mountains were bare, devoid of any flora and fauna, and the city was also grey and lifeless, surrounded by a dense deadly aura that was constantly eroding the aura of all living beings around it, devouring and assimilating, constantly sucking the life out of them to contaminate them!

This is really a realm!

This pervert has two domains, this is too unbelievable!

Double domains, double the pleasure!

Soon Ania realised that this thing was extremely erosive, and was actually constantly devouring her aura.

‘Light on Earth!’ Annya shouted, and in a flash, she was like a white sun, blinding white light descending upon the earth, the dense deadly Qi receding like a tidal wave, the ice and snow melting away as it quickly dissipated, without the support of the deadly Qi, these mountains and cities were crumbling.

Lin Hao’s brows locked up, this thing is still all-powerful what?

This sacred flame could melt his fire phoenix domain, and here it was being directly melted by the other side, I'm afraid it would be crumbling in no time.

Chapter 2542

However, the angel's holy light does have a tremendous killing power against the evil Qi, just like ice and snow meeting the blazing sun.

Its main thing is that Lin Hao is not strong enough, if Lin Hao's realm was equal to Annya's, you can see that she still shines light on the earth, what the hell, it can erode her into a pink skeleton in a minute!

As expected, it didn't take long for the Silent Death Domain to completely disintegrate.

Looking at the disintegrating domain, a cold smile appeared at the corner of Annya's mouth: huh, double domain, double happiness indeed, but unfortunately, you are not yet normal, in front of absolute strength, don't do all these fancy, no!

Ow~!

A dragon's roar resounded through the nine heavens, the haze overflowed, a rainbow bridge was built above the clouds, the light shining, giving off a golden glow.

Annya's mouth was open wide, her eyes were wide and she couldn't close her mouth for half a day!

I neeee .....

Three fields!

Shet!

Can't you fucking afford to play!

Three domains, how the hell did you do that!

'Lin Hao you piece of shit Shet, come out here! You can't afford to play! What? Three fields, you really think you can trap me with three fields?' Ania was frantic!

She's going to kill this guy today! He had to die!

Otherwise, if he grew up, would the Angelic Order still exist? He would have to be killed in a heartbeat!

A double domain was unheard of, but a triple domain had never been envisaged before, and the worst part was that he was only at the late sixth level.

Lin Hao didn't move, no matter how much Annya cursed, it looked like Annya was just like a sandpiper, spouting off at the air.

The divine dragons within Dragon City, a divine dragon that stretched a thousand metres long, rushed out and swung wildly at Annya!

The divine dragon swings its tail!

The huge tail of the dragon swatted at Annya as fiercely as a fly.

Dragon claws tear!

The five-clawed golden dragon swung its claws towards the void, tearing through space with a terrifying tearing force towards Ania!

The dragon roared ..... ah shucks, the divine dragon spat!

The dragon roared, and the hot and terrifying power spurted out, hitting Ania right in the face, if she was really sprayed by the dragon's mouthful of thick spit, she would probably be disfigured!

But these attacks looked sharp, but Anja didn't even care about them.

Annya fiercely drew her sword and flung her half-moon sword light across, and the tail of an overcoming dragon was directly cut in half by the half-moon sword light, and dissipated in an instant.

In the blink of an eye, the angelic sword in Ania's hand was swung repeatedly, and in the blink of an eye, more than four-fifths of all the attacks were defeated, and she was unharmed.

She was even more pleased with herself, so what if the three domains were no more than that!

' ? Er ai ai jai jai yan shan er ? Give me a crack!'

Ania shouted and swung her sword violently, she wanted to crack all these dragon attacks with one stroke!

And just as she wished, all the divine dragon attacks were directly forced apart by her, any attacks from the three great spirit domains for her, but just as Annya was about to taunt Lin Hao twice, her expression changed drastically! She sensed an immense crisis!

Poof!

Annya's body shook tremendously, her body bursting back hundreds of metres away as a mouthful of white blood spurted out, the blood instantly exploding like a flashbang instantly exploding and dissipating into the air in an instant.

Yoo-hoo, the divine blood of an angel's deity is actually pure white?

Ania looked down at her chest, a thumb-thick penetrating wound had appeared straight away, even her heart had been instantly pierced, the wound was round and shiny, you could see how sharp the attack was!

The extreme sword power eroded and ravaged her body, and pure white blood gushed out like money.

Her entire body also lit up like an incandescent light.

'What? This sword of ours is pretty sloppy, right?' Lin Hao's figure was a thousand feet away, slowly presenting himself.

