

Super Son-in-law Chapter 2591-2600

Chapter 2591

‘Greetings to the Supreme God of Killing.’ Lin Cang Dao and Chen Bei Xuan and the others revealed smiles, this was a very important step, it was finally completed, of course, next, the pressure on Lin Hao’s side would definitely skyrocket, there was no doubt about it.

Shen Xiyan was a little uncomfortable with the sharpness of her killing intent, it was too sharp, not suitable for her character, and at this moment, a soft power slowly emerged, Shen Xiyan’s sharpness softened, not erased or weakened, but just more restrained.

The first glimpse of the path is to reveal one’s sharpness, but those who have achieved great success will restrain themselves, rest and recuperate, and if they do not reveal themselves, they will be able to kill the four directions!

Another presence inside Shen Xiyan’s body also slowly awoke.

Shen Xiyan’s cold, pretty face was suddenly stunned, somewhat puzzled and even more confused, asking in a tone full of doubt, ‘I... am I not dead?’

Shen Xiyan looked down at her hand again, and only then did she suddenly realise that this was Shen Xiyan’s body, that she had actually fused with Shen Xiyan in this existence, that the two sides were no longer separate, but that her personal will and memories were completely retained.

Dual existence!

They had actually managed to make her coexist, allowing her to survive in such a way.

And it was also a disguised way of fulfilling her dream.

'Shen Xiyan' looked at Chen Bei Xuan incomparably astonished, 'Chen Bei Xuan, is this the surprise you gave me?'

The one who spoke was Shen Xiyan but in reality it was Spirit Rhyme's will, equivalent to Spirit Rhyme talking to Chen Beixuan through Shen Xiyan's body.

'What about the Peach Blossom Fairy? Are you surprised, are you surprised?'

Chen Bei Xuan looked at 'Shen Xiyan' in a cheap manner.

Ling Yun's will looked incomparably surprised, and Shen Xiyan's face also followed with a surprised look, 'It's really you guys, surprise is a surprise, accident is also an accident, but how did you guys convince Shen Xiyan to agree to this, if it were me, there is no way I would agree, what's the difference between this and sharing a husband?'

Immediately afterwards, Shen Xiyan's face changed once again and her expression looked slightly cold: 'So, you are not me, you will not agree, but I will. It is also considered to give you an answer, so at least we don't have to make us feel? Flicking the ground Shan dyed Wu Pai zero? owes you too much.'

'Okay, but how to say thank you, but also quite good, once I was the dominant, now you are the dominant, but we can say a deal ah, nothing more to let me out to get some air, of course, when you guys that, I will never come out to disturb.' Shen Xiyan had a playful look on her face, and was actually in the mood to joke about it.

'Of course you can also come out.' Shen Xiyan's face was tinged with a blush, always feeling strange.

Chen Bei Xuan and the others, who were watching this scene not far away next to him, were even more astonished, was this twin coexistence? Two souls coexisting in one body, why does it look so much like a psychosis? It was like schizophrenia, right?

Because every time the other person's turn to speak, the tone of voice and demeanor are instantly switched, which speaks to itself, constantly switching expressions, but it's not like split personality neurosis.

Could it be that people who have split personalities are not actually split personalities, but may actually have another soul of their own inside them?

Of course, these are not things they should look deeper into, Chen Bei Xuan pulled Lin Cang Dao to hurry away, anyway, the two of them have really completed the soul fusion, this

is a very important step, also a crucial step, since it has been completed, then there is no need to rush, it is Lin Hao's side that should be anxious.

'Do we have to tell Lin kid about this?' Lin Cang Dao asked in wonder.

'Well, no need, give that brat a surprise, haha, marrying one daughter-in-law and getting two, surprise ah surprise.' Chen Bei Xuan smiled bitchily.

Lin Cang Dou laughed and scolded, 'Surprise the hell, when one day you suddenly find out that there is another soul in your daughter-in-law's body, and that it is another soul that you follow when you don't know when you are umming and ahing, try to be surprised?'

Chapter 2592

'Nonsense, certainly surprise ah, how exciting it is, with the opening of the blind box, simply do not too enlightened ah.' Chen Bei Xuan's face was intoxicated, how could there be a few moments of envy what was the situation?

'Shit, dead pervert.' Lin Cangdeng couldn't help but blacken his face and hurriedly turned away, hurrying to stay away from this pervert.

However, it was worth mentioning that there was still good news, for example, at least Spirit Rhyme was sort of left in another form wasn't it?

What happened over here, Lin Hao didn't know, and Chen Bei Xuan and the others kinda hoped that Lin Hao didn't know, after all, now Lin Hao needed to maintain this state, which would help him in his next battle, and he had to be completely prepared for it.

Over there, the sea tide clerk had already joined forces with the immortal slaves from other immortal mansions to build the divine origin crystal coffin with great speed, and had even personally sent it over to Tegral Flower City, escorted by a dozen immortal slaves, all of them above the sixth level realm.

Now that the Qing Yun Heavenly Palace had taken the entire Chinese Immortal Palace under its control, with the demise of the three great deities, no one dared to remain neutral any longer, and they had all submitted.

