

Super Son-in-law Chapter 2551-2560

Chapter 2551

‘Good, good.’ Ao Feng was extremely puzzled in his heart, he had really seen a ghost today, what was going on?

In normal days, these monsters wouldn’t even give him a glance, but now they were so polite and courteous?

‘I’m looking for your commander Qin Bingyu for something.’ The Ao Feng Dragon King spoke indifferently.

Only as soon as Ao Feng Dragon King’s words had fallen, he suddenly felt an extremely familiar and so terrifying sword Qi was hurtling towards him, so fast that he could not even dodge!

‘Damn, the enemy is attacking, quickly protect the Grand Commander!’ The Soul Devouring Beasts let out a furious cry and lunged forward one after another, using their bodies to block the attack for Ao Feng.

Lin Hao had finally arrived!

After thinking about it, he had finished fighting two of them, there was no reason not to go for the third one, even if it was a pounce, it didn't matter, he had to have a beginning and an end.

After all, there were no less than ten seventh level Soul Devourers here, and dozens of sixth level Soul Devourers, and the key was that Ao Feng's doppelganger was here.

This is definitely their final command!

'Cigarettes and melon seeds, eight treasure porridge, beer and drinks, mineral water, come on, the front put your feet up!'

'Hey, isn't this Old King? No? Er Wu Di Di Er Ai Wu Yi? Isn't this Lao Long? What the hell, what a coincidence, still don't remember?' Lin Hao teased Ao Feng in amusement.

This girl really didn't grow a memory, last time she planned the Tianhai attack plan, causing the Vermilion Bird Group to suffer heavy losses, and even more so, causing a considerable impact on Tianhai City.

I didn't expect that the other side had switched to the Tigers, but they still control so many soul-devouring beasts, and it's true that people who want to die can't be stopped.

The corners of Ao Feng's mouth twitched as he turned around in embarrassment and looked at Lin Hao helplessly. He, Ao Feng, even if he was stupid, understood that he had let that vicious woman get the best of him again.

However, before Ao Feng could say anything, the Soul Devouring Beast next to him suddenly roared out.

‘Protect His Highness the Dragon King! Roar!’

Countless Soul Devouring Beasts pounced up and used their bodies to block Lin Hao’s sword, and that middle rank seven Soul Devouring Beast, which was even the strongest Soul Devouring Beast here, instantly roared out to protect the Dragon King.

Hundreds of Soul Devouring Beasts throughout the village rushed over like mad, and one by one, those Soul Devouring Beasts tore through the villagers’ bodies and rushed out.

It turned out that the Soul Devouring Beasts had burrowed into the villagers’ bodies, disguising that this village was just normal.

‘Still saying it wasn’t you?’ Lin Hao’s face was filled with mockery, the sword he had just wielded had instantly made countless Soul Devouring Beasts go up in smoke, after all, the strongest Soul Devouring Beasts here were only in the middle of the seventh grade, his sword qi even had the strongest restraining effect on this Yin Evil, was the divine tattoo enchantment a joke?

‘Get the hell out of here!’ Ao Feng was furious and exploded, directly sending the Soul Devouring Beasts around him flying out of the room, his eighth grade early stage deity aura showing through.

‘Damn it, let you set me up, let you trap me, I’ll kill you bastards!’ Ao Feng was completely mad, he didn’t care about the sharp sword qi that came at him, directly piercing his arm, he didn’t care about his pierced arm, allowing its extreme sword power to rage within his arm wound, while he went crazy and tore into these Soul Devouring Beasts. But

But these soul-devouring beasts still shouted and rushed up to constantly protect him with their bodies, but it looked as if all of these soul-devouring beasts, of their own accord, ran over to die and give it to Ao Feng to kill.

‘Dad, have they gone crazy?’ Lin Ruoshi’s tiny face was greatly puzzled when she saw this scene.

How could these bad guys fight with their own people by themselves? And it was clear that those monsters were going to protect him, so how did he go and fight with these monsters instead?

These levels of soul-devouring beasts were simply a one-sided massacre when facing Ao Feng’s Dragon King.

Lin Hao was dumbfounded by Ao Feng’s unusual action, but he didn’t continue his attack, after all, a dog bites a dog, he was happy to watch the hilarity, and even leisurely took out three small benches from his consciousness space, one for each of them, and sat down in the airspace, neatly crossing his legs, one grabbing a handful of melon seeds and beer and drinks, everything was available, he was really an incomparable qualified crowd of melon eaters.

When Ao Feng saw what Lin Hao and the others were doing, he almost vomited blood, 'No, do you guys need to be so neatly equipped? Look at your stomach-ache-inducing movements, you must have done a lot of such unethical things!

But what could Ao Feng do? He was desperate too!

He knew Lin Hao's character better than anyone else, and Lin Yun was almost in trouble, and even if he hadn't been in trouble, he would not have been able to get away with it.

If he wants to keep this doppelganger of his, it will depend on his performance, he can never let this doppelganger of his be destroyed, absolutely not!

'This old thing is going crazy, he's frantically slaughtering my little brother, Xiao Yu, what now? How about letting my little brother withdraw, this is a rather important resource, I'll be weak for a while if I destroy it all but don't achieve my goal.' Within the slums of Wuge City, the Soul Devouring Beast cursed out in anger.