Lin Hao knew to himself that the attack within the spirit domain was useless against her, but he could use the divine dragon's attack to hide his extreme sword power, and the moment his opponent broke through the divine dragon's attack, the sword power completely erupted, instantly penetrating her heart and seriously injuring her!

## **Super Son-in-law Chapter 2543-2544**

## Chapter 2543

It was somewhat similar to a spatial barrier, hiding the sword intent within the spatial barrier, when the spatial barrier was broken down, the sword intent burst out instantly, at that time, once it got close, it would be too late to run, and it could seriously injure it even if it could not be killed.

‘You despicable and shameless villain! Is such a deed worthy of your status? Why don’t you fight me head on! Rubbish!’ Anya was frantic, she had never seen such a shameless person who only played such petty tricks, she was not worthy of being her enemy!

Anya quickly repaired her wounds, the violent penetrating wounds were not fatal it was the extreme sword power that kept raging inside her, preventing her from repairing the wounds inside her body, this was what killed her the most.

As Anya continued to repair her injuries, she couldn’t help but angrily curse Lin Hao.

‘Hetui~! You’re really shameless!’ Lin Hao didn’t hesitate to curse back, and even more so, he pretty much returned the words the other party had cursed him with in their original form!

‘You despicable and shameless little bee? You’re so shameless! You’re a despicable little bitch! Is such behaviour worthy of your status? You’re in the same realm of control as me, little trash, let’s see if I get you to death and be done with it! What, an early eighth-ranked deity bullied me, a late sixth-ranked little illusionist, and you got shanked, you’re proud of yourself? Huh?’

Annya's face turned green at Lin Hao's scolding, but she couldn't refute it!

What he said was the truth!

Annya knew very well that if she really dared to suppress her realm to the same level as him, she would be played to death by this old cunt in no time! Even with the absolute power of his realm, he'd let him get away with it.

'Oh! I'll kill you! Angel War God Final Form!'

Ania shouted angrily, the angel sword in her hand snorted out blazing flames, its body red, and the silver battle armor on her body turned into a golden unfolding, even the angel wings behind her turned into a golden colour, and each feather shone with a metallic cold aura.

'Awesome, a golden archangel, it should be worth quite a lot of money when you sell it, right?' Lin Hao raised his eyebrows, wondering if the wings would remain this way after getting her killed, if so, they should be worth quite a bit of money, right?

Ania said no more, the other party had sharp teeth, she couldn't scold them anyway, so just do it!

With her angel wings flapping, Annya turned into a golden stream of light that cut through the sky, her angel sword flung behind her, and she swooped down rapidly, creating an ear-splitting sonic boom, hitting Lin Hao at several times the speed of sound!

At a distance of 100 metres in front of Lin Hao, a row of Heavenly Sin Sword sword shadows, followed by swords like rain, fell densely, precisely penetrating Annya's body, Annya simply did not care, she only had one purpose, even if she had to risk serious injury, this sword must land on Lin Hao.

And she was penetrated by the dense shadow of the sword, yet she could not feel the slightest pain, which made her even more reckless!

Only a short while later, Annya finally sensed that something was wrong, a stabbing pain, a sharp pain from the depths of her soul was coming thick and fast!

Anja was horrified to discover that the sword shadows had done no harm to her body, but they had torn her soul apart, leaving a gaping hole!

Annya screamed in pain, but she didn't care, even if she was badly injured, she would kill Lin Hao!

Lin Hao didn't run away this time either, and clashed with the Heavenly Sin Sword.

After many rounds of exertion, Annya already looked a little weak, and her soul had suffered another not-so-subtle injury.

So much so that Lin Hao was now, surprisingly, able to fight his opponent in a 50/50 situation with his Godslayer Sword Duel! The battle between Lin Hao and his opponent came and went quickly, only about ten minutes had passed since they entered it.

When a master fighter fights, every move is fatal, and a single move can kill you at any time.

Lin Hao and Annya fought hard, sword light shattering the dragon city, but Annya found herself unable to gain any advantage.

Chapter 2544

Occasionally, he was even able to injure himself. The opponent's attack was so strong that it was enough to injure a deity, and yet he could not injure Lin Hao.

Lin Hao's seemingly simple sword, plain and simple, contained a thousand different sword moves within it.

She was responsible for the main attack and Lin Hao defended, but she was so densely defended that she could not break through Lin Hao's sword move astral, and even Lin Hao could occasionally? Wu Lu Shan Pao Pao Lu Ai Wu? steal a sword or two from her, causing her great distress.