These were all being handled by Chen Xuanfeng and the others, Lin Hao had no desire to interfere, let alone the heart to care.

Although it was a bit chaotic at first, with Lin Hao as the one holding down the scene, no one dared to mess up, so no major chaos could arise.

‘Greetings, Palace Master.’ Hai Chao clerk and the others came forward and bowed respectfully, and Hai Chao clerk also explained to Lin Hao that these were the newcomers to the Qing Yun Heavenly Palace.

Lin Hao glanced at them and simply nodded calmly, allowing Hai Chao-member to hand over the divine Origin Crystal Coffin to him, ‘You guys go back, you don't need to be involved here, watch over the family.’

‘Yes, Palace Master.’ Hai Tide member and the others immediately retreated, although the other immortal slaves who had followed them were somewhat displeased that they were so calm, not even bothering to say one more word.

However, they didn’t dare to make a scene, and it was also clear that the death of Fairy Peach Blossom had dealt a huge blow to Lin Hao.

Lin Hao carried the divine origin crystal coffin to the cold room where he had placed Ling Yun, who was wearing her favourite long pink ancient dress, and the palace lamp was sitting quietly beside her.

Her hands were on her stomach, her hair was neatly combed and her expression was serene? Wu steak service whisked love Shan zero love? There was even a smile on her face, and it looked as if she was asleep.

Lin Hao placed the divine origin crystal coffin beside Ling Yun and gently picked her up and placed her in the crystal coffin, moving very gently, as if he was afraid of waking the sleeping Ling Yun up and waking her from her beautiful dream.

If Ling Yun was lucky enough to see this scene, she might have smiled even more than the smile on her face right nowd

After settling everything, Lin Hao carried the divine origin crystal coffin up and took Lin Ruoshi’s small hand, ‘Let’s go Little Shi, take Ling Yun home.’

‘Home, back to that home, dad? Is it the Golden House or our own home?’ Lin Ruoshi cocked her head and looked at her father with quite a bit of curiosity.

After all, their home was in the Lin family’s ancestral home, but Ling Yun’s home, I suppose, was considered the Qinhuai Golden Mansion.

It was just that there was no other existence in Qin Huai Golden Mansion anymore, ah, Ling Yun and Qing Shirt had died one after another, even the Twelve Golden Hairpin had fallen, and there were no other cultivators in Qin Huai Golden Mansion apart from the people of the two Lei and Lin families, not to mention other immortal slaves.

That home, it can no longer be considered home, right?

Where the family is, everywhere you go is home, but where the family is not, wherever you are you are wandering

The Golden House of Qinhuai has been over given to Lin Hao, and Lin Hao has given it to his grandmother Xu Fang Hua to manage, and he does not want to go back, but Lin Hao still advised Xu Fang Hua, let the Golden House remain as it is, as a side of the world is also good.

And Lin Hao felt that a worldly paradise was not what he wanted, but the pomp and circumstance of the mundane world wanted him to stay in a corner. The final choice was the Lin family’s ancestral home, i.e. in the red, but somewhat beyond the mundane, which also happened to echo Lin Hao’s choice.

‘Back to our home, from now on Ling Yun will be our family, sort of sort of my sister, you can call her aunt too.’ Lin Hao thought about it, let’s give Ling Yun a family name, after thinking about it, sister would be appropriate, after all, he always did not have male and female feelings for Ling Yun, not like family, better than family, right ?

Super Son-in-law Chapter 2593-2594

Chapter 2593

‘Good, then take us to take Aunt Ling Yun home.’ Lin Ruoshi casually ripped open a crack in space, and Lin Hao and Lin Ruoshi held hands as they carried the divine origin crystal coffin containing Ling Yun on their shoulders and disappeared in one step into the crack.

Not long after, a crack opened at the entrance of the Lin family’s ancestral home.

‘Damn, Lin Hao, you’re finally back!’ Chen Haobei was excited, after squatting for so long, he finally got Lin Hao, but when he saw that Lin Hao was carrying a transparent and glowing thing, similar to a crystal coffin, he was stunned, and inside the crystal coffin lay a beautiful woman, wasn’t she Ling Yun ? The woman who had an ambiguous relationship with Lin Hao, how did she lie inside this thing ?

Chen Haobei is limited by the strength of the reason, for Tege happened to know very little, domestic matters also know not much, just know that the old dragon king to the green shirt fairy seconds off.

Lin Hao just glanced at Chen Haobei indifferently, his eyes calm but made Chen Haobei feel scared, now Lin Hao was able to make him feel a great pressure with just a look.

Incredibly difficult? The steak whisked Yi Ai to cover Lu Wu steak? suffer.

‘Brother.’

The door to the Lin family’s ancestral home creaked open and Lei Ling walked out from inside, his eyes full of worry, following behind Lei Ling one there was a large group of people, none other than the main members of the two Lei Lin families, even Liuli had come too.

Lin Hao just nodded calmly, ‘Everyone is here, let’s have a meal together, Nan Ge you come with me for a moment.’