This old thing, to not go against Lin Hao and instead fuck his men regardless, wasn't that insane?

'There is a give and take, abandon it, even if you run, you can't get away, you haven't become the Lord of the Soul Devouring Beast, a bilocation can't have your abilities, much less any bilocation, which can be the extent of the original, just disguise it as much as possible, it's best to just let them believe it.' Qin Bingyu shook her head gently, quite helpless at this, she

was how she did not expect that the old dragon king would be so abject as to not even bother to run away, directly laying a deadly hand on her men.

Ao Feng can run if he wants to, but it's useless, he doesn't dare to take any chances, and he's completely furious at what Qin Bingyu has done.

Qin Bingyu is so vicious, he doesn't want to continue dealing with it, so why not take this opportunity to instead pull in a relationship with Lin Hao's side, after all, he has a son as a pivot to turn the relationship around.

The situation had now become more and more complicated and had gone beyond what he could have expected.

But the other side also seemed to be determined to trap him, even if they lost so many Soul Devouring Beasts, just to trap him.

So no matter how much Ao Feng killed, these Soul Devouring Beasts all shouted to go up and protect him, without the slightest intention to resist.

‘Little Shi, was the show good? Look how hard they're performing.’ Lin Hao asked Lin Ruoshi with a smile, passing a small biscuit to Lin Ruoshi in passing.

Lin Ruoshi stuffed the biscuit into her mouth and asked in a slurred voice, ‘What good show? They were fighting pretty hard, but there was nothing to see.’

Lin Hao smiled and didn't say anything. It wasn't surprising at all that Lin Ruoshi couldn't understand such a complicated issue, was it?

But Lin Hao had already sensed the crux of the problem, Qin Bingyu was the real person behind the scenes, this Ao Feng was the poor kid being pitched.

Lin Hao knew that probably when he attacked one of the suspicious locations, the other party might have sensed to run away, how cunning Qin Bingyu was, Lin Hao knew it well, from the time he had confronted the Qin family until now, he had barely touched Lin Hao head on, yet there was her shadow everywhere.

Moreover, when Qin Yuan was around, she was just a nobody, an insignificant existence, but now she had climbed to such a level, and she was still a woman, so her methods were naturally as clever as they could be.

Ling Yun pour? The fact that the woman's name is not a part of the story is not a part of the story. is a little puzzled: 'I see the old loach's appearance, but it does not look like an act.'

'He's not acting, it's those soul-devouring beasts that are acting him.' Lin Hao couldn't help but laugh, 'The biggest crack is, if this guy is really the one controlling behind the scenes, why can't he control these soul-devouring beasts? We've been tricked by that woman again, and this old loach is a scapegoat, a professional backstabber.'

Hearing Lin Hao say this, Ling Yun also suddenly realized, 'This woman, Qin Bingyu, really shouldn't be underestimated, she has to be solved as soon as possible, otherwise it will eventually become a big problem and will cause a huge obstacle to your future path.'

Super Son-in-law Chapter 2553-2554

Chapter 2553

'I know, we have to finish her off this time no matter what, lest we invite more trouble.' Lin Hao also felt it, this Qin Bingyu deserved to die.

'Damn it, you fucking knew and didn't say anything! You're happy watching me hawk these monsters are you?' Ao Feng, however, exploded, you saw it early? Then why did I keep acting for half a day? You definitely did it on purpose!

'Since you know it was that evil woman who did this, then this matter has nothing to do with me, you can't blame me.' Ao Feng hurriedly set aside the relationship, if the situation was not right, he would just run away.

'What matter has nothing to do with you?' Lin Hao looked puzzled.

'It's just that Spirit didn't, I was passing by, you know, I hate these monsters the most, I passed by and cleaned up a bit, but I didn't expect that vicious woman to act me, did she provoke you? Don't worry, I'll take care of her for you!' Ao Feng reacted and hurriedly changed his mouth, did the other party still not know about this?

'Oh, how about funny? This matter is definitely unrelated to you even if you didn't do it, don't you dare put aside that nook and cranny to act it out.' Lin Hao was really

convinced by this old thing, his reaction was really fast, and his skill of shaking off the pot was also practiced to the level of perfection, one word, smooth!

‘It’s really none of my business, really, I’m not lying to you, it was all done by that Qin Bingyu, I swear.’ Ao Feng swore that he really didn’t panic, but if he really had to do the math, he really couldn’t get away with it.

‘No need for you to swear, your oaths are too cheap, something whole and useful, otherwise I wouldn’t have drawn your son’s dragon tendons for a belt, your dragon tendons should be more dignified as a belt.’ After Lin Hao finished speaking, the Heavenly Sin Sword seemed to sense, and with a swish, it blossomed into a huge aura, the guard hand was in the shape of a phoenix spreading its wings, and the fire of Nirvana was burning and surging on the Heavenly Sin Sword.

A threat, a blatant threat!

But so what if I threaten you? The initiative was simply not in Ao Feng’s hands.

Ao Feng naturally knew this, and without any nonsense, he told all of Qin Bingyu’s plans, including that in Flower City, while those guys from the Western Church were dealing with their father and daughter, she dispatched the Soul Devouring Beast to make a tentative attack, trying to steal the home, and was disliked by the White Heroine when she failed to do so.