Plus here, he came out of his domain first and took the initiative, her aura was constantly being squeezed and she had even started to use her divine source, while Lin Hao had an innate advantage here, his aura was like a desperate mad output.

In the long run, it would definitely be too much for her to bear, and the worst part was that once the divine source was depleted, it was very difficult to recover, once the divine source was depleted to a certain level, it would drop in rank ah!

‘Angelic Judgement!’ Anya shouted angrily, and the angel sword in her hand blossomed into a dazzling light, scaring Lin Hao into retreating quickly, he could not withstand this sword.

But what confused Lin Hao was that his opponent’s sword did not attack him at all, instead, it stabbed directly into the sky.

In a flash, the clouds were stirred wildly, the strong wind raged, and the dome of Dragon City was stabbed through a hole.

‘Crap!’ Lin Hao was all dumbfounded.

He ran away, the other party actually fucking ran away!

Hey, the more you run the more excited I get!

‘Perish haha, you’re fucking holding back and running! Stop for me, you wimpy little bimbo, come on, come and fight me for another 300 rendezvous ah. Haha!’ Lin Hao carried the Heavenly Sin Sword and chased after him wildly without a care in the world.

If it wasn't for the pain of her abyss, she would have turned around and fought Lin Hao to the bitter end.

To meet such a difficult and cheap opponent was simply the greatest torture for her!

A gaping hole exploded in the sky above Flower City, and the terrifying energy escaped, many skyscrapers with several floors on top were instantly blown apart by the powerful Qi, with no hair left. So, don't make your building so high, it's easy to get caught in the crossfire!

For a moment, the entire population of Flower City looked in the direction of the dome of the sky, while gripping their hearts!

Then, they saw Ania, who was covered in flames, rushing out from the breakage.

'It's over! Our benefactor has failed ..... to stop these western demons in the end?'

'Avenge our benefactor and kill them!'

'Yes, they must be killed to avenge our benefactor and never let him die in vain!'

However, just as all the people were filled with righteous indignation and grief, the next scene left them dumbfounded and even a bit skeptical of life!

For when they saw Ania come out, she did not intend to continue destroying the Flower City, but instead, without even hesitating, she quickly fled at several times the speed of sound!

That's right, she ran away! It was as if she was followed by a big leopard that was looking for her for an emergency syrup!

Then, Lin Hao's magical laughter came out, 'Don't run, little bitch! Ha ha ha ah, don't resist, stay and die!'

On her way to escape, Annya gave a Zuan greeting, 'Fuck you!'

Then she dodged and fled at an even faster speed, running away in a flash.

Lin Hao only got out and pretended to chase after him, but in fact he had no intention of chasing the other side, his own family knew his own business, if the other side held on for a few more minutes, he would have to die, the realm gap was a bit too big after all.

The cheers were loud and clear!

They had won!

They had never dreamed that they had won, Lin Hao, a late sixth ranked Illusionary Spirit Master, had actually fought off an early eighth ranked Illusionary Spirit Master! Oh my god, this father and daughter were truly unbelievable!

Amidst the thunderous cheers, Lin Hao's body swayed, unable to support himself any longer and collapsed.

Ling Yun was the first to react as Lin Hao was on his way down, only falling a few metres before a cloud of pink peach petals dragged him down and Ling Yun's form became visible.

## Super Son-in-law Chapter 2545-2546

### Chapter 2545

Ling Yun surprisingly gave Lin Hao a humiliating princess hug, hugging him from the sky as the palace lanterns kept blooming out? Wu Pao Fu Lu Dye Serving Er Zero? light, healing the injuries in Lin Hao's body at light speed.

Lin Hao's injuries were not serious, but mainly because the attrition was too severe.

Just now, it looked like Lin Hao's aura was constantly available to fight with her because of the nature of the domain, and the aura was as if it wasn't being consumed.

In fact, that was a deliberate illusion created by Lin Hao. Anya was an 8th grade early stage Illusionary Spirit Master, and in close combat, she could naturally form a field around herself, like a domain, which suppressed Lin Hao's ability to absorb even the slightest bit of aura.

If the opponent held on just a little, he would be finished, or he would have to run away and continue to fight.

'A hero, a hero!' Adika and Chen Wu yelled with unbridled excitement, but they were also a little worried about Lin Hao's condition and kept coming to ask: 'General Lin, are you alright? How do you feel now?'

Lin Hao shook his head, 'It's fine, it's just that the attrition is a bit severe.'