Lin Hao carried the divine origin crystal coffin into the Lin family’s ancestral home and walked directly towards the ancestral shrine in the backyard, Lei Ling and Lin Ruoshi followed, the others were very sensible and didn’t follow, but Nan Ge was shouted at and followed along, but she was very sensible and closed the live stream.

The audience in the live stream, however, exploded.

‘No way! We can’t easily see Boss Lin for once, why did he suddenly close the live stream, I just want to know, what’s going on? The person lying in that crystal coffin, why does it look a bit familiar to me.’

‘Although I didn’t see the front face, and I felt very familiar even through the crystal coffin, but but I don’t dare to say’

‘I heard that Boss Lin went to Tege to support Tege, didn’t a lot of big things happen abroad recently, something big must have happened in Tege.’

Brother Tiger: ‘Indeed something big has happened, and it’s a big deal, not just over in Tiger, something big has happened in China too, but I don’t dare to say, forget it, let’s wait for Boss Lin to explain in person, after all, Boss Lin has just shouted Nan Ge on.’

‘Crap, Brother Tiger you know everything and you’re not saying anything, you’re trying to screw OCD are you?’

‘I also want to know, and this time the boss Lin gives a completely different feeling, feel strange, and can not say where strange, look no is not much change, even more than before no shelf feeling, but also seems to have more shelf, so contradictory feeling.’

‘I also do the same’

Lin Hao arrived at the ancestral shrine, then went around to the garden behind the ancestral shrine, where many flowers and trees were planted, the scenery was pleasant and very quiet, Lin Hao put down the divine origin crystal coffin, and dragged Lin Ruoshi to the Golden House several times, and carried out all the exotic flowers and plants that Ling Yun liked inside.

Nan Ge and Lei Ling didn’t dare to speak at all on the sidelines, especially Nan Ge, who felt sublime, not daring to say half a word at all, nervous as hell, obviously Lin Hao hadn’t done anything, but she felt an extremely low air pressure that made her gasp for breath.

In fact, she was even more curious than the viewers of the live broadcast, she had also spent some time with Fairy Qing Shirt, and now she was quite worried about Qing Shirt's situation.

But how could she say that she was just an ordinary person, these existences that were comparable to immortals, how could Nan Ge ask about their affairs?

When this was all taken care of, Lin Hao started to pick up the hoe, Lin Ruoshi and Lei Ling and the girls wanted to come up to help, but they were turned down by Lin Hao, while Lin Hao said to Nan Ge, 'Turn the live feed on.'

Chapter 2594

'Huh? Oh oh okay, open it right away.' Nan Ge was first stunned, then she reacted and hurriedly opened the live stream, she instinctively felt that it should be Lin Hao who was going to say something.

'Wow, great, Tiger bull, guess right, really Nan Ge tool man stone hammered!'

'Upstairs, you don't fucking hammer, look at who is lying in the crystal coffin, oooh, my goddess ah is so gone, in the end which one is the one who took the blame for the lack of virtue!

'Crap my goddess!'

‘Boss Lin, you must avenge our goddess, these bastards all deserve to die!’

It was a long, long story, and Lin Hao told it slowly and calmly, from start to finish, it was always as if he was a bystander, as if he had seen the whole thing happen, rather than being part of the experience.

The viewers in the live broadcast room listened with fascination and fascination, and no one bothered to interrupt Lin Hao, not even the pop-ups in the live broadcast room.

They knew that something big must have happened, but how could they have ever imagined that such a big event would have happened, including the fact that Fairy Qing Shirt, that Qin Xian moving fairy, had just perished in fragrance, and they had never even seen the real face of Fairy Qing Shirt.

Hearing the news of the fall of Fairy Qing Shirt, Xu Rong passed away straight away at that time, overwhelmed with grief

Lin Hao dug a pit and buried the divine origin crystal coffin in it. Lin Hao took a deep look at it, and after sealing it with clay, planted peach blossom trees all over and near Ling Yun’s grave, and even arranged a formation to ensure that the peach blossoms here, will bloom and fall all year round.

Under the peach blossom tree, the peach blossom immortal goes with the peach blossom.

Since then, these peach blossoms have been accompanying Ling Yun all day long, and I believe that she will not be alone.

A stone tablet fell in front of the grave with a bang. Lin Hao carved a stone tablet with his hand as the blade of a knife and a brush, with the following inscription: Tomb of the Peach Blossom Fairy Ling Yun.

Next to it was a small line of writing: Brother Lin Hao stands.

Lin Hao and Lin Ruo Shi and the girls bowed deeply to the tombstone, and even Lin Hao erected a grave for Fairy Qing Shirt next to it, after all, Fairy Qing Shirt flew into smoke and turned into nothingness, leaving nothing behind.

Peach blossom with its sister Qin wanted to accompany, should not let Lin Yun lonely, Lin Hao free will naturally often visit her.

By this point, Lin Hao's story is just about finished, Lin Hao waved his hand and let Nan Ge her? er dyed wu wu lu ai pao pao? We should leave first, Lin Ruoshi did not want to leave and wanted to stay, but was pulled away by Lei Ling.