And the Western Church is also starting to notice the situation, they are also starting to wait and see, also want to sit on the mountain and watch the tiger fight, should not take

the initiative against Lin Hao in a short time? Yi Zha'er Ai Serve Dye Serve Yi? And Qin Bingyu also meant the same thing.

But dozens of Judges from the Underworld have already entered Tege territory, and they are about to make a move against Lin Hao, so obviously the Underworld side, more than anyone else, is in a hurry.

Ao Feng didn't hide a single thing: 'Really, that's all I know, and there are many things that she won't let me get involved in, apparently she's guarding against me.'

'You say you, you're at least the Lord of the Dragon Clan, how do you think you've mixed up like this? Even a woman of less than thirty can fool you around ah.' Lin Hao was also looking at Ao Feng with amusement, real miserable. When Ao Feng saw that Lin Hao still didn't relent, he hurriedly told Lin Hao again that those Judges who came out of the Underworld were all the doppelgangers of those Judges, and their combat power was simply inferior to that of their original doppelgangers, and although they did their best to transfer their original doppelganger's power to their doppelganger, their combat power was still inferior to that of their original doppelganger.

Although they gave all their strength to their doppelgangers, they were still no match for their doppelgangers. Their doppelgangers could not cross the Nine Underworlds River to descend to earth, only their doppelgangers could, and their doppelgangers had to pay a heavy price.

After this, whether they won or lost, their realm would plummet by two realms, from eighth-class deity to sixth-class illusionist.

To put it bluntly, this is to give Lin Hao a bottom, so that Lin Hao does not have to panic so much.

To use an analogy, if Lin Hao faced an early eighth-ranked deity in person, he would only be able to use small means to scare the other party away, whereas if the other party was only an early eighth-ranked doppelganger, then Lin Hao would not only be able to beat them, but might even be able to destroy them.

But it was still tricky, for the Green-banded Judge was an early eighth-class deity, and the Purple-banded Judge was even at the mid-eighth-class level, so even if the doppelganger was not as fierce as the main body, it was still fierce.

Chapter 2554

However, Lin Hao still did not make any remarks.

Ao Feng was anxious, 'Damn, Lin Hao, don't go too far, my son is still your brother! If you really piss me off, my daddy will break out of the East Sea even if I have to pay the price, and you may not be able to bear the consequences! What the hell do you want! What do you want?'

'It's not like you said so, I didn't want to make things difficult for you, it's the Fountainhead.' Lin Hao laughed for a moment, was this Ao Feng too much of a coward? Or rather, this Ao Feng was a little too concerned about his doppelganger, even though this doppelganger was the only doppelganger and was incredibly precious, it still made Lin Hao feel that something wasn't right.

Even, an immature idea and speculation had sprung up in Lin Hao's mind, ?
Fuyisanzai Ai Fuyisilu? That was why Lin Hao dared to blackmail him so recklessly.

'The actual fact is that you'll be able to get a lot more than just a few of these. I don't have a fucking relationship with Old King, call me Old Ao, Old Feng.'

Ao Feng had a frantic look on his face.

Let him say it?

He had said everything he needed to say!

And he had betrayed Qin Bingyu to the hilt, what else did he want?

Did he say, attitude?

'Good! I, Ao Feng, hereby swear with my dao heart that these bastards have dared to hurt my senior brother Lin's friend, then I, Ao Feng, absolutely cannot sit idly by and do nothing, I hereby swear that from today onwards, I will aim to kill all the Soul Devouring Beasts and exterminate Qin Bingyu with my own hands, regardless of the cost!' Ao Feng gritted his teeth and directly swore an oath, completely breaking with Qin Bingyu and the Moon Palace!

‘Crap, this old loach is fucking crazy! He’s completely broken with us, it can’t be, just for this matter, he’s doing this?’ The Soul Devouring Beast closely monitored everything at the scene, and soon, he found that all the Soul Devouring Beasts over there were all killed by Ao Feng, and all the surrounding Yin Qi was completely dispersed, leaving the Soul Devouring Beast’s original daddy no way to continue to learn the information over there as well.

‘Oh, I probably understand, no wonder this Ao Feng is such a wimp, one is trying to meticulously do something big, on the one hand my guess is that it wasn’t Ao Feng’s Dharma body at all, but a deliberately weakened disguised djinn! Go find a way to pass this news to Lin Hao, if he wants to play, then we’ll just play with him.’ Qin Bingyu laughed coldly, not expecting to pit Ao Feng this time.

This bastard didn’t even hesitate to sell her out completely, crisp and decisive, he was also a ruthless person.

But she, Qin Bingyu, wasn’t a vegetarian either!

‘Alright, I’ll go and arrange it now, this old thing, don’t think twice about it.’ The Soul Devouring Beast immediately began to pass the message to the nearby bilocation minions, as long as they could reach Lin Hao, they could immediately pass this message to Lin Hao.

Back on Lin Hao’s side.

Lin Hao put on a helpless face, ‘Hey, Old Wang ah, no, old brother ah, why are you doing this, isn’t this making it difficult for you, you revealed their secret to me, I’m already very unforgiving, look at you this this is not good ah, alas, forget it, old brother wants to help, the generosity is unbearable, I I will reluctantly agree to it, old brother you have to be careful ah.’

You can't do it!

Ao Feng almost couldn't resist giving Lin Hao a hammer blow on the spot, what the hell do you want to hear is me taking this oath?