'Ling Yun, please trouble you, let me recover again quickly, Xiao Shi's side might not last much longer.' Lin Hao was incomparably worried about Lin Ruoshi's side, although he knew that Lin Ruoshi should be fine, if something happened, then he was really not to blame, he had to go and take care of that Sienna quickly.

The people around him obviously froze for a moment, Ling Yun even before he could explain, Lin Ruo Shi squeezed out from the group of ladies, no way, Lin Ruo Shi is cute and powerful, but also pleasing to the people, the State Lord's House that a group of beautiful ladies, surrounded Lin Ruo Shi, Lin Ruo Shi directly became the group's favorite.

After Lin Ruo Shi squeezed out, she jumped and ran to Lin Hao's side: 'Daddy, Xiao Shi is fine, how are you, Daddy? Are you hurt? Whoever dares to hit daddy, Xiaoshi will beat him up.'

‘Yes, yes, we all evening Shi beat him up.’ The group of young ladies also ran over and said one after another.

Lin Hao’s three men were now not only the saviors of Hua Cheng, but also their great heroes, with a status with was directly beyond their Tege’s living Buddha.

Even the living Buddha in the world is now their fan ....., no way, Tege living Buddha’s life or Ling Yun to save back.

Lin Hao saw Lin Ruoshi and froze himself: ‘What, what’s the situation? When did you come out, Xiaoshi? That guy was trapped in the void by you?’

‘I’ve been out for a while, five minutes, I’ve been eating lots of delicious food, look dad, this is delicious. Do you want to eat it?’

Lin Hao looked at the thing Lin Ruoshi raised to his mouth and subconsciously opened his mouth and ate it, it was good, it was quite delicious.

But Lin Hao was still a bit confused, his daughter was better than him? So fast to settle the fight?

After hearing Lin Ruoshi’s words, Lin Hao also came to his senses, and was even a little bit teary-eyed.

It was because after Lin Ruoshi had trapped Sienz, just like Lin Hao, she had all kinds of bluffs and manipulated the void power to the extreme, and Sienz had indeed been made to feel bad enough by those spatial turbulences.

Then Siennes was so scared that he forced himself to break free from the spatial turbulence and ran away directly, after all, he was really afraid of being played to death by this little girl, then where would his old face be in the future?

It's true that like father, like daughter .....

Lin Hao also used this trick to scare that Annya run away regardless, even though the other party was angry as hell in his heart, he didn't expect Lin Ruo Shi to do the same, and more effectively, Ciennes ran away first five minutes earlier than Annya!

This result also left Lin Hao stunned and speechless.

But no matter what, this crisis was finally lifted, and it also made Lin Hao realise that he was no longer at all afraid to deal with a seventh level Illusionary Spirit Master, but when an eighth level realm deity came, he really might not be able to deal with it, it was very tricky.

Even if he could reach the early stage of the seventh level, Lin Hao would not be as passive as he was now when he dealt with this Annya.

‘By the way, sister Ling Yun was attacked by the Soul Devouring Beast.’ Lin Ruoshi suddenly said, and looked somewhat exaggerated to restore the situation at that time, which was already dangerous enough, but by this exaggerated description of Lin Ruoshi, it looked even more dangerous.

‘Those bastards!’ Lin Hao’s face was as gloomy as water, to play the tower stealing game, didn’t they know that Lin Hao was the tower stealing professional?

‘Don’t listen to Shi, it’s actually not that dangerous, Xiao Bai has been secretly protecting me, at the critical moment Xiao Bai killed the other party with one move, it’s not as exaggerated as what Shi said.’ Ling Yun was afraid that Lin Hao would worry too much or send her back to China.

During this last period of time, there was no way Ling Yun would leave no matter what, even if it was just ? Love Serving Yi’er Love West Love’er? Even if she were to die, she would have to die in Lin Hao’s arms, that was her final destination.

‘Who is Xiao Bai?’ Lin Hao was a little surprised: ‘Is it a white haired dog? Or a nine-tailed fox or something?’

After all, it seemed that the ones called Xiao Bai were just these dogs, ah, foxes, right?

‘Who are you calling a dog! I’m the most famous Kou Bai Men in history, if you talk nonsense again I’ll tear your mouth off!’

A delicate voice descended from the sky, and with it fell an incomparably terrifying spiritual pressure, the terrifying power of the eighth grade early deity realm was revealed!

The corners of Lin Hao's mouth twitched fiercely, how fierce! How fierce!

It was true that the more beautiful a woman was, the more she couldn't be offended, just because the other party had such a fiery temper, she must be a big beautiful girl.