After listening to the story recounted by Lin Hao, Nan Ge's entire body was in a bit of a trance, even a bit confused. The story seemed short, but it was entangled for tens of thousands of years, and the story seemed incredibly simple, yet extremely complicated.

From the beginning to the end, she did not know what to make of it, except that she found Ling Yun rather pitiful and lamentable, yet one admired her courage, daring to love and hate but still holding fast to the bottom line, knowing that Lin Hao had a wife and had not crossed the thunderbolt by half a step, but also giving in to her love until her fragrant death.

It is the most poignant and sorrowful stories that can touch people, not to mention the fact that it happened to someone they knew, which makes the feelings more and more complicated.

So much so that Nan Ge went off air without even saying hello.

The viewers in the live stream weren't in the mood to scold Nan Ge, or rather their minds weren't on him at all, they were still engrossed in the story Lin Hao had just told.

Even when the live stream went black, they still had no intention of leaving.

The chat window remained calm for a good few minutes before it started to become active again.

'Why what exactly did my goddess do wrong, why did she have to be treated like this! Heartbreaking, incredibly painful, and crucially I don't even know whose fault it is, let alone who to scold!'

'Ugh, yes, who should we scold? It seems like everyone is wrong, and it seems like no one is wrong.'

‘I think Lin Hao is a scum, he has a wife and kids, he knows he can’t give anything to the other party, let alone give any promises, yet he still takes what Ling Yun gives, he’s a big scum, in the end, it’s him who has caused Ling Yun!’

Super Son-in-law Chapter 2595-2596

Chapter 2595

There are also those who stand up and call Lin Hao a bastard and a scum regardless.

This is the emboldened by love.

‘The upstairs trouble you to sober up, without the suffering of others, do not advise others to be good? The first thing you need to do is to get rid of the problem. Not to mention that the son is not a fish how can he know the joy of fish? How happy Ling Yun was during her time with Lin Hao, it was obvious to everyone, right? People were at least happy and joyful in the only days they had left, and perhaps Boss Lin is also aware of this, so there’s no point in us pursuing who is right and who is wrong.’

Just when the two sides were arguing, the old know-it-all king plus the explosive emperor Tiger ventured out Tiger was also afraid to say it before, but seeing as Lin Hao intended to say it, perhaps for no other reason than to make sure that people don’t forget about them, everything they had done and the contribution they made to China.

The people of China should remember them!

And a lot of the people of Tagh came in over the wall to watch the replay, and it was only at this time that they reacted and expressed their condolences and gratitude for what they had done.

There were spontaneous memorial services for Lin Yun, Qing Shirt and the girls, and even the White Warrior, whose statues could be seen all over the country, but as for Qing Shirt, very few people had seen their faces, and only a rough picture could be drawn from the information collected, but never a face.

Tiger ventured out, 'Let's all be quiet for a moment, allow me to say a few words, since Boss Lin has spoken, that means, there is nothing unspeakable about this.'

As soon as they saw these words from Brother Tiger, everyone straightened their bodies and sat up straight in front of the screen, no one sent any more words on the public screen, staring at it with dead eyes, waiting for Brother Tiger's next words.

'The dispute just now is actually justified on both sides, yet both are not justified, there is no real right or wrong in matters of feelings, if I really have to say, I can only say that neither of them is wrong, what is wrong is just falling in love with the wrong person at the wrong time.'

'Let's not debate this issue, but I really admire Ling Yun, in fact, she and Lin Hao knew long ago that Ling Yun would die, and it was something absolutely unavoidable, otherwise, Lin Hao's wife's Shen Xiyan would have died, because, Shen Xiyan is a reincarnation body that Ling Yun once split off.'

‘Lin Hao did not make the choice, it was Lin Yun who took the initiative to choose. I really admire Lin Yun for this, a legendary and bold woman who dared to love and hate. It was also her happiest days in these tens of thousands of years, right? And, Shen Xiyan, just think of it as a continuation of Ling Yun’s emotions... Well, that’s probably it, there’s no need for everyone to dwell on these things.’

‘Because, this is the choice of people, there is a saying a lot, son is not a fish how to know the joy of fish, we remember their contribution to our China can be’

After posting this content, Tiger never ventured out again.

In the imperial city of the capital, the Dragon Lord slowly closed the notebook in front of him and let out a long sigh of incomparable complexity.

Qin Yuxin, who was standing next to him, looked even more incomparably complicated.

The Dragon Lord looked at Qin Yuxin: ‘Xiaoxin, you and her, how similar it’s been so many years, it’s time for you to let go, right?’

Qin Yuxin let out a bitter smile, ‘There are some things that are impossible to let go of, they can only be buried in the heart, Ling Yun has not been able to let go for tens of thousands of years, let alone these short thirty or so years?’

‘I will still pursue it all the way, even if I have drunk the northwest wind he drank

‘Alas

Looking at his stubborn daughter, the dragon master once again let out a long sigh, shook his head and left with a sigh.

The viewers in the live broadcast room, let Tiger’s words give them a heartache and helplessness for Ling Yun, but did not know what to say anymore.