Now you're here to pretend you're not!

Ao Feng said with a smile on his face, 'Oh, I should, I should, this is what I should do for Elder Brother Lin, Elder Brother Lin need not take it to heart.'

'Then there's nothing to do, old brother I'll go and exterminate those bastard calves first.' Ao Feng didn't wait for Lin Hao to reply after he finished speaking, he turned around and left.

He was afraid that if he stayed here and gave Lin Hao a couple of more blows, he was afraid that he wouldn't be able to resist a complete rampage and hammer Lin Hao in anger, then his plan would be all for naught.

Looking at Ao Feng, who had fled, Lin Hao had no intention of stopping him.

'Lin Hao, will this old loach really do what he says? Although it's an oath with a dao heart, I always feel that it's not that simple.' Ling Yun obviously didn't believe much in the oath Ao Feng had just made.

‘Nonsense, of course it’s not that simple, look at him, he swore a complete and beautiful oath, but in reality he didn’t say much time at all, even if he takes out a Soul Devouring Beast doppelganger a day, then he didn’t really break the oath, he just wanted to find a chance to run away, but no matter what, they’re definitely broken up, let them dog bite dog.’ Lin Hao was amused, he had just known that the other party was still playing word games, but Lin Hao didn’t bother to reveal it.

Super Son-in-law Chapter 2555-2556

Chapter 2555

After he had that guess in his heart, he was also afraid that if he really pushed this old thing into a frenzy and directly stormed out, he wouldn’t be able to carry it.

Hearing Lin Hao say this, he had obviously found out long ago but did not stop it, so there must be Lin Hao’s own calculations, but Ling Yun’s willow brows were slightly knitted, she always felt that this matter was not simple: ‘Lin Hao, I feel so strange, this Ao Feng is not this character at all, even if he was beaten by you with a large psychological shadow area, he should not be goaded into this state, ah, this guy is not right. I always feel like, are we overlooking something.’

‘Right? You all sense that something’s wrong, don’t you? Actually, I do too.’ Lin Hao was just about to say the answer when a Soul Devourer rushed over.

Lin Hao raised his hand and was about to exterminate it, while the other party shouted violently, ‘Ao Feng is a traitor! And this doppelganger of his isn’t a doppelganger at all, it’s his original doppelganger! He’s a split body pretending to stay in the East Sea as his original body to hide from the world!’

Boom!

After that Soul Eater roared, it didn't even need Lin Hao to do anything, it just exploded.

Lin Hao shrugged, 'See, it helped me out with the answer.'

'He's abashed not because he can't afford to play, but because he doesn't dare to play, and most likely has bigger plans and plots waiting for us.'

Ling Yun woke up like a dream, and it dawned on her that if that wasn't a doppelganger, but Ao Feng's original doppelganger, then it all made sense.

'He's really bold, to dare to play like that, it's also impressive. And really, you've got it right, now they've started fighting each other internally, so we'll just watch the good show next?' Ling Yun admired Lin Hao, this time, although he didn't deal with Ao Feng, he had directly held both Ao Feng and Qin Bingyu in check.

'It's not that easy, do you think those two Western Clerics are vegetarians, and those Judges in the Underworld are no joke either!' Lin Hao was helpless, 'Let's go, let's go back first and discuss it, next besides dealing with these Judges of the Underworld, we also have to deal with the Soul Devouring Beasts rampaging in Tege territory.'

Ling Yun nodded gently, and with a wave of her hand, Lin Ruoshi tore open the space, and the three of them once again entered the void space, running quickly towards Flower City.

At this moment, outside Flower City, seventeen Judges had already gathered!

And Xiao Bai in Flower City was furious, these few bastards, ah, sneaking out, she didn't follow them at all, fortunately the other sisters were distributed throughout the territory of Tege, and after getting the movement, they immediately rushed towards Lin Hao's side.

When the other 13 sisters arrived at Lin Hao's location, Lin Hao had slipped away again!

Who the hell can stand that? Who could find him?

The next time they must be warned, they will be in trouble if they do this again. Dye Xixi Lu Zhaoyan whisk steak? The bodyguard was lost, so what's the point of protecting?

At this time, the thirteen Judges gathered outside the Flower City, the highest is a rate with Judges, is the peak realm of the seventh grade Illusionary Spirit Master, the rest are all seventh grade realm, but also gathered hundreds of meditation soldiers.

After all, apart from the Judges who can cross the River Styx with their own bodies, no one else can get out at all. That is why they keep preaching that death is eternal life, that it is the liberation of everything, and in fact, they are here to develop a team to cause trouble.

However, because these soldiers are now looking for them, even though they have made a lot of efforts, they have not been able to raise their realm much, they can only do some work as a facade, but they are useless in combat, after all, among these soldiers, there are very few third-class illusionary spirit masters!

‘Son of Heaven’s Destiny Lin Hao! Green Belt Judge Qin Cheng asks for a fight, dare to fight me!’ The leader of these men, Green-belted Magistrate Qin Cheng, rose up to the sky, his black Magistrate’s robe hunting, the Book of Life and Death in one hand, the Magistrate’s Pen in the other, and the belt around his waist was blindingly green.

It was really green! Those who didn’t know would think that this Judge’s wife was umming and ahing with someone else.

‘Get lost!’

With a delicate shout, a silver light came from the direction of the City Lord’s residence.