And Kou Baimun is also a well-known name in history, which many people are still familiar with.

Kou Baimen was one of the most famous people in the history of Jinling, and was one of the Eight Beauties of Qinhuai, who became famous in Jinling.

After Kou Baimen returned to Jinling, she was known as a warrior woman who 'built pavilions and gathered guests, and spent her days with literati, singing or crying, while sighing at the late age of beauty and contemplating the drifting of red beans'.

Although her stories and portraits have been passed down through the world, Lin Hao has never seen her in person, after all, it was during the Chongzhen period.

Not only that, she had even become an immortal slave under the Green Shirt Fairy, and was still a deity of the eighth grade at the early stage.

Born in the era of prostitution, but pure as white paper, she boarded the palanquin at the age of seventeen in heavy make-up, and then because of the change of dynasties, she rejoined the Golden Palace for her husband in exchange for ten thousand pounds.

Having a legendary life, she also left countless sobering and awe-inspiring stories.

Lin Hao coughed awkwardly, ‘So it’s Lady Bai, my apologies, I said the wrong thing just now, I apologise.’

‘You? Recognise me? It’s not right, you and I are not originally from the same era.’ Kou Baimen’s voice came slowly, full of doubt.

‘We have never met, but we do know you, after all, those legends of yours, the things you did in Jinling, have been passed down, only, aren’t you one of the Eight Beauties of Qin Huai, how come you have become the Thirteen Hairpin of Jinling again?’ This Lin Hao was very puzzled.

‘Not only me, Xiao Wan and Xiao Xiang, and Xiao Shi, are also the Thirteen Hairpin of the Golden Palace, His Holiness said, we have entered the Golden Palace, and all the past events are just clouds. From then on, His Holiness will not accept any more disciples.’

So that was it!

That Xiao Shi Lin Hao didn't remember who she was, but he knew the other two, Xiao Wan was definitely Dong Xiao Wan, and Xiao Xiang, wasn't that Liu Xiang Jun?

This green shirt was fortunate to be a woman, otherwise Lin Hao would have wanted to say: what a fucking game.

'Well, there's no need to associate me with that poor woman again, since I entered the Golden Mansion, I'm no longer her.' After saying that, Xiao Bai's voice dispersed and never appeared again, and whatever Lin Hao said, he no longer answered and had no intention of showing himself from the beginning to the end.

## Super Son-in-law Chapter 2547-2548

### Chapter 2547

Lin Hao was relieved to know that there was still a big brother helping out in secret, then he wouldn't be so worried, Qing Shirt still cared about this sister and had this big brother come over, I'm afraid it was just to protect Ling Yun.

This time when he came to Taig, Fairy Qing Shirt was so concerned, Lin Hao also began to feel uneasy, something that even Fairy Qing Shirt was nervous about, it was definitely a big deal, and no good!

Lin Hao asked Adika to hurry up and arrange accommodation for them, now he was recovered, but he was also tired enough, so he would have a good night's rest tonight, ready to come and steal a wave of towers from each other, surprisingly he wanted to rely on stealing Yin Ling Yun, Lin Hao would never tolerate it.

Let's be a gentleman for a day today and let this revenge overnight for a while.

Naturally, Adika didn't slow down and immediately started making the proper arrangements. As for the other side, the fleeing Anya ran into Siennes.

When Anja saw that Sainz had returned, and that he had been back for a long time, Anja was furious, 'Son of a bitch, I haven't even left yet, but you ran away first.

Anja cursed and hammered at Saints, causing Saints to scream in pain, wanting to fight back but not being able to, she was a woman after all, and the two sides were working together for the time being.

Anja noticed something was wrong after a while, but by now she had already made a pig's head out of him.

'What's going on with you? How did you get so badly wounded, is that little girl really that tricky?' Annelle knew that the little girl who could tear apart the void with her bare hands was definitely not a simple existence, but she didn't expect that Siennes was even more seriously injured than her.

'Don't even mention it, that little bitch is really tricky and fierce, she was able to manipulate all the power of the void and trapped me with spatial turbulence. It was so bad, in the void, the whole void was her domain, my domain was useless, you know, no one but the most powerful deity would dare to fight against the terrifying spatial turbulence.' With a swollen face, Siennes cursed, 'By the way, did you get it yet? I've got such a tricky little bitch in check, you couldn't even get rid of that kid, could you?'

Embarrassed, Annya said in an uncomfortable voice, ‘You couldn’t even handle an early sixth grade little girl, what’s so strange about me not being able to handle that late sixth grade guy?’