The only thing left was the pain and helplessness for Ling Yun.

The live room was closed and the public screen was as quiet as a chicken, but the number of people online barely decreased, everyone was still pondering, aching, and equally helpless

Chapter 2596

In the garden at the back of the Lin family’s ancestral shrine, Lin Hao did not get those incense, candles, paper money and these things, what is the situation in the underworld Lin Hao knows best, not to mention he knows better, Ling Yun’s soul has no future, let alone the possibility of reincarnation, it just fused with his wife and became the missing complementary that part of her soul.

But Lin Hao still sat persistently in front of the monument, taking out two cups, pale green liquid poured over the two cups, not wine, but spiritual tea, the tea that Lin Hao had made for Lin Hao when he first went to the Qinhuai Golden House.

Lin Hao silently drank the tea without saying a word, and every time he drank a cup himself, he poured a cup full for the one belonging to Ling Yun, and two lines of tears fell from the corners of his eyes.

A breeze came, the wind whimpered like weeping, pieces of peach petals fell with the fragrance of peach blossoms, the petals spread all over the ground, also spread all over Ling Yun's grave.

What Lin Hao did not know was that there was also a person sitting in front of Ling Yun's monument, but he could not see him at all.

The other person was also whimpering silently, tears pouring down like rain. This man was covered in a robe full of filth and had a hole in it, but it was faintly obvious that the robe was of great value and exquisitely made, and that it was a white robe, but now it was a black, black robe, all blackened by filth.

The whole man was dishevelled and his long hair was scattered behind him, his miserable appearance was worse than a beggar's. After all, in this day and age, even beggars are not this miserable, he looked much worse than a beggar and more like a madman!

He was the Dragon Prince of the Eastern Sea, Ao Dog, who had been missing for many days.

These days, he had sealed off the entire East Sea Dragon Palace, forbidding any more dragons from leaving the forbidden area of the Dragon Palace without permission.

Because of Ao Feng's death, he himself had inherited the Qi of the entire dragon clan, and his strength had increased dramatically, reaching the peak of the seventh rank at once, but he was like a lost soul. He was like a madman. He was more like a madman, wandering around.

The once graceful, elegant and charming Dragon Prince now looks worse than a beggar, and he no longer cares about these irrelevant matters, his heart has long since died.

This time, he also heard Lin Hao's return and quietly followed him to check the situation. Seeing this situation now, he could not help but feel a lot of grief in his heart, and two lines of tears fell.

Lin Hao finished the last cup of tea, stood up and prepared to turn around and leave. Since that story was told and Nan Ge and the others left, Lin Hao did not say another word.

It was only when Lin Hao had just stood up that his gaze suddenly went cold, looking coldly somewhere in the void. Not only him, but what Lin Hao didn't know was that Ao Dog had sensed the same, looking in the same direction as Lin Hao, his brows locked up.

Not long after, Lin Ruoshi, Lei Ling and the others also sensed the same.

Immediately afterwards, a huge six-manifold formation that tore through the void appeared in the Lin family compound, glowing brightly as a pillar of holy light took the shape of a huge six-manifold star, communicating between heaven and earth!

This amazing pillar of light was seen by the whole of Jinling, what was it that had descended again ?

The nearby Dragon Sect as well as the Dragon Group troops guarding the temple of the Qin Huai River were all rapidly rushing in.

Immediately afterwards, a terrifying and terrifying aura slowly appeared, and the terrifying spiritual pressure caused all living beings in the entire area near the Lin family to feel a great sense of pressure, except for Lin Hao and the few of them.

Amongst this terrifying aura, Lin Hao also smelt a familiar smell.

A golden glow appeared in the pillar of light as the gods descended!

The angel with six golden wings on her back descended from the sky, and it was none other than Annya!

Ania was dressed in armour, her six golden wings burning with crimson flames, and the angel's sword in her hand was also crimson, flames blazing on its body.

She had already finished powering up her Angelic Judgement!

But Anya did not rush to attack, she had been appointed by the Godfather himself to test Lin Hao's depth this time, although Anya was also a bit scared, but the Godfather's order could not be disobeyed, but after the last experience, she had opened the angel field, and even built up the angel sword, it was impossible for the opponent to unknowingly let him step into his field.

Super Son-in-law Chapter 2597-2598

Chapter 2597

Seeing Lin Hao that Anya mocked, 'Oh, so you also have a sad time, haha, how is it? How does it feel to lose a loved one? Do you feel the pain I feel? Next, you will probably suffer even more!'

Anya knew that she might not be able to kill Lin Hao with this sword, but she was bound to seriously injure him, so what next? Then it was time to torture Lin Hao!

She could see that the whole courtyard was full of Lin Hao's relatives, so she wondered how painful it would be for Lin Hao to kill or torture them to death one by one in front of him, who was seriously injured and unable to struggle.

But Anya was not stupid, Lin Hao still had two other troublesome presences beside him, namely Lei Ling and Lin Ruoshi.