Chapter 2556

‘Not good, protect me!’ Qin Cheng was shocked, the strength of this attack was already at the level of a deity, how could there be a female deity in here?

They had investigated clearly, there were no seventh grade Illusionary Spirit Masters within Tege, let alone deities!

Boom!

The silver hairpin turned into a cold blast that knocked Qin Cheng back, spitting out a mouthful of pitch-black blood. There were several Red and Orange Belt Judges beside him to help fend it off, but as a result, several of them were badly injured.

At that moment, a spatial rift suddenly opened up in the State Lord's residence, and Lin Hao and the three of them walked out of the rift.

It so happened that they heard Qin Cheng's farting words, as well as Lady White's furious, petulant shout.

Lin Hao couldn't help but shrink his neck and turned his head towards the spatial rift that was about to heal.

As soon as he heard it, he knew that the White Heroine was in a state of rage, so don't mess with her even if you want to, so hurry up and slip away.

The first time I saw Lin Hao's frightened look, Ling Yun also felt quite like, after all, what does Bai have to be afraid of, to be scared like this.

But soon, Ling Yun knew, as far as, really as far as!

A white light arrived in an instant, and a slender jade hand yanked Lin Hao, who was about to slip into the spatial rift, out with a vengeance!

‘You still want to run! None of you will be able to escape today!’ The White Heroine’s face was filled with a warm and angry look.

This was the first time Ling Yun had seen Xiao Bai so angry, and was so scared that she couldn’t help but take two steps back as well, ready to bolt.

‘And you Ling Yun, stop right there!’ The White Warrior immediately spotted Ling Yun, who was ready to sneak away, and couldn’t help but let out an angry shout.

Ling Yun shrank in fear, ‘Little White, you, you dare to be mean to me, believe it or not, I will tell my sister to go.’

‘It’s useless to tell anyone! Look what you’ve done! Don’t take us with you even if you want to play with yourselves to death, okay?’ The White Heroine was furious, you don’t play like this.

He was like the top leader of a certain country, who took pleasure in getting rid of his bodyguards, and the key was that this guy had offended a whole bunch of people, and his bodyguards were simply suffering, either looking for their employers or on their way to them.

And how similar was that man's situation to them guys!

Lin Hao looked at the White Woman with curiosity, this was also the first time he had seen the White Woman in real life, the living legendary woman ah.

The White Heroine herself was very different from the portraits that had been passed down, she was even more beautiful in person than the portraits, and had more temperament, probably because she had followed the Fairy of the Green Shirt, and her temperament, too, carried an aura of spirituality, or fairy aura.

She is really a washed-up, transcendent woman.

The White Warrior is dressed in white, her hair is like clouds, her face is beautiful, and she carries a heroic aura, and her body has a valiant and heroic posture that is not inferior to that of a man.

But at the moment, the White Warrior was glaring at them with anger on her face, and by the look of her face, she seemed to be on the verge of a rampage, and could beat them up in a minute.

'We've only been out for a while, what's wrong? To make Lady White so angry that you, who never shows her face, have come out?' Lin Hao was a bit puzzled.

And the commotion here was not small, but it made many people curiously poke their heads out to watch, yet they were a bit afraid to watch the commotion as if it was too obvious, obviously before Lin Hao came back, the White Heroine had probably already had an outburst.

‘You guys aren’t the ones who made me this angry! It wasn’t just me! Now all my other sisters are completely pissed off at you!’ White Woman scolded.

Telling Lin Hao that when Lin Hao went to deal with the other side’s third stronghold, he immediately caught the attention of nearby Xiao Shi, who rushed there in flames, while the others also knew that Lin Hao had lost them, and White Woman almost didn’t blow up then? The Chassie Yi dyed Shan served Lu Pao? The woman was so upset that they had slipped out from under her nose and run away to do something thousands of miles away.

What’s worse, when Xiao Shi ran over, she found that Lin Hao was long gone, leaving only a mess.

Then on the other side, Xiao Lin sent a message that there was Spirit Rhyme’s scent over there, as well as the commotion Lin Hao had made.

Super Son-in-law Chapter 2557-2558

Chapter 2557

Hey, yes, Xiao Lin ran over and Lin Hao was already running from the first stronghold to the second.

The rest of their sisters were farther away from the second stronghold, so they had to let Xiao Xiangjun, who was the strongest and closer, run over there.

When Xiao Xiangjun arrived at the second stronghold, it was still a mess, and Lin Hao and the others were already on their way.

They were so angry that they heard the commotion as soon as Lin Hao came out.

‘Xiao Bai, don’t be angry, we’re fine, and we’ve kept the trouble away, now they’re probably biting each other.’ Ling Yun hurriedly explained, they had done a great job.

However, the White Warrior didn’t care about that at all, but said in a cold voice, ‘This has nothing to do with us! Ling Yun, I’m warning you, you’re your majesty? Steak Servant Closed Fuzzy West Fuzzy Wu’s sister, yes! But this time is different, even His Holiness will not let you have your way! You were not allowed to come, but you came anyway! But if you do so again, we will take you back to the Golden House immediately, regardless of the circumstances!’

As soon as she heard that she was going to be returned to the Golden Mansion, Ling Yun didn’t dare to say anything else, she knew that her sister was serious this time and that they must have been given a deadly order.