‘Whoa, whoa grass! You really couldn’t handle it? That little girl is a void power, so it doesn’t seem strange that I couldn’t handle her, but you’re an early eighth level deity, about to reach the middle eighth level, and you couldn’t handle that guy? Is it possible that you and Chen Bei Xuan have reached some kind of bullshit cooperation again, deliberately letting the water play me?’ Siennes cursed.

Annya also cursed in the same way, ‘Bullshit, what do you know, can he be a normal 6th ranked Illusionary Spirit Master? Have you ever seen a Sixth Grade Illusionary Spirit Master who can possess three spirit domains at the same time? The key is still able to trap me!’

Two great eighth-ranked deities were spitting at each other in fierce anger over their inability to defeat a sixth-ranked Illusionary Spirit Master, and those who didn’t know thought they were so proud of their inability to defeat a sixth-ranked Illusionary Spirit Master.

But this is all the normal operation of the Western Church!

They like to work hard, but when they get benefits, they are more active than anyone else, and when things go wrong, they first dump the blame on each other, then spit at each other to finish the job, shake hands and continue to work na.

The two of them, after spraying each other for a while, finally shut up and stopped talking about the matter, and then each went back to report that they had risked their lives to get a thorough understanding of Lin Hao and others, as long as he? The only way to get a clear picture of Lin Hao and the others is for them to join forces again. They will be able to finish Lin Hao off if they join forces again.

The two of them were not the only ones who had come here this time, there were also two mid-eighth class deities and dozens of seventh class angels and silver-clad crusaders, they had to finish Lin Hao off this time!

The other two eighth class deities scolded them on the spot and then reported the matter to their respective Patriarchs, but surprisingly, the two Patriarchs didn't seem to be angry, instead they seemed to have expected everything.

#### Chapter 2548

'If the Son of Heaven's Destiny was really so easy to deal with, would he have made it this far? If it were so easy to deal with, what would I need so many of you to do in the past? Find a way to continue to deal with them, also, there has been a huge movement on the side of the Underworld, and the forces in China that are at odds with it are among them, so be careful for me, don't let people use you as a gun, learn to use others as a gun.'

Hearing the words of the two godfathers, the men suddenly realised, brilliant! It was much more comfortable to use a sword to kill someone than to do it themselves.

Why did they have to do it themselves when they had nothing better to do? What a joke, it shouldn't be like that, it shouldn't be like that.

And with all the forces gathered here, that force within China and the forces of the Underworld were much more anxious than they were, and they wanted to get rid of Lin Hao and the others as soon as possible.

‘Damn, we must have been tricked and used as a gun, when we descended, the Soul Devouring Beasts were still there, and when we fought, they ran away first, those bastards.’ It was only at this time that Siennes and Ania also reacted, thinking that the Soul Devouring Beasts had followed suit and attacked, only for them to fight and for the other side to run away.

They just didn’t know that those Soul Devouring Beasts had later tried to steal a wave of towers, but unfortunately, they just didn’t succeed in doing so.

‘These bastards are actually using us as a gun! From today onwards, pay close attention to the movements of the three forces, keep an eye on them and don’t make any rash moves, let us be the guns, why shouldn’t we let the other side be our guns!’ Annya forced down her monstrous hatred for Lin Hao, being used made them even angrier.

Besides, Annie was to take revenge, just come by yourself at the critical moment, after all, revenge must be taken with your own hands, everyone wanted Lin Hao dead anyway, it didn’t matter who Lin Hao died in.

The situation here, as well as the movement of the Western Church, was also perfectly captured by Qin Bingyu, as long as they are active in the territory of Tege, every move will be accurately detected by Qin Bingyu, in this area, she is absolutely in control, even if she wants to investigate, a fly can’t escape!

‘The Western Church side has probably already reacted to being used by us, next, I’m afraid they won’t be so easily fooled.’ Ao Feng sighed helplessly, ‘I didn’t expect that that father and daughter would already be strong to these levels, two eighth grade early stage deities, and the fact that they came in their own right to no avail, we’ll have to deal with it more carefully.’

Qin Bingyu’s gaze was rather mocking as he looked at Ao Feng, hadn’t he just lost once at the hands of Lin Hao? How come he has become so fearful, hehe, he even said he was a big brother who had been famous for tens of thousands of years, but that’s all.

‘What does that look in your eyes mean?’ Ao Feng’s face instantly clouded over, having the feeling of being offended.