Lin Ruo Shi's face was furious at the moment, and the space around her was rippling with spatial intensity, while Thunder Spirit was surrounded by thunder, like a thunder god of war descending from the sky, waiting for Lin Hao to speak, she would strike immediately!

'Have you finished.' Lin Hao asked calmly and incomparably.

Annya froze, how can you be so calm? You shouldn't be so calm!

Her angelic realm was fully opened, and her angelic judgement was even completely stored, you should be afraid! You should be afraid! Why do you have to be so calm!

Lin Hao's calmness drove Annya crazy and she shouted angrily, 'Lin Hao, how can you be so calm? Since you don't put it in your eyes, then I will

'What a racket!'

Lin Hao raised his right hand and pointed towards Annya.

Clang!

A sword sounded, and the Heavenly Sin Sword was sheathed, immediately a sound of a dragon whistling and a phoenix echoing in the sky and earth, a cold aura appeared, and a three feet sharp cold aura went straight at Annya.

Annya's eyelids jumped wildly, she knew very well how fierce Lin Hao's attack was, so she didn't dare to slow down at all, holding the Angel's Sword in both hands, raising it above her head, and shouting angrily, 'Angel's Judgement!'

Poof!

With a soft sound, Annya froze in place, keeping her sword raised above her head with both hands, but a shallow line of blood appeared on her neck.

The line became more and more pronounced, and then the blood spurted out of the wound and Anja's head was separated from her body with a single blow!

Ania never knew how she had died!

She had full confidence that she could use the Flaming Sword to resist Lin Hao's sword, and even injure him!

Unbeknownst to her, before the sword light reached her, the sword had already passed, and she was killed by Lin Hao's hand in an unexplained manner!

An eighth-ranked early stage deity, destroyed with a single sword!

This sword not only separated Annya's head from her body, but also annihilated her soul in an instant!

One Sword of Deicide!

This was the true power of the Godslayer Sword Duel!

At this time, Lin Hao had advanced to the rank of early seventh-grade Illusionary Spirit Master, and was able to use only a tenth of the power of this sword technique, but it was still enough to kill in seconds!

Once at the late sixth level, Lin Hao could only use means to make him flee, while today he ? Flicking Ai dyed zero intention to close the ground ? but could kill him with a single sword!

Lin Hao's strength could not be compared to the same day long ago.

The first time Anya appeared ready to attack with everything, but the fact that she didn't attack Lin Hao with a life-threatening means in the first place, had already doomed her to an inevitable death, there was no other possibility.

Ao Dog was stunned at the side, had Lin Hao's combat power reached such a terrifying level ? Even though he was now a peak seventh grade Illusionary Spirit Master, with his dragon bloodline talent and the gift of the entire dragon clan, Ao Inu felt that if it was him, he wouldn't be able to block this sword!

Not only was Ao Dog shocked, but all those who saw this scene were also shocked enough, and many of them didn't even understand what was going on, this angelic deity descended in a majestic manner, only to end up hanging up directly after three seconds of being handsome

It's outrageous!

But everyone is not stupid, no need to guess to know who made the move.

Chapter 2598

This was also a good thing, after all, the other side came suddenly, and even more so, the forces of the Western Church, which did not come here for any friendly visit.

Lin Hao did not stay much longer and had a meal with the two families and let them go on back, Lin Hao took Lei Ling, Lin Ruoshi and the others back to Tegral City.

When he was leaving, he specifically called Chen Haobei to help him look after the house and be the Lin family butler, watching the door, sweeping the floor and so on.

This made Chen Haobei very confused, wasn't Lin Hao leading the wolf into the house? Is he really so relieved? But naturally, Chen Haobei was very happy and agreed to do so, he couldn't wait to have this opportunity, after all, he couldn't even enter the front door before.

The white cat was also with him, but this lazy cat was a good luck charm, a complete ornament, and Chen Haobei was asked to do everything, and Chen Haobei did not dare to complain in the slightest.

Ao Dog was there from the beginning to the end, including when everyone was eating, he was also in the piece, but from the beginning to the end, no one found Ao Dog just.

Lin Hao seemed to have some sense, but under Ao Dog's demonic passive influence, Lin Hao couldn't think of anything at all, nor could he sense anything too real, so he thought it was his own illusion.

Ao Dog stood in the attic, watching Chen Hao Bei like a hard-working bee, busy in the middle of the Lin family compound, while the big white cat was lying on the grass in the courtyard, sleeping, not even bothering to lift his eyelids.

Ao Dog watched for a long, long time before finally letting out a long, frustrated sigh and drifting away.

Ao Dog travelled fast and arrived at the Qian Yuan Dragon Mansion and directly opened the empty door to enter it.

The empty door of the Qian Yuan Dragon Mansion was suddenly opened from the outside, also alarming the Jiao Long clan, and Qian Yuan also snapped open his eyes and sped away, but found nothing.

‘Qian Yuan.’ Ao Dog suddenly spoke, and his form revealed itself one by one.

The others didn't know what was going on, but Qian Yuan was clear about it. It was hard to say what Ao Dog's stance was now, whether he was still Lin Hao's friend or if he wanted to avenge his father, so Qian Yuan frowned warily, 'What are you doing here? If you want to fight, I, the Jiaolong Clan, will accompany you!'