Lin Hao was also shocked, how much importance the Fairy of the Green Shirt attached to this trip to Tege, and through the conversation of the White Lady, she could tell that at least four of the thirteen hairpin were in Tege, at least as far as was known, including the White Lady of course.

What Lin Hao didn’t know was that it wasn’t as simple as four, but that all thirteen hairpin were out in force, scattered all over Taiga in case of any misfortune.

The 13 hairpins had killed more than two-thirds of the dozens of Judges who had flocked here, otherwise how could they have been the only ones to provoke the Flower City?

Lin Hao hurriedly came out to round up the situation: 'White warrior woman don't be like this, from now on we will all take you with us won't we, next time will not be an exception, next time will not be an exception.'

'And you're so secretive and don't show up, it's no good to call out to you when we leave.' Lin Hao finished without waiting for the other party to say anything and hurriedly changed the subject, 'By the way, what's the situation outside? The people from the Underworld have arrived so quickly?'

'You can deal with it yourself, the eighth grade mid and late stage Judges, all of them were stopped by our sisters and couldn't reach here, the rest are yours to deal with, as for that group of trash outside, you're on your own.' The White Heroine's anger subsided quite a bit, but not completely, and turned to leave, dissipating her form once more.

Lin Hao drew a cold breath backwards, this Thirteen Hairpin was really fierce! How could they stop all of the eighth grade mid and eighth grade late Judges?

Even if these Judges were only doppelgangers, but if you do some preliminary calculations, the late eighth rank Judges were at least equivalent to the combat power of the mid eighth rank Judges themselves, right? It couldn't be too much worse.

Lin Hao couldn't help but be curious: 'Ling Yun, what is the level of these 13 hairpins? Are they that ruthless? They could stop all the eighth grade mid to late stage Judges' doppelgangers!'

Ling Yun shook her head, 'Ruthless is really ruthless, but these thirteen sisters' realms are actually not as exaggerated as you think, they are all at the late seventh to mid-eighth level, only Xiao Bai and Xiao Shi are at the early eighth level, and Xiao Wan and Xiao Xiang Jun are at the mid-eighth level.'

'But then, all thirteen of them have unique techniques taught by my sister, so they all have their own means, and it's no problem at all to challenge beyond a small realm, let alone just a group of doppelgangers.'

Lin Hao suddenly realized, so that was the case, they had come in their original form, even if they were facing the Judge's original form they were still able to cross a small level, the peak of the seventh rank could dislike the person's early eighth rank original form, then if they were split bodies, even the middle eighth rank would be able to stop them.

'Green Belt Magistrate Qin Cheng requests to fight! Lin Hao you are the son of Heaven's Destiny, but you are a coward and a waste! What kind of skill is hiding behind a woman! Dare to come out and fight me! Come on!' Qin Cheng continued to shout.

Chapter 2558

There was no way out, there was not a single higher level judge in sight, and there was an early eighth level deity powerhouse on the other side, so they had to break in? Then they reckoned that this group of people really wasn't enough, he was only a peak seventh grade Illusionary Spirit Master, or a diversion.

As long as Lin Hao answered the battle, as for how to concoct it, that was their business.

Lin Hao moved his body, bones crackling all over his body, 'Ling Yun, please cook a meal, Xiao Shi go help in the kitchen, I'll go clean up this bunch of little trash.'

'It's alright, I should do it, you can play a little longer.' Ling Yun smiled lightly and pulled Ling Yun towards the kitchen.

And the people of Flower City were wondering, was Lin Hao afraid? The other side was strong one and all, even the Living Buddha couldn't speak and was as big as the great terror that came out of the underworld.

Even the woman in white was just chiding the other side but didn't dare to answer the battle, and the people began to panic.

After all, they didn't know much about the realm of Illusionary Spirit Masters, and those Illusionary Spirit Masters in Flower City had basically never seen an Illusionary Spirit Master above the seventh rank, so it was hard to judge who was actually a little stronger. The key was that there were many strong people over there, ah, thirteen existences beyond the sixth rank of Illusionary Spirit Masters, so not only the ordinary people panicked, even the Illusionary Spirit Masters within Flower City panicked.

‘Lin Hao, you don’t deserve to be called the Son of Heaven’s Destiny, you coward!’ Qin Cheng continued to shout, his voice deafening and resonating throughout every corner of Flower City.

This time, however, Lin Hao responded.

As Qin Cheng’s words fell, Lin Hao’s unsalty voice rang out, appearing somewhat breathless, or rather unable to raise any interest: ‘Just you guys are also worthy of

Lin Hao took a step out and went straight from the State Lord’s residence to the air at the edge of Flower City.

‘It’s our hero who has struck!’

‘Our hero never fears!’

‘He is our patron saint forever!’

The people of Flower City were abuzz with cheers, and at this moment, the not so strong body above the void, which even looked a little thin, was so magnificent in the eyes of the people of Flower City that it was comparable to an uncrossable mountain!

‘Who are you cursing!’ Qin Cheng was bursting with rage, you dare to be arrogant even for a tiny sixth rank late stage Illusionary Spirit Master, who gave you the courage? Did the status of the Son of Heaven’s Destiny give you the courage?

Of course, they had misinformation and had no idea of Lin Hao’s true combat power, instinctively judging by Lin Hao’s realm.