In reality, Ao Feng was laughing coldly in his heart: Oh, you vicious woman, using others as a gun, why can’t I put you? You’re not the only one who can use others as guns. The first thing you can do is to use them as guns.

‘The actual fact is that you will be able to get a lot more than just a few of these. After all, since the Western Church is not a good gun, isn’t there other guns available.’ Qin Bingyu smiled faintly, quickly reining in her mockery in her heart, after all, she had a huge gap in strength even with Ao Feng’s doppelganger, unless her Soul Devouring Beast Lord had become a great success, there would be no need to fear these guys anymore.

‘How do you mean by that?’ Ao Feng was very curious, what poisonous plan had this vicious woman come up with? According to Qin Bingyu’s intelligence, a group of Judges had already entered Tege territory, and this group was naturally heading for Lin Hao.

Obviously, the Underworld was more anxious to have Lin Hao killed than they were, but they weren't in much of a hurry, it didn't matter if they took their time, they could either wait for the Lord of the Soul Devouring Beast to become a great success, or wait for the Moon Wheel Fairy to break through the ban and leave the Moon Palace.

But the Hades didn't want to wait. After all, the Hades was so rich that there were 100,000 ghost soldiers under the command of Yama Law, and there were no less than a hundred Judges of the Deity realm alone.

### Chapter 2549

Qin Bingyu's solution is also very simple, that is to let the judge of the underworld as a gun and that's the end of the matter.

Ao Feng did not have any opinion on this, anyway, you should calculate who calculate who, who should do who, he is not bothered, anyway, do not calculate the old me.

Ao Feng's heart is also speechless, also fortunately this woman has people to calculate, otherwise it may have to calculate to my head.

The first thing that happened was that the woman had a lot of people who were counting on her, and she had sensed that something was wrong.

After all, in Qin Bingyu's opinion, she knew Lin Hao very well, and he was definitely a true villain with principles, who would take revenge on the spot and never overnight!

So once you mess with him, you will definitely get his revenge, he doesn't care how good you are, he will just fuck you anyway!

Therefore, they would rather mess with ten thousand true monarchs than mess with Lin Hao if they were not sure.

The more they thought about it, the more Qin Bingyu sensed that something was wrong, there was no way the other party was so calm!

'Little Soul, what's the situation in Tege Capital? Is there any movement from Lin Hao and the others?' Qin Bingyu couldn't even sleep soundly, she always felt that something was going to happen.

'There isn't any movement, Lin Hao and the others have been inside the State Lord's residence and haven't come out, but we were only able to scout and watch from afar around the State Lord's residence and didn't dare to get too close, the other side is a huge threat to the Soul Devouring Beasts, and that formation over their city is also making it extremely inconvenient for the Soul Devouring Beasts to move.' A hoarse and low voice rang out from the corner.

'Quickly, come with me immediately, don't alert Ao Feng, leave all your subordinates here, don't alert Ao Feng, let alone alert Ao Feng, I hope it's not too late, now go immediately immediately.' Hearing the Soul Devouring Beast's words, Qin Bingyu could only feel cold sweat breaking out and a chill running down his back, there must be a demon when something goes wrong!

There was no way Lin Hao was sleeping peacefully in the State Lord's residence without doing anything, he must be planning how to deal with him, and those Judges were also deliberating, even less likely to make a move on Lin Hao so soon, she had to run away!

If she didn't run she would be finished, right now she had no chance of winning against Lin Hao at all, anyway, she was used to pitting the old Dragon King, so she would just concentrate on pitting him for a wave and let him stay behind to fend off Lin Hao.

After all, His Holiness had told Qin Bingyu that this Ao Feng wasn't a good bird either, he was really a coward, but his stomach was also full of bad things.

The Soul Devouring Beast that received the order immediately began to release its power, wrapping both of them in it and then turning into a wisp of one of the thousands of Yin Qi, drifting out quickly with these Yin and Fury Qi, not attracting anyone's attention at all.

The existence of the Soul Devouring Beast on the day of its great success, which is an extreme headache even for deities, is because of its ability to devour souls along with this godless means of concealment, which cannot even detect where the other party is, let alone fight them.

Ao Feng was already careful enough, and was even more wary of Qin Bingyu in every way, but this ten-thousand year old loach, who never thought that he would be pitted by Qin Bingyu again and again, sold him out without hesitation.

The next morning, at dawn, Lin Hao woke up early to make a breakfast for his daughter and Ling Yun, finishing it just before 6am.