Although Qian Yuan's original body had perished, his doppelganger contained a large amount of his original body's origin, so with enough time, he would still be able to recover, not to mention that there were many members of the Jiaolong clan, and he, Ao Dog, had increased in strength, but the other dragon clans had to pay a huge price to leave the East Sea, so Qian Yuan really might not be afraid of him!

'You look at my appearance and the state I'm in today, is that you want to fight you?' Ao Dog shook his head with a bitter smile and a forlorn look on his face.

Qian Yuan looked at Ao Dog's miserable appearance nowadays, even more uncomplimentary than the beggar madman on the road, so it seemed that the other party did not seem to be here to pick a fight, obviously these days Ao Dog had also lived a rather miserable life.

'Then what is the matter that you have come this time?' Qian Yuan was also quite confused.

He couldn't figure out what the other party really meant.

'Don't you guys want to leave the Divine Land? And I've heard Lin Hao say that you have your eye on the East Sea Dragon Palace where our Dragon Clan is located?'

Qian Yuan's brows were locked, but also and ? Serving to cover up the grasping of the er by closing the woo ? Without denying it, he nodded gently, 'Not bad, so what does that have to do with you coming here this time ?'

'Preparing to prepare to move out of here, the dragon palace let you up.' After saying that and not waiting for the other party to answer, Ao Dog transformed into his body, a thousand meters of golden divine dragon hovering with the sky above, after a startling dragon whistle, he left straight away, heading straight for the East Sea.

But Qian Yuan froze in place, what ?

The Dragon Palace was given to them ?

No, what does this mean ?

If the Dragon Palace was given to them, where would these dragons live ? The dragons were going to fight with Lin Hao ? Or what ?

But based on Ao Dog's attitude and tone of voice just now, the other party was not joking, but the other party's ultimate goal was beyond Qian Yuan's understanding.

Ao Dog was doing this, what was he trying to do ?

Qian Yuan couldn't figure it out either, but he couldn't care less: 'Pass down the order, regardless of the realm, all the members of my Jiao Long clan should pack up and leave this place with me, and run to the East Sea! Be careful to conceal yourself and don't alert the ordinary people, otherwise the clan will be executed!'

Super Son-in-law Chapter 2599-2600

Chapter 2599

In a short time, a vast array of long insects with dragon horns appeared in the sky above the Sea of Heaven, flying across the sky like locusts.

Ordinary people didn't see them, but those Spiritualists could see them clearly, and they were all scared to death.

Damn, so many long worms were hiding in the sea of heaven, there must be tens of thousands of them!

All of them had dragon horns, so they must have some connection with the dragon race.

The long insects did not seem to want to interfere with the local affairs and headed straight for the East Sea without looking back, disappearing from sight in a short while.

But even so, the matter was reported to the Dragon Sect, and the Dragon Master and the Dragon Sect took the news seriously and immediately contacted Chen Xuanfeng, the current manager of the Qing Yun Heavenly Palace.

Chen Xuanfeng was also incredibly confused when he learnt the news, what was the Qian Yuan Dragon Palace up to again ?

Chen Xuanfeng told the Dragon Master to stay calm while he immediately contacted Qian Yuan to ask about the situation.

Qian Yuan's realm was above his, but now he was basically the clear leader of the Qing Yun Heavenly Palace, so even those whose realms were much stronger than his had to give him some face.

Chen Xuanfeng was also very confused after asking him what was going on.

But after confirming that the Dragon Clan had no intention of interfering with China's security, Chen Xuanfeng was relieved and told the Dragon Master not to worry, while he also reported the matter to Lin Hao, but did not receive any response from him.

Chen Xuanfeng was also quite helpless, now Lin Hao completely shrugged off almost no matter at all about the Qing Yun Heavenly Palace, but Chen Xuanfeng did not dare not report the matter, where the blame lies, he reported it, as for Lin Hao to deal with it or not, that was Lin Hao's business.

Since Lin Hao would not respond, and since Qian Yuan had also explained the situation, Chen Xuanfeng naturally would not be nosy enough to pay further attention to the matter.

Ao Dog transformed into a dragon, and his thousand-metre dragon body rode the wind and waves on the sea, raising huge waves, and everywhere he went, the sea automatically separated in advance, just like subjects greeting their lord, but these visions were limited to the area around Ao Feng, and did not affect other passing ships, and even those who saw the huge waves were in the minority, and even if they saw the huge waves, they only sighed in surprise, they could not see Ao Dog's real body at all.

Back at the Dragon Palace, all the senior members of the Dragon Clan, the elders and the supreme elders came out in droves. This was the first time since Ao Dog had taken over the position of the Dragon Clan's Lord that he had returned to hold such a high-level meeting.

Of course, they would probably turn around and forget about Ao Dog, and wind up discussing and searching for a new clan leader again.

Ao Dog was still in the same make-up, unkempt and dirty, as wretched as he could be.