This was also Qin Bingyu’s intention, even if he couldn’t kill Lin Hao, he could still relatively weaken the Hades. Now, apart from the Western European Church and the Angelic Church, which were superficially cooperating, almost all the forces gathered here, although all of them had the same goal, which was to kill Lin Hao, were also in competition with each other and scornful of each other!

Lin Hao laughed: ‘Whoever picks up the words scolds whoever.’ ‘You brought this on yourself!’ Qin Cheng’s aura was overwhelming, holding a pen in one hand and the Book of Life and Death in the other, his gaze looked askance and disdainful as he glared at Lin Hao: ‘I, Qin Cheng, challenge you, do you dare to answer!’

‘If you don’t answer, you’re a coward, a complete coward, and you don’t deserve to be recognised by the Heavenly Dao!’

‘That’s vicious enough.’ Lin Hao gently raised his eyebrows, ‘If I don’t answer the battle, you are undoubtedly planting the seeds of a demon in my heart, and when I ascend? er dyed wu yi pai jai ai? When the gods cross the tribulation, they will be completely stopped from advancing by the heart demon, how ruthless, really worthy of the Underworld, specialising in the affairs of the underworld, just not in the affairs of men.’

‘Oh, what a sharp-tongued son of heaven’s destiny, I’d like to see, did you get the approval of heaven with this mouth of yours!’ Qin Cheng was not the least bit flustered by the poke, and even wanted to laugh a little.

Since the other party had already seen through it, there was no avoiding it, and he absolutely had to fight him!

If he cut down the Son of Heaven’s Destiny, then he would be a great credit to the Underworld, and even if his own realm plummeted due to stealing across the River Styx, either the Hall Master or the Earthly Treasures would revive it for him, or even allow him to go further!

‘Single fight or group fight?’ Lin Hao didn’t bother to talk nonsense to him.

Super Son-in-law Chapter 2559–2560

Chapter 2559

‘What? You want to call someone else? I am only at the downstream level in the Underworld, not to mention that this is only my doppelganger, you are not even afraid to face it alone?’ Qin Cheng completely misunderstood Lin Hao’s words, he wouldn’t give Lin Hao the chance to call for help.

If he called for help from that eighth-ranked deity, then what the hell would be the point!

Lin Hao cried out in laughter, ‘What were you thinking! Am I talking about you beating me alone in a group, or me fighting a group of you alone? If you still need help to beat you, who are you looking down on, can you believe me?’

‘How arrogant! Let me slaughter you with my own hands, and I’ll see if you still dare to be so arrogant!’ Qin Cheng was furious, how could he bear to defy him so much!

Qin Cheng’s figure soared, and in an instant he transformed into a hundred-foot Dharma body, surrounded by Yin Qi, but his body was filled with majesty, making many of the people of Hua City feel as if they had seen the Lord of the Kingdom, and this, the Lord of Life and Death, could break their life and death with a single stroke, judging past lives and present lives!

This is somewhat similar to the Dharma body of the Ten Hades of Hades, but as for Qin Cheng, he is purely pretending!

The Book of Life and Death was ten metres wide, and the Judge’s Pen in his hand was even bigger!

‘The Judge’s Pen determines life and death! The Book of Life and Death determines the next life! Zhen!’

Qin Cheng’s voice was as loud as thunder, and every word he spat out was like a judge pronouncing a verdict!

With the magic weapon of the Book of Life and Death and the Judge’s Pen, he was forcibly writing Lin Hao’s name on it, he was going to use this Book of Life and Death to condemn him! What’s more, he was going to cross out his past life!

Let Lin Hao have no past at all, let alone a future!

‘Zhen! Zhen, give me Zhen!’

To Qin Cheng’s dismay, nothing about Lin Hao could be revealed in the Book of Life and Death, it disappeared as soon as it was written, the Book of Life and Death was actually useless to Lin Hao ?

A yellow-belt Magistrate next to him wanted to scold him for his silly criticism!

This is just an ordinary magic weapon, it is absolutely useful against spirits, or ordinary people, even third or fourth grade illusionary spirit masters can still be condemned!

But you damn use this kind of rubbish magic weapon to sentence a sixth grade illusion spirit master, and anyone with a bit of brains knows that the Heavenly Destiny Son is an existence that has been approved by the Heavenly Dao, and it would be a hell of a thing if this Book of Life and Death could be written on it. The Judge’s Pen and the Book of Life and Death are just acts of obedience to a ray of Heaven’s will.

‘What is this thing? What are you writing? Why isn’t there a single word, it’s blank.’ Lin Hao jumped onto the Book of Life and Death with unparalleled arrogance, ignoring Qin Cheng whose face was twisted, but Qin Cheng was furious.

‘Oh, this thing is really big, what kind of material is it made of, can it burn? If it does, it should taste good for burning charcoal and roasting spirit beast meat.’ Lin Hao simply ignored Qin Cheng and fixed his eyes on the Judge’s Pen again.

Hey, it was just for fun.

The main reason was that Ling Yun said that he should play with it for a bit longer, so when he was almost done he could go back and cook, so Lin Hao simply teased the other party.

Qin Cheng, however, was infuriated by such a provocative act from Lin Hao!

‘You give me death! I’ll poke!’ Qin Cheng used the Judge’s Brush as his weapon, the tip of the brush was so sharp that each wolf’s hair was harder than steel and even sharper than a sharp blade.