At this time the living Buddha of Tege also came over, this is a big fat man with a big fat head and ears, like the Maitreya Buddha smiling very comically, precisely because of his strong strength, plus this ? Wu dyed closed Shandi Shan zero Wu ? image, that is why he is revered as the living Buddha in the world by the people of Tege.

‘The two masters, the poor monk has checked out all the information you need, and this is the most accurate information. If you filter it according to your way, these are the only three places that appear to be the most normal, yet leak weirdness everywhere, and if it wasn’t for this investigation, no one would have focused on these places at all.’ Tiger Living Buddha handed Lin Hao the three suspicious maps, as well as their locations.

#### Chapter 2550

‘Please.’ Lin Hao took one look at it and handed it to Lin Ruoshi, wanting to steal the home unnoticed, he had to rely on Lin Ruoshi to leave from the void so as not to cause the other party to react in advance.

The other side still found out, even though the action was very stealthy, plus Qin Bing ? Love whisking grasshopper Shanxi er dye closed ? Rain calculates people all day long, himself is even more suspicious people, directly early run away.

The soul devouring beast informed Qin Bingyu when he was halfway through his run: ‘Xiao Yu, I felt it, around that compound of ours, it did attract the attention of the Tege Illusionist, although it quickly left, and the compound we were rushing to, also seemed to be watched.’

‘All the quarters can’t be visited.’ Qin Bingyu didn’t care if it was the other side investigating, but even the slightest hint of it she couldn’t gamble on it, she was more life conscious than any of them, the only way he could truly complete his ambitious career was to stay alive.

But the point is, if she leaves the territory of Tege with the Soul Eater, then the Soul Eater loses control and knowledge of the situation in Tege.

But if she left and the Soul Eater stayed, she would also become blind, so they had to stay in Taig!

‘In that case, let’s have a game of hide and seek with them, go, go to the nearest big city, sneak straight into the big city and start expanding recklessly, I’d like to see if he, Lin Hao, can see that.’ The corners of Qin Bingyu’s mouth rose slightly, while the Soul Devouring Beast under his crotch quickly changed its fleeing direction and darted towards the nearest Wuge City.

This time, Qin Bingyu was lucky, and with the soul-devouring beast’s uncanny ability, he was able to know every move of everyone in all the areas within his Yin Qi envelope, as long as he wanted to know.

However, because of the incomparably wide range, he had to check the fluctuations and records of Yin Qi around him if he wanted to know what was going on in other places.

To put it bluntly, it was as if he was a pervasive camera in the whole of Taig, whenever he wanted to check any place for a period of time, he would just turn the records over and be done with it, I have to say, this operation and ability was a real riot.

Lin Hao and Ling Yun were already moving, Lin Ruoshi was in charge of tearing a spatial rift directly from within the room of the State Lord's residence, diving in head first, and after a period of crossing over, quickly appearing over one of their strongholds, Lin Hao almost didn't say a word, he just attacked!

'Xiao Yu, as expected you guessed right, they are here and are attacking stronghold number three, did you inform Ao Feng of stronghold number two?'

As soon as Lin Hao started his attack on the stronghold, the Soul Devouring Beast's side immediately sensed something and discovered Lin Hao's trail of them.

'What's the point of telling him? Wouldn't it be nice to let him take the fall for us? Let your little brothers, all of them, frame him and confuse Lin Hao,' Qin Bingyu sneered, if he wasn't one of his own, what was the point of keeping him, if he could pit him, even if he had that little effect.

Soon! The soul-devouring beast told Qin Bingyu that stronghold number three was ruined, and it wasn't long before Lin Hao started appearing at stronghold number one again and started attacking like crazy.

After hearing the Soul Devouring Beast's report, Qin Bingyu couldn't help but laugh out loud, 'Do you think that guy is really unlucky, or is he just unlucky? There were three strongholds in total, and two of them were hit perfectly avoiding the real strongholds, talent.'

Lin Hao on this side of the first stronghold was already completely furious, damn it, the three most suspicious locations, but there was no trace of the person behind the curtain, and this action must have alerted the other side, there was no way he would continue to wait for himself in the same place.

Lin Hao was considering the third location, would he still go there or not?

After taking out two strongholds, there wasn't a single character that could make it to the top, not even a monster of the sixth realm!

Over at the second stronghold, Ao Feng Dragon King was ready to go and meet Qin Bingyu, his eyelids kept beating wildly, he always felt that something bad was about to happen.

All the sixth rank realm Soul Devouring Beasts in the stronghold, and even quite a few seventh rank ones, saluted respectfully, 'Greetings, Dragon King Ao Feng!'