This scene made the dragon elders present frown, incomparably displeased, where was this Ao Dog's majesty as the head of the dragon clan? There was not even a hint of image left, how could this work?

'All members of the Dragon Clan, listen to the order, I order you with the authority of the Dragon Clan Chief, all Dragon Clan members leave the Dragon Palace and return to the Ancestral Land with immediate effect, as for the passage to the Ancestral Land, I have my own way to open it.' Ao Dog's voice was cold and full of fatigue, more lazy? The steak service Yi zero closed Shanzhazha? Have to talk nonsense with them.

But Ao Dog's words made all the dragons energetic, going back to the ancestral land, this is what they have dreamed of for countless years, returning to the ancestral land of the dragon race! That was the glory of the Dragon Clan, and it meant that they would be completely free from the confines of the Heavenly Court and restored to their freedom!

Moreover, as soon as Ao Dog returned, he released such heavy news straight away, did this prince want to inherit Ao Feng Dragon King's last wish, and thus start his plan?

After all, so far they didn't know that the bottom card left behind by the Dragon Clan in the Ancestral Land had directly been forcibly erased by Ao Feng when he was forced to do so.

Only they didn't have long to rejoice before they were directly doused by Ao Dog's next words.

'However, from now on, the Dragon Clan will no longer be allowed to set foot outside the Dragon Ancestral Land, let alone enter the Divine Land. Anyone who disobeys this order will be executed without mercy, no matter who the future Dragon Clan Chief is, this is written into the Ancestral Discipline! I will also pass on the blood of the Dragon Emperor to others and choose another Dragon Emperor to come out!'

Chapter 2600

From the beginning to the end, Ao Feng didn't want to be this Dragon Emperor, and with his demonic talent, he couldn't be the Dragon Emperor even more! 'Impossible! I oppose it!'

'I oppose it too!'

As soon as Ao Dog's words fell, more than three-fifths of the people directly opposed it, and another one-fifth fiercely opposed it; these were all the supreme elders who had retired a long time ago, and were the most stubborn group of old things.

Only one-fifth of the elders were in a daze before they could object.

'Ao Dog, as the Dragon Emperor, you do not think about the future of the Dragon Clan, and you even want to imprison my Dragon Clan, you are not worthy to be the Dragon Emperor of our Dragon Clan, and you are even less capable of representing our wishes! I strongly object!' The Supreme Elder angrily pointed his finger at Ao Dog and shouted at him, calling him by his first name and even omitting the honorific title of Dragon Emperor!

'Right! The Grand Elder is right, what's the difference between you doing this and now? It's just sending our Dragon Clan from this prison to another!' The other elders agreed, after all, what Ao Dog had proposed was something they simply couldn't possibly accept.

They had worked so hard for so many years, sacrificed so much, and had met until now for what exactly? Wasn't it so that one day the dragons could soar to the heavens, look down on all beings and be worshipped by the world?

They were the supreme dragons!

Ow~!

This is the powerful bloodline pressure of the Dragon Emperor's unique bloodline, which directly ignores the existence of realms, unless they have reached the realm of a supreme deity, i.e. reaching the ninth grade of Illusionary Spirit Master!

However, even the strength of the Supreme Elder was a hair's breadth below the peak realm of the former Ao Feng Dragon King, so how could they resist Ao Dog's might?

Bang, bang, bang!

The only two elders who did not get killed were the two elders who objected the most. After all, their realm was there, and Ao Dog could not kill them easily.

The Dragon Emperor's bloodline suppressed, and even more so, with bloody means, incomparably decisive, shocked the whole scene.

This time, everyone shut up, even the Great Elder was a little surprised, the impression that Ao Dog would not be so killing and decisive is, can even be said to be somewhat indecisive, very much like the Mo family back then, both love and non-attack.

But at this time Ao Inu, but like a great master of the power of life and death, the fruit? The king of the world is a very bold and tyrannical king. like a tyrannical monarch!

'I have come to inform you, not to solicit your opinions, I hope you are clear! And I am only saying that you are not allowed to set foot in the Divine World, not that the Dragons are

not allowed to set foot in other worlds! Do you know how many other worlds there are beyond the divine world? How can you give up the whole world for a small stage?’

‘How long will the dragons be wrong on this path? Aren’t you, like my father, a little too short-sighted? My father was obsessed with the Immortal Court, but what about you? Is that not true of you too? I am taking you all to a higher and more distant future!’ Ao Dog’s voice was cold and imposing as he said.

In fact, he had learnt this from Lin Hao, drawing a big pie to fool around with, not to mention that what he said was also true, but if the dragon race wanted to tear apart the space and truly set foot in a higher region, who knew when and how long it would take?

The fact is that these are all afterthoughts and there is no need for him to be concerned about these things.

When they heard Ao Dog’s words, everyone fell silent. Although there was no shortage of wise people who felt that Ao Dog was purely talking nonsense and drawing big pies, there was no way to deny or refute his words.

The half-truths were the most convincing and difficult to refute.

Besides, with the previous experience of the seven men, no one came forward to refute him this time, but the seven leaders were still on the ground, and Ao Dog was already determined to do so.