Qin Cheng gripped the Judges’ Brush and poked it fiercely towards Lin Hao!

I dodge!

Lin Hao fiercely dodged, avoiding his opponent’s attack as the Judge’s Brush and the Book of Life and Death collided violently, almost causing a hole to be poked out of the Book of Life and Death.

‘Yada yada yada! I poke, I poke, I poke!’ A streak of shadow appeared on Qin Cheng’s hand, poking at Lin Hao in a dense manner, wanting to kill him in a minute.

‘I’ll dodge, I’ll dodge again! I can still dodge!’ Lin Hao was so skinned that he danced directly on the Book of Life and Death! This was much more technical than dancing on the tip of a sword!

‘Dodge, my ass! Draw a prison!’ While Qin Cheng attacked intensively with the Judge’s Brush, he also constructed a cage, ruthlessly? The cage was a cage that was so fierce that it could not be used as a cage. s pressed down towards Lin Hao, as long as he was trapped, he could poke him as much as he wanted!

‘Impeccable ah bah, sorry, wrong set. I’ll flash another one!’ Lin Hao’s body flickered again, but he was still a step too slow, and the moment he was about to flicker out of the cage’s position, the opponent’s painted ground trapped Lin Hao viciously.

Chapter 2560

‘Hahahaha! I’ll see you get it, I’ll see you dodge, you dodge, go ahead and dodge! Punk!’ Qin Cheng laughed wildly in triumph, especially when he looked at Lin Hao’s helpless face as he stayed in his pen prison, not to mention how pleased he was.

But Qin Cheng was a bit na? Zero dye Wu Yi Di closed Lu Er? I was baffled as to why all the fellow officers who had come with him were looking at him with complicated and even somewhat frightened expressions.

‘Why are you all looking at me like that? I’m not the kind of person who is ungrateful, one person gets the right to do the right thing and the dogs rise to heaven, you don’t have to worry, we are all fellow officers who came together to carry out the mission, naturally you

won't be missing out on the credit.' Qin Cheng was already fantasizing about the day when he would be promoted to a higher rank and his strength would soar.

'Not' Those Judges, however, were anxious.

'Not what not! Don't be greedy, I get the most credit, but naturally you are not missing out, when I get up and give you a few good words, then it will be a matter of minutes for you to soar to the top of the branch.' Qin Cheng hadn't come out of his imaginary state yet.

'That's not what I'm talking about! Fuck!' A yellow belt judge looked at Qin Cheng's brainless and floating look and directly cursed angrily.

'What is it if not this? What, do you still want to make demands? Fine, then make your demands, it doesn't matter if you don't go too far, you guys talk about it first.' Qin Cheng frowned with some dissatisfaction, how come this term's fellow officers were so hard to bring up, they were so greedy.

'Grrrr! What kind of pig teammate have I fucking followed.' The yellow belt judge cursed and walked away straight away, he wasn't stupid, just this stupid thing was unreliable, Lin Hao wasn't as simple as he seemed.

Besides, there was still a deity in the city, they might not even be able to walk away after killing Lin Hao, this meagre level of theirs could take out Lin Hao in front of the deity?

The most crucial thing was that none of those Green Belt, Blue Belt and Purple Belt Judges had been seen, and it was only logical that they should have been the first to arrive, and even the Green Belt Judges were only one douchebag, Qin Cheng, so something must have happened.

So this yellow-belt magistrate, without even thinking about it, just ran away, and as for those fellow magistrates, he didn't bother to remind them.

'Let mention the conditions why are you still anxious? Say, what are your conditions, say it.' Qin Cheng was disdainful of the yellow-belted magistrate who had walked away.

'Look behind you ah me damn!' The other Magistrate couldn't stand it anymore and followed suit, but ten other Magistrates remained in place.

'Behind me?' Qin Cheng froze for a moment, what was behind him?

'Look at you guys, this is meaningless, people are having a good daydream, you have to wake him up for what, this is not offending people for no reason.' Before Qin Cheng could turn around, Lin Hao's teasing voice sounded behind Qin Cheng.

Qin Cheng was so frightened that he looked back and found that Lin Hao was looking at him with interest, and he had even moved a small bench to sit on.

‘How is that possible? You’re obviously trapped!’ Qin Cheng looked down in disbelief and found that the cage on the Book of Life and Death was still there, but there was nothing in the cage, where was Lin Hao’s figure.

‘Impossible! How can you escape, it’s just a blindfold, so what if you escaped, if I can trap you once, I can trap you a second time!’ Qin Cheng felt like the meat in his mouth was flying away, so how could he give up? The Judge’s Brush in his hand fiercely waved ink at Lin Hao: ‘Brush Painting Mountains and Rivers!’

The residual shadows of the Judge’s Brush burst forth, mountains, rivers, lakes and seas were constantly being drawn, and miraculously, all the things drawn by the Judge’s Brush turned out to be real.

‘Again, it’s specializing in all this fancy stuff, it’s not much fun.’ Lin Hao felt quite bored as the Heavenly Sin Sword gave a trembling sound, not even needing Lin Hao to do anything.

Clang!

The Heavenly Sin Sword across Lin Hao’s face automatically unsheathed itself, just two thirds of the way out, and with a swish, the blade returned to its scabbard once again, but also enough for a three inch sword light to speed away!
